Dear Shareholder:

You are cordially invited to attend the 2014 annual general meeting of shareholders of Kosmos Energy Ltd. to be held on Thursday, June 5, 2014, at 8:00 a.m., local time, at Rosewood Tucker's Point, 60 Tucker's Point Drive, Hamilton Parish, HS 02, Bermuda. For those of you who cannot attend the annual general meeting, we urge that you participate by indicating your choices on the enclosed proxy card and completing and returning it at your earliest convenience or by using the Internet voting site or toll-free number listed on the enclosed proxy card to submit your vote.

The notice of annual general meeting and Proxy Statement accompanying this letter provide an outline of the business to be conducted at the meeting. At the meeting, the financial statements for the fiscal year ended December 31, 2013 and the auditor's report thereon will be laid before the shareholders in accordance with Bermuda law, and you will be asked to (i) elect eleven directors to the Board of Directors; (ii) appoint Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 and to authorize the Company's Audit Committee of the Board of Directors to determine their remuneration; (iii) provide a nonbinding, advisory vote to approve named executive officer compensation; and (iv) consider such other business as may properly come before the annual general meeting. I will also report on our progress during the past year and respond to shareholders' questions.

It is important that your shares be represented at the annual general meeting, as a quorum of the shareholders must be present, either in person or by proxy, in order for the annual general meeting to take place. Even if you plan to attend the annual general meeting, we recommend that you vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the annual general meeting. Your vote and participation in our governance are very important to us. Returning the proxy does not deprive you of your right to attend the meeting and to vote your shares in person.

Sincerely yours,

These proxy materials are being furnished to you in connection with the solicitation of proxies by the Board of Directors of Kosmos Energy Ltd. for use at the 2014 annual general meeting of shareholders, and any adjournments or postponements thereof. We refer to our Board of Directors as the "Board" and to Kosmos Energy Ltd. as "Kosmos," the "Company," "we" or "us." Our common shares represented by proxies will be voted as described below or as specified by each shareholder.

Cameras, recording devices and other electronic devices will not be permitted at the meeting. Each shareholder attending the annual general meeting may be asked to present valid identification. Failure to bring valid identification may delay your ability to attend or prevent you from attending the meeting.

**Important Notice Regarding the Availability of Proxy Materials
for the Annual General Meeting of Shareholders to be Held on June 5, 2014**

The Notice of Annual General Meeting of Shareholders, Proxy Statement, Proxy Card and Annual Report on Form 10-K are available under the SEC Filings link on the Investors' page of our website at www.kosmosenergy.com. On this site, you will also be able to access any amendments or supplements to the foregoing materials that are required to be furnished.

GENERAL MATTERS

Record Date. The Board fixed the record date for the determination of shareholders entitled to notice of and to vote at the annual general meeting as of close of business on April 11, 2014. On the record date, there were 388,251,802 common shares, par value \$0.01 per share, issued and outstanding, and there were no issued and outstanding shares of any other class of share capital. Our only issued and outstanding voting securities are our common shares.

Voting Your Proxy. Our shareholders are entitled to one vote for each common share that is owned on the record date on all matters considered at the annual general meeting. You may vote your shares either in person or by proxy. To vote by proxy, you may vote by telephone using the toll-free number listed on the Proxy Card, by the Internet at the website for Internet voting listed on the Proxy Card or by marking, dating, signing and mailing the enclosed Proxy Card in the prepaid envelope provided. When using Internet or telephone voting, the voting systems will verify that you are a shareholder through the use of a company number for Kosmos Energy Ltd. and a control number unique to you. ***If you vote by Internet or telephone, please do not also mail the enclosed Proxy Card.*** If you plan to vote in person at the annual general meeting, please bring valid identification. Even if you currently plan to attend the annual general meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the annual general meeting.

If you receive more than one Proxy Card or voting instruction form, it means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy

and voting instruction cards you receive. If you wish to consolidate accounts, please contact Computershare Trust Company, N.A. or your broker, bank or other nominee. We will announce preliminary voting results at the annual general meeting and publish the final results in a Current Report on Form 8-K filed within four business days after the end of the annual general meeting.

Shares Held of Record. If your shares are held in your name and you vote by granting a proxy, which is not subsequently revoked, the proxy holders will vote the shares in accordance with your instructions. If you submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations as follows:

"FOR ALL" Proposal 1: To elect eleven directors to serve until the 2015 annual general meeting of shareholders, and until their respective successors are elected;

"FOR" Proposal 2: To appoint Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2014 and to authorize the Company's Audit Committee of the Board to determine their remuneration; and

"FOR" Proposal 3: To approve, on a nonbinding, advisory basis, named executive officer compensation.

If other matters properly come before the annual general meeting, the proxy holders will vote on such matters in accordance with their best judgment. Such persons also have discretionary authority to vote to adjourn the annual general meeting, including for the purpose of soliciting proxies to vote in accordance with the Board's recommendations on any of the above items.

Shares Held in Street Name. If your shares are held in "street name" by your broker, bank or other nominee, you will receive a voting instruction form with this Proxy Statement. Like shares held of record, you may vote your shares held in street name in person at the annual general meeting if you have obtained a legal proxy from the holder of record for your shares or you may sign and date the enclosed voting instruction form and return it in the enclosed, postage-paid envelope. If your shares are held in street name in a brokerage account or by a bank or other nominee, you must provide your broker with instructions on how to vote your shares in order for your shares to be voted on Proposals 1 and 3. If you do not instruct your broker on how to vote these proposals, your shares will not be voted on these matters. If your shares are held in the name of a broker, bank or other nominee, please bring with you a letter (and a legal proxy if you wish to vote your shares) from the broker, bank or nominee confirming your ownership as of the record date.

Revoking Your Proxy. Even after you have returned your proxy, you may revoke your proxy at any time before it is exercised by (1) submitting a written notice of revocation to our Corporate Secretary by mail to Kosmos Energy Ltd., c/o Kosmos Energy LLC, 8176 Park Lane, Suite 500, Dallas, Texas 75231 or by facsimile at (214) 445-9705, (2) submitting a duly executed proxy bearing a later date to our Corporate Secretary by mail to Kosmos Energy Ltd., c/o Kosmos Energy LLC, 8176 Park Lane, Suite 500, Dallas, Texas 75231 or by facsimile at (214) 445-9705, (3) using the Internet voting website or the toll-free telephone number listed on the enclosed Proxy Card to deliver a duly executed proxy bearing a later date, or (4) attending the annual general meeting and voting in person, which suspends the powers of the proxy holder.

Quorum and Vote Required. The presence in person or by proxy of two or more shareholders representing a majority of our issued and outstanding share capital entitled to vote shall constitute a quorum to conduct business at the annual general meeting.

For Proposal 1, the election of directors, you may vote "FOR ALL," "WITHHOLD ALL" or "FOR ALL EXCEPT." A plurality of the votes of the shares present in person or represented by proxy at the annual general meeting and entitled to vote on the election of directors is required for the election of directors. This means that the eleven director nominees receiving the highest number of

Table of Contents

affirmative votes of the shares present in person or represented by proxy at the annual general meeting and entitled to vote on the election of directors will be elected to our Board. Broker non-votes and votes marked "WITHHOLD ALL" will have no legal effect on the outcome of the election of directors. With respect to votes marked "FOR ALL EXCEPT," votes for director nominees that are withheld will have no legal effect on the outcome of the election of directors, while votes for all other director nominees will count toward a plurality.

For each of Proposals 2 and 3, you may vote "FOR," "AGAINST" or "ABSTAIN." Under the Companies Act 1981 of Bermuda, as amended, our memorandum of association and our bye-laws, the affirmative vote of a majority of the votes cast at the annual general meeting at which a quorum is present is required to approve Proposals 2 and 3. Abstentions do not count as votes cast, and as such, abstentions will have no effect on the outcome of Proposals 2 and 3. Brokers will have discretionary authority to vote on Proposal 2. Brokers will not have discretionary authority to vote on Proposal 3, and broker non-votes will have no effect on the outcome of such votes.

Cost of Solicitation. We will pay the cost of soliciting proxies for the annual general meeting. Proxies may be solicited by the employees of Kosmos and our subsidiaries, without additional compensation, in person, or by mail, courier, telephone, email or facsimile. We may also make arrangements with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of shares held of record by such persons. We may reimburse such brokerage houses, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

Annual Report. Our 2013 Annual Report on Form 10-K, including consolidated financial statements as of and for the fiscal year ended December 31, 2013 is being distributed to all shareholders entitled to vote at the annual general meeting, together with this Proxy Statement, in satisfaction of the requirements of the SEC, the Company's bye-laws and Bermuda law. At the annual general meeting the financial statements and the auditor's report thereon will be laid before the shareholders in accordance with Bermuda law. Additional copies of the Annual Report on Form 10-K are available at no charge upon request. To obtain additional copies of the Annual Report on Form 10-K, please contact us at Kosmos Energy Ltd., c/o Kosmos Energy LLC, 8176 Park Lane, Suite 500, Dallas, Texas 75231, Attention: Corporate Secretary, or at telephone number +1 (214) 445-9600. The Annual Report on Form 10-K does not form any part of the materials for the solicitation of proxies. In addition, this Proxy Statement and our Annual Report on Form 10-K are available to you at no charge electronically under the SEC Filings link on the Investors' page of our website at www.kosmosenergy.com.

