PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by Hill International, Inc. ("Hill" or the "Company") on behalf of the Board of Directors for the 2013 Annual Meeting of Stockholders, to be held on Wednesday, June 5, 2013, and at any meeting following adjournment or postponement of the annual meeting. We are first mailing this proxy statement and proxy card (including voting instructions) on or about April 30, 2013, to persons who were stockholders at the close of business on April 15, 2013, the record date for the meeting.

The 2013 Annual Meeting of Stockholders is scheduled to begin at 1:00 p.m. Eastern Time on June 5, 2013 at the Company's headquarters at 303 Lippincott Centre, Marlton, New Jersey 08053. Stockholders will be admitted beginning at 12:00 p.m. Eastern Time.

VOTING

Who Can Vote?

You are entitled to vote at the annual meeting all shares of the Company's common stock that you held as of the close of business on the record date. Each share of common stock is entitled to one vote with respect to each matter properly brought before the meeting.

On April 15, 2013, there were 38,669,750 shares of common stock outstanding.

In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be available at the meeting.

Who Is the Record Holder?

You may own common stock either (1) directly in your name, in which case you are the record holder of such shares, or (2) indirectly through a broker, bank or other nominee, in which case such nominee is the record holder.

If your shares are registered directly in your name, we are sending these proxy materials directly to you. If the record holder of your shares is a nominee, you will receive proxy materials from such record holder.

How Do I Vote?

If you are the record holder:

By Mail. If you choose to vote by mail, mark your proxy, date and sign it, and return it in the postage-paid envelope provided. Your vote by mail must be received by the close of business on June 4, 2013.

By Attending the Annual Meeting. If you attend the annual meeting, you can vote your shares in person.

If your stock is held by brokers, banks or other financial institutions:

By Mail. Stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by their brokers, banks or other nominees and mailing them in the accompanying pre-addressed envelopes by the time specified in the voting instruction cards.

By Attending the Annual Meeting. Since a beneficial owner is not the stockholder of record, you may not vote your shares in person at the annual meeting unless you obtain a "legal proxy" from the broker, bank or nominee that holds your shares giving you the right to vote the shares

Edgar Filing: Hill International, Inc. - Form DEF 14A

Table of Contents

at the meeting. Your broker, bank or other nominee can provide you information on how to obtain a "legal proxy." Your broker, bank or other nominee has enclosed or provided voting instructions for you to use in directing the broker, bank or other nominee how to vote your shares.

The New York Stock Exchange ("NYSE") does not consider the election of directors (Item 1) and the proposal to increase the number of shares issuable under the 2009 Non-Employee Director Stock Grant Plan to be routine. Therefore, for your vote to be counted, you now need to communicate your voting decisions to your broker, bank or other financial institution before the date of the annual meeting.

The method by which you vote will in no way limit your right to vote at the annual meeting if you later decide to attend in person.

If your stock is held in the Hill International, Inc. 401(k) Retirement Savings Plan:

If you are or were an employee of the Company and hold shares in the 401(k) Plan, the proxy that you submit will provide your voting instructions to the Plan Trustee. However, you cannot vote your savings plan shares in person at the annual meeting. If you do not submit a proxy, the Plan Trustee will vote your savings plan shares in the same proportion as the shares for which the Trustee receives voting instructions from other participants in the Plan.

How Many Votes Are Required?

A quorum is required to transact business at the annual meeting. We will have a quorum and be able to conduct the business of the annual meeting if the holders of a majority of the shares entitled to vote are present at the meeting, either in person or by proxy.

If a quorum is present, a plurality of votes cast is required to elect directors. Thus, a director may be elected even if the director receives less than a majority of the shares represented at the meeting. Proxies cannot be voted for a greater number of nominees than are named in this Proxy Statement.

All other matters to come before the annual meeting require the approval of a majority of the shares of common stock present, in person or by proxy, at the annual meeting and entitled to vote.

How Are Votes Counted?

All shares that have been properly voted, and not revoked, will be voted at the annual meeting in accordance with the instructions given. If you sign and return your proxy card, but do not specify how you wish your shares to be voted, your shares represented by that proxy will be voted as recommended by the Board of Directors.

Proxies marked as abstaining, and any proxies returned by brokers as "non-votes" on behalf of shares held in street name because beneficial owners' discretion has been withheld as to one or more matters to be acted upon at the annual meeting, will be treated as present for purposes of determining whether a quorum is present at the annual meeting. However, any shares not voted as a result of a marked abstention or a broker non-vote will not be counted as votes for or against a particular matter.

How Can I Revoke My Proxy or Change My Vote?

You can revoke your proxy at any time before it is exercised by timely delivery of a properly executed, later-dated proxy or by voting in person at the meeting. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee following the instruction it has provided, or, if you have obtained a legal proxy from

Table of Contents

your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Who Will Pay the Expenses of Proxy Distribution?

The Company will pay the expenses of the preparation of the proxy materials and the solicitation of proxies. Proxies may be solicited on behalf of the Company by directors, officers or employees of the Company, who will receive no additional compensation for soliciting, in person or by telephone, e-mail or facsimile or other electronic means. In accordance with the regulations of the Securities and Exchange Commission ("SEC") and the NYSE, we will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of the Company's stock.

ITEM 1 ELECTION OF DIRECTORS

The Board of Directors (the "Board") is divided into three classes. One class is elected each year for a term of three years.

Three directors will be elected at this annual meeting to serve for a three-year term expiring at our annual meeting in 2016. Upon the recommendation of the Governance and Nominating Committee, the Board has renominated Irvin E. Richter and Steven M. Kramer and has nominated Gary F. Mazzucco to serve for terms expiring in 2016. Mr. Mazzucco will replace Mr. Doyle who has chosen to retire upon expiration of his term and, accordingly, will not stand for reelection. You can find information about Messrs. Richter, Kramer and Mazzucco below.

The persons named in the proxy card will vote such proxy "for" the election of Messrs. Richter, Kramer and Mazzucco unless you indicate that your vote should be withheld. If elected, Messrs. Richter, Kramer and Mazzucco will continue in office until his successor has been duly elected and qualified, or until the earliest of his death, resignation, retirement or removal. Messrs. Richter, Kramer and Mazzucco have indicated to the Company that they will serve if elected. We do not anticipate that Messrs. Richter, Kramer and Mazzucco will be unable to stand for election, but, if that happens, your proxy will be voted in favor of another person nominated by the Board upon the recommendation of the Governance and Nominating Committee.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE "FOR" THE ELECTION OF MESSRS. RICHTER, KRAMER AND MAZZUCCO AS DIRECTORS.

CORPORATE GOVERNANCE

Pursuant to the Delaware General Corporation Law and the Company's By-laws, the Company's business, property and affairs are managed by or under the direction of the Board of Directors. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. We currently have seven members on our Board.

Table of Contents

During 2012, the Board held seven meetings and the committees held a total of seven meetings. Each incumbent director attended more than 75% of the total number of meetings of the Board of Directors and the Board committees of which he or she was a member during the period he or she served as a director in 2012. Although, we do not have a policy requiring all directors to attend annual meetings of stockholders, we expect all directors to attend, absent extenuating circumstances. All of our directors attended the 2012 Annual Meeting of Stockholders.

