PROXY STATEMENT

This Proxy Statement (the "Proxy Statement") is being furnished to the stockholders of CommScope, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders (the "Annual Meeting") of the Company to be held on May 7, 2004 at 1:30 p.m., local time, at the JP MorganChase Bank, 270 Park Avenue 11th Floor, New York, New York 10017, and any adjournment or postponement thereof.

At the Annual Meeting, stockholders will be asked to consider and vote upon the following proposals: *Proposal One*: To elect two Class I directors for terms ending at the 2007 Annual Meeting of Stockholders; *Proposal Two*: To approve the Amended and Restated CommScope, Inc. 1997 Long-Term Incentive Plan, as amended effective May 7, 2004 (the "1997 LTIP"); *Proposal Three*: To re-approve the material terms of the performance goals set forth under the Annual Incentive Plan as required under Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder; and *Proposal Four*: To ratify the appointment of Deloitte & Touche LLP as the Company's independent auditor for the 2004 fiscal year.

The Board of Directors of the Company recommends a vote FOR approval of each of the proposals.

The Board of Directors of the Company has fixed the close of business on March 11, 2004 (the "Annual Meeting Record Date") as the record date for determining the holders of outstanding shares of common stock, par value \$0.01 per share (the "Common Stock"), entitled to receive notice of, and to vote at, the Annual Meeting or any adjournment thereof. On that date, there were 61,354,730 shares of Common Stock issued and outstanding and entitled to vote at the Annual Meeting, each entitled to one vote on all matters to be acted upon. The Notice of Annual Meeting of Stockholders, this Proxy Statement and the form of proxy are first being mailed or sent electronically on or about March 26, 2004 to each stockholder entitled to vote at the Annual Meeting.

On July 28, 1997, the Company became an independent public company when it was spun off (the "Spin-off") from its parent company, General Instrument Corporation (subsequently renamed General Semiconductor, Inc.).

VOTING AND REVOCATION OF PROXIES

Voting

Only holders of record of shares of Common Stock as of the close of business on the Annual Meeting Record Date will be entitled to notice of and to vote at the Annual Meeting or any adjournment thereof. The presence, either in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting and to permit action to be taken by the stockholders at the Annual Meeting.

Abstentions will be included in determining the number of shares present at the meeting for the purpose of determining the presence of a quorum, as will broker non-votes. A broker non-vote occurs under stock exchange rules when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares and no such voting instructions are given. The rules of the New York Stock Exchange (the "NYSE") prohibit brokers from voting on the 1997 LTIP (Proposal Two)

unless instructions how to vote have been received from the beneficial owner. In contrast, brokers may vote in their discretion in the absence of instructions from beneficial owners with respect to the election of directors (Proposal One), the proposal to reapprove the performance goals under the Annual Incentive Plan (Proposal Three) and the proposal to ratify the appointment of Deloitte & Touche LLP (Proposal Four).

Votes Required for the Proposals

Proposal One: Election of Two Class I Directors

The affirmative vote of a plurality of the shares of Common Stock entitled to vote thereon, and present in person or represented by proxy, at the Annual Meeting is required to elect the directors nominated pursuant to Proposal One. For purposes of Proposal One, abstentions and broker non-votes will not affect the plurality vote required.

Proposal Two: Approval of 1997 LTIP

The affirmative vote of a majority of votes cast on Proposal Two is required to approve such proposal, provided that the total votes cast on such proposal represents a majority of the shares entitled to vote thereon. For purposes of Proposal Two, abstentions will have the effect of a vote against the proposal and broker non-votes will reduce the total votes cast on the proposal and therefore have the effect of reducing the number of affirmative votes required to achieve the majority vote.

Proposal Three: Re-Approval of Material Terms of Performance Goals under Annual Incentive Plan

The affirmative vote of a majority of votes cast on Proposal Three is required to approve such proposal. For purposes of Proposal Three, abstentions will have the effect of a vote against the proposal and broker non-votes will reduce the total votes cast on the proposal and therefore have the effect of reducing the number of affirmative votes required to achieve the majority vote.

Proposal Four: Ratification of the Appointment of the Independent Auditor

The affirmative vote of a majority of the shares of Common Stock entitled to vote thereon, and present in person or represented by proxy, is required to approve Proposal Four. For purposes of Proposal Four, abstentions will have the effect of a vote against the proposal and broker non-votes will have the effect of reducing the number of affirmative votes required to achieve the majority vote.

All shares of Common Stock that are represented at the Annual Meeting by properly executed proxies received prior to or at the Annual Meeting and not revoked will be voted at the Annual Meeting in accordance with the instructions indicated in such proxies. If no instructions are indicated for a particular proposal on a proxy, such proxy will be voted in accordance with the Board of Directors' recommendations as set forth herein with respect to such proposal(s); however, in the absence of specific stockholder instructions, all broker-held shares will be considered broker non-votes with regard to Proposal Two.

In the event that a quorum is not present at the time the Annual Meeting is convened, or if for any other reason the Company believes that additional time should be allowed for the solicitation of proxies, the stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, will have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting. If the Company proposes to adjourn the Annual Meeting by a vote of the stockholders, the persons named in the enclosed form of proxy will vote all shares of Common Stock for which they have voting authority in favor of such adjournment.

Voting Electronically via the Internet or Telephone

Stockholders whose shares are registered in the name of a bank or brokerage and who elected to receive the Company's 2003 Annual Report and this Proxy Statement over the Internet will be receiving an email on or about March 26, 2004 with information on how to access stockholder information and instructions for voting. If your shares are registered in the name of a participating bank or brokerage firm and you have not elected to receive the Company's 2003 Annual Report and this Proxy Statement over the Internet, you may be eligible to vote your shares electronically over the Internet or by telephone. A number of banks and brokerage firms are participating in the ADP Shareholder Preference Database program. This program provides eligible stockholders who receive a paper copy of a company's annual report and proxy statement the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in ADP's program, your voting form will provide instructions. If your voting form does not reference Internet or telephone information, please complete and return the paper

proxy card in the self-addressed postage-paid envelope provided.

Revocation

Any stockholder who executes and returns a proxy may revoke it at any time prior to the voting of the proxies by giving written notice of revocation to the Secretary of the Company or by executing a later-dated proxy. In addition, voting by telephone, Internet or mail will not prevent you from voting in person at the Annual Meeting should you be present and wish to do so.

PROPOSAL ONE: ELECTION OF DIRECTORS

If any one or more of the nominees is unable to serve for any reason or withdraws from nomination, proxies will be voted for the substitute nominee or nominees, if any, proposed by the Board of Directors. Compensation of Directors

Employee directors do not receive additional compensation for serving on the Company's Board of Directors. Nonemployee directors receive an annual retainer of \$30,000, and committee chairpersons receive an additional \$5,000 retainer. The nonemployee directors' remuneration is paid quarterly unless payment is deferred. The Company has adopted a deferred compensation program by which directors may elect to defer the receipt of retainers that would otherwise be payable for services performed as a director of the Company. Directors are immediately and fully vested in any such deferred compensation and any income and gain attributable thereto under the program. Distributions are made either in the form of a single lump sum or annual installments over a period elected by the director up to ten years.

In the event of a change in control of the Company, the deferred compensation will be distributed to the directors.

In addition, each nonemployee director, upon initial election to the Board of Directors, receives 1,000 shares of Common Stock that vest immediately and is granted an option to purchase 20,000 shares of Common Stock at an exercise price per share equal to the fair market value on the date of grant, which option becomes exercisable with respect to one-third of the underlying shares on each of the first three anniversaries of the grant date. If a director remains in office, a similar option is granted every three years. In August 2003, the Company made such grants to three nonemployee directors to purchase 20,000 shares of Common Stock each.

The 1997 LTIP provides that nonemployee directors may be granted stock options under the 1997 LTIP in addition to the automatic grants described above. In 2003, Mr. Faircloth and Ms. Travis received grants of 5,000 stock options each.

Independence of Board Members

In March 2004, the Board of Directors revised its Corporate Governance Guidelines to meet or exceed the listing standards recently adopted by the NYSE. The Guidelines will be available on our website (www.commscope.com) on or before the time of the Annual Meeting. Pursuant to the Corporate Governance Guidelines, for a director to be deemed "independent," the Board must affirmatively determine that the director does not have any material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Board has developed the following categorical standards to assist in determining independence:

A director will not be independent if, within the preceding three years:

the director was an employee, or an immediate family member of the director was an executive officer, of the Company;

Edgar Filing: COMMSCOPE INC - Form DEF 14A

the director received, or an immediate family member of the director received, more than \$100,000 per year in direct compensation from the Company (other than director and committee fees and pensions or other forms of deferred compensation in no way contingent on continued service);

the director was employed by or affiliated with the Company's present or former internal or external auditor;

an immediate family member of the director was affiliated with or employed by the Company's present or former internal or external auditor in a professional capacity; or

a Company executive officer was on the compensation committee of the board of directors of a company which employed the Company director, or which employed an immediate family member of the director, as an officer.

A director will not be independent if the director is an executive officer or an employee, or an immediate family member of the director is an executive officer, of another company that, in any of the preceding three years, made payments to, or received payments from, the Company which, in a single fiscal year, exceeded the greater of \$1 million or 2% of such other company's consolidated gross revenues.

A director will not be independent if, during the Company's last fiscal year:

the director, or an immediate family member of the director, served as a director or an executive officer of another company which was indebted to the Company, or to which the Company was indebted, and the total amount of either company's indebtedness to the other

7

exceeded 1% of the total consolidated assets of the other company he or she served as a director or executive officer;

the director, or an immediate family member of the director, served as a director or an executive officer of a charitable or other tax-exempt organization and the Company's discretionary contributions to the organization exceeded the greater of \$1 million or 2% of that organization's consolidated gross revenues, or

the director, or an immediate family member of the director, served as a director, executive officer, general partner or significant equity holder (10% or greater) of an entity that was a paid provider of professional services (i.e., legal, accounting, or financial) to the Company if the payments for such services exceeded \$100,000 for such year.

For purposes of these standards, "immediate family member" includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone (other than domestic employees) who shares such person's home. The Board of Directors annually reviews the independence of its non-employee directors. Directors have an affirmative obligation to inform the Board of any material changes in their circumstances or relationships that may impact their designation as "independent."

The Board of Directors, in compliance with the Corporate Governance Guidelines, undertook a review of director independence and considered transactions and relationships between each of the directors, their immediate family members and their affiliates, on the one hand, and the Company, its subsidiaries and its senior management, on the other hand. As a result of this review, the Board has affirmatively determined that Messrs. Faircloth, George, Hutton and Whitson and Ms. Travis are independent directors under the standards set forth in the Corporate Governance Guidelines, and are also "independent directors" as defined in the Corporate Governance Rules of the NYSE.

Committees of the Board of Directors Board Meetings

Edgar Filing: COMMSCOPE INC - Form DEF 14A

The Board of Directors of the Company held seven meetings in 2003. Each incumbent director attended (i) all meetings of the Board of Directors and (ii) all meetings of the Board Committees on which they served.

The Company has Audit, Compensation, Nominating and Corporate Governance and Executive Committees of the Board of Directors.

Audit Committee. The Audit Committee's principal functions are (i) to oversee the Company's accounting and financial reporting processes and audits of the Company's financial statements; (ii) to prepare a report for inclusion in the Company's Annual Proxy Statement in compliance with applicable federal securities laws; and (iii) to assist the Board of Directors to oversee the integrity of the Company's financial statements; the appropriateness of the Company's accounting policies and procedures; the Company's compliance with legal and regulatory requirements; the independent auditor's qualifications, performance and independence; the performance of the Company's internal audit function; and the sufficiency of the independent auditor's review of the Company's financial statements. In addition, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditor. The members of the Audit Committee are Messrs. Faircloth, George, Hutton and Whitson (Chairman) and Ms. Travis. The Company's Board of Directors has determined that each member of the Audit Committee is an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K under the Securities Act of 1933, as amended, and that each member of the Audit Committee is an "independent director" as defined in the Corporate Governance Rules of the NYSE. The Audit Committee operates under a written Audit Committee Charter adopted by the Board of Directors, a

8

copy of which is attached to this proxy statement as Appendix A. The Audit Committee held nine meetings in 2003.

James N. Whitson, Chairman of the Audit Committee, currently serves on the audit committees of the boards of directors of three Seligman related closed end mutual funds (all of which have identical Seligman board compositions), which funds are publicly traded. The Board of Directors of the Company, having reviewed, considered and discussed Mr. Whitson's simultaneous service on the audit committees of the Seligman funds, has affirmatively determined that Mr. Whitson's simultaneous service on the audit committees of the Seligman funds does not impair his ability to effectively serve on the Company's Audit Committee.

Compensation Committee. The Compensation Committee administers the stock option and incentive plans of the Company, and in this capacity, it makes, and reviews and has the authority to approve recommendations for, option grants or awards under these plans. In addition, the Compensation Committee determines and approves the compensation of the Chief Executive Officer and reviews and has the authority to approve recommendations for the compensation of other senior executives, and produces a report on executive compensation for inclusion in the Company's Annual Proxy Statement in compliance with applicable federal securities laws. The Compensation Committee also establishes policies dealing with various compensation and employee benefit plans for the Company. The members of the Compensation Committee are Messrs. Faircloth, George, Hutton (Chairman) and Whitson and Ms. Travis, each of whom is an "independent director" as defined in the Corporate Governance Rules of the NYSE. The Compensation Committee operates under a written charter adopted by the Board of Directors, a copy of which will be available on our website (www.commscope.com) on or before the time of the Annual Meeting. The Compensation Committee held three meetings in 2003.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee's principal functions are to identify and screen individuals qualified for nomination to the Board of Directors, consistent with criteria approved by the Board of Directors; recommend director nominees for election at stockholders' meetings, as well as individuals to fill any vacancies on the Board of Directors that arise between such meetings; recommend directors for appointment to committees of the Board of Directors; recommend Corporate Governance Guidelines applicable to the Company and any amendments thereto; and evaluate the performance of the Board of Directors and, in conjunction with the Compensation Committee, oversee the performance of management. The members of the Nominating and Corporate Governance Committee are Messrs. Faircloth, George (Chairman), Hutton and Whitson and Ms. Travis, each of whom is an "independent director" as defined in the Corporate Governance Rules of the NYSE. The Nominating and Corporate Governance Committee operates under a written Nominating and Corporate Governance Committee Charter adopted by the Board of Directors, a copy of which will be available on our website (www.commscope.com) on or before the time of the Annual Meeting. The Nominating and Corporate Governance Committee held one meeting in 2003.

The Nominating and Corporate Governance Committee will consider nominees for election as director that are recommended by stockholders. The Nominating and Corporate Governance Committee will select nominees for the Board of Directors who possess at a minimum the following characteristics: knowledge about issues affecting the Company; personal integrity; loyalty to the Company and concern for its success and welfare; time available for meetings and consultation on Company matters; and a willingness to apply sound and independent business judgment. The Nominating and Corporate Governance Committee may conduct any inquiries into the backgrounds and qualifications of candidates it deems appropriate. The Nominating and Corporate Governance Committee does not evaluate candidates differently based on whether candidates were recommended by stockholders or not.

Stockholders may propose director candidates for consideration by the Board's Nominating and Corporate Governance Committee. Any such recommendation should include the nominee's name and qualifications for Board membership and should be directed to CommScope, Inc., Attn: Corporate Secretary, 1100 CommScope Place, S.E., P.O. Box 339, Hickory, North Carolina 28602.

In addition, the Company's By-laws permit stockholders to nominate directors for election at an annual stockholders' meeting. Each nomination must state: the nominee's name, age, business address, residence address and principal occupation or employment; the number of shares of the Company's stock owned beneficially or of record by the nominee; and any other information about the nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with proxy solicitations for election of directors pursuant to Section 14 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules and regulations promulgated thereunder. In addition, the nomination must include: the stockholder's name and record address; the number of shares of the Company's stock owned beneficially or of record by the stockholder; a description of any arrangements between the stockholder, each proposed nominee and any other persons under which the nominations are to be made by such stockholder; a representation that the stockholder intends to appear (in person or by proxy) at the meeting to nominate the persons named in the notice; and any other information about the stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with proxy solicitations for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder. Nominations must also contain the written consent of each proposed nominee to be named as nominee and to serve as director if elected. Stockholder nominations must be received by the Company generally not less than 60 days nor more than 90 days in advance of an annual stockholders' meeting.

