Item 8.01                      Other Items.

Synergx Systems Inc. (the "Company") operates using a \$2.5 million dollar revolving credit facility (the "Credit Facility") with TD Banknorth, N.A. (the "Bank"). This Credit Facility charges an annual interest rate of prime plus 2%, currently 5.25%, and expired on October 1, 2009. The Credit Facility is secured by all assets of the Company and all of its operating subsidiaries. At September 30, 2009, \$1,496,524 was owed under the Credit Facility. Advances under the Credit Facility are measured against a borrowing base calculated on eligible receivables and inventory.

The Credit Facility includes various covenants, which among other requirements, imposes limitations on declaring or paying dividends, and making acquisitions and capital expenditures. The Company is also required to maintain certain financial ratios and tangible net worth covenants. At June 30, 2009, the Company did not meet the \$4.3 million minimum tangible net worth loan covenant required by the Credit Facility and does not currently meet all of its covenants.

The Company is and has been negotiating with the Bank to extend its loan and is and has been seeking new lending sources as the loan is important to the Company's liquidity and ability to conduct its operations. To date, the Company's Board of Directors and management have not entered into an agreement with a new lending source. Further, there can be no assurance that the Company will be successful in extending its loan with the Bank or finding a new lending source. As a result, there is a significant uncertainty with respect to the Company's ability to continue as a going concern without alternative financing.
