Certain statements contained in this Annual Report on Form 10-K constitute “forward-looking statements.” These statements, identified by words such as “plan,” “anticipate,” “believe,” “estimate,” “should,” “expect,” and similar expressions include our expectations and objectives regarding our future financial position, operating results and business strategy. These statements reflect the current views of management with respect to future events and are subject to risks, uncertainties and other factors that may cause our actual results, performance or achievements, or industry results, to be materially different from those described in the forward-looking statements. Such risks and uncertainties include those set forth under the caption “Management’s Discussion and Analysis or Plan of Operation” and elsewhere in this Annual Report. We advise you to carefully review the reports and documents we file from time to time with the Securities and Exchange Commission (the “SEC”), particularly our Quarterly Reports on Form 10-Q and our Current Reports on Form 8-K.

As used in this Annual Report, the terms “we,” “us,” “our,” “Net Savings” and the “Company” means Net Savings Link, Inc., unless otherwise indicated. All dollar amounts in this Annual Report are expressed in U.S. dollars, unless otherwise indicated.

ITEM 1. BUSINESS.

Corporate Background

We were incorporated on February 21, 2007 under the laws of the state of Nevada. On November 11, 2010, the Company changed its name to Net Savings Link, Inc. to reflect its new business direction as an online provider of discount offers and savings opportunities to the mass consumer market.

We are a startup development stage company with operations, and we are in the business of being an online provider of discount offers and savings opportunities to the mass consumer market.

We deliver discount offers and savings opportunities to the mass consumer market through an electronic membership participation program. Individual consumers, corporations and organizations can register through the company’s website, [www.netsavingslink.com](http://www.netsavingslink.com) and participate in thousands of significantly discounted offers on goods and services throughout the US through our diverse affiliate network of retailers. We provide discounts, sales, coupons, specials and preferred member savings opportunities on variety of categories, including groceries, dining out, entertainment, telephone service, debt service, retail shopping, travel and insurance offerings.

Our online website and savings delivery system is designed to provide a convenient - multi category architecture that is user friendly and easy to navigate. Members can select a savings category and then enter a zip code to locate the discount coupons available at their favorite shopping stores. Once a member has located the discount offer they are interested in, they simply need to print them and use them for their next purchase. In addition, the website also allows for in-store shopping and online shopping through coupon codes generated through the network.

We believe that through our web based consumer saving system, our members can save money simply by using the website on a regular basis throughout the year.

We have an affiliate network of thousands of partners that includes some of the largest corporations throughout the US. We intend to aggressively continue to expand our affiliate network in order to continue to provide a multitude of savings offerings to our membership.

Our business model is based upon delivering thousands of choices of discount offers to members through our website, twenty four hours a day, seven days a week in every U.S. location simultaneously while earning commissions from every transaction. Our commission structure varies with each of our affiliate retailers, from which the company receives a commission ranging from 5 - 70% of the individual savings offer our members participate in.

#### Competition

We are a development stage company in the business of providing discount offers and savings opportunities to the mass consumer market. We compete with Groupon, SocialLiving, Yipit, Social Deal Map, Dealradar, and Dealery and other consumer saving companies for the memberships of US consumers. This competition could adversely impact on our ability to finance further business operations and to achieve the financing necessary for us to develop our business model.

#### Employees

We have 2 employees as of the date of this Annual Report on Form 10-K. We conduct our business largely through agreements with consultants and arms length persons.

#### Research and Development Expenditures

We have not incurred any research expenditures since our incorporation.

#### Patents and Trademarks

We do not own, either legally or beneficially, any patent or trademark.

#### ITEM 1A. RISK FACTORS.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

#### ITEM 1B. UNRESOLVED STAFF COMMENTS.

None.

#### ITEM 2. PROPERTIES.

We rent office spaces which consist of approximately 400 square feet, and Mr. Saltrelli has supplied this office space to us at no cost to the Company during fiscal 2010.

We currently do not own any physical property or own any real property.

## ITEM 3. LEGAL PROCEEDINGS.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

## PART II

## ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.

## General

Our authorized capital stock consists of 200,000,000 shares of common stock, with a par value of \$0.001 per share, as of, November 30, 2010; there were 185,760,000 shares of our common stock issued and outstanding.