Executive Committee. The Executive Committee has the authority to exercise all powers and authority of the Company's Board of Directors that may be lawfully delegated to it under Delaware law. It meets between regularly scheduled meetings of the Company's Board of Directors to take such action as is necessary for the efficient operation of the Company. The members of the Executive Committee are: Messrs. Drendel (Chairman), Whitson and George. The Executive Committee held no meetings in 2003.

Executive Sessions. Non-management directors met in executive session without management during each meeting of the Board of Directors in 2003. The presiding director at executive sessions of the Board of Directors is rotated annually among the chairs of the committees of the Board of Directors (other than the Executive Committee) in alphabetical order by committee name. Employment Agreements

In November 1988, Frank M. Drendel entered into an employment agreement (the "Agreement") with GI Delaware and CommScope NC, providing for his employment as President and Chief Executive Officer of CommScope NC for an initial term ending on November 28, 1991. The Agreement provides for a minimum salary, which is less than Mr. Drendel's current salary, and provides that Mr. Drendel will participate in any management incentive compensation plan for executive officers that CommScope NC maintains. Commencing on November 29, 1989, subject to early termination by reason of death or disability or for cause (as defined in the Agreement), the Agreement extends automatically so that the remaining term is always two years, unless either party gives notice of termination, in which case the Agreement will terminate two years from the date of such notice. As of the date of this Proxy Statement, neither party has given notice of termination. Pursuant to the Agreement, Mr. Drendel is eligible to participate in all benefit plans available to other CommScope NC senior executives. The Agreement prohibits Mr. Drendel, for a period of five years following the term of the Agreement, from engaging in any business in competition with the business of CommScope NC, in any country where CommScope NC then conducts business. Effective as of the Spin-off, GI Delaware ceased to be a party to the Agreement.

Severance Protection and Separation Agreements

The Company has entered into severance protection agreements with its Chief Executive Officer and its other executive officers. These agreements continue in effect for a period of two years from January 1 of a given year and are automatically extended for one year on January 1 of each year immediately following the end of the term unless notification is given to either the Company or the executive, except that the term may not expire prior to 24 months following a change in control (as defined in the agreements).

The agreements provide severance pay and other benefits in the event of a termination of employment within 24 months after a change in control of the Company if such termination is (i) by the Company for any reason other than for cause or disability or (ii) by the executive for Good Reason (as defined in the agreement). Such severance pay will be in an amount equal to two times the sum of the executive's base salary and the target annual bonus payable to the executive under the Company's annual incentive plan for the fiscal year immediately preceding the fiscal year of termination in the case of the Chief Executive Officer and one and one-half times such sum in the case of all other executive officers. In addition, the Company will pay the executive all accrued but unpaid compensation and a *pro rata* bonus (calculated up to the executive's termination date). The executive's benefits will be continued for either 24 months, in the case of the Chief Executive Officer, or 18 months in the case of all other executive officers (in each case, a "Continuation Period"). If, at the end of the Continuation Period, the executive is not employed by another employer (including self-employment), the executive will receive monthly for up to six months, an amount equal to one-twelfth (¹/₁₂) of the sum of the executive's base amount and the executive's bonus amount. The executive will also receive limited reimbursement for outplacement, tax and financial planning assistance and reimbursement for relocation under certain circumstances. The

severance pay and benefits provided for under the severance protection agreements shall be in lieu of any other severance pay to which the executive may be entitled under any other severance plan of, or employment agreement with the Company or any of its affiliates. If the executive's employment is terminated without cause (i) within six months prior to a change in control or (ii) at any time prior to the date of a change in control but (A) at the request of a third party who has indicated an intention or taken steps reasonably calculated to effect a change in control and who effectuates a change in control or (B) otherwise in connection with, or in anticipation

of, a threatened change in control which actually occurs, such termination shall be deemed to have occurred after the change in control.

If the executive's employment is terminated by the Company for cause or disability, by reason of the executive's death or by the executive other than for Good Reason, the Company shall pay to the executive his accrued compensation. In addition, in the case of a termination by the Company for disability or due to the executive's death, the executive will receive a *pro rata* bonus in addition to accrued compensation.

The agreements provide for a gross-up payment by the Company in the event that the total payments the executive receives under the agreement or otherwise are subject to the excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended. In such an event, the Company will pay an additional amount so that the executive is made whole on an after-tax basis from the effect of the excise tax.

Other Change in Control Arrangements

Following is a brief description of the change in control provisions included in each of the Company's employee compensation plans and arrangements.

Annual Incentive Plan. The CommScope, Inc. Annual Incentive Plan (the "Annual Incentive Plan") is the Company's annual cash bonus incentive plan for the Chief Executive Officer and certain other key employees. In the event of a change in control of the Company (as defined in the Annual Incentive Plan), within 60 days thereafter, the Company will pay to each participant in the Annual Incentive Plan immediately prior to such change in control (regardless of whether such participant remains in the employ of the Company following the change in control) a *pro rata* portion of his or her bonus award assuming that all performance percentages are 100%.

Deferred Compensation Plan. The CommScope, Inc. of North Carolina Deferred Compensation Plan (the "Deferred Compensation Plan") allows a select group of management or highly compensated employees to defer a percentage of compensation or a specified dollar amount each year up to 50% of base salary and 100% of any bonuses earned under the Company's annual management incentive plan for that year. Amounts deferred are payable in a lump sum or in annual installments pursuant to the terms of an irrevocable election made by the participant or earlier upon the occurrence of certain events, including specified terminations of the participant's employment.

Upon a change in control of the Company (as defined in the Deferred Compensation Plan), the Deferred Compensation Plan will terminate and each participant will be paid his or her entire deferred compensation account balance in a single lump sum.

1997 LTIP. The 1997 LTIP provides for the granting of stock options, restricted stock, performance units, performance shares, phantom stock and tandem awards to employees and officers of the Company and its subsidiaries and the granting of restricted and unrestricted stock and stock options to the Company's nonemployee directors. The Compensation Committee selects those individuals to whom options and awards will be granted, and determines the type, size and other terms and conditions of such options and awards, including the vesting provisions and/or restrictions relating to such awards subject to any minimum vesting requirements set forth in the 1997 LTIP. Pursuant to the terms of the 1997 LTIP and subject to an optionee's rights under his or her option or award agreement, in the event of a change in control of the Company (as defined in the 1997 LTIP), all stock options granted pursuant to the 1997 LTIP will become immediately and fully exercisable.

Supplemental Executive Retirement Plan. The CommScope, Inc. Supplemental Executive Retirement Plan is an unfunded nonqualified plan maintained for the benefit of a select group of management and/or highly compensated employees of the Company and its subsidiaries that, in

general, provides for retirement benefits payable over 5, 10 or 15 years (or, upon approval of the plan administrator and subject to forfeiture of a portion of the participant's account balance, in a lump sum) out of amounts credited to a participant's accounts and earnings credited thereon. Pursuant to the terms of that plan, in the event of a change in control (as defined therein), each participant who is employed by the Company immediately prior to that change in control will be eligible to receive the full value of his or her account balance in a single lump sum following his or her termination other than for cause occurring within 2 years after the date of such change in control.

Pension Plans

Defined Benefit Pension Plan. In connection with the Company's acquisition of the connectivity business of Avaya Inc., Connectivity Solutions Manufacturing, Inc. (an indirect wholly owned subsidiary of the Company) adopted a defined benefit pension program for the benefit of its U.S. employees represented by unions. The formula by which basic benefits are determined is based on an assigned dollar amount (depending on the employee's pension band number) multiplied by the employee's years and months of service. The plan also provides for supplemental pension benefits. The formula for these benefits is generally the product of (i) the average annual amount of differentials, wage incentives and other special payments paid to such employee during the latest 36-month period preceding the date as of which such employee's pension benefit is determined, (ii) 0.001 and (iii) such employee's years and months of service. None of the named executive officers or other employees of the Company participate (or are otherwise eligible to participate) in this program.

COMPENSATION COMMITTEE REPORT ON COMPENSATION OF EXECUTIVE OFFICERS

The Compensation Committee of the Board of Directors is comprised entirely of nonemployee directors. The Compensation Committee determines and approves the base salary to be paid to the Chief Executive Officer, reviews and has the authority to approve recommendations for base salary amounts for all other executive officers, establishes and reviews annually the Company's overall compensation policies, administers and grants awards under the 1997 LTIP and administers the Annual Incentive Plan with respect to executive officers and performs such duties as the Board of Directors may from time to time request.

In establishing and administering the Company's compensation policies and programs, the Compensation Committee considered the compensation plans and arrangements of a peer group of companies with which the Company competes for customers and executive talent, including the levels of individual compensation for similarly situated executives of the peer group, as well as factors specifically relevant to the Company. The basic objective of the Compensation Committee is to formulate compensation policies and programs intended to attract, retain, and motivate highly qualified key employees, including executive officers. Compensation of executive officers and other key employees, including the Chief Executive Officer, is comprised of three principal elements: (i) stock ownership, (ii) base salary and (iii) annual bonus.

Stock Ownership

The Compensation Committee believes that executive officers and other significant employees, who are in a position to make a substantial contribution to the long-term success of the Company and to build stockholder value, should have a significant stake in the Company's on-going success. This focuses attention on managing the Company as an owner with an equity position in the business and seeks to align these employees' interests with the long-term interests of stockholders. Accordingly, one of the Company's principal methods to motivate executive officers and other significant employees is through a stock option program.

During 2003, the Company granted options under the 1997 LTIP to purchase an aggregate of approximately 241,200 shares of Common Stock to 8 executive officers (including each of the executive officers named in the Summary Compensation Table other than the Chief Executive Officer, whose grants are described below). The exercise price of each of these options was the closing market price per share of Common Stock on the date of grant.

Management recommends to the Compensation Committee those executive officers and other significant employees (other than the Chief Executive Officer) to whom options should be granted and the number of options to be granted to them. The recommendations are based on a review of each employee's individual performance, position and level of responsibility in the Company, long-term potential contribution to the Company and the number of options previously granted to the employee. Neither management nor the Compensation Committee assigned specific weights to these factors, although the executive's position and a subjective evaluation of his performance were considered most important. Generally, the number of options granted to an executive reflects his or her level of responsibility and position in the Company. To encourage key employees to remain in the employ of the Company, options generally vest and become exercisable over a three- or four-year period and generally do not become initially exercisable until one year after the date of grant.

Base Salary

The Compensation Committee believes that it is important to pay reasonable and competitive salaries. Salaries paid to executive officers (other than the Chief Executive Officer) are based on the Chief Executive Officer's recommendations to the Compensation Committee, which is responsible for

18

reviewing and approving or disapproving those recommendations. Generally, an executive's base salary reflects his level of responsibility and position in the Company.

During 2003, Messrs. Garrett and Leonhardt, two executive officers named in the Summary Compensation Table, received base salary increases. These increases were based upon each officer's individual services rendered, level and scope of responsibility and experience. Also taken into account was the relationship of the compensation of such officers to the compensation of officers occupying comparable positions in other organizations.

Annual Incentive Bonus

The Annual Incentive Plan is intended to provide a means of annually rewarding certain key employees, including the executives listed in the Summary Compensation Table, based on the performance of the Company. In addition, awards for each officer (other than the Chief Executive Officer) may be adjusted based on the officer's achievement of a personal performance percentage. This approach allows management to focus on key business objectives in the short-term, and to support the long-term performance orientation of stock ownership. Under the Annual Incentive Plan in 2003, management recommended, and the Compensation Committee established, for each executive officer a target award amount. The percentage of such amount to be received by an executive officer is based on whether and to the extent that certain performance targets (relating to the Company's cash flow and EBITDA in 2003) were met. The target award percentage for executive officers named in the Summary Compensation Table (other than the Chief Executive Officer) for 2003 was 50-60%. The target award percentage for the Chief Executive Officer was 75%.

Supplemental Executive Retirement Plan

Effective January 1, 2001, the Company amended and restated the terms and conditions of the CommScope, Inc. of North Carolina Supplemental Executive Retirement Plan to change the plan from a defined benefit type plan to a defined contribution plan. The amendment and restatement does not apply with respect to participants who were retired as of December 31, 2000. The amended and restated plan is named the CommScope, Inc. Supplemental Executive Retirement Plan and provides for retirement benefits payable over 5, 10 or 15 years (or, upon approval of the plan administrator and subject to forfeiture of a portion of the participant's account balance, in a lump sum) out of amounts credited to a participant's special and regular accounts and earnings at a rate of 7% per year.

Chief Executive Officer Compensation

Frank M. Drendel has served as Chairman and Chief Executive Officer of the Company since July 1997. In 2003, the Compensation Committee approved of Mr. Drendel's annual salary rate being kept at \$555,000 (no increase), effective March 1, 2003, and his target bonus percentage under the Annual Incentive Plan remained at 75%. Mr. Drendel's salary and target bonus percentage was determined based on factors such as the Company's overall performance, Mr. Drendel's individual performance, and the compensation of similarly situated executives at comparable corporations.

On December 19, 2003, the Company granted Mr. Drendel an option to purchase 130,200 shares of Common Stock with a per share exercise price of \$15.58, the closing market price of the Common Stock on the date of grant. The options vest over a period of 3 years at a rate of 33¹/₃% per year. The options would become immediately and fully exercisable in the event of a change in control of the Company.

Compliance With Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), which was enacted in 1993, generally disallows a federal income tax deduction to any publicly held corporation for

19

compensation paid in excess of \$1 million in any taxable year to the chief executive officer or any of the four other most highly compensated executive officers who are employed by the Company on the last day of the taxable year. Section 162(m), however, does not disallow a federal income tax deduction for "qualified performance-based compensation," the material terms of which are disclosed to and approved by stockholders.

The Compensation Committee has considered the tax deductibility of compensation awarded under the 1997 LTIP and the Annual Incentive Plan in light of Section 162(m). The Company structured and intends to administer the stock option, performance unit and performance share portions of the 1997 LTIP with the intention that the resulting compensation payable thereafter constitute "qualified performance-based compensation" and be deductible. The Company has structured the Annual Incentive Plan with the intention that awards payable thereafter to the Chief Executive Officer constitute "qualified performance-based compensation" and, if so qualified, be deductible. No executive officer's compensation in 2003 was non-deductible by reason of the application of Section 162(m) and it is not expected that any executive officer's compensation will be non-deductible in 2004 by reason of the application of Section 162(m).

PROPOSAL TWO: APPROVAL OF COMMSCOPE INC. 1997 LONG-TERM INCENTIVE PLAN

The Board of Directors proposes that the stockholders approve the Amended and Restated CommScope, Inc. 1997 Long-Term Incentive Plan (the "1997 LTIP"), which includes the following amendments approved by the Board of Directors on March 12, 2004 and which are subject to the approval of the stockholders at the Annual Meeting:

- (i) An increase of the shares reserved for issuance thereunder by an additional 1,500,000 shares,
- (ii) An increase in the aggregate number of shares that may be made the subject of full-value awards under the 1997 LTIP from 200,000 to 1,100,000,
- (iii) An increase in the maximum dollar amount of cash or the fair market value of shares that an individual may receive in any year in respect of performance units denominated in dollars under the 1997 LTIP from \$1,000,000 to \$2,000,000,
- (iv) The addition of nonemployee directors as persons eligible to receive awards of restricted stock under the LTIP,
- (v) In respect of any grant of a performance unit denominated in dollars, a revision providing that the reduction in shares available under the 1997 LTIP for grants of future options and other awards will not take place unless and until such award is settled in shares, and that no reduction will occur for any award that cannot be settled in shares, and
- (vi) The addition of new business criteria on which performance goals under the 1997 LTIP can be based.

GENERAL

Edgar Filing: COMMSCOPE INC - Form DEF 14A

The 1997 LTIP was approved by the Company's Board of Directors and GI Delaware, as sole stockholder of the Company, prior to the Spin-off. The Board of Directors of the Company then approved an amendment to the 1997 LTIP on February 12, 1998 to add 2,400,000 shares to the 1997 LTIP subject to stockholder approval, which was obtained at the Annual Meeting on May 1, 1998. The Board of Directors of the Company then approved an amendment to the 1997 LTIP on March 20, 2000 to add 2,000,000 shares to the 1997 LTIP subject to stockholder approval, which was obtained at the Annual Meeting on May 5, 2000. On March 21, 2002, the Company approved an amendment to the 1997 LTIP to add 3,000,000 shares to the 1997 LTIP, subject to stockholder approval, which was obtained at the Annual Meeting on May 3, 2002. Following this approval on May 3, 2002, there were 9,600,000 shares of Company Stock authorized under the 1997 LTIP.