Director Independence

The standards applied by the Board in affirmatively determining whether a director is "independent," in compliance with the rules of the NYSE, generally provide that a director is not independent if:

(1) the director is, or has been within the last three years, our employee, or an immediate family member (defined as including a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone, other than domestic employees, who shares such person's home), is, or has been within the last three years, one of our executive officers;

(2) the director has received, or has an immediate family member who has received, during any 12-month period within the last three years, more than \$120,000 per year in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(3) (a) the director is a current partner or employee of a firm that is our internal or external auditor; (b) the director has an immediate family member who is a current partner of such a firm; (c) the director has an immediate family member who is a current employee of such a firm and who works on our audit; or (d) the director or an immediate family member was, within the last three years, a partner or employee of such a firm and personally worked on our audit within that time;

(4) the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee; or

(5) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to or received payments from us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent of such other company's consolidated gross revenues.

In addition to these objective standards, the Board of Directors has adopted a general standard, also in compliance with NYSE rules, to the effect that no director qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with us. In making this determination, the Board considers all relevant facts and circumstances regarding any transactions, relationships and arrangements between Hill and the director, and also between Hill and any company or organization with which the director is affiliated. The Board of Directors has determined that our current independent directors are Camille S. Andrews, Brian W. Clymer, William J. Doyle, Alan S. Fellheimer and Steven M. Kramer.

Transactions with Related Persons

For the year ended December 31, 2012, there were no transactions, or series of similar transactions, to which the Company was or is to be a party in which the amount exceeded \$120,000, and in which any of our directors or executive officers, any holders of more than 5% of our common

Table of Contents

stock or any members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in the section "Executive Officer and Director Compensation."

It is the policy and practice of our Board to review and assess information concerning transactions involving related persons. Related persons include our directors and executive officers and their immediate family members. If the determination is made that a related person has a material interest in a transaction involving us, then the disinterested members of the Board would review and approve or ratify it, and we would disclose the transaction in accordance with SEC rules and regulations. If the related person is a member of the Board, or a family member of a director, then that director would not participate in any determination involving the transaction at issue.

Our Code of Ethics and Business Conduct prohibits all employees, including our executive officers, from benefitting personally from any transactions with us other than approved compensation benefits.

Board Leadership Structure

The Company has not separated the roles of Chairman of the Board and Chief Executive Officer. While the Board has not appointed a lead independent director, Mr. Fellheimer, Chair of the Compensation Committee, has presided over executive session meetings of independent directors. The Board has reviewed its leadership structure and concluded that its current structure is the appropriate one for the Company at this time. Specifically, our Board believes that Irvin E. Richter is best situated to serve as its chairman because he is very familiar with the Company's business and the industries it serves and is most capable of effectively identifying the opportunities, risks and challenges the Company faces. Because of his long service to the Company, as both Chief Executive Officer and Chairman, our Board believes that Mr. Richter is in the best position to lead discussions on and execute our operating strategy and develop agendas to ensure our Board is focusing on the issues that are most important to the Company's long-term growth. Furthermore, the Board believes that its current structure encourages the free and open dialogue of competing views and provides for strong oversight of management. Therefore, we believe that Mr. Richter leading both the Company and the Board is appropriate and in our best interests.

Table of Contents

Role of the Board in Risk Oversight

The Board as a whole has responsibility for risk oversight, with reviews of certain areas conducted by relevant Board committees that report on their findings to the Board. The oversight responsibility of the Board and the Board committees is facilitated by management reporting processes designed to provide information to the Board concerning the identification, assessment and management of critical risks and management's risk mitigation strategies and practices. These areas of focus include operational, economic, competitive, financial (including accounting, reporting, credit, liquidity and tax), legal, regulatory, compliance, environmental, political and strategic risks. The full Board (or the appropriate Board committee), in concert with the appropriate management within the Company, reviews management reports to formulate risk identification, risk management and risk mitigation strategies. When a Board committee initially reviews management reports, the Chairman of the relevant Board committee briefs the full Board on the specifics of the matter at the next Board meeting. This process enables the Board to coordinate the risk oversight role, particularly with respect to risks spanning more than one operational area. The Compensation Committee reviews compensation policies to ensure that they do not, among other things, encourage unnecessary or excessive risk-taking.

Corporate Governance Guidelines

The Corporate Governance Guidelines adopted by the Board, which include guidelines for determining director independence, are published on the Company's website at www.hillintl.com, in the "Investor Relations" section, and are available in print to any stockholder upon request. That section of the website makes available the Company's corporate governance materials, including Board committee charters. Those materials are also available in print to any stockholder upon request.

Code of Ethics

All directors, officers and employees of the Company are expected to act ethically at all times and in accordance with the policies comprising Hill's Code of Ethics and Business Conduct which is available on our website at www.hillintl.com, in the "Investor Relations" section, and is available in print to any stockholder upon request. Any waiver or any implicit waiver from a provision of the Code of Ethics and Business Conduct by Hill's chief executive officer, chief financial officer, chief accounting officer or controller, or any amendment to the Code of Ethics and Business Conduct must be approved by the Board and must be disclosed in the Company's Annual Report on Form 10-K or in a Current Report on Form 8-K filed with the SEC. Hill's Audit Committee is responsible for applying the Code of Ethics to specific situations in which questions are presented to it and has the authority to interpret the Code of Ethics and Business Conduct in any particular situation. If, after investigating any potential breach of the Code of Ethics and Business Conduct reported to it, the Audit Committee determines (by majority decision) that a breach has occurred, it will inform the Board of Directors. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

William J. Doyle, who is a member of our Compensation Committee, was an officer of Hill from 1979 until 1992.

COMMITTEES OF THE BOARD OF DIRECTORS

During 2012, the Board had standing Audit, Compensation and Governance and Nominating Committees. All members of each committee have been determined by the Board of Directors to be "independent" under applicable NYSE rules. In addition, the Board has determined that each member of the Audit Committee meets SEC independence requirements which require that members of the Audit Committee may not accept directly or indirectly any consulting, advisory or other compensatory fee from Hill or any of its subsidiaries other than their directors' compensation. The charter of each committee is available on our website at www.hillintl.com, in the "Investor Relations" section.

Audit Committee. During 2012, the Audit Committee consisted of Brian W. Clymer (Chair), Alan S. Fellheimer and Steven M. Kramer. The Board has determined that each member of the Audit Committee is financially literate. The Board has also determined that Brian W. Clymer possesses accounting or related financial management expertise within the meaning of the NYSE listing standards and qualifies as an "audit committee financial expert," as defined by the rules of the SEC. For additional information regarding Mr. Clymer's experience and background, see "Item 1 Election of Directors" above.

The Audit Committee assists the Board in fulfilling its oversight responsibilities by (a) reviewing the financial reports and other financial information provided by Hill to its stockholders, the SEC and others, (b) monitoring the Company's financial reporting processes and internal control systems, (c) retaining Hill's independent auditors, (d) overseeing the Company's independent auditor and internal auditors and (e) monitoring the Company's compliance with its ethics policies and with applicable legal and regulatory requirements. The Audit Committee also reviews and approves any transactions between Hill and any related parties. During 2012, the Audit Committee met five times. The report of the Audit Committee is included in this proxy statement.

