FOUNTAIN PHARMACEUTICALS, INC. NOTES TO FINANCIAL STATEMENTS FOR THE NINE MONTHS ENDED JUNE 30, 2002 (UNAUDITED)

1. Unaudited interim financial statements

The interim financial statements of Fountain Pharmaceuticals, Inc. (the "Company") which are included herein are unaudited and have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB. In the opinion of management, these interim financial statements include all the necessary adjustments to fairly present the results of the interim periods, and all such adjustments are of a normal recurring nature. The interim financial statements should be read in conjunction with the audited financial statements for the two years ended September 30, 2001 included in the Company's Annual Report on Form 10-KSB for the year then ended. The report of the Company's independent auditors for the year ended September 30, 2001 contains an explanatory paragraph as to the substantial doubt of the Company's ability to continue as a going concern. No adjustments have been made

Edgar Filing: FOUNTAIN PHARMACEUTICALS INC - Form 10QSB

to the accompanying financial statements to give effect to this uncertainty.

The interim results reflected in the accompanying financial statements are not indicative of the results of operations for a full fiscal year.

2. Issuance of Stock and Extraordinary Gain on Extinguishment of Debt:

On December 31, 2001, Park Street Acquisition Corporation (Park Street), a Florida corporation, acquired 3,500,000 shares of the Company's Class A common stock and 100,000 shares of Class B common stock from the Company for \$180,000. The proceeds of this sale were utilized to pay all of the Company's outstanding liabilities at December 31, 2001. Simultaneously, Park Street acquired 2,000,000 shares of Class A Preferred Stock from Fountain Holdings, LLC ("Holdings") and all Common Stock Purchase Warrants (the "Warrants") in the name of Holdings to purchase shares of the Company's Class A Common Stock. The aggregate purchase price paid to Holdings was \$20,000, allocated \$8,000 towards the purchase of the Preferred Stock and \$12,000 towards the purchase of the warrants. As a result of these transactions, Park Street became the "control person" of Fountain Pharmaceuticals, Inc. ("Fountain"), as that term is defined in the Securities Act of 1933, as amended. In connection with these transactions, the Board of Directors of the Company nominated Brendon K. Rennert to the Board of Directors and all former officers and directors delivered their letters of resignation to the Company. Mr. Rennert was named CEO, President and Secretary of the Company.

In connection with the acquisitions by Park Street, the related party unsecured lender released and discharged the Company from its obligations due pursuant to the unsecured line of credit, and from any other debt or obligation owing himself or related entities by the Company. As a result the Company has recognized an extraordinary gain of \$1,477,401 for the extinguishment of the debt and related accrued interest.

Subsequent to closing, Park Street and the Company agreed to retire the Warrants. In May 2002, Park Street also agreed to return the Preferred Stock to the Company, at which time, no Preferred Stock will be issued and outstanding.

7

3. Management's plans regarding operations and subsequent events:

As discussed in further detail in the Company's Annual Report on Form 10-KSB and its first quarter report on Form 10-QSB, the Company suspended operations in July 2001. Operations subsequent to that, consisting only of expenses necessary to maintain the public shell, have primarily been funded through related party borrowings (subsequently forgiven) through December 31, 2001, the issuance of common stock discussed in Note 2, and \$100,000 generated through the issuance of debentures. On February 20, 2002 the Company issued a 6% Subordinated Convertible Debenture due May 31, 2002 in the principal amount of \$100,000 through the issuance of debentures. This Debenture is convertible into the Company's common stock at \$1.00 per share. To date, despite the fact the Debenture is past due, the Company has not repaid the Debenture holder, nor has the Debenture holder made a demand for payment.

Since the Company no longer has assets except the Company's public

Edgar Filing: FOUNTAIN PHARMACEUTICALS INC - Form 10QSB

shell, it no longer has the ability to generate revenue; therefore, the Company is not in the position to continue as a going concern.

