PROXY STATEMENT

For the Annual Meeting of Stockholders
To Be Held
May 13, 2004

GENERAL

The enclosed proxy is solicited on behalf of the board of directors of Discovery Partners International, Inc., a Delaware corporation (the "Company"), for use at the annual meeting of stockholders to be held on May 13, 2004 (the "Annual Meeting") and at any adjournments or postponements of the Annual Meeting. References to "we", "our", and "us" and similar references also refer to the Company. The Annual Meeting will be held at 11:00 a.m. at the offices of Cooley Godward LLP located at 4401 Eastgate Mall, San Diego, California 92121. Stockholders of record on March 19, 2004 will be entitled to notice of and to vote at the Annual Meeting.

This proxy statement and accompanying proxy were first mailed to stockholders on or about April 19, 2004.

Purpose of the Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders and are described in more detail in this proxy statement.

Voting

On March 19, 2004, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were 24,638,177 issued and outstanding shares of common stock, par value \$.001. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on March 19, 2004. Stockholders may not cumulate votes in the election of directors.

All votes will be tabulated by the inspector of election appointed for the meeting who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not have discretionary voting power and does not receive voting instructions from the beneficial owner.

With regard to the election of directors, votes may be cast in favor of, or withheld from, each nominee. However, the directors will be elected by plurality vote. The two nominees receiving the highest number of affirmative votes will be elected. All other matters to be acted upon by the stockholders at the Annual Meeting will require the approval of the holders of a majority of the outstanding common stock present in person or represented by proxy and entitled to vote at the Annual Meeting. With respect to such matters, abstentions are not affirmative votes and therefore will have the same effect as negative votes. Broker non-votes will not be counted for purposes of determining whether any of those proposals have been approved.

Proxies for Stockholders of Record

You may vote your shares by mailing a completed and signed proxy card in the envelope provided with the proxy card. In addition, as a stockholder of record, you may use the control number and instructions printed on your proxy card to vote by telephone or by Internet at www.voteproxy.com.

If the enclosed form of proxy is properly signed and returned, the shares will be voted at the Annual Meeting in accordance with the instructions you write on the proxy. If the proxy is signed and returned but does not specify how the shares are to be voted, the proxy will be voted FOR the election of the director nominees proposed by the board unless the authority to vote for the election of such director nominee(s) is withheld and, if no contrary instructions are given, the proxy will be voted FOR the approval of Proposal 2 described in the accompanying Notice and this proxy statement, and in the discretion of the proxyholders as to any other matters that may properly come before the Annual Meeting. You may revoke or change your proxy at any time before the Annual Meeting by filing with the Chief Financial Officer and Secretary of the Company at the Company's principal executive offices at 9640 Towne Centre Drive, San Diego, CA 92121, a notice of revocation or another signed proxy with a later date. Voting Instructions for Beneficial Owners

Edgar Filing: DISCOVERY PARTNERS INTERNATIONAL INC - Form DEF 14A

If your Discovery Partners International shares are held by a stockbroker, bank or other nominee rather than directly in your own name, you are considered a beneficial owner rather than a stockholder of record, and your broker or other nominee has enclosed a voting instruction form which you may complete and return by mail to direct the nominee how to vote your shares. Most nominees also make Internet or telephone voting procedures available to their beneficial owners. Please consult your voting instruction form for the specific procedures available.

Solicitation

The Company will bear the entire cost of soliciting proxies, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation material furnished to stockholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs of forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by telephone or other means by directors, officers or employees of the Company. No additional compensation will be paid to directors, officers or employees of the Company for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by regular or electronic mail.

Discretionary Authority to Vote on Stockholder Proposals

The proxy solicited by the board of directors for the Annual Meeting will confer discretionary authority to vote on any stockholder proposal presented at that meeting.

