INFORMATION CONCERNING SOLICITATION AND VOTING

Record Date and Share Ownership

Stockholders of record at the close of business on February 28, 2003 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. At the Record Date, 44,243,527 shares of AsiaInfo's common stock ("Common Stock") were issued and outstanding and held of record by approximately 164 registered stockholders.

Voting, Solicitation and Revocability of Proxy

Registered stockholders can vote by mail, telephone or the Internet. Telephone voting can be accessed by calling the toll-free number (in the United States only) 1-866-593-3363. Internet voting can be accessed by logging on to the following Internet address: (<https://www.proxyvotenow.com/asi>). Telephone and Internet voting information is provided on the proxy card. A control number located on the proxy card is designed to verify each stockholder's identity and allow stockholders to vote their shares and confirm that their voting instructions have been properly recorded. If your shares are held in the name of a bank or broker, follow the voting instructions on the form you receive from your bank or broker. The availability of telephone or Internet voting will depend on your bank or broker's voting process.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

If you do not choose to vote by telephone or the Internet, you may still return your proxy card, properly signed, and the shares represented will be voted in accordance with your directions. You can specify your choices by marking the appropriate boxes on the proxy card. If your proxy card is signed and returned without specifying choices, the shares will be voted in favor of proposals 1, 2 and 3. If you vote by telephone or the Internet, it is not necessary to return your proxy card.

You may revoke your proxy at any time before it is voted at the Annual Meeting by casting a different vote by telephone or the Internet, by executing a later-voted proxy by mail, by voting by ballot at the Annual Meeting, or by providing written notice of the revocation to Adams Lin, Corporate Secretary and Legal Counsel of AsiaInfo, at the Company's principal executive offices.

Your vote is important. Accordingly, regardless of whether you plan to attend the Annual Meeting, you are urged to vote by telephone, by the Internet, or by signing and returning the accompanying proxy card. If you do attend, you may vote by ballot at the Annual Meeting, thereby canceling any proxy previously given.

In the event that any matter not described in this Proxy Statement properly comes before the Annual Meeting, the proxy holders named in the accompanying proxy will vote the shares represented by the proxy in accordance with their best judgment. As of the date of this Proxy Statement, AsiaInfo is not aware of any other matter that might be presented at the Annual Meeting.

Each share of Common Stock outstanding on the Record Date is entitled to one vote. The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of Common Stock issued and outstanding on the Record Date, present in person or represented by proxy. Stockholders may withhold authority to vote for one or more of the nominees for director and may abstain on one or more of the other matters that may come before the Annual Meeting. The inspector of election appointed for the Annual Meeting will determine the existence of a quorum and will tabulate the votes cast at the Annual Meeting. Broker non-votes will not be counted in determining the number of votes cast with respect to a proposal. For purposes of determining the presence of a quorum, abstentions and broker non-votes will be counted by AsiaInfo as present at the Annual Meeting. Abstentions will also be counted by AsiaInfo in determining the total number of votes cast with respect to a proposal (other than the election of directors). If, however, such quorum shall not be present or represented, the stockholders present in person or represented by proxy shall have the power to adjourn the Annual Meeting from time to time, without notice other than announcement at the Annual Meeting until a quorum shall be present or represented. If a broker indicates on a proxy that such broker does not have discretionary authority to vote on a particular matter, under applicable Delaware law those shares will be counted as present for purposes of determining the presence of a quorum, but will not be counted as votes cast on the matter and will have no effect on the outcome of the vote on such matter.

The cost of soliciting proxies will be borne by AsiaInfo. Proxies may be solicited by certain of AsiaInfo's directors, officers and employees, without additional compensation, in person or by telephone, email or facsimile. In addition, AsiaInfo has retained Morrow & Co., Inc. to assist in such solicitation. The fee to be paid to such firm is not expected to exceed \$6,000 plus reasonable out-of-pocket costs and expenses. In addition, AsiaInfo may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below, all of whom are presently AsiaInfo directors. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee designated by the present Board to fill the vacancy. If stockholders properly nominate persons other than AsiaInfo's nominees for election as directors, the proxy holders will vote all proxies received by them to assure the election of as many of AsiaInfo's nominees as possible, with the proxy holder making any required selection of specific nominees to be voted for. The term of office of each person elected as a director will continue until the third annual meeting following his or her election or until his or her earlier resignation or removal. The directors elected this year should continue in office until the 2006 annual meeting. There is no family relationship between any director and any other director or executive officer of AsiaInfo.

Board Meetings and Committees

The Board held four regular meetings and two special meetings during the fiscal year ended December 31, 2002, and acted five times by unanimous written consent. The Board has an audit committee, a compensation committee, a finance committee and a nominating committee.

Audit Committee -----	Compensation Committee -----	Finance Committee -----	Nominating Committee -----
Alan D. Bickell Louis Lau Tao Long	Alan D. Bickell Chang Sun	Chang Sun Alan D. Bickell	Chang Sun Edward Tian James Ding

The Audit Committee. The audit committee of the Board (the "Audit Committee") currently consists of Messrs. Bickell (Chair), Lau and Long, all independent directors. Messrs. Bickell and Long are each an "audit committee financial expert" as defined by the Securities and Exchange Commission (the "SEC"). The Audit Committee held seven meetings during the last fiscal year. The Audit Committee makes recommendations to the Board regarding the selection of independent accountants, reviews the results and scope of audit and other services provided by our independent accountants and reviews and evaluates our

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

audit and control functions.

The Compensation Committee. The compensation committee of the Board (the "Compensation Committee") currently consists of Messrs. Bickell (Chair) and Sun. The Compensation Committee held five meetings during the last fiscal year. The Compensation Committee administers AsiaInfo's stock option plans and makes decisions concerning salaries and incentive compensation for AsiaInfo's employees.

The Finance Committee. The finance committee of the Board (the "Finance Committee") consists of Messrs. Sun (Chair) and Bickell. The Finance Committee held one meeting during the last fiscal year. The Finance Committee makes recommendations to the Board with respect to AsiaInfo's capital position, financing requirements and strategic acquisitions and other corporate transactions.

The Nominating Committee. The nominating committee of the Board (the "Nominating Committee") was established in the third quarter of 2002 and consists of Messrs. Sun (Chair), Tian and Ding. The Nominating Committee acted for the first time by unanimous written consent in March 2003. The Nominating Committee makes recommendations to the Board regarding the nomination of candidates to stand for election or re-election as members of the Board. The Nominating Committee will consider candidates for Board membership proposed by stockholders. Any such proposals should be made in writing to AsiaInfo Holdings, Inc., 4/th/ Floor, Zhongdian Information Tower, 6 Zhongguancun South Street, Haidian District, Beijing 100086, PRC, Attention: Legal Department.