The Company has reached an agreement to acquire all of the issued and outstanding shares of SiriCOMM, Inc. As of the date hereof the Company has 5,980,301 shares of common stock outstanding, including 104,505 shares of Class B common stock. In accordance with the terms of the agreement with SiriCOMM, Inc., the Company is obligated to issue the equivalent of 577,391,565 pre 60 for 1 split shares or 9,623,193 post 60 for 1 split shares to the SiriCOMM shareholders. In addition, the Company has agreed to issue the equivalent of 15.5% of the combined entity on a fully diluted basis or 108,110,580 pre 60 for 1 split or 1,801,843 post 60 for 1 split shares to retire \$1,000,000 of convertible debentures issued by SiriCOMM. Accordingly, after the effective date of the amendment and the closing with SiriCOMM, the new combined entity will have approximately 11,624,797 shares of common stock issued and outstanding (including the conversion of the \$100,000 debenture into 100,000 shares of the Company's post-split common stock). The shareholders and debenture holders of SiriCOMM based on a 60 for 1 reverse split will own 99% of the Company upon the consummation of the transaction. There can be no assurance that any such transactions will be successfully completed by the Company.

8

Item 2: Management's Discussion and Analysis of Financial Condition and Results of Operations

Background

Fountain Pharmaceuticals, Inc. (the "Company"), incorporated in the State of Delaware on March 23, 1989, was organized to develop and commercialize certain proprietary compound encapsulation technologies for use in health care, agricultural, veterinary and consumer market items using technologies developed privately and assigned to the Company.

As a result of significant losses during fiscal year ended September 30, 1998, the Company substantially utilized its working capital resources. In order to provide working capital, the Company entered into a secured credit arrangement ("Secured Credit Agreement") with a related party as of December 31, 1998. The credit agreement provided for a two-year line of credit of up to \$1,500,000 subject to the Company satisfying certain agreed upon quarterly operating budget guidelines.

During fiscal year ended September 30, 1999, the Company fully utilized the \$1,500,000 line of credit. During fiscal years ended September 30, 2000 and 2001, the Company received additional unsecured advances, the terms of which were never memorialized in writing.

The Company continued to incur losses and had a working capital deficit at June 21, 2001. Through June 21, 2001 these losses had been principally funded through sales of preferred stock (\$2,500,000) to an entity controlled by the Company's then current Chairman of the Board and advances of \$2,716,500 from a related party which included a secured line of credit of \$1,500,000 ("Secured Credit Agreement"). On June 21, 2001, the Company was notified that the Company that it was in default under the Secured Credit Agreement dated December 31, 1998. The lender requested immediate payment of the \$1,500,000 principal and accrued interest due under the Secured Credit Agreement and, in the event such payments were not forthcoming on or before July 2, 2001, notice was given that the lender would take action to take possession of the Company's assets and other collateral as defined in the Secured Credit Agreement.

Edgar Filing: FOUNTAIN PHARMACEUTICALS INC - Form 10QSB

As the Company was not in a financial position to make the required payment, the Company's Board of Directors voted on June 28, 2001 to comply with the agreement and transfer the assets of the Company at the close of business on July 6, 2001 to the lender. As a result, the secured debt was satisfied through this transfer of assets, although the unsecured facility remained outstanding. On December 31, 2001, in connection with the sale by affiliates of the lender of all securities in the Company, the lender released and discharged the Company from all of its obligations due. As of December 31, 2001, the outstanding principal balance due to the lender was \$1,256,809 plus estimated accrued interest of \$225,000,

As the Company had no significant assets subsequent to July 6, 2001, it no longer had the ability to generate revenue to pay its unsecured liabilities; therefore, the Company was not in the position to continue as a going concern. Accordingly, the Company's Board of Directors suspended operations. Through December 30, 2001, the Company's Board of Director's retained only one employee, the Interim Chief Financial Officer/Director of Finance and Administration, who assisted in the transfer of assets to the lender.