2

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL NO. 1 ELECTION OF DIRECTORS

General

The Company's Certificate of Incorporation provides for a classified board of directors consisting of three classes of directors with staggered three-year terms, with each class consisting, as nearly as possible, of one-third of the total number of directors. The board of directors currently consists of eight persons. The class whose term of office expires and that is up for election at the Annual Meeting currently consists of three directors: Mr. Dieter Hoehn, Sir Colin Dollery and Mr. Rosenman. Each director elected to this class will serve for a term of three years, expiring at the 2007 annual meeting of stockholders, or until his successor is duly elected and qualified or his earlier death, resignation or removal. Mr. Hoehn has decided not to stand for re-election as one of the Company's directors at the Annual Meeting. Sir Colin Dollery was previously elected as one of the Company's directors by the Company's stockholders. Mr. Rosenman was appointed as one of the Company's directors by the Company's board of directors following a selection process that involved evaluations and interviews of multiple candidates. Mr. Rosenman was recommended as a possible director candidate to the Company's board of directors by Mr. Pigliucci, the Company's Chief Executive Officer. The Nominating and Corporate Governance Committee recommended to the board of directors that each of Sir Colin Dollery and Herm Rosenman be nominated as a director for election at the Annual Meeting.

The Company's Certificate of Incorporation and Bylaws have fixed the size of the Company's board of directors at eight directors. Because of Mr. Hoehn's decision not to stand for re-election at the Annual Meeting, as of the Annual Meeting there will be one vacancy on the board of directors in the class being elected at the Annual Meeting whose term of office expires at the 2007 annual meeting of stockholders. Only directors that will serve as members of the class of directors whose term expires at the 2007 annual meeting of stockholders will be elected at the Annual Meeting, and proxies cannot be voted for a greater number of directors than two.

The nominees for election have agreed to serve if elected, and management has no reason to believe that such nominees will be unavailable to serve. In the event the nominees are unable or decline to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee that may be designated by the present board of directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominees named below.

It is the Company's policy to invite its directors, including the nominees for director, to its annual meetings of stockholders. All of the Company's directors attended the 2003 annual meeting of stockholders.

Independence of the Board of Directors

As required under the Nasdaq listing standards, a majority of the members of our board of directors must qualify as "independent," as affirmatively determined by our board of directors. Our board of directors consults with our counsel to ensure that our determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his family members, and us, our senior management and our independent auditors, our board has affirmatively determined that all of our directors are independent directors within the meaning of Rule 4200(a)(15) of the applicable Nasdaq listing standards, except for Mr. Pigliucci, our Chief Executive Officer, and Dr. Venuti, Applera Corporation's board designee.

Board Meetings and Committees

Our board of directors held a total of seven meetings and acted by unanimous written consent two times during the fiscal year ended December 31, 2003. During such year, each director attended at least 75% of the aggregate number of meetings of the board of directors and committees of the board on which he served which were held during the periods in which he served.

Our board of directors has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

The Audit Committee reviews, acts on and reports to the board of directors on various auditing and accounting matters, including having the sole authority to appoint, retain or terminate our independent auditors, the scope of the annual audits, fees to be paid to the independent auditors, the performance of our independent auditors and our accounting practices. The current members of our Audit Committee are Mr. Rosenman, Dr. Lewis, Mr. Hoehn and Sir Colin Dollery, each of whom is independent as defined under Rule 4350(d)(2)(A)(i) and (ii) of the Nasdaq listing standards. Mr. Hoehn's term as one of the Company's directors will expire at the Annual Meeting, and he has decided not to stand for re-election at the Annual Meeting. In addition, our board of directors has determined that Mr. Rosenman qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Audit Committee held five meetings during the fiscal year ended

December 31, 2003. The Audit Committee is governed by a written charter that was approved by our board of directors.

The Compensation Committee determines the salaries of management employees and benefits for our employees, consultants, directors and other individuals compensated by us. The Compensation Committee also administers our stock option and stock purchase plans. The current members of our Compensation Committee are Mr. Walker, Sir Colin Dollery and Dr. Hixson, each of whom is independent as defined under Rule 4200(a)(15) of the applicable Nasdaq listing standards. The Compensation Committee held four meetings during the fiscal year ended December 31, 2003.

The Nominating and Corporate Governance Committee interviews, evaluates, nominates and recommends individuals for membership on our board and committees thereof and nominates specific individuals to be elected as our officers by the board. Our current Nominating and Corporate Governance Committee charter can be found at our corporate web site at www.discoverypartners.com. The current members of our Nominating and Corporate Governance Committee are Dr. Hixson, Dr. Lewis and Mr. Rosenman, each of whom is independent as defined under Rule 4200(a)(15) of the applicable Nasdaq listing standards. The Nominating and Corporate Governance Committee was formed in February 2004. In his role as Chairman of the Nominating and Corporate Governance Committee, Dr. Hixson will serve as lead director to interface on behalf of the other outside directors with management on strategic and other issues and to perform other activities determined by our board.

