ITEM 1 BUSINESS**General**

Great Lakes REIT, a Maryland real estate investment trust that is the successor to a business that was organized and began operations in 1992 (the "Company"), is a fully integrated, self-administered and self-managed real estate company. As of December 31, 2003, the Company owned and operated 44 properties (the "Properties") in the Chicago, Milwaukee, Detroit, Columbus, Minneapolis, Denver and Cincinnati areas (the "Current Markets"). The Properties contain approximately 5.8 million rentable square feet leased to more than 600 tenants with a weighted average occupancy rate of approximately 78% as of January 1, 2004. The Company has elected to be treated for federal income tax purposes as a real estate investment trust ("REIT"). The Company conducts substantially all of its operations through Great Lakes REIT, L.P. (the "Operating Partnership"), of which the Company is the sole general partner. All references to the "Company," "we," "our" or "us" in this annual report on Form 10-K include the Company and the Operating Partnership unless the context otherwise requires.

Segment Information

The Company has three reportable segments, distinguished by property type. The property types are office, office service center and medical office properties. Office properties are generally single-story or multi-story buildings used by tenants for office activities. The buildings generally have common area lobbies and other amenities including food service areas, atriums and limited underground parking facilities. Office service center properties generally are one-story buildings with no common areas. Tenant spaces generally have less than 100% office use with the non-office space used for showroom, technical or light storage purposes. Medical office properties are generally connected to or located near hospitals, and the tenants in those properties are primarily health-care providers.

Revenues by segment expressed as a percentage of total revenues for the years ended December 31, 2003, 2002 and 2001 are as follows:

Segment:	Years ended December 31,		
	2003	2002	2001
Office	84%	92%	93%
Office service center	3%	4%	5%
Medical office	10%	2%	
Interest and deferred rental revenues	3%	2%	2%
Total	100%	100%	100%

For additional financial information about the Company's segments, see Note 10 to the Consolidated Financial Statements included in this report beginning on Page F-1.

Business Strategy

Historically, the Company's primary business strategy has been to acquire, own and operate well-located, under-performing suburban and medical office properties generally located in certain of the Current Markets at attractive yields and to increase cash flow and property value by implementing a comprehensive operating strategy. The Company's operating strategy includes: (i) investment in value-enhancing renovation and refurbishment programs; (ii) aggressive leasing efforts; (iii) reduction and containment of operating costs; and (iv) a strong emphasis on tenant services and satisfaction. The Company seeks to establish itself as one of the suburban and medical office property owner/operators of choice in the Current Markets and to maximize tenant retention.

Historically, the Company has sought to engage in strategic dispositions of select properties. The Company typically seeks to dispose of properties when one or more of the following conditions is present: (i) market prices are at or near replacement cost; (ii) property occupancy is high and there is limited potential to increase cash flow and property value within a reasonable period; (iii) the Company believes that its capital can be re-deployed to investment properties with higher long-term returns; and (iv) ownership of the property is no longer consistent with the Company's business strategy. The Company sold four properties in 2003 aggregating 148,000 square feet resulting in net sales proceeds of \$14.6 million. The Company sold four properties in 2002 aggregating 295,000 square feet resulting in net sales proceeds of \$33.1 million. In January 2004, the Company signed definitive agreements to sell its portfolio of medical office buildings for a contract price of \$69 million and

Edgar Filing: GREAT LAKES REIT - Form 10-K

its Minnesota properties for \$42 million. The Company has identified certain other assets that it expects to market for sale during 2004 and may consider selling additional properties if market conditions warrant. The Company has not entered into any definitive agreements with respect to any such additional disposition opportunities and there can be no assurances that the Company will consummate any such dispositions.

In January 2004, the Company entered into a merger agreement with Aslan Realty Partners II, L.P., an affiliate of Transwestern Investment Company, L.L.C. ("Transwestern"). Pursuant to the merger agreement, Transwestern agreed to pay \$14.98 per share in cash to the Company's common shareholders upon the closing of the merger. The terms of the merger agreement permit the Company to sell certain of its properties, including the portfolio of medical office buildings and its properties located at 2550 University Avenue W., St. Paul, Minnesota and 2221 University Avenue SE, Minneapolis, Minnesota. On March 5, 2004, the Company announced that it had completed the sale of its portfolio of medical office properties for a contract price of \$69 million and the sale of its property located at 2550 University Avenue W., St. Paul, Minnesota for a contract price of \$35 million.

As a result, based on the net proceeds from the recently completed sales of the Company's portfolio of medical office buildings and its property located at 2550 University Avenue W., St. Paul, Minnesota, calculated as of March 5, 2004, the Company's common shareholders will be entitled to receive \$15.44 per share in cash upon completion of the merger. The merger consideration will be increased automatically if the sale of certain other properties occurs prior to the completion of the merger and those sales provide net proceeds in excess of the applicable agreed value for those properties. The Company has entered into an agreement to sell its property located at 2221 University Avenue SE, Minneapolis, Minnesota to the University of Minnesota for a contract price that would increase the per share contribution payable in the merger by an estimated \$0.11 per common share. In addition, the Company has entered into an agreement to sell its property located at 3550 Salt Creek Lane, Arlington Heights, Illinois for a contract price that would increase the per share consideration payable in the merger by an estimated \$0.05 per common share. Assuming that the property located at 2221 University Avenue SE, Minneapolis, Minnesota is sold to the University of Minnesota for its contract price and the property located at 3550 Salt Creek Lane, Arlington Heights, Illinois is sold for its contract price, the Company estimates that its common shareholders would be entitled to receive \$15.60 per share in cash upon completion of the merger.

The Company has also entered into a separate agreement with Fortis Asset Management relating to its property located at 2221 University Avenue SE, Minneapolis, Minnesota. That agreement provides for Fortis' purchase of this property in the event the sale of the property to the University of Minnesota is not consummated. If this property is sold to Fortis for the price specified in the contract with Fortis, the per share consideration payable in the merger would be increased by an estimated \$0.08 per common share rather than an estimated \$0.11 per common share.

The amount of any increase in the merger consideration will be equal to each common share's ratable portion of the increase, rounded to the nearest whole cent, as described in the merger agreement. The Company will publicly announce any increase in the merger consideration prior to the completion of the merger. However, there can be no assurance that the Company will consummate the sale of its property located at 2221 University Avenue SE, Minneapolis, Minnesota to either the

4

University of Minnesota or Fortis or that it will consummate the sale of its property located at 3550 Salt Creek Lane, Arlington Heights, Illinois. In addition, there are no understandings or contracts with respect to any of the other potential sale of properties and there can be no assurance that the Company will sell any of those properties.

The proposed merger with Transwestern is contingent on shareholder approval and certain other closing conditions but is not contingent on the completion of any of the additional property sales. The proposed sales of individual properties are not contingent on one another or the merger, and each of the proposed property sale transactions is subject to customary closing conditions. The Company expects that the property sale transactions currently under contract will close in April 2004 and expects the merger to close in the April or May of 2004.

Financing Strategy

The Company seeks to maintain a well-balanced, conservative and flexible capital structure by: (i) currently targeting a ratio of long-term debt to total market capitalization in the range of 40% to 60%; (ii) extending and sequencing the maturity dates of its debt; (iii) focusing on borrowing at fixed rates; (iv) pursuing debt financings and refinancing on a secured basis; and (v) maintaining relatively conservative debt service and fixed charge coverage ratios. In 2002, the Company refinanced its unsecured credit facility with a long-term secured loan. The Company's ratio of long-term debt to total market capitalization may increase as a result of using secured debt in place of unsecured debt. In addition, as discussed under Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations," the Company has approximately \$41 million of borrowing capacity under two secured loans that it may use for short-term funding of the acquisition of additional properties and for working capital requirements. The Company's debt to total market capitalization ratio (total market capitalization is defined as the total market value of all outstanding common and preferred shares and units of limited partnership interest in the Operating

Edgar Filing: GREAT LAKES REIT - Form 10-K

Partnership plus outstanding indebtedness) at December 31, 2003 was 50.2%.

Competition

All of the Properties are located in competitive markets. The properties with which the Company competes for tenants are generally owned by institutional investors, other REITs or local real estate operators; however, no single competitor or small group of competitors is dominant in any of the Current Markets. In addition, the Company may be competing with other owners and operators that have greater financial resources and more experience than the Company. An increase in the supply and a decrease in the demand for rental properties with characteristics similar to those of the Properties may adversely affect rental rates or the Company's ability to lease space at the Properties or any newly acquired properties. During 2003, vacancy rates in the Current Markets generally trended upward due to both increases in the supply and decreases in demand for office space within the Current Markets. The Company currently expects that such vacancy rate increases will affect the ability of all property owners within the Current Markets, including the Company, to increase rental revenues until such time as vacancy rates begin to trend downward.

Insurance

The Company carries comprehensive liability, casualty, pollution, extended coverage and rental loss insurance covering all of the Properties, with policy specifications and insured limits that the Company believes are adequate and appropriate under the circumstances. There is, in 2004, no exclusion in the Company's casualty insurance policy for damage caused by acts of terrorism. There are, however, certain types of losses that are not generally insured because they are either uninsurable or not economically feasible to insure. Should an uninsured loss or a loss in excess of insured limits occur, the Company could lose its capital invested in any of the Properties, as well as the anticipated future revenues from such Property and, in the case of recourse debt, the Company would remain obligated

5

for any mortgage debt or other financial obligations related to such Property. Any such loss would adversely affect the business, financial condition and results of operations of the Company. Moreover, as the general partner of the Operating Partnership, the Company will generally be liable for any of the Operating Partnership's unsatisfied obligations other than non-recourse obligations. The Company believes that the Properties are adequately insured; however, no assurance can be given that material losses in excess of insurance proceeds will not occur in the future.

Environmental Regulations

Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances or petroleum product releases at such property and may be held liable to a governmental entity or to third parties for property damage and for investigation and clean-up costs incurred by such parties in connection with the contamination. Such laws typically impose clean-up responsibility and liability without regard to whether the owner knew of or caused the presence of the contaminants, and the liability under such laws has been interpreted to be joint and several unless the harm is divisible and there is a reasonable basis for allocation of responsibility. The costs of investigation, remediation or removal of such substances may be substantial, and the presence of such substances, or the failure to properly remediate the contamination on such property, may adversely affect the owner's ability to sell or rent such property or to borrow using such property as collateral. Persons who arrange for the disposal or treatment of hazardous or toxic substances at a disposal or treatment facility also may be liable for the costs of removal or remediation of a release of hazardous or toxic substances at such disposal or treatment facility, whether or not such facility is owned or operated by such person. In addition, some environmental laws create a lien on the contaminated site in favor of the government for damages and costs incurred in connection with the contamination. Finally, the owner of a site may be subject to common law claims by third parties based on damages and costs resulting from environmental contamination emanating from such site. Some or all of these costs may not be covered by pollution insurance.

During the last eight years, independent environmental consultants have conducted or updated Phase I Environmental Assessments ("Phase I Assessments") at each of the Properties. In addition, a limited-scope Phase II Assessment ("Phase II Assessment") has been conducted at the 2221 University Avenue SE, Minneapolis, Minnesota and 777 East Eisenhower Parkway, Ann Arbor, Michigan properties (the Phase I Assessments and the Phase II Assessments are collectively referred to as the "Environmental Assessments"). The Phase I Assessments have included, among other things, a visual inspection of the Properties and the surrounding area and a review of relevant state, federal and historical documents. Except for the Phase II Assessments and certain limited sampling in connection with underground tank and/or piping removals at the 601 Campus Drive, Arlington Heights, Illinois and 11270 W. Park Place, Milwaukee, Wisconsin properties, no invasive techniques such as soil or groundwater sampling were performed at any of the Properties. The Company's Environmental Assessments of the Properties have not revealed any condition giving rise to an environmental liability that the Company believes would have a material adverse effect on the

Company's business, assets or results of operations, taken as a whole, nor is the Company otherwise aware of any such condition. There can be no assurance, however, that the Company's Environmental Assessments would reveal all conditions giving rise to environmental liabilities. Moreover, there can be no assurance that (i) future laws, ordinances or regulations will not impose any material environmental liability or (ii) the current environmental condition of the Properties will not be affected by tenants, the condition of land or operations in the vicinity of the Properties (such as the presence of underground storage tanks), or third parties unrelated to the Company.

Other Matters

The Company's operations are not materially dependent on a single or few customers; no single customer accounts for more than 5% of the Company's total revenue. The Company's operations are not subject to significant seasonal fluctuations. As of December 31, 2003, the Company employed 106 persons, none of whom is represented by a collective bargaining unit.

For additional information about the Company's investments and operations, see Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations," and Item 8, "Financial Statements and Supplementary Data." For additional information about the Company's business segments, see Item 8, "Financial Statements and Supplementary Data."

Available Information

The Company files annual, quarterly and special reports, proxy statements and other information with the Securities and Exchange Commission. Investors can read and copy any materials the Company files with the Securities and Exchange Commission at its Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. Investors can obtain information about the operations of the Securities and Exchange Commission Public Reference Room by calling the Securities and Exchange Commission at 1-800-SEC-0330. The Securities and Exchange Commission also maintains a Web site that contains information the Company files electronically with the Securities and Exchange Commission, which you can access over the Internet at <http://www.sec.gov>.

The Company also makes its annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) of the Securities Exchange Act of 1934 (the "Exchange Act") available, free of charge, on its Web site as soon as reasonably practicable after such material is electronically filed with, or furnished to, the Securities and Exchange Commission. The Company's Web site address is <http://www.greatlakesreit.com>.

ITEM 2 PROPERTIES

General

As of December 31, 2003, the Company owned 44 properties containing approximately 5.8 million square feet. The Properties consist primarily of Class A and Class B suburban office and medical office rentable properties, which range in size from approximately 33,000 to 375,000 rentable square feet. The Properties consist of 30 suburban office properties, eight medical office properties, two central business district office buildings, and four office/service centers (generally single-story buildings with both finished office and unfinished storage area). The 44 Properties are located primarily in the suburban areas of Chicago (23), Milwaukee (8), Minneapolis (2), Detroit (5), Columbus (4), Denver (1) and Cincinnati (1). Many of the Properties offer amenities, including indoor and outdoor parking, loading dock facilities, on-site property management, in-house conference facilities and providers of food and beverage service. As discussed in Item 1, "Business," the Company sold its portfolio of medical office buildings and its property located at 2550 University Avenue W, St. Paul, Minnesota in March 2004 and expects that the property sale transaction related to its property located at 2221 University Avenue SE, Minneapolis, Minnesota will close in April 2004.

