Notes to the Consolidated Financial Statements
September 30 and March 31, 2004

NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim condensed consolidated financial statements include normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim condensed consolidated financial statements be read in conjunction with the Company's most recent audited financial statements and notes thereto included in its March 31, 2004 Annual Report on Form 10-KSB. Operating results for the six months ended September 30, 2004 are not necessarily indicative of the results that may be expected for the year ending March 31, 2005.

Certain prior period balances have been reclassified to conform to current period presentation.

NOTE 2 - GOING CONCERN

The Company's consolidated financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company does not have significant cash or other material assets, nor does it have an established source of revenues sufficient to cover its operating costs. Additionally, the Company has accumulated significant losses, has negative working capital, and a deficit in stockholders' equity. All of these items raise substantial doubt about its ability to continue as a going concern. During the fiscal year ending March 2004, the Company added depth to one of its most popular product lines, the PCS Brick Lab, introducing the Brick Lab Grade Series for Grades 1 and 2 with plans to introduce Grades 3 and 4 during fiscal year 2005 and Grades 5 and 6 during fiscal year 2006. The Company has also entered into an exclusive distribution agreement with a company whose science-oriented products will complement its engineering curriculum and labs. In addition to widening and deepening its product mix, the Company has also entered into agreements with independent sales agency groups which the Company believes will provide better market penetration and coverage. In addition, the Company intends to continue offering its common stock to raise and additional capital necessary to cover operating expenses and its cost containment strategy, not investing significant amounts of capital to research and development.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish this plan and to

Edgar Filing: PCS EDVENTURES COM INC - Form 10QSB

eventually attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 - DILUTIVE INSTRUMENTS

a. Stock Options

The Company applied Accounting Principles Board ("APB") Opinion 25, "Accounting for Stock Issued to Employees," and related interpretations in accounting for all stock option plans. Under APB Opinion 25, compensation cost is recognized for stock options granted to employees when the option price is less than the market price of the underlying common stock on the date of grant.

Notes to the Consolidated Financial Statements
September 30, 2004 and March 31, 2004

NOTE 3 - DILUTIVE INSTRUMENTS (Continued)

a. Stock Options (Continued)

During July 2004, the Company issued 250,000 shares of common stock to its Chief Executive Officer for the non-cash exercise of options, reducing related party debt by \$17,500.

During July 2004, the Company issued options to purchase 5,000 shares of its common stock for consulting services rendered. The options are exercisable immediately at a price of \$0.15 per share for five years.

During July 2004, the Company issued options to purchase 153,533 shares of its common stock to an employee. The options are exercisable at \$0.15 per share as follows: 50,000 on or after July 29, 2005; 50,000 on or after July 29, 2006; and, 53,533 on or after July 29, 2007. The options expire on July 29, 2009.

During July 2004, the Company issued options to purchase 50,000 shares of its common stock to an employee. The options are exercisable at \$0.13 per share as follows: 10,000 on or after July 10, 2005; 20,000 on or after July 10, 2006; and, 20,000 on or after July 10, 2007. The options expire on July 10, 2009.

During August 2004, the Company issued options to purchase 50,000 shares of its common stock to an employee. The options are exercisable at \$0.13 per share as follows: 10,000 on or after July 10, 2005; 20,000 on or after July 10, 2006; and, 20,000 on or after July 10, 2007. The options expire on July 10, 2009.

During the period ended September 30, 2004, the Company issued options to purchase 6,000,000 shares of its common stock for prepaid consulting fees. The options are exercisable immediately with 2,000,000 options exercisable at a price of \$0.10 per share for 60 days while 4,000,000 are exercisable at a price of \$0.25 per share for 120 days. During the period, 750,000 options were exercised at \$0.10 and 5,250,000 were allowed to expire unexercised. The issuance of these options resulted in the recording of \$372,988 in variable deferred consulting fees.

In accordance with EITF 96-18, "Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling,

Edgar Filing: PCS EDVENTURES COM INC - Form 10QSB

Goods or Services", and due to the options being issued for ongoing services, the options are being valued as the services are completed. In order to capture the changes in the fair value of the options over the term of service, changes in the fair values at interim reporting dates are attributed in accordance with FIN 28, "Accounting for Stock Appreciation Rights and Other Variable Stock Option or Award Plans". FIN 28 states that consulting expense should be measured at the end of each period as the amount by which the fair value of the options covered by a grant exceeds the option price or value specified under the plan and should be accrued as a charge to expense over the periods the grantee performs the related services. Changes in the quoted market value are being reflected as adjustments of deferred consulting and consulting expense in the period and will continue until the date the services are complete. Consulting deferred during the service period is being adjusted in subsequent periods up to the measurement date for changes, either increases or decreases, in the fair value of the options covered by the grant but shall not be adjusted below zero. The offsetting adjustment is being made to consulting expense of the period in which changes in the fair value occur. During the quarter ended September 30, 2004, these options expired unexercised. PCS recognized the remaining \$120,000 in non-cash consulting expense.

During the quarter ended June 30, 2004, the Company issued options to purchase 800,000 shares of its common stock for prepaid consulting fees. The options are exercisable immediately in groups of 200,000 at prices of \$0.10, \$0.20, \$0.30 and \$0.35 per share for one year. The issuance of these options resulted in the recording of \$134,889 in variable deferred consulting fees. In accordance with EITF 96-18 and FIN 48, during the quarter ended September 30, 2004, the revaluation of these options resulted in the recording of a decrease in deferred valuation of \$192,000 and a decrease of \$28,000 in non-cash consulting expense.