The Nominating and Corporate Governance Committee believes that candidates for director should possess certain minimum qualifications, including high personal integrity and ethics and the ability to understand basic financial statements. The Nominating and Corporate Governance Committee also considers factors such as relevant expertise upon which to be able to offer advice and guidance to management, sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, experience in the markets the Company serves, and the ability to exercise sound business judgment. However, the Nominating and Corporate Governance Committee retains the right to modify these factors from time to time. Candidates for director are reviewed in the context of the current composition of the board of directors, the operating requirements of the Company, and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee considers the current needs of the board of directors and the Company, and seeks to maintain a balance of knowledge, experience and capability, and to avoid potential conflicts of interest. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether a particular candidate must be independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards and applicable SEC rules and regulations. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence.

One of our stockholders, Axys Pharmaceuticals, is currently entitled to designate a number of nominees for inclusion on our management slate of director nominees pursuant to a Standstill Agreement we entered into with Axys Pharmaceuticals, as described below under "Certain Transactions." The Nominating and Corporate Governance Committee does not otherwise consider director candidates recommended by stockholders at this time. The Nominating and Corporate Governance Committee believes that it is in the best position to identify, review, evaluate, and select qualified director candidates based upon its comprehensive criteria for membership on the Company's board.

6

Stockholder Communications with the Board of Directors

Historically, the Company has not adopted a formal process for stockholder communications with the board. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the board or individual directors, as applicable, and the appropriate responses are provided to stockholders in a timely manner. We believe our responsiveness to stockholder communications to the board has been excellent. Nevertheless, during the upcoming year the Nominating and Corporate Governance Committee will give full consideration to the adoption of a formal process for stockholder communications with the board and, if adopted, publish it promptly and post it to the Company's website.

Director Compensation

During 2003, we paid each of our non-employee directors, which consisted of Messrs. Hoehn, Walker, Rosenman and Sir Colin Dollery and Drs. Hixson, Venuti and Lewis, an annual retainer totaling \$20,000 (pro rated as appropriate) and \$1,000 for each committee meeting attended, plus reimbursement of related expenses. Fees otherwise payable to Dr. Venuti, who is serving as the designee for Applera Corporation, are paid directly to Applera. Dr. Hixson will also receive additional compensation for services he performs in his role as lead director, although the Compensation Committee has not yet determined the form or amount of such compensation.

In addition, each current non-employee director who was a non-employee director at the time of our 2000 initial public offering of common stock (the "IPO") received a non-qualified option to purchase 25,000 shares of our common stock following the completion of the IPO. Each of these options has an exercise price of \$19.88.

Under our automatic option grant program, which is a component of our 2000 Stock Incentive Plan, each individual who first became a non-employee board member at any time after the completion of the IPO automatically received an option grant for 25,000 shares on the date such individual joins the board, provided such individual has not been in our prior employ. Dr. Venuti received a non-qualified option under this program to purchase 25,000 shares of our common stock at an exercise price of \$4.20 on May 15, 2003. Mr. Rosenman received a non-qualified option under this program to purchase 25,000 shares of our common stock at an exercise price of \$5.93 on December 5, 2003. In addition, on the

date of each annual stockholders meeting held after the completion of the IPO, each non-employee board member who continues to serve as a non-employee board member will automatically be granted an option to purchase 10,000 shares of common stock, provided such individual has served on our board for at least six months.

Each automatic grant made under the automatic option grant program has an exercise price per share equal to the fair market value per share of our common stock on the grant date and has a term of 10 years, subject to earlier termination or repurchase following the optionee's cessation of board service. Each such automatic grant made before January 1, 2003 is immediately exercisable for all of the option shares; however, we may repurchase, at the exercise price paid per share, any shares purchased under the option that are not vested at the time of the optionee's cessation of board service. Each such automatic grant made after January 1, 2003 is exercisable as the options vest. The shares subject to the automatic grant options will vest in a series of four successive annual installments upon the optionee's completion of each year of board service over the four-year period measured from the grant date, except that the shares subject to each annual 10,000-share automatic option grant vest upon the optionee's completion of one year of board service measured from the grant date. All of the shares subject to these options will immediately vest in full upon certain changes in control or ownership or upon the optionee's death or disability while a board member. Messrs. Hoehn and Walker and Sir Colin Dollery and Drs. Hixson and Lewis each received a non-qualified option pursuant to the

7

automatic grant program to purchase 10,000 shares of our common stock at an exercise price of \$4.20 on May 15, 2003, the date of the 2003 annual stockholders meeting.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote **FOR** Sir Colin Dollery and Mr. Rosenman.