## Market Information

Our shares of common stock have commenced being quoted on the OTC Bulletin Board under the symbol "CXLT", the high and low bid information for our common stock for the year ended November 30, 2010 was:

Fiscal Year 2010		High Bid	Low Bid
Fourth Quarter:	9/1/10 to 11/30/10	\$0.029	\$0.025
Third Quarter:	6/1/10 to 8/31/10	\$0.029	\$0.024
Second Quarter:	3/1/10 to 5/31/10	\$0	\$0
First Quarter:	12/1/09 to 2/28/10	\$0	\$0

  

Fiscal Year 2009		High Bid	Low Bid
Fourth Quarter:	9/1/09 to 11/30/09	\$0	\$0
Third Quarter:	6/1/09 to 8/31/09	\$0	\$0
Second Quarter:	3/1/09 to 5/31/09	\$0	\$0
First Quarter:	12/1/08 to 2/28/09	\$0	\$0

Quotations provided by the OTC Bulletin Board reflect inter-dealer prices, without retail mark-up, markdown or commission and may not represent actual transactions

## Dividends

We have not declared any cash dividends on our common stock since our inception. There are no dividend restrictions that limit our ability to pay cash dividends on our common stock in our Articles of Incorporation or Bylaws. Our governing statute, Chapter 78 – "Private Corporations" of the Nevada Revised Statutes (the "NRS"), does provide limitations on our ability to declare cash dividends. Section 78.288 of Chapter 78 of the NRS prohibits us from declaring dividends where, after giving effect to the distribution of the dividend:

- (a) we would not be able to pay our debts as they become due in the usual course of business; or
- (b) our total assets would be less than the sum of our total liabilities plus the amount that would be needed, if we were to be dissolved at the time of distribution, to satisfy the preferential rights upon dissolution of stockholders who may have preferential rights and whose preferential rights are superior to those receiving the distribution (except as otherwise specifically allowed by our Articles of Incorporation).

On November 4, 2010, the Company and its Board of Directors approved a 1.4:1 stock dividend of all issued and outstanding common shares. The effect of the dividend increased the number of issued and outstanding common shares from 77,400,000 shares to 185,760,000 shares.

#### Recent Sales of Unregistered Securities

There have been no recent issuances of unregistered securities.

#### ITEM 6. SELECTED FINANCIAL DATA.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

#### ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION.

##### Plan of Operation

We are a startup development stage company with operations ready to start producing revenue. We are in the business of being an online provider of discount offers and savings opportunities to the mass consumer market.

We deliver discount offers and savings opportunities to the mass consumer market through an electronic membership participation program. Individual consumers, corporations and organizations can register through the company's website, [www.netsavingslink.com](http://www.netsavingslink.com) and participate in thousands of significantly discounted offers on goods and services throughout the US through our diverse affiliate network of retailers. We provide discounts, sales, coupons, specials and preferred member savings opportunities on variety of categories, including groceries, dining out, entertainment, telephone service, debt service, retail shopping, insurance and travel offerings.

Our online website and savings delivery system is designed to provide a convenient - multi category architecture that is user friendly and easy to navigate. Members can select a savings category and then enter a zip code to locate the discount coupons available at their favorite shopping stores. Once a member has located the discount offer they are interested in, they simply need to print them and use them for their next purchase. In addition, the website also allows for the in-store shopping and online shopping through coupon codes generated through the network.

We believe that through our web based consumer saving system, our members can save money simply by using the website on a regular basis throughout the year.

We have an affiliate network of thousands of partners that include some of the largest corporations throughout the US. We intend to aggressively continue to expand our affiliate network in order to continue to provide a multitude of savings offerings to our membership.

Our business model is based upon delivering thousands of choices of discount offers to members through our website, twenty four hours a day, seven days a week in every U.S. location simultaneously while earning substantial commissions from every transaction. Our commission structure varies with each of our affiliate retailers, the company earns a commission ranging from 5 - 70% of the individual savings offers our members participate in.

As at November 30, 2010, we had a cash balance of \$21,366. During the next 12 months, we do anticipate generating revenue from the marketing of memberships and subsequent generation of commissions. If additional funds become required, the additional funding will come from equity financing from the sale of our common stock. If we are successful in completing an equity financing, existing shareholders will experience dilution of their interest in our company. We do not currently have any financing arranged and we cannot provide investors with any assurance that we will be able to raise sufficient funding from the sale of our common stock to fund our ongoing operations. In the absence of such financing, our business will fail.

Based on the nature of our business, we anticipate incurring operating losses in the foreseeable future. Our future financial results are also uncertain due to a number of factors, some of which are outside of our control. These factors include, but are not limited to:

- Our ability to raise additional funding

Due to the lack of our operating history, our auditors have stated in their audit report included in our audited financial statements for the year ended November 30, 2010 that there currently exists substantial doubt about our ability to continue as a going concern.

