#### **Identification of Executive Officers**

Information regarding our executive officers is contained in Part I of the Annual Report on Form 10-K in "Item 1. Business - Management" and is incorporated herein by reference.

#### **Identification of Audit Committee and Financial Expert**

The Audit Committee of the Board of Directors oversees NVIDIA's corporate accounting and financial reporting process. Three directors comprise the Audit Committee: Messrs. Miller, Seawell and Stevens. Mr. Miller serves as Chairman of the Audit Committee.

The Board of Directors annually reviews the Nasdaq National Market listing standards definition of independence for Audit Committee members and has determined that all members of NVIDIA's Audit Committee are independent (as independence is currently defined in Rule 4350(d)(2)(A)(i) and (ii) of the Nasdaq National Market listing standards). Securities and Exchange Commission, or SEC, regulations require NVIDIA to disclose whether a director qualifying as an audit committee financial expert serves on the NVIDIA's Audit Committee. The Board of Directors has determined that Mr. Seawell qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Board of Directors made a qualitative assessment of Mr. Seawell's level of knowledge and experience based on a number of factors, including his formal education and experience as a chief financial officer for public reporting companies.

#### **Stockholder Communications with the Board of Directors and Director Nominations**

We have not adopted a formal process for stockholder communications with the Board of Directors. Nevertheless, consistent efforts have been made to ensure that the views of stockholders are heard by the Board of Directors or individual directors, as applicable, and that appropriate responses are provided to stockholders, as appropriate. We believe our responsiveness to stockholder communications to the Board of Directors has been excellent. Nevertheless, during the upcoming year the Nominating and Corporate Governance Committee will give full consideration to the adoption of a formal process for stockholder communications with the Board of Directors and how best to consider stockholder suggestions for director nominations and, if adopted, publish it promptly and post it to our website.

#### **Section 16(a) of the Securities Exchange Act Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Executive officers, directors and greater than ten percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended January 25, 2004, all Section 16(a) filing requirements applicable to our executive officers, directors and greater than ten percent beneficial owners were complied with. However, in August 1999, Mr. Miller failed to file a Form 4 reporting the acquisition of 936 shares of our common stock from a partnership distribution. Further, On May 5, 2003, we submitted to the SEC for filing four Form 4s reporting a stock option grant for 200,000 shares to Jen-Hsun Huang, a stock option grant for 70,000 shares to Di Ma, a stock option grant for 70,000 shares to Jeffrey D. Fisher and a stock option grant for 70,000 shares to Daniel Vivoli. May 5, 2003, was the first day of the SEC's new system for the electronic filing of Section 16 reports. As publicly reported, the SEC experienced technical difficulties and disabled submissions utilizing third-party software. The technical difficulties were subsequently resolved and Mr. Huang's Form 4 was accepted for filing on May 6, 2003 and Mr. Fisher, Dr. Ma and Mr. Vivoli's Form 4s were accepted for filing on May 7, 2003. We intend to seek a date adjustment for these filings back to May 5, 2003, the date they were submitted and due.

**Code of Business Conduct and Ethics**

NVIDIA has adopted a Code of Business Conduct and Ethics that applies to all our executive officers, directors and employees. The Code of Business Conduct and Ethics is available on our website at [www.nvidia.com](http://www.nvidia.com). If we make any amendments to the Code of Business Conduct and Ethics or grant any waiver from a provision of the code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website.

## ITEM 11. EXECUTIVE COMPENSATION

### Compensation of Directors

#### *Cash Compensation*

Directors do not receive any cash compensation for their services as members of our Board of Directors. The members of the Board of Directors are eligible for reimbursement for their expenses incurred in attending Board of Directors and committee meetings in accordance with our policies.

