INDEPENDENT AUDITORS' REPORT

The Administrator
Consumer Portfolio Services, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Consumer Portfolio Services, Inc. 401(k) Plan (the Plan) as of December 31, 2002 and 2001 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001 and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, schedule H, line 4i - schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

CONSUMER PORTFOLIO SERVICES, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(1) DESCRIPTION OF THE PLAN

(a) GENERAL

The Consumer Portfolio Services, Inc. (the Plan Sponsor or CPS) 401(k) Plan (the Plan) was established as a profit sharing plan with a cash or deferred arrangement on January 1, 1994. The Plan was restated as of January 1, 1996 to permit investment in the Plan Sponsor's common stock without regard to Section 407(a) of ERISA. The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan which provides retirement benefits for eligible employees of the Plan Sponsor. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) ADMINISTRATION OF THE PLAN

The Plan is administered by the Human Resources Department (the Plan Administrator) of the Plan Sponsor. The Plan Administrator consults with the board of directors and other key management of the Plan Sponsor when managing the operations and the administration of the Plan. The Plan is administered under an agreement which requires that Prudential Investments Retirement Services (Prudential), custodian and recordkeeper, holds, administers, and distributes the funds of the Plan in accordance with the text of the Plan and the instructions of the Plan Administrator or its designees.

(c) CONTRIBUTIONS

All employees of the Plan Sponsor are eligible to participate in the Plan after they have completed 90 days of service. Each year participants may contribute up to 15% of their compensation. Contributions are subject to certain limitations as defined in the Plan. Participants may roll over into the Plan amounts representing distributions from other qualified plans.

The Plan Sponsor may make a discretionary matching contribution equal to 100% of the participant's pretax contributions not to exceed \$600 for the Plan year. Discretionary matching contributions shall be made in the form of the Plan Sponsor's common stock; however, no discretionary contributions were made in 2002 and 2001.

(d) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, allocations of the Plan Sponsor's matching

contributions and investment earnings and charged with an allocation of expenses and investment losses. Allocations are based on participant earnings or account balances, as defined. Forfeitures are used to reduce future employer contributions. For the years ended December 31, 2002 and 2001 participant forfeitures totaled \$9,127 and \$34,319, respectively. For the years ended December 31, 2002 and 2001 the balance of forfeiture accounts totaled \$111,769 and \$98,835, respectively.

(e) VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching contributions plus actual earnings thereon is based on years of continuous service. A participant vests at the rate of 20% after two years of credited service and 20% each year thereafter until 100% is reached after six years of credited service. Participants are also fully vested at death, retirement, and upon termination for disability.

(f) INVESTMENT OPTIONS

Employer contributions are invested in the Plan Sponsor's common stock. Participant contributions may be invested at the participant's direction into the following options:

CPS Stock Fund - The investment allows Plan participants to invest in CPS stock.

Fidelity Advisor Growth Opportunities Fund - The fund normally invests at least 65% of assets in equity securities of companies that management of the fund believes have long-term growth potential. It may also purchase fixed income securities. The fund may invest without limit in foreign securities.

Franklin U.S. Government Securities Fund - The fund invests in U.S. government obligations such as U.S. Treasury Securities and obligations issued by instrumentalities of the U.S. government, especially obligations of the Government National Mortgage Association.

MFS Capital Opportunities Fund - The fund invests primarily in common stocks. It may also hold fixed income securities, but it may not invest more than 25% of assets in debt rated below BBB. The fund may invest up to 50% of assets in foreign securities that are not traded on a U.S. exchange, including emerging markets issues; it may also invest in American Deposit Receipts.

MFS Total Return Fund - The fund generally maintains 40% to 75% of assets in equity securities. It typically invests that balance in debt securities, including up to 20% of assets in debt rated below

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form 11-K

BBB. The fund may invest in foreign securities, including Brady Bonds.

PIMCO Growth Fund - The fund invests primarily in common stocks but it may also invest in convertible securities, U.S. government debt, preferred stocks, and money market instruments. It may invest without limit in foreign securities traded on domestic exchanges, and up to 15% of assets in foreign securities traded principally outside the U.S.

PIMCO Innovation Fund - The fund normally invests at least 65% of its assets in common stock of companies which utilize new, creative, or innovative technologies to gain a strategic competitive advantage in their industry, as well as companies that provide and service these technologies. The fund may also invest in other securities including preferred stock and convertible securities of smaller capitalization companies and in foreign securities, except that it may invest without limit in ADRs.

The fund typically maintains investments in at least four countries, including the United States, but may invest up to 65% of assets in any one country.

(g) PARTICIPANTS LOANS

Participants may borrow from their fund accounts. Loan transactions are treated as a transfer to (from) the investment funds. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Loans

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form 11-K

are limited to the lesser of \$50,000 reduced by the highest outstanding loan balance during the preceding 12 months or 50% of the participant's vested account balance. Principal and interest are paid ratably through payroll deductions.

Participant loans are included in the statements of net assets available for plan benefits at their outstanding balances, which approximate fair value of the notes. The notes are payable through payroll deductions in installments of principal plus interest at rates of 8.00% - 11.50%, with final payments due between January 2002 and October 2006, and are secured by the participants' vested account balances.

(h) PAYMENTS OF BENEFITS

Upon termination of service, a participant may elect to receive either a single lump sum payment in cash equal to the value of the vested interest in his or her account, or a series of substantially equal annual or more frequent installments over a period not to exceed the participant's life expectancy. Benefits are recorded when paid.

(i) PLAN TERMINATION

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) SIGNIFICANT ACCOUNTING POLICIES

(b) INVESTMENTS

Publicly traded securities are carried at fair value based on the published market quotations. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. The guaranteed investment contract is valued at fair value adjusted for changes in investment value plus credited interest. Participant loans are valued at their outstanding balances, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

(c) ADMINISTRATIVE EXPENSES

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form 11-K

All administrative costs of the Plan are paid by the Plan Sponsor.

(d) USE OF ESTIMATES

The Plan Administrator has made a number of estimates and assumptions relating to the reporting of assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Accordingly, actual results may differ from those estimates.

(e) RISKS AND UNCERTAINTIES

The Plan provides for various investments options in money market funds, mutual funds, guaranteed interest accounts and the common stock of Consumer Portfolio Services, Inc. Investment securities all exposed to various risks such as interest rate, market and credit risks. Due to the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in the various risks factors could materially affect participants' account balances and the amounts reported in the financial statements.

(f) CONCENTRATION

Investments in the common stock of Consumer Portfolio Services, Inc. comprise approximately 26% and 17% of the Plan's investments as of December 31, 2002 and 2001, respectively.
