We have tried to make this document simple and easy to understand. The Securities and Exchange Commission ("SEC") encourages companies to use "plain English" and we will always try to communicate with you clearly and effectively. We refer to our company throughout this document as "we" or "us" or the "Company". In addition, throughout this document, "2010" refers to our fiscal year ending March 31, 2010, "2009" refers to our fiscal year ended March 31, 2009, "2008" refers to our fiscal year ended March 31, 2008 and "2007" refers to our fiscal year ended March 31, 2007.

Why am I receiving this document?

You are receiving this document because you were one of our stockholders on June 19, 2009, the record date for our 2009 Annual Meeting. We are furnishing this Proxy Statement and the form of Proxy Card to you to solicit your Proxy (i.e., your permission) to vote your stock in connection with certain matters at the Annual Meeting.

What is a Proxy?

It is your legal designation of another person, called a "Proxy," to vote the stock you own. The document that designates someone as your Proxy is also called a Proxy or a Proxy Card.

Who is paying the costs to prepare this document and solicit my Proxy?

We will pay all expenses associated with soliciting your Proxy, including the cost of preparing and mailing this Proxy Statement and the form of a Proxy Card.

Who is soliciting my Proxy and will anyone be compensated to solicit my Proxy?

Our Board of Directors is making this solicitation of Proxies. In addition to solicitation by use of the mails, our directors, officers and employees may solicit Proxies in person or by telephone, telegram, electronic mail, facsimile transmission or other means of communication. Our directors, officers and employees will not receive additional compensation for their proxy solicitation efforts, but may be reimbursed for out-of-pocket expenses in connection with any solicitation. We also may reimburse custodians, nominees and fiduciaries for their expenses in sending Proxies and Proxy material to beneficial owners. We may also employ a Proxy solicitation agent in connection with this Proxy solicitation and we will pay all costs of that solicitor.

Who may attend the Annual Meeting?

Only stockholders, their Proxy holders and our invited guests may attend the meeting. If your shares are held in "street name" by a broker, bank or other nominee, please bring a copy of the account statement reflecting your ownership as of June 19, 2009 so that we may verify your stockholder status and have you check in at the registration desk at the meeting. For security reasons, we also may require photo identification for admission.

What if I have a disability?

If you are disabled and would like to participate in the Annual Meeting, we can provide reasonable assistance. Please send any request for assistance to Prestige Brands Holdings, Inc., 90 North Broadway, Irvington, New York 10533, Attention: Secretary, at least two weeks before the meeting.

Where is our common stock traded?

Our common stock is traded and quoted on the New York Stock Exchange ("NYSE") under the symbol "PBH".

VOTING MATTERS

What am I voting on?

You will be voting on the following:

- the election of the seven directors named as nominees in this Proxy Statement; and
- the ratification of the appointment of our independent registered public accounting firm for 2010.

Who is entitled to vote?

You may vote if you owned shares of our common stock at the close of business on June 19, 2009. Each share of common stock is entitled to one vote. As of June 19, 2009, there were 49,936,277 shares of our common stock outstanding. A list of our stockholders will be open to the examination of any stockholder, for any purpose relevant to the meeting, at our headquarters for a period of 10 days prior to the Annual Meeting.

May other matters be raised at the Annual Meeting; how will the meeting be conducted?

We currently are not aware of any business to be acted upon at the Annual Meeting other than the two matters described above. Under federal securities laws, Delaware law and our governing documents, no other business aside from procedural matters may be raised at the Annual Meeting unless proper notice has been given to the Company by the stockholders. If other business is properly raised, your Proxies have authority to vote as they think best, including to adjourn the meeting.

The Chairman has broad authority to conduct the Annual Meeting so that the business of the meeting is carried out in an orderly and timely manner. In doing so, he has broad discretion to establish reasonable rules for discussion, comments and questions during the meeting. The Chairman is also entitled to rely upon applicable law regarding disruptions or disorderly conduct to ensure that the Annual Meeting proceeds in a manner that is fair to all participants.

How do I vote?

Proxies may be voted by returning the printed Proxy Card. For more information about how to vote your Proxy, please see the instructions on your Proxy Card.

In addition to voting by Proxy, you may vote in person at the Annual Meeting. However, in order to assist us in tabulating votes at the Annual Meeting, we encourage you to vote by Proxy even if you plan to be present at the Annual Meeting.

What materials are available on the Internet?

This Proxy Statement, our Annual Report on Form 10-K, our Annual Report to Stockholders and other financial documents are available free of charge at the Investor Relations tab on our corporate web site at www.prestigebrandsinc.com. The Proxy Statement and Annual Report on Form 10-K also are available free of charge on the SEC's website, www.sec.gov.

How will my Proxy be voted?

The individuals named on the Proxy Card will vote your Proxy in the manner you indicate on the Proxy Card. If your Proxy Card is signed but does not contain specific instructions, your Proxy will be voted "FOR" all of the directors nominated and "FOR" ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2010.

Can I change my mind and revoke my Proxy?

Yes. To revoke a Proxy given pursuant to this solicitation, you must:

- sign another Proxy Card with a later date and return it to our Secretary at or before the Annual Meeting; or

- provide our Secretary with a written notice of revocation dated later than the date of the Proxy at or before the Annual Meeting; or

- attend the Annual Meeting and vote in person. Note that attendance at the Annual Meeting will not revoke a Proxy if you do not actually vote at the Annual Meeting.

What if I receive more than one copy of these Proxy materials?

The receipt of multiple copies of these Proxy materials means that you have more than one account with brokers or our transfer agent. Please vote all of your shares. We also recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare, Ltd., 350 Indiana Street, Suite 750, Golden, Colorado 80401, and it may be reached at (303) 262-0678.

How will abstentions and broker non-votes be treated?

Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining whether a quorum is present, but will not be counted as votes cast either in favor of or against a particular proposal.

What are broker non-votes?

If you own shares through a broker in street name, you may instruct your broker how to vote your shares. If you do not give instructions to your broker, your broker may exercise discretionary voting power to vote your shares with respect to routine matters, but the broker may not exercise discretionary voting power to vote your shares with respect to “non-routine” items. All of the matters identified in this document to be voted upon at the meeting presently are considered “routine” items. If there were non-routine items, the shares that cannot be voted by your broker would be treated as “broker non-votes.”

How many votes must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. A quorum exists when the holders of a majority of the 49,936,277 shares of our common stock outstanding on June 19, 2009 are present in person or by Proxy at the meeting.

How many votes are needed to elect directors and approve other matters?

- Election of Directors

Directors are elected by a plurality of the votes cast by the stockholders entitled to vote at the Annual Meeting. This means that the director nominee with the most affirmative votes for a particular slot is elected for that slot. You may vote in favor of all nominees, withhold your vote as to all nominees or withhold your vote as to specific nominees.

- Ratify Appointment of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2010 will be approved if the proposal receives the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting.

How many votes do I have and can I cumulate my votes?

You have one vote for every share of our common stock that you own. Cumulative voting is not allowed.

Will my vote be confidential?

Yes. We will continue our practice of keeping the votes of all stockholders confidential. Stockholder votes will not be disclosed to our directors, officers, employees or agents, except:

- as necessary to meet applicable legal requirements;
- in a dispute regarding authenticity of Proxies and ballots;
- in the case of a contested Proxy solicitation, if the other party soliciting Proxies does not agree to comply with the confidential voting policy; or
- when a stockholder makes a written comment on the Proxy Card or otherwise communicates the vote to management.