5

During the year 2002, each director attended 75% or more of the meetings of the Board and of the committees of the Board on which the director served during the period for which he was a director or committee member, respectively, except for Steve Chang who attended two of six Board meetings and Edward Tian who attended four of six Board meetings.

Executive sessions, or meetings of outside directors without the Chief Executive Officer or other members of management present, are generally held on a quarterly basis in conjunction with regular meetings of the Board. Additional executive sessions or meetings of outside directors may be held from time to time as required.

Director Compensation

In 2002, each non-executive director was entitled to receive an annual retainer of \$10,000, a meeting fee of \$1,000 for each Board meeting attended, and \$1,000 as expense reimbursement for each Board meeting attended (unless such director filed a reimbursement report for actual expenses incurred).

AsiaInfo also grants stock options to its non-executive directors, beginning with initial grants of 20,000 options to each non-executive director, vesting over four years on an annual schedule of 25%, 25%, 25% and 25%. During the last two years of the vesting schedule, the options vest quarterly. Each year, we grant new options to our non-executive directors as their options vest, so that the unvested portion of each non-executive director's options is maintained at 20,000.

Vote Required

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Recommendation of the Board

The Board recommends that the stockholders vote "FOR" the election of each of the nominees listed above.

6

PROPOSAL NO. 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

General

The Board has selected the firm of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors to audit the financial statements of AsiaInfo for the fiscal year ending December 31, 2003, and recommends that stockholders vote for ratification of this appointment. Deloitte Touche Tohmatsu has audited AsiaInfo's financial statements since the Company's inception in 1993. Representatives of Deloitte Touche Tohmatsu are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

Stockholder ratification of the selection of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors is not required by AsiaInfo's By-Laws or otherwise. However, the Board is submitting the selection of Deloitte Touche Tohmatsu to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such change would be in the best interests of AsiaInfo and its stockholders.

Audit Fees

The aggregate fees billed by Deloitte Touche Tohmatsu for professional services rendered for the audit of the Company's financial statements for the fiscal year ended December 31, 2002, and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year were approximately \$373,000.

Financial Information Systems Design and Implementation Fees

Deloitte Touche Tohmatsu billed no fees for services rendered to the Company for information technology services relating to financial information systems design and implementation for the fiscal year ended December 31, 2002.

All Other Fees

The aggregate fees for all other services rendered by Deloitte Touche Tohmatsu were approximately \$1,143,000. This amount includes \$759,000 for tax planning and compliance services and \$384,000 for merger and acquisition consultations.

Recommendation of the Board

The Board recommends that the stockholders vote "FOR" the ratification of the appointment of Deloitte Touche Tohmatsu as AsiaInfo's independent auditors for the fiscal year ending December 31, 2003.

PROPOSAL NO. 3:
PROPOSAL TO APPROVE THE ASIAINFO HOLDINGS, INC.
2002 STOCK OPTION PLAN

At the Annual Meeting, the stockholders will be requested to approve and ratify the adoption of the AsiaInfo Holdings, Inc. 2002 Stock Option Plan (the "2002 Stock Option Plan" or the "Plan"). The Plan was approved by the Board on December 20, 2002, subject to approval and ratification by AsiaInfo's stockholders at the Annual Meeting. The terms and provisions of the Plan are summarized below. This summary, however, does not purport to be a complete description of the Plan and this description is qualified in its entirety by the terms of the Plan. A copy of the Plan is included as Annex A to this Proxy Statement.

Purpose

The purpose of the Plan is to attract and retain, and to provide appropriate incentives to key employees, directors and consultants of AsiaInfo and its subsidiaries by authorizing the grant of non-qualified stock options and, as applicable, incentive stock options to such individuals.

Administration

The Plan will be administered by the Compensation Committee. The Plan requires that the Compensation Committee consist of at least two individuals. Each member of the Compensation Committee shall be a "nonemployee director," as such term is defined in Rule 16b-3 promulgated by the SEC under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Under the terms of the Plan and subject to the limitations thereunder, the Compensation Committee is authorized (i) to select participants in the Plan, (ii) to determine whether and to what extent awards are to be made, (iii) to determine the number of shares of Common Stock to be covered by each award, (iv) to determine the terms and conditions of any award, (v) to determine the time or times when and the manner and condition in which each option shall be exercisable, and (vi) to determine the duration of the exercise period.

The Compensation Committee also has authority to, among other things, (i) make such rules and regulations and establish such procedures for the administration of the Plan as it deems appropriate, (ii) interpret the terms and provisions of the Plan and any award issued thereunder, (iii) determine the extent, if any, to which options or shares of Common Stock issued thereunder will be forfeited and (iv) otherwise supervise the administration of the Plan, including taking any other actions and making any other determinations or decisions that it deems necessary or appropriate. In the event of any dispute or disagreement as to the interpretation of the Plan or of any rule, regulation or procedure, or as to any question, right or obligation arising from or related to the Plan, the decision of the Compensation Committee shall be final and binding upon all persons.

Securities Subject to the 2002 Stock Option Plan

The shares of Common Stock issued under the Plan may consist of authorized but unissued shares or treasury shares. Subject to adjustment authorized under the Plan, (i) the maximum aggregate number of shares which may be made the subject

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

of options granted under the Plan may not exceed 4,500,000, and (ii) in no event shall any participant receive options covering more than (a) 3,000,000 shares of Common Stock or (b) 1,000,000 shares of Common Stock in any calendar year.

Eligibility

Any employee, director or key consultant of AsiaInfo or of a subsidiary thereof may be eligible to receive an option grant. In determining the eligibility of participants under the Plan to receive an option grant, as well as in

8

determining the number of shares of Common Stock to be optioned, the Compensation Committee may consider his or her position and responsibilities, the nature and value of the individual's services and accomplishments to AsiaInfo, his or her present and potential contribution to our success, whether directly or through our subsidiaries, and such other factors as the Compensation Committee may deem relevant.

