MANAGEMENT OF AMERICAN CAPITAL

Directors

See "American Capital Proposal #4: Election of Directors."

Executive Officers

The American Capital board of directors elects executive officers annually following its annual meeting of stockholders to serve until the meeting of the board of directors following the next annual meeting. Set forth below is certain information about each executive officer as of April 25, 2016. The business address of each executive officer is American Capital, Ltd., 2 Bethesda Metro Center, 14th Floor, Bethesda, Maryland 20814.

Malon Wilkus, 64

Chairman and Chief Executive Officer

Mr. Wilkus founded American Capital in 1986 and has served as its Chief Executive Officer and Chairman of the American Capital board of directors since that time, except for the period from 1997 to 1998 during which he served as Chief Executive Officer and Vice Chairman of the American Capital board of directors. He also served as President from 2001 to 2008 and from 1986 to 1999. In addition, Mr. Wilkus is the Chief Executive Officer and Chair of the board of directors of American Capital Senior Floating, Ltd. (NASDAQ: ACSF).

John R. Erickson, 56

President, Structured Finance and Chief Financial Officer

Mr. Erickson has served as the President, Structured Finance since 2008 and as American Capital's Chief Financial Officer since 1998. He also served as Secretary from 1999 to 2005 and an Executive Vice President from 2001 to 2008. From 1998 to 2001, Mr. Erickson was a Vice President. He is also Chief Financial Officer and Executive Vice President of MTGE (NASDAQ: MTGE) and Chief Financial Officer and Executive Vice President of AGNC (NASDAQ: AGNC). Mr. Erickson is also the Executive Vice President and Chief Financial Officer of American Capital Senior Floating, Ltd. (NASDAQ: ACSF).

Gordon J. O'Brien, 51

President, Specialty Finance, European Private Finance and Operations

Mr. O'Brien has served as the President, Specialty Finance, European Private Finance and Operations since 2008. From 2001 to 2008 he served as a Senior Vice President and Managing Director. Prior to his election as a Senior Vice President, he served as a Vice President in 2001. From 1998 to 2001, he was a Principal. Mr. O'Brien was a Vice President at Pennington Partners & Company, a private equity fund, from 1995 to 1998.

Brian S. Graff, 51

President, Private Finance

Mr. Graff has served as President, Private Finance since January 2015. He previously served as a Senior Vice President since 2004 and as a Senior Managing Director since 2008. From 2005 to 2008 he served as a Regional Managing Director and from 2004 to 2005 he served as a Managing Director. Mr. Graff also served as a Vice President and Principal from 2001 to 2004. From 2000 to 2001, he was a Principal of Odyssey Investments Partners, a private equity fund.

Samuel A. Flax, 60

Executive Vice President, General Counsel, Chief Compliance Officer and Secretary

Mr. Flax has served as an Executive Vice President and General Counsel, Chief Compliance Officer and Secretary since 2005. From 1990 to 2005, he was a partner in the Washington, D.C. law firm of Arnold & Porter LLP, where he served as American Capital's principal external counsel. He is also Executive Vice President and Secretary of AGNC (NASDAQ: AGNC) and Executive Vice President and Secretary of MTGE (NASDAQ: MTGE). In addition, he is Executive Vice President, Chief Compliance Officer and Secretary of American Capital Senior Floating, Ltd. (NASDAQ: ACSF).

Mark Lindsey, 49

Senior Vice President and Chief Accounting Officer

Mark Lindsey has served as Senior Vice President and Chief Accounting Officer since January 2016. Mr. Lindsey joined American Capital in June 2006 as Director, Financial Reporting. He was promoted to Vice President, Financial Reporting in 2007 and to Vice President and Controller in 2009. Prior to joining American Capital, Mr. Lindsey served as Senior Director, Financial Reporting for XM Satellite Radio, Inc. Mr. Lindsey also worked as an inspector for the PCAOB. Prior to the PCAOB, Mr. Lindsey was a Senior Manager with PricewaterhouseCoopers where he primarily focused on SEC audits in a variety of industries and M&A transactions.

Tom McHale, 44

Executive Vice President and Senior Managing Director

Tom McHale is responsible for American Capital's capital markets, new fund development and marketing, and investor relations activities. He joined American Capital in 1998 and since that time has led or participated in over \$20 billion of equity offerings, financings and fundraises for American Capital and its affiliated funds. Prior to joining American Capital, he served as Controller of a publicly traded restaurant company and as an auditor with Price Waterhouse.

Corporate Governance

Board of Directors Leadership Structure

Mr. Wilkus has served as Chairman and Chief Executive Officer since he founded American Capital in 1986, except for the period from 1997 to 1998, during which he served as Chief Executive Officer and Vice Chairman of the American Capital board of directors. American Capital believes that combining the positions of Chairman and Chief Executive Officer is the best corporate governance leadership structure for American Capital because it permits clear accountability, effective decision-making and alignment on corporate strategy. American Capital also believes that this structure is particularly appropriate and beneficial to American Capital because it most effectively utilizes Mr. Wilkus' broad experience and knowledge regarding American Capital, including by allowing him to set the agendas and priorities of the American Capital board of directors and lead discussions on business and strategy.

Although American Capital believes that it is more effective to combine the positions of Chairman and Chief Executive Officer, American Capital recognizes the importance of strong independent leadership on the American Capital board of directors. American Capital believes that the board of directors' independent oversight continues to be substantial. The American Capital board of directors has determined that all of the current directors, except Mr. Wilkus, are "independent" as defined in the NASDAQ listing standards. Similarly, only Mr. Wilkus is an "Interested Person" of American Capital under the Investment Company Act.

It is the American Capital board of directors' policy as a matter of good corporate governance to have a majority of American Capital's directors who are not "Interested Persons" meet regularly without persons who are members of management or employee directors present to facilitate the American Capital board of directors' effective independent oversight of management. These directors also designate a director who is "independent," as defined in the NASDAQ listing standards, to serve as the "lead independent director" and preside at these meetings. Presently, disinterested directors meet quarterly and may hold additional meetings at the request of the lead independent director or another disinterested director. The designation of a lead independent director is for a one-year term and a lead independent director may be re-appointed at the end of a term. If the lead independent director is unavailable for a meeting, his or her immediate predecessor will serve as lead independent director for such meeting. At a meeting on July 23, 2015, Mr. Harper was designated as the lead independent director for the current term.

Each of the Audit, Compliance and Valuation Committee and Compensation, Corporate Governance and Nominating Committee is composed entirely of independent directors. These independent committees of American Capital's board of directors also have the authority under their respective charters to hire independent advisors and consultants, at American Capital's expense, to assist them in performing their duties. Two independent directors also serve on the Executive Committee.

Committees of the Board of Directors

The American Capital board of directors' principal standing committees and their primary functions are described below.

Audit, Compliance and Valuation Committee

This committee makes recommendations to the American Capital board of directors with respect to the engagement of independent auditors and questions management and independent auditors on the application of accounting and reporting standards in American Capital's financial statements. This committee also reviews the adequacy of American Capital's internal controls over financial reporting, including information technology security and controls relating to the preparation of financial statements. This committee's meetings include, whenever appropriate, executive sessions with each of American Capital's independent auditors, internal auditors and senior valuation officers, without the presence of management. The Audit, Compliance and Valuation Committee reviews and provides a recommendation to the American Capital board of directors with regard to its approval of the valuations of portfolio companies presented by management. In such review, the committee discusses the proposed valuations with the independent auditors and any other relevant consultants. It also has the responsibility for reviewing matters regarding accounting, ethics, legal and regulatory compliance and for engaging, evaluating and terminating any internal audit service providers and approving fees to be paid to such internal audit service providers. The Audit, Compliance and Valuation Committee annually reviews the experience and qualifications of the senior members of the independent external auditors and the internal auditors and the quality control procedures of the independent external auditors and the internal auditors. In addition, the Audit, Compliance and Valuation Committee discusses with the independent auditors, internal auditors and any internal audit service providers (as may be engaged from time to time) the overall scope, plans and budget for their respective audits, including the adequacy of staffing and other factors that may affect the effectiveness and timeliness of such audits.

Compensation, Corporate Governance and Nominating Committee

This committee has the responsibility for setting the terms of employment of the Chief Executive Officer and reviewing and approving the salaries, incentive payments and other compensation and

benefits of American Capital's other executive officers, reviewing and advising management regarding benefits and other terms and conditions of compensation of American Capital's other employees, evaluating the compensation and fees payable to the members of the American Capital board of directors and administering American Capital's employee incentive compensation plans. Although the committee consults with senior management to establish American Capital's general compensation philosophy, they have the sole authority to set the compensation of American Capital's executive officers. It also has responsibility for recommending and considering corporate governance practices and policies, monitoring American Capital's litigation docket and reviewing and assisting with the development of American Capital's executive succession plans. In addition, this committee serves as the standing nominating committee of the American Capital board of directors.

Executive Committee

This committee has the authority to exercise all powers of the American Capital board of directors except for actions that must be taken by the full board of directors under Delaware law or the Investment Company Act.

Board of Directors and Committee Meetings

Under American Capital's Bylaws and Delaware law, the American Capital board of directors is permitted to take actions at regular or special meetings and by written consent. The American Capital board of directors held 19 meetings during 2015.

Each of the Audit, Compliance and Valuation Committee and the Compensation, Corporate Governance and Nominating Committee schedules regular meetings to coincide with the quarterly in-person meetings of the American Capital board of directors and also meets at the request of senior management or at such other times as it determines. The Secretary, in consultation with the chairman of the committee, sets agendas for the meetings. Each committee reports regularly to the American Capital board of directors on its activities at the next regularly scheduled board of directors meeting following the committee meetings and when appropriate. The Compensation, Corporate Governance and Nominating Committee held 8 meetings during 2015, and the Audit, Compliance and Valuation Committee held 8 meetings during 2015.

Each of the directors attended at least 95% of the meetings of the American Capital board of directors and 100% of the meetings of the committees on which he or she served. Although American Capital does not have a policy on director attendance at its annual meeting of stockholders, directors are encouraged to attend the annual meetings. At the 2015 annual meeting of stockholders, all then-current directors attended in person.

Risk Oversight

One of the roles of the American Capital board of directors is being responsible for the general oversight of American Capital, including the performance of senior management and American Capital's risk management processes, to assure that the long-term interests of American Capital's stockholders are being served. In performing its risk oversight function, the board of directors, directly or through its standing committees, regularly reviews American Capital's material strategic, operational, investment, financial, compensation and compliance risks with senior management. In particular, the American Capital board of directors receives updates at each regular meeting on American Capital's strategic plan, which addresses, among other things, the risks and opportunities facing American Capital, as well as its investment and asset management platforms. In addition, the American Capital board of directors routinely receives information regarding the technology and cyber-risks relevant to American Capital's business to ensure that adequate steps are being taken to prevent, and prepare for, cyber-incidents.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The American Capital board of directors also recognizes the importance of effective executive leadership to its success and is actively engaged in overseeing the operational risks related to succession planning. The American Capital board of directors routinely discusses staffing for critical roles, and potential replacements for key personnel are given exposure to the board of directors during meetings and other events. In addition, the American Capital board of directors is regularly updated on strategies for recruiting, developing and retaining outstanding personnel firmwide.

The American Capital board of directors has delegated certain risk management oversight responsibility to its committees as follows:

Regulatory Compliance Risk: The board of directors, both directly and through the Audit, Compliance and Valuation Committee, receives regular reports from the Chief Compliance Officer, legal, accounting and internal audit personnel on regulatory matters, including American Capital's compliance with the BDC qualification and leverage requirements under the Investment Company Act, employee compliance with the Code of Ethics and Conduct ("Code of Ethics") and personal trading restrictions and American Capital's wholly-owned fund management entities' compliance with the Advisers Act.

Financial and Accounting Risk: The Audit, Compliance and Valuation Committee oversees American Capital's management of its financial, accounting, internal controls, valuation process and liquidity risks through regular meetings with the Chief Financial Officer, senior members of American Capital's accounting, tax, auditing and legal departments and representatives of American Capital's independent public accountant.

Litigation Risk: The Compensation, Corporate Governance and Nominating Committee monitors developments in American Capital's litigation docket through regular reports from, and discussions with, American Capital's General Counsel.

Compensation and Benefit Plan Risk: The Compensation, Corporate Governance and Nominating Committee considers the extent to which American Capital's executive and director compensation and benefit plan programs may create risk for American Capital.

Governance Risk: The Compensation, Corporate Governance and Nominating Committee also oversees risks related to American Capital's board of directors organization, membership and structure and corporate governance.

Code of Ethics and Conduct

American Capital has adopted the Code of Ethics, which requires its directors and employees (including the Chief Executive Officer, Chief Financial Officer and principal accounting officer) to abide by high standards of business conduct and ethics. The Code of Ethics is available in the Investor Relations section of American Capital's web site at www.AmericanCapital.com. American Capital intends to post amendments to or waivers from the Code of Ethics (to the extent applicable to the Chief Executive Officer, Chief Financial Officer and principal accounting officer) at that location on its web site. The Code of Ethics was amended by the American Capital board of directors on July 26, 2007.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act and the disclosure requirements of Item 405 of SEC Regulation S-K require that American Capital's directors and executive officers, and any persons holding more than 10% of any class of American Capital's equity securities report their ownership of such equity securities and any subsequent changes in that ownership to the SEC, the NASDAQ and to American Capital. Based on a review of the written statements and copies of such reports furnished to American Capital by its executive officers, directors and greater than 10% beneficial owners, American Capital believes that during fiscal year 2015 all Section 16(a) filing requirements applicable to the executive officers, directors and stockholders were timely satisfied, except a filing for David Richards that was one day late.

Director Compensation and Stock Ownership Guidelines

The elements of compensation for American Capital's non-employee directors include retainers, stock options and, if applicable, compensation for serving on the boards of directors of American Capital's portfolio companies. Non-employee directors are paid a retainer for service on the American Capital board of directors at the rate of \$200,000 per year, payable quarterly in advance, each member of the Audit, Compliance and Valuation Committee and the Compensation, Corporate Governance and Nominating Committee receives an additional retainer at the rate of \$40,000 per year and each member of the Executive Committee receives an additional retainer at the rate of \$15,000 per year. The lead director and members chairing the Audit, Compliance and Valuation Committee and the Compensation, Corporate Governance and Nominating Committee receive an additional retainer at the rate of \$40,000, \$20,000 and \$20,000 per year, respectively.

Non-employee directors received a fee from American Capital for each American Capital portfolio company or fund board of directors on which they served, in lieu of any payment by the portfolio company or fund. For such companies that are not public, that fee is set at the rate of \$40,000 per year. For such companies that are public, that fee is based on the fee payable by the company to its other directors. Directors are also reimbursed for travel, lodging and other out-of-pocket expenses incurred in connection with the board of directors and committee meetings. Directors who are American Capital employees do not receive additional compensation for service as a member of the board of directors.

The following table sets forth the compensation received by each non-employee director during 2015:

| Name | Fees Earned or Paid in Cash(1) (\$) | Stock Awards (\$) | Option Awards (\$) | Change in Pension Value and Non-Equity Nonqualified Incentive Plan Compensation Deferred Compensation All Other | | | Total (\$) |
|-----------------------------|---|-------------------------|--------------------------|--|------------------|----------------------|---------------|
| | | | | Compensation (\$) | Earnings (\$) | Compensation (\$) | |
| Mary C. Baskin | 283,750 | | | | | | 283,750 |
| Neil M. Hahl | 380,000 | | | | | | 380,000 |
| Philip R. Harper | 355,000 | | | | | | 355,000 |
| Stan Lundine | 250,000 | | | | | | 250,000 |
| Kristen L. Manos(3) | 333,333 | | | | | | 333,333 |
| Susan Nestegard | 280,000 | | | | | | 280,000 |
| Kenneth D. Peterson, Jr. | 240,000 | | | | | | 240,000 |
| Alvin N. Puryear | 435,000 | | | | | | 435,000 |
| David G. Richards(3) | 142,500 | | | | | | 142,500 |

(1) The column "Fees Earned or Paid in Cash" includes the following payments by American Capital to its non-employee directors in 2015 for serving on certain boards of directors of its portfolio companies in the following amounts: Ms. Baskin: \$40,000 for eLynx Holdings, Inc.; Mr. Hahl: \$40,000 for each of WIS Holdings Company Inc, HALT Medical, and The Meadows of Wickenburg, L.P.; Mr. Harper: \$40,000 for SMG Holdings Inc.; Mr. Lundine: \$10,000 for Fosbel Global Services (LUXCO) S.C.A.; Ms. Manos: \$20,000 for Soil Safe Acquisition Corp.; Ms. Nestegard: \$40,000 for CML Pharmaceuticals, Inc; Mr. Peterson: \$40,000 for Service Experts; Dr. Puryear: \$40,000 for Financial Asset Management Systems, Inc., \$80,000 for AGNC, and \$60,000 for MTGE.

(2) Amounts under the column "Option Awards" represent the fair value of stock option awards granted. As of December 31, 2015, Mses. Baskin and Nestegard, Messrs. Hahl, Harper, Lundine

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

and Peterson and Dr. Puryear had the following aggregate option awards outstanding: 206,250; 156,250; 340,000; 433,750; 246,250; 246,250; and 340,000, respectively.

(3)

Ms. Manos and Mr. Richards each received a one-time cash award of \$100,000 in connection with their appointment to the American Capital board of directors.

As noted above, American Capital also provides stock-based incentive compensation to its non-employee directors under option plans to help further align their interests with those of its stockholders. Under the Investment Company Act, such option plans must be approved by the SEC in order to become effective (the "existing director option plans").

American Capital's most recent plan was the 2010 Disinterested Director Stock Option Plan, which provided for the issuance of options to purchase up to 1,250,000 shares of American Capital's Common Stock, and which became effective on August 30, 2011, when the SEC issued an order authorizing the plan. Each of the non-employee directors at such time received an automatic grant of options to purchase 156,250 shares of American Capital's Common Stock. Ms. Nestegard received a grant of options to purchase 156,250 shares in connection with her appointment to the American Capital board of directors on June 13, 2013. All such options have now vested and expire on September 15, 2020, except for Ms. Nestegard's options, which vest over the first three anniversaries of June 13, 2013 and expire on June 13, 2023. Vesting of these options will be automatically accelerated upon the occurrence of death or disability of the director. There are no options remaining under any of American Capital's existing director option plans to be granted to the non-employee directors, unless any outstanding options are cancelled following the termination of a director's service and reissued.

Stock Ownership Guidelines

American Capital's board of directors believes that directors more effectively represent the best interests of American Capital if they are stockholders themselves. Thus, non-employee directors are encouraged to own shares of American Capital's common stock equal in value to three times the annual cash board of directors retainer (which is currently set at \$200,000). The minimum number of shares to be held by the non-employee directors will be calculated on the first trading day of each calendar year based on their fair market value. In the event a new director joins the American Capital board of directors or the stock price decreases, in each case causing a director to be out of compliance after having been in compliance, any such director will have seven years to return to compliance (but in any case, a person joining the American Capital board of directors shall own no fewer than 5,000 shares within one year of joining the board of directors). In the event that the cash retainer increases, causing a director to be out of compliance after having been in compliance, any such director will have five years to meet or return to compliance with these guidelines. The Compensation, Corporate Governance and Nominating Committee may waive or modify these requirements in appropriate situations. In addition, American Capital's board of directors has adopted a policy prohibiting executive officers and directors from pledging or margining any shares of American Capital's common stock (regardless of whether such stock is owned directly or indirectly as such terms are used in the SEC rules promulgated under the Exchange Act). The Compensation, Corporate Governance and Nominating Committee may waive or modify these requirements in certain situations.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS OF AMERICAN CAPITAL

Related Person Transaction Policies

American Capital has procedures in place for the review, approval and monitoring of transactions involving American Capital and certain persons related to American Capital. As a BDC, the Investment Company Act restricts American Capital from participating in transactions with any persons affiliated with American Capital, including its officers, directors, and employees and any person controlling or under common control with American Capital, subject to certain exceptions.

American Capital's Code of Ethics, which is reviewed and approved by the American Capital board of directors and provided to all employees, directors and independent contractors, requires that all employees, directors and independent contractors avoid any situations or relationships that involve actual or potential conflicts of interest, or perceived conflicts of interest, between an individual's personal interests and the interests of American Capital or its portfolio companies. Pursuant to the Code of Ethics, each employee, director, and independent contractor must disclose any conflicts of interest, or actions or relationships that might give rise to a conflict, to their supervisor or the Chief Compliance Officer. If a conflict is determined to exist, the employee, director or independent contractor must disengage from the conflict situation or terminate his or her employment with American Capital. The American Capital Financial Executives must consult with the Chief Compliance Officer with respect to any proposed actions or arrangements that are not clearly consistent with the Code of Ethics. In the event that an American Capital Financial Executive wishes to engage in a proposed action or arrangement that is not consistent with the Code of Ethics, the American Capital Financial Executive must obtain a waiver of the relevant Code of Ethics provisions in advance from the Audit, Compliance and Valuation Committee. American Capital intends to post amendments to or waivers from the Code of Ethics (to the extent applicable to American Capital's Financial Executives) in the Investor Relations section of its web site at www.AmericanCapital.com.

Related Person Transactions

In the ordinary course of business, American Capital enters into transactions with portfolio companies that may be considered related party transactions. American Capital has implemented certain procedures, both written and unwritten, to ensure that American Capital do not engage in any prohibited transactions with any persons affiliated with American Capital. If such affiliations are found to exist, American Capital seeks board of directors and/or committee review and approval or exemptive relief for such transactions, as appropriate.

As a BDC, American Capital is required by law to make available significant managerial assistance to its eligible portfolio companies. Such assistance typically involves providing guidance and counsel concerning the management, operations and business objectives and policies of the portfolio company to its management and board of directors, including participating on such portfolio company's board of directors. As of June 30, 2016, American Capital had board seats on 33 companies in its investment portfolio. Providing assistance to the companies in its investment portfolio serves as an opportunity for American Capital to maximize their value.

Loan Transactions

Since the July 30, 2002 enactment of the Sarbanes-Oxley Act, neither American Capital nor any of its subsidiaries has made any loans to any of its executive officers or directors.

Financial Interests in the Transactions

American Capital's directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of American Capital stockholders. The members of

the American Capital board of directors were aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement and the Transactions and in recommending to American Capital's stockholders that the merger agreement be adopted. These interests are described in more detail in the section of this document entitled "Description of the Transactions Interests of Certain Persons Related to American Capital in the Transactions."

Director Independence

American Capital recognizes the importance of strong independent leadership on its board of directors. American Capital believes that its board of directors' independent oversight continues to be substantial. The American Capital board of directors has determined that all of the current directors, except Mr. Wilkus, are "independent" as defined in the NASDAQ listing standards. Similarly, only Mr. Wilkus is an "Interested Person" of American Capital under the Investment Company Act. In addition, each of the board of directors' Audit and Compliance Committee and Compensation and Corporate Governance Committee is composed entirely of independent directors. These independent committees of the American Capital board of directors also have the authority under their respective charters to hire independent advisors and consultants, at American Capital's expense, to assist them in performing their duties. Further, it is American Capital's board of directors' policy as a matter of good corporate governance to have a majority of independent directors annually elect a "lead independent director" to preside over regular meetings of the independent directors, without management or employee directors present, to facilitate the American Capital board of directors' effective independent oversight of management.

Meetings of Disinterested Directors

Members of the American Capital board of directors who are not "Interested Persons" as defined in the Investment Company Act have decided to hold quarterly meetings without persons who are members of management present. Each year, these directors designate a director who is "independent," as defined in Rule 4200(a)(15) of the NASDAQ listing standards, to serve as the "lead independent director" and preside at these meetings. Presently, the disinterested directors meet quarterly and may hold additional meetings at the request of the lead independent director or another disinterested director. The designation of a lead independent director is for a one-year term and a lead independent director may not succeed himself or herself in that position. If the lead independent director is unavailable for a meeting, his or her immediate predecessor will serve as lead independent director for such meeting. At a meeting on July 23, 2015, Mr. Harper was designated as the lead independent director for the current term.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT OF
AMERICAN CAPITAL**

The following table sets forth as of September 12, 2016 (unless otherwise indicated), the beneficial ownership of each current director, each named executive officers, executive officers and directors as a group and each stockholder known to management to own beneficially more than 5% of the legally outstanding shares of American Capital common stock. Unless otherwise indicated, American Capital believes that the beneficial owners set forth in the table below have sole voting and investment power.

| Name and Address of Beneficial Owner | Number of Shares Beneficially Owned | Percent of Class | Dollar Range of Equity Securities Beneficially Owned |
|---|--|-------------------------|---|
| Beneficial Owners of more than 5%: | | | |
| BlackRock Inc. | 27,363,037(11) | 11.4% | N/A |
| Pine River Capital Management L.P. | 13,406,586(12) | 5.6% | N/A |
| Elliott, Elliott International & EICA | 12,475,000(13) | 5.2% | N/A |
| Directors and Named Executive Officers: | | | |
| Malon Wilkus | 7,877,497(4)(5)(8) | 3.3% | \$ over 100,000 |
| John R. Erickson | 4,437,932(4)(5)(9) | 1.9% | N/A |
| Samuel A. Flax | 3,294,477(4)(5) | 1.4% | N/A |
| Gordon O'Brien | 3,100,642(4)(5) | 1.3% | N/A |
| Brian Graff | 2,838,713(4)(5) | 1.2% | N/A |

| Directors and Executive Officers as a group (17 persons) | 28,603,311 | 12.0% | |

*
Less than one percent.

- (1) Pursuant to the rules of the SEC, shares of American Capital common stock subject to options held by American Capital directors and named executive officers that are exercisable within 60 days of September 12, 2016, are deemed outstanding for the purposes of computing such director's or executive officer's beneficial ownership.
- (2) The dollar range of American Capital's equity securities beneficially owned is calculated by multiplying the closing price of American Capital common stock as reported on NASDAQ as of September 12, 2016, times the number of shares beneficially owned, in accordance with Rule 16a-1(a)(2) of the Exchange Act.

(3)

Mr. Wagner separated from employment with American Capital on March 31, 2015. The number of shares beneficially owned were calculated based on shares held directly and indirectly as of March 21, 2015, 10,593 shares vested in the PIP that were distributed on April 24, 2015 and 2,081,259 shares issuable upon the exercise of options that are exercisable within 60 days of March 31, 2015.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (4) Includes vested and deferred shares allocated to the account of each executive officer as a participant in the PIP, each as of September 12, 2016, and shares issuable upon the exercise of options that are exercisable within 60 days of September 12, 2016: Mr. Wilkus has 1,312,714 shares in the PIP and 5,589,255 shares issuable upon the exercise of options; Mr. Erickson has 18,383 shares in the PIP and 3,725,879 shares issuable upon the exercise of options; Mr. Flax has 59,885 shares in the PIP and 2,936,740 shares issuable upon the exercise of options; Mr. O'Brien has 12,764 shares in the PIP and 2,903,016 shares issuable upon the exercise of options; and Mr. Graff has 10,606 shares in the PIP and 2,776,235 shares issuable upon the exercise of options.
- (5) Includes the equivalent number of shares held as units in the 401(k) Plan of which the named executive officer is the beneficial owner: Mr. Wilkus has the equivalent of 80,934 shares; Mr. Erickson has the equivalent of 10,279 shares; Mr. Flax has the equivalent of 4,766 shares; Mr. O'Brien has the equivalent of 9,030 shares; and Mr. Graff has the equivalent of 6,878 shares.
- (6) Includes shares issuable upon the exercise of stock options that are exercisable within 60 days of September 12, 2016. Mses. Baskin and Nestegard, Messrs. Hahl, Harper, Lundine and Peterson, and Dr. Puryear have 166,250, 156,250, 300,000, 393,750, 206,250, 206,250 and 300,000 such shares, respectively.
- (7) Includes 14,606 shares that are owned by Ms. Baskin's husband. Also includes 165 shares that are owned by Ms. Baskin's son, of which Ms. Baskin disclaims beneficial ownership.
- (8) Includes 91,963 shares that are owned by Mr. Wilkus' wife.
- (9) Includes 242,155 shares that are held by a family trust. Also includes 197,700 shares held by another family trust, of which Mr. Erickson disclaims beneficial ownership.
- (10) Includes 12,747 shares that are owned by Mr. Harper's wife.
- (11) This information is based on a Schedule 13G/A (the "BlackRock Schedule 13G") filed with the SEC on January 8, 2016, by BlackRock, Inc. as a parent holding company or control person of certain named funds, with a business address at 55 East 52nd Street, New York, NY 10022. The BlackRock Schedule 13G indicates that as of December 31, 2015, BlackRock, Inc. had sole voting power with respect to 27,363,037 shares and sole dispositive power with respect to 27,363,037 shares.
- (12) This information is based on a Schedule 13G (the "Pine River Schedule 13G") filed with the SEC on February 10, 2016, by Pine River Capital Management L.P. as a parent holding company or control person of certain named funds, with a business address at 601 Carlson Parkway 7th Floor Minnetonka, MN 55305. The Pine River Schedule 13G indicates that as of December 31, 2015, Pine River Capital Management L.P. had sole voting power with respect to 13,406,586 shares and sole dispositive power with respect to 13,406,586 shares.
- (13) This information is based on a Schedule 13D/A (the "Elliott Schedule 13D") filed with the SEC on June 6, 2016, by Elliott as a parent holding company or control person of certain named funds, with a business address at 55 East 52nd Street, New York, NY 10022. The Elliott Schedule 13D indicates that as of June 3, 2016, Elliott had sole voting power with respect to 6,010,500 shares and sole dispositive power with respect to 6,010,500 shares, Elliott International and EICA both had shared voting power with respect to 6,464,500 shares and shared dispositive power with respect to 6,464,500 shares and, collectively, the Elliott Parties beneficially owned 12,475,000 shares. The Elliott Schedule 13D also indicates that Elliott and Elliott International have entered into notional principal amount derivative agreements in the form of cash settled swaps with respect to a total of 21,498,099 shares, which represents economic exposure of an additional 9.0%.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act and the disclosure requirements of Item 405 of SEC Regulation S-K require that American Capital directors and executive officers, and any persons holding more than 10% of any class of American Capital equity securities report their ownership of such equity securities and any subsequent changes in that ownership to the SEC, NASDAQ and to American Capital. Based on a review of the written statements and copies of such reports furnished to American Capital by its executive officers, directors and greater than 10% beneficial owners, American Capital believes that during fiscal year 2015 all Section 16(a) filing requirements applicable to the executive officers, directors and stockholders were timely satisfied, except a filing for David Richards, which was tardy by one day.

Repurchases of Common Stock

Subject to compliance with the Investment Company Act and other applicable law, American Capital may repurchase on the open market or in privately negotiated transactions, its outstanding shares. There is no assurance that such open market purchases will be made and such authorization may be terminated at any time.

DESCRIPTION OF AMERICAN CAPITAL'S CAPITAL STOCK

American Capital's authorized capital stock consists of 1,000,000,000 shares of common stock, \$0.01 par value per share, and 5,000,000 shares of preferred stock, par value \$0.01 per share. The following summary of American Capital capital stock and other securities does not purport to be complete and is subject to, and qualified in its entirety by, the Certificate of Incorporation of American Capital. Reference is made to the Certificate of Incorporation, for a detailed description of the provisions summarized below. If any American Capital Securities are convertible into or exchangeable for other Securities, the prospectus supplement will explain the terms and conditions of the conversion or exchange, including the conversion price or exchange ratio (or the calculation method), the conversion or exchange period (or how the period will be determined), if conversion or exchange will be mandatory or at the option of the holder or American Capital, provisions for adjusting the conversion price or the exchange ratio and provisions affecting conversion or exchange in the event of the redemption of the underlying Securities. These terms may also include provisions under which the number or amount of other Securities to be received by the holders of the Securities upon conversion or exchange would be calculated according to the market price of the other securities as of a time stated in the prospectus supplement.

Outstanding Capital Stock. The following are the classes of capital stock of American Capital as of June 30, 2016:

| (1) Title of Class | (2) Amount Authorized | (3) Amount Held by Registrant or for its Account | (4) Amount Outstanding Exclusive of Amount Shown Under (3) |
|------------------------------|-----------------------------|--|---|
| Common Stock | 1,000,000,000 | 2,438,415 | 212,669,722 |
| Undesignated Preferred Stock | 5,000,000 | | |
| Common Stock | | | |

All shares of American Capital common stock have equal rights as to earnings, assets, dividends and voting privileges and, when issued, will be duly authorized, validly issued, fully paid and non-assessable. Distributions may be paid to the holders of American Capital common stock if and when declared by the American Capital board of directors out of funds legally available therefor. The holders of American Capital common stock have no preemptive, conversion or redemption rights and their interests therein are freely transferable. In the event of liquidation, dissolution or winding up of American Capital, each share of American Capital common stock is entitled to share ratably in all of the assets of American Capital that are legally available for distribution after payment of all debts and other liabilities and subject to any prior rights of holders of preferred stock, if any, then outstanding. Each share of American Capital common stock is entitled to one vote and does not have cumulative voting rights, which means that holders of a majority of such shares, if they so choose, could elect all of the directors, and holders of less than a majority of such shares would, in that case, be unable to elect any director.

Preferred Stock

In addition to shares of American Capital common stock, the Certificate of Incorporation authorizes the issuance of shares of American Capital preferred stock. The American Capital board of directors is authorized to provide for the issuance of preferred stock with such preferences, powers, rights and privileges as the American Capital board of directors deems appropriate; except that, such an issuance must adhere to the requirements of the Investment Company Act. The Investment Company Act requires, among other things, that (1) immediately after issuance and before any distribution is made with respect to American Capital common stock, preferred stock, together with all

other senior securities, must not exceed an amount equal to 50% of the total assets of American Capital and (2) the holders of shares of American Capital preferred stock, if any are issued, must be entitled as a class to elect two directors at all times and to elect a majority of the directors if dividends on American Capital preferred stock are in arrears by two years or more. Furthermore, the Investment Company Act restricts the ability of a BDC to issue warrants, options or rights to subscribe or convert to voting securities of American Capital. If American Capital were to issue preferred stock convertible into shares of American Capital common stock, such proposal must first be approved by the stockholders.

American Capital has no present plans to issue any shares of preferred stock, but believes the availability of such stock will provide American Capital with increased flexibility in structuring future financings and acquisitions. If American Capital offers preferred stock under this prospectus, American Capital will issue an appropriate prospectus supplement. You should read that prospectus supplement for a description of American Capital preferred stock, including, but not limited to, whether there will be an arrearage in the payment of dividends or sinking fund installments, if any, restrictions with respect to the declaration of dividends, requirements in connection with the maintenance of any ratio or assets, or creation or maintenance of reserves, or provisions for permitting or restricting the issuance of additional securities.

Stockholders' Equity

American Capital common stock activity for the six months ended June 30, 2016 and 2015 was as follows:

| | Six Months Ended June 30, | |
|--|---------------------------------|-------|
| | 2016 | 2015 |
| Common stock outstanding at beginning of period | 242.6 | 266.9 |
| Issuance of common stock under stock option plans | 1.5 | 7.7 |
| Repurchase of common stock | (32.7) | (6.5) |
| Distribution of common stock held in deferred compensation trust | 1.3 | |
| Common stock outstanding at end of period | 212.7 | 268.1 |

Share Repurchase Program

The American Capital board of directors has authorized the purchase of \$600 million to \$1 billion of common stock through June 30, 2016 at prices per share below 85% of the most recent quarterly net asset value per share, subject to certain conditions. American Capital entered into a Rule 10b5-1 trading plan to undertake accretive share repurchases on a non-discretionary basis up to the \$1 billion limit.

In determining the quarterly amount, the American Capital board of directors were guided by American Capital's net cash provided by operating activities in preceding quarters, American Capital's capital requirements, American Capital's cash position, operational issues, economic conditions and the current trading price of American Capital's common stock and other factors. During the six months ended June 30, 2016, American Capital repurchased a total of 32.7 million shares of common stock in the open market for \$477 million at an average price of \$14.58 per share. On May 16, 2016, the American Capital board of directors suspended the share repurchase program for an indefinite period. Under the merger agreement, American Capital agreed to make no further repurchases of common stock.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The following table provides information for the quarter ended June 30, 2016, regarding shares of American Capital common stock that American Capital repurchased in the open market and were subsequently retired (in millions, except per share amounts):

| | Total Number of Shares Purchased(1) | Average Price Paid Per Share | Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs(2) | Maximum Number of Shares That May Yet Be Purchased Under the Publicly Announced Plans or Programs |
|--------------------------------------|--|---------------------------------------|---|---|
| April 1, 2016 through April 29, 2016 | 7.3 | \$ 15.64 | 7.3 | N/A |
| May 2, 2016 through May 17, 2016 | 4.2 | \$ 15.90 | 4.2 | N/A |
| Second Quarter 2016 | 11.5 | \$ 15.74 | 11.5 | N/A |

-
- (1) All shares were purchased by American Capital pursuant to the share repurchase program described in footnote 2 below.
- (2) Under the program, American Capital will consider quarterly setting an amount to be utilized for share repurchases.

Equity Capital

As a BDC, American Capital is generally not able to issue or sell its common stock at a price below its net asset value per share, exclusive of any distributing commission or discount, except (1) with the prior approval of a majority of its stockholders, (2) in connection with a rights offering to its existing stockholders, or (3) under such other circumstances as the SEC may permit. As of June 30, 2016, American Capital's net asset value was \$20.77 per share and American Capital's closing market price was \$15.83 per share.

The American Capital board of directors has authorized the purchase of \$600 million to \$1 billion of common stock through June 30, 2016 at prices per share below 85% of the most recent quarterly net asset value per share, subject to certain conditions. American Capital has entered into a Rule 10b5-1 trading plan to undertake accretive share repurchases on a non-discretionary basis up to the \$1 billion limit. During the six months ended June 30, 2016, American Capital repurchased a total of 32.7 million shares of its common stock in the open market for \$477 million at an average price of \$14.58 per share. On May 16, 2016, the American Capital board of directors suspended the share repurchase program for an indefinite period. Under the merger agreement, American Capital agreed to make no further repurchases of common stock.

Stock Ownership Guidelines

The American Capital board of directors believes that directors more effectively represent the best interests of American Capital if they are stockholders themselves. Thus, non-employee directors are encouraged to own shares of American Capital common stock equal in value to three times the annual cash board retainer (which is currently set at \$200,000). The minimum number of shares to be held by the non-employee directors will be calculated on the first trading day of each calendar year based on their fair market value. In the event a new director joins the American Capital board of directors or the stock price decreases, in each case causing a director to be out of compliance after having been in compliance, any such director will have seven years to return to compliance (but in any case, a person joining the American Capital board of directors shall own no fewer than 5,000 shares within one year of joining the American Capital board of directors). In the event that the cash retainer increases, causing a director to be out of compliance after having been in compliance, any such director will have

five years to meet or return to compliance with these guidelines. The Compensation, Corporate Governance and Nominating Committee may waive or modify these requirements in appropriate situations. In addition, the American Capital board of directors has adopted a policy prohibiting executive officers and directors from pledging or margining any shares of American Capital common stock (regardless of whether such stock is owned directly or indirectly as such terms are used in the SEC rules promulgated under the Exchange Act). The Compensation, Corporate Governance and Nominating Committee may waive or modify these requirements in certain situations.

Equity Plans

Each NEO participates in long-term equity incentive compensation plans as do virtually all of American Capital's officers. The Compensation Committee and the American Capital board of directors believe that stock-based incentives are necessary to attract, motivate and retain outstanding executives and to align their interests with those of American Capital's stockholders. Stock-based compensation advances the interests of American Capital, but, as a BDC, American Capital is restricted under the Investment Company Act in the forms of incentive compensation that it can provide to its employees. For instance, American Capital generally cannot compensate employees with restricted stock or stock appreciation rights and American Capital's ability to issue stock options is restricted in ways not applicable to most other public companies. Moreover, American Capital competes with numerous private equity, mezzanine and hedge funds for its NEOs and investment professionals. These funds typically pay to their partners and employees 20% of the gains (including capital gains) of each fund under management. This payment is commonly referred to as a carried interest, but the Investment Company Act generally prohibits American Capital from compensating its officers and employees in this manner. American Capital has established two types of long-term equity based incentive plans based on these considerations.

Options. Stock options are a key element of American Capital's named executive officers' compensation and American Capital currently maintain several Option Plans, which provide for the grant of nonqualified stock options. However, American Capital has not adopted any new employee stock option plan since 2009, and, since mid-2012, nearly all of the shares of Common Stock available for grant under options have been allocated. The Compensation Committee administers the Option Plans for employee participants. Under the Investment Company Act, a majority of American Capital's disinterested directors must approve option awards and their terms. The considerations in awarding options to NEOs are generally the same as are used to establish each NEO's base salary, although their weighting may be different in each case.

Options may be exercised during a period of no more than ten years following grant and the terms of each option grant set forth the vesting period. Vesting may be accelerated under certain circumstances, and it is automatically accelerated upon specified change of control transactions. The exercise price and other corresponding terms of outstanding options may be adjusted to reflect the effect of stock splits, stock dividends and recapitalizations, but not cash dividends. Section 61(a) of the Investment Company Act imposes certain requirements on American Capital Option Plans including that the options must expire no later than ten years from grant, the options must not be separately transferable other than by gift, will or intestacy, the exercise price at the date of issuance must not be less than the current market price for the underlying stock, the plan must be approved by a majority of disinterested directors and by stockholders and American Capital must not have a profit-sharing plan as described in the Investment Company Act.

Moreover, under the Investment Company Act, American Capital can only issue new options if the number of shares of common stock covered by outstanding options is no more than 20% of the outstanding shares. In addition to there being few shares available under the terms of the Option Plans as noted above, the number of shares covered by outstanding options is close to the 20% limit. It

should be noted that, as American Capital repurchased shares of Common Stock in recent years, the Investment Company Act limit on the number of shares covered by outstanding options also declined.

Given these limitations, American Capital did not award any options to its named executive officers in 2015, and it is unlikely that American Capital will award any options to them in 2016. Nevertheless, American Capital believes that the interests of its named executive officers will remain aligned with stockholders given the number of previously granted stock options that remain outstanding.

Performance Incentive Plan Incentive Awards. As discussed above, American Capital believes that its employee compensation plans must provide an economic interest in American Capital that is similar to that generally provided to partners and employees of management companies of private equity, mezzanine and hedge funds. American Capital believes that its Option Plans only partially fulfill this objective. First, they do not allow option holders to share in any cash dividends paid on American Capital common stock. While American Capital has not paid cash dividends on Common Stock in recent years, historically, dividends represented a significant portion of the value received by stockholders. In addition, American Capital has materially increased its management of assets in externally managed funds. This involves the raising of capital by entities other than American Capital and does not involve the sale of shares of American Capital common stock. As noted above, American Capital is limited in its ability to issue additional options by the number of outstanding shares of Common Stock. Therefore, by using options alone, American Capital may not be able to compensate employees at competitive levels commensurate with the amount of assets under management.

Thus, in order to further align employees and stockholders, to address the fact that option holders do not receive the benefit of cash dividends on American Capital common stock and to reflect the additional assets under management through externally managed funds, American Capital established the PIP (formerly known as the Incentive Bonus Plan) in 2006. It is an unfunded bonus program intended to be exempt from the Employment Retirement Income Security Act, or ERISA.

Incentive Awards, in which all employees have been eligible to participate, are made under the PIP. Prior to 2015, short-term cash incentives were also made under the PIP. American Capital established a trust fund to provide a vehicle for funding the payment of the Incentive Awards under the Trust. The trustee of the Trust is First State Trust Company. In the past American Capital made contributions of cash to the Trust based on the Incentive Awards approved by the Compensation Committee. Pursuant to the trust agreement, American Capital instructs the trustee, subject to its fiduciary duty, to invest this cash and any other cash generated by trust assets in money market securities for short-term investment purposes and in shares of American Capital common stock for long-term investment purposes, which are purchased on the open market. Shares of American Capital common stock held in the Trust are enrolled in the dividend reinvestment plan and any dividends paid on these shares have been reinvested in American Capital common stock.

Each participant has a bookkeeping account, which is allocated a hypothetical, or notional, number of shares of American Capital common stock, generally based on the amount of each participant's cash awards divided by the average open-market purchase price for the Common Stock purchased by the Trust in connection with the respective awards. Once these notional shares are allocated to a participant's account, the Incentive Awards are tied directly to the interests of stockholders as the value is directly related to the market price of American Capital common stock. Moreover, if cash dividends are paid on American Capital common stock, the notional value of the dividends attributable to the participant's account is credited to the account, in the form of additional notional shares. Thus, the participant could receive a benefit from any cash dividends, something not possible under the Option Plans, further aligning the interests of plan participants with those of stockholders since participants share similarly in any appreciation or decline in American Capital stock price.

The considerations in awarding Incentive Awards to NEOs are generally the same as American Capital uses to establish each NEO's base salary, although their weighting may be different in each case. Each participant vests in Incentive Awards in accordance with a vesting schedule specified by the Compensation Committee. Vesting is generally based on continued employment, with a vesting schedule generally of two to six years. Vesting is accelerated upon a participant's employment termination as a result of death or disability, or upon a change of control.

Participants are generally eligible to receive distributions of the vested portions of Incentive Awards immediately upon vesting. All distributions are made by the Trust in Common Stock. Participants have generally been able to elect to defer the payment of the vested portions of Incentive Awards to a later distribution date (or dates) allowed by the Compensation Committee and as permitted under Section 409A of the Code (but generally no later than ten years after the date of grant). Notwithstanding any deferral election, the vested portion of a participant's PIP account will generally be paid on the participant's termination or upon a change of control. A participant is required to satisfy withholding taxes upon vesting and distribution dates. Incentive Awards under the PIP are included in the "Stock Awards" column of the Summary Compensation Table above in the section titled "American Capital Executive Compensation," although the NEOs do not receive stock directly from American Capital, as discussed above.

In recent years, American Capital has made few Incentive Awards, although as a result of deferrals in past years, the current NEOs generally have significant balances in their PIP accounts. In 2011 and 2012, no Incentive Awards were made, and in 2013, only nominal awards were made. Other than as discussed above in the section entitled "American Capital Executive Compensation" with regard to Mr. Wilkus, American Capital made no Incentive Awards to NEOs in 2014, 2015 or to date in 2016 and American Capital does not anticipate making any in 2016.

In 2015, the American Capital board of directors approved a new equity incentive plan, which was to be submitted to stockholders for approval in connection with the spin-off transaction. However, there are now no plans to seek stockholder approval for or otherwise implement such a plan in 2016.

DESCRIPTION OF ARES CAPITAL'S CAPITAL STOCK

As a result of the Transactions, American Capital stockholders who receive shares of Ares Capital common stock pursuant to the merger agreement will become stockholders of Ares Capital. Your rights as stockholders of Ares Capital will be governed by Maryland law, the Ares Capital charter and the Ares Capital bylaws. The following description of the material terms of Ares Capital's capital stock, including the common stock to be issued pursuant to the merger agreement, reflects the anticipated state of affairs upon the completion of the Transactions. Ares Capital urges you to read the applicable provisions of Maryland law, the Ares Capital charter and the Ares Capital bylaws carefully and in their entirety.

Stock

Ares Capital's authorized stock consists of 500,000,000 shares of stock, par value \$0.001 per share, all of which are currently designated as common stock. Ares Capital common stock trades on NASDAQ under the symbol "ARCC." On [•], 2016, the last reported sales price of Ares Capital common stock on NASDAQ was \$[•] per share. There are no outstanding options or warrants to purchase Ares Capital's stock. No stock has been authorized for issuance under any equity compensation plans. Under Maryland law, Ares Capital stockholders generally are not personally liable for Ares Capital's indebtedness or obligations.

Under the Ares Capital charter, its board of directors is authorized to classify any unissued shares of stock and reclassify any previously classified but unissued shares of stock into one or more classes or series of stock and authorize the issuance of shares of stock without obtaining stockholder approval. As permitted by the MGCL, the Ares Capital charter provides that a majority of the entire board of directors, without any action by Ares Capital stockholders, may amend the Ares Capital charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that Ares Capital has authority to issue.

Common Stock

All shares of Ares Capital common stock have equal rights as to earnings, assets, dividends and voting and, when they are issued, will be duly authorized, validly issued, fully paid and nonassessable. Distributions may be paid to the holders of Ares Capital common stock if, as and when authorized by Ares Capital's board of directors and declared by Ares Capital out of funds legally available therefor. Shares of Ares Capital common stock have no preemptive, exchange, conversion or redemption rights and are freely transferable, except where their transfer is restricted by federal and state securities laws or by contract.

In the event of a liquidation, dissolution or winding up of Ares Capital, each share of Ares Capital common stock would be entitled to share ratably in all of its assets that are legally available for distribution after Ares Capital pays off all indebtedness and other liabilities and subject to any preferential rights of holders of Ares Capital's preferred stock, if any preferred stock is outstanding at such time.

Each share of Ares Capital common stock is entitled to one vote on all matters submitted to a vote of stockholders, including the election of directors. Except as provided with respect to any other class or series of stock, the holders of Ares Capital common stock will possess exclusive voting power with respect to Ares Capital. There is no cumulative voting in the election of Ares Capital directors, which means that holders of a majority of the outstanding shares of Ares Capital common stock can elect all of Ares Capital's directors, and holders of less than a majority of such shares will be unable to elect any Ares Capital director.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The following are Ares Capital's outstanding classes of capital stock as of September 12, 2016:

| (1) Title of Class | (2) Amount Authorized | (3) Amount Held by Registrant or for its Account | (4) Amount Outstanding Exclusive of Amount Shown Under Column (3) |
|-----------------------|-----------------------------|---|---|
| Common Stock | 500,000,000 | | 313,954,008 |

Preferred Stock

The Ares Capital charter authorizes its board of directors to classify any unissued shares of stock and reclassify any previously classified but unissued shares of stock into other classes or series of stock, including preferred stock. Prior to issuance of shares of each class or series, the board of directors is required by Maryland law and by the Ares Capital charter to set the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, Ares Capital's board of directors could authorize the issuance of shares of Ares Capital preferred stock with terms and conditions that could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of Ares Capital common stock or otherwise be in their best interest.

You should note, however, that any issuance of preferred stock must comply with the requirements of the Investment Company Act. The Investment Company Act requires, among other things, that (1) immediately after issuance and before any dividend or other distribution is made with respect to Ares Capital common stock and before any purchase of common stock is made, such preferred stock together with all other indebtedness and senior securities must not exceed an amount equal to 50% of Ares Capital's total assets after deducting the amount of such dividend, distribution or purchase price, as the case may be and (2) the holders of shares of preferred stock, if any are issued, must be entitled as a class to elect two directors at all times and to elect a majority of the directors if dividends on such preferred stock are in arrears by two years or more. Certain matters under the Investment Company Act require the separate vote of the holders of any issued and outstanding preferred stock. For example, holders of preferred stock would vote separately from the holders of common stock on a proposal to cease operations as a BDC. Ares Capital believes that the availability for issuance of preferred stock may provide Ares Capital with increased flexibility in structuring future financings and acquisitions.

Limitation on Liability of Directors and Officers; Indemnification and Advance of Expenses

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (1) actual receipt of an improper benefit or profit in money, property or services or (2) active and deliberate dishonesty established by a final adjudication as being material to the cause of action. The Ares Capital charter contains such a provision, which eliminates directors' and officers' liability to the maximum extent permitted by Maryland law, subject to the requirements of the Investment Company Act.

The Ares Capital charter authorizes Ares Capital to obligate itself, and the Ares Capital bylaws obligate Ares Capital, to the maximum extent permitted by Maryland law and subject to the requirements of the Investment Company Act, to indemnify any present or former director or officer or any individual who, while a director or officer and at Ares Capital's request, serves or has served another corporation, REIT, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee, from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in that capacity and

to pay or reimburse his or her reasonable expenses in advance of final disposition of a proceeding. The Ares Capital charter and Ares Capital bylaws also permit Ares Capital to indemnify and advance expenses to any person who served a predecessor of Ares Capital in any of the capacities described above and any of Ares Capital's employees or agents or any employees or agents of Ares Capital's predecessor. In accordance with the Investment Company Act, Ares Capital will not indemnify any person for any liability to which such person would be subject by reason of such person's willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office.

In addition to the indemnification provided for in the Ares Capital bylaws, Ares Capital has entered into indemnification agreements with each of its current directors and certain of its officers and with members of its investment adviser's investment committee and Ares Capital intends to enter into indemnification agreements with each of its future directors, members of its investment committee and certain of its officers. The indemnification agreements provide these directors, officers and other persons the maximum indemnification permitted under Maryland law and the Investment Company Act. The agreements provide, among other things, for the advancement of expenses and indemnification for liabilities that such person may incur by reason of his or her status as a present or former director or officer or member of Ares Capital's investment adviser's investment committee in any action or proceeding arising out of the performance of such person's services as a present or former director or officer or member of Ares Capital's investment adviser's investment committee.

Maryland law requires a corporation (unless its charter provides otherwise, which the Ares Capital charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made or threatened to be made a party by reason of his or her service in that capacity. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or are threatened to be made a party by reason of their service in those or other capacities unless it is established that (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (A) was committed in bad faith or (B) was the result of active and deliberate dishonesty, (2) the director or officer actually received an improper personal benefit in money, property or services or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. However, under Maryland law, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that a personal benefit was improperly received, unless in either case a court orders indemnification, and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (1) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (2) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

Provisions of the MGCL, Ares Capital Charter and Ares Capital Bylaws

The MGCL, Ares Capital charter and the Ares Capital bylaws contain provisions that could make it more difficult for a potential acquiror to acquire Ares Capital by means of a tender offer, proxy contest or otherwise. These provisions are expected to discourage certain coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of Ares Capital to negotiate first with Ares Capital's board of directors. Ares Capital believes that the benefits of these provisions outweigh the potential disadvantages of discouraging any such acquisition proposals because, among other things, the negotiation of such proposals may improve their terms.

Classified Board of Directors

Ares Capital's board of directors is divided into three classes of directors serving staggered three-year terms, with the term of office of only one of the three classes expiring each year. A classified board may render a change in control of Ares Capital or removal of Ares Capital's incumbent management more difficult. Ares Capital believes, however, that the longer time required to elect a majority of a classified board of directors helps to ensure the continuity and stability of Ares Capital's management and policies.

Election of Directors

The Ares Capital bylaws provide that the affirmative vote of the holders of a majority of the outstanding shares of stock entitled to vote in the election of directors will be required to elect a director. Pursuant to the Ares Capital charter, Ares Capital's board of directors may amend the Ares Capital bylaws to alter the vote required to elect directors.

Number of Directors; Vacancies; Removal

The Ares Capital charter provides that the number of directors will be set only by the board of directors in accordance with the Ares Capital bylaws. The Ares Capital bylaws provide that a majority of Ares Capital's entire board of directors may at any time increase or decrease the number of directors. However, unless the Ares Capital bylaws are amended, the number of directors may never be less than four or more than eleven. The Ares Capital charter sets forth its election, subject to certain requirements, to be subject to the provision of Subtitle 8 of Title 3 of the MGCL regarding the filling of vacancies on the board of directors. Accordingly, except as may be provided by the board of directors in setting the terms of any class or series of preferred stock, any and all vacancies on the board of directors may be filled only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any director elected to fill a vacancy will serve for the remainder of the full term of the directorship in which the vacancy occurred and until a successor is elected and qualifies, subject to any applicable requirements of the Investment Company Act.

The Ares Capital charter provides that a director may be removed only for cause, as defined in the Ares Capital charter, and then only by the affirmative vote of Ares Capital stockholders entitled to cast at least two-thirds of the votes entitled to be cast generally in the election of directors.

Action by Stockholders

Under the MGCL and the Ares Capital charter, stockholder action can be taken only at an annual or special meeting of stockholders or by unanimous written or electronically transmitted consent instead of a meeting. These provisions, combined with the requirements of the Ares Capital bylaws regarding the calling of a stockholder-requested special meeting of stockholders discussed below, may have the effect of delaying consideration of a stockholder proposal until the next annual meeting.

Advance Notice Provisions for Stockholder Nominations and Stockholder Proposals

The Ares Capital bylaws provide that with respect to an annual meeting of stockholders, nominations of individuals for election to the board of directors and the proposal of business to be considered by stockholders may be made only (1) pursuant to Ares Capital's notice of the meeting, (2) by or at the direction of the board of directors or (3) by a stockholder who is a stockholder of record both at the time of giving the advance notice required by the Ares Capital bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated or on any such other business and who has complied with the advance notice procedures of the Ares Capital bylaws. With respect to special meetings of stockholders, only the business specified in

Ares Capital's notice of the meeting may be brought before the meeting. Nominations of individuals for election to the board of directors at a special meeting may be made only (1) by or at the direction of the board of directors or (2) provided that the Ares Capital special meeting has been called in accordance with the Ares Capital bylaws for the purpose of electing directors, by a stockholder who is a stockholder of record both at the time of giving the advance notice required by the Ares Capital bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated and who has complied with the advance notice provisions of the Ares Capital bylaws.

The purpose of requiring stockholders to give Ares Capital advance notice of nominations and other business is to afford Ares Capital's board of directors a meaningful opportunity to consider the qualifications of the proposed nominees and the advisability of any other proposed business and, to the extent deemed necessary or desirable by Ares Capital's board of directors, to inform stockholders and make recommendations about such qualifications or business, as well as to provide a more orderly procedure for conducting meetings of stockholders. Although the Ares Capital bylaws do not give its board of directors any power to disapprove stockholder nominations for the election of directors or proposals recommending certain action, they may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to Ares Capital and its stockholders.

Calling of Special Meetings of Stockholders

The Ares Capital bylaws provide that special meetings of stockholders may be called by Ares Capital's board of directors and certain of Ares Capital's officers. Additionally, the Ares Capital bylaws provide that, subject to the satisfaction of certain procedural and informational requirements by the stockholders requesting the meeting, a special meeting of stockholders must be called by the secretary of the corporation to act on any matter that may properly be considered at a meeting of stockholders upon the written request of stockholders entitled to cast not less than a majority of all the votes entitled to be cast at such meeting.

Approval of Extraordinary Corporate Action; Amendment of the Ares Capital Charter and Ares Capital Bylaws

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, convert, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business, unless approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. See "Risk Factors Risks Relating to Ares Capital Provisions of the Maryland General Corporation Law and of the Ares Capital charter and Ares Capital bylaws could deter takeover attempts and have an adverse effect on the price of Ares Capital common stock." However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all of the votes entitled to be cast on the matter. The Ares Capital charter generally provides for approval of charter amendments and extraordinary transactions by the stockholders entitled to cast at least a majority of the votes entitled to be cast on the matter. Ares Capital's charter also provides that certain charter amendments and any proposal for Ares Capital's conversion, whether by merger or otherwise, from a closed-end company to an open-end company or any proposal for Ares Capital's liquidation or dissolution requires the approval of the stockholders entitled to cast at least 80 percent of the votes entitled to be cast on such matter. However, if such amendment or proposal is approved by at least two-thirds of Ares Capital's continuing directors (as defined below) (in addition to approval by Ares Capital's board of directors), such amendment or proposal may be approved by a majority of the votes entitled to be cast on such a matter. The "continuing directors" are defined in the Ares Capital charter

as Ares Capital's current directors as well as those directors whose nomination for election by the stockholders or whose election by the directors to fill vacancies is approved by a majority of the continuing directors then on the board of directors.

The Ares Capital charter and Ares Capital bylaws provide that the board of directors will have the exclusive power to adopt, alter or repeal any provision of its the Ares Capital bylaws and to make new bylaws.

No Appraisal Rights

Except with respect to appraisal rights arising in connection with the Control Share Acquisition Act discussed below, as permitted by the MGCL, the Ares Capital charter provides that stockholders will not be entitled to exercise appraisal rights unless a majority of Ares Capital's board of directors determines that such rights will apply, with respect to all or any classes or series of stock, to one or more transactions occurring after the date of such determination in connection with which stockholders would otherwise be entitled to exercise appraisal rights.

Control Share Acquisitions

The Control Share Acquisition Act provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of at least two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by employees who are directors of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock that, if aggregated with all other shares of stock owned by the acquiror or in respect of which the acquiror is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority or more of all voting power.

The requisite stockholder approval must be obtained each time an acquiror crosses one of the thresholds of voting power set forth above. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of issued and outstanding control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the board of directors of the corporation to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including an undertaking to pay the expenses of the meeting. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the corporation may redeem for fair value any or all of the control shares, except those for which voting rights have previously been approved. The right of the corporation to redeem control shares is subject to certain conditions and limitations, including, as provided in the Ares Capital bylaws, compliance with the Investment Company Act, which will prohibit any such redemption other than in limited circumstances. Fair value is determined, without regard to the absence of voting rights for the control shares, as of the date of any meeting of stockholders at which the voting rights of the shares are considered and not approved or, if no such

meeting is held, as of the date of the last control share acquisition by the acquiror. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The Control Share Acquisition Act does not apply (1) to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (2) to acquisitions approved or exempted by the charter or bylaws of the corporation.

The Ares Capital bylaws contain a provision exempting from the Control Share Acquisition Act any and all acquisitions by any person of Ares Capital's shares of stock and, as a result, any control shares of Ares Capital will have the same voting rights as all of the other shares of Ares Capital common stock. Such provision could be amended or eliminated at any time in the future. However, Ares Capital will amend the Ares Capital bylaws to be subject to the Control Share Acquisition Act only if the board of directors determines that it would be in Ares Capital's best interests and Ares Capital determines (after consultation with the Staff) that Ares Capital's being subject to the Control Share Acquisition Act does not conflict with the Investment Company Act.

Business Combinations

Under Maryland law, "business combinations" between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, share exchange or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined as:

any person who, directly or indirectly, beneficially owns 10% or more of the voting power of the corporation's outstanding voting stock; or

an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner, directly or indirectly, of 10% or more of the voting power of the then outstanding stock of the corporation.

A person is not an interested stockholder under this statute if the board of directors approved in advance the transaction by which such person otherwise would have become an interested stockholder. However, in approving a transaction, the board of directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the five-year prohibition, any business combination between the corporation and an interested stockholder generally must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

The statute permits various exemptions from its provisions, including business combinations that are exempted by the board of directors before the time that the interested stockholder becomes an interested stockholder. Ares Capital's board of directors has adopted a resolution that any business combination between Ares Capital and any other person is exempted from the provisions of the Business Combination Act, provided that the business combination is first approved by the board of directors, including a majority of the independent directors. This resolution, however, may be altered or repealed in whole or in part at any time. If this resolution is repealed, or the board of directors does not otherwise approve a business combination, the statute may discourage others from trying to acquire control of Ares Capital and increase the difficulty of consummating any offer.

Conflict with the Investment Company Act

The Ares Capital bylaws provide that, if and to the extent that any provision of the MGCL, including the Control Share Acquisition Act (if Ares Capital amends the Ares Capital bylaws to be subject to such act) and the Business Combination Act, or any provision of the Ares Capital charter or Ares Capital bylaws conflicts with any provision of the Investment Company Act, the applicable provision of the Investment Company Act will control.

ARES CAPITAL DIVIDEND REINVESTMENT PLAN

Ares Capital has adopted a dividend reinvestment plan that provides for reinvestment of any distributions it declares in cash on behalf of its stockholders, unless a stockholder elects to receive cash as provided below. As a result, if Ares Capital's board of directors authorizes, and Ares Capital declares, a cash dividend, then Ares Capital stockholders who have not "opted out" of its dividend reinvestment plan will have their cash dividends automatically reinvested in additional shares of its common stock, rather than receiving the cash dividends.

No action is required on the part of a registered stockholder to have their cash dividend reinvested in shares of Ares Capital common stock. A registered stockholder may elect to receive an entire cash dividend in cash by notifying Computershare, the plan administrator and Ares Capital's transfer agent and registrar, in writing so that such notice is received by the plan administrator no later than the record date fixed by the board of directors for dividends to stockholders. The plan administrator will set up an account for shares acquired through the dividend reinvestment plan for each stockholder who has not elected to receive dividends in cash and hold such shares in non-certificated form. Upon request by a stockholder participating in the dividend reinvestment plan, received in writing no later than ten days prior to the record date, the plan administrator will, instead of crediting fractional shares to the participant's account, issue a check for any fractional share.

Those stockholders whose shares are held by a broker or other financial intermediary may receive dividends in cash by notifying their broker or another financial intermediary of their election.