The Code of Conduct Policy, Code of Ethics for Senior Financial Employees, the Policy and Procedures for Complaints Regarding Accounting, Internal Controls and Auditing Matters, the Corporate Governance Guidelines, the Related Persons Transaction Policy, the Stock Ownership Guidelines and the Charters of our Audit, Compensation, Nominating and Governance, and Strategic Planning Committees were adopted by the Company for the purpose of transparency in our governance practices, as well as promoting honest and ethical conduct, full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by the Company, and compliance with all applicable rules and regulations that apply to the Company and its officers and directors.

Are our directors and executive officers required to own a minimum amount of our common stock?

The Board of Directors has adopted a Stock Ownership Guidelines for the Board of Directors and executive officers of the Company in order to align their interests with the Company's stockholders. Each person subject to

9

the Stock Ownership Guidelines is expected to be fully compliant by the later of the fifth anniversary of the event requiring compliance, or before February 5, 2013, the fifth anniversary of the date of adoption of the Stock Ownership Guidelines by the Board of Directors. The Stock Ownership Guidelines is summarized as follows:

Effective June 2009, the Board of Directors appointed Mr. Costley as Lead Director to preside over non-management and executive sessions of the Board of Directors.

What Committees have been established by the Board of Directors?

The Board of Directors currently has four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Governance Committee, and the Strategic Planning Committee. As required by the NYSE, all members of the Audit, Compensation and Nominating and Governance Committees are independent directors. The following table sets forth the current membership of the Company's standing committees:

Committee	Membership
Audit Committee	John E. Byom (Chairman) Ronald Gordon Patrick Lonergan Raymond P. Silcock
Compensation Committee	Patrick Lonergan (Chairman) L. Dick Buell John E. Byom Gary E. Costley
Nominating and Governance Committee	Ronald Gordon (Chairman) L. Dick Buell Gary E. Costley Raymond P. Silcock
Strategic Planning Committee	Raymond P. Silcock (Chairman) Ronald Gordon Vincent J. Hemmer Patrick Lonergan Mark Pettie

Who are our independent directors?

In accordance with the NYSE's listing requirements, the Board of Directors has evaluated each of its directors' independence from the Company and its management. In its review of each director's independence, the Board of Directors reviewed whether any transactions or relationships exist currently or, during the past three years existed, between each director and the Company and its subsidiaries, affiliates, equity investors or independent auditors. The Board of Directors also examined whether there were any transactions or relationships between each director and members of the senior management of the Company or their affiliates. Based on the review of the Board of Directors and the NYSE's definition of "independence", the Board of Directors has determined that a majority of the Board of Directors is "independent." The independent directors currently are Messrs. Buell, Byom, Costley, Gordon, Lonergan and Silcock. Messrs. Donnini, Hemmer and Mann have not been determined by the Board of Directors to be independent directors, however, Messrs. Donnini and Hemmer are currently eligible to be deemed independent directors of the company, subject to a determination thereof by the Board of Directors. The Board of Directors has also determined that each of the members of our Audit Committee is "independent" for purposes of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and that Mr. Byom is an "audit committee financial expert" as that term is defined by SEC regulations.

Does the Board of Directors evaluate itself and its committees?

Yes. Every year the Board of Directors and its committees complete a self-evaluation of their performance through written questionnaires and follow-up discussion by the Board of Directors and the respective Committees. In the

event the Board of Directors or its Committees determine that modifications to their practices are required,

11

they will promptly institute the required changes to the Company's Corporate Governance practices and the documents through which such practices are effectuated.

PROPOSAL NO. 2 – RATIFICATION OF APPOINTMENT OF THE
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Who has the Audit Committee selected as our independent accounting firm for 2010?

The Audit Committee has reappointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the Company’s financial statements and evaluate its systems of internal control over financial reporting for 2010. In making the decision to reappoint the independent registered public accounting firm, the Audit Committee has considered whether the provision of the non-audit services rendered by PricewaterhouseCoopers LLP is incompatible with maintaining that firm’s independence from the Company.

Is stockholder approval required for the appointment of an independent accounting firm for 2010?

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by applicable legal requirements. However, the Board of Directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. In the event the stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the appointment will be reconsidered by the Audit Committee and the Board of Directors. However, the Audit Committee and the Board of Directors may, in their discretion, still direct the appointment of PricewaterhouseCoopers LLP.

Will representatives of PricewaterhouseCoopers LLP attend the Annual Meeting?

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting of Stockholders, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

15

Has the Audit Committee determined PricewaterhouseCoopers LLP's independence from the Company?

The Audit Committee has considered the non-audit services provided by PricewaterhouseCoopers LLP and determined that the provision of such services had no effect on PricewaterhouseCoopers LLP's independence from the Company.

How does the Audit Committee pre-approve services provided by the independent accounting firm?

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. During 2009, all audit and non-audit services were approved in accordance with the Audit Committee's pre-approval policy.

How many votes are needed to ratify the appointment of our independent accounting firm for 2010?

COMPENSATION DISCUSSION AND ANALYSIS

What is the purpose of Compensation Discussion and Analysis?

This Compensation Discussion and Analysis has been prepared in order to provide a summary of the policies and procedures established by the Company in reviewing and determining compensation for its executive officers. Specifically, the following discussion will outline, among other things, the objectives of executive compensation, the elements of executive compensation, how determinations are made as to specific elements of and total executive compensation, severance and change-in-control payments, and executive officer involvement in setting executive compensation.

It is the intent of the Company, through the efforts of the Compensation Committee, to:

- Establish executive compensation that is competitive with the compensation offered by similarly-situated companies;
- Motivate and incentivize management; and
- Align management's interests with those of the Company's stockholders.

What are the overall objectives of our executive compensation programs?

The Compensation Committee is responsible for setting and administering the policies which govern executive compensation. The general philosophy of our executive compensation program is to attract, motivate and retain talented management while ensuring that our executive officers are compensated in a way that advances the interests of the Company and its stockholders. The Company uses the following types of cash and equity compensation to compensate and reward its executive officers for their performance: base salary, a cash-based annual incentive plan and long-term equity awards comprised of restricted stock and stock options. The Compensation Committee believes that the elements of compensation that it selected creates a flexible compensation package that focuses and rewards executives for short and long-term performance while aligning the interests of our executive officers with the interests of the Company's stockholders.

Each element of executive compensation described above is determined based on:

- The executive's level of responsibility and function within the Company;
- The executive's performance within the Company;
- The overall performance and profitability of the Company; and
- Executive compensation offered to similarly-situated executives at peer companies.

Through a combination of salary and performance-based awards, the Compensation Committee desires to provide attractive and competitive compensation to the executive officers, a substantial portion of which is contingent upon the Company's performance.

How are our executive compensation programs structured in order to address our objectives?

Performance. Our executive compensation includes a substantial amount of performance-based, or at-risk, compensation. The Compensation Committee believes that the use of performance-based compensation allows the Company to tailor the compensation paid to the executive officers to the Company's performance and maintain a compensation system that significantly affects executive compensation in the event the Company does not meet the pre-determined performance goals. Furthermore, by utilizing threshold performance targets as a part of executive compensation, in the event the Company does not meet these targets, incentive compensation is entirely at-risk and is not paid to the executive officers; however, the Compensation Committee and Board of Directors generally retain and are entitled to exercise their discretion to increase or decrease the size of an award to an employee based on the

employee's individual performance or to pay awards that were not earned when the circumstances warrant – i.e., for employee morale and retention purposes.

20

Alignment. By motivating and incentivizing the executive officers with regard to the Company's short and long-term goals, the Compensation Committee believes that the interest of the executive officers and the Company's stockholders are properly aligned.

Does the Compensation Committee use the services of an independent consultant?