General Option Terms

Options granted under the Plan may be either (i) incentive stock options ("Incentive Stock Options") within the meaning of Section 422(b) of the Code or (ii) non-qualified stock options. The Compensation Committee shall determine what type of options may be granted to an optionee; provided that Incentive Stock Options may only be granted to employees. Any Incentive Stock Options granted under the Plan will have an exercise price not less than 100% of the fair market value (as defined in the Plan) of a share of Common Stock at the date of grant. Unless otherwise provided by the particular option grant, the exercise price may be paid, in whole or in part, (i) by certified or cashier's check; (ii) with the proceeds of a Company loan program or third-party sale program or a notice given as consideration under such a program, in each case if permitted by the Compensation Committee; (iii) with previously owned shares of Common Stock, if approved by the Compensation Committee; or (iv) with shares of Common Stock withheld by us which the participant would otherwise have received, if approved by the Compensation Committee. As an alternative to payment in full by the participant of the exercise price, the Compensation Committee, in its discretion, may allow a participant, upon exercise of its option, to receive from AsiaInfo shares of Common Stock and/or cash in an amount equal to the excess of the fair market value of the Common Stock with respect to which the option is being exercised over the aggregate option exercise price.

The participants will be able to exercise options from time to time as specified in the particular option award agreement. The Compensation Committee shall determine the expiration date of the options, which date will be no later than the tenth anniversary from the date of grant or, in the case of certain Incentive Stock Options, as described below, no more than five years from the date of grant. Except in certain circumstances, an option must be exercised during the period the participant is employed by AsiaInfo. Upon and after the death of a participant, the participant's options, to the extent otherwise exercisable, may be exercised by the participant's legal representative.

Special Provisions for PRC Nationals

The Plan contains special provisions to facilitate the exercise of options by employees of AsiaInfo who are nationals of the People's Republic of China (each a "PRC Optionee"). Under those provisions, PRC Optionees who are unable to

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

remit currency outside of the People's Republic of China for purposes of purchasing Common Stock may exercise their options without having to pay in advance the purchase price for the shares. AsiaInfo will not deliver to any PRC Optionee certificate(s) for the shares of Common Stock which would have otherwise been issuable upon such exercise. Instead, the Company or a third party will sell the number of shares of Common Stock subject to such exercise and remit to the PRC Optionee the transaction proceeds, less the aggregate exercise price, any applicable withholding taxes and other transaction costs.

Special Limitations for Incentive Stock Options

As required by law, the Plan imposes certain limitations upon the exercise of Incentive Stock Options, including the following limitations:

(i) The aggregate fair market value (determined at the time the Incentive Stock Options are granted) of the shares of Common Stock with respect to which Incentive Stock Options under the Plan or any other plan are exercisable for the first time by any participant during any calendar year shall not exceed \$100,000.

(ii) If an Incentive Stock Option is to be granted to an employee who immediately before such grant owned 10% or more of the total combined voting power of all classes of AsiaInfo's stock, the exercise price per share of

9

Common Stock shall be not less than 110% of the fair market value of a share of Common Stock at the time of the grant, and the Incentive Stock Option shall expire not more than five years from the date of grant.

Special Rules upon a Change in Control

The Compensation Committee as constituted immediately before a Change in Control (as defined in the Plan) may make such adjustments to any or all outstanding options under the Plan as it, in its discretion, determines are necessary or appropriate in light of a Change in Control (including, without limitation, the substitution of stock other than Common Stock as the stock optioned under the Plan, the assumption of options by a third party, the acceleration of the exercisability and subsequent termination of the options and the extension of the exercise period of the options).

Stockholder Rights

No participant (individually or as a member of a group), and no beneficiary or other person claiming under or through him, shall have any right, title, or interest in or to any shares of Common Stock allocated or reserved for the Plan or subject to any option except as to such shares of Common Stock, if any, as shall have been previously sold, issued or transferred to him.

No option shall be transferable other than (i) by will or the laws of descent and distribution of the state wherein the participant is domiciled at the time of his or her death or (ii) pursuant to the special provisions applicable to PRC Optionees; provided, however, that the Compensation Committee may permit other transfers if it concludes that such transferability (a) does not result in accelerated income taxation, (b) does not cause an option intended to be an Incentive Stock Option to fail to be described in Section 422(b) of the Code, and (c) is otherwise appropriate and desirable.

Amendment and Termination

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

The Plan will terminate on the 10-year anniversary of the approval of the Plan by the Board. Under the Plan, options to purchase Common Stock granted and outstanding as of the date the Plan terminates are not affected or impaired by such termination.

The Board may amend, alter, or discontinue the Plan in such respects as the Board may deem advisable, but no such amendment, alteration, or discontinuation may be made without stockholder approval to the extent such approval is required by law. No such amendment, alteration, or discontinuation may impair the rights of participants under outstanding awards without the consent of the participant affected thereby or make any change that would disqualify the Plan from the exemption provided by Rule 16b-3 under the Exchange Act.

U.S. Federal Tax Consequences

Incentive Stock Options

In general, neither the grant nor the exercise of an Incentive Stock Option will result in taxable income to a participant or a deduction for us. To receive special tax treatment as an Incentive Stock Option as to shares acquired upon exercise of an Incentive Stock Option, a participant must neither dispose of such shares within two years after the Incentive Stock Option is granted nor within one year after the transfer of the shares to the participant pursuant to exercise of such option. In addition, the participant must be an employee of AsiaInfo or a qualified AsiaInfo subsidiary at all times between the date of grant and the date three months (one year in the case of disability) before exercise of the option. (Special rules apply in the case of the death of the participant.) Special tax treatment as an Incentive Stock Option under the Code generally allows the sale of Common Stock received upon the exercise of an Incentive Stock Option to result in any gain being treated as a capital gain to the participant, but we will not be entitled to a tax deduction. However, the exercise of an Incentive Stock Option (if

10

the holding period rules described in this paragraph are satisfied) will give rise to income includable by the participant in his or her alternative minimum taxable income for purposes of the alternative minimum tax in an amount equal to the excess of the fair market value of the Common Stock acquired on the date of the exercise of the Option over the exercise price.

If the holding period rules noted above are not satisfied (i.e., if there is a "disqualifying disposition"), gain recognized on the disposition of the shares acquired upon the exercise of an Incentive Stock Option will be characterized as ordinary income. Such gain will be equal to the difference between the exercise price and the fair market value of the Common Stock at the time of exercise. (Special rules may apply to disqualifying dispositions where the amount realized is less than the value at exercise.) AsiaInfo will generally be entitled to a deduction equal to the amount of such gain included by a participant as ordinary income. Any excess of the amount realized upon such disposition over the fair market value at exercise will generally be long-term or short-term capital gain depending on the holding period involved. Notwithstanding the foregoing, in the event that exercise of an Incentive Stock Option is permitted other than by cash payment of the exercise price, various special tax rules may apply.