The Board is not aware of any matter to be presented for action at the annual general meeting of the Company other than the matters set forth herein. Should any other matter requiring a vote of shareholders arise, it is the intention of the persons named in the proxy to vote in accordance with their best judgment on such matter. The shareholders of the Company have no dissenter's or appraisal rights in connection with any of the proposals described herein.

If you have any questions about the proxy materials or the annual general meeting, please contact our Corporate Secretary at Kosmos Energy Ltd., c/o Kosmos Energy LLC, 8176 Park Lane, Suite 500, Dallas, Texas 75231, or by telephone at +1 (214) 445-9600.

PROPOSAL 1 ELECTION OF DIRECTORS

Our bye-laws provide that our Board shall consist of not less than five and not more than 15 directors, and the number of directors may be changed only by resolution adopted by the affirmative vote of a majority of the entire Board. The Board currently consists of eleven directors: Andrew G. Inglis, Brian F. Maxted, Sir Richard B. Dearlove, David I. Foley, David B. Krieger, Joseph P. Landy, Prakash A. Melwani, Adebayo ("Bayo") O. Ogunlesi, Lars H. Thunell, Chris Tong, and Christopher A. Wright. The Board currently consists of a single class of directors, each serving one-year terms.

The Board has nominated eleven directors for election at the annual general meeting to serve until the 2015 annual general meeting of shareholders, and until their respective successors are duly elected. Our shareholders do not have cumulative voting rights and, accordingly, the holders of a plurality of the shares voted can elect all of the directors then standing for election.

We are soliciting proxies in favor of the election of each of the nominees identified below. We intend that all properly executed proxies will be voted for these eleven nominees unless otherwise specified. All nominees have consented to serve as directors, if elected. If any nominee is unwilling to serve as a director at the time of the annual general meeting, the persons who are designated as proxies intend to vote, in their discretion, for such other persons, if any, as may be designated by the Board. The proxies may not vote for a greater number of persons than the number of nominees named. As of the date of this Proxy Statement, the Board has no reason to believe that any of the persons named below will be unable or unwilling to stand as a nominee or serve as a director, if elected.

The Board believes that each nominee has valuable individual skills and experiences that, taken together, provide us with the knowledge, judgment and strategic vision necessary to provide effective oversight of the Company. The biographies below reflect the particular experience, qualifications, attributes and skills that led the Board to conclude that each nominee should serve on the Board.

Table of Contents**PROPOSAL 2 APPOINTMENT OF INDEPENDENT AUDITORS**

Ernst & Young LLP has served as our independent registered public accounting firm since 2011 and of our predecessor, KEH, since 2003, and has provided to us certain audit services, audit-related services and tax services during that time.

Under Section 89 of the Companies Act 1981, as amended, of Bermuda, the shareholders have the authority to appoint the Company's independent registered public accounting firm and to authorize the Audit Committee of the Board of the Company (the "Audit Committee") to determine their remuneration. The Audit Committee has recommended reappointment of Ernst & Young LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014. The Board is asking shareholders to approve such appointment and the authority of the Audit Committee to determine their remuneration. If an auditor is not appointed by shareholders at the annual general meeting, Ernst & Young LLP, as the incumbent independent registered public accounting firm, will continue in office until a successor is appointed in accordance with Bermuda law and the Company's bye-laws. The affirmative vote of the holders of a majority of the votes cast at the annual general meeting, at which a quorum is present, is required to approve the appointment and the authorization of the Audit Committee to set their remuneration.

Representatives of Ernst & Young LLP will not be present at the annual general meeting.

PROPOSAL 3 ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

At our 2012 annual general meeting of shareholders, a majority of our shareholders voted, on a nonbinding, advisory basis, to hold a nonbinding, advisory vote on named executive officer compensation every year. Consistent with this recommendation by our shareholders, the Company intends to submit an annual nonbinding, advisory vote on the compensation of the Company's named executive officers until the next vote on the frequency of the shareholder nonbinding, advisory vote on named executive officer compensation. Accordingly, as required by Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), we are providing our shareholders with the opportunity to cast a nonbinding, advisory vote on the 2013 compensation of our named executive officers as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures.

As described in detail below in this Proxy Statement under "Compensation Discussion and Analysis," we seek to pay our named executive officers for performance, to closely align the interests of our named executive officers with the interests of our shareholders and to attract, retain and motivate top talent. Please refer to the Compensation Discussion and Analysis, the compensation tables and the other narrative compensation-related disclosures of this Proxy Statement for a detailed discussion of our executive compensation principles and practices and the 2013 compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather our overall executive compensation principles and practices and the 2013 compensation of our named executive officers.

To help ensure that all shareholder views are well understood by the Board, we also encourage shareholders to use any of a number of direct communication mechanisms to effectively raise specific issues or concerns with regard to our executive compensation principles and practices (see "Board of Directors, Board Meetings and Committees Communications with the Board" below).

Vote Required

The affirmative vote of a majority of the votes cast at the annual general meeting, at which a quorum is present, is required to approve Proposal 3. Abstentions shall not be treated as votes cast.

Shareholders are being asked to vote on the following resolution:

"RESOLVED, that the Company's shareholders approve, on a nonbinding, advisory basis, the compensation of the Company's executive officers named in the Summary Compensation Table, as disclosed pursuant to Item 402 of Regulation S-K (which disclosure includes the Compensation Discussion and Analysis, the accompanying compensation tables and related narrative)."

Although the vote on this proposal is advisory and, therefore, is not binding, the Compensation Committee of the Board (the "Compensation Committee") will carefully consider the shareholder vote on this matter, including whether any actions will be necessary to address the concerns, if any, of our shareholders.

Recommendation

The Board recommends a vote "FOR" the approval of the compensation of our named executive officers as disclosed in this Proxy Statement. If not otherwise specified, proxies will be voted "FOR" Proposal 3.

BOARD OF DIRECTORS, BOARD MEETINGS AND COMMITTEES

Board Composition

As of the date of this Proxy Statement, our Board has eleven directors and five standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Health, Safety, Environmental and Security Committee, the External Affairs & Political Risk Committee and the Exploration Assurance Committee. Our bye-laws provide that the Board shall consist of not less than five directors and not more than 15 directors, and the number of directors may be changed only by resolution adopted by the affirmative vote of a majority of the entire Board. No decrease in the number of directors may shorten the term of any incumbent director.

The Board currently consists of a single class of directors, each serving a one-year term. Once our controlling shareholders (as defined below in "Committees of the Board of Directors"), in the aggregate, no longer beneficially own more than 50% of the issued and outstanding common shares, the Board will be divided into three classes of directors designated as Class I, Class II and Class III, with each class as nearly equal in number as possible, serving staggered three-year terms.

Board Leadership Structure

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that the optimal Board leadership structure may vary as circumstances warrant. Consistent with this understanding, non-management directors consider the Board's leadership structure on an annual basis.

In connection with the appointment of Mr. Andrew G. Inglis as our Chairman and Chief Executive Officer in March 2014, the Board has determined that the optimal Board leadership structure for us is served by the role of Chairman of the Board being held by our Chief Executive Officer. The Board has determined that this leadership structure is optimal for us because it believes that having one leader serving as both the Chairman and Chief Executive Officer provides decisive, consistent and effective leadership.

The Board does not currently have a standing presiding director, though it may designate a director as the presiding director to lead the meetings of the independent directors, if it deems appropriate, in accordance with the principles set out in our Corporate Governance Guidelines.

Director Independence

We have availed ourselves of the "controlled company" exception under the NYSE rules, which exempts us from the requirements that an NYSE-listed company must have a majority of independent directors on its Board and that its Compensation and Nominating and Corporate Governance Committees be composed entirely of independent directors.

In any event, the Board has reviewed the materiality of any relationship that each of our directors has with us, either directly or indirectly. Based on this review, the Board has determined that Messrs. Wright, Ogunlesi, Thunell and Tong and Sir Richard B. Dearlove are "independent directors" as defined by the NYSE rules and Rule 10A-3 of Exchange Act. There are no family relationships among any of our executive officers, directors or nominees for director.

Our controlling shareholders currently own a number of our common shares sufficient to elect all of the members of the Board without the approval of any other shareholder.

Board's Role in Risk Oversight

Assessing and managing risk is the responsibility of the management of the Company. However, the Board has an active role, as a whole, and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each.

Under its charter, the Audit Committee reviews and discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. In addition, the Audit Committee oversees risks related to the Company's financial statements, the financial reporting process, accounting, tax and legal matters as well as liquidity risks and guidelines and policies and procedures for monitoring and mitigating risks.

Because overseeing risk is an ongoing process and inherent in our strategic decisions, the Board also discusses risk throughout the year in relation to specific proposed actions. The Board's other standing Committees Compensation, Nominating and Corporate Governance, Health, Safety, Environmental and Security, External Affairs & Political Risk and Exploration Assurance oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee considers the risks associated with our compensation policies and practices with respect to both executive compensation and compensation generally. See "Executive Compensation Compensation Risk Assessment" below. The Board is kept abreast of its Committees' risk oversight and other activities through reports of the Committee chairmen to the full Board.

Specifically relating to enterprise risk management during 2013, the Company performed an enterprise risk assessment to identify key risks and assess procedures for managing, monitoring and mitigating risks. The Audit Committee met with management and the Company's enterprise risk management consultant regarding this process.

