COMPANY INFORMATION

Headquartered in Phoenix, Arizona, iLinc Communications, Inc. is a leading provider of Web conferencing, audio conferencing and collaboration software and services. Our four-product iLinc Suite, led by LearnLinc (which also includes MeetingLinc, ConferenceLinc, and SupportLinc), is an award winning virtual classroom, Web conferencing and collaboration suite of software. With our Web collaboration, conferencing and virtual classroom products, we provide simple, reliable and cost-effective tools for remote presentations, meetings and online events. Our software is based on a proprietary architecture and code that finds its origins as far back as 1994. Versions of the iLinc Suite have been translated into six languages, and it is currently available in version 7.5. Our customers may choose from several different pricing options for the iLinc Suite, and may receive our products on a stand-alone basis or integrated with one or a number of our other products, depending upon their needs. Uses for our four-product suite of Web collaboration software include online business meetings, sales presentations, employee training sessions, product demonstrations and technical support assistance. We sell our software solutions to large and medium-sized corporations inside and outside of the Fortune 1000. We market our products using a direct sales force and a distribution channel consisting of referral agents, international and national value-added resellers (VAR's). We allow customers to choose between purchasing a perpetual license or subscribing to a periodic license of our products, providing for flexibility in pricing and payment methods.

Our common stock is quoted on the American Stock Exchange under the symbol "ILC." Our principal executive offices are located at 2999 N. 44th Street, Suite 650, Phoenix, Arizona 85018. Our main telephone number is 602-952-1200.

OUR BUSINESS

WEB CONFERENCING AND WEB COLLABORATION

The iLinc Suite(TM) is a four product suite of software that addresses the four most common business collaboration needs.

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

LearnLinc(TM) is an Internet-based software that is designed for training and education of remote students. With LearnLinc, instructors and students can collaborate and learn remotely providing a learning environment that replicates traditional instructor-led classes. Instructors can create courses and classes, add varied agenda items, enroll students, deliver live instruction, and deliver content that includes audio, video, and interactive multimedia. In combination with TestLinc(TM), LearnLinc permits users to administer comprehensive tests, organize multiple simultaneous breakout sessions and record, edit, play back and archive entire sessions for future use.

MeetingLinc(TM) is an online collaboration software designed to facilitate the sharing of documents, online presentations, graphics and applications between meeting participants without leaving their desks. MeetingLinc allows business professionals, government employees, and educators to communicate through interactive online meetings using voice-over-IP technology to avoid the expense of travel and long distance charges. MeetingLinc allows remote participants to: give presentations, demonstrate their products and services, annotate on virtual whiteboards, edit documents simultaneously, and take meeting participants on a Web tour. Like all of the Web collaboration products in the suite, MeetingLinc includes integrated voice and video conferencing services.

ConferenceLinc(TM) is a presentation software designed to deliver the message in a one-to-many format providing management of Web conferencing events. ConferenceLinc manages events such as earnings announcements, press briefings, new product announcements, corporate internal mass communications and external marketing events. ConferenceLinc is built on the MeetingLinc software platform and code to combine the best interactive features with an easy to use interface providing meaningful and measurable results to presenters and participants alike. ConferenceLinc includes automatic email invitations, "one-click join" capabilities, online confirmations, update notifications, and customized attendee registration. With ConferenceLinc, presenters may not only present content, but may also gain audience feedback using real-time polling, live chat,

Page 1

question and answer sessions, and post-event assessments. The entire presentation is easily recordable for viewing offline and review after the show with the recorder capturing the content and the audio, video, and participant feedback.

SupportLinc(TM) is an online technical support and customer sales support software designed to give customer service organizations the ability to provide remote hands-on support for products, systems, or software applications. SupportLinc manages the support call volume and enhances the effectiveness of traditional telephone-based customer support systems. SupportLinc's custom interface is designed to be simple to use so as to improve the interaction and level of support for both customers and their technical support agents.