Non-qualified Stock Options

In general, no income will be recognized by a participant at the time a non-qualified stock option is granted. Generally, ordinary income will,

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

however, be recognized by a participant at the time a non-qualified stock option is exercised in an amount equal to the excess of the fair market value of the underlying Common Stock on the exercise date over the exercise price. AsiaInfo will generally be entitled to a deduction for Federal income tax purposes in the same amount as the amount included in ordinary income by the participant with respect to his or her non-qualified stock option.

Gain or loss on a subsequent sale or other disposition of the shares acquired upon the exercise of a non-qualified stock option will be measured by the difference between the amount realized on the disposition and the tax basis of such shares, and will generally be long-term or short-term capital gain depending on the holding period involved. The tax basis of the shares acquired upon the exercise of any non-qualified stock option will be equal to the sum of the exercise price of such non-qualified stock option and the amount included in income with respect to such option. Notwithstanding the foregoing, in the event that exercise of the option is permitted other than by cash payment of the exercise price, various special tax rules may apply.

On October 17, 2000, the Compensation Committee of the Board adopted a resolution on severance policy for departing members of AsiaInfo's senior management. In the event that AsiaInfo terminates an employee at the level of 62 grade (vice president) or above without cause, the employee will receive severance pay equal to one month's base salary for each year he or she has been employed by AsiaInfo, or six month's base salary, whichever is greater. Notwithstanding the foregoing, pursuant to a resolution of the Board in 1998, in the event that the employment of James Ding or Michael Zhao is terminated, they will be entitled to severance pay equal to at least 12 month's base salary and immediate vesting of all options granted prior to the date of the resolution.

Each of James Ding, Michael Zhao, Ying Han and Steve Zhang have entered into a non-compete agreement with AsiaInfo, pursuant to which he or she is prevented from engaging in any commercial activity in competition with AsiaInfo for either six months (in the case of James Ding and Michael Zhao) or two years (in the case of Ying Han and Steve Zhang) after termination of his or her employment. In addition, each of them is required to disclose all of his or her patent and copyright applications to AsiaInfo during and for a period of one year after his or her employment.

Pension Plans

For the benefit of employees who are citizens or lawful permanent residents of the United States, AsiaInfo has adopted a Simplified Employee Pension Plan (the "Pension Plan"). The Pension Plan covers employees who have worked at AsiaInfo for at least six months. The Company makes monthly contributions under the Pension Plan in amounts equal to 5% of each covered employee's monthly salary. The contributions are deductible by the Company and are not taxable to the employees. Withdrawals are taxable as ordinary income, and withdrawals before age 59-1/2 may be subject to tax penalties.

In 2002, the Company contributed approximately \$24,309 to all the employees covered by the Pension Plan. With respect to the Named Executive Officers, AsiaInfo contributed approximately \$7,250 and \$6,021 on behalf of each of Michael Zhao and Steve Zhang, respectively.

The following is the report of the Compensation Committee describing compensation policies and rationale applicable to AsiaInfo's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended December 31, 2002. The information contained in this report, shall not be deemed to be "soliciting material" or to be "filed" with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, (the "Securities Act") or the Exchange Act, except to the extent that AsiaInfo specifically incorporates such information by reference in such filing.

Compensation Philosophy and Review

Our executive compensation program is generally designed to align the interests of our executives with the interests of our stockholders and to reward our executives for achieving corporate and individual objectives. The executive compensation program is also designed to attract and retain the services of qualified executives in the highly competitive telecommunications software and services marketplaces. Executive compensation currently consists of a base salary, long-term equity incentives, and other compensation and benefit programs generally available to other employees.

Policy Regarding Section 162(m) of the Internal Revenue Code

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's Chief Executive Officer or any of the four most highly compensated executive officers. Certain performance-based compensation, however, is exempt from the deduction limit.

It is the Compensation Committee's intention that, so long as it is consistent with its overall compensation objectives and philosophy, executive compensation will be deductible for federal income tax purposes. AsiaInfo's stock option plans have been structured so that any taxable compensation derived pursuant to the exercise of options granted under such plans should not be subject to these deductibility limitations.

The Compensation Committee has considered the potential impact of Section 162(m) of the Code on the compensation paid to AsiaInfo's executive officers.

Base Salaries

Base salary levels for the President and Chief Executive Officer and other executive officers are intended to compensate executives competitively within the high-technology marketplace. Base salaries are determined on an individual basis by evaluating each executive's scope of responsibility, past performance, prior experience and data on prevailing compensation levels in relevant markets for executive talent. The Compensation Committee also takes into account AsiaInfo's financial performance during the previous fiscal year, including revenue growth, net income growth, operational cash flow and Common Stock performance. Base salaries for executives are reviewed annually by the Compensation Committee.

18

Long-Term Equity Incentives

AsiaInfo provides long-term equity incentives to its executive officers and to all other employees through the grant of stock options under its stock option plans. The purpose of granting stock options is to create a direct link between compensation and the long-term performance of AsiaInfo. Stock options are generally granted at an exercise price equal to 100% of the fair market of AsiaInfo's Common Stock on the date of grant, have a ten year term and generally vest over a four year period. The primary stock options granted to executive officers are generally in conjunction with the executive officer's acceptance of employment with AsiaInfo. When determining the number of stock options to be awarded to an executive officer, the Compensation Committee considers the executive's current contribution to AsiaInfo's performance, the executive officer's anticipated contribution in meeting AsiaInfo's long-term strategic performance goals, and comparisons to formal and informal surveys of executive stock option grants made by other information technology companies.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

The Compensation Committee also reviews stock option levels for executive officers at the beginning of each fiscal year in light of long term strategic and performance objectives and each executive's current and anticipated contributions to AsiaInfo's future performance. In 2002, the Compensation Committee recommended (and the full Board granted) stock option grants for the Named Executive Officers representing the right to acquire an aggregate of 740,000 shares of Common Stock. These options vest according to the schedules described in the table detailing the stock options granted to the Named Executive Officers on page 16 of this proxy statement.

Other Compensation

AsiaInfo's executive officers are also eligible to participate in benefit programs generally available to other employees. In addition, from time to time, executive officers have received sign-on bonuses or other bonuses based on extraordinary effort.

