**Item 1.01**

**Entry into a Material Definitive Agreement.**

In June 2006 EGL, Inc. entered into a settlement agreement with the United States government related to the improper billing of war risk surcharges by EGL on certain shipments of freight for Kellogg Brown & Root, Inc. ( KBR ) in the period from late 2003 to mid-2004. In connection with the investigation conducted by EGL related to the war risk surcharges settlement, EGL voluntarily disclosed to the United States government that EGL's local agent in Kuwait, Al-Rashed, had, without EGL's knowledge, possibly overcharged EGL for the rental or demurrage of shipping containers for the period from January through June of 2006. Without knowledge of these overcharges, EGL passed the charges on to KBR, which presumably passed the charges on to the United States government.

Without admitting any liability with respect to this conduct, EGL entered into a Settlement Agreement with the United States government settling specified civil and administrative monetary claims that the government may have against EGL related to the possible excess demurrage charges. EGL was informed by the United States government on March 16, 2007, that the Settlement Agreement had been agreed to and signed by the government. EGL agreed to pay the government \$300,000 pursuant to the settlement. EGL was notified on March 20, 2007 that Al-Rashed has made this payment.

A copy of the Settlement Agreement is attached to this Current Report on Form 8-K as Exhibit 99.1.