AUDIO CONFERENCING

Through its acquisition of Glyphics Communications in June 2004, the Company now also delivers audio conferencing solutions that help businesses provide virtual meetings, corporate events, distance learning programs, and daily conference calls. Our audio conferencing offering includes a wide array of

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

services and products that include the following:

- o Audio On-Demand (no reservations needed): With pre-established calling accounts for each user, customers can create or participate in conference calls with no advance notice, 24/7;
- o Reserved Automated: The solution for recurring calls, each participant has a permanent number and passcode;
- o Operator Assisted: For important calls, this service includes an iLinc conference operator to host, monitor, and coordinate the call; and,
- o Online Seminars: Support for online Web presentations with high-quality audio from iLinc.

Customers may purchase our audio conferencing products and services without an annual contract commitment on a monthly recurring usage basis, and often subscribe for a fixed per minute rate.

OTHER PRODUCTS AND SERVICES

In addition to the iLinc Suite of Web conferencing products and services and our audio conferencing products and services, we offer to our customers an array of e-Learning and training products and services.

- o Technology: We offer training software products that like iLinc, promote online collaboration with products that integrate with our LearnLinc software. These include TestLinc - an assessment and quizzing tool that allows for formal testing and evaluation of students, and i-Canvas(TM) - a training content development software that allows non-technical training professionals to create Web-based training courses without programming. i-Canvas is sold on an individual user perpetual license basis.
- o Services: We also offer custom content development services through a subcontractor relationship with Interactive Alchemy, an entity which is primarily comprised of former employees of the Company and which resides in the Company's corporate office in Phoenix. Custom content services are bid on a project-by-project basis.
- o Content: We also offer a library of online courses focused upon the training of executives on essential business topics. Our off-the-shelf online library of content includes an online mini-MBA program co-developed with the Tuck School of Business at Dartmouth College. Customers subscribe for a period of time per course, with the license providing for access over typically one year from the date the students first access of the course.

offered by this prospectus are being sold by the selling stockholders.

Use of proceeds

We will not receive any proceeds from the sale of shares of common stock in this offering. However, upon any exercise for cash of the warrants described herein, we will receive the exercise price of the warrants.

The American Stock Exchange symbol

"ILC"

The selling stockholders identified in this prospectus, or their pledges, donees, transferees or other successors-in-interest, may offer the shares or interests therein from time to time through public or private transactions at prevailing market prices, at prices related to prevailing market prices or at privately negotiated prices.

RISK FACTORS

You should carefully consider the risks described below. The risks and uncertainties described below are not the only ones we face. If any of the following risks actually occur, our business, financial condition or results of operations could be materially and adversely affected. In that case, the trading price of our common stock could be adversely affected.

WE HAVE A LIMITED OPERATING HISTORY, WHICH MAKES IT DIFFICULT TO EVALUATE OUR BUSINESS.

We have a limited operating history in the Web conferencing and audio conferencing business. While the organizations that we have acquired have been engaged in the their respective business for over five years, we only recently acquired those assets and have undertaken to integrate their assets into our operations at varying levels. Over the past 36 months, we have made significant changes to our product mix and service mix, our growth strategies, our sales and marketing plans, and other operational matters. As a result, it may be difficult to evaluate an investment in our company. Given our recent investment in technology, we cannot be certain that our business model and future operating performance will yield the results that we intend. In addition, the competitive and rapidly changing nature of the Web conferencing and audio conferencing markets makes it difficult for us to predict future results. Our business strategy may be unsuccessful and we may be unable to address the risks we face.

WE FACE RISKS INHERENT IN INTERNET-RELATED BUSINESSES AND MAY BE UNSUCCESSFUL IN ADDRESSING THESE RISKS.

We face risks frequently encountered by companies in new and rapidly evolving markets such as Web conferencing and audio conferencing. We may fail to adequately address these risks and, as a consequence, our business may suffer. To address these risks among others, we must successfully introduce and attract new customers to our products and services; successfully implement our sales and marketing strategy to generate sufficient sales and revenues to achieve or sustain operations; foster existing relationships with our existing customers to provide for continued or recurring business and cash flow; and, successfully address and establish new products and technologies as new markets develop. We may not be able to sufficiently access, address and overcome risks inherent in our business strategy.

OUR QUARTERLY OPERATING RESULTS ARE UNCERTAIN AND MAY FLUCTUATE SIGNIFICANTLY.