Ares Capital intends to use primarily newly issued shares to implement the dividend reinvestment plan (so long as its shares are trading at or at a premium to net asset value). If Ares Capital's shares are trading at a discount to net asset value and Ares Capital is otherwise permitted under applicable law to purchase such shares, Ares Capital intends to purchase shares in the open market in connection with Ares Capital's obligations under Ares Capital's dividend reinvestment plan. However, Ares Capital reserves the right to issue new shares of Ares Capital common stock in connection with its obligations under the dividend reinvestment plan even if Ares Capital's shares are trading below net asset value. If newly issued shares are used to implement the dividend reinvestment plan, the number of shares to be issued to a stockholder shall be determined by dividing the total dollar amount of the dividend payable to such stockholder by the market price per share of Ares Capital common stock at the close of regular trading on NASDAQ on the dividend payment date. Market price per share on that date shall be the closing price for such shares on NASDAQ or, if no sale is reported for such day, at the average of their reported bid and asked prices. If shares are purchased in the open market to implement the dividend reinvestment plan, the number of shares to be issued to a stockholder shall be determined by dividing the dollar amount of the cash dividend payable to such stockholder by the weighted average price per share for all shares purchased by the plan administrator in the open market in connection with the dividend. The number of shares of Ares Capital common stock to be outstanding after giving effect to payment of the dividend cannot be established until the value per share at which additional shares will be issued has been determined and elections of Ares Capital stockholders have been tabulated.

There are no brokerage charges or other charges to stockholders who participate in the dividend reinvestment plan. The plan administrator's fees under the plan are paid by Ares Capital. If a participant elects by notice to the plan administrator in advance of termination to have the plan administrator sell part or all of the shares held by the plan administrator in the participant's account and remit the proceeds to the participant, the plan administrator is authorized to deduct a transaction fee of up to \$15 plus a \$0.12 per share fee from the proceeds.

Stockholders whose cash dividends are reinvested in shares of Ares Capital common stock are subject to the same U.S. federal, state and local tax consequences as are stockholders who elect to receive their dividends in cash. A stockholder's initial basis for determining gain or loss upon the sale of stock received in a dividend from Ares Capital will be equal to the total dollar amount of the

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

dividend payable to the stockholder. Any stock received on reinvestment of a cash dividend will have a new holding period for tax purposes commencing on the day following the day on which the shares are credited to the U.S. stockholder's account.

Participants may terminate their accounts under the dividend reinvestment plan by notifying the plan administrator via its website at www.computershare.com/investor, by filling out the transaction request form located at bottom of their statement and sending it to the plan administrator at P.O. Box 30170, College Station, TX 77842-3170 or by calling the plan administrator's hotline at 1-866-365-2497.

The dividend reinvestment plan may be terminated by Ares Capital upon notice in writing mailed to each participant at least 30 days prior to any record date for the payment of any dividend by Ares Capital. All correspondence concerning the dividend reinvestment plan should be directed to the plan administrator via the Internet at www.computershare.com/investor, by mail at P.O. Box 30170, College Station, TX 77842-3170 or by telephone at 1-866-365- 2497.

Additional information about Ares Capital's dividend reinvestment plan may be obtained by contacting the plan administrator via the Internet at www.computershare.com/investor, by mail at P.O. Box 30170, College Station, TX 77842-3170 or by telephone at 1-866-365- 2497.

AMERICAN CAPITAL DIVIDEND REINVESTMENT PLAN

American Capital has adopted a dividend reinvestment plan that allows for stockholders to invest cash dividends and distributions in additional shares of American Capital's common stock. Pursuant to the dividend reinvestment plan, a stockholder whose shares are registered in his, her or its own name may "opt-in" to the plan and elect to reinvest all or a portion of his, her or its dividends in shares of American Capital's common stock by providing the required enrollment notice to Computershare Trust Company, American Capital's dividend reinvestment plan administrator. A stockholder may terminate participation in American Capital's dividend reinvestment plan at any time by notifying such dividend reinvestment administrator before the record date of the next dividend or distribution through the Internet, by telephone or in writing. All distributions to stockholders who do not participate in American Capital's dividend reinvestment plan will be paid by check mailed directly to the record holder by or under the direction of such dividend reinvestment plan administrator when American Capital's board of directors declares a dividend or distribution.

American Capital stockholders whose shares are held in the name of a broker or other nominee may have distributions reinvested only if such a service is provided by the broker or the nominee or if the broker or the nominee permits participation in the dividend reinvestment plan. Stockholders whose shares are held in the name of a broker or other nominee should contact the broker or nominee for details.

When American Capital declares a dividend or distribution, stockholders who are participants in American Capital's dividend reinvestment plan receive the equivalent of the amount of the dividend or distribution in shares of American Capital's common stock. American Capital's dividend reinvestment plan administrator will generally purchase shares from American Capital as newly issued or treasury shares at a 2% discount from the "market price". However, if the market price per share of American Capital's common stock on the dividend payment date does not exceed 110% of the NAV per share of American Capital's common stock, the dividends will be invested in shares purchased in the open market and not from American Capital. In such an event, the shares will be sold to participants at the average per share purchase price. The "market price" of American Capital's common stock on a particular date will be equal to the average of the daily high and low trading prices reported in *The Wall Street Journal* NASDAQ listings for the five days on which trading of shares take place immediately prior to the dividend or distribution payment date. American Capital believes that in most, if not all cases, reinvested dividends will be made in newly issued or treasury shares. Alternatively, American Capital's board of directors may choose to contribute newly issued shares of American Capital's common stock to such dividend reinvestment plan, in lieu of the payment of cash dividends on shares held in such dividend reinvestment plan. American Capital's dividend reinvestment plan administrator applies all cash received on account of a dividend or distribution as soon as practicable, but in no event later than 30 days, after the payment date of the dividend or distribution except to the extent necessary to comply with applicable provisions of the federal securities laws. The number of shares to be received by the American Capital's dividend reinvestment plan participants on account of the dividend or distribution is calculated on the basis of the average price of all shares purchased for that 30 day period, including brokerage commissions, and is credited to their accounts as of the payment date of the dividend or distribution.

American Capital's dividend reinvestment plan administrator maintains all stockholder accounts in such dividend reinvestment plan and furnishes written confirmations of all transactions in the account, including information needed by stockholders for personal and tax records. American Capital's common stock in the account of each dividend reinvestment plan participant is held by American Capital's dividend reinvestment plan administrator in non-certificated form in the name of the participant, and each stockholder's proxy includes shares purchased pursuant to such dividend reinvestment plan.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

There is no charge to participants for reinvesting dividends and capital gains distributions. The fees of American Capital's dividend reinvestment plan administrator for handling the reinvestment of dividends and capital gains distributions are included in the fee to be paid by American Capital to American Capital's transfer agent. There are no brokerage charges with respect to shares issued directly by American Capital as a result of dividends or capital gains distributions payable either in shares or in cash. However, each participant bears a pro rata share of brokerage commissions incurred with respect to American Capital's dividend reinvestment plan administrator's open market purchases in connection with the reinvestment of such dividends or distributions.

The automatic reinvestment of such dividends or distributions does not relieve participants of any income tax that may be payable on such dividends or distributions.

Additional information about American Capital's dividend reinvestment plan may be obtained by contacting American Capital at its principal office, which is located at 2 Bethesda Metro Center, 14th Floor, Bethesda, MD 20814, Attention: Investor Relations or by contacting American Capital's dividend reinvestment plan administrator at the following address: Computershare Trust Company, N.A., P.O. Box 30170, College Station, TX 77842-3170, or calling (800) 733-5001 (U.S. and Canada) (781) 575-3400 (outside U.S. and Canada) or through the Internet, at www.computershare.com.

COMPARISON OF STOCKHOLDER RIGHTS

The following is a summary of the material differences between the rights of Ares Capital and American Capital stockholders, but does not purport to be a complete description of those differences or a complete description of the specific rights of such holders. Furthermore, the identification of some of the differences in the rights of American Capital stockholders and Ares Capital stockholders as material is not intended to indicate that other differences that may be equally important do not exist. The following discussion is qualified by reference to the Ares Capital charter and the Ares Capital bylaws, the American Capital certificate of incorporation and the American Capital bylaws, the MGCL and the DGCL. These documents are incorporated by reference in this document and will be sent to stockholders of American Capital upon request. See "Where You Can Find More Information."

As a Maryland corporation, Ares Capital is subject to the MGCL. As a Delaware corporation, American Capital is subject to the DGCL. Although the MGCL and the DGCL are similar in most respects, there are a number of differences between the two statutes, many (but not all) of which are summarized below. In addition, there is a substantial body of case law in Delaware interpreting the corporation laws of that state. A comparable body of judicial interpretation does not exist in Maryland such that there may be less certainty as to the outcome of matters governed by Maryland corporation law than would be the case under Delaware corporation law.

Specifically, among the material differences between Ares Capital and American Capital stockholder rights are that Ares Capital has a classified board whereas all of the directors of American Capital are elected annually and that American Capital stockholders have the power to amend the American Capital bylaws whereas the Ares Capital board of directors has the exclusive power to amend the Ares Capital bylaws. Further, the companies vary in the requirements necessary to amend their respective charters, the vote and cause requirements for the removal of directors, the advance notice required for stockholder nominations of directors and other business proposals, the percentage of share ownership required to call a special meeting and the exercise of appraisal and inspection rights. For more information, see the table below.

Authorized Stock

**Rights of Ares Capital
Stockholders**

Ares Capital is authorized to issue 500,000,000 shares of stock, consisting of 500,000,000 shares of common stock, \$0.001 par value per share.

Pursuant to the Ares Capital charter, the board of directors may amend the charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series without stockholder approval.

The Ares Capital charter authorizes its board of directors to classify and reclassify any unissued shares of stock into other classes or series of stock, including preferred stock.

On September 12, 2016, there were 313,954,008 shares of common stock issued and outstanding.

Voting Rights

The MGCL provides that, unless a corporation's charter provides otherwise, each share is entitled to one vote. Each holder of Ares Capital common stock is entitled to one vote per share on all matters upon which stockholders are entitled to vote.

The Ares Capital bylaws provide that, unless a greater or lesser vote is required by law (including the Investment Company Act) or by the Ares Capital charter, a majority of the votes cast at a meeting of stockholders duly called and at which a quorum is present shall be sufficient to approve any matter which may properly come before such meeting.

**Rights of American Capital
Stockholders**

American Capital is authorized to issue 1,050,000,000 shares of stock, consisting of 1,000,000,000 shares of voting common stock, \$0.01 par value per share, and 5,000,000 shares of preferred stock, \$0.01 par value per share.

The American Capital certificate of incorporation permits its board of directors to authorize the issue of one or more classes of preferred stock and, with respect to each such class, to fix by resolution or resolutions the voting powers, full or limited, if any, of the shares of such class and the designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof.

On September 12, 2016, there were 215,985,202 shares of common stock and no shares of preferred stock issued.

The American Capital bylaws provide that, unless otherwise provided in any resolution(s) of its board of directors providing for any class or series of preferred stock, by any other provision of the American Capital certificate of incorporation, or by the DGCL, each American Capital stockholder shall be entitled to one vote, in person or by written proxy, for each share held of record by such stockholder that is entitled to vote generally in the election of directors.

A majority of votes cast at a meeting of stockholders duly called and at which a quorum is present decides all matters except as otherwise required by the DGCL or as provided for in the American Capital certificate of incorporation or the American Capital bylaws. Abstentions are not considered to be votes cast.

| | Rights of Ares Capital Stockholders | Rights of American Capital Stockholders |
|------------------------------------|---|--|
| Quorum | <p>The Ares Capital bylaws provide that a quorum for a stockholder meeting consists of the presence, in person or by proxy, of the holders of shares entitled to cast a majority of votes entitled to be cast, except with respect to any matter that, under applicable statutes or regulatory requirements, requires approval by a separate vote of one or more classes of stock, in which case the presence, in person or by proxy, of the holders of shares entitled to cast a majority of the votes entitled to be cast by each such class on such a matter will constitute a quorum.</p> | <p>The American Capital bylaws provide that a quorum consists of the holders of at least a majority of the votes entitled to be cast by the issued American Capital stock entitled to vote on the matters at issue, present in person or represented by proxy, except as otherwise required by the DGCL. In the event of a lack of a quorum, the chairman of such meeting or a majority in interest of the stockholders, present in person or represented by proxy, may adjourn such meeting from time to time without notice other than an announcement at such meeting, until a quorum shall be obtained. At any such adjourned meeting at which there is a quorum, any business may be transacted that might have been transacted at the meeting originally called.</p> |
| Number of Directors | <p>A majority of the entire board of directors may establish, increase or decrease the number of directors, provided that the number of directors will never be less than four nor more than eleven directors.</p> <p>Ares Capital's board of directors is currently comprised of nine members.</p> | <p>The number of directors will be as authorized from time to time exclusively by a majority vote of the members of the board of directors then in office. However, the number of directors may not be increased by 50% or more in any 12-month period without the approval of at least 66²/₃% of the members of the board of directors then in office.</p> <p>American Capital's board of directors is currently comprised of ten members.</p> |
| Classification of Directors | <p>The MGCL provides that a Maryland corporation may divide the directors into classes and may provide for a term of office which may not be more than five years, provided that the term of at least one class of directors must expire each year.</p> | <p>The DGCL permits a classified board of directors, pursuant to which the directors can be divided into two or three classes with staggered terms of office, with only one class of directors standing for election each year.</p> |

**Rights of Ares Capital
Stockholders**

Ares Capital's directors are classified, with respect to the terms for which they severally hold office, into three classes, as nearly equal in number as possible as determined by the board of directors. At each annual meeting of stockholders, the successors to the class of directors whose term expires at such meeting are elected to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election and until their successors are duly elected and qualify.

**Rights of American Capital
Stockholders**

American Capital does not have a classified board of directors. American Capital's directors are elected by the stockholders at each annual meeting. Each director holds office for a one-year term ending at the next annual meeting of stockholders and until such director's successor has been duly elected and qualified.

**Vote Required for Director
Election**

Pursuant to the Ares Capital charter and the Ares Capital bylaws, directors are elected by the affirmative vote of the holders of a majority of the shares of stock outstanding and entitled to vote thereon.

The American Capital bylaws provide that each director is elected by a majority of the votes cast with respect to the director (for this purpose, a majority of the votes cast means that the number of votes cast "for" a director nominee exceed the votes cast "against" that nominee); provided that if the number of nominees exceeds the number of directors to be elected, the directors are elected by the vote of a plurality of the votes cast.

Removal of Directors

As permitted by the MGCL, the Ares Capital charter provides that, subject to the rights of holders of one or more classes or series of subsequently established stock to elect or remove directors, any director or the entire board of directors may be removed from office, but only for cause and by the affirmative vote of stockholders entitled to cast not less than two-thirds of the votes entitled to be cast generally in the election of directors. "Cause" is defined in the Ares Capital charter as the conviction of a felony or a final judgment of a court of competent jurisdiction

As permitted by the DGCL, the American Capital certificate of incorporation provides that, except as may be provided in any resolution(s) of the board of directors providing for any class of preferred stock with respect to any directors elected by the holders of such class, any director or the entire board of directors may be removed from office at any time with or without cause by the affirmative vote of the holders of at least a majority of the voting power of all of the shares of capital stock of American Capital then entitled to vote generally in the election of directors, voting

**Rights of Ares Capital
Stockholders**

holding that such director caused demonstrable, material harm to Ares Capital through bad faith or active and deliberate dishonesty.

**Rights of American Capital
Stockholders**

together as a single class.

Transactions with Directors

Pursuant to the MGCL, no contract or transaction between a corporation and any of its directors (or any entity in which a director is a director or has a material financial interest) is void or voidable solely because of the common directorship or interest, or because such director is present at the meeting at which the matter is ratified or votes for such matter at said meeting, if: (i) the fact of the common directorship or interest is disclosed or made known to the other directors and the contract or transaction is approved by a majority of disinterested directors although less than a quorum; (ii) the fact of the common directorship or interest is disclosed or made known to stockholders and the contract or transaction is approved by a majority of votes cast by disinterested stockholders, even if less than a quorum; or (iii) the contract or transaction is fair and reasonable to the corporation. The MGCL also provides that directors of "investment companies" (as defined in the Investment Company Act) making any decision or taking any action as directors are deemed independent and disinterested unless they fit the definition of "interested person" under the Investment Company Act. The Investment Company Act specifically provides that a person is not interested solely by reason of being a director, owner of securities or family member of a director or owner of securities.

The DGCL provides that no contract or transaction between a corporation and one or more of its directors or officers (or any entity in which a director or officer is a director or officer or has a financial interest) shall be void or voidable solely for that reason, or solely because the director or officer is present at or participates in the meeting of the board of directors or committee thereof which authorizes the contract or transaction, or solely because any such director's votes are counted for such purpose, if: (i) the material facts as to the director's or officer's relationship or interest and as to the transaction are disclosed or are known to the board of directors or a committee thereof, and the board of directors or committee in good faith authorizes the transaction by the affirmative vote of a majority of the disinterested directors, even though the disinterested directors represent less than a quorum; (ii) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon and the transaction is specifically approved in good faith by vote of the stockholders; or (iii) the contract or transaction is fair to the corporation as of the time it is authorized, approved, or ratified, by the board of directors, a committee of the board of directors, or the stockholders. Interested directors may be counted in determining the presence of a quorum at a meeting of the board of directors or of a committee of the board of directors

**Rights of Ares Capital
Stockholders**

**Rights of American Capital
Stockholders**

which authorizes the corporation's entrance into any such transaction or contract.

Vacancies

Pursuant to Subtitle 8 of Title 3 of the MGCL, Ares Capital has elected to provide that any vacancy may be filled only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any director elected to fill a vacancy will serve for the remainder of the full term of the class in which the vacancy occurred and until a successor is duly elected and qualifies.

Any vacancies in the board of directors for any reason and any newly created directorships resulting by reason of any increase in the number of directors may be filled only by the board of directors, acting by a majority of the remaining directors then in office, although less than a quorum, or by a sole remaining director, and any directors so appointed will hold office until the next annual election of directors and until their successors are elected and qualified.

**Advance Notice of Director
Nominations and New Business**

The Ares Capital bylaws require advance written notice for stockholders to nominate a director or bring other business before a meeting of stockholders. For an annual meeting, a stockholder must deliver notice to the secretary of Ares Capital not earlier than the 150th day and not later than 5:00 p.m., New York time, on the 120th day prior to the first anniversary of the date the proxy statement for the previous year's annual meeting was released to stockholders. However, if the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the previous year's annual meeting, notice by the stockholder must be given not earlier than the 150th day prior to the date of such meeting and not later than 5:00 p.m., New York time, on the later of the 120th day prior to the date of such meeting or the tenth day following the day on which public announcement of the date of such meeting is first made. For

The American Capital bylaws require advance written notice for stockholders to nominate a director or bring other business before a meeting of stockholders. For an annual meeting, a stockholder must deliver notice to the secretary of American Capital not less than 60 nor more than 90 days prior to the date of the meeting. However, if the annual meeting is called to be held before the first Tuesday in the month of February, notice by the stockholder must be delivered no later than the close of business on the tenth day following the day on which notice of the date of the annual meeting was given. For a special meeting, a stockholder must deliver notice to the secretary of American Capital no later than the close of business on the tenth day following the day on which notice of the date of the special meeting was given.

Director nominations by American Capital stockholders shall be made by written notice,

**Rights of Ares Capital
Stockholders**

a special meeting at which directors are to be elected, a stockholder must deliver notice to the secretary of Ares Capital not earlier than the 150th day prior to the meeting and not later than 5:00 p.m., New York time, on the later of the 120th day prior to the meeting or the tenth day following the day on which public announcement of the date of the meeting is made.

In the event that the number of directors to Ares Capital's board of directors is increased and there is no public announcement of such action at least 130 days prior to the first anniversary of the date the proxy statement for the preceding year's annual meeting was released to stockholders, a stockholder's notice shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the secretary of Ares Capital not later than the tenth day following the day on which such public announcement is first made by Ares Capital.

Director nominations by Ares Capital stockholders shall be made by written notice, which shall include, as to each individual being nominated, (A) all information relating to the nominee that would be required to be disclosed in connection with the solicitation of proxies for the election of such nominee as a director in an election contest or that would otherwise be required in connection with such solicitation and (B) whether the nominating stockholder believes the individual nominated is an "interested person" of Ares Capital (as defined in the Investment Company Act) and whether the nominee is or is not

**Rights of American Capital
Stockholders**

or a "nomination notice," which shall set forth (i) as to each individual nominated, (A) the name, date of birth, business and residence address of such individual; (B) the business experience during the past five years of such individual, including his or her principal occupations and employment during such period, the name and principal business of any corporation or other organization in which such occupations and employment were carried on and such other information as to the nature of his or her responsibilities and level of professional competence as may be sufficient to permit assessment of his or her prior business experience; (C) whether the individual is or has ever been at any time a director, officer or owner of 5% or more of any class of capital stock, partnership interests or other equity interest of any corporation, partnership or other entity; (D) any directorships held by such nominee in any company with a class of securities registered pursuant to Section 12 of the Exchange Act, or subject to the requirements of Section 15(d) of the Exchange Act or any company registered as an investment company under the Investment Company Act; and (E) whether, in the last five years, such individual has been convicted in a criminal proceeding or has been subject to a judgment, order, finding or decree of any federal, state or other governmental entity, concerning any violation of federal, state or other law, or any proceeding in bankruptcy, which conviction, judgment, order, finding, decree or proceeding may be material to an evaluation of the ability or

**Rights of Ares Capital
Stockholders**

"independent" pursuant to the NASDAQ listing requirements, and any information regarding the individual nominated that is sufficient to make either such determination. The notice must also include, as to the individual nominated and the nominating stockholder, (i) the class, series and number of any shares of Ares Capital stock that is owned by such individual, the date on which any such stock was acquired, the investment intent of such acquisition, and any short interest in the stock; (ii) the nominee holder for any securities owned beneficially but not of record by the individual nominated or the nominating stockholder; (iii) whether and the extent to which such individual nominated or the nominating stockholder directly or indirectly is subject to, or during the last six months, has engaged in any hedging, derivative or other transaction or any other agreement the effect of which is to manage risk of, or benefit from, changes in price of Ares Capital securities, or increase or decrease the voting power disproportionately to such person's economic interest in the security; (iv) any direct or indirect substantial interest (other than an interest arising from ownership of stock) where the individual nominated or nominating stockholder receives any extra or special benefit not shared on a pro rata basis by all other holders of the same class or series of stock; (v) the name and address of the nominating stockholder and any person acting in concert with such person; (vi) the investment strategy of the nominating stockholder and any person acting in concert with such person; and (vii) to the extent

**Rights of American Capital
Stockholders**

integrity of such individual; and (ii) as to the person submitting the nomination notice and any person acting in concert with such person, (x) the name and business address of such person(s), (y) the name and address of such person(s) and as they appear on American Capital's books (if they so appear) and (z) the class and number of shares of American Capital which are beneficially owned by such person(s). A written consent to being named in a proxy statement as a nominee, and to serve as a director if elected, signed by the individual nominated, shall be filed with any nomination notice. If the presiding officer at any stockholder meeting determines that a nomination was not made in accordance with the procedures prescribed by the American Capital bylaws, such presiding officer shall so declare to the meeting and the defective nomination shall be disregarded.

Further, the American Capital bylaws provide that no proposal for a stockholder vote shall be submitted by a stockholder unless the stockholder submitting such proposal, or the "proponent," shall have filed a written notice setting forth with particularity (i) the names and business addresses of the proponent and all persons (as such term is defined in Section 3(a)(9) of the Exchange Act) acting in concert with the proponent; (ii) the names and addresses of the proponent and the persons identified in clause (i), as they appear on American Capital's books (if they so appear); (iii) the class and number of shares of American Capital beneficially owned by the proponent and the persons identified in clause (i) ;

**Rights of Ares Capital
Stockholders**

known by the stockholder giving the notice, the name and address of any other stockholder supporting the individual nominated for election as a director on the date of such nominating stockholder's notice.

Further, a notice of a stockholder proposal must include, as to the stockholder proposing business, the (i) class, series and number of any shares of Ares Capital stock that is owned by such individual, the date on which any such stock was acquired, the investment intent of such acquisition, and any short interest in the stock; (ii) the nominee holder for any securities owned beneficially but not of record by the proposing stockholder; (iii) whether and the extent to which the proposing stockholder directly or indirectly is subject to, or during the last six months, has engaged in any hedging, derivative or other transaction or any other agreement the effect of which is to manage risk of, or benefit from, changes in price of Ares Capital securities, or increase or decrease the voting power disproportionately to such person's economic interest in the security; (iv) any direct or indirect substantial interest (other than an interest arising from ownership of stock) where the proposing stockholder receives any extra or special benefit not shared on a pro rata basis by all other holders of the same class or series of stock; (v) the name and address of the proposing stockholder and any person acting in concert with such person; (vi) the investment strategy of the proposing stockholder and any person acting in concert with such person; and (vii) to the extent known by the stockholder giving the notice, the

**Rights of American Capital
Stockholders**

(iv) a description of such stockholder proposal containing all material information relating thereto; and (v) such other information as American Capital's board of directors reasonably determines is necessary or appropriate to enable American Capital's board of directors and stockholders to consider the stockholder proposal. Upon receipt of the stockholder proposal and prior to the stockholder meeting at which such stockholder proposal will be considered, if American Capital's board of directors or a designated committee or the officer who will preside at such stockholder meeting determines that the information provided in a stockholder proposal does not satisfy the informational requirements of the American Capital bylaws, or is otherwise not in accordance with law, the secretary of American Capital shall promptly notify the proponent of the deficiency in such stockholder proposal. The proponent shall have an opportunity to cure the deficiency by providing additional information to the secretary within the period of time, not to exceed five days from the date such deficiency notice is given to the proponent, determined by the board of directors, such committee or such officer. If the deficiency is not cured within such period, or if American Capital's board of directors, such committee or such officer determines that the additional information provided by the proponent, together with the information previously provided, does not satisfy the requirements stated in the American Capital bylaws, then such proposal shall

**Rights of Ares Capital
Stockholders**

name and address of any other stockholder supporting the proposal of business on the date of such proposing stockholder's notice.

**Rights of American Capital
Stockholders**

not be presented for action at the meeting in question.

Amendment of Charter

Except as set forth in the following sentence, the Ares Capital charter may be amended only if the amendment is declared advisable by the board of directors and approved by the affirmative vote of stockholders entitled to cast a majority of the votes entitled to be cast on the matter. Certain amendments relating to (i) making the common stock a "redeemable security" or converting Ares Capital, whether by merger or otherwise, from a "closed-end company" to an "open-end company," (ii) effecting any liquidation or dissolution, (iii) the number, classification and election of directors, (iv) the removal of directors and (v) charter amendments and extraordinary actions requiring the approval of stockholders entitled to cast at least 80% of the votes entitled to be cast on the matter, unless the amendment is approved by at least two-thirds of Ares Capital's continuing directors (in addition to approval by the board of directors), in which case such amendment requires only a majority vote. "Continuing directors" are defined in the Ares Capital charter as the current directors as well as those directors whose nomination for election by the stockholders or whose election by the directors to fill vacancies is approved by a majority of the continuing directors then on the board of directors.

Additionally, as permitted by the MGCL, the Ares Capital charter provides that a majority of Ares Capital's board of directors may amend the Ares Capital charter

Except as may be provided in any resolution(s) of American Capital's board of directors providing for any class of preferred stock and which relate to such class of preferred stock, any amendment of the American Capital certificate of incorporation requires the affirmative vote of both a majority of the members of the board of directors then in office and a majority of the combined voting power of all of the shares of all classes of capital stock then entitled to vote generally in the election of directors.

Notwithstanding the anything contained in the American Capital certificate of incorporation to the contrary, the affirmative vote of the holders of at least 75% of the combined voting power of all of the shares of all classes of capital stock then entitled to vote is required to amend certain provisions of the American Capital certificate of incorporation relating to the board of directors.

**Rights of Ares Capital
Stockholders**

from time to time without stockholder approval to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series.

**Rights of American Capital
Stockholders**

Amendment of Bylaws

As permitted by the MGCL, Ares Capital's board of directors has the exclusive power to adopt, alter or repeal any provision of the Ares Capital bylaws and to make new bylaws.

As permitted by the DGCL, American Capital's board of directors has the power to adopt, amend, alter, change or repeal any of the American Capital bylaws by a vote of the majority of the board of directors then in office. In addition, the stockholders may adopt, amend, alter, change or repeal any of the American Capital bylaws by the affirmative vote of the holders of at least 75% of the combined voting power of all of the shares of all classes of capital stock then entitled to vote generally in the election of directors.

**Mergers, Consolidations and Sale
of Assets**

Subject to certain exceptions, Ares Capital may merge, consolidate, convert, sell, lease, exchange or otherwise transfer all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business only if such transaction is declared advisable by the board of directors and approved by the affirmative vote of stockholders entitled to cast a majority of the votes entitled to be cast on the matter. Notwithstanding the foregoing, a liquidation requires the approval of stockholders entitled to cast at least 80% of the votes entitled to be cast on the matter, unless the liquidation is approved by at least two-thirds of continuing directors (in addition to approval by the board of directors), in which case such liquidation requires only a majority vote.

Subject to certain exceptions, American Capital may merge, consolidate, convert, sell, lease, exchange or otherwise transfer all or substantially all of its assets or engage in similar transactions outside the ordinary course of business only if such transaction or, in the case of a merger or consolidation, the agreement of merger or consolidation is declared advisable by the board of directors and approved by the holders of a majority of the outstanding stock entitled to vote thereon or, in the case of a conversion, the holders of all outstanding shares of stock, whether voting or nonvoting.

| | Rights of Ares Capital Stockholders | Rights of American Capital Stockholders |
|---|---|---|
| Dissolution | <p>Except as set forth in the following sentence, Ares Capital may dissolve only if the dissolution is declared advisable by a majority of the entire board of directors and approved by the affirmative vote of stockholders entitled to cast at least 80% of the votes entitled to be cast on the matter. If the dissolution is approved by at least two-thirds of continuing directors (in addition to approval by the board of directors), the dissolution will require the approval of stockholders entitled to cast only a majority of the votes entitled to be cast on the matter.</p> | <p>American Capital may dissolve only if the dissolution is declared advisable by a majority of the whole board of directors and approved by the holders of a majority of the outstanding stock entitled to vote thereon.</p> |
| Business Combinations with Interested Stockholders | <p>Under the MGCL, certain "business combinations" (including a merger, consolidation, statutory share exchange and, in certain circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities) between a Maryland corporation and any person who beneficially owns, directly or indirectly, 10% or more of the voting power of the corporation's outstanding voting stock or an affiliate or associate of the corporation who beneficially owned, directly or indirectly, 10% or more of the voting power of the corporation's then outstanding stock at any time within the preceding two years, in each case referred to as an "interested stockholder," or an affiliate thereof, are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. Thereafter, any such business combination must be recommended by the board of directors and approved by the affirmative vote of at least (i) 80% of the votes entitled to be cast by</p> | <p>Section 203 of the DGCL prohibits a public Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the time at which such person became an interested stockholder unless: (i) prior to such time, the board of directors approved either the business combination or transaction in which the stockholder became an interested stockholder; (ii) upon becoming an interested stockholder, the stockholder owned at least 85% of the corporation's outstanding voting stock other than shares held by directors who are also officers and certain employee benefit plans; or (iii) the business combination is approved by both the board of directors and by holders of at least two-thirds of the corporation's outstanding voting stock (at a meeting and not by written consent), excluding shares owned by the interested stockholder. For these purposes, a "business combination" includes mergers, asset sales and other similar transactions with an</p> |

**Rights of Ares Capital
Stockholders**

holders of outstanding shares of voting stock of the corporation and (ii) two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder or its affiliates or associates. The super-majority vote requirements do not apply, however, to business combinations that are approved or exempted by the board of directors prior to the time that the interested stockholder becomes an interested stockholder or if the business combination satisfies certain minimum price, form-of-consideration and procedural requirements.

Pursuant to the Business Combination Act, the Ares Capital board of directors has adopted a resolution exempting any business combination between Ares Capital and any other person from the business combination statute described above, provided that the business combination is first approved by the board of directors, including a majority of the independent directors.

**Rights of American Capital
Stockholders**

"interested stockholder," and "interested stockholder" means a stockholder that, together with its affiliates and associates, owns (or, under certain circumstances, has owned within the prior three years) more than 15% of the outstanding voting stock. Although Section 203 of the DGCL permits a corporation to elect not to be governed by its provisions, American Capital has not made this election.

Control Share Acquisitions

Under the MGCL, control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of stockholders entitled to cast two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by employees who are directors of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock which, if aggregated with all other shares of stock owned by the acquiror or in respect of which the acquiror is able to exercise or direct the

The DGCL does not contain a similar provision.

**Rights of Ares Capital
Stockholders**

**Rights of American Capital
Stockholders**

exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power: (i) one-tenth or more but less than one-third; (ii) one-third or more but less than a majority; or (iii) a majority or more of all voting power. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of issued and outstanding control shares, subject to certain exceptions. The Maryland Control Share Acquisition Act does not apply, however, to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or to acquisitions approved or exempted by the charter or bylaws of the corporation.

Pursuant to the Maryland Control Share Acquisition Act, the Ares Capital bylaws contain a provision exempting from the Maryland Control Share Acquisition Act any and all acquisitions by any person of shares of Ares Capital stock.

Unsolicited Takeovers

Under Subtitle 8 of Title 3 of the MGCL, or "Subtitle 8," a Maryland corporation with a class of equity securities registered under the Exchange Act and at least three independent directors may elect to be subject, by provision in its charter or bylaws or by resolution of its board of directors and notwithstanding any contrary provision in the charter or bylaws, to any or all of five provisions: (i) a classified board; (ii) a two-thirds vote requirement for removing a

The DGCL does not contain a similar provision.

**Rights of Ares Capital
Stockholders**

director; (iii) a requirement that the number of directors be fixed only by vote of the directors; (iv) that any and all vacancies on the board of directors may be filled only by the remaining directors, even if the remaining directors do not constitute a quorum, and for the remainder of the full term of the class of directors in which the vacancy occurred; and (v) a majority requirement for the calling of a stockholder-requested special meeting of stockholders.

Pursuant to Subtitle 8, Ares Capital has elected that vacancies on its board of directors may be filled only by a majority of the remaining directors and any director elected to fill a vacancy will serve for the remainder of the full term of the class in which the vacancy occurred. Through provisions in the Ares Capital charter and Ares Capital bylaws unrelated to Subtitle 8, Ares Capital already has a classified board, requires a two-thirds vote for director removal, vests in its board of directors the exclusive power to fix the number of directorships and requires the written request of stockholders entitled to cast a majority of the votes entitled to be cast on any matter that may properly be considered at a meeting of stockholders to call a special meeting to act on such matter.

**Rights of American Capital
Stockholders**

Neither the DGCL nor the American Capital certificate of incorporation allows American Capital's board of directors to consider the effect of a potential acquisition on constituencies other than American Capital and its stockholders.

**Constituency and Related
Provisions**

The MGCL provides that a corporation's charter may include a provision permitting the directors, in considering a potential acquisition of control of the corporation, to consider the effect of the potential acquisition on the corporation's stockholders, employees, customers, creditors, suppliers and communities in

**Rights of Ares Capital
Stockholders**

which offices or other establishments of the corporation are located. Accordingly, directors may reject an offer because of the effect that the acquisition would have on non-stockholder constituencies or accept a lower priced offer that the directors believe is more favorable to all of the corporation's constituencies. The Ares Capital charter does not include such a provision. However, the MGCL also states that the inclusion or absence of such a provision does not create an inference as to what factors may be considered by the board of directors.

**Rights of American Capital
Stockholders**

Appraisal Rights

The Ares Capital charter provides that stockholders will not be entitled to exercise appraisal rights unless a majority of the board of directors determines that appraisal rights will apply, with respect to all or any classes or series of stock, to one or more transactions occurring after the date of such determination in connection with which stockholders would otherwise be entitled to exercise appraisal rights.

Under the DGCL, stockholders who dissent from a merger or consolidation of the corporation have the right to demand and receive payment of the fair value of their stock, as appraised by the Delaware Chancery Court; provided, however, that dissenters' rights are inapplicable (i) to stockholders of a surviving corporation whose vote is not required to approve the merger or consolidation and (ii) to any class of stock listed on a national securities exchange or held of record by more than 2,000 stockholders, unless, in either case, such stockholders are required in the merger to accept in exchange for their shares anything other than (A) shares of the surviving corporation or depository receipts in respect thereof, (B) stock of another corporation which is either listed on a national securities exchange or held of record by more than 2,000 holders, depository receipts in respect thereof, (C) cash in lieu of fractional shares or depository receipts of such corporations or (D) or any combination of the above.

**Rights of Ares Capital
Stockholders**

**Rights of American Capital
Stockholders**

Preemptive Rights

Ares Capital does not grant preemptive rights except as provided by the board of directors in setting the terms of classified or reclassified shares of stock or as otherwise provided by contracts.

Neither the American Capital certificate of incorporation nor the American Capital bylaws contain any additional provisions relating to appraisal rights.

The American Capital certificate of incorporation provides that stockholders have no preemptive rights to acquire additional shares of stock of any class which American Capital may elect to issue or sell.

**Call and Notice of Stockholders'
Meetings**

Annual Meetings. An annual meeting of the stockholders for the election of directors and the transaction of any business within the powers of Ares Capital is held on the date and at the time set by the board of directors.

Annual Meetings. The annual meeting of stockholders of American Capital is held on the first Tuesday in the month of February, unless otherwise specified by resolution adopted by the board of directors.

Special Meetings. Any chairman of the board, the president or a majority of the directors then in office may call a special meeting of the stockholders. Subject to certain conditions, a special meeting of stockholders shall also be called by the secretary of Ares Capital to act on any matter that may properly be considered at a meeting of stockholders upon the written request of stockholders entitled to cast not less than a majority of all the votes entitled to be cast at such meeting. Only the business specified in the notice of the meeting may be brought before such meeting.

Special Meetings. Special meetings of stockholders may be called by the board of directors and shall be called by the chairman of the board at the request of holders of not less than 25% of all the outstanding shares entitled to vote at such meeting. The only business which may be conducted at any such meeting, other than procedural matters and matters relating to the conduct of the meeting, shall be the matter(s) described in the notice of such meeting.

Record Date. The Ares Capital bylaws provide that its board of director may fix a record date not more than 90 days and not less than ten days before the date of any such meeting.

Record Date. The American Capital bylaws provide that its board of directors may fix in advance a future date, not more than 60 days nor less than ten days preceding the date of a stockholder meeting, as the record date for determination of the stockholders entitled to notice of and to vote at any such meeting and any adjournment thereof. Only those stockholders who are stockholders of record on the date

Notice. Not less than 10 nor more than 90 days before each meeting of stockholders, the secretary of Ares Capital will give to each

**Rights of Ares Capital
Stockholders**

stockholder entitled to vote at such meeting or entitled to notice thereof, notice in writing or by electronic transmission stating the time and place of the meeting and, in the case of a special meeting or as otherwise may be required by any law, the purpose for which the meeting is called, by (i) mail, (ii) presenting it to such stockholder personally, (iii) leaving it at the stockholder's residence or usual place of business or (iv) any other means permitted by Maryland law, including electronic transmission.

**Rights of American Capital
Stockholders**

so fixed are entitled to notice of and to vote at such meeting.

Notice. Written notice of each meeting of stockholders stating the date, hour, place and, in the case of a special meeting, the purpose thereof, must be given as provided by law by the secretary or an assistant or deputy secretary of American Capital not less than 10 nor more than 60 days before such meeting (unless a different time is specified by law) to every stockholder entitled by law to notice of such meeting.

Consent in Lieu of Meeting

The MGCL provides that, unless the charter authorizes the holders of common stock entitled to vote generally on the election of directors to consent in writing or by electronic transmission by not less than the minimum number of votes that would be necessary to take action at a stockholders meeting, any action required or permitted to be taken at a meeting may be taken without a meeting only if a unanimous consent setting forth the action is given in writing or by electronic transmission by each stockholder entitled to vote on the matter and filed in paper or electronic form with the records of stockholders meetings. The Ares Capital charter does not address stockholder action without a meeting and, therefore, unanimous consent is required for stockholder action without a meeting.

Pursuant to the American Capital certificate of incorporation, except as may be provided in any resolution(s) of the board of directors providing for any class of preferred stock, any action required or permitted to be taken by the stockholders must be effected at a duly called annual or special meeting and may not be effected by any consent in writing by such stockholders.

Stockholder Inspection Rights

Any stockholder may of a Maryland corporation may make a request during usual business hours to inspect and copy any of the following corporate documents: (i) bylaws; (ii) minutes of the proceedings of the stockholders; (iii) annual

The DGCL provides that any stockholder, in person or by attorney or other agent, shall, upon written demand under oath stating the purpose thereof, have the right during usual business hours to inspect for any purpose reasonably related to such

**Rights of Ares Capital
Stockholders**

statements of affairs; and (iv) voting trust agreements deposited at Ares Capital's principal office. Any stockholder may also request a statement showing all stock and securities issued during a specified period of not more than 12 months before the date of the request. In addition, one or more persons who together are and for at least six months have been stockholders of record of at least five percent of the outstanding stock of any class may (i) inspect and copy during usual business hours Ares Capital's books of account and stock ledger, (ii) present to any officer or resident agent of Ares Capital a written request for a statement of Ares Capital's affairs and (iii) if Ares Capital does not maintain the original or a duplicate stock ledger at its principal office, present to any officer or resident agent of Ares Capital a written request for a list of stockholders, setting forth the name and address of each stockholder and the number of shares of each class which the stockholder holds. Within 20 days after such request is made, Ares Capital must prepare such information and have it available on file at its principal office.

**Rights of American Capital
Stockholders**

person's interest as a stockholder, and to copy: (i) the stock ledger, a list of stockholders and American Capital's other books and records; and (ii) a subsidiary's books and records to the extent that American Capital has actual possession and control of such records or could obtain such records through the exercise of control over such subsidiary, provided that as of the making of the demand (A) the stockholder inspection of such books and records of the subsidiary would not constitute a breach of an agreement between American Capital or the subsidiary and any person(s) not affiliated with American Capital and (B) the subsidiary would not have the right under the law applicable to it to deny American Capital access to such books and records upon demand by American Capital.

In addition, pursuant to the American Capital bylaws, a complete list of stockholders entitled to vote at any meeting of stockholders, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder, shall be prepared by the secretary and be open to the examination of any stockholder, for any purpose germane to such meeting, during ordinary business hours, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of such meeting, or, if not so specified, at the place there such meeting is to be held, for at least ten days before such meeting and at the place of such meeting during the whole time of such meeting.

| | Rights of Ares Capital Stockholders | Rights of American Capital Stockholders |
|--|---|--|
| Dividends and Stock Repurchases | <p>Pursuant to the MGCL, no distribution may be made by Ares Capital if, after giving effect to the distribution, (i) Ares Capital would not be able to pay its indebtedness as the indebtedness becomes due in the usual course of business or (ii) Ares Capital's total assets would be less than the sum of its total liabilities plus, unless its charter permits otherwise, the amount that would be needed, if Ares Capital were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights on dissolution are superior to those receiving the distribution. For purposes of determining compliance with the insolvency tests in clauses (i) and (ii), the MGCL permits assets to be valued on the basis of a "fair valuation" of the assets or upon any other "reasonable" method rather than limiting application of the tests to the financial statements.</p> <p>Pursuant to the Ares Capital bylaws, dividends and other distributions to Ares Capital stockholders may be authorized by the Ares Capital board of directors, subject to the provisions of law and the Ares Capital charter. Dividends and other distributions may be paid in cash, property or stock of Ares Capital, subject to the provisions of applicable law and the Ares Capital charter.</p> | <p>Pursuant to the DGCL, American Capital may pay dividends only out of the surplus of American Capital or, if there is no surplus, out of net profits for the year in which the dividend is declared and/or the preceding fiscal year. Pursuant to the DGCL, dividends may not be declared out of net profits, however, if American Capital's capital has been diminished to an amount less than the aggregate amount of all capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets until the deficiency in the amount of capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets is eliminated. Furthermore, the DGCL generally provides that a Delaware corporation may redeem or repurchase its shares only if the redemption or repurchase would not impair the capital of such corporation.</p> <p>The American Capital certificate of incorporation provides that holders of American Capital common stock shall have the right to receive dividends as and when declared by the board of directors in its sole discretion, subject to any limitations on the declaring of dividends imposed by the DGCL or the rights of holders of preferred stock provided for by resolution(s) of the American Capital board of directors.</p> |

except for liability resulting from (i) actual receipt of an improper benefit or profit in money, property or services or (ii) active and deliberate dishonesty established by a final judgment and which is material to the cause of action. The Ares Capital charter contains a provision which eliminates directors' and officers' liability to the maximum extent permitted by Maryland law.

**Rights of American Capital
Stockholders**

stockholders for monetary damages for breach of fiduciary duty as a director, except for liability resulting from (i) breach of the director's duty of loyalty, (ii) acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law, (iii) unlawful distributions or (iv) any transaction from which the director derived an improper personal benefit. The American Capital certificate of incorporation contains a provision which eliminates directors' liability to the maximum extent permitted by the DGCL, except to the extent a director committed willful misfeasance, bad faith, gross negligence or reckless disregard of such director's duties involved in the conduct of his or her position as director.

**Indemnification of Officers and
Directors**

The MGCL requires a Maryland corporation (unless its charter provides otherwise, which the Ares Capital charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made or threatened to be made a party by reason of his or her service in that capacity. Maryland law permits a Maryland corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or threatened to be made a party by reason of their service in those or other capacities unless it is established that: (1) the act or omission of the director or officer was

The DGCL permits a Delaware corporation to indemnify any director, officer, employee or agent who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation) against judgments, fines and amounts paid in settlement actually and reasonably incurred if the person acted in good faith and in a manner reasonably believed to be in or not opposed to the corporation's best interests and, with respect to any criminal proceeding, had no reasonable cause to believe the person's conduct was unlawful. The DGCL permits a Delaware corporation to indemnify any director, officer, employee or agent who was or is a party or is threatened to be made a party to any action by or in the right of the corporation against expenses (including attorneys' fees) actually

**Rights of Ares Capital
Stockholders**

material to the matter giving rise to the proceeding and (A) was committed in bad faith or (B) was the result of active and deliberate dishonesty; (2) the director or officer actually received an improper personal benefit in money, property or services or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. A court may order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification, even though the director or officer did not meet the prescribed standard of conduct or was adjudged liable on the basis that personal benefit was improperly received. However, indemnification for an adverse judgment in a suit by the corporation or in its right, or for a judgment of liability on the basis that personal benefit was improperly received, is limited to expenses. In addition, Maryland law permits a Maryland corporation to advance reasonable expenses to a director or officer upon receipt of (1) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification and (2) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed if it is ultimately determined that the standard of conduct was not met.

To the maximum extent permitted by Maryland law and the Investment Company Act, the Ares Capital charter authorizes the Ares Capital charter to obligate itself, and Ares Capital bylaws obligate it, to indemnify and, without requiring a

**Rights of American Capital
Stockholders**

and reasonably incurred if the person acted in good faith and in a manner reasonably believed to be in or not opposed to the corporation's best interests, except that no indemnification may be made if the person is adjudged liable to the corporation unless and only to the extent the Delaware Court of Chancery or the court in which the action was brought determines that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Delaware Court of Chancery or such other court deems proper. To the extent a present or former director or officer has been successful on the merits or otherwise in defense of any proceeding, the DGCL requires such person to be indemnified against expenses (including attorneys' fees) actually and reasonably incurred.

The American Capital certificate of incorporation provides that each person who was or is made a party or is threatened to be made a party to any action, suit or proceeding whether civil, criminal, administrative or investigative (hereinafter a "proceeding"), by reason of the fact: (a) that he or she is or was a director, officer or employee of American Capital, or (b) that he or she, being at the time a director, officer or employee of American Capital, is or was serving at the request of American Capital as a director, trustee, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (collectively, "another enterprise" or "other

preliminary determination of the ultimate entitlement to indemnification, pay or reimburse reasonable expenses in advance of final disposition of a proceeding to any individual who (1) is a present or former director or officer of Ares Capital and who is made or threatened to be made a party to such proceeding by reason of his or her service in that capacity or (2) while a director or officer of Ares Capital and at the request of Ares Capital, serves or has served as a director, officer, partner or trustee of another corporation or other enterprise and who is made or threatened to be made a party to such proceeding by reason of his or her service in that capacity.

The Ares Capital charter and Ares Capital bylaws permit Ares Capital, with the approval of its board of directors, to provide indemnification and advance of expenses to a person who served a predecessor of Ares Capital in any of the capacities described above and to any employee or agent of Ares Capital or such predecessor.

Ares Capital has indemnification agreements in place with its directors and certain of its senior officers and the members of its investment adviser's investment committee.

enterprise"), whether either in case (a) or in case (b) the basis of such proceeding is alleged action or inaction (x) in an official capacity as a director, officer or employee of American Capital, or as a director, trustee, officer, employee or agent of such other enterprise, or (y) in any other capacity related to American Capital or such other enterprise while so serving as a director, trustee, officer, employee or agent, shall be indemnified and held harmless by American Capital to the fullest extent not prohibited by Section 145 of the DGCL (or any successor provision(s)) as the same exists or may hereafter be amended, respectively (but, in the case of any amendment to Section 145 of the DGCL, with respect to actions taken prior to such amendment, only to the extent that such amendment permits any corporation to provide broader indemnification rights than permitted prior thereto), against all expense, liability and loss (including, without limitation, attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred or suffered by such person in connection therewith if such person satisfied the applicable level of care to permit such indemnification under the DGCL; provided, however, that American Capital is not required to indemnify any person to the extent that such person has committed willful misfeasance, bad faith, gross negligence or reckless disregard involved in the conduct of such person's duties to or for American Capital. Such indemnification shall continue even after such person ceases to be a director, officer or employee

of American Capital, or director, officer, employee or agent of another enterprise; and shall inure to the benefit of such person's heirs, executors and administrators. The right to indemnification conferred: (i) shall be a contract right; (ii) shall not be affected adversely as to such person by any amendment of the American Capital certificate of incorporation with respect to any action or inaction occurring prior to such amendment; and (iii) shall, subject to any requirements imposed by law and the American Capital bylaws, include the right to be paid by American Capital the expenses incurred in defending any such proceeding in advance of its final disposition.

Pursuant to the American Capital certificate of incorporation, American Capital may, to the extent authorized from time to time by American Capital's board of directors, grant rights to indemnification, and to the advancement of expenses, to any employee or agent of American Capital (or any person serving at American Capital's request as a director, trustee, officer, employee or agent of another enterprise) or to persons who are or were a director, officer, employee or agent of any of American Capital's affiliates, predecessor or subsidiary corporations or of a constituent corporation absorbed by American Capital in a consolidation or merger or who is or was serving at the request of such affiliate, predecessor or subsidiary corporation or of such constituent corporation as a director, officer, employee or agent of another enterprise, in each case as determined by

American Capital's board of directors to the fullest extent of the relevant provisions of the American Capital certificate of incorporation in cases of the indemnification and advancement of expenses of directors and officers of American Capital, or to any lesser extent (or greater extent, if permitted by law) determined by American Capital's board of directors.

As permitted by the DGCL, the American Capital certificate of incorporation and the American Capital bylaws permit American Capital to advance expenses incurred by an officer or director of American Capital in defending any civil, criminal, administrative or investigative action, suit, or proceeding, upon delivery to American Capital of an undertaking by or on behalf of such director or officer to repay all amounts so advanced if it shall ultimately be determined that he or she is not entitled to be indemnified by American Capital for such expenses.

American Capital has indemnification agreements in place with its directors and officers.

REGULATION OF ARES CAPITAL

Ares Capital has elected to be regulated as a BDC under the Investment Company Act and has elected to be treated as a RIC under the Code. As with other companies regulated by the Investment Company Act, a BDC must adhere to certain substantive regulatory requirements. The Investment Company Act contains prohibitions and restrictions relating to certain transactions between BDCs and certain affiliates (including any investment advisers or sub-advisers), principal underwriters and certain affiliates of those affiliates or underwriters. Among other things, Ares Capital generally cannot invest in any portfolio company in which a fund managed by Ares or any of its downstream affiliates (other than Ares Capital and its downstream affiliates) currently has an investment (although Ares Capital may co-invest with funds managed by Ares or any of its downstream affiliates, subject to compliance with existing regulatory guidance, applicable regulations and Ares Capital's allocation procedures). Certain types of co-investment transactions would only be permitted pursuant to an exemptive order from the SEC, for which Ares Capital has applied. Any such order will be subject to certain terms and conditions. Further, there is no assurance that the application for exemptive relief will be granted by the SEC.

The Investment Company Act contains certain restrictions on certain types of investments Ares Capital may make. Specifically, Ares Capital may only invest up to 30% of Ares Capital's portfolio in entities that are not considered "eligible portfolio companies" (as defined in the Investment Company Act), including companies located outside of the United States, entities that are operating pursuant to certain exceptions under the Investment Company Act, and publicly traded entities whose public equity market capitalization exceeds the levels provided for under the Investment Company Act.

The Investment Company Act also requires that a majority of Ares Capital's directors be persons other than "interested persons," as that term is defined in Section 2(a)(19) of the Investment Company Act, referred to herein as "independent directors." In addition, the Investment Company Act provides that Ares Capital may not change the nature of its business so as to cease to be, or to withdraw its election as, a BDC unless that change is approved by holders of at least a majority of Ares Capital's outstanding voting securities. Under the Investment Company Act, the vote of holders of at least a "majority of outstanding voting securities" means the vote of the holders of the lesser of: (1) 67% or more of the outstanding shares of Ares Capital common stock present at a meeting or represented by proxy if holders of more than 50% of the shares of Ares Capital common stock are present or represented by proxy or (2) more than 50% of the outstanding shares of Ares Capital common stock.

Ares Capital may invest up to 100% of its assets in securities acquired directly from issuers in privately negotiated transactions. With respect to such securities, Ares Capital may, for the purpose of public resale, be deemed an "underwriter" as that term is defined in the Securities Act. Ares Capital's intention is to not write (sell) or buy put or call options to manage risks associated with the publicly traded securities of Ares Capital's portfolio companies. Ares Capital may enter into hedging transactions to manage the risks associated with interest rate and currency fluctuations. Ares Capital may purchase or otherwise receive warrants or options to purchase the common stock of Ares Capital's portfolio companies in connection with acquisition financings or other investments. In connection with such an acquisition, Ares Capital may acquire rights to require the issuers of acquired securities or their affiliates to repurchase them under certain circumstances. Ares Capital also does not intend to acquire securities issued by any investment company that exceed the limits imposed by the Investment Company Act. Under these limits, Ares Capital generally cannot acquire more than 3% of the voting stock of any investment company (as defined in the Investment Company Act), invest more than 5% of the value of its total assets in the securities of one investment company or invest more than 10% of the value of its total assets in the securities of investment companies in the aggregate. With regard to that portion of Ares Capital's portfolio invested in securities issued by investment companies, it should be noted that such investments might subject Ares Capital stockholders to additional expenses.

SBA Regulation

In April 2015, Ares Capital's wholly owned subsidiary, AVF LP, received a license from the SBA to operate as a SBIC under the provisions of Section 301(c) of the Small Business Investment Act. The SBA places certain limitations on the financing of investments by SBICs in portfolio companies, including regulating the types of financings, restricting investments to only include small businesses with certain characteristics or in certain industries, and requiring capitalization thresholds that may limit distributions to Ares Capital. AVF LP will invest in small businesses, as such term is defined in the SBA regulations, in accordance with SBA regulations and expects that such investments will primarily be in early-stage and/or venture capital-backed companies.

The license from the SBA allows AVF LP to obtain leverage by issuing SBA-guaranteed debentures, subject to the issuance of a capital commitment by the SBA and other customary procedures. SBA-guaranteed debentures carry long-term fixed rates that are generally lower than rates on comparable bank and other debt. Leverage through SBA-guaranteed debentures is subject to required capitalization thresholds. Current SBA regulations limit the amount that any SBIC may borrow to \$150 million. Debentures guaranteed by the SBA have a maturity of ten years, require semi-annual payments of interest and do not require any principal payments prior to maturity. AVF LP is subject to regulation and oversight by the SBA, including requirements with respect to reporting financial information, such as the extent of capital impairment if applicable, on a regular basis and annual examinations conducted by the SBA. The SBA, as a creditor, will have a superior claim to AVF LP's assets over Ares Capital stockholders in the event AVF LP is liquidated or the SBA exercises its remedies under the SBA-guaranteed debentures issued by AVF LP upon an event of default.

SBICs are designed to stimulate the flow of private investor capital to eligible small businesses as defined by the SBA. Under SBA regulations, SBICs may make loans to eligible small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services. Under present SBA regulations, eligible small businesses generally include businesses that (together with their affiliates) have a tangible net worth not exceeding \$19.5 million for the most recent fiscal year and have average annual net income after U.S. federal income taxes not exceeding \$6.5 million (average net income to be computed without benefit of any carryover loss) for the two most recent fiscal years. In addition, an SBIC must invest 25% of its investment capital in "smaller enterprises," as defined by the SBA. The definition of a smaller enterprise generally includes businesses that have a tangible net worth not exceeding \$6.0 million for the most recent fiscal year and have average annual net income after U.S. federal income taxes not exceeding \$2.0 million (average net income to be computed without benefit of any net carryover loss) for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility for designation as an eligible small business or smaller enterprise, which criteria depend on the primary industry in which the business is engaged and is based on such factors as the number of employees and gross revenue. However, once an SBIC has invested in an eligible small business, it may continue to make follow on investments in the company, regardless of the size of the company at the time of the follow on investment.

The SBA prohibits an SBIC from providing funds to small businesses with certain characteristics, such as businesses with the majority of their employees located outside the U.S., or from investing in project finance, real estate, farmland, financial intermediaries or "passive" (i.e., non-operating) businesses. Without prior SBA approval, an SBIC may not invest an amount equal to more than approximately 30% of the SBIC's regulatory capital in any one company and its affiliates.

The SBA places certain limitations on the financing terms of investments by SBICs in portfolio companies (such as limiting the permissible interest rate on debt securities held by an SBIC in a portfolio company). An SBIC may exercise control over a small business for a period of up to seven

years from the date on which the SBIC initially acquires its control position. This control period may be extended for an additional period of time with the SBA's prior written approval.

The SBA restricts the ability of an SBIC to lend money to any of its officers, directors and employees or to invest in associates thereof. The SBA also prohibits, without prior SBA approval, a "change of control" of an SBIC or transfers that would result in any person (or a group of persons acting in concert) owning 10% or more of a class of capital stock of a licensed SBIC. A "change of control" is any event which would result in the transfer of the power, direct or indirect, to direct the management and policies of an SBIC, whether through ownership, contractual arrangements or otherwise.

The SBA regulations require, among other things, an annual periodic examination of a licensed SBIC by an SBA examiner to determine the SBIC's compliance with the relevant SBA regulations, and the performance of a financial audit by an independent auditor.

Qualifying Assets

A BDC must have been organized and have its principal place of business in the United States and must be operated for the purpose of making investments in the types of securities described in (1), (2) or (3) below. Thus, under the Investment Company Act, a BDC may not acquire any asset other than assets of the type listed in Section 55(a) of the Investment Company Act, which are referred to as qualifying assets, unless, at the time the acquisition is made, qualifying assets represent at least 70% of the company's total assets. The principal categories of qualifying assets relevant to Ares Capital's business are the following:

- (1) Securities purchased in transactions not involving any public offering from the issuer of such securities, which issuer (subject to certain limited exceptions):
 - (a) is an eligible portfolio company, or from any person who is, or has been during the preceding 13 months, an affiliated person of an eligible portfolio company, or from any other person, subject to such rules as may be prescribed by the SEC. An eligible portfolio company is defined in the Investment Company Act as any issuer that:
 - (i) is organized under the laws of, and has its principal place of business in, the United States;
 - (ii) is not an investment company (other than a small business investment company wholly owned by the BDC) or a company that would be an investment company but for certain exclusions under the Investment Company Act; and
 - (iii) does not have any class of securities listed on a national securities exchange;
 - (b) is a company that meets the requirements of (a)(i) and (ii) above, but is not an eligible portfolio company because it has issued a class of securities on a national securities exchange, if:
 - (i) at the time of the purchase, Ares Capital owns at least 50% of the (x) greatest number of equity securities of such issuer and securities convertible into or exchangeable for such securities; and (y) the greatest amount of debt securities of such issuer, held by Ares Capital at any point in time during the period when such issuer was an eligible portfolio company; and
 - (ii) Ares Capital is one of the 20 largest holders of record of such issuer's outstanding voting securities; or
 - (c) is a company that meets the requirements of (a)(i) and (ii) above, but is not an eligible portfolio company because it has issued a class of securities on a national securities

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

exchange, if the aggregate market value of such company's outstanding voting and non-voting common equity is less than \$250.0 million.

- (2) Securities of any eligible portfolio company that Ares Capital controls.
- (3) Securities purchased in a private transaction from a U.S. issuer that is not an investment company or from an affiliated person of the issuer, or in transactions incident thereto, if the issuer is in bankruptcy and subject to reorganization or if the issuer, immediately prior to the purchase of its securities, was unable to meet its obligations as they came due without material assistance other than conventional lending or financing arrangements.
- (4) Securities of an eligible portfolio company purchased from any person in a private transaction if there is no ready market for such securities and Ares Capital already owns 60% of the outstanding equity of the eligible portfolio company.
- (5) Securities received in exchange for or distributed on or with respect to securities described in (1) through (4) above, or pursuant to the exercise of warrants or rights relating to such securities.
- (6) Cash, cash items, U.S. Government securities or high-quality debt securities maturing in one year or less from the time of investment.

Managerial Assistance to Portfolio Companies

BDCs generally must offer to make available to the issuer of portfolio securities significant managerial assistance, by either offering, and providing if accepted, significant guidance and counsel concerning the management operations or business objectives of the portfolio company or by exercising a controlling influence over the management or policies of a portfolio company, except in circumstances where either (1) the BDC does not treat such issuer of securities as an eligible portfolio company, or (2) the BDC purchases such securities in conjunction with one or more other persons acting together and one of the other persons in the group makes available such managerial assistance.

Temporary Investments

Pending investment in other types of "qualifying assets," as described above, Ares Capital's investments may consist of cash, cash items, U.S. Government securities or high-quality debt securities maturing in one year or less from the time of investment, which are referred to herein collectively as "temporary investments," so that 70% of Ares Capital's assets are qualifying assets. Typically, Ares Capital will invest in U.S. Treasury bills or in repurchase agreements, provided that such agreements are fully collateralized by cash or securities issued by the U.S. Government or its agencies. A repurchase agreement involves the purchase by an investor, such as Ares Capital, of a specified security and the simultaneous agreement by the seller to repurchase it at an agreed-upon future date and at a price that is greater than the purchase price by an amount that reflects an agreed-upon interest rate. There is no percentage restriction on the proportion of Ares Capital's assets that may be invested in such repurchase agreements. However, if more than 25% of Ares Capital's total assets constitute repurchase agreements from a single counterparty, Ares Capital may not meet the Diversification Tests in order to qualify as a RIC. Thus, Ares Capital does not intend to enter into repurchase agreements with a single counterparty in excess of this limit. Ares Capital's investment adviser will monitor the creditworthiness of the counterparties with which Ares Capital enters into repurchase agreement transactions.

Indebtedness and Senior Securities

Ares Capital is permitted, under specified conditions, to issue multiple classes of indebtedness and one class of stock senior to Ares Capital common stock if Ares Capital's asset coverage, calculated

pursuant to the Investment Company Act, is at least equal to 200% immediately after each such issuance. In addition, while any indebtedness and senior securities remain outstanding, Ares Capital must make provisions to prohibit any distribution to Ares Capital's stockholders or the repurchase of such securities or shares unless it meets the applicable asset coverage ratios at the time of the distribution or repurchase. Specifically, Ares Capital may be precluded from declaring dividends or repurchasing shares of Ares Capital common stock unless its asset coverage is at least 200%. Ares Capital may also borrow amounts up to 5% of the value of its total assets for temporary or emergency purposes without regard to asset coverage. For a discussion of the risks associated with leverage, see "Risk Factors Risks Relating to Ares Capital Regulations governing Ares Capital's operation as a BDC affect its ability to, and the way in which Ares Capital, raises additional capital."

Code of Ethics

Ares Capital and Ares Capital Management have each adopted a code of ethics pursuant to Rule 17j-1 under the Investment Company Act that establishes procedures for personal investments and restricts certain personal securities transactions. Personnel subject to each code may invest in securities for their personal investment accounts, including securities that may be purchased or held by Ares Capital, so long as such investments are made in accordance with the code's requirements. For information on how to obtain a copy of the code of ethics, see "Where You Can Find More Information."

Proxy Voting Policies and Procedures

SEC-registered advisers that have the authority to vote (client) proxies (which authority may be implied from a general grant of investment discretion) are required to adopt policies and procedures reasonably designed to ensure that the adviser votes proxies in the best interests of its clients. Registered advisers also must maintain certain records on proxy voting. In most cases, Ares Capital invests in securities that do not generally entitle it to voting rights in its portfolio companies. When Ares Capital does have voting rights, Ares Capital delegates the exercise of such rights to Ares Capital Management. Ares Capital Management's proxy voting policies and procedures are summarized below:

In determining how to vote, officers of Ares Capital's investment adviser consult with each other and other investment professionals of Ares, taking into account the interests of Ares Capital and its investors as well as any potential conflicts of interest. Ares Capital's investment adviser consults with legal counsel to identify potential conflicts of interest. Where a potential conflict of interest exists, Ares Capital's investment adviser may, if it so elects, resolve it by following the recommendation of a disinterested third party, by seeking the direction of the independent directors of Ares Capital or, in extreme cases, by abstaining from voting. While Ares Capital's investment adviser may retain an outside service to provide voting recommendations and to assist in analyzing votes, Ares Capital's investment adviser will not delegate its voting authority to any third party.