Compensation Committee. During 2012, the Compensation Committee consisted of Alan S. Fellheimer (Chair), Camille S. Andrews and William J. Doyle. Each member of the Compensation Committee is a "non-employee director" as defined in Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and an "outside director" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

The Compensation Committee oversees Hill's executive compensation programs. The Compensation Committee reviews and recommends to the Board for approval the compensation arrangements for all of the Company's executive officers. During 2012, the Compensation Committee met one time. The processes of the Compensation Committee are described below in the "Compensation Discussion and Analysis" section of this proxy statement, under the subsection " Role of the Compensation Committee and Management."

Governance and Nominating Committee. During 2012, the Governance and Nominating Committee consisted of Camille S. Andrews (Chair), Brian W. Clymer, William J. Doyle and Steven M. Kramer. The Governance and Nominating Committee oversees matters relating to the evaluation and recommendation to the Board of the persons to be nominated for election as directors at any meeting of stockholders, and the persons to be appointed by the Board to fill any vacancy on the Board.

Table of Contents

The Governance and Nominating Committee is responsible for reviewing and assessing with the Board the appropriate skills, experience, and background sought of Board members in the context of our business and the then-current membership on the Board. This assessment includes a consideration of independence, diversity, age, skills, experience and industry backgrounds in the context of the needs of the Board and the Company, as well as the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Although the Company does not have a formal policy with respect to diversity standards, as a matter of practice, the Governance and Nominating Committee considers matters commonly viewed as matters of diversity in the context of the Board as a whole and, in its effort to select a Board that it believes will best serve the interests of the Company and its stockholders, takes into account the personal characteristics and experience of current and prospective directors to facilitate Board deliberations that reflect a broad range of perspectives.

The Governance and Nominating Committee carefully considers all director candidates recommended by our stockholders, and the Governance and Nominating Committee does not and will not evaluate such candidate recommendations any differently from the way it evaluates other candidates. In its evaluation of each proposed candidate, the Governance and Nominating Committee considers many factors including, without limitation, the individual's experience, character, integrity, demonstrations of judgment and ability, and financial and other special expertise. Any stockholder who wishes to recommend an individual as a nominee for election to the Board should submit such recommendation in writing by mail to Hill International, Inc., 303 Lippincott Centre, Marlton, NJ 08053, Attn: Chair of Governance and Nominating Committee, together with information regarding the experience, education and general background of the individual and a statement as to why the stockholder believes such individual to be an appropriate candidate for the Board of Directors of Hill. Such recommendation should be provided to Hill no later than 80 days prior to the anniversary of the date of the notice accompanying these proxy materials. During 2012, the Governance and Nominating Committee held one meeting.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis ("CD&A") describes our named executive officer compensation program in 2012. Specifically, the CD&A explains how the Compensation Committee and Board of Directors made their compensation decisions for each element of compensation that we pay or award to, or that is earned by, our named executive officers and our policies and decisions with regard to their compensation. For 2012, Hill's named executive officers were: Irvin E. Richter, Chairman and Chief Executive Officer, John Fanelli III, Senior Vice President and Chief Financial Officer, David L. Richter, President and Chief Operating Officer, Raouf S. Ghali, President, Project Management Group (International), and Frederic Z. Samelian, President, Construction Claims Group. Only independent directors participate in decisions with respect to the compensation of our Chairman and Chief Executive Officer and our President and Chief Operating Officer.

Overview

Historically, Hill's compensation philosophy has been that we should provide a compensation program for our executive officers that is competitive with the companies we consider our peers for executive employment and compensation purposes and that fosters executive retention in a manner that furthers Hill's mission of maximizing long-term stockholder value, client relationships, excellent financial performance, quality of service and employee satisfaction. That philosophy has been implemented in the past by placing substantial reliance on the payment of executive salaries at the higher end of the range of compensation received by executives with comparable job responsibilities at our peer companies, as well as through the use of year-end bonuses, as appropriate, to reward superior performance and long-term incentive compensation elements to incentivize performance designed to lead Hill to success over a longer term.

Table of Contents

The Compensation Committee is keenly aware of the difficult economic conditions, which began in 2008 and continue to adversely affect the construction industry, and the impact of these conditions on our project management and construction claims consulting businesses. As a result, the Compensation Committee sought to compensate our named executive officers in a manner that would enable us to retain them as Hill's senior management team through the economic downturn, to appropriately recognize their unique experience and skill sets as well as their efforts on behalf of Hill during 2012 consistent with our overall business objectives and to create appropriate incentives for the performance of our businesses in 2013 and beyond. The Compensation Committee noted our overall business and financial achievements in 2012 in light of the current global economic downturn particularly affecting the industry sectors we serve as well as political and other factors impacting our businesses. As a result, the Compensation Committee paid particular attention to our executives' performance in addressing the specific business, economic and political conditions affecting our Company and the markets we serve.

In 2011 and 2012, our Company implemented cost-cutting measures designed to improve operating performance by improving employee utilization by better-aligning capacity with opportunities and reducing general and administrative expenses. In addition, during the fourth quarter of 2012, our Company amended our senior credit facility, curing all then-existing defaults, and obtained a new second lien term loan with a new lender, improving our liquidity position. The Compensation Committee acknowledged the importance of the cost-cutting initiatives to our Company's long-term financial health and the difficult balance management achieved by improving utilization and reducing costs while maintaining our ability to capitalize on future opportunities to provide professional services to our clients. Moreover, the Compensation Committee recognized the strong performance of our Company's executives by their successful negotiation of the amendment to our senior credit facility and by obtaining significant new financing for our Company through the second lien term loan. In the Compensation Committee's view, these achievements were critical to position our Company to take advantage of the business opportunities presented in 2012 and early 2013 as well as those that will be presented in the future.

For 2012, the Compensation Committee used various short and long-term performance-based compensation components within the mix of elements comprising the overall compensation packages paid to Hill's executive officers. The discussion that follows explains the manner in which the Compensation Committee applied these elements to develop the compensation policies and arrangements for our named executive officers.

Compensation Philosophy and Objectives

Performance. Our Company's policy is that the Compensation Committee and the Board consider an executive officer's performance in determining his or her compensation. In addition, the Compensation Committee and the Board, in their discretion, may reward performance considered by the Compensation Committee to be superior, and may provide short-term incentives to executive officers to reward superior performance in cases where such performance would not otherwise be rewarded by other elements of Hill's compensation program.

In considering the appropriate manner in which to reward the performance of our named executive officers, our Compensation Committee and Board have established compensation policies implemented through the creation of specific rewards and designed for particular named executive officers. In this regard, in view of the relatively large equity interest in our Company owned by our Chairman and Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee determined to reward performance in a particular year by maintaining their base salary at the higher end of the range for compensation received by executives with comparable job responsibilities at our peer companies in addition to bonus and long-term incentive compensation. In addition, the Compensation Committee recognized the intense competition for talented senior

Table of Contents

executives in the sectors in which we operate and, in rewarding performance, focused closely on the need to retain the services of our other named executive officers who do not own significant equity interests in our Company. With respect to compensation decisions made in 2012, the Compensation Committee recognized that the prolonged economic downturn continued to place pressure on the Company's competitors to attract talented personnel, which heightened the need for our Company to set compensation in a manner designed to enable the Company to retain its most able executives even to the extent their ability to achieve superior performance for the Company might be hampered by economic conditions and other factors affecting the industries we serve. As a result, the Compensation Committee continued to rely on compensation policies designed to reward performance of these executives primarily by offering year-over-year base salary increases and by using bonus and long-term incentive awards primarily to reward extraordinary performance designed to reflect the overall growth and profitability of our Company as well as in the groups they manage. Measurements of growth and profitability for these purposes were made subjectively by the Compensation Committee with reference to budgets developed by management and approved by the Board of Directors, and without reference to any particular formula used to translate increases in perceived growth or profitability to specific compensation decisions.

