2016 ANNUAL MEETING

Do I need an admission ticket to attend the Annual Meeting?

Yes. Attendance at the Annual Meeting will be limited to stockholders of record as of the record date, their authorized representatives and our guests. Admission will be by admission ticket only. For registered stockholders, the top portion of the proxy card enclosed with the Proxy Statement will serve as an admission ticket. If you are a beneficial owner and hold your shares in "street name," or through an intermediary, such as a bank, broker or other nominee, you should request an admission ticket from your bank, broker or other nominee or send a request in writing to PHH Corporation, Attention: Investor Relations, 3000 Leadenhall Road, Mt. Laurel, New Jersey 08054, and include proof of ownership of PHH Corporation common stock, such as a bank or brokerage firm account statement or letter from the bank, broker or other nominee holding your stock, confirming your beneficial ownership. Stockholders who do not obtain admission tickets in advance of the Annual Meeting may obtain them on the date of the Annual Meeting at the registration desk upon verifying their stock ownership as of the record date. In accordance with our security procedures, all persons attending the Annual Meeting must present picture identification along with their admission ticket or proof of beneficial ownership in order to gain admission to the meeting. Admission to the Annual Meeting will be expedited if admission tickets are obtained in advance. Admission tickets may be issued to others at our discretion.

How many votes must be present at the Annual Meeting to constitute a quorum?

Stockholders holding a majority of the issued and outstanding shares of our common stock entitled to vote as of the record date, March 31, 2016, must be present, in person or by proxy, to constitute a quorum at the Annual Meeting. As of the record date, there were 53,517,260 shares of our common stock issued and outstanding. Shares represented by abstentions on any proposal to be acted upon by stockholders at the Annual Meeting will be treated as present at the Annual Meeting for purposes of determining whether a quorum is present.

How many votes can be cast by all stockholders?

53,517,260 votes may be cast at the Annual Meeting. Each stockholder is entitled to cast one vote for each share of common stock held by such stockholder as of the record date. There is no cumulative voting and the holders of our common stock vote together as a single class.

What vote is needed for each of the proposals to be adopted?

Proposal 1 Director Election Proposal: Directors are elected by a plurality of all of the votes cast by stockholders of record as of the record date that are present, in person or by proxy, at a meeting of stockholders at which a quorum is present. Accordingly, the seven candidates with the highest number of "FOR" votes will be elected, subject to our majority vote standard for directors in uncontested elections as set forth in our Corporate Governance Guidelines and described below. Under applicable Maryland law, abstentions and broker non-votes, if any, will not be counted as votes cast for the election of directors and, therefore, will have no effect on the outcome of the vote, although abstentions and broker non-votes will be taken into account for purposes of determining whether a quorum is present at the meeting.

Under our Corporate Governance Guidelines, a director that fails to receive more votes cast "for" than "against" his or her election or re election is expected to tender his or her resignation from the Board and, within 90 days following certification of the stockholder vote, the Corporate Governance Committee of the Board is required to determine whether to accept the director's resignation and to submit such recommendation for prompt consideration by the Board. Under our Corporate Governance Guidelines, the Board is required to act on any such recommendation from the Corporate Governance Committee and the Board shall nominate for election or re-election as director only candidates who agree to tender, promptly following such person's failure to receive the required vote for election or re-election at the next meeting at which such person would face election or re-election, an irrevocable resignation that will be effective upon Board acceptance of such resignation.

2016 ANNUAL MEETING

Proposal 2 Ratification of Auditors Proposal: Approval of the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016 requires the affirmative vote of a majority of the votes cast on the proposal by stockholders of record as of the record date that are present, in person or by proxy, at a meeting of stockholders at which a quorum is present. Under applicable Maryland law, abstentions will be taken into account for the purpose of determining whether a quorum is present at the meeting, but will not be counted as votes cast or shares voting on the proposal and will have no effect on the outcome of the vote.

Proposal 3 Say on Pay Vote: Approval of the advisory resolution approving compensation of our named executive officers as disclosed pursuant to Item 402 of Regulation S-K requires the affirmative vote of a majority of all of the votes cast on the proposal by stockholders of record as of the record date that are present, in person or by proxy, at a meeting of stockholders at which a quorum is present. Under applicable Maryland law, abstentions and broker non-votes, if any, will be taken into account for the purpose of determining whether a quorum is present at the meeting, but will not be counted as votes cast on the proposal and will have no effect on the outcome of the vote. Although the Say on Pay Vote is only advisory in nature and is not binding on the Board or the Company, we intend to review the voting results with the Board and the Human Capital and Compensation Committee of the Board so that such voting results may be taken into consideration in connection with future executive compensation decisions.

Other business: All other business that may properly come before the Annual Meeting requires the affirmative vote of a majority of all of the votes cast on the proposal by stockholders of record as of the record date that are present, in person or by proxy, at a meeting of stockholders at which a quorum is present. Under applicable Maryland law, abstentions and broker non-votes, if any, will be taken into account for the purpose of determining whether a quorum is present at the meeting, but will not be counted as votes cast on the proposal and will have no effect on the outcome of the vote.

What is a broker non-vote?

Generally, a broker non-vote occurs when shares held by a bank, broker or other nominee for a beneficial owner are not voted with respect to a particular proposal because (i) the nominee has not received voting instructions from the beneficial owner and (ii) the nominee lacks discretionary voting power to vote such shares. Under the rules of the New York Stock Exchange (the "NYSE"), a nominee does not have discretionary voting power with respect to "non-routine" matters.

"Non-routine" matters under the NYSE's rules include director elections, whether contested or uncontested, and votes concerning executive compensation and certain corporate governance proposals. As a result, your bank, broker or other nominee may only vote your shares on "non-routine" matters if you have provided your bank, broker or other nominee with specific voting instructions.

Thus, if your shares are held in "street name" and you do not provide instructions as to how your shares are to be voted on "non-routine" matters, your bank, broker or other nominee will not be able to vote your shares on your behalf and your shares will be reported as "broker non-votes." For matters that are still considered "routine" under the NYSE's rules (e.g., ratification of auditors), your bank, broker or other nominee may continue to exercise discretionary voting authority and may vote your shares on your behalf for such routine matters even if you fail to provide your bank, broker or other nominee with specific voting instructions as to how you would like your shares voted on such routine matters.

We urge you to provide instructions to your bank, broker or other nominee so that your votes may be counted for each proposal to be voted upon. You should vote your shares by following the instructions provided on the vote instruction form that you receive from your bank, broker or other nominee.

You can vote in person or by valid proxy received by telephone, via the Internet or by mail. We urge you to vote by doing one of the following:

Vote by Telephone:

You can vote your shares by calling the toll-free number indicated on your proxy card using a touch-tone telephone 24 hours a day. Easy-to-follow voice prompts enable you to vote your shares and confirm that your voting instructions have been properly recorded. If you are a beneficial owner, or you hold your shares in "street name," please check your vote instruction form or contact your bank, broker or other nominee to determine whether you will be able to vote by telephone.

The deadline for voting by telephone or electronically through the Internet is 11:59 p.m. EDT on June 8, 2016.

Vote by Internet:

You can also vote via the Internet by following the instructions on your proxy card. The website address for Internet voting is indicated on your proxy card. Internet voting is also available 24 hours per day. If you are a beneficial owner, or you hold your shares in "street name," please check your vote instruction form or contact your bank, broker or other nominee to determine whether you will be able to vote via the Internet.

Vote by Mail:

If you choose to vote by mail, complete, sign, date and return your proxy card in the postage-paid envelope provided. Please promptly mail your proxy card to ensure that it is received on or before June 8, 2016.

Can I change my vote?