Chief Executive Officer Compensation

James Ding is AsiaInfo's President and Chief Executive Officer. The Compensation Committee reviews Mr. Ding's compensation annually using the same criteria and policies as are employed for other executive officers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Sun and Bickell, and Mr. Patrick Keen, a former director of AsiaInfo who resigned on December 31, 2002, served as members of the Compensation Committee during 2002. None of these individuals was an officer or employee of AsiaInfo during 2002. No member of the Compensation Committee serves as a member of a board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

Mr. Ding participates in the discussions and decisions regarding salaries and incentive compensation for all of our executive officers, except that Mr. Ding is excluded from discussions regarding his own salary and incentive compensation.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles. The Audit Committee currently consists of Messrs. Bickell (Chair), Lau and Long, all independent directors.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2002 with our management, has discussed with our independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards), has received the written

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

disclosures required by Independent Standards Board No. 1 (Independence Discussions with Audit Committees), and has discussed with our independent auditors their independence. The Audit Committee has also considered whether the provision of non-audit services by our auditors is compatible with maintaining our auditors' independence. The Board adopted a written charter of the Audit Committee in November 1999. The Board adopted amendments to the charter in March, 2003. The Audit Committee Charter is included in Annex B to this proxy statement.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements for the fiscal year ended December 31, 2002 be included in the Company's Annual Report on Form 10-K.

The acts of a majority of the members present at any meeting of the Compensation Committee at which a quorum is present, or acts approved in writing by a majority of the entire Compensation Committee, shall be the acts of the Compensation Committee for purposes of the Plan. If and to the extent applicable, no member of the Compensation Committee may act as to matters under the Plan specifically relating to such member. If no Compensation Committee is designated by the Board to act for these purposes, the Board shall have the rights and responsibilities of the Compensation Committee hereunder and under the Awards.

4. ELIGIBILITY AND GRANT OF OPTIONS; COMMITTEE AUTHORITY.

Subject to the provisions of the Plan, the Compensation Committee shall, in its discretion as reflected by the terms of the Awards: (i) authorize the granting of Options to key employees, directors and key consultants of the Company and its Subsidiaries; (ii) determine and designate from time to time those key employees, directors and key consultants of the Company and its Subsidiaries to whom Options are to be granted and the number of Shares to be optioned to each employee, director and key consultant; (iii) determine whether to grant Options intended to be Incentive Stock Options, or to grant Non-Qualified Stock Options, or both (to the extent that any Option does not qualify as an Incentive Stock Option, it shall constitute a separate Non-Qualified Stock Option); provided that Incentive Stock Options may only be granted to employees; (iv) determine the time or times when and the manner and condition in which each Option shall be exercisable and the duration of the exercise period; and (v) determine or impose other conditions to the grant or exercise of Options under the Plan as it may deem appropriate. In determining the eligibility of an employee, director or key consultant to receive an Option, as well as in determining the number of Shares to be optioned to any employee, director and key consultant, the Compensation Committee may consider the position and responsibilities of the employee, director or key consultant, the nature and value to the Company of the employee's, director's or key consultant's services and accomplishments whether directly or through its Subsidiaries, the employee's, director's or key consultant's present and potential contribution to the success of the Company whether directly or through its Subsidiaries and such other factors as the Compensation Committee may deem relevant. The Award shall contain such other terms, provisions and conditions not inconsistent herewith as shall be determined by the Compensation Committee. The Optionee shall take whatever additional actions and execute whatever additional documents the Compensation Committee may in its reasonable judgment deem necessary or advisable in order to carry out or effect one or more of the obligations or restrictions imposed on the Optionee pursuant to the express provisions of the Plan and the Award. The Compensation Committee may designate each option as one intended to be an Incentive Stock Option or as a Non-Qualified Stock Option.

5. NUMBER OF SHARES SUBJECT TO OPTIONS.

Subject to adjustments pursuant to Section 20, Options with respect to an aggregate of no more than 4,500,000 Shares may be granted under the Plan.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Notwithstanding the foregoing provisions of this Section 5, Shares as to which an Option is granted under the Plan but remains unexercised at the expiration, forfeiture or other termination of such Option may be the subject of the grant of further Options. Subject to adjustments pursuant to Section 20, in no event may any Optionee receive in the aggregate Options (i) for more than 3,000,000 Shares or (ii) for more than 1,000,000 Shares in any calendar year. These limits do not apply to Options that are not granted pursuant to the Plan. Shares issued hereunder may consist, in whole or in part, of authorized and unissued shares or treasury shares. The certificates for Shares issued hereunder may include any legend which the Compensation Committee deems appropriate to reflect any restrictions on transfer hereunder or under the Award, or as the Compensation Committee may otherwise deem appropriate.

A-6

The aggregate Fair Market Value, determined as of the date an Option is granted, of the Shares for which any Optionee may be awarded Incentive Stock options which are first exercisable by the Optionee during any calendar year under the Plan (or any other stock option plan required to be taken into account under Section 422 (d) of the Code) shall not exceed \$100,000.

6. OPTION PRICE.

The Option Price shall be determined by the Compensation Committee on the date the Option is granted and reflected in the Award, as the same may be amended from time to time. Any particular Award may provide for different exercise prices for specified amounts of Shares subject to the Option. The Option Price with respect to each Incentive Stock Option shall not be less than 100% (or 110%, in the case of an individual described in Section 422(b)(6) of the Code (relating to certain 10% owners)) of the Fair Market Value of a Share on the day the Option is granted.

7. PERIOD OF OPTION AND VESTING.

7.1 Unless earlier expired, forfeited or otherwise terminated, each Option shall expire in its entirety upon the 10th anniversary of the date of grant or shall have such other term as is set forth in the applicable Award (except that, in the case of an individual described in Section 422(b)(6) of the Code (relating to certain 10% owners) who is granted an Incentive Stock Option, the term of such Option shall be no more than five years from the date of grant). The Option shall also expire, be forfeited and terminate at such times and in such circumstances as otherwise provided hereunder or under the Award.

7.2 Each Option, to the extent that there has been no termination of the Optionee's employment (or other service, if applicable) and the Option has not otherwise lapsed, expired, terminated or been forfeited, shall first become exercisable according to the terms and conditions set forth in the Award, as determined by the Compensation Committee at the time of grant. Unless otherwise provided in the Award or herein, no Option (or portion thereof) shall ever be exercisable if the Optionee's employment or other service with the Company and its Subsidiaries has terminated before the time at which such Option would otherwise have become exercisable, and any Option that would otherwise become exercisable after such termination shall not become exercisable and shall be forfeited upon such termination. Notwithstanding the foregoing provisions of this Section 7(b), Options exercisable pursuant to the schedule set forth by the Compensation Committee at the time of grant may be fully or more rapidly exercisable or otherwise vested at any time in the discretion of the Compensation Committee. Upon and after the death of an Optionee, such Optionee's

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Options, if and to the extent otherwise exercisable hereunder or under the applicable Award after the Optionee's death, may be exercised by the Successors of the Optionee.