PROPOSAL NO. 2 RATIFICATION OF INDEPENDENT AUDITORS

We are asking the stockholders to ratify the Audit Committee's selection of Ernst & Young LLP as our independent auditors for the year ending December 31, 2004. Neither Ernst & Young LLP nor any of its members has any relationship to us or any of our affiliates, except in the firm's capacity as our auditors.

In the event the stockholders fail to ratify the selection, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee feels that such a change would be in our and our stockholders' best interests.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. The affirmative vote of the holders of a majority of the shares represented and voting at the annual meeting will be required to ratify the selection of Ernst & Young LLP.

Pre-Approval Policies And Procedures

Our Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by Ernst & Young. The policy generally pre-approves specified services in the defined categories of audit services, audit-related services, and tax services up to specified amounts. Pre-approval may also be given as part of our Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual explicit case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of our Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

Employment Contracts, Severance Agreements and Change of Control Arrangements

On April 17, 1998, we entered into an employment agreement with Mr. Pigliucci to serve as our President and Chief Executive Officer. This agreement is for an indefinite term and is terminable by Mr. Pigliucci or us at any time without cause. Under this agreement, we agreed to pay Mr. Pigliucci an initial annual base salary of \$350,000 (which is subject to upward adjustments) and an annual target bonus equal to at least 50% of his base salary (which bonus will be prorated for performance of annual goals). In addition, under this agreement we reimbursed Mr. Pigliucci for relocation expenses and mortgage assistance in moving from the Weston, Connecticut area to the San Diego area. Mr. Pigliucci was granted an option to purchase 600,000 shares of our common stock, which vested over a five-year period, with 20% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 48 months of service. Mr. Pigliucci

exercised this option in full

16

in December 1998 and January 1999 and, at Mr. Pigliucci's election, he paid the purchase price for such shares in the form of two promissory notes to us bearing the minimum applicable federal interest rate. Mr. Pigliucci paid the two promissory notes, including interest, in full on December 31, 2002.

If we terminate Mr. Pigliucci's employment other than for cause, or if Mr. Pigliucci terminates his employment upon our breach of this employment agreement (including in the event this employment agreement is not assumed in full by a successor company upon a change in control), we will automatically retain Mr. Pigliucci as a consultant to us for one year. Under this arrangement, Mr. Pigliucci will be available to provide consulting services to us for up to fifteen hours each month, and we will pay him a monthly consulting fee of one-twelfth of his base salary in effect at the time of termination of his employment.

Pursuant to his employment agreement with us, Mr. Pigliucci exercised his right to borrow from us the aggregate exercise price of \$240,000 to purchase 600,000 shares of our common stock pursuant to stock options held by Mr. Pigliucci. In connection with these exercises, Mr. Pigliucci issued to us two promissory notes. The first was dated November 30, 1998 and due November 30, 2005, having a principal amount of \$172,000 and an interest rate of 4.51% per annum prior to the maturity date and 10% thereafter. The second was dated January 31, 1999 and due January 31, 2006, having a principal amount of \$68,000 and an interest rate of 4.64% per annum prior to the maturity date and 10% thereafter. At the time Mr. Pigliucci issued each of these notes to us, he also entered into a Pledge Agreement with us under which he granted us a security interest in the shares that he purchased using the note as consideration. The largest amount of indebtedness outstanding during the 2002 fiscal year under each of these promissory notes was \$200,443 and \$79,043, respectively. Mr. Pigliucci paid the two promissory notes, including interest, in full on December 31, 2002.