AMENDMENT OF THE 1997 LTIP

On March 12, 2004, the Company further amended the 1997 LTIP, subject to stockholder approval at the Annual Meeting (the "Amendment"). The Amendment increases the number of shares of Common Stock available for issuance upon future grants of stock options and other awards under the 1997 LTIP by 1,500,000 shares (the "Additional Shares"). As of March 1, 2004, only approximately 1,080,562 shares of Common Stock were available for future grant. The Company believes that it is in the best interests of the Company to increase the maximum number of shares that may be made subject to Awards under the 1997 LTIP in order (i) to continue to attract and retain key employees and (ii) to provide additional incentive and reward opportunities to current employees to encourage them to enhance the profitable growth of the Company.

The Amendment also increases the aggregate number of shares of Common Stock that may be made the subject of awards other than stock options ("full-value awards") under the 1997 LTIP to 1,100,000. The Company believes that it is necessary to compensate employees with a higher

25

concentration of restricted stock, phantom stock and/or performance share/unit awards than it has in the past to further align the interests of Company employees with those of stockholders, and therefore believes that it is in the best interests of the Company to increase this maximum. Prior to the Amendment, the 1997 LTIP provided that, in the aggregate, not more than 200,000 shares of Common Stock may be made the subject of awards other than stock options. As of March 11, 2004, 6,000 shares of Common Stock have been used for the grant of full-value awards.

In addition, the Amendment increases the maximum dollar amount of cash or the fair market value of shares of Common Stock that an individual may receive in any calendar year in respect of performance units denominated in dollars under the 1997 LTIP to \$2,000,000. As indicated in the previous paragraph, to further align the interests of Company employees with those of stockholders, the Company believes that it is necessary to grant awards other than stock options under the 1997 LTIP, such as performance unit awards. Prior to the Amendment, the 1997 LTIP provided that such dollar amount may not exceed \$1,000,000. The Company believes that this change is in the best interests of the Company.

The Amendment also makes nonemployee directors of the Company eligible to receive awards of restricted stock under the LTIP. Previously, the LTIP provided for the grant of only nonqualified stock options and unrestricted stock awards to nonemployee directors. With this change, both employees and nonemployee directors of the Company and its subsidiaries are eligible to receive such grants at the discretion of the Committee. Except in certain situations (described below), the restrictions on restricted stock awards will not lapse prior to the third anniversary of the grant date. The Company believes that this change is in the best interests of the Company as it will further align the interests of Company employees with those of stockholders by allowing the grant of other full-value awards.

The Amendment further provides that, in respect of any grant of a performance unit denominated in dollars, the reduction in shares of Common Stock available under the 1997 LTIP for options and other awards will not take place unless and until such award is settled in shares and no reduction will occur for any award that cannot be settled in shares. Prior to this Amendment, the shares available under the 1997 LTIP were required to be reduced at the time of grant of a performance unit and then added back to the 1997 LTIP if the settlement of the award was subsequently made in cash. In addition, the Amendment provides that no reduction shall occur for any Award that cannot be settled in shares of Common Stock. The Company believes that these changes will ease the administration of the 1997 LTIP with respect to awards that are performance units denominated in dollars and other awards that cannot be settled using shares of Common Stock.

The Amendment also adds new business criteria on which performance goals under the 1997 LTIP can be based. The Company believes that it is in the best interests of the Company to expand the business criteria on which performance goals may be based to enable the committee to grant awards that are more closely tied to, in respect of each employee, the relevant performance of the Company and its subsidiaries, division or units.

Edgar Filing: COMMSCOPE INC - Form DEF 14A

The Company now submits the 1997 LTIP for stockholder approval. If such stockholder approval is not obtained, no awards will be granted in respect of Additional Shares or in excess of the other maximums currently set forth in the 1997 LTIP. In addition, no performance-based awards will be made under the 1997 LTIP.

The principal provisions of the 1997 LTIP are summarized below. This summary, however, does not purport to be complete and is qualified in its entirety by the terms of the 1997 LTIP as amended, which is included as Appendix B to this Proxy Statement. All capitalized terms used below and not defined herein have the meaning set forth in the 1997 LTIP, unless otherwise indicated.

26

PURPOSE OF THE 1997 LTIP

The Company's Board of Directors believes that awards will provide a means by which employees and directors of the Company and its subsidiaries can acquire and maintain stock ownership, thereby strengthening their commitment to the success of the Company and its subsidiaries and their desire to remain employed by the Company and its subsidiaries, focusing their attention on managing the Company as equity owners, and aligning their interest with those of the Company's stockholders. The 1997 LTIP is also intended to attract and retain employees and to provide those employees with additional incentive and reward opportunities designed to encourage them to enhance the profitable growth of the Company and its subsidiaries.

DESCRIPTION OF THE 1997 LTIP

The 1997 LTIP provides for the granting of stock options, restricted stock, performance units, performance shares, phantom stock and tandem awards to employees of the Company and its subsidiaries and the granting of stock options and restricted and unrestricted stock awards to certain nonemployee directors (collectively or individually, "Awards").

The 1997 LTIP must be administered by a committee (the "Committee") consisting of at least two directors of the Company who are "nonemployee directors" within the meaning of Rule 16b-3 promulgated under Section 16(b) of the Exchange Act, and is currently administered by the Compensation Committee, and to the extent necessary for any Award intended to constitute "qualified performance-based compensation" to so qualify, each member of the Committee shall be an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code. In addition, with respect to Awards to be granted to participants who are not subject to Section 16 of the Exchange Act, the authority of the Committee may be exercised by the full Board or by a committee, consisting of at least one individual, appointed by the Board.

The Committee will select those employees to whom Awards will be granted, and determine the type, the size and the terms and conditions of Awards, including the per share purchase price of restricted stock and options, and the restrictions or performance criteria relating to restricted stock, phantom stock, performance units and performance shares. The Committee will also construe and interpret the 1997 LTIP. The Committee will have the authority to cancel outstanding Awards and make adjustments to outstanding Awards with the consent of the grantee and to accelerate the exercisability of Awards or to waive the restrictions and conditions applicable to Awards.

The maximum number of shares of Common Stock that may currently be made the subject of Awards granted under the 1997 LTIP is 9,600,000 (which, after giving effect to the Amendment, will be increased to 11,100,000), in addition to the Substitute and Spin-off Options that, as described below, were issued pursuant to the 1997 LTIP in connection with the Spin-off; provided, however, that in the aggregate, not more than 200,000 shares (which, after giving effect to the Amendment, will be increased to 1,100,000 shares) of Common Stock may be made the subject of Awards other than options. The maximum number of shares with respect to which options (other than Substitute and Spin-off Options) and other Awards may be granted to any individual in any three calendar year period is 750,000. The maximum dollar amount of cash or the fair market value of shares of Common Stock that may be granted to any individual in any calendar year with respect to performance units denominated in dollars is \$1 million (which, after giving effect to the Amendment, will be increased to \$2,000,000).

In the event of a change in capitalization, however, the Committee may adjust the maximum number and class of shares which are subject to outstanding Awards and the purchase price therefor. In addition, if any Award (including the Substitute and Spin-off Options) is canceled or expires or terminates or is settled in cash (including the settlement of tax withholding obligations using shares of

27

Edgar Filing: COMMSCOPE INC - Form DEF 14A

Common Stock) without having been exercised, the shares of Common Stock subject to that Company Award again become available for granting under the 1997 LTIP. After giving effect to the Amendment, grants of performance units denominated in dollars will not reduce the number of shares of Common Stock available for Awards under the 1997 LTIP, but rather will only be reduced if such performance unit is ultimately settled in whole or in part in shares of Common Stock. In addition, the Amendment requires that no reduction will occur for any Award that cannot be settled in shares of Common Stock. If any option is exercised by tendering shares of Common Stock, either actually or by attestation, to the Company as full or partial payment of the exercise price, the maximum number of shares available under the 1997 LTIP will be increased by the number of shares so tendered.

ELIGIBILITY

Generally, employees and nonemployee directors of the Company or any of its subsidiaries are eligible to participate in the 1997 LTIP. As described below, awards of Formula Director Options are granted on each third anniversary of each nonemployee director's first appointment to the Board. In addition, Awards of unrestricted stock are also granted with respect to 1,000 shares of Common Stock to each nonemployee director of the Company upon his or her initial election to the Board.

Other Awards are made to eligible individuals in the discretion of the Committee and therefore, who will receive a future grant of such Awards is not determinable at this time. However, typically these Awards are only made to the key employees of the Company and its nonemployee directors. As of March 11, 2004 there were 9 executive officers, approximately 500 other employees and five current nonemployee directors who currently hold Awards under the 1997 LTIP.

OPTIONS

Pursuant to the 1997 LTIP, the Committee will grant to each nonemployee director of the Company nonqualified stock options to purchase 20,000 shares of Common Stock in connection with his or her initial election to the Board and an additional option in respect of 20,000 shares of Common Stock on each third anniversary of each nonemployee director's first appointment to the Board, if such nonemployee director is still serving on the Board ("Formula Director Options"). The per share exercise price of the Formula Director Options is equal to 100% of the fair market value of the Company's Common Stock on the grant date. Each Formula Director Option will have a ten-year term and will become exercisable with respect to one-third of the underlying shares on each of the first, second and third anniversaries of the grant date. Except as otherwise provided in an option agreement, if a nonemployee director ceases to serve as a director of the Company for any reason, his or her Formula Director Options will be exercisable, during their remaining terms, to the extent that they were exercisable on the date the director ceased to serve as a director.

In addition, the Committee may grant nonqualified stock options and incentive stock options to any eligible employee of the Company or its subsidiaries. The per share exercise price of the options is fixed by the Committee when the options are granted and must be at least 100% of the fair market value of the Company's Common Stock on the Grant Date of the option (110% in the case of an incentive stock option granted to a 10% owner).

Each option (other than Formula Director Options) will be exercisable at the times and in the installments determined by the Committee, commencing not earlier than the first anniversary of the grant date of the option. Typically, the options are granted with a three-year or four-year ratable vesting schedule. In addition, the Committee reserves the authority to accelerate the exercisability of any option (other than Formula Director Options).

Notwithstanding the foregoing, all outstanding options will become fully exercisable upon a change in control. A "change of control" under the 1997 LTIP means, generally: (i) the acquisition by any person of beneficial ownership of voting securities resulting in such person beneficially owning 33% or

more of the combined voting power of the Company's then outstanding voting securities; (ii) the individuals who, as of July 23, 1997, the date the 1997 LTIP was adopted, are members of the Board (the "Incumbent Board") cease for any reason to constitute at least two-thirds of the Board; or (iii) the consummation of (A) a merger, consolidation or reorganization involving the Company unless: (1) the stockholders of the Company, immediately before such merger, consolidation etc. own, following such merger, consolidation or reorganization at least a majority of the combined voting power of the outstanding voting securities of the corporation resulting from such merger, consolidation or reorganization in substantially the same proportion as before the merger, consolidation or reorganization; and (2) the members of the Incumbent Board immediately prior to the merger, consolidation or reorganization constitute at least a majority of the Board of the surviving corporation; and (3) no person has beneficial ownership of 33% or more of the combined voting power of the surviving corporation's then outstanding voting securities; (B) a complete liquidation or dissolution of the Company; or (C) the disposition of all or substantially all of the assets of the

Company.

Each option (other than Formula Director Options) terminates at the time determined by the Committee, except that the term of each such option may not exceed ten years (five years in the case of an incentive stock option granted to a 10% owner). Unless set forth in the applicable option agreement, options are not transferable by the grantee except by will or the laws of descent and distribution (or, with respect to a nonqualified stock option, pursuant to a domestic relations order (within the meaning of Rule 16a-12 promulgated under the Exchange Act)) and may be exercised during the grantee's lifetime only by the grantee or the grantee's guardian or legal representative; provided, however, that the Committee may set forth in the option agreement evidencing a nonqualified stock option at the time of the grant or thereafter, that the Award may be transferred to members of the grantee's immediate family, to trusts solely for the benefit of such immediate family members and/or to partnerships in which such family members and/or trusts are the only partners. In the discretion of the Committee, the purchase price for shares acquired pursuant to the exercise of an option may be paid (i) in cash, (ii) by transferring shares of unrestricted Common Stock to the Company held for at least months, or (iii) by a combination of the foregoing.

RESTRICTED STOCK

The Committee will determine, when each restricted stock Award is made, the terms of such restricted stock Award, including the price, if any, to be paid by the grantee for the restricted stock, the restrictions placed on the shares and the time or times when the restrictions will lapse; provided, however, that, except in the case of shares of restricted stock issued in full or partial settlement of another Award or other earned compensation, or in the event of the grantee's termination of employment, as determined by the Committee and set forth in an Award agreement, such restrictions shall not lapse prior to the third anniversary of the grant date. In addition, when restricted stock is granted under the 1997 LTIP, the Committee may, in its discretion, decide: (i) whether dividends paid on the restricted stock will be remitted to the grantee or deferred until the restrictions on the restricted stock Award lapse; (ii) whether any deferred dividends will be invested in additional shares of the Common Stock; (iii) whether interest will be accrued on any dividends not reinvested in additional shares of restricted stock; (iv) whether any dividends paid on the restricted stock Award will be subject to the restrictions applicable to the restricted stock Award; and (v) whether, and to what extent, the restrictions on the restricted stock shall lapse upon a change in control.

PERFORMANCE UNITS AND PERFORMANCE SHARES

The Committee may grant performance units or performance shares to any eligible employee. Before the grant of any performance unit or performance share, the Committee will (i) designate a measuring period, of not less than one year nor more than five years, for the measurement of the extent to which performance goals are attained; (ii) determine performance goals applicable to such

grant; and (iii) assign a performance percentage to each level of attainment of performance goals during the measuring period. Prior to this Amendment, the performance goals applicable to performance units or performance shares could, in the discretion of the Committee, be based on stock price, earnings per share, operating income, return on equity or assets, cash flow, EBITDA or any combination of the foregoing. After giving effect to the Amendment, the performance goals applicable to performance units or performance shares may, in the discretion of the Committee, be based also on any of the following: revenues, overall revenue or sales growth, expense reduction or management, market position, total shareholder return, return on investment, earnings before interest and taxes (EBIT), net income, return on net assets, economic value added, shareholder value added, cash flow return on investment, net operating profit, net operating profit after tax, return on capital, and return on invested capital, or any combination of the foregoing or as may be combined with the business criteria currently set forth in the 1997 LTIP. Such performance goals may be absolute or relative (to prior performance or to the performance of one or more other entities or external indices) and may be expressed in terms of a progression within a specified range.

At the time of grant or at any time thereafter, in either case to the extent permitted under Section 162(m) of the Internal Revenue Code and the regulations thereunder without adversely affecting the treatment of the performance unit or performance share as "qualified performance-based compensation," the Committee may provide for the manner in which performance will be measured against the performance goals (or may adjust the performance goals) to reflect the impact of specified corporate transactions, special charges, foreign currency effects, accounting or tax law changes and other extraordinary or nonrecurring events.

Prior to the vesting, payment, settlement or lapsing of any restrictions with respect to any performance unit or performance share that is intended to constitute "qualified performance-based compensation" made to a grantee who is subject to Section 162(m) of the Internal Revenue Code, the Committee shall certify in writing that the applicable performance goals have been satisfied. The agreements evidencing Awards of performance units and performance shares will set forth the terms and conditions of Awards, including those applicable in the event of the grantee's termination of employment or a change of control. Performance units may be denominated in dollars or in shares of Common Stock, and payments in respect of vested performance units will be made in cash, shares of Common Stock or any combination of the foregoing, as

Edgar Filing: COMMSCOPE INC - Form DEF 14A

determined by the Committee. Performance shares are initially denominated in shares of Common Stock, but the Committee may ultimately settle performance share Awards in cash, shares of Common Stock or a combination thereof, at its discretion.