For 2012, the Compensation Committee continued to rely to an extent on the use of mathematical formulas in considering whether an individual executive's performance merited recognition through an award of periodic bonuses. Consistent with the policy established by the Compensation Committee in 2009, the Compensation Committee set formula-based targets for annual bonuses under the Hill International, Inc. 2010 Senior Executive Bonus Plan (the "Bonus Plan") as components of the total compensation packages received by our Chairman and Chief Executive Officer and our President and Chief Operating Officer for 2012. The Bonus Plan permits the Compensation Committee or the Board to award performance-based bonuses to our senior officers based on the achievement of performance goals established by the Compensation Committee or the Board in a manner designed to enable us to deduct for federal income tax purposes this bonus compensation consistent with Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

The Compensation Committee believes it is of paramount importance to provide appropriate levels of compensation to our senior executives. Accordingly, the Compensation Committee may determine that the amount of a performance-based bonus award under the Bonus Plan is not sufficient to appropriately compensate or incentivize one or more senior executives for their performance with respect to the applicable performance period. In such event, the Compensation Committee may determine to award discretionary bonuses to senior executives, even if we are unable to deduct for federal income tax purposes the amount of the discretionary bonus. For 2012, the Compensation Committee did not award any bonuses to our Chairman and Chief Executive Officer or our President and Chief Operating Officer under the Bonus Plan, because our Company's reported diluted earnings per share did not exceed the threshold, established by the Compensation Committee in the first quarter of 2012, for bonus compensation under the Bonus Plan. Recognizing the difficult decisions made by our Chairman and Chief Executive Officer and our President and Chief Operating Officer in designing and implementing the cost-cutting measures in 2012 and their strong effort to amend our Company's senior credit facility and obtain significant new capital for our Company under the second lien term loan, the Compensation Committee determined to award discretionary bonus compensation for these officers as follows: Irvin E. Richter \$200,000 and David L. Richter \$200,000. In connection with their compensation-related recommendations, in view of the lack of bonus compensation for our other named executive officers for 2011 and their strong performance under difficult conditions during 2012, our Chairman and Chief Executive Officer and our President and Chief Operating Officer recommended bonuses for our other named executive officers for 2012, and, consistent with their recommendation, the Compensation Committee determined to award bonuses to our other named executive officers for 2012 as follows: Mr. Fanelli \$25,000, Mr. Ghali \$100,000 and Mr. Samelian \$25,000.

Alignment. The Compensation Committee believes that alignment of the compensation of our executive officers with the interests of our stockholders through use of stock-based incentive compensation is one of the core principles of our Company's compensation philosophy. As a goal, the Compensation Committee seeks to align the compensation of our executive officers with the interests of our stockholders through the use, among other compensation elements, of stock-based incentive compensation. The Compensation Committee expects to continue using stock option and other equity-based compensation elements to establish long-term incentive compensation for our named executive officers in connection with the determination of their total annual compensation in the future.

The Compensation Committee and the Board believe it is important to award a significant portion of the total annual compensation for our Chairman and Chief Executive Officer and our President and Chief Operating Officer in the form of long-term incentive compensation in order to establish a reward for our most senior officers relating to the creation of value for our stockholders over the longer term. Accordingly, for 2012, the Compensation Committee recommended long-term incentive awards with aggregate grant date fair value of \$1,175,000, or 97.9% of his base salary, to our Chairman and Chief Executive Officer and \$1,175,000, or 146.9% of his base salary, to our President and Chief Operating Officer. The Compensation Committee did not recommend any long-term incentive awards for our other named executive officers.

Retention. As discussed above, we recognize the intense competition for talented senior executives in the sectors in which we operate. Accordingly, retention of our executive officers is one of the core objectives of our compensation philosophy. Historically, the Compensation Committee has sought to attain that objective primarily through the payment of base salaries at the higher end of the range of compensation that may be paid to executives at other companies within our industry. During 2012, the Compensation Committee continued to award the named executive officers' total compensation so that each compensation element may be used to enable the Company to retain the services of our executive officers, consistent with our overall business strategy. As a result of this consideration, for 2012, the Compensation Committee decided to make equity-based long-term incentive awards to our Chairman and Chief Executive Officer and our President and Chief Operating Officer as well as award bonus compensation to all our named executive officers in a manner designed to enhance the utility of these components as tools to retain our most talented senior executives.

Risk Management Incentive. The Compensation Committee believes that the compensation policies and practices it establishes should be designed with a view to incentivizing executives to achieve short-term and long-term performance goals and objectives established by the Board while managing risks appropriately. The Compensation Committee attempts to provide both short-term and long-term compensation for current performance, as well as to provide incentives to achieve short-term and long-term goals. In designing these elements of compensation, the Compensation Committee seeks to incentivize appropriate levels of risk taking and to deter subjecting our Company to excessive risk.

Based on its understanding, as members of the Company's Board of Directors, of the elements of risk associated with our Company's business and the operations of each of our business units, the Compensation Committee does not believe that our Company's compensation policies and practices subject our Company to undue risk. The Company's compensation policies and practices, and the elements of its compensation, are relatively consistent across the Company's business units. In the Compensation Committee's view, the risk profile for each of our Company's business units is relatively proportionate to its contribution to our Company's overall operating results. Other than our Company's Chairman and Chief Executive Officer and our President and Chief Operating Officer, no executive officer of the Company has an employment agreement with the Company. Accordingly, the Company's long-term payment obligation under employment agreements has been limited. In addition, as discussed below under "Elements of Compensation Base Salary," while the employment agreements for our Chairman and Chief Executive Officer and our President and Chief Operating Officer target benchmarks for total compensation at the 75th percentile of the "selected peer group" identified by the

Table of Contents

Compensation Committee, neither employment agreement provides for any particular level of bonus compensation. Rather, under the terms of these employment agreements, the Compensation Committee has full authority to establish the target levels for annual incentive awards as well as long-term equity-based incentive awards, consistent with the aforementioned benchmark, and to establish the criteria upon the achievement of which the awards may be earned. Accordingly, in the Compensation Committee's view, the methods used by our Company to compensate and incentivize our employees do not create risks that are reasonably likely to have a material adverse effect on our Company. In addition, while the Board has not adopted a specific policy with regard to the "clawback" of compensation awarded on the basis of improper conduct, the Compensation Committee recognizes that laws applicable to our Company generally require the "clawback" of compensation under circumstances relating to improper or illegal behavior. Accordingly, we believe that these laws support the Board's efforts to manage risk associated with compensation. The Board recognizes that the SEC plans to propose rules relating to compensation "clawback" policies and plans to enact policies to address the final rules that are adopted.

Determining Compensation

General. In setting each element of compensation, the Compensation Committee has historically made qualitative assessments of the contributions made by each named executive officer toward our Company's achievement of its overall business and financial performance. These assessments have been employed by the Compensation Committee in determining which of the various compensation elements available to it should be included in each named executive officer's total compensation package, as well as the dollar amount thereof.