Yes. During 2008 and 2009, the Compensation Committee retained Mercer Human Resource Consulting ("Mercer"), an independent compensation consultant to conduct an analysis of Mr. Pettie's total compensation package as compared to the compensation packages being paid to the Chief Executive Officers of the companies in the Company's peer group. As part of its analysis, Mercer compared Mr. Pettie's salary, cash incentive compensation and equity incentive compensation with the comparable elements and total amount of compensation paid to the Chief Executive Officers of the companies in the Company's peer group. Based on its review, Mercer advised the Compensation Committee that Mr. Pettie's total compensation for 2009 was consistent with the compensation plan adopted by the Company in 2007 and 2008 to compensate its executive officers at approximately the 50th percentile of its peer group. The Company's Chief Executive Officer, along with certain other members of management, provided recommendations to, and participated in meetings of, the Compensation Committee in order to assist it with the determination of compensation for the Company's employees (including the Named Executive Officers other than Mr. Pettie).

In addition, during 2009, the Compensation Committee retained the services of Astron Solutions, LLC ("Astron"), an independent compensation consultant, to assist it with compensation planning for 2010. With the assistance of Astron, the Compensation Committee approved a performance matrix for the 2010 cash incentive plan and a performance matrix for any equity grants under the 2005 Incentive Plan having a 2010 performance period as part of their vesting period. The Compensation Committee has also sought advice from Astron regarding the elements of compensation to be offered to the Company's employees under the 2005 Incentive Plan. No equity grants have been made during 2010 to date under the 2005 Incentive Plan, however, the Compensation Committee may decide to grant equity awards thereunder at a later point in time in 2010.

Does the Compensation Committee benchmark use a peer group of companies?

Yes. The group of peer companies identified by Mercer, and approved by the Compensation Committee, is currently comprised of the following publicly-traded companies:

Chattem Inc.	Inter Parfums, Inc.
Elizabeth Arden, Inc.	Lifetime Brands, Inc.
Hain Celestial Group, Inc.	Maidenform Brands, Inc.
Helen of Troy Limited.	WD-40 Company

How do we determine the types and amounts of executive compensation?

In structuring executive compensation, the Compensation Committee has offered compensation packages targeted at the fiftieth percentile (50%) of total executive compensation offered to similarly-situated executive officers at companies in the Company's peer group. In establishing the specific components of executive compensation, the Compensation Committee has based such decisions on the market data and recommendations based on such data provided to it by its independent compensation consultant as well as the strategic planning by the Compensation Committee and the Board of Directors. Because the Compensation Committee's evaluation of executive compensation to be paid to the Company's executive officers includes equity incentive compensation, if the Compensation Committee and the Board of Directors decide that no equity incentive compensation will be awarded to the Company's executive officers in 2010 and award no supplemental cash incentive payments, the Company will be targeting its 2010 executive compensation packages (base salary and cash incentive plan) below

the 50th percentile level as compared to similarly-situated executive officers at companies in the Company's peer group.

Base Salary. Base salary for our executive officers is determined based on the scope of work, skills, experience, responsibilities, performance and seniority of the executive, peer group salaries for similarly-situated positions and the recommendation of the Chief Executive Officer (except in the case of his own compensation which is determined by the Compensation Committee and the Board of Directors). Because of the Company's performance in 2009, none of our executive officers received a base salary increase for 2010. Except where an existing agreement establishes an executive's salary, the Compensation Committee reviews executive officers' salaries annually at the end of the fiscal year and establishes the base salaries for the upcoming fiscal year. The Company views base salary as a fixed component of executive compensation that compensates the executive officer for the daily responsibilities assumed in keeping the Company operating throughout the year. The following table sets forth the base salaries to be paid to our Named Executive Officers (as hereinafter defined) during 2010:

Name	2010 Salary
Mr. Pettie	\$475,000
Mr. Anderson	\$342,000
Dr. Boyko	\$250,000
Mr. Jolly	\$333,000
Mr. Kelly	\$300,000

Annual Cash Incentive Plan. As part of our executive compensation, we have established an annual cash incentive plan which provides our executive officers with the ability to receive additional cash compensation based on a percentage of base salary and the Company's performance. In order to be eligible to receive cash incentive compensation, the executive must be employed with the Company at the end of the Company's fiscal year and the Company must meet certain pre-determined performance targets for net sales and earnings before interest, income taxes, depreciation and amortization ("EBITDA") on an annual basis.

Under the annual cash incentive plan, depending on the Company's performance as measured against the net sales and EBITDA targets, an executive officer may receive no additional cash compensation or cash compensation on a sliding-scale in an amount between minimum (threshold) and maximum payment amounts, inclusive of the target amount.

Performance Matrix for 2009. The performance matrix established for 2009 had a threshold payment equal to 50% of target bonus, a target amount equal to 100% of target bonus and a maximum payment equal to 200% of target bonus. Since the Company's performance for 2009 did not achieve the level required for threshold payments under the 2009 Management Bonus Plan, no cash incentive plan payment was made by the Company to its employees for 2009.

Performance Matrix for 2010. For the 2010 Management Bonus Plan, we have developed a performance matrix in which the threshold payout is 50% of target bonus, the target amount is 100% of the target bonus and the maximum payout is 200% of target bonus. If the Company's performance for 2010 is at a level equal to approximately 95% of its performance in 2009, the Company's executives will earn 50% of their target bonus. Under the 2010 Management Bonus Plan the Compensation Committee is entitled to exercise its discretion to increase or decrease the size of the cash payment by up to 15% based on the executive officer's individual performance within the Company. Furthermore, the performance goals established under the 2010 cash incentive plan are exclusive of any acquisitions or divestitures that the Company may make during such time period. As a result, in the event the Company consummates an acquisition or a divestiture in 2010, the Compensation Committee has the discretion to modify the performance goals after considering the effect of such acquisition or divestiture on the expected financial performance of the Company.

The Company views the annual cash incentive plan as a performance-based component of executive compensation that motivates and incentivizes the executive officers for achieving the short-term goals of the Company and its stockholders.

Equity Awards. Executive officers of the Company are eligible to receive equity awards under our 2005 Incentive Plan. Awards under the 2005 Incentive Plan help relate a significant portion of an employee's long-term compensation directly to stock price appreciation realized by all of our stockholders and aligns an executive officer's interests with that of our stockholders. Under the 2005 Incentive Plan, our executive officers have received restricted common stock, stock appreciation rights and stock options; although no stock appreciation rights remain outstanding as of the date of this Proxy Statement. The stock appreciation rights previously granted to Messrs. Anderson and Jolly expired on March 31, 2009 at which time they were out-of-the-money and no compensation was paid with respect thereto.

Restricted Common Stock Awards

Except for the grant of restricted common stock awarded to Mr. Pettie in April 2007, the awards of restricted common stock given to our executive officers vest based on the Company's achieving the performance targets for net sales and EBITDA at the end of a three-year performance period. Under the terms of the awards, depending on the Company's performance as measured against the performance goals, our executive officers may receive no shares of common stock or an amount of shares on a sliding scale between the minimum (threshold) amount and the maximum amount, inclusive of the target amount. The performance matrix established for 2009 had, and the performance matrix for 2010 has, a threshold payment equal to 75% of the shares granted, a target payout equal to 100% of the shares granted and a maximum payout equal to 150% of the shares granted. If the Company's performance for 2010 is at a level equal to approximately 90% of its performance in 2009, the Company's executives will earn 75% of the number of shares of restricted common stock that are eligible to be earned in 2010, subject to forfeiture as described below.