8. EXERCISABILITY UPON AND AFTER TERMINATION OF OPTIONEE.

- 8.1 Unless otherwise provided in the Award, if the Optionee's employment (or other service, if applicable) with the Company and its Subsidiaries is terminated other than by termination by the Company for Cause, or termination by reason of death, Retirement or Disability (including by reason of any entity ceasing to be a Subsidiary), no exercise of an Option may occur after the expiration of the three-month period to follow the termination, or if earlier, the expiration of the term of the Option as provided under Section 7; provided that, if the Optionee should die after termination of employment (or other service, if applicable), such termination being for a reason other than Disability or Retirement, but while the option is still in effect, the option (if and to the extent otherwise exercisable by the Optionee at the time of death) may be exercised until the earlier of (i) one year from the date of termination of employment (or other service, if applicable) of the Optionee, or (ii) the date on which the term of the option expires in accordance with Section 7.
- 8.2 Unless otherwise provided in the Award, if the Optionee's employment with the Company and its Subsidiaries terminates due to the death, Retirement or Disability of the Optionee, the option may be

A-7

exercised until the earlier of (i) one-year from the date of termination of employment (or other service, if applicable) of the Optionee, or (ii) the date on which the term of the Option expires in accordance with Section 7.

- 8.3 Notwithstanding any other provision hereof, unless otherwise provided in the Award, if the Optionee's employment is terminated by the Company and its Subsidiaries for Cause, the Optionee's Options, to the extent then unexercised, shall thereupon cease to be exercisable and shall be forfeited forthwith.
- 8.4 Except as may otherwise be expressly set forth in this Section 8, and except as may otherwise be expressly provided under the Award, no provision of this Section 8 is intended to or shall permit the exercise of the Option to the extent the Option was not exercisable upon cessation of employment or other service.

9. EXERCISE OF OPTIONS.

- 9.1 Subject to vesting, restrictions on exercisability and other restrictions provided for hereunder or otherwise imposed in accordance herewith, an Option may be exercised, and payment in full of the aggregate Option Price made, by an Optionee only by written notice (in the form prescribed by the Compensation Committee) to the Company specifying the number of Shares to be purchased.
- 9.2 Without limiting the scope of the Compensation Committee's discretion hereunder, the Compensation Committee may impose such other restrictions on the exercise of Incentive Stock Options (whether or not in the nature of the foregoing restrictions) as it may deem necessary or appropriate.
- 9.3 If Shares acquired upon exercise of an Incentive Stock Option are disposed of in a disqualifying disposition within the meaning of Section 422 of the

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Code by an Optionee prior to the expiration of either two years from the date of grant of such Option or one year from the transfer of Shares to the Optionee pursuant to the exercise of such Option, or in any other disqualifying disposition within the meaning of Section 422 of the Code, such Optionee shall notify the Company in writing as soon as practicable thereafter of the date and terms of such disposition and, if the Company (or any affiliate thereof) thereupon has a tax-withholding obligation, shall pay to the Company (or such affiliate) an amount equal to any withholding tax the Company (or affiliate) is required to pay as a result of the disqualifying disposition.

10. PRC OPTIONEES.

10.1 This Section 10 of the Plan shall only apply to PRC Optionees who, because of the legal restrictions of the PRC cannot remit funds out of the PRC to purchase the Shares.

10.2 Whenever a PRC Optionee exercises any right granted to him or her to acquire Shares under the Plan, the following provisions shall apply:

10.2.1 The PRC Optionee shall not be required to make payment for the purchase price for the Shares subject to such exercise.

10.2.2 The Company will not deliver to the PRC Optionee certificate(s) for the Shares which would have otherwise been issuable upon such exercise. Instead, the Company or a third party designated by the Company will sell the number of Shares subject to such exercise of the Options by the PRC Optionee, settle the loan and then remit the transaction proceeds less the aggregate exercise price to the PRC Optionee, net of any applicable withholding taxes and transaction costs. Due to the volatile nature of the stock market, the Company shall not be liable to the PRC Optionee for any claim alleging that the price at which the relevant Shares are sold is not a fair market price, or the like.

10.2.3 Where a foreign currency is to be converted into Renminbi in connection with such sale of Shares or payment to a PRC Optionee, the conversion rate shall be the average of the selling and buying rates

A-8

quoted by the People's Bank of China on the day immediately preceding the day of conversion. Any process fees relating to such conversion shall be deducted from the final Renminbi amount.

10.3 The benefits under the Plan are fully discretionary and shall not form part of the income of the PRC Optionees for the purpose of calculation of severance pay, pensions or other bonuses or benefits, unless specifically otherwise provided in any applicable plan or program of the Company.

10.4 If, at any time, the PRC Optionees are expressly permitted by PRC law to remit funds out of the PRC to purchase the Shares, this Section 10 shall become null and void, and the terms and conditions in the Plan shall apply in its entirety. The Company shall have the sole discretion to determine whether this Section 10 will apply with respect to any Optionee.

11. INSIDER TRADING.

The Compliance Committee is responsible for administering the policies and procedures set forth in the Insider Trading Policy. Among other things, the

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Compliance Committee's responsibilities include determining whether any of the Company's directors, officers or employees has access to material non-public information. All Optionees are subject to the Insider Trading Policy and the decisions of the Compliance Committee.

12. PAYMENT.

12.1 The aggregate Option Price shall be paid in full upon the exercise of the Option. Payment must be made by one of the following methods:

- (i) a certified or bank cashier's check;
- (ii) the proceeds of a Company loan program or third-party sale program or a notice acceptable to the Compensation Committee given as consideration under such a program, in each case if permitted by the Compensation Committee in its discretion, if such a program has been established and the Optionee is eligible to participate therein;
- (iii) if approved by the Compensation Committee, in its discretion, previously owned Shares having an aggregate Fair Market Value on the date of exercise equal to the aggregate Option Price;
- (iv) if approved by the Compensation Committee, in its discretion, through the written election of the Optionee to have Shares withheld by the Company from the Shares otherwise to be received, with such withheld Shares having an aggregate Fair Market Value on the date of exercise equal to the aggregate Option Price; or
- (v) by any combination of such methods of payment or any other method acceptable to the Compensation Committee in its discretion.