An officer of Ares Capital Management keeps a written record of how all such proxies are voted. Ares Capital's investment adviser retains records of (1) proxy voting policies and procedures, (2) all proxy statements received (or it may rely on proxy statements filed on the SEC's EDGAR system in lieu thereof), (3) all votes cast, (4) investor requests for voting information and (5) any specific documents prepared or received in connection with a decision on a proxy vote. If it uses an outside service, Ares Capital's investment adviser may rely on such service to maintain copies of proxy statements and records, so long as such service will provide a copy of such documents promptly upon request.

Ares Capital's investment adviser's proxy voting policies are not exhaustive and are designed to be responsive to the wide range of issues that may be subject to a proxy vote. In general, Ares Capital's investment adviser votes Ares Capital's proxies in accordance with these guidelines unless: (1) it has

determined otherwise due to the specific and unusual facts and circumstances with respect to a particular vote, (2) the subject matter of the vote is not covered by these guidelines, (3) a material conflict of interest is present or (4) Ares Capital's investment adviser finds it necessary to vote contrary to its general guidelines to maximize stockholder value or the best interests of Ares Capital. In reviewing proxy issues, Ares Capital's investment adviser generally uses the following guidelines:

Elections of Directors

In general, Ares Capital's investment adviser will vote proxies in favor of the management-proposed slate of directors. If there is a proxy fight for seats on a portfolio company's board of directors, or Ares Capital's investment adviser determines that there are other compelling reasons for withholding Ares Capital's vote, it will determine the appropriate vote on the matter. Ares Capital's investment adviser may withhold votes for directors when it (1) believes a direct conflict of interest exists between the interests of the director and the stockholders, (2) concludes that the actions of the director are unlawful, unethical or negligent or (3) believes the board is entrenched in or dealing inadequately with performance problems, and/or acting with insufficient independence between the board and management. Finally, Ares Capital's investment adviser may withhold votes for directors of non-U.S. issuers where there is insufficient information about the nominees disclosed in the proxy statement.

Appointment of Auditors

Ares Capital believes that a portfolio company remains in the best position to choose its independent auditors and Ares Capital's investment adviser will generally support management's recommendation in this regard.

Changes in Capital Structure

Changes in a portfolio company's charter or bylaws may be required by state or federal regulation. In general, Ares Capital's investment adviser will cast Ares Capital's votes in accordance with the management on such proposals. However, Ares Capital's investment adviser will consider carefully any proposal regarding a change in corporate structure that is not required by state or federal regulation.

Corporate Restructurings, Mergers and Acquisitions

Ares Capital believes proxy votes dealing with corporate reorganizations are an extension of the investment decision. Accordingly, Ares Capital's investment adviser will analyze such proposals on a case-by-case basis and vote in accordance with its perception of Ares Capital's interests.

Proposals Affecting Stockholder Rights

Ares Capital will generally vote in favor of proposals that give stockholders a greater voice in the affairs of a portfolio company and oppose any measure that seeks to limit such rights. However, when analyzing such proposals, Ares Capital's investment adviser will balance the financial impact of the proposal against any impairment of stockholder rights as well as of Ares Capital's investment in the portfolio company.

Corporate Governance

Ares Capital recognizes the importance of good corporate governance. Accordingly, Ares Capital's investment adviser will generally favor proposals that promote transparency and accountability within a portfolio company.

Anti-Takeover Measures

Ares Capital's investment adviser will evaluate, on a case-by-case basis, any proposals regarding anti-takeover measures to determine the measure's likely effect on stockholder value dilution.

Stock Splits

Ares Capital's investment adviser will generally vote with management on stock split matters.

Limited Liability of Directors

Ares Capital's investment adviser will generally vote with management on matters that could adversely affect the limited liability of directors.

Social and Corporate Responsibility

Ares Capital's investment adviser will review proposals related to social, political and environmental issues to determine whether they may adversely affect stockholder value. Ares Capital's investment adviser may abstain from voting on such proposals where they do not have a readily determinable financial impact on stockholder value.

Stockholders may obtain information regarding how Ares Capital voted proxies with respect to Ares Capital's portfolio securities during the 12-month period ended June 30, 2016 free of charge by making a written request for proxy voting information to Ares Capital's Investor Relations Department at Ares Capital Corporation, 245 Park Avenue, 44th Floor, New York, New York 10167, by calling Ares Capital at (888) 818-5298 or on the SEC's website at www.sec.gov.

Privacy Principles

Ares Capital endeavors to maintain the privacy of its recordholders and safeguard their non-public personal information. The following information is provided to help recordholders understand what personal information Ares Capital collects, how it protects that information and why, in certain cases, Ares Capital may share information with select other parties.

Generally, Ares Capital will not receive any non-public personal information about recordholders of the common stock of Ares Capital, although certain of Ares Capital's recordholders' non-public information may become available to Ares Capital. The non-public personal information that Ares Capital may receive falls into the following categories:

Information Ares Capital receives from recordholders, whether Ares Capital receives it orally, in writing or electronically. This includes recordholders' communications to Ares Capital concerning their investment;

Information about recordholders' transactions and history with Ares Capital; and

Other general information that Ares Capital may obtain about recordholders, such as demographic and contact information such as a person's address.

Ares Capital discloses non-public personal information about recordholders:

to Ares Capital's affiliates (such as Ares Capital's investment adviser and administrator) and their employees for everyday business purposes;

to Ares Capital's service providers (such as Ares Capital's accountants, attorneys, custodians, transfer agent, underwriters and proxy solicitors) and their employees as is necessary to service recordholder accounts or otherwise provide the applicable service;

to comply with court orders, subpoenas, lawful discovery requests, or other legal or regulatory requirements; or

as allowed or required by applicable law or regulation.

When Ares Capital shares non-public recordholder personal information referred to above, the information is made available for limited business purposes and under controlled circumstances designed to protect its recordholders' privacy. Ares Capital does not permit use of recordholder information for any non-business or marketing purpose, nor does it permit third parties to rent, sell, trade or otherwise release or disclose information to any other party.

Ares Capital's service providers, such as its adviser, administrator and transfer agent, are required to maintain physical, electronic, and procedural safeguards to protect recordholder non-public personal information; to prevent unauthorized access or use; and to dispose of such information when it is no longer required.

Personnel of affiliates may access recordholder information only for business purposes. The degree of access is based on the sensitivity of the information and on personnel need for the information to service a recordholder's account or comply with legal requirements.

If a recordholder ceases to be a recordholder, Ares Capital will adhere to the privacy policies and practices as described above. Ares Capital may choose to modify its privacy policies at any time. Before Ares Capital does so, it will notify recordholders and provide a description of Ares Capital's privacy policy.

In the event of a corporate change in control resulting from, for example, a sale to, or merger with, another entity, or in the event of a sale of assets, Ares Capital reserves the right to transfer non-public personal information of holders of Ares Capital securities to the new party in control or the party acquiring assets.

Other

Ares Capital has designated a chief compliance officer and established a compliance program pursuant to the requirements of the Investment Company Act. Ares Capital is periodically examined by the SEC for compliance with the Investment Company Act.

Ares Capital is required to provide and maintain a bond issued by a reputable fidelity insurance company to protect Ares Capital against larceny and embezzlement. Furthermore, as a BDC, Ares Capital is prohibited from protecting any director or officer against any liability to Ares Capital or its stockholders arising from willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of such person's office.

Compliance with the Sarbanes-Oxley Act of 2002 and NASDAQ Corporate Governance Regulations

The Sarbanes-Oxley Act imposes a wide variety of regulatory requirements on publicly-held companies and their insiders. Many of these requirements affect Ares Capital. The Sarbanes-Oxley Act has required Ares Capital to review Ares Capital's policies and procedures to determine whether Ares Capital complies with the Sarbanes-Oxley Act and the regulations promulgated thereunder. Ares Capital will continue to monitor its compliance with all future regulations that are adopted under the Sarbanes-Oxley Act and will take actions necessary to ensure that Ares Capital is in compliance therewith.

In addition, NASDAQ has adopted various corporate governance requirements as part of its listing standards. Ares Capital believes it is in compliance with such corporate governance listing standards. Ares Capital will continue to monitor its compliance with all future listing standards and will take actions necessary to ensure that it is in compliance therewith.

**CUSTODIAN, TRANSFER AND DIVIDEND PAYING AGENT AND REGISTRAR
OF AMERICAN CAPITAL**

American Capital's securities are held under custodian agreements by PNC Bank, National Association and Wells Fargo Securities Bank, National Association. The addresses of the custodians are 800 17th Street, NW, Washington, D.C. 20006 and Sixth Street and Marquette Avenue, Minneapolis, Minnesota 55479, respectively. American Capital's assets are held under bank custodianship in compliance with the Investment Company Act. Computershare Trust Company acts as American Capital's transfer and dividend paying agent and registrar. The principal business address of Computershare Trust Company is Computershare Trust Company, N.A., P.O. Box 30170, College Station, Texas 77842-3170.

**CUSTODIAN, TRANSFER AND DIVIDEND PAYING AGENT AND REGISTRAR
OF ARES CAPITAL**

Ares Capital's securities are held under a custody agreement by U.S. Bank National Association. The address of the custodian is Corporate Trust Services, One Federal Street, 3rd Floor, Boston, MA 02110. Computershare acts as Ares Capital's transfer agent, dividend paying agent and registrar for Ares Capital common stock. The principal business address of Computershare is 250 Royall Street, Canton, Massachusetts 02021.

BROKERAGE ALLOCATION AND OTHER PRACTICES

Since Ares Capital generally acquires and disposes of its investments in privately negotiated transactions, it infrequently uses brokers in the normal course of business.

Subject to policies established by Ares Capital's board of directors, Ares Capital's investment adviser, Ares Capital Management, is primarily responsible for the execution of the publicly traded securities portion of Ares Capital's portfolio transactions and the allocation of brokerage commissions. Ares Capital's investment adviser does not expect to execute transactions through any particular broker or dealer, but seeks to obtain the best net results for Ares Capital, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm's risk and skill in positioning blocks of securities.

While Ares Capital's investment adviser generally seeks reasonably competitive trade execution costs, Ares Capital will not necessarily pay the lowest spread or commission available. Subject to applicable legal requirements, Ares Capital's investment adviser may select a broker based partly upon brokerage or research services provided to Ares Capital's investment adviser and Ares Capital and any other clients. In return for such services, Ares Capital may pay a higher commission than other brokers would charge if Ares Capital's investment adviser determines in good faith that such commission is reasonable in relation to the services provided.

Ares Capital also pays brokerage commissions incurred in connection with open-market purchases pursuant to its dividend reinvestment plan.

The aggregate amount of brokerage commissions paid by Ares Capital during the three most recent fiscal years is \$66,003.

LEGAL MATTERS

The legality of Ares Capital common stock to be issued pursuant to the merger agreement will be passed upon for Ares Capital by Venable LLP, Baltimore, Maryland.

EXPERTS

The consolidated financial statements of Ares Capital and subsidiaries as of December 31, 2015 and 2014 and for each of the years in the three-year period ended December 31, 2015, and the senior securities table as of December 31, 2015, have been included herein and in the registration statement in reliance upon the reports of KPMG LLP, independent registered public accounting firm, appearing elsewhere herein, and upon the authority of said firm as experts in accounting and auditing.

The audited financial statements of Senior Secured Loan Fund LLC as of and for the years ended December 31, 2015 and December 31, 2014 have been included in the registration statement in reliance upon the report of KPMG LLP, whose report thereon is included as an exhibit to this document, given on the authority of said firm as experts in auditing and accounting.

Ernst & Young LLP, independent registered public accounting firm, has audited the consolidated financial statements of American Capital at December 31, 2015 and 2014, and for each of the three years in the period ended December 31, 2015, the consolidated financial highlights for each of the five years ended December 31, 2015, and the Schedule 12-14 as of and for the year ended December 31, 2015 as set forth in their report dated February 16, 2016. Ernst & Young LLP has also audited the senior securities table of American Capital as of December 31, 2015, as set forth in their report dated July 19, 2016. American Capital has included the consolidated financial statements and consolidated financial highlights, Schedule 12-14, and senior securities table of American Capital in this document and elsewhere in the registration statement in reliance on Ernst & Young LLP's reports, given on their authority as experts in accounting and auditing.

APPRAISAL RIGHTS OF AMERICAN CAPITAL STOCKHOLDERS

General

Under Section 262 of the DGCL, holders of shares of American Capital common stock who do not vote in favor of the adoption of the merger agreement (or otherwise waive appraisal rights) and who properly comply with the procedures specified in Section 262 of the DGCL will be entitled to appraisal rights under Delaware law to have the Delaware Court of Chancery determine the "fair value" of such stockholder's American Capital shares as of the effective time (exclusive of any element of value arising from the accomplishment or expectation of the mergers) and thereafter to receive payment of such "fair value" in cash, together with interest, if any, at the rate specified in Section 262 of the DGCL in lieu of receiving the per share merger consideration. For the avoidance of doubt, to the extent payable pursuant to the terms of the merger agreement, the make-up dividend amount will not be payable to a record holder of issued and outstanding shares of American Capital common stock if such holder demands appraisal of his, her or its shares pursuant to Section 262 of the DGCL.

Pursuant to stockholder voting and support agreements, the following holders of shares of American Capital common stock have irrevocably waived and agreed not to exercise any rights (including under Section 262 of the DGCL) to demand appraisal or rights to dissent from the mergers that they may have under applicable law: Elliott; Elliott International; John R. Erickson; Samuel A. Flax; Brian S. Graff; Neil M. Hahl; Philip R. Harper; Gordon J. O'Brien; Kenneth D. Peterson, Jr.; David G. Richards; and Malon Wilkus. For more information about these stockholder voting and support agreements, including their terms and conditions, see "Description of the Transactions Stockholder Voting and Support Agreements."

The following discussion is not a full summary of the law pertaining to appraisal rights under the DGCL and is qualified in its entirety by the full text of Section 262 of the DGCL that is attached to this document as *Annex F*. All references in Section 262 of the DGCL and in this summary to a "stockholder" are to the record holder of the shares of American Capital common stock. The following discussion does not constitute any legal or other advice, nor does it constitute a recommendation that you exercise your rights to seek appraisal under Section 262 of the DGCL.

Under Section 262 of the DGCL, when a merger is submitted for approval at a meeting of stockholders as in the case of the adoption of the merger agreement, American Capital, not less than 20 days prior to such meeting, must notify each stockholder who was an American Capital stockholder on the record date for notice of such meeting with respect to shares for which appraisal rights are available, that appraisal rights are available and include in the notice a copy of Section 262 of the DGCL. This document constitutes the required notice, and a copy of Section 262 of the DGCL is attached to this document as *Annex F*. A holder of American Capital common stock who wishes to exercise appraisal rights or who wishes to preserve the right to do so should review the following discussion and *Annex F* carefully. Failure to strictly comply with the procedures of Section 262 of the DGCL in a timely and proper manner will result in the loss of appraisal rights. A stockholder who loses his, her or its appraisal rights will be entitled to receive the per share merger consideration.

How to Exercise and Perfect Your Appraisal Rights

American Capital stockholders wishing to exercise the rights to seek an appraisal of their shares must do ALL of the following:

you must not vote in favor of the adoption of the merger agreement (or otherwise waive appraisal rights). Because a proxy that is signed and submitted but does not otherwise contain voting instructions will, unless revoked, be voted in favor of the adoption of the merger agreement, if you vote by proxy and wish to exercise your appraisal rights you must vote against the adoption of the merger agreement or abstain from voting your shares;

you must deliver to American Capital (at the address set forth below) a written demand for appraisal of your shares before the vote on the adoption of the merger agreement at the stockholders' meeting; and

you must continuously hold the shares from the date of making the demand through the effective time.

Voting, in person or by proxy, against, abstaining from voting on or failing to vote on the adoption of the merger agreement will not constitute a written demand for appraisal as required by Section 262 of the DGCL. The written demand for appraisal must be in addition to and separate from any proxy or vote.

Who May Exercise Appraisal Rights

Only a holder of record of shares of American Capital common stock is entitled to demand an appraisal of the shares registered in that holder's name. A demand for appraisal must be executed by or on behalf of the stockholder of record. The demand should set forth, fully and correctly, the stockholder's name as it appears on the stock certificates (or in the stock ledger). The demand must reasonably inform American Capital of the identity of the stockholder and that the stockholder intends to demand appraisal of his, her or its common stock. **Beneficial owners who do not also hold their shares of common stock of record may not directly make appraisal demands to American Capital. The beneficial holder must, in such cases, have the owner of record, such as a bank, brokerage firm or other nominee, submit the required demand in respect of those shares of common stock of record. A record owner, such as a bank, brokerage firm or other nominee, who holds shares of American Capital common stock as a nominee for others, may exercise his, her or its right of appraisal with respect to the shares of American Capital common stock held for one or more beneficial owners, while not exercising this right for other beneficial owners. In that case, the written demand should state the number of shares of American Capital common stock as to which appraisal is sought. Where no number of shares of American Capital common stock is expressly mentioned, the demand will be presumed to cover all shares of American Capital common stock held in the name of the record owner.**

Pursuant to stockholder voting and support agreements, the following holders of shares of American Capital common stock have irrevocably waived and agreed not to exercise any rights (including under Section 262 of the DGCL) to demand appraisal or rights to dissent from the mergers that they may have under applicable law: Elliott; Elliott International; John R. Erickson; Samuel A. Flax; Brian S. Graff; Neil M. Hahl; Philip R. Harper; Gordon J. O'Brien; Kenneth D. Peterson, Jr.; David G. Richards; and Malon Wilkus. See "Description of the Transactions Stockholder Voting and Support Agreements" for additional details regarding the stockholder voting and support agreements.

IF YOU HOLD YOUR SHARES IN BANK OR BROKERAGE ACCOUNTS OR OTHER NOMINEE FORMS, AND YOU WISH TO EXERCISE APPRAISAL RIGHTS, YOU SHOULD CONSULT WITH YOUR BANK, BROKERAGE FIRM OR OTHER NOMINEE, AS APPLICABLE, TO DETERMINE THE APPROPRIATE PROCEDURES FOR THE BANK, BROKERAGE FIRM OR OTHER NOMINEE TO MAKE A DEMAND FOR APPRAISAL OF THOSE SHARES. IF YOU HAVE A BENEFICIAL INTEREST IN SHARES HELD OF RECORD IN THE NAME OF ANOTHER PERSON, SUCH AS A BANK, BROKERAGE FIRM OR OTHER NOMINEE, YOU MUST ACT PROMPTLY TO CAUSE THE RECORD HOLDER TO FOLLOW PROPERLY AND IN A TIMELY MANNER THE STEPS NECESSARY TO PERFECT YOUR APPRAISAL RIGHTS.

If you own shares of American Capital common stock jointly with one or more other persons, as in a joint tenancy or tenancy in common, demand for appraisal must be executed by or for you and all other joint owners. An authorized agent, including an agent for two or more joint owners, may execute the demand for appraisal for a stockholder of record; however, the agent must identify the record owner and expressly disclose the fact that, in making the demand, such person is acting as agent for the

record owner. If you hold shares of American Capital common stock through a broker who in turn holds the shares through a central securities depository nominee, a demand for appraisal of such shares must be made by or on behalf of the depository nominee and must identify the depository nominee as record holder.

If you elect to exercise appraisal rights under Section 262 of the DGCL, you should mail or deliver a written demand to:

American Capital, Ltd.
2 Bethesda Metro Center, 14th Floor
Bethesda, MD 20814
(301) 654-6714

The Surviving Corporation's Actions After Completion of the Mergers

If the mergers are completed, the surviving corporation will give written notice that the mergers have become effective within ten days after the effective time to each American Capital stockholder that did not vote in favor of the adoption of the merger agreement and delivered a written demand for appraisal in accordance with Section 262 of the DGCL. Any American Capital stockholder that has not commenced an appraisal proceeding or joined such a proceeding as a named party may withdraw a demand for appraisal and accept the per share merger consideration, without interest, by delivering a written withdrawal of the demand for appraisal to the surviving corporation, except that any attempt to withdraw made more than 60 days after the effective time will require written approval of the surviving corporation. Within 120 days after the effective time, but not later, any American Capital stockholder that has complied with the requirements of Section 262 of the DGCL and who is otherwise entitled to appraisal rights or the surviving corporation may commence an appraisal proceeding by filing a petition in the Delaware Court of Chancery, with a copy served on the surviving corporation in the case of a petition filed by an American Capital stockholder, demanding a determination of the value of the shares of American Capital common stock held by all such American Capital stockholders. The surviving corporation is under no obligation to file an appraisal petition and has no intention of doing so. If you desire to have your shares appraised, you should initiate any petitions necessary for the perfection of your appraisal rights within the time periods and in the manner prescribed in Section 262 of the DGCL.

Within 120 days after the effective time, any American Capital stockholder that has complied with the provisions of Section 262 of the DGCL will be entitled to receive from the surviving corporation, upon written request, a statement setting forth the aggregate number of shares not voted in favor of the adoption of the merger agreement and with respect to which American Capital has received demands for appraisal, and the aggregate number of holders of those shares. Upon receiving such a written request, the surviving corporation must mail the statement within the later of ten days of receipt by the surviving corporation of the request or ten days after expiration of the period for delivery of demands for appraisal. If you are the beneficial owner of shares of stock held in a voting trust or by a nominee on your behalf you may, in your own name, file an appraisal petition or request from the surviving corporation the statement described in this paragraph.

If a petition for appraisal is duly filed by any holder of American Capital common stock who has properly perfected his, her or its appraisal rights in accordance with the provisions of Section 262 of the DGCL, and a copy of the petition is delivered to the surviving corporation, the surviving corporation will then be obligated, within 20 days after receiving service of a copy of the petition, to provide the Delaware Register in Chancery with a duly verified list containing the names and addresses of all holders who have demanded an appraisal of their shares. The Delaware Court of Chancery will then determine which American Capital stockholders have complied with the provisions of Section 262 of the DGCL and have become entitled to appraisal rights and may require the American Capital

stockholders demanding appraisal who hold certificated shares to submit their stock certificates to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings and the Delaware Court of Chancery may dismiss the proceedings as to any American Capital stockholder who fails to comply with this direction. Where proceedings are not dismissed or the demand for appraisal is not successfully withdrawn, the appraisal proceeding will be conducted as to the shares of American Capital common stock owned by such stockholders in accordance with the rules of the Delaware Court of Chancery, including any rules specifically governing appraisal proceedings. The Delaware Court of Chancery will thereafter determine the fair value of the shares of American Capital common stock at the effective time held by all American Capital stockholders who have properly perfected appraisal rights, exclusive of any element of value arising from the accomplishment or expectation of the mergers. When the fair value is determined, the Delaware Court of Chancery will direct the payment of such fair value, with interest thereon, if any, to the American Capital stockholders entitled to receive the same, upon surrender by such stockholders of their stock certificates or, in the case of book-entry shares, forthwith. Unless the Delaware Court of Chancery in its discretion determines otherwise for good cause shown, interest from the effective time through the date of payment of the judgment will be compounded quarterly and will accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective time and the date of payment of the judgment.

In determining the fair value, and, if applicable, interest, the Delaware Court of Chancery is required to take into account all relevant factors. In *Weinberger v. UOP, Inc.*, the Delaware Supreme Court discussed the factors that could be considered in determining fair value in an appraisal proceeding, stating that "proof of value by any techniques or methods which are generally considered acceptable in the financial community and otherwise admissible in court" should be considered and that "[f]air price obviously requires consideration of all relevant factors involving the value of a company." The Delaware Supreme Court has stated that, in making this determination of fair value, the court must consider market value, asset value, dividends, earnings prospects, the nature of the enterprise and any other factors which could be ascertained as of the date of the merger which throw any light on future prospects of the merged corporation. Section 262 of the DGCL provides that fair value is to be "exclusive of any element of value arising from the accomplishment or expectation of the merger." In *Cede & Co. v. Technicolor, Inc.*, the Delaware Supreme Court stated that such exclusion is a "narrow exclusion [that] does not encompass known elements of value," but which rather applies only to the speculative elements of value arising from such accomplishment or expectation. In *Weinberger*, the Delaware Supreme Court construed Section 262 of the DGCL to mean that "elements of future value, including the nature of the enterprise, which are known or susceptible of proof as of the date of the merger and not the product of speculation, may be considered." An opinion of an investment banking firm as to the fairness from a financial point of view of the consideration payable in a merger is not an opinion as to, and does not in any manner address, fair value under Section 262 of the DGCL. The fair value of your shares as determined under Section 262 of the DGCL could be greater than, the same as, or less than the value of the per share merger consideration. American Capital does not anticipate offering more than the per share merger consideration to any American Capital stockholder exercising appraisal rights and reserve the right to assert, in any appraisal proceeding, that, for purposes of Section 262, the "fair value" of a share of American Capital common stock is less than the value of the per share merger consideration.

If no party files a petition for appraisal within 120 days after the effective time, then all stockholders will lose the right to an appraisal, and will instead receive the per share merger consideration, without interest thereon, less any withholding taxes.

The Delaware Court of Chancery may determine the costs of the appraisal proceeding and may tax those costs against the parties as the Delaware Court of Chancery deems to be equitable under the circumstances. However, costs do not include attorneys and expert witness fees. Each American Capital

stockholder is responsible for its own attorneys and expert witnesses expenses, although, upon application of a stockholder, the Delaware Court of Chancery may order all or a portion of the expenses incurred by any American Capital stockholder in connection with the appraisal proceeding, including reasonable attorneys' fees and the fees and expenses of experts, to be charged pro rata against the value of all shares entitled to appraisal.

Any American Capital stockholder that has duly demanded an appraisal in compliance with Section 262 of the DGCL will not, after the effective time, be entitled to vote the shares of American Capital common stock subject to that demand for any purpose or receive any dividends or other distributions on those shares, except dividends or other distributions payable to holders of record of shares of American Capital common stock as of a record date prior to the effective time.

Any American Capital stockholder that has not commenced an appraisal proceeding or joined such a proceeding as a named party may withdraw a demand for appraisal and accept the per share merger consideration by delivering a written withdrawal of the demand for appraisal to the surviving corporation, except that any attempt to withdraw made more than 60 days after the effective time will require written approval of the surviving corporation. No appraisal proceeding in the Delaware Court of Chancery will be dismissed as to any stockholder without the approval of the Delaware Court of Chancery and such approval may be conditioned on the terms the Delaware Court of Chancery deems just, provided, however, that this provision will not affect the right of any stockholder who has not commenced an appraisal proceeding or joined such proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered in the merger agreement within 60 days. If you fail to perfect, successfully withdraw or lose the appraisal right, your shares will be converted into the right to receive the per share merger consideration, without interest thereon, less any withholding taxes.

Failure to follow the steps required by Section 262 of the DGCL for perfecting appraisal rights may result in the loss of appraisal rights. In that event, you will be entitled to receive the per share merger consideration for your shares in accordance with the merger agreement. In view of the complexity of the provisions of Section 262 of the DGCL, if you are an American Capital stockholder and are considering exercising your appraisal rights under the DGCL, you should consult your own legal advisor.

THE PROCESS OF DEMANDING AND EXERCISING APPRAISAL RIGHTS REQUIRES STRICT COMPLIANCE WITH TECHNICAL PREREQUISITES. IF YOU WISH TO EXERCISE YOUR APPRAISAL RIGHTS, YOU SHOULD CONSULT WITH YOUR OWN LEGAL COUNSEL. TO THE EXTENT THERE ARE ANY INCONSISTENCIES BETWEEN THE FOREGOING SUMMARY AND SECTION 262 OF THE DGCL, THE DGCL WILL GOVERN.

OTHER MATTERS

American Capital

The American Capital board of directors does not intend to bring other matters before the American Capital annual meeting except items incidental to the conduct of the meeting. However, on all other matters properly brought before the meeting, or any adjournments or postponements thereof, by the American Capital board of directors or others, the persons named as proxies in the accompanying proxy, or their substitutes, will vote at their discretion.

Ares Capital

Under Maryland law and the Ares Capital bylaws, the only matters that may be acted on at a special meeting of stockholders are those stated in the notice of special meeting. Accordingly, other than procedural matters relating to the proposals, no other business may properly come before the Ares Capital special meeting. Should any procedural matter requiring a vote of stockholders arise, it is the intention of the persons named in the proxy to vote in accordance with their discretion on such procedural matters. No matters other than the matters described in this document are anticipated to be presented for action at the Ares Capital special meeting or at any adjournment or postponement of such special meeting.

STOCKHOLDER NOMINATIONS AND PROPOSALS FOR THE 2017 ANNUAL MEETING

American Capital

If the Transactions are completed, American Capital will have no public stockholders and there will be no public participation in any of its stockholder meetings that occur after the completion of the Transactions. However, if the Transactions are not completed, or if American Capital is otherwise required to do so under applicable law, American Capital will continue to hold annual meetings of stockholders. Any stockholder nominations or proposals for other business intended to be presented at American Capital's next annual meeting, if any, must be submitted to American Capital as set forth below.

Proposals received from stockholders in accordance with Rule 14a-8 under the Exchange Act are given careful consideration by American Capital's Compensation, Corporate Governance and Nominating Committee and the American Capital board of directors. If a stockholder intends to present a proposal at the next annual meeting of stockholders pursuant to Rule 14a-8 under the Exchange Act, in order for such stockholder proposal to be included in American Capital's proxy statement for that meeting, the proposal must be received by American Capital's Secretary at American Capital, Ltd., 2 Bethesda Metro Center, 14th Floor, Bethesda, Maryland 20814, on or before [•], unless the date of the such annual meeting of stockholders is changed more than 30 days from [•], 2016, in which case the deadline for submission of such proposal pursuant to Rule 14a-8 will be a reasonable time before American Capital begins to print and send its proxy materials.

If such proposal is in compliance with all of the requirements of Rule 14a-8 under the Exchange Act, the proposal will be included in American Capital's proxy statement and proxy card relating to such meeting.

In order for a stockholder proposal submitted outside of Rule 14a-8, including any nominations for the American Capital board of directors made by stockholders, to be considered at the next annual meeting of stockholders, such proposal must be made by written notice (setting forth the information required by the American Capital bylaws) and received by American Capital's Secretary not less than 60 days and not more than 90 days in advance of an annual meeting.

Such proposals should be submitted by certified mail, return receipt requested.

Ares Capital

Stockholders may present proper nominations of candidates for director or other proposals for inclusion in Ares Capital's proxy statement and proxy card for consideration at the 2017 annual meeting of stockholders by submitting such nominations or proposals in writing to the Secretary of Ares Capital in a timely manner, calculated in the manner provided in Rule 14a-8(e) of the Exchange Act, applicable state law the Ares Capital charter, and the Ares Capital bylaws. Ares Capital expects that the 2017 annual meeting of stockholders will be held in April 2017, but the exact date, time and location of such meeting have yet to be determined.

Deadlines for Submitting Stockholder Proposals for Inclusion in Ares Capital's Proxy Statement and Proxy Card

To be considered timely under Rule 14a-8(e) of the Exchange Act for inclusion in Ares Capital's proxy statement and proxy card for a regularly scheduled annual meeting, a stockholder's proposal must be received at Ares Capital's principal executive offices not less than 120 calendar days before the anniversary of the date Ares Capital's proxy statement was released to stockholders for the previous year's annual meeting. Accordingly, a stockholder's proposal must be received no later than November 24, 2016 in order to be included in Ares Capital's proxy statement and proxy card for the 2017 annual meeting.

Deadlines for Submitting Notice of Stockholder Proposals for Consideration at Ares Capital's Annual Meeting

The deadline for submitting notice of a stockholder's nomination of a candidate for director or other proposal for consideration at the 2017 annual meeting, under the Ares Capital bylaws, is not earlier than the 150th day prior to the first anniversary of the date of release of the proxy statement for the preceding year's annual meeting nor later than 5:00 p.m., New York time, on the 120th day prior to the first anniversary of the date of release of the proxy statement for the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the anniversary of the date of the preceding year's annual meeting, notice by the stockholder to be timely must be delivered not earlier than the 150th day prior to the date of such annual meeting and not later than 5:00 p.m., New York time, on the later of (1) the 120th day prior to the date of such annual meeting or (2) the tenth day following the day on which public announcement of the date of such meeting is first made. Accordingly, a stockholder's nomination of a candidate for director or other proposal must be received no earlier than October 25, 2016 and no later than 5:00 p.m., New York time, on November 24, 2016 in order to be considered at the 2017 annual meeting. In order to be considered timely, such notice must be delivered to the Secretary at the principal executive office of Ares Capital and must have all information required under Section 11 of Article II of the Ares Capital bylaws.

STOCKHOLDERS SHARING AN ADDRESS

Only one copy of this document is being delivered to multiple stockholders of Ares Capital and American Capital unless they have previously received contrary instructions from one or more of their stockholders. Stockholders who hold shares in "street name" can request further information on householding through their banks, brokers or other holders of record.

On written or oral request to Computershare, Ares Capital's stock transfer agent at 250 Royall Street, Canton, Massachusetts 02021 (800) 426-5523, Ares Capital will deliver promptly a separate copy of this document to a stockholder at a shared address to which a single copy of this document was delivered. Stockholders sharing an address who wish, in the future, to receive separate copies or a single copy of Ares Capital's proxy statements and annual reports should provide written or oral notice to Computershare at the address and telephone number set forth above. Holders in "street name" who wish, in the future, to receive separate copies or a single copy of Ares Capital's proxy statements and annual reports, must contact their banks and brokers.

On written or oral request to Computershare Trust Company, American Capital's stock transfer agent at Computershare Trust Company, N.A., P.O Box 30170 College Station, TX 77842-3170 (800) 733-5001, American Capital will deliver promptly a separate copy of this document to a stockholder at a shared address to which a single copy of this document was delivered. Stockholders sharing an address who wish, in the future, to receive separate copies or a single copy of American Capital's proxy statements and annual reports should provide written or oral notice to Computershare Trust Company at the address and telephone number set forth above. Holders in "street name" who wish, in the future, to receive separate copies or a single copy of American Capital's proxy statements and annual reports must contact their banks and brokers.

WHERE YOU CAN FIND MORE INFORMATION

Ares Capital has filed with the SEC a registration statement on Form N-14 (of which this document is a part), together with all amendments and related exhibits, under the Securities Act. The registration statement contains additional information about Ares Capital and the securities being offered by this document.

American Capital and Ares Capital are each subject to the informational requirements of the Exchange Act. Accordingly, they must file annual, quarterly and current reports, proxy material and other information with the SEC. You can review and copy such information at the SEC's Public Reference Room at 100 F Street, N.E., Washington D.C. 20549. Such information is also available from the EDGAR database on the SEC's web site at <http://www.sec.gov>. You also can obtain copies of such information, after paying a duplicating fee, by sending a request by e-mail to publicinfo@sec.gov or by writing the SEC's Public Reference Branch, Office of Consumer Affairs and Information Services, Securities and Exchange Commission, Washington, D.C. 20549. You may obtain information on the operation of the SEC's Public Reference Room by calling the SEC at (202) 551-8090 or (800) SEC-0330.

The information Ares Capital files with the SEC is available free of charge by contacting it at 245 Park Avenue, 44th Floor, New York, New York 10017 or by telephone at (212) 750-7300 or on its website at www.arescapitalcorp.com. Information contained on Ares Capital's website is not incorporated into this document and you should not consider such information to be part of this document.

The information American Capital files with the SEC is available free of charge by contacting it at 2 Bethesda Metro Center, 14th Floor, Bethesda, Maryland 20814 or by telephone at (301) 951-6122 or on its website at www.americancapital.com. Information contained on American Capital's website is not incorporated into this document and you should not consider such information to be part of this document.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders
Ares Capital Corporation:

We have audited the accompanying consolidated balance sheet of Ares Capital Corporation (and subsidiaries) (the Company) as of December 31, 2015 and 2014, including the consolidated schedule of investments as of December 31, 2015 and 2014, and the related consolidated statements of operations, stockholders' equity, and cash flows, and the financial highlights (included in note 14), for each of the years in the three-year period ended December 31, 2015. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2015 and 2014, by correspondence with custodians, or by other appropriate audit procedures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Ares Capital Corporation (and subsidiaries) as of December 31, 2015 and 2014, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2015, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Ares Capital Corporation's internal control over financial reporting as of December 31, 2015, based on criteria established in *Internal Control Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated February 24, 2016 expressed as an unqualified opinion on the effectiveness of Ares Capital Corporation's internal control over financial reporting.

As explained in note 8 to the consolidated financial statements, the accompanying consolidated financial statements include investments valued at \$9.1 billion (175% of net assets), whose fair values have been estimated by the Board of Directors and management in the absence of readily determinable fair values. Such estimates are based on financial and other information provided by management of its portfolio companies, pertinent market and industry data, as well as input from independent valuation firms. These investments are valued in accordance with FASB ASC 820, *Fair Value Measurement*, which requires the Company to assume that the portfolio investments are sold in a principal market to market participants. The Company has considered its principal market as the market in which the Company exits its portfolio investments with the greatest volume and level of activity. ASC 820 specifies a hierarchy of valuation techniques based on whether the inputs to these valuation techniques are observable or unobservable. \$9.1 billion of investments at December 31, 2015 are valued based on unobservable inputs. Because such valuations, and particularly valuations of private investments and private companies, are inherently uncertain, they may fluctuate significantly over short periods of time. These determinations of fair value could differ materially from the values that would have been utilized had a ready market for these investments existed.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders
Ares Capital Corporation:

We have audited Ares Capital Corporation's (the Company) internal control over financial reporting as of December 31, 2015, based on criteria established in *Internal Control Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Ares Capital Corporation's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Ares Capital Corporation maintained, in all material respects, effective internal control over financial reporting as of December 31, 2015, based on criteria established in *Internal Control Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Ares Capital Corporation (and subsidiaries) as of December 31, 2015 and 2014, including the consolidated schedule of investments as of December 31, 2015 and 2014, and the related consolidated statements of operations, stockholders' equity, and cash flows, and the financial highlights (included in note 14), for each of the years in the three-year period ended December 31, 2015, and our report dated February 24, 2016 expressed an unqualified opinion on those consolidated financial statements.

- (1) Other than the Company's investments listed in footnote 7 below (subject to the limitations set forth therein), the Company does not "Control" any of its portfolio companies, for the purposes of the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the "Investment Company Act"). In general, under the Investment Company Act, the Company would "Control" a portfolio company if the Company owned more than 25% of its outstanding voting securities (i.e., securities with the right to elect directors) and/or had the power to exercise control over the management or policies of such portfolio company. All of the Company's portfolio company investments, which as of December 31, 2015 represented 175% of the Company's net assets or 95% of the Company's total assets, are subject to legal restrictions on sales.
- (2) These assets are pledged as collateral for the Revolving Credit Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than the Company's obligations under the Revolving Credit Facility (see Note 5 to the consolidated financial statements).
- (3) These assets are owned by the Company's consolidated subsidiary Ares Capital CP Funding LLC ("Ares Capital CP"), are pledged as collateral for the Revolving Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP's obligations under the Revolving Funding Facility (see Note 5 to the consolidated financial statements).
- (4) These assets are owned by the Company's consolidated subsidiary Ares Capital JB Funding LLC ("ACJB"), are pledged as collateral for the SMBC Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than ACJB's obligations under the SMBC Funding Facility (see Note 5 to the consolidated financial statements).
- (5) These assets are owned by the Company's consolidated subsidiary Ares Venture Finance, L.P. ("AVF LP"), are pledged as collateral for the SBA Debentures and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than AVF LP's obligations (see Note 5 to the consolidated financial statements). AVF LP operates as a Small Business Investment Company under the provisions of Section 301(c) of the Small Business Investment Act of 1958, as amended.
- (6) Investments without an interest rate are non-income producing.
- (7) As defined in the Investment Company Act, the Company is deemed to be an "Affiliated Person" and "Control" this portfolio company because it owns 5% or more of the portfolio company's outstanding voting securities or it has the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the year ended December 31, 2015 in which the issuer was an Affiliated Person (but not a portfolio company that the Company is deemed to Control) are as follows:

*

Together with GE Global Sponsor Finance LLC and General Electric Capital Corporation (together, "GE"), the Company has co-invested through the Senior Secured Loan Fund LLC d/b/a the "Senior Secured Loan Program" (the "SSLP"). The SSLP has been capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SSLP, the Company does not believe that it has control over the SSLP (for purposes of the Investment Company Act or otherwise) because, among other things, these "voting securities" do not afford the Company the right to elect directors of the SSLP or any other special rights (see Note 4 to the consolidated financial statements).

(9)

Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

(10)

Excepted from the definition of investment company under Section 3(c) of the Investment Company Act and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

(11)

In the first quarter of 2011, the staff of the Securities and Exchange Commission (the "Staff") informally communicated to certain business development companies ("BDCs") the Staff's belief that certain entities, which would be classified as an "investment company" under the Investment Company Act but for the exception from the definition of "investment company" set forth in Rule 3a-7 promulgated under the Investment Company Act, could not be treated as eligible portfolio companies (as defined in Section 2(a)(46) under Investment Company Act) (i.e. not eligible to be included in a BDC's 70% "qualifying assets" basket). Subsequently, in August 2011 the Securities and Exchange Commission issued a concept release (the "Concept Release") which stated that "[a]s a general matter, the Commission presently does not believe that Rule 3a-7 issuers are the type of small, developing and financially troubled businesses in which the U.S. Congress intended BDCs primarily to invest" and requested comment on whether or not a 3a-7 issuer should be considered an "eligible portfolio company". The Company provided a comment letter in respect of the Concept Release and continues to believe that the language of Section 2(a)(46) of the Investment Company Act permits a BDC to treat as "eligible portfolio companies" entities that rely on the 3a-7 exception. However, given the current uncertainty in this area (including the language in the Concept Release) and subsequent discussions with the Staff, the Company has, solely for purposes of calculating the composition of its portfolio pursuant to Section 55(a) of the Investment Company Act, identified such entities, which include the SSLP, as "non-qualifying assets" should the Staff ultimately disagree with the Company's position. Pursuant to Section 55(a) of the Investment Company Act (using the Staff's methodology described above solely for this purpose), 25% of the Company's total assets are represented by investments at fair value and other assets that are considered "non-qualifying assets" as of December 31, 2015.

(12)

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Variable rate loans to the Company's portfolio companies bear interest at a rate that may be determined by reference to either LIBOR or an alternate base rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, the Company has provided the interest rate in effect on the date presented.

- (13) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 1.13% on \$13 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (14) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.00% on \$85 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (15) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.50% on \$62 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (16) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.00% on \$48 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (17) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 5.00% on \$19 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (18) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.55% on \$42 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (19) The Company is entitled to receive a fixed fee upon the occurrence of certain events as defined in the credit agreement governing the Company's debt investment in the portfolio company. The fair value of such fee is included in the fair value of the debt investment.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (20) Loan was on non-accrual status as of December 31, 2015.
- (21) Loan includes interest rate floor feature.
- (22) In addition to the interest earned based on the stated contractual interest rate of this security, the certificates entitle the holders thereof to receive a portion of the excess cash flow from the SSLP's loan portfolio, which may result in a return to the Company greater than the contractual stated interest rate.
- (23) As of December 31, 2015, no amounts were funded by the Company under this first lien senior secured revolving loan; however, there were letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (24) As of December 31, 2015, in addition to the amounts funded by the Company under this first lien senior secured revolving loan, there were also letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (25) As of December 31, 2015, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to issue letters of credit through a financial intermediary on behalf of certain portfolio companies. Such commitments are subject to the satisfaction of certain conditions set forth in the documents governing these loans and letters of credit and there can be no assurance that such conditions will be satisfied. See Note 7 to the consolidated financial statements for further information on revolving and delayed draw loan commitments, including commitments to issue letters of credit, related to certain portfolio companies.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Other than the Company's investments listed in footnote 7 below (subject to the limitations set forth therein), the Company does not "Control" any of its portfolio companies, for the purposes of the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the "Investment Company Act"). In general, under the Investment Company Act, the Company would "Control" a portfolio company if the Company owned more than 25% of its outstanding voting securities (i.e., securities with the right to elect directors) and/or had the power to exercise control over the management or policies of such portfolio company. All of the Company's portfolio company investments, which as of December 31, 2014 represented 171% of the Company's net assets or 95% of the Company's total assets, are subject to legal restrictions on sales.

- (2) These assets are pledged as collateral for the Revolving Credit Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than the Company's obligations under the Revolving Credit Facility (see Note 5 to the consolidated financial statements).
- (3) These assets are owned by the Company's consolidated subsidiary Ares Capital CP Funding LLC ("Ares Capital CP"), are pledged as collateral for the Revolving Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP's obligations under the Revolving Funding Facility (see Note 5 to the consolidated financial statements).
- (4) These assets are owned by the Company's consolidated subsidiary Ares Capital JB Funding LLC ("ACJB"), are pledged as collateral for the SMBC Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than ACJB's obligations under the SMBC Funding Facility (see Note 5 to the consolidated financial statements).
- (5) Investments without an interest rate are non-income producing.
- (6) As defined in the Investment Company Act, the Company is deemed to be an "Affiliated Person" and "Control" this portfolio company because it owns 5% or more of the portfolio company's outstanding voting securities or it has the power to exercise control over the management or policies of such portfolio company (including

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

through a management agreement). Transactions during the year ended December 31, 2014 in which the issuer was an Affiliated Person (but not a portfolio company that the Company is deemed to Control) are as follows:

Together with GE Global Sponsor Finance LLC and General Electric Capital Corporation (together, "GE"), the Company has co-invested through the Senior Secured Loan Fund LLC d/b/a the "Senior Secured Loan Program" (the "SSLP"). The SSLP has been capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SSLP, the Company does not believe that it has control over the SSLP (for purposes of the Investment Company Act or otherwise) because, among other things, these "voting securities" do not afford the Company the right to elect directors of the SSLP or any other special rights (see Note 4 to the consolidated financial statements).

(8) Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

(9) Excepted from the definition of investment company under Section 3(c) of the Investment Company Act and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

(10) In the first quarter of 2011, the staff of the Securities and Exchange Commission (the "Staff") informally communicated to certain business development companies ("BDCs") the Staff's belief that certain entities, which would be classified as an "investment company" under the Investment Company Act but for the exception from the definition of "investment company" set forth in Rule 3a-7 promulgated under the Investment Company Act, could not be treated as eligible portfolio companies (as defined in Section 2(a)(46) under Investment Company Act) (i.e. not eligible to included in a BDC's 70% "qualifying assets" basket). Subsequently, in August 2011 the Securities and Exchange Commission issued a concept release (the "Concept Release") which stated that "[a]s a general matter, the Commission presently does not believe that Rule 3a-7 issuers are the type of small, developing and financially troubled businesses in which the U.S. Congress intended BDCs primarily to invest" and requested comment on whether or not a 3a-7 issuer should be considered an "eligible portfolio company". The Company provided a comment letter in respect of the Concept Release and continues to believe that the language of Section 2(a)(46) of the Investment Company Act permits a BDC to treat as "eligible portfolio companies" entities that rely on the 3a-7 exception. However, given the current uncertainty in this area (including the language in the Concept Release) and subsequent discussions with the Staff, the Company has, solely for purposes of calculating the composition of its portfolio pursuant to Section 55(a) of the Investment Company Act, identified such entities, which include the SSLP, as "non-qualifying assets" should the Staff ultimately disagree with the Company's position. Pursuant to Section 55(a) of the Investment Company Act (using the Staff's methodology described above solely for this purpose), 27% of the Company's total assets are represented by investments at fair value and other assets that are considered "non-qualifying assets" as of December 31, 2014.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (11) Variable rate loans to the Company's portfolio companies bear interest at a rate that may be determined by reference to either LIBOR or an alternate base rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, the Company has provided the interest rate in effect on the date presented.
- (12) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.00% on \$87 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (13) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.00% on \$68 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (14) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 6.00% on \$11 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (15) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.25% on \$53 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (16) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.00% on \$48 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (17) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.13% on \$54 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (18) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 1.13% on \$16 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (19) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.75% on \$24 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (20) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 5.00% on \$21 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (21) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.00% on \$87 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (22) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.55% on \$28 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (23) The Company is entitled to receive a fixed fee upon the occurrence of certain events as defined in the credit agreement governing the Company's debt investment in the portfolio company. The fair value of such fee is included in the fair value of the debt investment.

- (24) Loan was on non-accrual status as of December 31, 2014.
- (25) Loan includes interest rate floor feature.
- (26) In addition to the interest earned based on the stated contractual interest rate of this security, the certificates entitle the holders thereof to receive a portion of the excess cash flow from the SSLP's loan portfolio, which may result in a return to the Company greater than the contractual stated interest rate.
- (27) As of December 31, 2014, no amounts were funded by the Company under this first lien senior secured revolving loan; however, there were letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (28) As of December 31, 2014, in addition to the amounts funded by the Company under this first lien senior secured revolving loan, there were also letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (29) As of December 31, 2014, no amounts were funded by the Company under this letter of credit facility; however, there were letters of credit issued and outstanding through a financial intermediary under the letter of credit facility. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (30) As of December 31, 2014, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to issue letters of credit through a financial intermediary on behalf of certain portfolio companies. Such commitments are subject to the satisfaction of certain conditions set forth in the documents governing these loans and letters of credit and there can be no assurance that such conditions will be satisfied. See Note 7 to the consolidated financial statements for further information on revolving and delayed draw loan commitments, including commitments to issue letters of credit, related to certain portfolio companies.

ARES CAPITAL CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
As of December 31, 2015

**(in thousands, except per share data, percentages and as otherwise indicated;
for example, with the words "million," "billion" or otherwise)**

1. ORGANIZATION

Ares Capital Corporation (the "Company" or "ARCC") is a specialty finance company that is a closed-end, non-diversified management investment company incorporated in Maryland. The Company has elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the "Investment Company Act"). The Company has elected to be treated as a regulated investment company ("RIC") under the Internal Revenue Code of 1986, as amended (the "Code") and operates in a manner so as to qualify for the tax treatment applicable to RICs.

The Company's investment objective is to generate both current income and capital appreciation through debt and equity investments. The Company invests primarily in first lien senior secured loans (including "unitranche" loans, which are loans that combine both senior and mezzanine debt, generally in a first lien position), second lien senior secured loans and mezzanine debt, which in some cases includes an equity component. To a lesser extent, the Company also makes equity investments.

The Company is externally managed by Ares Capital Management LLC ("Ares Capital Management" or the Company's "investment adviser"), a subsidiary of Ares Management, L.P. ("Ares Management" or "Ares"), a publicly traded, leading global alternative asset manager, pursuant to an investment advisory and management agreement. Ares Operations LLC ("Ares Operations" or the Company's "administrator"), a subsidiary of Ares Management, provides certain administrative and other services necessary for the Company to operate.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles ("GAAP"), and include the accounts of the Company and its consolidated subsidiaries. The Company is an investment company following accounting and reporting guidance in Accounting Standards Codification ("ASC") 946. The consolidated financial statements reflect all adjustments and reclassifications that, in the opinion of management, are necessary for the fair presentation of the results of the operations and financial condition as of and for the periods presented. All significant intercompany balances and transactions have been eliminated.

Cash and Cash Equivalents

Cash and cash equivalents include funds from time to time deposited with financial institutions and short-term, liquid investments in a money market account. Cash and cash equivalents are carried at cost which approximates fair value.

Concentration of Credit Risk

The Company places its cash and cash equivalents with financial institutions and, at times, cash held in money market accounts may exceed the Federal Deposit Insurance Corporation insured limit.

Investments

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment without regard to unrealized gains or losses previously recognized, and include investments charged off during the period, net of recoveries. Unrealized gains or losses primarily reflect the change in investment values, including the reversal of previously recorded unrealized gains or losses when gains or losses are realized.

Investments for which market quotations are readily available are typically valued at such market quotations. In order to validate market quotations, the Company looks at a number of factors to determine if the quotations are representative of fair value, including the source and nature of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available (i.e., substantially all of the Company's investments) are valued at fair value as determined in good faith by the Company's board of directors, based on, among other things, the input of the Company's investment adviser, audit committee and independent third-party valuation firms that have been engaged at the direction of the Company's board of directors to assist in the valuation of each portfolio investment without a readily available market quotation at least once during a trailing 12-month period (with certain de minimis exceptions) and under a valuation policy and a consistently applied valuation process. The valuation process is conducted at the end of each fiscal quarter, and a minimum of 55% of the Company's portfolio at fair value is subject to review by an independent valuation firm each quarter. In addition, the Company's independent registered public accounting firm obtains an understanding of, and performs select procedures relating to, the Company's investment valuation process within the context of performing the integrated audit.

As part of the valuation process, the Company may take into account the following types of factors, if relevant, in determining the fair value of the Company's investments: the enterprise value of a portfolio company (the entire value of the portfolio company to a market participant, including the sum of the values of debt and equity securities used to capitalize the enterprise at a point in time), the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to any similar publicly traded securities, changes in the interest rate environment and the credit markets, which may affect the price at which similar investments would trade in their principal markets and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, the Company considers the pricing indicated by the external event to corroborate its valuation.

Because there is not a readily available market value for most of the investments in its portfolio, the Company values substantially all of its portfolio investments at fair value as determined in good faith by its board of directors, as described herein. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of the Company's investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that the Company may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If the Company was required to liquidate a portfolio investment in a forced or liquidation sale, the Company could realize significantly less than the value at which the Company has recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The Company's board of directors undertakes a multi-step valuation process each quarter, as described below:

The Company's quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals responsible for the portfolio investment in conjunction with the Company's portfolio management team.

Preliminary valuations are reviewed and discussed with the Company's investment adviser's management and investment professionals, and then valuation recommendations are presented to the Company's board of directors.

The audit committee of the Company's board of directors reviews these valuations, as well as the input of third parties, including independent third-party valuation firms, who review a minimum of 55% of the Company's portfolio at fair value.

The Company's board of directors discusses valuations and ultimately determines the fair value of each investment in the Company's portfolio without a readily available market quotation in good faith based on, among other things, the input of the Company's investment adviser, audit committee and, where applicable, independent third-party valuation firms.

See Note 8 for more information on the Company's valuation process.

Interest and Dividend Income Recognition

Interest income is recorded on an accrual basis and includes the accretion of discounts and amortization of premiums. Discounts from and premiums to par value on securities purchased are accreted/amortized into interest income over the life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts and amortization of premiums, if any.

Loans are generally placed on non-accrual status when principal or interest payments are past due 30 days or more or when there is reasonable doubt that principal or interest will be collected in full. Accrued and unpaid interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in management's judgment, are likely to remain current. The Company may make exceptions to this policy if the loan has sufficient collateral value and is in the process of collection.

Dividend income on preferred equity securities is recorded as dividend income on an accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly traded portfolio companies.

Payment-in-Kind Interest

The Company has loans in its portfolio that contain payment-in-kind ("PIK") provisions. The PIK interest, computed at the contractual rate specified in each loan agreement, is added to the principal balance of the loan and recorded as interest income. To maintain the Company's status as a RIC, this non-cash source of income must be paid out to stockholders in the form of dividends, even though the Company has not yet collected the cash.

Capital Structuring Service Fees and Other Income

The Company's investment adviser seeks to provide assistance to its portfolio companies and in return the Company may receive fees for capital structuring services. These fees are generally only

available to the Company as a result of the Company's underlying investments, are normally paid at the closing of the investments, are generally non-recurring and are recognized as revenue when earned upon closing of the investment. The services that the Company's investment adviser provides vary by investment, but generally include reviewing existing credit facilities, arranging bank financing, arranging equity financing, structuring financing from multiple lenders, structuring financing from multiple equity investors, restructuring existing loans, raising equity and debt capital, and providing general financial advice, which concludes upon closing of the investment. Any services of the above nature subsequent to the closing would generally generate a separate fee payable to the Company. In certain instances where the Company is invited to participate as a co-lender in a transaction and does not provide significant services in connection with the investment, a portion of loan fees paid to the Company in such situations will be deferred and amortized over the estimated life of the loan.

Other income includes fees for management and consulting services, loan guarantees, commitments, amendments and other services rendered by the Company to portfolio companies. Such fees are recognized as income when earned or the services are rendered.

Foreign Currency Translation

The Company's books and records are maintained in U.S. dollars. Any foreign currency amounts are translated into U.S. dollars on the following basis:

- (1) Fair value of investment securities, other assets and liabilities at the exchange rates prevailing at the end of the period.
- (2) Purchases and sales of investment securities, income and expenses at the exchange rates prevailing on the respective dates of such transactions, income or expenses.

Results of operations based on changes in foreign exchange rates are separately disclosed in the statement of operations, if any. Foreign security and currency translations may involve certain considerations and risks not typically associated with investing in U.S. companies and U.S. government securities. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

Derivative Instruments

The Company does not utilize hedge accounting and as such values its derivatives at fair value with the unrealized gains or losses recorded in "net unrealized gains (losses) from foreign currency and other transactions" in the Company's consolidated statement of operations.

Equity Offering Expenses

The Company's offering costs, excluding underwriters' fees, are charged against the proceeds from equity offerings when received.

Debt Issuance Costs

Debt issuance costs are amortized over the life of the related debt instrument using the straight line method or the effective yield method, depending on the type of debt instrument.

Income Taxes

The Company has elected to be treated as a RIC under the Code and operates in a manner so as to qualify for the tax treatment applicable to RICs. To qualify as a RIC, the Company must (among

other requirements) meet certain source-of- income and asset diversification requirements and timely distribute to its stockholders at least 90% of its investment company taxable income, as defined by the Code, for each year. The Company (among other requirements) has made and intends to continue to make the requisite distributions to its stockholders, which will generally relieve the Company from U.S. federal corporate-level income taxes.

Depending on the level of taxable income earned in a tax year, the Company may choose to carry forward taxable income in excess of current year dividend distributions from such current year taxable income into the next tax year and pay a 4% excise tax on such income, as required. To the extent that the Company determines that its estimated current year taxable income will be in excess of estimated dividend distributions for the current year, the Company accrues excise tax, if any, on estimated excess taxable income as such taxable income is earned.

Certain of the Company's consolidated subsidiaries are subject to U.S. federal and state corporate-level income taxes.

Dividends to Common Stockholders

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a dividend is determined by the Company's board of directors each quarter and is generally based upon the earnings estimated by management. Net realized capital gains, if any, are generally distributed, although the Company may decide to retain such capital gains for investment.

The Company has adopted a dividend reinvestment plan that provides for reinvestment of any distributions the Company declares in cash on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, if the Company's board of directors authorizes, and the Company declares, a cash dividend, then the Company's stockholders who have not "opted out" of the Company's dividend reinvestment plan will have their cash dividends automatically reinvested in additional shares of the Company's common stock, rather than receiving the cash dividend. The Company intends to use primarily newly issued shares to implement the dividend reinvestment plan (so long as the Company is trading at a premium to net asset value). If the Company's shares are trading at a discount to net asset value and the Company is otherwise permitted under applicable law to purchase such shares, the Company may purchase shares in the open market in connection with the Company's obligations under the dividend reinvestment plan. However, the Company reserves the right to issue new shares of the Company's common stock in connection with the Company's obligations under the dividend reinvestment plan even if the Company's shares are trading below net asset value.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of actual and contingent assets and liabilities at the date of the financial statements and the reported amounts of income or loss and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of investments.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") No. 2014-09, "Revenue from Contracts with Customers (Topic 606)." The guidance in this ASU supersedes the revenue recognition requirements in Topic 605, "Revenue Recognition." Under the new guidance, an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The amendments in ASU No. 2014-09 are effective for annual reporting periods beginning after December 15, 2017,

including interim periods within that reporting period. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. The Company is currently evaluating the impact of adopting this ASU on its consolidated financial statements.

In February 2015, the FASB issued ASU No. 2015-02, Consolidation (Topic 810): Amendments to the Consolidation Analysis. The new guidance modifies the consolidation analysis for limited partnerships and similar type entities as well as variable interests in a variable interest entity, particularly those that have fee arrangements and related party relationships. Additionally, it provides a scope exception to the consolidation guidance for certain entities. The amendments in ASU No. 2015-02 are effective for annual reporting periods beginning after December 15, 2015, including interim periods within that reporting period, with early adoption permitted. The Company is currently evaluating the impact of adopting this ASU on its consolidated financial statements.

In April 2015, the FASB issued ASU No. 2015-03, Interest-Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs. The new guidance modifies the requirements for reporting debt issuance costs. Under the amendments in ASU No. 2015-03, debt issuance costs related to a recognized debt liability will no longer be recorded as a separate asset, but will be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by ASU No. 2015-03. In addition, in August 2015, the FASB issued ASU No. 2015-15, Interest-Imputation of Interest (Subtopic 835-30). The additional guidance reiterates that the SEC would not object to an entity deferring and presenting debt issuance costs related to a line of credit arrangement as an asset and subsequently amortizing the deferred debt issuance costs ratably over the term of the line of credit arrangement, regardless of whether there are any outstanding borrowings. ASU No. 2015-03 and ASU No. 2015-15 are required to be applied retrospectively for periods beginning after December 15, 2015, and interim periods within those fiscal years, with early adoption permitted. The application of this guidance is not expected to have a material impact on the Company's consolidated financial statements.

In May 2015, the FASB issued ASU No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). The new guidance removes the requirement that investments for which net asset value is determined based on practical expedient reliance be reported utilizing the fair value hierarchy. ASU No. 2015-07 is required to be applied retrospectively for periods beginning after December 15, 2015, and interim periods within those fiscal years, with early adoption permitted. The application of this guidance is not expected to have a material impact on the Company's consolidated financial statements.

3. AGREEMENTS

Investment Advisory and Management Agreement

The Company is party to an investment advisory and management agreement (the "investment advisory and management agreement") with Ares Capital Management. Subject to the overall supervision of the Company's board of directors, Ares Capital Management provides investment advisory and management services to the Company. For providing these services, Ares Capital Management receives fees from the Company consisting of a base management fee, a fee based on the Company's net investment income ("income based fee") and a fee based on the Company's net capital gains ("capital gains incentive fee"). The investment advisory and management agreement may be terminated by either party without penalty upon 60 days' written notice to the other party.

The base management fee is calculated at an annual rate of 1.5% based on the average value of the Company's total assets (other than cash or cash equivalents but including assets purchased with borrowed funds) at the end of the two most recently completed calendar quarters. The base management fee is payable quarterly in arrears.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The income based fee is calculated and payable quarterly in arrears based on the Company's net investment income excluding income based fees and capital gains incentive fees ("pre-incentive fee net investment income") for the quarter. Pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees such as commitment, origination, structuring, diligence and consulting fees or other fees that the Company receives from portfolio companies but excluding fees for providing managerial assistance) accrued during the calendar quarter, minus operating expenses for the quarter (including the base management fee, any expenses payable under the administration agreement, and any interest expense and dividends paid on any outstanding preferred stock, but excluding the income based fee and capital gains incentive fee accrued under GAAP). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature such as market discount, debt instruments with PIK interest, preferred stock with PIK dividends and zero coupon securities, accrued income that the Company has not yet received in cash. The Company's investment adviser is not under any obligation to reimburse the Company for any part of the income based fees it received that was based on accrued interest that the Company never actually received.

Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses, unrealized capital appreciation, unrealized capital depreciation or income tax expense related to realized gains and losses. Because of the structure of the income based fee, it is possible that the Company may pay such fees in a quarter where the Company incurs a loss. For example, if the Company receives pre-incentive fee net investment income in excess of the hurdle rate (as defined below) for a quarter, the Company will pay the applicable income based fee even if the Company has incurred a loss in that quarter due to realized and/or unrealized capital losses.

Pre-incentive fee net investment income, expressed as a rate of return on the value of the Company's net assets (defined as total assets less indebtedness and before taking into account any income based fees and capital gains incentive fees payable during the period) at the end of the immediately preceding calendar quarter, is compared to a fixed "hurdle rate" of 1.75% per quarter. If market credit spreads rise, the Company may be able to invest its funds in debt instruments that provide for a higher return, which may increase the Company's pre-incentive fee net investment income and make it easier for the Company's investment adviser to surpass the fixed hurdle rate and receive an income based fee based on such net investment income. To the extent the Company has retained pre-incentive fee net investment income that has been used to calculate the income based fee, it is also included in the amount of the Company's total assets (other than cash and cash equivalents but including assets purchased with borrowed funds) used to calculate the 1.5% base management fee.