#### *Equity Compensation*

We automatically grant stock options to our directors who are not employees of NVIDIA or our subsidiaries, under the 1998 Non-Employee Directors' Stock Option Plan (the Directors' Plan) and the 1998 Equity Incentive Plan (the 1998 Plan). In July 2000, the Board of Directors amended the 1998 Plan, to incorporate the automatic grant provisions of the Directors' Plan into the 1998 Plan. Only a non-employee director may receive stock option grants pursuant to the automatic grant provisions and such option grants are non-discretionary. Our Board of Directors amended the Directors' Plan in May 2002. The amendments made in May 2002, while intended to continue to provide incentives to our non-employee directors, took into account our growth since 1998 and the resulting increase in value of our common stock and therefore in each case reduced the number of shares granted to our non-employee directors. The terms of the Directors' Plan, as amended, are described below.

As of April 30, 2004, options to purchase 811,250 shares of common stock were outstanding and no shares remained available for future grant under the Directors' Plan. As of April 30, 2004, options covering 388,750 shares had been exercised under the Directors' Plan. Unless terminated sooner, the Directors' Plan will terminate in February 2008. As of April 30, 2004, options to purchase 1,935,000 shares of common stock were outstanding pursuant to grants made to non-employee directors under the 1998 Plan. Future grants to non-employee directors will be made from shares available under our 1998 Plan unless shares are otherwise available under the Directors' Plan. Unless sooner terminated, the 1998 Plan will also terminate in February 2008.

*Initial Grants.* Under the amended Directors' Plan, each non-employee director who is elected or appointed to NVIDIA's Board of Directors for the first time is automatically granted an option to purchase 75,000 shares, which vests quarterly over a three-year period.

*Annual Grants - Board Members.* On August 1 of each year each non-employee director is automatically granted an option to purchase 25,000 shares, or the Annual Grant. The Annual Grants will begin vesting on the second anniversary of the date of the grant and vest quarterly during the next year. The Annual Grants will be fully vested on the third anniversary of the date of the grant, provided that the director has attended at least 75% of the meetings during the year following the date of the grant. On August 1, 2003, we granted options covering 25,000 shares to each of Messrs. Coxe, Gaither, Jones, Miller, Seawell and Stevens at an exercise price per share of \$19.09. The exercise price of each option was equal to the closing price of our common stock as reported on Nasdaq National Market for the last market-trading day prior to the date of grant.

*Annual Grants - Committee Members.* On August 1 of each year each non-employee director who is a member of a committee of the Board of Directors is automatically granted an option to purchase 5,000 shares, or the Committee Grant. The Committee Grants vest in full on the first anniversary of the date of the grant, provided that the director has attended at least 75% of the meetings during the year following the date of the grant. On August 1, 2003 we granted options covering 5,000 shares to each of Messrs. Coxe, Gaither, Jones, Miller, Seawell and Stevens at an exercise price per share of \$19.09. The exercise price of each option was equal to the closing price of our common stock as reported on Nasdaq National Market for the last market-trading day prior to the date of grant. Messrs. Coxe, Gaither and Jones are members of more than one committee and they elected to receive only a single grant for committee service during fiscal year 2004.

*Annual Grants - Vesting.* If a non-employee director fails to attend at least 75% of the regularly scheduled meetings during the year following the grant of an option, rather than vesting as described previously, the Annual Grants will vest 30% upon the three-year anniversary of the grant date and 70% for the fourth year, such that in each case the entire option will become fully vested on the four-year anniversary of the date of the grant and the Committee Grants will vest annually over four years following the date of grant at the rate of 10% per year for the first three years and 70% for the fourth year. For the Annual Grants and Committee Grants, if the person has not been serving on the Board of Directors or committee since a prior year's annual meeting, the number of shares granted will be reduced pro rata for each full quarter prior to the date of grant during which such person did not serve in such capacity.

