On November 30, 2016, Richard G. Rawson, President, established new structured, prearranged trading plans to sell a portion of the shares of Insperty common stock beneficially owned by him over a two month period in accordance with Rule 10b5-1 of the Securities Exchange Act of 1934. Mr. Rawson's most recent trading plans expired in May 2015.

Under the new trading plans, Mr. Rawson may sell a maximum of 48,500 shares, which represents approximately 8% of his current common stock holdings.

The plans have been initiated during the company's open window for insider transactions.

Rule 10b5-1 permits the implementation of a written plan for selling stock at times when insiders are not in possession of material nonpublic information, and allows them to sell stock on a regular basis and in a non-discretionary manner, regardless of any subsequent material nonpublic information they receive.