As of December 31, 2003, the Properties were leased to more than 600 tenants. No single tenant accounted for more than 3.3% of the aggregate annualized base rent of the Company's portfolio and only 18 tenants individually represented more than 1% of such aggregate annualized base rent.

The following sets forth information regarding the Company's leases with its largest tenants based upon annualized base rent as of January 1, 2004:

- (1) These properties are pledged as collateral for a mortgage loan with an outstanding balance of \$64,524 at December 31, 2003.
- (2) The land beneath these properties is subject to ground leases that expire September 30, 2077 with annual rental payments of \$199.
- (3) The land beneath this property is subject to a ground lease expiring November 30, 2044 with one 15-year extension option. Annual rental payments are \$50.
- (4) These properties are pledged as collateral for a mortgage loan with an outstanding balance of \$119,411 at December 31, 2003.
- (5) These properties are pledged as collateral for a mortgage loan with an outstanding balance of \$39,501 at December 31, 2003.
- (6) These properties are pledged as collateral for a secured bank loan with an outstanding balance of \$17,000 at December 31, 2003.

Leases

The Company's leases are structured for terms that range from one to 15 years. These leases are a mixture of net leases (where tenants pay their pro rata share of real estate tax and operating expenses) and gross leases (under which tenants typically pay for all real estate tax and operating expenses above those for an established base year or agreed expense floor). However, whether structured as net leases or gross leases, virtually all leases entered into by the Company require tenants to reimburse the Company for the tenant's pro-rata share of real estate tax and operating expense increases. The Company is generally responsible for structural repairs.

Leases often contain provisions permitting tenants to renew at prevailing market rates. Certain leases contain provisions that permit the tenant to terminate its lease upon written notice to the Company, subject to the tenant's obligation to pay a termination penalty. Such termination penalties are generally negotiated with a tenant when a lease is executed and are usually calculated to compensate the Company for unamortized tenant improvements and leasing commissions at the termination date and, in certain instances, for rent on the space for a period of months after the termination date.

Lease Distributions. The following table sets forth information relating to the distribution of the Company's leases based on rentable square feet under lease as of January 1, 2004:

Square Feet Under Lease	Percentage Of Aggregate Portfolio Leased Square Feet	Annualized Base Rent (000's omitted)	Percentage Of Aggregate Portfolio Annualized Base Rent
2,500 or Less	8.46%	\$ 6,812	9.43%

Totals	4,473,596	100.00%	\$ 72,215	100.00%

11

The following table combines certain historical information regarding tenants at the Properties who renewed an existing lease at or prior to the expiration of the existing lease:

	2003	2002	2001	2000	1999
Aggregate rentable square footage of expiring leases (1)	1,194,417	1,235,729	864,843	836,284	611,274
Aggregate rentable square footage of lease renewals	621,810	650,449	485,177	492,569	422,940
Percentage of expiring rentable square footage renewed	52%	53%	56%	59%	69%

- (1) The aggregate rentable square footage of expiring leases excludes those leases for tenants that vacated subsequent to the Company's acquisition of a property where the Company believes the decision to vacate was made prior to the Company's acquisition of the property.

ITEM 3 LEGAL PROCEEDINGS

As of December 31, 2003, the Company was not a party to, and none of its properties was subject to, any material legal proceedings.

On January 23, 2004, a lawsuit was filed in the Circuit Court of Cook County, Illinois, as a purported class action on behalf of the Company's shareholders, asserting claims against the Company's trustees and the Company for alleged breach of fiduciary duties in connection with the proposed merger with Transwestern and the sales contracts for the portfolio of medical office buildings and the Minnesota properties. The lawsuit claims that the transactions improperly favored the Company's trustees and Transwestern at the expense of the interests of the Company and its public shareholders. The Company believes the claims asserted in this lawsuit are without merit and intends to vigorously defend the lawsuit.

ITEM 4 SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to a vote of shareholders during the fourth quarter of the fiscal year ended December 31, 2003.

12

PART II**ITEM 5 MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED SHAREHOLDER MATTERS**

The Company's common shares of beneficial interest (the "Common Shares") are listed on the New York Stock Exchange (the "NYSE") under the symbol "GL."

As of March 1, 2004, there were approximately 638 holders of record of the Common Shares, which excludes beneficial owners of shares registered in nominee or street name.

The table below sets forth for the periods indicated, the reported high and low sale prices of the Common Shares on the NYSE Composite Tape and the quarterly dividends per share paid by the Company on such shares. The Company commenced paying dividends monthly in August 2002. Included in the fourth quarter dividend per share amounts is the December 2003 and 2002 dividend of \$.135 per share that was paid in January of the next year.

2003	1Q	2Q	3Q	4Q	2002	1Q	2Q	3Q	4Q
High	\$ 16.92	\$ 16.25	\$ 16.70	\$ 16.30	High	\$ 17.70	\$ 18.98	\$ 18.80	\$ 17.75
Low	\$ 12.76	\$ 14.10	\$ 14.45	\$ 15.25	Low	\$ 15.48	\$ 15.90	\$ 15.60	\$ 15.68
Dividend	\$.405	\$.405	\$.405	\$.405	Dividend	\$.40	\$.40	\$.405	\$.405

Pursuant to the merger agreement with Transwestern discussed previously under Item 1, "Business Business Strategy," the Company's Board of Trustees have suspended the payment of any dividend on the Common Shares and terminated the Company's Dividend Reinvestment & Direct Share Purchase and Sale Plan.

The Company has elected to be treated as a REIT under the applicable provisions of the Internal Revenue Code of 1986, as amended. In order to qualify as a REIT, the Company is required to distribute to shareholders at least 90% of its taxable income and to meet certain asset and income tests as well as certain other requirements.

For federal income tax purposes, distributions may consist of ordinary income dividends, nontaxable return of capital, capital gains or a combination thereof. Distributions in excess of the Company's current and accumulated earnings and profits (calculated for tax purposes) will constitute a nontaxable return of capital rather than a dividend and will reduce the shareholder's basis in his or her Common Shares for tax purposes. To the extent that a distribution exceeds both the Company's current and accumulated earnings and profits and the shareholder's basis in his or her shares, the amount of such excess will generally be treated as gain from the sale or exchange of that shareholder's shares. The Company annually notifies shareholders of the taxability of distributions paid during the preceding year. The following table sets forth the taxability of distributions paid in 2003, 2002 and 2001:

	2003	2002	2001
Ordinary income	58.3%	98.1%	100%
Nontaxable return of capital	31.3%		
Unrecaptured Section 1250 gains	4.2%		
Long-term capital gains	6.2%	1.9%	
	100%	100%	100%

13

Equity Compensation Plan Information

The following table provides information as of December 31, 2003 with respect to the Company's Common Shares that may be issued under existing equity compensation plans:

Plan Category	Number of securities to be issued upon exercise of outstanding options(1)	Weighted average exercise price of outstanding options(1)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))(2)
	(a)	(b)	(c)
Equity compensation plans approved by security holders	1,434,348	\$ 16.12	643,641
Equity compensation plans not approved by security holders	N/A	N/A	N/A

(1) The amounts in columns (a) and (b) of the above table exclude 166,664 outstanding Common Shares (all of which are restricted and subject to vesting requirements) that were granted under the 1997 Equity and Performance Incentive Plan.

(2) The amount of securities in (c) may be issued under the Amended and Restated Great Lakes REIT Equity and Performance Incentive Plan, as amended and restated as of February 28, 2001 (the "Incentive Plan"), in the form of Common Shares that are restricted and subject to vesting requirements.

ITEM 6 SELECTED FINANCIAL DATA

The following sets forth selected financial and operating information for the Company for each of the periods and dates indicated. The following information should be read in conjunction with the financial statements and notes thereto of the Company included elsewhere in this report. The selected historical financial and operating information for the Company at December 31, 2003 and 2002 and for each of the three years in the period ended December 31, 2003 has been derived from the Company's audited financial statements in this annual report on Form 10-K. The selected financial and operating information for the Company at December 31, 2001, 2000 and 1999 and for the years ended December 31, 2000 and 1999 has been derived from the Company's audited financial statements.

(1)

The White Paper on Funds From Operations approved by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT") in April 2002 (the "White Paper") defines Funds from Operations as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from debt

15

restructuring and sales of property, plus real estate related depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures. Management considers Funds from Operations an appropriate measure of performance of an equity REIT because it is predicated on cash flow analysis. The Company computes Funds from Operations in accordance with standards established by the White Paper which may differ from the methodology for calculating Funds from Operations utilized by other equity REITs and, accordingly, may not be comparable to such other REITs. Funds from Operations should not be considered as an alternative to net income (determined in accordance with GAAP) as an indicator of the Company's financial performance or to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity, nor is it indicative of funds available to fund the Company's cash needs, including its ability to make distributions.

Non-GAAP Financial Measure

Although not a GAAP measure, the Company believes that the inclusion of information regarding Funds from Operations ("FFO") provides valuable information to shareholders and potential investors. The GAAP measure, net income applicable to common shares, includes depreciation and amortization expenses, gains or losses on property sales and minority interests. In presenting FFO, the Company eliminates substantially all of these items in order to provide an indication of the results from the Company's property operations. FFO is a widely recognized measure in the Company's business and is presented by nearly all publicly traded REITs. The Company's calculation of FFO may differ from the methodology for calculating FFO utilized by other real estate companies.

16

ITEM 7 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS
(Dollars in thousands)

Results of Operations

Trends

In 2003, occupancy rates in the Current Markets generally declined due to increases in supply and decreases in demand for office space. The market trend of occupancy declines has impacted the Company's portfolio performance and, as a result, the overall portfolio occupancy of the Company's properties declined to 78% at the end of 2003 as compared to 83% at the end of 2002. During 2003, the Company averaged approximately 32,500 square feet of new leasing activity per month. The Company believes that the market trend of vacancy increases has abated, but the Company anticipates that the difficult leasing environment that currently exists in its markets will persist throughout 2004. As of January 1, 2004, the Company had 1,000,009 square feet of leases expiring in 2004, or 17% of the portfolio.

Part of the Company's business strategy is to sell properties each year. The Company typically seeks to dispose of properties when one or more of the following conditions is present: (i) market prices are at or near replacement cost; (ii) property occupancy is high and there is limited potential to increase cash flow and property value within a reasonable period; (iii) the Company believes that its capital can be re-deployed to investment properties with higher long-term returns; and (iv) ownership of the property is no longer consistent with the Company's business strategy. The Company sold four properties in 2003 aggregating 148,000 square feet resulting in net sales proceeds of \$14,641. The Company sold four properties in 2002 aggregating 295,000 square feet resulting in net sales proceeds of \$33,052. The operating results of these properties and the gains on sale of these properties are classified as discontinued operation in the Company's consolidated statements of income. Discontinued operations totaled \$4,041 (including gains on sale of \$4,024) in 2003, \$9,149 (including gains on sale of \$7,789) in 2002 and

\$2,109 in 2001.

As of February 1, 2004, several tenants were in default under their leases for failure to make rent payments. Several other tenants that are not currently in default are experiencing financial difficulties which may lead to lease defaults. These tenant defaults may adversely impact the Company's revenue in 2004.

Legion Insurance Company, which leases 58,000 square feet of space at Milwaukee Center and represented 1.67% of the Company's aggregate portfolio annualized base rent as of December 31, 2003, was placed in liquidation by the Pennsylvania Department of Insurance in July 2003. Based on currently available information, the Company believes it is more likely than not that Legion will fulfill all terms of its lease in 2004. As of February 1, 2004, Legion Insurance Company was current on its rental payments.

Critical Accounting Policies and Estimates

The Company's significant accounting policies are described in Note 1 to the consolidated financial statements included beginning on page F-1 of this annual report on Form 10-K. The most critical accounting policies and estimates include allowance for doubtful accounts, revenue recognition regarding reimbursement income, estimation of accrued real estate taxes, fair value of interest rate swap agreements, impairment and disposal of long-lived assets, including goodwill, accounting for employee share options and restricted shares, and depreciation and amortization, each of which is discussed below.

17

Allowance for doubtful accounts methodology

The Company evaluates whether accounts receivable from tenants, including straight-line rents, are collectible using the specific identification method. In circumstances where a specific tenant has defaulted on its financial obligations to the Company, the Company records a specific reserve for bad debts against amounts due to reduce the net recognized receivable to the amount the Company estimates will be collected. If a tenant's circumstances change (an unexpected material adverse change in a tenant's financial condition that precludes them from meeting their financial obligations), the estimates of the recoverability of amounts due could be reduced by a material amount.

Revenue recognition reimbursement income

Under the terms of the Company's tenant leases, tenants generally pay a portion of the real estate taxes and property operating expenses of the property they occupy as reimbursement income. Tenants generally pay an estimate of these amounts monthly. As of December 31 of each year, the Company records as a receivable or payable the difference between the computed reimbursement income and the monthly estimates paid by the tenant even though the amount receivable or payable will not be billed or credited to the tenant until the next calendar year. Such amounts recorded do vary from the actual amounts billed to the tenants but the differences in prior years have not been material.

Accrued real estate taxes use of estimates

For certain properties owned by the Company, real estate taxes for the current calendar year are not due and payable until the next calendar year. The Company estimates the amounts due the local taxing authorities based on historical trends for a particular property or local area. The Company also uses information from real estate tax consultants who review for the Company the methodology used by the local taxing authorities to determine valuation of the properties and the tax rates used to determine the real estate taxes owed. If a local taxing authority were to change the methodology it uses to determine real estate taxes, the amounts estimated to be paid in future years could vary from amounts estimated by the Company.

Fair value of interest rate swap agreements

The Company values these agreements based on information provided by a third party. Such valuations are based on various factors, including current market conditions, assumptions regarding forward yield curves and other matters. Changes in such factors could significantly affect the fair value of the Company's interest rate swap agreements.

Impairment and disposal of long-lived assets, including goodwill

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets," which is effective for fiscal years beginning after December 15, 2001. The Company adopted this standard effective

Edgar Filing: GREAT LAKES REIT - Form 10-K

January 1, 2002. This standard stipulates that amortization of goodwill will not be recorded subsequent to adoption and instead periodic evaluation of impairment will be required.

In August 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144, "Accounting for Impairment or Disposal of Long-lived Assets," which is effective for fiscal years beginning after December 15, 2001. The Company adopted this standard effective January 1, 2002. This standard stipulates that operating results, including gain or loss on sale, of all properties sold, or designated as held for sale, subsequent to the effective date will be reported as discontinued operations for all periods presented.

18

The Company periodically evaluates its long-lived assets, including its real estate properties and goodwill, for impairment indicators. The judgments regarding the existence of impairment indicators are based on factors such as operational performance, market conditions and legal factors. Future events may occur that would cause the Company to conclude that impairment indicators exist and that an impairment loss is warranted.