#### Balance Sheet

As at November 30, 2010, the Company had total assets of \$61,366 compared with total assets of \$3,708 as at November 30, 2009. The assets are comprised of cash balances in the Company's bank account and the capitalization of the company's website and the increase is attributed to proceeds of loans received and exchanged for product during the year.

The Company had total liabilities of \$178,476 as at November 30, 2010 compared with \$14,750 as of November 30, 2009. The increase in total liabilities is attributed to the fact that the Company did not raise additional financing to support on-going operating costs and experienced longer lead times with respect to repayment of outstanding obligations.

During the year ended November 30, 2010 and 2009, the Company and its Board of Directors approved a 15:1 forward stock split of all issued and outstanding shares on August 24, 2010 increasing the number of issued and outstanding common shares from 5,160,000 to 77,400,000 and on November 4, 2010, the Company and its Board of Directors approved a 1.4:1 dividend of all issued and outstanding common shares. The effect of the dividend increased the number of issued and outstanding common shares from 77,400,000 shares to 185,760,000 shares.

### Operating Revenues

During the year ended November 30, 2010, the Company did not generate any revenue related to operations. The company generated other income derived from the exchange of debt for savings certificates and discount coupons.

### Operating Expenses

During the year ended November 30, 2010, the Company incurred operating expenses totaling \$228,521 compared with \$20,775 for the year ended November 30, 2009. The increase in operating expenses is attributed mainly to the company's change of business plan which required additional professional fees related to public filings and to the accrued compensation to the President and VP.

### Net Loss

During the year ended November 30, 2010, the Company incurred a net loss of \$115,068 compared with a net loss of \$20,775 for the year ended November 30, 2009. The increase is mainly due to the company's change of business plan which required additional professional fees related to public filings and to the accrued compensation to the President and VP.

### Liquidity and Capital Resources

As at November 30, 2010, the Company had a cash balance of \$21,366 and a working capital deficit of \$157,110 compared with a cash balance of \$3,708 and a working capital deficit of \$11,042 at November 30, 2009. The increase in working capital deficit is due to the fact that the Company incurred more operating expenses in fiscal 2010 which remain unpaid due to lack of debt or equity financing.

### Cashflow from Operating Activities

During the year ended November 30, 2010, the Company used \$64,795 of cash flow from operating activities compared with use of \$13,525 of cash flow during the year ended November 30, 2009. The increase was primarily due an increase in accounts payable and accrued liabilities offset by the proceeds generated from other income generated by the exchange of debt for savings certificates and discount coupons earned during the year.

### Cashflow from Investing Activity

During the years ended November 30, 2010 and 2009, the Company used \$31,000 of cash from investing activities compared to \$0 during the year ended November 30, 2009. The increase is due primarily to an investment in the company's website partially offset by a capital contribution.

### Cashflow from Financing Activities

During the years ended November 30, 2010 and 2009, the Company generated \$113,453 of cash flow relating to financing activities compared to \$0 for during the year ended November 30, 2009. The increase was due primarily to proceeds from a loan from an unrelated third party.

#### Off-Balance Sheet Arrangements

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to our stockholders.

#### Critical Accounting Policies

We have identified certain accounting policies, described below, that are most important to the portrayal of our current financial condition and results of operations. Our significant accounting policies are disclosed in the notes to the audited financial statements included in this Annual Report.

#### Revenue Recognition

We derive revenue principally from the marketing of memberships and subsequent generation of commissions. The timing of revenue recognition and the amount of revenue actually recognized in each case depends upon a variety of factors, including the specific terms of each arrangement and the nature of our deliverables and obligations. Determination of the appropriate amount of revenue recognized involves judgments and estimates that we believe are reasonable, but actual results may differ from our estimates. We record reductions to revenue for customer incentive programs, including special pricing agreements and other volume-related rebate programs. Certain reductions to revenue for customer incentives are based on estimates, including our assumptions related to historical and projected customer sales volumes, market share and inventory levels.

#### ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

#### ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA.

Report of Independent Registered Public Accounting Firm

To The Shareholders and Board of Directors  
of Net Savings Link, Inc. (formerly, Calibert Explorations, Ltd.)