With regard to the restricted common stock grants made in 2008 and 2009, each grant has been divided into three portions each of which may be earned based on annual performance targets for each annual period during the three-year term of the award, subject to complete forfeiture if the average of the annual performance payout percentages (as set forth in the applicable annual performance grids) over the three-year performance period is less than 50%. Due to the Company's performance against its pre-determined net sales and earnings per share or EBITDA targets, as applicable, for 2006, 2007, 2008 and 2009, the Company determined that the October 2005, July 2006, May 2007 and one-third of the May 2008 restricted common stock grants will not vest and reversed the stock-based compensation expense previously recorded by the Company under Financial Accounting Standards Board, Statement of Financial Accounting Standards No. 123(R) Share-Based Payment ("FAS 123(R)"). No equity grants have been made during 2010 under the 2005 Incentive Plan, however, the Compensation Committee may decide to grant equity awards thereunder at a later point in time in 2010. With regard to Mr. Pettie, 94,380 shares of restricted common stock awarded to him in April 2007 pursuant to his employment agreement vest on April 1, 2010 regardless of the Company's performance. In May 2008, we also granted to Mr. Pettie 57,688 shares of restricted common stock that may be earned annually and vest on May 30, 2011, subject to certain net sales and EBITDA targets set forth in the performance matrix for 2009 and 2010 and the 2011 performance matrix to be established by the Compensation Committee and the Board of Directors. In connection with the other reversals of stock-based compensation expense for the restricted common stock previously granted to our employees, we reversed one-third of the May 2008 restricted common stock grant to Mr. Pettie that will not vest based on our performance against our performance targets for 2009.

The performance goals established for the grants of equity awards in 2010 under the 2005 Incentive Plan are exclusive of any acquisitions or divestitures that the Company may make during such time period. As a result, in the event the Company consummates an acquisition or a divestiture during the performance periods, the Compensation Committee has the discretion to modify the performance goals after considering the effect of such acquisition or divestiture on the expected financial performance of the Company.

Stock Option Awards

On May 30, 2008, our executive officers received grants of stock options for a specified number of shares. The stock option grants have an exercise price equal to \$10.91, the closing price of the Company's common stock on the NYSE on May 30, 2008, the date of grant. The stock options vest in three equal annual installments commencing on May 30, 2009. The term of the stock options is 10 years from the date of grant. In particular, Mr. Pettie received an option to purchase 128,444 shares of our common stock at an exercise price of \$10.91 which vest in three equal annual installments commencing on May 30, 2009.

Overall Philosophy and Objectives Regarding Equity Awards

The Company views the above-mentioned equity awards as performance-based components of executive compensation that motivate and incentivize the executive officers for achieving the long-term performance goals (including stock price appreciation) of the Company and its stockholders. In addition, under the 2005 Incentive Plan, the restricted stock and stock options awarded to the executive officers are subject to acceleration under certain circumstances. With regard to change-in-control payments, the Compensation Committee believes that the additional compensation that an executive officer would be entitled to receive in connection with a change-in-control of the Company is in the best interests of the Company as such additional compensation is necessary to retain executive officers (who would be instrumental in effectuating such change-in-control transaction) in the Company's employ while a change-in-control transaction is being contemplated, negotiated and consummated. Notwithstanding the terms of the 2005 Incentive Plan, certain of our executive officers have employment agreements or other arrangements which entitle them to certain benefits in the event of a change-in-control of the Company. For more information regarding severance and change-in-control benefits, please see the section titled "Severance and Change-in-Control Provisions" below.

The Compensation Committee believes equity-based incentive compensation aligns executive and stockholder interests because:

- The use of a multi-year vesting schedule for equity awards encourages executive retention and emphasizes the attainment of long-term performance goals.
- Paying a significant portion of executive compensation with performance-based, or at-risk, compensation motivates and incentivizes the executive officers to meet the long-term performance goals set by the Compensation Committee.
- The executive officers will hold significant amounts of equity in the Company as required by the Company's Stock Ownership Guidelines and will be motivated to increase stockholder value over the long-term.

The Compensation Committee determined executive equity awards based on the market data provided by its independent compensation consultant and discussions by the Compensation Committee and the Board of Directors, with and without the participation of senior management.

Severance and Change-in-Control Provisions. All of the Company's executive officers have executed employment agreements with the Company that provide for severance benefits in the event their employment with the Company is terminated under specific circumstances. In addition, the Company's 2005 Incentive Plan provides certain benefits to the recipients of equity awards under certain circumstances. For additional information regarding severance and change-in-control payments that the Company may be obligated to pay to a Named Executive Officer in the future due to the termination of his or her employment under certain circumstances and/or a change-in-control of the Company, please see the sections titled "Executive Compensation and Other Matters – Potential Payments Upon Termination or Change-in-Control," "Executive Compensation and Other Matters – Employment Agreements" and "Executive Compensation and Other Matters – Additional Vesting Provisions" contained elsewhere in this Proxy Statement.

Pursuant to the terms of the employment agreement between the Company and Mr. Pettie, in the event there is a change-in-control of the Company, the shares of restricted common stock and stock options granted to Mr.

25

Pettie will vest upon the consummation of a change-in-control of the Company, even if Mr. Pettie remains employed by the Company after such change-in-control. Except for the shares of restricted common stock and stock options granted to Mr. Pettie, none of our executive officers have a single trigger for change-in-control benefits (including cash compensation) upon the consummation of a change-in-control of the Company. Under the terms of the 2005 Incentive Plan, the restricted common stock and stock options granted to the recipients of such grants vest upon a change-in-control and subsequent termination of employment by the Company other than for cause within one year after such change-in-control. The Compensation Committee has the discretion to make future restricted common stock and stock option grants under the 2005 Incentive Plan which vest automatically upon a change-in-control of the Company, even if the grantee remains employed by the Company after such change-in-control.

The Company has agreed to make change-in-control payments to the executive officers in order to retain them during any period in which the Company contemplates, negotiates and is in the process of consummating a change-in-control of the Company. The participation of the executive officers in a change-in-control transaction would be critical to quickly and efficiently consummating a change-in-control transaction and such change-in-control payments would maintain the executive officers' focus and attention to the transaction. Except with regard to the restricted common stock and stock options granted to Mr. Pettie which vest automatically in connection with a change-in-control transaction, any other change-in-control payment and/or benefit to be paid to the executive officers is conditioned on the termination of such executive officer other than for cause in connection with a change-in-control transaction. By requiring termination other than for cause as a condition to the payment of a significant amount of compensation in connection with a change-in-control transaction, the Company has afforded protection to its executive officers while also potentially maximizing stockholder value in a change-in-control transaction. The Company agreed to the accelerated vesting of Mr. Pettie's equity awards under the 2005 Incentive Plan without requiring termination as the Company believes such a provision is customarily utilized by companies similarly-situated to the Company to attract and retain their Chief Executive Officers.

How have we performed against our performance targets and how has our performance affected compensation?

For each fiscal year, the Company establishes a performance plan against which the Company's actual financial results are measured for purposes of determining incentive compensation to be paid to the Company's employees. In connection with the performance plan, the Compensation Committee and the Board of Directors approve a performance matrix for each fiscal year that mandates incentive compensation, if any, that will be paid to employees based on various combinations of net sales and EBITDA performance by the Company. Each performance matrix has threshold, target and maximum payment levels and, depending on the Company's performance, an employee may earn no incentive compensation or a payment of incentive compensation on a sliding-scale between a minimum (threshold) amount or a maximum amount based on the Company's actual net sales and EBITDA performance.