Accounting for employee share options and restricted shares

The Company uses the intrinsic value method permitted by Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"), in accounting for its options on common shares. Under APB 25, no compensation expense is recognized because the exercise price of the Company's employee share options equals or exceeds the market price of the underlying shares at the date of grant. Net income and earnings per share would vary from amounts reported if the Company followed FASB Statement 123, "Accounting for Stock-Based Compensation," and accounted for its employee share options under the fair value method of that Statement.

Depreciation and amortization policy

Depreciation of buildings is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years. Depreciation of tenant improvements is computed using the straight-line method over the shorter of the lease term or useful life. Deferred leasing commissions are amortized over the lease term. The Company estimates the useful life of its assets based upon market conditions, economic and physical obsolescence factors and other items. A change in any of these factors may cause the Company to revise the estimated useful life of its assets. Future unanticipated tenant defaults and bankruptcies may cause the Company to shorten the depreciation period for tenant improvements and the amortization period for deferred leasing commissions with a resulting increase in depreciation or amortization expense.

2003 Compared to 2002

The discussion of operating results that follows pertains to the Company's continuing operations.

During 2002, the Company acquired 11 properties. The operating results of these properties were included in the Company's financial statements from the dates of acquisition. In addition, the Company sold four properties in both 2003 and 2002. In analyzing the 2003 operating results of the Company, the changes in rental and reimbursement income, real estate taxes and other property operating expenses from 2002 were principally due to: (i) the addition of a full year's operating results in 2003 of the properties acquired in 2002 compared to the partial year's operating results from the dates of acquisition in 2002 and (ii) increases or decreases on properties owned in both 2003 and 2002. Other property operating expenses include contract services, repairs, maintenance, utilities, personnel, insurance and other costs directly associated with the leasing, management and operation of the properties. Insurance costs in 2003 increased as compared to 2002. Insurance costs are expected to increase in 2004 although such increases are partially recovered from tenants through the expense reimbursement clauses in their leases. A summary of these changes as they impact rental income, reimbursement income, real estate taxes and other property operating expenses for 2003 follows:

	Rental Income	Reimbursement Income	Real Estate Taxes	Other Property Operating Expenses
Increase due to inclusion of full year of properties acquired in 2002	\$ 9,406	\$ 2,017	\$ 1,560	\$ 3,996
Increase (decrease) in 2003 compared to 2002	(6,119)	(1,194)	(488)	(75)
Total	\$ 3,287	\$ 823	\$ 1,072	\$ 3,921

Edgar Filing: GREAT LAKES REIT - Form 10-K

Rental Income	Reimbursement Income	Real Estate Taxes	Other Property Operating Expenses
_____	_____	_____	_____
_____	_____	_____	_____

19

Telecommunications income increased by \$77, or 44%, in 2003 to \$253 as compared to \$176 in 2002 as additional telecommunications rental agreements were signed in 2003 and 2002.

Tenant service income increased by \$33, or 9%, to \$416 in 2003 as compared to \$383 in 2002 primarily due to charges for extra hours heating and air-conditioning services at one of the Michigan properties in 2003.

Interest income decreased by \$747, or 56%, to \$572 in 2003 as compared to \$1,319 in 2002 principally because employees repaid amounts due under the employee loan program and the employee loans retired in connection with the April 2003 employee loan restructuring plan that reduced the amount upon which the Company could earn interest income.

General and administrative expenses increased by \$596, or 11%, to \$5,837 in 2003 as compared to \$5,241 in 2002 primarily due to costs associated with the strategic alternatives activities (\$325), increased insurance costs (\$226) and costs associated with the proposed redevelopment of properties (\$45).

Interest expense increased by \$2,143, or 14%, to \$17,645 in 2003 as compared to \$15,502 in 2002 due to an increase in the weighted-average amount of long-term debt outstanding during 2003 as compared to 2002.

Depreciation and amortization expense increased by \$1,779, or 9%, to \$21,615 in 2003 as compared to \$19,836 in 2002 as the weighted-average gross book value of properties depreciated was greater in 2003 than in 2002.

In connection with the Company's activities in 2003 related to alternatives to improve shareholder value, the Board of Trustees adopted a policy prohibiting employees from engaging in any trading of Company securities while the process was ongoing. Employees of the Company, including members of senior management who are affected by the provisions of the 2002 Sarbanes-Oxley Act, are required to repay certain maturing loans. These loans were made before 2001 under the Company's employee loan program, which was established in 1996 in connection with the Company's option plan. In order to permit an orderly retirement of a portion of the outstanding loans during the trading blackout period in compliance with the Sarbanes-Oxley Act, the Company's Board of Trustees approved a voluntary share repurchase plan for all employees with outstanding loans.

The share repurchase plan provided for loan retirement in consideration for the shares securing the loans. The Company has repurchased an aggregate of 474,608 shares from officers and employees that were securing an aggregate of \$7,302 in outstanding loans. The price used in connection with the repurchase program was \$14.67 per Common Share, which was the average of the closing prices of the Common Shares on the NYSE for the five-day period ending April 10, 2003. As part of the Board-approved repurchase program, the Company has forgiven loan balances totaling \$414. Such loan forgiveness and related costs have been reflected as employee share loan termination expense in 2003.

2002 Compared to 2001

The discussion of operating results that follows pertains to the Company's continuing operations.

During 2002, the Company acquired 11 properties. The operating results of these properties were included in the Company's financial statements from the dates of acquisition. In addition, the Company sold 4 properties in 2002. In 2001, the Company acquired two properties, and in 2002 a full year of operations of these properties were included in the Company's financial statements. In analyzing the 2002 operating results of the Company, the changes in rental and reimbursement income, real estate taxes and other property operating expenses from 2001 were principally due to: (i) the addition of operating results from the properties acquired in 2002 from the dates of acquisition, (ii) the addition of a full year's operating results in 2002 of the properties acquired in 2001 compared to the partial year's

20

Edgar Filing: GREAT LAKES REIT - Form 10-K

operating results from the dates of acquisition in 2001 and (iii) increases or decreases on properties owned in both 2002 and 2001. Other property operating expenses include contract services, repairs, maintenance, utilities, personnel, insurance and other costs directly associated with the leasing, management and operation of the properties. Insurance costs in 2002 increased compared to 2001. A summary of these changes as they impact rental income, reimbursement income, real estate taxes and other property operating expenses for 2002 follows:

	<u>Rental Income</u>	<u>Reimbursement Income</u>	<u>Real Estate Taxes</u>	<u>Other Property Operating Expenses</u>
Increase due to 2002 acquisitions	\$ 4,751	\$ 724	\$ 775	\$ 1,725
Increase due to inclusion of full year of properties acquired in 2001	2,258	1,287	643	1,244
Increase (decrease) in 2002 compared to 2001	(2,684)	(977)	(46)	(95)
Total	\$ 4,325	\$ 1,034	\$ 1,372	\$ 2,874

Telecommunications income decreased by \$272, or 61%, in 2002 to \$176 as compared to \$448 in 2001 as certain telecommunications providers that leased roof top space from the Company exited this business in 2001.

Tenant service income decreased by \$31, or 8%, to \$383 in 2002 as compared to \$414 in 2001 commensurate with the decline in occupancy in the Company's portfolio of properties in 2002.

Interest income decreased by \$213, or 14%, to \$1,319 in 2002 as compared to \$1,532 in 2001 principally because employees repaid amounts due under the employee loan program reducing the amount upon which the Company could earn interest income.

General and administrative expenses increased by \$248, or 5%, to \$5,241 in 2002 as compared to \$4,993 in 2001 primarily due to certain one-time state and local income taxes (\$177) incurred in 2002 and increased insurance costs (\$71) in 2002 as compared to 2001.

Interest expense increased by \$1,171, or 8%, to \$15,502 in 2002 as compared to \$14,331 in 2001 due to increased amounts of long-term debt outstanding in 2002 as compared to 2001, partially offset by lower interest rates on variable rate debt in 2002 as compared to 2001.

Depreciation and amortization expense increased by \$1,932, or 11%, to \$19,836 in 2002 compared to \$17,904 in 2001 as the weighted-average gross book value of properties depreciated was greater in 2002 than in 2001.

Segment Operations

The Company has three reportable segments, distinguished by property type. The property types are office, office service center and medical office properties. Office properties are generally single-story or multi-story buildings used by tenants for office activities. The buildings generally have common area lobbies and other amenities including food service areas, atriums and limited underground parking facilities. Office service center properties generally are one-story buildings with no common areas. Tenant spaces generally have less than 100% office use with the non-office space used for showroom, technical or light storage purposes. Medical office properties are generally connected to or located near hospitals, and the tenants in those properties are primarily health-care providers.

Interest expense incurred by the Company is a combination of property-specific long-term debt and long-term debt that is secured by properties across the Company's reportable segments. Interest expense incurred on property-specific debt is allocated to that property's segment. Interest expense incurred on long-term debt that is secured by properties across the Company's reportable segments is

21

allocated to the reportable segments based on the square footage of properties in that segment that are associated with the long-term debt.

The net income for the office segment was as follows:

<u>Years ended December 31,</u>		
2003	2002	2001

Edgar Filing: GREAT LAKES REIT - Form 10-K

	Years ended December 31,		
Net operating income	\$ 47,365	\$ 52,589	\$ 52,778
Interest expense	(14,699)	(14,326)	(13,520)
Depreciation	(18,547)	(17,455)	(15,982)
Segment net income	\$ 14,119	\$ 20,808	\$ 23,276

The decrease in segment net income for the year ended December 31, 2003 as compared to 2002 resulted from declining occupancy in this segment partially offset by increases due to inclusion of a full year of operations in 2003 of properties acquired in 2002. The decrease in segment net income for the year ended December 31, 2002 as compared to 2001 resulted from declining occupancy in this segment partially offset by increases due to properties acquired in 2002 and inclusion of a full year of operations in 2002 of properties acquired in 2001.

The net income for the office service center segment was as follows:

	Years ended December 31,		
	2003	2002	2001
Net operating income	\$ 1,712	\$ 2,121	\$ 2,655
Interest expense	(747)	(854)	(811)
Depreciation	(1,007)	(998)	(1,349)
Segment net income (loss)	\$ (42)	\$ 269	\$ 495

The decrease in segment net income for the year ended December 31, 2003 as compared to 2002 resulted from declining occupancy in this segment. The decrease in segment net income for the year ended December 31, 2002 as compared to 2001 resulted from declining occupancy in this segment.

The net income for the medical office segment was as follows:

	Years ended December 31,		
	2003	2002	2001
Net operating income	\$ 5,282	\$ 1,285	
Interest expense	(2,199)	(322)	
Depreciation	(1,544)	(507)	
Segment net income	\$ 1,539	\$ 456	

The increase in segment net income for the year ended December 31, 2003 resulted from the inclusion of a full year of operations in 2003 of properties acquired in 2002. The increase in segment net income for the year ended December 31, 2002 resulted from the acquisition of the medical office properties on October 1, 2002.

Liquidity and Capital Resources

Pending completion of the merger agreement with Transwestern, the Company expects to meet its short-term liquidity requirements principally through its working capital and net cash provided by operating activities. The Company considers its cash provided by operating activities to be adequate to meet operating requirements.

Edgar Filing: GREAT LAKES REIT - Form 10-K

In January 2004, the Company entered into a merger agreement with Aslan Realty Partners II, L.P., an affiliate of Transwestern Investment Company, L.L.C. ("Transwestern"). Pursuant to the merger agreement, Transwestern agreed to pay \$14.98 per share in cash to the Company's common shareholders upon the closing of the merger. The terms of the merger agreement permit the Company to sell certain of its properties, including the portfolio of medical office buildings and its properties located at 2550 University Avenue W., St. Paul, Minnesota and 2221 University Avenue SE, Minneapolis, Minnesota. On March 5, 2004, the Company announced that it had completed the sale of its portfolio of medical office properties for a contract price of \$69 million and the sale of its property located at 2550 University Avenue W., St. Paul, Minnesota for a contract price of \$35 million.

As a result, based on the net proceeds from the recently completed sales of the Company's portfolio of medical office buildings and its property located at 2550 University Avenue W., St. Paul, Minnesota, calculated as of March 5, 2004, the Company's common shareholders will be entitled to receive \$15.44 per share in cash upon completion of the merger. The merger consideration will be increased automatically if the sale of certain other properties occurs prior to the completion of the merger and those sales provide net proceeds in excess of the applicable agreed value for those properties. The Company has entered into an agreement to sell its property located at 2221 University Avenue SE, Minneapolis, Minnesota to the University of Minnesota for a contract price that would increase the per share contribution payable in the merger by an estimated \$0.11 per common share. In addition, the Company has entered into an agreement to sell its property located at 3550 Salt Creek Lane, Arlington Heights, Illinois for a contract price that would increase the per share consideration payable in the merger by an estimated \$0.05 per common share. Assuming that the property located at 2221 University Avenue SE, Minneapolis, Minnesota is sold to the University of Minnesota for its contract price and the property located at 3550 Salt Creek Lane, Arlington Heights, Illinois is sold for its contract price, the Company estimates that its common shareholders would be entitled to receive \$15.60 per share in cash upon completion of the merger.

The Company has also entered into a separate agreement with Fortis Asset Management relating to its property located at 2221 University Avenue SE, Minneapolis, Minnesota. That agreement provides for Fortis' purchase of this property in the event the sale of the property to the University of Minnesota is not consummated. If this property is sold to Fortis for the price specified in the contract with Fortis, the per share consideration payable in the merger would be increased by an estimated \$0.08 per common share rather than an estimated \$0.11 per common share.

The amount of any increase in the merger consideration will be equal to each common share's ratable portion of the increase, rounded to the nearest whole cent, as described in the merger agreement. The Company will publicly announce any increase in the merger consideration prior to the completion of the merger. However, there can be no assurance that the Company will consummate the sale of its property located at 2221 University Avenue SE, Minneapolis, Minnesota to either the University of Minnesota or Fortis or that it will consummate the sale of its property located at 3550 Salt Creek Lane, Arlington Heights, Illinois. In addition, there are no understandings or contracts with respect to any of the other potential sale of properties and there can be no assurance that the Company will sell any of those properties.

The proposed merger with Transwestern is contingent on shareholder approval and certain other closing conditions but is not contingent on the completion of any of the additional property sales. The proposed sales of individual properties are not contingent on one another or the merger, and each of the proposed property sale transactions is subject to customary closing conditions. The Company expects that the property sale transactions currently under contract will close in April 2004 and expects the merger to close in the April or May of 2004.