Meetings of the Board of Directors and Committees

The Board held seven meetings during fiscal 2013 and took action by unanimous written consent on five occasions. During fiscal 2013, no director attended fewer than 75% of the aggregate total number of meetings of the Board held during the period in which he was a director and of the total number of meetings held by all of the Committees of the Board on which he served. During 2013, we had five standing Committees of the Board the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Health, Safety, Environmental and Security Committee and the Strategy and Business Implementation Committee. In addition, in April 2014, the Board approved the External Affairs & Political Risk Committee as one of our standing Committees, formed one other standing Committee of the Board Exploration Assurance Committee and also dissolved an existing standing Committee of the Board the Strategy and Business Implementation Committee. We expect, but do not require, our directors to attend our annual general meetings of shareholders.

Committees of the Board of Directors

We are a "controlled company," as that term is set forth in Section 303A of the NYSE Listed Company Manual, because more than 50% of our voting power is held by funds affiliated with Warburg Pincus and The Blackstone Group (together with their respective affiliates, our "controlling shareholders"), acting as a group. Under the NYSE rules, a "controlled company" may elect not to comply with certain NYSE corporate governance requirements, including (1) the requirement that a majority of the Board consist of independent directors, (2) the requirement that the Nominating and Corporate Governance Committee be composed entirely of independent directors with a written charter addressing the Committee's purpose and responsibilities, (3) the requirement that the Compensation Committee be composed entirely of independent directors with a written charter addressing the Committee's purpose and responsibilities, and (4) the requirement for an annual performance evaluation of the Nominating and Corporate Governance and Compensation Committees.

We have elected to be treated as a "controlled company" and thus avail ourselves of these exemptions. As a result, although we have adopted charters for our Audit, Nominating and Corporate Governance, and Compensation Committees and intend to conduct annual performance evaluations of these Committees, our Board does not consist of a majority of independent directors, nor do our Nominating and Corporate Governance and Compensation Committees consist entirely of independent directors. Accordingly, so long as we are a "controlled company," you will not have the same

protections afforded to shareholders of companies that are subject to all of the corporate governance requirements of the NYSE.

As of April 28, 2014, our Board has an Audit Committee, Compensation Committee, Nominating and Governance Committee, Health, Safety, Environmental and Security Committee, External Affairs & Political Risk Committee and Exploration Assurance Committee, and may have such other committees as the Board shall determine from time to time. Each of the standing Committees of the Board has the composition and responsibilities described below.

Ogunlesi, Tong and Thunell and Sir Richard B. Dearlove are "independent directors" as defined by the NYSE rules and Rule 10A-3 of the Exchange Act. Our Audit Committee is authorized to:

Nomination of Directors

The nominees for election to the Board at the annual general meeting were formally nominated by the Nominating and Corporate Governance Committee and such nominations were approved by the full Board. Although the Board will consider nominees recommended by shareholders, the Board has not established any specific procedures for shareholders to follow to recommend potential director nominees for consideration. At this time, neither the Board nor the Nominating and Corporate Governance Committee has established any specific written procedures for identifying and evaluating potential director nominees or any minimum qualifications or skills for directors, although we generally consider a nominee's diversity, experience, industry knowledge and background. The Board does not deem it necessary to adopt specific written procedures because we are a "controlled company" under NYSE rules. As discussed below under "Shareholders Agreement," certain directors are nominated based on contractual obligations in our shareholders agreement with affiliates of our controlling shareholders.

Shareholders Agreement

We have entered into a shareholders agreement with affiliates of our controlling shareholders pursuant to which our controlling shareholders, collectively, have the right to currently designate six members of our Board. Each controlling shareholder has the right to designate: (i) three directors (or 25% of the Board, rounded to the nearest whole number) if it owns 20% or more of the issued and outstanding common shares eligible to vote at an annual general meeting of shareholders and 50% or more of the common shares owned by such controlling shareholder immediately prior to the consummation of the IPO; and (ii) one director (or 12.5% of the Board, rounded to the nearest whole number) if it owns 7.5% or more of the issued and outstanding common shares eligible to vote at an annual general meeting of shareholders. Under the shareholders agreement, subject to the corporate governance requirements of the NYSE, and for as long as our controlling shareholders constitute a group that beneficially owns more than 50% of the Company's voting power, our controlling shareholders will have the right to designate 50% of the members of the Nominating and Corporate Governance Committee and a majority of the members of the Compensation Committee. After our controlling shareholders no longer constitute a group beneficially owning more than 50% of the Company's voting power, each controlling shareholder entitled to designate a director will have the right to nominate one of its director designees to each Committee of the Board (other than the Audit Committee). CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The following is a description of the transactions we have engaged in since January 1, 2013 with our directors and officers and beneficial owners of more than five percent of our voting securities and their affiliates.

Effective October 1, 2011, as amended effective as of January 1, 2012, January 1, 2013 and October 1, 2013, we entered into a consulting agreement with Mr. Kemp pursuant to which he received compensation for consulting services to the Company that we reasonably requested from time to time. Effective February 28, 2014, Mr. Kemp resigned from the Board and also ceased providing the Company with consulting services. See "Director Compensation 2013 Director Compensation Consulting Agreement with Mr. Kemp" below.

An affiliate of The Blackstone Group, one of our controlling shareholders, acted as an underwriter in a secondary offering of our common shares by our controlling shareholders and certain members of our management, which closed in February 2013. The Blackstone Group, through its affiliate who acted as an underwriter, Blackstone Advisory Partners L.P., received underwriting discounts and commissions totaling approximately \$426,938 in connection with the offering. While Kosmos was a party to the underwriting agreement governing this offering and facilitated the registration of the common shares sold in the offering pursuant to its obligations under the registration rights agreement entered into prior to our IPO, Kosmos did not sell any common shares in the offering and such underwriting discounts and commissions were not paid by Kosmos to Blackstone Advisory Partners L.P., but rather by the selling shareholders participating in the offering.

We believe that the above transactions were made on terms no less favorable to us than could have been obtained from unaffiliated third parties.

Messrs. Foley, Krieger, Landy and Melwani have directed that the fees they are entitled to receive as compensation for serving on our Board be paid to our controlling shareholders. See "Board of Directors, Board Meetings and Committees Compensation Committee Interlocks and Insider Participation" above and "Director Compensation 2013 Director Compensation" below.

Procedures for Review of Transactions with Related Persons

We have adopted a set of written related party transaction policies designed to minimize potential conflicts of interest arising from any dealings we may have with our affiliates and to provide appropriate procedures for the disclosure, approval and resolution of any real or potential conflicts of interest which may exist from time to time. Such policies provide, among other things, that all related party transactions, including any loans between us, our controlling shareholders and our affiliates, but excluding compensation arrangements, require approval by our Nominating and Corporate Governance Committee, after considering all relevant facts and circumstances, including, without limitation, the commercial reasonableness of the terms, the benefit and perceived benefit, or lack thereof, to us, opportunity costs of alternative transactions, the materiality and character of the related party's direct or indirect interest, and the actual or apparent conflict of interest of the related party, and after determining that the transaction is in, or not inconsistent with, our and our shareholders' best interests. There have been no related party transactions since the adoption of related party transaction policies where such policies were not followed.

STOCK OWNERSHIP MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and persons who beneficially own more than 10% of our common shares to file initial reports of ownership on Form 3 and reports of changes of ownership on Forms 4 and 5 with the SEC. These officers, directors and 10% beneficial owners are also required to furnish us with copies of all Section 16(a) forms that they file. Specific due dates for these reports have been established by regulation, and we are required to report in this Proxy Statement any failure to file by these dates during the fiscal year ended December 31, 2013.

To our knowledge, based solely on our review of the copies of such forms received by us, we believe that all Section 16(a) filing requirements applicable to our officers, directors and 10% beneficial owners have been complied with for the fiscal year ended December 31, 2013, with the exception of seven Forms 4 relating to nine transactions that were filed late: Mr. McKenna (one transaction), Mr. Haas (three transactions), Mr. Kemp (one transaction), Mr. Tong (one transaction), Mr. Ogunlesi (one transaction), Mr. Wright (one transaction) and Mr. Doughty (one transaction).

Compensation Discussion and Analysis ("CD&A")

This CD&A describes our executive compensation philosophy, process and objectives and the elements of our 2013 compensation program for our named executive officers and gives the context for understanding and evaluating the compensation information contained in the tables and related disclosures that follow. For 2013, our named executive officers were:

W. Greg Dunlevy, Executive Vice President and Chief Financial Officer;

Darrell L. McKenna, Chief Operating Officer.

Effective as of March 1, 2014, Mr. Inglis became our Chief Executive Officer.

Executive Summary

In 2013, we continued to grow as a public company after undergoing a corporate reorganization and IPO in 2011. We enjoyed considerable success during this relatively early stage in our development focusing on identifying prospects that may contain oil or gas, acquiring the rights to explore and develop them and maximizing production from our discoveries. Below we have highlighted some of the key aspects of our results in 2013 and the compensation that we paid to our named executive officers to incentivize and reward performance in 2013 and future years.

2013 Business Highlights

In 2013, we delivered the following financial, operating and strategic performance, focused on positioning the Company successfully for future and ongoing value creation:

We had eight liftings of oil totaling approximately 7.8 million barrels from the Jubilee field production resulting in revenues of nearly \$851.2 million. Our average realized price per barrel was \$109.44.