Our operating results have varied significantly from quarter to quarter and are likely to continue to fluctuate as a result of a variety of factors, many of which we cannot control. Factors that may adversely affect our quarterly operating results include: the size and timing of product orders; the mix of revenue from custom services and software products; the market acceptance of our products and services; our ability to develop and market new products in a timely manner and the market acceptance of these new products; the timing of revenues and expenses relating to our product sales; and, the timing of revenue recognition. Expense levels are based, in part, on expectations as to future revenue and to a large extent are fixed in the short term. To the extent we are unable to predict future revenue accurately, we may be unable to adjust spending in a timely manner to compensate for any unexpected revenue shortfall.

WE HAVE SIGNIFICANT OPERATING LOSSES, HAVE LIMITED FINANCIAL RESOURCES, AND MAY NOT BECOME PROFITABLE.

We have incurred substantial operating losses and have limited financial resources at our disposal. We have long-term obligations that we will not be able to satisfy without additional debt and/or equity capital and/or ultimately generating profits and cash flows from our Web conferencing and audio conferencing operations. If we are unable to achieve profitability in the near future, we will face increasing demands for capital and liquidity. We may not be successful in raising additional debt or equity capital and may not become profitable in the short term or not at all. As a result, we may not have sufficient financial resources to satisfy our obligations as they come due in the short term.

OUR AUDITORS HAVE EXPRESSED SUBSTANTIAL DOUBT AS TO OUR ABILITY TO CONTINUE AS A GOING CONCERN.

Our consolidated financial statements have been prepared on a basis which assumes that we will continue as a going concern and which contemplates the realization of our assets and the satisfaction of our liabilities and commitments in the normal course of business. We have a significant working capital deficiency, and have historically suffered substantial recurring losses and negative cash flows from operations. These factors, among others, and the limited operating history as a Web conferencing and audio conferencing company have caused our auditors to conclude in their report that there is doubt as to our ability to continue as a going concern. Our plans with regard to these factors include continued development, marketing and licensing of our Web Conferencing and audio conferencing products and services through both internal growth and acquisition. Although we continue to pursue these plans, there is no assurance that we will be successful in obtaining sufficient revenues from our products and services to provide adequate cash flows to sustain operations. Our continuation is dependent on our ability to raise additional equity or debt capital, to increase our web conferencing and audio conferencing revenues, to generate positive cash flows from operations and to achieve profitability. The consolidated financial statements do not include any adjustments related to the recoverability of assets and classification of liabilities that might result from the outcome of this uncertainty.

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

LISTING QUALIFICATIONS MAY NOT BE MET.

The American Stock Exchange's continued listing standards require that the Company maintain stockholder's equity of at least \$4.0 million if the Company has losses from continuing operations and/or net losses in three of its four most recent fiscal years. The Company has sustained losses in three of its four most recent fiscal years and therefore must maintain stockholder's equity in excess of the \$4.0 million requirement. As of the date of this prospectus, the Company did not have at least \$4.0 million in stockholder's equity. If, now or in the future, the Company fails to maintain a sufficient level of stockholder's equity in compliance with those and other listing standards of the American Stock Exchange then the Company would be required to submit a plan to the American Stock Exchange describing how it intended to regain compliance with the requirements.

DILUTION TO EXISTING STOCKHOLDERS IS LIKELY TO OCCUR UPON ISSUANCE OF SHARES WE HAVE RESERVED FOR FUTURE ISSUANCE.

On March 31, 2005, 25,577,287 shares of our common stock were issued, of which 1,432,412 were held in treasury, and 14,101,637 additional shares of our common stock were reserved for issuance. The issuance of these additional shares will reduce the percentage ownership of existing stockholders in the Company. The existence of these reserved shares coupled with other factors, such as the relatively small public float, could adversely affect prevailing market prices for our common stock and our ability to raise capital through an offering of equity securities.

THE LOSS OF THE SERVICES OF OUR SENIOR EXECUTIVES AND KEY PERSONNEL WOULD LIKELY CAUSE OUR BUSINESS TO SUFFER.