The Board of Trustees of the Company determines the Company's dividend policy. The payment of dividends, other than those declared to date, is subject to future action of the Board of Trustees and

will depend upon several factors including but not limited to the Company's cash position, operating results and general financial condition. Pursuant to the merger agreement with Transwestern, the Board of Trustees suspended the payment of dividends on the Common Shares in January 2004.

On January 16, 2003, the Company entered into a 10-year mortgage loan in an amount of \$40,000 secured by the medical office properties. This loan accrues interest at 5.43% per annum payable monthly along with monthly principal payments based on a 30-year amortization schedule.

On March 24, 2003, the Company entered into a \$31,500 secured credit facility. The facility bears interest at LIBOR plus 1.45% payable monthly, has a term of three years and is secured by the Company's properties located in Dublin and Columbus, Ohio.

On July 8, 2003, the Company sold its properties located at 165 and 175 Hansen Court, Wood Dale, Illinois, for a contract price of \$3,922 with a gain on sale of \$1,657. Proceeds from the sale were used for the repayment of long-term debt (\$2,300) and the balance for working capital.

Edgar Filing: GREAT LAKES REIT - Form 10-K

On September 12, 2003, the Company sold its property located at 191 Waukegan Road, Northfield, Illinois for a contract price of \$6,100 with a gain on sale of \$534. Proceeds from the sale were used for the repayment of long-term debt (\$2,800) and the balance for working capital.

On December 15, 2003, the Company sold its property located at 823 Commerce Drive, Oak Brook, Illinois for a contract price of \$5,600 with a gain on sale of \$1,833. Proceeds from the sale were used for the repayment of long-term debt (\$3,200) and the balance for working capital.

On March 1, 2004, the Company sold its portfolio of medical office properties for a contract price of \$69,000, including the assumption of \$39,501 of long-term debt. The proceeds from sale were used to repay the secured bank loan payable and for working capital.

On March 2, 2004, the Company sold its property located at 2550 University Avenue W, St. Paul, Minnesota for a contract price of \$35,000. The proceeds from sale were used to repay long-term debt in the amounts of \$19,617 and for working capital.

As of December 31, 2003, the Company is subject to certain contractual obligations as described in the table below:

	<u>Total</u>	<u>Less than one year</u>	<u>1-3 years</u>	<u>3-5 years</u>	<u>More than 5 years</u>
Long-term debt	\$ 308,947	\$ 7,776	\$ 53,703	\$ 96,071	\$ 151,397
Capital lease obligations	\$	\$	\$	\$	\$
Operating lease obligations	\$ 448	\$ 230	\$ 216	\$ 2	\$
Purchase obligations:					
Tenant improvement construction(1)	\$ 3,736	\$ 3,736	\$	\$	\$
Leasing commissions(2)	\$ 314	\$ 314	\$	\$	\$

(1) Tenant improvement construction represents amounts estimated to be paid to build out tenant spaces in the Company's properties where the tenant has executed a lease as of December 31, 2003 but construction of the improvements has not yet commenced or been completed.

(2) Leasing commissions represent amounts payable upon completion of the tenant improvement construction and the tenant taking physical occupancy of the space under lease.

The Company incurred \$17,768 and \$2,587 for building improvements (including tenant improvements) and leasing commissions, respectively, in 2003. If the merger with Transwestern is not consummated, the Company expects to incur a similar amount of these expenditures in 2004.

If the merger with Transwestern is not consummated, the Company expects to meet its short-term and medium-term liquidity requirements for property acquisitions and significant capital improvements

through targeted property dispositions and additional borrowings. The Company has approximately \$41,000 of additional borrowing capacity through two secured credit facilities. Declining occupancies in the Company's properties expected in 2004 may cause the Company to limit any future acquisition activity funded by long-term borrowings to maintain liquidity for future significant capital improvements, tenant improvements and other leasing costs and working capital. The Company expects to meet its long-term liquidity requirements (such as scheduled mortgage debt maturities, property acquisitions and significant capital improvements) through long-term collateralized and uncollateralized borrowings, the issuance of debt or equity securities and targeted property dispositions.

For a discussion of trends with the potential for impact on the Company's operating activities and its liquidity and capital resources, see "Trends" above.

Statements of Cash Flows

2003 Compared to 2002

Cash provided by operating activities decreased by \$11,566 as compared to 2002 as the cash flow from operations generated by properties acquired in 2002 subsequent to the dates of their acquisitions was offset by declines in cash flow from operations that resulted from occupancy declines in properties owned throughout 2003 and 2002.

Net cash used in investing activities decreased by \$66,169 as compared to 2002 as the Company did not acquire any properties in 2003 and generated \$14,641 in property sales proceeds in 2003 as compared to the acquisition of 11 properties in 2002 at a cost of \$86,361 and generated \$33,052 of disposition proceeds in 2002.

Net cash used in financing activities was \$27,834 in 2003 as compared to net cash provided by financing activities in 2002 of \$31,275 as the Company's financing activities in 2003 consisted mainly of the payment of dividends and the repayment of long-term debt as compared to 2002 where a significant amount of long-term debt was incurred to acquire additional properties in 2002.

2002 Compared to 2001

Cash provided by operating activities increased by \$93 as compared to 2001 as the cash flow from operations generated by properties acquired in 2002 subsequent to the dates of their acquisitions offset declines in cash flow from operations that resulted from occupancy declines in properties owned throughout 2002 and 2001.

Net cash used in investing activities increased by \$228 as compared to 2001 as the Company acquired 11 properties in 2002 at a cost of \$86,361 and generated \$33,052 of disposition proceeds in 2002 from the sale of four properties in 2002 compared to the acquisition of two properties in 2001 at a cost of \$56,759 and no property dispositions in 2001.

Net cash provided by financing activities increased by \$189 as compared to 2001 as the Company's financing activities in 2002 were similar to 2001 in that the Company incurred additional indebtedness in both years to finance its net acquisition activity.

Forward-Looking Statements

This annual report on Form 10-K contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks and uncertainties. The statements included in this annual report on Form 10-K regarding dividend policy, anticipated results for future periods, the expectations regarding future property dispositions, timing of the closing of the proposed merger, future portfolio occupancy rates, the Company's expectation for portfolio leasing, expectations regarding local real estate market developments and the economic characteristics of the markets in

which the Company operates, are "forward-looking statements" made in reliance on the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Though these statements are based on risks, assumptions and other factors that management believes to be reasonable, actual results may differ from those expected or implied by the "forward-looking statements." Key factors that may cause actual results to differ from projected results include: risks associated with the satisfaction of the conditions to complete the merger, including the failure to obtain the necessary shareholder approval or required lender consents in a timely manner or at all; conflicts of interest that may influence the Company's officers and trustees to support or recommend the merger; the continuing contribution of key personnel and the Company's ability to attract and retain new personnel; conditions in the financial markets generally and the market for real estate finance specifically; local or national economic conditions; the pace of office space development and sub-lease availability; tenant office space demand; the financial position of the Company's tenants, including changes in such financial condition that may lead to increases in tenant defaults and the performance of Legion Insurance Company; actual tenant default rates compared to anticipated default rates; changes in interest rates; the impact of current or pending litigation; other risks inherent in the real estate business; and the other risks and uncertainties discussed in the Company's reports and other documents filed with the Securities and Exchange Commission from time to time. For further information, reference should be made to the other reports and information that the Company has filed and may file with the Securities and Exchange Commission.

ITEM 7A QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK (Dollars in thousands)

Edgar Filing: GREAT LAKES REIT - Form 10-K

The Company's interest income is sensitive to changes in the general levels of U.S. short-term interest rates.

The Company's interest expense is sensitive to changes in the general level of U.S. short-term and long-term interest rates as the Company has outstanding indebtedness at fixed and variable rates. A change in variable interest rates of 1% per annum would increase or decrease the Company's interest expense by \$413 per annum based on the amount of variable rate debt outstanding at December 31, 2003 (\$41,306).

As of December 31, 2003, a portion of the Company's long-term debt bears interest at a variable rate of LIBOR plus 1.35%. The Company is a party to a swap agreement that effectively fixes the interest rate on \$25,000 this debt at a maximum of 4.88% per annum until December 2004.

At December 31, 2003, the Company had \$267,641 of fixed rate debt outstanding at an average rate of 5.89% (including the effect of the swap agreement). The Company has long-term debt outstanding at fixed rates in the range of 4.3% to 7.44%. The general level of interest rates in the United States as of February 1, 2004 is such that refinancing this debt at current rates would be unlikely due to prepayment restrictions and penalties on its fixed rate debt. If the general level of interest rates in the United States were to fall further, the Company would not likely have the opportunity to refinance this fixed rate debt at lower interest rates due to prepayment restrictions and penalties on its fixed rate debt.

In general, the Company believes long-term fixed rate debt is preferable as a financing vehicle for its operations due to the long-term fixed contractual rental income the Company receives from its tenants. As a result, the Company has 87% of its long-term debt outstanding at December 31, 2003 at fixed rates (including the debt affected by the swap agreement). The Company may, as market conditions warrant, enter into additional fixed rate long-term debt instruments on either a secured or unsecured basis.

27

A tabular presentation of interest rate sensitivity is as follows:

	Interest Rate Sensitivity						
	Principal Amount by Expected Maturity						
	Average Interest Rate						
	2004	2005	2006	2007	2008	Thereafter	Total
Liabilities:							
Fixed Rate							
Mortgage loans payable	\$ 6,116	\$ 6,506	\$ 26,646	\$ 16,413	\$ 36,248	\$ 150,712	\$ 242,641

(1) The maximum interest rate is 4.88% per annum until December 2004. The average interest rate during 2003 was 4.88%.

(2) At December 31, 2003, the interest rate ranged from LIBOR plus 1.35% per annum to LIBOR plus 1.6% per annum. The average interest rate during 2003 was 2.82% per annum.

(3)

Edgar Filing: GREAT LAKES REIT - Form 10-K

The interest rate at December 31, 2003, was LIBOR plus 1.45%. The average interest rate during 2003 was 2.61%

(4)

The interest rate is reset weekly. Including credit enhancement costs, the average interest rate during 2003 was 3.1% per annum.

ITEM 8 FINANCIAL STATEMENTS

The financial statements and supplementary data required by Regulation S-X are included in this annual report on Form 10-K commencing on Page F-1.

ITEM 9 CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A CONTROLS AND PROCEDURES

The Company maintains a set of disclosure controls and procedures designed to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. Within the 90-day period prior to the filing of this report, an evaluation was carried out under the supervision and with the participation of the Company's management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of the Company's disclosure controls and procedures. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures are effective.

Subsequent to the date of their most recent evaluation, there have been no significant changes in the Company's internal control of financial statements or in other factors that could significantly affect the internal control of financial statements.

28

PART III

ITEM 10 TRUSTEES AND EXECUTIVE OFFICERS OF THE REGISTRANT

The name, age and current principal position(s), if any, with the Company of each trustee and executive officer is listed below. The Company's executive officers are elected annually and, subject to the terms of any applicable employment agreements, serve at the pleasure of the Company's Board of Trustees.

Name	Trustee Since	Age	Present Principal Position and Offices with the Company
Richard A. May	1992	59	Chairman of the Board and Chief Executive Officer
Matthew S. Dominski	2001	49	Trustee
Patrick R. Hunt	1998	50	President, Chief Operating Officer and Trustee
Daniel P. Kearney	1998	64	Trustee
Leandra R. Knes	2002	47	Trustee
Donald E. Phillips	1992	71	Trustee
James E. Schrager	2001	53	Trustee
Richard E. Terry	2002	66	Trustee
Richard L. Rasley		47	Executive Vice President, Secretary and Co-General Counsel
James Hicks		48	Chief Financial Officer and Treasurer
Raymond M. Braun		44	Chief Investment Officer
Kim S. Mills		55	Senior Vice President Leasing
Edith M. Scurto		38	Senior Vice President Medical Office Properties

Richard A. May. Mr. May co-founded the Company in 1992 and has served as principal executive officer and as Chairman of the Board of the Company since its inception. Mr. May currently is the Chairman of the Board and Chief Executive Officer of the Company. In 1986,

Edgar Filing: GREAT LAKES REIT - Form 10-K

Mr. May co-founded Equity Partners Ltd. ("Equity Partners"). Equity Partners provided advisory services to the Company from 1992 until April 1, 1996, when Equity Partners merged with and into the Company. Mr. May was an officer and shareholder of Equity Partners from 1986 until the 1996 merger. Mr. May is a licensed real estate broker in the States of Illinois and Indiana and holds several inactive National Association of Securities Dealers, Inc. licenses. He is also a member of the NAREIT. Mr. May received his Bachelor's degree from the University of Illinois and received his MBA degree from The University of Chicago.

Matthew S. Dominski. Mr. Dominski was first elected to the Board of Trustees in 2001. Mr. Dominski currently is managing director of Polaris Capital, LLC a Chicago-based investment firm. From November 2000 until May 2002, Mr. Dominski was President of Rodamco North America, and its wholly owned subsidiary, Urban Retail Properties, Co., an owner and operator of retail properties throughout the United States. From 1993 through November 2000, Mr. Dominski was President and then Chief Executive Officer of Urban Shopping Centers, Inc. In November 2000, Urban Shopping Centers, Inc. was acquired by Rodamco North America. He currently serves as a trustee of the International Council of Shopping Centers, the largest trade group of the shopping center industry. Mr. Dominski received his Bachelor's degree from Trinity College in Hartford, Connecticut, and received his MBA degree from The University of Chicago.

Patrick R. Hunt. Mr. Hunt, currently President and Chief Operating Officer and a member of the Board of Trustees, joined the Company in 1997 and has had general supervisory responsibility for the Company's operating activities since then. From 1983 until 1997, Mr. Hunt was employed by Jones Lang LaSalle (formerly LaSalle Partners), a Chicago-based provider of international real estate services. At Jones Lang LaSalle, Mr. Hunt most recently served as a managing director of portfolio management and client servicing of Jones Lang LaSalle's commingled fund investments. Prior to that,

29

he served as Administrative Head of Jones Lang LaSalle's Los Angeles corporate office. From 1975 to 1983, Mr. Hunt was employed by Harris Trust and Savings Bank in Chicago, where he served as a Vice President in the Corporate Banking Department. Mr. Hunt is a member of the Pension Real Estate Association and NAREIT. He received his Bachelor's degree from Northwestern University and his MBA degree from The University of Chicago.