9

On December 31, 2001, Park Street Acquisition Corporation, a Florida corporation, acquired 3,500,000 shares of the Company's Class A common stock, 100,000 shares of Class B common stock from the Company for \$180,000. The proceeds of this sale were utilized to pay all of the Company's outstanding liabilities at December 31, 2001. Simultaneously, Park Street acquired 2,000,000 shares of Class A Preferred Stock from Fountain Holdings, LLC.

As a result of these transactions, Park Street became the "control person" of Fountain Pharmaceuticals, as that term is defined in the Securities Act of 1933, as amended. In connection with these transactions, the Board of Directors of the Company nominated Brendon K. Rennert to the Board of Directors and all former officers and directors delivered their letters of resignation to the Company. Mr. Rennert was named CEO, President and Secretary of the Company.

Anticipated Merger

The Company has negotiated a Securities Exchange Agreement with the shareholders of SiriCOMM, Inc., pursuant to which the Company will issue the equivalent of 577,391,565 shares of its common stock to the SiriCOMM shareholders. Additionally, pursuant to the Securities Exchange Agreement, the Company has agreed to issue the equivalent of 15.5% of the combined entity on a fully diluted basis or 108,110,580 pre-split shares of its common stock to retire \$1,000,000 of convertible debentures issued by SiriCOMM, Inc.

In order to consummate the acquisition of SiriCOMM, Inc. the Company has mailed an Information Statement to its shareholders in connection with a proposed action by written consent to authorize and approve an amendment and restatement of the Company's Certificate of Incorporation which:

- o changes the name of the Company to "SiriCOMM, Inc.";
- o combines the outstanding shares of common stock into a single class of common stock;
- o reverse splits the outstanding shares of the Company's common stock up to one-for-sixty ("Reverse Split");
- o decreases the par value of the Company's common stock resulting from the Reverse Split from \$.06 to \$.001;

Edgar Filing: FOUNTAIN PHARMACEUTICALS INC - Form 10QSB

- o increases the number of shares of common stock the Company is authorized to issue after the reverse split to 50,000,000; and
- o increases the number of shares of preferred stock, \$.001 par value, the Company is authorized to issue from 2,000,000 to 5,000,000.

10

In response to written comments from the Securities and Exchange Commission ("SEC") dated May 2, 2002, the Company elected to postpone taking the corporate actions described above. The Company refiled a revised Preliminary Information Statement on Schedule 14C with the SEC on July 11, 2002. On July 26, 2002, the Company received written comments from the SEC regarding its revised Preliminary Information Statement. The Company intends to respond to the comments as soon as practicable by filing an amended Preliminary Information Statement. Once the SEC clears the comments, the Company intends on instituting these actions and completing the acquisition of SiriCOMM 20 days after a Definitive Information Statement is filed with the SEC and mailed to our shareholders.

Based upon the 5,980,301 shares of common stock (including the shares of Class B common stock) outstanding on the Record Date (July 22, 2002), a 60 for 1 Reverse Split would decrease the outstanding shares of common stock by 98.3% or to approximately 99,672 shares. Upon the completion of the acquisition of SiriCOMM and the conversion of the \$100,000 debenture into 100,000 shares, there will be approximately 11,674,797 shares of post-split common stock issued and outstanding. In addition, at closing, Mr. Rennert will resign as the Company's sole officer and director and SiriCOMM appointees will be appointed as officers and directors of the Company.

SiriCOMM, Inc. is a broadband wireless service provider serving the marine and highway transportation industries. SiriCOMM has integrated multiple technologies including satellite communications, the Internet (and intranets), wireless networking and productivity enhancing software. SiriCOMM's patent pending network architecture enables subscribers to transmit data at speeds 20 to 100 times faster than other wireless solutions. Moreover, SiriCOMM's unique software solutions leverage this ultra high-speed data network to deliver significant cost reduction and productivity improvement opportunities to users.