Page 4

Our success depends to a significant degree on the performance of our senior management team. The loss of any of these individuals could harm our business. We do not maintain key person life insurance for any officers or key employees other than on the life of James M. Powers, Jr., our Chairman, President and CEO, with that policy providing a death benefit to the Company of \$1 million. Our success also depends on the ability to attract, integrate, motivate and retain additional highly skilled technical, sales and marketing, and professional services personnel. To the extent we are unable to attract and retain a sufficient number of additional skilled personnel, our business will suffer.

OUR INTELLECTUAL PROPERTY MAY BECOME SUBJECT TO LEGAL CHALLENGES, UNAUTHORIZED USE OR INFRINGEMENT, ANY OF WHICH COULD DIMINISH THE VALUE OF OUR PRODUCTS AND SERVICES.

Our success depends in large part on our proprietary technology. If we fail to successfully enforce our intellectual property rights, the value of these rights, and consequently the value of our products and services to our customers, could diminish substantially. It may be possible for third parties to copy or otherwise obtain and use our intellectual property or trade secrets without our authorization, and it may also be possible for third parties to independently develop substantially equivalent intellectual property. Currently, we do not have patent protection in place related to our products and services. Litigation may be necessary in the future to enforce our intellectual property

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

rights, to protect trade secrets or to determine the validity and scope of the proprietary rights of others. While we have not received any notice of any claim of infringement of any of our intellectual property, from time to time we may receive notice of claims of infringement of other parties' proprietary rights. Such claims could result in costly litigation and could divert management and technical resources. These types of claims could also delay product shipment or require us to develop non-infringing technology or enter into royalty or licensing agreements, which agreements, if required, may not be available on reasonable terms, or at all.

COMPETITION IN THE WEB CONFERENCING AND AUDIO CONFERENCING SERVICES MARKET IS INTENSE AND WE MAY BE UNABLE TO COMPETE SUCCESSFULLY, PARTICULARLY AS A RESULT OF RECENT ANNOUNCEMENTS FROM LARGE SOFTWARE COMPANIES.

The markets for Web conferencing and audio conferencing products and services are relatively new, rapidly evolving and intensely competitive. Competition in our market will continue to intensify and may force us to reduce our prices, or cause us to experience reduced sales and margins, loss of market share and reduced acceptance of our services. Many of our competitors have larger and more established customer bases, longer operating histories, greater name recognition, broader service offerings, more employees and significantly greater financial, technical, marketing, public relations and distribution resources than we do. We expect that we will face new competition as others enter our market to develop Web conferencing and audio conferencing services. These current and future competitors may also offer or develop products or services that perform better than ours. In addition, acquisitions or strategic partnerships involving our current and potential competitors could harm us in a number of ways.

FUTURE REGULATIONS COULD BE ENACTED THAT EITHER DIRECTLY RESTRICT OUR BUSINESS OR INDIRECTLY IMPACT OUR BUSINESS BY LIMITING THE GROWTH OF INTERNET-BASED BUSINESS AND SERVICES.

As commercial use of the Internet increases, federal, state and foreign agencies could enact laws or adopt regulations covering issues such as user privacy, content and taxation of products and services. If enacted, such laws or regulations could limit the market for our products and services. Although they might not apply to our business directly, we expect that laws or rules regulating personal and consumer information could indirectly affect our business. It is possible that such legislation or regulation could expose us to liability which could limit the growth of our Web conferencing and audio conferencing products and services. Such legislation or regulation could dampen the growth in overall Web conferencing usage and decrease the Internet's acceptance as a medium of communications and commerce.

WE DEPEND LARGELY ON ONE-TIME SALES TO GROW REVENUES.

While audio conferencing provides a more recurring revenue base, a high percentage of our revenue is attributable to one-time purchases by our customers rather than long term recurring web conferencing ASP type contracts. As a result, our inability to continue to obtain new agreements and sales may result in lower than expected revenue, and therefore, harm our ability to achieve or sustain operations or profitability on a consistent basis, which could also cause our stock price to decline. Further, because we face competition from larger better-capitalized companies, we could face increased downward pricing pressure that could cause a decrease in our gross margins.

OUR OPERATING RESULTS MAY SUFFER IF WE FAIL TO DEVELOP AND FOSTER OUR VALUE ADDED RESELLER OR DISTRIBUTION RELATIONSHIPS.