We have audited the accompanying balance sheets of Net Savings Link, Inc., formerly, Calibert Explorations, Ltd. (a Development Stage Company) as of November 30, 2010 and 2009 and the related statements of operations, changes in shareholders' (deficiency) equity and cash flows for the years then ended and from February 21, 2007 (inception) through November 30, 2010. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provided a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Net Savings Link, Inc. as of November, 2010 and 2009, and the results of its operations and its cash flows for the years then ended and the period from February 21, 2007 (inception) through November 30, 2010 in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements referred to above have been prepared assuming that the Company will continue as a going concern. As more fully described in Note 1, the Company's need to seek new sources or methods of financing or revenue to pursue its business strategy, raise substantial doubt about the Company's ability to continue as a going concern. Management's plans as to these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NET SAVINGS LINK, INC.  
(formerly Calibert Explorations Ltd.)  
(A Development Stage Company)  
Notes to the Financial Statements

1. Nature of Operations and Continuance of Business

Net Savings Link, Inc. (formerly Calibert Explorations Ltd.) (the “Company”) was incorporated under the laws of the State of Nevada on February 21, 2007. The Company is a development stage company organized to explore mineral properties in Canada. On November 11, 2010, the Company changed its name to Net Savings Link, Inc. to reflect their business objectives of being an online provider of discount offers and savings opportunities to the mass consumer market.

Going Concern

These financial statements have been prepared on a going concern basis, which implies that the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has generated minimal revenues to date and has never paid any dividends and is unlikely to pay dividends or generate significant earnings in the immediate or foreseeable future. As of November 30, 2010, the Company had an accumulated deficit of \$194,842 and a working capital deficit of \$157,110. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability to raise equity or debt financing, and the attainment of profitable operations from the Company's future business. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

The Company intends to fund operations through equity and debt financing arrangements and sales of its savings certificates and discount coupons which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the year ending November 30, 2011.

2. Summary of Significant Accounting Policies

a) Basis of Presentation and Principles of Consolidation

These financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States, and are expressed in US dollars. The financial statements include the accounts of the Company and its wholly-owned subsidiary, Calibert Explorations Ltd. All intercompany transactions have been eliminated. The Company's fiscal year-end is November 30.

b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to deferred income tax asset valuation allowances. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with maturity of three months or less at the time of issuance to be cash equivalents. As of November 30, 2010 and 2009, the Company had no cash equivalents.

2. Summary of Significant Accounting Policies (continued)

d) Intangible Assets

Acquired intangible assets other than goodwill are amortized over their useful lives unless the lives are determined to be indefinite. Acquired intangible assets are carried at cost, less accumulated amortization. For intangible assets purchased in a business combination or received in a non-monetary exchange, the estimated fair values of the assets received (or, for non-monetary exchanges, the estimated fair values of the assets transferred if more clearly evident) are used to establish the cost bases, except when neither of the values of the assets received or the assets transferred in non-monetary exchanges are determinable within reasonable limits. Valuation techniques consistent with the market approach, income approach and/or cost approach are used to measure fair value. Amortization of finite-lived intangible assets is computed over the useful lives of the respective assets.

e) Basic and Diluted Net Loss Per Share

The Company computes net loss per share in accordance with ASC 260, Earnings Per Share, which requires presentation of both basic and diluted earnings per share (EPS) on the face of the income statement. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti dilutive.

f) Comprehensive Loss

ASC 220, Comprehensive Income, establishes standards for the reporting and display of comprehensive loss and its components in the financial statements. As at November 30, 2010 and 2009, the Company has no items that represent comprehensive loss and, therefore, has not included a schedule of comprehensive loss in the financial statements.

g) Financial Instruments

ASC 820, "Fair Value Measurements" and ASC 825, Financial Instruments, requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. It establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. It prioritizes the inputs into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or

corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company's financial instruments consist principally of cash, accounts payable, and accrued liabilities. Pursuant to ASC 820 and 825, the fair value of cash is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets. The recorded values of all other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

2. Summary of Significant Accounting Policies (continued)

h) Revenue Recognition

The Company will recognize revenue from the sale of discount offers and savings to consumers in accordance with ASC 605, Revenue Recognition. Revenue will be recognized only when the price is fixed or determinable, persuasive evidence of an arrangement exists, the service is provided, and collectability is assured.

i) Foreign Currency Translation

The Company's functional currency is the Canadian dollar and its reporting currency is the United States dollar. The financial statements of the Company are translated to United States dollars in accordance with ASC 830, Foreign Currency Translation Matters, using the exchange rate prevailing at the balance sheet date. Gains and losses arising on translation or settlement of foreign currency denominated transactions or balances are included in the determination of income. Foreign currency transactions are primarily undertaken in Canadian dollars.