Base salaries for our named executive officers are established by the Compensation Committee on an annual basis. When establishing base salaries for named executive officers who do not have employment agreements, the Compensation Committee takes into account the performance of each named executive officer, his role and responsibilities within our Company and the compensation of comparable executives at other publicly traded companies in our peer group. Under the terms of their respective employment agreements described below in "Employment Agreements," each of our Chairman and Chief Executive Officer and our President and Chief Operating Officer is entitled to receive base salary and an annual long-term equity-based incentive award, which, when aggregated with his target bonus which he will have the opportunity to earn based on the achievement of performance targets established annually by the Compensation Committee, is not less than the 75th percentile of the total base salary, bonus and long-term incentive award earned by executives with comparable positions in our selected peer group companies. Our Compensation Committee believes that using the 75th percentile for comparative purposes reflects the high level of competency of our Company's senior executive officers.

In establishing the base salaries to which our Chairman and Chief Executive Officer and our President and Chief Operating Officer are entitled under their respective employment agreements, the Compensation Committee considered the total annual compensation of executives at similar levels in the companies included in the selected peer group listed below in "Selected Peer Group." The allocation between targeted annual incentive awards and long-term equity-based incentive compensation in order to achieve targeted total compensation at the benchmark level of the 75th percentile of the "selected peer group" companies was determined through direct negotiations between the Compensation Committee and each of our Chairman and Chief Executive Officer and our President and Chief Operating Officer. These negotiations focused on the need to reach agreement on the appropriate level of targeted annual incentive award for each executive, with reference to the prior year's bonus target for the executive and the Company's internal budget, approved by the Board of Directors, for 2012, without the use of any formula, weighting or reference to specific factors. The Compensation Committee's focus on determining the appropriate level of targeted annual incentive

Table of Contents

award relates primarily to the contingent nature of the incentive in that it is earned only to the extent that the Company achieves established performance levels. The long-term equity-based incentive compensation was determined to essentially equal the difference between the sum of executive's base salary and targeted annual incentive award, on the one hand, and the benchmarked 75th percentile of the selected peer group with respect to the executive, on the other hand.

For our other named executive officers, as in prior years, for 2012, the Compensation Committee relied to a great extent on the assessments of their performance by our Chairman and Chief Executive Officer and our President and Chief Operating Officer, to whom each of these other named executive officers reports. The Compensation Committee believes that this methodology allows us to account for all of the facts and circumstances of the particular executive officer's performance and enable us to most effectively reward, motivate, challenge and retain these named executive officers.

In the first quarter of 2012, the Compensation Committee established targeted levels of bonus eligibility under the Bonus Plan for our Chairman and Chief Executive Officer and our President and Chief Operating Officer based on actual earnings per diluted common share reported by our Company for 2012. The Compensation Committee selected this performance criterion for bonus eligibility under the Bonus Plan based on presentations by management to the Board concerning expectations for 2012 operating performance and related discourse among the Board and management during the first quarter of 2012. The Compensation Committee determined that these individuals would be eligible to earn 100% of their respective bonus compensation targets if our Company reported diluted earnings per common share of \$0.10 for 2012. For 2012, our Company reported a loss of (\$0.73) per common share. Accordingly, these executives were not entitled to any bonus under the Bonus Plan based on the targets set by the Compensation Committee for 2012.

In view of the Company's performance in 2011, our Chairman and Chief Executive Officer and our President and Chief Operating Officer informed the Compensation Committee that they did not expect any increase in their respective base salaries in 2012 and did not recommend an increase in base salaries for the other named executive officers in 2012. Relying generally on these comments from our Chairman and Chief Executive Office and our President and Chief Operating Officer, the Compensation Committee determined that the base salaries of our named executive officers for 2012 should remain the same as in 2011.

Role of the Compensation Committee and Management. The Compensation Committee reviews all of our Company's compensation and benefit programs. As part of its review of these programs, the Compensation Committee evaluates the competitiveness of compensation and benefits packages offered to our named executive officers and other executive officers. In addition, the Compensation Committee reviews and approves our corporate incentives, goals and performance objectives as well as the incentives, goals and performance objectives we establish for individuals under our Company's compensation and benefit programs. The Compensation Committee evaluates the level of achievement of the corporate incentives, goals and performance objectives set for individuals and, based on the level of achievement, approves any awards dependent on these criteria under our Company's compensation and benefit programs.

Consistent with prior years, as part of the executive compensation decisions made in 2012, our Chairman and Chief Executive Officer and our President and Chief Operating Officer made recommendations to the Compensation Committee regarding the levels and elements of compensation for the named executive officers, other than themselves, as well as for other executive officers of Hill. The Compensation Committee did not receive any compensation analysis regarding our named executive officers or Hill's other senior executive officers from any compensation consultant. After considering the recommendations of our Chairman and Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee delivered its recommendations to the Board for the Board's approval of the compensation elements and levels for the Chairman and Chief Executive

Table of Contents

Officer and the President and Chief Operating Officer, as well as for the other named executive officers. In determining its recommendations to the Board, the Compensation Committee relied considerably on assessments by our Chairman and Chief Executive Officer and our President and Chief Operating Officer of the performance and contribution of the other named executive officers.

Selected Peer Group. In 2012, the Compensation Committee identified our peer group and our "selected peer group" companies for compensation bench-marking purposes. The selected peer group includes CRA International, Inc., Exponent, Inc., Huron Consulting Group Inc. and Navigant Consulting, Inc. The "selected peer group" for 2012 differs from prior years because it no longer includes Diamond Management & Technology Consultants, Inc., which was acquired by PriceWaterhouseCoopers LLP in November 2010.

Noting that the public companies with which we compete for project management business tend to be significantly larger than Hill, the Compensation Committee concluded that those direct competitors would not be an appropriate group to use for purposes of analyzing the compensation paid to our Chairman and Chief Executive Officer and our President and Chief Operating Officer. Accordingly, the companies identified above provide services in consulting or other fields that are similar to the services we provide and were selected by the Compensation Committee on the basis of their size relative to us, and the presence within those companies and us of similar business model, cultural and philosophical elements. In addition, we recognize the companies in this group as those publicly traded companies with whom we compete most aggressively for talented executives. Accordingly, we refer to these companies as our "selected peer group" companies. In terms of size measured by total annual revenues during the fiscal year ended most recently before the end of Hill's 2012 fiscal year, the companies within the selected peer group ranged between \$272 million and \$785 million.

Equity Grant Practices. The exercise price of each stock option granted to the named executive officers, as well as to our other named executive officers, was not less than the closing price of our common stock on the date of grant. Typically, the Board awards long-term equity-based incentives to our Chairman and Chief Executive Officer and our President and Chief Operating Officer annually and other executive officers, including the other named executive officers, in two-year cycles. In this regard, in March 2012, we awarded stock options to our Chairman and Chief Executive Officer and our President and Chief Operating Officer. No other executive officer received an equity based award for 2012. The Compensation Committee expects to consider expanding the use of stock options and other equity-based awards in the future.

We have not in the past and do not intend in the future to coordinate our grants of stock options with the release of material non-public information. We have not, as of the date of this proxy statement, adopted a policy covering compensatory equity grants. We also do not have a policy on the re-pricing of our stock options, but we have not previously re-priced any of our options. The equity compensation plan we use for awards to our named executive officers and other employees prohibits the repricing of options without stockholder approval.