We have an existing channel and distribution network that is intended to provide growing revenues and contribute to our high margin software sales. These distribution partners are not obligated to distribute our services at any particular minimum level. As a result, we cannot accurately predict the amount of revenue we will derive from our distribution partners in the future. The inability of our distribution partners to sell our products to their customers and increase their distribution of our products could result in significant reductions in our revenue, and therefore, harm our ability to achieve or sustain profitability on a consistent basis.

SALES IN FOREIGN JURISDICTIONS BY US AND OUR INTERNATIONAL DISTRIBUTOR NETWORK MAY CAUSE COSTS THAT ARE NOT ANTICIPATED.

We continue to expand internationally through our value added reseller network and OEM partners. We have limited experience in international operations and may not be able to compete effectively in international markets. We face certain risks inherent in conducting business internationally, such as:

- o our inability to establish and maintain effective distribution channels and partners;
- o the varying technology standards from country to country;
- o our inability to effectively protect our intellectual property rights or the code to our software;
- o our inexperience with inconsistent regulations and unexpected changes in regulatory requirements in foreign jurisdictions;
- o language and cultural differences;
- o fluctuations in currency exchange rates;
- o our inability to effectively collect accounts receivable; or
- o our inability to manage sales and other taxes imposed by foreign jurisdictions.

IF WE FAIL TO OFFER COMPETITIVE PRICING, WE MAY NOT BE ABLE TO ATTRACT AND RETAIN CUSTOMERS.

Because the Web conferencing market is relatively new and still evolving, the prices for these services are subject to rapid and frequent changes. In many cases, businesses provide their services at significantly reduced rates, for free or on a trial basis in order to win customers. Due to competitive factors and the rapidly changing marketplace, we may be required to significantly reduce our pricing structure, which would negatively affect our revenue, margins and our ability to achieve or sustain profitability on a consistent basis. We have an existing channel and distribution network that is intended to provide growing revenues and contribute to our high margin software sales. These distribution partners are not obligated to distribute our services at any particular minimum level. As a result, we cannot accurately predict the amount of revenue we will derive from our distribution partners in the future. Our inability of our distribution partners to sell our products to their customers and increase their distribution of our products could result in significant reductions in our revenue, and therefore, harm our ability to achieve or sustain profitability on a consistent basis.

WE ARE EXPOSED TO RISKS RELATING TO THE EFFECTIVENESS OF OUR INTERNAL CONTROLS

On August 11, 2004, the Company's independent registered public

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

accountants orally notified the Company's Audit Committee that they had identified significant deficiencies regarding the Company's internal controls. The deficiencies noted were lack of sufficient management oversight over and the proper segregation of duties of the accounting department. On November 12, 2004, the Company's independent registered public accountants orally notified the Company's Audit Committee that they had identified a material weakness regarding the Company's internal controls. The material weakness noted was the lack of sufficient control over the sales order and revenue recognition process. The Company's management evaluated the design and operation of its disclosure controls and procedures as of September 30, 2004 to determine whether they were effective in ensuring that the Company disclose the required information in a timely manner and in accordance with the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and forms of the Securities and Exchange Commission. Management, including its principal executive officer and principal financial officer, supervised and participated in the evaluation. The principal executive officer and principal financial officer concluded, based on their review, that the Company's disclosure controls and procedures, as defined by Exchange Act Rules 13a-14(c) and 15d-14(c), were not effective as of September 30, 2004.

Following the August 11, 2004 notification regarding significant deficiencies in accounting controls related to management oversight and proper segregation of duties in the accounting department, the Company took the following actions:

- The Company hired a new CFO and a new controller replacing the interim-CFO and replacing the VP of Finance;

Page 6

- The Company hired a new A/P clerk and added a dedicated A/R clerk to supplement the accounting staff, further segregating functions to the extent possible in a small organization;
- The Company restructured the roles of the new controller in combination with a change in the reporting procedures for the A/P clerk and A/R clerk to strengthen the reporting structures and internal control procedures;
- The Company implemented new sign-off procedures for sales agreements to require multiple party sign-off from both the sales and finance departments; and
- The Company added to its CRM software the ability to gain access to view sales contracts and recorded purchase information in that system as well as the accounting systems.