From its central hub server co-located at the satellite teleport, SiriCOMM receives and transmits data on a "point to broadcast" high-speed network between multiple wireless local area networks installed in strategic locations. For a flat, low monthly fee, subscribers have access to a suite of productively software, the Internet, e-mail, proprietary company intranet information, etc. The network supports multiple user devices to include 802.11b-compatible PalmOS(TM) wireless handheld devices from the most mobile subscribers.

Results of Operations

Three Months ended June 30, 2002 compared with the Three Months ended June 30, 2001

During the three months ended June 30, 2002, the Company had no revenues compared to revenues of \$266,629 for the three months ended June 30, 2001. The Company's lack of revenues for the quarter ended June 30, 2002 was a result of the suspension of the Company's operations on July 6, 2001. The Company had a net loss of \$53,198 for the quarter ended June 30, 2002 compared to a net loss of \$225,139 for the quarter ended June 30, 2001. This decrease in

Edgar Filing: FOUNTAIN PHARMACEUTICALS INC - Form 10QSB

losses is directly attributable to the Company's decision to suspend operations on July 6, 2001.

11

During the quarter ended June 30, 2002, the Company incurred operating expenses of \$53,198, representing a decrease of \$296,968 or approximately 84.8% over operating expenses of \$350,166 for the prior quarter ending June 30, 2001. This decrease in operating expenses was primarily due to reduction in personnel, legal fees, clinical research studies, and sales and marketing expenses, coupled with the suspension of operations in July 2001.

During the quarter ended June 30, 2002, the Company incurred \$1,000 in interest expense compared to an interest expense of \$72,809 for the prior quarter ending June 30, 2001. This decrease in interest expense is associated with the forgiveness of the secured and unsecured lines of credit. (See "Liquidity and Capital Resources.")

Nine Months ended June 30, 2002 compared with the Nine Months ended June 30, 2001

During the nine months ended June 30, 2002 the Company had no revenues compared to revenues of \$648,890 for the nine months ended June 30, 2001. The Company's lack of revenues for the nine months ended June 30, 2002 was a result of the suspension of the Company's operations in July 2001. The Company had a net income of \$1,348,692 for the nine months ended June 30, 2002 compared to a net loss of \$694,534 for the nine months ended June 30, 2001. This increase of \$2,043,226 is primarily a result of the forgiveness of debt by a related party (\$1,477,401) partially offset by losses resulting from the Company's decision to suspend operations as of July 6, 2001.

During the nine months ended June 30, 2002 the Company incurred operating expenses of \$106,041, representing a decrease of \$894,178 or 89.4% over operating expenses of \$1,000,219 for the nine months ending June 30, 2001. This decrease in operating expenses was primarily due to reduction in personnel, legal fees, clinical research studies, and sales and marketing expenses coupled with the suspension of operations in July 2001.

During the nine months ended June 30, 2002, the Company incurred interest expense of \$24,667, a 90% decrease over interest expense of \$223,615 for the prior nine months ending June 30, 2001. This decrease in interest expense is associated with the forgiveness of the secured and unsecured lines of credit. (See "Liquidity and Capital Resources")

Liquidity and Capital Resources

During the nine months ending June 30, 2002, the Company has financed its operation primarily through the sale of convertible debentures. On February 20, 2002, the Company issued a 6% Subordinated Convertible Debenture due May 31, 2002 in the principal amount of \$100,000. This Debenture is convertible into the Company's common stock at \$1.00 per share. To date, despite the fact the Debenture is past due, the Company has not repaid the Debenture holder, nor has the Debenture holder made a demand for payment.

As of July 19, 2002, the Company remains a "shell" company. The Company plans to complete the acquisition of SiriCOMM during August 2002 at which time the debenture is expected to be converted to equity. SiriCOMM is a Development stage broadband wireless applications service provider servicing the marine and highway transportation industries. Upon completion of the merger, management of SiriCOMM believes it will be able to raise \$6 - \$10 million, which will be utilized to finalize its development stage activities and commence marketing

activities.

