**SUMMARY**

**Westpac Banking Corporation**

We are one of the four major banking organizations in Australia and, through our New Zealand operations, we are also one of the largest banking organizations in New Zealand. We provide a broad range of banking and financial services in these markets, including retail, business and institutional banking and wealth management services.

We were founded in 1817 and were the first bank to be established in Australia. In 1850 we were incorporated as the Bank of New South Wales by an Act of the New South Wales Parliament. In 1982, we changed our name to Westpac Banking Corporation. On August 23, 2002, we were registered as a public company limited by shares under the Australian Corporations Act. Our principal office is located at 275 Kent Street, Sydney, New South Wales, 2000, Australia. Our telephone number for calls within Australia is 132 032 and our international telephone number is +61 2 9293 9270.

We have branches, affiliates and controlled entities throughout Australia, New Zealand and the Pacific region and maintain offices in some of the key financial centers around the world. As at March 31, 2009, we had total assets of A\$594.2 billion. Our market capitalization as of August 21, 2009 was A\$66.9 billion.

In July 2008, we reorganized our business into four key customer-facing divisions. As a result of our merger in December 2008 with St.George Bank Limited, which we refer to as St.George, we now have five key customer-facing divisions. These businesses are Westpac Retail and Business Banking, St.George Bank, BT Financial Group (Australia), Westpac Institutional Bank and New Zealand.

Westpac Retail and Business Banking, which we refer to as WRBB, conducts our historical retail and business banking operations. This division is responsible for sales and servicing for our consumer and small-to-medium enterprise customers within Australia under the Westpac and RAMS brands. WRBB offers a broad range of financial products, including savings and check accounts, demand and term deposits, credit cards, personal and housing loans, and business specific working capital, transactional, cash flow and trade finance facilities.

St.George Bank, which we refer to as SGB, conducts the retail, business and corporate banking operations of St.George. This division is responsible for sales and servicing for our consumer, business and corporate customers within Australia under the St.George and BankSA brands. SGB offers a broad range of financial products, including savings and check accounts, demand and term deposits, credit cards, personal and housing loans, and business specific working capital, transactional, cash flow and trade finance facilities.

BT Financial Group (Australia), which we refer to as BTFG, is Westpac's wealth management business. As a result of the merger with St.George, our wealth management business now also includes operations under the Asgard, Advance and Securitor brands. BTFG designs, manufactures and distributes financial products that are designed to help our customers to achieve their financial goals by administering, managing and protecting their assets. These products include retail investments, personal and business superannuation (pensions), life, general and lenders mortgage insurance, deposit bonds and client portfolio administration (wrap and master trust platforms). BTFG also provides financial planning advice and private banking products and services.

Westpac Institutional Bank, which we refer to as WIB, delivers a broad range of financial services to commercial, corporate, institutional and government customers either based in, or with interests in, Australia and New Zealand. WIB operates through dedicated sales industry teams, supported by specialist knowledge in financial and debt capital markets, transactional banking, specialized capital, margin lending, broking and alternative investment solutions.

WNZL provides financial services to consumers and to small, medium and corporate business customers, agricultural businesses, and property investment and development customers, while Westpac's New Zealand branch operates our wholesale banking and financial markets businesses in New Zealand.

These customer-facing divisions are supported by a number of corporate level functions and divisions, including:

Product and Operations, which is responsible for all consumer and business product development, management and operations; and

Technology, which is responsible for developing and maintaining reliable and flexible technology capabilities and technology strategies.

**Acquisition of St.George**

On May 13, 2008, Westpac and St.George jointly announced the terms of a proposed merger of the two companies pursuant to a scheme of arrangement. On November 17, 2008, the Federal Court of Australia approved the scheme of arrangement for the merger of Westpac and St.George.