PHANTOM STOCK

The Committee may grant phantom stock to employees, subject to the terms and conditions established by the Committee. Upon the vesting of a phantom stock Award, the grantee will be entitled to receive a cash payment in respect of each share of phantom stock equal to the fair market value of a share of Common Stock as of the date the phantom stock Award was granted or such other date as determined by the Committee when the phantom stock Award was granted. The Committee may, when a phantom stock Award is granted, provide a limitation on the amount payable in respect of each share of phantom stock. In lieu of a cash payment, the Committee may settle phantom stock Awards with shares of Common Stock having a fair market value equal to the cash payment to which the grantee is entitled.

TANDEM AWARDS

The 1997 LTIP provides that the Committee may grant any Award in tandem with another Award. Unless otherwise provided by the Committee, upon the exercise, payment or forfeiture of one tandem Award, the related tandem Award will be canceled to the extent of the number of shares as to which the tandem Award is so exercised, paid or forfeited.

30

AMENDMENT AND TERMINATION

The 1997 LTIP will terminate on July 23, 2007, the tenth anniversary of its adoption. However, the Board of Directors may sooner terminate or amend the 1997 LTIP at any time without stockholder approval, except where stockholder approval is required to retain the favorable tax treatment of incentive stock options under the Internal Revenue Code, to permit transactions in Common Stock under the 1997 LTIP to be exempt from potential liability under Section 16(b) of the Exchange Act, to qualify the shares offered under the 1997 LTIP for listing on any securities exchange, or as otherwise required by law. The termination of the 1997 LTIP will not affect then outstanding Awards.

SUBSTITUTE OPTIONS AND SPIN-OFF OPTIONS

On August 1, 1997, "Substitute Options" were issued under the 1997 LTIP to officers, key employees and certain nonemployee directors of the Company and "Spin-off Options" were issued to certain former directors of General Instrument Corporation to replace options awarded under the General Instrument Corporation 1993 Long-Term Incentive Plan. The terms and conditions of each Substitute and Spin-off Option issued under the 1997 LTIP, including, without limitation, the time or times when, and the manner in which, each shall be exercisable, the duration of the exercise period, the permitted method of exercise, settlement and payment, and the rules that shall apply in the event of termination of employment, were the same as those of the surrendered award it replaced.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES RELATING TO AWARDS UNDER THE 1997 LTIP

Incentive Stock Option ("ISO"). In general, a grantee will not recognize taxable income upon the grant or exercise of an ISO, and the Company and its subsidiaries will not be entitled to any business expense deduction with respect to the grant or exercise of an ISO. (However, upon the exercise of an ISO, the excess of the fair market value on the date of exercise of the shares received over the exercise price of the option will be treated as an adjustment to alternative minimum taxable income.) In order for the exercise of an ISO to qualify as an ISO, a grantee generally must be an employee of the Company or a subsidiary (within the meaning of Section 422 of the Code) from the date the ISO is granted through the date that is three months before the date of exercise (one year preceding the date of exercise in the case of a grantee whose employment is terminated due to disability). The employment requirement does not apply where a grantee's employment is terminated due to his or her death.

If a grantee has held the shares acquired upon exercise of an ISO for at least two years after the date of grant and for at least one year after the date of exercise, when the grantee disposes of the shares, the difference, if any, between the sales price of the shares and the exercise price of the option will be treated as long-term capital gain or loss subject to reduced rates of tax. If a grantee disposes of the shares prior to satisfying these holding period requirements (a "Disqualifying Disposition"), the grantee will recognize ordinary income (treated as compensation) at the time of the Disqualifying Disposition, generally in an amount equal to the excess of the fair market value of the shares at the time the option was exercised over the exercise price of the option. The balance of the gain realized, if any, will generally be capital gain. If the grantee sells the shares in a Disqualifying Disposition at a price below the fair market value of the shares at the time the option was exercised, the amount of ordinary income (treated as compensation) will be limited to the amount realized on the sale over the exercise price of the option. In general, if the Company and its subsidiaries comply with applicable income reporting requirements, the Company and its subsidiaries will be allowed a

business expense deduction to the extent a grantee recognizes ordinary income.

Nonqualified Stock Option. In general, a grantee who receives a nonqualified stock option will recognize no income at the time of the grant of the option. In general, upon exercise of a nonqualified

stock option, a grantee will recognize ordinary income (treated as compensation) in an amount equal to the excess of the fair market value of the shares on the date of exercise over the exercise price of the option. The basis in shares acquired upon exercise of a nonqualified stock option will equal the fair market value of such shares at the time of exercise, and the holding period of the shares (for capital gain purposes) will begin on the date of exercise. In general, if the Company and its subsidiaries comply with applicable income reporting requirements, they will be entitled to a business expense deduction in the same amount and at the same time as the grantee recognizes ordinary income. In the event of a sale of the shares received upon the exercise of a nonqualified stock option, any appreciation or depreciation after the exercise date generally will be taxed as capital gain or loss, provided that any gain will be subject to reduced rates of tax if the shares were held for more than twelve months. Special rules may apply with respect to persons who may be subject to Section 16(b) of the Exchange Act.

Other Tax Information. Under certain circumstances, the accelerated vesting or exercise of options in connection with a change in control might be deemed an "excess parachute payment" for purposes of the golden parachute tax provisions of Section 280G of the Code. To the extent it is so considered, a grantee may be subject to a 20% excise tax and the Company and its subsidiaries may be denied a tax deduction.

Section 162(m) of the Internal Revenue Code generally disallows a federal income tax deduction to any publicly-held corporation for compensation paid in excess of \$1 million in any taxable year to the chief executive officer or any of the four other most highly compensated executive officers who are employed by the Company on the last day of the taxable year, but does not disallow a deduction for "qualified performance-based compensation," the material terms of which are disclosed to and approved by stockholders. The Company has structured the 1997 LTIP with the intention that compensation resulting from the exercise of options, and from performance shares and performance units, can qualify as "qualified performance-based compensation" and, if so qualified, would be deductible.

The Board of Directors recommends a vote "FOR" Proposal Two, the approval of the Amended and Restated CommScope, Inc. 1997 Long-Term Incentive Plan.

**PROPOSAL THREE: RE-APPROVAL OF MATERIAL
TERMS OF PERFORMANCE GOALS UNDER
THE ANNUAL INCENTIVE PLAN**

PURPOSE OF THE PROPOSAL

Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder provide that the Company may not deduct remuneration in excess of \$1 million for services performed by any employee who, on the last day of the taxable year, was the chief executive officer or among the four other highest compensated executive officers of the Company whose compensation is reported in the Summary Compensation Table. The deduction limit described in the preceding sentences will not apply, however, to any compensation that constitutes "qualified performance-based compensation." "Qualified performance-based compensation," which can include compensation derived from cash bonus compensation, is compensation that meets certain conditions under the Internal Revenue Code and the regulations thereunder. One of these conditions is periodic shareholder approval of the material terms of the performance goals under which the compensation is paid.

The Company's Annual Incentive Plan contains features designed to comply with this exemption for "qualified performance-based compensation." As such, the Company asks that the stockholders reapprove the material terms of the performance goals to which cash awards may be subject under the Annual Incentive Plan to give the Committee the ability to structure cash bonuses for the Chief Executive Officer that qualify as "qualified performance-based compensation" and, thus, are fully deductible by the Company for tax purposes. The material terms of these performance goals have not been changed since the plan was previously submitted to stockholders for approval on May 1, 1998. If the Company's stockholders do not approve these material terms at the Annual Meeting, no cash bonuses will be made under the Annual Incentive Plan to any named executive officer if such payment would not be deductible to the Company by reason of the application of Section 162(m).

MATERIAL TERMS OF THE PERFORMANCE GOALS

The material terms of the performance goals for cash bonus awards under the Annual Incentive Plan consist of (i) the class of employees eligible to receive these awards; (ii) the types of business criteria on which the payouts for performance share and performance unit awards are based; and (iii) the maximum amounts of cash or shares that can be provided during a specified period to any employee for these types of awards under the Annual Incentive Plan.

Eligible Class. Any of the Company's and its subsidiaries' approximately 400 exempt employees are currently eligible to participate in the Annual Incentive Plan for any performance period. However, participation is generally limited to those key employees who, because of their significant impact on the current and future success of the Company, the Committee or Chief Executive Officer selects.

Business Criteria. To determine the payments of cash bonuses subject to performance goals, the Committee sets performance goals, target award percentages and financial targets with respect to the executive officers of the Company and the Chief Executive Officer sets performance goals, target award percentages and financial targets with respect to all other employees. These goals, percentages and targets will be used to determine awards for specified performance periods, generally one-year in duration. Financial targets, for any performance period, may be expressed in terms of earnings per share, operating income, return on equity or assets, cash flow, EBITDA or any combination of the foregoing. Generally, a participant earns an award for a performance period based on the Company's and/or his or her operating unit's achievement of the applicable financial target(s). In addition, the award for each participant (other than the Chief Executive Officer) may be adjusted based on the participants' personal performance percentage.

33

Such performance goals may be absolute or relative (to prior performance or to the performance of one or more other entities or external indices) and may be expressed in terms of a progression within a specified range. To the extent permitted under Section 162(m) without adversely affecting the treatment of the cash bonus award as "qualified performance-based compensation," the Committee may provide for the manner in which performance will be measured against the performance goals (or may adjust the performance goals) to reflect the impact of specified corporate transactions, special charges, foreign currency effects, accounting or tax law changes and other extraordinary or nonrecurring events.

Maximum Amounts. The maximum award that any participant (other than the Chief Executive Officer) may receive for any performance period is 150% of the participant's target award for that performance period. The maximum award the Chief Executive Officer may receive for any performance period is \$1.5 million.

OTHER MATERIAL FEATURES OF THE ANNUAL INCENTIVE PLAN

GENERAL

The Annual Incentive Plan is intended to provide a means of annually rewarding certain employees based on the performance of the Company and/or its operating units. The Annual Incentive Plan is designed to qualify the compensation payable to the Company's Chief Executive Officer under the Annual Incentive Plan as "qualified performance-based compensation" eligible for exclusion from the tax deduction limitation of Section 162(m) of the Code. See "Certain Federal Income Tax Consequences," below. The reapproval by stockholders of the material terms of the performance goals, and the certification by the Committee that the performance goals and other material terms were in fact satisfied, will be a condition to the payment of compensation to the Chief Executive Officer pursuant to the Annual Incentive Plan.

The principal provisions of the Annual Incentive Plan are summarized below. This summary, however, does not purport to be complete and is qualified in its entirety by the terms of the Annual Incentive Plan, included as Appendix C to this Proxy Statement.

PURPOSE OF ANNUAL INCENTIVE PLAN

The purpose of the Annual Incentive Plan is to enhance the Company's ability to attract, motivate, reward and retain key employees, to strengthen their commitment to the success of the Company and to align their interests with those of the Company's stockholders by providing additional compensation to designated key employees of the Company based on the achievement of performance objectives. To this end, the Annual Incentive Plan provides a means of annually rewarding participants primarily based on the performance of the Company and/or its operating units and secondarily based on the achievement of personal performance objectives.

ELIGIBILITY

Edgar Filing: COMMSCOPE INC - Form DEF 14A

As discussed above, any of the approximately 400 exempt employees of the Company and its subsidiaries are currently eligible to participate in the Annual Incentive Plan for any performance period. However, participation is generally limited to those key employees who, because of their significant impact on the current and future success of the Company, the Committee or Chief Executive Officer selects.

Generally, to be eligible to receive an award in respect of any performance period, an employee shall have had at least three months active tenure during such performance period and be actively employed by the Company on the award payment date. If an employee becomes a participant during a performance period, such participant's award will be prorated based on the number of days that he or

34

she is a participant, unless, with respect to employees other than the Chief Executive Officer, the Committee otherwise determines.

ADMINISTRATION

The Annual Incentive Plan will be administered by the Committee with respect to participants who are executive officers of the Company and by the Chief Executive Officer with respect to all other participants. Each member of the Committee shall be an "outside director" within the meaning of the regulations promulgated under Section 162(m) of the Internal Revenue Code. The Committee and the Chief Executive Officer, as the case may be, shall have full authority to establish the rules and regulations relating to the Annual Incentive Plan, to interpret the Annual Incentive Plan and those rules and regulations, to select participants in the Annual Incentive Plan, to determine the Company's and, if applicable, each operating unit's, financial target(s) and each participant's target award percentage for each performance period, to approve all the awards, to decide the facts in any case arising under the Annual Incentive Plan and to make all other determinations and to take all other actions necessary or appropriate for the proper administration of the Annual Incentive Plan, including the delegation of such authority or power, where appropriate.

DETERMINATION OF AWARDS

Prior to, or as soon as practicable following, the commencement of each performance period, the Committee with respect to executive officers of the Company and the Chief Executive Officer with respect to all other employees shall determine the employees who will participate in the Annual Incentive Plan during that performance period and determine each such participant's target award percentage and the financial target(s) for that performance period.

Generally, as described above, a participant earns an award for a performance period based on the Company's and/or his or her operating unit's achievement of the applicable financial target(s). In addition, the award for each participant (other than the Chief Executive Officer) may be adjusted based on the participants' personal performance percentage.

CHANGES TO THE TARGET

The Committee, with respect to participants who are executive officers of the Company, and the Chief Executive Officer, with respect to all other participants, may at any time prior to the final determination of awards change the target award percentage of any participant (other than the Chief Executive Officer) or assign a different target award percentage to a participant (other than the Chief Executive Officer) to reflect any change in the participant's responsibility level or position during the course of the performance period.

The Committee, with respect to participants who are executive officers, and the Chief Executive Officer, with respect to all other participants, may at the time financial target(s) are determined for a performance period, or at any time prior to the final determination of awards in respect of that performance period to the extent permitted under Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder without adversely affecting the treatment of the award as "qualified performance-based compensation," provide for the manner in which performance will be measured against the financial target(s) or personal performance goal, if applicable, (or to the extent permitted under Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder without adversely affecting the treatment of an award as "qualified performance-based compensation," may adjust the financial target(s)) to reflect the impact of specified corporate transactions (such as a stock-split or stock dividend), special charges, foreign currency effects, accounting or tax law changes and other extraordinary or nonrecurring events.

35

PAYMENT OF AWARDS

Generally, each award to the extent earned is paid in a single lump sum cash payment, in no event later than 120 days following the performance period. The Committee certifies the amount of the Chief Executive Officer's award prior to payment thereof.

If a change of control (which definition is the same as that under the 1997 LTIP) occurs, the Company, within 60 days thereafter, pays to each participant an award that is calculated assuming that all performance percentages are 100%, prorated to the date of the change of control based on the number of days that have elapsed during the performance period through the date of the change of control.

LIMITATIONS ON RIGHTS TO PAYMENT OF AWARDS

No participant shall have any right to receive payment of an award under the Annual Incentive Plan for a performance period unless the participant remains in the employ of the Company through the payment date of the award for such performance period. However, if the participant has active service with the Company or a subsidiary for at least three months during any performance period, but, prior to payment of the award for such performance period, a participant's employment with the Company terminates due to the participant's death, disability or, except in the case of the Chief Executive Officer, retirement or such other special circumstances as determined by the Chief Executive Officer on a case by case basis, the participant (or, in the event of the participant's death, the participant's estate or beneficiary) shall remain eligible to receive a prorated portion of any earned award.

AMENDMENT AND TERMINATION

The Committee may at any time amend or terminate (in whole or in part) the Annual Incentive Plan. No such amendment that adversely affects a participant's rights to or interest in an award earned prior to the date of the amendment shall be effective unless the participant shall have agreed thereto.

NON-TRANSFERABILITY

Except in connection with the death of a participant, a participant's right and interest under the Annual Incentive Plan may not be assigned or transferred. Any attempted assignment or transfer will be null and void and will extinguish, in the Company's sole discretion, the Company's obligation under the Annual Incentive Plan to pay awards with respect to the participant.

UNFUNDED STATUS

The Plan will be unfunded. The Company will not be required to establish any special or separate fund, or to make any other segregation of assets, to assure payment of awards.

2003 AWARDS MADE UNDER THE 1997 LTIP AND THE ANNUAL INCENTIVE PLAN

Grants under the 1997 LTIP are made at the discretion of the Committee, and, accordingly, future grants under the 1997 LTIP are not yet determinable. Future awards under the Annual Incentive Plan are not determinable because they depend upon certain unknown factors, including the extent to which the financial targets for any performance period are achieved. The following table sets forth information concerning (i) the amounts that have been paid pursuant to the Annual Incentive Plan with respect to performance in the year ended December 31, 2003, and (ii) options granted under the 1997 LTIP during the year ended December 31, 2003. On January 20, 2004, options to purchase a total of 1,250 shares of Common Stock were granted to two employees (who were not executive officers) of the Company. In addition, in December 2003, options to purchase 19,850 shares of Common Stock were granted to certain foreign employees of the Company; however, these option grants were subject to a legally-mandated acceptance period, which expired in 2004. These awards are not necessarily indicative of the awards that may be made in the future under either of the programs.