On October 29, 2001, we entered into a letter agreement with Mr. Kussman to serve as our Chief Financial Officer. This agreement is for an indefinite term and is terminable by Mr. Kussman or us at any time without cause. Under this agreement, we agreed to pay Mr. Kussman an annual base salary of \$275,000 and an annual target bonus equal to 30% of his base salary based on accomplishment of established performance objectives. In addition, under this agreement we paid Mr. Kussman \$27,500 as a sign on bonus and reimbursed him for relocation expenses and mortgage assistance in moving from Fairfield, Connecticut to San Diego, and Mr. Kussman was granted an option to purchase 96,385 shares of our common stock. This option grant vests over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service. Additionally, Mr. Kussman was granted an option to purchase 153,615 shares of our common stock. These options were granted originally to allow 100% of these options to vest on November 12, 2006, but vesting could be accelerated according to the following schedule: 25% of the options would vest if the company stock trades for 25 consecutive business days at a price of or above \$8.00 per share; 25% more of the options would vest if the company stock trades for 25 consecutive days at a price of or above \$12.00 per share; 25% more of the options would vest if the company stock trades for 25 consecutive business days at a price of or above \$16.00 per share; and 25% more of the options would vest if the company stock trades for 25 consecutive business days at a price of or above \$18.00 per share. On January 24, 2003, the stock option grant was amended to allow the options to vest over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service.

In the event Mr. Kussman is terminated without cause or chooses to resign for good reason as the result of a change of control, Mr. Kussman will be entitled to a one time lump sum payment of his then current annual base salary.

On June 18, 2002, we entered into a letter agreement with Mr. Crouch to serve as our President and Chief Operating Officer. This agreement is for an indefinite term and is terminable by Mr. Crouch or us at any time without cause. Under this agreement, we agreed to pay Mr. Crouch an annual base

17

salary of \$325,000 and an annual target bonus equal to 35% of his base salary based on accomplishment of established performance objectives. In addition, under this agreement we reimbursed him for relocation and mortgage assistance in moving from Sudbury, Massachusetts to San Diego, and Mr. Crouch was granted an option to purchase 300,000 shares of our common stock. This option grant vests over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service. Additionally, on July 29, 2002, we loaned Mr. Crouch \$300,000 against his full recourse non-interest bearing promissory note. The note is due and payable in full on July 29, 2007. The largest amount of indebtedness outstanding during the 2003 fiscal year was \$300,000.

Edgar Filing: DISCOVERY PARTNERS INTERNATIONAL INC - Form DEF 14A

In the event Mr. Crouch is terminated without cause or chooses to resign for good reason as the result of a change of control, Mr. Crouch will be entitled to a one time lump sum payment of his then current annual base salary. In the event of termination, the loan, if still outstanding, will be due by the end of the severance period. In the event of a change of control, the loan, if still outstanding, will be due by the end of the severance period or July 1, 2004, whichever is later.

On November 13, 2002, we entered into a letter agreement with Dr. Livingston to serve as our Senior Vice President and General Manager of Discovery Chemistry Services. This agreement is for an indefinite term and is terminable by Dr. Livingston or us at any time without cause. Under this agreement, we agreed to pay Dr. Livingston an annual base salary of \$260,000 and an annual target bonus equal to 25% of his base salary based on accomplishment of established performance objectives and company performance. In addition, under this agreement Dr. Livingston was granted an option to purchase 150,000 shares of our common stock. This option grant vests over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service.

In the event Dr. Livingston is terminated without cause, Dr. Livingston will be entitled to six months of his then current annual base salary.

In July 2003, we entered into change in control agreements with the following officers of the Company: Riccardo Pigiucci, Taylor Crouch, Craig Kussman, John Lillig, Urs Regenass, Douglas Livingston and Richard Neale. In the event of both a change in control and termination of an officer's employment (either by us without cause or by the officer for good reason) either before, and in connection with, the change in control or within 365 days after the change in control, the officer will be entitled to a severance payment equal to the officer's average bonus for the three prior full calendar years of employment with us multiplied by the number of days in the calendar year through the date of termination divided by 365 and the greater of 100% (200% in the case of Riccardo Pigiucci) of the officer's annual base salary in effect immediately prior to the change in control of us or the officer's annual base salary in effect at the time notice of termination is given. Additionally, for purposes of determining the vesting of the officers' awards made under the 2000 Stock Incentive Plan, as well as any unvested shares of our stock acquired pursuant to that Plan, the officer will be treated as if he had completed an additional 12 months of service immediately before the date on which his employment is terminated.