Daniel P. Kearney. Mr. Kearney has served as a member of the Board of Trustees since 1998. Mr. Kearney currently is an independent financial consultant. From 1990 through February 1998, Mr. Kearney was employed by Aetna Inc., a diversified insurance and financial services company. He most recently served as Executive Vice President and Chief Investment Officer of Aetna Inc. and as President of Aetna Retirement Services. Mr. Kearney currently serves as a member of the Board of Directors of: MBIA, Inc., a municipal bond financial guarantee company that is listed on the NYSE; MGIC Investment Corporation, a holding company listed on the NYSE that, through a wholly owned subsidiary, provides private mortgage insurance; and Fiserv, Inc., a Nasdaq company that is a provider of data processing and information management services. Mr. Kearney received his Bachelor's degree and Master's degree from Michigan State University and received his JD degree from The University of Chicago.

Leandra R. Knes. Ms. Knes has served as a member of the Board of Trustees since 2002. Ms. Knes is the Chief Executive Officer, President and Chief Investment Officer of PPM America, Inc. ("PPMA"), a wholly owned subsidiary of Prudential, plc, one of Great Britain's largest insurers. PPMA is an investment manager responsible for Prudential's North American portfolio and manages over \$55 billion in assets. Ms. Knes has been with PPMA since 1997. Prior to joining PPMA, Ms. Knes was Chief Investment Officer of a division of Aetna Inc. Ms. Knes received her Bachelor's degree from Purdue University and her MBA degree from The University of Chicago.

Donald E. Phillips. Mr. Phillips has served as a member of the Board of Trustees since 1992. Mr. Phillips currently is retired. From 1960 until 1980, Mr. Phillips served as a corporate executive in a variety of capacities for International Minerals & Chemicals Corporation of Northbrook, Illinois, and, from 1976 to 1980, he was Group President & CEO of IMC Industry Group, Inc. ("IMC"), a chemical and minerals firm. From 1980 until 1988, he served as Group President and CEO of Pitman Moore, Inc., then a wholly owned subsidiary of IMC. Mr. Phillips received his Bachelor's degree from Mississippi College and received his MBA degree from the University of Mississippi. He is also a graduate of the Executive Program in Business Administration in the Graduate School of Business, Columbia University, and he is a recipient of an Honorary Doctor of Laws degree from Mississippi College.

James E. Schragar. Mr. Schragar has served as a member of the Board of Trustees since 2001. Mr. Schragar is a Clinical Professor of Entrepreneurship and Strategy at The University of Chicago Graduate School of Business. He is the founder and President of Great Lakes Group, a management-consulting group, not affiliated with Great Lakes REIT, that specializes in business strategy consulting, and is the Managing Director of Master Mini Warehouse, LLP. Mr. Schragar received his Bachelor's degree from Oakland University in Rochester, Michigan, his MBA degree from the University of Colorado, his JD from DePaul University and his PhD degree from The University of Chicago. Mr. Schragar also is a Certified Public Accountant.

Edgar Filing: GREAT LAKES REIT - Form 10-K

Richard E. Terry. Mr. Terry has served as a member of the Board of Trustees since 2002. Mr. Terry is currently retired. From 1990 until 2002 Mr. Terry was Chairman and Chief Executive Officer of Chicago-based Peoples Energy Corporation, a diversified energy firm with several business lines including natural gas distribution, power generation and oil and gas production. Mr. Terry currently serves as a member of the board of directors of Amsted Industries, a diversified industrial products manufacturing firm, and Harris Financial Corporation, which is a bank holding company for banking and financial products companies. Mr. Terry received his Bachelor's degree from St. Norbert College, De Pere, Wisconsin, and his JD degree from the University of Wisconsin - Madison.

30

Richard L. Rasley. Mr. Rasley co-founded the Company in 1992 and has served as an executive officer of the Company since its inception. Mr. Rasley is currently the Executive Vice President, Secretary and Co-General Counsel of the Company and has served in such capacities since the April 1996 merger with Equity Partners, with general supervisory responsibility for administrative and legal matters. From 1987 until April 1, 1996, Mr. Rasley was an officer and shareholder of Equity Partners. Mr. Rasley is a Certified Public Accountant, holds several inactive NASD licenses, and is a member of the Illinois Bar and NAREIT. Mr. Rasley received his Bachelor's Degree from the University of Iowa and his MBA and JD degrees from the University of Illinois.

James Hicks. Mr. Hicks, is currently Chief Financial Officer and Treasurer of the Company. Mr. Hicks joined Equity Partners in 1994 and currently has general supervisory responsibility for the finance and accounting activities of the Company. Mr. Hicks has served as Chief Financial Officer and Treasurer of the Company since the April 1996 merger with Equity Partners. From 1989 to 1993, Mr. Hicks was employed by JMB Institutional Realty Corporation, which was a real estate adviser to pension funds and other institutional investors, as a vice president of portfolio management with responsibility for overall asset management of a portfolio of international and domestic commercial real estate properties. He received his Bachelor's degree in Accounting and Mathematics from Augustana College and his MBA degree from Northwestern University. Mr. Hicks is a Certified Public Accountant and is a member of the Illinois CPA Society and American Institute of Certified Public Accountants.

Raymond M. Braun. Mr. Braun, currently Chief Investment Officer, joined Equity Partners in May 1990 and currently has primary responsibility for all of the Company's real estate acquisition activities. Mr. Braun has served in such capacity since the April 1996 merger with Equity Partners. Prior to joining Equity Partners, Mr. Braun was employed from 1986 to 1990 by The Balcor Company, a major real estate investment company involved in all aspects of real estate including development, management, syndication and mortgage lending. Mr. Braun received his Bachelor's degree from the University of Illinois. Mr. Braun is a member of the National Association of Industrial and Office Park Realtors.

Kim S. Mills. Mr. Mills, Senior Vice President - Leasing, joined Equity Partners in January 1996. Mr. Mills has primary responsibility for all of the Company's leasing activities. Mr. Mills has served as an executive officer of the Company in his present capacity since the April 1996 merger with Equity Partners. Prior to joining Equity Partners, Mr. Mills was employed by Simon Property Group REIT, a commercial property REIT, from 1992 to 1995 as a regional manager with responsibility for overall portfolio management of high rise office buildings totaling over four million square feet. Mr. Mills received his Bachelor's degree from Ohio Northern University and has a Real Property Administrator designation from the Building Owners and Managers Association.

Edith M. Scurto. Ms. Scurto is currently the Senior Vice President - Medical Office Properties of the Company. Ms. Scurto joined Equity Partners in December 1986. In August 1987, she assumed responsibility for the Advisor's property management activities. Ms. Scurto became an executive officer of the Company in December 1997, serving as Senior Vice President - Property Management until October 2002 and in her present capacity since that time as discussed below. Until October 2002, she managed or oversaw the management of all of Equity Partners' and the Company's properties, and was involved with virtually every aspect of property management, reporting, improvement and maintenance. In October 2002, Ms. Scurto assumed responsibility for general business management and operations of the Company's medical office properties. Ms. Scurto is a current member of the Institute of Real Estate Management, maintains an Illinois Real Estate Sales Person License and is a Certified Property Manager.

Involvement in Legal Proceedings

On January 23, 2004, a lawsuit was filed in the Circuit Court of Cook County, Illinois, as a purported class action on behalf of the Company's shareholders, asserting claims against the Company's

31

Edgar Filing: GREAT LAKES REIT - Form 10-K

trustees and the Company for alleged breach of fiduciary duties in connection with the proposed merger with Transwestern and the sales contracts for the portfolio of medical office buildings and the Minnesota properties. The lawsuit claims that the transactions improperly favored the Company's trustees and Transwestern at the expense of the interests of the Company and its public shareholders. The Company believes the claims asserted in this lawsuit are without merit and intends to vigorously defend the lawsuit.

Audit Committee

The Audit Committee of the Board of Trustees of the Company (the "Audit Committee") was established by the Board of Trustees in 1994. The Audit Committee Charter adopted by the Board of Trustees gives the Audit Committee responsibility for: the engagement of independent auditors; reviewing the independent auditor's quality control; reviewing the independence of the Company's independent auditors; reviewing with the independent auditors the plans and results of the audit engagement; considering the range of audit and non-audit professional fees and reviewing those fees with the independent accountants and management; reviewing the adequacy of the Company's internal accounting controls; reviewing the Company's earnings press releases; and assessing the adequacy of the Audit Committee Charter, among other designated duties. As described in the Audit Committee Charter, the Audit Committee is required to be comprised of three or more members of the Board of Trustees who meet the independence criteria of (a) the rules of the NYSE, as such requirements are interpreted by the Board in its business judgment and as set forth in the Company's Corporate Governance Guidelines, and (b) Section 301 of the Sarbanes-Oxley Act of 2002 and any rules promulgated thereunder by the Securities and Exchange Commission. The current members of the Audit Committee are Messrs. Terry (Chairman), Schrager and Phillips, and Ms. Knes.

The Board of Trustees has determined that all members of the Audit Committee are independent and that Mr. Terry meets the requirements to be designated as the Audit Committee's financial expert. The Audit Committee financial expert has an understanding of generally accepted accounting principles and financial statements, the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves, experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements, or experience actively supervising one or more persons engaged in such activities, an understanding of internal control over financial reporting and an understanding of audit committee functions.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's trustees and executive officers, and holders of 10% or more of the outstanding Common Shares, to file an initial report of ownership (Form 3) and reports of changes of ownership (Forms 4 and 5) of Common Shares with the Securities and Exchange Commission. Such persons are required to furnish the Company with copies of all Section 16(a) forms that they file. Based solely upon a review of these filings and written representations from the Company's trustees and executive officers that no other reports were required, the Company notes that no Section 16(a) reports related to 2003 were delinquent.

Code of Ethics

The Company has adopted a code of business conduct and ethics that applies to all employees, including its Chief Executive Officer and Chief Financial Officer. The code of business conduct and ethics is available on the Company's website at www.greatlakesreit.com under the Corporate Governance tab. A copy of the code of business conduct and ethics is available, upon request, free of charge by writing the Secretary of the Company as follows: Great Lakes REIT, 823 Commerce Drive, Oak Brook, Illinois, 60523.

32

ITEM 11 EXECUTIVE COMPENSATION

Summary Compensation Table

The table below sets forth the summary compensation of the Chief Executive Officer and the four other most highly paid executive officers of the Company (the "Named Executive Officers") based on the aggregate compensation paid to such officers in 2003.

Name and Principal Position	Year	Long Term Compensation						
		Annual Compensation			Awards		Payouts	
		Salary (\$)	Bonus (\$)	Other (\$)	Restricted Share Awards (\$)	Securities Underlying Options (#)	LTIP Payouts (\$)	All Other Compensation \$(1)

Edgar Filing: GREAT LAKES REIT - Form 10-K

Long Term Compensation

Richard A. May	2003	318,694	135,445		18,795
Chief Executive Officer	2002	306,731	76,683		29,958
	2001	299,250	68,828		9,413
Patrick R. Hunt	2003	285,725	121,433	68,400	17,015
President	2002	256,655	64,164		15,784
	2001	250,394	58,843		15,245
Richard L. Rasley	2003	169,901	57,766	54,410	9,115
Executive Vice President	2002	163,524	32,705		8,204
	2001	151,939	29,913		7,656
Raymond M. Braun	2003	184,507	78,415		16,508
Chief Investment Officer	2002	177,581	44,395		15,619
	2001	173,250	43,313		15,215
James Hicks	2003	184,507	78,415	32,000	10,703
Chief Financial Officer	2002	177,581	35,516		9,784
	2001	173,250	34,650		9,245

(1) These amounts represent payments made by the Company for financial planning services and group life and health insurance premiums.

Option/SAR Grants in Fiscal 2003

The following table sets forth certain information regarding share purchase options granted to and exercised by the Named Executive Officers during 2003 and the share purchase options held by them as of December 31, 2003. The Company granted no SARs during 2003.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (2)(%)	
	Number of Securities Underlying Options/SARS Granted (1)	% of Total Options/SARS Granted to Employees in Fiscal Year	Exercise Price (\$/Share)	Expiration Date	5%	10%
Richard A. May						
Patrick R. Hunt	68,400	26.54%	14.50	4/17/13	\$ 623,738	\$ 1,580,674
Richard L. Rasley	54,410	21.11%	14.50	4/17/13	\$ 496,163	\$ 1,257,375
Raymond M. Braun						
James Hicks	32,000	12.42%	14.50	4/17/13	\$ 291,807	\$ 739,497

(1) Such options were granted on April 17, 2003 under the Incentive Plan. Options on one-third of the shares covered thereby become exercisable on the anniversary of the date of the grant, April 17, 2003, in each of the years 2004, 2005 and 2006. Such options expire upon the earliest of:

Edgar Filing: GREAT LAKES REIT - Form 10-K

(i) April 17, 2013, (ii) one year after the termination of the optionee's employment due to death or disability or (iii) three months after the termination of the optionee's employment for any other reason. All such options become exercisable in full upon a change in control of the Company.

(2)

Based on a ten-year term and annual compounding, the 5% and 10% calculations are set forth in compliance with Securities and Exchange Commission rules. The appreciation calculators are not necessarily indicative of future values of options or of the Common Shares.

Aggregated Option Exercises in Fiscal 2003 and Fiscal Year-End Option/SAR Values

The following table sets forth information concerning all share purchase options exercised during fiscal 2003 and unexercised share purchase options held at the end of that fiscal year by the Named Executive Officers.

Name	Shares Acquired on Exercise (#)	Value Realized (\$)	Number of Underlying Unexercised Options at 12/31/03		Value of Unexercised In-the-Money Options/SARS at 12/31/03 (1)	
			Exercisable (# of Shares)	Unexercisable (# of Shares)	Exercisable (\$ Value)	Unexercisable (\$ Value)
Richard A. May			198,291		26,459	
Patrick R. Hunt			115,900	68,400	24,362	82,080
Richard L. Rasley			105,025	54,410	14,831	65,292
Raymond M. Braun			103,014		13,836	
James Hicks	2,150	33,775	33,450	32,000		38,400

(1)

Value based on the per share closing price of the Common Shares of \$15.70 on December 31, 2003, as reported on the NYSE Composite Tape, minus the exercise price.

Compensation of Trustees

Members of the Board of Trustees and committees thereof who are not employees of the Company ("Non-Employee Trustees") receive an annual retainer fee of \$16,000 plus fees of \$1,000 for each day on which they attend a meeting of the Board of Trustees in person, \$500 for each day on which they attend a meeting of a committee of the Board of Trustees in person and \$250 for each day on which they participate telephonically in a meeting of the Board of Trustees or a committee thereof. The Company reimburses each Non-Employee Trustee for expenses incurred in attending meetings. In addition, Non-Employee Trustees currently are eligible to be granted annual options to purchase up to 5,000 Common Shares under the Incentive Plan at a price equal to the fair market value of the Common Shares as of the end of each fiscal year. As compensation for services performed during 2003, each of Messrs. Dominski, Kearney, Phillips, Schragger and Terry and Ms. Knes received an option to purchase 5,000 Common Shares at an exercise price of \$15.88 per share. Such options were exercisable when granted and will expire on the earlier of December 31, 2013 or six months after a trustee is removed by the shareholders for cause pursuant to the Company's Declaration of Trust.