Elements of Compensation

Base Salary. The Compensation Committee aims to establish the base salary for each named executive officer at a level that is reflective of the level of responsibility assumed by that officer. For our Chairman and Chief Executive Officer and our President and Chief Operating Officer, total annual compensation is targeted at the 75th percentile of executive officers serving in comparable capacities with the companies included in our selected peer group. The Compensation Committee selected the 75th percentile as the benchmark for compensation of our two most senior executive officers as a result of their demonstrated leadership of our Company's efforts to establish and expand relationships key to our revenue growth and profitability, coupled with the Compensation Committee's view that these individuals are among the top executive talent in our industry and should be compensated accordingly.

Table of Contents

In view of the significant stock ownership in our Company by our Chairman and Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee historically has leaned more heavily on base salary than on equity-based compensation for these individuals. Accordingly, the base salaries of our Chairman and Chief Executive Officer and our President and Chief Operating Officer tend to be higher than those of comparably titled executives at companies in our selected peer group to reflect generally lower reliance by the Company on bonus and equity-based compensation elements. Equally relevant, the Compensation Committee recognizes that during the time it was a privately owned business, our Company typically did not award any bonus compensation or equity-based incentives to these individuals and, instead, concentrated compensation in the form of base salary. Since our Company's business became publicly owned, the Compensation Committee has sought to transition compensation practices to methods more commonly used by publicly traded companies, but has sought doing so without reducing the base salaries of our executive officers, including our Chairman and Chief Executive Officer, our President and Chief Operating Officer and our other named executive officers.

The base salaries for our named executive officers are targeted at the higher end of our selected peer group and are adjusted to recognize varying levels of responsibility, individual performance, business segment performance, and internal Company issues. The Compensation Committee reviews each executive officer's base salary on an annual basis. During 2012, Hill's Chairman and Chief Executive Officer and its President and Chief Operating Officer were paid base salaries of \$1,200,000 and \$800,000, respectively. Based upon 2011 reported numbers, the Company surveyed the base salaries paid to the chief executive officers within the selected peer group of companies for 2011 and determined that they ranged between \$500,000 and \$800,000 and the base salaries paid to the chief operating officers within the selected peer group of companies ranged between \$450,000 and \$600,000. For the reasons discussed above, the base salary levels for our Chairman and Chief Executive Officer and our President and Chief Operating Officer, relative to comparably titled executives at companies in our selected peer group, reflect our generally greater relative reliance on base salaries and lower relative reliance on bonus and equity-based compensation elements for these executives. Based on these factors, the Compensation Committee determined that the base salaries for our Company's Chairman and Chief Executive Officer and our President and Chief Operating Officer compared to the selected peer group benchmarks were appropriate and warranted. As explained above, consistent with prior years, in making executive compensation decisions for 2012, the Compensation Committee utilized recommendations of our Chairman and Chief Executive Officer and our President and Chief Operating Officer regarding the levels and elements of compensation for the named executive officers, other than themselves, as well as for other executive officers of Hill.

Edgar Filing: Hill International, Inc. - Form DEF 14A

Table of Contents

The table below sets forth the base salary for each of our named executive officers for 2011 and 2012, together with the percentage change from year-to-year.

Name	Base Salary		Percentage Change
	2011	2012	
Irvin E. Richter Chairman and Chief Executive Officer	\$ 1,200,000	\$ 1,200,000	0%
John Fanelli III Senior Vice President and Chief Financial Officer	350,000	350,000	0%
David L. Richter President and Chief Operating Officer	800,000	800,000	0%
Raouf S. Ghali President, Project Management Group (International)	750,000	750,000	0%
Frederic Z. Samelian President, Construction Claims Group	615,000	615,000	0%

The decision not to adjust base salaries among our named executive officers for 2012 compared to 2011 reflects the desire of the Compensation Committee to not increase the Company's overhead costs in light of the Company's net loss in 2011 and other cost-cutting which occurred during this time.

Annual Incentive Awards. The Compensation Committee and the Board, in their discretion, may establish annual incentives from time to time. Our objective in providing annual incentives is to reward short-term performance that has exceeded specific expectations in circumstances where no other element of our compensation program would otherwise reward such performance without incentivizing inappropriate risk-taking or otherwise deterring achievement of our long-term goals and initiatives. As stated above, as a result of the Company's reported loss per diluted share for 2012, our Chairman and Chief Executive Officer and our President and Chief Operating Officer were not entitled to receive any bonus under the Bonus Plan for 2012. As also stated above, the Compensation Committee determined to recognize the difficult decisions made by our Chairman and Chief Executive Officer or our President and Chief Operating Officer in designing and implementing the cost-cutting measures in 2012 and their strong effort to amend our senior credit facility and obtain significant new capital for our Company under the second lien term loan, awarding to them discretionary bonus compensation as follows: Irvin E. Richter \$200,000 and David L. Richter \$200,000. In connection with their compensation-related recommendations, in view of the lack of bonus compensation for our other named executive officers for 2011 and their strong performance under difficult conditions during 2012, our Chairman and Chief Executive Officer and our President and Chief Operating Officer recommended bonuses for our other named executive officers for 2012, and, consistent with their recommendation, the Compensation Committee determined to award bonuses to our other named executive officers for 2012 as follows: Mr. Fanelli \$25,000, Mr. Ghali \$100,000 and Mr. Samelian \$25,000.

Long-Term Equity-Based Incentive Compensation. From time to time, the Compensation Committee and the Board, in their discretion, may award long-term equity-based compensation to our executive officers, including our named executive officers. In determining the terms and amounts of any of these awards, the Compensation Committee seeks primarily to motivate successful multi-year operational and financial performance of our Company, to encourage long-term accountability of the individuals to whom the awards are made and to further reinforce the linkage between executive performance and creation of stockholder value.

For 2012, the Compensation Committee recommended, and the Board approved, certain stock option awards for our Chairman and Chief Executive Officer and our President and Chief Operating

Officer. The awards are shown in detail in the table under "Grants of Plan Based Awards" on page 22. Those awards were based on the Compensation Committee's determination that the awards reflected the appropriate level of long-term equity based incentive for those individuals. In making this determination, the Compensation Committee did not make reference to any specific criteria. The Compensation Committee did not make any recommendations for long-term equity-based compensation for the other named executive officers.

Total long-term compensation for the chief executive officers and the chief operating officers of the selected peer group of companies ranged between \$292,000 and \$1,096,000 and between \$219,000 and \$636,000, respectively.

The table below sets forth the awards of long-term equity-based incentive compensation for each of our named executive officers for 2012, together with the aggregate grant date fair value of their respective awards calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 and the grant date fair value of the award as a percentage of his base salary for 2012.

Name	Long-Term Equity Based Incentive Compensation Awards			
	Number of Shares Underlying Stock Options	Number of Restricted Shares	Aggregate Grant Date Fair Value of Awards	Percentage of Base Salary
Irvin E. Richter Chairman and Chief Executive Officer	440,100		\$ 1,175,000	97.9%
John Fanelli III Senior Vice President and Chief Financial Officer				
David L. Richter President and Chief Operating Officer	440,100		1,175,000	146.9%
Raouf S. Ghali President, Project Management Group (International)				
Frederic Z. Samelian President, Construction Claims Group				

For 2012, the Compensation Committee recommended long-term incentive awards with aggregate grant date fair value of \$1,175,000, or 97.9% of his base salary, to our Chairman and Chief Executive Officer and \$1,175,000, or 146.9% of his base salary, to our President and Chief Operating Officer. The Compensation Committee recommended these awards to the Board to further incentivize these executives and reward them for performance that creates additional stockholder value over the long-term.

