Forward Looking Statement

[LOGO]

This presentation contains certain forward-looking statements (within the meaning of the United States Private Securities Litigation Reform Act of 1995) that involve a number of risks and uncertainties. There can be no assurance that such statements will prove to be accurate; actual results and future events could differ materially from those anticipated in such statements. Risks and uncertainties are disclosed under the heading Risk Factors in the Company's Annual Information Form (AIF) filed with certain Canadian securities regulators (including the Ontario and Quebec Securities Commissions) and with the United States Securities and Exchange Commission (as Form 20-F). Reconciliation of certain financial measures to their closest GAAP measure and technical information regarding mineral reserve and resource estimates are also provided in the AIF and Form 20-F.