Yes. A proxy may be revoked at any time prior to the voting at the Annual Meeting by submitting a later dated proxy (including a proxy authorization submitted by telephone or electronically through the Internet prior to the deadline for voting by telephone or the Internet), by giving timely written notice of such revocation to our Corporate Secretary in advance of the Annual Meeting or by attending the Annual Meeting and voting in person. If you have shares held by a bank, broker or other nominee or in "street name," you may change your vote by submitting a later dated voting instruction form to your broker, bank or other nominee or fiduciary, or if you obtained a legal proxy from your broker, bank nominee or fiduciary giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Could other matters be decided at the Annual Meeting?

The Board does not intend to bring any matter before the Annual Meeting other than those described in this Proxy Statement. If any other matters properly come before the Annual Meeting, the persons named in the enclosed proxy card, or their duly appointed substitutes acting at the Annual Meeting, will be authorized to vote or otherwise act in respect of any such matters in their discretion.

What if I vote for some but not all of the proposals?

Shares of our common stock represented by proxies received by us (whether received through the return of the enclosed proxy card or received via telephone or the Internet) where the stockholder has provided voting instructions with respect to the proposals described in this Proxy Statement, including the Director Election Proposal, the Ratification of Auditors Proposal, and the Say on Pay Vote will be voted in accordance with the voting instructions so made. If your proxy card is properly executed and returned but does not contain voting instructions as to one or more of the proposals to be voted upon at the Annual Meeting, or if you give your proxy by telephone or via the Internet without indicating how you want to vote on each of the proposals to be voted upon at the Annual Meeting, your shares will be voted:

Table of Contents

2016 ANNUAL MEETING

FOR the Director Election Proposal;

FOR the Ratification of Auditors Proposal;

FOR the Say on Pay Vote; and

At the discretion of the persons named in the enclosed proxy card, on any other matter that may properly come before the Annual Meeting or any adjournment or postponement of the Annual Meeting.

If your shares are held in street name and you do not properly instruct your bank, broker or other nominee how to vote your shares, your bank, broker or other nominee may either use its discretion to vote your shares on matters deemed "routine" by the NYSE or may not vote your shares. For any matters deemed "non-routine" by the NYSE, your bank, broker or other nominee would not be able to vote your shares on such matters. We encourage you to provide instructions to your bank, broker or other nominee by carefully following the instructions provided to ensure that your shares are voted at the Annual Meeting in accordance with your desires.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies on behalf of our Board. Our directors, officers and employees may solicit proxies on our behalf in person or by telephone, facsimile or electronically through the Internet, as described above. We have engaged Broadridge Financial Solutions, Inc. ("Broadridge") to assist us in the distribution and solicitation of proxies. We will also reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending our proxy materials to beneficial owners of our common stock as of the record date.

Who will count and certify the vote?

Representatives of Broadridge will count the votes and certify the voting results. The voting results are expected to be published in a Current Report on Form 8-K filed with the SEC within four business days following the conclusion of the Annual Meeting.

How can I access the proxy materials and 2015 Annual Report electronically?

PROPOSAL 1 DIRECTOR ELECTION

Independence of the Board of Directors

Under the rules of the NYSE and the SEC, our Board is required to affirmatively determine which directors are independent and to disclose such determination in our annual report to stockholders and in our proxy statement for each annual meeting of stockholders. Our Board has reviewed each director's relationships with us in conjunction with our previously adopted categorical Independence Standards for Directors (the "Independence Standards") and Section 303A of the NYSE's Listed Company Manual (the "NYSE Listing Standards"). A copy of our categorical Independence Standards is available on our corporate website at www.phh.com under the heading "Investors Corporate Governance." A copy of our Independence Standards is also available to stockholders upon request, addressed to the Corporate Secretary at 3000 Leadenhall Road, Mt. Laurel, New Jersey, 08054. Based on the Board's review, our Board has affirmatively determined that each of our current non-employee directors and director nominees is independent within the meaning of our categorical Independence Standards and the NYSE Listing Standards and has no material relationship with us or any of our subsidiaries, either directly or as a partner, stockholder or officer of an organization that has a relationship with us. Our Board has also determined that Mr. Messina, who serves as a director and our Chief Executive Officer, is not an independent director. Accordingly, 89% of our current incumbent directors, and 86% of our director nominees standing for election at the Annual Meeting, are independent, representing more than two-thirds of our directors as required by our Corporate Governance Guidelines.

The Audit Committee assists our Board in the oversight of the integrity of our financial statements, our independent registered public accounting firm's qualifications and independence, the performance of our independent registered public accounting firm and our internal audit function, and our compliance with legal and regulatory requirements. The Audit Committee is a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee also oversees our corporate accounting and reporting practices by:

appointing and pre-approving all services provided by the independent registered public accounting firm that will audit our financial statements;

reviewing the internal audit plan; and

PROPOSAL 1 DIRECTOR ELECTION

CORPORATE GOVERNANCE

Board of Directors' Role in Risk Oversight

Our business and affairs are managed under the direction of the Board in accordance with our By-Laws. The role of the Board is one of oversight, including as to matters relating to risk management. Our management is responsible for managing our day-to-day operations and affairs, including the development and implementation of systems and processes to identify and monitor our risks and policies and procedures to ensure that risks undertaken by us are consistent with our business objectives and risk tolerances. To assist it in fulfilling its oversight function, the Board has established four standing committees comprised of the Audit Committee, the HC&CC, the Corporate Governance Committee and the FCRMC, as well as the temporary Special Committee. Each committee regularly reports to the Board and is responsible for oversight in connection with actions taken by such committee consistent with the exercise of fiduciary duties by the directors serving on such committee. Our risk management process is intended to ensure that our risks are undertaken knowingly and purposefully.

As noted above, a primary purpose of the FCRMC is to assist the Board in fulfilling its oversight responsibilities with respect to the assessment of our overall capital structure and its impact on the generation of appropriate risk adjusted returns, as well as the existence, operation and effectiveness of our risk management programs, policies and practices, among other things. The FCRMC regularly discusses with our management, including, among others, our Chief Executive Officer, Chief Financial Officer, Chief Risk and Compliance Officer and Treasurer, the risks we face and management's plans and initiatives undertaken to mitigate such risks.

The Audit Committee charter provides that the Audit Committee is responsible for discussing our guidelines and policies governing the process by which we undertake risk assessment and risk management, including our major financial risk exposures and the steps our management has taken to monitor and control such exposures. Further, as part of our periodic reporting process, management reviews with the Audit Committee our disclosure process and the disclosures contained in our periodic reports filed with the SEC, including disclosure concerning our risk factors.

The HC&CC has focused on aligning our compensation policies with our long-term interests and avoiding short-term rewards for management decisions that could pose long-term risks to us as described in more detail below under "Executive Compensation." The Board's compensation risk governance includes the HC&CC consulting with the Board's Audit Committee and FCRMC around compensation and risk. The FCRMC reviews the risk factors each year, and reviews program changes for these factors, consistent with its charter.

Board Leadership Structure

Since 2005, our Chairman of the Board has been an independent, non-employee director. The Chairman of the Board is elected by a majority vote of the directors. Currently, James O. Egan serves as our non-executive Chairman of the Board, a position he has held since June 17, 2009. Mr. Egan has served as a director since March 30, 2009. Mr. Egan currently serves as a member of the Audit Committee, Corporate Governance Committee and HC&CC.

In his capacity as non-executive Chairman of the Board, Mr. Egan leads all meetings of our Board at which he is present, but does not serve as an employee or corporate officer. The non-executive Chairman of the Board serves on appropriate committees as requested by the Board, sets meeting schedules and agendas and manages information flow to the Board to assure appropriate understanding of, and discussion regarding matters of interest or concern to the Board. The non-executive Chairman of the Board also has such additional powers and performs such additional duties consistent with organizing and leading the actions of the Board as the Board may from time-to-time prescribe.