Other Compensation. The forms of other compensation that are provided to our named executive officers are generally available to all employees of Hill on a non-discriminatory basis. These elements of compensation include, without limitation, benefits packages typical for companies of our size and the option to be paid in cash for vacation, sick days and/or personal days not taken. In addition, under the terms of his employment agreement, our Chairman and Chief Executive Officer is entitled to receive, among other things, two automobiles for his use and payment of specified premiums for life insurance. The employment agreement with our President and Chief Operating Officer entitles him to receive, among other things, two automobiles for his use.

Employment Agreements

Irvin E. Richter, Hill's Chairman and Chief Executive Officer, and David L. Richter, Hill's President and Chief Operating Officer, are each a party to an employment agreement with the Company which is for a term expiring on December 31, 2014. These agreements provide that, in the event of the termination of either executive's employment by the Company without cause (as defined in each employment agreement), the Company will pay the executive a lump sum equal to three years' base salary and the executive will be entitled to the continuation of certain benefits for the three-year period following termination, the immediate vesting of all stock options, stock awards or other stock-based compensation as well as other elements of compensation referenced above in "Elements of Compensation Other Compensation." Each agreement also entitles the executive to the same compensation and benefits if the executive terminates the agreement for "good reason" or following a "change in control" of our Company (as each of these terms is defined in the respective employment agreement).

In addition, Irvin E. Richter's employment agreement accords him the opportunity to terminate his role as our Chief Executive Officer and elect to serve as a consultant to the Company. During the period in which he serves as a consultant to the Company, Mr. Richter's compensation will be reduced to 25% of his total compensation in effect at the time he elects such consultancy. The consultancy election is designed to afford us the opportunity to continue to benefit from Mr. Richter's service while permitting him to reduce substantially the time he devotes to the Company.

Compensation for Non-Employee Directors in 2012

Non-employee directors' compensation is set by the Board at the recommendation of the Compensation Committee. For 2012, the Compensation Committee recommended and the Board approved a compensation and benefit program for non-employee directors. In developing its recommendations, the Compensation Committee was guided by the following goals: compensation should fairly pay directors for work required in order to serve on the Board and compensation should align non-employee directors' interests with the long-term interests of stockholders. For 2012, the Compensation Committee and the Board approved an annual compensation package for each non-employee director consisting of: (i) a \$100,000 director's fee payable in cash, (ii) a grant of stock options, made at the meeting of our Board of Directors immediately following our annual meeting of stockholders, valued at \$30,000 on the grant date, based on a Black-Scholes model, with immediate vesting and with an exercise price equal to the closing price per share of our common stock on the date of grant and exercisable over a five-year period, and (iii) an award on the same date of shares of our common stock valued at \$30,000 based on the closing price per share of our common stock on the date of the award. In addition, the Chairman of the Compensation Committee and the Chairman of the Governance and Nominating Committee each receive an annual committee chairman's fee of \$5,000 payable in cash, and the Chairman of the Audit Committee receives an annual committee chairman's fee of \$10,000 payable in cash.

Share Ownership Guidelines

We have adopted a policy with respect to the ownership of our common stock by the members of our Board of Directors. Under our policy, each director is required to own at least 10,000 shares of our common stock. Each person is responsible to comply with the policy within two years after becoming subject to it. We do not have a policy with respect to the ownership of our common stock by our executive officers.

Table of Contents

Tax Deductibility of Compensation

We currently do not have a policy with respect to compliance with the limitations imposed by Section 162(m) of the Code, which imposes a \$1,000,000 limit on the amount that a public company may deduct as an expense for compensation paid to our named executive officers.

However, the Bonus Plan approved by stockholders in 2010 is designed to preserve the tax deductibility of cash incentive awards to executive officers under Section 162(m) of the Code. As mentioned above, Section 162(m) generally limits to \$1,000,000 per year the deductibility, for federal income tax purposes, of cash compensation to any individual who, as of the end of the year, is one of our named executive officers. This limitation does not apply to compensation that is deemed to be "qualified performance-based" within the meaning of Section 162(m). Therefore, if compensation qualifies as "qualified performance-based" for purposes of Section 162(m), we will be permitted to deduct it for federal income tax purposes. The provisions of Section 162(m) require, among other things, that the material terms of compensation plans such as our bonus award plans must be approved by a company's stockholders every five years in order for compensation awarded under such plan to qualify as "qualified performance-based." For additional information relating to the Compensation Committee's use of the Bonus Plan and, potentially, the award of other bonus compensation, see "Compensation Philosophy and Objectives Performance."

The amounts reported in these columns reflect the aggregate grant date fair value of stock awards and grants of stock options calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC 718"). The calculation of these amounts disregards the estimate of forfeitures related to time-based vesting conditions. The amounts in these columns do not reflect compensation actually received by the named executive officer. The actual value, if any, that an executive may realize from an award is contingent upon the satisfaction of the conditions to vesting in that award, and for options, upon the excess of the stock price over the exercise price, if any, on the date the award is exercised. Thus, there is no assurance that the value, if any, eventually realized by the named executive officer will correspond to the amount shown.

(2)

The Black-Scholes option valuation model is used to estimate the fair value of the options in accordance with ASC 718. For a discussion of the assumptions used, see Note 12 to the Company's consolidated financial statements for 2012 contained in the Form 10-K filed with the SEC on March 18, 2013.

Table of Contents**Director Compensation**

For a description of director compensation, see "Compensation of Non-Employee Directors in 2012" under the "Compensation Discussion and Analysis" section of this proxy statement.

Our non-employee directors received the following amounts of compensation in 2012.

	Fees Earned or Paid in Cash \$	Stock Awards(1)(2) \$	Option Awards(1)(3) \$	Total \$
Camille S. Andrews	105,000	30,000	30,000	165,000

Steven M. Kramer	100,000	30,000	30,000	160,000

- (1) The amounts reported in these columns reflect the aggregate grant date fair value of stock awards and grants of stock options calculated in accordance with ASC 718. The amounts for options do not reflect compensation actually received by the director. The actual value, if any, that a director may realize from an option award is contingent upon the excess of the stock price over the exercise price, if any, on the date the option is exercised. Thus, there is no assurance that the value, if any, eventually realized by the director will correspond to the amount shown.
- (2) On June 11, 2012, each non-employee director was granted 10,526 shares of the Company's common stock under the 2009 Non-Employee Director Stock Grant Plan. The amount of the 2012 awards is based on the closing price (\$2.85) of the Company's common stock on June 11, 2012.
- (3) On June 11, 2012, each non-employee director was granted an option to purchase 22,727 shares of the Company's common stock at an exercise price of \$2.85 per share, the closing price of the Company's common stock on the date of grant. The fair value of the options was \$1.32 per share, determined using the Black-Scholes option valuation model. For a description of the assumptions used, see Note 12 to the Company's consolidated financial statements for 2012 contained in the Form 10-K filed with the SEC on March 18, 2013.