In response to the November 12, 2004 notification regarding the material weakness regarding the Company's internal controls, the Company implemented steps to prevent failure to communicate changes in standard forms of customer contracts in the future and strengthen the Company's internal controls related to contract management and its impact on revenue recognition. The

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

Company has put procedures into place to prevent modification of its standard form of software license agreements without due and proper notice to all parties, including the Company's accounting group. Those steps to correct and prevent this in the future include:

- New controls over the modification of electronic contracts adding limited password protection;
- The electronic receipt of contracts from customers directly to both the sales and accounting groups simultaneously;
- The numbering of contracts and order forms to provide a stronger audit trail;
- The electronic storage of all customers' contracts providing real-time access;
- The notification of the accounting department by the sales or legal departments should modification occur; and
- Remedial training of the sales group on the impact of changes to the software license agreement.
- A further segregation of duties was also implemented to better control contract workflow as follows:
 - o A supervisor from the sales team must approve all sales orders before they are accepted by the sales department, and a supervisor from the accounting group must approve all orders that exceed \$10,000 in amount before they are accepted as a valid sale of the company.
 - o An order processing clerk verifies that the appropriate Customer and Company authorizations have been obtained;
 - o The approved sales order is transmitted to the customer service department for order fulfillment;
 - o Notification of fulfillment of the order is sent to both the sales and accounting departments; and
 - o Before revenue is recognized on any sales order, the controller verifies that the sales order was properly approved by the customer and the Company, verifies that changes, if any, to the standard license agreement have been properly documented in writing and in the customer's electronic file and thereafter records revenue based upon the approved and verified documentation.

The Company believes that the steps it has taken adequately address the significant deficiencies and material weaknesses identified by the Company's independent registered public accountants. However, we may experience control

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

deficiencies or weaknesses in the future, which could adversely impact the accuracy and timeliness of our future financial reporting and reports and filings we make with the SEC.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements made in this prospectus constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended and the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Any such forward-looking statements involve risk and uncertainties that could cause actual results to differ materially from any future results described within the forward-looking statements. Factors that could contribute to such differences include, the rate of acceptance of our products and services by customers, and changes in the Web conferencing and audio conferencing market in general, use of the Internet, the acceptance of new products, our need for working capital, the result of pending litigation, the competition we face from larger and more well capitalized competitors and other matters more fully disclosed in this prospectus, the Company's annual report on Form 10-K and other reports filed with the Securities and Exchange Commission. The forward-looking information provided herein represents the Company's estimates as of the date of this prospectus, and subsequent events and developments may cause the Company's estimates to change. The Company specifically disclaims any obligation to update the forward-looking information in the future. Therefore, this forward-looking information should not be relied upon as representing the Company's estimates of its future financial performance as of any date subsequent to the date of this prospectus.

USE OF PROCEEDS

All of the common stock offered under this prospectus is being sold by the selling stockholders identified in this prospectus. We will not receive any of the proceeds from the sale of the common stock.

Certain of the shares covered by this prospectus are, prior to their resale pursuant to this prospectus, issuable upon exercise of warrants. Upon any exercise of warrants by payment of cash, we will receive the exercise price of those exercised warrants.

We have, therefore, outstanding warrants whose underlying common stock is covered by this prospectus that would provide cash in the amount of \$154,995 to us if all of the warrants were exercised at the various prices as reflected in the following table:

NUMBER OF SHARES OF COMMON STOCK UNDERLYING WARRANTS	EXERCISE PRICE PER SHARE	PROCEEDS PROVIDED TO COMPANY UPON EXERCISE
163,455	\$0.78	\$127,495

To the extent we receive cash upon any exercise of the warrants, we expect to use that cash for general corporate purposes.