Although the Board does not currently have a policy requiring that the positions of Chairman of the Board and Chief Executive Officer be separated, the Board continues to believe that it is appropriate for the Chairman of the Board to be an independent, non-employee director to ensure that the Board operates independently of management in the fulfillment of its oversight function and that the matters presented for consideration by the Board and its committees reflect matters of key importance to us and our stockholders as determined by the independent directors.

PROPOSAL 1 DIRECTOR ELECTION

Our Board has designated Mr. Egan, our non-executive Chairman of the Board, as the presiding director of executive sessions of the non-management directors of the Board.

Our Board has also adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers (the "Financial Officers Code") that is applicable to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, Treasurer and Controller and other persons performing similar functions (the "Covered Officers"). The Financial Officers Code provides, among other things:

backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Pursuant to its charter, the Corporate Governance Committee is required to identify individuals qualified to become members of the Board, which shall be consistent with the Board's criteria for selecting new directors. In identifying possible director candidates, the Corporate Governance Committee considers recommendations of professional search firms, stockholders, and members of management or the Board. the Corporate Governance Committee considers general principles of diversity in the broadest sense and seeks to recommend the nomination of directors who represent different qualities and attributes and a mix of professional and personal backgrounds, experiences and perspectives that will enhance the quality of the Board's deliberations and oversight of our business.

The Corporate Governance Committee is also responsible for conducting a review of the credentials of individuals it wishes to recommend to the Board as a director nominee, recommending director nominees to the Board for submission for a stockholder vote at either an annual meeting of stockholders or at any special meeting of stockholders called for the purpose of electing directors, reviewing the suitability for continued service as a director of each Board member when his or her term expires and when he or she has a significant change in status, including but not limited to an employment change, and recommending whether such a director should be re-nominated to the Board or continue as a director. The Corporate Governance Committee's assessment of director nominees includes an examination of whether the individual is independent and whether the individual's service as a director may give rise to a conflict of interest, as well as consideration of diversity, age, skills and experience in the context of the needs of the Board. Additionally, the Corporate Governance Committee conducts a vetting process that generally includes, among other things, personal interviews, discussions with professional references, background and credit checks, and resume verification. When formulating its director nominee recommendations, the Corporate Governance Committee also considers the advice and recommendations from others as it deems appropriate.

Our By-Laws provide the procedure for stockholders to make director nominations either at any annual meeting of stockholders or at any special meeting of stockholders called for the purpose of electing directors. A stockholder who is both a stockholder of record on the date of notice as provided for in our By-Laws and on the record date for the determination of stockholders entitled to vote at such meeting and gives timely notice can nominate persons for election to our Board either at an annual meeting of stockholders or at any special meeting of stockholders called for the purpose of electing directors. The notice must be delivered to or mailed and received by the Corporate Secretary at 3000 Leadenhall Road, Mt. Laurel, New Jersey, 08054:

The stockholder's notice to our Corporate Secretary must be in writing and include the information set forth in Section 1.10 of our By-Laws. Such notice must be accompanied by a written consent to be named as a nominee and to serve as a director if elected, signed by each person whom the stockholder proposes to nominate for election as a director. No person shall be eligible for election as a director unless nominated in accordance with the procedures set forth in our By-Laws. If the chairman of the meeting determines that a nomination was not made in accordance with the above-described procedures, the chairman of the meeting shall declare to the meeting that the nomination was defective and such defective nomination shall be disregarded. No adjournment or postponement of a meeting of stockholders shall commence a new period for the giving of notice of a stockholder proposal under our By-Laws.

Gibbons, who has served as one of our directors since July 1, 2011, is Vice Chairman and Chief Financial Officer of The Bank of New York Mellon Corporation, The Bank of New York Mellon, and BNY Mellon, N.A. (collectively, together with their respective affiliates, "BNY Mellon"). We have certain relationships and engage in various transactions with BNY Mellon, including financial services, commercial banking and other transactions. During the year ending December 31, 2015, BNY Mellon functioned, and continues to function, as the custodian for our loan files and as the indenture trustee in respect of certain of our outstanding debt obligations. We also execute forward loan sales agreements with BNY Mellon. These transactions were entered into in the ordinary course of business upon terms substantially the same as those prevailing at the time for comparable transactions. The fees paid by us to BNY Mellon during the year ended December 31, 2015, aggregated approximately \$4.5 million, or less than 0.03% of BNY Mellon's gross revenues for the year ended December 31, 2015. The Board has determined that Mr. Gibbons is an independent director within the meaning of our categorical Independence Standards and the NYSE Listing Standards and has no material relationship with us or any of our subsidiaries, either directly or as a partner, stockholder or officer of an organization that has a relationship with us.

INDEMNIFICATION AGREEMENTS

We have entered into indemnification agreements with each of our directors and certain of our officers, including our President and Chief Executive Officer, Mr. Messina. Pursuant to such indemnification agreements, we have agreed to indemnify and advance expenses and costs incurred by each such director or officer in connection with any claims, suits or proceedings arising as a result of his or her service as a director or officer, to the maximum extent permitted by law, including third-party claims and proceedings brought by or in right of us.

CONSUMER CREDIT LOANS IN THE ORDINARY COURSE OF BUSINESS

One or more of our mortgage lending subsidiaries has made, in the ordinary course of their respective consumer credit businesses, mortgage loans and/or home equity lines of credit to certain of our directors and executive officers or their immediate family members of types generally made available to the public by such mortgage lending subsidiaries. Such mortgage loans and/or home equity lines of credit were made on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable transactions with our other customers generally, and they did not involve more than the normal risk of collectability or present other unfavorable features. Generally, we sell these mortgage loans and/or home equity lines of credit, soon after origination, into the secondary market in the ordinary course of business.

PROPOSAL 1 DIRECTOR ELECTION

DIRECTOR COMPENSATION

The HC&CC is responsible for the annual review of the PHH Corporation Equity Compensation Program for Non-Employee Directors ("Non-Employee Director Compensation Program" or "Program"), which is based on a number of variables, including market practice, workload and peer company benchmark data. Consistent with its charter, the HC&CC makes recommendations to the Board for its approval regarding the design of the Program and any changes to non-employee director compensation when appropriate. Our Non-Employee Director Compensation Program aligns our non-employee directors' interests with those of our shareholders by compensating non-employee directors with a mix of cash and equity to focus them on sustainable, long-term shareholder value creation and to provide market competitive compensation for their Board service.

The Program, which was approved by the Board effective January 1, 2015, provides for equity grants pursuant to the shareholder approved PHH Corporation 2014 Equity and Incentive Plan ("2014 EIP") and includes an annual equity grant as of the date of the annual meeting of stockholders. The equity grant covers approximately 60% of each director's applicable Board retainer, while the remainder of the retainer and all committee stipends are paid in cash. Non-employee directors may elect to receive the equity portion of their retainer in the form of restricted stock units ("Director RSUs") or common stock in order to provide flexibility in timing associated with taxable income.

The amounts of the non-executive Chairman of the Board retainer, the Board member retainer and Committee member stipends remain unchanged from 2014. However, beginning January 1, 2015, committee stipends were paid 100% in cash.

The cash portion of director fees are paid, and the annual equity grant under the Program vests, in arrears in four equal installments, with three installments vesting on the last day of the first three full calendar quarters commencing after the grant date and the fourth installment vesting on the day before the annual meeting of stockholders in the year following the grant, in each case subject to continuing Board service on the applicable vesting date.

During 2015, equity compensation awarded to non-employee directors for service attributable to the first and second calendar quarters of 2015 (during the term running from the 2014 annual meeting of stockholders to the 2015 annual meeting of stockholders) was paid, at the election of the director, as shares of common stock or Director RSUs, and vested on March 31, 2015 and June 30, 2015, respectively. The annual equity grant for the term running from the 2015 annual meeting of stockholders to the 2016 Annual Meeting was made on May 21, 2015 and the first two installments vested on September 30, 2015 and December 31, 2015.

Furthermore, the cash portion of the non-employee director retainer fee and committee stipends were also paid for service attributed to the first and second calendar quarters at this same time.

