Note 1 BUSINESS, ORGANIZATION AND INTERIM FINANCIAL STATEMENTS

Business - Omni Medical Holdings, Inc. ("Omni"), a Utah corporation, provides medical billing and transcription services, and electronic medical record solutions to medical practitioners.

Organization- The company was previously organized as Piezo Instruments, Inc. ("Piezo"), a Utah corporation. Effective September 5, 2003, Piezo and Omni Medical of Nevada, Inc., a Nevada Corporation ("Omni Nevada") executed an Agreement and Plan of Reorganization (the "Reorganization Agreement"), whereby Piezo agreed to acquire 100% of the issued and outstanding shares of common stock of Omni Nevada in exchange for up to 16,000,000 newly issued shares of common stock of Piezo, (of which 12,913,815 were issued as of March 31, 2004, 480,753 shares were issued in July 2004 and 474,659 shares are to be issued as of September 30, 2005 for a total of 13,869,227 shares,) or approximately 86% of the post-Reorganization Agreement outstanding securities of Piezo. The transaction was accounted for as a reverse acquisition of Piezo by Omni Nevada. Shares of common stock authorized and issued have been retroactively restated to present the capital structure of Piezo. Concurrent with the merger, Piezo changed its name to Omni Medical Holdings, Inc.

Interim financial statements-The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10QSB and Item 310 (b) of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by accounting principles for complete financial statements generally accepted in the United States of America. In the opinion of management, the accompanying consolidated financial statements contain all adjustments, consisting of normal recurring accruals, necessary for a fair presentation of the Company's financial position as of September 30, 2005. There has not been any change in the significant accounting policies of Omni Medical Holdings, Inc. for the periods presented. It is suggested that these unaudited

Note 3 GOING CONCERN

The Company's financial statements for the periods ended September 30, 2005 and 2004 show incurred net losses of \$945,183 and \$270,748, respectively, and has a working capital deficiency of \$4,201,085, as of September 30, 2005, raising substantial doubt about the company's ability to continue as a going concern. Management's plans to address concerns raised by this issue include:

a. Through the acquisition of Plum Creek Outpatient and administrative services agreement with Stat Anesthesia, P.C., the Company believes it has already acquired significant asset and adequate liquid assets for operation. Furthermore, management believes these companies will provide significant cash flow to provide for all corporate needs.

b. The Company also plans to raise additional capital and is working with a number of financial sources to achieve this.

There is no assurance that these or any efforts will be successful. However, management believes that these measures will enable the Company to have adequate funds to support operations for the next twelve months.

Note 4 DISCONTINUED OPERATIONS

Effective September 1, 2005, Omni entered into a settlement agreement with McCoy Financial Services, Inc. ("MFS") whereby Omni agreed to sell, transfer, and assign to MFS all of the Company's right, title and interest in and to the transcription services segment net assets for \$10,000. As of September 1, 2005, the assets of the transcription services segment was approximately \$221,000 (primarily property and equipment of approximately \$37,000 and intangible assets of \$184,000) and transcription services segment obligations and liabilities had a carrying value of approximately \$205,000 (primarily accounts payable and accrued expenses of approximately \$30,000 and debt of approximately

Edgar Filing: OMNI MEDICAL HOLDINGS INC - Form 10QSB

\$175,000). A loss on the disposal of the assets was recognized in the amount of \$6,520. The results of operations from the transcription services segment have been retroactively restated as discontinued operations.

Note 5 SUBSEQUENT EVENTS

On October 26, 2005 the Company entered into a Note Purchase Agreement with Sigma Opportunity Fund, LLC. Under the Note Purchase Agreement, Sigma purchased from Omni a Senior Note Due 2006 for \$400,000. In connection with the purchase, the Company issued Warrants to purchase 15,000 pre-split shares of Omni common stock for each \$1,000 principal amount of the note for an aggregate of 6,000,000 pre-split shares.

On November 4, 2005 the Company announced it has executed a 1 for 4 reverse split of its Common shares effective November 4, 2005.

Overview:

Omni Medical Holdings (ONMH:OTCBB) provides a turn key back office suite of products and services to doctors, clinics and hospitals throughout the country. Omni continues to grow through its acquisition strategy and unique combination of product offerings.