During the first quarter of 2013, we successfully drilled the Enyenra-6A appraisal well on the Deepwater Tano Block offshore Ghana ("DT Block").

In May 2013, the government of Ghana approved the plan of development covering the Tweneboa, Enyenra and Ntomme discoveries (the "TEN PoD") on the DT Block. The TEN PoD plans for flexible and expandable development, with an initial design capacity of 80,000 barrels of oil per day.

In May 2013, we completed a 2D seismic data acquisition program on approximately 6,000 line-kilometers, covering Blocks C8, C12 and C13 offshore Mauritania. In November 2013, we completed a 3D seismic program of approximately 10,300

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

square kilometers over portions of Blocks C8 and C12.

In August 2013, final government approvals and processes were completed for the acquisition of an additional 18.75% participating interest in the Fom Assaka Offshore Block, offshore Morocco from Pathfinder, a wholly owned subsidiary of Fastnet, one of our block partners.

In August 2013, we completed a 2D seismic program of approximately 1,400 line kilometers over a portion of Block 42, offshore Suriname, outside of the existing 3D seismic survey. Processing and interpretation of the data continues.

Table of Contents

In October 2013, we executed a petroleum agreement with the Office National des Hydrocarbures et des Mines ("ONHYM"), the national oil company of the Kingdom of Morocco, covering the Tarhazoute Offshore block, to which the Company previously held certain exploration rights under a 2011 reconnaissance contract.

In October 2013, we completed a 5,000 square kilometer 3D seismic acquisition program, which covered portions of several blocks in Ireland.

In October 2013, we entered into three farm-out agreements with BP plc ("BP") covering three blocks in the Agadir Basin, offshore Morocco and a farm-out agreement with Capricorn Exploration & Development Company Limited, a wholly owned subsidiary of Cairn Energy PLC ("Cairn"), covering the Cap Boujdour Contract Area, offshore Western Sahara.

Key Compensation Decisions in 2013

Our compensation program in 2013 was designed to tie our named executive officers' pay directly to Company performance, thereby aligning the executives' interests with those of our shareholders. We believe that our compensation program effectively incentivized our executives in leading us to achieve the solid performance we experienced in 2013 and will continue to motivate the executives to position us for future growth and success. Our key compensation decisions in 2013 included:

Base Salary. Effective as of December 1, 2013, we provided each of our named executive officers (other than Mr. Maxted) with a 4.7% base salary increase. As the only fixed component of our compensation program and a relatively small part of our named executive officers' total compensation, base salaries were increased primarily to align with changes in responsibilities, experience and competitive practice. For details, see " Analysis of Executive Compensation Decisions Base Salary" below.

Annual Cash Bonus. In April 2013, the Compensation Committee approved a specific list of key performance indicators ("KPIs") against which the Committee would evaluate the Company's quantitative and qualitative performance. The Committee also approved bonus opportunities for each named executive officer tied to the achievement of the KPIs and the executive's individual performance. In December 2013, the Committee evaluated performance against the KPIs, considered each executive's individual performance and approved the payment of cash bonuses to the named executive officers. For details, see " Analysis of Executive Compensation Decisions Annual Cash Bonus" below.

Equity Incentive Awards. In connection with his hiring in 2013, Mr. Ball received a new hire equity grant consisting of service-vesting restricted share units (which we refer to as "service units") and performance-vesting restricted share units (which we refer to as "performance units") under our long-term incentive plan (the "LTIP"). In addition, in June 2013, Messrs. Doughty and McKenna received equity grants as part of our annual equity grant process consisting of service-vesting restricted shares (which we refer to as "service shares") and performance units. As in 2012, Messrs. Maxted and Dunlevy two of our founding partners did not receive any equity awards in 2013 due to their significant equity stakes in Kosmos pre-IPO and the value of the equity grants they received in connection with our IPO. We believe that equity awards (both new and outstanding) serve to retain and incentivize our named executive officers to work toward our continued growth and success. The awards also align the interests of our named executive officers (and other employees) with those of our shareholders, as the ultimate value received depends on the share price on the vesting date and, in the case of the performance-based restricted shares (which we refer to as "performance shares") and performance units, the level of attainment of the specified total shareholder return ("TSR") goal. For details, see " Analysis of Executive Compensation Decisions Equity Awards" below.

Overview

As a recently public oil and gas exploration and production company, we are focused on maximizing production, developing our discoveries and acquiring, exploring and appraising existing and new opportunities, including identifying, capturing and testing additional high-potential prospects to grow reserves and production. Our named executive officers have significant industry experience and have been instrumental in achieving these goals. We have designed our compensation program to attract and retain these highly experienced individuals, who have competing opportunities at more established companies, as well as to motivate and reward these individuals for their continued efforts to successfully deliver on our business plan. The three principal elements of our executive compensation program have continuously consisted of base salaries, annual cash bonuses and long-term equity incentive awards, with our approach to each of these elements evolving with our stage of development.

Pre-IPO. Prior to our IPO, we were a private partnership. To retain, incentivize and reward our named executive officers and other employees, and to maintain a strong ownership culture, we granted profit units representing targeted profit interests in KEH, our partnership predecessor. These profit units comprised a significant portion of our named executive officers' total compensation.

At IPO. In connection with our IPO, vested profit units were exchanged for vested common shares and unvested profit units were exchanged for service-vesting restricted shares (which we refer to as "exchange shares"). All of the exchange shares granted to our named executive officers have since vested. In addition, our named executive officers and other employees received grants of service and performance shares for overseeing our IPO, ensuring a smooth transition between our status as a private partnership and that of a public company and developing existing and identifying new reserve and production opportunities.

Post-IPO (2012 and 2013). Following our IPO, our named executive officers were instrumental in overseeing our continued growth, developing existing assets and identifying new reserve and production opportunities. Equity awards, which are designed to ensure a competitive, long-term incentive that directly aligns the interests of our named executive officers with those of our shareholders, continued to represent the most significant portion of our named executive officers' compensation. As noted above, Messrs. Maxted and Dunlevy did not receive any equity awards in 2012 or 2013. Nevertheless, during 2012 and 2013 they continued to vest in the equity awards they received prior to and in connection with our IPO, and, therefore, our equity constituted a significant incentive for their performance during 2012 and 2013 (for the values of our named executive officers' equity awards that vested in 2013, see "2013 Compensation Option Exercises and Stock Vested During 2013" below).

Compensation Program Objectives and Methodology

The objectives of our executive officer compensation program are as follows:

attract, retain and motivate talented and experienced executives in the highly competitive oil and gas industry;

reward individual and corporate performance;

align the interests of our executives and shareholders by providing a substantial portion of the executives' compensation in the form of long-term equity-based awards granted under the LTIP; and

motivate our executives to manage our business to meet our long-term objectives, create and increase shareholder value and reward the executives when shareholder value increases.

Elements of Our Executive Compensation Program

As noted above, since our inception, our executive compensation program has consisted of base salaries, annual cash bonuses and long-term equity incentive compensation. Our named executive officers are not entitled to any supplemental executive retirement benefits or "golden parachute" tax gross-ups. We expect that base salaries, annual cash bonuses and long-term equity incentive compensation will remain the principal elements of our executive compensation program going forward, although the relative proportions of each element, and the specific plan and award designs, will continue to evolve as we become a more established public company. Each element of our 2013 executive compensation program is described in more detail as follows:

Element	Objective and Basis
Base salary	<p>Competitive for each role, taking into account experience and level of responsibility in companies of similar size, complexity and stage of development.</p> <p>A basic fixed component, which comprises a relatively modest portion of overall compensation.</p> <p>Reviewed annually for possible adjustment by the Compensation Committee with input from our Chief Executive Officer (except for his salary), taking into account level of responsibility and experience and competitive practice.</p>
Annual cash bonus	<p>Reward individual and Company performance for the year.</p> <p>Bonus amounts payable to our named executive officers are based on the Compensation Committee's quantitative and qualitative assessment of the achievement of KPIs, general Company performance and individual performance goals.</p>
Equity incentive awards	<p>Encourage retention due to the four-year service condition.</p> <p>Link interests of executive officers and shareholders, as ultimate value realized depends on share price performance over the long term.</p> <p>Performance shares/units provide additional link to shareholder interests due to relative TSR goal.</p>

Retirement and health and welfare benefits

We do not provide any supplemental executive retirement plans.

Our executive officers participate in our 401(k) plan on the same basis as our employees generally.

Our executive officers are entitled to the same health and welfare benefits during employment that are offered to employees generally, except that the executives are also entitled to payment of premiums for long-term disability and supplemental disability income insurance as well as annual executive physicals to help ensure that they are healthy and able to provide us with their services.

No "golden parachute" tax gross-ups

We do not provide our executive officers with gross-ups for the excise tax that would be imposed on the executives under Section 4999 of the Internal Revenue Code of 1986, as amended (the "Code"), if they received "excess" payments and benefits in connection with a change in control.

Table of Contents

We believe that this mix of base salaries, annual cash bonuses and long-term equity incentive awards provides an appropriate balance between incentivizing short-term business and individual performance and long-term financial and share performance.