12.2 The Compensation Committee, in its discretion, may also permit the Optionee to elect to exercise an Option by receiving a combination of Shares and cash, or, in the discretion of the Compensation Committee, either Shares or solely in cash, with an aggregate Fair Market Value (or, to the extent of payment in cash, in an amount) equal to the excess of the Fair Market Value of the Shares with respect to which the Option is being exercised over the aggregate Option Price, as determined as of the day the Option is exercised.

12.3 Except in the case of Options exercised by certified or bank cashier's check, the Compensation Committee may impose limitations and prohibitions on the exercise of Options as it deems appropriate, including, without limitation, any limitation or prohibition designed to avoid accounting consequences which may result from the use of Shares as payment upon exercise of an Option.

A-9

12.4 The Compensation Committee may provide that no Option may be exercised with respect to any fractional Share. Any fractional Shares resulting from an Optionee's exercise that is accepted by the Company shall, in the discretion of the Compensation Committee, be paid in cash.

13. TAX WITHHOLDING.

The Compensation Committee may, in its discretion, require the Optionee to pay to the Company at the time of exercise of any Option the amount that the Compensation Committee deems necessary to satisfy the Company's obligation to withhold federal, state, local or foreign income or other taxes incurred by

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

reason of the exercise. Upon exercise of the Option, the Optionee may, if approved by the Compensation Committee in its discretion, make a written election to have Shares then issued withheld by the Company from the Shares otherwise to be received, or to deliver previously owned Shares, in order to satisfy the liability for such withholding taxes. In the event that the Optionee makes, and the Compensation Committee permits, such an election, the number of Shares so withheld or delivered shall have an aggregate Fair Market Value on the date of exercise sufficient to satisfy the applicable withholding taxes. Where the exercise of an Option does not give rise to an obligation by the Company to withhold federal, state or local income or other taxes on the date of exercise, but may give rise to such an obligation in the future, the Compensation Committee may, in its discretion, make such arrangements and impose such requirements as it deems necessary or appropriate. Notwithstanding anything contained in the Plan or the Award to the contrary, the Optionee's satisfaction of any tax-withholding requirements imposed by the Compensation Committee shall be a condition precedent to the Company's obligation as may otherwise be provided hereunder to provide Shares to the Optionee, and the failure of the Optionee to satisfy such requirements with respect to the exercise of an Option shall cause such Option to be forfeited.

14. EXERCISE BY SUCCESSORS.

An Option may be exercised, and payment in full of the aggregate Option Price made, by the Successors of the Optionee only by written notice (in the form prescribed by the Compensation Committee) to the Company specifying the number of Shares to be purchased. Such notice shall state that the aggregate Option Price will be paid in full, or that the Option will be exercised as otherwise provided hereunder, in the discretion of the Company or the Compensation Committee, if and as applicable.

15. NONTRANSFERABILITY OF OPTION.

Each Option granted under the Plan shall be nontransferable by the Optionee except (a) by will or the laws of descent and distribution of the state wherein the Optionee is domiciled at the time of his death or (b) in accordance with the provisions of Section 10; provided, however, that the Compensation Committee may (but need not) permit other transfers, where the Compensation Committee concludes that such transferability (i) does not result in accelerated income taxation, (ii) does not cause any Option intended to be an Incentive Stock Option to fail to be described in Section 422 (b) of the Code, and (iii) is otherwise appropriate and desirable.

16. RIGHT OF FIRST REFUSAL; RIGHT OF REPURCHASE.

At the time of grant, the Compensation Committee may provide in connection with any grant made under the Plan that Shares received in connection with Options shall be subject to a right of first refusal pursuant to which the Company shall be entitled to purchase such Shares in the event of a prospective sale of the Shares, subject to such terms and conditions as the Compensation Committee may specify at the time of grant or (if permitted by the Award) thereafter, and to a right of repurchase, pursuant to which the Company shall be entitled to purchase such Shares at a price determined by, or under a formula set by, the Compensation Committee at the time of grant or (if permitted by the Award) thereafter, subject to such other terms and conditions as the Compensation Committee may specify at the time of grant.

A-10

17. REGULATIONS AND APPROVALS.

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

- 17.1 The obligation of the Company to sell Shares with respect to Options granted under the Plan shall be subject to all applicable laws, rules and regulations, including all applicable federal and state securities laws, and the obtaining of all such approvals by governmental agencies as may be deemed necessary or appropriate by the Compensation Committee.
- 17.2 The Compensation Committee may make such changes to the Plan as may be necessary or appropriate to comply with the rules and regulations of any government authority or to obtain tax benefits applicable to stock options.
- 17.3 Each Option is subject to the requirement that, if at any time the Compensation Committee determines, in its discretion, that the listing, registration or qualification of Shares issuable pursuant to the Plan is required by any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the grant of an Option or the issuance of Shares, no Options shall be granted or payment made or Shares issued, in whole or in part, unless listing, registration, qualification, consent or approval has been effected or obtained free of any conditions in a manner acceptable to the Compensation Committee.
- 17.4 In the event that the disposition of stock acquired pursuant to the Plan is not covered by a then current registration statement under the Securities Act, and is not otherwise exempt from such registration, such Shares shall be restricted against transfer to the extent required under the Securities Act, and the Compensation Committee may require any individual receiving Shares pursuant to the Plan, as a condition precedent to receipt of such Shares, to represent to the Company in writing that the Shares acquired by such individual are acquired for investment only and not with a view to distribution and that such Shares will be disposed of only if registered for sale under the Securities Act or if there is an available exemption for such disposition.
18. ADMINISTRATIVE RULES; INTERPRETATION.
- 18.1 The Compensation Committee may make such rules and regulations and establish such procedures for the administration of the Plan as it deems appropriate. Without limiting the generality of the foregoing, the Compensation Committee may (i) determine (A) the conditions under which an Optionee will be considered to have retired or become disabled and (B) whether any Optionee has done so; (ii) establish or assist in the establishment of a program (which need not be administered in a nondiscriminatory or uniform manner) under which the Company or a third party may make bona-fide loans on arm's-length terms to any or all Optionees to assist such Optionees with the satisfaction of any or all of the obligations that such Optionees may have hereunder or under which third-party sales may be made for such purpose (including, without limitation, a loan program under which the Company or a third party would advance the aggregate Option Price to the Optionee and be repaid with Option stock or the proceeds thereof and a sale program under which funds to pay for option stock are delivered by a third party upon the third party's receipt from the Company of stock certificates); (iii) determine the extent, if any, to which Options or Shares shall be forfeited (whether or not such forfeiture is expressly contemplated hereunder); (iv) interpret the Plan and the Awards hereunder, with such interpretations to be conclusive and binding on all persons and otherwise accorded the maximum deference permitted by law, provided that the Compensation Committee's interpretation shall not be entitled to deference on and after a Change in Control except to the extent that such interpretations are made exclusively by members of the Compensation Committee who are individuals who served as Compensation Committee members before the Change