We do not maintain a retirement plan for non-employee directors. Non-employee directors did not receive any other form of compensation for 2015 other than as described herein. The Company reimburses Board members for related business expenses, including costs of travel, food and lodging incurred in attending Board, committee and shareholder meetings.

The amounts shown in the Stock Awards column represent the aggregate grant date fair value of awards computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC 718") for awards granted during our 2015 fiscal year, not the actual amounts paid to or realized by our independent directors during our 2015 fiscal year. As detailed below, the value reflected in this column includes the quarterly equity grants made on March 31, 2015, and June 30, 2015, attributable to Board service from January 1, 2015 through the date immediately preceding the 2015 annual meeting of stockholders as well as the entire value of the annual grant attributable to Board service from the date of the 2015 annual meeting of stockholders through the date immediately preceding the 2016 Annual Meeting. Pursuant to ASC 718, the grant date fair value is calculated using the closing market price of our common stock on the date of grant. - (4) With the exception of Mr. Parseghian, all non-employee directors elected to have equity awards vesting in 2015 delivered as Director RSUs with settlement deferred until termination from service from the Board.

Non-Employee Director and Employee Share Ownership and Retention Policy

To align non-employee directors and employees with regard to their ability to sell equity, non-employee directors are required to retain net shares, including vested and unvested Director RSUs, equal to five times the annual cash retainer, consistent with the terms of the Non-Employee Director and Employee Share Ownership and Retention Policy, which became effective November 7, 2014. Pursuant to that policy, non-employee directors are permitted to sell accumulated equity so long as their share retention requirements are met and only when consistent with applicable securities law and Company trading policies. As of January 4, 2016, all non-employee directors were in compliance with this ownership and retention policy. In addition, our Policy Prohibiting Pledging and/or Hedging of PHH Corporation Securities, which became effective January 24, 2013, prohibits our non-employee directors from pledging Company securities as collateral for a loan, holding Company securities in a margin account or engaging in any hedging transactions with respect to the Company's securities.

PROPOSAL 2 RATIFICATION OF AUDITORS

Proposal 2 Ratification of Auditors Proposal

PROPOSAL SUMMARY AND RECOMMENDATION

The Audit Committee has appointed Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016. The submission of this matter for approval by stockholders is not legally required; however, the Board believes that such submission provides stockholders an opportunity to provide feedback to the Board on an important issue of corporate governance. If stockholders do not approve the appointment of Deloitte & Touche LLP, the selection of such firm as our independent registered public accounting firm will be reconsidered. In the event that Deloitte & Touche LLP is unable to serve as independent registered public accounting firm for the fiscal year ending December 31, 2016, for any reason, the Audit Committee will appoint another independent registered public accounting firm. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions regarding the Company.

RECOMMENDATION: THE BOARD RECOMMENDS A VOTE "FOR" THE RATIFICATION OF AUDITORS PROPOSAL. UNLESS MARKED TO THE CONTRARY, VALID PROXIES RECEIVED BY US WILL BE VOTED "FOR" THE RATIFICATION OF AUDITORS PROPOSAL.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Our Audit Committee is responsible for pre approving all audit services and permitted non-audit services, including the fees and terms thereof, to be performed for us and our subsidiaries by our independent registered public accounting firm, Deloitte & Touche LLP (the "Independent Auditor"). The Audit Committee has adopted a pre- approval policy and implemented procedures that provide that all engagements of our Independent Auditor are reviewed and pre-approved by the Audit Committee, except for such services that fall within the de minimis exception for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act that our Audit Committee approves prior to the completion of the audit. The pre-approval policy also permits the delegation of pre-approval authority to a member of the Audit Committee between meetings of the Audit Committee, and any such approvals are reviewed and ratified by the Audit Committee at its next scheduled meeting.

For the years ended December 31, 2015 and 2014, professional services were performed for us by our Independent Auditor pursuant to the oversight of our Audit Committee.

Set forth below are the fees billed to us by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu Limited and their respective affiliates. All fees and services were approved in accordance with the Audit Committee's pre-approval policy.

Audit-related fees primarily relate to fees for (i) consultations as to the accounting or disclosure treatment of contemplated or executed transactions and (ii) service auditor reports on internal controls. For 2014, audit-related fees primarily related to fees for services completed in connection with the disposal of the Fleet business and fees for services related to agreed-upon procedures.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In the Compensation Discussion and Analysis section, we provide an overview of our performance and the business environment during 2015, followed by a description of the components of our executive compensation program for our aforementioned Named Executive Officers, or "NEOs," whose compensation is set forth in the Summary Compensation Table and other compensation tables contained in this Proxy Statement.

Named Executive Officers

Glen A. Messina, President and Chief Executive Officer, PHH Corporation and PHH Mortgage

Robert B. Crowl, Executive Vice President and Chief Financial Officer, PHH Corporation

William F. Brown, Senior Vice President, General Counsel and Secretary, PHH Corporation

Kathryn M. Ruggieri, Senior Vice President and Chief Human Resources Officer, PHH Corporation

Leith W. Kaplan, Senior Vice President and Chief Risk and Compliance Officer, PHH Corporation

An overview of our executive compensation philosophy and our executive compensation program is included, as well as an explanation of how and why the HC&CC arrived at specific compensation policies and its decisions involving the NEOs.

2015 Business Environment

In 2015, we made considerable progress executing on our strategic priorities by re-engineering our business, renegotiating our private label client agreements, reducing interest expense related to our unsecured debt and returning capital to shareholders. These collective actions, after consideration of negative mark-to-market adjustments on our mortgage servicing rights, investments in re-engineering and growth initiatives and provisions for legal and regulatory reserves, led to a significant improvement in our financial results in 2015 compared to 2014. Our specific accomplishments in 2015 included the following:

In the fourth quarter of 2015, we completed amendments to our private label services contracts, which result in more favorable economics.

We substantially completed our cost reduction actions intended to generate up to \$150 million in annualized operating benefits. These expense actions focused on our organizational structure redesign, facilities management, implementing process improvements in both origination and servicing operations and consolidating our vendor relationships.

We retired \$250 million of aggregate principal of our 6.0% convertible notes due 2017, resulting in \$32 million of annual interest savings, and retired a total of \$680 million of unsecured debt since the disposition of the Fleet business in July 2014.

We completed our \$200 million accelerated share repurchase programs in the first quarter, and in the fourth quarter, we began executing \$100 million of open market share repurchases, which were completed in January 2016.

PROPOSAL 3 SAY ON PAY VOTE

While we are pleased with the accomplishments across the Company, we recognize that 2015 was not without challenges. The first half of the year benefited from lower mortgage interest rates and stronger refinance production volume, whereas rates increased over the second half of the year without a significant improvement in the results from our Servicing segment. We did not achieve our organic retail growth objectives and in February 2016 announced that we ceased organic retail expansion efforts outside of our PHH Home Loans, LLC joint venture. We lost market share in our Real Estate channel as a result of reduced loan officer staffing levels caused by the difficult recruiting environment, consolidating our regional origination and processing centers and exiting marketing services agreements. Furthermore, our private label clients did not participate in the market growth resulting from the increase in FHA lending in 2015.

In addition to growth challenges, we continued to experience an extremely demanding regulatory environment driving operational complexities and are experiencing double-digit cost inflation in compliance, process management and technology-related activities. We have been subject to increased vendor oversight obligations placed upon many of our private label clients by the Office of the Comptroller of the Currency, and unlike many other independent mortgage companies, we are a designated service provider under the Bank Services Company Act, which permits regulators of federal financial institutions to examine vendors, such as PHH, that provide outsourced services to such regulated financial institutions. Finally, the implementation of the TILA RESPA integrated disclosure regulations, or TRID, consumed significant cross functional resources, impacted closing cycle times across the industry and added ongoing cost and complexity to the closing process.