Executive Compensation Procedures

Role of the Compensation Committee

Our Compensation Committee is responsible for the approval, evaluation and oversight of our executive officer compensation and equity incentive compensation plans, policies and programs. Compensation Committee members speak frequently with each other concerning compensation matters outside of regularly scheduled meetings. The Compensation Committee may delegate its authority to subcommittees or the Chairman of the Compensation Committee when it deems it appropriate and in the best interests of the Company. The Compensation Committee may also delegate to one or more officers of the Company the authority to make equity grants to employees other than our executive officers under the LTIP. As Chairman of the Compensation Committee, Mr. Melwani regularly reports to the full Board regarding compensation matters.

The Compensation Committee meets outside the presence of our Chief Executive Officer and our other named executive officers to consider the appropriate compensation for our Chief Executive Officer. The Compensation Committee analyzes the performance of our Chief Executive Officer and determines his base salary, any annual cash bonus and any grant of equity-based awards. For all other named executive officers, the Compensation Committee meets outside the presence of the named executive officers, except our Chief Executive Officer. Our Chief Executive Officer reviews the performance of each named executive officer (other than himself) with the Compensation Committee and makes recommendations to the Compensation Committee on the appropriate base salary, any annual bonus and any grant of equity-based awards. Our Chief Executive Officer has no role in determining his own compensation. For more on the Compensation Committee's responsibilities, see "Board of Directors, Board Meetings and Committees Committees of the Board of Directors Compensation Committee" above.

Role of Compensation Consultant

Since our IPO, the Compensation Committee has engaged Meridian Compensation Partners, LLC ("Meridian") to provide external industry information, strategic input and recommendations regarding the amounts and forms of executive compensation. Meridian has also provided similar information and input regarding outside director compensation.

Meridian reports directly and exclusively to the Compensation Committee, and at the Compensation Committee's direction Meridian works with management to review or prepare materials for the Compensation Committee's consideration. Meridian did not provide any other services to the Company or our management in 2013. Meridian participated in several conversations with the Compensation Committee and Committee Chairman in 2013 and developed materials for the Compensation Committee's consideration at meetings.

In 2013, Meridian provided current information on industry compensation trends and practices and their application to Kosmos for the Company and the Compensation Committee to consider regarding compensation levels and incentive compensation design. Meridian updated the Compensation Committee on recent executive compensation trends in the oil and gas exploration and production industry as context for the Compensation Committee's annual compensation review. Meridian also provided input on the proposed compensation terms for an offer of employment to Mr. Inglis, our new Chairman and Chief Executive Officer, in light of his compensation levels at his prior employer, current executive officer compensation levels at Kosmos and compensation levels at other U.S.-based oil and gas companies.

Table of Contents

In late 2012, Meridian provided the Compensation Committee and Kosmos with industry trend and compensation data for the following companies, which reflect two oil and gas exploration and production industry reference groups developed by Meridian to provide a basis for Kosmos and the Compensation Committee to evaluate 2013 executive compensation:

	Enterprise Value	Large Offshore
Description	Fifteen large U.S.-based oil and gas exploration and production companies within a defined range of enterprise value (\$2 billion to \$10 billion)	Seven large U.S.-based companies having a segment of their business focused on offshore oil and gas exploration and production
Rationale	Represents companies of similar size to Kosmos	Represents companies that seek and hire offshore-specific oil and gas technical talent and leadership
Members	Berry Petroleum Bill Barrett Corp. Cabot Oil & Gas Corp. Cimarex Energy Co. EQT Corp. Exco Resources Inc. Forest Oil Corp. Newfield Exploration Co. Plains Exploration & Prod. Co. QEP Resources Inc. Quicksilver Resources Inc. SM Energy Co. Ultra Petroleum Corp. Unit Corp. Whiting Petroleum Corp.	Anadarko Petroleum Corp. Apache Corp. Hess Corp. Marathon Oil Corp. Murphy Oil Corp. Newfield Exploration Co. Noble Energy Inc.

In evaluating prevailing industry executive compensation practices, the Compensation Committee noted that the referenced companies vary in size and scope, operate in different geological basins and generally have less focus on deepwater exploration than Kosmos. We compete with these companies for talent and believe that the referenced companies are currently appropriate for executive compensation comparison. The differences and similarities between us and the companies in these peer groups are taken into consideration when considering peer group data for executive compensation decisions. The Compensation Committee uses peer data as a reference for pay levels and practices and considers such data relevant to, but not determinative of, its consideration of overall executive compensation matters.

For 2013, Meridian provided the Compensation Committee with information necessary for an evaluation of its independence in accordance with Section 10C-1 of the Exchange Act to determine whether a potential conflict of interest might arise in connection with advising the Compensation Committee. After reviewing the information provided, the Compensation Committee concluded that the advice provided by Meridian is objective and no conflict exists.

Advisory Vote to Approve Named Executive Officer Compensation

At our 2013 annual general meeting of shareholders, approximately 99.9% of votes were cast, on an advisory basis, in favor of our named executive officer compensation. As such, the Compensation Committee has concluded that our shareholders are satisfied with our existing named executive officer compensation program. Based on this result and our ongoing review of our compensation policies and decisions, we believe that our existing compensation program effectively aligns the interests of our

Table of Contents

named executive officers with our long-term goals. Nevertheless, we continually consider ways to modify our compensation program to strengthen this alignment of interests, as evidenced by the modifications we made to our annual bonus program, as described below. Our shareholders will have an opportunity again this year to vote, on an advisory basis, on our named executive officer compensation. The Compensation Committee will carefully consider the results of this year's shareholder vote, along with all shareholder views on our compensation programs that are communicated to us, when making future compensation decisions for our named executive officers.

Analysis of Executive Compensation Decisions***Base Salary***

Base salary is the sole fixed component of our executive compensation program and represents a small portion of our named executive officers' total compensation package, offering them a measure of certainty and predictability. We generally review salary ranges and individual salaries for our named executive officers annually. We establish the base salary for each named executive officer based on our review of pay levels of our industry peers and business requirements for certain skills, individual experience and contributions and the roles and responsibilities of the executive. We believe competitive base salaries are necessary to attract and retain an executive management team with the appropriate abilities and experience required to lead us.

Although we have no written policies or guidelines for setting or adjusting the base salaries of our named executive officers within a specified range of the compensation levels of our publicly traded industry peers, our named executive officer salaries are intended to be competitive with those of our industry peers and are subject to change if, among other reasons, the executive's experience or responsibilities change materially or there are changes in the competitive market environment.

The Compensation Committee determined to increase the base salary of each of our named executive officers (other than Mr. Maxted) by 4.7%, effective as of December 1, 2013, to remain competitive and to accurately reflect each executive's role and responsibilities. Mr. Maxted's base salary was not increased, as the Compensation Committee determined it remained commensurate with his role and responsibilities.

Name / Position	Base Salary (Effective 12/1/2012)	Base Salary (Effective 12/1/2013)
Brian Maxted	\$ 624,000	\$ 624,000
W. Greg Dunlevy	\$ 468,000	\$ 489,996
Christopher J. Ball(1)	\$ 475,000	\$ 497,325

Darrell L. McKenna	\$ 500,000	\$ 523,500

Annual Cash Bonus

Annual cash bonuses approved by the Compensation Committee for our named executive officers for 2013 were based on Company and individual performance. In April 2013, the Compensation Committee, in consultation with our Chief Executive Officer, established KPIs for 2013 and also approved target and maximum bonuses for our executive officers and a maximum bonus pool of \$13.3 million for all of our employees based on the sum of the target bonuses for all of our employees. The actual amount of the bonus pool available for bonus payments to all of our employees was determined based on the Compensation Committee's quantitative and qualitative assessment of the level of achievement of the KPIs and overall Company financial and operating performance. Actual individual bonus amounts payable to our named executive officers were then determined based on the

Table of Contents

Compensation Committee's review and assessment of the individual performance of each of our named executive officers (taking into account our Chief Executive Officer's assessment of individual performance of each executive, other than himself).

In November 2013 the Compensation Committee reviewed a comprehensive report prepared by management summarizing the Company's performance against the pre-established KPIs and the Company's strategic, financial, exploration, development and production performance. The table below sets forth our 2013 KPIs established by our Compensation Committee in consultation with our Chief Executive Officer at the beginning of 2013, and the results approved by the Compensation Committee for the 2013 performance year.

Performance Indicator	2013 KPIs	Approved Result
Cash flow	Deliver 105,000 - 115,000 barrels of oil per day ("BOPD") production	Not achieved
	Manage total OPEX + general and administrative expense (\$193 million net)	Achieved
	Manage project CAPEX costs to firm approved budgets of \$320 million	Achieved
	Receive approval of TEN PoD	Achieved
Exploration	Execute 2 exploration wells	Not achieved
	Progress 3 - 4 prospects to drill-ready stage	Achieved
	Add 3 - 6 prospects with potential to be drilled in the 2014 - 2015 time frame	Achieved
	Form strategic partnerships with respect to our Moroccan assets	Achieved
	Position Kosmos to execute the 2013 - 2015 exploration drilling program	Achieved
Organization	Deliver the health, safety, security and environment ("HSES") plan	Achieved
	Maintain exceptional legal and regulatory compliance, including with respect to the Foreign Corrupt Practices Act	Achieved
	Achieve top quartile total shareholder return peer group performance	Not achieved

In determining the final amount of the bonus pool for the 2013 performance year for all of our employees (including our named executive officers), the Compensation Committee considered Company performance generally, including the financial, operating and strategic results summarized in " Business Highlights" above, with particular emphasis placed on the cash flow and exploration performance described above.