12

Forward Looking Statements. This report contains certain forward-looking statements that are based on current expectations. In light of the important factors that can materially affect results, including those set forth above and elsewhere in this report, the inclusion of forward-looking information herein should not be regarded as a representation by the Company or any other person that the objectives or plans of the Company will be achieved. The Company may encounter competitive, technological, financial and business challenges making it more difficult than expected to continue to market its products and services; competitive conditions within the industry may change adversely; the Company may be unable to retain existing key management personnel; the Company's forecasts may not accurately anticipate market demand; and there may be other material adverse changes in the Company's operations or business. Certain important factors affecting the forward looking statements made herein include, but are not limited to (i) accurately forecasting capital expenditures and (ii) obtaining new sources of external financing. Assumptions relating to budgeting, marketing, product development and other management decisions are subjective in many respects and thus susceptible to interpretations and periodic revisions based on actual experience and business developments, the impact of which may cause the Company to alter its capital expenditure or other budgets, which may in turn affect the Company's financial position and results of operations.

Item 4.: Submission of Matters to a Vote of Security Holders

On or about August 2, 2002, the Company intended to mail an Information Statement to its shareholders of record on July 26, 2002 in connection with the Company's proposed acquisition of SiriCOMM. The Company's sole officer, director and majority shareholder has, by written consent, authorized and approved:

- o changing the name of the Company to "SiriCOMM, Inc.";
- o combining the outstanding shares of common stock into a single class of common stock;

Edgar Filing: FOUNTAIN PHARMACEUTICALS INC - Form 10QSB

- o reverse splitting the outstanding shares of the Company's common stock up to one-for-sixty ("Reverse Split");
- o decreasing the par value of the Company's common stock resulting from the Reverse Split to \$.001;
- o increasing the number of shares of common stock the Company is authorized to issue after the reverse split to 50,000,000;
- o increasing the number of shares of preferred stock, \$.001 par value, the Company is authorized to issue from 2,000,000 to 5,000,000; and
- o the adoption of the Company's 2002 Equity Incentive Plan.

14

In response to written comments from the Securities and Exchange Commission ("SEC") dated May 2, 2002, the Company elected to postpone taking the corporate actions described above. The Company refiled a revised Preliminary Information Statement on Schedule 14C with the SEC on July 11, 2002. On July 26, 2002, the Company received written comments from the SEC regarding its revised Preliminary Information Statement. The Company intends to respond to the comments as soon as practicable by filing an amended Preliminary Information Statement. Once the SEC clears the comments, the Company intends on instituting these actions and completing the acquisition of SiriCOMM 20 days after a Definitive Information Statement is filed with the SEC and mailed to our shareholders.

Item 5.: Other Information

As discussed above, the Company has reached an agreement to acquire all of the issued and outstanding shares of SiriCOMM. As of the date hereof there are 5,980,301 shares of common stock outstanding, including 104,505 shares of Class B common stock. In accordance with the terms of the agreement with SiriCOMM, the Company is obligated to issue the equivalent of 577,391,565 pre 60 for 1 split shares or 9,623,193 post 60 for 1 split shares to the SiriCOMM shareholders. In addition, the Company has agreed to issue the equivalent of 15.5% of the combined entity on a fully diluted basis or 108,110,580 pre 60 for 1 split or 1,801,843 post 60 for 1 split shares to retire \$1,000,000 of convertible debentures issued by SiriCOMM. Accordingly, after the effective date of the amendment and the closing with SiriCOMM, the new combined entity will have approximately 11,624,797 shares of common stock issued and outstanding (including the conversion of the \$100,000 debenture into 100,000 shares of the Company's common stock). The shareholders and debenture-holders of SiriCOMM will own 99% of the Company upon the consummation of the transaction.
