Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On February 9, 2012, the Board of Directors of Precision Optics Corporation, Inc. (the "Company") granted options to purchase common stock of the Company to its Directors and Officers. Following the longstanding policy of the Company and consistent with the terms of the Company's qualified stock option plans, the options were granted with an exercise price set at the price of the Company's stock at the close of business on the grant date.

After the Board approved these grants, but before the market closed on February 9, 2012, a trade occurred in the Company's stock resulting in a closing stock price of \$0.55, which was significantly lower than recent historical and subsequent market prices, and lower than originally anticipated by the Board of Directors in regards to the stock option grants.

In order to recover the original intent of the Board of Directors, each of the Directors and Officers to whom options were granted on February 9, 2012 agreed to cancel the options granted on that day and to accept an equal number of replacement options granted on March 2, 2012, with an exercise price of \$1.20, which was the closing stock price on the replacement grant date.

As a result, on March 2, 2012 the Board granted the following options:

- 7,600 options to Joel Pitlor, for his service on the Board of Directors
  - 7,600 options to Richard Miles, for his service on the Board of Directors
  - 20,000 options as compensation for services provided to the Company, and 7,600 for his prior service on the Board of Directors, to Donald Major.
    - 150,000 to Dr. Joseph Forkey, as compensation for services provided to the Company.
    - 15,000 to Jack Dreimiller, as compensation for services provided to the Company.