j) Income Taxes

The Company accounts for income taxes using the asset and liability method in accordance with ASC 740, Accounting for Income Taxes. The asset and liability method provides that deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, and for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company records a valuation allowance to reduce deferred tax assets to the amount that is believed more likely than not to be realized.

k) Recent Accounting Pronouncements

In December 2010, the FASB issued Accounting Standard Update No. 2010-28 (ASU No. 2010-28) "Intangibles – Goodwill and Other (Topic 350)." ASU No. 2010-28 addresses questions about entities with reporting units with zero or negative carrying amounts because some entities concluded that Step 1 of the goodwill impairment test, as stated in Topic 350, is passed in those circumstances because the fair value of their reporting unit will generally be greater than zero. The amendments in this update do not provide guidance on how to determine the carrying amount or measure the fair value of the reporting unit. The amendments in this update modify Step 1 of the goodwill impairment test for reporting units with zero or negative carrying amounts. For public entities, the amendments in this update are effective for fiscal years, and interim periods within those years, beginning after December 15, 2010. Early adoption is permitted. For nonpublic entities, the amendments are effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. Nonpublic entities may early adopt the amendments using effective date for public entities. The Company is evaluating the impact ASU No. 2010-28 will have on the financial statements.

In December 2010, the FASB issued Accounting Standard Update No. 2010-29 (ASU No. 2010-29) "Business Combinations (Topic 805)." ASU No. 2010-29 addresses the diversity in practice about the interpretation of the pro forma revenue and earnings disclosure requirements for business combinations. The amendments in this update specify that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. The amendments in this update also expand the supplemental pro forma disclosures under Topic 805 to include a description of the nature and amount of material, nonrecurring pro forma adjustments directly attributable to the business combination included in the

reported pro forma revenue and earnings. The amendments in this update are effective prospectively for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. Early adoption is permitted. The Company is evaluating the impact ASU No. 2010-29 will have on the financial statements.

A variety of proposed or otherwise potential accounting standards are currently under study by standard-setting organizations and various regulatory agencies. Because of the tentative and preliminary nature of these proposed standards, management has not determined whether implementation of such proposed standards would be material to the Company's financial statements.

Notes to the Financial Statements

### 3. Common Stock

- a) On August 24, 2010, the Company and its Board of Directors approved a 15:1 forward stock split of all issued and outstanding common shares. The effect of the forward stock split increased the number of issued and outstanding common shares from 5,160,000 shares to 77,400,000 shares, and the forward stock split has been applied on a retroactive basis since the Company's inception date.
- b) On November 4, 2010, the Company and its Board of Directors approved a 1.4:1 stock dividend of all issued and outstanding common shares. The effect of the forward stock split increased the number of issued and outstanding common shares from 77,400,000 shares to 185,760,000 shares, and the forward stock split has been applied on a retroactive basis since the Company's inception date.

### 4. Commitments

- a) On February 25, 2010, the Company entered into an employment agreement with the President and Director of the Company. Under the terms of the agreement, the Company will pay \$96,000 per annum in management and salary costs for a two-year period commencing from the date of the agreement.
- b) On February 25, 2010, the Company entered into an employment agreement with the Vice-President and Director of the Company. Under the terms of the agreement, the Company will pay \$96,000 per annum in management and salary costs for a two-year period commencing from the date of the agreement.

### 5. Income Taxes

The Company has \$194,842 of net operating losses carried forward to offset taxable income in future years which expire commencing in fiscal 2027. The income tax benefit differs from the amount computed by applying the US federal income tax rate of 34% to net loss before income taxes for the years ended November 30, 2010 and 2009 as a result of the following:

	November 30, 2010 \$	November 30, 2009 \$
Net loss before taxes	(115,068)	(20,775)
Statutory rate	34%	34%
Computed expected tax recovery	39,123	7,064
Change in valuation allowance	(39,123)	(7,064)
<b>Income tax provision</b>	<b>—</b>	<b>—</b>

The significant components of deferred income tax assets and liabilities as at November 30, 2010 after applying enacted corporate income tax rates are as follows:

	November 30, 2010 \$	November 30, 2009 \$
--	----------------------------	----------------------------

Edgar Filing: Net Savings Link, Inc. - Form 10-K

Total gross deferred income tax assets	66,247	27,124
Valuation allowance	(66,247)	(27,124)
Net deferred tax asset	–	–

Future tax benefits, which may arise as a result of these losses, have not been recognized in these financial statements, and have been offset by a valuation allowance. As at November 30, 2010, the Company has no uncertain tax positions.

