NOTE FOR U.S. READERS ON CANADA/U.S. REPORTING DIFFERENCES

Pursuant to the requirements of Form 40-F, Kinross' Annual Information Form dated March 31, 2006 and Management's Discussion and Analysis, which includes the audited consolidated financial statements and notes thereto as of December 31, 2005 and for the three years ended December 31, 2005, are hereby filed under cover of this form. See Note 21 to the audited consolidated financial statements for a reconciliation of the financial statements to U.S. GAAP.

Readers should note that in the United States, reporting standards for auditors require the addition of an explanatory paragraph (following the opinion paragraph) when there are changes in accounting principles that have a material effect on the comparability of the financial statements, such as the changes described in Note 2 to Kinross' consolidated financial statements. The report of KPMG LLP to the shareholders dated March 29, 2006 is expressed in accordance with Canadian reporting standards, which do not require a reference to such changes in accounting principles in the auditors' report when the changes are properly accounted for and adequately disclosed in the financial statements.

There are also certain differences between the corporate governance practices applicable to Kinross and those applicable to U.S. companies under NYSE listing standards. A summary of the significant differences can be found at www.kinross.com/corp/governance-corp.html.

CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures designed to ensure that information required to be disclosed in reports filed under the Securities Exchange act of 1934 (as amended) is recorded, processed, summarized and reported within the appropriate time periods and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely disclosures regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any disclosure controls and procedures, no matter how well conceived or operated, can only provide reasonable, not absolute, assurance that the objectives of the control system are met, and management is required to exercise its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by Rule 13a-15(b) under the Exchange Act, we conducted an evaluation, under the supervision and with the participation of our management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of December 31st, 2005, the end of the period covered by this annual report on Form 40-F. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this Annual Report, the design and operation of the Company's disclosure controls and procedures were effective.

Significant Changes in Internal Controls

During the process of preparing our 2003 and 2004 financial statements, management identified certain significant deficiencies relating to internal controls over financial reporting. These deficiencies were previously disclosed in the report on 40-F for the year ended December 31, 2004 and are:

Our ability to consistently record and reconcile financial information in a timely manner

Inconsistent inventory tracking and procedures at different operating locations

Inadequate segregation of duties in particular areas

Adequacy of staffing in certain areas and in the training and experience of personnel

Inadequate documentation of accounting policies and procedures

Inadequate processes and procedures in our financial statement review procedures

Deficiencies in certain areas of our information technology systems

These deficiencies have been discussed with the Audit Committee and management has initiated an action plan to address each of these areas. In addition, management is conducting a company-wide review of our internal controls over financial reporting since those controls will be subject to an attestation report of our independent registered public accounting firm for the 2006 fiscal year. Management has already taken steps to address some of these issues, including hiring additional staff for our internal accounting department. We will continue to address these issues throughout the remainder of the year.

Edgar Filing: KINROSS GOLD CORP - Form 40-F

Other than as discussed above, there have been no significant changes to our system of internal control over financial reporting or in other areas for the year ended December 31, 2005 or since that time that could significantly affect our internal control over financial reporting.

AUDIT COMMITTEE

Kinross has an audit committee, comprised of three individuals, John A. Brough, chairman, John M.H. Huxley and Terence Reid. Each of the members of the audit committee is independent as that term is defined in the listing standards of the New York Stock Exchange. The board of directors has determined that Mr. Brough is the audit committee financial expert. The Securities and Exchange Commission has indicated that the designation of a person as an audit committee financial expert does not make such person an "expert" for any purpose, impose any duties, obligations or liabilities on such person that are greater than those imposed on members of the audit committee and board of directors who do not carry this designation or affect the duties, obligations or liability of any other member of the audit committee or board of directors.

CODE OF ETHICS

Kinross has a Code of Business Conduct and Ethics that applies to all directors, officers and employees. The Code of Business Conduct and Ethics may be viewed at the Company's website at www.kinross.com under Corporate Governance. The Company has not granted any waivers under its Code of Business Conduct and Ethics.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The Company paid the following fees to its independent registered public accounting firm during the last two fiscal years:

	2005 ⁽¹⁾	2004
Audit Fees	CDN \$1,500,000	CDN \$2,918,705
Audit-Related Fees	CDN \$	CDN \$1,410,605
Tax Fees	CDN \$	CDN \$1,017,843
All Other Fees	CDN \$68,000	

(1) Reflects amounts paid during the 2005 fiscal year to the Company's current independent registered accounting firm. In addition the Company paid the following amounts to its prior independent registered accounting firm during fiscal 2005: CDN \$1,187,295 for audit fees; CDN \$1,306,395 for audit related fees; zero for tax fees; and CDN \$701,000 for all other fees.

Audit-related fees include fees related to the preparation of prospectuses and registration statements and consultations regarding financial accounting and reporting standards. Tax fees were for tax compliance and advisory services. "All Other Fees" includes amounts for products and services other than those set forth under the separate headings above.

The audit committee is required to approve all services provided by the Company's principal auditor. All audit services, audit related services, tax services, and other services provided for the year ended December 31, 2005 were pre-approved by the audit committee which concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.