The Company pays its investment adviser an income based fee with respect to the Company's pre-incentive fee net investment income in each calendar quarter as follows:

no income based fee in any calendar quarter in which the Company's pre-incentive fee net investment income does not exceed the hurdle rate;

100% of the Company's pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 2.1875% in any calendar quarter. The Company refers to this portion of its pre-incentive fee net investment income (which exceeds the hurdle rate but is less than 2.1875%) as the "catch-up" provision. The "catch-up" is meant to provide the Company's investment adviser with 20% of the pre-incentive fee net investment income as if a hurdle rate did not apply if this net investment income exceeded 2.1875% in any calendar quarter; and

20% of the amount of the Company's pre-incentive fee net investment income, if any, that exceeds 2.1875% in any calendar quarter.

These calculations are adjusted for any share issuances or repurchases during the quarter.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The capital gains incentive fee is determined and payable in arrears as of the end of each calendar year (or, upon termination of the investment advisory and management agreement, as of the termination date) and is calculated at the end of each applicable year by subtracting (a) the sum of the Company's cumulative aggregate realized capital losses and aggregate unrealized capital depreciation from (b) the Company's cumulative aggregate realized capital gains, in each case calculated from October 8, 2004 (the date the Company completed its initial public offering). Realized capital gains and losses include gains and losses on investments and foreign currencies, gains and losses on extinguishment of debt and other assets, as well as any income tax expense related to realized gains and losses. If such amount is positive at the end of such year, then the capital gains incentive fee for such year is equal to 20% of such amount, less the aggregate amount of capital gains incentive fees paid in all prior years. If such amount is negative, then there is no capital gains incentive fee for such year.

The cumulative aggregate realized capital gains are calculated as the sum of the differences, if positive, between (a) the net sales price of each investment in the Company's portfolio when sold and (b) the accreted or amortized cost basis of such investment.

The cumulative aggregate realized capital losses are calculated as the sum of the amounts by which (a) the net sales price of each investment in the Company's portfolio when sold is less than (b) the accreted or amortized cost basis of such investment.

The aggregate unrealized capital depreciation is calculated as the sum of the differences, if negative, between (a) the valuation of each investment in the Company's portfolio as of the applicable capital gains incentive fee calculation date and (b) the accreted or amortized cost basis of such investment.

Notwithstanding the foregoing, as a result of an amendment to the capital gains incentive fee under the investment advisory and management agreement that was adopted on June 6, 2011, if the Company is required by GAAP to record an investment at its fair value as of the time of acquisition instead of at the actual amount paid for such investment by the Company (including, for example, as a result of the application of the acquisition method of accounting), then solely for the purposes of calculating the capital gains incentive fee, the "accreted or amortized cost basis" of an investment shall be an amount (the "Contractual Cost Basis") equal to (1) (x) the actual amount paid by the Company for such investment plus (y) any amounts recorded in the Company's financial statements as required by GAAP that are attributable to the accretion of such investment plus (z) any other adjustments made to the cost basis included in the Company's financial statements, including PIK interest or additional amounts funded (net of repayments) minus (2) any amounts recorded in the Company's financial statements as required by GAAP that are attributable to the amortization of such investment, whether such calculated Contractual Cost Basis is higher or lower than the fair value of such investment (as determined in accordance with GAAP) at the time of acquisition.

The Company defers cash payment of any income based fees and capital gains incentive fees otherwise earned by the Company's investment adviser if during the most recent four full calendar quarter period ending on or prior to the date such payment is to be made the sum of (a) the aggregate distributions to the Company's stockholders and (b) the change in net assets (defined as total assets less indebtedness and before taking into account any income based fees and capital gains incentive fees payable during the period) is less than 7.0% of the Company's net assets (defined as total assets less indebtedness) at the beginning of such period. Any deferred income based fees and capital gains incentive fees are carried over for payment in subsequent calculation periods to the extent such payment is payable under the investment advisory and management agreement.

There was no capital gains incentive fee earned by the Company's investment adviser as calculated under the investment advisory and management agreement (as described above) for the year ended December 31, 2015. The capital gains incentive fee earned by the Company's investment adviser as

calculated under the investment advisory and management agreement for the years ended December 31, 2014 and 2013 was \$23,993 and \$17,425, respectively. However, in accordance with GAAP, the Company had cumulatively accrued a capital gains incentive fee of \$42,265 as of December 31, 2015, of which \$42,265 is not currently due under the investment advisory and management agreement. GAAP requires that the capital gains incentive fee accrual consider the cumulative aggregate unrealized capital appreciation in the calculation, as a capital gains incentive fee would be payable if such unrealized capital appreciation were realized, even though such unrealized capital appreciation is not permitted to be considered in calculating the fee actually payable under the investment advisory and management agreement. This GAAP accrual is calculated using the aggregate cumulative realized capital gains and losses and aggregate cumulative unrealized capital depreciation included in the calculation of the capital gains incentive fee plus the aggregate cumulative unrealized capital appreciation. If such amount is positive at the end of a period, then GAAP requires the Company to record a capital gains incentive fee equal to 20% of such cumulative amount, less the aggregate amount of actual capital gains incentive fees paid or capital gains incentive fees accrued under GAAP in all prior periods. As of December 31, 2015, the Company has paid capital gains incentive fees since inception totaling \$57,404. The resulting accrual for any capital gains incentive fee under GAAP in a given period may result in an additional expense if such cumulative amount is greater than in the prior period or a reversal of previously recorded expense if such cumulative amount is less than in the prior period. If such cumulative amount is negative, then there is no accrual. There can be no assurance that such unrealized capital appreciation will be realized in the future.

For the year ended December 31, 2015, base management fees were \$134,346, income based fees were \$121,390 and the reduction in capital gains incentive fees calculated in accordance with GAAP was \$26,721. For the year ended December 31, 2014, base management fees were \$127,997, income based fees were \$118,273 and capital gains incentive fees calculated in accordance with GAAP were \$29,467. For the year ended December 31, 2013, base management fees were \$104,857, income based fees were \$110,511 and capital gains incentive fees calculated in accordance with GAAP were \$11,640.

Administration Agreement

The Company is party to an administration agreement, referred to herein as the "administration agreement", with its administrator, Ares Operations. Pursuant to the administration agreement, Ares Operations furnishes the Company with office equipment and clerical, bookkeeping and record keeping services at the Company's office facilities. Under the administration agreement, Ares Operations also performs, or oversees the performance of, the Company's required administrative services, which include, among other things, providing assistance in accounting, legal, compliance, operations, technology and investor relations, being responsible for the financial records that the Company is required to maintain and preparing reports to its stockholders and reports filed with the SEC. In addition, Ares Operations assists the Company in determining and publishing its net asset value, assists the Company in providing managerial assistance to its portfolio companies, oversees the preparation and filing of the Company's tax returns and the printing and dissemination of reports to its stockholders, and generally oversees the payment of its expenses and the performance of administrative and professional services rendered to the Company by others. Payments under the administration agreement are equal to an amount based upon its allocable portion of Ares Operations' overhead and other expenses (including travel expenses) incurred by Ares Operations in performing its obligations under the administration agreement, including the Company's allocable portion of the compensation of certain of its officers (including the Company's chief compliance officer, chief financial officer, chief accounting officer, general counsel, treasurer and assistant treasurer) and their respective staffs. The administration agreement may be terminated by either party without penalty upon 60 days' written notice to the other party.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

For the years ended December 31, 2015, 2014 and 2013, the Company incurred \$14,244, \$13,689 and \$12,317, respectively, in administrative fees. As of December 31, 2015, \$3,729 of these fees were unpaid and included in "accounts payable and other liabilities" in the accompanying consolidated balance sheet.

4. INVESTMENTS

As of December 31, 2015 and 2014, investments consisted of the following:

| | As of December 31, | | | |
|---|---------------------|---------------------|---------------------|---------------------|
| | 2015 | | 2014 | |
| | Amortized Cost(1) | Fair Value | Amortized Cost(1) | Fair Value |
| First lien senior secured loans | \$ 2,735,232 | \$ 2,638,784 | \$ 3,728,872 | \$ 3,700,602 |
| Second lien senior secured loans | 2,944,551 | 2,861,294 | 1,938,861 | 1,900,464 |
| Subordinated certificates of the SSLP(2) | 1,935,401 | 1,884,861 | 2,034,498 | 2,065,015 |
| Senior subordinated debt | 663,003 | 654,066 | 524,157 | 523,288 |
| Preferred equity securities | 435,063 | 375,830 | 206,475 | 190,254 |
| Other equity securities | 434,396 | 640,526 | 440,092 | 642,762 |
| Commercial real estate | | 135 | 2,140 | 5,994 |
| Total | \$ 9,147,646 | \$ 9,055,496 | \$ 8,875,095 | \$ 9,028,379 |

(1) The amortized cost represents the original cost adjusted for the accretion of discounts and amortization of premiums, if any.

(2) The proceeds from these certificates were applied to co-investments with General Electric Capital Corporation ("GECC") and GE Global Sponsor Finance LLC (collectively, "GE") to fund first lien senior secured loans to 41 and 50 different borrowers as of December 31, 2015 and 2014, respectively.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The industrial and geographic compositions of the Company's portfolio at fair value as of December 31, 2015 and 2014 were as follows:

| Industry | As of December 31, | |
|----------------------------------|-------------------------------|---------------|
| | 2015 | 2014 |
| Investment Funds and Vehicles(1) | 21.2% | 23.3% |
| Healthcare Services | 14.6 | 16.3 |
| Other Services | 9.0 | 8.8 |
| Consumer Products | 7.7 | 8.3 |
| Power Generation | 6.3 | 7.3 |
| Manufacturing | 6.0 | 3.3 |
| Business Services | 5.3 | 5.8 |
| Financial Services | 4.6 | 4.5 |
| Education | 4.6 | 5.0 |
| Restaurants and Food Services | 3.5 | 3.7 |
| Oil and Gas | 2.9 | 1.9 |
| Containers and Packaging | 2.8 | 2.8 |
| Food and Beverage | 2.5 | |
| Automotive Services | 2.3 | 1.1 |
| Commercial Real Estate Finance | 1.1 | 1.2 |
| Other | 5.6 | 6.7 |
| Total | 100.0% | 100.0% |

-
- (1) Includes the Company's investment in the unconsolidated Delaware limited liability company, the Senior Secured Loan Fund LLC (d/b/a the "Senior Secured Loan Program") or the "SSLP", which had made first lien senior secured loans to 41 and 50 different borrowers as of December 31, 2015 and 2014, respectively. The portfolio companies in the SSLP are in industries similar to the companies in the Company's portfolio.

-
- (1) Includes the Company's investment in the SSLP, which represented 20.8% and 22.9% of the total investment portfolio at fair value as of December 31, 2015 and 2014, respectively.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

As of December 31, 2015, 2.6% of total investments at amortized cost (or 1.7% of total investments at fair value) were on non-accrual status. As of December 31, 2014, 2.2% of total investments at amortized cost (or 1.7% of total investments at fair value) were on non-accrual status.

Senior Direct Lending Program

In December 2015, the Company established a joint venture with Varagon Capital Partners ("Varagon") to make certain first lien senior secured loans, including certain stretch senior and unitranche loans, to U.S. middle-market companies. Varagon was formed in 2013 as a lending platform by American International Group, Inc. (NYSE:AIG) and other partners. The joint venture is called the Senior Direct Lending Program (the "SDLP"). It is expected that the SDLP will commit and hold individual loans of up to \$300 million. The Company may co-invest directly with the SDLP to accommodate larger transactions. The Company will provide capital to the SDLP in the form of subordinated certificates (the "SDLP Certificates"), and Varagon will provide capital to the SDLP in the form of senior notes, intermediate funding notes and SDLP Certificates. It is expected that the Company and Varagon will own 87.5% and 12.5%, respectively, of any outstanding SDLP Certificates.

As of December 31, 2015, the Company and Varagon had agreed to make capital available to the SDLP of \$2.9 billion in the aggregate, of which no amounts were funded. The SDLP will be capitalized as transactions are completed. All portfolio decisions and generally all other decisions in respect of the SDLP must be approved by an investment committee of the SDLP consisting of representatives of the Company and Varagon (with approval from a representative of each required). As of December 31, 2015, the Company had agreed to make available to the SDLP (subject to the approval of the investment committee of the SDLP as described above) approximately \$591 million, of which no amounts were committed or funded. The SDLP Certificates will pay a coupon of LIBOR plus a stated spread and also entitle the holders thereof to receive a portion of the excess cash flow from the loan portfolio, which may result in a return to the holders of the SDLP Certificates that is greater than the stated coupon. The SDLP Certificates are junior in right of payment to the senior notes and intermediate funding notes.

See Note 6 for more information regarding the forward sale agreement between the Company and the SDLP.

Senior Secured Loan Program

The Company has co-invested in first lien senior secured loans of middle market companies with GE through the "SSLP." The SSLP has been capitalized as transactions are completed. All portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required). The Company has provided capital to the SSLP in the form of subordinated certificates (the "SSLP Certificates").

In August 2015, GE completed the sale of its U.S. Sponsor Finance business, through which GE had participated with the Company in the SSLP, to Canada Pension Plan Investment Board ("CPPIB"). This sale excluded GE's interest in the SSLP, and GE and the Company continue to operate the SSLP. The Company and GE no longer have an obligation to present senior secured lending investment opportunities to the SSLP and since June 30, 2015, the SSLP has not made any investments related to new portfolio companies; however, the Company and GE may provide capital to support the SSLP's funding of existing commitments (see below) and other amounts to its portfolio companies. On August 24, 2015, the Company was advised that GECC, as the holder of the senior notes of the SSLP (the "Senior Notes"), directed State Street Bank and Trust Company, as trustee of the Senior Notes and the SSLP Certificates, pursuant to the terms of the indenture governing the Senior Notes and the SSLP Certificates, to apply all principal proceeds received by the SSLP from its investments to the

repayment of the outstanding principal amount of the Senior Notes until paid in full (prior to the distribution of any such principal proceeds to the holders of the SSLP Certificates, which includes the Company). GECC had previously elected to waive its right to receive priority repayments on the Senior Notes from principal proceeds in most circumstances. Prior to closing the sale to CPPIB, GE had announced its intention to provide the Company and CPPIB the opportunity to work together on the SSLP on a go-forward basis. GECC has also stated that if a mutual agreement between the Company and CPPIB to partner on the SSLP is not reached, it intends to retain its interest in the SSLP and the SSLP would be wound down in an orderly manner. The Company has been in dialogue with GE and CPPIB to determine if there is an opportunity to work together; however, to date there has been no agreement in respect of the SSLP as a result of these discussions and there can be no assurance that such discussions will continue or any such agreement will be reached. In addition to discussions with CPPIB and GECC, the Company is also exploring other options with respect to the SSLP's portfolio, although there can be no assurance that the Company will pursue any of them.

As of December 31, 2015 and 2014, GE and the Company had funded approximately \$8.5 billion and \$9.9 billion in aggregate principal amount, respectively, to the SSLP. As discussed above, the Company anticipates that no new investments will be made by the SSLP and that the Company and GE will only provide additional capital to support the SSLP's funding of existing commitments and other amounts to its portfolio companies. As of December 31, 2015 and 2014, the SSLP had commitments to fund delayed draw loans to certain of its portfolio companies of \$198.6 million and \$484.3 million, respectively, which had been approved by the investment committee of the SSLP as described above.

As of December 31, 2015 and 2014, the Company had funded approximately \$2.0 billion and \$2.3 billion in aggregate principal amount, respectively, to the SSLP. Additionally, as of December 31, 2015 and 2014, the Company had commitments to co-invest in the SSLP for its portion of the SSLP's commitments to fund delayed draw loans to portfolio companies of up to \$32.6 million and \$92.5 million, respectively. As discussed above, it is not anticipated that the Company will make new investments through the SSLP.

As of December 31, 2015 and 2014, the SSLP had total assets of \$8.5 billion and \$10.0 billion, respectively. As of December 31, 2015 and 2014, GE's investment in the SSLP consisted of the Senior Notes of \$6.2 billion and \$7.6 billion, respectively, and SSLP Certificates of \$285.8 million and \$290.6 million, respectively. As of December 31, 2015 and 2014, the Company and GE owned 87.5% and 12.5%, respectively, of the outstanding SSLP Certificates.

The SSLP Certificates pay a weighted average coupon of LIBOR plus approximately 8.0% and also entitle the holders thereof to receive a portion of the excess cash flow from the loan portfolio, which may result in a return to the holders of the SSLP Certificates that is greater than the stated coupon. The SSLP Certificates are junior in right of payment to the Senior Notes held by GE. The Company expects that for so long as principal proceeds from SSLP repayments are directed entirely to repay the Senior Notes as discussed above, the yield on the SSLP Certificates will decline.

The SSLP's portfolio consisted of first lien senior secured loans to 41 and 50 different borrowers as of December 31, 2015 and 2014, respectively. As of December 31, 2015 and 2014, the portfolio was comprised of all first lien senior secured loans to U.S. middle-market companies. As of December 31, 2015, none of these loans were on non-accrual status. As of December 31, 2014, one loan was on non-accrual status, representing 1.0% of the total loans at principal amount in the SSLP. As of December 31, 2015 and 2014, the largest loan to a single borrower in the SSLP's portfolio in aggregate principal amount was \$345.9 million and \$331.5 million, respectively, and the five largest loans to borrowers in the SSLP totaled \$1.6 billion and \$1.6 billion, respectively. The portfolio companies in the SSLP are in industries similar to the companies in the Company's portfolio.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The amortized cost and fair value of the SSLP Certificates held by the Company were \$1.9 billion and \$1.9 billion, respectively, as of December 31, 2015, and \$2.0 billion and \$2.1 billion, respectively, as of December 31, 2014. The Company's yield on its investment in the SSLP at fair value was 12.3% and 13.5% as of December 31, 2015 and 2014, respectively. For the years ended December 31, 2015, 2014 and 2013, the Company earned interest income of \$276.1 million, \$275.0 million and \$224.9 million, respectively, from its investment in the SSLP Certificates. The Company is also entitled to certain fees in connection with the SSLP. For the years ended December 31, 2015, 2014 and 2013, in connection with the SSLP, the Company earned capital structuring service, sourcing and other fees totaling \$48.1 million, \$69.7 million and \$66.6 million, respectively.

In October 2015, the SSLP distributed to the Company the SSLP's entire first lien senior secured loan investment in Instituto de Banca y Comercio, Inc. ("EduK") with an estimated fair value at the time of the distribution of \$67.4 million. As a result of the distribution, the SSLP fully exited its investment in EduK. Prior to such distribution, the Company directly held a position in the same first lien senior secured loan investment. As a result of the distribution, the Company reduced the cost basis of its investment in the SSLP by \$67.4 million and increased the Company's cost basis in EduK for the same amount.

Ivy Hill Asset Management, L.P.

Ivy Hill Asset Management, L.P. ("IHAM") is an asset management services company and an SEC-registered investment adviser. The Company has made investments in IHAM, its wholly owned portfolio company and previously made investments in certain vehicles managed by IHAM. As of December 31, 2015, IHAM had assets under management of approximately \$3.2 billion. As of December 31, 2015, IHAM managed 15 vehicles and served as the sub-manager/sub-servicer for three other vehicles (these vehicles managed or sub-managed/sub-serviced by IHAM are collectively referred to as the "IHAM Vehicles"). IHAM earns fee income from managing the IHAM Vehicles and has also invested in certain of these vehicles as part of its business strategy. As of December 31, 2015 and 2014, IHAM had total investments of \$233.0 million and \$219.0 million, respectively. For the years ended December 31, 2015, 2014 and 2013, IHAM had management and incentive fee income of \$20.0 million, \$19.0 million and \$21.0 million, respectively, and other investment-related income of \$25.0 million, \$34.0 million and \$91.0 million, respectively.

The amortized cost and fair value of the Company's investment in IHAM was \$171.0 million and \$235.5 million, respectively, as of December 31, 2015, and \$171.0 million and \$259.3 million, respectively, as of December 31, 2014. For the years ended December 31, 2015, 2014 and 2013, the Company received distributions consisting entirely of dividend income from IHAM of \$50.0 million, \$50.0 million and \$72.4 million, respectively. The dividend income for the years ended December 31, 2015, 2014 and 2013, included additional dividends of \$10.0 million, \$10.0 million and \$32.4 million, respectively, in addition to the quarterly dividends generally paid by IHAM.

From time to time, IHAM or certain IHAM Vehicles may purchase investments from, or sell investments to, the Company. For any such sales or purchases by the IHAM Vehicles to or from the Company, the IHAM Vehicles must obtain approval from third parties unaffiliated with the Company or IHAM, as applicable. During the years ended December 31, 2015 and 2014, IHAM or certain of the IHAM Vehicles purchased \$538.1 million and \$219.6 million, respectively, of investments from the Company. A net realized gain of \$0.6 million and a net realized loss of \$0.1 million was recorded by the Company on these transactions for the years ended December 31, 2015 and 2014, respectively. During the years ended December 31, 2015 and 2014, the Company purchased \$11.5 million and \$20.2 million of investments, respectively, from certain of the IHAM Vehicles.

IHAM is party to an administration agreement, referred to herein as the "IHAM administration agreement," with Ares Operations. Pursuant to the IHAM administration agreement, Ares Operations

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

provides IHAM with, among other things, office facilities, equipment, clerical, bookkeeping and record keeping services, services relating to the marketing and sale of interests in vehicles managed by IHAM, services of, and oversight of, custodians, depositories, accountants, attorneys, underwriters and such other persons in any other capacity deemed to be necessary. Under the IHAM administration agreement, IHAM reimburses Ares Operations for all of the actual costs associated with such services, including Ares Operations' allocable portion of overhead and the cost of its officers, employees and respective staff in performing its obligations under the IHAM administration agreement.

5. DEBT

In accordance with the Investment Company Act, with certain limited exceptions, the Company is only allowed to borrow amounts such that its asset coverage, calculated pursuant to the Investment Company Act, is at least 200% after such borrowing. As of December 31, 2015 the Company's asset coverage was 222%.

The Company's outstanding debt as of December 31, 2015 and 2014 were as follows:

| | As of December 31, | | | | | |
|---------------------------------|---|------------------------------------|---------------------|---|------------------------------------|---------------------|
| | 2015 | | | 2014 | | |

(1) Subject to borrowing base, leverage and other restrictions. Represents the total aggregate amount committed or outstanding, as applicable, under such instrument.

- (2) Provides for a feature that allows the Company, under certain circumstances, to increase the size of the Revolving Credit Facility to a maximum of \$1,935,000.
- (3) Provides for a feature that allows the Company and Ares Capital CP, under certain circumstances, to increase the size of the Revolving Funding Facility to a maximum of \$865,000.
- (4) Represents the aggregate principal amount outstanding of the Convertible Unsecured Notes (as defined below) less the unaccreted discount recorded upon issuance of the Convertible Unsecured Notes. As of December 31, 2015, the total unaccreted discount for the February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes, the 2018 Convertible Notes and the 2019 Convertible Notes was \$798, \$1,512, \$1,305, \$3,165 and \$2,979, respectively. As of December 31, 2014, the total unaccreted discount for the February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes, the 2018 Convertible Notes and the 2019 Convertible Notes was \$9,999, \$4,974, \$2,320, \$4,569 and \$3,870, respectively. See Note 17 for a subsequent event relating to the maturity and repayment of the February 2016 Convertible Notes.
- (5) Represents the aggregate principal amount outstanding of the 2018 Notes plus the net unamortized premium that was recorded upon the issuances of the 2018 Notes. As of December 31, 2015 and 2014, the total net unamortized premium for the 2018 Notes was \$537 and \$704, respectively.
- (6) As of December 31, 2015, represents the aggregate principal amount outstanding of the 2020 Notes less the net unaccreted discount of \$903 recorded upon the issuances of the 2020 Notes. As of December 31, 2014, represents the aggregate principal amount outstanding of the 2020 Notes less the unaccreted discount of \$1,570 recorded on the first issuance of the 2020 Notes.
- (7) See below for more information on the early redemption of the February 2022 Notes and the 2040 Notes.
- (8) Represents the aggregate principal amount outstanding of the 2047 Notes less the unaccreted purchased discount recorded as a part of the Allied Acquisition (as defined below). As of December 31, 2015 and 2014, the total unaccreted purchased discount for the 2047 Notes was \$47,953 and \$48,227, respectively.

The weighted average stated interest rate and weighted average maturity, both on aggregate principal amount, of all the Company's outstanding debt as of December 31, 2015 were 4.4% and 4.5 years, respectively, and as of December 31, 2014 were 4.9% and 6.5 years, respectively.

Revolving Credit Facility

The Company is party to a senior secured revolving credit facility (as amended and restated, the "Revolving Credit Facility"), which allows the Company to borrow up to \$1,290,000 at any one time outstanding. The end of the revolving period and the stated maturity date for the Revolving Credit Facility are May 4, 2019 and May 4, 2020, respectively. The Revolving Credit Facility also includes a feature that allows, under certain circumstances, for an increase in the size of the facility to a maximum of \$1,935,000. The Revolving Credit Facility generally requires payments of interest at the end of each LIBOR interest period, but no less frequently than quarterly, on LIBOR based loans, and monthly payments of interest on other loans. From the end of the revolving period to the stated maturity date, the Company is required to repay outstanding principal amounts under the Revolving Credit Facility on a monthly basis in an amount equal to 1/12th of the outstanding principal amount at the end of the revolving period.

Under the Revolving Credit Facility, the Company is required to comply with various covenants, reporting requirements and other customary requirements for similar revolving credit facilities, including, without limitation, covenants related to: (a) limitations on the incurrence of additional

indebtedness and liens, (b) limitations on certain investments, (c) limitations on certain restricted payments, (d) maintaining a certain minimum stockholders' equity, (e) maintaining a ratio of total assets (less total liabilities other than indebtedness) to total indebtedness of the Company and its consolidated subsidiaries (subject to certain exceptions) of not less than 2.0:1.0, (f) limitations on pledging certain unencumbered assets, and (g) limitations on the creation or existence of agreements that prohibit liens on certain properties of the Company and certain of its subsidiaries. These covenants are subject to important limitations and exceptions that are described in the documents governing the Revolving Credit Facility. Amounts available to borrow under the Revolving Credit Facility (and the incurrence of certain other permitted debt) are also subject to compliance with a borrowing base that applies different advance rates to different types of assets in the Company's portfolio that are pledged as collateral. As of December 31, 2015, the Company was in compliance in all material respects with the terms of the Revolving Credit Facility.

As of December 31, 2015 and 2014, there were \$515,000 and \$170,000 outstanding, respectively, under the Revolving Credit Facility. As of December 31, 2015, the Revolving Credit Facility also provides for a sub-limit for the issuance of letters of credit for up to an aggregate amount of \$150,000. As of December 31, 2015 and 2014, the Company had \$24,111 and \$29,648, respectively, in letters of credit issued through the Revolving Credit Facility. The amount available for borrowing under the Revolving Credit Facility is reduced by any letters of credit issued. As of December 31, 2015, there was \$750,889 available for borrowing (net of letters of credit issued) under the Revolving Credit Facility.

Since March 26, 2015, the interest rate charged on the Revolving Credit Facility is based on an applicable spread of either 1.75% or 2.00% over LIBOR or 0.75% or 1.00% over an "alternate base rate" (as defined in the agreements governing the Revolving Credit Facility), in each case, determined monthly based on the total amount of the borrowing base relative to the total commitments of the Revolving Credit Facility and other debt, if any, secured by the same collateral as the Revolving Credit Facility. As of December 31, 2015, the interest rate in effect was LIBOR plus 1.75%. From May 2, 2013 to March 25, 2015, the interest rate charged on the Revolving Credit Facility was based on an applicable spread of 2.00% over LIBOR or an applicable spread of 1.00% over an "alternate base rate." Prior to and including May 1, 2013, the interest rate charged on the Revolving Credit Facility was based on LIBOR plus an applicable spread of 2.25% or a "base rate" plus an applicable spread of 1.25%. As of December 31, 2015, the one, two, three and six month LIBOR was 0.43%, 0.51%, 0.61% and 0.85%, respectively. As of December 31, 2014, the one, two, three and six month LIBOR was 0.17%, 0.21%, 0.26% and 0.36%, respectively. In addition to the stated interest expense on the Revolving Credit Facility, the Company is required to pay a commitment fee of 0.375% per annum on any unused portion of the Revolving Credit Facility. Since March 26, 2015, the Company is also required to pay a letter of credit fee of either 2.00% or 2.25% per annum on letters of credit issued, determined monthly based on the total amount of the borrowing base relative to the total commitments of the Revolving Credit Facility and other debt, if any, secured by the same collateral as the Revolving Credit Facility. From May 2, 2013 to March 25, 2015, the Company paid a letter of credit fee of 2.25% per annum on letters of credit issued. Prior to and including May 1, 2013, the letter of credit fee was 2.50%.

The Revolving Credit Facility is secured by certain assets in the Company's portfolio and excludes investments held by Ares Capital CP under the Revolving Funding Facility, those held by ACJB under the SMBC Funding Facility and those held by Ares Venture Finance, L.P. ("AVF LP") under the SBA-guaranteed debentures (the "SBA Debentures"), each as described below, and certain other investments.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

For the years ended December 31, 2015, 2014 and 2013, the components of interest and credit facility fees expense, cash paid for interest expense, average stated interest rates (i.e., rate in effect plus the spread) and average outstanding balances for the Revolving Credit Facility were as follows:

| | For the Years Ended December 31, | | |
|---|---|-------------|-------------|
| | 2015 | 2014 | 2013 |
| Stated interest expense | \$ 1,380 | \$ 737 | \$ 3,250 |
| Facility fees | 5,137 | 5,028 | 4,044 |
| Amortization of debt issuance costs | 2,507 | 2,556 | 2,746 |
| | | | |
| Total interest and credit facility fees expense | \$ 9,024 | \$ 8,321 | \$ 10,040 |
| | | | |
| Cash paid for interest expense | \$ 1,153 | \$ 640 | \$ 3,250 |
| Average stated interest rate | 2.03% | 2.20% | 2.24% |
| Average outstanding balance | \$ 67,000 | \$ 33,110 | \$ 144,995 |

Revolving Funding Facility

The Company's consolidated subsidiary, Ares Capital CP Funding LLC ("Ares Capital CP"), is party to a revolving funding facility (as amended, the "Revolving Funding Facility"), which allows Ares Capital CP to borrow up to \$540,000 at any one time outstanding. The Revolving Funding Facility is secured by all of the assets held by, and the membership interest in, Ares Capital CP. The end of the reinvestment period and the stated maturity date for the Revolving Funding Facility are May 14, 2017 and May 14, 2019, respectively. The Revolving Funding Facility also includes a feature that allows, under certain circumstances, for an increase in the Revolving Funding Facility to a maximum of \$865,000.

Amounts available to borrow under the Revolving Funding Facility are subject to a borrowing base that applies different advance rates to different types of assets held by Ares Capital CP. Ares Capital CP is also subject to limitations with respect to the loans securing the Revolving Funding Facility, including restrictions on sector concentrations, loan size, payment frequency and status, collateral interests, loans with fixed rates and loans with certain investment ratings, as well as restrictions on portfolio company leverage, which may also affect the borrowing base and therefore amounts available to borrow. The Company and Ares Capital CP are also required to comply with various covenants, reporting requirements and other customary requirements for similar facilities. These covenants are subject to important limitations and exceptions that are described in the agreements governing the Revolving Funding Facility. As of December 31, 2015, the Company and Ares Capital CP were in compliance in all material respects with the terms of the Revolving Funding Facility.

As of December 31, 2015 and 2014, there was \$250,000 and \$324,000 outstanding, respectively, under the Revolving Funding Facility. Since January 25, 2013, the interest rate charged on the Revolving Funding Facility is based on an applicable spread ranging from 2.25% to 2.50% over LIBOR or ranging from 1.25% to 1.50% over a "base rate" (as defined in the agreements governing the Revolving Funding Facility) in each case, determined monthly based on the composition of the borrowing base relative to outstanding borrowings under the Revolving Funding Facility. As of December 31, 2015, the interest rate in effect was LIBOR plus 2.25%. Prior to and including January 24, 2013, the interest rate charged on the Revolving Funding Facility was based on LIBOR plus an applicable spread of 2.50% or on a "base rate" plus an applicable spread of 1.50%. Since May 14, 2014, Ares Capital CP is required to pay a commitment fee between 0.50% and 1.50% per annum depending on the size of the unused portion of the Revolving Funding Facility. Prior to and including May 13, 2014, Ares Capital CP was required to pay a commitment fee between 0.50% and 1.75% per annum depending on the size of the unused portion of the Revolving Funding Facility.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

For the years ended December 31, 2015, 2014 and 2013, the components of interest and credit facility fees expense, cash paid for interest expense, average stated interest rates (i.e., rate in effect plus the spread) and average outstanding balances for the Revolving Funding Facility were as follows:

| | For the Years Ended December 31, | | |
|--|---|------------------|------------------|
| | 2015 | 2014 | 2013 |
| Stated interest expense | \$ 1,601 | \$ 3,997 | \$ 5,968 |
| Facility fees | 3,661 | 4,271 | 3,702 |
| Amortization of debt issuance costs | 2,311 | 2,215 | 2,015 |
| Total interest and credit facility fees expense | \$ 7,573 | \$ 10,483 | \$ 11,685 |
| | | | |
| Cash paid for interest expense | \$ 2,576 | \$ 3,877 | \$ 6,475 |
| Average stated interest rate | 2.47% | 2.41% | 2.47% |
| Average outstanding balance | \$ 63,912 | \$ 163,838 | \$ 241,247 |

SMBC Funding Facility

The Company's consolidated subsidiary, Ares Capital JB Funding LLC ("ACJB"), is party to a revolving funding facility (as amended, the "SMBC Funding Facility") with ACJB, as the borrower, and Sumitomo Mitsui Banking Corporation ("SMBC"), as the administrative agent, collateral agent, and lender, which allows ACJB to borrow up to \$400,000 at any one time outstanding. The SMBC Funding Facility is secured by all of the assets held by ACJB. The end of the reinvestment period and the stated maturity date for the SMBC Funding Facility are September 14, 2017 and September 14, 2022, respectively. The reinvestment period and the stated maturity date are both subject to two one-year extensions by mutual agreement.

Amounts available to borrow under the SMBC Funding Facility are subject to a borrowing base that applies an advance rate to assets held by ACJB. The Company and ACJB are also required to comply with various covenants, reporting requirements and other customary requirements for similar facilities. These covenants are subject to important limitations and exceptions that are described in the documents governing the SMBC Funding Facility. As of December 31, 2015, the Company and ACJB were in compliance in all material respects with the terms of the SMBC Funding Facility.

As of December 31, 2015 and 2014, there was \$110,000 and \$62,000 outstanding, respectively, under the SMBC Funding Facility. Since June 30, 2015, the interest rate charged on the SMBC Funding Facility is based on an applicable spread of either 1.75% or 2.00% over LIBOR or 0.75% or 1.00% over a "base rate" (as defined in the agreements governing the SMBC Funding Facility), in each case, determined monthly based on the amount of the average borrowings outstanding under the SMBC Funding Facility. As of December 31, 2015, the interest rate in effect was LIBOR plus 1.75%. From December 20, 2013 to June 30, 2015, the interest rate charged on the SMBC Funding Facility was based on an applicable spread of 2.00% over LIBOR or 1.00% over a "base rate." Prior to and including December 19, 2013, subject to certain exceptions, the interest rate charged on the SMBC Funding Facility was based on one month LIBOR plus an applicable spread of 2.125% or a "base rate" (as defined in the agreements governing the SMBC Funding Facility) plus an applicable spread of 1.125%. As of December 31, 2015 and 2014, the interest rate in effect was based on one month LIBOR, which was 0.43% and 0.17%, respectively. Since March 15, 2014, ACJB is required to pay a commitment fee of between 0.35% and 0.875% per annum depending on the size of the unused portion of the SMBC Funding Facility. From December 20, 2013 through March 14, 2014, ACJB was required to pay a commitment fee of up to 0.75% per annum depending on the size of the unused portion of the SMBC Funding Facility. Prior to and including December 19, 2013, ACJB was required to pay a commitment fee of up to 0.50% per annum depending on the size of the unused portion of the SMBC Funding Facility.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

For the years ended December 31, 2015, 2014 and 2013, the components of interest and credit facility fees expense, cash paid for interest expense, average stated interest rates (i.e., rate in effect plus the spread) and average outstanding balances for the SMBC Funding Facility were as follows:

| | For the Years Ended December 31, | | |
|---|-------------------------------------|-----------|----------|
| | 2015 | 2014 | 2013 |
| Stated interest expense | \$ 654 | \$ 486 | \$ |

| Average outstanding balance | \$ 30,929 | \$ 22,208 | \$ |

SBA Debentures

In April 2015, the Company's wholly owned subsidiary, AVF LP, received a license from the Small Business Administration ("SBA") to operate as a Small Business Investment Company ("SBIC") under the provisions of Section 301(c) of the Small Business Investment Act of 1958, as amended. The SBA places certain limitations on the financing of investments by SBICs in portfolio companies, including regulating the types of financings, restricting investments to only include small businesses with certain characteristics or in certain industries, and requiring capitalization thresholds that may limit distributions to the Company.

The license from the SBA allows AVF LP to obtain leverage by issuing the SBA Debentures, subject to issuance of a capital commitment by the SBA and other customary procedures. Leverage through the SBA Debentures is subject to required capitalization thresholds. Current SBA regulations limit the amount that any SBIC may borrow to \$150,000 and as of December 31, 2015, the amount of the SBA Debentures committed to AVF LP by the SBA was \$75,000. The SBA Debentures are non-recourse to the Company, have interest payable semi-annually, have a 10-year maturity and may be prepaid at any time without penalty. As of December 31, 2015, AVF LP had \$22,000 of the SBA Debentures issued and outstanding, which mature between September 2025 and March 2026. AVF LP is subject to an annual periodic examination by an SBA examiner to determine AVF LP's compliance with the relevant SBA regulations and an annual financial audit of its financial statements that are prepared on a basis of accounting other than GAAP (such as ASC 820) by an independent auditor. As of December 31, 2015, AVF LP was materially in compliance with SBA regulatory requirements.

The interest rate for the SBA Debentures is fixed at the time the SBA Debentures and other applicable SBA-guaranteed debentures can be pooled and sold to the public and is based on a spread over U.S. treasury notes with 10-year maturities. The pooling of newly issued SBA-guaranteed debentures occurs twice per year. The spread includes an annual charge as determined by the SBA (the "Annual Charge") as well as a market-driven component. Prior to the 10-year fixed interest rate being determined, the interim interest rate charged for the SBA-guarantee debentures is based on LIBOR plus an applicable spread of 0.30% and the Annual Charge. Prior to September 23, 2015, the interim interest rate in effect for the SBA Debentures outstanding was 1.34%. As of December 31, 2015, the weighted average interest rate in effect for the SBA Debentures was 3.19%.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

For the year ended December 31, 2015, the components of interest expense, cash paid for interest expense, average stated interest rate and average outstanding balances for the SBA Debentures were as follows:

| | For the Year Ended December 31, 2015 | |
|---|---|--------|
| Stated interest expense | \$ | 243 |
| Facility fees | | |
| Amortization of debt issuance costs | \$ | 167 |
| | | |
| Total interest and credit facility fees expense | \$ | 410 |
| | | |
| Cash paid for interest expense | \$ | 58 |
| Average stated interest rate | | 2.42% |
| Average outstanding balance | \$ | 18,201 |

Convertible Unsecured Notes

In January 2011, the Company issued \$575,000 aggregate principal amount of unsecured convertible notes that mature on February 1, 2016 (the "February 2016 Convertible Notes"), unless previously converted or repurchased in accordance with their terms. In March 2011, the Company issued \$230,000 aggregate principal amount of unsecured convertible notes that mature on June 1, 2016 (the "June 2016 Convertible Notes"), unless previously converted or repurchased in accordance with their terms. In March 2012, the Company issued \$162,500 aggregate principal amount of unsecured convertible notes that mature on March 15, 2017 (the "2017 Convertible Notes"), unless previously converted or repurchased in accordance with their terms. In the fourth quarter of 2012, the Company issued \$270,000 aggregate principal amount of unsecured convertible notes that mature on January 15, 2018 (the "2018 Convertible Notes"), unless previously converted or repurchased in accordance with their terms. In July 2013, the Company issued \$300,000 aggregate principal amount of unsecured convertible notes that mature on January 15, 2019 (the "2019 Convertible Notes" and together with the February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes and the 2018 Convertible Notes, the "Convertible Unsecured Notes"), unless previously converted or repurchased in accordance with their terms. The Company does not have the right to redeem the Convertible Unsecured Notes prior to maturity. The February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes, the 2018 Convertible Notes and the 2019 Convertible Notes bear interest at a rate of 5.750%, 5.125%, 4.875%, 4.750% and 4.375%, respectively, per year, payable semi-annually.

In certain circumstances, the Convertible Unsecured Notes will be convertible into cash, shares of the Company's common stock or a combination of cash and shares of its common stock, at the Company's election, at their respective conversion rates (listed below as of December 31, 2015) subject to customary anti-dilution adjustments and the requirements of their respective indenture (the "Convertible Unsecured Notes Indentures"). Prior to the close of business on the business day immediately preceding their respective conversion date (listed below), holders may convert their Convertible Unsecured Notes only under certain circumstances set forth in the Convertible Unsecured Notes Indentures. On or after their respective conversion dates until the close of business on the scheduled trading day immediately preceding their respective maturity date, holders may convert their Convertible Unsecured Notes at any time. In addition, if the Company engages in certain corporate events as described in their respective Convertible Unsecured Notes Indenture, holders of the Convertible Unsecured Notes may require the Company to repurchase for cash all or part of the Convertible Unsecured Notes at a repurchase price equal to 100% of the principal amount of the Convertible Unsecured Notes to be repurchased, plus accrued and unpaid interest through, but excluding, the required repurchase date.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Certain key terms related to the convertible features for each of the Convertible Unsecured Notes as of December 31, 2015 are listed below.

| | February 2016 Convertible Notes | June 2016 Convertible Notes | 2017 Convertible Notes | 2018 Convertible Notes | 2019 Convertible Notes |
|--|---------------------------------------|--------------------------------|---------------------------|------------------------------|------------------------------|
| Conversion premium | 17.5% | 17.5% | 17.5% | 17.5% | 15.0% |
| Closing stock price at issuance | \$16.28 | \$16.20 | \$16.46 | \$16.91 | \$17.53 |
| Closing stock price date | January 19, 2011 | March 22, 2011 | March 8, 2012 | October 3, 2012 | July 15, 2013 |
| Conversion price(1) | \$18.33 | \$18.24 | \$18.91 | \$19.64 | \$19.99 |
| Conversion rate (shares per one thousand dollar principal amount)(1) | 54.5647 | 54.8342 | 52.8915 | 50.9054 | 50.0292 |
| Conversion dates | August 15, 2015 | December 15, 2015 | September 15, 2016 | July 15, 2017 | July 15, 2018 |

- (1) Represents conversion price and conversion rate, as applicable, as of December 31, 2015, taking into account certain de minimis adjustments that will be made on the conversion date.

See Note 17 for a subsequent event relating to the maturity and repayment of the February 2016 Convertible Notes.

As of December 31, 2015, the principal amounts of each series of the Convertible Unsecured Notes exceeded the value of the underlying shares multiplied by the per share closing price of the Company's common stock.

The Convertible Unsecured Notes Indentures contain certain covenants, including covenants requiring the Company to comply with Section 18(a)(1)(A) as modified by Section 61(a)(1) of the Investment Company Act and to provide financial information to the holders of the Convertible Unsecured Notes under certain circumstances. These covenants are subject to important limitations and exceptions that are described in the Convertible Unsecured Notes Indentures. As of December 31, 2015, the Company was in compliance in all material respects with the terms of the Convertible Unsecured Notes Indentures.

The Convertible Unsecured Notes are accounted for in accordance with ASC 470-20. To the extent the June 2016 Convertible Unsecured Notes are converted, the Company has selected to settle with a combination of cash and shares of its common stock. Upon conversion of any of the other Convertible Unsecured Notes, the Company intends to pay the outstanding principal amount in cash and to the extent that the conversion value exceeds the principal amount, the Company has the option to pay in cash or shares of the Company's common stock (or a combination of cash and shares) in respect of the excess amount, subject to the requirements of the Convertible Unsecured Notes Indentures. The Company has determined that the embedded conversion options in the Convertible Unsecured Notes are not required to be separately accounted for as a derivative under GAAP. In accounting for the Convertible Unsecured Notes, the Company estimated at the time of issuance separate debt and equity components for each of the Convertible Unsecured Notes. An original issue discount equal to the equity components of the Convertible Unsecured Notes was recorded in "capital in excess of par value" in the accompanying consolidated balance sheet. Additionally, the issuance costs associated with the Convertible Unsecured Notes were allocated to the debt and equity components in proportion to the allocation of the proceeds and accounted for as debt issuance costs and equity issuance costs, respectively.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The debt and equity component percentages, the issuance costs and the equity component amounts for each of the Convertible Unsecured Notes are listed below.

| | February 2016 Convertible Notes | June 2016 Convertible Notes | 2017 Convertible Notes | 2018 Convertible Notes | 2019 Convertible Notes |
|--|--|--|---------------------------------------|---------------------------------------|---------------------------------------|
| Debt and equity component percentages, respectively(1) | 93.0% and 7.0% | 93.0% and 7.0% | 97.0% and 3.0% | 98.0% and 2.0% | 99.8% and 0.2% |
| Debt issuance costs(1) | \$ 15,778 | \$ 5,913 | \$ 4,813 | \$ 5,712 | \$ 4,475 |
| Equity issuance costs(1) | \$ 1,188 | \$ 445 | \$ 149 | \$ 116 | \$ 9 |
| Equity component, net of issuance costs(2) | \$ 39,062 | \$ 15,654 | \$ 4,724 | \$ 5,243 | \$ 582 |

(1) At time of issuance.

(2) At time of issuance and as of December 31, 2015.

In addition to the original issue discount equal to the equity components of the Convertible Unsecured Notes, the 2018 Convertible Notes and the 2019 Convertible Notes were each issued at a discount. The Company records interest expense comprised of both stated interest expense as well as accretion of any original issue discount.

As of December 31, 2015, the components of the carrying value of the Convertible Unsecured Notes, the stated interest rate and the effective interest rate were as follows:

| | February 2016 Convertible Notes | June 2016 Convertible Notes | 2017 Convertible Notes | 2018 Convertible Notes | 2019 Convertible Notes |
|---|--|--|---------------------------------------|---------------------------------------|---------------------------------------|
| Principal amount of debt | \$ 575,000 | \$ 230,000 | \$ 162,500 | \$ 270,000 | \$ 300,000 |
| Original issue discount, net of accretion | (798) | (1,512) | (1,305) | (3,165) | (2,979) |
| Carrying value of debt | \$ 574,202 | \$ 228,488 | \$ 161,195 | \$ 266,835 | \$ 297,021 |
| Stated interest rate | 5.750% | 5.125% | 4.875% | 4.750% | 4.375% |
| Effective interest rate(1) | 7.4% | 6.7% | 5.5% | 5.3% | 4.7% |

(1) The effective interest rate of the debt component of the Convertible Unsecured Notes is equal to the stated interest rate plus the accretion of original issue discount.

For the years ended December 31, 2015, 2014 and 2013, the components of interest expense and cash paid for interest expense for the Convertible Unsecured Notes were as follows:

| | For the Years Ended December 31, | | |
|--------------------------------------|---|-------------|-------------|
| | 2015 | 2014 | 2013 |
| Stated interest expense | \$ 78,722 | \$ 78,722 | \$ 71,540 |
| Amortization of debt issuance costs | 6,863 | 7,292 | 6,293 |
| Accretion of original issue discount | 15,973 | 14,927 | 13,508 |
| Total interest expense | \$ 101,558 | \$ 100,941 | \$ 91,341 |

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

| | | | | | | |
|--------------------------------|----|--------|----|--------|----|--------|
| Cash paid for interest expense | \$ | 78,722 | \$ | 78,612 | \$ | 62,568 |
|--------------------------------|----|--------|----|--------|----|--------|

F-80

Unsecured Notes

2018 Notes

In November 2013, the Company issued \$600,000 aggregate principal amount of unsecured notes that mature on November 30, 2018 (the "2018 Notes"). The 2018 Notes bear interest at a rate of 4.875% per year, payable semi-annually and all principal is due upon maturity. The 2018 Notes may be redeemed in whole or in part at any time at the Company's option at a redemption price equal to par plus a "make whole" premium, as determined pursuant to the indenture governing the 2018 Notes, and any accrued and unpaid interest. The 2018 Notes were issued at a discount at the time of issuance totaling \$3,312. The Company records interest expense comprised of both stated interest expense as well as any accretion of any original issue discount. Total proceeds from the issuance of the 2018 Notes, net of the original issue discount, underwriting discounts and offering costs, were \$586,014. In January 2014, the Company issued an additional \$150,000 aggregate principal amount of the 2018 Notes at a premium of 102.7% of their principal amount (the "Additional 2018 Notes"). The original issue premium recognized upon issuance of the Additional 2018 Notes totaled \$4,050. Total proceeds from the issuance of the Additional 2018 Notes, net of underwriting discounts and offering costs, were approximately \$151,900.

2020 Notes

In November 2014, the Company issued \$400,000 aggregate principal amount of unsecured notes that mature on January 15, 2020 (the "2020 Notes"). The 2020 Notes bear interest at a rate of 3.875% per year, payable semi-annually and all principal is due upon maturity. The 2020 Notes may be redeemed in whole or in part at any time at the Company's option at a redemption price equal to par plus a "make whole" premium, if applicable, as determined pursuant to the indenture governing the 2020 Notes, and any accrued and unpaid interest. The 2020 Notes were issued at a discount at the time of issuance totaling \$1,600. The Company records interest expense comprised of both stated interest expense as well as any accretion of any original issue discount. Total proceeds from the issuance of the 2020 Notes, net of the original issue discount, underwriting discounts and offering costs, were \$394,308.

In January 2015, the Company issued an additional \$200,000 aggregate principal amount of the 2020 Notes at a premium of 100.2% of their principal amount (the "Additional 2020 Notes"). The original issue premium recognized upon issuance of the Additional 2020 Notes totaled \$370. Total proceeds from the issuance of the Additional 2020 Notes, net of underwriting discounts and offering costs, were approximately \$198,359.

February 2022 Notes

In February 2012, the Company issued \$143,750 aggregate principal amount of unsecured notes that were scheduled to mature on February 15, 2022 (the "February 2022 Notes"). The February 2022 Notes bore interest at a rate of 7.00% per year, payable quarterly. Total proceeds from the issuance of the February 2022 Notes, net of underwriting discounts and offering costs, were \$138,338. In March 2015, the Company redeemed the entire aggregate principal amount outstanding of its February 2022 Notes in accordance with the terms of the indenture governing the February 2022 Notes. The February 2022 Notes were redeemed at par plus accrued and unpaid interest for a total redemption price of approximately \$144,616, which resulted in a realized loss on the extinguishment of debt of \$3,839.

October 2022 Notes

In September 2012 and October 2012, the Company issued \$182,500 aggregate principal amount of unsecured notes that mature on October 1, 2022 (the "October 2022 Notes"). The October 2022 Notes bear interest at a rate of 5.875% per year, payable quarterly and all principal is due upon maturity. The October 2022 Notes may be redeemed in whole or in part at any time or from time to time at the

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Company's option on or after October 1, 2015, at a par redemption price of \$25.00 per security plus accrued and unpaid interest. Total proceeds from the issuance of the October 2022 Notes, net of underwriting discounts and offering costs, were \$176,054.

2040 Notes

In October 2010, the Company issued \$200,000 aggregate principal amount of unsecured notes that mature on October 15, 2040 (the "2040 Notes"). The 2040 Notes bore interest at a rate of 7.75% per year, payable quarterly. Total proceeds from the issuance of the 2040 Notes, net of underwriting discounts and offering costs, were \$192,664. In October 2015, the Company redeemed the entire aggregate principal amount outstanding of the 2040 Notes in accordance with the terms of the indenture governing the 2040 Notes. The 2040 Notes were redeemed at par plus accrued and unpaid interest for a total redemption price of approximately \$200,560, which resulted in a realized loss on the extinguishment of debt of \$6,572.

2047 Notes

As part of the acquisition of Allied Capital Corporation ("Allied Capital") in April 2010 (the "Allied Acquisition"), the Company assumed \$230,000 aggregate principal amount of unsecured notes due on April 15, 2047 (the "2047 Notes" and together with the 2018 Notes, the 2020 Notes and the October 2022 Notes, the "Unsecured Notes"). The 2047 Notes bear interest at a rate of 6.875%, payable quarterly and all principal is due upon maturity. The 2047 Notes may be redeemed in whole or in part at any time or from time to time at the Company's option, at a par redemption price of \$25.00 per security plus accrued and unpaid interest. As of December 31, 2015 and 2014, the outstanding principal was \$229,557 and \$229,557 respectively, and the carrying value was \$181,604 and \$181,330, respectively. The carrying value represents the outstanding principal amount of the 2047 Notes less the unaccrued purchased discount recorded as a part of the Allied Acquisition.

For the years ended December 31, 2015, 2014 and 2013, the components of interest expense and cash paid for interest expense for the Unsecured Notes, the February 2022 Notes and the 2040 Notes were as follows:

| | For the Years Ended | | |
|-------------------------------------|----------------------------|---------------|---------------|
| | December 31, | | |
| | 2015 | 2014 | 2013 |
| Stated interest expense | \$ 100,619 | \$ 89,804 | \$ 55,509 |
| Amortization of debt issuance costs | 4,076 | 3,196 | 298 |
| Accretion of purchase discount | 403 | 180 | 1,129 |
| Total interest expense | \$ 105,098 | \$ 93,180 | \$ 56,936 |

| | | | |
|--------------------------------|-----------|-----------|-----------|
| Cash paid for interest expense | \$ 97,621 | \$ 85,672 | \$ 52,097 |
|--------------------------------|-----------|-----------|-----------|

The Unsecured Notes contain certain covenants, including covenants requiring the Company to comply with Section 18(a)(1)(A) as modified by Section 61(a)(1) of the Investment Company Act and to provide financial information to the holders of such notes under certain circumstances. These covenants are subject to important limitations and exceptions set forth in the indentures governing such notes. As of December 31, 2015, the Company was in compliance in all material respects with the terms of the respective indentures governing each of the Unsecured Notes.

The Convertible Unsecured Notes and the Unsecured Notes are the Company's unsecured senior obligations and rank senior in right of payment to any future indebtedness that is expressly subordinated in right of payment to the Convertible Unsecured Notes and the Unsecured Notes; equal in right of payment to the Company's existing and future unsecured indebtedness that is not expressly subordinated; effectively junior in right of payment to any of its secured indebtedness (including

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

existing unsecured indebtedness that the Company later secures) to the extent of the value of the assets securing such indebtedness; and structurally junior to all existing and future indebtedness (including trade payables) incurred by the Company's subsidiaries, financing vehicles or similar facilities.

6. DERIVATIVE INSTRUMENTS

The Company enters into forward currency contracts from time to time to help mitigate the impact that an adverse change in foreign exchange rates would have on the value of the Company's investments denominated in foreign currencies. Net unrealized gains or losses on foreign currency contracts are included in "net unrealized gains (losses) from foreign currency and other transactions" and net realized gains or losses on forward currency contracts are included in "net realized gains (losses) from foreign currency transactions" in the accompanying consolidated statement of operations.

During the year ended December 31, 2015, the Company entered into an agreement with the SDLP to sell certain of the Company's investments to the SDLP at a mutually agreed upon price on a future date. The value of the agreement with the SDLP will change as the fair value of the identified loans changes. As of December 31, 2015, the unrealized gain related to this agreement was included in the "net unrealized gains (losses) from foreign currency and other transactions" in the accompanying consolidated statement of operations and in "other assets" in the accompanying consolidated balance sheet.

Forward currency contracts and the forward sale agreement are considered undesignated derivative instruments.

Certain information related to the Company's derivative financial instruments is presented below as of December 31, 2015 and 2014.

| As of December 31, 2015 | | | | | |
|-----------------------------------|-----------------|---------------|-----------------------------------|--|---------------------------------------|
| Description | Notional Amount | Maturity Date | Gross Amount of Recognized Assets | Gross Amount Offset in the Balance Sheet | Balance Sheet Location of Net Amounts |
| Foreign currency forward contract | CAD45,000 | 1/6/2016 | \$ 1,112 | \$ | Other Assets |
| Foreign currency forward contract | € 3,820 | 1/6/2016 | 143 | | Other Assets |
| Forward sale agreement | \$ 316,201 | | 2,602 | | Other Assets |
| Total | | | \$ 3,857 | \$ | |

| As of December 31, 2014 | | | | | |
|-----------------------------------|-----------------|---------------|-----------------------------------|--|---------------------------------------|
| Description | Notional Amount | Maturity Date | Gross Amount of Recognized Assets | Gross Amount Offset in the Balance Sheet | Balance Sheet Location of Net Amounts |
| Foreign currency forward contract | CAD45,000 | 1/8/2015 | \$ 1,537 | \$ | Other assets |
| Total | | | \$ 1,537 | \$ | |

7. COMMITMENTS AND CONTINGENCIES

The Company has various commitments to fund investments in its portfolio as described below.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

As of December 31, 2015 and 2014, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to fund which are at (or substantially at) the Company's discretion:

| | As of December 31, | |
|--|--------------------|-------------------|
| | 2015 | 2014 |
| Total revolving and delayed draw loan commitments | \$ 418,880 | \$ 574,772 |
| Less: drawn commitments | (122,925) | (111,802) |
| Total undrawn commitments | 295,955 | 462,970 |
| Less: commitments substantially at discretion of the Company | (6,000) | (6,000) |
| Less: unavailable commitments due to borrowing base or other covenant restrictions | | (2,700) |
| Total net adjusted undrawn revolving and delayed draw loan commitments | \$ 289,955 | \$ 454,270 |

Included within the total revolving and delayed draw loan commitments as of December 31, 2015 and 2014 were delayed draw loan commitments totaling \$148,609 and \$206,429, respectively. The Company's commitment to fund delayed draw loans is triggered upon the satisfaction of certain pre-negotiated terms and conditions. Generally, the most significant and uncertain term requires the borrower to satisfy a specific use of proceeds covenant. The use of proceeds covenant typically requires the borrower to use the additional loans for the specific purpose of a permitted acquisition or permitted investment, for example. In addition to the use of proceeds covenant, the borrower is generally required to satisfy additional negotiated covenants (including specified leverage levels).

Also included within the total revolving and delayed draw loan commitments as of December 31, 2015 were commitments to issue up to \$42,212 in letters of credit through a financial intermediary on behalf of certain portfolio companies. As of December 31, 2015, the Company had \$13,840 in letters of credit issued and outstanding under these commitments on behalf of portfolio companies. For all these letters of credit issued and outstanding, the Company would be required to make payments to third parties if the portfolio companies were to default on their related payment obligations. None of these letters of credit issued and outstanding are recorded as a liability on the Company's balance sheet as such letters of credit are considered in the valuation of the investments in the portfolio company. Of these letters of credit, \$12,818 expire in 2016 and \$1,022 expire in 2017.

The Company also has commitments to co-invest in the SSLP for the Company's portion of the SSLP's commitments to fund delayed draw loans to certain portfolio companies of the SSLP. See Note 4 for more information.

As of December 31, 2015 and 2014, the Company was party to subscription agreements to fund equity investments in private equity investment partnerships as follows:

| | As of December 31, | |
|---|--------------------|-----------------|
| | 2015 | 2014 |
| Total private equity commitments | \$ 107,000 | \$ 107,000 |
| Less: funded private equity commitments | (20,896) | (20,442) |
| Total unfunded private equity commitments | 86,104 | 86,558 |
| Less: private equity commitments substantially at discretion of the Company | (84,554) | (84,633) |
| Total net adjusted unfunded private equity commitments | \$ 1,550 | \$ 1,925 |

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

In the ordinary course of business, the Company may sell certain of its investments to third party purchasers. In particular, in connection with the sale of certain controlled portfolio company equity investments (as well as certain other sales) the Company has, and may continue to do so in the future, agreed to indemnify such purchasers for future liabilities arising from the investments and the related sale transaction. Such indemnification provisions have given rise to liabilities in the past and may do so in the future.

Lease Commitments

The Company is obligated under a number of operating leases and subleases for office spaces with terms ranging from less than one year to more than 15 years. Total rent expense incurred by the Company for the years ended December 31, 2015, 2014 and 2013 was \$4,171, \$3,366 and \$3,687, respectively.

The following table shows future minimum payments under the Company's operating leases and subleases where it is a sublessee as of December 31, 2015:

| For the Years Ended December 31, | Amount |
|---|------------------|
| 2016 | \$ 9,192 |
| 2017 | 9,352 |
| 2018 | 9,098 |
| 2019 | 9,070 |
| 2020 | 8,889 |
| Thereafter | 48,481 |
| Total | \$ 94,082 |

For certain of its operating leases, the Company has entered into subleases including ones with Ares Management and IHAM, a wholly owned portfolio company of the Company. See Note 13 for further description of these subleases.

The following table shows future expected rental payments to be received under the Company's subleases where the Company is the sublessor as of December 31, 2015. The current allocations reflected below are as of December 31, 2015. The allocations in connection with the Company's subleases are subject to change and future review. Further, such allocations are subject to change depending on the composition of, and functions performed by, the staff in each office.

| For the Years Ended December 31, | Amount |
|---|------------------|
| 2016 | \$ 5,815 |
| 2017 | 5,912 |
| 2018 | 5,815 |
| 2019 | 5,739 |
| 2020 | 5,772 |
| Thereafter | 32,548 |
| Total | \$ 61,601 |

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company follows ASC 825-10, which provides companies the option to report selected financial assets and liabilities at fair value. ASC 825-10 also establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities and to more easily understand the effect of the company's choice to use fair value on its earnings. ASC 825-10 also requires entities to display the fair

value of the selected assets and liabilities on the face of the balance sheet. The Company has not elected the ASC 825-10 option to report selected financial assets and liabilities at fair value. With the exception of the line items entitled "other assets" and "debt," which are reported at amortized cost, all assets and liabilities approximate fair value on the balance sheet. The carrying value of the lines titled "interest receivable," "receivable for open trades," "payable for open trades," "accounts payable and other liabilities," "base management fees payable," "income based fees payable," "capital gains incentive fees payable" and "interest and facility fees payable" approximate fair value due to their short maturity.

The Company also follows ASC 820-10, which expands the application of fair value accounting. ASC 820-10 defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosure of fair value measurements. ASC 820-10 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. ASC 820-10 requires the Company to assume that the portfolio investment is sold in its principal market to market participants or, in the absence of a principal market, the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact. In accordance with ASC 820-10, the Company has considered its principal market as the market in which the Company exits its portfolio investments with the greatest volume and level of activity. ASC 820-10 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. In accordance with ASC 820-10, these inputs are summarized in the three broad levels listed below:

Level 1 Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In addition to using the above inputs in investment valuations, the Company continues to employ the net asset valuation policy approved by the Company's board of directors that is consistent with ASC 820-10 (see Note 2). Consistent with the Company's valuation policy, it evaluates the source of inputs, including any markets in which the Company's investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. The Company's valuation policy considers the fact that because there is not a readily available market value for most of the investments in the Company's portfolio, the fair value of the investments must typically be determined using unobservable inputs.

The Company's portfolio investments (other than as described below in the following paragraph) are typically valued using two different valuation techniques. The first valuation technique is an analysis of the enterprise value ("EV") of the portfolio company. Enterprise value means the entire value of the portfolio company to a market participant, including the sum of the values of debt and equity securities used to capitalize the enterprise at a point in time. The primary method for determining EV uses a multiple analysis whereby appropriate multiples are applied to the portfolio company's EBITDA (generally defined as net income before net interest expense, income tax expense, depreciation and amortization). EBITDA multiples are typically determined based upon review of market comparable transactions and publicly traded comparable companies, if any. The Company may also employ other valuation multiples to determine EV, such as revenues or, in the case of certain portfolio companies in the power generation industry, kilowatt capacity. The second method for determining EV uses a discounted cash flow analysis whereby future expected cash flows of the portfolio company are discounted to determine a present value using estimated discount rates (typically a weighted average

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

cost of capital based on costs of debt and equity consistent with current market conditions). The EV analysis is performed to determine the value of equity investments, the value of debt investments in portfolio companies where the Company has control or could gain control through an option or warrant security, and to determine if there is credit impairment for debt investments. If debt investments are credit impaired, an EV analysis may be used to value such debt investments; however, in addition to the methods outlined above, other methods such as a liquidation or wind-down analysis may be utilized to estimate enterprise value. The second valuation technique is a yield analysis, which is typically performed for non-credit impaired debt investments in portfolio companies where the Company does not own a controlling equity position. To determine fair value using a yield analysis, a current price is imputed for the investment based upon an assessment of the expected market yield for a similarly structured investment with a similar level of risk. In the yield analysis, the Company considers the current contractual interest rate, the maturity and other terms of the investment relative to risk of the company and the specific investment. A key determinant of risk, among other things, is the leverage through the investment relative to the enterprise value of the portfolio company. As debt investments held by the Company are substantially illiquid with no active transaction market, the Company depends on primary market data, including newly funded transactions, as well as secondary market data with respect to high yield debt instruments and syndicated loans, as inputs in determining the appropriate market yield, as applicable.