Based on the Company's net sales and earnings per share or EBITDA performance, as applicable, in 2007, 2008 and 2009, the Company's employees received cash incentive compensation in the amount of 95% 0% and 0%, respectively, of the targeted cash incentive compensation to be paid to them. Furthermore, based on the Company's performance in 2007, 2008 and 2009, none of the Company's performance-based restricted common stock was earned by the Company's employees who received such restricted common stock. In 2008, the Compensation Committee and the Board of Directors authorized a discretionary cash bonus payment in the amount of 60% of targeted cash incentive compensation to the Company's employees for morale and retention purposes. No discretionary bonus payments were made to the Company's employees for 2009. Since the Company targets total compensation (inclusive of base salary and incentive compensation) at the 50th percentile level of similarly-situated employees at companies in the Company's peer group and the Company's payout percentages for incentive compensation for 2007, 2008 and 2009 have been less than 100%, the Company has compensated its employees at a level below the targeted 50th percentile level of similarly-situated employees at companies in the Company's peer group.

How will the payment of incentive compensation in 2010 relate to our performance?

Based on the Company's actual performance for 2010, its employees would receive no incentive compensation or earn (i) an incentive cash payment ranging from 50% (threshold) to 200% (maximum) of their respective target bonuses; and (ii) a number of shares of common stock ranging from 75% (threshold) to 150% (maximum) of the performance-based restricted common stock eligible to be earned during 2010 and paid at the applicable vesting date, subject to complete forfeiture if the average annual performance payout percentage (as set forth in the applicable annual performance grids) over the three-year performance period is less than 50%. Notwithstanding the amount of incentive compensation for 2010 set forth in the tables that follow, if our 2010 net sales or EBITDA performance does not achieve a minimum level, no incentive compensation will be payable to the Company's employees despite the level of EBITDA or net sales performance, as applicable.

The following table sets forth the approximate amount of cash incentive payments for 2010 that the Named Executive Officers would receive based upon the achievement of certain levels of performance:

Name	Threshold Award	Target Award	Maximum Award (irrespective of amount of growth)
Mr. Pettie	\$237,500	\$475,000	\$950,000
Mr. Anderson	\$102,600	\$205,200	\$410,400
Dr. Boyko	\$56,250	\$112,500	\$225,000
Mr. Jolly	\$74,925	\$149,850	\$299,700
Mr. Kelly	\$67,500	\$135,000	\$270,000

The following table sets forth the approximate number of shares of restricted common stock that the Named Executive Officers could earn in 2010 based upon certain levels of performance:

Name	Threshold Award	Target Award	Maximum Award (irrespective of amount of growth)
Mr. Pettie	14,422	19,229	28,844
Mr. Anderson	4,898	6,530	9,795
Dr. Boyko	2,864	3,819	5,729
Mr. Jolly	3,815	5,087	7,631
Mr. Kelly	3,437	4,583	6,875

What policies are there on timing when equity awards are made?

Although the Company typically grants equity awards as soon as practicable after the beginning of a fiscal year, the Company has not made any grant of equity awards in 2010 to date but is considering whether to make any equity awards later in the year. In the past, the equity awards have been comprised of a combination of restricted common stock, stock appreciation rights and stock options. The equity awards are granted after the Chief Executive Officer has presented a proposed structure and level of awards and the Compensation Committee has fully reviewed all aspects of the awards, including, without limitation, the value of the awards and the vesting period and payout factors. During 2008, the Board of Directors established a corporate policy to award and price any awards under the

27

2005 Incentive Plan on the last Friday of May of any year, to the extent the Board of Directors has decided to make any grants under the 2005 Incentive Plan. The Company does not have any policy of coordinating the timing of equity award grants with the release of material non-public information.

What factors are considered in decisions to materially modify compensation?

From time to time and at least annually in connection with our fiscal year end, the Compensation Committee will review market data, individual performance and retention needs in making decisions to adjust compensation materially. We do not have any set formula for determining the amount of each compensation element as a percentage in our executive officers' compensation packages. We consider the competitive landscape for talent in our industry and geography and base our compensation decisions on how we want to position ourselves in the marketplace for talent.

Do you have a policy about recovery or adjustment of performance-based awards if an executive is guilty of misconduct?

If the Compensation Committee and the Board of Directors determines that an executive officer has engaged in fraudulent or intentional misconduct with regard to the reporting of the Company's performance, the Compensation Committee and the Board of Directors will immediately take corrective action with regard to such misconduct, including without limitation, disciplinary procedures culminating in termination should the Compensation Committee and the Board of Directors so determine. In addition, regardless of whether the financial statements need to be restated by the Company, the Compensation Committee and the Board of Directors will pursue disgorgement of the incentive compensation that was not actually earned by the executive officer if actual performance was used to calculate the compensation earned.

What is the effect of accounting and tax treatments on compensation?

The accounting and tax treatments of executive compensation generally has not been a factor in the Compensation Committee's decisions regarding the amounts of compensation paid to the Company's executive officers. In addition, due to the adoption of FAS 123(R), we do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the Compensation Committee's future selection of differing types of equity awards.

Section 162(m) and Deductibility of Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "IRC") imposes a \$1,000,000 limit on the amount a public company may deduct for compensation paid to its Chief Executive Officer or any of the company's four other most highly compensated executive officers who are employed by the company as of the end of the fiscal year. However, Section 162(m) does not apply to compensation that satisfies the requirements of Section 162(m) for "qualifying performance-based" compensation awarded by "outside directors". The Compensation Committee desires to maximize deductibility of compensation under Section 162(m) of the IRC to the extent practicable while maintaining a competitive, performance-based compensation program. However, the Compensation Committee also believes that it must reserve the right to award compensation which it deems to be in our best interest and the best interest of our stockholders, but which may not be tax deductible under Section 162(m) of the IRC. Each member of the Compensation Committee is an "outside director" for purposes of Section 162(m) of the IRC.

What are the respective roles of the Compensation Committee, its consultant and our executive officers in determining executive compensation?

Executive Officer Compensation. Mr. Pettie, our Chairman of the Board and Chief Executive Officer, with the assistance of certain members of senior management, participates in discussions with, and makes recommendations to, the Compensation Committee regarding the setting of base salaries and cash and equity incentive plan targets and

payouts for the other executive officers. Mr. Pettie is assisted by certain members of senior management and an independent compensation consultant in reviewing the competitive landscape for executive talent and structuring the types and levels of executive compensation for review by the Compensation Committee.

28

Chief Executive Officer Compensation. The Compensation Committee and the Board of Directors are responsible for establishing Mr. Pettie’s compensation package. The Compensation Committee consulted with its independent compensation consultant in determining the compensation to be awarded to Mr. Pettie in 2009 and 2010. The Compensation Committee decided to maintain Mr. Pettie’s base salary at \$475,000 for 2010 due to the Company’s performance against its performance targets for 2009. In addition, since the Company’s performance for 2009 did not reach the minimum performance required for a threshold cash incentive payment to employees and earning of restricted common stock eligible for earning in 2009, Mr. Pettie did not receive a cash incentive payment for 2009 and none of his performance-based restricted common stock that was eligible to be earned in 2009 were earned. Furthermore, no equity grant has been made to Mr. Pettie during 2010 to date, however, the Compensation Committee and the Board of Directors are considering whether to make grants of equity awards later in the year.

(1)

Represents amounts accrued in the Company's financial statements during the year in question as compensation expense pursuant to FAS 123(R) for all unvested stock awards irrespective of the date of the grant. Due to reversals, in accordance with FAS 123(R), of certain stock-based compensation expenses relating to grants of restricted common stock in October 2005, July 2006, May 2007 and May 2008, the amounts shown under "Stock Awards" are net of those reversals and, if negative, are shown as "-".