6. Loan Payable

On August 31, 2010, the Company granted a promissory note to an unrelated third party in the amount of \$82,428 in consideration for monies loaned to the Company and expenses paid on behalf of the Company. During the fourth fiscal quarter, the unrelated third party loaned the company an additional \$31,025 for a total of \$113,453 (November 30, 2010 - \$0). On November 30, 2010, the Company exchanged the debt owed to the party for saving certificates and discount coupons for complete satisfaction of the debt.

7. Earnings Per Share

Basic earnings per share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflects the potential dilution that could occur if stock options and other commitments to issue common stock were exercised or equity awards vest resulting in the issuance of common stock or conversion of notes into shares of the Company's common stock that could increase the number of shares outstanding and lower the earnings per share of the Company's common stock. This calculation is not done for periods in a loss position as this would be antidilutive. As of November 30, 2010, there were no stock options or stock awards that would have been included in the computation of diluted earnings per share that could potentially dilute basic earnings per share in the future. The forward split and stock dividend were considered for the purposes of this calculation. The information related to basic and diluted earnings per share is as follows:

ITEM CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND  
9. FINANCIAL DISCLOSURE.

There have been no changes in, or disagreements with our principal independent accountants.

We have engaged Jewett Schwartz Wolfe and Associates as our independent auditors since July 2007.

During the years ended November 30, 2010 and 2009 and subsequent to November 30, 2010 through to the date hereof, neither we, nor anyone on our behalf, has consulted with Jewett Schwartz Wolfe and Associates regarding the application of accounting principles to a specified transaction, whether completed or proposed, or the type of audit opinion that might be rendered on our financial statements, nor has Jewett Schwartz Wolfe and Associates. provided to us a written report or oral advice regarding such principles or audit opinion or any matter that was the subject of a disagreement or any reportable events as set for in Item 304(a)(3) of Regulation S-X.

ITEM 9A. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

We maintain “disclosure controls and procedures,” as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the “Exchange Act”), that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. We conducted an evaluation (the “Evaluation”), under the supervision and with the participation of our Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), of the effectiveness of the design and operation of our disclosure controls and procedures (“Disclosure Controls”) as of the end of the period covered by this report pursuant to Rule 13a-15 of the Exchange Act. Based on this Evaluation, our CEO and CFO concluded that our Disclosure Controls were not effective as of the end of the period covered by this report in that procedures were not in place to provide for timely, complete, accurate reporting of events. The foregoing was a result of our president’s lack of experience with his reporting and disclosure obligations. Our president is committed to educating himself through the seminars and consulting with attorneys to become fully knowledgeable with his obligations. In addition, currently there are no written policies or procedures that clearly define the roles in the disclosure and reporting process.

Limitations on the Effectiveness of Controls

Our management, including our CEO and CFO, does not expect that our Disclosure Controls and internal controls will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management or board override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

#### CEO and CFO Certifications

Appearing immediately following the Signatures section of this report there are Certifications of the CEO and the CFO. The Certifications are required in accordance with Section 302 of the Sarbanes-Oxley Act of 2002 (the Section 302 Certifications). This Item of this report, which you are currently reading is the information concerning the Evaluation referred to in the Section 302 Certifications and this information should be read in conjunction with the Section 302 Certifications for a more complete understanding of the topics presented.

#### Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). The Company's internal control over financial reporting is a process designed to provide reasonable assurance to our management and board of directors regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America.

Our internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal controls over financial reporting may not prevent or detect misstatements. All internal control systems, no matter how well designed, have inherent limitations, including the possibility of human error and the circumvention of overriding controls. Accordingly, even effective internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of November 30, 2009. In making this assessment, it used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework. Based on our assessment, we believe that, as of November 30, 2009, the Company's internal control over financial reporting was not effective based on those criteria in that procedures were not in place to provide for timely, complete, accurate reporting of events. The major reason for the foregoing was our president's lack of experience with his reporting and disclosure obligations. Our president is

committed to educating himself through the seminars and consulting with attorneys to become fully knowledgeable with his obligations. In addition, currently there are no written policies or procedures that clearly define the roles in the disclosure and reporting process. We intend to define various roles and responsibilities related to this process by September 30, 2010.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit us to provide only management's report in this annual report.