For other portfolio investments such as investments in collateralized loan obligations and the SSLP Certificates, discounted cash flow analysis is the primary technique utilized to determine fair value. Expected future cash flows associated with the investment are discounted to determine a present value using a discount rate that reflects estimated market return requirements.

The following tables summarize the significant unobservable inputs the Company used to value the majority of its investments categorized within Level 3 as of December 31, 2015 and 2014. The tables are not intended to be all-inclusive, but instead capture the significant unobservable inputs relevant to the Company's determination of fair values.

As of December 31, 2015

| Asset Category | Fair Value | Primary Valuation Techniques | Unobservable Input | | Weighted Average |
|---------------------------------------|---------------------|-------------------------------|--------------------|-----------------|------------------|
| | | | Input | Estimated Range | |
| First lien senior secured loans | \$ 2,638,784 | Yield analysis | Market yield | 4.0% - 16.5% | 9.2% |
| Second lien senior secured loans | 2,861,294 | Yield analysis | Market yield | 8.5% - 19.5% | 10.6% |
| Subordinated certificates of the SSLP | 1,884,861 | Discounted cash flow analysis | Discount rate | 10.5% - 11.5% | 11.0% |
| Senior subordinated debt | 654,066 | Yield analysis | Market yield | 8.3% - 15.8% | 12.2% |
| Preferred equity securities | 375,830 | EV market multiple analysis | EBITDA multiple | 4.0x - 14.8x | 7.2x |
| Other equity securities and other | 637,289 | EV market multiple analysis | EBITDA multiple | 4.0x - 14.8x | 10.2x |
| Total Investments | \$ 9,052,124 | | | | |
| Derivatives | \$ 2,602 | Yield analysis | Market yield | 7.0% - 7.6% | 7.4% |
| Total Other Assets | \$ 2,602 | | | | |

As of December 31, 2014

| Asset Category | Fair Value | Primary Valuation Techniques | Unobservable Input | Unobservable Input | |
|---------------------------------------|---------------------|-------------------------------|--------------------|--------------------|------------------|
| | | | | Estimated Range | Weighted Average |
| First lien senior secured loans | \$ 3,700,602 | Yield analysis | Market yield | 4.0% - 20.0% | 8.5% |
| Second lien senior secured loans | 1,900,464 | Yield analysis | Market yield | 6.6% - 13.5% | 9.5% |
| Subordinated certificates of the SSLP | 2,065,015 | Discounted cash flow analysis | Discount rate | 10.0% - 13.0% | 11.8% |
| Senior subordinated debt | 523,288 | Yield analysis | Market yield | 8.3% - 14.0% | 11.2% |
| Preferred equity securities | 190,254 | EV market multiple analysis | EBITDA multiple | 4.5x - 15.2x | 9.7x |
| Other equity securities and other | 644,157 | EV market multiple analysis | EBITDA multiple | 4.5x - 14.5x | 9.5x |
| Total | \$ 9,023,780 | | | | |

Changes in market yields, discount rates or EBITDA multiples, each in isolation, may change the fair value of certain of the Company's investments. Generally, an increase in market yields or discount rates or decrease in EBITDA multiples may result in a decrease in the fair value of certain of the Company's investments.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of the Company's investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that the Company may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If the Company was required to liquidate a portfolio investment in a forced or liquidation sale, it could realize significantly less than the value at which the Company has recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

The following table presents fair value measurements of cash and cash equivalents, investments and derivatives as of December 31, 2015:

| | Fair Value Measurements Using | | | |
|---------------------------|-------------------------------|------------|----------|--------------|
| | Total | Level 1 | Level 2 | Level 3 |
| Cash and cash equivalents | \$ 257,056 | \$ 257,056 | \$ | \$ |
| Investments | \$ 9,055,496 | \$ 3,372 | \$ | \$ 9,052,124 |
| Derivatives | \$ 3,857 | \$ | \$ 1,255 | \$ 2,602 |

The following table presents fair value measurements of cash and cash equivalents, investments and derivatives as of December 31, 2014:

| | Fair Value Measurements Using | | | |
|---------------------------|-------------------------------|------------|----------|--------------|
| | Total | Level 1 | Level 2 | Level 3 |
| Cash and cash equivalents | \$ 194,555 | \$ 194,555 | \$ | \$ |
| Investments | \$ 9,028,379 | \$ 4,599 | \$ | \$ 9,023,780 |
| Derivatives | \$ 1,537 | \$ | \$ 1,537 | \$ |

F-88

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The following table presents changes in investments that use Level 3 inputs as of and for the year ended December 31, 2015:

| | As of and For the Year Ended December 31, 2015 |
|---|---|
| Balance as of December 31, 2014 | \$ 9,023,780 |
| Net realized gains | 114,113 |
| Net unrealized losses | (241,291) |
| Purchases | 3,881,395 |
| Sales | (1,772,435) |
| Redemptions | (1,968,512) |
| Payment-in-kind interest and dividends | 23,710 |
| Net accretion of discount on securities | 4,362 |
| Net transfers in and/or out of Level 3 | (12,998) |
| Balance as of December 31, 2015 | \$ 9,052,124 |

As of December 31, 2015, the net unrealized depreciation on the investments that use Level 3 inputs was \$98,600. For the year ended December 31, 2015, the net transfers out of Level 3 were due to privately held equity investments converting to publicly traded stock.

The following table presents changes in derivatives that use Level 3 inputs as of and for the year ended December 31, 2015:

| | As of and For the Year Ended December 31, 2015 |
|-------------------------------------|---|
| Balance as of December 31, 2014 | \$ |
| Net unrealized gains | 2,602 |
| Balance as of December 31, 2015 | \$ 2,602 |

As of December 31, 2015, the net unrealized appreciation on the derivatives that use Level 3 inputs was \$2,602.

For the year ended December 31, 2015, the total amount of gains (losses) for the period included in earnings attributable to the change in unrealized gains (losses) relating to the Company's Level 3 assets still held as of December 31, 2015, and reported within the net unrealized gains (losses) from investments, foreign currency and other transactions in the Company's consolidated statement of operations was \$(201,234).

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The following table presents changes in investments that use Level 3 inputs as of and for the year ended December 31, 2014:

| | As of and For the Year Ended December 31, 2014 |
|---|---|
| Balance as of December 31, 2013 | \$ 7,632,897 |
| Net realized gains | 90,578 |
| Net unrealized gains | 56,379 |
| Purchases | 4,536,868 |
| Sales | (1,035,697) |
| Redemptions | (2,267,822) |
| Payment-in-kind interest and dividends | 11,916 |
| Net accretion of discount on securities | 3,153 |
| Net transfers in and/or out of Level 3 | (4,492) |
| Balance as of December 31, 2014 | \$ 9,023,780 |

As of December 31, 2014, the net unrealized appreciation on the investments that use Level 3 inputs was \$150,237. For the year ended December 31, 2014, the net transfers out of Level 3 were due to privately held equity investments converting to publicly traded stock.

For the year ended December 31, 2014, the total amount of gains (losses) for the period included in earnings attributable to the change in unrealized gains (losses) relating to the Company's Level 3 assets still held as of December 31, 2014, and reported within the net unrealized gains (losses) from investments in the Company's consolidated statement of operations was \$63,638.

Transfers between levels, if any, are recognized at the beginning of the quarter in which the transfers occur.

Following are the carrying and fair values of the Company's debt obligations as of December 31, 2015 and 2014. Fair value is estimated by discounting remaining payments using applicable current

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

market rates, which take into account changes in the Company's marketplace credit ratings, or market quotes, if available.

| | As of December 31, | | | |
|---|----------------------|---------------|----------------------|---------------|
| | 2015 | | 2014 | |
| | Carrying value(1) | Fair value | Carrying value(1) | Fair value |
| Revolving Credit Facility | \$ 515,000 | \$ 515,000 | \$ 170,000 | \$ 170,000 |
| Revolving Funding Facility | 250,000 | 250,000 | 324,000 | 324,000 |
| SMBC Funding Facility | 110,000 | 110,000 | 62,000 | 62,000 |
| SBA Debentures | 22,000 | 22,000 | | |
| February 2016 Convertible Notes (principal amount outstanding of \$575,000) | 574,202(2) | 575,058 | 565,001(2) | 592,940 |
| June 2016 Convertible Notes (principal amount outstanding of \$230,000) | 228,488(2) | 230,058 | 225,026(2) | 237,010 |
| 2017 Convertible Notes (principal amount outstanding of \$162,500) | 161,195(2) | 164,206 | 160,180(2) | 168,521 |
| 2018 Convertible Notes (principal amount outstanding of \$270,000) | 266,835(2) | 270,877 | 265,431(2) | 279,169 |
| 2019 Convertible Notes (principal amount outstanding of \$300,000) | 297,021(2) | 299,061 | 296,130(2) | 302,532 |
| 2018 Notes (principal amount outstanding of \$750,000) | 750,537(3) | 777,405 | 750,704(3) | 788,288 |
| 2020 Notes (principal amount outstanding of \$600,000 and \$400,000, respectively) | 599,097(4) | 607,128 | 398,430(4) | 399,740 |
| February 2022 Notes (principal amount outstanding of \$0 and \$143,750, respectively) | | (5) | 143,750(5) | 144,764 |
| October 2022 Notes (principal amount outstanding of \$182,500) | 182,500 | 182,009 | 182,500 | 183,835 |
| 2040 Notes (principal amount outstanding of \$0 and \$200,000, respectively) | | (5) | 200,000(5) | 203,208 |
| 2047 Notes (principal amount outstanding of \$229,557) | 181,604(6) | 230,228 | 181,330(6) | 226,592 |
| | \$ 4,138,479(7) | \$ 4,233,030 | \$ 3,924,482(7) | \$ 4,082,599 |

- (1) Except for the Convertible Unsecured Notes, the 2018 Notes, the 2020 Notes and the 2047 Notes, all carrying values are the same as the principal amounts outstanding.
- (2) Represents the aggregate principal amount outstanding of the Convertible Unsecured Notes less the unaccreted discount recorded upon issuance of each respective series of the Convertible Unsecured Notes. See Note 17 for a subsequent event relating to the maturity and repayment of the February 2016 Convertible Notes.
- (3) Represents the aggregate principal amount outstanding of the 2018 Notes plus the net unamortized premium that was recorded upon the issuances of the 2018 Notes.
- (4) As of December 31, 2015, represents the aggregate principal amount outstanding of the 2020 Notes less the net unaccreted discount recognized on the issuances of the 2020 Notes. As of December 31, 2014, represents the aggregate principal amount outstanding of the 2020 Notes less the unaccreted discount recognized on the first issuance of the 2020 Notes.

- (5) See Note 5 for more information on the early redemption of the February 2022 Notes and the 2040 Notes.
- (6) Represents the aggregate principal amount outstanding of the 2047 Notes less the unaccreted purchased discount.
- (7) Total principal amount of debt outstanding totaled \$4,196,557 and \$3,999,307 as of December 31, 2015 and December 31, 2014, respectively.

The following table presents fair value measurements of the Company's debt obligations as of December 31, 2015 and 2014:

| Fair Value Measurements Using | As of December 31, | |
|-------------------------------|---------------------|---------------------|
| | 2015 | 2014 |
| Level 1 | \$ 412,237 | \$ 758,399 |
| Level 2 | 3,820,793 | 3,324,200 |
| Total | \$ 4,233,030 | \$ 4,082,599 |

9. STOCKHOLDERS' EQUITY

There were no sales of the Company's equity securities for the year ended December 31, 2015. The following table summarizes the total shares issued and proceeds received in public offerings of the Company's common stock net of underwriting discounts and offering costs for the years ended December 31, 2014 and 2013:

| | Shares issued | Offering price per share(1) | Proceeds net of underwriting discounts and offering costs |
|---|---------------|-----------------------------|---|
| 2014 | | | |
| July 2014 public offering | 15,525 | \$ 16.63 | \$ 257,667 |
| Total for the year ended December 31, 2014 | 15,525 | | \$ 257,667 |
| 2013 | | | |
| December 2013 public offering | 16,445 | \$ 17.47 | \$ 285,993 |
| October 2013 public offering | 12,650 | \$ 16.98 | 214,339 |
| April 2013 public offering | 19,148 | \$ 17.43 | 333,144 |
| Total for the year ended December 31, 2013 | 48,243 | | \$ 833,476 |

- (1) The shares were sold to the underwriters for a price equal to the offering price per share, which the underwriters were then permitted to sell at variable prices to the public.

The Company used the net proceeds from the above public equity offerings to repay outstanding indebtedness and for general corporate purposes, which included funding investments in accordance with its investment objective. See Note 12 for information regarding shares of common stock issued in accordance with the Company's dividend reinvestment plan.

Stock Repurchase Program

In September 2015, the Company's board of directors approved a stock repurchase program authorizing the Company to repurchase up to \$100 million in the aggregate of its outstanding common stock in the open market at certain thresholds below its net asset value per share, in accordance with the guidelines specified in Rule 10b-18 of the Securities Exchange Act of 1934, as amended. The timing, manner, price and amount of any share repurchases will be determined by the Company, in its

discretion, based upon the evaluation of economic and market conditions, stock price, applicable legal and regulatory requirements and other factors. The Company expects that the program will be in effect until September 30, 2016, or until the approved dollar amount has been used to repurchase shares. The program does not require the Company to repurchase any specific number of shares and it cannot assure stockholders that any shares will be repurchased under the program. The program may be suspended, extended, modified or discontinued at any time. During the quarter ended December 31, 2015, the Company repurchased a total of 122 shares of the Company's common stock in the open market for \$1,685. The shares were repurchased at an average price of \$13.86 per share, including commissions paid.

10. EARNINGS PER SHARE

The following information sets forth the computations of basic and diluted net increase in stockholders' equity resulting from operations per share for the years ended December 31, 2015, 2014 and 2013:

| | For the Years Ended December 31, | | |
|---|----------------------------------|------------|------------|
| | 2015 | 2014 | 2013 |
| Net increase in stockholders' equity resulting from operations available to common stockholders | \$ 378,670 | \$ 590,949 | \$ 488,521 |
| Weighted average shares of common stock outstanding basic and diluted | 314,375 | 305,287 | 266,939 |
| Basic and diluted net increase in stockholders' equity resulting from operations per share | \$ 1.20 | \$ 1.94 | \$ 1.83 |

For the purpose of calculating diluted net increase in stockholders' equity resulting from operations per share, the average closing price of the Company's common stock for the year ended December 31, 2015 was less than the conversion price for each of the Convertible Unsecured Notes outstanding as of December 31, 2015. For the year ended December 31, 2014, the average closing price of the Company's common stock for such period was less than the conversion price for each of the Convertible Unsecured Notes outstanding as of December 31, 2014. For the year ended December 31, 2013 and the date of issuance of the 2019 Convertible Notes through December 31, 2013, the average closing price of the Company's common stock for such period was each less than the conversion price for each of the Convertible Unsecured Notes outstanding as of December 31, 2013. Therefore, for all periods presented in the financial statements, the underlying shares for the intrinsic value of the embedded options in the Convertible Unsecured Notes have no impact on the computation of diluted net increase in stockholders' equity resulting from operations per share.

11. INCOME AND EXCISE TAXES

For income tax purposes, dividends paid and distributions made to the Company's stockholders are reported by the Company to the stockholders as ordinary income, capital gains, or a combination

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

thereof. Dividends paid per common share for the years ended December 31, 2015, 2014 and 2013 were taxable as follows (unaudited):

| | For the Years Ended December 31, | | |
|--------------------|---|----------------|----------------|
| | 2015 | 2014 | 2013 |
| Ordinary income(1) | \$ 1.56 | \$ 1.57 | \$ 1.57 |
| Capital gains | 0.01 | | |
| Total(2) | \$ 1.57 | \$ 1.57 | \$ 1.57 |

(1) For the years ended December 31, 2015, 2014 and 2013, ordinary income included dividend income of approximately \$0.0730, \$0.1055 and \$0.1082, per share, respectively, that qualified to be taxed at the maximum capital gains rate. For certain eligible corporate shareholders, these dividends were eligible for the dividends received deduction.

(2) For the years ended December 31, 2015, 2014 and 2013, dividends paid were comprised of interest-sourced dividends in amounts equal to 91.1%, 90.1% and 88.2% of total dividends paid, respectively.

The following reconciles net increase in stockholders' equity resulting from operations to taxable income for the years ended December 31, 2015, 2014 and 2013:

| | For the Years Ended December 31, | | |
|---|---|-------------------|-------------------|
| | 2015 | 2014 | 2013 |
| | (Estimated)(1) | | |
| Net increase in stockholders' equity resulting from operations | \$ 378,670 | \$ 590,949 | \$ 488,521 |
| Adjustments: | | | |
| Net unrealized losses (gains) on investments, foreign currency and other transactions | 246,210 | (59,364) | 5,610 |
| Income not currently taxable | (51,475) | (60,992) | (78,309) |
| Income (loss) for tax but not book | (32,539) | 10,478 | 43,264 |
| Expenses not currently deductible | 11,387 | 43,663 | 24,876 |
| Expenses for tax but not book | (4,628) | (4,655) | (7,906) |
| Realized gain/loss differences | 33,454 | (100,933) | (65,244) |
| Taxable income | \$ 581,079 | \$ 419,146 | \$ 410,812 |

(1) The calculation of estimated 2015 taxable income includes a number of estimated inputs, including information received from third parties and, as a result, actual 2015 taxable income will not be finally determined until the Company's 2015 tax return is filed in 2016 (and, therefore, such estimate is subject to change).

Taxable income generally differs from net increase in stockholders' equity resulting from operations for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized gains or losses, as unrealized gains or losses are generally not included in taxable income until they are realized. In addition, on April 1, 2010, the Company acquired Allied Capital in a tax-free merger, which has caused certain merger-related items to vary in their deductibility for GAAP and tax purposes.

Capital losses in excess of capital gains earned in a tax year may generally be carried forward and used to offset capital gains, subject to certain limitations. As of December 31, 2015, the Company estimates that it will have a capital loss carryforward of approximately \$77 million available for use in

later tax years. Because of the loss limitation rules of the Code, some of the tax basis capital losses may be limited in their use. The unused balance will be carried forward and utilized as gains are realized, subject to such limitations. In addition to the capital loss carryforwards, the Company realized tax basis net losses totaling approximately \$0.3 billion from the Allied Capital portfolio since the Allied Acquisition through December 31, 2015, that have not yet been deducted for tax purposes as their deductibility in years since the Allied Acquisition was limited by the Code. While the Company's ability to utilize losses in the future depends upon a variety of factors that cannot be known in advance, substantially all of the Company's capital loss carryforwards and the net realized losses from the Allied Capital portfolio may become permanently unavailable due to limitations by the Code.

For 2015, the Company had estimated taxable income in excess of the distributions made from such taxable income during the year, and therefore, the Company has elected to carry forward the excess for distribution to shareholders in 2016. The amount carried forward to 2016 is estimated to be approximately \$257 million, although this amount will not be finalized until the 2015 tax returns are filed in 2016. For 2014 and 2013, the Company had taxable income in excess of the distributions made from such taxable income during the year, and therefore, the Company elected to carry forward the excess for distribution to shareholders in 2015 and 2014, respectively. The amount carried forward to 2015 and 2014 was approximately \$171 million and \$232 million, respectively. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such income, the Company accrues excise tax on estimated excess taxable income. For the years ended December 31, 2015, 2014 and 2013, a net expense of \$8,961, \$5,486 and \$10,277, respectively, was recorded for U.S. federal excise tax.

As of December 31, 2015, the estimated cost basis of investments for tax purposes was \$10.0 billion resulting in estimated gross unrealized gains and losses of \$0.05 billion and \$1.0 billion, respectively. As of December 31, 2014, the cost basis of investments for tax purposes was \$9.6 billion resulting in estimated gross unrealized gains and losses of \$0.3 billion and \$0.9 billion, respectively. As of December 31, 2015 and 2014, the cost of investments for tax purposes was greater than the amortized cost of investments for book purposes of \$9.1 billion and \$8.9 billion, respectively, primarily as a result of the Allied Acquisition. The Allied Acquisition qualified as a tax free merger, which resulted in the acquired assets retaining Allied Capital's cost basis at the merger date.

In general, the Company may make certain adjustments to the classification of stockholders' equity as a result of permanent book-to-tax differences, which may include merger-related items, differences in the book and tax basis of certain assets and liabilities, and nondeductible federal taxes, among other items. During the year ended December 31, 2015, the Company decreased accumulated overdistributed net investment income by \$17,752, increased accumulated net realized loss on investments by \$3,465 and decreased capital in excess of par value by \$14,287. During the year ended December 31, 2014, the Company decreased accumulated overdistributed net investment income by \$18,329, increased accumulated net realized loss on investments, foreign currency transactions, extinguishment of debt and other assets by \$95,411 and increased capital in excess of par value by \$77,082. During the year ended December 31, 2013, the Company decreased accumulated overdistributed net investment income by \$14,106, increased accumulated net realized loss on investments, foreign currency transactions, extinguishment of debt and other assets by \$26,151 and increased capital in excess of par value by \$12,045.

Certain of the Company's consolidated subsidiaries are subject to U.S. federal and state income taxes. For the years ended December 31, 2015, 2014 and 2013, the Company recorded a tax expense of approximately \$8,791, \$12,843 and \$3,828, respectively, for these subsidiaries.

12. DIVIDENDS AND DISTRIBUTIONS

The following table summarizes the Company's dividends declared and payable during the years ended December 31, 2015, 2014 and 2013:

| Date declared | Record date | Payment date | Per share amount | Total amount |
|-------------------------|--------------------|--------------------|------------------|--------------|
| November 4, 2015 | December 15, 2015 | December 31, 2015 | \$ 0.38 | \$ 119,498 |
| August 4, 2015 | September 15, 2015 | September 30, 2015 | 0.38 | 119,498 |
| May 4, 2015 | June 15, 2015 | June 30, 2015 | 0.38 | 119,498 |
| February 26, 2015 | March 13, 2015 | March 31, 2015 | 0.38 | 119,361 |
| February 26, 2015 | March 13, 2015 | March 31, 2015 | 0.05(1) | 15,705 |
| Total declared for 2015 | | | \$ 1.57 | \$ 493,560 |
| | | | | |
| November 4, 2014 | December 15, 2014 | December 31, 2014 | \$ 0.38 | 119,361 |
| August 5, 2014 | September 15, 2014 | September 30, 2014 | 0.38 | 119,361 |
| May 6, 2014 | June 16, 2014 | June 30, 2014 | 0.38 | 113,343 |
| February 26, 2014 | March 14, 2014 | March 31, 2014 | 0.38 | 113,228 |
| November 5, 2013 | March 14, 2014 | March 28, 2014 | 0.05(1) | 14,899 |
| Total declared for 2014 | | | \$ 1.57 | \$ 480,192 |
| | | | | |
| November 5, 2013 | December 16, 2013 | December 31, 2013 | 0.38 | 112,307 |
| November 5, 2013 | December 16, 2013 | December 31, 2013 | 0.05(1) | 14,777 |
| August 6, 2013 | September 16, 2013 | September 30, 2013 | 0.38 | 101,959 |
| May 7, 2013 | June 14, 2013 | June 28, 2013 | 0.38 | 101,856 |
| February 27, 2013 | March 15, 2013 | March 29, 2013 | 0.38 | 94,488 |
| Total declared for 2013 | | | \$ 1.57 | \$ 425,387 |

(1)

Represents an additional dividend.

The Company has a dividend reinvestment plan, whereby the Company may buy shares of its common stock in the open market or issue new shares in order to satisfy dividend reinvestment requests. When the Company issues new shares in connection with the dividend reinvestment plan, the issue price is equal to the closing price of its common stock on the dividend payment date. Dividend reinvestment plan activity for the years ended December 31, 2015, 2014 and 2013, was as follows:

| | For the Years Ended December 31, | | |
|---|-------------------------------------|----------|----------|
| | 2015 | 2014 | 2013 |
| Shares issued | 361 | 612 | 1,076 |
| Average issue price per share | \$ 17.17 | \$ 17.74 | \$ 17.58 |
| Shares purchased by plan agent to satisfy dividends declared and payable during the period for stockholders | 667 | 696 | |
| Average purchase price per share | \$ 15.70 | \$ 15.93 | \$ |

13. RELATED PARTY TRANSACTIONS

In accordance with the investment advisory and management agreement, the Company bears all costs and expenses of the operation of the Company and reimburses its investment adviser or its affiliates for certain of such costs and expenses incurred in the operation of the Company.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

For the years ended December 31, 2015, 2014 and 2013, the Company's investment adviser or its affiliates incurred such expenses totaling \$6,537, \$6,197 and \$5,250, respectively.

F-96

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The Company is party to office leases pursuant to which it is leasing office facilities from third parties. For certain of these office leases, the Company has also entered into separate subleases with Ares Management LLC, the sole member of Ares Capital Management, and IHAM, pursuant to which Ares Management LLC and IHAM sublease a portion of these leases. For the years ended December 31, 2015, 2014 and 2013, amounts payable to the Company under these subleases totaled \$4,714, \$4,073 and \$2,183, respectively.

Ares Management LLC has also entered into separate subleases with the Company, pursuant to which the Company subleases certain office spaces from Ares Management LLC. For the years ended December 31, 2015, 2014 and 2013, amounts payable to Ares Management LLC under these subleases totaled \$729, \$569 and \$185, respectively.

The Company has also entered into agreements with Ares Management LLC and IHAM, pursuant to which Ares Management LLC and IHAM are entitled to use the Company's proprietary portfolio management software. For the year ended December 31, 2015, amounts payable to the Company under these agreements totaled \$100. For the years ended December 31, 2014 and 2013, there were no amounts payable to the Company as there were no such agreements in place during those periods.

The Company also subleased certain office space from Ares Commercial Real Estate Management LLC ("ACREM"), a wholly owned subsidiary of Ares Management LLC and manager of Ares Commercial Real Estate Corporation. The Company's office sublease with ACREM was terminated on June 30, 2013. For the year ended December 31, 2013, amounts payable under this sublease by the Company to ACREM totaled \$26.

See Note 3, Note 4 and Note 6 for descriptions of other related party transactions.

14. FINANCIAL HIGHLIGHTS

The following is a schedule of financial highlights as of and for the years ended December 31, 2015, 2014 and 2013:

| Per Share Data: | As of and For the Years Ended December 31, | | |
|--|--|--------------|--------------|
| | 2015 | 2014 | 2013 |
| Net asset value, beginning of period(1) | \$ 16.82 | \$ 16.46 | \$ 16.04 |
| Issuances of common stock | 0.01 | | 0.16 |
| Repurchases of common stock | (0.01) | | |
| Net investment income for period(2) | 1.62 | 1.43 | 1.61 |
| Net realized and unrealized gains (losses) for period(2) | (0.41) | 0.50 | 0.22 |
| Net increase in stockholders' equity | 1.21 | 1.93 | 1.99 |
| Total distributions to stockholders(3) | (1.57) | (1.57) | (1.57) |
| Net asset value at end of period(1) | \$ 16.46 | \$ 16.82 | \$ 16.46 |
| Per share market value at end of period | \$ 14.25 | \$ 15.61 | \$ 17.77 |
| Total return based on market value(4) | 1.35% | (3.32)% | 10.51% |
| Total return based on net asset value(5) | 7.16% | 11.79% | 11.41% |
| Shares outstanding at end of period | 314,347 | 314,108 | 297,971 |
| Ratio/Supplemental Data: | | | |
| Net assets at end of period | \$ 5,173,332 | \$ 5,283,715 | \$ 4,904,444 |
| Ratio of operating expenses to average net assets(6)(7) | 9.51% | 10.46% | 10.03% |
| Ratio of net investment income to average net assets(6)(8) | 9.75% | 8.71% | 9.86% |
| Portfolio turnover rate(6) | 42% | 39% | 27% |

(1)

The net assets used equals the total stockholders' equity on the consolidated balance sheet.

- (2) Weighted average basic per share data.
- (3) Includes an additional dividend of \$0.05 per share for all periods presented.
- (4) For the year ended December 31, 2015, the total return based on market value equaled the decrease of the ending market value at December 31, 2015 of \$14.25 per share from the ending market value at December 31, 2014 of \$15.61 per share plus the declared and payable dividends of \$1.57 per share for the year ended December 31, 2015, divided by the market value at December 31, 2014. For the year ended December 31, 2014, the total return based on market value equaled the decrease of the ending market value at December 31, 2014 of \$15.61 per share from the ending market value at December 31, 2013 of \$17.77 per share plus the declared and payable dividends of \$1.57 per share for the year ended December 31, 2014, divided by the market value at December 31, 2013. For the year ended December 31, 2013, the total return based on market value equaled the increase of the ending market value at December 31, 2013 of \$17.77 per share from the ending market value at December 31, 2012 of \$17.50 per share plus the declared and payable dividends of \$1.57 per share for the year ended December 31, 2013, divided by the market value at December 31, 2012. The Company's shares fluctuate in value. The Company's performance changes over time and currently may be different than that shown. Past performance is no guarantee of future results.
- (5) For the year ended December 31, 2015, the total return based on net asset value equaled the change in net asset value during the period plus the declared and payable dividends of \$1.57 per share for the year ended December 31, 2015, divided by the beginning net asset value for the period. For the year ended December 31, 2014, the total return based on net asset value equaled the change in net asset value during the period plus the declared and payable dividends of \$1.57 per share for the year ended December 31, 2014, divided by the beginning net asset value for the period. For the year ended December 31, 2013, the total return based on net asset value equaled the change in net asset value during the period plus the declared and payable dividends of \$1.57 per share for the year ended December 31, 2013, divided by the beginning net asset value for the period. These calculations are adjusted for shares issued in connection with the dividend reinvestment plan, the issuance of common stock in connection with any equity offerings and the equity components of any convertible notes issued during the period. The Company's performance changes over time and currently may be different than that shown. Past performance is no guarantee of future results.
- (6) The ratios reflect an annualized amount.
- (7) For the year ended December 31, 2015, the ratio of operating expenses to average net assets consisted of 2.55% of base management fees, 2.31% of income based fees and capital gains incentive fees, 4.32% of the cost of borrowing and 0.33% of other operating expenses. For the year ended December 31, 2014, the ratio of operating expenses to average net assets consisted of 2.51% of base management fees, 2.90% of income based fees and capital gains incentive fees, 4.24% of the cost of borrowing and 0.81% of other operating expenses. For the year ended December 31, 2013, the ratio of operating expenses to average net assets consisted of 2.40% of base management fees, 2.80% of income based fees and capital gains incentive fees, 3.94% of the cost of borrowing and 0.89% of other operating expenses. These ratios reflect annualized amounts.
- (8) The ratio of net investment income to average net assets excludes income taxes related to realized gains and losses.

16. LITIGATION

The Company is party to certain lawsuits in the normal course of business. In addition, Allied Capital was involved in various legal proceedings that the Company assumed in connection with the

Allied Acquisition. Furthermore, third parties may try to seek to impose liability on the Company in connection with the activities of its portfolio companies. While the outcome of any such legal proceedings cannot at this time be predicted with certainty, the Company does not expect that these legal proceedings will materially affect its business, financial condition or results of operations.

On May 20, 2013, the Company was named as one of several defendants in an action (the "Action") filed in the United States District Court for the Eastern District of Pennsylvania (the "Pennsylvania Court") by the bankruptcy trustee of DSI Renal Holdings LLC and two related companies. On March 17, 2014, the Action was transferred to the United States District Court for the District of Delaware (the "Delaware Court") pursuant to a motion filed by the defendants and granted by the Pennsylvania Court. On May 6, 2014, the Delaware Court referred the Action to the United States Bankruptcy Court for the District of Delaware. The complaint in the Action alleges, among other things, that each of the named defendants participated in a purported "fraudulent transfer" involving the restructuring of a subsidiary of DSI Renal Holdings LLC. Among other things, the complaint seeks, jointly and severally from all defendants, (1) damages of approximately \$425 million, of which the complaint states the Company's individual share is approximately \$117 million, and (2) punitive damages. The Company is currently unable to assess with any certainty whether it may have any exposure in the Action. The Company believes the plaintiff's claims are without merit and intends to vigorously defend itself in the Action.

17. SUBSEQUENT EVENTS

The Company's management has evaluated subsequent events through the date of issuance of the consolidated financial statements included herein. There have been no subsequent events that occurred during such period that would require disclosure in this Form 10-K or would be required to be recognized in the consolidated financial statements as of and for the year ended December 31, 2015, except as disclosed below.

In February 2016, the Company repaid in full the \$575.0 million aggregate principal amount outstanding of the February 2016 Convertible Notes upon their maturity. The Company used amounts available under its revolving credit facilities to repay the outstanding indebtedness of the February 2016 Convertible Notes.

- (1) Other than the Company's investments listed in footnote 7 below (subject to the limitations set forth therein), the Company does not "Control" any of its portfolio companies, for the purposes of the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the "Investment Company Act"). In general, under the Investment Company Act, the Company would "Control" a portfolio company if the Company owned more than 25% of its outstanding voting securities (i.e., securities with the right to elect directors) and/or had the power to exercise control over the management or policies of such portfolio company. All of the Company's portfolio company investments, which as of June 30, 2016 represented 171% of the Company's net assets or 97% of the Company's total assets, are subject to legal restrictions on sales.
- (2) These assets are pledged as collateral for the Revolving Credit Facility (as defined below) and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than the Company's obligations under the Revolving Credit Facility (see Note 5 to the consolidated financial statements).

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (3) These assets are owned by the Company's consolidated subsidiary Ares Capital CP Funding LLC ("Ares Capital CP"), are pledged as collateral for the Revolving Funding Facility (as defined below) and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP's obligations under the Revolving Funding Facility (see Note 5 to the consolidated financial statements).
- (4) These assets are owned by the Company's consolidated subsidiary Ares Capital JB Funding LLC ("ACJB"), are pledged as collateral for the SMBC Funding Facility (as defined below) and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than ACJB's obligations under the SMBC Funding Facility (see Note 5 to the consolidated financial statements).
- (5) These assets are owned by the Company's consolidated subsidiary Ares Venture Finance, L.P. ("AVF LP"), are pledged as collateral for the SBA-guaranteed debentures (the "SBA Debentures") and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than AVF LP's obligations (see Note 5 to the consolidated financial statements). AVF LP operates as a Small Business Investment Company ("SBIC") under the provisions of Section 301(c) of the Small Business Investment Act of 1958, as amended.
- (6) Investments without an interest rate are non-income producing.
- (7) As defined in the Investment Company Act, the Company is deemed to be an "Affiliated Person" and "Control" this portfolio company because it owns 5% or more of the portfolio company's outstanding voting securities or it has the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the six months ended June 30, 2016 in which the issuer was an Affiliated Person (but not a portfolio company that the Company is deemed to Control) are as follows:

| Company | Purchases (cost) | Redemptions (cost) | Sales (cost) | Interest income | Capital structuring service fees | Dividend income | Other income | Net realized gains (losses) | Net unrealized gains (losses) |

- (8) As defined in the Investment Company Act, the Company is deemed to be both an "Affiliated Person" and "Control" this portfolio company because it owns more than 25% of the portfolio company's outstanding voting securities or it has the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the six months ended June 30, 2016 in which the issuer was both an Affiliated Person and a portfolio company that the Company is deemed to Control are as follows:

| Company | Purchases (cost) | Redemptions (cost) | Sales (cost) | Interest income | Capital structuring service fees | Dividend income | Other income | Net realized gains (losses) | Net unrealized gains (losses) |

*

Together with GE Global Sponsor Finance LLC and General Electric Capital Corporation (together, "GE"), the Company has co-invested through the Senior Secured Loan Fund LLC (d/b/a the "Senior Secured Loan Program" or the "SSLP"). The SSLP has been capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SSLP, the Company does not believe that it has control over the SSLP (for purposes of the Investment Company Act or otherwise) because, among other things, these "voting securities" do not afford the Company the right to elect directors of the SSLP or any other special rights (see Note 4 to the consolidated financial statements).

(9)

Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (10) Exception from the definition of investment company under Section 3(c) of the Investment Company Act and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.
- (11) In the first quarter of 2011, the staff of the Securities and Exchange Commission (the "Staff") informally communicated to certain business development companies ("BDCs") the Staff's belief that certain entities, which would be classified as an "investment company" under the Investment Company Act but for the exception from the definition of "investment company" set forth in Rule 3a-7 promulgated under the Investment Company Act, could not be treated as eligible portfolio companies (as defined in Section 2(a)(46) under Investment Company Act) (i.e. not eligible to be included in a BDC's 70% "qualifying assets" basket). Subsequently, in August 2011 the Securities and Exchange Commission issued a concept release (the "Concept Release") which stated that "[a]s a general matter, the Commission presently does not believe that Rule 3a-7 issuers are the type of small, developing and financially troubled businesses in which the U.S. Congress intended BDCs primarily to invest" and requested comment on whether or not a 3a-7 issuer should be considered an "eligible portfolio company". The Company provided a comment letter in respect of the Concept Release and continues to believe that the language of Section 2(a)(46) of the Investment Company Act permits a BDC to treat as "eligible portfolio companies" entities that rely on the 3a-7 exception. However, given the current uncertainty in this area (including the language in the Concept Release) and subsequent discussions with the Staff, the Company has, solely for purposes of calculating the composition of its portfolio pursuant to Section 55(a) of the Investment Company Act, identified such entities, which include the SSLP, as "non-qualifying assets" should the Staff ultimately disagree with the Company's position. Pursuant to Section 55(a) of the Investment Company Act (using the Staff's methodology described above solely for this purpose), 26% of the Company's total assets are represented by investments at fair value and other assets that are considered "non-qualifying assets" as of June 30, 2016.
- (12) Variable rate loans to the Company's portfolio companies bear interest at a rate that may be determined by reference to either LIBOR or an alternate base rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, the Company has provided the interest rate in effect on the date presented.
- (13) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 1.13% on \$11 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (14) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.00% on \$84 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (15) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.50% on \$71 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (16) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 5.00% on \$17 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (17) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.55% on \$41 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (18) The Company is entitled to receive a fixed fee upon the occurrence of certain events as defined in the credit agreement governing the Company's debt investment in the portfolio company. The fair value of such fee is included in the fair value of the debt investment.
- (19) Loan was on non-accrual status as of June 30, 2016.
- (20) Loan includes interest rate floor feature.
- (21) In addition to the interest earned based on the stated contractual interest rate of this security, the certificates entitle the holders thereof to receive a portion of the excess cash flow from the SSLP's loan portfolio, which may result in a return to the Company greater than the contractual stated interest rate.

- (22) As of June 30, 2016, no amounts were funded by the Company under this first lien senior secured revolving loan; however, there were letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (23) As of June 30, 2016, in addition to the amounts funded by the Company under this first lien senior secured revolving loan, there were also letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (24) As of June 30, 2016, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to issue letters of credit through a financial intermediary on behalf of certain portfolio companies. Such commitments are subject to the satisfaction of certain conditions set forth in the documents governing these loans and letters of credit and there can be no assurance that such conditions will be satisfied. See Note 7 to the consolidated financial statements for further information on revolving and delayed draw loan commitments, including commitments to issue letters of credit, related to certain portfolio companies.

- (1) Other than the Company's investments listed in footnote 7 below (subject to the limitations set forth therein), the Company does not "Control" any of its portfolio companies, for the purposes of the Investment Company Act. In general, under the Investment Company Act, the Company would "Control" a portfolio company if the Company owned more than 25% of its outstanding voting securities (i.e., securities with the right to elect directors) and/or had the power to exercise control over the management or policies of such portfolio company. All of the Company's portfolio company investments, which as of December 31, 2015 represented 175% of the Company's net assets or 95% of the Company's total assets, are subject to legal restrictions on sales.
- (2) These assets are pledged as collateral for the Revolving Credit Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than the Company's obligations under the Revolving Credit Facility (see Note 5 to the consolidated financial statements).
- (3) These assets are owned by the Company's consolidated subsidiary Ares Capital CP, are pledged as collateral for the Revolving Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP's obligations under the Revolving Funding Facility (see Note 5 to the consolidated financial statements).
- (4) These assets are owned by the Company's consolidated subsidiary ACJB, are pledged as collateral for the SMBC Funding Facility and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than ACJB's obligations under the SMBC Funding Facility (see Note 5 to the consolidated financial statements).
- (5) These assets are owned by the Company's consolidated subsidiary AVF LP, are pledged as collateral for the SBA Debentures and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than AVF LP's obligations (see Note 5 to the consolidated financial statements). AVF LP operates as a SBIC under the provisions of Section 301(c) of the Small Business Investment Act of 1958, as amended.
- (6) Investments without an interest rate are non-income producing.
- (7) As defined in the Investment Company Act, the Company is deemed to be an "Affiliated Person" and "Control" this portfolio company because it owns 5% or more of the portfolio company's outstanding voting securities or it has the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the year ended December 31, 2015 in which the issuer was an Affiliated Person (but not a portfolio company that the Company is deemed to Control) are as follows:

| Company | Purchases (cost) | Redemptions (cost) | Sales (cost) | Interest income | Capital structuring service fees | Dividend income | Other income | Net realized gains (losses) | Net unrealized gains (losses) |

*

Together with GE, the Company has co-invested through the SSLP. The SSLP has been capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SSLP, the Company does not believe that it has control over the SSLP (for purposes of the Investment Company Act or otherwise) because, among other things, these "voting securities" do not afford the Company the right to elect directors of the SSLP or any other special rights (see Note 4 to the consolidated financial statements).

(9)

Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

(10)

Exception from the definition of investment company under Section 3(c) of the Investment Company Act and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

(11)

In the first quarter of 2011, the Staff informally communicated to certain BDCs the Staff's belief that certain entities, which would be classified as an "investment company" under the Investment Company Act but for the exception from the definition of "investment company" set forth in Rule 3a-7 promulgated under the Investment Company Act, could not be treated as eligible portfolio companies (as defined in Section 2(a)(46) under Investment Company Act) (i.e. not eligible to be included in a BDC's 70% "qualifying assets" basket). Subsequently, in August 2011 the Securities and Exchange Commission issued a concept release (the "Concept Release") which stated that "[a]s a general matter, the Commission presently does not believe that Rule 3a-7 issuers are the type of small, developing and financially troubled businesses in which the U.S. Congress intended BDCs primarily to invest" and requested comment on whether or not a 3a-7 issuer should be considered an "eligible portfolio company". The Company provided a comment letter in respect of the Concept Release and continues to believe that the language of Section 2(a)(46) of the Investment Company Act permits a BDC to treat as "eligible portfolio companies" entities that rely on the 3a-7 exception. However, given the current uncertainty in this area (including the language in the Concept Release) and subsequent discussions with the Staff, the Company has, solely for purposes of calculating the composition of its portfolio pursuant to Section 55(a) of the Investment Company Act, identified such entities, which include the SSLP, as "non-qualifying assets" should the Staff ultimately disagree with the Company's position. Pursuant to Section 55(a) of the Investment Company Act (using the Staff's methodology described above solely for this purpose), 25% of the Company's total assets are represented by investments at fair value and other assets that are considered "non-qualifying assets" as of December 31, 2015.

(12)

Variable rate loans to the Company's portfolio companies bear interest at a rate that may be determined by reference to either LIBOR or an alternate base rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, the Company has provided the interest rate in effect on the date presented.

(13)

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 1.13% on \$13 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.

(14)

In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.00% on \$85 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.

(15)

In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.50% on \$62 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.

(16)

In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 3.00% on \$48 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.

(17)

In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 5.00% on \$19 million aggregate principal amount of a "first out" tranche of the portfolio company's senior term debt previously syndicated by the Company into

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

"first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.

- (18) In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.55% on \$42 million aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.
- (19) The Company is entitled to receive a fixed fee upon the occurrence of certain events as defined in the credit agreement governing the Company's debt investment in the portfolio company. The fair value of such fee is included in the fair value of the debt investment.
- (20) Loan was on non-accrual status as of December 31, 2015.
- (21) Loan includes interest rate floor feature.
- (22) In addition to the interest earned based on the stated contractual interest rate of this security, the certificates entitle the holders thereof to receive a portion of the excess cash flow from the SSLP's loan portfolio, which may result in a return to the Company greater than the contractual stated interest rate.
- (23) As of December 31, 2015, no amounts were funded by the Company under this first lien senior secured revolving loan; however, there were letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (24) As of December 31, 2015, in addition to the amounts funded by the Company under this first lien senior secured revolving loan, there were also letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.
- (25) As of December 31, 2015, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to issue letters of credit through a financial intermediary on behalf of certain portfolio companies. Such commitments are subject to the satisfaction of certain conditions set forth in the documents governing these loans and letters of credit and there can be no assurance that such conditions will be satisfied. See Note 7 to the consolidated financial statements for further information on revolving and delayed draw loan commitments, including commitments to issue letters of credit, related to certain portfolio companies.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

ARES CAPITAL CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

As of June 30, 2016

(unaudited)

**(in thousands, except per share data, percentages and as otherwise indicated;
for example, with the words "million," "billion" or otherwise)**

1. ORGANIZATION

Ares Capital Corporation (the "Company" or "ARCC") is a specialty finance company that is a closed-end, non-diversified management investment company incorporated in Maryland. The Company has elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the "Investment Company Act"). The Company has elected to be treated as a regulated investment company ("RIC") under the Internal Revenue Code of 1986, as amended (the "Code") and operates in a manner so as to qualify for the tax treatment applicable to RICs.

The Company's investment objective is to generate both current income and capital appreciation through debt and equity investments. The Company invests primarily in first lien senior secured loans (including "unitranche" loans, which are loans that combine both senior and mezzanine debt, generally in a first lien position), second lien senior secured loans and mezzanine debt, which in some cases includes an equity component. To a lesser extent, the Company also makes equity investments.

The Company is externally managed by Ares Capital Management LLC ("Ares Capital Management" or the Company's "investment adviser"), a subsidiary of Ares Management, L.P. ("Ares Management" or "Ares"), a publicly traded, leading global alternative asset manager, pursuant to an investment advisory and management agreement. Ares Operations LLC ("Ares Operations" or the Company's "administrator"), a subsidiary of Ares Management, provides certain administrative and other services necessary for the Company to operate.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles ("GAAP"), and include the accounts of the Company and its consolidated subsidiaries. The Company is an investment company following accounting and reporting guidance in Accounting Standards Codification ("ASC") 946. The consolidated financial statements reflect all adjustments and reclassifications that, in the opinion of management, are necessary for the fair presentation of the results of the operations and financial condition as of and for the periods presented. All significant intercompany balances and transactions have been eliminated.

Interim financial statements are prepared in accordance with GAAP for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Articles 6 or 10 of Regulation S-X. In the opinion of management, all adjustments, consisting solely of normal recurring accruals considered necessary for the fair presentation of financial statements for the interim period presented, have been included. The current period's results of operations will not necessarily be indicative of results that ultimately may be achieved for the fiscal year ending December 31, 2016.

Cash and Cash Equivalents

Cash and cash equivalents include funds from time to time deposited with financial institutions and short-term, liquid investments in a money market account. Cash and cash equivalents are carried at cost which approximates fair value.

Concentration of Credit Risk

The Company places its cash and cash equivalents with financial institutions and, at times, cash held in money market accounts may exceed the Federal Deposit Insurance Corporation insured limit.

Investments

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment using the specific identification method without regard to unrealized gains or losses previously recognized, and include investments charged off during the period, net of recoveries. Unrealized gains or losses primarily reflect the change in investment values, including the reversal of previously recorded unrealized gains or losses when gains or losses are realized.

Investments for which market quotations are readily available are typically valued at such market quotations. In order to validate market quotations, the Company looks at a number of factors to determine if the quotations are representative of fair value, including the source and nature of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available (i.e., substantially all of the Company's investments) are valued at fair value as determined in good faith by the Company's board of directors, based on, among other things, the input of the Company's investment adviser, audit committee and independent third-party valuation firms that have been engaged at the direction of the Company's board of directors to assist in the valuation of each portfolio investment without a readily available market quotation at least once during a trailing 12-month period (with certain de minimis exceptions) and under a valuation policy and a consistently applied valuation process. The valuation process is conducted at the end of each fiscal quarter, and a minimum of 55% of the Company's portfolio at fair value is subject to review by an independent valuation firm each quarter. In addition, the Company's independent registered public accounting firm obtains an understanding of, and performs select procedures relating to, the Company's investment valuation process within the context of performing the integrated audit.

As part of the valuation process, the Company may take into account the following types of factors, if relevant, in determining the fair value of the Company's investments: the enterprise value of a portfolio company (the entire value of the portfolio company to a market participant, including the sum of the values of debt and equity securities used to capitalize the enterprise at a point in time), the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings and discounted cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to any similar publicly traded securities, changes in the interest rate environment and the credit markets, which may affect the price at which similar investments would trade in their principal markets and other relevant factors. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, the Company considers the pricing indicated by the external event to corroborate its valuation.

Because there is not a readily available market value for most of the investments in its portfolio, the Company values substantially all of its portfolio investments at fair value as determined in good faith by its board of directors, as described herein. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of the Company's investments may differ significantly from the values that would have been used had a ready

market existed for such investments and may differ materially from the values that the Company may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If the Company was required to liquidate a portfolio investment in a forced or liquidation sale, the Company could realize significantly less than the value at which the Company has recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

The Company's board of directors undertakes a multi-step valuation process each quarter, as described below:

The Company's quarterly valuation process begins with each portfolio company or investment being initially valued by the investment professionals responsible for the portfolio investment in conjunction with the Company's portfolio management team.

Preliminary valuations are reviewed and discussed with the Company's investment adviser's management and investment professionals, and then valuation recommendations are presented to the Company's board of directors.

The audit committee of the Company's board of directors reviews these valuations, as well as the input of third parties, including independent third-party valuation firms, who review a minimum of 55% of the Company's portfolio at fair value.

The Company's board of directors discusses valuations and ultimately determines the fair value of each investment in the Company's portfolio without a readily available market quotation in good faith based on, among other things, the input of the Company's investment adviser, audit committee and, where applicable, independent third-party valuation firms.

See Note 8 for more information on the Company's valuation process.

Interest and Dividend Income Recognition

Interest income is recorded on an accrual basis and includes the accretion of discounts and amortization of premiums. Discounts from and premiums to par value on securities purchased are accreted/amortized into interest income over the life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts and amortization of premiums, if any.

Loans are generally placed on non-accrual status when principal or interest payments are past due 30 days or more or when there is reasonable doubt that principal or interest will be collected in full. Accrued and unpaid interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and, in management's judgment, are likely to remain current. The Company may make exceptions to this policy if the loan has sufficient collateral value and is in the process of collection.

Dividend income on preferred equity securities is recorded as dividend income on an accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly traded portfolio companies.

Payment-in-Kind Interest

The Company has loans in its portfolio that contain payment-in-kind ("PIK") provisions. The PIK interest, computed at the contractual rate specified in each loan agreement, is added to the principal balance of the loan and recorded as interest income. To maintain the Company's status as a RIC, this non-cash source of income must be paid out to stockholders in the form of dividends, even though the Company has not yet collected the cash.

Capital Structuring Service Fees and Other Income

The Company's investment adviser seeks to provide assistance to its portfolio companies and in return the Company may receive fees for capital structuring services. These fees are generally only available to the Company as a result of the Company's underlying investments, are normally paid at the closing of the investments, are generally non-recurring and are recognized as revenue when earned upon closing of the investment. The services that the Company's investment adviser provides vary by investment, but generally include reviewing existing credit facilities, arranging bank financing, arranging equity financing, structuring financing from multiple lenders, structuring financing from multiple equity investors, restructuring existing loans, raising equity and debt capital, and providing general financial advice, which concludes upon closing of the investment. Any services of the above nature subsequent to the closing would generally generate a separate fee payable to the Company. In certain instances where the Company is invited to participate as a co-lender in a transaction and does not provide significant services in connection with the investment, a portion of loan fees paid to the Company in such situations will be deferred and amortized over the estimated life of the loan.

Other income includes fees for management and consulting services, loan guarantees, commitments, amendments and other services rendered by the Company to portfolio companies. Such fees are recognized as income when earned or the services are rendered.

Foreign Currency Translation

The Company's books and records are maintained in U.S. dollars. Any foreign currency amounts are translated into U.S. dollars on the following basis:

- (1) Fair value of investment securities, other assets and liabilities at the exchange rates prevailing at the end of the period.
- (2) Purchases and sales of investment securities, income and expenses at the exchange rates prevailing on the respective dates of such transactions, income or expenses.

Results of operations based on changes in foreign exchange rates are separately disclosed in the statement of operations, if any. Foreign security and currency translations may involve certain considerations and risks not typically associated with investing in U.S. companies and U.S. government securities. These risks include, but are not limited to, currency fluctuations and revaluations and future adverse political, social and economic developments, which could cause investments in foreign markets to be less liquid and prices more volatile than those of comparable U.S. companies or U.S. government securities.

Derivative Instruments

The Company does not utilize hedge accounting and as such values its derivatives at fair value with the unrealized gains or losses recorded in "net unrealized gains (losses) from foreign currency and other transactions" in the Company's consolidated statement of operations.

Equity Offering Expenses

The Company's offering costs, excluding underwriters' fees, are charged against the proceeds from equity offerings when received.

Debt Issuance Costs

Debt issuance costs are amortized over the life of the related debt instrument using the straight line method or the effective yield method, depending on the type of debt instrument.

Income Taxes

The Company has elected to be treated as a RIC under the Code and operates in a manner so as to qualify for the tax treatment applicable to RICs. To qualify as a RIC, the Company must (among other requirements) meet certain source-of-income and asset diversification requirements and timely distribute to its stockholders at least 90% of its investment company taxable income, as defined by the Code, for each year. The Company (among other requirements) has made and intends to continue to make the requisite distributions to its stockholders, which will generally relieve the Company from U.S. federal corporate-level income taxes.

Depending on the level of taxable income earned in a tax year, the Company may choose to carry forward taxable income in excess of current year dividend distributions from such current year taxable income into the next tax year and pay a 4% excise tax on such income, as required. To the extent that the Company determines that its estimated current year taxable income will be in excess of estimated dividend distributions for the current year, the Company accrues excise tax, if any, on estimated excess taxable income as such taxable income is earned.

Certain of the Company's consolidated subsidiaries are subject to U.S. federal and state corporate-level income taxes.

Dividends to Common Stockholders

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount to be paid out as a dividend is determined by the Company's board of directors each quarter and is generally based upon the earnings estimated by management. Net realized capital gains, if any, are generally distributed, although the Company may decide to retain such capital gains for investment.

The Company has adopted a dividend reinvestment plan that provides for reinvestment of any distributions the Company declares in cash on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, if the Company's board of directors authorizes, and the Company declares, a cash dividend, then the Company's stockholders who have not "opted out" of the Company's dividend reinvestment plan will have their cash dividends automatically reinvested in additional shares of the Company's common stock, rather than receiving the cash dividend. The Company intends to use primarily newly issued shares to implement the dividend reinvestment plan (so long as the Company is trading at a premium to net asset value). If the Company's shares are trading at a discount to net asset value and the Company is otherwise permitted under applicable law to purchase such shares, the Company may purchase shares in the open market in connection with the Company's obligations under the dividend reinvestment plan. However, the Company reserves the right to issue new shares of the Company's common stock in connection with the Company's obligations under the dividend reinvestment plan even if the Company's shares are trading below net asset value.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of actual and contingent assets and

liabilities at the date of the financial statements and the reported amounts of income or loss and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of investments.

Recent Accounting Pronouncements

In April 2015, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") No. 2015-03, *Interest Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*. The new guidance modifies the requirements for reporting debt issuance costs. Under the amendments in ASU No. 2015-03, debt issuance costs related to a recognized debt liability will no longer be recorded as a separate asset, but will be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for debt issuance costs are not affected by ASU No. 2015-03. In addition, in August 2015, the FASB issued ASU No. 2015-15, *Interest Imputation of Interest (Subtopic 835-30)*. The additional guidance reiterates that the Securities and Exchange Commission ("SEC") would not object to an entity deferring and presenting debt issuance costs related to a line of credit arrangement as an asset and subsequently amortizing the deferred debt issuance costs ratably over the term of the line of credit arrangement, regardless of whether there are any outstanding borrowings. ASU No. 2015-03 and ASU No. 2015-15 are required to be applied retrospectively for periods beginning after December 15, 2015. The Company adopted ASU No. 2015-03 as of March 31, 2016. Prior to ASU No. 2015-03, deferred debt issuance costs related to term debt were reported on the balance sheet as other assets and amortized as interest expense. The consolidated balance sheet as of December 31, 2015 has been adjusted to apply the change in accounting principle retrospectively. There is no effect on the statement of operations as a result of the change in accounting principle. Debt issuance costs related to term debt of \$24.5 million previously reported within other assets on the consolidated balance sheet as of December 31, 2015 were reclassified as a direct deduction from the carrying amount of the related debt liability. ASU No. 2015-03 had no impact on the presentation or amortization of the debt issuance costs related to the Company's revolving credit facilities.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The new guidance removed the requirement that investments for which net asset value is determined based on practical expedient reliance be reported utilizing the fair value hierarchy. ASU No. 2015-07 is required to be applied retrospectively for periods beginning after December 15, 2015. The Company adopted ASU No. 2015-07 as of March 31, 2016 and thereby removed any investments valued in this manner from the fair value disclosures. See Note 8 for more information regarding the impact on the fair value disclosures.

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The guidance in this ASU supersedes the revenue recognition requirements in *Revenue Recognition (Topic 605)*. Under the new guidance, an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The amendments in ASU No. 2014-09 are effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. In March 2016, the FASB issued ASU No. 2016-08, *Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations*, which clarifies the guidance in ASU No. 2014-09 and has the same effective date as the original standard. In April 2016, the FASB issued ASU No. 2016-10, *Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing*, an update on identifying performance obligations and accounting for licenses of intellectual property. Additionally, in May 2016, the FASB issued ASU No. 2016-12, *Revenue from Contracts with Customers (Topic 606): Narrow-Scope*

Improvements and Practical Expedients, which includes amendments for enhanced clarification of the guidance. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. The Company is currently evaluating the impact of adopting this ASU on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in *Leases (Topic 840)*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for those leases previously classified as operating leases. The amendments in ASU No. 2016-02 are effective for annual reporting periods beginning after December 15, 2018, including interim periods within that reporting period, with early adoption permitted. The Company is currently evaluating the impact of adopting this ASU on its consolidated financial statements.

3. AGREEMENTS

Investment Advisory and Management Agreement

The Company is party to an investment advisory and management agreement (the "investment advisory and management agreement") with Ares Capital Management. Subject to the overall supervision of the Company's board of directors, Ares Capital Management provides investment advisory and management services to the Company. For providing these services, Ares Capital Management receives fees from the Company consisting of a base management fee, a fee based on the Company's net investment income ("income based fee") and a fee based on the Company's net capital gains ("capital gains incentive fee"). The investment advisory and management agreement may be terminated by either party without penalty upon 60 days' written notice to the other party.

The base management fee is calculated at an annual rate of 1.5% based on the average value of the Company's total assets (other than cash or cash equivalents but including assets purchased with borrowed funds) at the end of the two most recently completed calendar quarters. The base management fee is payable quarterly in arrears.

The income based fee is calculated and payable quarterly in arrears based on the Company's net investment income excluding income based fees and capital gains incentive fees ("pre-incentive fee net investment income") for the quarter. Pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees such as commitment, origination, structuring, diligence and consulting fees or other fees that the Company receives from portfolio companies but excluding fees for providing managerial assistance) accrued during the calendar quarter, minus operating expenses for the quarter (including the base management fee, any expenses payable under the administration agreement, and any interest expense and dividends paid on any outstanding preferred stock, but excluding the income based fee and capital gains incentive fee accrued under GAAP). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature such as market discount, debt instruments with PIK interest, preferred stock with PIK dividends and zero coupon securities, accrued income that the Company has not yet received in cash. The Company's investment adviser is not under any obligation to reimburse the Company for any part of the income based fees it received that was based on accrued interest that the Company never actually received.

Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses, unrealized capital appreciation, unrealized capital depreciation or income tax expense related to realized gains and losses. Because of the structure of the income based fee, it is possible that the Company may pay such fees in a quarter where the Company incurs a loss. For example, if the Company receives pre-incentive fee net investment income in excess of the hurdle rate (as defined below) for a quarter, the Company will pay the applicable income based fee even if the Company has incurred a loss in that quarter due to realized and/or unrealized capital losses.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Pre-incentive fee net investment income, expressed as a rate of return on the value of the Company's net assets (defined as total assets less indebtedness and before taking into account any income based fees and capital gains incentive fees payable during the period) at the end of the immediately preceding calendar quarter, is compared to a fixed "hurdle rate" of 1.75% per quarter. If market credit spreads rise, the Company may be able to invest its funds in debt instruments that provide for a higher return, which may increase the Company's pre-incentive fee net investment income and make it easier for the Company's investment adviser to surpass the fixed hurdle rate and receive an income based fee based on such net investment income. To the extent the Company has retained pre-incentive fee net investment income that has been used to calculate the income based fee, it is also included in the amount of the Company's total assets (other than cash and cash equivalents but including assets purchased with borrowed funds) used to calculate the 1.5% base management fee.

The Company pays its investment adviser an income based fee with respect to the Company's pre-incentive fee net investment income in each calendar quarter as follows:

no income based fee in any calendar quarter in which the Company's pre-incentive fee net investment income does not exceed the hurdle rate;

100% of the Company's pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 2.1875% in any calendar quarter. The Company refers to this portion of its pre-incentive fee net investment income (which exceeds the hurdle rate but is less than 2.1875%) as the "catch-up" provision. The "catch-up" is meant to provide the Company's investment adviser with 20% of the pre-incentive fee net investment income as if a hurdle rate did not apply if this net investment income exceeded 2.1875% in any calendar quarter; and

20% of the amount of the Company's pre-incentive fee net investment income, if any, that exceeds 2.1875% in any calendar quarter.

These calculations are adjusted for any share issuances or repurchases during the quarter.

See Note 14 for information regarding a transaction support agreement entered into between the Company and Ares Capital Management in connection with the American Capital Acquisition (as defined below).

The capital gains incentive fee is determined and payable in arrears as of the end of each calendar year (or, upon termination of the investment advisory and management agreement, as of the termination date) and is calculated at the end of each applicable year by subtracting (a) the sum of the Company's cumulative aggregate realized capital losses and aggregate unrealized capital depreciation from (b) the Company's cumulative aggregate realized capital gains, in each case calculated from October 8, 2004 (the date the Company completed its initial public offering). Realized capital gains and losses include gains and losses on investments and foreign currencies, gains and losses on extinguishment of debt and from other assets, as well as any income tax expense related to realized gains and losses. If such amount is positive at the end of such year, then the capital gains incentive fee for such year is equal to 20% of such amount, less the aggregate amount of capital gains incentive fees paid in all prior years. If such amount is negative, then there is no capital gains incentive fee for such year.

The cumulative aggregate realized capital gains are calculated as the sum of the differences, if positive, between (a) the net sales price of each investment in the Company's portfolio when sold and (b) the accreted or amortized cost basis of such investment.

The cumulative aggregate realized capital losses are calculated as the sum of the amounts by which (a) the net sales price of each investment in the Company's portfolio when sold is less than (b) the accreted or amortized cost basis of such investment.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The aggregate unrealized capital depreciation is calculated as the sum of the differences, if negative, between (a) the valuation of each investment in the Company's portfolio as of the applicable capital gains incentive fee calculation date and (b) the accreted or amortized cost basis of such investment.

Notwithstanding the foregoing, as a result of an amendment to the capital gains incentive fee under the investment advisory and management agreement that was adopted on June 6, 2011, if the Company is required by GAAP to record an investment at its fair value as of the time of acquisition instead of at the actual amount paid for such investment by the Company (including, for example, as a result of the application of the acquisition method of accounting), then solely for the purposes of calculating the capital gains incentive fee, the "accreted or amortized cost basis" of an investment shall be an amount (the "Contractual Cost Basis") equal to (1) (x) the actual amount paid by the Company for such investment plus (y) any amounts recorded in the Company's financial statements as required by GAAP that are attributable to the accretion of such investment plus (z) any other adjustments made to the cost basis included in the Company's financial statements, including PIK interest or additional amounts funded (net of repayments) minus (2) any amounts recorded in the Company's financial statements as required by GAAP that are attributable to the amortization of such investment, whether such calculated Contractual Cost Basis is higher or lower than the fair value of such investment (as determined in accordance with GAAP) at the time of acquisition.

The Company defers cash payment of any income based fees and capital gains incentive fees otherwise earned by the Company's investment adviser if during the most recent four full calendar quarter period ending on or prior to the date such payment is to be made the sum of (a) the aggregate distributions to the Company's stockholders and (b) the change in net assets (defined as total assets less indebtedness and before taking into account any income based fees and capital gains incentive fees payable during the period) is less than 7.0% of the Company's net assets (defined as total assets less indebtedness) at the beginning of such period. Any deferred income based fees and capital gains incentive fees are carried over for payment in subsequent calculation periods to the extent such payment is payable under the investment advisory and management agreement.

