PROXY STATEMENT

FOR THE 2003 ANNUAL MEETING OF STOCKHOLDERS

to be held on May 29, 2003

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Chordiant Software, Inc. (sometimes referred to as *Chordiant*, *we* or *us*) is soliciting your proxy to vote at the 2003 Annual Meeting of Stockholders. You are invited to attend the annual meeting and we request that you vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or on the Internet.

We intend to mail this proxy statement and accompanying proxy card on or about May 5, 2003, to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 15, 2003 will be entitled to vote at the annual meeting. On this record date, there were 63,633,140 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

Edgar Filing: CHORDIANT SOFTWARE INC - Form DEF 14A

If on April 15, 2003 your shares were registered directly in your name with our transfer agent, Equiserve, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 15, 2003 your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are two matters scheduled for a vote:

Election of two (2) directors;

Ratification of PricewaterhouseCoopers LLP as our independent accountants for our fiscal year ending December 31, 2003.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may abstain from voting for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, vote by proxy using the enclosed proxy card, vote by proxy over the telephone, or vote by proxy on the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote over the telephone, dial toll-free **1-877-PRX-VOTE (1-877-779-8683)** using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m. Pacific time on May 29, 2003, to be counted.

To vote on the Internet, go to **<http://www.eproxyvote.com/chrd>** to complete an electronic proxy card. You will be asked to provide the company number and control number from the enclosed proxy card. Your vote must be received by 11:59 p.m. Pacific time on May 29, 2003 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 15, 2003.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of both nominees for director, and For the ratification of PricewaterhouseCoopers as independent accountants for the fiscal year ending December 31, 2003. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees and The Altman Group may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies, but The Altman Group will be paid its customary fee of approximately \$5,500 plus out-of-pocket expenses if it solicits proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return *each* proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to our Corporate Secretary, Steve G. Vogel, at 20400 Stevens Creek Boulevard, Suite 400, Cupertino, California 95014.

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 31, 2003, to our Corporate Secretary, Steve G. Vogel, at 20400 Stevens Creek Boulevard, Suite 400, Cupertino, California 95014. If you wish to submit a proposal that is not to be included in next year's proxy materials, you must do so not earlier than February 29, 2004, nor later than March 30, 2004. You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Edgar Filing: CHORDIANT SOFTWARE INC - Form DEF 14A

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Against votes, abstentions and broker non-votes. (Broker non-vote refers to a proposal for which a broker or bank does not have the authority to vote but has the authority to vote and does vote on some proposals.) Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

How many votes are needed to approve each proposal?

For the election of directors, the two (2) nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected. Broker non-votes will count towards the quorum but will have no effect.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of PricewaterhouseCoopers LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at **least a majority** of the outstanding shares entitled to vote are represented by votes at the meeting or by proxy. On the record date, there were 63,633,140 outstanding and entitled to vote. **Thus 31,816,571 must be represented by votes at the meeting or by proxy to have a quorum.**

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter of 2003.

Our Board of Directors (the *Board*) is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. One (1) nominee, William Raduchel, was recently elected by our board to fill a vacancy. Board Committees and Meetings

During the fiscal year ended December 31, 2002 the Board held six (6) meetings and acted by unanimous written consent three (3) times. The Board has an Audit Committee and a Compensation Committee. During the fiscal year ended December 31, 2002, all directors attended at least 75% of the aggregate of the meetings of the Board and of the Committees on which they served during the period for which they were directors or committee members, respectively.

The Audit Committee

The Audit Committee of the Board oversees our financial reporting process. For this purpose, the Audit Committee performs several functions: it meets with our independent accountants at least once a year to review the results of the annual audit and discuss the financial statements; selects the independent accountants to be

retained; oversees the independence of the independent accountants; evaluates the independent accountants' performance; preapproves nonaudit services; and considers the independent accountants' comments regarding the adequacy of staff and management performance and procedures in connection with our system of internal accounting and disclosure controls. As of April 17, 2003, three independent directors comprise the Audit Committee: David Springett, William Raduchel and George Reyes. Previously, David Springett, William Ford and George Reyes served as the Audit Committee. The audit committee met five (5) times during the fiscal year ended December 31, 2002 and did not act by unanimous written consent at any time. All members of our Audit Committee are independent (as independence is defined in NASD Rule 4200(a)(14) of the Nasdaq Stock Market listing standards.