SELLING STOCKHOLDERS

The shares of common stock being sold by the selling stockholders consist of:

- o 1,634,550 shares of our common stock issued in a private placement offering in April of 2004. The Company completed a private placement offering with gross proceeds of \$4.25 million that provided the Company \$3.8 million of net proceeds. Under the terms of this offering, we issued \$3,187,500 in unsecured senior notes and 1,634,550 shares of Common Stock of the Company. The senior notes are unsecured, non-convertible, and the purchasers received no associated warrants. The senior notes bear interest at a rate of 10% per annum and accrued interest is due and payable on a quarterly basis beginning July 15, 2004, with principal due at maturity on July 15, 2007. The senior notes are redeemable by the Company at 100% of the principal value at any time after July 15, 2005. The senior notes are unsecured obligations of the Company but are senior in right of payment to all existing and future indebtedness of the Company. The placement agent received a commission equal to 10% of the gross proceeds and a warrant for the purchase of 163,455 shares of our common stock at an exercise price equal to \$0.78 per share.
 - o 163,455 shares of our common stock issuable upon exercise of warrants issued to the placement agent in connection with the April 2004 private placement offering. The warrants are exercisable for shares of common stock at an exercise price equal of \$0.78 per share at any time from and after March 19, 2004 through the third anniversary of the date of the Warrant, March 19, 2007.
- Page 8
- o 3,524,194 shares of our common stock originally issued as consideration to the stockholders of Glyphics Communications, Inc. in June 2004 under the terms of an asset purchase and plan of reorganization between us and Glyphics Communications, Inc.
 - o 665,061 shares of common stock issued to Preston A. Zuckerman, a former board member and officer of ours, pursuant to debt conversion agreements in March, April and June of 2004. The debt was incurred pursuant to the June 2001 acquisition of Learn-Edge, Inc. of which Mr. Zuckerman was a major investor and officer and the debt converted aggregated \$692,271.50.
 - o 50,000 shares of our common stock issuable upon exercise of warrants issued to John Rhodes, III pursuant to a Note Modification and Settlement Agreement with us dated December 8, 2004 which was entered into for the purpose of extending terms on debt assumed by us under the terms of an asset

SELLING STOCKHOLDER TABLE - BENEFICIAL OWNERSHIP AND SHARES OFFERED FOR SALE

As of August 2, 2005, we had 25,577,287 shares of our common stock issued and 24,144,875 shares of our common stock outstanding. Assuming the complete exercise of the warrants referenced herein, we would have 24,358,330 shares of common stock outstanding. The following table sets forth the name and relationship with us, if any, of the selling stockholders and (1) the number of shares of common stock beneficially owned by each of the selling stockholders as of August 2, 2005, (2) the maximum number of shares of common stock which may be offered for the account of each of the selling stockholders under this prospectus and (3) the amount and percentage of common stock that would be owned by each of the selling stockholders after completion of the offering, assuming a sale of all of the common stock which may be offered hereunder. The information set forth below is based upon written documentation submitted to us by the selling stockholders. Except as otherwise noted below, none of the selling stockholders has, within the past three years, had any position, office or other material relationship with us.

PLAN OF DISTRIBUTION

The shares of our common stock offered by this prospectus may be sold by the selling stockholders or their transferees from time to time in: (i) transactions in the over-the-counter market, the American Stock Exchange, or on one or more exchanges; (ii) privately negotiated transactions; (iii) underwritten offerings; or (iv) a combination of these methods of sale. The selling stockholders may sell the shares of our common stock at: (i) fixed prices which may be changed; (ii) market prices prevailing at the time of sale; (iii) prices related to prevailing market prices; or (iv) privately negotiated prices.

DIRECT SALES, AGENTS, DEALERS AND UNDERWRITERS

The selling stockholders or their transferees may effect transactions by selling the shares of common stock either directly to purchasers; or to or through agents, dealers or underwriters designated from time to time. Agents, dealers or underwriters may receive compensation in the form of underwriting discounts, concessions or commissions from the selling stockholders and/or the purchasers of shares for whom they act as agent or to whom they sell as principals, or both. The selling stockholders and any agents, dealers or underwriters that act in connection with the sale of shares might be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act, and any discount or commission received by them and any profit on the resale of shares as principal might be deemed to be underwriting discounts or commissions under the Securities Act.

Page 18

SUPPLEMENTS

To the extent required, we will set forth in a supplement to this prospectus filed with the SEC the number of shares to be sold, the purchase price and public offering price, any new selling stockholders (who will be limited to stockholders who acquire shares after the date of this prospectus from persons named as selling stockholders in this prospectus), the name or names of any agent, dealer or underwriter, and any applicable commissions or

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

discounts with respect to a particular offering.