For a full discussion and overview of PHH's business during 2015 please refer to our 2015 Annual Report.

Executive Compensation Summary

Consistent with PHH's commitment to a pay for performance compensation philosophy, the aggregate compensation received by our NEOs in 2015 as set forth in the Summary Compensation Table below reflected a 58% decrease from 2014, which included, as more fully discussed in the "Total Compensation of our Chief Executive Officer" section below, a 52% decrease in the total compensation received by Mr. Messina, our President and Chief Executive Officer. This aggregate decrease in NEO compensation resulted primarily from lower payments under the Company's annual Management Incentive Plan ("MIP") in 2015 and from smaller grants of long-term incentive awards in 2015 than in 2014. In particular, as a result of PHH missing key financial and market share objectives, payments for the 2015 MIP were 22% of our NEOs' 2015 MIP target opportunity, reflecting a 91% decrease in MIP payments to NEOs as compared to 2014. Separately, because PHH failed to meet certain total shareholder return ("TSR") metrics, our NEOs forfeited one-third of the performance-restricted stock units ("PRsUs") granted in February 2015 under the Company's Long-Term Incentive Plan ("LTIP").

During 2015, the HC&CC did not increase the salary, MIP target opportunity or grant date fair value of LTIP awards for any of our NEOs. Additionally, to reinforce its pay for performance compensation philosophy, the HC&CC restructured the LTIP award from 50% performance-based and 50% time-based to 67% performance-based and 33% time-based, with the performance-based portion requiring, among other things, positive TSR before any portion of the award would be eligible to vest.

We believe the reduced MIP payments, and the forfeiture of LTIP awards as a result of the failure to meet TSR metrics, evidences the continuation of the Company's strong commitment to a pay for performance philosophy and an alignment of executive compensation with shareholder interests.

PROPOSAL 3 SAY ON PAY VOTE

Compensation Philosophy and Structure

Our total rewards philosophy is to pay for performance, and is intended to align our compensation opportunity with sustainable long-term shareholder value creation. We structure our compensation to deliver on our philosophy, as follows:

PAY FOR PERFORMANCE: We ensure that a significant portion of our NEOs' total direct compensation opportunity is in the form of variable pay linked to performance in the form of both annual MIP and LTIP awards. As a result of the performance metrics included in our executive compensation programs, and the mix of variable pay discussed below, our CEO's direct compensation decreased by more than 50% in 2015 compared to 2014.

PERSPECTIVES OF KEY EXTERNAL STAKEHOLDERS: The HC&CC considers a number of perspectives to ensure our NEO compensation program continues to be market competitive, tax efficient and generally consistent with best practices, while remaining aligned with shareholder interests. For example, the HC&CC carefully considers the opinions provided by ISS and Glass Lewis in response to our Advisory "Say on Pay" recommendation, which last year garnered an approval rate of 83.9% of the votes casted. In addition, our senior management meets with shareholders throughout the year, creating an opportunity for shareholders to express concerns regarding the Company. The HC&CC believes this engagement with shareholders, as well as factoring in the input of shareholder advisory groups, in formulating the design of our programs disclosed in this Proxy Statement, are sound governance practices.

VARIABLE PAY: We take a rigorous approach to set and review performance objectives and related compensation to ensure we are operating within our risk framework, and that appropriate controls are in place to monitor and assess performance. At the beginning of the year, the HC&CC reviews the proposed performance objectives for the CEO and our NEOs to ensure they are appropriate and align with short- and long-term objectives, including those contained in the Board approved business plan. At the end of the year, the HC&CC assesses the performance of the CEO and other NEOs against the pre-established performance objectives to determine each NEO's final performance achievement.

ALIGNMENT OF LONG-TERM INCENTIVE COMPENSATION TO TSR: As mentioned previously, 67% of our LTIP award granted in 2015 consisted of PRSUs that require positive TSR for any vesting to occur, regardless of performance against any other metrics included in the award. We believe this requirement demonstrates our commitment to align executive compensation with shareholder interests.

PEER BENCHMARKING: We benchmark the portion of NEO pay that is at-risk compared to others in our peer group. As shown in the chart below, the target mix of pay for our NEOs in 2015 generally aligns with the mix of pay of our peer group.

Corelogic, Inc.

Walter Investment Management Corp.

WSFS Financial Corp.

Compared to our peer group, as of December 31, 2015 the Company ranked in the 43rd percentile for revenue, the 51st percentile for market capitalization and the 56th percentile for number of employees.

In addition to peer group benchmarking data, the HC&CC examines market compensation data from independent compensation surveys, including Towers Watson, Mercer and McLagan, to ensure that compensation decisions are based on information that includes larger banking and financial institutions representative of the type of companies with which we compete for key talent. In particular, the HC&CC evaluates base salary, short- and long-term incentives and actual and target total compensation levels against survey data. This evaluation included the median and percentile ranges for each compensation component and for all compensation in the aggregate.

The HC&CC further reviews the realizable value of outstanding equity grants to analyze the pay for performance compensation opportunity to market data ranges. In doing so, the HC&CC determined that the total compensation opportunity for NEOs for 2015, including realizable value, was appropriate given the strong emphasis on performance-based compensation.

PROPOSAL 3 SAY ON PAY VOTE

PERIODIC REVIEW OF COMPENSATION COMPONENTS: The HC&CC regularly examines each component of pay to ensure it remains relevant and appropriate.

2015 Base Salary. Base salary is the principal fixed component of the total direct compensation of our NEOs, and is determined by considering the relative importance of the position, the competitive marketplace, and the individual's performance and overall contributions. The HC&CC did not adjust NEO salaries during 2015.

2015 Annual MIP Opportunity and Award. The MIP target opportunity, including the maximum payout level, is reviewed annually and includes an assessment of the scope and impact of each NEO's position. Consideration is also given to recent performance as well as the NEO's total cash opportunity against the market median total cash position of the peer group and other relevant market data.

The HC&CC established target opportunities in March 2015. The opportunity of certain NEOs to earn a MIP award is conditioned upon, among other things, PHH meeting a performance goal of an enumerated minimum tangible book value per basic share on December 31, 2015. The HC&CC also reviewed the performance of the Company and its operating segments during 2015 against pre-established financial and strategic objectives set by the HC&CC. The HC&CC may apply negative discretion, if appropriate, to reduce the individual awards from levels otherwise funded based on Company performance. The NEOs' 2015 MIP awards were determined in March 2016.

2015 LTIP Awards. In determining each NEO's LTIP opportunity, if any, the HC&CC considers the NEO's performance during the prior year and total direct compensation position of that NEO as compared to the total direct compensation opportunity in the market peer group at the time of grant. The LTIP award for NEOs in 2015 consisted of both PRSUs and time-vested restricted stock units ("RSUs"). The HC&CC granted the NEOs' LTIP awards in February and March 2015.

Key Governance Considerations in our Executive Compensation Programs

WHAT WE DO

Pay for performance

Most of our NEOs' pay is at-risk and not guaranteed. We set clear and transparent financial goals with long-term incentive awards which include performance-based vesting conditions.

Discourage excessive risk taking

We operate within our risk management framework and include a balanced program design, multiple performance measures, claw-back and retention requirements. We also conduct an annual risk assessment of our NEO compensation plans to ensure they do not promote excessive risk-taking.

Retain an independent compensation consultant

The HC&CC retained the services of Frederic W. Cook & Co., Inc. ("Frederic W. Cook"), which does not provide any other services to PHH and reports directly to the Chair of the HC&CC. The HC&CC also relied on the services of Bryan Cave LLP to provide legal advice and counsel on select issues relating to equity incentive programs.

Caps on annual incentives and long-term awards

Our practice under the MIP is to provide for a maximum payout opportunity at 150% of the target incentive, absent exceptional and unusual circumstances, and our current equity and incentive plan limits maximum shares allowable to any individual at 2,500,000 during any 36 month period.