The Compensation Committee

The Compensation Committee makes recommendations concerning salaries and incentive compensation, awards stock options to employees and consultants under our stock option plans and performs other functions regarding compensation as the Board may delegate. As of April 17, 2003, three independent directors comprise the Compensation Committee: William Raduchel, David Springett and George Reyes. Previously, Kathryn Gould and David Springett served on the Compensation Committee. The Compensation Committee met five (5) times during the fiscal year ended December 31, 2002 and did not act by unanimous written consent at any time.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The audit committee of the board of directors (the *Audit Committee*) is responsible for providing independent, objective oversight of our accounting functions and internal controls. The Audit Committee is comprised of three non-employee, independent directors (as independence is defined in NASD Rule 4200(a)(14) of the Nasdaq Stock Market listing standards). The Audit Committee does have a financial expert (as defined in the final rules (17 CFR PARTS 228, 229 and 249), effective March 3, 2003, implementing Section 407 of the Sarbanes-Oxley Act of 2002 (Pub. L. 107-204, 116 Stat. 745 (2002), adopted by the U.S. Securities and Exchange Commission). The Audit Committee acts under a written charter adopted and approved by the board of directors. Among its other functions, the Audit Committee recommends to the board of directors, subject to stockholder ratification, the selection of our independent accountants.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

During fiscal 2002, at each of its meetings, the Audit Committee met with the senior members of the Company's financial management team and the independent accountants. The Audit Committee's chairman and senior members of the Company's financial management team establish the Audit Committee's agenda. The Audit Committee held private sessions, at certain of its meetings, with the Company's independent accountants, at which candid discussions of financial management, accounting and internal control issues took place. The Audit Committee has reviewed with management and the independent accountants the audited consolidated financial statements in the Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

The Audit Committee also received from the independent accountants the written disclosure required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Committee discussed with the independent accountants that firm's independence and considered whether the non-audit services provided by the independent accountants are compatible with maintaining its independence.

Based on the Audit Committee's discussion with management and the independent accountants, and the Audit Committee's review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended that the board of directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 filed with the Securities and Exchange Commission.

PROPOSAL 2**RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS**

The Audit Committee has selected PricewaterhouseCoopers LLP as our independent accountants for the fiscal year ending December 31, 2003 and has further directed that management submit the selection of independent accountants for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited our financial statements since 1996. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent accountants. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent accountants at any time during the year if they determine that such a change would be in our best interests and the best interests of our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of PricewaterhouseCoopers LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Aggregate fees for professional services rendered for the Company by PricewaterhouseCoopers LLP for the years ended December 31, 2002 and 2001(1), were:

The aggregate fees in each of the other categories are fees billed in the fiscal years set forth.

Pre-Approval of Services.

Before the independent accountant is engaged by the Company or its subsidiaries to render audit or non-audit services, the Audit Committee shall pre-approve the engagement. Audit Committee pre-approval of audit and non-audit services will not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Audit Committee regarding the Company's engagement of the independent accountant, provided the policies and procedures are detailed as to the particular service, the Audit Committee is informed of each service provided and such policies and procedures do not include delegation of the Audit Committee's responsibilities under the Exchange Act to the Company's management. The Audit Committee may delegate to one or more designated members of the Audit Committee the authority to grant pre-approvals, provided such approvals are presented to the Audit Committee at a subsequent meeting. If the Audit Committee elects to establish pre-approval policies and procedures regarding non-audit services, the Audit Committee must be informed of each non-audit service provided by the independent auditor. The Audit Committee pre-approval of non-audit services (other than review and attest services) also will not be required if such services fall within available exceptions established by the SEC.

