ORIENTAL WAVE HOLDING LIMITED AND SUBSIDIARY CONSOLIDATED STATEMENTS OF CASH FLOWS FOR THE YEARS ENDED DECEMBER 31, 2004 AND 2003

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION

(A) Organization and Basis of Presentation

Oriental Wave Holding Limited ("Oriental Wave") was incorporated in the British Virgin Islands on January 7, 2003. Shanxi Weiqida Pharmaceutical Company Limited ("Shanxi Weiqida"), a People's Republic of China limited liability company was incorporated on January 22, 2002. Shanxi Weiqida is principally engaged in research and development, manufacturing, and selling of pharmaceutical products in the People's Republic of China ("PRC").

During 2003, Shanxi Weiqida's shareholders exchanged 100% of their ownership of Shanxi Weiqida for 50,000 shares of Oriental Wave under a reorganization plan. The transfer has been accounted for as a reorganization of entities under common control as the companies were beneficially owned by identical shareholders and share common management. The financial statements have been prepared as if the reorganization had occurred retroactively. Oriental Wave and Shanxi Weiqida are hereafter referred to as (the "Company").

The accompanying 2004 and 2003 consolidated financial statements include the accounts of Oriental Wave and its 100% owned subsidiary Shanxi Weiqida. All significant intercompany balances and transactions have been eliminated in consolidation.

(B) Use of Estimates

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates.

Edgar Filing: DRAGON PHARMACEUTICAL INC - Form 8-K

(C) Cash Equivalents

For purposes of the cash flow statements, the Company considers all highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents.

(D) Accounts Receivable

The Company extends unsecured credit to its customers in the ordinary course of business but mitigates the associated risks by performing credit checks and actively pursuing past due accounts. An allowance for doubtful accounts is established and recorded based on management's assessment of the credit history with the customer and current relationships with them.

6

ORIENTAL WAVE HOLDING LIMITED AND SUBSIDIARY
CONSOLIDATED STATEMENTS OF CASH FLOWS
FOR THE YEARS ENDED DECEMBER 31, 2004 AND 2003

(E) Investments

During the twelve months ended December 31, 2004, the Company made a strategic investment in a private company of \$12,077. The investment represents less than 1% of the total equity outstanding of the private company outstanding as of December 31, 2004. The private company investment is carried at cost and written down to fair market value when indications exist that this investment has other than temporarily declined in value. As of December 31, 2004, no impairment in the value of the investment has been recorded.

(F) Inventories

Inventories are stated at the lower of cost or market value, cost being determined on a first-in, first-out method. The Company provides inventory allowances based on excess and obsolete inventories determined principally by customer demand and product expiration dates.

(G) Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation. Expenditures for additions, major renewals and betterments are capitalized and expenditures for maintenance and repairs are charged to expense as incurred.

Depreciation is provided on a straight-line basis, less estimated residual value over the assets estimated useful lives. The estimated useful lives are as follows:

Buildings	50 Years
Plant and machinery	10 Years
Motor vehicles	8 Years
Furniture, fixtures and equipment	5 Years

Land use rights are stated at cost, less accumulated amortization, and are further reduced by the amount of the Accrued Retirement Benefit obligation extinguished through the Company's rehiring of employees (Note6). The land use rights are amortized over the term of the relevant rights of 50 years from date of acquisition.

Edgar Filing: DRAGON PHARMACEUTICAL INC - Form 8-K

(H) Fair Value of Financial Instruments

Depreciable assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable based on projected undiscounted cash flows associated with the assets. A loss is recognized for the difference between the fair value and the carrying amount of the assets. Fair value is determined based upon market quote, if available, or is based on valuation techniques.

7

ORIENTAL WAVE HOLDING LIMITED AND SUBSIDIARY CONSOLIDATED STATEMENTS OF CASH FLOWS FOR THE YEARS ENDED DECEMBER 31, 2004 AND 2003

The carrying amount of the Company's cash, receivables and payables and short-term bank loan approximates their fair value due to the short maturity of those instruments.

(I) Intangible Assets

Under the Statement of Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets", all goodwill and certain intangible assets determined to have indefinite lives will not be amortized but will be tested for impairment at least annually. Intangible assets other than goodwill will be amortized over their useful lives of 10 years and reviewed for impairment in accordance with SFAS No. 144, "Accounting for Impairment or Disposal of Long-Lived Assets".

(J) Revenue Recognition

The Company recognizes revenue from the sale of pharmaceutical products at the time when title to the products transfers, the amount is fixed and determinable, evidence of an agreement exists, and the customer bears the risk of loss, net of estimated provisions for returns, rebates and sales allowances.

(K) Advertising Costs

Advertising costs are expensed as incurred. Advertising expense totaled \$63,692 and \$26,145 for the years ended December 31, 2004 and 2003, respectively.