Share ownership and retention policy

NEOs who receive equity awards are prohibited from disposing of them other than to meet related tax obligations until they reach the ownership requirements of five times base salary for the CEO, four times base salary for the CFO, and three times base salary for other NEOs.

Limit the dilutive impact of equity based compensation to our NEOs

Burn rate for equity granted to NEOs in 2015 amounted to approximately 0.3% of basic shares outstanding as of December 31, 2015.

Annual Say on Pay vote

WHAT WE DON'T DO

Tax gross-ups

It is our policy to not provide tax gross-ups.

No option back-dating, re-pricing or reloading

We do not permit back-dating, re-pricing of stock options, or reloading of stock options. No stock options are granted with exercise price that are below the closing price of PHH stock on date of grant.

No hedging or pledging

We prohibit hedging and/or pledging shares of our stock as collateral for loans or for other reasons by our directors and executive officers.

No enhanced retirement benefits

We do not use enhanced retirement formulas or include long-term incentives in pension calculations, nor do we have supplemental executive retirement plans.

No employment agreements

All executives are employed at will and are eligible for severance benefits under an HC&CC-approved severance plan.

No golden parachute payments

The provisions in our executive compensation programs for a termination without cause are designed to avoid excessive compensation payments as currently defined under section 280G of the Internal Revenue Code.

We have chosen to conduct the "Say on Pay" vote every year, as opposed to every three years.

PROPOSAL 3 SAY ON PAY VOTE

Parties Involved in the Corporate Governance of our Executive Compensation Programs

The governance of our executive compensation programs generally occurs through interaction of three groups: the HC&CC, management and the HC&CC's independent compensation consultant. On occasion, and as appropriate, the HC&CC may enlist the advice of independent counsel to the Board, or engage its own independent counsel specializing in executive and non-employee director compensation matters.

ROLE OF THE HC&CC

The HC&CC is responsible for overseeing the development and approval of our compensation and benefits policies and programs. The HC&CC, consisting of four independent directors, is responsible for the design, review and approval of all aspects of our executive compensation program. Among its duties, the HC&CC formulates recommendations to the Board for CEO compensation, and reviews and approves all compensation recommendations for the other NEOs. The HC&CC's review for NEOs also includes:

Approval of corporate incentive goals and objectives relevant to compensation;

Evaluation of individual performance results based on these goals and objectives;

Evaluation of the market competitiveness of each NEO's total compensation; and

Approval of any changes to compensation, including, but not limited to, base salary, annual and long-term incentive award opportunities, severance payments and retention programs.

ROLE OF MANAGEMENT

Our CEO makes recommendations to the HC&CC as it relates to the compensation of NEOs (other than himself). Our CEO provides an annual performance self-assessment to the HC&CC, but otherwise is not involved in deliberations relating to his own compensation.

ROLE OF INDEPENDENT COMPENSATION CONSULTANT

The primary role of Frederic W. Cook is to assist the HC&CC and the Board with the evaluation of our executive compensation programs. Frederic W. Cook serves as the independent compensation consultant to the HC&CC and does not provide any other services to PHH. During 2015, Frederic W. Cook performed a number of services for the HC&CC, including but not limited to reviewing and providing guidance on:

ISS and Glass-Lewis reports relating to the 2015 Proxy Statement;

design of the 2015 MIP and LTIP;

market competitiveness of the 2015 compensation opportunity for our NEOs;

the Company's peer group for purposes of informing compensation decisions;

market competitiveness of the Board's compensation program;

the HC&CC charter; and

responding to shareholder inquiries regarding our executive compensation program.

PROPOSAL 3 SAY ON PAY VOTE

Base Salaries

Base salaries are intended to provide a level of cash compensation that is externally competitive in relation to the responsibilities of the executive's position. The HC&CC made no adjustments to the salary of any NEOs during 2015, as current base salaries represent relative market competitive positioning, experience, tenure, performance and contributions to our success.

Executive Officer	2014 Annualized Base Salary, as of 12/31/2014	2015 Annualized Base Salary, as of 12/31/2015	Percent Change
Glen A. Messina	\$950,000	\$950,000	0%
Robert B. Crowl	\$500,000	\$500,000	0%
William F. Brown	\$395,000	\$395,000	0%

Leith W. Kaplan	\$300,000	\$300,000	0%

2015 Management Incentive Plan

The MIP awards received by our NEOs in 2015 were designed to constitute performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code by requiring the Company's tangible book value per basic share to be at least \$17.66 on December 31, 2015. If the goal was not met, the NEOs would not be eligible for a payment under the 2015 MIP. The Company's tangible book value per basic share on December 31, 2015 was \$23.96, exceeding the performance target for the 2015 MIP.

Under the 162(m) performance goal, each of our NEOs could have received payments of up to 300% of their 2015 MIP target, subject to downward adjustment by the HC&CC based on its subjective judgment as well as its evaluation of performance against a variety of pre-established objectives. Each year, payment to NEOs under the MIP is evaluated on pre-established financial and strategic objectives. Consistent with this historical practice, those objectives could typically result in a MIP award with baseline funding of up to 150% of the target amount. The difference between the 150% maximum funding based on the pre-established objectives and the 300% maximum payment under the 162(m) performance goal is designed to give the HC&CC discretion to reward NEOs for extraordinary individual performance, while preserving tax deductibility.

Consistent with historical practice, in March 2015 the HC&CC approved the use of a select set of financial and strategic objectives for the Company that would be used to determine each NEO's MIP funding opportunity. For each of the four objectives described below, the HC&CC established a threshold, target and maximum achievement level.

If the threshold achievement level for an objective was not met, the NEOs would not receive any MIP funding opportunity with respect to that objective.

If the threshold achievement level for an objective was met but the target achievement level was not, the NEOs would receive a MIP funding opportunity of 50% of the MIP target for that objective.

If the target achievement level for an objective was met but the maximum achievement level was not, the NEOs would receive a MIP funding opportunity equal to the MIP target for that objective.

Edgar Filing: PHH CORP - Form DEF 14A

Finally, if the maximum achievement level for an objective was met, the NEOs would receive a MIP funding opportunity of 150% of the MIP target for that objective. Thus, as previously discussed, reaching the maximum achievement level for every objective could result in the NEOs receiving a MIP funding opportunity of 150% of the targeted amount.

PROPOSAL 3 SAY ON PAY VOTE

The financial and strategic objectives used by the HC&CC to determine each NEO's MIP funding opportunity, and the Company's performance against those objectives, are as follows:

2015 MANAGEMENT INCENTIVE PLAN PERFORMANCE OBJECTIVES AND FUNDING

Objective	Description	Weight (% at Target)	Achievement Level	Funding Opportunity
2015 Adjusted EBITDA Before Notable Items	Measures earnings before interest, taxes, depreciation and amortization, excluding, among other things, (i) certain unrealized changes in fair value of the Company's mortgage servicing rights and related derivatives and (ii) notable items ⁽¹⁾	20%	Below Threshold	0%
Positive Core Earnings in 2nd half of 2015	Measures the Company's financial performance from continuing operations excluding (i) certain unrealized changes in fair value of the Company's mortgage servicing rights and related derivatives and (ii) notable items ⁽¹⁾	40%	Below Threshold	0%
Focused Growth Actions	Measures origination volume or market share over prescribed time period against target market share based on the average of Freddie Mac, FNMA, and MBA housing forecast	20%	Below Threshold	0%
Improve the speed, cost and quality of operations	Measures primarily (i) performance against client service level metrics and (ii) execution of IT infrastructure and software modernization projects against targeted budget and benefits	20%	Target	20%
TOTAL		100%	N/A	20%

(1)

Notable items include certain re-engineering costs, costs associated with the separation of the Fleet business, costs associated with evaluating strategic growth opportunities and loss or gain on sales of delinquent mortgage servicing rights.