*General Provisions.* The exercise price for such options is equal to 100% of the fair market value on the date of grant. No option granted under such provisions may be exercised after the expiration, which is either 10 years or six years from the date it was granted. Options granted after May 8, 2003 have a six, rather than 10, year term. Such options generally are non-transferable. However, an optionee may designate a beneficiary who may exercise the option following the optionee's death. An optionee whose service relationship with NVIDIA or any of our affiliates, whether as a non-employee director or subsequently as an employee, director or consultant ceases for any reason, may exercise vested options for the term provided in the option agreement, 12 months generally, 18 months in the event of death.

*Change of Control.* If we sell substantially all of our assets, or we are involved in any merger or any consolidation in which we are not the surviving corporation, or if there is any other change in control, all outstanding stock options either will be assumed or substituted for by any surviving entity. If the surviving entity does not assume or substitute for the stock options, the stock options will terminate if they are not exercised prior to any sale of assets, merger or consolidation.

### Option Grants in Fiscal 2004

We grant options to our executive officers under our 1998 Equity Incentive Plan, or the 1998 Plan. As of April 30, 2004, options to purchase a total of 38,892,779 shares were outstanding under the 1998 Plan and options to purchase 12,791,750 shares remained available for grant under the 1998 Plan. The following table presents each stock option grant during fiscal 2004 to each of the individuals listed in the Summary Compensation Table. The exercise price of each option was equal to the closing price of our common stock as reported on the Nasdaq National

## Edgar Filing: NVIDIA CORP - Form 10-K/A

Market for the last market-trading day prior to the date of grant. The exercise price may be paid in cash, in shares of our common stock valued at fair market value on the exercise date or through a cashless exercise procedure involving a same-day sale of the purchased shares.

## Edgar Filing: NVIDIA CORP - Form 10-K/A

The potential realizable value is calculated based on the ten-year term of the option at the time of grant. Stock price appreciation of 5% and 10% is assumed pursuant to rules promulgated by the SEC and does not represent our prediction of our stock price performance. The potential realizable values at 5% and 10% appreciation are calculated by:

- multiplying the number of shares of common stock subject to a given option by the exercise price per share;
- assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table until the expiration of the option; and
- subtracting from that result the aggregate option exercise price.

The shares listed in the following table under **Number of Securities Underlying Options Granted** are subject to vesting. The option granted to Mr. Huang vests over a one-year period beginning on May 15, 2007 at a rate of 25% per quarter and has a seven-year term, which is consistent with the Committee's decision in fiscal 2004 to have the term of the option grants be set at less than ten years. The term of Mr. Huang's option provides a two-year period beyond full vesting until the option expires. The options granted to Mr. Fisher and Dr. Ma vest on a quarterly basis over a four-year period and have six-year terms. The terms of Mr. Fisher's and Dr. Ma's options also provide a two-year period beyond full vesting until the option expires. The term of each option is subject to earlier termination if the optionee's service with us ceases. Under certain circumstances following a change of control, the vesting of such option grants may accelerate and become immediately exercisable.

Percentages shown under **Percent of Total Options Granted to Employees in Fiscal Year** are based on an aggregate of 12,495,144 options granted to our employees under all of our equity incentive plans during the fiscal year ended January 25, 2004.

**ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

The following table presents information regarding the ownership of our common stock as of March 15, 2004 by:

- each director;
- each of the executive officers named in the Summary Compensation Table;
- all of our directors and executive officers as a group; and
- all those known by us to be beneficial owners of more than five percent of our common stock.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. Beneficial ownership also includes shares of common stock subject to options currently exercisable within 60 days of March 15, 2004. These shares are not deemed outstanding for purposes of computing the percentage ownership of each other person. Unless otherwise indicated in the footnotes to this table and subject to community property laws where applicable, we believe that each of the stockholders named in this table has sole voting and investment power with respect to the shares indicated as beneficially owned. Percentage of beneficial ownership is based on 165,471,706 shares of our common stock outstanding as of March 15, 2004. Unless otherwise indicated, the address of each of the individuals and entities listed below is c/o NVIDIA Corporation, 2701 San Tomas Expressway, Santa Clara, California 95050.