The Board of Directors recommends a vote "FOR" Proposal Three, to reapprove the material terms of the performance goals set forth under the Annual Incentive Plan as required under Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder.

PROPOSAL FOUR: RATIFICATION OF APPOINTMENT OF AUDITOR

The Audit Committee has appointed the firm of Deloitte & Touche LLP as independent auditor to examine the books of account and other records of the Company and its consolidated subsidiaries for the 2004 fiscal year. The Board of Directors is asking the stockholders to ratify and approve this action. Deloitte & Touche LLP has been the Company's independent auditor since July 1997. Representatives of the auditing firm will be present at the Annual Meeting and will be afforded the opportunity, if they so desire, to make a statement or respond to appropriate questions that may come before the Annual Meeting.

Although such ratification is not required by law, the Board of Directors believes that stockholders should be given the opportunity to express their views on the subject. While not binding on the Audit Committee, the failure of the stockholders to ratify the appointment of Deloitte & Touche LLP as the Company's independent auditor would be considered by the Audit Committee in determining whether to continue with the services of Deloitte & Touche LLP.

INDEPENDENT AUDITORS

Audit Fees

The aggregate fees and expenses billed by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective worldwide affiliates ("Deloitte") for professional services rendered for the audit of the Company's annual consolidated financial statements for the fiscal years ended December 31, 2003 and 2002 and the reviews of the consolidated financial statements included in the Company's Quarterly Reports on Form 10-Q for those years amounted to \$343,561 and \$359,825, respectively.

Audit-Related Fees

The aggregate fees and expenses billed by Deloitte for assurance and other services reasonably related to the performance of the audit or review of the Company's financial statements (other than those described above under "Audit Fees") for the fiscal years ended December 31, 2003 and 2002 amounted to \$330,311 and \$39,746, respectively. Such services consisted of planning and implementation assistance related to benefit plans, statutory audits and the Sarbanes-Oxley Act of 2002 and reviews of financial statements and other due diligence services pertaining to potential business acquisitions and dispositions, including accounting and financial reporting matters and merger integration assistance.

Tax Fees

For the fiscal years ended December 31, 2003 and 2002, respectively, tax fees billed by Deloitte consisted solely of tax compliance fees of \$288,295 and \$263,599, respectively. Tax compliance fees consisted primarily of the preparation of original and amended tax returns, claims for refunds and tax payment planning services. The Company did not incur any tax consultation and planning fees during the fiscal years ended December 31, 2003 and 2002.

All Other Fees

The Company did not have any fees billed by Deloitte for products and services other than those described above under "Audit Fees," "Audit-Related Fees" and "Tax Fees" for the fiscal year ended December 31, 2003. For the fiscal year ended December 31, 2002, fees for such other services billed by Deloitte amounted to \$5,000, and were related to financial information systems design and implementation.

38

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services provided by the Company's independent auditors (the "Policy") prior to the engagement of the independent auditors with respect to such services.

Under the Policy, proposed services may be pre-approved on a periodic basis or individual engagements may be separately approved by the Audit Committee prior to the services being performed. In each case, the Audit Committee considers whether the provision of such services would impair the independent auditor's independence. All audit services, audit-related services, tax services and other services provided by Deloitte & Touche LLP for 2003 were pre-approved by the Audit Committee.

The Board of Directors recommends a vote "FOR" Proposal Four, the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditor for the 2004 fiscal year.

39

A copy of the Company's By-laws, which describes the advance notice procedures, can be obtained from the Secretary of the Company.

SOLICITATION OF PROXIES

Proxies will be solicited electronically, by mail, telephone, or other means of communication. Solicitation of proxies also may be made by directors, officers and regular employees of the Company. The Company has retained Morrow & Co., Inc. to assist in the solicitation of proxies from stockholders. Morrow & Co., Inc. will receive a fee of approximately \$7,000 plus reimbursement of certain out-of-pocket expenses. The Company will reimburse brokerage firms, custodians, nominees and fiduciaries in accordance with the rules of the NYSE, for reasonable expenses incurred by them in forwarding materials to the beneficial owners of shares. The entire cost of solicitations will be borne by the Company.

OTHER MATTERS

The Company knows of no other matter to be brought before the Annual Meeting. If any other matter requiring a vote of the stockholders should come before the Annual Meeting, it is the intention of the persons named in the proxy to vote with respect to any such matter in accordance with their best judgment.

The Company will furnish, without charge, to each person whose proxy is being solicited upon written request, a copy of its Annual Report on Form 10-K for the fiscal year ended December 31, 2003, as filed with the Commission (excluding exhibits). Copies of any exhibits thereto also will be furnished upon the payment of a reasonable duplicating charge. Requests in writing for copies of any such materials should be directed to CommScope, Inc., 1100 CommScope Place, S.E., P.O. Box 339, Hickory, North Carolina 28602, Attention: Investor Relations.

(the "Corporation") is to: (a) oversee the accounting and financial reporting processes of the Corporation and audits of the financial statements of the Corporation; (b) prepare a report for inclusion in the Corporation's Annual Proxy Statement in compliance with applicable federal securities laws; and (c) assist the Board to oversee:

the integrity of the Corporation's financial statements and the appropriateness of the Corporation's accounting policies and procedures;

the Corporation's compliance with legal and regulatory requirements;

the external auditor's qualifications and independence;

the performance of the Corporation's internal audit function and external auditor; and

the sufficiency of the external auditor's review of the Corporation's financial statements.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. It is the duty of the Committee to conduct investigations, as necessary, and to resolve disagreements, if any, between management and the external auditor.

Charter

The scope of the Committee's responsibilities and how it carries out those responsibilities, including structure, processes and membership requirements are set forth in this charter (the "Charter"), which has been adopted and approved by the Board and may be amended by the Board from time to time in compliance with applicable laws, rules and regulations, including the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange (collectively, the "Applicable Rules"). On an annual basis, the Committee shall review and reassess the adequacy of the Charter and evaluate the Committee's performance and recommend any changes to the Board. A copy of the Charter will be attached as an appendix to the Corporation's annual proxy statement at least once every three years and will be included on the Corporation's website.

Composition

The Committee shall consist of at least three directors, all of whom shall have no relationship to the Corporation that may interfere with the exercise of their independence from management and the Corporation, as determined in accordance with Applicable Rules. Each Committee member shall be financially literate as required by Applicable Rules or shall become financially literate within a reasonable time after his or her appointment to the Committee. At least one Committee member must be a financial expert and must have accounting or related financial management expertise each as defined by Applicable Rules. If a member serves on the audit committee of more than two other public companies, such member shall inform the Committee and the Committee shall recommend to the Board, and the Board shall determine, whether such simultaneous service would impair the ability of such member effectively to serve on the Committee.

A-1

The Committee shall be appointed by the Board, and one Committee member shall be designated as the Chairman. The Board may remove a member at any time.

The Chief Financial Officer of the Corporation shall be the chief member of management to serve in a liaison capacity with respect to the Committee.

The only compensation a Committee member may receive from the Corporation shall be compensation determined by the Board in compliance with Applicable Rules.

At its discretion, the Committee shall have direct access to the external auditor, internal auditor, General Counsel, the Controller and any other employee of the Corporation. All employees will be directed to cooperate in providing any information as requested by members of the Committee. The Committee shall have the authority to engage independent counsel and other advisers, as it determines necessary to carry out its duties, and may, as appropriate, obtain outside advice and assistance from legal, accounting and other advisors. The Corporation shall provide for appropriate funding, as determined by the Committee, for payment of compensation to any such advisors and for the Committee's ordinary administrative expenses that are necessary or appropriate in carrying out its duties.

Meetings

The Committee will meet at least four times during each calendar year. Additional meetings may be called by the Chairman whenever circumstances warrant. The Corporation shall provide prior notice for any meeting of the Committee and shall circulate an agenda and written materials with adequate notice to permit appropriate preparation for the meeting.

The Committee will receive from management the Corporation's financial results each quarter as well as an oral report from the external auditor describing their SAS 100 review and any other reports required to be prepared or filed under Applicable Rules. The Committee shall direct management and the external auditor to communicate directly to the Committee any significant matters required to be discussed under SAS 61, as amended, each quarter.

Officers and employees of the Corporation, as well as representatives of the external auditor, may be asked to attend meetings of the Committee by the Chairman or a member of the Committee. The Committee may meet without non-committee members for all or any portion of a meeting at the request of the Chairman or a member of the Committee.

A majority of the members of the Committee shall constitute a quorum for the transaction of business. Committee members may attend meetings in person, by conference call or through other means by which each member may hear and be heard by each other member, and the Committee may also act by written consent.

Authority and Specific Duties

The Committee is granted the authority and is required to perform each of the specific duties enumerated below.

External Auditor Retention

1. The Committee shall be directly responsible for the appointment, compensation, retention and oversight of the work of the external auditor of the Corporation, including resolution of disagreements between management and the auditor regarding financial reporting. Subject to Applicable Rules for stockholder consent, the Committee shall have the sole authority to retain and replace the Corporation's external auditor. The external auditor shall report directly to the Committee. The

A-2

Corporation shall provide appropriate funding for payment of compensation to the external auditor, as determined by the Committee.

2. The Committee shall obtain annually from the external auditor a written list of all of their relationships with, and professional services provided to, the Corporation and its related entities, as required by Independence Standards Board Standard No. 1, *Independence Discussions With Committees* and Applicable Rules. The Committee shall also review no less frequently than annually a report from the external auditor regarding (a) the external auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the external auditor, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the external auditor, (c) any steps taken to deal with any such issues and (d) all relationships between the external auditor and the Corporation.

3. The Committee shall evaluate the qualifications, performance and independence of the external auditor and the lead partner of the external audit team, taking into account the opinions of management and the internal auditors. In this context to the extent the Committee deems it desirable or appropriate, the Committee should consider whether the external auditor's quality controls are adequate; whether the provision of non-audit services, if any, is compatible with maintaining the external auditor's independence; and whether, in order to assure continuing auditor independence, there should be a regular rotation of the external auditor. The Committee shall present its conclusions to the Board and take such additional actions as it deems appropriate to satisfy itself of the qualifications, performance and independence of the Corporation's external auditor.

4. The Committee shall, and shall have sole authority to, pre-approve (A) all audit services, and (B) non-audit services, which means any professional services provided to the Corporation by the external auditor other than those provided to the Corporation in connection with an audit or a review of the financial statements of the Corporation, in either case to be provided to the Corporation by the external auditor as required by and to the extent permissible under Applicable Rules. The Committee may adopt a formal pre-approval policy. The Committee may delegate pre-approval authority to one or more members of the Committee.

Edgar Filing: COMMSCOPE INC - Form DEF 14A

5. The Committee shall be responsible for overseeing the compliance by the Corporation and the external auditor with the requirements imposed by the Public Company Accounting Oversight Board (the "Oversight Board"). The Committee should request and receive assurances from the external auditor that it has complied with Section 10A of the Securities Exchange Act of 1934, the rules and policies of the Oversight Board and all other Applicable Rules.

6. The Committee shall require the external auditor to rotate the lead audit partner at least every five years as necessitated under Applicable Rules.

7. The Committee will set clear policies regulating the Corporation's hiring of any employees or former employees of the external auditor.

Performance of Audit

8. The Committee shall review with the external auditor, and approve, the scope of their examination prior to the initiation of the audit. The Committee shall confirm with the external auditors that the examination is in accordance with U.S. generally accepted auditing standards.

9. The Committee shall inquire as to the extent to which external accountants other than the principal external auditor are used and understand the rationale for using them and the extent of the review of their work to be performed by the principal external auditor.

A-3

10. The Committee shall timely obtain and review reports from the external auditor relating to its performance of the audit, in accordance with Applicable Rules.

11. The Committee shall discuss with the external auditor the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, relating to the conduct of the audit.

12. The Committee shall review with the external auditor any audit problems or difficulties and management's response, including whether there were any (i) restrictions on the scope of the external auditor's activities or on access to requested information, and (ii) significant disagreements with management. To the extent that the Committee deems it desirable or appropriate, the Committee may also review with the external auditor whether there were any accounting adjustments that were noted or proposed by the external auditor but were passed as immaterial or otherwise. To the extent that the Committee deems it desirable or appropriate, the Committee should discuss with the external auditor whether there were any accounting or disclosure issues not resolved to the satisfaction of the external auditor.

13. To the extent that the Committee deems it desirable or appropriate, the Committee should review with the external auditors material written communications between the external auditor and management, regarding any management letter, internal control letter or schedule of unadjusted differences.

14. To the extent that the Committee deems it desirable or appropriate, the Committee should discuss with the external auditor issues on which the external auditor's national office was consulted by the Corporation's external audit team respecting auditing or accounting issues presented by the engagement.

Disclosure and Financial Reporting

15. The Committee shall, prior to filing with the Securities and Exchange Commission, review, and discuss with management and the external auditor, the Corporation's financial statements and other statements contained in the annual report on Form 10-K and in quarterly reports on Form 10-Q, including the Corporation's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations". The Committee shall recommend to the Board whether the audited financial statements should be included in the Corporation's annual reports on Form 10-K.

16. To the extent that the Committee deems it desirable or appropriate, the Committee should review any required management internal control report prior to its inclusion in the annual report on Form 10-K.

17. The report of the Committee, and other required disclosure items related to the Committee and the external auditor, shall be prepared and included in the annual proxy materials in accordance with Applicable Rules.

Edgar Filing: COMMSCOPE INC - Form DEF 14A

18. The Committee must discuss with management and the external auditor, as appropriate, the type and presentation of information to be included in the Corporation's earnings press releases (in particular, the use of "pro forma" or "adjusted" non-GAAP information), and financial information and earnings guidance provided to analysts and rating agencies. The Committee may discuss such matters generally (i.e., discuss the types of information to be disclosed and the type of presentation to be made), and the Committee need not discuss in advance each earnings release or each instance in which the Corporation provides earnings guidance.

1. *Establishment, Purpose and Effective Date.*

(a) *Establishment.* The Company hereby establishes the Amended and Restated CommScope, Inc. 1997 Long-Term Incentive Plan (as set forth herein and from time to time amended, the "Plan").

(b) *Purpose.* The primary purpose of the Plan is to provide a means by which key employees and directors of the Company and its Subsidiaries can acquire and maintain stock ownership, thereby strengthening their commitment to the success of the Company and its Subsidiaries and their desire to remain employed by the Company and its Subsidiaries, focusing their attention on managing the Company as an equity owner, and aligning their interests with those of the Company's stockholders. The Plan also is intended to attract and retain key employees and to provide such employees with additional incentive and reward opportunities designed to encourage them to enhance the profitable growth of the Company and its Subsidiaries.

(c) *Effective Date.* The Plan shall become effective upon its adoption by the Board.

2. *Definitions.* As used in the Plan, terms defined parenthetically immediately after their use shall have the respective meanings provided by such definitions and the terms set forth below shall have the following meanings (such meanings to be equally applicable to both the singular and plural forms of the terms defined):

- (a) "Award" means Options, shares of restricted Stock, performance units, performance shares or Director's Shares granted under the Plan.
- (b) "Award Agreement" means the written agreement by which an Award is evidenced.