During the period of 30 days after any "change in control," a person entitled to exercise an option granted under the Incentive Plan may elect to require the Company to purchase all or any portion of such option at a purchase price equal to the difference between the fair market value and the option exercise price. For purposes of the Incentive Plan, a "change in control" means (i) certain consolidations or mergers of the Company; (ii) certain sales of all or substantially all of the assets of the Company; (iii) the filing of a Schedule 13D or Schedule TO under the Exchange Act disclosing that any person had become the beneficial owner of 20% or more of the issued and outstanding shares of voting securities of the Company; (iv) certain filings of reports or proxy statements with the Securities

Edgar Filing: GREAT LAKES REIT - Form 10-K

and Exchange Commission; or (v) during any period of two consecutive years, individuals who at the beginning of any such period constitute the Board of Trustees cease for any reason to constitute at least a majority thereof unless the election, or the nomination for election by the Company's shareholders, of each new member of the Board of Trustees was approved by a vote of at least two-thirds of the members of the Board of Trustees then still in office at the beginning of any such period.

As cash compensation for their services in 2003, the Non-Employee Trustees earned the following amounts: Mr. Dominski, \$33,050; Mr. Kearney, \$31,350; Ms. Knes, \$24,000; Mr. Phillips, \$29,150; Mr. Schrage, \$29,000; and Mr. Terry \$29,900.

Employment Agreements

The Company and each of the Named Executive Officers are parties to certain employment agreements (the "Employment Agreements"). Pursuant to the Employment Agreements, each of the Executive Officers has agreed to serve as an executive officer of the Company for a specified term, which for Messrs. May and Hunt is through June 30, 2005, and for Messrs. Rasley, Hicks and Braun is through June 30, 2004. However, the term of the Employment Agreements for Messrs. May and Hunt is automatically extended for an additional year commencing on the date two years prior to the termination date of such agreements. The term of the Employment Agreements for Messrs. Rasley, Hicks and Braun will be automatically extended for an additional year commencing on the date that is one year prior to the termination date of such agreements. Each of the Named Executive Officers has agreed to refrain from engaging in certain defined competitive activities for a one-year period following any termination for which he has received a payment under his Employment Agreement.

Each Employment Agreement provides for compensation to be paid to the respective Named Executive Officer under four different scenarios. First, if the Named Executive Officer's employment is terminated for any reason other than for cause, his death or his permanent disability, or if he terminates his employment for "Good Reason," the Named Executive Officer will be entitled to receive a lump sum payment equal to two times the sum of: (1) his highest base pay for any period prior to the termination of his employment and (2) his most recent bonus percentage multiplied by such annual base pay. In addition, for a period of 12 months following any such termination, the Company will continue to provide the Named Executive Officer with employee benefits that are substantially similar to those he was receiving or entitled to receive prior to such termination. Second, if the Named Executive Officer's employment is terminated due to his permanent disability, the Named Executive Officer will be entitled to receive a lump sum payment equal to two times the sum of: (1) his highest base pay for any period prior to the termination of his employment and (2) his most recent bonus percentage multiplied by such annual base pay. In addition, for a period of 24 months following any such termination, the Company will continue to provide the Named Executive Officer with employee benefits that are substantially similar to those he was receiving or entitled to receive prior to such date. Third, if the Named Executive Officer's employment is terminated due to his death, his estate will be entitled to receive a lump sum payment equal to two times the sum of: (1) the Named Executive Officer's highest base pay for any period prior to the termination of his employment and (2) his most recent bonus percentage multiplied by such annual base pay. Fourth, in the event there has been a "Change in Control," if the Named Executive Officer's employment is terminated for any reason other than for cause, including as a result of the Named Executive Officer's death or permanent disability, during a 12-month severance period following any such Change in Control, each of Messrs. Rasley, Braun and Hicks will be entitled to receive a lump sum payment equal to two times, and each of Messrs. May and Hunt will be entitled to receive a lump sum payment equal to three times, the sum of: (1) his highest base pay for any period prior to the termination of his employment and (2) an amount equal to the product of such base pay multiplied by the greater of (a) a fraction, the numerator of which is the average of the aggregate amounts of incentive pay earned by the executive during each

35

of the three then most recently completed fiscal years of the Company, and the denominator of which is the average of base pay (as in effect for each of the three then most recently completed fiscal years of the Company), or (b) a fraction, the numerator of which is the aggregate amount of incentive pay earned by the executive during the most recently completed fiscal year of the Company (or any successor thereto) and the denominator of which is the executive's base pay (as in effect for the most recently completed fiscal year of the Company or any successor thereto). In addition, for a period of 12 months following the termination of his employment, the Company will continue to provide the Named Executive Officer with employee benefits that are substantially similar to those he was receiving or entitled to receive prior to such termination. Any payments made by the Company pursuant to such Employment Agreements will be increased, or "grossed up," as required in the event the contractual payments to any of the Named Executive Officers become subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986.

"Good Reason" is defined in the Employment Agreements as (1) the executive's resignation or retirement is requested by the Company other than for cause; (2) any significant change in the nature or scope of the executive's duties or level of authority and responsibility; (3) any reduction in the executive's applicable total compensation or benefits, other than a reduction in compensation or benefits applicable to substantially all of the Company's employees; (4) a breach by the Company of any other material provision of the Employment Agreement; or (5) a reasonable determination by the executive that, as a result of a Change in Control and a change in circumstances thereafter significantly affecting the executive's position, the executive is unable to exercise the prior level of the executive authority and responsibility. A "Change in Control" is deemed to occur under the Employment Agreements if (i) any person becomes the beneficial owner of 50% or more of the

Edgar Filing: GREAT LAKES REIT - Form 10-K

outstanding Common Shares, (ii) during any 24-month period, individuals who at the beginning of such period constitute the Board of Trustees (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board of Trustees; provided, however, that any individual becoming a trustee during such period whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the trustees then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding for this purpose any such individual whose initial assumption of office is in connection with an actual or threatened contest for the election of trustees (as such terms are used in Rule 14a-11 of Regulation 14A promulgated under the Exchange Act or any successor rule) or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board of Trustees, (iii) certain consolidations or mergers of the Company occur, (iv) certain sales, leases, exchanges or other transfers of all, or substantially all, of the assets of the Company occur or (v) the Company files a report or proxy statement with the Securities and Exchange Commission stating that a change in control of the Company has occurred or will occur in the future pursuant to any then-existing contract or transaction.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee currently consists of Messrs. Kearney (Chairman), Dominski and Schragger. During 2003, none of the Company's executive officers served on the board of directors of any entity whose directors or officers serve on the Compensation Committee. None of the members of the Compensation Committee is or has ever been an officer or employee of the Company or had any other relationship with the Company, except as a member of the Board of Trustees and as a shareholder.

Pursuant to the Employee Loan Program, an aggregate principal amount of \$2,958,156 in loans made to the Named Executive Officers by the Company was outstanding at December 31, 2003. Such loans bear interest, payable quarterly, of 6.83%, the interest rate of borrowings under the largest of the Company's fixed rate mortgage loans. See " Limited Purpose Employee Loan Program" for a description of such loans.

36

ITEM 12 SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of Common Shares as of March 1, 2004 by (1) each trustee, (2) each of the Named Executive Officers, (3) all trustees and executive officers of the Company as a group and (4) each other person who is known by the Company to be the beneficial owner of 5% or more of the outstanding Common Shares. Unless otherwise indicated in a footnote, all such Common Shares are owned directly, and the indicated person has sole voting and investment power.

Name and Address of Beneficial Owner	Shares Beneficially Owned(1)	Percentage Beneficially Owned
Barclays Global Investors, NA and Barclays Global Fund Advisors(2) 45 Fremont Street San Francisco, CA 94105	1,048,881	6.52%

See the information regarding securities authorized for issuance under equity compensation plans included in Item 5 of Part II of this annual report on Form 10-K.

See also the information regarding the Company's proposed merger with Transwestern included in Item 1 of Part I of this annual report on Form 10-K. If the merger is completed, it will result in a change in control of the Company.

ITEM 13 CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Compensation Committee currently consists of Messrs. Kearney (Chairman), Dominski and Schragger. During 2003, none of the Company's executive officers served on the board of directors of any entity whose directors or officers serve on the Compensation Committee. None of the members of the Compensation Committee is or has ever been an officer or employee of the Company or had any other relationship with the Company, except as a member of the Board of Trustees and as a shareholder.

Edgar Filing: GREAT LAKES REIT - Form 10-K

Pursuant to the Employee Loan Program, an aggregate principal amount of \$2,958,156 in loans made to the Named Executive Officers by the Company was outstanding at December 31, 2003. Such loans bear interest, payable quarterly, of 6.83%, the interest rate of borrowings under the largest of the Company's fixed rate mortgage loans. See " Limited Purpose Employee Loan Program" for a description of such loans.

Limited Purpose Employee Loan Program

In 1996, the Company established the Limited Purpose Employee Loan Program (the "Employee Loan Program") for the purpose of attracting and retaining certain key employees by facilitating their ability to participate in the Company's stock option program. Under the Employee Loan Program, the Compensation Committee authorized the Company to make loans and loan guarantees to, or for the benefit of, any employee of the Company to facilitate the ability to participate in the Incentive Plan. During 2001, the Compensation Committee indefinitely suspended the making of new loans under the Employee Loan Program pending a review of its utility in connection with the entire compensation program. In February 2002, the Compensation Committee extended the maturity date of all loans maturing in 2002 by one year, and determined that thereafter all loans would be payable upon maturity, and no new loans would be made under the Employee Loan Program. Prior to the 2001 suspension, under the Employee Loan Program, subject to certain limitations that became effective as

38

of March 1, 1998, employees could borrow to fund up to 100% of (1) the cost of exercising share purchase options held by the employee or (2) individual income tax obligations that may arise as a result of aspects of the implementation of the Company's long-term incentive plans. Such loans bear interest, payable quarterly, of 6.83%, the interest rate of borrowings under the largest of the Company's fixed rate mortgage loans, are recourse to the employees and are secured by a pledge of the shares acquired by the employee through this program. Such loans mature on (i) the earlier of the fifth anniversary of the loan date and (ii) the date that is 60 days following the termination of employment. As of December 31, 2003, the aggregate total of outstanding employee loans was approximately \$3.5 million and employees had pledged approximately 249,000 Common Shares to secure the outstanding loans.

The following table summarizes the total loan repayments made by the Named Executive Officers during 2003:

Name	Total Borrowings Outstanding as of December 31, 2002(\$)	Total Loan Repayments During 2003(\$)	Loans repaid by Company repurchase of shares\$(1)	Loans forgiven in connection with repurchase of shares\$(1)	Total Borrowings Outstanding as of December 31, 2003(\$)
Richard A. May	4,140,701	3,544,286			596,415
Patrick R. Hunt	2,826,813	874,725	1,786,806	165,282	
Richard L. Rasley	2,566,349		1,995,472	6,442	564,435
Raymond M. Braun	1,862,934	65,627			1,797,307
James Hicks	1,280,000	180,753	1,007,829	91,418	

The following table summarizes the annual maturities of the total outstanding borrowings of the Named Executive Officers as of December 31, 2003.

Name	Annual Maturing Balance of Loans to Named Executive Officers Outstanding as of December 31, 2003			Total Balance Maturing by December 31, 2006(\$)

Raymond M. Braun	440,525		1,356,782	1,797,307
James Hicks				

(1)

In connection with the Company's activities in 2003 related to alternatives to improve shareholder value, the Board of Trustees adopted a policy prohibiting employees from engaging in any trading of Company securities while the process was ongoing. Employees of the Company, including members of senior management who are affected by the provisions of the 2002 Sarbanes-Oxley

Edgar Filing: GREAT LAKES REIT - Form 10-K

Act, are required to repay certain maturing loans. These loans were made before 2001 under the Employee Loan Program, which was established in 1996 in connection with the option plan. In order to permit an orderly retirement of a portion of the outstanding loans during the trading blackout period in compliance with the Sarbanes-Oxley Act, the Company's Board of Trustees approved a voluntary share repurchase plan for all employees with outstanding loans.

The share repurchase plan provided for loan retirement in consideration for the shares securing the loans. The Company has repurchased an aggregate of 474,608 shares from officers and employees that were securing an aggregate of \$7,302,000 in outstanding loans. The price used in connection with the repurchase program was \$14.67 per Common Share, which was the average of the closing prices of the Common Shares on the NYSE for the five-day period ending April 10, 2003. As part of the Board-

39

approved repurchase program, the Company has forgiven loan balances totaling \$414,000. Such loan forgiveness and related costs, has been reflected as employee share loan termination expense in 2003. Messrs. Hunt, Rasley and Hicks tendered 121,800, 136,024, and 68,700 shares, respectively, in connection with this plan and repaid loan amounts of \$1,786,806, \$1,995,472, and \$1,007,829, respectively. In connection with the repurchase of shares, Messrs. Hunt, Rasley and Hicks received loan forgiveness of \$165,282, \$6,442 and \$91,418 in 2003, respectively.

ITEM 14 PRINCIPAL ACCOUNTING FEES AND SERVICES

Audit Engagement: Ernst & Young LLP was engaged as the Company's independent auditor for fiscal years 2003 and 2002. All fees incurred in the years ended December 31, 2003 and 2002 were approved by the Audit Committee of the Board of Trustees.

Audit Fees: Audit fees for the audit of the Company's annual financial statements included in the Company's annual report on Form 10-K and those financial statements included in the Company's quarterly reports on Form 10-Q by Ernst & Young LLP for the years ended December 31, 2003 and 2002 totaled \$136,000 and \$112,500, respectively.

Audit-Related Fees: During the year ended December 31, 2003, audit-related fees billed to the Company by Ernst & Young LLP totaled \$3,400 for services related to the impact of certain requirements of the Sarbanes-Oxley Act on the Company. Audit-related fees billed to the Company by Ernst & Young LLP during the year ended December 31, 2002 were \$42,000 for services related to property level audits for properties acquired by the Company during 2002.

Financial Information Systems Design and Implementation Fees: The Company did not engage Ernst & Young LLP or any affiliate to provide advice to the Company regarding financial information systems design and implementation during the years ended December 31, 2003 and 2002.

Tax Fees: Fees billed to the Company by Ernst & Young LLP during 2003 and 2002 for all tax services rendered to the Company totaled \$75,000 and \$75,263, respectively. Tax services included preparation of Federal and state tax returns and tax advice related to tax deferred exchange transactions entered into by the Company.