There was no capital gains incentive fee earned by the Company's investment adviser as calculated under the investment advisory and management agreement (as described above) for the three and six months ended June 30, 2016. However, in accordance with GAAP, the Company had cumulatively accrued a capital gains incentive fee of \$56,454 as of June 30, 2016, of which \$56,454 is not currently due under the investment advisory and management agreement. GAAP requires that the capital gains incentive fee accrual consider the cumulative aggregate unrealized capital appreciation in the calculation, as a capital gains incentive fee would be payable if such unrealized capital appreciation were realized, even though such unrealized capital appreciation is not permitted to be considered in calculating the fee actually payable under the investment advisory and management agreement. This GAAP accrual is calculated using the aggregate cumulative realized capital gains and losses and aggregate cumulative unrealized capital depreciation included in the calculation of the capital gains incentive fee plus the aggregate cumulative unrealized capital appreciation. If such amount is positive at the end of a period, then GAAP requires the Company to record a capital gains incentive fee equal to 20% of such cumulative amount, less the aggregate amount of actual capital gains incentive fees paid or capital gains incentive fees accrued under GAAP in all prior periods. As of June 30, 2016, the Company has paid capital gains incentive fees since inception totaling \$57,404. The resulting accrual for any capital gains incentive fee under GAAP in a given period may result in an additional expense if such cumulative amount is greater than in the prior period or a reversal of previously recorded expense if such cumulative amount is less than in the prior period. If such cumulative amount is negative, then there is no accrual. There can be no assurance that such unrealized capital appreciation will be realized in the future.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

For the three and six months ended June 30, 2016, base management fees were \$34,444 and \$69,203, respectively, income based fees were \$28,923 and \$58,045, respectively, and the capital gains incentive fees calculated in accordance with GAAP were \$10,427 and \$14,189, respectively. For the three and six months ended June 30, 2015, base management fees were \$33,021 and \$66,937, respectively, income based fees were \$28,949 and \$58,314, respectively, and the capital gains incentive fees calculated in accordance with GAAP were \$7,682 and \$3,462, respectively.

Administration Agreement

The Company is party to an administration agreement, referred to herein as the "administration agreement", with its administrator, Ares Operations. Pursuant to the administration agreement, Ares Operations furnishes the Company with office equipment and clerical, bookkeeping and record keeping services at the Company's office facilities. Under the administration agreement, Ares Operations also performs, or oversees the performance of, the Company's required administrative services, which include, among other things, providing assistance in accounting, legal, compliance, operations, technology and investor relations, being responsible for the financial records that the Company is required to maintain and preparing reports to its stockholders and reports filed with the SEC. In addition, Ares Operations assists the Company in determining and publishing its net asset value, assists the Company in providing managerial assistance to its portfolio companies, oversees the preparation and filing of the Company's tax returns and the printing and dissemination of reports to its stockholders, and generally oversees the payment of its expenses and the performance of administrative and professional services rendered to the Company by others. Payments under the administration agreement are equal to an amount based upon its allocable portion of Ares Operations' overhead and other expenses (including travel expenses) incurred by Ares Operations in performing its obligations under the administration agreement, including the Company's allocable portion of the compensation of certain of its officers (including the Company's chief compliance officer, chief financial officer, chief accounting officer, general counsel, treasurer and assistant treasurer) and their respective staffs. The administration agreement may be terminated by either party without penalty upon 60 days' written notice to the other party.

For the three and six months ended June 30, 2016, the Company incurred \$3,342 and \$6,765, respectively, in administrative fees. As of June 30, 2016, \$3,342 of these fees were unpaid and included in "accounts payable and other liabilities" in the accompanying consolidated balance sheet. For the three and six months ended June 30, 2015, the Company incurred \$3,514 and \$6,970, respectively, in administrative fees.

4. INVESTMENTS

As of June 30, 2016 and December 31, 2015, investments consisted of the following:

| | As of | | | |
|--|----------------------|---------------------|----------------------|---------------------|
| | June 30, 2016 | | December 31, 2015 | |
| | Amortized Cost(1) | Fair Value | Amortized Cost(1) | Fair Value |
| First lien senior secured loans | \$ 2,612,602 | \$ 2,554,137 | \$ 2,735,232 | \$ 2,638,784 |
| Second lien senior secured loans | 2,830,800 | 2,766,025 | 2,944,551 | 2,861,294 |
| Subordinated certificates of the SSLP(2) | 1,938,446 | 1,899,754 | 1,935,401 | 1,884,861 |
| Senior subordinated debt | 716,744 | 714,238 | 663,003 | 654,066 |
| Preferred equity securities | 458,689 | 372,531 | 435,063 | 375,830 |
| Other equity securities | 423,527 | 593,692 | 434,396 | 640,526 |
| Commercial real estate | | | | 135 |
| Total | \$ 8,980,808 | \$ 8,900,377 | \$ 9,147,646 | \$ 9,055,496 |

(1) The amortized cost represents the original cost adjusted for the accretion of discounts and amortization of premiums, if any.

(2) The proceeds from these certificates were applied to co-investments with General Electric Capital Corporation ("GECC") and GE Global Sponsor Finance LLC (collectively, "GE") to fund first lien senior secured loans to 32 and 41 different borrowers as of June 30, 2016 and December 31, 2015, respectively.

The industrial and geographic compositions of the Company's portfolio at fair value as of June 30, 2016 and December 31, 2015 were as follows:

| Industry | As of | |
|----------------------------------|---------------|-------------------|
| | June 30, 2016 | December 31, 2015 |
| Investment Funds and Vehicles(1) | 21.7% | 21.2% |
| Healthcare Services | 12.5 | 14.6 |
| Other Services | 10.0 | 9.0 |
| Consumer Products | 8.0 | 7.7 |
| Business Services | 6.7 | 5.3 |
| Power Generation | 6.7 | 6.3 |
| Manufacturing | 5.3 | 6.0 |
| Financial Services | 4.2 | 4.6 |
| Restaurants and Food Services | 4.2 | 3.5 |
| Education | 3.5 | 4.6 |
| Oil and Gas | 2.9 | 2.9 |
| Containers and Packaging | 2.8 | 2.8 |
| Automotive Services | 2.5 | 2.3 |
| Food and Beverage | 2.5 | 2.5 |
| Commercial Real Estate Finance | 1.1 | 1.1 |
| Other | 5.4 | 5.6 |
| Total | 100.0% | 100.0% |

(1)

Includes the Company's investment in the unconsolidated Delaware limited liability company, the Senior Secured Loan Fund LLC (d/b/a the "Senior Secured Loan Program" or the "SSLP"), which had made first lien senior secured loans to 32 and 41 different

F-182

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

borrowers as of June 30, 2016 and December 31, 2015, respectively. The portfolio companies in the SSLP are in industries similar to the companies in the Company's portfolio.

| Geographic Region | As of | |
|--------------------------|----------------------|--------------------------|
| | June 30, 2016 | December 31, 2015 |
| West(1) | 38.0% | 37.9% |
| Midwest | 21.2 | 23.8 |
| Southeast | 21.2 | 20.3 |
| Mid Atlantic | 14.9 | 13.7 |
| Northeast | 2.9 | 2.3 |
| International | 1.8 | 2.0 |
| Total | 100.0% | 100.0% |

(1) Includes the Company's investment in the SSLP, which represented 21.3% and 20.8% of the total investment portfolio at fair value as of June 30, 2016 and December 31, 2015, respectively.

As of June 30, 2016, 1.3% of total investments at amortized cost (or 0.7% of total investments at fair value) were on non-accrual status. As of December 31, 2015, 2.6% of total investments at amortized cost (or 1.7% of total investments at fair value) were on non-accrual status.

Co-Investment Programs

Senior Direct Lending Program

In December 2015, the Company established a joint venture with Varagon Capital Partners ("Varagon") to make certain first lien senior secured loans, including certain stretch senior and unitranche loans, to U.S. middle-market companies. Varagon was formed in 2013 as a lending platform by American International Group, Inc. (NYSE:AIG) and other partners. The joint venture is called the Senior Direct Lending Program (the "SDLP"). It is expected that the SDLP will commit and hold individual loans of up to \$300 million. The Company may directly co-invest with the SDLP to accommodate larger transactions. The Company will provide capital to the SDLP in the form of subordinated certificates (the "SDLP Certificates"), and Varagon and its clients will provide capital to the SDLP in the form of senior notes, intermediate funding notes and SDLP Certificates. It is expected that the Company and a client of Varagon will own 87.5% and 12.5%, respectively, of any outstanding SDLP Certificates.

As of June 30, 2016, the Company and Varagon agreed to make capital available to the SDLP of \$2.9 billion in the aggregate, of which no amounts were funded. The SDLP will be capitalized as transactions are completed. All portfolio decisions and generally all other decisions in respect of the SDLP must be approved by an investment committee of the SDLP consisting of representatives of the Company and Varagon (with approval from a representative of each required). As of June 30, 2016, the Company agreed to make available to the SDLP (subject to the approval of the investment committee of the SDLP as described above) approximately \$591 million, of which no amounts were committed or funded. The SDLP Certificates will pay a coupon of LIBOR plus a stated spread and also entitle the holders thereof to receive a portion of the excess cash flow from the loan portfolio, which may result in a return to the holders of the SDLP Certificates that is greater than the stated coupon. The SDLP Certificates are junior in right of payment to the senior notes and intermediate funding notes.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

See Note 6 for more information regarding a forward sale agreement between the Company and the SDLP. Also, see Note 16 for information on a subsequent event related to the SDLP.

Senior Secured Loan Program

The Company and GE have co-invested in first lien senior secured loans of middle market companies through the SSLP. The SSLP has been capitalized as transactions are completed. All portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of representatives of the Company and GE (with approval from a representative of each required). The Company has provided capital to the SSLP in the form of subordinated certificates (the "SSLP Certificates").

In August 2015, GE completed the sale of its U.S. Sponsor Finance business, through which GE had participated with the Company in the SSLP, to Canada Pension Plan Investment Board ("CPPIB"). This sale excluded GE's interest in the SSLP, and the Company and GE continue to operate the SSLP. The Company and GE no longer have an obligation to present senior secured lending investment opportunities to the SSLP and since June 30, 2015, the SSLP has not made any investments related to new portfolio companies; however, the Company and GE may provide capital to support the SSLP's funding of existing commitments (see below) and other amounts to its portfolio companies. On August 24, 2015, the Company was advised that GECC, as the holder of the senior notes of the SSLP (the "Senior Notes"), directed State Street Bank and Trust Company, as trustee of the Senior Notes and the SSLP Certificates, pursuant to the terms of the indenture governing the Senior Notes and the SSLP Certificates, to apply all principal proceeds received by the SSLP from its investments to the repayment of the outstanding principal amount of the Senior Notes until paid in full (prior to the distribution of any such principal proceeds to the holders of the SSLP Certificates, which includes the Company). GECC had previously elected to waive its right to receive priority repayments on the Senior Notes from principal proceeds in most circumstances. Prior to closing the sale to CPPIB, GE had announced its intention to provide the Company and CPPIB the opportunity to work together on the SSLP on a go-forward basis. GECC has also stated that if a mutual agreement between the Company and CPPIB to partner on the SSLP is not reached, it intends to retain its interest in the SSLP and the SSLP would be wound down in an orderly manner. The Company has been in dialogue with GE and CPPIB to determine if there is an opportunity to work together; however, to date there has been no agreement in respect of the SSLP as a result of these discussions and there can be no assurance that such discussions will continue or any such agreement will be reached. In addition to discussions with CPPIB and GECC, the Company is also exploring other options with respect to the SSLP's portfolio, although there can be no assurance that the Company will pursue any of them.

As of June 30, 2016 and December 31, 2015, the Company and GE had outstanding amounts funded of approximately \$7.1 billion and \$8.5 billion in aggregate principal amount, respectively, to the SSLP. As discussed above, the Company anticipates that no new investments will be made by the SSLP and that the Company and GE will only provide additional capital to support the SSLP's funding of existing commitments and other amounts to its portfolio companies. As of June 30, 2016 and December 31, 2015, the SSLP had commitments to fund delayed draw loans to certain of its portfolio companies of \$94.5 million and \$198.6 million, respectively, which had been approved by the investment committee of the SSLP as described above.

As of June 30, 2016 and December 31, 2015, the Company had outstanding amounts funded of approximately \$2.0 billion and \$2.0 billion in aggregate principal amount, respectively, to the SSLP. Additionally, as of June 30, 2016 and December 31, 2015, the Company had commitments to co-invest in the SSLP for its portion of the SSLP's commitments to fund delayed draw loans to portfolio companies of up to \$14.9 million and \$32.6 million, respectively. As discussed above, it is not anticipated that the Company will make new investments through the SSLP.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

As of June 30, 2016 and December 31, 2015, the SSLP had total assets of \$7.1 billion and \$8.5 billion, respectively. As of June 30, 2016 and December 31, 2015, GE's investment in the SSLP consisted of the Senior Notes of \$4.8 billion and \$6.2 billion, respectively, and SSLP Certificates of \$286.3 million and \$285.8 million, respectively. As of June 30, 2016 and December 31, 2015, the Company and GE owned 87.5% and 12.5%, respectively, of the outstanding SSLP Certificates.

The SSLP Certificates pay a weighted average coupon of LIBOR plus approximately 8.0% and also entitle the holders thereof to receive a portion of the excess cash flow from the loan portfolio, which may result in a return to the holders of the SSLP Certificates that is greater than the stated coupon. The SSLP Certificates are junior in right of payment to the Senior Notes held by GE. The Company expects that for so long as principal proceeds from SSLP repayments are directed entirely to repay the Senior Notes as discussed above, the yield on the SSLP Certificates will decline.

The SSLP's portfolio consisted of first lien senior secured loans to 32 and 41 different borrowers as of June 30, 2016 and December 31, 2015, respectively. As of June 30, 2016 and December 31, 2015, the portfolio was comprised of all first lien senior secured loans to U.S. middle-market companies. As of June 30, 2016 and December 31, 2015, none of these loans were on non-accrual status. As of June 30, 2016 and December 31, 2015, the largest loan to a single borrower in the SSLP's portfolio in aggregate principal amount was \$341.6 million and \$345.9 million, respectively, and the five largest loans to borrowers in the SSLP totaled \$1.5 billion and \$1.6 billion, respectively. The portfolio companies in the SSLP are in industries similar to the companies in the Company's portfolio.

The amortized cost and fair value of the SSLP Certificates held by the Company were each \$1.9 billion as of June 30, 2016, and each \$1.9 billion as of December 31, 2015. The Company's yield on its investment in the SSLP at fair value was 10.2% and 12.3% as of June 30, 2016 and December 31, 2015, respectively. For the three and six months ended June 30, 2016, the Company earned interest income of \$57.6 million and \$116.4 million, respectively, from its investment in the SSLP Certificates. For the three and six months ended June 30, 2015, the Company earned interest income of \$69.9 million and \$138.2 million, respectively, from its investment in the SSLP Certificates. The Company is also entitled to certain fees in connection with the SSLP. For the three and six months ended June 30, 2016, in connection with the SSLP, the Company earned capital structuring service, sourcing and other fees totaling \$5.7 million and \$11.4 million, respectively. For the three and six months ended June 30, 2015, in connection with the SSLP, the Company earned capital structuring service, sourcing and other fees totaling \$18.7 million and \$33.4 million, respectively.

The financial statements of the SSLP are attached as Exhibit 99.1 to the Company's annual report on Form 10-K for the fiscal year ended December 31, 2015.

Ivy Hill Asset Management, L.P.

Ivy Hill Asset Management, L.P. ("IHAM") is an asset management services company and an SEC-registered investment adviser. The Company has made investments in IHAM, its wholly owned portfolio company and previously made investments in certain vehicles managed by IHAM. As of June 30, 2016, IHAM had assets under management of approximately \$3.5 billion. As of June 30, 2016, IHAM managed 16 vehicles and served as the sub-manager/sub-servicer for three other vehicles (these vehicles managed or sub-managed/sub-serviced by IHAM are collectively referred to as the "IHAM Vehicles"). IHAM earns fee income from managing the IHAM Vehicles and has also invested in certain of these vehicles as part of its business strategy. As of June 30, 2016 and December 31, 2015, IHAM had total investments of \$208.0 million and \$233.0 million, respectively. For the three and six months ended June 30, 2016, IHAM had management and incentive fee income of \$4.0 million and \$8.0 million, respectively, and other investment-related income of \$6.0 million and \$11.0 million, respectively. For the three and six months ended June 30, 2015, IHAM had management and incentive fee income of \$6.0 million and \$10.0 million, respectively, and other investment-related income of \$5.0 million and \$10.0 million, respectively.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The amortized cost and fair value of the Company's investment in IHAM was \$171.0 million and \$231.2 million, respectively, as of June 30, 2016, and \$171.0 million and \$235.5 million, respectively, as of December 31, 2015. For the three and six months ended June 30, 2016, the Company received distributions consisting entirely of dividend income from IHAM of \$10.0 million and \$20.0 million, respectively. For the three and six months ended June 30, 2015, the Company received distributions consisting entirely of dividend income from IHAM of \$10.0 million and \$30.0 million, respectively. The dividend income for the six months ended June 30, 2015, included additional dividends of \$10.0 million in addition to the quarterly dividends generally paid by IHAM.

From time to time, IHAM or certain IHAM Vehicles may purchase investments from, or sell investments to, the Company. For any such sales or purchases by the IHAM Vehicles to or from the Company, the IHAM Vehicles must obtain approval from third parties unaffiliated with the Company or IHAM, as applicable. During the six months ended June 30, 2016 and 2015, IHAM or certain of the IHAM Vehicles purchased \$101.1 million and \$300.8 million, respectively, of investments from the Company. Net realized gains of \$0.4 million and \$0.2 million were recorded by the Company on these transactions for the six months ended June 30, 2016 and 2015, respectively. During the six months ended June 30, 2016, the Company did not purchase any investments from the IHAM Vehicles. During the six months ended June 30, 2015, the Company purchased \$11.5 million of investments from the IHAM Vehicles.

IHAM is party to an administration agreement, referred to herein as the "IHAM administration agreement," with Ares Operations. Pursuant to the IHAM administration agreement, Ares Operations provides IHAM with, among other things, office facilities, equipment, clerical, bookkeeping and record keeping services, services relating to the marketing and sale of interests in vehicles managed by IHAM, services of, and oversight of, custodians, depositories, accountants, attorneys, underwriters and such other persons in any other capacity deemed to be necessary. Under the IHAM administration agreement, IHAM reimburses Ares Operations for all of the actual costs associated with such services, including Ares Operations' allocable portion of overhead and the cost of its officers, employees and respective staff in performing its obligations under the IHAM administration agreement.

See Note 14 for information related to IHAM's role in the American Capital Acquisition.

5. DEBT

In accordance with the Investment Company Act, with certain limited exceptions, the Company is only allowed to borrow amounts such that its asset coverage, calculated pursuant to the Investment Company Act, is at least 200% after such borrowing. On June 21, 2016, the Company, Ares Capital Management, Ares Venture Finance GP LLC and AVF LP received exemptive relief from the SEC allowing the Company to modify the Company's calculation of asset coverage requirements to exclude the SBA Debentures (defined below). As such, the Company's ratio of total consolidated assets to outstanding indebtedness may be less than 200%. This exemptive relief provides the Company with increased investment flexibility but also increases the Company's risk related to leverage. As of June 30, 2016 the Company's asset coverage was 234% (excluding the SBA Debentures).

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The Company's outstanding debt as of June 30, 2016 and December 31, 2015 were as follows:

| | As of | | | | | |

-
- (1) Subject to borrowing base, leverage and other restrictions. Represents the total aggregate amount committed or outstanding, as applicable, under such instrument.
- (2) Provides for a feature that allows the Company, under certain circumstances, to increase the size of the Revolving Credit Facility (as defined below) to a maximum of \$1,897,500.
- (3) Provides for a feature that allows the Company and Ares Capital CP (as defined below), under certain circumstances, to increase the size of Revolving Funding Facility (as defined below) to a maximum of \$865,000.
- (4) See below for more information on the repayments of the February 2016 Convertible Notes and the June 2016 Convertible Notes (each as defined below).
- (5) Represents the aggregate principal amount outstanding of the Convertible Unsecured Notes (as defined below), the February 2016 Convertible Notes and the June 2016 Convertible Notes less unamortized debt issuance costs and the unaccreted discount recorded upon the issuances of such notes. As of June 30, 2016, the total unamortized debt issuance costs and the unaccreted discount for the 2017 Convertible Notes, the 2018 Convertible Notes and the 2019 Convertible Notes (each as defined below) were \$1,510, \$4,306 and \$4,667, respectively. As of December 31, 2015, the total unamortized debt issuance costs and the unaccreted discount for the February 2016 Convertible Notes, the June 2016 Convertible Notes, the 2017 Convertible Notes, the 2018 Convertible Notes and the 2019

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Convertible Notes were \$1,065, \$1,992, \$2,542, \$5,608 and \$5,521, respectively.

(6)

Represents the aggregate principal amount outstanding of the 2018 Notes (as defined below) less unamortized debt issuance costs and plus the net unamortized premium that was recorded upon

F-187

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

the issuances of the 2018 Notes. As of June 30, 2016 and December 31, 2015, the total unamortized debt issuance costs less the net unamortized premium were \$5,916 and \$7,046, respectively.

- (7) Represents the aggregate principal amount outstanding of the 2020 Notes (as defined below) less unamortized debt issuance costs and the net unaccreted discount recorded upon the issuances of the 2020 Notes. As of June 30, 2016 and December 31, 2015, the total unamortized debt issuance costs and the net unaccreted discount were \$5,132 and \$5,799, respectively.
- (8) Represents the aggregate principal amount outstanding of the October 2022 Notes (as defined below) less unamortized debt issuance costs. As of June 30, 2016 and December 31, 2015, the total unamortized debt issuance costs were \$4,311 and \$4,588, respectively.
- (9) Represents the aggregate principal amount outstanding of the 2047 Notes (as defined below) less the unaccreted purchased discount recorded as a part of the Allied Acquisition (as defined below). As of June 30, 2016 and December 31, 2015, the total unaccreted purchased discount was \$47,807 and \$47,953, respectively.

The weighted average stated interest rate and weighted average maturity, both on aggregate principal amount, of all the Company's outstanding debt as of June 30, 2016 were 3.9% and 5.2 years, respectively, and as of December 31, 2015 were 4.4% and 4.5 years, respectively.

Revolving Credit Facility

The Company is party to a senior secured revolving credit facility (as amended and restated, the "Revolving Credit Facility"), which allows the Company to borrow up to \$1,265,000 at any one time outstanding. For \$1,195,000 of the Revolving Credit Facility, the end of the revolving period and the stated maturity date are May 4, 2020 and May 4, 2021, respectively. For the remaining \$70,000 of the Revolving Credit Facility, the end of the revolving period and the stated maturity date are May 4, 2019 and May 4, 2020, respectively. The Revolving Credit Facility also provides for a feature that allows the Company, under certain circumstances, to increase in the size of the Revolving Credit Facility to a maximum of \$1,897,500. The Revolving Credit Facility generally requires payments of interest at the end of each LIBOR interest period, but no less frequently than quarterly, on LIBOR based loans, and monthly payments of interest on other loans. From the end of the revolving period to the stated maturity date, the Company is required to repay outstanding principal amounts under the Revolving Credit Facility on a monthly basis in an amount equal to 1/12th of the outstanding principal amount at the end of the revolving period.

Under the Revolving Credit Facility, the Company is required to comply with various covenants, reporting requirements and other customary requirements for similar revolving credit facilities, including, without limitation, covenants related to: (a) limitations on the incurrence of additional indebtedness and liens, (b) limitations on certain investments, (c) limitations on certain restricted payments, (d) maintaining a certain minimum stockholders' equity, (e) maintaining a ratio of total assets (less total liabilities other than indebtedness) to total indebtedness of the Company and its consolidated subsidiaries (subject to certain exceptions) of not less than 2.0:1.0, (f) limitations on pledging certain unencumbered assets, and (g) limitations on the creation or existence of agreements that prohibit liens on certain properties of the Company and certain of its subsidiaries. These covenants are subject to important limitations and exceptions that are described in the documents governing the Revolving Credit Facility. Amounts available to borrow under the Revolving Credit Facility (and the incurrence of certain other permitted debt) are also subject to compliance with a borrowing base that applies different advance rates to different types of assets in the Company's portfolio that are pledged as collateral. As of June 30, 2016, the Company was in compliance in all material respects with the terms of the Revolving Credit Facility.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

As of June 30, 2016 and December 31, 2015, there were \$1,165,000 and \$515,000 outstanding, respectively, under the Revolving Credit Facility. As of June 30, 2016, the Revolving Credit Facility also provides for a sub-limit for the issuance of letters of credit for up to an aggregate amount of \$150,000. As of June 30, 2016 and December 31, 2015, the Company had \$24,205 and \$24,111, respectively, in letters of credit issued through the Revolving Credit Facility. The amount available for borrowing under the Revolving Credit Facility is reduced by any letters of credit issued. As of June 30, 2016, there was \$75,795 available for borrowing (net of letters of credit issued) under the Revolving Credit Facility.

Since March 26, 2015, the interest rate charged on the Revolving Credit Facility is based on an applicable spread of either 1.75% or 2.00% over LIBOR or 0.75% or 1.00% over an "alternate base rate" (as defined in the agreements governing the Revolving Credit Facility), in each case, determined monthly based on the total amount of the borrowing base relative to the total commitments of the Revolving Credit Facility and other debt, if any, secured by the same collateral as the Revolving Credit Facility. As of June 30, 2016, the interest rate in effect was LIBOR plus 1.75%. Prior to and including March 25, 2015, the interest rate charged on the Revolving Credit Facility was based on an applicable spread of 2.00% over LIBOR or an applicable spread of 1.00% over an "alternate base rate." As of June 30, 2016, the one, two, three and six month LIBOR was 0.47%, 0.55%, 0.65% and 0.92%, respectively. As of December 31, 2015, the one, two, three and six month LIBOR was 0.43%, 0.51%, 0.61% and 0.85%, respectively. In addition to the stated interest expense on the Revolving Credit Facility, the Company is required to pay a commitment fee of 0.375% per annum on any unused portion of the Revolving Credit Facility. Since March 26, 2015, the Company is also required to pay a letter of credit fee of either 2.00% or 2.25% per annum on letters of credit issued, determined monthly based on the total amount of the borrowing base relative to the total commitments of the Revolving Credit Facility and other debt, if any, secured by the same collateral as the Revolving Credit Facility. Prior to and including March 25, 2015, the Company paid a letter of credit fee of 2.25% per annum on letters of credit issued.

The Revolving Credit Facility is secured by certain assets in the Company's portfolio and excludes investments held by Ares Capital CP under the Revolving Funding Facility, those held by ACJB under the SMBC Funding Facility and those held by AVF LP under the SBA Debentures, each as described below, and certain other investments.

For the three and six months ended June 30, 2016 and 2015, the components of interest and credit facility fees expense, cash paid for interest expense, average stated interest rates (i.e., rate in effect plus the spread) and average outstanding balances for the Revolving Credit Facility were as follows:

| | For the Three Months Ended June 30, | | For the Six Months Ended June 30, | |
|--|--|-----------------|--------------------------------------|-----------------|
| | 2016 | 2015 | 2016 | 2015 |
| Stated interest expense | \$ 5,226 | \$ | \$ 10,145 | \$ 80 |
| Facility fees | 419 | 1,346 | 906 | 2,647 |
| Amortization of debt issuance costs | 634 | 519 | 1,257 | 1,160 |
| Total interest and credit facility fees expense | \$ 6,279 | \$ 1,865 | \$ 12,308 | \$ 3,887 |
| | | | | |
| Cash paid for interest expense | \$ 5,426 | \$ | \$ 9,722 | \$ 177 |
| Average stated interest rate | 2.24% | % | 2.24% | 2.19% |
| Average outstanding balance | \$ 932,473 | \$ | \$ 906,648 | \$ 6,575 |

Revolving Funding Facility

The Company's consolidated subsidiary, Ares Capital CP Funding LLC ("Ares Capital CP"), is party to a revolving funding facility (as amended, the "Revolving Funding Facility"), which allows Ares

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Capital CP to borrow up to \$540,000 at any one time outstanding. The Revolving Funding Facility is secured by all of the assets held by, and the membership interest in, Ares Capital CP. The end of the reinvestment period and the stated maturity date for the Revolving Funding Facility are May 14, 2017 and May 14, 2019, respectively. The Revolving Funding Facility also includes a feature that allows, under certain circumstances, for an increase in the Revolving Funding Facility to a maximum of \$865,000. See Note 14 for information regarding a potential amendment to the Revolving Funding Facility in connection with the American Capital Acquisition.

Amounts available to borrow under the Revolving Funding Facility are subject to a borrowing base that applies different advance rates to different types of assets held by Ares Capital CP. Ares Capital CP is also subject to limitations with respect to the loans securing the Revolving Funding Facility, including restrictions on sector concentrations, loan size, payment frequency and status, collateral interests, loans with fixed rates and loans with certain investment ratings, as well as restrictions on portfolio company leverage, which may also affect the borrowing base and therefore amounts available to borrow. The Company and Ares Capital CP are also required to comply with various covenants, reporting requirements and other customary requirements for similar facilities. These covenants are subject to important limitations and exceptions that are described in the agreements governing the Revolving Funding Facility. As of June 30, 2016, the Company and Ares Capital CP were in compliance in all material respects with the terms of the Revolving Funding Facility.

As of June 30, 2016 and December 31, 2015, there was \$53,000 and \$250,000 outstanding, respectively, under the Revolving Funding Facility. The interest rate charged on the Revolving Funding Facility is based on an applicable spread ranging from 2.25% to 2.50% over LIBOR or ranging from 1.25% to 1.50% over a "base rate" (as defined in the agreements governing the Revolving Funding Facility) in each case, determined monthly based on the composition of the borrowing base relative to outstanding borrowings under the Revolving Funding Facility. As of June 30, 2016, the interest rate in effect was LIBOR plus 2.25%. Ares Capital CP is required to pay a commitment fee between 0.50% and 1.50% per annum depending on the size of the unused portion of the Revolving Funding Facility.

For the three and six months ended June 30, 2016 and 2015, the components of interest and credit facility fees expense, cash paid for interest expense, average stated interest rates (i.e., rate in effect plus the spread) and average outstanding balances for the Revolving Funding Facility were as follows:

| | For the Three Months Ended June 30, | | For the Six Months Ended June 30, | |
|--|--|-----------------|--------------------------------------|-----------------|
| | 2016 | 2015 | 2016 | 2015 |
| Stated interest expense | \$ 861 | \$ 33 | \$ 1,894 | \$ 453 |
| Facility fees | 568 | 1,110 | 1,075 | 2,335 |
| Amortization of debt issuance costs | 578 | 578 | 1,155 | 1,155 |
| Total interest and credit facility fees expense | \$ 2,007 | \$ 1,721 | \$ 4,124 | \$ 3,943 |
| | | | | |
| Cash paid for interest expense | \$ 1,033 | \$ 419 | \$ 1,700 | \$ 2,062 |
| Average stated interest rate | 2.73% | 2.44% | 2.72% | 2.42% |
| Average outstanding balance | \$ 126,330 | \$ 5,429 | \$ 139,379 | \$ 37,221 |

SMBC Funding Facility

The Company's consolidated subsidiary, Ares Capital JB Funding LLC ("ACJB"), is party to a revolving funding facility (as amended, the "SMBC Funding Facility") with ACJB, as the borrower, and Sumitomo Mitsui Banking Corporation ("SMBC"), as the administrative agent, collateral agent, and lender, which allows ACJB to borrow up to \$400,000 at any one time outstanding. The SMBC Funding Facility is secured by all of the assets held by ACJB. The end of the reinvestment period and the stated

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

maturity date for the SMBC Funding Facility are September 14, 2017 and September 14, 2022, respectively. The reinvestment period and the stated maturity date are both subject to two one-year extensions by mutual agreement.

Amounts available to borrow under the SMBC Funding Facility are subject to a borrowing base that applies an advance rate to assets held by ACJB. The Company and ACJB are also required to comply with various covenants, reporting requirements and other customary requirements for similar facilities. These covenants are subject to important limitations and exceptions that are described in the documents governing the SMBC Funding Facility. As of June 30, 2016, the Company and ACJB were in compliance in all material respects with the terms of the SMBC Funding Facility.

As of June 30, 2016 and December 31, 2015, there was \$122,000 and \$110,000 outstanding, respectively, under the SMBC Funding Facility. Since June 30, 2015, the interest rate charged on the SMBC Funding Facility is based on an applicable spread of either 1.75% or 2.00% over LIBOR or 0.75% or 1.00% over a "base rate" (as defined in the agreements governing the SMBC Funding Facility), in each case, determined monthly based on the amount of the average borrowings outstanding under the SMBC Funding Facility. As of June 30, 2016, the interest rate in effect was LIBOR plus 1.75%. Prior to and including June 30, 2015, the interest rate charged on the SMBC Funding Facility was based on an applicable spread of 2.00% over LIBOR or 1.00% over a "base rate." As of June 30, 2016 and December 31, 2015, the interest rate in effect was based on one month LIBOR, which was 0.47% and 0.43%, respectively. ACJB is required to pay a commitment fee of between 0.35% and 0.875% per annum depending on the size of the unused portion of the SMBC Funding Facility.

For the three and six months ended June 30, 2016 and 2015, the components of interest and credit facility fees expense, cash paid for interest expense, average stated interest rates (i.e., rate in effect plus the spread) and average outstanding balances for the SMBC Funding Facility were as follows:

| | For the Three Months Ended June 30, | | For the Six Months Ended June 30, | |
|--|---|---------------|--------------------------------------|-----------------|
| | 2016 | 2015 | 2016 | 2015 |
| Stated interest expense | \$ 692 | \$ | \$ 1,310 | \$ 26 |
| Facility fees | 244 | 430 | 498 | 847 |
| Amortization of debt issuance costs | 287 | 283 | 575 | 567 |
| Total interest and credit facility fees expense | \$ 1,223 | \$ 713 | \$ 2,383 | \$ 1,440 |
| | | | | |
| Cash paid for interest expense | \$ 704 | \$ | \$ 1,362 | \$ 90 |
| Average stated interest rate | 2.22% | % | 2.21% | 2.16% |
| Average outstanding balance | \$ 124,473 | \$ | \$ 118,747 | \$ 2,398 |

SBA Debentures

In April 2015, the Company's wholly owned subsidiary, AVF LP, received a license from the Small Business Administration ("SBA") to operate as a Small Business Investment Company ("SBIC") under the provisions of Section 301(c) of the Small Business Investment Act of 1958, as amended. The SBA places certain limitations on the financing of investments by SBICs in portfolio companies, including regulating the types of financings, restricting investments to only include small businesses with certain characteristics or in certain industries, and requiring capitalization thresholds that may limit distributions to the Company.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The license from the SBA allows AVF LP to obtain leverage by issuing SBA-guaranteed debentures (the "SBA Debentures"), subject to issuance of a capital commitment by the SBA and other customary procedures. Leverage through the SBA Debentures is subject to required capitalization thresholds. Current SBA regulations limit the amount that any SBIC may borrow to \$150,000 and as of June 30, 2016, the amount of the SBA Debentures committed to AVF LP by the SBA was \$75,000. The SBA Debentures are non-recourse to the Company, have interest payable semi-annually, have a 10-year maturity and may be prepaid at any time without penalty. As of June 30, 2016, AVF LP had \$25,000 of the SBA Debentures issued and outstanding, which mature between September 2025 and March 2026. As of June 30, 2016, AVF LP was in compliance in all material respects with SBA regulatory requirements.

The interest rate for the SBA Debentures is fixed at the time the SBA Debentures and other applicable SBA-guaranteed debentures can be pooled and sold to the public and is based on a spread over U.S. treasury notes with 10-year maturities. The pooling of newly issued SBA-guaranteed debentures occurs twice per year. The spread includes an annual charge as determined by the SBA (the "Annual Charge") as well as a market-driven component. Prior to the 10-year fixed interest rate being determined, the interim interest rate charged for the SBA-guarantee debentures is based on LIBOR plus an applicable spread of 0.30% and the Annual Charge. As of June 30, 2016, the weighted average interest rate in effect for the SBA Debentures was 3.48%.

For the three and six months ended June 30, 2016, the components of interest expense, cash paid for interest expense, average stated interest rate and average outstanding balances for the SBA Debentures were as follows:

| | For the Three Months Ended June 30, | | For the Six Months Ended June 30, | |
|--|---|--------------|--------------------------------------|--------------|
| | 2016 | 2015 | 2016 | 2015 |
| Stated interest expense | \$ 217 | \$ 8 | \$ 399 | \$ 8 |
| Amortization of debt issuance costs | 70 | 38 | 139 | 38 |
| Total interest and credit facility fees expense | \$ 287 | \$ 46 | \$ 538 | \$ 46 |
| Cash paid for interest expense | \$ | \$ | \$ 310 | \$ |
| Average stated interest rate | 3.48% | 1.34% | 3.31% | 1.34% |
| Average outstanding balance | \$ 25,000 | \$ 2,473 | \$ 24,110 | \$ 2,473 |

Convertible Unsecured Notes

The Company has issued \$162.5 million aggregate principal amount of unsecured convertible notes that mature on March 15, 2017 (the "2017 Convertible Notes"), \$270.0 million aggregate principal amount of unsecured convertible notes that mature on January 15, 2018 (the "2018 Convertible Notes") and \$300.0 million aggregate principal amount of unsecured convertible notes that mature on January 15, 2019 (the "2019 Convertible Notes" and together with the 2017 Convertible Notes and the 2018 Convertible Notes, the "Convertible Unsecured Notes"). The Convertible Notes mature upon their respective maturity dates unless previously converted or repurchased in accordance with their terms. The Company does not have the right to redeem the Convertible Unsecured Notes prior to maturity. The 2017 Convertible Notes, the 2018 Convertible Notes and the 2019 Convertible Notes bear interest at a rate of 4.875%, 4.750% and 4.375%, respectively, per year, payable semi-annually.

In certain circumstances, the Convertible Unsecured Notes will be convertible into cash, shares of the Company's common stock or a combination of cash and shares of its common stock, at the Company's election, at their respective conversion rates (listed below as of June 30, 2016) subject to customary anti-dilution adjustments and the requirements of their respective indenture (the "Convertible Unsecured Notes Indentures"). Prior to the close of business on the business day

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

immediately preceding their respective conversion date (listed below), holders may convert their Convertible Unsecured Notes only under certain circumstances set forth in the Convertible Unsecured Notes Indentures. On or after their respective conversion dates until the close of business on the scheduled trading day immediately preceding their respective maturity date, holders may convert their Convertible Unsecured Notes at any time. In addition, if the Company engages in certain corporate events as described in their respective Convertible Unsecured Notes Indenture, holders of the Convertible Unsecured Notes may require the Company to repurchase for cash all or part of the Convertible Unsecured Notes at a repurchase price equal to 100% of the principal amount of the Convertible Unsecured Notes to be repurchased, plus accrued and unpaid interest through, but excluding, the required repurchase date.

Certain key terms related to the convertible features for each of the Convertible Unsecured Notes as of June 30, 2016 are listed below.

| | 2017 Convertible Notes | 2018 Convertible Notes | 2019 Convertible Notes |
|--|---------------------------|---------------------------|---------------------------|
| Conversion premium | 17.5% | 17.5% | 15.0% |
| Closing stock price at issuance | \$16.46 | \$16.91 | \$17.53 |
| Closing stock price date | March 8, 2012 | October 3, 2012 | July 15, 2013 |
| Conversion price(1) | \$18.88 | \$19.64 | \$19.99 |
| Conversion rate (shares per one thousand dollar principal amount)(1) | 52.9678 | 50.9054 | 50.0292 |
| Conversion dates | September 15, 2016 | July 15, 2017 | July 15, 2018 |

(1) Represents conversion price and conversion rate, as applicable, as of June 30, 2016, taking into account certain de minimis adjustments that will be made on the conversion date.

As of June 30, 2016, the principal amounts of each series of the Convertible Unsecured Notes exceeded the value of the underlying shares multiplied by the per share closing price of the Company's common stock.

The Convertible Unsecured Notes Indentures contain certain covenants, including covenants requiring the Company to comply with Section 18(a)(1)(A) as modified by Section 61(a)(1) of the Investment Company Act and to provide financial information to the holders of the Convertible Unsecured Notes under certain circumstances. These covenants are subject to important limitations and exceptions that are described in the Convertible Unsecured Notes Indentures. As of June 30, 2016, the Company was in compliance in all material respects with the terms of the Convertible Unsecured Notes Indentures.

The Convertible Unsecured Notes are accounted for in accordance with ASC 470-20. Upon conversion of any of the other Convertible Unsecured Notes, the Company intends to pay the outstanding principal amount in cash and to the extent that the conversion value exceeds the principal amount, the Company has the option to pay in cash or shares of the Company's common stock (or a combination of cash and shares) in respect of the excess amount, subject to the requirements of the Convertible Unsecured Notes Indentures. The Company has determined that the embedded conversion options in the Convertible Unsecured Notes are not required to be separately accounted for as a derivative under GAAP. In accounting for the Convertible Unsecured Notes, the Company estimated at the time of issuance separate debt and equity components for each of the Convertible Unsecured Notes. An original issue discount equal to the equity components of the Convertible Unsecured Notes was recorded in "capital in excess of par value" in the accompanying consolidated balance sheet. Additionally, the issuance costs associated with the Convertible Unsecured Notes were allocated to the debt and equity components in proportion to the allocation of the proceeds and accounted for as debt issuance costs and equity issuance costs, respectively.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The debt and equity component percentages, the issuance costs and the equity component amounts for each of the Convertible Unsecured Notes are listed below.

| | 2017 Convertible Notes | 2018 Convertible Notes | 2019 Convertible Notes |
|--|---------------------------|---------------------------|---------------------------|
| Debt and equity component percentages, respectively(1) | 97.0% and 3.0% | 98.0% and 2.0% | 99.8% and 0.2% |
| Debt issuance costs(1) | \$4,813 | \$5,712 | \$4,475 |
| Equity issuance costs(1) | \$149 | \$116 | \$9 |
| Equity component, net of issuance costs(2) | \$4,724 | \$5,243 | \$582 |

(1) At time of issuance.

(2) At time of issuance and as of June 30, 2016.

In addition to the original issue discount equal to the equity components of the Convertible Unsecured Notes, the 2018 Convertible Notes and the 2019 Convertible Notes were each issued at a discount. The Company records interest expense comprised of both stated interest expense as well as accretion of any original issue discount.

As of June 30, 2016, the components of the carrying value of the Convertible Unsecured Notes, the stated interest rate and the effective interest rate were as follows:

| | 2017 Convertible Notes | 2018 Convertible Notes | 2019 Convertible Notes |
|---|------------------------------|------------------------------|------------------------------|
| Principal amount of debt | \$ 162,500 | \$ 270,000 | \$ 300,000 |
| Debt issuance costs, net of amortization | (735) | (1,870) | (2,149) |
| Original issue discount, net of accretion | (775) | (2,436) | (2,518) |
| Carrying value of debt | \$ 160,990 | \$ 265,694 | \$ 295,333 |
| Stated interest rate | 4.875% | 4.750% | 4.375% |
| Effective interest rate(1) | 5.5% | 5.3% | 4.7% |

(1) The effective interest rate of the debt component of the Convertible Unsecured Notes is equal to the stated interest rate plus the accretion of original issue discount.

In February 2016, the Company repaid in full the \$575.0 million aggregate principal amount of unsecured convertible notes (the "February 2016 Convertible Notes") upon their maturity. In June 2016, the Company repaid in full the \$230.0 million aggregate principal amount of unsecured convertible notes (the "June 2016 Convertible Notes") upon their maturity.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and cash paid for interest expense for the Convertible Unsecured Notes are listed below. For the six months ended June 30, 2016 and 2015, and for the three months ended June 30, 2015, the following also includes components of interest expense and cash paid for interest expense on the February 2016 Convertible Notes and the June 2016 Convertible Notes. For the three months ended June 30, 2016,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

the following also includes components of interest expense and cash paid for interest expense on the June 2016 Convertible Notes.

| | For the Three Months Ended June 30, | | For the Six Months Ended June 30, | |
|--------------------------------------|---|-----------|--------------------------------------|-----------|
| | 2016 | 2015 | 2016 | 2015 |
| Stated interest expense | \$ 10,433 | \$ 19,681 | \$ 24,603 | \$ 39,361 |
| Amortization of debt issuance costs | 934 | 1,910 | 2,214 | 3,773 |
| Accretion of original issue discount | 1,475 | 3,959 | 4,030 | 7,851 |
| Total interest expense | \$ 12,842 | \$ 25,550 | \$ 30,847 | \$ 50,985 |

| | | | | |
|--------------------------------|----------|----------|-----------|-----------|
| Cash paid for interest expense | \$ 5,894 | \$ 5,894 | \$ 39,361 | \$ 39,361 |
|--------------------------------|----------|----------|-----------|-----------|

Unsecured Notes

2018 Notes

The Company had issued \$750,000 in aggregate principal amount of unsecured notes that mature on November 30, 2018 (the "2018 Notes"). The 2018 Notes bear interest at a rate of 4.875% per year, payable semi-annually and all principal is due upon maturity. The 2018 Notes may be redeemed in whole or in part at any time at the Company's option at a redemption price equal to par plus a "make whole" premium, as determined pursuant to the indenture governing the 2018 Notes, and any accrued and unpaid interest. \$600,000 in aggregate principal amount of the 2018 Notes were issued at a discount to the principal amount and \$150,000 in aggregate principal amount of the 2018 Notes were issued at a premium. The Company records interest expense comprised of both stated interest expense as well as any accretion of any original issue discount or premium.

2020 Notes

The Company had issued \$600,000 in aggregate principal amount of unsecured notes that mature on January 15, 2020 (the "2020 Notes"). The 2020 Notes bear interest at a rate of 3.875% per year, payable semi-annually and all principal is due upon maturity. The 2020 Notes may be redeemed in whole or in part at any time at the Company's option at a redemption price equal to par plus a "make whole" premium, if applicable, as determined pursuant to the indenture governing the 2020 Notes, and any accrued and unpaid interest. \$400,000 in aggregate principal amount of the 2020 Notes were issued at a discount to the principal amount and \$200,000 in aggregate principal amount of the 2020 Notes were issued at a premium. The Company records interest expense comprised of both stated interest expense as well as any accretion of any original issue discount or premium.

October 2022 Notes

The Company had issued \$182,500 in aggregate principal amount of unsecured notes that mature on October 1, 2022 (the "October 2022 Notes"). The October 2022 Notes bear interest at a rate of 5.875% per year, payable quarterly and all principal is due upon maturity. The October 2022 Notes may be redeemed in whole or in part at any time or from time to time at the Company's option, at a par redemption price of \$25.00 per security plus accrued and unpaid interest.

2047 Notes

As part of the acquisition of Allied Capital Corporation ("Allied Capital") in April 2010 (the "Allied Acquisition"), the Company assumed \$230,000 aggregate principal amount of unsecured notes due on April 15, 2047 (the "2047 Notes" and together with the 2018 Notes, the 2020 Notes and the October 2022 Notes, the "Unsecured Notes"). The 2047 Notes bear interest at a rate of 6.875%,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

payable quarterly and all principal is due upon maturity. The 2047 Notes may be redeemed in whole or in part at any time or from time to time at the Company's option, at a par redemption price of \$25.00 per security plus accrued and unpaid interest. As of June 30, 2016 and December 31, 2015, the outstanding principal was \$229,557 and \$229,557 respectively, and the carrying value was \$181,750 and \$181,604, respectively. The carrying value represents the outstanding principal amount of the 2047 Notes less the unaccrued purchased discount recorded as a part of the Allied Acquisition.

February 2022 Notes

In March 2015, the Company redeemed the \$143,750 aggregate principal amount of unsecured notes that were scheduled to mature on February 15, 2022 (the "February 2022 Notes") in accordance with the terms of the indenture governing the February 2022 Notes. The February 2022 Notes bore interest at a rate of 7.00% per year, payable quarterly. The February 2022 Notes were redeemed at par plus accrued and unpaid interest for a total redemption price of approximately \$144,616, which resulted in a realized loss on the extinguishment of debt of \$3,839.

2040 Notes

In October 2015, the Company redeemed the \$200,000 aggregate principal amount of unsecured notes that were scheduled to mature on October 15, 2040 (the "2040 Notes") in accordance with the terms of the indenture governing the 2040 Notes. The 2040 Notes bore interest at a rate of 7.75% per year, payable quarterly. The 2040 Notes were redeemed at par plus accrued and unpaid interest for a total redemption price of approximately \$200,560, which resulted in a realized loss on the extinguishment of debt of \$6,572.

For the three and six months ended June 30, 2016 and 2015, the components of interest expense and cash paid for interest expense for the Unsecured Notes are listed below. For the three months ended June 30, 2015, the following also includes components of interest expense and cash paid for interest expense for the 2040 Notes. For the six months ended June 30, 2015, the following also includes components of interest expense and cash paid for interest expense for the 2040 Notes and the February 2022 Notes.

| | For the Three Months Ended June 30, | | For the Six Months Ended June 30, | |
|-------------------------------------|--|------------------|--|------------------|
| | 2016 | 2015 | 2016 | 2015 |
| Stated interest expense | \$ 21,579 | \$ 25,455 | \$ 43,157 | \$ 52,422 |
| Amortization of debt issuance costs | 1,035 | 995 | 2,056 | 2,027 |
| Accretion of purchase discount | 82 | 76 | 164 | 246 |
| Total interest expense | \$ 22,696 | \$ 26,526 | \$ 45,377 | \$ 54,695 |

| | | | | |
|--------------------------------|-----------|-----------|-----------|-----------|
| Cash paid for interest expense | \$ 24,907 | \$ 28,782 | \$ 43,158 | \$ 42,665 |
|--------------------------------|-----------|-----------|-----------|-----------|

The Unsecured Notes contain certain covenants, including covenants requiring the Company to comply with Section 18(a)(1)(A) as modified by Section 61(a)(1) of the Investment Company Act and to provide financial information to the holders of such notes under certain circumstances. These covenants are subject to important limitations and exceptions set forth in the indentures governing such notes. As of June 30, 2016, the Company was in compliance in all material respects with the terms of the respective indentures governing each of the Unsecured Notes.

The Convertible Unsecured Notes and the Unsecured Notes are the Company's unsecured senior obligations and rank senior in right of payment to any future indebtedness that is expressly subordinated in right of payment to the Convertible Unsecured Notes and the Unsecured Notes; equal in right of payment to the Company's existing and future unsecured indebtedness that is not expressly

subordinated; effectively junior in right of payment to any of its secured indebtedness (including existing unsecured indebtedness that the Company later secures) to the extent of the value of the assets securing such indebtedness; and structurally junior to all existing and future indebtedness (including trade payables) incurred by the Company's subsidiaries, financing vehicles or similar facilities.

6. DERIVATIVE INSTRUMENTS

The Company enters into forward currency contracts from time to time to help mitigate the impact that an adverse change in foreign exchange rates would have on the value of the Company's investments denominated in foreign currencies. As of June 30, 2016 and December 31, 2015, the counterparty to these forward currency contracts was Bank of Montreal. Net unrealized gains or losses on foreign currency contracts are included in "net unrealized gains (losses) from foreign currency and other transactions" and net realized gains or losses on forward currency contracts are included in "net realized gains (losses) from foreign currency transactions" in the accompanying consolidated statement of operations.

During the three months ended December 31, 2015, the Company entered into an agreement with the SDLP to sell certain of the Company's investments to the SDLP at a mutually agreed upon price on a future date. The value of the agreement with the SDLP will change as the fair value of the identified loans changes and as additional loans are added to such agreement. For the three and six months ended June 30, 2016, the unrealized gain related to this agreement was included in the "net unrealized gains (losses) from foreign currency and other transactions" in the accompanying consolidated statement of operations and as of June 30, 2016 in "other assets" in the accompanying consolidated balance sheet. See Note 16 for information on a subsequent event related to the SDLP.

Forward currency contracts and the forward sale agreement are considered undesignated derivative instruments.

Certain information related to the Company's derivative financial instruments is presented below as of June 30, 2016 and December 31, 2015.

| Description | Notional Amount | Maturity Date | As of June 30, 2016 | | | | Balance Sheet Location of Net Amounts |
|-----------------------------------|-----------------|---------------|-----------------------------------|--|--|--|---------------------------------------|
| | | | Gross Amount of Recognized Assets | Gross Amount of Recognized Liabilities | Gross Amount Offset in the Balance Sheet | | |
| Foreign currency forward contract | CAD45,000 | 7/5/2016 | \$ | \$ 221 | \$ | Accounts payable and other liabilities | |
| Foreign currency forward contract | € 3,174 | 7/5/2016 | | 109 | | Other Assets | |
| Forward sale agreement | \$ 424,232 | | | 4,906 | | Other Assets | |
| Total | | | \$ 5,015 | \$ 221 | \$ | | |

| Description | Notional Amount | Maturity Date | As of December 31, 2015 | | | | Balance Sheet Location of Net Amounts |

| Forward sale agreement | \$ 316,201 | | | 2,602 | | Other Assets | |
| Total | | | \$ 3,857 | \$ | \$ | | |

7. COMMITMENTS AND CONTINGENCIES

The Company has various commitments to fund investments in its portfolio as described below. As of June 30, 2016 and December 31, 2015, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to fund which are at (or substantially at) the Company's discretion:

| | As of | |
|--|-------------------|----------------------|
| | June 30, 2016 | December 31, 2015 |
| Total revolving and delayed draw loan commitments | \$ 383,674 | \$ 418,880 |
| Less: drawn commitments | (93,901) | (122,925) |
| Total undrawn commitments | 289,773 | 295,955 |
| Less: commitments substantially at discretion of the Company | (6,833) | (6,000) |
| Less: unavailable commitments due to borrowing base or other covenant restrictions | | |
| Total net adjusted undrawn revolving and delayed draw loan commitments | \$ 282,940 | \$ 289,955 |

Included within the total revolving and delayed draw loan commitments as of June 30, 2016 and December 31, 2015 were delayed draw loan commitments totaling \$146,965 and \$148,609, respectively. The Company's commitment to fund delayed draw loans is triggered upon the satisfaction of certain pre-negotiated terms and conditions. Generally, the most significant and uncertain term requires the borrower to satisfy a specific use of proceeds covenant. The use of proceeds covenant typically requires the borrower to use the additional loans for the specific purpose of a permitted acquisition or permitted investment, for example. In addition to the use of proceeds covenant, the borrower is generally required to satisfy additional negotiated covenants (including specified leverage levels).

Also included within the total revolving and delayed draw loan commitments as of June 30, 2016 were commitments to issue up to \$46,625 in letters of credit through a financial intermediary on behalf of certain portfolio companies. As of June 30, 2016, the Company had \$14,042 in letters of credit issued and outstanding under these commitments on behalf of portfolio companies. For all these letters of credit issued and outstanding, the Company would be required to make payments to third parties if the portfolio companies were to default on their related payment obligations. None of these letters of credit issued and outstanding are recorded as a liability on the Company's balance sheet as such letters of credit are considered in the valuation of the investments in the portfolio company. Of these letters of credit, \$2,882 expire in 2016 and \$11,160 expire in 2017.

The Company also has commitments to co-invest in the SSLP for the Company's portion of the SSLP's commitments to fund delayed draw loans to certain portfolio companies of the SSLP. See Note 4 for more information.

As of June 30, 2016 and December 31, 2015, the Company was party to subscription agreements to fund equity investments in private equity investment partnerships as follows:

| | As of | |
|---|-----------------|-------------------|
| | June 30, 2016 | December 31, 2015 |
| Total private equity commitments | \$ 107,000 | \$ 107,000 |
| Less: funded private equity commitments | (21,183) | (20,896) |
| Total unfunded private equity commitments | 85,817 | 86,104 |
| Less: private equity commitments substantially at discretion of the Company | (84,520) | (84,554) |
| Total net adjusted unfunded private equity commitments | \$ 1,297 | \$ 1,550 |

In the ordinary course of business, the Company may sell certain of its investments to third party purchasers. In particular, in connection with the sale of certain controlled portfolio company equity investments (as well as certain other sales) the Company has, and may continue to do so in the future, agreed to indemnify such purchasers for future liabilities arising from the investments and the related sale transaction. Such indemnification provisions have given rise to liabilities in the past and may do so in the future.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company follows ASC 825-10, which provides companies the option to report selected financial assets and liabilities at fair value. ASC 825-10 also establishes presentation and disclosure requirements designed to facilitate comparisons between companies that choose different measurement attributes for similar types of assets and liabilities and to more easily understand the effect of the company's choice to use fair value on its earnings. ASC 825-10 also requires entities to display the fair value of the selected assets and liabilities on the face of the balance sheet. The Company has not elected the ASC 825-10 option to report selected financial assets and liabilities at fair value. With the exception of the line items entitled "other assets" and "debt," which are reported at amortized cost, all assets and liabilities approximate fair value on the balance sheet. The carrying value of the lines titled "interest receivable," "receivable for open trades," "payable for open trades," "accounts payable and other liabilities," "base management fees payable," "income based fees payable," "capital gains incentive fees payable" and "interest and facility fees payable" approximate fair value due to their short maturity.

The Company also follows ASC 820-10, which expands the application of fair value accounting. ASC 820-10 defines fair value, establishes a framework for measuring fair value in accordance with GAAP and expands disclosure of fair value measurements. ASC 820-10 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. ASC 820-10 requires the Company to assume that the portfolio investment is sold in its principal market to market participants or, in the absence of a principal market, the most advantageous market, which may be a hypothetical market. Market participants are defined as buyers and sellers in the principal or most advantageous market that are independent, knowledgeable, and willing and able to transact. In accordance with ASC 820-10, the Company has considered its principal market as the market in which the Company exits its portfolio investments with the greatest volume and level of activity. ASC 820-10 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. In accordance with ASC 820-10, these inputs are summarized in the three broad levels listed below:

Level 1 Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

Level 2 Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In addition to using the above inputs in investment valuations, the Company continues to employ the net asset valuation policy approved by the Company's board of directors that is consistent with ASC 820-10 (see Note 2). Consistent with the Company's valuation policy, it evaluates the source of inputs, including any markets in which the Company's investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. The Company's valuation policy considers the fact that because there is not a readily available market value for most of the investments in the Company's portfolio, the fair value of the investments must typically be determined using unobservable inputs.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The Company's portfolio investments (other than as described below in the following paragraph) are typically valued using two different valuation techniques. The first valuation technique is an analysis of the enterprise value ("EV") of the portfolio company. Enterprise value means the entire value of the portfolio company to a market participant, including the sum of the values of debt and equity securities used to capitalize the enterprise at a point in time. The primary method for determining EV uses a multiple analysis whereby appropriate multiples are applied to the portfolio company's EBITDA (generally defined as net income before net interest expense, income tax expense, depreciation and amortization). EBITDA multiples are typically determined based upon review of market comparable transactions and publicly traded comparable companies, if any. The Company may also employ other valuation multiples to determine EV, such as revenues or, in the case of certain portfolio companies in the power generation industry, kilowatt capacity. The second method for determining EV uses a discounted cash flow analysis whereby future expected cash flows of the portfolio company are discounted to determine a present value using estimated discount rates (typically a weighted average cost of capital based on costs of debt and equity consistent with current market conditions). The EV analysis is performed to determine the value of equity investments, the value of debt investments in portfolio companies where the Company has control or could gain control through an option or warrant security, and to determine if there is credit impairment for debt investments. If debt investments are credit impaired, an EV analysis may be used to value such debt investments; however, in addition to the methods outlined above, other methods such as a liquidation or wind-down analysis may be utilized to estimate enterprise value. The second valuation technique is a yield analysis, which is typically performed for non-credit impaired debt investments in portfolio companies where the Company does not own a controlling equity position. To determine fair value using a yield analysis, a current price is imputed for the investment based upon an assessment of the expected market yield for a similarly structured investment with a similar level of risk. In the yield analysis, the Company considers the current contractual interest rate, the maturity and other terms of the investment relative to risk of the company and the specific investment. A key determinant of risk, among other things, is the leverage through the investment relative to the enterprise value of the portfolio company. As debt investments held by the Company are substantially illiquid with no active transaction market, the Company depends on primary market data, including newly funded transactions, as well as secondary market data with respect to high yield debt instruments and syndicated loans, as inputs in determining the appropriate market yield, as applicable.

For other portfolio investments such as investments in the SSLP Certificates, discounted cash flow analysis is the primary technique utilized to determine fair value. Expected future cash flows associated with the investment are discounted to determine a present value using a discount rate that reflects estimated market return requirements.

The following tables summarize the significant unobservable inputs the Company used to value the majority of its investments categorized within Level 3 as of June 30, 2016 and December 31, 2015. The

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

tables are not intended to be all-inclusive, but instead capture the significant unobservable inputs relevant to the Company's determination of fair values.

As of June 30, 2016

| Asset Category | Fair Value | Primary Valuation Techniques | Unobservable Input | Estimated Range | Weighted Average |
|---------------------------------------|---------------------|-------------------------------|--------------------|-----------------|------------------|
| First lien senior secured loans | \$ 2,554,137 | Yield analysis | Market yield | 5.1% - 21.8% | 9.0% |
| Second lien senior secured loans | 2,766,025 | Yield analysis | Market yield | 8.5% - 18.2% | 10.7% |
| Subordinated certificates of the SSLP | 1,899,754 | Discounted cash flow analysis | Discount rate | 9.3% - 10.3% | 9.8% |

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Changes in market yields, discount rates or EBITDA multiples, each in isolation, may change the fair value of certain of the Company's investments. Generally, an increase in market yields or discount rates or decrease in EBITDA multiples may result in a decrease in the fair value of certain of the Company's investments.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of the Company's investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that the Company may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If the Company was required to liquidate a portfolio investment in a forced or liquidation sale, it could realize significantly less than the value at which the Company has recorded it.

F-201

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

The following table presents fair value measurements of cash and cash equivalents, investments and derivatives as of June 30, 2016:

| | Fair Value Measurements Using | | | |
|---|-------------------------------|------------|----------|--------------|
| | Total | Level 1 | Level 2 | Level 3 |
| Cash and cash equivalents | \$ 125,926 | \$ 125,926 | \$ | \$ |
| Investments not measured at net asset value | \$ 8,894,200 | \$ 1,686 | \$ | \$ 8,892,514 |
| Investments measured at net asset value(1) | \$ 6,177 | | | |
| Total Investments | \$ 8,900,377 | | | |
| Derivatives | \$ 4,794 | \$ | \$ (112) | \$ 4,906 |

- (1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the consolidated balance sheet.

The following table presents fair value measurements of cash and cash equivalents, investments and derivatives as of December 31, 2015:

| | Fair Value Measurements Using | | | |
|---|-------------------------------|------------|----------|--------------|

Net unrealized gains 2,304

Balance as of June 30, 2016 \$ 4,906

F-203

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

As of June 30, 2016, the net unrealized appreciation on the derivatives that use Level 3 inputs was \$4,906.

For the three and six months ended June 30, 2016, the total amount of gains (losses) for the period included in earnings attributable to the change in unrealized gains (losses) relating to the Company's Level 3 assets still held as of June 30, 2016, and reported within the net unrealized gains (losses) from investments, foreign currency and other transactions in the Company's consolidated statement of operations was \$45,027 and \$44,694, respectively.

The following table presents changes in investments that use Level 3 inputs as of and for the three and six months ended June 30, 2015:

| | As of and For the Three Months Ended June 30, 2015 | |
|---|---|-----------|
| Balance as of March 31, 2015 | \$ | 8,468,594 |
| Net realized gains | | 24,531 |
| Net unrealized losses | | 14,323 |
| Purchases | | 815,048 |
| Sales | | (351,483) |
| Redemptions | | (415,153) |
| Payment-in-kind interest and dividends | | 4,104 |
| Net accretion of discount on securities | | 996 |
| Net transfers in and/or out of Level 3 | | (1,101) |
| | | |
| Balance as of June 30, 2015 | \$ | 8,559,859 |

| | As of and For the Six Months Ended June 30, 2015 | |
|---|---|-------------|
| Balance as of December 31, 2014 | \$ | 9,016,437 |
| Net realized gains | | 51,758 |
| Net unrealized losses | | (34,694) |
| Purchases | | 1,388,870 |
| Sales | | (812,559) |
| Redemptions | | (1,063,176) |
| Payment-in-kind interest and dividends | | 12,230 |
| Net accretion of discount on securities | | 2,094 |
| Net transfers in and/or out of Level 3 | | (1,101) |
| | | |
| Balance as of June 30, 2015 | \$ | 8,559,859 |

As of June 30, 2015, the net unrealized appreciation on the investments that use Level 3 inputs was \$111,229. For the three and six months ended June 30, 2015, the net transfers out of Level 3 were due to privately held equity investments converting to publicly traded stock.