The Audit Committee has determined the rendering of the tax and other non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the accountant's independence.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 2.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of ours. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the year ended December 31, 2002, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with, except (a) William Ford filed one Form 5 late reporting two (2) stock option grants of an aggregate of 12,500 shares, (b) Kathryn Gould, a former director, filed one Form 5 late reporting two (2) stock option grants of an aggregate of 12,500 shares, (c) George Reyes filed one Form 5 late reporting two (2) stock option grants of an aggregate of 12,500 shares, and (d) David Springett filed one Form 5 late reporting three (3) stock option grants of an aggregate of 17,500 shares.

EXECUTIVE COMPENSATION

COMPENSATION OF DIRECTORS

Non-employee directors receive cash compensation from us for their services as members of the board or for attendance at committee meetings as follows: Directors receive a quarterly retainer of \$7,500.00 for service as a member of the board (subject to attendance at meetings) and \$750.00 per quarter for service on the audit committee and \$750.00 per quarter for service on the compensation committee (each subject to attendance at committee meetings). Other committees such as the nominating committee or other special ad hoc committees formed do not carry separate compensation. Directors are also eligible for reimbursement for expenses incurred in connection with attendance at board meetings in accordance with our policy.

Each non-employee director receives stock option grants under the Directors' Plan (only non-employee directors of ours or of an affiliate of ours are eligible to receive options under the Director's Plan). Options granted under the Director's Plan are non-discretionary, and are intended by us not to qualify as incentive stock options.

Under the Directors' Plan, each non-employee director is automatically entitled to receive an initial option to purchase 25,000 shares of our common stock. Pursuant to the terms of the Directors' plan, initial grants to purchase 25,000 shares of our common stock were made to those non-employee directors serving on the board on February 14, 2000, the effective date of our initial public offering. Each director elected or appointed subsequent to February 14, 2000 has received or will receive an initial option to purchase 25,000 shares of our common stock on the date of such non-employee director's election or appointment to the board. These option grants are immediately exercisable with 1/3 of the shares vesting on the anniversary of the grant date and 1/36th of the shares initially granted vesting each month thereafter that the director serves on the board, such that all shares are fully vested over 3 years.

In addition, on the day after each of our annual meetings of stockholders, starting with the 2001 annual meeting, each person who is then a non-employee director is automatically granted an annual option to purchase 7,500 shares of our common stock. These annual option grants are immediately exercisable, with the shares vesting in equal monthly installments over a year period measured from the date of grant. Beginning after our 2001 annual meeting, if a non-employee director is appointed to the board between annual meetings, the annual option is prorated to reflect the amount of time to be served until the next annual meeting.

Finally, on the day after each of our annual meetings, starting with the annual meeting in 2001, each non-employee director who is then serving on a board committee will automatically receive, pursuant to the terms of the Director's Plan, an option to purchase 5,000 shares of our common stock. The option is exercisable immediately and vests monthly over the year period measured from the date of grant. If the non-employee director is appointed to a committee after the annual meeting, the option is prorated according to the time to be served until the next annual meeting.

The exercise price of options granted under the Directors' Plan is the fair market value of our common stock on the date of the grant. Each option grant made pursuant to the Directors' Plan has a term of ten years. However, the time in which an option granted under the Directors' Plan may be exercised ends three months from the date the optionee's service with us is terminated, with the exception of termination resulting from death or disability of the optionee, in which case the option terminates 12 months following the former and 18 months following the later of the two above-mentioned events.

Edgar Filing: CHORDIANT SOFTWARE INC - Form DEF 14A

In addition, in the event of a dissolution, liquidation, sale of substantially all of our assets, a merger or consolidation in which we are not the surviving corporation, a reverse merger in which we are the surviving corporation but the shares of our common stock outstanding immediately preceding the merger are converted by virtue of the merger into other property or the acquisition by any person, entity or group of the beneficial

ownership of our securities representing at least 50% of the combined voting power permitted to vote in the election of directors, then those unvested options issued under the Director's Plan held by optionees then performing services as an employee or director of, or consultant to, us are accelerated by one year.