The target achievement levels for the "2015 Adjusted EBITDA Before Notable Items" objective and the "Positive Core Earnings in 2nd half of 2015" objective were equal to the expected result for each such metric embedded in the Company's 2015 business plan at the time the MIP was approved, and the threshold and maximum achievement levels were 90% and 150%, respectively, of each such expected result. The target achievement level for the "Focused Growth Actions" objective was also equal to the expected origination volume and market share in the Company's 2015 business plan at the time the MIP was approved, while the target and maximum achievement levels were 75% and 125%, respectively, of such expected amounts. Finally, the "Improve the speed, cost and quality of operations" objective required a qualitative assessment by the HC&CC of the Company's level of achievement against productivity, defect rate, customer satisfaction and IT modernization goals.

The HC&CC believes that considering both Company and individual performance enables greater accountability and allows it to effectively assess the quality of performance and leadership demonstrated by each NEO. The HC&CC reviewed each NEO's leadership competencies and performance against individually communicated goals in order to arrive at the 2015 MIP award. With the exception of the CEO, the HC&CC approved 2015 MIP payments to each NEO in excess of the 20% baseline funding amount, based on performance as summarized below:

Mr. Crowl's MIP award was increased 15% from baseline funding (or 3% of his MIP target) as a result of his leadership in connection with the execution of critical initiatives such as re-engineering actions, fleet separation activities and capital allocation and liability management strategy.

Mr. Brown's MIP award was increased 5% from baseline funding (or 1% of his MIP target) as a result of meeting or exceeding his objectives relative to the Legal function's budget, support on risk and compliance matters and PLS renegotiations.

Ms. Ruggieri's MIP award was increased 30% from baseline funding (or 6% of her MIP target) as a result of demonstrating strong leadership and results against Company-wide initiatives, including re-engineering, talent assessments and organizational design and cost reduction and process enhancement efforts within the Human Resources function.

Mr. Kaplan's MIP award was increased 30% from baseline funding (or 6% of his MIP target) as a result of strong leadership during his first full year in an expanded role, a time during which the Company was subject to increasing and ongoing regulatory demands and scrutiny. He also led the Company's efforts to bolster quality assurance and controls in connection with the implementation of TRID.

Long-Term Incentive Awards Granted in 2015

Consistent with the Company's pay for performance philosophy, in the first quarter of 2015, the HC&CC approved a long-term incentive award for NEOs under the 2014 EIP that includes both PRSUs and RSUs. These awards are designed to drive both long- and short-term performance over a three year period.

The HC&CC considers equity-based awards to our NEOs as an appropriate and effective method of retaining key executive talent and aligning their interests with the interests of our shareholders. Eligibility for equity-based awards, the number of shares underlying each award, and the terms and conditions of each award are determined by the HC&CC upon consultation with management and the HC&CC's compensation consultant. In granting equity awards, the HC&CC considers several factors, including, but not limited to, total compensation relative to our peer group, the mix of performance and time-vested compensation, the applicable NEO's demonstrated performance and leadership and the criticality of the role.

PERFORMANCE-RESTRICTED STOCK UNITS

PRSUs comprise two-thirds of the units granted under award. Subject to the participant's continuous service with the Company and subject to other key provisions in the defined events described below, the award settles on December 31, 2017. Specifically, performance is measured at the end of one-, two- and three-year periods, each beginning January 1, 2015. These measurement periods reinforce cumulative performance over the 2015-2017 time-frame. Performance during each measurement period determines the vesting eligibility for one-third of the award, as follows.

Period	PRSUs Allocated	Measurement Period Dates
1	33.3%	01/01/2015-12/31-2015
2	33.3%	01/01/2015-12/31-2016
3	33.3%	01/01/2015-12/31-2017

To determine vesting eligibility of the PRSUs, PHH's TSR is measured against the component companies of the KBW Mortgage Finance Index (the "Index"). The PRSUs vest only if PHH's TSR is positive and performs at or above the 33rd percentile compared to companies in the Index, with vesting at the following levels:

Level	Percentile	Percent Vesting
Maximum	67 th	150%
Target	55 th	100%
Threshold	33 rd	50%

Below

<33rd

PROXY STATEMENT

2016

Table of Contents**PROPOSAL 3 SAY ON PAY VOTE**

PHH's TSR in 2015 was negative 35% and ranked 21st out of the 23 companies in the Index. As a result of PHH's negative TSR performance in the first performance period (January 1 through December 31, 2015), the first third of the PRSUs granted have been forfeited.

Vested units are settled in stock or cash, as set forth in the terms of the applicable award, after expiration of the third measurement period, unless the units earned to date vest sooner because of the participant's death or disability, or due to a termination without cause or resignation for good reason within two years after a change in control (as defined in the award). In such circumstances, settlement of vested units is accelerated. Pro-rata accelerated vesting occurs if, prior to the expiration of the third measurement period, the NEO ceases employment due to death or disability. Full accelerated vesting occurs if, within two years after a change in control (as defined in the award), the participant experiences an involuntary separation from service without cause, resigns for good reason or retires. Finally, pro-rata vesting occurs, with settlement at the end of the three-year measurement period, if the participant experiences an involuntary separation from service without cause or retires at or after the age of 65, and in either case such event does not occur within two years after a change in control (as defined in the award). Vested stock units that settle under these circumstances are settled in cash, unless the HC&CC, in its sole discretion, authorizes settlement in stock.

TIME-VESTED RESTRICTED STOCK UNITS

RSUs comprise one-third of the units granted under the award. The award vests in equal thirds over three vesting periods, from the grant date through first, second and third anniversaries of the grant date. Subject to the terms of the award and provided the participant remains in continuous service of the Company through the last day of the final vesting period, the RSUs become vested stock units.

Pro rata vesting of RSUs is permitted if the NEO is terminated without cause or retires after attaining age 65 prior to the expiration of the final vesting period. Under these circumstances, settlement of vested units is not accelerated, but rather the units continue to vest in accordance with the original vesting schedule. Full vesting of RSUs occurs if (i) within two (2) years following a change in control (as defined in the award) an NEO is terminated without cause, resigns for good reason or retires or (ii) the NEO experiences a separation from service due to death or disability. Vested stock units that settle under these circumstances are settled in cash, unless the HC&CC, in its sole discretion, authorizes settlement in stock.

Results of Performance-Based Long-Term Incentive Awards Vesting in 2015

In 2015, the three-year measurement period closed for certain PRSUs previously granted to our NEOs in February, June and September 2012 and for certain performance-based cash units ("PBCUs") granted to Ms. Ruggieri in September 2012. The PRSU awards required that the average closing price of PHH stock over the 90 days prior to and including the three-year anniversary of the grant be no less than \$25.00 in order to vest one-third of PRSUs, and to be no less than \$30 for 100% of the PRSUs to vest. With the exception of Mr. Crowl's June 2012 PRSU award, the PRSU awards were forfeited because of the failure to meet the \$25.00 stock price threshold. In addition, the PBCU awards granted to Ms. Ruggieri in September 2012 were forfeited for failure to meet certain return on equity performance requirements.

Total Compensation of our Chief Executive Officer

Mr. Messina completed his fourth full year as CEO on January 3, 2016 and has led PHH through the sale of the Fleet business and the transition of the Company to a stand-alone mortgage business at a time when the mortgage industry has been under heightened scrutiny from federal, state and local regulators. Under Mr. Messina's leadership, PHH continues to execute against financial, strategic and operational initiatives, including the commencement in the first quarter of 2016 of an evaluation of strategic alternatives intended to maximize value for shareholders. Based on Mr. Messina's performance, the HC&CC recommended and the Board approved the following actions in connection with Mr. Messina's 2015 compensation:

In February 2015, the Board adjusted Mr. Messina's LTIP to be delivered 67% in the form of PRSUs which are eligible to vest only if, among other requirements, the Company demonstrates positive TSR. The remaining 33% of the award is in the form of RSUs. The grant date fair market value of these awards reflected a slight decrease from the corresponding value delivered in 2014. The level of the award was informed by a number of variables including market and peer group data, as well as Mr. Messina's 2014 performance in selling the Fleet business and his leadership in ensuring the proper execution of the Company's strategic initiatives in 2015 and beyond.