In determining the individual bonus amounts for our named executive officers for 2013, the Compensation Committee considered each executive's level of achievement of several pre-established individual performance factors, including financial performance, operating performance, significant strategic initiatives, organizational leadership and investor and Board relations.

Equity Awards

As is typical for all of our new hires, in connection with his hiring in 2013, our new named executive officer Mr. Ball received a new hire equity grant consisting of service units and performance units under the LTIP. In June 2013 we also made annual equity grants to our named executive officers (and all other employees), other than Messrs. Maxted and Dunlevy, as part of our annual equity grant process. Mr. Ball did not join Kosmos until July 2013 and, therefore, did not receive an annual equity grant in June 2013. As noted above, due to their significant equity stakes in Kosmos immediately following the IPO, Messrs. Maxted and Dunlevy two of our founding partners did not receive any equity awards in 2013. These equity incentive awards are designed to encourage retention and to motivate our named executive officers (and other employees) to contribute significantly to our success and to create shareholder value.

Both annual and new hire service shares/units vest ratably each year over four years based on continued service. To vest in the performance shares/units requires attainment of both a service and a performance condition. The service condition is attained ratably each year over four years, and the performance condition is attained after four years based on a specified relative TSR performance goal. The attainment of the performance condition will be determined on the last day of the four-year performance period (as specified below) based on our TSR as compared to the TSR of each of our peer companies (listed below). TSR will be calculated as the percentage by which the average closing price on each of a specified number of trading days (either 30 or 90) of a share of the Company or a share of a peer company as of the last day of the applicable performance period is more or less than the average closing price of the applicable share as of the applicable start day of the performance

Table of Contents

period, plus the amount of any dividends that are declared on the applicable share during the applicable performance period.

The performance condition for the performance units granted to our named executive officers in 2013 will be attained based on the percentile ranking of our TSR relative to the TSR of each of the peer companies as follows:

Performance Period	TSR Ranking	Attainment of Performance Condition
January 2, 2013 - January 3, 2017	75th percentile and above	200%
	50th percentile	100%
	25th percentile	25%
	Below 25th percentile	0%

The percentage of the performance condition attained will be interpolated for performance between the percentiles shown above.

The current 12 peer companies are listed below. If a peer company is no longer publicly traded on the last day of the performance period, it will be removed from the peer group and will not be replaced. These companies were selected because they are the oil and gas exploration production companies most like Kosmos in terms of geographic reach and development stage.

Anadarko Petroleum Corp.	Lundin Petroleum AB
Apache Corp.	Niko Resources Ltd.
BG Group plc	Noble Energy Inc.
Cairn Energy plc	OGX Petroleo e Gas Participacoes SA
Cobalt International Energy, Inc.	Premier Oil plc
HRT Participacoes em Petroleo SA	Tullow Oil plc

To receive any payout under these awards, generally our named executive officers and other employees must remain employed by us through the vesting date and, in the case of performance shares/units, the applicable TSR goal must be satisfied. However, the awards are subject to accelerated vesting under specified circumstances (see "2013 Compensation Potential Payments Upon Termination or Change in Control" below). In addition, the ultimate value that the executives and employees receive will depend on the share price on the vesting date and, in the case of the performance shares/units, the level of attainment of the relative TSR goal.

For more on the various equity awards granted to our named executive officers, including the numbers of shares, dollar values, vesting schedules and acceleration and forfeiture provisions, see the tables and narrative under "2013 Compensation" below.

Benefits and Perquisites

Our named executive officers are entitled to the same health and welfare benefits as our employees generally, including medical, prescription drug, dental and vision insurance, and are also entitled to annual executive physicals, financial and tax planning services, relocation benefits and payments of premiums for supplemental health and welfare benefits. Our named executive officers participate in our tax-qualified 401(k) plan on the same basis as our employees generally and are not entitled to any supplemental executive retirement benefits. Under the 401(k) plan, the Company matches 100% of an employee's elective deferrals up to a specified percentage of eligible compensation (8% in 2013), subject to applicable limitations under the Code. For details and the amounts of such benefits, see the "All Other Compensation" column of the 2013 Summary Compensation Table and the accompanying footnotes below.

Table of Contents

Termination and Change in Control Benefits

Equity Awards

The vesting of the equity awards held by our named executive officers accelerates under specified circumstances. See "Potential Payments Upon Termination or Change in Control Equity Awards."

Offer Letters

We have entered into an offer letter agreement with each of Messrs. Ball, Doughty and McKenna that provides for specified termination payments and benefits. The material terms of these offer letters are summarized below under "2013 Compensation Potential Payments Upon Termination or Change in Control Offer Letters."

Severance Policy

On December 19, 2013, we adopted a severance policy to encourage continuity of management and other employees after a change of control. The policy provides severance benefits to regular full-time U.S. employees whose employment is terminated in connection with a "change in control" (as defined in the LTIP). For details, see "2013 Compensation Potential Payments Upon Termination of Change in Control Severance Policy" below.

Policy on Recovery of Compensation

Under the Dodd-Frank Act, the New York Stock Exchange is obligated to adopt rules that will require the Company to develop and implement a policy providing that, in the event of an accounting restatement due to material noncompliance with reporting requirements under securities laws, the Company will recover from executive officers incentive-based compensation in excess of the amount that would have been paid to the executive officers under the accounting restatement for the three-year period before the restatement. Once these rules are adopted, the Board intends to adopt a formal policy regarding the recovery of compensation in compliance with the rules.

Policy Prohibiting Hedging Transactions

Our Insider Trading Policy prohibits our employees, including our named executive officers, from engaging in speculative transactions in the Company's securities, including short sales and, unless our General Counsel provides prior written authorization, publicly traded options and margin accounts.

Compensation Risk Assessment

Our management team has reviewed our compensation policies and practices for all of our employees with our Compensation Committee. We believe that the balanced pay mix, diversified performance metrics, emphasis on long-term equity incentive compensation tied to service and performance conditions and the overall amount of compensation, as well as our internal controls and oversight by the Compensation Committee and our Board, mitigate any potential risks. The Compensation Committee has determined, based on this review, that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Deductibility of Executive Compensation

Section 162(m) of the Code generally limits the federal income tax deduction for compensation paid to each of the chief executive officer and the three other most highly compensated executive officers (other than the chief financial officer) of a publicly held corporation to \$1 million per year, with an exception for performance-based compensation paid based on the attainment of pre-established performance goals. As a newly public company, the compensation that we pay to these executives will

Table of Contents

be exempt from this limitation during a transition period, which is scheduled to end on the date of our 2015 annual general meeting of shareholders, to the extent that specified conditions are met. Both during the transition period and thereafter, we will generally seek to maximize the tax deductibility of compensation paid to these executive officers. We may, however, authorize payments to our executive officers that may not be fully tax deductible, and we reserve the flexibility to do so.

Subsequent Events

Effective as of March 1, 2014, Andrew G. Inglis was appointed Chairman of the Board and Chief Executive Officer, and Mr. Maxted, our then-Chief Executive Officer and one of our founding partners, was appointed Chief Exploration Officer. Mr. Maxted continues to serve on the Board. In addition, Mr. Kemp, the then-Chairman of the Board, resigned from the Board, effective as of February 28, 2014. Mr. Kemp also ceased providing consulting services to us as of that date.

Relocation expenses: In connection with his relocation from the United Kingdom to the Dallas/Fort Worth area, we will pay or reimburse Mr. Inglis for reasonable and customary relocation costs and will provide him with \$150,000 to cover specified relocation costs, and will also provide employment assistance for his spouse.

(1) Effective as of March 1, 2014, Andrew G. Inglis was appointed Chairman of the Board and Chief Executive Officer, and Mr. Maxted, our then-Chief Executive Officer and one of our founding partners, was appointed Chief Exploration Officer.

(2) Mr. Ball joined us in July 2013 and serves as our Senior Vice President, Planning and Business Development.

(3) Mr. Doughty joined us in 2011 and serves as our Senior Vice President, General Counsel. No compensation is shown for Mr. Doughty for 2011 and 2012 because he was not a named executive officer for those years.

(4) Mr. McKenna joined us as Chief Operating Officer in January 2012.

(5) The amounts in this column reflect the actual amounts of salary paid to our named executive officers in the relevant fiscal year. Mr. Ball's salary was pro-rated for 2013 to reflect his start date in July 2013. Mr. Doughty's salary for 2013 reflects the increase in his base salary in connection with his promotion in January 2013. In addition, each executive's (other than Mr. Maxted's) base salary reflects the increase in his salary, effective as of December 1, 2013. For these executives' current base salaries, see " Analysis of Executive Compensation Decisions Base Salary" above.

(6) For 2011, amounts in this column also include payments for accrued unused vacation time for Messrs. Maxted and Dunlevy. We did not provide our named executive officers and other employees with payments for their accrued unused vacation time in 2012 or 2013.

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

The amounts reported for 2013 are the annual bonuses that our named executive officers received in December 2013 for performance during 2013 pursuant to our annual incentive plan, based upon achievement of the applicable KPIs and the Compensation Committee's assessment of overall Company and individual performance. For additional information on these bonuses, see

Table of Contents

"Compensation Discussion and Analysis Analysis of Executive Compensation Decisions Annual Bonus."