- (f) "Change of Control" means, any of the following:
 - (i) the acquisition by any Person of Beneficial Ownership of Voting Securities which, when added to the Voting Securities then Beneficially Owned by such Person, would result in such Person Beneficially Owning 33% or more of the combined Voting Power of the Company's then outstanding Voting Securities; *provided, however*, that for purposes of this paragraph (i), a Person shall not be deemed to have made an acquisition of Voting Securities if such Person: (1) acquires Voting Securities as a result of a stock split, stock dividend or other corporate restructuring in which all stockholders of the class of such Voting Securities are treated on a pro rata basis; (2) acquires the Voting Securities directly from the Company;

Edgar Filing: COMMSCOPE INC - Form DEF 14A

(3) becomes the Beneficial Owner of 33% or more of the combined Voting Power of the Company's then outstanding Voting Securities solely as a result of the acquisition of Voting Securities by the Company or any Subsidiary which, by reducing the number of Voting Securities outstanding, increases the proportional number of shares Beneficially Owned by such Person, provided that if (x) a Person would own at least such percentage as a result of the acquisition by the Company or any Subsidiary and (y) after such acquisition by the

Company or any Subsidiary, such Person acquires Voting Securities, then an acquisition of Voting Securities shall have occurred; (4) is the Company or any corporation or other Person of which a majority of its voting power or its equity securities or equity interest is owned directly or indirectly by the Company (a "Controlled Entity"); or (5) acquires Voting Securities in connection with a "Non-Control Transaction" (as defined in paragraph (iii) below); or

(iii) consummation of:

(A) a merger, consolidation or reorganization involving the Company (a "Business Combination"), unless

(1) the stockholders of the Company, immediately before the Business Combination, own, directly or indirectly immediately following the Business Combination, at least a majority of the combined voting power of the outstanding voting securities of the corporation resulting from the Business Combination (the "Surviving Corporation") in substantially the same proportion as their ownership of the Voting Securities immediately before the Business Combination, and

(B) a complete liquidation or dissolution of the Company; or

(C) the sale or other disposition of all or substantially all of the assets of the Company (other than a transfer to a Controlled Entity).

Notwithstanding the foregoing, a Change of Control shall not be deemed to occur solely because 33% or more of the then outstanding Voting Securities is Beneficially Owned by (x) a trustee or other fiduciary holding securities under one or more employee benefit plans or arrangements (or any trust forming a part thereof) maintained by the Company or any Controlled Entity or (y) any corporation which, immediately prior to its acquisition of such interest, is owned directly or indirectly by the

3. *Scope of the Plan.*

(a) *Number of Shares Available Under the Plan.* The maximum number of shares of Stock that may be made the subject of Awards granted under the Plan is 11,100,000 plus the number of shares of Stock that are covered by Substitute Options and Spin-off Options (or the number and kind of shares of Stock or other securities to which such shares of Stock are adjusted upon a Change in Capitalization pursuant to Article 18); *provided, however*, that in the aggregate, not more than 1,100,000 shares of Stock may be made the subject of Awards other than Options. The maximum number of shares of Stock that may be the subject of Options (other than Substitute Options and Spin-off Options) and Awards granted to any individual pursuant to the Plan in any three (3) calendar year period may not exceed 750,000. The maximum dollar amount of cash or the Fair Market Value of Stock that any individual may receive in any calendar year in respect of performance units denominated in dollars may not exceed \$2,000,000. The Company shall reserve for the purpose of the Plan, out of its authorized but unissued shares of Stock or out of shares held in the Company's treasury, or partly out of each, such number of shares as shall be determined by the Board. The Board shall have the authority to cause the Company to purchase from time to time shares of Stock to be held as treasury shares and used for or in connection with Awards. The issuance of Substitute Options and Spin-off Options shall not reduce the shares available for grants under the Plan or to a Grantee in any calendar year.

(b) *Reduction in the Available Shares in Connection with Award Grants.* Upon the grant of an Award, the number of shares of Stock available under Article 3(a) for the granting of further Awards shall be reduced as follows:

(i) *Generally.* In connection with the granting of each Award, other than a performance unit denominated in dollars, the number of shares of Stock available under Article 3(a) for the granting of further Awards shall be reduced by a number of shares equal to the number of shares of Stock in respect of which the Award is granted or denominated; *provided, however*, that if any Award is exercised by tendering shares of Stock, either actually or by attestation, to the Company as full or partial payment of the exercise price, the maximum number of shares of Stock available under Article 3(a) shall be increased by the number of shares of Stock so tendered.

(ii) *Performance Units Denominated in Dollars.* In connection with the granting of a performance unit denominated in dollars, there shall be no reduction in the number of shares of Stock available under Article 3(a) for the granting of further Awards. If a performance unit denominated in dollars is settled in Stock, the number of shares of Stock available under Article 3(a) for the granting of further Awards shall be reduced at the time of settlement by the number of shares of Stock issued in connection with the settlement of the performance unit.

(iii) *Cash Settlement; Shares Subject to Multiple Awards.* Notwithstanding anything contained herein to the contrary, (A) if an Award is granted that cannot be settled in shares of Stock, there shall be no reduction in the number of shares of Stock available under Article 3(a) for the granting of further Awards, and (B) where two or more Awards are granted with

respect to the same shares of Stock, such shares shall be taken into account only once for purposes of this Article 3(b).

B-5

(c) *Effect of the Expiration, Termination, Cancellation or Settlement of Awards.* If and to the extent an Option or Award (including a Substitute Option or a Spin-off Option) expires, terminates or is canceled, settled in cash (including the settlement of tax withholding obligations using shares of Stock) or forfeited for any reason without having been exercised in full (including, without limitation, a cancellation of an Option pursuant to Article 4(c)(vi)), the shares of Stock associated with the expired, terminated, canceled, settled or forfeited portion of the Award (to the extent the number of shares available for the granting of Awards was reduced pursuant to Article 3(b)) shall again become available for Awards under the Plan.

4. *Administration.*

(a) *Committee Administration.* The Plan shall be administered by the Committee, which shall consist of not less than two "non-employee directors" within the meaning of Rule 16b-3, and to the extent necessary for any Award intended to qualify as Performance-Based Compensation to so qualify, each member of the Committee shall be an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code. For purposes of the preceding sentence, if one or more members of the Committee is not a "non-employee director" within the meaning of Rule 16b-3 and an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code but recuses himself or herself or abstains from voting with respect to a particular action taken by the Committee, then the Committee, with respect to that action, shall be deemed to consist only of the members of the Committee who have not recused themselves or abstained from voting.

(b) *Board Reservation and Delegation.* Except to the extent necessary for any Award intended to qualify as Performance-Based Compensation to so qualify, the Board may, in its discretion, reserve to itself or exercise any or all of the authority and responsibility of the Committee hereunder and may also delegate to another committee of the Board any or all of the authority and responsibility of the Committee with respect to Awards to Grantees who are not Section 16 Grantees at the time any such delegated authority or responsibility is exercised. Such other committee may consist of one or more directors who may, but need not be, officers or employees of the Company or of any of its Subsidiaries. To the extent that the Board has reserved to itself, or exercised the authority and responsibility of the Committee, or delegated the authority and responsibility of the Committee to such other committee, all references to the Committee in the Plan shall be to the Board or to such other committee.

(c) *Committee Authority.* The Committee shall have full and final authority, in its discretion, but subject to the express provisions of the Plan, as follows:

(i) to grant Awards,

(ii) to determine (A) when Awards may be granted, and (B) whether or not specific Awards shall be identified with other specific Awards, and if so, whether they shall be exercisable cumulatively with, or alternatively to, such other specific Awards,

(iii) to issue Substitute Options and Spin-off Options,

(iv) to interpret the Plan and to make all determinations necessary or advisable for the administration of the Plan,

(v) to prescribe, amend, and rescind rules and regulations relating to the Plan, including, without limitation, rules with respect to the exercisability and nonforfeitability of Awards upon the Termination of Employment of a Grantee,

(vi) to determine the terms and provisions of the Award Agreements, which need not be identical and, with the consent of the Grantee, to modify any such Award Agreement at any time,

B-6

(vii) to cancel, with the consent of the Grantee, outstanding Awards,

Edgar Filing: COMMSCOPE INC - Form DEF 14A

(viii) except with respect to Nonqualified Stock Options granted to nonemployee directors pursuant to Article 6(b)(ii)(A) hereof, to accelerate the exercisability of, and to accelerate or waive any or all of the restrictions and conditions applicable to, any Award,

(ix) to authorize any action of or make any determination by the Company as the Committee shall deem necessary or advisable for carrying out the purposes of the Plan, and

(x) to impose such additional conditions, restrictions, and limitations upon the grant, exercise or retention of Awards as the Committee may, before or concurrently with the grant thereof, deem appropriate, including, without limitation, requiring simultaneous exercise of related identified Awards, and limiting the percentage of Awards which may from time to time be exercised by a Grantee.

Notwithstanding anything herein to the contrary, the exercise price of outstanding Options may not be decreased (except pursuant to Article 19 of the Plan) and Options may not be cancelled or forfeited and re-granted to effect the same result. Notwithstanding anything herein to the contrary, with respect to Grantees working outside the United States, the Committee may determine the terms and provisions of the Award Agreements and make such adjustments or modifications to Awards as are necessary and advisable to fulfill the purposes of the Plan.

(d) *Committee Determinations Final.* The determination of the Committee on all matters relating to the Plan or any Award Agreement shall be conclusive and final. No member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Award.

5. *Eligibility.*

Awards may be granted to any employee of the Company or any of its Subsidiaries, and Nonqualified Stock Options may be granted to nonemployee directors of the Company pursuant to Article 6(b)(ii)(B), and shares of restricted Stock may be granted to nonemployee directors of the Company pursuant to Article 6(d). In selecting the individuals to whom Awards may be granted, as well as in determining the number of shares of Stock subject to, and the other terms and conditions applicable to, each Award, the Committee shall take into consideration such factors as it deems relevant in promoting the purposes of the Plan. In addition, Nonqualified Stock Options will be automatically granted to nonemployee directors of the Company, as set forth in Article 6(b)(ii)(A), and Director's Shares will be automatically issued to nonemployee directors of the Company pursuant to Article 6(g).

6. *Conditions to Grants.*

(a) *General Conditions.*

(i) The Grant Date of an Award shall be the date on which the Committee grants the Award or such later date as specified in advance by the Committee.

(ii) The term of each Award (subject to Article 6(c) with respect to Incentive Stock Options) shall be a period of not more than ten years from the Grant Date and shall be subject to earlier termination as provided herein or in the applicable Award Agreement; *provided, however*, that the Committee may provide that an Option (other than an Incentive Stock Option) may, upon the death of the Grantee, be exercised for up to one year following the date of the Grantee's death even if such period extends beyond ten years from the date the Option is granted.

(iii) A Grantee may, if otherwise eligible, be granted additional Awards in any combination.

B-7

(iv) The Committee may grant Awards with terms and conditions which differ among the Grantees thereof. To the extent not set forth in the Plan, the terms and conditions of each Award shall be set forth in an Award Agreement.

(b) *Grant of Options and Option Price.* The Committee may, in its discretion, and shall as provided in Article 6(b)(ii), grant Options as follows:

Edgar Filing: COMMSCOPE INC - Form DEF 14A

(i) *Employee Options.* Options to acquire unrestricted Stock or restricted Stock may be granted to any employee eligible under Article 5 to receive Awards. No later than the Grant Date of any Option, the Committee shall determine the Option Price which shall not be less than 100% of the Fair Market Value of the Stock on the Grant Date.

(ii) *Nonemployee Director Options.*

(A). *Automatic Grants.* Nonqualified Stock Options with respect to 20,000 shares of unrestricted Stock shall be granted to each nonemployee director of the Company upon his or her initial election to the Board and every three years thereafter on the anniversary of such nonemployee director's initial election to the Board as long as such nonemployee director is then still serving on the Board.

(B). *Discretionary Grants.* Nonqualified Stock Options to acquire unrestricted or restricted stock may be granted to nonemployee directors of the Company from time to time.

(C). *Terms Applicable to all Nonemployee Director Options.* Each Nonqualified Stock Option granted to a nonemployee director will be granted at an Option Price equal to 100% of the Fair Market Value of the Stock on the Grant Date, will become exercisable with respect to one-third of the underlying shares on each of the first, second and third anniversaries of the Grant Date, and will have a term of ten years. If a nonemployee director ceases to serve as a director of the Company for any reason, any Nonqualified Stock Option granted to such nonemployee director shall be exercisable during its remaining term, to the extent that such Nonqualified Stock Option was exercisable on the date such nonemployee director ceased to be a director.

(c) *Grant of Incentive Stock Options.* At the time of the grant of any Option, the Committee may designate that such Option shall be an Incentive Stock Option. Any Option designated as an Incentive Stock Option:

(i) shall have an Option Price of (A) not less than 100% of the Fair Market Value of the Stock on the Grant Date or (B) in the case of a 10% Owner, not less than 110% of the Fair Market Value of the Stock on the Grant Date;

(ii) shall have a term of not more than ten years (five years, in the case of a 10% Owner) from the Grant Date, and shall be subject to earlier termination as provided herein or in the applicable Award Agreement;

(iii) shall, if, with respect to any grant, the aggregate Fair Market Value of Stock (determined on the Grant Date) of all Incentive Stock Options granted under the Plan and "incentive stock options" (within the meaning of Section 422 of the Internal Revenue Code) granted under any other stock option plan of the Grantee's employer or any parent or subsidiary thereof (in either case determined without regard to this Article 6(c)) are exercisable for the first time during any calendar year exceeds \$100,000, be treated as Nonqualified Stock Options. For purposes of the foregoing sentence, Incentive Stock Options shall be treated as Nonqualified Stock Options according to the order in which they were granted such that the most recently granted Incentive Stock Options are first treated as Nonqualified Stock Options.

B-8

(iv) shall be granted within ten years from the earlier of the date the Plan is adopted by the Board or the date the Plan is approved by the stockholders of the Company; and

(v) shall require the Grantee to notify the Committee of any disposition of any Stock issued pursuant to the exercise of the Incentive Stock Option under the circumstances described in Section 421(b) of the Internal Revenue Code (relating to certain disqualifying dispositions), within ten days of such disposition.

(d) *Grant of Shares of Restricted Stock.*

(i) The Committee may, in its discretion, grant shares of restricted Stock to any individual eligible under Article 5 to receive Awards.

(ii) Before the grant of any shares of restricted Stock, the Committee shall determine, in its discretion:

Edgar Filing: COMMSCOPE INC - Form DEF 14A

(A) whether the certificates for such shares shall be delivered to the Grantee or held (together with a stock power executed in blank by the Grantee) in escrow by the Secretary of the Company until such shares become nonforfeitable or are forfeited;

(B) the per share purchase price of such shares, which may be zero; *provided, however*, that the per share purchase price of all such shares (other than treasury shares) shall not be less than the Minimum Consideration for each such share;

(C) the restrictions applicable to such grant and the time or times upon which any applicable restrictions on the restricted Stock shall lapse; *provided, however*, that except in the case of shares of restricted Stock issued in full or partial settlement of another Award or other earned compensation, or in the event of the Grantee's Termination of Employment, as determined by the Committee and set forth in an Award Agreement, such restrictions shall not lapse prior to the third anniversary of the Grant Date of the restricted Stock; and

(D) whether the payment to the Grantee of dividends, or a specified portion thereof, declared or paid on such shares by the Company shall be deferred until the lapsing of the restrictions imposed upon such shares and shall be held by the Company for the account of the Grantee, whether such dividends shall be reinvested in additional shares of restricted Stock (to the extent shares are available under Article 3) subject to the same restrictions and other terms as apply to the shares with respect to which such dividends are issued or otherwise reinvested in Stock or held in escrow, whether interest will be credited to the account of the Grantee with respect to any dividends which are not reinvested in restricted or unrestricted Stock, and whether any Stock dividends issued with respect to the restricted Stock to be granted shall be treated as additional shares of restricted Stock.

(iii) Payment of the purchase price (if greater than zero) for shares of restricted Stock shall be made in full by the Grantee before the delivery of such shares and, in any event, no later than ten days after the Grant Date for such shares. Such payment may be made, as determined by the Committee in its discretion, in any one or any combination of the following:

(A) cash; or

(B) with the prior approval of the Committee, shares of restricted or unrestricted Stock owned by the Grantee prior to such grant and valued at its Fair Market Value on the business day immediately preceding the date of payment;

B-9

provided, however, that, in the case of payment in shares of restricted or unrestricted Stock, if the purchase price for restricted Stock ("New Restricted Stock") is paid with shares of restricted Stock ("Old Restricted Stock"), the restrictions applicable to the New Restricted Stock shall be the same as if the Grantee had paid for the New Restricted Stock in cash unless, in the judgment of the Committee, the Old Restricted Stock was subject to a greater risk of forfeiture, in which case a number of shares of New Restricted Stock equal to the number of shares of Old Restricted Stock tendered in payment for New Restricted Stock shall be subject to the same restrictions as the Old Restricted Stock, determined immediately before such payment.