*2000 Nonstatutory Equity Incentive Plan*

*General.* The 2000 Nonstatutory Equity Incentive Plan, or the 2000 Plan, provides for the grant of nonstatutory stock options to employees and directors of, and consultants to, NVIDIA or affiliates of NVIDIA. As of April 30, 2004, under the 2000 Plan there were 18,416,478 shares of common stock authorized for issuance, of which 8,069,155 shares are subject to outstanding stock option grants and 10,347,323 shares are available for future grant and issuance. Under the terms of the 2000 Plan, the number of available shares may increase in the future as a result of cancellations or expirations of granted options or the repurchase of unvested restricted stock and stock bonuses. The 2000 Plan will expire upon the earlier of its termination by our Board of Directors or when there are no more shares available for issuance under the 2000 Plan. The 2000 Plan is administered by the Compensation Committee of the Board of Directors; however, the Board of Directors may also administer the 2000 Plan.

*Terms of Stock Awards.* The terms and price of nonstatutory stock options, stock bonuses, and rights to purchase restricted stock granted under the 2000 Plan are set forth in each optionee's option agreement. The term of such nonstatutory stock options is either six or 10 years. Grants made after May 8, 2003 have six year terms, unless determined otherwise by the Compensation Committee or the Board of Directors. Until April 2004, initial options granted to new employees would vest over a period of four years, with 25% of the shares vesting one year from the date of grant and the remaining 75% of the shares vesting each quarter over the subsequent three years. During this same time period, stock options granted to existing employees generally would vest each quarter over a four-year period from the date of grant. Beginning in April 2004, new employees' initial options will vest over a three-year period on a quarterly basis. Performance grants to existing employees will also vest over a three-year period; however, the option will not begin vesting until the second anniversary of the date of grant, after which time the option will vest in quarterly increments over the remaining one-year period. In the future, stock options may have the same or different vesting terms. Generally, an option terminates three months after the termination of the optionee's service to NVIDIA. If the termination is due to the optionee's disability, the exercise period generally is extended to 12 months. If the termination is due to the optionee's death or if the optionee dies within three months after his or her service terminates, the exercise period generally is extended to 18 months following death.

*Change of Control.* Upon a change in control of NVIDIA, a stock award will either (a) be assumed or substituted by the surviving entity or (b) if not assumed or substituted, the vesting and exercisability of such stock awards will accelerate in full and the awards will terminate if they are not exercised prior to the closing of the change of control.

**ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

We have entered into indemnity agreements with our executive officers and directors which provide, among other things, that we will indemnify such executive officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, executive officer or other agent of NVIDIA, and otherwise to the fullest extent permitted under Delaware law and our Bylaws. We also intend to execute these agreements with our future executive officers and directors.

See the section above entitled "Employment and Change of Control Agreements" for a description of our employment agreements with David M. Shannon, our Vice President and General Counsel, and Marvin D. Burkett, our Chief Financial Officer, and the terms of our 1998 Equity Incentive Plan and 2000 Nonstatutory Equity Incentive Plan related to a change of control of NVIDIA.

All of the fiscal year 2004 fees described above were pre-approved by the Audit Committee, except for approximately \$9,000 of non-audit services that were billed prior to May 6, 2003.

The Audit Committee determined that the rendering of non-audit services by KPMG LLP was compatible with maintaining KPMG LLP's independence.

In April 2004, we announced that our Audit Committee had dismissed KPMG LLP and engaged PricewaterhouseCoopers LLP as our independent auditors.

**Pre-Approval Policies and Procedures**

The Audit Committee has adopted policies and procedures for the pre-approval of audit and non-audit services rendered by our independent auditors. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of our independent auditors or on an individual case-by-case basis before the independent auditors are engaged to provide each service. The

pre-approval of non-audit services has been delegated to Mr. Miller, who must report all such pre-approvals to the full Audit Committee at its next scheduled meeting.