(7)

The amounts in this column reflect the aggregate grant date fair values of the service and performance shares/units awarded to the named executive officers in the relevant fiscal year under the LTIP, calculated in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The actual value, if any, realized by the executives for these awards is a function of the value of the underlying shares if and when these awards vest and the level of attainment of the applicable performance goal.

The amounts for the performance units granted in 2013 were calculated based on the probable outcome of the performance condition as of the grant date, consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. For these amounts, see the "Grant Date Fair Value of Stock and Option Awards" column of the "2013 Grants of Plan-Based Awards" table below. The following are the values of the performance units as of the grant date assuming attainment of the maximum level of performance: Mr. Ball (\$950,004), Mr. Doughty (\$1,090,759) and Mr. McKenna (\$2,528,580).

In connection with our IPO in 2011, each of Messrs. Maxted and Dunlevy received exchange shares in exchange for his profit units in our partnership predecessor KEH. Because there was no additional compensation cost associated with the exchange (i.e., the exchange shares effectively constituted a continuation of the profit units for accounting purposes), the amounts in this column for 2011 do not reflect any value for the exchange shares.

For additional information on how we account for equity-based compensation, see Note 12 to our consolidated financial statements in our 2013 Annual Report on Form 10-K.

(8)

This column includes the incremental cost of certain perquisites and other personal benefits (to the extent the total value of such perquisites and other personal benefits for a named executive officer was \$10,000 or more) provided to the named executive officers in 2013, including the following:

Name	401(k) Match \$(a)	Financial Planning and Tax Advice \$(b)	Executive Benefits \$(c)	Relocation Benefits \$(d)	Total (\$)

(a)

The amounts in this column reflect matching contributions to our named executive officers' accounts under our 401(k) plan. Our named executive officers are eligible to participate in our 401(k) plan on the same basis as our employees generally. For 2013, we provided a 100% match of the first 8% of eligible compensation deferred by participants under the plan, subject to applicable limitations under the Code.

(b)

The amounts in this column represent reimbursements for financial planning and tax advice.

(c)

The amounts in this column represent the cost of an annual physical made available to each of our executive officers and payments of premiums for long-term disability and supplemental disability income insurance. For Mr. Dunlevy, this amount also includes

Table of Contents

reimbursement for a portion of a corporate credit card fee, which provides an airline club membership.

- (d) For Mr. Ball, the amount included in this column represents the cost of corporate housing temporarily provided to him in connection with his relocation to the Dallas/Fort Worth area (\$21,390), reimbursement of moving costs in connection with his relocation (\$16,791) and reimbursement of miscellaneous relocation-related expenses. For Mr. Doughty, this amount includes the cost of corporate housing temporarily provided to him in connection with his relocation to the Dallas/Fort Worth area (\$16,675), a lump-sum payment of \$50,000 to cover costs associated with the sale of his home and the purchase of a new residence in the Dallas/Fort Worth area and a lump-sum payment of \$5,000 to cover various miscellaneous relocation-related expenses.

(1) The amounts reported are the target and maximum annual bonuses that our named executive officers were eligible to receive for performance during 2013 pursuant to our annual incentive plan. For additional information on these bonuses, see "Compensation Discussion and Analysis Analysis of Executive Compensation Decisions Annual Bonus."

(2) These amounts reflect the performance units, which are scheduled to vest between 0% and 200% of the number of shares shown in the "Target" sub-column based on attainment of both a service condition that will lapse ratably each year over four years and the specified relative TSR performance condition that will be measured on January 3, 2017. The amounts in the "Threshold" sub-column reflect the 25% of the shares shown in the "Target" sub-column that will vest on attainment of the service condition and the threshold performance level. If either the service condition or the threshold performance level is not attained, the awards will be forfeited. The amounts in the "Target" sub-column reflect the 100% of the shares that will vest on attainment of the service condition and the target performance level. The amounts in the "Maximum" sub-column reflect the 200% of the shares that will vest on attainment of the service condition and the maximum performance level. For more on the terms of these awards, see "Compensation Discussion and Analysis Analysis of Executive Compensation Decisions Equity Awards" above.

(3) These amounts reflect service shares that are scheduled to vest ratably each year over four years, based solely on service.

(4) The amounts in this column for the service shares/units reflect their aggregate grant date fair values, calculated in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures.

The amounts in this column for the performance units were calculated based on the probable outcome of the performance condition as of the grant date, consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. For the values of these shares/units, assuming attainment of the maximum level of performance, see footnote 7 to the "2013 Summary Compensation Table" above. The actual value, if any, realized by each named executive officer for these performance shares/units is a function of the value of the shares if and when they vest.

For additional information on how we account for equity-based compensation, see Note 12 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013.

(5) Because the Compensation Committee established maximum bonus amounts for executive officers at the beginning of 2013 and Mr. Ball did not join us until July 2013, the Compensation Committee did not establish a maximum bonus amount for Mr. Ball for 2013.

performance units, in each case that were unvested as of December 31, 2013. Under their terms, these awards are subject to accelerated vesting under specified circumstances. The amounts in the table are based on the \$11.18 closing price of a common share on December 31, 2013. For performance shares/units, to the extent the service condition was met prior to a termination of employment or is deemed to be met as a result of a specified termination of employment and, in either case, they otherwise remain subject to the satisfaction of the specified relative TSR goal following such termination of employment, these amounts assume maximum attainment of such goal as of December 31, 2013. See "Equity Awards" below for summaries of these defined terms and for more details on the circumstances under which the vesting of these awards would have accelerated.

- (2) Represents a lump-sum cash severance payment under our severance policy equal to 24 months of base salary plus four additional weeks of base salary for each year of service (for Mr. Maxted, 40 additional weeks; for Mr. Dunlevy, 40 additional weeks; for Mr. Doughty, eight additional weeks; and for Mr. McKenna, eight additional weeks) and any additional amounts due for any partial year of service.
- (3) Under our severance policy, each of our named executive officers is entitled to a prorated portion of his annual target bonus for the year of termination, if not yet paid. Because we paid bonuses for 2013 to our named executive officers (and employees generally) in December 2013, our named executive officers would not have received any additional bonus amounts had their employment terminated on December 31, 2013.
- (4) Represents a cash payment in an amount equal to the premium cost of continued healthcare coverage for 24 months under our severance policy.
- (5) Represents the cost of outplacement services for 18 months under our severance policy.
- (6) Represents payouts of unused vacation time under our severance policy.
- (7) Represents payments of annual base salary and reimbursement of the cost of medical and dental insurance for each executive and his dependents (for 18 months for Mr. Ball and for 12 months for Messrs. Doughty and McKenna). In addition, Messrs. Doughty and McKenna are entitled to 12 months of estimated bonus payments (using target bonus as an "estimated bonus payment" for purposes of this table). For additional details, see " Offer Letters" below.
- (8) For Messrs. Ball and Doughty, represents \$16,792 and \$50,000, respectively, for reasonable and customary costs that we estimate would be incurred in moving Mr. Ball back to the United Kingdom (without taking into account costs associated with moving his family who are still in the United Kingdom) and Mr. Doughty and his family back to Houston, Texas, if, solely as a result of a "change in control" (as defined in the LTIP and summarized below under "Equity Awards Definitions"), (i) Mr. Ball's employment terminates within 18 months after his start date (i.e., by January 1, 2015) or (ii) either Mr. Ball or Mr. Doughty is required to relocate to a location outside of the Dallas/Fort Worth area. This estimate is based on the costs incurred in moving Messrs. Ball and Doughty (and Mr. Doughty's family) to the Dallas/Fort Worth area.

Offer Letters

We have entered into an offer letter agreement with each of Messrs. Ball, Doughty and McKenna that provides for specified termination payments and benefits. The material terms of the offer letters are as follows:

Annual base salary: Mr. Ball (\$475,000); Mr. Doughty (\$300,000); and Mr. McKenna (\$500,000).

Annual bonus opportunity: Mr. Ball (75% of base salary); Mr. Doughty (50% of base salary); and Mr. McKenna (75% of base salary).

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

Signing bonus: Mr. Ball (\$150,000); Mr. Doughty (\$75,000); and Mr. McKenna (\$600,000). The offer letters with each of Messrs. Ball, Doughty and McKenna require him to reimburse these signing bonuses if he voluntarily resigns from Kosmos within 12 months after his start date (such

dates have lapsed for Messrs. Doughty and McKenna and will lapse for Mr. Ball on July 1, 2014).

Retention bonus: Mr. Ball (\$150,000), payable on the first anniversary of Mr. Ball's start date at Kosmos (i.e., July 1, 2014), subject to his continued employment with Kosmos through such date.

Initial equity awards: Initial grants of equity awards under the LTIP having an aggregate grant date value equal to a specified multiple of the executive's annual base salary (two times for Mr. Ball, three times for Mr. Doughty and five times for Mr. McKenna).

Relocation expenses: Payment or reimbursement of specified expenses associated with each executive's relocating to the Dallas/Fort Worth area. In addition, each of Messrs. Ball and Doughty is eligible (with the Company's pre-approval) for either (i) payment or reimbursement of monthly covered costs associated with maintaining his original residence during any period that it remains unoccupied (capped at \$3,000 per month for six months) or (ii) a lump-sum amount of \$50,000 in respect of costs associated with the sale of his original residence and the purchase or lease of a new residence in the Dallas/Fort Worth area. The offer letters with each of Messrs. Ball and Doughty require him to reimburse these expenses if he voluntarily resigns from Kosmos within 12 months after his start date. This reimbursement obligation has lapsed for Mr. Doughty and lapses for Mr. Ball on July 1, 2014.