Pre-Approval Policy of Audit Services and Permitted Non-Audit Services of Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services and are pre-approved in one of two methods. Under the first method, the engagement to render the services would be entered into pursuant to pre-approval policies and procedures established by the Audit Committee, provided (i) the policies and procedures are detailed as to the services to be performed, (ii) the Audit Committee is informed of each service, and (iii) such policies and procedures do not include delegation of the Audit Committee's responsibilities under the Exchange Act to the Company's management. Under the second method, the engagement to render the services would be presented to and pre-approved by the Audit Committee (subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act that are approved by the Audit Committee prior to the completion of the audit). The Chairman of the Audit Committee has the authority to grant pre-approvals of audit and permissible non-audit services by the independent auditors, provided that all pre-approvals by the Chairman must be presented to the full Audit Committee at its next scheduled meeting. The Company will provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent auditors and to any consultants, experts or advisors engaged by the Audit Committee.

ITEM 2

**INCREASE IN SHARES AUTHORIZED FOR
ISSUANCE UNDER THE 2009 NON-EMPLOYEE DIRECTOR STOCK GRANT PLAN**

In 2009, the stockholders approved the 2009 Non-Employee Director Stock Grant Plan (the "2009 Plan"), which covered 200,000 shares of our common stock which were to be issued to our Non-Employee Directors as a portion of their annual compensation. From 2009 through April 15, 2013, the Company has issued 178,105 shares to our Non-Employee Directors. There are 21,895 shares of common stock currently available for awards under the 2009 Plan, which is inadequate for the purpose of providing future compensation. Accordingly, the Board of Directors has determined that increasing the amount of shares of common stock issuable under the 2009 Plan is necessary to enable further grants of stock. As a result, the Board of Directors is asking the stockholders to approve an amendment to the 2009 Plan that would increase the number of shares authorized for issuance from 200,000 to 400,000.

The increase in the number of shares authorized for issuance under the 2009 Plan will become effective if approved by stockholders at the annual meeting. If the increase is not approved at this annual meeting, the 2009 Plan will continue in effect as it presently exists. The results of the vote will not affect any awards outstanding under the 2009 Plan as of the date of this proxy statement.

Summary of the 2009 Plan

The full text of the plan is included in this Proxy Statement as Appendix A. The following summary of the plan is qualified in its entirety by reference to the full text of the plan.

Purpose. The purpose of the plan is to promote the interests of the Company and its stockholders, by enabling the Company to attract and retain the best available individuals for service as Non-Employee Directors.

Eligibility. Only Hill's Non-Employee Directors are eligible to receive grants under the plan. A Non-Employee Director is a member of the Board who is not an employee of the Company or any subsidiary of the Company.

Awards. The Board may make awards of shares to Non-Employee Directors in such amounts, at such times, and subject to such time vesting and other restrictions as it may determine. In the absence of any such restrictions, an award of shares will vest immediately, and he or she will possess all of the rights of a holder of common stock including the right to vote the stock and, if granted by the Board, the right to receive any cash dividends.

Shares Available. No more than 200,000 shares of common stock may be issued under the plan. The number of shares that may be issued under the plan will be increased to 400,000 if the stockholders approve this proposal. Any restricted shares that are forfeited are available for future grants. Grants of shares under the plan will be in addition to, and will not replace, any cash or other compensation arrangement available to our Non-Employee Directors. The plan provides for adjustment to the number of restricted shares that may be granted upon a change in our common stock as a result of a stock dividend or split, recapitalization, reorganization, reclassification or other similar change.

Restrictions. Unless the agreement evidencing an award of shares to a Non-Employee Director makes provision to the contrary, if a grantee ceases to be a director for any reason other than death, disability, retirement, or his or her removal for cause, all unvested awarded shares shall be forfeited as of the date when the grantee ceases to be a director.

If a Non-Employee Director dies, becomes disabled or retires, all unvested awarded stock will become fully vested and all restrictions (other than restrictions on transferability in the absence of registration of the Awarded Stock under the Securities Act or the availability of an exemption therefrom) will end as of the date of his or her death, disability or retirement.

Table of Contents

If a Non-Employee Director ceases to be a director because of his or her removal for cause, all unvested awarded stock shall be forfeited as of the date when he or she ceases to be a director.

In the event that the Board decides to grant shares which may be forfeited or subject to transfer restrictions for a specified period of time:

the Non-Employee Director grantee of such shares will not be permitted to sell, assign, transfer, pledge or otherwise encumber the shares; or alternatively,

the Board may require that the certificates evidencing such shares be held in custody by the Company until the applicable restrictions have lapsed.

Notwithstanding the foregoing, the Board may at any time accelerate the vesting of all or any portion of any stock award or provide for the lapsing of any conditions or restrictions on any outstanding award, or portion thereof.

Amendment. The Board also has the right to amend, alter or discontinue the plan, but no amendment may be made without the approval of the stockholders to the extent such approval is required by law or agreement.

Termination. The plan may be terminated by our Board at any time. Unless sooner terminated, no shares may be issued under the plan after June 9, 2019.

Federal Income Tax Consequences. The following is a general summary of the material United States federal income tax consequences relating to the plan based on federal income tax laws currently in effect. The summary is not intended to be exhaustive and does not describe the effect, if any, of gift, estate and inheritance taxes.

A Non-Employee Director who receives a grant of shares which are not subject to any restrictions will recognize taxable ordinary income in an amount equal to the fair market value of the common stock at that time of the award, and the company will be entitled to a deduction for the same amount

A Non-Employee Director who receives a grant of shares that are subject to restrictions which could result in his or her forfeiture of some or all of those shares, and does not elect to recognize income at the time of the grant, will not recognize taxable income and the Company will not be entitled to a deduction until the termination of restrictions with respect to such shares. Upon the termination of those restrictions, the director will recognize taxable ordinary income in an amount equal to the fair market value of the common stock at that time, and the Company will be entitled to a deduction in the same amount. If a director elects to recognize taxable ordinary income in the year the shares are granted in an amount equal to their fair market value when granted (determined without regard to the restrictions, the Company will be entitled to a deduction in the year of grant in the same amount, and any gain or loss recognized by the Non-Employee Director upon subsequent disposition of the shares will be capital gain or loss.

Any dividends with respect to shares that are paid or made available to a Non-Employee Director (who has not elected to recognize income on the date of grant) while such shares remain forfeitable are treated as additional compensation taxable as ordinary income to the director and are deductible by the Company. If the director has made an election to recognize income with respect to the shares on the date of grant, dividends represent ordinary dividend income to the director and are not deductible by the Company. If the director elects to recognize income on the restricted shares on the date of grant and the director subsequently forfeits the shares, the director is not entitled to a deduction as a consequence of such forfeiture and the company must include as ordinary income the amount it previously deducted in the year of grant with respect to the shares.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT OUR STOCKHOLDERS VOTE "FOR" THE PROPOSAL TO INCREASE FROM 200,000 TO 400,000 THE NUMBER OF SHARES AUTHORIZED FOR ISSUANCE UNDER THE 2009 PLAN.

In addition, no such amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by law or agreement.

SECTION 9. Withholding

The Grantee shall pay to the Company, or make provision satisfactory to the Board for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. The effective date of the Plan was the date of the 2009 Annual Meeting of Stockholders at which the Company's stockholders approved the Plan.

SECTION 12. Governing Law

To the extent that state laws shall not have been preempted by any laws of the United States, the Plan shall be construed, regulated, interpreted and administered according to the laws of the State of Delaware without regard to its conflict of laws rules.