For the three and six months ended June 30, 2015, the total amount of gains (losses) for the period included in earnings attributable to the change in unrealized gains (losses) relating to the Company's Level 3 assets still held as of June 30, 2015, and reported within the net unrealized gains (losses) from investments, foreign currency and other transactions in the Company's consolidated statement of operations was \$19,035 and \$(8,330), respectively.

Following are the carrying and fair values of the Company's debt obligations as of June 30, 2016 and December 31, 2015. Fair value is estimated by discounting remaining payments using applicable

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

current market rates, which take into account changes in the Company's marketplace credit ratings, or market quotes, if available.

| | June 30, 2016 | | As of December 31, 2015 | |
|---|-------------------|--------------|----------------------------|--------------|
| | Carrying value(1) | Fair value | Carrying value(1) | Fair value |
| Revolving Credit Facility | \$ 1,165,000 | \$ 1,165,000 | \$ 515,000 | \$ 515,000 |

| 2047 Notes (principal amount outstanding of \$229,557) | 181,750(7) | 231,183 | 181,604(7) | 230,228 |
| | \$ 3,785,354(8) | \$ 3,946,899 | \$ 4,113,934(8) | \$ 4,233,030 |

-
- (1) The Revolving Credit Facility, the Revolving Funding Facility and the SMBC Funding Facility carrying values are the same as the principal amounts outstanding.
- (2) See Note 5 for more information on the repayments of the February 2016 Convertible Notes and the June 2016 Convertible Notes.
- (3) Represents the aggregate principal amount outstanding of the Convertible Unsecured Notes less unamortized debt issuance costs and the unaccreted discount recorded upon the issuances of such notes.
- (4) Represents the aggregate principal amount outstanding of the 2018 Notes less unamortized debt issuance costs plus the net unamortized premium that was recorded upon the issuances of the 2018 Notes.
- (5) Represents the aggregate principal amount outstanding of the 2020 Notes less unamortized debt issuance costs and the net unaccreted discount recognized on the issuances of the 2020 Notes.
- (6) Represents the aggregate principal amount outstanding of the October 2022 Notes less unamortized debt issuance costs.
- (7) Represents the aggregate principal amount outstanding of the 2047 Notes less the unaccreted purchased discount.
- (8) Total principal amount of debt outstanding totaled \$3,859,557 and \$4,196,557 as of June 30, 2016 and December 31, 2015, respectively.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The following table presents fair value measurements of the Company's debt obligations as of June 30, 2016 and December 31, 2015:

| Fair Value Measurements Using | As of | |
|-------------------------------|------------------|----------------------|
| | June 30, 2016 | December 31, 2015 |
| Level 1 | \$ 417,353 | \$ 412,237 |
| Level 2 | 3,529,546 | 3,820,793 |
| Total | \$ 3,946,899 | \$ 4,233,030 |

9. STOCKHOLDERS' EQUITY

There were no sales of the Company's equity securities for the six months ended June 30, 2016 and 2015. See Note 11 for information regarding shares of common stock issued or purchased in accordance with the Company's dividend reinvestment plan.

Stock Repurchase Program

In September 2015, the Company's board of directors approved a stock repurchase program authorizing the Company to repurchase up to \$100 million in the aggregate of its outstanding common stock in the open market at certain thresholds below its net asset value per share, in accordance with the guidelines specified in Rule 10b-18 of the Securities Exchange Act of 1934, as amended. The timing, manner, price and amount of any share repurchases will be determined by the Company, in its discretion, based upon the evaluation of economic and market conditions, stock price, applicable legal and regulatory requirements and other factors. The program will be in effect until February 28, 2017, unless extended or until the approved dollar amount has been used to repurchase shares. The program does not require the Company to repurchase any specific number of shares and it cannot assure stockholders that any shares will be repurchased under the program. The program may be suspended, extended, modified or discontinued at any time. As of June 30, 2016, the Company had repurchased a total of 515 shares of its common stock in the open market under the stock repurchase program since its inception in September 2015, at an average price of \$13.92 per share, including commissions paid, leaving approximately \$92.8 million available for additional repurchases under the program.

In May 2016, the Company suspended its stock repurchase program pending the completion of the American Capital Acquisition (see Note 14 for more information). During the six months ended June 30, 2016, the Company repurchased a total of 393 shares of the Company's common stock in the open market for \$5,477 under the stock repurchase program. The shares were repurchased at an average price of \$13.94 per share, including commissions paid.

10. EARNINGS PER SHARE

The following information sets forth the computations of basic and diluted net increase in stockholders' equity resulting from operations per share for the three and six months ended June 30, 2016 and 2015:

| | For the Three Months Ended June 30, | | For the Six Months Ended June 30, | |
|---|--|------------|--------------------------------------|------------|
| | 2016 | 2015 | 2016 | 2015 |
| Net increase in stockholders' equity resulting from operations available to common stockholders | \$ 157,400 | \$ 146,522 | \$ 288,941 | \$ 247,098 |
| Weighted average shares of common stock outstanding basic and diluted | 313,954 | 314,469 | 314,124 | 314,289 |
| Basic and diluted net increase in stockholders' equity resulting from operations per share | \$ 0.50 | \$ 0.47 | \$ 0.92 | \$ 0.79 |

For the purpose of calculating diluted net increase in stockholders' equity resulting from operations per share, the average closing price of the Company's common stock for the three and six months ended June 30, 2016 was less than the conversion price for each of the Convertible Unsecured Notes outstanding as of June 30, 2016 and 2015. For the three and six months ended June 30, 2015, the average closing price of the Company's common stock was less than the conversion price for each the Convertible Unsecured Notes outstanding as well as the February 2016 Convertible Notes and the June 2016 Convertible Notes. Therefore, for all periods presented in the financial statements, the underlying shares for the intrinsic value of the embedded options in the Convertible Unsecured Notes, the February 2016 Convertible Notes and the June 2016 Convertible Notes have no impact on the computation of diluted net increase in stockholders' equity resulting from operations per share.

11. DIVIDENDS AND DISTRIBUTIONS

The following table summarizes the Company's dividends declared and payable during the six months ended June 30, 2016 and 2015:

| Date declared | Record date | Payment date | Per share amount | Total amount |
|---|----------------|----------------|------------------|--------------|
| May 4, 2016 | June 15, 2016 | June 30, 2016 | \$ 0.38 | \$ 119,303 |
| February 26, 2016 | March 15, 2016 | March 31, 2016 | 0.38 | 119,452 |
| Total declared and payable for the six months ended June 30, 2016 | | | \$ 0.76 | \$ 238,755 |
| May 4, 2015 | June 15, 2015 | June 30, 2015 | \$ 0.38 | \$ 119,498 |
| February 26, 2015 | March 13, 2015 | March 31, 2015 | 0.38 | 119,361 |
| February 26, 2015 | March 13, 2015 | March 31, 2015 | 0.05(1) | 15,705 |
| Total declared and payable for the six months ended June 30, 2015 | | | \$ 0.81 | \$ 254,564 |

(1) Represents an additional dividend.

The Company has a dividend reinvestment plan, whereby the Company may buy shares of its common stock in the open market or issue new shares in order to satisfy dividend reinvestment requests. When the Company issues new shares in connection with the dividend reinvestment plan, the

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

issue price is equal to the closing price of its common stock on the dividend payment date. Dividend reinvestment plan activity for the six months ended June 30, 2016 and 2015, was as follows:

| | For the Six Months Ended June 30, | |
|---|---|----------|
| | 2016 | 2015 |
| Shares issued | | 361 |
| Average issue price per share | \$ | \$ 17.17 |
| Shares purchased by plan agent to satisfy dividends declared and payable during the period for stockholders | 765 | 302 |
| Average purchase price per share | \$ 14.55 | \$ 16.51 |

12. RELATED PARTY TRANSACTIONS

In accordance with the investment advisory and management agreement, the Company bears all costs and expenses of the operation of the Company and reimburses its investment adviser or its affiliates for certain of such costs and expenses incurred in the operation of the Company. For the three and six months ended June 30, 2016, the Company's investment adviser or its affiliates incurred such expenses totaling \$1,096 and \$2,707, respectively. For the three and six months ended June 30, 2015, the Company's investment adviser or its affiliates incurred such expenses totaling \$1,267 and \$2,834, respectively.

The Company is party to office leases pursuant to which it is leasing office facilities from third parties. For certain of these office leases, the Company has also entered into separate subleases with Ares Management LLC, the sole member of Ares Capital Management, and IHAM, pursuant to which Ares Management LLC and IHAM sublease a portion of these leases. For the three and six months ended June 30, 2016, amounts payable to the Company under these subleases totaled \$1,638 and \$3,303, respectively. For the three and six months ended June 30, 2015, amounts payable to the Company under these subleases totaled \$1,053 and \$2,210, respectively.

Ares Management LLC has also entered into separate subleases with the Company, pursuant to which the Company subleases certain office spaces from Ares Management LLC. For the three and six months ended June 30, 2016, amounts payable to Ares Management LLC under these subleases totaled \$160 and \$325, respectively. For the three and six months ended June 30, 2015, amounts payable to Ares Management LLC under these subleases totaled \$187 and \$374, respectively.

The Company has also entered into agreements with Ares Management LLC and IHAM, pursuant to which Ares Management LLC and IHAM are entitled to use the Company's proprietary portfolio management software. For the three and six months ended June 30, 2016, amounts payable to the Company under these agreements totaled \$25 and \$50, respectively. For the three and six months ended June 30, 2015, amounts payable to the Company under these agreements totaled \$25 and \$50, respectively.

See Notes 3, 4, 6 and 14 for descriptions of other related party transactions.

13. FINANCIAL HIGHLIGHTS

The following is a schedule of financial highlights as of and for the six months ended June 30, 2016 and 2015

| | As of and For the Six Months Ended June 30, | |
|--|--|--------------|
| | 2016 | 2015 |
| Per Share Data: | | |
| Net asset value, beginning of period(1) | \$ 16.46 | \$ 16.82 |
| Net investment income for period(2) | 0.69 | 0.73 |
| Net realized and unrealized gains for period(2) | 0.23 | 0.06 |
| Net increase in stockholders' equity | 0.92 | 0.79 |
| Total distributions to stockholders(3) | (0.76) | (0.81) |
| Net asset value at end of period(1) | \$ 16.62 | \$ 16.80 |
| Per share market value at end of period | \$ 14.20 | \$ 16.46 |
| Total return based on market value(4) | 4.98% | 10.63% |
| Total return based on net asset value(5) | 5.54% | 4.73% |
| Shares outstanding at end of period | 313,954 | 314,469 |
| Ratio/Supplemental Data: | | |
| Net assets at end of period | \$ 5,218,041 | \$ 5,282,441 |
| Ratio of operating expenses to average net assets(6)(7) | 10.28% | 10.13% |
| Ratio of net investment income to average net assets(6)(8) | 8.42% | 8.74% |
| Portfolio turnover rate(6) | 23% | 32% |

(1) The net assets used equals the total stockholders' equity on the consolidated balance sheet.

(2) Weighted average basic per share data.

(3) Includes an additional dividend of \$0.05 per share for the three months ended March 31, 2015.

(4) For the six months ended June 30, 2016, the total return based on market value equaled the decrease of the ending market value at June 30, 2016 of \$14.20 per share from the ending market value at December 31, 2015 of \$14.25 per share plus the declared and payable dividends of \$0.76 per share for the six months ended June 30, 2016, divided by the market value at December 31, 2015. For the six months ended June 30, 2015, the total return based on market value equaled the increase of the ending market value at June 30, 2015 of \$16.46 per share from the ending market value at December 31, 2014 of \$15.61 per share plus the declared and payable dividends of \$0.81 per share for the six months ended June 30, 2015, divided by the market value at December 31, 2014. The Company's shares fluctuate in value. The Company's performance changes over time and currently may be different than that shown. Past performance is no guarantee of future results.

(5) For the six months ended June 30, 2016, the total return based on net asset value equaled the change in net asset value during the period plus the declared and payable dividends of \$0.76 per share for the six months ended June 30, 2016, divided by the beginning net asset value for the period. For the six months ended June 30, 2015, the total return based on net asset value equaled the change in net asset value during the period plus the declared and payable dividends of \$0.81 per share for the six months ended June 30, 2015, divided by the beginning net asset value for the period. These calculations are adjusted for shares issued in connection with the dividend reinvestment plan, the issuance of common stock in connection with any equity offerings and the equity components of any convertible notes issued during the period. The Company's performance changes over time and currently may be different than that shown. Past performance is no guarantee of future results.

- (6) The ratios reflect an annualized amount.
- (7) For the six months ended June 30, 2016, the ratio of operating expenses to average net assets consisted of 2.67% of base management fees, 2.79% of income based fees and capital gains incentive fees, 3.69% of the cost of borrowing and 1.13% of other operating expenses. For the six months ended June 30, 2015, the ratio of operating expenses to average net assets consisted of 2.55% of base management fees, 2.35% of income based fees and capital gains incentive fees, 4.37% of the cost of borrowing and 0.86% of other operating expenses.
- (8) The ratio of net investment income to average net assets excludes income taxes related to realized gains and losses.

14. AMERICAN CAPITAL ACQUISITION

On May 23, 2016, the Company entered into a definitive agreement (the "Merger Agreement") to acquire American Capital, Ltd. ("American Capital"), a Delaware corporation, in a cash and stock transaction (the "American Capital Acquisition"). As of May 20, 2016, the last full trading day prior to the announcement of the American Capital Acquisition, the transaction had an implied value of approximately \$4.0 billion, or \$17.40 per fully diluted share of American Capital common stock. As of June 30, 2016, the transaction had an implied value of approximately \$3.9 billion, or \$16.92 per fully diluted share of American Capital common stock.

Upon the completion of the American Capital Acquisition, each share of American Capital common stock issued and outstanding immediately prior to the effective time of the American Capital Acquisition will be converted into the right to receive from the Company, in accordance with the Merger Agreement, (i) \$6.41 per share in cash consideration, (ii) stock consideration at the fixed exchange ratio of 0.483 shares, par value \$0.001 per share, of the Company's common stock (subject to certain limited exceptions) (the "Exchange Ratio") and (iii) (A) if the closing occurs after the record date with respect to the Company's dividend payable with respect to the fourth quarter of 2016, 37.5% of the Exchange Ratio times the Company's dividend for such quarter, plus (B) if the closing occurs after the record date with respect to the Company's dividend payable with respect to the first quarter of 2017, 75% of the Exchange Ratio times the Company's dividend for such quarter, plus (C) if the closing occurs after the record date with respect to the Company's dividend for any subsequent quarter, 100% of the Exchange Ratio times the Company's dividend for such quarter. The Exchange Ratio was fixed on the date of the Merger Agreement, and is not subject to adjustment based on changes in the trading price of the Company's or American Capital's common stock before the closing of the American Capital Acquisition. Based on the number of shares of American Capital common stock outstanding on the date of the Merger Agreement, the above would result in approximately 110.8 million of the Company's shares being exchanged for approximately 229.3 million outstanding shares of American Capital common stock, subject to adjustment in certain limited circumstances.

Additionally, in accordance with the Merger Agreement, each share of American Capital common stock issued and outstanding immediately prior to the effective time of the American Capital Acquisition will have the right to receive (i) \$1.20 per share in cash from Ares Capital Management, acting solely on its own behalf (see Transaction Support Agreement discussed below) and (ii) \$2.45 per share in cash, which amount represents the per share cash consideration paid to American Capital pursuant to the sale by American Capital of American Capital Mortgage Management, LLC, a wholly owned subsidiary of American Capital Asset Management, LLC ("ACAM"), a wholly owned portfolio company of American Capital, to American Capital Agency Corp.

In connection with the American Capital Acquisition, ACAM will merge with and into IHAM, with IHAM as the surviving entity.

The completion of the American Capital Acquisition is subject to certain conditions, including, among others, American Capital stockholder approval, Ares Capital stockholder approval, required regulatory approvals (including expiration of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended), receipt of certain third party consents, including third party consents from certain investment funds managed by ACAM and its subsidiaries representing at least 75% of the aggregate assets under management of all such funds as of March 31, 2016 and other customary closing conditions. While there can be no assurances as to the exact timing, or that the American Capital Acquisition will be completed at all, the Company expects to complete the American Capital Acquisition as early as the fourth quarter of 2016.

Additionally, on May 23, 2016, the Company entered into an agreement with Ares Capital Management, its investment adviser (the "Transaction Support Agreement") in connection with the American Capital Acquisition. Under the terms of the Transaction Support Agreement, the Company's investment adviser will (i) provide \$275 million of cash consideration, or \$1.20 per share of American Capital common stock, payable to American Capital stockholders in accordance with the terms and conditions set forth in the Merger Agreement at closing and (ii) waive, for each of the first ten calendar quarters beginning with the first full calendar quarter after the closing of the American Capital Acquisition, the lesser of (x) \$10 million of income based fees and (y) the amount of income based fees for such quarter, in each case, to the extent earned and payable by the Company in such quarter pursuant to and as calculated under the Company's investment advisory and management agreement. The financial support contemplated by the Transaction Support Agreement is conditioned upon completion of the American Capital Acquisition, which is subject to the closing conditions described above.

The American Capital Acquisition is expected to be accounted for as an asset acquisition in accordance with the asset acquisition method of accounting as detailed in ASC 805-50, *Business Combinations Related Issues*. The fair value of the merger consideration paid by the Company is allocated to the assets acquired and liabilities assumed based on their relative fair values as of the date of acquisition and will not give rise to goodwill. If the fair value of the net assets acquired exceeds the fair value of the merger consideration paid by the Company, then the Company would recognize a deemed contribution from Ares Capital Management in an amount up to the cash consideration to be paid by Ares Capital Management described above. If the fair value of the net assets acquired exceeds the fair value of the aggregate merger consideration paid by the Company and by Ares Capital Management, then the Company would recognize a purchase accounting gain. Alternatively, if the fair value of the net assets acquired is less than the fair value of the merger consideration paid by the Company, then Ares Capital would recognize a purchase accounting loss.

Also in connection with the American Capital Acquisition, Ares Capital CP received commitments from certain lenders to provide \$460.0 million in new commitments under the Revolving Funding Facility, which would bring the total commitments of the Revolving Funding Facility to \$1.0 billion. The new commitments are conditioned upon completion of the American Capital Acquisition, which is subject to certain closing conditions described above, and also are subject to final documentation of the amendment to the Revolving Funding Facility.

In May 2016, in connection with the American Capital Acquisition, the Company suspended its stock repurchase program pending the completion of the American Capital Acquisition.

15. LITIGATION

On or about June 24, 2016, Larry Sutton filed a putative shareholder class action allegedly on behalf of holders of the common stock of American Capital against the members of American Capital's board of directors in the Circuit Court for Montgomery County, Maryland in connection with the American Capital Acquisition. The action alleges that the American Capital's directors failed to

adequately discharge their fiduciary duties to the public shareholders of American Capital by failing to take steps necessary to obtain for the shareholders the highest value available in the marketplace for their shares in the proposed American Capital Acquisition. The complaint further alleges that the directors exacerbated this failure by including deal protection devices in the proposed merger with the Company that precluded other bidders from making a higher offer to American Capital. A purported claim is asserted against the Company for aiding and abetting American Capital's directors' alleged breaches of their fiduciary duties. The complaint seeks to enjoin the shareholder vote on the proposed American Capital Acquisition until American Capital adopts a process to obtain a transaction providing the best available terms for the shareholders. In the event that the proposed American Capital Acquisition is completed, the complaint seeks to recover compensatory damages for all losses resulting from the alleged breaches of fiduciary duty. See Note 16 for information on three additional lawsuits filed after June 30, 2016 with respect to the American Capital Acquisition. The Company believes that this claim is without merit and intends to vigorously defend against it. See Note 14 for information regarding the American Capital Acquisition.

On May 20, 2013, the Company was named as one of several defendants in an action (the "Action") filed in the United States District Court for the Eastern District of Pennsylvania (the "Pennsylvania Court") by the bankruptcy trustee of DSI Renal Holdings LLC and two related companies. On March 17, 2014, the Action was transferred to the United States District Court for the District of Delaware (the "Delaware Court") pursuant to a motion filed by the defendants and granted by the Pennsylvania Court. On May 6, 2014, the Delaware Court referred the Action to the United States Bankruptcy Court for the District of Delaware. The complaint in the Action alleges, among other things, that each of the named defendants participated in a purported "fraudulent transfer" involving the restructuring of a subsidiary of DSI Renal Holdings LLC. Among other things, the complaint seeks, jointly and severally from all defendants, (1) damages of approximately \$425 million, of which the complaint states the Company's individual share is approximately \$117 million, and (2) punitive damages. The Company is currently unable to assess with any certainty whether it may have any exposure in the Action. The Company believes the plaintiff's claims are without merit and intends to vigorously defend itself in the Action.

Additionally, the Company is party to certain lawsuits in the normal course of business. In addition, Allied Capital was involved in various legal proceedings that the Company assumed in connection with the Allied Acquisition. Furthermore, third parties may try to seek to impose liability on the Company in connection with the activities of its portfolio companies. While the outcome of any such legal proceedings cannot at this time be predicted with certainty, the Company does not expect that these legal proceedings will materially affect its business, financial condition or results of operations.

16. SUBSEQUENT EVENTS

The Company's management has evaluated subsequent events through the date of issuance of the consolidated financial statements included herein. There have been no subsequent events that occurred during such period that would require disclosure in this Form 10-Q or would be required to be recognized in the consolidated financial statements as of and for the six months ended June 30, 2016, except as disclosed below.

In July 2016, the Company and Varagon and its clients completed the initial funding of the SDLP. As part of the initial funding, pursuant to the forward sale agreement described in Note 6 above, the Company sold \$529 million of investment commitments to the SDLP, including \$55 million of unfunded commitments, and recorded no realized gains or losses. Varagon and its clients sold \$503 million of investment commitments to the SDLP, including \$51 million of unfunded commitments. Immediately following these sales to the SDLP, the funded SDLP portfolio totaled \$926 million and was comprised of 10 first lien senior secured loans to U.S. middle-market companies and the unfunded commitments

to fund delayed draw loans to certain of its portfolio companies totaled \$106 million. To support the acquisition of the initial funded portfolio by the SDLP, clients of Varagon provided \$704 million of capital to the SDLP in the form of notes and \$28 million in the form of SDLP Certificates, while the Company provided \$194 million of capital in the form of SDLP Certificates. The Company and a client of Varagon own 87.5% and 12.5%, respectively, of the outstanding SDLP Certificates. The Company estimates that the initial yield on its investment in the SDLP Certificates will be at least 13.5%. Following this initial funding, the SDLP will make first lien senior secured loans directly to U.S. middle-market companies.

On or about July 12, 2016, Renee J. Bercury, Renee J. Bercury IRA, William T. Bercury, William T. Bercury IRA, Atha P. Bercury, John G. Bercury, and Bercury Homes, Ltd. filed a putative shareholder class action allegedly on behalf of holders of the common stock of American Capital against the members of American Capital's board of directors in the Circuit Court for Montgomery County, Maryland. The action alleges that American Capital's directors failed to adequately discharge their fiduciary duties to the public shareholders of American Capital by failing to take steps necessary to obtain for the shareholders the highest value available in the marketplace for their shares in the proposed American Capital Acquisition. The complaint further alleges that the proposed American Capital Acquisition was the product of a flawed sales process due to the directors' conflicts of interest and use of deal protection devices in the proposed American Capital Acquisition that precluded other bidders from making a higher offer to American Capital. A purported claim is asserted against the Company for aiding and abetting American Capital's directors' alleged breaches of their fiduciary duties. The complaint seeks to enjoin the shareholder vote on the proposed American Capital Acquisition until American Capital adopts a process to obtain a transaction providing the best available terms for the shareholders. In the event that the proposed American Capital Acquisition is completed, the complaint seeks to recover compensatory damages for all losses resulting from the alleged breaches of fiduciary duty. The Company believes that this claim is without merit and intends to vigorously defend against it.

On or about July 21, 2016, Garry Tischler filed a putative shareholder class action allegedly on behalf of all shareholders of American Capital against the members of American Capital's board of directors in the Circuit Court for Montgomery County, Maryland. The action alleges that the American Capital directors failed to adequately discharge their fiduciary duties to the shareholders of American Capital by failing to take steps necessary to obtain for the shareholders the highest value available in the marketplace for their shares in the proposed American Capital Acquisition. The complaint further alleges that American Capital's directors exacerbated this failure by including deal protection devices in the proposed American Capital Acquisition that precluded other bidders from making a higher offer to American Capital and by relying upon guidance from a conflicted financial advisor that owned common stock in the Company and stood to directly benefit from the proposed American Capital Acquisition. A purported claim is asserted against the Company for aiding and abetting the American Capital directors' alleged breaches of their fiduciary duties. The complaint seeks to enjoin the proposed American Capital Acquisition, including the shareholder vote on the proposed American Capital Acquisition. In the alternative, the complaint seeks to amend or enjoin the deal protection devices as necessary to ensure a fair sales process. In the event that the American Capital Acquisition is completed, the complaint seeks to recover compensatory damages for all losses resulting from the alleged breaches of fiduciary duty. The Company believes that this claim is without merit and intends to vigorously defend against it.

On or about July 27, 2016, Paul Barba filed a putative shareholder class action allegedly on behalf of holders of the common stock of American Capital against the members of American Capital's board of directors in the Circuit Court for Montgomery County, Maryland. The action alleges that the directors failed to adequately discharge their fiduciary duties to the public shareholders of American Capital by engaging in a flawed sales process that commenced due to the board's manipulation by a

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

major shareholder, Elliott Management Corp ("Elliott"). The complaint also alleges that the directors then failed to obtain for the shareholders the highest value available in the marketplace for their shares in the proposed American Capital Acquisition. The complaint alleges that the proposed American Capital Acquisition was the product of a flawed sales process due to Elliott's continued manipulation of the directors, the use of deal protection devices in the proposed American Capital Acquisition that precluded other bidders from making a higher offer to American Capital, and the directors' reliance on conflicted financial advisors with ties to the Company or Elliott. A purported claim is asserted against the Company for aiding and abetting American Capital's directors' alleged breaches of their fiduciary duties. The complaint seeks to enjoin the proposed American Capital Acquisition. In the event that the proposed American Capital Acquisition is completed, the complaint seeks to recover compensatory damages for all losses resulting from the alleged breaches of fiduciary duty. The Company believes that these claims are without merit and intends to vigorously defend against them.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders of American Capital, Ltd.

We have audited American Capital, Ltd.'s internal control over financial reporting as of December 31, 2015 based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 Framework) (the COSO criteria). American Capital, Ltd.'s management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, American Capital, Ltd. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2015, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of American Capital, Ltd., including the consolidated schedules of investments, as of December 31, 2015 and 2014, and the related consolidated statements of operations, comprehensive income, changes in net assets, and cash flows for each of the three years in the period ended December 31, 2015, and the consolidated financial highlights for each of the five years in the period ended December 31, 2015 and our report dated February 16, 2016 expressed an unqualified opinion thereon.

McLean, Virginia
February 16, 2016

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders of American Capital, Ltd.

We have audited the accompanying consolidated balance sheets of American Capital, Ltd., including the consolidated schedules of investments, as of December 31, 2015 and 2014, and the related consolidated statements of operations, comprehensive income, changes in net assets, and cash flows for each of the three years in the period ended December 31, 2015, and the consolidated financial highlights for each of the five years in the period ended December 31, 2015. Our audit also included the financial statement schedule listed in the Index at Item 15(a)(2). These financial statements, financial highlights, and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements, financial highlights, and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included verification by examination of securities held by custodians and brokers as of December 31, 2015, and confirmation of securities not held by the custodian by correspondence with brokers, or by other appropriate auditing procedures when replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the consolidated financial position of American Capital, Ltd. at December 31, 2015 and 2014, and the consolidated results of its operations, comprehensive income, changes in its net assets and its cash flows for each of the three years in the period ended December 31, 2015, and its consolidated financial highlights for each of the five years in the period ended December 31, 2015, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), American Capital, Ltd.'s internal control over financial reporting as of December 31, 2015, based on criteria established in Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 Framework) and our report dated February 16, 2016 expressed an unqualified opinion thereon.

(1) Certain of the securities are issued by affiliate(s) of the listed portfolio company.

(2) Interest rates represent the weighted average annual stated interest rate on loans and debt securities in effect on the date presented, which are presented by the nature of indebtedness by a single issuer. Some loans and debt securities bear interest at variable rates, primarily the three-month London Interbank Offered Rate ("LIBOR"), with interest rate floors. Payment-in-kind interest ("PIK") represents contractually deferred interest that is typically compounded into the principal balance of the loan or debt security, if not paid on a current basis. PIK interest may be prepaid by the portfolio company's election, but generally is paid upon a change of control transaction or maturity. The maturity date represents the latest date in which the loan or debt security is scheduled to terminate.

(3) Included in cash and cash equivalents and restricted cash and cash equivalents on our consolidated balance sheets.

(4) Some or all of the securities are non-income producing.

(5) Loan is on non-accrual status and therefore considered non-income producing.

(6) All or a portion of the investments or instruments are pledged as collateral under various secured financing arrangements.

(7) Investments that are not "qualifying assets" under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of December 31, 2015, non-qualifying assets were approximately \$1.2 billion, or 25% of net assets.

-
- (1) Certain of the securities are issued by affiliate(s) of the listed portfolio company.
- (2) Interest rates represent the weighted average annual stated interest rate on loans and debt securities in effect on the date presented, which are presented by the nature of indebtedness by a single issuer. Some loans and debt securities bear interest at variable rates, primarily three-month LIBOR, with interest rate floors. PIK represents contractually deferred interest that is typically compounded into the principal balance of the loan or debt security, if not paid on a current basis. PIK interest may be prepaid by the portfolio company's election, but generally is paid upon a change of control transaction or maturity. The maturity date represents the latest date in which the loan or debt security is scheduled to terminate.
- (3) Included in cash and cash equivalents on our consolidated balance sheets.
- (4) Some or all of the securities are non-income producing.
- (5) Loan is on non-accrual status and therefore considered non-income producing.
- (6) All or a portion of the investments or instruments are pledged as collateral under various secured financing arrangements.
- (7) Investments that are not "qualifying assets" under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of December 31, 2014, non-qualifying assets were approximately \$1.7 billion, or 31% of net assets.
- (8) For further discussion on the WRH, Inc. Equity Option, see Note 14 to our audited consolidated financial statements included in this Annual Report on Form 10-K.

AMERICAN CAPITAL, LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(in millions, except per share data)

Note 1. Organization

American Capital, Ltd., (which is referred to throughout this report as "American Capital", "we", "our" and "us") was incorporated in 1986. On August 29, 1997, we completed an initial public offering and became a non-diversified closed end investment company that has elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940, as amended ("1940 Act"). As a BDC, we primarily invest in senior and mezzanine debt and equity in buyouts of private companies sponsored by us ("American Capital One Stop Buyouts®") or sponsored by other private equity funds and provide capital directly to early stage and mature private and small public companies ("Sponsor Finance and Other Investments"). We also invest in first and second lien floating rate loans to large-market U.S. based companies ("Senior Floating Rate Loans") and structured finance investments ("Structured Products"), including collateralized loan obligation ("CLO") securities and commercial mortgages and commercial mortgage backed securities ("CMBS"). Our primary business objectives are to increase our net earnings and net asset value ("NAV") by making investments with attractive current yields and/or potential for equity appreciation and realized gains.

Through our tax years ended September 30, 1998 through September 30, 2010, we qualified to be taxed as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). Effective with our tax year ended September 30, 2011, we did not qualify to be taxed as a RIC and became subject to taxation as a corporation under Subchapter C of the Code (a "Subchapter C corporation"). This change in tax status does not affect our status as a BDC under the 1940 Act or our compliance with the portfolio composition requirements of that statute.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Reclassifications

We have reclassified certain prior period amounts in our consolidated financial statements to conform to our current period presentation. These reclassifications had no impact on prior periods' net earnings or shareholders' equity.

Consolidation

Under the investment company rules and regulations pursuant to Article 6 of Regulation S-X, the Securities and Exchange Commission's ("SEC") Division of Investment Management's consolidation guidance in IM Guidance Update No. 2014-11 issued in October 2014 and Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946, *Financial Services Investment Companies* ("ASC 946"), we are precluded from consolidating any entity other than another investment company that acts as an extension of our investment operations and facilitates the execution of our investment strategy. An exception to this guidance occurs if we have an investment in a controlled operating company that provides substantially all of its services to us.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

We have determined that as of December 31, 2015 or for the periods presented in our audited consolidated financial statements included in this Annual Report on Form 10-K, European Capital Limited ("European Capital") and American Capital Asset Management, LLC ("ACAM"), have met the conditions of a significant subsidiary under Rule 1-02(w) of Regulation S-X for which we are required, pursuant to Rule 3-09 of Regulation S-X, to attach separate financial statements as exhibits to our Form 10-K. As such, separate financial statements for European Capital and ACAM are filed herewith as Exhibits 99.1 and 99.2, respectively.

We currently consolidate ACAS Funding I, LLC and ACAS Funding II, LLC, which are wholly-owned special purpose financing vehicles that were formed for the purpose of purchasing Senior Floating Rate Loans under a \$1.25 billion secured revolving credit facility and \$500 million secured revolving credit facility, respectively. As of December 31, 2015, ACAS Funding I, LLC and ACAS Funding II, LLC did not have any other operations or activities. We also consolidate American Capital TRS, LLC ("ACTRS"), which is a wholly-owned entity that has entered into non-recourse total return swaps ("TRS") with Citibank, N.A. As of December 31, 2015, ACTRS did not have any other operations or activities. The TRS is accounted for as a derivative pursuant to FASB ASC Topic 815, *Derivatives and Hedging*.

Our consolidated financial statements also include the accounts of European Capital, which is a wholly-owned investment company that, effective October 1, 2014, acts as an extension of our investment operations and facilitates the execution of our investment strategy. In addition, our consolidated financial statements include the accounts of AC Corporate Holdings, Inc. ("ACCH") and ACE Acquisition Holdings, LLC ("ACE Acquisition"), which are wholly-owned entities that have purchased numerous investment securities on behalf of American Capital. As of December 31, 2015, European Capital, ACCH and ACE Acquisition did not have any other operations or activities and were considered to be investment companies under ASC 946, as amended by Accounting Standards Update ("ASU") No. 2013-08, *Financial Services Investment Companies (Topic 946): Amendments to the Scope, Measurement and Disclosure Requirements*.

Trade Date Accounting

In accordance with ASC 946, we account for security purchases and sales on a trade date basis other than when it is not in accordance with standard industry practice to account for the purchase or sale transaction on a trade date basis and the transaction is outside conventional channels, such as through a private placement or by submitting shares in a tender offer. In such circumstances, we record the transaction on the date we obtain a right to demand the securities purchased or collect the proceeds of sale and incur an obligation to pay the price of the securities purchased or to deliver the securities sold, respectively.

Investment Valuation Policy

Our investments consist of loans and securities issued by public and privately-held companies, including senior debt, mezzanine debt, equity warrants and preferred and common equity securities. We also invest in Structured Products, which includes CLO securities and CMBS.

We fair value our investments in accordance with the 1940 Act and FASB ASC Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820") as determined in good faith by our Board of Directors. We undertake a multi-step valuation process each quarter to determine the fair value of our investments in accordance with ASC 820. The quarterly valuation process begins with the development of a preliminary valuation recommendation for each investment by our Financial Advisory and Consulting Team ("FACT"), which is composed of valuation and audit professionals responsible for monitoring portfolio compliance and valuations. In preparing the preliminary valuation recommendations, FACT receives assistance from our investment professionals that both originated and

monitor the investment as well as assistance from other departments including operations, accounting and legal. The preliminary valuation recommendations are reviewed by senior management and then presented to our Audit, Compliance and Valuation Committee for review and approval. Subsequent to the approval from our Audit, Compliance and Valuation Committee, the valuation recommendations are sent to our Board of Directors for final approval.

When available, we base the fair value of our investments that trade in active markets on directly observable market prices or on market data derived for comparable assets. For restricted securities of companies that are publicly traded, the value is based on the closing market quote on the valuation date less a discount for the restriction. For all other investments, inputs used to measure fair value reflect management's best estimate of assumptions that would be used by market participants in pricing the investment in a hypothetical transaction. For these investments, we estimate the fair value of our senior debt, mezzanine debt, redeemable and convertible preferred equity, common equity and equity warrants using either an enterprise value waterfall methodology, which generally combines market and income approaches, or a market yield valuation methodology, which utilizes the income approach. We estimate the fair value of our Structured Products using the market and income approaches, third-party broker quotes and counterparty marks.

ASC 820 provides a framework for measuring the fair value of assets and liabilities and provides guidance regarding a fair value hierarchy, which prioritizes information used to measure fair value and the effect of fair value measurements on earnings. Due to the uncertainty inherent in the valuation process, estimates of fair value may differ significantly from the values that would have been used had a ready market for our investments existed, and the differences could be material. Additionally, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the valuations currently assigned.

ASC 820 defines fair value in terms of the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The price used to measure the fair value is not adjusted for transaction costs while the cost basis of our investments may include initial transaction costs. Under ASC 820, the fair value measurement also assumes that the transaction to sell an asset occurs in the principal market for the asset or, in the absence of a principal market, the most advantageous market for the asset. The principal market for an asset is the market in which the reporting entity would sell or transfer the asset with the greatest volume and level of activity for the asset. In determining the principal market for an asset under ASC 820, it is assumed that the reporting entity has access to the market as of the measurement date. If no market for the asset exists or if the reporting entity does not have access to the principal market, the reporting entity should use a hypothetical market.

The principal market in which we would sell our Senior Floating Rate Loans and certain of our non-controlled Sponsor Finance debt investments is an active over-the-counter secondary market. For our other debt and equity investments, there is no active market and we are generally repaid our debt investment or sell our equity investment upon a change of control transaction such as through the mergers and acquisition ("M&A") market. Accordingly, the market in which we would sell certain of our non-controlled debt and all of our equity investments is the M&A market. However, under ASC 820, we have identified the M&A market as the principal market for our investments in these portfolio companies only if we have the ability to control the decision to sell the portfolio company as of the measurement date. We determine whether we have the ability to control the decision to sell a portfolio company based on our ability to control or gain control of the board of directors of the portfolio company as of the measurement date and rights within the shareholders agreement. In evaluating if we can control or gain control of a portfolio company as of the measurement date, we include our equity securities and those securities held by entities managed by our wholly-owned portfolio company, ACAM on a fully diluted basis. For investments in portfolio companies for which

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

we do not have the ability to control or gain control as of the measurement date and for which there is no active market, the principal market under ASC 820 is a hypothetical secondary market.

Accordingly, we use the M&A market as the principal market for our investments in portfolio companies that we control or can gain control as of the measurement date, and we use a hypothetical secondary market for our investments in portfolio companies that we do not control or cannot gain control as of the measurement date. However, to the extent that an active market exists for such investments, we will consider that as the principal market. Our valuation policy considers the fact that no ready active market exists for a significant amount of our investments and that the fair value for our investments must typically be determined using unobservable inputs.

Enterprise Value Waterfall Methodology

For investments in portfolio companies that we have identified the M&A market as the principal market, we estimate the fair value based on the enterprise value waterfall ("Enterprise Value Waterfall") valuation methodology. For minority equity securities in which the principal market is the hypothetical secondary market, we also estimate the fair value using the Enterprise Value Waterfall valuation methodology.

Under the Enterprise Value Waterfall valuation methodology, we estimate the enterprise value of a portfolio company and then waterfall the enterprise value over the portfolio company's securities in order of their preference relative to one another. In applying the Enterprise Value Waterfall valuation methodology, we consider that in a change of control transaction, our loans are generally required to be repaid at par and that a buyer cannot assume the loan.

To estimate the enterprise value of the portfolio company, we prepare an analysis of traditional valuation methodologies including valuations of comparable public companies, recent sales of private and public comparable companies, discounting the forecasted cash flows of the portfolio company, estimating the liquidation or collateral value of the portfolio company's assets, third-party valuations of the portfolio company, offers from third-parties to buy the portfolio company and considering the value of recent third-party investments in the equity securities of the portfolio company. Significant inputs in these valuation methodologies to estimate enterprise value include the historical or projected operating results of the portfolio company, selection of comparable companies, discounts or premiums to the prices of comparable companies and discount rates applied to the forecasted cash flows. The operating results of a portfolio company may be unaudited, projected or pro forma financial information and may require adjustments for non-recurring items or to normalize the operating results that may require significant judgment in its determination. In addition, projecting future financial results requires significant judgment regarding future growth assumptions. In evaluating the operating results, we also analyze the impact of exposure to litigation, loss of customers or other contingencies. The selection of a population of comparable companies requires significant judgment, including a qualitative and quantitative analysis of the comparability of the companies. In determining a discount or premium, if any, to prices of comparable companies, we use significant judgment for factors such as size, marketability, relative performance, and for portfolio companies in which we control, a control premium to the market price of comparable public companies. In determining a discount rate to apply to forecasted cash flows, we use significant judgment in the development of an appropriate discount rate including the evaluation of an appropriate risk premium.

In valuing convertible debt, equity or other similar securities, we value our investment based on its priority in the waterfall and based on our pro rata share of the residual equity value available after deducting all outstanding debt from the estimated enterprise value. We value non-convertible debt at the face amount of the debt to the extent that the estimated enterprise value of the portfolio company exceeds the outstanding debt of the portfolio company. If the estimated enterprise value is less than the outstanding debt of the portfolio company, we reduce the fair value of our debt investment beginning

with the junior most debt such that the enterprise value less the fair value of the outstanding debt is zero.

Market Yield Valuation Methodology

For debt and redeemable preferred equity investments in portfolio companies for which we are required to identify a hypothetical secondary market as the principal market, we estimate the fair value based on the assumptions that we believe hypothetical market participants would use to value the investment in a current hypothetical sale using a market yield ("Market Yield") valuation methodology.

For debt and redeemable preferred equity investments of our investment portfolio for which we do not control or cannot gain control as of the measurement date and no active market exists, we estimate the fair value based on such factors as third-party broker quotes and our own assumptions in the absence of market observable data, including estimated remaining life, current market yield and interest rate spreads of similar loans and securities as of the measurement date. We weight the use of third-party broker quotes, if any, in determining fair value based on our understanding of the level of actual transactions used by the broker to develop the quote and whether the quote was an indicative price or binding offer. We estimate the remaining life based on market data of the average life of similar loans. However, if we have information available to us that the loan is expected to be repaid in the near term, we would use an estimated remaining life based on the expected repayment date, including considering the current maturity date of the loan. The average life used to estimate the fair value of our loans may be shorter than the legal maturity of the loans since our loans have historically been prepaid prior to the maturity date. The current interest rate spreads used to estimate the fair value of our loans is based on the current interest rate spreads on similar loans. We use significant judgment in determining the estimated remaining life as well as the current market yield and interest rate spreads. If there is a significant deterioration of the credit quality of a loan, we may consider other factors that a hypothetical market participant would use to estimate fair value, including the proceeds that would be received in a liquidation analysis.

We fair value our investments in Structured Products based on such factors as third-party broker quotes, counterparty marks, purchases or sales of the same or similar securities, and our cash flow forecasts. Cash flow forecasts are subject to assumptions a market participant would use regarding the investments' underlying collateral including, but not limited to, assumptions of default and recovery rates, reinvestment spreads and prepayment rates. Cash flow forecasts are discounted using a market participant's market yield assumptions that are derived from multiple sources including, but not limited to, third-party broker quotes, industry research reports and transactions of securities and indices with similar structure and risk characteristics. We weight the use of third-party broker quotes or counterparty marks, if any, in determining fair value based on the correlation of changes in third-party broker quotes with underlying performance and other market indices.

Third-party Vendor Pricing

For debt investments that trade in an active market or that have similar assets that trade in an active market, we estimate the fair value based on evaluated prices from a nationally recognized, independent pricing service or from third-party brokers who make markets in such debt instruments. When possible, we make inquiries of third-party pricing sources to understand their use of significant inputs and assumptions. We review the price provided by the third-party pricing service and perform procedures to validate their reasonableness, including a review and analysis of executable broker quote(s), range and dispersion of third-party estimates, frequency of pricing updates, yields of similar securities or other qualitative and quantitative information. If the prices provided by the pricing service are consistent with such information, we will generally use the price provided by the pricing service as fair value.

Investments in Investment Funds

For an investment in an investment fund that does not have a readily determinable fair value, we measure the fair value of our investment predominately based on the NAV per share of the investment fund if the NAV of the investment fund is calculated in a manner consistent with the measurement principles of ASC 946 as of the measurement date, including measurement of all or substantially all of the underlying investments of the investee in accordance with ASC 820. However, in determining the fair value of our investment, we may make adjustments to the NAV per share in certain circumstances, based on our analysis of any restrictions on redemption of our shares of our investment as of the measurement date, any restrictions on the ability to receive dividends, comparisons of market price to NAV per share of comparable publicly traded funds and trades or sales of comparable private and publicly traded funds, recent actual sales or redemptions of shares of the investment fund, public to private liquidity discounts, expected future cash flows available to equity holders including the rate of return on those cash flows compared to an implied market return on equity required by market participants, or other uncertainties surrounding our ability to realize the full NAV of the investment fund.

Partnership Interests

For an investment in a partnership, we measure the fair value of our investment based on the NAV per share of the partnership or its equivalent as a practical expedient to measure an alternative investment at fair value consistent with the measurement principles of ASC 820, as amended by ASU 2009-12, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. We make this election on an investment-by-investment basis and apply consistently to our entire position in the investment, unless it is probable at the measurement date that we will sell all or a portion of our investment at an amount other than NAV per share.

Interest Rate Derivatives

For interest rate derivative agreements, we estimate the fair value based on the estimated net present value of the future cash flows using a forward interest rate yield curve in effect as of the end of the measurement period, adjusted for nonperformance risk, if any, including a quantitative and/or qualitative evaluation of both our credit risk and counterparty credit risk. We consider the impact of any collateral requirements, credit enhancements or netting arrangements in evaluating credit risk.

Investment Classification

As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, "Control Investments" are investments in those companies that we are deemed to "Control." "Affiliate Investments" are investments in those companies that are "Affiliated Companies" of us, as defined in the 1940 Act, other than Control Investments. "Non-Control/Non-Affiliate Investments" are those that are neither Control Investments nor Affiliate Investments. Generally, under the 1940 Act, we are deemed to control a company if we own more than 25% of the voting securities of such company or have greater than 50% representation on its board of directors. We are deemed to be an affiliate of a company in which we have invested if we own between 5% and 25% of the voting securities of such company.

Cash and Cash Equivalents

Cash and cash equivalents consist of money market funds, demand deposits and highly liquid investments with original maturities of three months or less. Cash and cash equivalents are carried at cost which approximates fair value.

Concentration of Credit Risk

We place our cash and cash equivalents with major financial institutions and cash held in checking accounts may exceed the Federal Deposit Insurance Corporation insured limit. Our interest rate derivative agreements are with multiple large commercial financial institutions.

Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents primarily consist of funded cash collateral on deposit with a custodian under our TRS. Restricted cash and cash equivalents are carried at cost which approximates fair value.

Interest and Dividend Income Recognition

Interest income is recorded on an accrual basis to the extent that such amounts are expected to be collected. Original issue discount and purchased discount and premiums are accreted into interest income using the effective interest method, where applicable. Loan origination fees are recorded as fee income upon receipt or deferred and accreted into interest income using the effective interest method. We record prepayment premiums on loans and other investments as interest income when such amounts are received. Dividend income is recognized on the ex-dividend date for publicly traded portfolio companies and the record date for private portfolio companies for common equity securities. Dividend income is recognized on an accrual basis for preferred equity securities to the extent that such amounts are expected to be collected or realized. In determining the amount of dividend income to recognize, if any, from cash distributions on common equity securities, we will assess many factors including a portfolio company's cumulative undistributed income and operating cash flow. Cash distributions from common equity securities received in excess of such undistributed amounts are recorded first as a reduction of our investment and then as a realized gain on investment. We stop accruing interest or dividends on our investments when it is determined that the interest or dividend is not collectible. We assess the collectability of the interest and dividends based on many factors including the portfolio company's ability to service our loan based on current and projected cash flows as well as the current valuation of the portfolio company's total enterprise value. For investments with payment-in-kind ("PIK") interest and cumulative dividends, we base income and dividend accruals on the valuation of the PIK notes or securities received from the borrower or the redemption value of the security. If the portfolio company valuation indicates a value of the PIK notes or securities that is not sufficient to cover the contractual interest or dividend, we will not accrue interest or dividend income on the notes or securities and will record an allowance for any accrued interest or dividend receivable as a reduction of interest or dividend income in the period we determine it is not collectible.

We also receive interest and dividend income from our debt and equity investments in our asset management company, ACAM. Interest income from ACAM is recorded on an accrual basis to the extent that such amounts are expected to be collected. Dividend income is recorded on the record date.

A change in the portfolio company valuation assigned by us could have an effect on our recognition of interest income on debt investments and dividend income of preferred stock investments. Also, a change in a portfolio company's operating performance and cash flows can impact a portfolio company's ability to service our debt and therefore could impact our interest income recognition.

Interest income on Structured Products is recognized using the effective interest method as required by FASB ASC Subtopic 325-40, *Investments - Other, Beneficial Interests in Securitized Financial Assets* ("ASC 325-40"). Under ASC 325-40, at the time of purchase, we estimate the future expected cash flows and determine the effective yield of an investment based on these estimated cash flows and the cost basis of the investment. Subsequent to the purchase, these estimated cash flows are updated quarterly and a revised effective yield is calculated prospectively in accordance with ASC 320-10-35, *Investment - Debt and Equity Securities*. In the event that the fair value of an investment decreases

below its current amortized cost basis, we may be required to write down the current amortized cost basis for a credit loss or to fair value depending on our hold expectations for the investment. Current amortized cost basis less the amount of any write down ("Reference Amount") is used to calculate the effective yield used for interest income recognition purposes over the remaining life of the investment. We are precluded from reversing write downs for any subsequent increase in the expected cash flows of an investment with the effect of increasing total interest income over the life of the investment and increasing the realized loss recorded on the sale or redemption of the investment by the amount of the credit loss write down. In estimating these cash flows, there are a number of assumptions that are subject to uncertainties and contingencies. These include the amount and timing of principal payments (including prepayments, repurchases, defaults and liquidations), the pass through or coupon rate, and interest rate fluctuations. In addition, interest payment shortfalls due to delinquencies on the underlying loans and the timing and magnitude of projected credit losses on the loans underlying the securities have to be estimated. These uncertainties and contingencies are difficult to predict and are subject to future events that may impact our estimates and interest income. As a result, actual results may differ significantly from these estimates. During the year ended December 31, 2015, we recorded \$20.5 million in credit loss write downs to current amortized cost basis on six Structured Products investments. As of December 31, 2015, in aggregate, the amortized cost basis of our Structured Products investment portfolio exceeded the Reference Amount by approximately \$109 million.

Fee Income Recognition

Fees primarily include asset management, portfolio company management, transaction, structuring, financing and prepayment fees. Asset management fees primarily represent fees for providing investment advisory and support services to ACAM, our asset management portfolio company. Portfolio company management fees, which are generally recurring in nature, represent amounts received for providing advice and analysis to the companies in our investment portfolio. Asset management and portfolio company management fees are recognized as earned, provided that collection is probable. Transaction structuring and financing fees represent amounts received for structuring, financing and executing transactions and are generally payable only if the transaction closes and are recognized as earned when the transaction is completed. Debt prepayment fees are recognized as they are received.

Realized Gain or Loss and Unrealized Appreciation or Depreciation of Portfolio Investments

Realized gain or loss is recorded at the disposition of an investment and is the difference between the net proceeds from the sale and the cost basis of the investment using the specific identification method. We include the fair value of all financial assets received in our net proceeds in determining the realized gain or loss at disposition, including anticipated sale proceeds held in escrow at the time of sale. For an investment with a fair value of zero, we record a realized loss on the investment in the period in which we record a loss for income tax purposes.

Unrealized appreciation or depreciation reflects the difference between the Board of Directors' valuation of the investment and the cost basis of the investment. For portfolio investments denominated in a functional currency other than the U.S. dollar, the cost basis of our investment is translated at the exchange rate in effect at the balance sheet date. The resulting translation adjustment is recorded as foreign currency translation in our consolidated statements of operations.

Foreign Currency Translation

We translate the financial statements of European Capital from its functional currency, the Euro, to U.S. dollars in accordance with FASB ASC Topic 830, *Foreign Currency Matters* ("ASC 830"). Assets and liabilities are translated at the exchange rate prevailing at the end of the period and revenues and expenses are translated at monthly average exchange rates. Under ASC 830, we are required to include translation adjustments associated with the translation of European Capital's balance sheet in accumulated other comprehensive income.

Income Taxes

Income taxes are accounted for using the asset and liability approach in accordance with FASB ASC Topic 740, *Income Taxes* ("ASC 740"). Deferred tax assets and liabilities reflect the impact of temporary differences between the carrying amount of assets and liabilities and their tax basis and are stated at tax rates expected to be in effect when taxes are actually paid or recovered. Deferred tax assets are also recorded for net operating losses, capital losses and any tax credit carryforwards. A valuation allowance is provided against a deferred tax asset when it is more likely than not that some or all of the deferred tax assets will not be realized. All available evidence, both positive and negative, is considered to determine whether a valuation allowance for deferred tax assets is needed. Items considered in determining our valuation allowance include expectations of future earnings of the appropriate tax character, recent historical financial results, tax planning strategies, the length of statutory carryforward periods and the expected timing of the reversal of temporary differences. Under ASC 740, forming a conclusion that a valuation allowance is not needed is difficult when there is negative evidence, such as cumulative losses in recent years.

We recognize tax benefits of uncertain tax positions only when the position is more likely than not to be sustained assuming examination by tax authorities. We record income tax related interest and penalties, if applicable, within current income tax expense.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the periods reported. Actual results could differ from those estimates.

Deferred Financing Costs

Financing costs related to long-term debt obligations are deferred and amortized over the life of the debt using either the effective interest method or straight-line method. Deferred financing costs are included in other assets on our consolidated balance sheets.

Transfer of Financial Assets

For a transfer of financial assets to be considered a sale, the transfer must meet the sale criteria of FASB ASC Topic 860, *Transfers and Servicing* ("ASC 860"), under which we must surrender control over the transferred assets. The assets must be isolated from us, even in bankruptcy or other receivership; the purchaser must have the right to pledge or sell the assets transferred and we may not have the right or obligation to reacquire the assets. If the sale criteria are not met, the transfer is considered to be a secured borrowing, the assets remain on our consolidated balance sheets and the sale proceeds are recognized as a liability. The transfers of financial assets to funds managed by subsidiaries of our wholly-owned portfolio company, ACAM, have been treated as sales by us under ASC 860.

Stock-Based Compensation

We account for all share-based payments to employees under FASB ASC Topic 718, *Compensation - Stock Compensation* ("ASC 718"). We estimate the fair value of our employee stock awards at the date of grant using certain subjective assumptions, such as expected volatility, which is based on a combination of historical and market-based implied volatility, and the expected term of the awards which is based on our historical experience of employee stock option exercises. Our valuation assumptions used in estimating the fair value of share-based awards may change in future periods. We recognize the fair value of awards over the vesting period or the requisite service period only for those awards expected to vest using an estimated forfeiture rate. In addition, we calculate our pool of excess

tax benefits available within capital in excess of par value on our consolidated balance sheets in accordance with the provisions ASC 718.

Recent Accounting Pronouncements

In April 2015, the FASB issued ASU No. 2015-03, *Interest Imputation of Interest (Subtopic 835-30) Simplifying the Presentation of Debt Issuance Costs* ("ASU 2015-03"), which requires debt issuance costs related to a recognized debt liability to be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. In August 2015, the FASB issued ASU No. 2015-15, *Interest Imputation of Interest (Subtopic 835-30): Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements Amendments to SEC Paragraphs Pursuant to Staff Announcement at June 18, 2015 EITF Meeting (SEC Update)* ("ASU 2015-15"), which codifies existing practice and the SEC staff position on the presentation and subsequent measurement of debt issuance costs related to line-of-credit ("LOC") arrangements and provides that such costs may be deferred and presented as an asset and subsequently amortized ratably over the term of the LOC arrangement, regardless of whether there are any outstanding borrowings on the LOC arrangement. An entity is required to apply the guidance in ASU 2015-03 on a retrospective basis such that the balance sheet of each individual period presented is adjusted to reflect the period-specific effects of applying the new guidance. Upon transition, an entity is required to comply with the applicable disclosures for a change in accounting principle including the nature and reason for the change in accounting principle, the transition method, a description of the prior-period information that has been retrospectively adjusted and the effect of the change on the financial statement line items (that is, debt issuance cost asset and the debt liability). ASU 2015-03 is effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. Early adoption is permitted for financial statements that have not been previously issued. We do not believe the adoption of ASU 2015-03 and ASU 2015-15 will have a material impact on our consolidated financial statements.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"), which removes the requirement to include, as well as provide certain disclosure for, investments in the fair value hierarchy for which the fair value is measured at NAV using the practical expedient. Disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual reporting periods beginning after December 15, 2015, including interim periods within that reporting period. Early adoption is permitted. We do not believe the adoption of ASU 2015-07 will have a material impact on our consolidated financial statements.

In January 2016, the FASB issued ASU No. 2016-01, *Financial Instruments Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities* ("ASU 2016-01"), which makes targeted improvements to the recognition, measurement, presentation and disclosure of certain financial instruments. ASU 2016-01 focuses primarily on the accounting for equity investments, financial liabilities under the fair value option, and the presentation and disclosure requirements for certain financial instruments. Among its provisions for public business entities, ASU 2016-01 eliminates the requirement to disclose the method(s) and significant assumptions used to estimate the fair value of financial instruments measured at amortized cost, requires the use of the exit price notion when measuring the fair value of financial instruments for disclosure purposes, requires the separate presentation in other comprehensive income of the change in fair value of a liability due to instrument-specific credit risk for a liability for which the reporting entity has elected the fair value option, requires separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (that is, securities or loans and receivables) and clarifies guidance related to the valuation allowance assessment when recognizing deferred tax assets resulting from

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

unrealized losses on available-for-sale debt securities. ASU 2016-1 is effective for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. Early application is permitted for a limited number of provisions. We do not believe the adoption of ASU 2016-01 will have a material impact on our consolidated financial statements.

Note 3. Investments

The levels of fair value inputs used to measure our investments are characterized in accordance with the fair value hierarchy established by ASC 820. Where inputs for an asset or liability fall in more than one level in the fair value hierarchy, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement. We use judgment and consider factors specific to the investment in determining the significance of an input to a fair value measurement. Our policy is to recognize transfers in and out of levels as of the beginning of each reporting period. The three levels of the fair value hierarchy and investments that fall into each of the levels are described below:

Level 1: Level 1 inputs are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Level 2 inputs are inputs, other than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly.

Level 3: Level 3 inputs are unobservable and cannot be corroborated by observable market data.

The following fair value hierarchy tables set forth our assets and liabilities that are measured at fair value on a recurring basis by level as of December 31, 2015 and 2014:

| | 2015 | | | |
|---|-----------|---------------|-----------------|-----------------|
| | Level 1 | Level 2 | Level 3 | Total |

-
- (1) Included in net realized (loss) gain in the consolidated statements of operations. Excludes (loss) gain on realized foreign currency transactions on American Capital other assets and liabilities that are denominated in a foreign currency and any tax benefit (provision). Also, excludes realized gain (loss) from other assets and liabilities not measured at fair value.
- (2) Included in net unrealized appreciation in the consolidated statements of operations.
- (3) Excludes unrealized appreciation (depreciation) related to foreign currency translation for American Capital other assets and liabilities not measured at fair value that are denominated in a foreign currency.
- (4) Includes increases in the cost basis of investments resulting from new and add-on portfolio investments, the accrual or allowance of PIK interest or cumulative dividends and the amortization of discounts, premiums and closing fees.
- (5) Includes the proceeds from equity investments, collection of cumulative dividends, loan syndications and loan sales.
- (6) Includes principal repayments on debt investments, collection of PIK interest, collection of accreted loan discounts, the exchange of one or more existing securities for one or more new securities and net interest rate derivative periodic interest and termination payments.
- (7) Investments were transferred into and out of Level 3 and Level 2 due to changes in the quantity and quality of inputs obtained to support the fair value of each investment. Our policy is to recognize transfers as of the first day of a reporting period for investments existing as of the end of the period.
- (8) Effective October 1, 2014, European Capital's financial results have been consolidated with the financial results of American Capital.

Note 4. Borrowings

Our debt obligations consisted of the following as of December 31, 2015 and 2014:

| | 2015 | 2014 |
|---|----------|----------|
| Secured revolving credit facility due August 2016, \$250 million commitment | \$ 167 | \$ 726 |
| Secured revolving credit facility due March 2017, \$272 million commitment | 272 | 51 |
| Secured revolving credit facility due October 2016, \$500 million commitment | 33 | 444 |
| Secured term loan due August 2017, net of discount | 440 | 344 |
| Unsecured Private Notes due September 2018, net of discount | 345 | 64 |
| European Capital unsecured senior notes, Series 2006-I due January 2022, €52 million | | 37 |
| European Capital unsecured senior notes, Series 2007-I due July 2022, \$37.5 million | | 37 |
| European Capital unsecured senior notes, Series 2007-II due July 2022, \$37.5 million | | |
| Total | \$ 1,257 | \$ 1,703 |

The daily weighted average debt balance, excluding discounts, for the years ended December 31, 2015 and 2014 was \$2,157 million and \$1,091 million, respectively. The weighted average interest rate

on all of our borrowings, including amortization of deferred financing costs, for the years ended December 31, 2015 and 2014 was 3.7% and 4.9%, respectively. The weighted average interest rate on all of our borrowings, excluding amortization of deferred financing costs, for the years ended December 31, 2015 and 2014 was 3.2% and 4.3%, respectively. The weighted average interest rate on all of our borrowings, excluding deferred financing costs, as of December 31, 2015 was 4.0%.

As of December 31, 2015 and 2014, the aggregate fair value of the above borrowings was \$1,273 million and \$1,729 million, respectively. The fair values of our debt obligations are determined in accordance with ASC 820, which defines fair value in terms of the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, and are measured using Level 3 inputs for our debt as of December 31, 2015 and 2014. It assumes that the liability is transferred to a market participant at the measurement date and that the nonperformance risk relating to that liability is the same before and after the transfer. Nonperformance risk refers to the risk that the obligation will not be fulfilled and affects the value at which the liability is transferred. The fair value of our debt obligations is valued at the closing market quotes as of the measurement date or estimated based upon market interest rates for our own borrowings or entities with similar credit risk, adjusted for nonperformance risk, if any, based on a quantitative and/or qualitative evaluation of our credit risk.

Unsecured Private Notes

On September 20, 2013, we entered into an indenture with U.S. Bank National Association, as trustee, relating to the issuance and sale by us of \$350 million in aggregate principal amount of senior unsecured five-year notes ("Private Notes"), for proceeds of \$342 million, net of underwriters' discounts. The Private Notes were sold in a private offering to qualified institutional buyers under Rule 144A and outside of the United States pursuant to Regulation S of the Securities Act of 1933, as amended. The Private Notes have a fixed interest rate of 6.50% and mature in September 2018. Interest payments are due semi-annually on March 15 and September 15 and all principal is due on maturity. The Private Notes are rated B3, BB and BB by Moody's Investor Services, Standard & Poor's Ratings Services and Fitch Ratings, respectively. The indenture contains restrictive covenants that, among other things, limit our ability to: (i) pay dividends or distributions, repurchase equity, prepay junior debt and make certain investments; (ii) incur additional debt and issue certain disqualified stock and preferred stock; (iii) incur certain liens; (iv) merge or consolidate with another company or sell substantially all of our assets; (v) enter into certain transactions with affiliates; and (vi) allow to exist certain restrictions on the ability of our subsidiaries to pay dividends or make other payments to us. The indenture also contains certain customary events of default, including but not limited to those relating to the failure to make principal or interest payments on such debt, a cross payment or acceleration default on an aggregate \$50 million or more of other indebtedness, covenant defaults, bankruptcy events and failure to pay judgments. As of December 31, 2015, we were in compliance with all of the covenants under the Private Notes.

European Capital Unsecured Senior Notes

In December 2006, European Capital entered into a note purchase agreement to issue €52 million of senior unsecured 15-year notes due January 2022 to accredited investors in a private placement offering ("Series 2006-I Notes"). The Series 2006-I Notes had a floating rate of EURIBOR plus 2.75%. On June 17, 2015, the Series 2006-I Notes were repaid in full. In March 2007, European Capital entered into note purchase agreements to issue two \$37.5 million of senior unsecured notes due July 2022 to accredited investors in a private placement offering ("Series 2007-I Notes" and "Series 2007-II Notes"). The Series 2007-I Notes and Series 2007-II Notes had a floating rate of LIBOR plus 2.75%. On August 18, 2015, the Series 2007-I Notes and Series 2007-II Notes were repaid in full.