- (2) The fair value of non-vested restricted common stock is determined as the closing price of the Company's common stock on the day preceding the grant date. Such amounts are amortized on a straight-line basis over the vesting period and recorded as compensation costs in the statement of operations. Due to the Company's performance against its pre-determined net sales and earnings per share or EBITDA targets, as applicable, for 2006, 2007, 2008 and 2009, the Company determined that the October 2005, July 2006, the May 2007 and one-third of the May 2008 restricted common stock grants will not vest based upon the Company's performance against the applicable performance targets and reversed the stock-based compensation expense previously recorded by the Company under FAS 123(R).
- (3) Except as otherwise noted, includes stock options and stock appreciation rights granted by the Company. The fair value of each stock option and stock appreciation right award was estimated on the date of grant using the Black-Scholes Option Pricing Model ("Black-Scholes Model"). The Black-Scholes Model uses certain assumptions about expected volatility of the Company's common stock, the expected term of the stock

appreciation rights and stock options and risk-free interest rates. For additional information regarding the assumptions used in the Black-Scholes Model, please see Note 13 to the financial statements contained in our Annual Report on Form 10-K for 2009, which is included in the Annual Report to Stockholders accompanying this Proxy Statement.

Narrative Disclosure for the Summary Compensation Table and Grants of Plan-based Awards Table

What was the effect of employment agreements on executive compensation?

Certain elements of the executive compensation presented in the tables above were expressly included in the executive's employment agreement with the Company and therefore not subject to the discretion of the Compensation Committee. For example, the bonus paid to Mr. Pettie for 2007 and 2008, the payment by the Company of Mr. Pettie's legal fees incurred in connection with the negotiation of his employment agreement, and the grant of restricted common stock on April 2, 2007 were governed by express provisions in his employment agreement with the Company. In addition, during 2007, 2008 and 2009, the Company paid the legal fees incurred by Mr. Anderson in connection with the securities class action law suit pursuant to the Company's obligation to indemnify him in his capacity as an executive officer of the Company. The Company also paid \$37,500 to Mr. Kelly during 2008 pursuant to the terms of his employment agreement with the Company.

What part of executive compensation was comprised of non-equity incentive plan awards?

Pursuant to the terms of the non-equity incentive plan awards, based on the Company's financial performance, the Named Executive Officers may receive no cash payment or a cash payment ranging from a threshold amount to a maximum amount based on the Company's performance and a performance grid approved by the Compensation Committee. For 2007, the employees of the Company received 95% of their target bonus payment under the 2007 Management Bonus Plan. Although the Company's performance for 2008 did not achieve the level required for threshold payments under the 2008 Management Bonus Plan, the Compensation Committee and the Board of Directors after consideration of the totality of the business environment and circumstances decided to exercise their discretion to make a cash payment in an amount equal to 60% of an employee's target bonus for employee morale and retention purposes. No cash incentive payment was made to the Company's employees for 2009 since the Company's performance did not achieve the level required for threshold payments under the 2009 Management Bonus Plan. Furthermore, the Compensation Committee and the Board of Directors decided not to exercise their discretion to authorize a discretionary bonus payment to the Company's employees for 2009.

What part of executive compensation was comprised of equity incentive plan awards?

Restricted Common Stock. The equity incentive plan awards granted to certain of the Named Executive Officers during 2007, 2008 and 2009 included restricted common stock. The restricted common stock vests at the end of a three-year period if certain net sales and earnings per share or EBITDA targets, as applicable, are attained by the Company. With regard to the restricted common stock grants made in 2008 and 2009, the grants have been divided into three portions each of which are earned based on annual performance targets for each annual period during the three-year term of the award, subject to complete forfeiture if the average of the annual performance payout percentages (as set forth in the applicable annual performance grids) over the three-year performance period is less than 50%. Under the terms of the restricted common stock awards, none of the shares of restricted common stock may vest or a number of shares of the restricted common stock may vest ranging from a threshold amount to a maximum amount based on the Company's performance and a performance grid approved by the Compensation Committee.

The Company has prepared a budget and forecast for 2010. Although the Company typically grants equity awards as soon as practicable after the beginning of a fiscal year, the Company has not made any grant of equity awards in 2010 to date but is considering whether to make any equity awards later in the year. Assuming a threshold, target or maximum payout, as applicable, is earned under the performance grid for 2010, 75% 100% or 150%, as applicable, of the second portion of the 2009 restricted common stock grant will be earned during 2010 but will not actually vest until the end of the applicable three-year term of the restricted common stock award, subject to complete forfeiture if the average of the annual performance payout percentages (as set forth in the applicable annual performance grids) over the three-year performance period is less than 50%.

Due to the Company's performance against its pre-determined net sales and earnings per share or EBITDA targets, as applicable, for 2006, 2007, 2008 and 2009, the Company determined that the October 2005, July 2006, May 2007 and one-third of the May 2008 restricted common stock grants will not vest and reversed the stock-based compensation expense previously recorded by the Company under FAS 123(R).

Stock Appreciation Rights. In addition to the grant of restricted common stock, on July 1, 2006 certain of the Named Executive Officers received stock appreciation rights which had a performance period that ended on

35

March 31, 2009. The grantees of the stock appreciation rights are entitled to the stock price appreciation, if any, on March 31, 2009 in excess of the initial price of the stock appreciation rights. The stock appreciation rights were priced at \$9.97 per share on June 30, 2006, the day immediately preceding the grant date for the stock appreciation rights. As the closing stock price of the Company's common stock was \$5.18 on March 31, 2009 and less than the initial price of \$9.97 for the stock appreciation rights, the stock appreciation rights were out-of-the-money on March 31, 2009 and no compensation was earned and paid to Messrs. Anderson and Jolly, the only Named Executive Officers who had received stock appreciation rights.

Stock Options. On May 25, 2007, stock options were granted to the employees of the Company (including certain of the Named Executive Officers) which vest in three equal annual installments commencing on May 25, 2008. The stock options have an exercise price equal to \$12.86 which equals the closing price of our common stock on the NYSE on May 25, 2007. The stock options have a term of ten years and expire on May 24, 2017.

On May 30, 2008, stock options were also granted to the employees of the Company (including the Named Executive Officers) which vest in three equal annual installments commencing on May 30, 2009. The stock options have an exercise price equal to \$10.91 which equals the closing price of our common stock on the NYSE on May 30, 2008. The stock options have a term of ten years and expire on May 29, 2018.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Our Named Executive Officers are entitled to certain benefits in the event their employment is terminated under specified circumstances. Circumstances which would trigger payments and/or other benefits to certain of our Named Executive Officers include death, disability, termination of employment by the Company without cause, termination by the Named Executive Officer for good reason or a change-in-control of the Company.

In order for a Named Executive Officer to receive the payment and/or benefits to which he is entitled pursuant to any applicable employment agreement, he must execute and deliver to the Company a release in a form satisfactory to the Company. So long as any Named Executive Officer who is receiving payments and/or benefits from the Company has not breached any applicable restrictive covenants (including, without limitation, non-compete, non-solicitation, non-disparagement and/or confidentiality agreements), the Company will continue to make any required payments. In the event a Named Executive Officer breaches any applicable restrictive covenant, the Company will cease making any future payments and providing any other benefits to the Named Executive Officer, and will also consider pursuing all legal and equitable remedies available to the Company under any applicable employment agreement and applicable law.

The following table sets forth payments and benefits that may be received by our Named Executive Officers under any existing employment agreements, equity grant agreements, plans or arrangements, whether written or unwritten, in the event of termination for specified reasons and/or a change-in-control of the Company. Only payments and benefits that a Named Executive Officer may receive that are not also available to other executive officers and salaried employees are disclosed in the table below. The following information has been prepared based on the assumption that the Named Executive Officer's employment was terminated, or a change-in-

control of the Company occurred, on March 31, 2009. With respect to the accelerated vesting of performance-based restricted common stock, the value of such acceleration was calculated using the target number of shares that remain eligible to be earned in 2010 and 2011. The closing price for our common stock on March 31, 2009 was \$5.18.