Generally, we grant options covering 25,000 shares to each non-employee director who becomes a director in the year, each having a per share exercise price equal to the fair market value of such common stock on the date of grant, as determined by the closing price reported on the Nasdaq National Market for the date of grant. No person became a director in 2002, so no such options were granted.

- (1) The potential realizable value is calculated based on the ten-year term of the option at the time of grant. Stock price appreciation of 5% and 10% is assumed as prescribed by the rules promulgated by the SEC and does not represent our prediction of our future stock price performance.
- (2) Shares listed vest in a series of equal monthly installments over the four years following the vesting start dates of the options. Our stock option plans allow for the early exercise of options granted to employees. All options exercised early are subject to repurchase by us at the original exercise price upon the option holder's cessation of service to us before the vesting of such holder's shares. Each of the options has a ten-year term, subject to earlier termination if the option holder's service with us ceases.
- (3) Percentages shown are based on an aggregate of 4,769,967 options granted to our employees under our stock option plans during the period from January 1, 2002 through December 31, 2002.
- (4) The exercise price of each option is equal to the fair market value of our common stock as valued by the Board of Directors on the date of grant. The exercise price may be paid in cash, in shares of our common stock valued at fair market value on the date of exercise, or through a cashless exercise procedure involving a same-day sale of the purchased shares.

EMPLOYMENT AND CHANGE OF CONTROL AGREEMENTS

Employment Agreements

On April 24, 1998, we entered into an employment agreement with Mr. Spadafora. Under the terms of that agreement, Mr. Spadafora is entitled to receive an annual base salary of \$250,000 and is eligible to receive an annual incentive bonus of \$200,000. As of 2003, Mr. Spadafora's salary is \$250,000 and he is eligible for a bonus of up to 20% of his salary. Mr. Spadafora received a \$100,000 hiring bonus upon signing the agreement. Pursuant to the terms of his employment agreement, Mr. Spadafora also received options to purchase 1,809,650 shares of our common stock. In the event we undergo a Change in Control, which is defined as a sale of substantially all of our assets, a merger in which we are not the surviving corporation or the transfer of more than 50% of our voting interests, Mr. Spadafora will immediately vest in 50% of his then unvested shares. The agreement also provides that either Mr. Spadafora or we may terminate Mr. Spadafora's employment at any time. If Mr. Spadafora's employment is terminated without cause, Mr. Spadafora is entitled to receive 12 months of base salary and he will automatically vest in 50% of his then unvested shares.

Effective as of January 1, 2002, we entered into an employment agreement with Mr. Kelly. Under the terms of that agreement, Mr. Kelly is entitled to receive an annual base salary of \$250,000 for 2002 and an annual base salary of \$350,000 for 2003. Additionally, under the agreement, Mr. Kelly earned a bonus of \$350,000 for the third calendar quarter of 2002 (which was paid in the second calendar quarter of 2003), and was eligible to receive a performance-based bonus of \$200,000 for the fourth quarter of 2002, which was neither earned nor paid. During 2003, Mr. Kelly is eligible for bonuses of \$50,000 per quarter and an additional bonus of up to 20% of his salary. Mr. Kelly's employment agreement also provides that in the event his employment relationship is terminated (under certain circumstances) then the Company will pay Mr. Kelly severance payments equal to Mr. Kelly's base salary for twelve months following his termination date, and the vesting of fifty percent (50%) of all restricted stock and/or options held by Mr. Kelly that are unvested on the date of his termination will become vested.