Other Fees: The Company did not engage Ernst & Young LLP or any affiliate to provide service to the Company for other matters for the years ended December 31, 2003 and 2002.

The Audit Committee has set a policy that all fees incurred by the Company for services performed by its independent auditors must be pre-approved by the Audit Committee. All fees related to 2003 were pre-approved by the Audit Committee.

The Audit Committee is comprised of four Independent Trustees and operates under a written charter adopted by the Board of Trustees. The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Trustees. Management has the primary responsibility for the financial statements and the financial reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee has the sole authority to retain and terminate the Company's independent auditors and approves all fees paid to the independent auditors. During 2003 and 2002, the Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their

judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the scope and type of non-audit services provided by the auditor when reviewing the compatibility of those non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Trustees (and the Board has approved) that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2003.

ITEM 15 EXHIBITS, FINANCIAL STATEMENT SCHEDULES AND REPORTS ON FORM 8-K.

REPORT OF INDEPENDENT AUDITORS

The Board of Trustees and Shareholders

Great Lakes REIT

We have audited the accompanying consolidated balance sheets of Great Lakes REIT as of December 31, 2003 and 2002 and the related consolidated statements of income, changes in shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2003. Our audit also included the financial statement schedule listed in the index at Item 15(a). These financial statements and schedule are the

Edgar Filing: GREAT LAKES REIT - Form 10-K

responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Great Lakes REIT at December 31, 2003 and 2002, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2003 in conformity with accounting principles generally accepted in the United States. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

As discussed in Note 1 to the consolidated financial statements, in 2002, Great Lakes REIT adopted the provisions of Statements of Financial Standards No. 142, "Goodwill and Other Intangible Assets" and No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets".

Great Lakes REIT

Notes to Consolidated Financial Statements

(Dollars in thousands, except per share data)

1. Summary of Significant Accounting Policies

Nature of Activities

Great Lakes REIT, a Maryland real estate investment trust (the "Company"), was formed in 1992 to invest in income-producing real property. The principal business of the Company is the ownership, management, leasing, renovation and acquisition of suburban and medical office properties primarily located in the Midwest. At December 31, 2003, the Company owned and operated 44 properties primarily located in suburban areas of Chicago, Milwaukee, Detroit, Columbus, Minneapolis, Denver and Cincinnati. The Company leases office space to over 600 tenants in a variety of businesses.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries and controlled partnership. Inter-company accounts and transactions have been eliminated in consolidation.

Properties

Edgar Filing: GREAT LAKES REIT - Form 10-K

Costs incurred for the acquisition, development, construction and improvement of properties are capitalized. Certain costs of yet-to-be acquired properties, including deposits and professional fees, are capitalized as other assets. These costs are subsequently capitalized as property acquisition costs or charged to expense when it becomes apparent that acquisition of a particular property is not probable. Maintenance and repairs are charged to expense when incurred.

Effective January 1, 2002, the Company allocates a portion of the purchase price of properties acquired to significant intangible assets such as above or below market operating leases.

Depreciation of buildings is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years. Depreciation of tenant improvements is computed using the straight-line method over the shorter of the lease term or useful life. For the years ended December 31, 2003, 2002 and 2001, depreciation expense amounted to \$19,333, \$17,912 and \$17,256, respectively. Fully depreciated assets of \$6,123, \$4,714 and \$4,109 were written off in 2003, 2002 and 2001, respectively.

Deferred Costs

Deferred costs consist principally of financing fees and leasing commissions that are amortized over the terms of the respective agreements. Upon early termination of leases, unamortized leasing costs are charged to expense.

Revenue Recognition

Minimum rentals are recognized on a straight-line basis over the term of the related leases. Deferred rents receivable at December 31, 2003 and 2002 were \$7,866 and \$5,823, respectively. Additional rents from expense reimbursements for common area maintenance expenses and real estate taxes are recognized in the period in which the related expenses are incurred.

F-7

Allowance for Doubtful Accounts

The Company evaluates whether accounts receivable from tenants, including straight-line rents, are collectible using the specific identification method. In circumstances where a specific tenant has defaulted on its financial obligations, the Company records a specific reserve for bad debts against amounts due to reduce the net recognized receivable to the amount expected to be collected.

Cash Equivalents

The Company considers all highly liquid investments purchased with a maturity date of three months or less to be cash equivalents. At December 31, 2003 and 2002, the Company had \$2,518 and \$4,858, respectively, in a money market fund.

Income Taxes

The Company has elected to be treated as a real estate investment trust ("REIT") under the applicable provisions of the Internal Revenue Code of 1986, as amended. In order to qualify as a REIT, the Company is required to distribute to shareholders at least 90% of its taxable income and to meet certain asset and income tests as well as certain other requirements. Accordingly, no provision for income taxes has been reflected in the consolidated financial statements.

As of December 31, 2003, properties net of accumulated depreciation, rents receivable, goodwill and prepaid rent have a federal income tax basis of approximately \$518,801, \$470, -0- and -0-, respectively.

Reconciliation of Net Income to Estimated Taxable Income (Unaudited)

Earnings and profits, which determine the taxability of distributions to shareholders, differ from net income reported for financial reporting purposes due to differences for U.S. Federal tax purposes in the estimated useful lives and methods used to compute depreciation and the carrying value (basis) of the investments in properties, among other things. The following table reconciles the Company's net income to estimated taxable income for the years ended December 31, 2003, 2001 and 2000:

2003	2002	2001
------	------	------

Edgar Filing: GREAT LAKES REIT - Form 10-K

Net income	\$ 15,471	\$ 26,452	\$ 21,620
Book/tax differences in depreciation and amortization	7,068	7,501	7,145
Book/tax differences in gain on sale of properties	(1,285)	(7,047)	
Increase (decrease) in advanced rent payments	344	205	942
Deferred lease termination income	1,536		
Restricted share and option compensation	531	290	(312)
Straight-line rent adjustments	(2,173)	(632)	174
Amortization of goodwill			74
Other, net	217	46	(100)
Estimated taxable income	\$ 21,709	\$ 26,815	\$ 29,543

F-8

Share Options

The Company uses the intrinsic value method permitted by Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" (APB 25), in accounting for its options on common shares. Under APB 25, no compensation expense is recognized because the exercise price of the Company's employee share options equals or exceeds the market price of the underlying shares at the date of grant.

Derivatives and Hedging Activities

In the normal course of business, the Company is exposed to the effect of interest rate changes and limits such risks by following established risk management policies including the use of derivatives. The Company uses various derivative financial instruments to manage, or hedge, interest rate risks and requires that such instruments be effective in reducing the interest rate risk exposure that they are designated to hedge.

The Company recognizes all derivatives on its balance sheet at fair value. Derivatives that are not hedges must be adjusted to fair value through income. If the derivative is a hedge, depending on the nature of the hedge, changes in the fair value of the derivatives are either offset against the change in fair value of the assets, liabilities, or firm commitments through earnings or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in fair value will be immediately recognized in earnings.

The Company is a party to a swap agreement that expires in December 2004 and fixes the interest rate on \$25,000 of the Company's variable rate debt at a maximum of 4.88% per annum. The Company is exposed to credit loss in the event of non-performance by counterparties under the agreement, but the Company does not expect non-performance by any of these counterparties. The amount of such exposure is generally limited to the amount of any payments due but not yet received from the counterparty.

At December 31, 2003, the fair value of the swap agreement was a liability of \$512 and is reflected as accumulated other comprehensive income (loss) in the consolidated balance sheet as of December 31, 2003. The change in fair value of the interest rate swap agreement has been reflected entirely in other comprehensive income in 2003 and 2002, as they are effective cash flow hedges.

Goodwill

In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, Business Combinations, and No. 142, Goodwill and Other Intangible Assets, effective for fiscal years beginning after December 15, 2001. Under the new rules, goodwill is not amortized but is subject to annual impairment tests in accordance with these Statements.

The Company has performed the required impairment tests of goodwill as of December 31, 2003 and has determined that goodwill is not impaired as of that date.

F-9

Edgar Filing: GREAT LAKES REIT - Form 10-K

Impairment and Disposal of Long-lived Assets

In August 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144, Accounting for Impairment or Disposal of Long-lived Assets, which is effective for fiscal years beginning after December 15, 2001. The Company adopted this standard effective January 1, 2002. The Company did not record any impairment losses in 2003, 2002 and 2001.

This standard stipulates that operating results, including gain or loss on sale, of all properties sold, or designated as held for sale, subsequent to the effective date will be reported as discontinued operations for all periods presented.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassifications

Certain accounts in 2001 have been reclassified to conform to the 2002 presentation. Such reclassifications did not affect the Company's financial position or the results of operations.

2. Deferred Costs

Deferred costs consisted of the following at December 31, 2003 and 2002:

	2003	2002
Deferred financing costs	\$ 3,362	\$ 4,538
Deferred leasing costs	10,903	10,487
	<u>14,265</u>	<u>15,025</u>
Less accumulated amortization	5,229	5,915
	<u>\$ 9,036</u>	<u>\$ 9,110</u>

During the years ended December 31, 2003, 2002 and 2001, amortization of financing costs was \$614, \$1,100 and \$497, respectively, and amortization of leasing costs was \$1,972, \$1,961 and \$1,917, respectively. Deferred leasing costs, net, related to property dispositions of \$172 and \$478 were written off in 2003 and 2002, respectively. Fully amortized deferred costs of \$2,772 and \$1,820 were written off in 2003 and 2002, respectively.

3. Long-Term Debt

Mortgage loans payable aggregated \$288,702 and \$275,050 at December 31, 2003 and 2002, respectively. The mortgage loans payable require monthly payments of principal and interest. Interest rates at December 31, 2003, ranged from 2.47% to 7.44%.

F-10

The Company has obtained a bank letter of credit to secure repayment of outstanding bonds payable in a face amount of approximately \$3,684. The Company has guaranteed repayment of the letter of credit to the issuing bank as well as granted the issuing bank a first mortgage on one of the Company's properties. In the event performance is required under this guarantee, any payments made in satisfaction of the guarantee would be applied in satisfaction of debt service requirements relating to the underlying bonds that are reflected in the Company's consolidated balance sheets. Accordingly, any potential loss relating to this guarantee is minimal and no liability for such guarantee is reflected in the consolidated balance sheet. The Company's obligation under this guarantee will expire on June 1, 2009. The interest rate on the bonds (1.45% per annum at December 31, 2003) is reset weekly by the bond placement agent.

Edgar Filing: GREAT LAKES REIT - Form 10-K

On January 16, 2003, the Company entered into a 10-year mortgage loan in an amount of \$40,000 secured by the medical office properties. This loan accrues interest at 5.43% per annum payable monthly along with monthly principal payments based on a 30-year amortization schedule.

On March 24, 2003, the Company entered into a \$31,500 secured credit facility. The facility bears interest at LIBOR plus 1.45% payable monthly (2.56% at December 31, 2003), has a term of three years and is secured by the Company's properties located in Dublin and Columbus, Ohio. Borrowings at December 31, 2003 totaled \$17,000.

The Company is a party to a swap agreement that expires in December 2004 and fixes the interest rate on \$25,000 of the Company's variable rate debt at a maximum of 4.88% per annum.

At December 31, 2003, the fair value of the swap agreements was a liability of \$512 and is reflected as other assets and accumulated other comprehensive income in the consolidated balance sheet as of December 31, 2003.

The following is a summary of principal maturities of mortgage loans, secured bank loan and bonds payable:

Year Ending December 31,	Amount
2004	\$ 7,776
2005	8,243
2006	45,460
2007	18,314
2008	77,757
Thereafter	151,397
	\$ 308,947

At December 31, 2003, properties with a carrying amount of approximately \$512,624 were pledged as collateral under the various debt agreements.

4. Share Options

In 2001, the Company adopted the Amended and Restated Equity and Performance Incentive Plan (the "Incentive Plan") that allows the granting of options on shares to employees and members of the

F-11

Board of Trustees. The Incentive Plan, which superceded all previous plans, provides that 1,088,090 common shares were reserved for issuance after May 31, 2001. As of December 31, 2003, 643,641 common shares were available for future grant.

For options granted in 2003, 2002 and 2001, the exercise prices at the dates of grant were equal to or greater than the fair value of the Company's shares.

A summary of the Company's share option activity and related information for the years ended December 31, 2003, 2002 and 2001 is as follows:

	Years ended December 31,					
	2003		2002		2001	
	Shares	Price per Share(a)	Shares	Price per Share(a)	Shares	Price per Share(a)
Outstanding at beginning of year	1,261,248	\$ 16.32	1,180,299	\$ 16.27	1,177,400	\$ 16.23
Granted	287,699	\$ 14.88	99,750	\$ 16.65	57,000	\$ 15.90

Edgar Filing: GREAT LAKES REIT - Form 10-K

Years ended December 31,

Exercised	102,033	\$ 15.10	16,801	\$ 15.13	37,668	\$ 14.47	
Cancelled	12,566	\$ 16.25	2,000	\$ 16.56	16,433	\$ 16.05	
Outstanding at end of year	1,434,348	\$ 16.12	1,261,248	\$ 16.32	1,180,299	\$ 16.27	
				Shares Exercisable	Price per Share(a)		
As of December 31, 2003				1,121,898	\$ 16.41		
As of December 31, 2002				1,152,165	\$ 16.31		
As of December 31, 2001				1,023,026	\$ 16.40		

(a) Weighted-average exercise price per share

The weighted-average fair value of options granted is as follows:

Year ended December 31, 2003	\$ 0.32
Year ended December 31, 2002	\$ 0.65
Year ended December 31, 2001	\$ 1.77

The weighted-average life of options outstanding at December 31, 2003 was 5.97 years.

Pro forma information regarding net income and earnings per share is required by FASB Statement 123 "Accounting for Stock-Based Compensation," and has been determined as if the Company had accounted for its employee share options under the fair value method of that Statement.

F-12

The fair value for these options was estimated at the date of grant using a Black-Scholes option-pricing model with the following weighted-average assumptions:

	Risk-free Interest Rate	Dividend Yields	Volatility Factors	Weighted Average Expected Life
Year ended December 31, 2003	3.62%-4.09%	10.0-10.1%	0.179%	5 years
Year ended December 31, 2002	4.00%	9.73%	0.19%	5 years
Year ended December 31, 2001	5.13%	9.8%-10.2%	0.324%	5 years

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's employee share options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee share options.

The effects on 2003, 2002 and 2001 pro forma net income and pro forma earnings per common share, both basic and diluted, of amortizing to expense the estimated fair value of share options are not necessarily representative of the effects on net income to be reported in future years due to such things as the vesting period of the share options, and the potential for issuance of additional share options in future years.