Under the agreements, a change in control is deemed to have occurred under any of the following circumstances, subject to certain exceptions and limitations:

a person becomes the owner of 15% or more of our voting power;

the current members of our Board of Directors (including any new Board members elected by a $\frac{2}{3}$ vote approval of those Board members and any new Board members so approved) cease to represent a majority of the Board during any period of 24 months or less;

our stockholders approve a merger or consolidation involving us, other than a merger or consolidation in which the holders of our voting stock prior to the transaction own more than 66

18

and $\frac{2}{3}$ % of our voting power or the voting power of the other surviving entity immediately after the completion of the transaction or a merger or consolidation in which no person owns 15% or more of our voting power or the voting power of the other surviving entity immediately after the completion of the transaction;

our stockholders approve a liquidation or sale of all or substantially all of our assets; or

our board of directors determines that a change in control of us has otherwise occurred for purposes of the agreements.

The initial term of these agreements expires December 31, 2004 and automatically renews thereafter on an annual basis unless either party gives notice by September 30th of the preceding year and no change of control of us has occurred during the 18 months before that notice.

The Compensation Committee of the Board of Directors, as Plan Administrator of the 2000 Stock Incentive Plan, has the authority to provide for accelerated vesting of the shares of common stock subject to any outstanding options held by the Chief Executive Officer or any

other executive officer or any unvested share issuances actually held by such individuals, in connection with certain changes in control involving us or the subsequent termination of the officer's employment following the change in control event.

In addition, in the event that we are acquired by merger or asset sale, each outstanding option under the discretionary option grant program of our 2000 Stock Incentive Plan, including those held by the Named Executive Officers, which is not to be assumed by the successor corporation will automatically accelerate in full, and all unvested shares under the discretionary option grant and stock issuance programs will immediately vest, except to the extent our repurchase rights with respect to those shares are to be assigned to the successor corporation. Also, outstanding options under the salary investment, automatic option and director fee option grant programs (not all of which are currently operative) of our 2000 Stock Incentive Plan will immediately vest if we are acquired by a merger or asset sale or if there is a successful tender offer for more than 50% of our outstanding voting stock or a change in the majority of our board through one or more contested elections.

In addition to the indemnification provisions contained in our Certificate of Incorporation and Bylaws, we have entered into separate indemnification agreements with each of our directors and officers. These indemnification agreements will require us to indemnify our officers and directors to the fullest extent permitted by Delaware law.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee has been composed of Messrs. Hixson and Walker and Sir Colin Dollery since May 17, 2001. No member of the Compensation Committee was at any time during the 2003 fiscal year, or at any other time, one of our officers or employees. None of our executive officers served on the board of directors or compensation committee of any entity that has one or more executive officers serving as members of our Board of Directors or Compensation Committee.

Notwithstanding anything to the contrary set forth in any of our previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate by reference this proxy statement, each of the Compensation Committee Report, the Audit Committee Report, reference to the independence of the Audit Committee members and the Stock Performance Graph are not deemed filed with the Securities and Exchange Commission and shall not be deemed incorporated by reference into any of those prior filings or into any future filings made by us under those statutes.

Board Compensation Committee Report on Executive Compensation

The following is a report delivered by the Compensation Committee of our board of directors.

19

As members of the Compensation Committee of the board of directors, it is our duty to set the base salary of the Company's executive officers and to administer the Company's 2000 Stock Incentive Plan under which grants may be made to them and other key employees. In addition, we approve the individual bonus programs to be effective for the executive officers each fiscal year.

General Compensation Policy. Our fundamental policy is to offer the Company's executive officers competitive compensation opportunities based upon their contribution to the financial success of the Company and their personal performance. It is our objective to have a substantial portion of each officer's compensation contingent upon the Company's performance as well as upon his or her own level of performance. Accordingly, each executive officer's compensation package is comprised of three elements:

base salary, which reflects individual performance and is designed primarily to be competitive with salary levels in the industry,

annual variable performance awards payable in cash and tied to the achievement of performance goals established by us, and

long-term, stock-based incentive awards which strengthen the mutuality of interests between the executive officers and the Company's stockholders.

As an officer's level of responsibility increases, it is our intent to have a greater portion of his or her total compensation be dependent upon the Company's performance and stock price appreciation rather than base salary.