Effective as of February 14, 2001, we entered into an employment agreement with Steve G. Vogel. During the period from February 14, 2001 until March 12, 2001, the date upon which he first assumed the tasks of chief financial officer and chief accounting officer, Mr. Vogel was on unpaid leave of absence from us. Under the terms of his employment agreement, Mr. Vogel is entitled to receive an annual base salary of \$200,000 and is eligible to participate in our bonus plan under which he can receive a bonus, based on the achievement of certain of our objectives, of up to 40% of his salary, and an additional executive year-end bonus of up to 20% of his salary (on a pro-rated basis). The employment agreement also provides for a \$40,000 hiring bonus to be paid in two \$20,000 installments, the first upon 30 continuous days of employment and the second upon 90 continuous days of employment. These bonus payments were paid after the period of employment. The agreement also provides that either Mr. Vogel or we may terminate Mr. Vogel's employment at any time, for any reason, with or without notice.

Effective as of January 23, 2001, we entered into an employment agreement with Allen Swann. Mr. Swann assumed the role of president of our international operations on March 27, 2001. Mr. Swann was previously an employee of Prime Response, Inc., a company we acquired on January 8, 2001. Under the terms of his employment agreement, Mr. Swann is entitled to receive an annual base salary of \$275,000, additional incentive compensation of up to \$725,000, and a one-time retention bonus of \$300,000. Mr. Swann was granted two compensatory stock options on March 27, 2001, for 76,649 shares vesting over 12 months, and 120,000 shares vesting over 24 months, respectively. The agreement also provides that either Mr. Swann or we may terminate Mr. Swann's employment at any time, for any reason, with or without notice.

Change of Control Agreements

We have entered into Change of Control Agreements (as amended) with Stephen Kelly, Sam Spadafora, Steve G. Vogel, and Don Morrison (each an *Executive*). We may in the future enter into these agreements with other executives of ours. These Agreements provide generally that if an Executive is terminated either without Cause or voluntarily leaves employment for Good Reason within 90 days prior to the change of control or 12 months following the change of control, then the Executive will receive, among other benefits, the following: (1) payment of all or a portion of the Executive's salary for a period of 6 to 12 months, depending on the Executive, (2) payment of all or a portion of the Executive's annual bonus, depending on the Executive, (3) continuation of our health and life insurance policies for up to a year, depending on the Executive, (4) so long as not prohibited by law, automatic extension of 60 months to repay any promissory note, loan or other indebtedness to us, and (5) with respect to options and restricted stock, accelerated vesting of a number of shares equal to the greater of (a) 50% of the then-unvested shares, or (b) 12 months' worth of vesting.

(1) All information set forth in this table is as of December 31, 2002.

(2) Upon our acquisition of Prime Response, Inc. and White Spider Software, Inc. in 2001 and 2000, respectively, we assumed outstanding options of Prime Response and White Spider such that these options became exercisable for an aggregate of 768,560 shares of our common stock; the weighted-average exercise price of these options is \$9.21 per share. The option plans governing these options terminated other than with respect to the outstanding options, and no options will be granted in the future pursuant to these plans. These plans were not approved by our stockholders, as no approval was required and the plans were not assumed by us. The shares referenced in this note are not included in any of the numbers set forth in the table.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The compensation committee of the board of directors is responsible for recommending to the board the compensation levels for our directors, officers, employees and consultants, including, but not limited to, annual salary, bonus, stock options and other direct or indirect benefits; administering and granting stock options under our various equity compensation plans; reviewing on a periodic basis the operation of our executive compensation programs to determine whether they are properly coordinated; and establishing and periodically reviewing policies for the administration of executive compensation programs.

As of April 17, 2003, the compensation committee is comprised of three independent directors, William Raduchel, David Springett and George Reyes. Other than Mr. Springett who has been on the committee since April 18, 2002, Mr. Raduchel and Mr. Reyes are new members of the committee. Prior to that time, the compensation committee was comprised of two non-employee directors, Kathryn C. Gould, who served on the Committee since its inception on November 30, 1999, and David Springett who served on the Committee since April 18, 2002.

Compensation Philosophy & Committee Policies

The compensation committee seeks to institute programs and policies that align compensation with business objectives and performance and to enable us to attract and retain the highest quality executive officers and other key employees, reward them for our progress and motivate them to enhance long-term stockholder value. Key operational components to uphold this philosophy are as follows:

We pay competitively with comparable technology companies, both inside and outside our industry, with which we compete for talent. To ensure that compensation is competitive, we compare our practices with firms competing in the customer relationship management services and software market space, firms that in many cases are more established or mature.