Narrative to Director Compensation Table

Except for Mr. Mann, directors who are not our employees or who are not otherwise affiliated with us or our significant stockholder, GTCR, each receive a one-time grant of common stock equal to \$20,000 as of the date of the first Annual Meeting of Stockholders held after such director became a member of the Board of Directors. In addition, each of the directors other than Messrs. Pettie, Donnini and Hemmer receives an annual \$50,000 grant of either restricted common stock with one-half of such grant vesting on each of the first and second anniversary of the grant date or restricted stock units that vest on the first anniversary of the grant date with settlement in common stock to occur in accordance with the terms thereof. The fair value of all common stock awards is determined by multiplying the number of shares by the closing price of the Company's common stock on the grant date. The value of grants of unrestricted common stock is recorded as compensation expense in the statement of operations at the grant date while the value of the grants of restricted common stock are amortized on a straight-line basis over the vesting period and recorded as compensation expense in the statement of operations accordingly.

On August 5, 2008, each of Messrs. Buell, Byom, Costley, Gordon, Lonergan, Mann and Silcock received 4,836 shares of restricted common stock, representing \$50,000 divided by \$10.34. \$10.34 was the closing price of

our common stock on the NYSE on August 5, 2008. 2,418 shares of the restricted common stock grant will vest on each of August 5, 2009 and 2010, respectively.

For more information regarding the compensation arrangements we have with our directors, please see "Proposal No. 1 - Election of Directors - How are our directors compensated?" on page 7 of this Proxy Statement.

Employment Agreements

Do any Named Executive Officers have employment agreements?

Yes. We have employment agreements with Mr. Pettie, Mr. Anderson, Dr. Boyko, Mr. Jolly and Mr. Kelly.

What are the terms of Mr. Pettie's employment agreement?

Effective as of January 1, 2009, Mr. Pettie entered into an Amended and Restated Employment Agreement with the Company (the "Pettie Employment Agreement") in order to amend certain provisions of his prior employment agreement to ensure that the terms of the Pettie Employment Agreement are in compliance with Section 409A of the IRC. Subject to the terms and conditions of the Pettie Employment Agreement, Mr. Pettie shall serve as the Company's Chairman of the Board and Chief Executive Officer through March 31, 2010. Pursuant to the terms of the Pettie Employment Agreement, Mr. Pettie's base salary shall be \$475,000 per annum, subject to periodic review by the Board of Directors of the Company, which first such review shall take place during or before April 2009. The Pettie Employment Agreement renews automatically on April 1 of each year unless either Mr. Pettie or the Company provides the other party with at least three (3) months prior written notice of its decision to allow the Pettie Employment Agreement to expire and not be renewed.

During the term of the Pettie Employment Agreement, Mr. Pettie shall be entitled to participate in all incentive, savings and retirement plans, practices, policies and programs applicable generally to senior executive officers of the Company, and on the same basis as such senior executive officers, except as to benefits that are specifically applicable to Mr. Pettie pursuant to the Pettie Employment Agreement. During the term of the Pettie Employment Agreement, Mr. Pettie's annual target (subject to such performance and other criteria as may be established by the Company's Compensation Committee) bonus shall be no less than 100% of base salary and the maximum bonus shall be no less than 150% of base salary.

Pursuant to the terms of the Pettie Employment Agreement, Mr. Pettie and his eligible dependents shall be eligible for participation in, and shall receive all benefits under, the Company's welfare benefit plans, practices, policies and programs. Mr. Pettie's 2005 Incentive Plan award shall have at the time of grant a value of 265% of Mr. Pettie's base salary then in effect on the date of the 2005 Incentive Plan award. All 2005 Incentive Plan awards to Mr. Pettie shall be determined in accordance with the prevailing practice applicable to senior executives. Upon a change-in-control of the Company, all awards to Mr. Pettie under the 2005 Incentive Plan vest with no requirement that Mr. Pettie's employment with the Company has terminated.

The Pettie Employment Agreement may be terminated (i) by the Company for cause, without cause or due to Mr. Pettie's disability; (ii) by Mr. Pettie for good reason or no reason; or (iii) upon the death of Mr. Pettie.

In the event the Company terminates Mr. Pettie's employment for cause, the Company shall have no liability to Mr. Pettie other than his accrued base salary through the date of termination and any other applicable benefits. In the

event the Pettie Employment Agreement is terminated due to Mr. Pettie's death or disability, or Mr. Pettie terminates the Pettie Employment Agreement without good reason, the Company shall have no liability to Mr. Pettie other than the payment of Accrued Obligations (as defined in the Pettie Employment Agreement) and any other applicable benefits. With regard to a termination of the Pettie Employment Agreement due to the death or

disability of Mr. Pettie, any award granted under the 2005 Incentive Plan shall immediately vest upon Mr. Pettie's death or disability.

In the event Mr. Pettie is terminated by the Company without cause, or Mr. Pettie terminates the Pettie Employment Agreement for good reason, the Company shall pay to Mr. Pettie (i) cash in an aggregate amount equal to the sum of (a) Mr. Pettie's base salary through the date of termination; (b) any accrued expenses and vacation pay; and (c) any deferred compensation, as applicable; (ii) in installments ratably over 12 months in accordance with the Company's normal payroll practices (or in a lump sum with the consent of Mr. Pettie), the aggregate amount equal to the sum of (a) Mr. Pettie's base salary in effect as of the date of termination; and (b) Mr. Pettie's applicable annual bonus; and (iii) cash in the aggregate amount equal to the Prorated Unvested 2005 Incentive Plan Award Value (as defined below) for each 2005 Incentive Plan award; provided, that with respect to clause (iii), such termination occurs prior to March 31, 2010. In addition to the foregoing, Mr. Pettie shall be entitled to participate in the Company's life, medical and disability insurance programs on the same basis as an active employee of the Company for up to 12 months after the date of termination. Thereafter, Mr. Pettie shall be entitled to continuation of benefits pursuant to the provisions of COBRA. "Prorated Unvested 2005 Incentive Plan Award Value" shall equal the product of (i) a fraction, the numerator of which shall be the number 1 if Mr. Pettie has been employed for 12 months or less from the applicable grant date of the 2005 Incentive Plan award in question (the "Grant Date"), the number 2 if Mr. Pettie has been employed for more than 12 months but less than 24 months from the Grant Date, and the number 3 if Mr. Pettie has been employed for more than 24 months from the Grant Date, and the denominator of which shall be the number 3; and (ii) the value (based, in the case of restricted stock, upon the closing market price of the Company's common stock on the day prior to the date of termination of employment) of the unvested portion of each 2005 Incentive Plan award.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2009, no member of the Compensation Committee, served as an officer or employee of the Company or its subsidiaries, was formerly an officer of the Company or its subsidiaries, or entered into any transactions with the Company or its subsidiaries that would require disclosure under applicable SEC regulations. During 2009, none of our executive officers served as a member of the Compensation Committee or on the board of directors of another entity, any of whose executive officers served on our Compensation Committee or on our Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Were there any conflict of interest transactions during 2009?

Except as disclosed under “Executive Compensation and Other Matters” and “Proposal No. 1 – Election of Directors,” our executive officers, directors, director nominees and greater than 5% stockholders did not have significant business relationships with us in 2009 which would require disclosure under applicable SEC regulations, and no other transactions which need to be disclosed under SEC regulations are currently planned for 2010.

Has the Board adopted a Related Persons Transaction Policy?

During 2008, we adopted a Related Persons Transaction Policy. A summary of the Related Persons Transaction Policy is set forth below and the full text of the Policy is available at the Investor Relations tab on our web site at www.prestigebrandsinc.com.