Factors. The principal factors that the Compensation Committee considered in establishing the components of each executive officer's compensation package for the 2003 fiscal year are summarized below. We may in our discretion apply entirely different factors, particularly different measures of financial performance, in setting executive compensation for future fiscal years, but all compensation decisions will be designed to further the general compensation policy indicated above.

Base Salary. The base salary for each officer is set on the basis of:

industry experience, knowledge and qualifications,

the salary levels in effect for comparable positions within the Company's principal-industry marketplace competitors, and

internal comparability considerations.

The Compensation Committee made its decisions as to the appropriate market level of base salary for each executive officer on the basis of its understanding of the salary levels in effect for similar positions at those companies with which the Company competes for executive talent. The Compensation Committee estimates that the 2003 salary levels of the Company's executive officers range from the 50th percentile to the 75th percentile of the salary levels in effect for comparable positions at those other companies.

Annual Incentive Compensation. The Company's board of directors, based on the recommendation of the Compensation Committee, approved a new bonus program in 2003 whereby annual bonuses are earned by the Company's eligible employees, including executive officers, solely on the basis of the achievement of both corporate performance targets and individual performance targets that the Compensation Committee establishes at the start of the fiscal year. The corporate performance targets for 2003 established by the Compensation Committee in connection with this new bonus program required that the Company meet or exceed specified revenue, net income and cash flow amounts in 2003. Calculated on a weighted average basis in accordance with the terms of this new bonus program, the Company's actual revenue, net income and cash flow performance during 2003 was 165.89% of the amounts specified under the program as corporate performance targets for revenue, net income and cash flows in 2003. As a result, under the terms of the new bonus program, the baseline potential bonus for each eligible employee was multiplied by 165.89%, resulting in a larger potential

20

bonus for each eligible employee. These larger potential bonus amounts were then allocable to each eligible employee based 50% on achievement of the corporate performance targets and 50% on achievement of individual performance targets, resulting in many eligible employees, including executive officers, receiving larger bonuses in 2003 than in 2002, and bonuses overall to eligible employees being more in 2003 than in 2002.

Long-Term Incentive Compensation. During 2003, the Compensation Committee approved the grant of restricted stock to certain executive officers under our 2000 Stock Incentive Plan. The Compensation Committee granted restricted stock to these executive officers in lieu of stock options (which had been the Company's historical practice) and expects to continue this practice in 2004. The grants are designed to align the interests of each executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The number of shares subject to each grant was based on the officer's level of responsibilities and relative position in the Company.

CEO Compensation. In setting the compensation payable to the Company's Chief Executive Officer, Mr. Pigliucci, the Compensation Committee has sought to be competitive with other companies in the industry, while at the same time tying a significant percentage of such compensation to the Company's performance and stock price appreciation. An employment agreement between the Company and Mr. Pigliucci sets forth certain terms and conditions, including minimum compensation, governing Mr. Pigliucci's employment.

The Compensation Committee established Mr. Pigliucci's 2003 base salary upon its evaluation of his personal performance and its objective to have his base salary keep pace with salaries being paid to similarly situated chief executive officers. The Compensation Committee estimates that his base salary is at the 50th to 75th percentile of the salary levels paid to such other chief executive officers.

The remaining components of Mr. Pigliucci's 2003 fiscal year compensation were determined based on the new bonus program described above.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1.0 million per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. The non-performance based compensation paid in cash to the Company's executive officers for the 2003 fiscal year did not exceed the \$1.0 million limit per officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid in cash to the Company's executive officers for fiscal 2004 will exceed that limit. The 2000 Stock Incentive Plan has been structured so that any compensation paid in connection with the exercise of option grants under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation, and therefore will not be subject to the \$1.0 million limitation.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the Company's performance and the interests of the Company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short- and long-term.

We conclude our report with the acknowledgement that no member of the Compensation Committee is a current officer or employee of the Company or any of its subsidiaries.

of the Board of Directors

CERTAIN TRANSACTIONS

Mr. Walker was Chairman and President of Axys Pharmaceuticals, Inc. until January 2001. On April 28, 2000, we acquired Axys Advanced Technologies, Inc. ("AAT") from Axys Pharmaceuticals. Axys Pharmaceuticals owned 10,000,000 shares of the 10,006,250 issued and outstanding shares of common stock of AAT, and received 7,425,000 shares of our common stock, a promissory note in the principal amount of \$550,000 and \$50,000 in cash as merger consideration. The promissory note was paid in full in August 2000. In connection with this

Edgar Filing: DISCOVERY PARTNERS INTERNATIONAL INC - Form DEF 14A

merger, we also issued a warrant to Axys Pharmaceuticals to purchase 200,000 shares of our common stock at a per-share price of \$8.00.