We maintain cash-based incentive opportunities for executives and other key employees in the form of bonuses and commissions sufficient to provide motivation to achieve operating goals and to generate rewards that bring total compensation to competitive levels.

We provide significant equity-based incentives for executives, other key employees and consultants to ensure that they are motivated over the long term to respond to our business challenges and opportunities as owners, not merely as employees.

To meet these goals, the compensation committee has recommended to the board a mix of salary, bonus and equity-based incentives as aggregate compensation.

Base Salary. The compensation committee annually reviews each executive officer's base salary. When reviewing base salaries, the compensation committee considers levels of responsibility, prior experience, breadth of knowledge and industry-related competitive pay practices. In general, base salaries for executive officers were decreased by an amount up to 16-2/3% for fiscal year 2002 compared to fiscal year 2001. The decreases were implemented to effect cost savings measures in light of current economic conditions. One of our executive officers' base salaries was increased by amount of 2.27% for fiscal year 2002 compared to fiscal year 2001 in connection with increased responsibilities within our organization.

Edgar Filing: CHORDIANT SOFTWARE INC - Form DEF 14A

Bonus. Bonuses are linked to the attainment of corporate goals including revenue growth achievement, expense containment and earnings per share growth. In determining a given officer's bonus payments, the compensation committee will subjectively evaluate the individual's performance in relation to certain corporate goals and the individual's performance in relation to our various achievements in the recent fiscal year. Other bonus payments are a direct function of percentage of sales-based commissions measured by revenue achievement.

Equity-based Incentives. We are permitted to grant stock options, restricted stock purchase awards and stock bonus awards under our equity incentive plans to executives and other employees and consultants.

Through stock option grants, executives and employees receive significant equity incentives to build long-term stockholder value. The options granted to executives and employees have various time-based vesting provisions, encouraging executives and other key employees to remain with us and work toward the generation of increased long-term shareholder value. Stock options typically have been granted to executive officers when the executive first joins us, in connection with a significant change in responsibilities or job title and, occasionally, to achieve equity with a peer group within our structure.

The number of shares subject to each stock option grant made to our executives is based on anticipated future contributions and potential to impact corporate results, and, in certain instances, on past performance. In addition, the vesting schedule for grants made to executive employees during the last fiscal year consisted of monthly vesting over four years following from the vesting start date. However, the compensation committee does believe that vesting should be utilized to create time-based incentives finely-tuned to specific circumstances in the effort to bolster the link between compensation and the creation of increased stockholder value.

An aggregate total of 22 grants were made to 6 executive officers during the last fiscal year. The nature of each grant was determined based on consideration of those factors mentioned above. No additional option grants were made to other executive officers because the amount of the existing equity participation by each of those other officers was deemed adequate (The size of these prior option grants, made before the compensation committee came into existence, was determined at the discretion of the board).

2002 Chief Executive Officer Compensation

Recommended compensation for the chief executive officer is determined through a process similar to that discussed above for other of our executive officers.

Mr. Kelly's base salary during fiscal year 2002 as president and chief executive officer was \$318,567. Mr. Kelly's bonus for the fiscal year 2002 was \$134,277. This bonus was based on fiscal 2001 and 2002 performance.

Mr. Kelly was issued 1,020,574 shares of restricted common stock. Mr. Kelly was granted options covering 325,000 shares in fiscal year 2002, all of which were cancelled and reissued as part of the 1,020,574 shares of restricted stock in connection with our option repricing, as described below under *Option Repricing Information*.

Limitations on Deduction of Compensation Paid to Certain Executive Officers

Section 162(m) of the Code limits us to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain Named Executive Officers in a taxable year. Compensation above \$1 million may be deducted if it is performance-based compensation within the meaning of the Code.