(iv) The Committee may, but need not, provide that all or any portion of a Grantee's Award of restricted Stock shall be forfeited:

(A) except as otherwise specified in the Award Agreement, upon the Grantee's Termination of Employment within a specified time period after the Grant Date; or

(B) if the Company or the Grantee does not achieve specified performance goals within a specified time period after the Grant Date and before the Grantee's Termination of Employment; or

(C) upon failure to satisfy such other restrictions as the Committee may specify in the Award Agreement.

(v) If a share of restricted Stock is forfeited, then:

Edgar Filing: COMMSCOPE INC - Form DEF 14A

(A) the Grantee shall be deemed to have resold such share of restricted Stock to the Company at the lesser of (1) the purchase price paid by the Grantee (such purchase price shall be deemed to be zero dollars (\$0) if no purchase price was paid) or (2) the Fair Market Value of a share of Stock on the date of such forfeiture;

(B) the Company shall pay to the Grantee the amount determined under clause (A) of this sentence, if not zero, as soon as is administratively practicable, but in any case within 90 days after forfeiture; and

(C) such share of restricted Stock shall cease to be outstanding, and shall no longer confer on the Grantee thereof any rights as a stockholder of the Company, from and after the date of the Company's tender of the payment specified in clause (B) of this sentence, whether or not such tender is accepted by the Grantee, or the date the restricted Stock is forfeited if no purchase price was paid for the restricted Stock.

(vi) Any share of restricted Stock shall bear an appropriate legend specifying that such share is non-transferable and subject to the restrictions set forth in the Plan and the Award Agreement. If any shares of restricted Stock become nonforfeitable, the Company shall cause certificates for such shares to be issued or reissued without such legend and delivered to the Grantee or, at the request of the Grantee, shall cause such shares to be credited to a brokerage account specified by the Grantee.

(e) *Grant of Performance Units and Performance Shares.*

(i) The Committee may, in its discretion, grant performance units or performance shares to any employee eligible under Article 5 to receive Awards.

(ii) Before the grant of any performance unit or performance share, the Committee shall:

(A) designate a period, of not less than one year nor more than five years, for the measurement of the extent to which performance goals are attained (the "Measuring Period");

B-10

(B) determine performance goals applicable to such grant; *provided, however*, that the performance goals with respect to a Measuring Period shall be established in writing by the Committee by the earlier of (x) the date on which a quarter of the Measuring Period has elapsed or (y) the date which is ninety (90) days after the commencement of the Measuring Period, and in any event while the performance relating to the performance goals remain substantially uncertain; and

(C) assign a "Performance Percentage" to each level of attainment of performance goals during the Measuring Period, with the percentage applicable to minimum attainment being zero percent (0%) and the percentage applicable to optimum attainment to be determined by the Committee from time to time.

(iii) The performance goals applicable to performance units or performance shares shall, in the discretion of the Committee, be based on stock price, earnings per share, operating income, return on equity or assets, cash flow, EBITDA, revenues, overall revenue or sales growth, expense reduction or management, market position, total shareholder return, return on investment, earnings before interest and taxes (EBIT), net income, return on net assets, economic value added, shareholder value added, cash flow return on investment, net operating profit, net operating profit after tax, return on capital, and return on invested capital, or any combination of the foregoing. Such performance goals may be absolute or relative (to prior performance or to the performance of one or more other entities or external indices) and may be expressed in terms of a progression within a specified range. At the time of the granting of performance units or performance shares, or at any time thereafter, in either case to the extent permitted under Section 162(m) of the Internal Revenue Code and the regulations thereunder without adversely affecting the treatment of the performance unit or performance share as Performance-Based Compensation, the Committee may provide for the manner in which performance will be measured against the performance goals (or may adjust the performance goals) to reflect the impact of specified corporate transactions, special charges, foreign currency effects, accounting or tax law changes and other extraordinary or nonrecurring events.

(iv) Prior to the vesting, payment, settlement or lapsing of any restrictions with respect to any performance unit or performance share that is intended to constitute Performance-Based Compensation made to a Grantee who is subject to Section 162(m) of the Internal Revenue Code, the Committee shall certify in writing that the applicable performance goals have been satisfied.

Edgar Filing: COMMSCOPE INC - Form DEF 14A

(v) Unless otherwise expressly stated in the relevant Award Agreement, each performance unit and performance share granted under the Plan is intended to be Performance-Based Compensation and the Committee shall interpret and administer the applicable provisions of the Plan in a manner consistent therewith. Any provisions inconsistent with such treatment shall be inoperative and shall not adversely affect the treatment of performance units or performance shares granted hereunder as Performance-Based Compensation. The Committee shall not be entitled to exercise any discretion otherwise authorized hereunder with respect to such performance unit or performance share if the ability to exercise such discretion or the exercise of such discretion itself would cause the compensation attributable to such performance unit or performance share to fail to qualify as Performance-Based Compensation.

(f) *Grant of Phantom Stock.* The Committee may, in its discretion, grant shares of phantom stock to any employee who is eligible under Article 5 to receive Awards. Such phantom stock shall be subject to the terms and conditions established by the Committee and set forth in the applicable Award Agreement.

B-11

(g) *Grant of Director's Shares.* There shall be granted Director's Shares with respect to 1,000 shares of Stock to each nonemployee director of the Company upon his or her initial election to the Board. Director's Shares shall be fully vested and transferable upon issuance.

(h) *Tandem Awards.* The Committee may grant and identify any Award with any other Award granted under the Plan ("Tandem Award"), other than a Substitute Option or a Spin-off Option, on terms and conditions determined by the Committee.

7.

Non-transferability.

Unless set forth in the applicable Award Agreement with respect to Awards other than Incentive Stock Options, no Award (other than an Award of restricted Stock) granted hereunder shall by its terms be assignable or transferable except by will or the laws of descent and distribution or, in the case of an Option other than an Incentive Stock Option, pursuant to a domestic relations order (within the meaning of Rule 16a-12 promulgated under the Exchange Act). An Option may be exercised during the lifetime of a Grantee only by the Grantee or his or her guardian or legal representatives or, except as would cause an Incentive Stock Option to lose its status as such, by a bankruptcy trustee. Notwithstanding the foregoing, the Committee may set forth in the Award Agreement evidencing an Award (other than an Incentive Stock Option) at the time of grant or thereafter, that the Award may be transferred to members of the Grantee's immediate family, to trusts solely for the benefit of such immediate family members and to partnerships in which such family members and/or trusts are the only partners, and for purposes of this Plan, a transferee of an Award shall be deemed to be the Grantee. For this purpose, immediate family means the Grantee's spouse, parents, children, stepchildren and grandchildren and the spouses of such parents, children, stepchildren and grandchildren. The terms of an Award shall be final, binding and conclusive upon the beneficiaries, executors, administrators, heirs and successors of the Grantee. Each share of restricted Stock shall be non-transferable until such share becomes nonforfeitable.

8.

Exercise.

(a) *Exercise of Options.* Subject to Articles 4(c)(viii), 12 and 13 and such terms and conditions as the Committee may impose, each Option shall be exercisable in one or more installments commencing not earlier than the first anniversary of the Grant Date of such Option; *provided, however*, that all Options held by each Grantee shall become fully (100%) vested and exercisable upon the occurrence of a Change of Control regardless of whether the acceleration of the exercisability of such Options would cause such Options to lose their eligibility for treatment as Incentive Stock Options. Notwithstanding the foregoing, Options may not be exercised by a Grantee for such period of time following a hardship distribution to the Grantee, to the extent such exercise is prohibited under the applicable provisions of the Internal Revenue Code and any authority thereunder. Each Option shall be exercised by delivery to the Company of written notice of intent to purchase a specific number of shares of Stock subject to the Option. The Option Price of any shares of Stock as to which an Option shall be exercised shall be paid in full at the time of the exercise. Payment may be made, as determined by the Committee in its discretion with respect to Options granted to eligible employees and in all cases with respect to Options granted to nonemployee directors pursuant to Article 6(b)(ii), in any one or any combination of the following:

(i) cash,

(ii) shares of unrestricted Stock held by the Grantee for at least six months (or such lesser period as may be permitted by the Committee) prior to the exercise of the Option, and valued at its Fair Market Value on the last business day immediately preceding the date of exercise, or

(iii) through simultaneous sale through a broker of shares of unrestricted Stock acquired on exercise, as permitted under Regulation T of the Federal Reserve Board.

Shares of unrestricted Stock acquired by a Grantee on exercise of an Option shall be delivered to the Grantee or, at the request of the Grantee, shall be credited directly to a brokerage account specified by the Grantee.

(b) *Exercise of Performance Units.* (i) Subject to Articles 4(c)(viii), 12 and 13 and such terms and conditions as the Committee may impose, and unless otherwise provided in the applicable Award Agreement, if, with respect to any performance unit, the Committee has determined in accordance with Article 6(f)(iv) that the minimum performance goals have been achieved during the applicable Measuring Period, then such performance unit shall be deemed exercised on the date on which it first becomes exercisable.

(ii) The benefit for each performance unit exercised shall be an amount equal to the product of

(A) the Unit Value (as defined below), multiplied by

(B) the Performance Percentage attained during the Measuring Period for such performance unit.

(iii) The Unit Value shall be, as specified by the Committee,

(A) a dollar amount,

(B) an amount equal to the Fair Market Value of a share of Stock on the Grant Date,

(C) an amount equal to the Fair Market Value of a share of Stock on the exercise date of the performance unit, plus, if so provided in the Award Agreement, an amount ("Dividend Equivalent Amount") equal to the Fair Market Value of the number of shares of Stock that would have been purchased if each dividend paid on a share of Stock on or after the Grant Date and on or before the exercise date were invested in shares of Stock at a purchase price equal to its Fair Market Value on the respective dividend payment date, or

(D) an amount equal to the Fair Market Value of a share of Stock on the exercise date of the performance unit (plus, if so specified in the Award Agreement, a Dividend Equivalent Amount), reduced by the Fair Market Value of a share of Stock on the Grant Date of the performance unit.

(iv) The benefit upon the exercise of a performance unit shall be payable as soon as is administratively practicable (but in any event within 90 days) after the later of (A) the date the Grantee is deemed to exercise such performance unit, or (B) the date (or dates in the event of installment payments) as provided in the applicable Award Agreement. Such benefit shall be payable in cash, except that the Committee, with respect to any particular exercise, may, in its discretion, pay benefits wholly or partly in Stock delivered to the Grantee or credited to a brokerage account specified by the Grantee. The number of shares of Stock payable in lieu of cash shall be determined by valuing the Stock at its Fair Market Value on the business day next preceding the date such benefit is to be paid.

(c) *Payment of Performance Shares.* Subject to Articles 4(c)(vii), 12 and 13 and such terms and conditions as the Committee may impose, and unless otherwise provided in the applicable Award Agreement, if the Committee has determined in accordance with Article 6(f)(iv) that the minimum performance goals with respect to an Award of performance shares have been achieved during the applicable Measuring Period, then the Company shall pay to the Grantee of such

Award (or, at the request of the Grantee, deliver to a brokerage account specified by the Grantee) shares of Stock equal in number to the product of the number of performance shares specified in the applicable Award Agreement multiplied by the Performance Percentage achieved during such Measuring Period, except to the extent that the Committee in its discretion determines that cash be paid in lieu of some or all of such shares of Stock. The amount of cash payable in lieu of a share of Stock shall be determined by

valuing such share at its Fair Market Value on the business day next preceding the date such cash is to be paid. Payments pursuant to this Article 8(d) shall be made as soon as administratively practicable (but in any event within 90 days) after the end of the applicable Measuring Period. Any performance shares with respect to which the performance goals have not been achieved by the end of the applicable Measuring Period shall expire.

(d) *Payment of Phantom Stock Awards.* Upon the vesting of a phantom stock Award, the Grantee shall be entitled to receive a cash payment in respect of each share of phantom stock which shall be equal to the Fair Market Value of a share of Stock as of the date the phantom stock Award was granted, or such other date as determined by the Committee at the time the phantom stock Award was granted. The Committee may, at the time a phantom stock Award is granted, provide a limitation on the amount payable in respect of each share of phantom stock. In lieu of a cash payment, the Committee may settle phantom stock Awards with shares of Stock having a Fair Market Value equal to the cash payment to which the Grantee has become entitled.

(e) *Exercise, Cancellation, Expiration or Forfeiture of Tandem Awards.* Upon the exercise, cancellation, expiration, forfeiture or payment in respect of any Award which is identified with any Tandem Award pursuant to Article 6(i), the Tandem Award shall automatically terminate to the extent of the number of shares in respect of which the Award is so exercised, cancelled, expired, forfeited or paid, unless otherwise provided by the Committee at the time of grant of the Tandem Award or thereafter.

9.

Spin-off and Substitute Options.

Spin-off Options and Substitute Options shall be issued under this Plan pursuant to and in accordance with the terms of the Benefits Agreement. Spin-off Options and Substitute Options shall be governed by the terms of the Plan to the extent that the terms of the Plan do not conflict with the terms of the agreements evidencing the Spin-off Options and Substitute Options.

10.

Effect of Certain Transactions.

With respect to any Award which relates to Stock, in the event of (i) the liquidation or dissolution of the Company or (ii) a merger or consolidation of the Company (a "Transaction"), the Plan and the Awards issued hereunder shall continue in effect in accordance with their respective terms, except that following a Transaction either (i) each outstanding Award shall be treated as provided for in the agreement entered into in connection with the Transaction (the "Transaction Agreement") or (ii) if not so provided in the Transaction Agreement, each Grantee shall be entitled to receive in respect of each share of Stock subject to any outstanding Awards, upon the vesting, payment or exercise of the Award (as the case may be), the same number and kind of stock, securities, cash, property, or other consideration that each holder of a share of Stock was entitled to receive in the Transaction in respect of a share of Stock.

11.

Mandatory Withholding Taxes.

The Company shall have the right to deduct from any distribution of cash to any Grantee an amount equal to the federal, state and local income taxes and other amounts as may be required by law to be withheld (the "Withholding Taxes") with respect to any Award. If a Grantee is to experience a taxable event in connection with (i) the receipt of an Award, (ii) the receipt of shares pursuant to an

B-14

Option exercise, (iii) the vesting or payment of another type of Award or (iv) any other event in connection with the Plan (a "Taxable Event"), the Grantee shall pay the Withholding Taxes to the Company prior to the issuance, or release from escrow, of such Award or shares or vesting or payment of such Award or occurrence of such event, as applicable. Payment of the applicable Withholding Taxes may be made, as determined by the Committee in its discretion, in any one or any combination of (i) cash, (ii) shares of restricted or unrestricted Stock owned by the Grantee prior to the Taxable Event and valued at its Fair Market Value on the business day immediately preceding the date of exercise, or (iii) by making a Tax Election (as described below). For purposes of this Article 11, the Committee may provide in the Award Agreement at the time of grant, or at any time thereafter, that the Grantee, in satisfaction of the obligation to pay Withholding Taxes to the Company, may elect to have withheld a portion of the shares then issuable to him or her having an aggregate Fair Market Value equal to the Withholding Taxes.

12.

Termination of Employment.

Edgar Filing: COMMSCOPE INC - Form DEF 14A

The Award Agreement pertaining to each Award shall set forth the terms and conditions applicable to such Award upon a Termination of Employment of the Grantee by the Company, a Subsidiary or an operating division or unit, which, except for Options granted to nonemployee directors pursuant to Article 6(b)(ii)(A), shall be as the Committee may, in its discretion, determine at the time the Award is granted or thereafter.

13.

Securities Law Matters.

(a) If the Committee deems it necessary to comply with the Securities Act of 1933, the Committee may require a written investment intent representation by the Grantee and may require that a restrictive legend be affixed to certificates for shares of Stock.

(b) If, based upon the opinion of counsel for the Company, the Committee determines that the exercise or nonforfeiture of, or delivery of benefits pursuant to, any Award would violate any applicable provision of (i) federal or state securities law, (ii) the listing requirements of any national securities exchange on which are listed any of the Company's equity securities or (iii) any other law or regulation, then the Committee may postpone any such exercise, nonforfeiture or delivery, as the case may be, but the Company shall use its best efforts, if applicable, to cause such exercise, nonforfeiture or delivery to comply with all such provisions at the earliest practicable date.

(c) Notwithstanding any provision of the Plan or any Award Agreement to the contrary, no shares of Stock shall be issued to any Grantee in respect of any Award prior to the time a registration statement under the Securities Act of 1933 is effective with respect to such shares.

14.

No Funding Required.

