Item 8.01 Other Events.

Edgar Filing: EURONET WORLDWIDE INC - Form 8-K

As previously described by Euronet Worldwide, Inc. (the "Company") in its March 8, 2007 press release and related Current Report on Form 8-K, the Company entered into, on March 8, 2006, a Securities Purchase Agreement with several institutional investors in a private placement transaction to issue and sell 6,374,528 shares of its common stock, par value \$0.02, in a private placement (the "Offering").

On March 12, 2007, the Company closed the Offering and received gross proceeds in the amount of approximately \$159.36 million. The Company currently anticipates using the proceeds from the private placement for future acquisitions and other general corporate purposes. One of the acquisition candidates being considered, which is complimentary to one of the Company's divisions, would represent a significant acquisition for the Company. That particular candidate is running an auction process and the Company is considering whether to submit a bid, which would only be made if it is with a strategic joint venture partner. If such a joint venture is formed and is the successful bidder in that auction, the Company's part of the consideration would include cash and assumption of liabilities and would be funded through a combination of the proceeds of the Offering and available cash and potential borrowings. The financial impact of this acquisition on the Company is difficult to predict because it would depend on the purchase price, the cost of any debt acquisition financing, the synergies and other financial benefits from the acquisition and the structure of the joint venture. Accordingly, it is possible that the transaction may be dilutive to our earnings per share in the early term of the investment. There can be no assurance that the Company will make a bid in the auction, or if made, that the Company will be successful in completing the transaction. Until the proceeds are utilized as described above, they will be invested in short term investments. Therefore, while so invested and based on current short term interest rates, this private placement is not expected to result in dilution to the Company's first quarter 2007 earnings per share as discussed in our press release dated February 20, 2007.

A copy of the Securities Purchase Agreement is attached hereto as Exhibit 4.1 and incorporated herein by reference.