In connection with our acquisition of AAT, we entered into a Standstill Agreement with Axys Pharmaceuticals pursuant to which Axys Pharmaceuticals agreed for itself and its affiliates that until the later of the date on which Axys Pharmaceuticals and its affiliates hold less than 5% of our then-outstanding common stock or April 28, 2010, Axys and its affiliates will not, without our prior written consent: (a) acquire any of our voting securities or those of our subsidiaries, (b) solicit proxies for the voting of our voting securities, (c) make any public announcement or submit any proposal for any extraordinary transaction (other than a sale) of our voting securities or assets, (d) form or join in any group for the voting of our voting securities or (e) otherwise seek to influence our management, board or policies.

In addition, we agreed that at each annual meeting of our stockholders at any time during which our shares are publicly traded, we will include on our management slate of director nominees the number of persons designated by Axys Pharmaceuticals that Axys Pharmaceuticals could elect (if "cumulative voting" was applicable) solely through the voting of our voting securities that it owns, provided that in no case can the number of designees exceed the number which is two less than the number that would constitute a majority of the members of our board of directors. In addition, we agreed that as long as we have a classified board of directors, this provision will not be applied literally, but instead will be applied in a reasonable manner to reflect the parties' intentions with respect to the board as a whole even though not all the board seats are up for election each year. Initially, under this arrangement Axys Pharmaceuticals was entitled to nominate two directors for election to our then seven-person board. The two initial Axys Pharmaceuticals designees were John Walker and Alan Lewis.

However, in November 2001, the Celera Genomics group ("Celera") of Applera Corporation acquired Axys Pharmaceuticals. In 2002, Celera did not exercise its right to designate a nominee for inclusion on our management slate of director nominees. Mr. Walker's initial term on our board expired at the 2002 annual meeting. However, he was re-elected to the board for a second term as an independent director, based on our own nominating-decision judgment and not as a result of designation by Axys/Celera. In addition, in order to eliminate any interpretation that he is serving as a designee of Axys/Celera, Dr. Lewis resigned from our board effective the day before the 2002 annual meeting of stockholders, even though his term as a director would not have expired until the 2003 annual meeting of stockholders; and he was also re-elected to the board at the 2002 annual meeting of stockholders as an independent director for the term ending upon the 2005 annual meeting of stockholders, based on our own nominating-decision judgment. In 2003, Axys/Celera exercised its right and designated Dr. Venuti for inclusion on our management slate of director nominees. Dr. Venuti serves as Celera's Senior Vice President of Pharmacogenomics.

Axys Pharmaceuticals agreed in the Standstill Agreement to vote each year for the entire management slate of director nominees.

We subleased our facility in South San Francisco, California from Axys Pharmaceuticals through November 2003. In the year ended December 31, 2003, we paid Axys Pharmaceuticals a total of \$787,194 under this agreement.

On July 29, 2002, we loaned Taylor Crouch, our President and Chief Operating Officer, \$300,000 against his full recourse non-interest bearing promissory note for mortgage assistance. The note is due

23

and payable in full on July 29, 2007. The largest amount of indebtedness outstanding during the 2003 fiscal year was \$300,000. As of February 27, 2004, \$300,000 was outstanding.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of Forms 3, 4, and 5 and amendments thereto furnished to us, or written representations that no Form 5s were required, we believe that, during the fiscal year ended December 31, 2003, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were met in a timely manner.

CODE OF ETHICS

We have adopted a Code of Business Conduct that applies to all officers, directors and employees. If we make any substantive amendments to the Code of Business Conduct or grant any waiver from a provision of the code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website at www.discoverypartners.com.

STOCKHOLDER PROPOSALS FOR THE 2005 ANNUAL MEETING

In addition, the deadline for stockholders to submit proposals, including director nominations, that will not be included in the Company's proxy statement for next year's annual meeting of stockholders is on or before January 14, 2005 (120 days prior to May 13, 2005, the anniversary of the date of this year's Annual Meeting).