Omni Medical has positioned itself to offer a complete back office solution of products and services for all medical practitioners.

Omni's DataFuzion subsidiary provides a complete line of integrated back-office products including GE Centricity and Misys practice management and electronic medical records solutions, and a proprietary web based decision support reporting tools for physicians and hospitals (InfoBridgeTM). Our ASP hosted products are designed to maximize practice performance by identifying revenue enhancement and cost savings opportunities, while eliminating the up front costs and ongoing expense of owning, upgrading, staffing and maintaining multiple in-house operations and reporting systems.

When practitioners provide patient care, those actions must be

Edgar Filing: OMNI MEDICAL HOLDINGS INC - Form 10QSB

documented, usually by electronic dictation. Government and insurance regulations are such that these important medical records, which affect patient health, must be in readable form. Through our transcription division, this service can be delivered to any practitioner in the world through our proprietary digital web based system. All of our services are performed in the United States.

Medical billing and collections are the lifeblood of any healthcare facility, with accurate and timely collections insuring an effective practice and high standard of care. The billing process is automated through either of Omni's Centricity or Misys based hubs. Our nearly twenty years of experience extends to most medical areas, especially anesthesiology.

Omni's complete back office solution gives:

- * New revenue opportunities to our customers;
- * More streamlined workflow;
- * Executive managers the ability to use disease management benchmarking data, increasing revenue and providing better patient outcomes;
- * Elimination of costly data errors;
- * Ability to integrate hardware and software with other systems; and
- * "Drill down" from multiple servers, and provides greater analytical solutions.

The opportunities in the healthcare services market are enormous and the next 10 years will bring dramatic changes in how healthcare practitioners manage and operate their practices. Omni Medical Holdings, along with its DataFuzion subsidiary, is currently positioned to take advantage of those opportunities now.

RESULTS OF OPERATIONS

Three months ended September 30, 2005.

During the quarterly period ended September 30, 2005, we recorded revenue from continuing operations of \$1,634,639, an increase from revenue from continuing operations of \$273,384 in the quarter ended September 30, 2004.

Cost of sales from continuing operations totaled \$783,777, versus \$127,641 in the second fiscal quarter of 2005.

During the second fiscal quarter of 2005, we recorded general and administrative expenses of \$986,856. These expenses totaled \$209,228 in the year-ago period.

Interest expense was \$164,492 and \$9,249 for the three-month period ended September 30, 2005, and September 30, 2004, respectively.

For the three-month period ended September 30, 2005, we incurred a loss of \$328,414, as compared to a loss of \$128,883 for the three-month period ended September 30, 2004.

Revenue increased 497% during the three months ended September 30, 2005, compared to the three month period ended September 30, 2004, due to the acquisitions of DataFuzion, Stat Anesthesia and Plum Creek Outpatient. Cost of sales increase 514% and general expenses increased 371% versus the prior year due to higher operating costs associated with DataFuzion and Stat Anesthesia. This included a 230% increase in depreciation expense and an 16 fold increase in interest expense over the previous year. Net loss increased 154% for the previously stated reason. We expect continued high levels of depreciation as DataFuzion takes a conservative accounting approach to its

Edgar Filing: OMNI MEDICAL HOLDINGS INC - Form 10QSB

equipment and intangible assets. Interest expense will continue to remain high until such time as the convertible bondholders exchange their debt for equity.

Six months ended September 30, 2005.

During the six months ended September 30, 2005, we recorded revenue from continuing operations of \$2,981,303 an increase from revenue from continuing operations of \$520,703 in the six months ended September 30, 2004.

Cost of sales from continuing operations totaled \$1,544,569, versus \$280,063 in the six months ended of 2005.

During the six months ended September 2005, we recorded general and administrative expenses of \$2,042,469. These expenses totaled \$403,314 in the year-ago six month period.

Interest expense was \$289,496 and \$17,653 for the six-month period ended September 30, 2005, and September 30, 2004, respectively.

For the six-month period ended September 30, 2005, we incurred a loss of \$945,183, as compared to a loss of \$270,748 for the six-month period ended September 30, 2004.