(L) Research and Development

Research and development costs related to both present and future products are expensed as incurred. Total expenditures on research and development charged to selling, general and administrative expenses for the years ended December 31, 2004 and 2003 were \$193,188 and \$19,555, respectively.

(M) Income Taxes

The Company accounts for income taxes under the Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("Statement 109"). Under Statement 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under Statement 109, the effect on

Edgar Filing: DRAGON PHARMACEUTICAL INC - Form 8-K

deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Company

8

ORIENTAL WAVE HOLDING LIMITED AND SUBSIDIARY CONSOLIDATED STATEMENTS OF CASH FLOWS FOR THE YEARS ENDED DECEMBER 31, 2004 AND 2003

is organized in the British Virgin Islands and the People's Republic of China and no tax benefit is expected from the tax credits in the future. The Company located its factories in a special economic region in China. This economic region allows foreign enterprises a two-year income tax exemption from central government tax beginning in the first year after they become profitable and a 50% income tax reduction for the following three years. The Company was approved as a wholly owned foreign enterprise in October 2002. Pursuant to a new regulation, "No. 142 enacted during 2004 by the Shanxi Province National Taxation Administration", foreign investment enterprises established after January 31, 2002 will not be exempted from the Provincial income tax, which is 3% of the taxable income (derived under Chinese GAAP). The Company will continue to be exempt from central government tax as a foreign enterprise. The Company was established as a wholly foreign owned enterprise on September 30, 2002. The income tax expense for the years ended December 31, 2004 and 2003 was \$451,823 and \$0, respectively.

(N) Foreign Currency Translation

The functional currency of the Company is the Chinese Renminbi ("RMB"). Transactions denominated in currencies other than RMB are translated into United States dollars using period end exchange rates as to assets and liabilities and average exchange rates as to revenues and expenses. Capital accounts are translated at their historical exchange rates when the capital transaction occurred. Net gains and losses resulting from foreign exchange translations are included in the statements of operations and stockholder's equity as other comprehensive gain (loss).

(O) Comprehensive Income

The foreign currency translation gain or loss resulting from translation of the financial statements expressed in RMB to United States Dollar is reported as other comprehensive income in the statements of operations and stockholders' equity.

(P) Segments

The Company operates in two reportable segments, Chemical Division and Pharma Division.

(Q) Reclassifications

Certain 2003 balances have been reclassified to conform with the 2004 presentation.

(R) Recent Accounting Pronouncements

Statement of Financial Accounting Standards ("SFAS") No. 151, "Inventory Costs - an amendment of ARB No. 43, Chapter 4 SFAS No. 152, "Accounting for Real Estate Time-Sharing Transactions - an amendment of FASB Statements No. 66 and 67," SFAS No. 153, "Exchanges of Non-monetary Assets - an amendment of APB Opinion No. 29," and SFAS No. 123 (revised 2004), "Share-Based Payment," were recently issued. SFAS No. 151, 152, 153 and 123 (revised 2004) have no current applicability to the Company and have no effect on the financial statements.

NOTE 2 RESTATEMENT

The Company had originally determined under SFAS 141 that it had identified and measured the fair value of the assets acquired and the liabilities assumed in the acquisition of the Land Use Rights. During September 2005, the Company has determined that \$1,135,238 of the extinguishment of Accrued Retirement Benefit should have been accounted for as a reduction of the Land Use Rights acquired rather than as a gain as previously recorded. As a result of the change in asset value, the Company has reduced depreciation expense by \$11,352. The Company has restated the financial statements to account for this non-cash adjustment in accordance with SFAS 141 and changed its policy to record the extinguishment of Accrued Retirement Benefits as a reduction of the carrying value of the Land Use Rights.

This reduction in Land Use Rights will also result in a reduction of the depreciation expense in subsequent periods. The restatement did not have an effect on the cash flow or liabilities of the Company. The changes to the financial statements are as follows:

NOTE 6 ACQUISITIONS

During July 2003, the Company acquired land use rights and buildings from a government liquidator in exchange for assuming certain future employment, healthcare and land acquisition costs of the factory and its former employees. The agreement requires the Company to pay certain minimum wages and health care costs until the date of their employment, retirement or death, whichever occurs first. The total amount of the liabilities assumed on the closing date was \$8,897,685. The Company has calculated the related asset value by computing the net present value of the future expected payments to the remaining employees assuming an interest rate of 3% and has recorded the land at a net present value of \$3,332,907 (See Notes 8 and 14). As of December 31, 2004, the Company had employed 651 former employees and 207 former employees have retired. Subsequent to the acquisition the Company rehired a number of the former employees, reducing the expected future payments required. The Company has accounted for the reduction of the obligation by reducing the amount of Land Use Rights recorded.