Termination benefits: For each executive, if his employment is terminated through no fault of his own or his position is eliminated and he is not offered a comparable position in Dallas, for a specified period (18 months for Mr. Ball and 12 months for Messrs. Doughty and McKenna) he will receive his annual base salary and reimbursement of the cost of medical and dental insurance for him and his dependents. In addition, Messrs. Doughty and McKenna are entitled to 12 months of estimated bonus payments. Each of Messrs. Ball and Doughty is also entitled to payment of reasonable and customary expenses associated with his moving back to the United Kingdom (for Mr. Ball) or Houston, Texas (for Mr. Doughty) under the circumstances described in footnote 8 to the "Potential Payments Upon Termination of Change in Control" table above.

Severance Policy

On December 19, 2013, we adopted a severance policy to encourage continuity of management and other employees after a change of control. The policy provides severance benefits to regular full-time U.S. employees whose employment is terminated in connection with a "change in control" (as defined in the LTIP and summarized below) as a result of:

work force reduction;

departmental reorganization that results in job elimination;

departmental reorganization that results in a material diminution of the skills, requirements, aptitudes or other criteria of the position, if the employee declines an offer of continued employment in the altered position or in another position that the Company deems comparable in its reasonable discretion; or

relocation of the job functions outside of a 50-mile radius, if the employee is not offered employment at the new location or declines an offer of employment at the new location.

The severance policy provides for the following severance benefits:

a lump-sum cash severance payment in an amount determined based on the employee's title, years of service and base salary (for our named executive officers, this amount equals 24 months of base salary plus four additional weeks of base salary for

each year of service);

Table of Contents

a prorated portion of the employee's annual target bonus for the current year, if not yet paid;

a cash payment in an amount equal to the premium cost of continued healthcare coverage for a specified period (for 24 months for our named executive officers);

outplacement services (for 18 months for our named executive officers); and

payout of unused vacation time.

Employees, including our named executive officers, who have a separate severance agreement may receive benefits under that agreement or the severance policy, but not both. To receive severance benefits under the severance policy, an employee must sign and not revoke a separation and release agreement in the form prescribed by the Company.

Equity Awards

Service Shares and Service Units

Service shares/units held by each of our named executive officers (other than the service shares/units granted to Messrs. Ball and Doughty before they were promoted to their executive officer positions) are scheduled to vest based solely on service and would have fully vested on December 31, 2013, if on that date the executive's employment had terminated due to his death or disability or had his employment been terminated by us without cause or by him for good reason. Had we undergone a change in control on December 31, 2013, these awards would have become fully vested on the earliest to occur of:

the first anniversary of the change in control, if the executive remained employed through the anniversary date;

the regularly scheduled vesting date, if the executive remained employed through the vesting date; and

termination of the executive's employment by us or the acquiror without cause or by him for good reason or due to his death or disability.

On termination of the executive's employment by us or the acquiror for cause or by him without good reason before the earlier of the first anniversary of the change in control or the regularly scheduled vesting date, the service shares/units would have been forfeited.

Service shares/units held by Messrs. Ball and Doughty that were granted to them before they were promoted to their executive officer positions would have fully vested on December 31, 2013, if on that date their employment had terminated due to their death or disability. Had we undergone a change in control on December 31, 2013, the awards would have become fully vested under the circumstances described above for service shares/units granted to our named executive officers in their executive officer positions. These service shares/units would have been forfeited upon termination of employment under any other circumstances.

Performance Shares Granted in Connection with our IPO

Messrs. Maxted and Dunlevy also hold performance shares that were granted to them in connection with our IPO and that are scheduled to vest based on attainment of both a service condition and a relative TSR performance condition. The service condition would have been fully attained on December 31, 2013, if on that date the executive's employment had terminated due to his death or disability, and the performance shares would have remained subject to the performance condition.

Table of Contents

Had either of Messrs. Maxted or Dunlevy terminated his employment without good reason at any time, or had his employment been terminated by us without cause or by him for good reason at any time other than on, or within one year after, a change in control, then:

the performance shares, if any, for which the applicable service condition had been satisfied as of such termination would have remained subject to the applicable performance condition; and

the performance shares, if any, for which the applicable service condition had not been satisfied as of such termination would have been forfeited in their entirety without any payment to the executive.

Had we undergone a change in control on December 31, 2013, the performance condition would have been deemed attained at the maximum level, and the performance shares would have remained subject to the service condition to the extent not yet met. After the change in control, the performance shares would have vested or been forfeited under the same circumstances as are described above for the service shares/units.

Performance Shares and Performance Units Granted After Our IPO

For performance shares and performance units granted after our IPO to Messrs. Ball, Doughty and McKenna (other than the performance shares/units granted to Messrs. Ball and Doughty before they were promoted to their executive officer positions), the service condition would have been fully attained on December 31, 2013, if on that date the executive's employment had terminated due to his death or disability or had his employment been terminated by us without cause or by him for good reason, and such performance shares/units would have remained subject to the performance condition. Had the executive terminated his employment without good reason at any time, the performance shares/units, if any, for which the applicable service condition had been satisfied as of such termination would have remained subject to the applicable performance condition, and the remaining performance shares/units would have been forfeited without any payment to the executive.

Had we undergone a change in control on December 31, 2013, the performance condition would have been deemed attained at the maximum level (for such performance shares) or at the target level (for such performance units), and such performance shares/units would have remained subject to the service condition to the extent not yet met. After the change in control, such performance shares/units would have vested or been forfeited under the same circumstances as are described above for the service shares/units.

The performance shares/units granted to Messrs. Ball and Doughty before they were promoted to their executive officer positions are subject to the same terms as the performance shares granted to Messrs. Maxted and Dunlevy in connection with our IPO.

Definitions

For purposes of the accelerated vesting of the named executive officers' equity awards under the circumstances described above, the LTIP defines "cause," "change in control," "disability" and "good reason" as follows:

"Cause" generally means the named executive officer's:

failure to perform his duties (other than any such failure resulting from his physical or mental incapacity);

having engaged in misconduct, negligence or a breach of fiduciary duty;

Table of Contents

having been convicted of, or having entered a plea bargain or settlement admitting guilt or the imposition of unadjudicated probation for, any crime of moral turpitude or felony under any applicable law;

breach of any restrictive covenant to which he is subject;

breach of any of our policies, including any policy that relates to expense management, human resources or the Foreign Corrupt Practices Act;

unlawful use or possession of illegal drugs on our premises or while performing his duties to us; or

commission of an act of fraud, embezzlement or misappropriation, in each case, against us.

"Change in Control" generally means the occurrence of one or more of the following events:

the acquisition of 50% or more of the combined voting power of our outstanding securities (other than by our controlling shareholders);

the replacement of the majority of our directors during any 12-month period (other than by directors approved by a majority of our remaining directors);

the consummation of our merger, amalgamation or consolidation with another entity (unless our voting securities outstanding immediately before such transaction continue to represent more than 50% of the combined voting power of the surviving or resulting entity outstanding immediately after such transaction); or

the transfer of our assets having a gross fair market value of 50% or more of the total gross market value of our assets immediately before such transfer (other than any such transfer immediately after which such assets are owned directly or indirectly by our shareholders in substantially the same proportions as their ownership of our common shares immediately before such transfer), and the subsequent distribution of the proceeds from such transfer to our shareholders having a fair market value that is greater than 50% of our fair market value immediately before such transfer.

"Disability" generally means "disability" as defined in our long-term disability plan for the purpose of determining eligibility for benefits. If such plan contains multiple definitions of disability, then "disability" refers to that definition of disability which, if the named executive officer qualified for such benefits, would provide coverage for the longest period.

"Good Reason" generally means the occurrence of any of the following events without the named executive officer's consent:

a reduction in his base salary or target bonus, other than any such reduction that applies generally to similarly situated employees;

relocation of the geographic location of his principal place of employment by more than 50 miles; or

a material reduction in his duties or responsibilities that occurs within two years after a change in control.

Edgar Filing: Kosmos Energy Ltd. - Form DEF 14A

In each case, the executive must provide us with written notice specifying the circumstances alleged to constitute good reason within 90 days after the circumstances first occur. We then have 30 days to cure the circumstances. If we have not cured the circumstances within the 30-day period, the executive is required to resign within 60 days after the end of the 30-day period.

Dearlove and Mr. Thunell to better align the terms of outstanding equity grants held by our directors. The amounts in this column reflect the aggregate grant date fair values of such service units as well as the service units granted to Mr. Kemp under his consulting agreement, calculated in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The vesting of the service units granted in 2013 will accelerate on death or disability. The vesting of the service shares/units granted to our directors prior to 2013 will accelerate under the same circumstances as the service shares/units held by our named executive officers (other than the service shares/units granted to Messrs. Ball and Doughty before they were promoted to their executive officer positions) (see "Potential Payments Upon Termination or Change in Control Service Shares and Service Units" above). All of Mr. Kemp's outstanding service shares/units accelerated on his resignation from the Board on February 28, 2014, as approved by the Board in connection with his resignation.