#### Changes in Internal Controls

There were no changes in our internal control over financial reporting during the quarter ended November 30, 2010, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

#### ITEM 9B. OTHER INFORMATION.

None.

### PART III

#### ITEM 10. DIRECTORS, EXECUTIVE OFFICERS, AND CORPORATE GOVERNANCE.

Our executive officers and directors and his age and titles are as follows:

Name	Age	Position

From 2002 to 2006, Mr. Schuster served as a commercial realtor focused specifically on the marketing, development, entitlement and sales of large commercial marina operations, multi use commercial land sites targeted for mixed use development, and conversion of existing hospitality properties to mixed and fractional commercial use.

#### Involvement in Certain Legal Proceedings

During the past ten years, Mssrs. Saltrelli and Schuster has not been the subject of the following events:

1. A petition under the Federal bankruptcy laws or any state insolvency law was filed by or against, or a receiver, fiscal agent or similar officer was appointed by a court for the business or property of such person, or any partnership in which he was a general partner at or within two years before the time of such filing, or any corporation or business association of which he was an executive officer at or within two years before the time of such filing;
2. Convicted in a criminal proceeding or is a named subject of a pending criminal proceeding (excluding traffic violations and other minor offenses);
3. The subject of any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining him from, or otherwise limiting, the following activities:
  - i) Acting as a futures commission merchant, introducing broker, commodity trading advisor, commodity pool operator, floor broker, leverage transaction merchant, any other person regulated by the Commodity Futures Trading Commission, or an associated person of any of the foregoing, or as an investment adviser, underwriter, broker or dealer in securities, or as an affiliated person, director or employee of any investment company, bank, savings and loan association or insurance company, or engaging in or continuing any conduct or practice in connection with such activity;
  - ii) Engaging in any type of business practice; or
  - iii) Engaging in any activity in connection with the purchase or sale of any security or commodity or in connection with any violation of Federal or State securities laws or Federal commodities laws;
4. The subject of any order, judgment or decree, not subsequently reversed, suspended or vacated, of any Federal or State authority barring, suspending or otherwise limiting for more than 60 days the right of such person to engage in any activity described in paragraph 3.i in the preceding paragraph or to be associated with persons engaged in any such activity;

5. Was found by a court of competent jurisdiction in a civil action or by the Commission to have violated any Federal or State securities law, and the judgment in such civil action or finding by the Commission has not been subsequently reversed, suspended, or vacated;
6. Was found by a court of competent jurisdiction in a civil action or by the Commodity Futures Trading Commission to have violated any Federal commodities law, and the judgment in such civil action or finding by the Commodity Futures Trading Commission has not been subsequently reversed, suspended or vacated;
7. Was the subject of, or a party to, any Federal or State judicial or administrative order, judgment, decree, or finding, not subsequently reversed, suspended or vacated, relating to an alleged violation of:
  - i) Any Federal or State securities or commodities law or regulation; or
  - ii) Any law or regulation respecting financial institutions or insurance companies including, but not limited to, a temporary or permanent injunction, order of disgorgement or restitution, civil money penalty or temporary or permanent cease-and-desist order, or removal or prohibition order, or
  - iii) Any law or regulation prohibiting mail or wire fraud or fraud in connection with any business entity; or
8. Was the subject of, or a party to, any sanction or order, not subsequently reversed, suspended or vacated, of any self-regulatory organization (as defined in Section 3(a)(26) of the Exchange Act (15 U.S.C. 78c(a)(26))), any registered entity (as defined in Section 1(a)(29) of the Commodity Exchange Act (7 U.S.C. 1(a)(29))), or any equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons associated with a member.

#### Term of Office

Our directors are appointed for a one-year term to hold office until the next annual general meeting of our stockholders or until removed from office in accordance with our Bylaws. Our officers are appointed by our board of directors and hold office until removed by the board.

#### Significant Employees

We have no significant employees other than our officers and directors

#### Audit Committee

We are not a listed issuer and as such our Board of Directors is not required to maintain a separately-designated standing audit committee. As a result, our entire Board of Directors acts as our audit committee. Our sole director does not meet the definition of an “audit committee financial expert.” We believe that the cost related to appointing a financial expert to our Board of Directors at this time is prohibitive.

## Compliance with Section 16 of the Securities Exchange Act

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who beneficially own more than 10% of our equity securities (collectively, the "Reporting Persons"), to file reports of ownership and changes in ownership with the SEC. Reporting Persons are required by SEC regulation to furnish us with copies of all forms they file pursuant to Section 16(a). Based on our review of the copies of such forms received by us, other than as described below, no other reports were required for those persons. We believe that, during the year ended November 30, 2010; all Reporting Persons complied with all Section 16(a) filing requirements applicable to them.