For purposes of pro forma disclosures, the estimated fair value of the options was amortized to expense over the options' vesting period. The Company's unaudited pro forma information follows:

Years ended December 31,

Edgar Filing: GREAT LAKES REIT - Form 10-K

	Years ended December 31,		
	2003	2002	2001
Net income as reported	\$ 11,815	\$ 22,796	\$ 17,964
Less employee share option compensation at fair value	116	172	453
Pro forma net income	\$ 11,699	\$ 22,624	\$ 17,511
Pro forma basic earnings per common share	\$ 0.73	\$ 1.38	\$ 1.06
Pro forma diluted earnings per common share	\$ 0.72	\$ 1.37	\$ 1.05

The Company had a limited purpose employee loan program whereby employees may borrow all or a portion of the cost of exercising options on common shares held by the employee. Such loans bear interest at 6.83% which is payable quarterly, are recourse to the employees, had an original term of five years provided the employee remains employed by the Company and are secured by a pledge of the common shares acquired by the employee through this program. The Company suspended the program in 2001 and requires that all loans be repaid on their current maturity dates. As of December 31, 2003, employees had pledged 249,419 common shares as security for loan amounts

F-13

outstanding of \$3,493 due the Company. Such amount is reflected as a reduction of shareholders' equity until the loans are repaid. The maturity schedule for employee loans at December 31, 2003 is:

Years ended December 31,	Amount
2004	\$ 1,171
2005	2,281
2006	41
	\$ 3,493

In connection with the Company's activities in 2003 related to alternatives to improve shareholder value, the Board of Trustees adopted a policy prohibiting employees from engaging in any trading of Company securities while the process was ongoing. Employees of the Company, including members of senior management who are affected by the provisions of the 2002 Sarbanes-Oxley Act, are required to repay certain maturing loans. These loans were made before 2001 under the Company's employee loan program, which was established in 1996 in connection with the Company's option plan. In order to permit an orderly retirement of a portion of the outstanding loans during the trading blackout period in compliance with the Sarbanes-Oxley Act, the Company's Board of Trustees approved a voluntary share repurchase plan for all employees with outstanding loans.

The share repurchase plan provided for loan retirement in consideration for the shares securing the loans. The Company has repurchased an aggregate of 474,608 shares from officers and employees that were securing an aggregate of \$7,302 in outstanding loans. The price used in connection with the repurchase program was \$14.67 per common share, which was the average of the closing prices of the common shares on the New York Stock Exchange for the five-day period ending April 10, 2003. As part of the Board-approved repurchase program, the Company has forgiven loan balances totaling \$414. Such loan forgiveness and related costs, has been reflected as employee share loan termination expense in 2003.

On April 17, 2003, the Board of Trustees granted an aggregate of 257,699 options to purchase common shares to those employees who elected to participate in the repurchase program. Of the options granted, 224,659 have an exercise price of \$14.50 per share, the closing price of the common shares on April 17, 2003, and 33,040 have an exercise price of \$16.55 per share.

5. Restricted Share Grants

Edgar Filing: GREAT LAKES REIT - Form 10-K

On June 1, 2000, the Company issued 200,000 restricted common shares to certain officers and employees under the 1997 Equity and Performance Incentive Plan. The shares vest ten years from the date of issuance provided the recipient is still employed by the Company, but may vest earlier in increments during the period ending December 31, 2002 subject to the Company achieving certain performance objectives. Upon a change in control of the Company, up to 100,000 of the restricted shares issued to certain officers of the Company vest immediately. The total fair value of the restricted shares at the date of issuance (\$3,138) is being amortized into expense over ten years on a straight-line basis, subject to adjustment when the Company determines that it is probable to achieve certain performance objectives which accelerate the full or partial vesting of the shares. Based on year 2000 performance, 33,336 shares vested to the participants. No additional shares vested in 2003, 2002 and 2001. The Company recorded compensation expense of \$291, \$290 and \$298 in 2003, 2002 and 2001, respectively, related to the restricted share plan.

F-14

6. Leases

The Company leases office and industrial properties to tenants under noncancellable operating leases that expire at various dates through 2017. The lease agreements typically provide for a specific monthly payment plus reimbursement of certain operating expenses. The following is a summary of minimum future rental revenue under noncancellable operating leases:

Year ending December 31,	Amount
2004	\$ 65,187
2005	53,221
2005	40,598
2007	30,744
2008	18,779
Thereafter	21,568
	\$ 230,097

Minimum future rentals do not include amounts that are received from tenants as a reimbursement of property operating expenses.

7. Dividends

The Company paid dividends of \$26,243, \$26,634 and \$26,715 to common shareholders of record during the calendar years 2003, 2002 and 2001, respectively. The Company has determined the common shareholders' treatment for Federal income tax purposes to be as follows:

	2003	2002	2001
Ordinary income	\$ 15,269	\$ 26,129	\$ 26,715
Nontaxable return of capital	8,236		
Unrecaptured Section 1250 gain	1,115		
Long-term capital gains	1,623	505	
	\$ 26,243	\$ 26,634	\$ 26,715

The Company paid dividends to preferred shareholders of record in 2003, 2002 and 2001 of \$3,656, all of which represented ordinary income for Federal income tax purposes to the preferred shareholders.

F-15

8. Property Acquisitions

Edgar Filing: GREAT LAKES REIT - Form 10-K

The following properties were acquired in 2002 and the results of their operations are included in the consolidated statements of income from their respective dates of acquisition.

Location	Date Acquired	Acquisition Cost
N19W24133 Riverwood Dr. Pewaukee, WI	1/30/2002	\$ 8,652

		<u>\$ 86,361</u>

F-16

9. Property Dispositions

The Company sold four properties in 2003 and 2002 as follows:

Property	Date of Sale	Contract Price	Gain On Sale
165 and 175 Hansen Court Wood Dale, IL	7/8/2003	\$ 3,922	\$ 1,657
191 Waukegan Road Northfield, IL	9/12/2003	6,100	534
823 Commerce Drive Oak Brook, IL	12/15/2003	5,600	1,833
		<u>\$ 15,622</u>	<u>\$ 4,024</u>
160 Hansen Court Wood Dale, IL	4/22/2002	\$ 2,322	\$ 1,132
3400 Dundee Road Northbrook, IL	7/1/2002	8,175	3,835

Edgar Filing: GREAT LAKES REIT - Form 10-K

Property	Date of Sale	Contract Price	Gain On Sale
305,315 and 325 Eisenhower Parkway Ann Arbor, MI	8/30/2002	21,800	2,216
180 Hansen Court Wood Dale, IL	11/22/2002	1,755	606
		<u>\$ 34,052</u>	<u>\$ 7,789</u>

The sales proceeds from 160 Hansen Court were reinvested in 1111 Touhy Avenue, Des Plaines, Illinois. The sales proceeds from 3400 Dundee Road were reinvested in N9W24133 Riverwood Drive, Pewaukee, Wisconsin. The sales proceeds from 305, 315 and 325 Eisenhower Parkway were reinvested in Good Shepherd POB I, 27790 West Highway 22, Barrington, Illinois, Good Shepherd POB II, 27750 West Highway 22, Barrington, Illinois, Good Samaritan POB I, 3825 Highland Avenue, Downers Grove, Illinois and Good Samaritan POB II, 3825 Highland Avenue, Downers Grove, Illinois.

The net book value of properties sold was \$10,445 and \$24,410 in 2003 and 2002, respectively.

The components of discontinued operations for the years ended December 31, 2003, 2002 and 2001 are outlined below and include the results of operations through the date of each respective sale

F-17

for the year ended December 31, 2003 and all operations for the years ended December 31, 2002 and 2001 related to properties sold in 2003 and 2002.

	Years ended December 31,

Discontinued operations, net	<u>\$ 4,041</u>	<u>\$ 9,149</u>	<u>\$ 2,109</u>

10. Segment Information

The Company had three reportable segments at December 31, 2003, distinguished by property type. The property types are office, office/service center and medical office. Office buildings are generally single-story or multi-story buildings used by tenants for office activities. The buildings generally have common area lobbies and other amenities including food service areas, atriums and limited underground parking facilities. Office/service center buildings generally are one-story buildings with no common areas. Tenant spaces generally have less than 100% office use with the non-office space used for showroom, technical or light storage purposes. Medical office properties are generally connected to or located near hospitals, and the tenants in those properties are health-care providers.

Edgar Filing: GREAT LAKES REIT - Form 10-K

Interest expense incurred by the Company is a combination of property specific long-term debt and long-term debt that is secured by properties across the Company's reportable segments. Interest expense incurred on property-specific debt is allocated to that property's segment. Interest expense incurred on long-term debt that is secured by properties across the Company's reportable segments is allocated to the reportable segments based on the square footage of properties in that segment that are associated with the long-term debt.

The Company evaluates performance and allocates resources based net operating income, which the Company defines as property revenues (rental, reimbursement, parking, telecommunications, tenant service and other income) less property operating expenses and real estate taxes.

F-18

A summary report of segment information for the years ended December 31, 2003, 2002 and 2001 follows:

	<u>2003</u>	<u>2002</u>	<u>2001</u>

11. Earnings Per Share

The following table sets forth the computation of basic and diluted earnings per common share for the years ended December 31, 2003, 2002 and 2001:

	<u>2003</u>	<u>2002</u>	<u>2001</u>
Numerator:			
Income before discontinued operations	\$ 7,774	\$ 13,647	\$ 15,855
Discontinued operations, net	4,041	9,149	2,109
	<u> </u>	<u> </u>	<u> </u>
Net income applicable to common shares	\$ 11,815	\$ 22,796	\$ 17,964
	<u> </u>	<u> </u>	<u> </u>
Numerator for basic earnings per common share	\$ 11,815	\$ 22,796	\$ 17,964

Edgar Filing: GREAT LAKES REIT - Form 10-K

	2003	2002	2001
Minority interests	66	65	52
Numerator for diluted earnings per common share	\$ 11,881	\$ 22,861	\$ 18,016
Denominator (in thousands):			
Denominator for basic earnings per common share			
Weighted average shares	16,033	16,372	16,520
Effect of dilutive securities:			
Convertible operating partnership units	40	40	40
Employee share options and restricted shares	89	110	95
Denominator for diluted earnings per common share	16,162	16,522	16,655
Basic earnings per common share before discontinued operations	\$ 0.48	\$ 0.83	\$ 0.96
Basic earnings per common share from discontinued operations	\$ 0.26	\$ 0.56	\$ 0.13
Basic earnings per common share	\$ 0.74	\$ 1.39	\$ 1.09
Diluted earnings per common share before discontinued operations	\$ 0.48	\$ 0.83	\$ 0.95
Diluted earnings per common share from discontinued operations	\$ 0.25	\$ 0.55	\$ 0.13
Diluted earnings per common share	\$ 0.73	\$ 1.38	\$ 1.08

The unvested restricted common share grants (166,664 shares at December 31, 2003) are excluded from the common shares used to compute basic earnings per share. The unvested restricted common shares are included in the shares used to compute fully diluted earnings per share using the treasury stock method whereby the unamortized deferred compensation related to these shares is assumed to be the exercise value of these shares.

The Company had 40,199 operating partnership units held by non-affiliates of the Company outstanding at December 31, 2003, which are convertible to common shares on a one for one basis at the option of the holder.

F-21

12. Fair Value of Financial Instruments

The Company discloses information concerning the fair value of financial instruments for which it is practical to estimate such fair values. The carrying amount reported for cash equivalents in the accompanying consolidated balance sheets approximated its fair value. The fair market value of mortgages payable at December 31, 2003 was \$301,169 assuming market interest rates of 3.62% to 5.58%. The fair market value of mortgages payable at December 31, 2002 was \$287,036 assuming a market interest rate of 4.73% to 5.35%. The carrying amounts of bonds payable and the secured bank loan payable approximated fair value at December 31, 2003 and 2002.

13. Contingencies

A REIT generally is not taxed at the corporate level on income that it currently distributes to its shareholders, provided that a number of technical requirements are satisfied on a continuing basis. In general, an entity that fails to qualify as a REIT is subject to federal and state income tax as a regular corporation, and distribution to its shareholders are not deductible in computing its taxable income. The Company is seeking clarification from the Internal Revenue Service ("IRS") with respect to satisfaction of certain technical requirements for qualification as a REIT. The Company is in the process of requesting from the IRS a private letter ruling with respect to this matter. A mutually satisfactory

Edgar Filing: GREAT LAKES REIT - Form 10-K

private letter ruling with the IRS is one of the conditions to closing the proposed merger transaction with Transwestern discussed in Note 14. There can be no assurance that the IRS will issue a private letter ruling to the Company with respect to this matter. Additionally, the IRS has a full range of penalty options at its disposal and any taxes, interest and penalties assessed, if any, may have a material adverse effect on the results of operations or financial condition of the Company.

14. Subsequent Event

In January 2004, the Company entered into the merger agreement with Transwestern, and sales contracts related to the portfolio of medical office buildings and Minnesota properties described above. Under the terms of the merger agreement, Transwestern has agreed to pay no less than \$14.98 per share in cash to the shareholders of the Company upon the closing of the merger. Pursuant to the terms of the merger agreement, the Company is permitted to sell certain of its properties, including its portfolio of medical office buildings and Minnesota assets, to the extent the net proceeds from such sales exceed the agreed amounts for such properties specified by Transwestern in the merger agreement. The price per share to be paid by Transwestern will be increased to the extent the Company sells one or more of such properties with aggregate net proceeds from these sales in excess of the agreed amounts.

Pursuant to the merger agreement with Transwestern, the Great Lakes REIT Board of Trustees suspended the payment of common share dividends in January 2004.

The proposed merger with Transwestern is contingent on shareholder approval and certain other closing conditions but is not contingent on the completion of any of the additional property sales. The sales of the portfolio of medical office buildings and the Minnesota assets are not contingent on one another or the merger, and each of the proposed property sale transactions is subject to customary closing conditions. Great Lakes REIT expects that the property sale transaction for its property located at 2221 University Avenue SE, Minneapolis, Minnesota will close during the first quarter of 2004 and expects the merger to close in the second quarter of 2004. There can be no assurance, however, that

F-22

Great Lakes REIT will sell any of the other specified properties or that any of these properties, if sold, will be sold at a price that provides the additional consideration to Great Lakes REIT shareholders in the proposed merger with Transwestern.

On March 1, 2004, the Company sold its portfolio of medical office properties for a contract price of \$69,000. On March 2, 2004, the Company sold its property located at 2550 University Avenue W., St. Paul, Minnesota for a contract price of \$35,000.