In March 2016, the HC&CC reviewed full year 2015 performance and recommended, and the Board approved, an award of 20% of Mr. Messina's 2015 MIP target, as described earlier.

These actions resulted in a 52% decline in Mr. Messina's total direct compensation from 2014. In addition, and not factored into this decline, in 2015 the HC&CC certified that Mr. Messina would forfeit all PRSUs previously awarded on February 19, 2012, which carried a grant date fair value of \$931,922, and on September 27, 2012, which carried a grant date fair value of \$685,708. The PRSUs were forfeited because PHH did not achieve an average stock price of at least \$25.00 for the last 90 days of the 3 year measurement periods as specified in the award agreements, instead having reached levels of \$23.99 and \$20.04 respectively. While these average prices reflect increases of 111% and 76%, respectively, from PHH's stock price of \$11.39 when Mr. Messina assumed the CEO role on January 3, 2012, they nevertheless fell short of the \$25.00 threshold requirement. Further detail on forfeited awards for our NEOs can be found in "Results of Performance-Based Long-Term Incentive Awards vesting in 2015" above.

The chart below summarizes the year-over-year impact of the above decisions on Mr. Messina's compensation.

Retirement Benefits

All of our NEOs are eligible to participate in the PHH Corporation Employee Savings Plan (the "401(k) Plan") on the same basis as other employees. The 401(k) Plan is a tax-qualified retirement savings plan that provides for employee deferral and employer matching contributions on a pre-tax basis subject to statutory limits. The Company matches four percent of the employee's deferred compensation up to the statutory limit. See "All Other Compensation" for more information regarding matching contributions to the 401(k) Plan made on behalf of each Named Executive Officer.

Mr. Brown is the only NEO that participates in the PHH Corporation Pension Plan, which is a tax-qualified defined benefit pension plan. The PHH Corporation Pension Plan ceased benefit accruals for most participants, including Mr. Brown, as of October 31, 1999. See "Pension Benefits" below for more information regarding benefits available to Mr. Brown under this plan.

Perquisites and Other Compensation

The HC&CC reviews the appropriateness of perquisites each year. During 2015, the only perquisite we provided to our NEOs consisted of financial planning services. The provision of these services is treated as imputed income and is reflected in the "All Other Compensation" table.

Change in Control and Other Severance Arrangements

NEOs are eligible to participate in our Tier I Severance Plan and are required to execute restrictive covenant agreements that include non-competition provisions as a condition of participating in the LTIP and as a condition to receiving severance benefits.

In the event of a reduction in our workforce or the elimination or discontinuation of position, or if employment is terminated by the Company without cause (as defined in the Tier I Severance Plan), and provided a general release agreement is executed, an NEO shall receive:

bi-weekly salary continuation for either one or two years which runs concurrent with the duration of the restrictive covenant agreements executed as a condition of participation in the LTIP;

outplacement assistance services not to exceed \$17,000 to be used within 24 months of the separation from employment; and

a payment equal to the cost of COBRA coverage during the duration of the restrictive covenants.

For all awards issued under the 2014 EIP, unvested equity based awards do not automatically vest, or in the case of stock options, become exercisable, upon the occurrence of a change in control (as defined in the 2014 EIP), unless otherwise provided in an award. See below for additional information regarding payments in the event of a change in control or other termination of employment for each NEO.

Deductibility of Executive Compensation

The HC&CC believes that it is in the best interests of our shareholders to provide tax deductible compensation when consistent with meeting our key strategic and operational goals, and with our pay for performance compensation philosophy. The 2015 MIP permits, but does not require, the granting of awards that are designed to qualify as performance-based compensation for purposes of satisfying the conditions of Internal Revenue Code Section 162(m). Accordingly, where it is deemed appropriate and in our best interests, the HC&CC may approve compensation to executive officers that exceed the limits of deductibility imposed by Section 162(m) and do not result in favorable tax treatment.

The compensation paid to all of our NEOs in 2015 was fully tax deductible under Internal Revenue Code Section 162(m).

Compensation Risk Assessment

Our compensation programs are structured so that a considerable amount of the compensation of our executives is tied to our long-term health as a company, which encourages risk oversight. We believe our compensation programs avoid the type of disproportionately large short-term incentives that could encourage executives and other employees to take risks that may not be in our long-term interests. We also consider risk management in the development of individual performance objectives for executives and other key employees to align them with incentive payouts, and provide incentives to manage for long-term performance. The HC&CC believes this combination of factors encourages our executives and other employees to manage our businesses in a prudent manner.

In 2015 we conducted a risk assessment of our compensation programs to determine whether such programs are reasonably likely to have a material adverse effect on the Company. The risk assessment determined that our compensation programs do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on the Company. While risk-taking is a necessary part of profitable growth, the HC&CC has focused on aligning our compensation policies with our long-term interests and avoiding short-term rewards for management decisions that could pose long-term risks to us, as follows:

Limits on MIP awards. The HC&CC may exercise discretion in reducing MIP awards based on factors it deems appropriate, including whether an executive has caused unnecessary or excessive risk.

Use of Long-Term Incentive Compensation. Equity based long-term incentive compensation that vests over a period of years, including awards with performance objectives, is a component of NEO compensation. This multi-year vesting period encourages our NEOs to focus on sustaining our long-term performance.

Multi-level Review and Oversight. We have multi-level review and oversight of our business operations and compensation processes in order to mitigate the possibility of employees receiving rewards for engaging in conduct intended to promote only short-term, unsustainable performance.

We have other compensation risk governance practices in place as well. Our Chief Risk and Compliance Officer is responsible for analyzing the risks our compensation programs may present in light of our operations and processes, including any mitigating factors. The HC&CC considers this input in the design of our compensation programs as they are being developed. Additionally, the HC&CC consults with the Board's Audit Committee and Finance, Compliance & Risk Management Committee, as appropriate, regarding any risks presented by the compensation programs. The Finance, Compliance & Risk Management Committee, consistent with its charter, also coordinates with the HC&CC to review the compensation risk assessment on an annual basis.

Compensation Committee Interlocks and Insider Participation

The HC&CC consists entirely of "outside directors" within the meaning of the regulations under Section 162(m) of the Internal Revenue Code, "non-employee directors" under SEC Rule 16b-3, and "independent" directors as affirmatively determined by the Board pursuant to the NYSE Listing Standards and our categorical Independence Standards. The current members of the HC&CC are the individuals named as signatories to the Compensation Committee Report set forth above. None of the individuals that served on the HC&CC during 2015 are former officers or employees of the Company.

Summary Compensation Table

The information below sets forth the compensation awarded to, earned by, or paid to, our "Named Executive Officers" as defined in Item 402 of Regulation S-K. The form and amount of the compensation awarded to, earned by, or paid to, our Named Executive Officers for the year ended December 31, 2015, was determined by the HC&CC.

The amounts included in the "Stock Awards," "Option Awards" and "Total" columns reflect the aggregate grant date fair value of equity-based compensation awards made during a given year computed in accordance with FASB ASC Topic 718 in accordance with SEC rules, as opposed to the amount of value actually realized from equity-based compensation awards during such year by the particular Named Executive Officer. Accordingly, the amounts in the "Total" column do not necessarily reflect the value actually realized from equity based compensation awards by our Named Executive Officers for a given year, which may be substantially greater or less than the amounts included in the "Total" column below. See the "Option Exercises and Stock Vested During 2015" table below for information concerning the amount of value actually realized during 2015 by our Named Executive Officers from equity-based compensation awards.