## ITEM 11. EXECUTIVE COMPENSATION.

## Summary Compensation Table

The following table sets forth total compensation paid to or earned by our named executive officers, as that term is defined in Item 402(a)(2) of Regulation S-X during the fiscal year ended November 30, 2010:

## Outstanding Equity Awards at Fiscal Year End

As at our year ended November 30, 2010, we did not have any outstanding equity awards and have not had any since our inception.

## Employment Contracts

As of November 30, 2010, we had no termination of employment or change-in-control arrangements with any of our executive officers or directors.

On February 25, 2010, the Company entered into an exclusive employment agreement with David Saltrelli as President, Principal Executive Officer and a member of the Board of Directors. The agreement is for a term of two years beginning February 25, 2010 and ending February 24, 2012. Mr. Saltrelli will be paid \$96,000 per annum. In addition, Mr. Saltrelli will be entitled to two weeks paid vacation a year and will be reimbursed for business related expenses he incurs. In the event we establish a medical and dental plan, Mr. Saltrelli will be entitled to participate therein.

Further, Mr. Saltrelli will be entitled to such additional compensation, including bonuses, as may be granted by the Board (with Mr. Saltrelli abstaining from any vote thereon).

On February 25, 2010, the Company entered into an exclusive employment agreement with Peter Schuster as Vice President and a member of the Board of Directors. The agreement is for a term of two years beginning February 25, 2010 and ending February 24, 2012. Peter Schuster will be paid \$96,000 per annum. In addition, Peter Schuster will be entitled to two weeks paid vacation a year and will be reimbursed for business related expenses he incurs. In the event we establish a medical and dental plan, Peter Schuster will be entitled to participate therein.

Further, Peter Schuster will be entitled to such additional compensation, including bonuses, as may be granted by the Board (with Mr. Schuster abstaining from any vote thereon).

**ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS.**

**Equity Compensation Plans**

We have no equity compensation plans (including individual compensation arrangements) under which our equity securities are authorized for issuance.

**Security Ownership of Certain Beneficial Owners and Management**

The following table sets forth certain information concerning the number of shares of our common stock owned beneficially as of March 15, 2010 by: (i) each person (including any group) known to us to own more than five percent (5%) of any class of our voting securities, (ii) each of our directors, (iii) each of our named executive officers; and (iv) officers and directors as a group. Unless otherwise indicated, the shareholder listed possesses sole voting and investment power with respect to the shares shown.

Title of Class	Name of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percentage of Common Stock(1)
<b>DIRECTORS AND EXECUTIVE OFFICERS</b>			
Common Stock	David Saltrelli President and Director	108,000,000 Direct	57%
Common Stock	Peter Schuster Secretary, Treasurer and Director	0	0%
Common Stock	All Directors and Executive Officers as a Group (2 people)	108,000,000	57%
<b>5% STOCKHOLDERS</b>			
Common Stock	David Saltrelli President and Director	108,000,000 Direct	57%

Notes:

- (1) Based on 185,760,000 shares of our common stock issued and outstanding as of March 15, 2011, Under Rule 13d-3, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding on March 17, 2011.

Change in Control

On November 23, 2009, Former President and Director Andre Benard transferred his position of 108,000,000 to incoming President and Director David Saltreli for the sum of \$3,000.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

Except as described below, none of the following parties has, since our date of incorporation, had any material interest, direct or indirect, in any transaction with us or in any presently proposed transaction that has or will materially affect us, other than noted in this section:

- (i) Any of our directors or officers;
- (ii) Any person proposed as a nominee for election as a director;
- (iii) Any person who beneficially owns, directly or indirectly, shares carrying more than 10% of the voting rights attached to our outstanding shares of common stock;
- (iv) Any of our promoters; and
- (v) Any relative or spouse of any of the foregoing persons who has the same house as such person.

We have issued 108,000,000 total shares of common stock who is our executive officer and director, Andre Benard, at a price of \$0.001 per share and subsequently transferred his share position of 108,000,000 to incoming President and Director David Saltreli for the sum of \$3,000.

The shares were issued pursuant to Section 4(2) of the Securities Act and are restricted shares as defined in the Securities Act.

Director Independence

Quotations for our common stock are entered on the OTC Bulletin Board inter-dealer quotation system, which does not have director independence requirements.