Option Repricing Information

We believe a cornerstone of our success has been the retention and motivation of our employees through our long-term incentive program, which includes the Incentive Plan, the Directors' Plan and the 2000 Non-statutory Equity Incentive Plan, as well as options assumed under the White Spider Software 2000 Stock Incentive Plan and the Prime Response 1998 Stock Option/Stock Issuance Plan (collectively, the *Plans*). Many of the outstanding options under the Plans, however, had exercise prices that were significantly higher than the then-current market price of our common stock. Accordingly, these options no longer provided the intended long-term incentive, and we determined it was appropriate to offer an exchange program.

In August 2002, we instituted an option exchange program whereby all employees were given the option to cancel certain previously granted options in exchange for (1) newly granted options on a 1-to-1 basis (to be granted six months plus one day after cancellation), (2) restricted stock on a 1-to-0.8 share basis (that is, for each share covered by an option exchanged for restricted stock, the option holder would receive 0.8 of a share of restricted stock in exchange), or (3) a combination of new options and restricted stock (collectively, the **2002 Program**). On April 11, 2003, we granted under the Plans options representing the cancelled options tendered for new options (the **New 2002 Options**) to those employees who elected to participate in the 2002 Program (the **2002 Option Participants**), and on October 10, 2002, we granted under the Plans restricted stock (**Restricted Stock**) representing the cancelled options tendered for restricted stock. All New 2002 Options granted under the Program have an exercise price equal to the market price of our common stock on the date of grant. All New 2002 Options vest according to the same vesting schedules as those applicable to the cancelled options. All options granted under the Program have a term of ten years from the date of grant of the New 2002 Options. The Restricted Stock vests on a new vesting schedule. The restricted stock issued to Steve G. Vogel, our CFO, in the 2002 Program has performance-based vesting. Certain of our executive officers participated in the 2002 Program.

In addition, in October 2002, we issued shares of restricted stock to our employees residing in the United Kingdom, including our Chief Executive Officer. The restricted stock vests on a time-based vesting schedule. The restricted stock issued to Stephen Kelly, our CEO, has performance-based vesting.

The compensation committee has not yet established a policy for determining which forms of incentive compensation awarded to our Named Executive Officers shall be designed to qualify as performance-based compensation.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We have entered into indemnification agreements with our directors and officers for the indemnification of and advancement of expenses to these persons to the full extent permitted by law. We also intend to execute these agreements with our future directors and officers.

Options granted to our directors, executive officers and employees are immediately exercisable for both vested and unvested shares, with unvested shares being subject to a right of repurchase in our favor if termination of employment occurs before such shares vest. The following individuals elected to pay the exercise price for some of the options they have exercised with full recourse promissory notes secured by the common stock underlying their respective options. The notes bear interest at 6.00% to 6.5% per year, and interest payments on the notes are due and payable annually on the anniversary date of the note. Unpaid principal and interest on the notes are due and payable immediately upon termination of the employee's employment with us, or two years after the date of the promissory note, whichever is earlier. As of December 31, 2002, the original and outstanding aggregate principal amounts of the promissory notes executed by each executive officer in favor of us are listed below.

Executive Officer	Aggregate Outstanding Note Amount		Original Note Amount

DELIVERY OF THIS PROXY STATEMENT

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process, which is commonly referred to as householding, potentially means extra convenience for securityholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders may be householding our proxy materials. A single proxy statement would be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker or direct your written request to Corporate Secretary, Chordiant Software, Inc., 20400 Stevens Creek Boulevard, Suite 400, Cupertino, CA 95014.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

A copy of our Annual Report to the Securities and Exchange Commission on Form 10-K for the fiscal year ended December 31, 2002 accompanies this Proxy Statement. Further copies are also available without charge upon written request to: Corporate Secretary, Chordiant Software, Inc., 20400 Stevens Creek Blvd., Suite 400, Cupertino, CA 95014. Copies may also be obtained without charge through the SEC's Worldwide Web site at <http://www.sec.gov>.