SFAS No. 148, requires the Company to provide pro forma information regarding net loss and net loss per share as if compensation costs for the Company's stock option plans and other stock awards had been determined in accordance with the fair value based method prescribed in SFAS No. 148. The current period pro forma net loss includes \$6,861 of prior period option expense amortization. The Company estimates the fair value of each stock award at the grant date by using the Black-Scholes option pricing model.

NOTE 4 - MATERIAL EVENTS

During July 2004, the Company agreed to a Release of All Claims and Settlement Agreement (the Settlement) with Xerox Capital Services, LLC in regard to a past due notes payable and copier lease payments. The Settlement calls for the payment of \$44,252 in installments as follows: \$7,500 upon execution; \$10,000 on or before August 5, 2004; \$10,000 on or before August 19, 2004; \$12,500 on or before September 15, 2004; and \$4,252 on or before October 15, 2004. In addition, the Company agreed to return the copier. The Company has recognized a gain on extinguishment of debt of \$43,990 as a result of this Settlement. As of September 30, 2004, all scheduled payments have been made and a balance of \$4,252 remains unpaid.

NOTE 5 - SUBSEQUENT EVENTS

On October 1, 2004, PCS entered into a six-month agreement with Equitilink. The scope of said agreement includes public relations and investor communications services. The six-month agreement will be extended for an additional three months, unless cancelled by PCS. Compensation for Equitilink's services is 250,000 shares of restricted stock.

On October 1, 2004, PCS entered into a twelve-month agreement with Michael Corrigan, attorney. The scope of said agreement is for legal representation for such matters that PCS deem necessary. Compensation for Corrigan's services for the first six months is 500,000 of free trading, non-restricted shares of common stock. Unless PCS cancels the agreement at the end of six months, compensation for the remainder of the twelve-month agreement will be an additional 500,000 free trading, non-restricted shares of common stock.

Item 2. Management's Discussion and Analysis or Plan of Operation.

Edgar Filing: PCS EDVENTURES COM INC - Form 10QSB

Results of Operations.

Six months ended September 30, 2004, compared to six months ended September 30, 2003.

Revenues for the six-month period ended September 30, 2004, decreased by \$472,420 (39.7%) to \$717,837 as compared to \$1,190,257 for the six-month period ended September 30, 2003. Revenues decreased due to a policy change in the fourth quarter of fiscal year 2004. We changed our policy to give our customers more choice in their lab materials. Under the new policy, our customers can choose where to purchase their lab materials (e.g. LEGO [Registered] manipulatives) and they simply purchase the PCS curriculum, customized furniture unit and site license materials from us. There is no effect on our gross profit as our revenues are reduced by same amount as our cost of goods sold. We sold 191 labs during the six-month period ended September 30, 2004, which is a decrease of 54.8%, or 232 labs, as compared to 423 labs for the six-month period ended September 30, 2003.

General and administrative costs have increased slightly by \$18,557, or 5.2% to \$373,858 for the six-month period ended September 30, 2004, as compared to \$355,301 for the six-month period ended September 30, 2003. This increase is primarily due to an increase in outside consulting services and an increase in marketing expenses, including travel, trade shows and marketing brochures.

Operating expenses for the six-month period ended September 30, 2004, included a non-cash expenditure for \$481,733 associated with stock and options which were granted to consultants. Of this amount, \$414,442 relates to a consulting agreement. The scope of said consulting agreement includes advisement and consultation regarding distribution strategies, evaluation of potential acquisition targets and the structuring of any such transactions, and business development strategies, including geographic and service expansion plans.

Interest expense for the six-month period ended September 30, 2004, decreased to \$40,450 as compared to \$71,871 for the six-month period ended September 30, 2003. This decrease is due to less interest expense associated with the conversion of indentured trust debt to common stock as well as a reduction in finance charges associated with the financing of our cost of goods sold. Said reduction corresponds to our change in our revenue policy (see revenue section).

We had a net loss of (\$625,551), or (\$0.02) per share, for the six months ended September 30, 2004, as compared to net income of \$145,597, or \$0.01 per share, for the six-month period ended September 30, 2003. The net loss for the six months ended September 30, 2004, after removing the costs of stock and options issued for services of \$481,733, is (\$143,818), or (\$0.00) per share.

Liquidity and Capital Resources.

We had a cash balance of \$139,977 at September 30, 2004. Management believes that the cash received from delivered sales orders, as well as continued limited offerings of our common stock, will be sufficient to meet our operating expenses.

Item 3. Controls and Procedures.

Edgar Filing: PCS EDVENTURES COM INC - Form 10QSB

As of the end of the period covered by this Quarterly Report, we carried out an evaluation, under the supervision and with the participation of our President and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures. Based on this evaluation, our President and Chief Financial Officer concluded that our disclosure controls and procedures are effective in timely alerting them to material information required to be included in our periodic Securities and Exchange Commission reports. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote. In addition, we reviewed our internal controls over financial reporting, and there have been no changes in our internal controls or in other factors in the last fiscal quarter that has materially affected or is reasonably likely to materially affect our internal control over financial reporting.