STATE SECURITIES LAW

Under the securities laws of some states, the selling stockholders may only sell the shares in those states through registered or licensed brokers or dealers. In addition, in some states the selling stockholders may not sell the shares unless they have been registered or qualified for sale in that state or an exemption from registration or qualification is available and is satisfied.

EXPENSES AND INDEMNIFICATION

We will not receive any of the proceeds from the sale of the shares of common stock sold by the selling stockholders and we will bear all expenses related to the registration of this offering. However, we will not pay for any underwriting commissions, fees or discounts, if any. We have agreed to indemnify certain of the selling stockholders against certain civil liabilities, including certain liabilities which may arise under the Securities Act.

LEGAL MATTERS

The validity of the issuance of the shares of common stock offered by this prospectus will be passed upon for us by Jackson Walker L.L.P.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

DELAWARE GENERAL CORPORATION LAW

Section 145(a) of the General Corporation Law of the State of Delaware (the "DGCL") provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of NOLLO CONTENDERE or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Section 145(b) of the DGCL states that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145(c) of the DGCL provides that to the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of Section 145, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

Section 145(d) of the DGCL states that any indemnification under subsections (a) and (b) of Section 145 (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subsections (a) and (b). Such determination shall be made (1) by the

II - 1

board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, even though less than a quorum or (2) if there are no such directors or if such directors so direct, by independent legal counsel in a written opinion, or (3) by the stockholders.

Section 145(e) of the DGCL provides that expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the corporation as authorized in Section 145. Such expenses (including attorneys' fees) incurred by other employees and agents may be so paid upon such terms and conditions, if any, as the board of directors

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

deems appropriate.

Section 145(f) of the DGCL states that the indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of Section 145 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office.

Section 145(g) of the DGCL provides that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability under the provisions of Section 145.

Section 145(j) of the DGCL states that the indemnification and advancement of expenses provided by, or granted pursuant to, Section 145 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent, and shall inure to the benefit of the heirs, executors and administrators of such a person.

RESTATED CERTIFICATE OF INCORPORATION

The Restated Certificate of Incorporation of the Company provides that a director of the Company shall not be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for unlawful payments of dividends or unlawful stock repurchases or redemptions as provided for in Section 174 of the DGCL. If the DGCL is amended to authorize the further elimination or limitation of the liability of directors, then the liability of a director of the Company, in addition to the limitation on personal liability described above, shall be limited to the fullest extent permitted by the amended DGCL. Further, any repeal or modification of such provision of the Restated Certificate of Incorporation by the stockholders of the Company shall be prospective only, and shall not adversely affect any limitation on the personal liability of a director of the Company existing at the time of such repeal or modification.

BYLAWS

The Bylaws of the Company provide that the Company will indemnify any director or officer of the Company to the full extent permitted by applicable law, and may, if and to the extent authorized by the Board of Directors, so indemnify such other persons whom it has the power to indemnify against any liability, reasonable expense or other matter whatsoever.

INSURANCE

The Company maintains liability insurance for the benefit of its directors and officers. Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Securities Act") may be permitted to directors, officers or controlling persons of the Company pursuant to the foregoing provisions, the Company has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act, as amended, and is therefore unenforceable.

ITEM 16. EXHIBITS.

The list of exhibits under the heading EXHIBIT LIST beginning on page II-6 of this registration statement is incorporated into this Item 16 by reference.

ITEM 17. UNDERTAKINGS.

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act 1933, as amended (the "Securities Act");
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume in securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) (Section 230.424(b) of this chapter) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the Company pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that are incorporated by reference in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona

Edgar Filing: ILINC COMMUNICATIONS INC - Form S-3/A

fide offering thereof.

- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

POWER OF ATTORNEY

Each person whose signature appears below authorizes James L. Dunn, Jr., to execute in the name of each such person who is then an officer or director of the Company and to file any amendments to this registration statement, including post-effective amendments, necessary or advisable to enable the Company (the registrant) to comply with the Securities Act of 1933, as amended, and any rules, regulations and requirements of the Securities and Exchange Commission, in respect thereof, in connection with the registration of the securities which are the subject of this registration statement, which amendments may make such changes in the registration statement as such attorney may deem appropriate.