Benefits payable under the Plan to any person shall be paid directly by the Company. The Company shall not be required to fund, or otherwise segregate assets to be used for payment of, benefits under the Plan.

15.

No Employment Rights.

Neither the establishment of the Plan, nor the granting of any Award shall be construed to (a) give any Grantee the right to remain employed by the Company or any of its Subsidiaries or to any benefits not specifically provided by the Plan or (b) in any manner modify the right of the Company or any of its Subsidiaries to modify, amend, or terminate any of its employee benefit plans.

B-15

16.

Rights as a Stockholder.

A Grantee shall not, by reason of any Award (other than restricted Stock), have any right as a stockholder of the Company with respect to the shares of Stock which may be deliverable upon exercise or payment of such Award until such shares have been delivered to him. Shares of restricted Stock held by a Grantee or held in escrow by the Secretary of the Company shall confer on the Grantee all rights of a stockholder of the Company, except as otherwise provided in the Plan.

17.

Nature of Payments.

Any and all grants, payments of cash, or deliveries of shares of Stock hereunder shall constitute special incentive payments to the Grantee and shall not be taken into account in computing the amount of salary or compensation of the Grantee for the purposes of determining any pension, retirement, death or other benefits under (a) any pension, retirement, profit-sharing, bonus, life insurance or other employee benefit plan of the Company or any of its Subsidiaries or (b) any agreement between the Company or any Subsidiary, on the one hand, and the Grantee, on the other hand, except as such plan or agreement shall otherwise expressly provide.

18.

Non-Uniform Determinations.

Neither the Committee's nor the Board's determinations under the Plan need be uniform and may be made by the Committee or the Board selectively among persons who receive, or are eligible to receive, Awards (whether or not such persons are similarly situated). Without limiting the generality of the foregoing, the Committee shall be entitled, among other things, to make non-uniform and selective determinations, to enter into non-uniform and selective Award Agreements as to (a) the identity of the Grantees, (b) the terms and provisions of Awards, and (c) the treatment of Terminations of Employment.

19.

Adjustments.

In the event of Change in Capitalization, the Committee shall, in its sole discretion, make equitable adjustment of

- (a) the aggregate number and class of shares of Stock or other stock or securities available under Article 3,
- (b) the number and class of shares of Stock or other stock or securities covered by an Award and to be covered by Options granted to nonemployee directors pursuant to Article 6(b)(ii),
- (c) the Option Price applicable to outstanding Options,
- (d) the terms of performance unit and performance share grants (to the extent permitted under Section 162(m)) of the Internal Revenue Code and the regulations thereunder without adversely affecting the treatment of the performance unit or performance share as Performance-Based Compensation,
- (e) the Fair Market Value of Stock to be used to determine the amount of the benefit payable upon exercise of performance units, performance shares or phantom stock,
- (f) the maximum number and class of shares of Stock or other securities with respect to which Awards may be granted to any individual in any three calendar year period, and
- (g) the number and class of shares of Stock or other securities with respect to which Director Shares are to be granted under Article 6(h).

B-16

20.

Amendment of the Plan.

The Board may from time to time in its discretion amend or modify the Plan without the approval of the stockholders of the Company, except as such stockholder approval may be required (a) to retain Incentive Stock Option treatment under Section 422 of the Internal Revenue Code, (b) to permit transactions in Stock pursuant to the Plan to be exempt from potential liability under Section 16(b) of the 1934 Act or (c) under the listing requirements of any securities exchange on which any of the Company's equity securities are listed.

21.

Termination of the Plan.

The Plan shall terminate on the tenth (10th) anniversary of the Effective Date or at such earlier time as the Board may determine. Any termination, whether in whole or in part, shall not affect any Award then outstanding under the Plan.

22.

No Illegal Transactions.

The Plan and all Awards granted pursuant to it are subject to all laws and regulations of any governmental authority which may be applicable thereto; and notwithstanding any provision of the Plan or any Award, Grantees shall not be entitled to exercise Awards or receive the benefits thereof and the Company shall not be obligated to deliver any Stock or pay any benefits to a Grantee if such exercise, delivery, receipt or payment of benefits would constitute a violation by the Grantee or the Company of any provision of any such law or regulation or applicable court order.

23.

Governing Law.

Except where preempted by federal law, the law of the State of Delaware shall be controlling in all matters relating to the Plan, without giving effect to the conflicts of law principles thereof.

24.

Severability.

If all or any part of the Plan is declared by any court or governmental authority to be unlawful or invalid, such unlawfulness or invalidity shall not serve to invalidate any portion of the Plan not declared to be unlawful or invalid. Any Article or part of an Article so declared to be unlawful or invalid shall, if possible, be construed in a manner which will give effect to the terms of such Article or part of an Article to the fullest extent possible while remaining lawful and valid.

25.

Translations.

Any inconsistency between the terms of the Plan or any Award Agreement and the corresponding translation thereof into a language other than English shall be resolved by reference, solely, to the English language document.

However, participation may be limited to those Employees who, because of their significant impact on the current and future success of the Company, the Committee or CEO selects, in accordance with Section 5 of this Plan, to participate in the Plan for that Performance Period. Notwithstanding the foregoing, the CEO shall participate in the Plan in every Performance Period.

To be eligible to receive an Award in respect of any Performance Period an Employee shall have had at least three months active tenure during such Performance Period and be actively employed by the Company on the Award payment date. The CEO may approve, for Participants other than the CEO and in accordance with Sections 7 and 8 of this Plan, exceptions for special circumstances.

If an Employee becomes a Participant during a Performance Period, such Participant's Award will be prorated based on the number of days that he or she is a Participant, unless, with respect to Employees other than the CEO, the Committee otherwise determines.

4. Administration

The administration of the Plan shall be consistent with the purpose and the terms of the Plan. The Plan shall be administered by the Committee with respect to Participants who are executive officers and by the CEO with respect to all other Participants. Each member of the Committee shall be an "outside director" within the meaning of Treasury Regulations promulgated under Section 162(m) of the Code. The Committee and the CEO, as the case may be, shall have full authority to establish the rules and regulations relating to the Plan, to interpret the Plan and those rules and regulations, to select Participants in the Plan, to determine the Company's and, if applicable, each Operating Unit's Financial Target(s) and each Participant's Target Award Percentage for each Performance Period, to approve all the Awards, to decide the facts in any case arising under the Plan and to make all other determinations and to take all other actions necessary or appropriate for the proper administration of the Plan, including the delegation of such authority or power, where appropriate; *provided, however*, that the Committee shall not be authorized to increase the amount of the Award payable to the CEO that would otherwise be payable pursuant to the terms of the Plan but may in its sole discretion decrease the amount of an Award that would otherwise be payable to the CEO pursuant to the terms of the Plan, and *provided, further*, that the Committee shall only exercise such discretion over the Plan and the Awards granted thereunder, to the extent permitted under Section 162(m) of the Code and the regulations thereunder without adversely affecting the treatment of the CEO's Award as Performance-Based Compensation.

The Committee's and the CEO's administration of the Plan, including all such rules and regulations, interpretations, selections, determinations, approvals, decisions, delegations, amendments, terminations and other actions, shall be final and binding on the Company, the Subsidiaries, their respective stockholders and all employees of the Company and the Subsidiaries, including the Participants and their respective

beneficiaries.

C-4

5. *Determination of Awards*

(a) Prior to, or as soon as practicable following, the commencement of each Performance Period, the Committee with respect to executive officers and the CEO with respect to all other Employees shall determine the Employees who shall be Participants during that Performance Period and determine each Participant's Target Award Percentage. The Committee shall also establish the Financial Target(s) for that Performance Period (which shall be established in writing by the earlier of (1) the date on which one-quarter of the Performance Period has elapsed or (2) the date which is 90 days after the commencement of the Performance Period, and in any event while the performance relating to the Financial Target(s) remains substantially uncertain). The Participants, each Participant's Target Award Percentage and the Financial Targets for each Performance Period shall be set forth on a Schedule. The Company shall notify each Participant of his or her Target Award Percentage and the applicable Financial Targets for the Performance Period.

(b) Generally, a Participant earns an Award for a Performance Period based on the Company's and/or his or her Operating Unit's achievement of applicable Financial Target(s). In addition, the Award for any Participant (other than the CEO) may be adjusted based on the Participant's Personal Performance Percentage. The Committee may determine that different Financial Targets are applicable to different Participants, groups of Participants, Operating Units or groups of Operating Units with respect to a specific Performance Period. The Committee may also establish minimum threshold of Company or Operating Unit performance which must be achieved in order for any portion of an Award to be earned for that Performance Period, provided such threshold is established by the earlier of (1) the date on which one-quarter of the Performance Period has elapsed or (2) the date which is 90 days after the commencement of the Performance Period, and in any event while the performance relating to the Financial Target(s) remains substantially uncertain. Notwithstanding the foregoing, if in any Performance Period a minimum threshold of Company and/or Operating Unit performance is established and the Company's and/or any Operating Unit's actual performance as measured against that minimum threshold would otherwise preclude the earning of Awards for that Performance Period, the Committee may upon consideration of the events of the Performance Period, determine that Awards may be earned by Participants (other than the CEO) for that Performance Period.

(c) The maximum Award any Participant (other than the CEO) may receive for any Performance Period is 150% of the Participant's Target Award for that Performance Period. The maximum award the CEO may receive for any Performance Period is \$1.5 million.

(d) Awards shall be earned by Participants in accordance with the following formula:

$$\begin{array}{ccccccc} \text{Target} & & \text{Base} & & \text{Financial} & & \text{Personal} \\ \text{Award} & & \text{Salary} & & \text{Target} & & \text{Performance Percentage} \\ \text{Percentage} & \times & & \times & \text{Award Earned} & \times & \text{(other} \\ & & & & & & \text{than the CEO)} \end{array}$$

Where:

Target Award Percentage is as defined in Section 2(aa) of the Plan.

Base Salary is as defined in Section 2(b) of the Plan.

Financial Target Award Earned is as defined in Section 2(n) of the Plan and is determined based on the Company's and/or, if applicable an Operating Unit's performance as measured against the applicable Financial Target(s).

Personal Performance Percentage ranges from 0 to 120 percent and is determined, in accordance with subsection (e) below.

C-5

(e) *Personal Performance Percentage.* The CEO is not eligible for an adjustment based on personal performance. Each other Participant's performance shall be evaluated and a Personal Performance Percentage for such Participant shall be recommended for approval by

the CEO. The Personal Performance Percentage may range from 0 to 120 percent to reflect the Participant's personal performance during the Performance Period; *provided, however*, that the application of this Section 5(f) shall not result in (i) the Participant's Award exceeding 150% of his or her or Target Award for the Performance Period; or (ii) an increase in the aggregate dollar amount of all Awards earned by all Participants for that Performance Period.

6. *Changes to the Target Award Percentage*

The Committee, with respect to Participants who are executive officers, and the CEO, with respect to all other Participants, may at any time prior to the final determination of Awards change the Target Award Percentage of any Participant (other than the CEO) or assign a different Target Award Percentage to a Participant (other than the CEO) to reflect any change in the Participant's responsibility level or position during the course of the Performance Period.

The Committee, with respect to Participants who are executive officers, and the CEO, with respect to all other Participants, may at the time Financial Target(s) are determined for a Performance Period, or at any time prior to the final determination of Awards in respect of that Performance Period to the extent permitted under Section 162(m) of the Code and the regulations promulgated thereunder without adversely affecting the treatment of the Award as Performance-Based Compensation, provide for the manner in which performance will be measured against the Financial Target(s) (or to the extent permitted under Section 162(m) of the Code and the regulations promulgated thereunder without adversely affecting the treatment of an Award as Performance-Based Compensation, may adjust the Financial Target(s)) to reflect the impact of specified corporate transactions (such as a stock-split or stock dividend), special charges, foreign currency effects, accounting or tax law changes and other extraordinary or nonrecurring events.

7. *Payment of Awards*

As soon as practicable after the close of a Performance Period and prior to the payment of any Award that is intended to constitute Performance-Based Compensation, the Committee, with respect to Participants who are executive officers, and the CEO, with respect to all other Participants, shall review each Participant's Award and certify in writing that the applicable Financial Targets have been satisfied. Subject to the provisions of Section 8 of the Plan, each Award to the extent earned shall be paid in a single lump sum cash payment, as soon as practicable following the Performance Period, but in no event later than 120 days following the Performance Period. The Committee shall certify in writing the amount of the CEO's Award prior to payment thereof.

If a Change of Control occurs, the Company shall, within 60 days thereafter, pay to each Participant in the Plan immediately prior to the Change of Control (regardless of whether the Participant remains employed after the Change of Control) an Award which is calculated assuming that all performance percentages are 100 percent, and such Award shall be prorated to the date of the Change of Control based on the number of days that have elapsed during the Performance Period through the date of the Change of Control.

8. *Limitations on Rights to Payment of Awards*

No Participant shall have any right to receive payment of an Award under the Plan for a Performance Period unless the Participant remains in the employ of the Company through the payment date of the Award for such Performance Period, except as provided in the last paragraph of Section 7 of the Plan. However, if the Participant has active service with the Company or the Subsidiary for at least three months during any Performance Period, but, prior to payment of the Award for such Performance Period, a Participant's employment with the Company terminates due to the Participant's death, Disability or, except in the case of the CEO, Retirement or such other special circumstances as

C-6

determined by the CEO on a case by case basis, the Participant (or, in the event of the Participant's death, the Participant's estate, beneficiary or beneficiaries as determined under Section 9 of the Plan) shall remain eligible to receive a prorated portion of any earned Award, based on the number of days that the Participant was actively employed and performed services during such Performance Period.

9. *Designation of Beneficiary*

A Participant may designate a beneficiary or beneficiaries who, in the event of the Participant's death prior to full payment of any Award hereunder, shall receive payment of any Award due under the Plan. Such designation shall be made by the Participant on a form prescribed by the Committee. The Participant may, at any time, change or revoke such designation. A beneficiary designation, or revocation of a prior beneficiary designation, will be effective only if it is made in writing on a form provided by the Company, signed by the Participant and received by the Secretary of the Company. If the Participant does not designate a beneficiary or the beneficiary dies prior to receiving any payment of an Award, Awards payable under the Plan shall be paid to the Participant's estate.

Edgar Filing: COMMSCOPE INC - Form DEF 14A

10. *Amendments*

The Committee may at any time amend (in whole or in part) this Plan. No such amendment which adversely affects any Participant's rights to or interest in an Award earned prior to the date of the amendment shall be effective unless the Participant shall have agreed thereto.

11. *Termination*

The Committee may terminate this Plan (in whole or in part) at any time. In the case of such termination of the Plan, the following provisions of this Section 11 shall apply notwithstanding any other provisions of the Plan to the contrary:

(i) The Committee shall promulgate administrative rules applicable to Plan termination, pursuant to which each affected Participant (other than the CEO) shall receive, with respect to each Performance Period which has commenced on or prior to the effective date of the Plan termination (the "Termination Date") and for which the Award has not yet been paid, the amount described in such rules and the CEO shall receive an amount equal to the amount his Award would have been had the Plan not been terminated (prorated for the Performance Period in which the Termination Date occurred), subject to reduction in the discretion of the Committee.

(ii) Each Award payable under this Section 11 shall be paid as soon as practicable, but in no event later than 120 days after the Termination Date.

12. *Miscellaneous Provisions*

(a) This Plan is not a contract between the Company and the Employees or the Participants. Neither the establishment of this Plan, nor any action taken hereunder, shall be construed as giving any Employee or any Participant any right to be retained in the employ of the Company or any of its Subsidiaries. Neither the Company nor any of its Subsidiaries is under any obligation to continue the Plan.

(b) A Participant's right and interest under the Plan may not be assigned or transferred, except as provided in Section 9 of the Plan, and any attempted assignment or transfer shall be null and void and shall extinguish, in the Company's sole discretion, the Company's obligation under the Plan to pay Awards with respect to the Participant.

(c) The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund, or to make any other segregation of assets, to assure payment of Awards.

(d) The Company shall have the right to deduct from Awards paid and any interest thereon, any taxes or other amounts required by law to be withheld.

(e) Nothing contained in the Plan shall limit or affect in any manner or degree the normal and usual powers of management, exercised by the officers and the Board of Directors or committees thereof, to change the duties or the character of employment of any employee of the Company or any of its Subsidiaries or to remove the individual from the employment of the Company or any of its Subsidiaries at any time, all of which rights and powers are expressly reserved.