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

in Control, and (v) take any other actions and make any other determinations or decisions that it deems necessary or appropriate in connection with the Plan or the administration or interpretation thereof. In the event of any dispute or disagreement as to the interpretation of the Plan or of any rule, regulation or procedure, or as to any question, right or

A-11

obligation arising from or related to the Plan, the decision of the Compensation Committee shall be final and binding upon all persons. Unless otherwise expressly provided hereunder, the Compensation Committee, with respect to any Option, except as provided in clause (iv) of the foregoing sentence, may exercise its discretion hereunder at the time of the award or thereafter.

18.2 No loan provided for or permitted under Section 18.1 or any other section of the Plan shall be made to any officer or director of the Company in the event that, in the reasonable judgment of the Compensation Committee, such loan would violate the provisions of the Sarbanes-Oxley Act of 2002 or any other applicable law.

19. AMENDMENTS.

The Board may amend the Plan as it shall deem advisable, except that no amendment may adversely affect an Optionee with respect to Options previously granted unless such amendments are in connection with compliance with applicable laws; provided that the Board may not make any amendment in the Plan that would, if such amendment were not approved by the holders of the Common Stock, cause the Plan to fail to comply with any requirement of applicable law or regulation, unless and until the approval of the holders of such Common Stock is obtained. Without limiting the generality of the foregoing, the Compensation Committee may (subject to such considerations as may arise under Section 16 of the Exchange Act, or under other corporate, securities or tax laws) take any steps it deems appropriate, that are not inconsistent with the purposes and intent of the Plan, to take into account the provisions of Section 162 (m) of the Code.

20. CHANGES IN CAPITAL STRUCTURE.

If (i) the Company shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Company or a transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization or other similar change in the capital structure of the Company, or any distribution to holders of Common Stock other than cash dividends, shall occur or (iii) any other event shall occur which in the judgment of the Compensation Committee necessitates action by way of adjusting the terms of the outstanding Options, then the Compensation Committee shall forthwith take any such action as in its judgment shall be necessary to preserve to the Optionees rights substantially proportionate to the rights existing prior to such event, and to maintain the continuing availability of Shares under Section 5 (if Shares are otherwise then available) in a manner consistent with the intent hereof, including, without limitation, adjustments in (x) the number and kind of shares or other property subject to Options, (y) the Option Price, and (z) the number and kind of shares available under Section 5. To the extent that such action shall include an increase or decrease in the number of Shares (or units of other property then available) subject to outstanding Options, the number of Shares (or units) available under Section 5 shall be increased or decreased, as the case may be,

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

proportionately, as may be provided by the Compensation Committee in its discretion.

If a Change in Control shall occur, then the Compensation Committee as constituted immediately before the Change in Control may, but shall not be required to, make such adjustments to any or all outstanding Options as it, in its discretion, determines are necessary or appropriate in light of the Change in Control (which may include, without limitation, the substitution of stock other than stock of the Company as the stock optioned hereunder, assumption of Options by a third party, the acceleration of the exercisability (and subsequent termination) of such Options and the extension of the exercise period of the Options).

The judgment of the Compensation Committee with respect to any matter referred to in this Section 20 shall be conclusive and binding upon each Optionee without the need for any amendment to the Plan.

A-12

21. NOTICES.

All notices under the Plan shall be in writing, and if to the Company, shall be delivered to the Board or mailed to its principal office, addressed to the attention of the Board; and if to the Optionee, shall be delivered personally, sent by facsimile transmission or other electronic media or mailed to the Optionee at the address appearing in the records of the Company. Such addresses may be changed at any time by written notice to the other party given in accordance with this Section 21.

22. RIGHTS AS STOCKHOLDER.

Neither the Optionee nor any person entitled to exercise the Optionee's rights in the event of death shall have any rights of a stockholder with respect to the Shares subject to an Option, except to the extent that a certificate for such Shares shall have been issued upon the exercise of the Option as provided for herein.

23. RIGHTS TO EMPLOYMENT.

Nothing in the Plan or in any option granted pursuant to the Plan shall confer on any individual any right to continue in the employ or other service of the Company or its Subsidiaries or interfere in any way with the right of the Company or its Subsidiaries and its stockholders to terminate the individual's employment or other service at any time.

24. SUBSTITUTE OPTIONS.

Options may be granted under the Plan from time to time in substitution for options held by employees of a corporation who become or are about to become employees of the Company or its Subsidiaries as the result of a merger or consolidation of the employing entity with the Company or the acquisition by the Company of stock of the employing entity. The terms and conditions set forth in this Plan to such extent as the Board at the time of grant may deem appropriate to conform, in whole or in part, to the provisions of the options in substitution for which they are granted, and, if applicable pursuant to Section 424 of the Code.

25. INVESTMENT INTENT.

The Company may require that there be presented to and filed with it by any

Edgar Filing: ASIAINFO HOLDINGS INC - Form DEF 14A

Optionee under the Plan, such evidence as it may deem necessary to establish that the Options granted or the Shares to be purchased or transferred are being acquired for investment and not with a view to their distribution.

26. EXCULPATION AND INDEMNIFICATION.

The Company shall indemnify and hold harmless the members of the Board and the members of the Compensation Committee from and against any and all liabilities, costs and expenses incurred by such persons as a result of any act or omission to act in connection with the performance of such person's duties, responsibilities and obligations under the Plan, if such person acts in good faith and in a manner that he or she reasonably believes to be in, or not opposed to, the best interests of the Company, to the maximum extent permitted by law.

27. CAPTIONS.

The use of captions in this Plan is for convenience. The captions are not intended to and do not provide substantive rights.

28. SEVERABILITY.

The invalidity or unenforceability of any provision of the Plan shall not affect the validity or enforceability of any other provision of the Plan, which shall remain in full force and effect.

A-13

29. GOVERNING LAW.

THE PLAN SHALL BE GOVERNED BY THE LAWS OF THE STATE OF DELAWARE, WITHOUT REFERENCE TO PRINCIPLES OF CONFLICT OF LAWS.