Transactions Subject to the Policy

A Related Person Transaction is a transaction in which the Company (which, for purposes of this summary shall include the Company’s subsidiaries) is or will be a Participant (as defined below) and the amount involved exceeds \$120,000, and in which any Related Person (as defined below) had or will have a direct or indirect material interest. The term “Participant” is broadly defined to include situations in which the Company is not technically a party but has influenced another party to enter into a transaction or provide value to a Related Person. For example, facilitating the use of a Related Person as a supplier to the Company’s contract manufacturer would constitute “participation” by the Company and bring such an arrangement within the scope of the Policy.

The following transactions are exempt from the Policy:

- Payment of compensation by the Company to a Related Person for service to the Company in the capacity or capacities that give rise to the person’s status as a “Related Person” so long as the compensation is publicly disclosed in the Company’s Annual Report on Form 10-K (or proxy or information statement incorporated by reference into such Annual Report);
- Transactions available to all employees or all stockholders of the Company on the same terms and conditions; and
- Transactions that, when aggregated with the amount of all other transactions between the Related Person and the Company, involve less than \$120,000 in a fiscal year.

Definition of Related Person

For purposes of the Policy, a “Related Person” means:

- Any person who is, or at any time since the beginning of the Company’s most recently completed fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company;

- Any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities;

46

- Any Immediate Family Member (as defined in the Policy) of any of the foregoing persons; and
- Any Affiliate (as defined in the Policy) of any of the foregoing persons or Immediate Family Members.

Notification Procedures

A transaction with a Related Person that is identified in advance will be disclosed to the General Counsel for review. In the event the Company becomes aware of a transaction with a Related Person that was not disclosed to the Company, the General Counsel will review the transaction. If the General Counsel determines that a transaction is a Related Persons Transaction subject to the Policy, he will submit such transaction to the Audit Committee for consideration at the next Audit Committee meeting or, if it is not practicable or desirable to wait until the next Audit Committee meeting, to the Chair of the Audit Committee for prompt consideration. Any ongoing or completed Related Person Transaction that is disapproved by the Audit Committee or the Chair of the Audit Committee shall be subject to corrective action by the Audit Committee.

During 2009, there were no Related Persons Transactions and none are currently planned for 2010.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The United States Federal securities laws requires our officers, directors and persons who beneficially own more than 10% of our common stock to file reports of securities ownership and changes in such ownership with the SEC, the NYSE and the Company.

We believe, based upon a review of the forms filed and written communications provided by our officers, directors and persons who beneficially owned more than 10% of our common stock, that they timely filed all forms required by Section 16(a) of the Exchange Act during 2009.

REPORT OF THE AUDIT COMMITTEE

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

What is the Audit Committee and are its members “independent”?

The Audit Committee is composed of four directors appointed by the Board of Directors, all of whom are independent from the Company and its management as defined in the NYSE listing standards and Rule 10A-3 under the Exchange Act. The Audit Committee operates under a written charter adopted by the Board of Directors in January 2005, which is available to our stockholders and interested parties at the Investor Relations tab on our web site at www.prestigebrandsinc.com or is also available in print to any stockholder or other interested party who makes a written request to the Company’s Secretary. The primary function of the Audit Committee is to assist the Board of Directors in its oversight and monitoring of our financial reporting and audit process, our system of internal control and our process for monitoring compliance with laws, regulations and policies. The Audit Committee recommends to the Board of Directors the selection of the Company’s independent registered public accounting firm.

Are the members of the Audit Committee “financially literate”?

The members of the Audit Committee are financially literate as that qualification is interpreted by the Board of Directors and the NYSE. In addition, the Board has determined that Mr. Byom is an “audit committee financial expert” as defined by SEC regulations.

What is the relationship between management and the Audit Committee?

Management has the primary responsibility for establishing and monitoring adequate internal accounting and financial controls, the financial reporting process for preparing financial statements and compliance with the Company's legal and ethics programs. PricewaterhouseCoopers LLP is responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with auditing standards generally accepted in the United States of America and for issuance of a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes and report its findings to the full Board of Directors.

What steps did the Audit Committee take in recommending that our audited financial statements be included in our annual report?

- The Audit Committee has met and held discussions separately and jointly with each of management and PricewaterhouseCoopers LLP regarding the Company's audited consolidated financial statements for 2009, management's assessment of the effectiveness of the Company's internal control over financial reporting and PricewaterhouseCoopers LLP's evaluation of the Company's internal control over financial reporting.
- Management represented to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit Committee has reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and PricewaterhouseCoopers LLP. The Audit Committee discussed with PricewaterhouseCoopers LLP matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") AU Section 380, "Communication with Audit Committees".
- The Audit Committee also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by PCAOB Rule 3526, "Communication with Audit Committees Concerning Independence" and has discussed with PricewaterhouseCoopers LLP their independence. The Audit Committee also considered whether PricewaterhouseCoopers LLP's provision of non-audit services to the Company is compatible with maintaining PricewaterhouseCoopers LLP's independence from the Company. The Audit Committee concluded that PricewaterhouseCoopers LLP is independent from the Company and its management.

Based on its review of the Company's audited financial statements and the discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for 2009 be included in the Company's Annual Report on Form 10-K for 2009 for filing with the SEC.

SUBMISSION OF STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

How do I submit a shareholder proposal for inclusion in the Proxy Statement for next year's Annual Meeting?

To be included in our Proxy Statement for our 2010 Annual Meeting of Stockholders, a proposal must be submitted by an eligible stockholder who complies with the relevant regulations of the SEC and must be received by us at our principal executive offices at 90 North Broadway, Irvington, New York 10533 by March 4, 2010 (or, if the 2010 Annual Meeting of Stockholders is called for a date more than 30 days before or after August 4, 2010, within a reasonable time before we begin to print and mail our Proxy materials for the 2010 meeting). The proposal should be sent by certified mail, return receipt requested, to the attention of the Company's Secretary and must comply with Rule 14a-8 under the Exchange Act.

When and how must I submit a notice to introduce a director nomination or other item of business for it to be raised at the 2010 Annual Meeting?

Assuming that our 2010 Annual Meeting is not held more than 30 days prior to or delayed by more than 60 days after the first anniversary date of this year's Annual Meeting of Stockholders, our Amended and Restated Bylaws currently provide that we must receive written notice of your intention to introduce a director nomination or other item of business at that meeting not less than 90 nor more than 120 days prior to August 4, 2010. If the Annual Meeting is held more than 30 days prior to or delayed by more than 60 days after August 4, 2010 (or a special stockholders meeting is called), our Amended and Restated Bylaws currently provide that we must receive your notice not later than the close of business on the 10th day following the earlier of the day on which notice of the date of meeting was mailed or public disclosure of such meeting was made). If we do not receive notice within the prescribed dates, or if we meet other requirements of the SEC's rules, the persons named as Proxies in the Proxy materials relating to the 2010 Annual Meeting of Stockholders will use their discretion in voting the Proxies when these matters are raised at the meeting. In addition, nominations or proposals not made in accordance with the procedures described above may be disregarded by the Chairman of the meeting. Any stockholder interested in making such a nomination or proposal should request a copy of our Amended and Restated Bylaws from the Company's Secretary.

Any written stockholder proposal or nomination for director to be presented at a meeting of our stockholders must comply with the procedures and such other requirements as may be imposed by our Amended and Restated Bylaws, Delaware law, the NYSE, the Exchange Act and the rules and regulations of the SEC and must include the information necessary for the Board of Directors to determine whether the candidate (with respect to a nomination for director only) qualifies as independent under the NYSE's and SEC's rules.