Secured Term Loan Facility

On February 26, 2014, we entered into an amendment (the "Amendment") to the amended secured term loan facility under our Senior Secured Term Loan Credit Agreement, dated as of August 23, 2013, with the lenders party thereto and JPMorgan Chase Bank, N.A., as Administrative Agent (the "Secured Term Loan Facility").

The Amendment reduced the interest rate on the Secured Term Loan Facility, which had an outstanding principal balance of \$450 million as of the closing date, from LIBOR plus 3.00%, with a LIBOR floor of 1.00%, to LIBOR plus 2.75%, with a LIBOR floor of 0.75%. The Amendment also extended the Secured Term Loan Facility's maturity date by one year to August 2017.

In accordance with FASB ASC Subtopic No. 470-50, *Modifications and Extinguishments*, \$447 million of debt exchanged with the same lenders met the criterion for and was accounted as a modification of debt. Existing unamortized deferred financing costs and discount attributable to the modification of the Secured Term Loan Facility of \$9 million will be amortized into interest expense over the life of the Secured Term Loan Facility using the effective interest method, while fees paid to other third-party advisors of \$1 million were expensed and included in general and administrative expenses in the consolidated statements of operations.

As of December 31, 2015, the interest rate on our Secured Term Loan Facility was 3.50% and the borrowing base coverage was 385%. The Senior Term Loan Facility contains various events of default, including but not limited to those relating to the failure to make principal or interest payments on such debt, an event of default under the \$250 Million Revolving Credit Facility, a cross default on an aggregate \$50 million or more of certain other indebtedness, the breach of representations or covenants, bankruptcy events, the failure to conduct our asset management business through ACAM, a change in control and the failure to pay judgments. As of December 31, 2015, we were in compliance with all of the covenants under the Secured Term Loan Facility.

The following table sets forth the scheduled amortization on the secured term loans and unsecured private notes:

| | |
|---|---------------------|
| August 2016 | \$4.5 million |
| Secured Term Loans due August 2017 | Outstanding Balance |
| Unsecured Private Notes due September 2018 | Outstanding Balance |
| <i>\$250 Million Revolving Credit Facility</i> | |

On August 22, 2012, we obtained a four-year \$250 million secured revolving credit facility (the "\$250 Million Revolving Credit Facility"), which bears interest at a rate per annum equal to LIBOR plus 3.75%. As of December 31, 2015, the interest rate on the \$250 Million Revolving Credit Facility was 4.00%.

On August 22, 2015, the commitment termination date, we chose not to renew commitments under the facility, and as a result, the outstanding balance on the \$250 Million Revolving Credit Facility is repayable ratably over the final 12 months until the maturity date on August 22, 2016.

As of December 31, 2015, the total debt outstanding under our \$250 Million Revolving Credit Facility was \$167 million. The \$250 Million Revolving Credit Facility contains various events of default, including but not limited to those relating to the failure to make principal or interest payments on such debt, an event of default under the Secured Term Loan Facility, a cross default on an aggregate \$50 million or more of certain other indebtedness, the breach of representations or covenants, bankruptcy events, the failure to conduct our asset management business through ACAM, a change in control and the failure to pay judgments. As of December 31, 2015, we were in compliance with all of the covenants under the \$250 Million Revolving Credit Facility.

\$1.25 Billion Revolving Credit Facility

On June 27, 2014, ACAS Funding I, LLC, a wholly-owned financing subsidiary, obtained a \$750 million secured revolving credit facility provided by Bank of America, N.A. On March 6, 2015, the commitments to the existing \$750 million secured revolving credit facility were increased by \$500 million to \$1.25 billion (the "\$1.25 Billion Revolving Credit Facility"). In addition to the increase, the maturity date of the facility was extended to March 6, 2017. On December 11, 2015, we closed an amendment which amended certain covenants to permit ACAS Funding I, LLC to repatriate the remaining proceeds from its senior floating rate loan portfolio sales while settling any associated liabilities. In addition, commencing on December 27, 2015 the commitments are calculated as the greater of total debt outstanding or \$100 million. The facility bears interest at a rate per annum equal to LIBOR plus 1.60%. As of December 31, 2015, the interest rate on the \$1.25 Billion Revolving Credit Facility was 1.99%.

As of December 31, 2015, the facility is in a wind down period that prohibits us from purchasing additional assets or borrowing under the facility. We can reinstate our ability to borrow and purchase assets at any time prior to February 6, 2017, subject to certain terms outlined in the credit agreement.

We are required to pay a fee on the unused commitments under the facility in an amount equal to 1.60% on the average daily unused amount of lender commitments up to 60% of the daily average of total commitments, and 0.75% on the lesser of 40% of the daily average total commitments and average daily unused amount. Under the amendment, the unused fee was reduced to 0.50% on the average daily unused amount. To the extent we reinstate our ability to borrow, the unused fees will increase to the rates paid prior to the amendment on the three month anniversary of our ability to borrow under the facility being reinstated. All fees are payable quarterly. As of December 31, 2015, the total debt outstanding under our \$1.25 Billion Revolving Credit Facility was \$272 million, which was secured by cash, receivables and portfolio investments with a fair value of \$535 million. The credit facility contains various events of default, including but not limited to those relating to the failure to make principal or interest payments on such debt, the breach of representations or covenants, credit triggers, the loss of key personnel, a change in investment manager, the occurrence of certain regulatory or criminal proceedings, bankruptcy events and the failure to pay judgments. As of December 31, 2015, we were in compliance with all of the covenants under the \$1.25 Billion Revolving Credit Facility.

\$500 Million Revolving Credit Facility

On October 30, 2014, ACAS Funding II, LLC, a wholly-owned financing subsidiary, obtained a \$500 million secured revolving credit facility (the "\$500 Million Revolving Credit Facility"), provided by Deutsche Bank AG. The \$500 Million Revolving Credit Facility, which matures in October 2016, bears interest at a rate per annum equal to LIBOR plus 1.60%. On December 14, 2015, we closed an amendment that amended certain covenants to permit ACAS Funding II, LLC to repatriate the remaining proceeds from its senior floating rate loan portfolio sales while settling any associated liabilities. As of December 31, 2015, the interest rate on the \$500 Million Revolving Credit Facility was 1.93%.

As of December 31, 2015, the total debt outstanding under our \$500 Million Revolving Credit Facility was \$33 million, which was secured by cash, receivables and portfolio investments with a fair value of \$113 million. As of December 31, 2015, we were in compliance with all of the covenants under the \$500 Million Revolving Credit Facility. On January 6, 2016, the \$500 Million Revolving Credit Facility was repaid in full and terminated.

Future Debt Maturities

The maturities of our debt obligations, excluding discounts, as of December 31, 2015 were as follows:

| | | |
|------------|----|-------|
| 2016 | \$ | 204 |
| 2017 | | 709 |
| 2018 | | 350 |
| Thereafter | | |
| Total | \$ | 1,263 |

Note 5. Stock Options

We have stock option plans which provide for the granting of options to employees and non-employee directors to purchase shares of common stock at a price of not less than the fair market value of the common stock on the date of grant. Stock options granted under the employee stock option plans vest over either a three or five year period and may be exercised for a period of no more than ten years from the date of grant. Options granted under these plans may be either incentive stock options within the meaning of Section 422 of the Code or non-qualified stock options. As required by the 1940 Act, we are restricted from issuing awards to our employees and non-employee directors to the extent that the amount of voting securities that would result from the exercise of all such awards at the time of issuance exceeds 20% of our outstanding voting securities. As of December 31, 2015, there were 4.1 million shares available to be granted under the employee stock option plans and in accordance with the 1940 Act restrictions.

Our shareholders approved non-employee director stock option plans in 1998, 2000, 2006, 2007, 2008, 2009 and 2010 and we subsequently received orders from the SEC authorizing such plans. Stock options granted under the non-employee director stock option plans are non-qualified stock options that vest over a three year period and may be exercised for a period of no more than ten years from the date of grant. As of December 31, 2015, there were no shares available to be granted under the non-employee director stock option plans. No employee or non-employee director stock options were granted during the year ended December 31, 2015. Employee stock options of 0.1 million were granted during the year ended December 31, 2014. No non-employee director stock options were granted during the year ended December 31, 2014. Employee and non-employee director stock options of 3.7 million were granted during the year ended December 31, 2013.

During the first quarter of 2014, we concluded that our Chief Executive Officer had been granted stock options in excess of the individual employee limits established in certain of our stock option plans. These stock option grants were made during fiscal years 2010, 2011 and 2012. As a result, the stock option grants in excess of the individual limits in any stock option plan have been considered null and void. Therefore, stock-based compensation expense associated with the null and void options of \$3.5 million was reversed in the first quarter of 2014.

In addition, the communication of the voided stock option grants to our Chief Executive Officer resulted in a financial obligation under U.S. GAAP to provide equity compensation commensurate with the terms of the voided stock option grants in return for services to be performed by our Chief Executive Officer during the option vesting periods. This financial obligation has been accounted for as a liability award and stock-based compensation expense of \$5.8 million associated with prior periods was recorded in the second quarter of 2014. The net impact of these adjustments was additional stock-based compensation expense of \$2.3 million during the first quarter of 2014. An additional \$1.4 million of income tax expense was recorded during the first quarter of 2014 as a result of these adjustments. These errors were immaterial to the individual prior periods impacted. During the second quarter of 2014, pursuant to the Deferred Plan, an award of \$10 million was granted to our Chief Executive

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Officer that partially settled this financial obligation. During the first quarter of 2015, an award of \$7 million was granted to our Chief Executive Officer that settled the remainder of this financial obligation. These grants were funded with shares of common stock from the Trust that had previously been forfeited by former employees prior to being fully vested in their shares.

In conjunction with the American Capital Equity III, LP transaction, certain investment professionals were transferred to a wholly-owned subsidiary of ACAM, our wholly-owned portfolio company which manages American Capital Equity III, LP. Concurrent with this transfer, the vesting of any unvested stock options held by these investment professionals as of the date of the transfer was accelerated. In accordance with ASC 718, the acceleration of the unvested stock options was accounted for as a modification and resulted in additional stock-based compensation expense of approximately \$5 million during the third quarter of 2014.

As discussed in Note 9, due to changes in the composition of our investment portfolio and market conditions, we conducted strategic reviews of our business which resulted in a workforce reduction of our employees in the fourth quarter of 2014. In conjunction with the restructuring, the vesting of any unvested stock options held by impacted employees as of the date of their separation was accelerated, and the employees were given a period of up to one year from their separation date, or less if the expiration of the option was within one year from their separation date, to exercise all outstanding options. During the year ended December 31, 2015, in accordance with FASB ASC Topic 718, *Compensation Stock Compensation*, the acceleration of 1.0 million unvested stock options was accounted for as a modification and resulted in additional stock-based compensation expense of approximately \$4 million related to additional workforce reductions.

Fair Value Disclosures

No stock options were granted during the year ended December 31, 2015. The following table reflects the weighted average fair value per stock option granted during the years ended December 31, 2014 and 2013, as well as the weighted average assumptions used in determining those fair values using a Black-Scholes option pricing model.

| | 2014 | 2013 |
|--|---------|---------|
| Options granted (in millions) | 0.1 | 3.7 |
| Weighted average fair value per option on grant date | \$ 6.89 | \$ 5.88 |
| Expected dividend yield | % | % |
| Expected volatility | 42% | 41% |
| Risk-free interest rate | 2.1% | 1.2% |
| Expected life (years) | 6.8 | 6.7 |

Stock Option Activity

A summary of the activity of our stock option plans as of and for the year ended December 31, 2015 is as follows:

| | Shares | Weighted Average Exercise Price |
|--|--------|---------------------------------------|
| Options outstanding, beginning of year | 45.1 | \$ 9.21 |
| Exercised | (12.0) | \$ 7.71 |
| Canceled and expired | (0.9) | \$ 13.17 |
| Options outstanding, end of year | 32.2 | \$ 9.66 |
| Options exercisable, end of year | 26.4 | \$ 9.56 |

F-273

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The following table summarizes information about our stock options outstanding as of December 31, 2015:

| Range of Exercise Prices | Options Outstanding | | | Options Exercisable | | |
|--------------------------|---------------------|---|--|---------------------|---|--|
| | Outstanding | Weighted Average Remaining Contractual life | Weighted Average Exercise Price | Exercisable | Weighted Average Remaining Contractual life | Weighted Average Exercise Price |
| \$0.94 to \$5.00 | 3.6 | 3.2 | \$ 4.02 | 3.6 | 3.2 | \$ 4.02 |
| \$5.01 to \$10.00 | 16.5 | 5.1 | \$ 7.35 | 13.5 | 5.0 | \$ 7.11 |
| \$10.01 to \$15.00 | 8.3 | 5.9 | \$ 11.31 | 5.5 | 5.7 | \$ 11.03 |
| \$15.01 to \$20.00 | 3.0 | 2.8 | \$ 16.69 | 3.0 | 2.7 | \$ 16.71 |
| \$20.01 to \$47.90 | 0.8 | 1.1 | \$ 39.41 | 0.8 | 1.1 | \$ 39.41 |
| | 32.2 | 4.8 | \$ 9.66 | 26.4 | 4.5 | \$ 9.56 |

As of December 31, 2015, the total compensation cost related to non-vested stock options not yet recognized was \$6 million with a weighted average period to be recognized of 1.5 years. As of December 31, 2015, the intrinsic value for stock options outstanding and exercisable was \$163 million and \$141 million, respectively.

For the years ended December 31, 2015, 2014 and 2013, we recorded stock-based compensation expense attributable to our stock options of \$18 million, \$44 million and \$30 million, respectively. Stock-based compensation expense was recognized only for options expected to vest, using an estimated forfeiture rate based on historical experience. For the years ended December 31, 2015, 2014 and 2013, the intrinsic value of stock options exercised were \$80 million, \$44 million and \$41 million, respectively.

Note 6. Deferred Compensation Plan

We have a non-qualified deferred compensation plan (the "Deferred Plan") for the purpose of granting cash bonus awards to our employees. The Compensation, Corporate Governance and Nominating Committee is the administrator of the Deferred Plan. The Deferred Plan is funded through a trust (the "Trust") which is administered by a third-party trustee. The Compensation, Corporate Governance and Nominating Committee determines cash bonus awards to be granted under the Deferred Plan and the terms of such awards, including vesting schedules. The cash bonus awards are invested by the Trust in our common stock by purchasing shares in the open market. Awards vest contingent on the employee's continued employment or the achievement of performance goals, if any, as determined by the Compensation, Corporate Governance and Nominating Committee. The Trust provides certain protections of its assets from events other than claims against our assets in the case of bankruptcy. The assets and liabilities of the Trust are consolidated in the accompanying consolidated financial statements. Shares of our common stock held by the Trust are accounted for as treasury stock in the accompanying consolidated balance sheets.

The Deferred Plan does not permit diversification and the cash bonus awards must be settled by the delivery of a fixed number of shares of our common stock. The awards under the Deferred Plan are accounted for as grants of unvested stock. We record stock-based compensation expense based on the fair market value of our stock on the date of grant. The compensation cost for awards with service conditions is recognized using the straight-line attribution method over the requisite service period. The compensation cost for bonus awards with performance and service conditions is recognized using the accelerated attribution method over the requisite service period. During the years ended December 31, 2015, 2014 and 2013, cash bonus awards of \$13 million, \$10 million and \$1.5 million, respectively, were granted under the Deferred Plan.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

As discussed in Note 5, during the first quarter of 2014, we concluded that our Chief Executive Officer had been granted \$2.6 million of cash bonus awards in fiscal year 2007 in excess of the annual individual employee limit established in the Deferred Plan. As a result, the \$2.6 million of cash bonus awards have been considered null and void. Stock-based compensation expense associated with the null and void cash bonus awards of \$2.6 million was reversed in the first quarter of 2014.

In addition, the communication of the \$2.6 million of excess cash bonus awards to our Chief Executive Officer resulted in a financial obligation under U.S. GAAP to provide equity compensation commensurate with the terms of the cash bonus awards in return for services to be performed by our Chief Executive Officer during the award vesting period. The financial obligation has been accounted for as a liability award and stock-based compensation expense of \$1.5 million associated with prior periods was recorded in the first quarter of 2014. The net impact of these adjustments was a \$1.1 million reduction to stock-based compensation expense in the first quarter of 2014. An additional \$0.3 million of income tax expense was recorded during the first quarter of 2014 as a result of these adjustments. These errors were immaterial to the individual prior periods impacted. During the second quarter of 2014, pursuant to the Deferred Plan, an award of \$10 million was granted to our Chief Executive Officer that partially settled this financial obligation. During the first quarter of 2015, an award of \$7 million was granted to our Chief Executive Officer that settled the remainder of this financial obligation. These grants were funded with shares from the Trust which had previously been forfeited by former employees prior to being fully vested in their shares.

During the years ended December 31, 2015, 2014 and 2013, we recorded stock-based compensation expense of \$8 million, \$5 million and \$2 million, respectively, attributable to the Deferred Plan. As of December 31, 2015, the total compensation cost related to non-vested cash bonus awards not yet recognized was \$10 million with a weighted average period to be recognized of 2.3 years.

A summary of the bonus awards under the Deferred Plan as of and for the year ended December 31, 2015 is as follows:

| | Shares | Weighted Average Grant Date Fair Value |
|-------------------------------|--------|---|
| Non-vested, beginning of year | 0.5 | \$ 14.84 |
| Granted | 0.9 | \$ 14.35 |
| Vested | (0.5) | \$ 14.73 |
| Canceled | 0.0 | \$ 13.38 |
| Non-vested, end of year | 0.9 | \$ 14.40 |

As of December 31, 2015, there were 2.8 million shares of our common stock in the Trust that were vested but not yet distributed to the employees.

Long Term Incentive Plan Liability

European Capital has issued restricted mandatorily redeemable preferred shares ("Redeemable Preferred Shares") to participating employees of subsidiary companies of its manager, European Capital Asset Management Limited ("ECAM"), a wholly-owned subsidiary of ACAM, under Long Term Incentive Plans (the "Plans") for an issue price determined at the time of issuance. The Plans have a 5-year vesting period. The Redeemable Preferred Shares are subdivided into subclasses of shares. The redemption value of each sub-class of Redeemable Preferred Shares is calculated using a predetermined formula and is based on the net liquidity proceeds, as defined in the Plans, on the exit of specifically referenced investments of European Capital in excess of certain hurdle rates. The Plans have annual calculation and redemption dates through December 31, 2018 and March 1, 2019,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

respectively, for sub-classes A, B and C and December 31, 2023 and March 1, 2024, respectively, for sub-classes D, E and F. Redeemable Preferred Shares related to specifically referenced investments not exited at the final annual calculation dates will be redeemed after the receipt of subsequent net liquidity proceeds or, if specifically referenced investments that remain outstanding on January 1, 2020 for sub-classes A, B and C and January 1, 2025 for sub-classes D, E and F, will be redeemed based on the realizable value of the remaining referenced investments. European Capital elected to recognize the Redeemable Preferred Shares at fair value in accordance with FASB ASC Topic 825, *Financial Instruments*.

The holders of the Redeemable Preferred Shares have no rights to participate in or receive notice of any general meeting of European Capital and the shares are generally not transferable. The Redeemable Preferred Shares have no rights to receive dividends. During the three months ended March 31, 2015, a portion of Redeemable Preferred Shares were redeemed and European Capital realized a loss of \$46 million, offset by a reversal of unrealized depreciation of \$46 million, which is included in net realized (loss) gain and net unrealized appreciation in our consolidated statements of operations.

The fair value of the Redeemable Preferred Shares is calculated as of December 31, 2015 and 2014 using the net present value of the estimated future cash flows of the underlying European Capital investments with discounts applied for equity risk, liquidity risk, credit risk, minority interests, lack of marketability and a forfeiture rate. The fair value of the Redeemable Preferred Shares as of December 31, 2015 and 2014 was \$34 million and \$82 million, respectively, which is included in other liabilities in our consolidated balance sheets. The fair value of the underlying European Capital investments as of December 31, 2015 and 2014 was \$367 million and \$608 million, respectively. As of December 31, 2015, the redemption amount for 2016 is expected to be approximately \$11 million.

The following table summarizes the number of shares issued and redeemed for the year ended December 31, 2015:

| | Class A | Class B | Class C | Class D | Class E | Class F | Total |
|----------------------------|---------|---------|---------|---------|---------|---------|-------|
| Balance, December 31, 2014 | 412 | 413 | 589 | 100 | 100 | 100 | 1,714 |
| Shares Issued | | | | | | | |
| Shares Redeemed | (68) | (68) | (98) | | | | (234) |
| Balance, December 31, 2015 | 344 | 345 | 491 | 100 | 100 | 100 | 1,480 |

Note 7. Net Operating Income and Net Earnings Per Common Share

The following table sets forth the computation of basic and diluted net operating income and net earnings per common share for the years ended December 31, 2015, 2014 and 2013:

| | 2015 | 2014 | 2013 |
|---|-----------|---------|---------|
| Numerator for basic and diluted net operating income per common share | \$ 253 | \$ 117 | \$ 156 |
| Numerator for basic and diluted net (loss) earnings per common share | \$ (187) | \$ 434 | \$ 184 |
| Denominator for basic weighted average common shares | 267.2 | 268.2 | 291.6 |
| Employee stock options and awards | | 12.5 | 12.3 |
| Denominator for diluted weighted average common shares | 267.2 | 280.7 | 303.9 |
| Basic net operating income per common share | \$ 0.95 | \$ 0.44 | \$ 0.53 |
| Diluted net operating income per common share | \$ 0.95 | \$ 0.42 | \$ 0.51 |
| Basic net (loss) earnings per common share | \$ (0.70) | \$ 1.62 | \$ 0.63 |
| Diluted net (loss) earnings per common share | \$ (0.70) | \$ 1.55 | \$ 0.61 |

F-276

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

In accordance with the provisions of FASB ASC Topic 260, *Earnings per Share*, basic earnings per share ("EPS") is computed by dividing earnings available to common shareholders by the weighted average number of shares outstanding during the period. Other potentially dilutive common shares, and the related impact to earnings, are considered when calculating EPS on a diluted basis.

In computing diluted EPS, only potential common shares that are dilutive, those that reduce EPS or increase loss per share, are included. The effect of stock options, unvested employee stock awards and contingently issuable shares are not included if the result would be anti-dilutive, such as when a net loss is reported. Therefore, basic EPS and diluted EPS are computed using the same number of weighted average shares for the year ended December 31, 2015 as we incurred a net loss for that period.

Stock options and unvested shares under our deferred compensation plan of 37.7 million, 7.6 million and 8.6 million for the years ended December 31, 2015, 2014 and 2013, respectively, were not included in the computation of diluted EPS either because the respective exercise or grant prices are greater than the average market value of the underlying stock or their inclusion would have been anti-dilutive, as determined using the treasury stock method.

Note 8. Geographic Data

The following table presents total operating revenue and total assets as of and for the years ended December 31, 2015, 2014 and 2013 by geographic location, excluding Structured Products. The geographic location of a portfolio company investment is determined by the location of the corporate headquarters of the portfolio company.

| | 2015 | 2014 | 2013 |
|-----------------------------|------------|------------|------------|
| Operating revenue | | | |
| United States | \$ 504 | \$ 392 | \$ 400 |
| International | 58 | 14 | 15 |
| Total operating revenue | \$ 562 | \$ 406 | \$ 415 |

| | | | |
|---------------------|--------------|--------------|--------------|
| Total assets | | | |
| United States | \$ 5,185 | \$ 6,311 | \$ 4,834 |
| International | 641 | 746 | 899 |
| Total assets | \$ 5,826 | \$ 7,057 | \$ 5,733 |

Note 9. Restructuring Costs

Due to changes in the composition of our investment portfolio and market conditions, we conducted strategic reviews of our business in the fourth quarter of 2014, which resulted in a workforce reduction of approximately 13% of our employees and the closing of one of our offices as well as the elimination of certain functions at other offices. In conjunction with the restructuring, the vesting of any unvested stock options held by impacted employees as of the date of their separation was accelerated, and they were given a period of up to one year from their separation date, or less if the expiration of the option was within one year from their separation date, to exercise all outstanding options. We recorded charges for both severance and related employee costs and excess office facilities costs of \$24 million for the year ended December 31, 2014, including \$11 million from the modification of stock options. In addition, during the year ended December 31, 2015, we recorded charges for both severance and related employee costs of \$12 million, including \$4 million from the modification of stock options related to additional workforce reductions. The severance and related employee costs and the additional stock-based compensation expense resulting from the modification are included in salaries, benefits and stock-based compensation and the excess facilities costs are included in general

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

and administrative in our consolidated statements of operations. The liability for employee severance costs and excess facilities is included in other liabilities in our consolidated balance sheet as of December 31, 2015.

In determining our liability related to excess office facilities, we are required to estimate such factors as future vacancy rates, the time required to sublet properties and sublease rates. These estimates are reviewed quarterly based on known real estate market conditions and the credit-worthiness of subtenants, and may result in revisions to the liability. Our remaining liability of \$4 million as of December 31, 2015 related to these excess office facilities represents gross lease commitments with agreements expiring at various dates through 2023 of approximately \$20 million, net of committed and estimated sublease income of approximately \$15 million and a present value factor of \$1 million. We have entered into signed sublease arrangements for approximately \$2 million, with the remaining \$13 million based on estimated future sublease income.

The following table summarizes the restructuring accrual activity during the year ended December 31, 2015:

| | Severance | Excess Office Facilities | Total |
|--------------------------------|-----------|--------------------------------|-------|
| Balance, December 31, 2014 | \$ 8 | \$ 5 | \$ 13 |
| Restructuring charges | 6 | | 6 |
| Cash payments | (7) | (1) | (8) |
| Balance, March 31, 2015 | 7 | 4 | 11 |
| Restructuring charges | | | |
| Cash payments | (4) | | (4) |
| Balance, June 30, 2015 | 3 | 4 | 7 |
| Restructuring charges | | | |
| Cash payments | (1) | | (1) |
| Accretion of net present value | | 1 | 1 |
| Balance, September 30, 2015 | 2 | 5 | 7 |
| Restructuring charges | 2 | | 2 |
| Cash payments | | (1) | (1) |
| Balance, December 31, 2015 | \$ 4 | \$ 4 | \$ 8 |

Note 10. Shareholders' Equity

Our common stock activity for the years ended December 31, 2015, 2014 and 2013 was as follows:

| | 2015 | 2014 | 2013 |
|--|--------|-------|--------|
| Common stock outstanding at beginning of period | 266.9 | 270.2 | 304.4 |
| Issuance of common stock under stock option plans | 12.0 | 5.3 | 5.1 |
| Repurchase of common stock | (36.9) | (8.9) | (40.4) |
| Distribution of common stock held in deferred compensation trust | 0.6 | 0.3 | 1.1 |
| Common stock outstanding at end of period | 242.6 | 266.9 | 270.2 |

Share Repurchase Program

During 2011, our Board of Directors adopted a program pursuant to which it will consider quarterly setting an amount to be utilized for share repurchases or dividends (the "Program"). Generally, the amount may be utilized for repurchases if the price of our common stock represents a

discount to its NAV per share, and the amount may be utilized for the payment of cash dividends if the price of our common stock represents a premium to its NAV per share.

Repurchases under the Program were suspended in March 2014 as we undertook a process to evaluate potential capital requirements that could result from our previously announced plan to consider organizational changes to enhance shareholder value. We later announced that our Board had unanimously approved a plan to proceed with the spin-off of most of its investments in new a BDC to our shareholders, with American Capital continuing as a public asset manager. During the first quarter of 2015, our Board of Directors determined that it was appropriate to reinstate authorization for share repurchases while we seek to accomplish the announced spin-off. We included the written notice to stockholders required by Section 23(c) of the 1940 Act regarding the possibility of share repurchases over the next six months in a Letter to Stockholders dated September 11, 2015. Our Board of Directors modified the Program during the fourth quarter of 2015 to authorize the purchase of \$600 million to \$1 billion of common stock through June 30, 2016 at prices per share below 85% of our most recent quarterly NAV per share, subject to certain conditions. We have entered into a Rule 10b5-1 trading plan to undertake accretive share repurchases on a non-discretionary basis up to the \$1 billion limit.

In determining the quarterly amount, the Board of Directors will be guided by our net cash provided by operating activities in preceding quarters, our capital requirements associated with completion of the spin-off transaction, our cash position, operational issues, economic conditions and the current trading price of our common stock and other factors. During the year ended December 31, 2015, we repurchased a total of 36.9 million shares of our common stock in the open market for \$526 million at an average price of \$14.25 per share. During the year ended December 31, 2014, we repurchased a total of 8.9 million shares of our common stock in the open market for \$137 million at an average price of \$15.38 per share. During the year ended December 31, 2013, we repurchased a total of 40.4 million shares of our common stock in the open market for \$561 million at an average price of \$13.90 per share.

The Program may be further suspended, terminated or modified at any time for any reason. The Program does not obligate us to acquire any specific number of shares of our common stock.

Note 11. Income Taxes

As a taxable corporation under Subchapter C of the Code, we are subject to federal and applicable state corporate income taxes on our taxable ordinary income and capital gains. However, we estimate that for income tax purposes, we had both net operating loss carryforwards and net long-term capital loss carryforwards as of December 31, 2015. Our tax fiscal year ends on September 30.

Effective October 1, 2014, we consolidated our wholly-owned portfolio company, European Capital in our consolidated financial statements. European Capital and its wholly-owned subsidiary, European Capital S.A. SICAR (collectively, "ECAS") are both controlled foreign corporations for U.S. tax purposes. Each entity pays an immaterial amount of non-U.S. income taxes. ECAS may produce subpart F income that must be reported on the U.S. tax return of American Capital.

We file a consolidated federal income tax return with eligible corporate subsidiaries, including portfolio companies in which we hold 80% or more of the outstanding equity interest measured by both vote and fair value. As a result, we have entered into a tax sharing agreement under which members of the consolidated tax group are compensated for losses and other tax benefits by members that are able to use those losses and tax benefits on their pro forma stand-alone federal income tax return.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

The following table sets forth the significant components of our deferred tax assets and liabilities as of December 31, 2015 and 2014:

| | 2015 | 2014 |
|---|---------------|---------------|
| Deferred Tax Assets | | |
| Net operating loss carryforwards | \$ 233 | \$ 195 |
| Basis differences in ordinary investments | 102 | 139 |
| Stock-based compensation | 57 | 65 |
| Basis differences in investments held in European Capital | 155 | 193 |
| Other | 25 | 25 |
| Total ordinary deferred tax assets | 572 | 617 |
| Net capital loss carryforwards | 72 | |
| Basis differences in capital investments | 99 | 230 |
| Total capital deferred tax assets | 171 | 230 |
| Total deferred tax assets | 743 | 847 |
| Less valuation allowance | (300) | (168) |
| Total deferred tax assets less valuation allowance | 443 | 679 |
| Deferred Tax Liabilities | | |
| Basis differences in ACAM | (231) | (309) |
| Other | (14) | (16) |
| Total deferred tax liabilities | (245) | (325) |
| Total net deferred tax asset | \$ 198 | \$ 354 |

The table above classifies certain deferred tax assets and liabilities based on management's estimate of the expected tax character of recognition of the reversal of the timing differences that give rise to the deferred tax assets and liabilities as either ordinary or capital income. However, the ultimate tax character of the deferred tax asset or liability may change from the above classification based on the ultimate form of recognition of the timing difference.

As of December 31, 2015, our deferred tax asset was \$743 million, our deferred tax liability was \$245 million, our valuation allowance was \$300 million and our net deferred tax asset was \$198 million.

We estimate the expected tax character of recognition of the reversal of the timing differences that give rise to the deferred tax assets and liabilities as either ordinary or capital income. However, the ultimate tax character of the deferred tax asset or liability may change from our estimated classification based on the ultimate form of recognition of the timing difference. As of December 31, 2015, we believe that it is more likely than not that we will have future ordinary income to realize the majority of our ordinary deferred tax assets and therefore did not record a valuation allowance against these ordinary deferred tax assets.

As of December 31, 2015, we determined that it is not more likely than not that we will be able to utilize our ordinary deferred tax asset related to our investment in European Capital in its entirety. In determining the amount of the valuation allowance to be established, we assessed all available evidence, both positive and negative. During the three months ended December 31, 2015, the negative evidence outweighed the positive evidence in determining whether it was more likely than not that the ordinary deferred tax asset would be realized. Significant negative evidence existed in management's update to the strategic review, resulting in uncertainty about the ability to generate sufficient income to utilize the deductible inside basis differences and qualified deficits related to the investment in European Capital. We believe that \$14 million of the ordinary deferred tax asset will be realized; however, we established

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

a valuation allowance against the remaining portion of the ordinary deferred tax asset. As a result, we recognized a tax provision of \$141 million associated with the establishment of the valuation allowance.

On April 1, 2015, the New York State Legislature passed legislation that enacted several tax law changes that impact American Capital. As a result of the tax law changes, it is more likely than not that a portion of our net operating losses ("NOL") generated in New York City will expire unutilized. Therefore, during the year ended December 31, 2015, we recorded a \$12 million valuation allowance against a \$13 million deferred tax asset related to \$144 million of NOLs generated in New York City.

We continue to maintain a valuation allowance against a significant portion of our capital deferred tax assets. We believe that it is more likely than not that we will be able to utilize \$25 million of our capital deferred tax assets as of December 31, 2015 and we have established a valuation allowance of \$147 million against the remaining capital deferred tax assets.

We continue to assess our ability to realize our existing capital deferred tax assets. We believe that due to the recent decision to solicit offers to acquire individual lines of business or the company in its entirety, certain investments that had previously been determined to be long-lived assets may provide a source of taxable income to realize certain capital deferred tax assets. Assessing the recoverability of a deferred tax asset requires management to make estimates related to expectations of future taxable income. Estimates of future taxable income are based on forecasted cash flows from investments and operations, the character of expected income or loss as either capital or ordinary, and the application of existing tax laws in each jurisdiction. To the extent that future cash flows or the amount or character of taxable income differ significantly from these estimates, our ability to realize the deferred tax assets could be impacted.

Under ASC 718, our capital in excess of par value in our shareholders' equity includes the excess tax benefits generated from our stock-based compensation plans when our allowable income tax deduction for the award exceeds the compensation expense recorded for book purposes ("APIC Pool"). As of December 31, 2015, our APIC Pool totaled \$35 million.

Additionally, under Sections 382 and 383 of the Code, following an "ownership change," certain limitations apply to the use by a "loss corporation" of certain tax attributes including net operating loss carryforwards, capital loss carryforwards, unrealized built-in losses and tax credits arising before the "ownership change." Such tax attributes represent substantially all of our deferred tax assets. In general, an "ownership change" would occur if there is a cumulative change in the ownership of our common stock of more than 50% by one or more "5% shareholders" during a three-year period. In the event of an "ownership change," the tax attributes that may be used to offset our future taxable income in each year after the "ownership change" will be subject to an annual limitation. In general, the annual limitation is equal to the product of the fair market value of our common stock on the date of the "ownership change" and the "long term tax exempt rate" (which is published monthly by the Internal Revenue Service), subject to specified adjustments. This limitation could accelerate our cash tax payments and could result in a significant portion of our deferred tax asset expiring before we could fully use it. On April 27, 2012, we amended our Certificate of Incorporation to impose certain restrictions on the transfer of our common stock through April 27, 2015. These restrictions reduced, but did not eliminate, the risk of an "ownership change" through their expiration date.

As of December 31, 2015, we estimate that we had \$555 million of federal net operating loss carryforwards and various state net operating loss carryforwards for which we have recorded a gross ordinary deferred tax asset of \$233 million. The ordinary deferred tax asset includes a reduction of \$14 million for the excess tax benefits generated from our stock-based compensation plans that resulted in an increase in our net operating losses, but which may not be recorded until utilization. For federal income tax purposes, the net operating loss carryforwards expire in various years from 2030 through 2034. The timing and manner in which we will utilize any net operating loss carryforwards in any year, or in total, may be limited in the future under the provisions of the Code and applicable state laws.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

A reconciliation of the provision (benefit) for income taxes computed at the U.S. federal statutory corporate income tax rate and our effective tax rate for the years ended December 31, 2015, 2014 and 2013 were as follows:

| | 2015 | 2014 | 2013 |
|--|---------------|--------------|--------------|
| Tax on income computed at federal statutory corporate tax rate | \$ (12) | \$ 174 | \$ 83 |
| State taxes, net of federal tax benefit | (4) | 22 | 12 |
| Valuation allowance | 142 | (236) | 7 |
| Rate difference on dividend income | (10) | (10) | (6) |
| Change in state tax rate | (10) | (26) | (12) |
| Disallowed compensation pursuant to IRS Sec. 162(m) | | 13 | |
| Consolidation of ACCH | | 69 | |
| Consolidation of European Capital | | 71 | |
| Earnings of European Capital | 10 | | |
| Permanent difference on European Capital appreciation | | (30) | |
| State deferred tax offset by valuation allowance | | | (27) |
| Capital gain on tax deconsolidation of a CML subsidiary | 35 | | |
| Other | 1 | 17 | (4) |
| Total provision for income taxes | \$ 152 | \$ 64 | \$ 53 |

During the first quarter of 2015, we restructured our investment in CML Pharmaceuticals, Inc. ("CML"), which resulted in the recognition of an ordinary loss. We recognized a \$136 million ordinary loss on our equity investment in CML, which was \$9 million less than the book realized loss of \$145 million, due to consolidated basis adjustments in prior years as a result of CML filing with American Capital's consolidated tax return. In addition, CML recognized an \$83 million capital gain on an operating subsidiary that was offset by capital loss carryforwards at American Capital. We will not be reimbursed through the tax sharing agreement for the utilization of the capital loss carryforward and this was a permanent difference in income recognition. The net impact was a decrease of our gross deferred tax asset of \$35 million, offset by a reduction in the valuation allowance of \$35 million, resulting in no net tax impact to the provision.

During the first and second quarters of 2015, we recognized subpart F income on our U.S. tax return from our investment in European Capital that resulted in a \$10 million tax provision, net of related changes in European Capital's deferred tax assets.

We recognized a provision of \$142 million in 2015 related to an increase in the valuation allowance against our net deferred tax assets. A significant portion of the increase is due to the change in judgment that it was not more likely than not that the company would be able to realize its deferred tax asset related to its investment in European Capital in its entirety.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Components of our tax provision (benefit) for the years ended December 31, 2015, 2014 and 2013 were as follows:

| | 2015 | 2014 | 2013 |
|--|--------|-------|-------|
| Current Tax (Benefit) Provision | | | |
| Federal | \$ (8) | \$ 7 | \$ 2 |
| State | 1 | | 1 |
| Total current tax (benefit) provision | (7) | 7 | 3 |
| Deferred Tax Provision | | | |
| Federal | 143 | 49 | 50 |
| State | 16 | 8 | |
| Total deferred tax provision | 159 | 57 | 50 |
| Total provision for income taxes | \$ 152 | \$ 64 | \$ 53 |

We identify our major tax jurisdictions as federal, New York and Maryland. The federal tax fiscal years ended September 30, 2012, 2013 and 2014 for American Capital remain subject to examination by the Internal Revenue Service ("IRS"). During the first quarter of 2014, we received notice from the IRS that their examination of the September 30, 2008 tax year was concluded and no changes to income or tax resulted.

We recognize tax benefits of uncertain tax positions only when the position is more likely than not to be sustained assuming examination by tax authorities. The following is a reconciliation of the beginning and ending balance of unrecognized tax benefits:

| | |
|---|-------|
| Unrecognized tax benefits January 1, 2015 | \$ 48 |
| Increase related to positions taken during the current year | |
| Unrecognized tax benefits December 31, 2015 | \$ 48 |

The unrecognized tax benefit has been presented as a reduction of an ordinary deferred tax asset for a net operating loss.

Note 12. Commitments and Contingencies

In the normal course of business, we enter into contractual agreements that facilitate transactions or provide general indemnifications against losses, costs, claims and liabilities arising from the performance of our obligations under such agreements. We have not had any claims nor made any payments pursuant to such agreements. We cannot estimate the maximum potential exposure under these arrangements as this would involve future claims that may be made against us that have not yet occurred. However, based on our experience, we expect the risk of any material loss to us to be remote.

We are a party to certain legal proceedings incidental to the normal course of our business, including the enforcement of our rights under contracts with our portfolio companies. While the outcome of these legal proceedings cannot at this time be predicted with certainty, we do not expect that these proceedings will have a material effect on our financial condition or results of operations.

Loan and Financing Agreements

As of December 31, 2015, we had commitments under loan and financing agreements to fund up to \$213 million to 28 portfolio companies. These commitments are primarily composed of working capital credit facilities, acquisition credit facilities and subscription agreements. The commitments are

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

generally subject to the borrowers meeting certain criteria such as compliance with covenants and availability under borrowing base thresholds. The terms of the borrowings and financings subject to commitment are comparable to the terms of other loan and equity securities in our portfolio. As of December 31, 2015, European Capital and its affiliates had a commitment of \$62 million to fund European Capital UK SME Debt LP and \$100 million to fund a European Capital debt fund ("ECAS debt fund"). In addition, as of December 31, 2015, ACAM had a commitment of \$125 million to American Capital Equity III, LP, which is to be funded by an equity investment from American Capital. See Note 14 to our audited consolidated financial statements included in this Annual Report on Form 10-K for further discussion of ACAM's American Capital Equity III, LP's commitment.

Non-Cancelable Operating Leases

We have non-cancelable operating leases for office space and office equipment. The leases expire over the next eleven years and contain provisions for certain annual rental escalations. Rent expense for operating leases for the years ended December 31, 2015, 2014 and 2013 was \$10 million, \$10 million and \$9 million, respectively.

Future minimum lease payments under non-cancelable operating leases as of December 31, 2015, net of any expected receipts under non-cancelable subleases, were as follows:

| | | |
|------------|----|-----|
| 2016 | \$ | 14 |
| 2017 | | 14 |
| 2018 | | 15 |
| 2019 | | 14 |
| 2020 | | 13 |
| Thereafter | | 56 |
| Total | \$ | 126 |

Total Return Swaps

ACTRS, a wholly-owned consolidated affiliate of American Capital, entered into TRS transactions with Citibank, N.A. (the "2012 TRS" and "2012 TRS II"). The TRS, which are non-recourse to American Capital, replicate the performance of reference pools of senior floating rate loans (each, a "Reference Pool"). The maximum amount of the loans that was included in the Reference Pool was \$400 million (determined at the time each such loan is added to the Reference Pool) and the maximum cash collateral requirement was \$100 million. As of December 31, 2014, ACTRS had provided \$100 million of cash collateral for the loans in the 2012 TRS and 2012 TRS II Reference Pools, which is recorded in the financial statement line item restricted cash and cash equivalents in our consolidated balance sheets. As of December 31, 2014, the loans in the Reference Pools for the 2012 TRS and the 2012 TRS II had a notional of approximately \$27 million. The 2012 TRS and 2012 TRS II matured in December 2014 and the posted cash collateral was returned to ACTRS in 2015.

Note 13. Significant Subsidiaries

We have determined that for the year ended December 31, 2015, or for the periods presented in our audited consolidated financial statements included in this Annual Report on Form 10-K, European Capital Limited, CML Pharmaceuticals, Inc., SEHAC Holding Corporation and WIS Holding Company, Inc. have met the conditions of a significant subsidiary under Rule 1-02(w) of Regulation S-X. Accordingly, pursuant to Rule 4-08(g) of Regulation S-X, aggregate financial information for the nine months ended September 30, 2014 and year ended December 31, 2013 for European Capital Limited and for the years ended December 31, 2015, 2014 and 2013 for

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

CML Pharmaceuticals, Inc., SEHAC Holding Corporation and WIS Holding Company, Inc. have been included as follows:

| | 2015 | 2014 | 2013 |
|----------------------------|--------|----------|----------|
| Current assets | \$ 179 | \$ 248 | \$ 307 |
| Noncurrent assets | \$ 720 | \$ 1,667 | \$ 1,947 |
| Current liabilities | \$ 148 | \$ 162 | \$ 133 |
| Noncurrent liabilities | \$ 589 | \$ 818 | \$ 861 |
| Redeemable preferred stock | \$ | \$ 222 | \$ 219 |
| Total revenue | \$ 926 | \$ 934 | \$ 829 |
| Total operating expenses | \$ 856 | \$ 853 | \$ 707 |
| Net operating income | \$ 70 | \$ 81 | \$ 122 |
| Net income | \$ 5 | \$ 22 | \$ 183 |

Note 14. Asset Sales

On August 5, 2015, we entered into a definitive agreement to sell certain CLO equity investments to American Capital CLO Fund I, LP ("ACAS CLO Fund I") for \$300 million. The purchase price was the aggregate fair value of the CLO equity investments as of June 30, 2015, subject to customary adjustments. The closing of the sale occurred on November 2, 2015. ACAS CLO Fund I is a \$450 million private investment fund, which invests primarily in equity tranches of CLOs. ACAS CLO Fund I is managed by a subsidiary of ACAM for customary management and incentive fees.

The ECAS debt fund is a private debt fund that closed during the second quarter of 2015 with €318 million of capital commitments, of which €165 million was committed by European Capital and its affiliates. The ECAS debt fund provides debt financing to mid-market companies in Europe, primarily through unitranche, second lien and mezzanine financing, with secondary purchases of senior loans on an opportunistic basis. During the fourth quarter of 2015, the ECAS debt fund had an additional closing of €69 million which increased the total capital commitments to €387 million. We anticipate a final closing by March 2016 to increase the investment capacity of the fund. The fund will have a three year investment period and a subsidiary of ACAM manages the ECAS debt fund for an annual management fee of 1.50% on deployed capital and up to a 15% carried interest, subject to certain hurdles. The ECAS debt fund will be dissolved on March 19, 2025, unless extended. In April 2015, European Capital sold €162 million (\$175 million) of investments at their approximate fair value in 9 portfolio companies to the ECAS debt fund. European Capital received €158 million (\$170 million) for the sale of these assets and recognized a realized loss of €4 million (\$5 million). As of December 31, 2015, European Capital's investment in the ECAS debt fund had a cost basis and fair value of \$81 million and \$85 million, respectively. As of December 31, 2015, European Capital had an unfunded commitment of €91 million (\$100 million) to the ECAS debt fund.

On April 28, 2014, we completed a \$1.1 billion private placement of partnership interests in American Capital Equity III, LP ("ACE III" or "the Fund"), a new private equity fund focused on investing in U.S. companies in the lower middle market. Concurrent with the private placement, we entered into a Contribution and Redemption Agreement with the Fund pursuant to which we agreed to contribute 100% of our equity and equity-related investments in seven portfolio companies (Affordable Care Holding Corp., Avalon Laboratories Holding Corp., CIBT Investment Holdings, LLC, FAMS Acquisition, Inc., Mirion Technologies, Inc., PHI Acquisitions, Inc. and SMG Holdings, Inc.) to the Fund and to provide the Fund with an option to acquire our equity investment in WRH, Inc. (the "Equity Option"), in exchange for partnership interests in the Fund. Collectively, the eight portfolio companies (including WRH, Inc., assuming the Equity Option is exercised) comprise the Secondary Portfolio for ACE III. On April 1, 2015, the Equity Option was exercised by the Fund for the exercise price of \$24 million. For the three months ended June 30, 2015, we recognized a realized loss of

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

\$225 million on our WRH, Inc. equity investment offset by a (i) \$115 million reversal of unrealized depreciation on the investment, (ii) \$65 million reversal of unrealized depreciation on the Equity Option derivative and (iii) \$45 million realized gain on the Equity Option. The Fund's aggregate \$1.1 billion capital commitment includes a commitment of \$200 million from ACAM for Primary Investments, of which \$125 million was undrawn as of December 31, 2015.

Note 15. Related Party Transactions

As a BDC, we are required by law to make available significant managerial assistance to our eligible portfolio companies. Such assistance typically involves providing guidance and counsel concerning the management, operations and business objectives and policies of the portfolio company to its management and board of directors, including participating on the company's board of directors. We have an operations team with significant turnaround and bankruptcy experience that assists our investment professionals in providing intensive operational and managerial assistance to our portfolio companies that require such assistance. As of December 31, 2015, we had board seats on 38 companies in our investment portfolio. Providing assistance to the companies in our investment portfolio serves as an opportunity for us to maximize their value.

The following table shows the operating revenue from our control investments, as defined under the 1940 Act, for the years ended December 31, 2015, 2014 and 2013:

| | 2015 | 2014 | 2013 |
|--|--------|--------|--------|
| Operating Revenue Control Investments | | | |
| Interest and dividend income | \$ 288 | \$ 263 | \$ 221 |
| Fee income | \$ 49 | \$ 42 | \$ 52 |

American Capital Asset Management

Our fund management business is conducted through ACAM. In general, ACAM provides investment management services through consolidated subsidiaries that enter into management agreements with each of its managed funds. In addition, American Capital or ACAM may invest directly into these funds and earn investment income from its investments in those funds. Under the management agreements, ACAM's responsibilities include, but are not limited to, sourcing, analyzing and executing investments and asset sales, delivering financial and compliance reports to investors in the funds under management, administering the daily business and affairs of the funds under management and performing other asset management duties. We have entered into service agreements with ACAM to provide it with additional asset management and administrative services support. Through these agreements, we provide investment advisory and oversight services to ACAM, as well as access to our employees, infrastructure, business relationships, management expertise and capital raising capabilities. During the years ended December 31, 2015, 2014 and 2013, we recognized operating revenues from our investment in ACAM of \$152 million, \$111 million and \$133 million, respectively.

European Capital

As discussed in Note 2 to these consolidated financial statements, we consolidated our investment in European Capital effective October 1, 2014. ACAM, through its subsidiary, ECAM, acts as the investment manager to European Capital. Under ACAM's investment management agreement with European Capital, ACAM is entitled to receive an annual management fee of 2% of the weighted average monthly consolidated gross asset value of all the investments at fair value of European Capital, an incentive fee equal to 100% of the net earnings in excess of a return of 8% but less than a return of 10%, and 20% of the net earnings thereafter. The investment management agreement with European Capital was amended to waive the incentive fee for 2011, 2012, 2013 and 2014. During the first quarter of 2015, the investment management agreement with European Capital was amended to cancel the

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

incentive fee for 2015 and going forward. The management fee charged by ACAM was \$13 million for the year ended December 31, 2015 and \$5 million for the quarter ended December 31, 2014, which is included in our consolidated statements of operations.

As discussed in Note 6 to these consolidated financial statements, European Capital has issued Redeemable Preferred Shares to employees of ECAM as part of long term employee incentive plans. These shares are redeemable by European Capital based on the aggregate returns on investments made after January 1, 2012 and are treated as mandatorily redeemable preferred stock in our consolidated balance sheets in accordance with FASB ASC Topic 480, *Distinguishing Liabilities from Equity*. The fair value of the Redeemable Preferred Shares as of December 31, 2015 and 2014 was \$34 million and \$82 million, respectively, which is included in other liabilities in our consolidated balance sheets. For the year ended December 31, 2015, Redeemable Preferred Shares were redeemed and European Capital realized a loss of \$46 million offset by a reversal of unrealized depreciation of \$46 million, which is included in net realized (loss) gain and net unrealized appreciation in our consolidated statements of operations.

American Capital Equity I, LLC and American Capital Equity II, LP

On June 30, 2015, we entered into stock purchase agreements with American Capital Equity I, LLC and American Capital Equity II, LP under which we acquired secondary and add-on investments in 24 portfolio companies for an aggregate purchase price of \$145 million. The initial purchase price for such investments was based on the fair value of the investments as of March 31, 2015, but is potentially subject to increase on June 30, 2016 as a result of certain post-closing adjustments. For the year ended December 31, 2015, we recorded \$31 million of net unrealized depreciation after our acquisition of these investments, which is included in net unrealized appreciation in our consolidated statements of operations.

Note 16. Selected Quarterly Data (Unaudited)

The following tables present our quarterly financial information for the fiscal years ended December 31, 2015 and 2014:

| | Three Months Ended | | | | Year Ended |
|---|--------------------|------------------|-----------------------|----------------------|----------------------|

(1) Certain of the securities are issued by affiliate(s) of the listed portfolio company.

(2) Represents the total amount of interest or dividends credited to income for the portion of the year an investment was included in Control or Affiliate categories. Includes payment-in-kind ("PIK") interest or dividends.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (3) Other includes interest, dividend, or other income which was applied to the cost basis of the investment and therefore reduced the total investment. These reductions are also included in the Gross Reductions for the investments, as applicable.
- (4) Gross Additions include increases in the cost basis of investments resulting from new portfolio investments, PIK interest or dividends, the amortization of discounts and closing fees and the exchange of one or more existing securities for one or more new securities. Gross Additions also include net increases in unrealized appreciation or net decreases in unrealized depreciation as well as allowances for discounts, closing fees, and PIK interest or dividends accrued during the year.
- (5) Gross Reductions include decreases in the cost basis of investments resulting from principal repayments or sales and the exchange of one or more existing securities for one or more new securities. Gross Reductions also include net increases in unrealized depreciation or net decreases in unrealized appreciation as well as allowances for PIK interest and dividends recognized in prior periods.
- (6) As of December 31, 2014, the portfolio company was classified as a Control Investment. As of December 31, 2015, European Capital no longer has a controlling interest in the portfolio company and is therefore classified as a Non-Control Investment.
- (7) As of December 31, 2014, the portfolio company was classified as a Non-Control Investment. As of December 31, 2015, European Capital now has more than 25% voting interest or has greater than 50% representation of the board of directors of the portfolio company and is therefore classified as a Control Investment.
- (8) As of December 31, 2014, the portfolio company was classified as a Non-Control Investment. As of December 31, 2015, American Capital now has between 5% and 25% of the voting interest of the portfolio company and is therefore classified as an Affiliate Investment.
- (9) The portfolio company, which had zero cost basis and fair value as of December 31, 2014 and December 31, 2015, accrued and collected PIK dividends and recognized income for the PIK dividends collected.
- (10) The portfolio company, which was classified as an Affiliate Investment, was exited as of December 31, 2014. During the year ended December 31, 2015, American Capital collected additional PIK dividends and recognized income in excess of the amount accrued at the time of exit.
- (11) As of December 31, 2014, the portfolio company was classified as an Affiliate Investment. As of December 31, 2015, European Capital no longer has a controlling interest in the portfolio company and is therefore classified as a Non-Control Investment.

**

Information related to the amount of equity in the net profit and loss for the period for the investments listed has not been included in this schedule. This information is not considered to be meaningful due to the complex capital structures of the portfolio companies, with different classes of equity securities outstanding with different preferences in liquidation. These investments are not consolidated, nor are they accounted for under the equity method of accounting.

CONSOLIDATED FINANCIAL HIGHLIGHTS

(unaudited)

(in millions, except per share data)

| | Six Months Ended June 30, | |
|--|------------------------------|----------|
| | 2016 | 2015 |
| Per Share Data | | |
| Net asset value at beginning of the period | \$ 19.88 | \$ 20.50 |
| Net operating income(1) | 0.53 | 0.43 |
| Net realized gain (loss), net of tax(1) | 0.46 | (1.61) |
| Net unrealized (depreciation) appreciation, net of tax(1) | (0.87) | 1.46 |
| Net earnings(1) | 0.12 | 0.28 |
| Issuance of common stock from stock compensation plans | (0.06) | (0.35) |
| Repurchase of common stock | 0.82 | 0.14 |
| Cumulative translation adjustment, net of tax | 0.01 | (0.29) |
| Other, net(2) | | 0.07 |
| Net asset value at end of period | \$ 20.77 | \$ 20.35 |
| Ratio/Supplemental Data | | |
| Per share market value at end of period | \$ 15.83 | \$ 13.55 |
| Total investment return (loss)(3) | 14.79% | (7.26)% |
| Shares of common stock outstanding at end of period | 212.7 | 268.1 |
| Net assets at end of period | \$ 4,418 | \$ 5,456 |
| Average net assets(4) | \$ 4,573 | \$ 5,451 |
| Average debt outstanding(5) | \$ 938 | \$ 2,025 |
| Average debt outstanding per common share(1) | \$ 4.15 | \$ 7.45 |
| Portfolio turnover rate(6) | 13.62% | 25.31% |
| Ratio of operating expenses to average net assets(6) | 6.11% | 5.44% |
| Ratio of operating expenses, net of interest expense, to average net assets(6) | 4.79% | 4.07% |
| Ratio of interest expense to average net assets(6) | 1.32% | 1.37% |
| Ratio of net operating income to average net assets(6) | 5.28% | 4.33% |

(1) Weighted average basic per share data.

(2) Represents the impact of (i) the other components in the changes in net assets, including other capital transactions such as the purchase of common stock held in deferred compensation trusts, stock-based compensation, income tax deductions related to the exercise of stock options and distribution of stock awards in excess of U.S. GAAP expense credited to additional paid-in capital and (ii) the different share amounts used in calculating per share data as a result of calculating certain per share data based upon the weighted average basic shares outstanding during the period and certain per share data based on the shares outstanding as of a period end.

(3) Total investment return is based on the change in the market value of our common stock taking into account dividends, if any, reinvested in accordance with the terms of our dividend reinvestment plan. The total investment return has not been annualized.

(4)

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Based on the quarterly average of net assets as of the beginning and end of each period presented.

- (5) Based on a daily weighted average balance of debt outstanding, excluding deferred financing costs and discounts, during the period.
- (6) Ratios are annualized.

See accompanying notes.

(1) Certain of the securities are issued by affiliate(s) of the listed portfolio company.

(2) Interest rates represent the weighted average annual stated interest rate on loans and debt securities in effect on the date presented, which are presented by the nature of indebtedness by a single issuer. Some loans and debt securities bear interest at variable rates, primarily the three-month London Interbank Offered Rate ("LIBOR"), with interest rate floors. Payment-in-kind interest ("PIK") represents contractually deferred interest that is typically compounded into the principal balance of the loan or debt security, if not paid on a current basis. PIK interest may be prepaid by the portfolio company's election, but generally is paid upon a change of control transaction or maturity. The maturity date represents the latest date in which the loan or debt security is scheduled to terminate. The expiration date represents the date the warrants expire.

(3) Included in cash and cash equivalents and restricted cash and cash equivalents on our consolidated balance sheets.

(4) Some or all of the securities are non-income producing.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (5) Loan is on non-accrual status and therefore considered non-income producing.
- (6) All or a portion of the investments or instruments are pledged as collateral under various secured financing arrangements.
- (7) Investments that are not "qualifying assets" under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of June 30, 2016, non-qualifying assets were approximately \$1.0 billion, or 23% of net assets.

- (1) Certain of the securities are issued by affiliate(s) of the listed portfolio company.
- (2) Interest rates represent the weighted average annual stated interest rate on loans and debt securities in effect on the date presented, which are presented by the nature of indebtedness by a single issuer. Some loans and debt securities bear interest at variable rates, primarily the three-month LIBOR, with interest rate floors. PIK represents contractually deferred interest that is typically compounded into the principal balance of the loan or debt security, if not paid on a current basis. PIK interest may be prepaid by the portfolio company's election, but generally is paid upon a change of control transaction or maturity. The maturity date represents the latest date in which the loan or debt security is scheduled to terminate. The expiration date represents the date the warrants expire.
- (3) Included in cash and cash equivalents and restricted cash and cash equivalents on our consolidated balance sheets.
- (4) Some or all of the securities are non-income producing.
- (5) Loan is on non-accrual status and therefore considered non-income producing.
- (6) All or a portion of the investments or instruments are pledged as collateral under various secured financing arrangements.
- (7) Investments that are not "qualifying assets" under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of December 31, 2015, non-qualifying assets were approximately \$1.2 billion, or 25% of net assets.

AMERICAN CAPITAL, LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

(in millions, except per share data)

Note 1. Unaudited Interim Consolidated Financial Statements

Interim consolidated financial statements of American Capital, Ltd. (which is referred to throughout this report as "American Capital", "we", "us" and "our") are prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Article 10 of Regulation S-X. Accordingly, certain disclosures accompanying annual financial statements prepared in accordance with U.S. GAAP are omitted. In the opinion of management, all adjustments, consisting solely of normal recurring accruals, necessary for the fair presentation of financial statements for the interim periods have been included. The current period's consolidated results of operations are not necessarily indicative of results that ultimately may be achieved for the year. The unaudited interim consolidated financial statements and notes thereto should be read in conjunction with our consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2015, and our Quarterly Report on Form 10-Q for the quarter ended March 31, 2016, as filed with the Securities and Exchange Commission ("SEC").

Reclassifications

We have reclassified certain prior period amounts in our consolidated financial statements to conform to our current period presentation.

Upon the adoption of Accounting Standards Update ("ASU") No. 2015-03, *Interest Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs* ("ASU 2015-03") effective January 1, 2016, debt issuance costs associated with our borrowings, other than our revolving credit facilities, were reclassified as a direct deduction from the carrying amount of the related borrowing. In accordance with ASU No. 2015-15, *Interest Imputation of Interest (Subtopic 835-30): Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements Amendments to SEC Paragraphs Pursuant to Staff Announcement at June 18, 2015 EITF Meeting*, debt issuance costs associated with our revolving credit facilities remain classified as an asset, regardless of whether there are any outstanding borrowings on the facility. Pursuant to ASU 2015-03, we have reclassified unamortized debt issuance costs associated with our borrowings, excluding our revolving facilities, in our previously reported consolidated balance sheets as of December 31, 2015 as follows:

| | As Presented, December 31, 2015 | Reclassifications | As Adjusted, December 31, 2015 |
|-------------------|------------------------------------|-------------------|-----------------------------------|
| Other assets | \$ 98 | \$ (4) | \$ 94 |
| Total assets | \$ 6,244 | \$ (4) | \$ 6,240 |
| Debt | \$ 1,257 | \$ (4) | \$ 1,253 |
| Total liabilities | \$ 1,422 | \$ (4) | \$ 1,418 |

Reclassifications had no impact on prior periods' net earnings or shareholders' equity.

Consolidation

Under the investment company rules and regulations pursuant to Article 6 of Regulation S-X, the SEC's Division of Investment Management's consolidation guidance in IM Guidance Update No. 2014-11 issued in October 2014 and Financial Accounting Standards Board ("FASB") Accounting

Standards Codification ("ASC") Topic 946, *Financial Services Investment Companies* ("ASC 946"), we are precluded from consolidating any entity other than another investment company that acts as an extension of our investment operations and facilitates the execution of our investment strategy. An exception to this guidance occurs if we have an investment in a controlled operating company that provides substantially all of its services to us.

We currently consolidate ACAS Funding I, LLC and ACAS Funding II, LLC, which are wholly-owned special purpose financing vehicles that were formed for the purpose of purchasing Senior Floating Rate Loans under a \$1.25 billion secured revolving credit facility and \$500 million secured revolving credit facility, respectively. As of June 30, 2016, ACAS Funding I, LLC and ACAS Funding II, LLC did not have any other operations or activities. As of December 31, 2015, we also consolidated American Capital TRS, LLC ("ACTRS"), which is a wholly-owned entity that has entered into non-recourse total return swaps ("TRS") with Citibank, N.A. As of December 31, 2015, ACTRS did not have any other operations or activities. The TRS is accounted for as a derivative pursuant to FASB ASC Topic 815, *Derivatives and Hedging*.

Our consolidated financial statements also include the accounts of European Capital Limited ("European Capital"), which is a wholly-owned investment company that, effective October 1, 2014, acts as an extension of our investment operations and facilitates the execution of our investment strategy. In addition, our consolidated financial statements include the accounts of AC Corporate Holdings, Inc. ("ACCH") and ACE Acquisition Holdings, LLC ("ACE Acquisition"), which are wholly-owned entities that have purchased certain investment securities on behalf of American Capital. As of June 30, 2016, European Capital, ACCH and ACE Acquisition did not have any other operations or activities and were considered to be investment companies under ASC 946, as amended by ASU No. 2013-08, *Financial Services Investment Companies (Topic 946): Amendments to the Scope, Measurement and Disclosure Requirements*.

Note 2. Organization

We are a non-diversified closed end investment company that has elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940, as amended ("1940 Act"). As a BDC, we have invested primarily in senior and mezzanine debt and equity in buyouts of private companies sponsored by us ("American Capital One Stop Buyouts®") or sponsored by other private equity funds and have provided capital directly to early stage and mature private and small public companies ("Sponsor Finance and Other Investments"). We also have invested in structured finance investments ("Structured Products"), including collateralized loan obligation ("CLO") securities. Our primary business objectives have been to increase our net earnings and net asset value ("NAV") by making investments with attractive current yields and/or potential for equity appreciation and realized gains.

Through our tax years ended September 30, 1998 through September 30, 2010, we qualified to be taxed as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). Effective with our tax year ended September 30, 2011, we did not qualify to be taxed as a RIC and became subject to taxation as a corporation under Subchapter C of the Code (a "Subchapter C corporation"). This change in tax status does not affect our status as a BDC under the 1940 Act or our compliance with the portfolio composition requirements of that statute.

Note 3. New Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)* ("ASU 2016-02"), which amends and conforms the guidance on the recognition of assets and liabilities that arise from operating and finance leases. Under ASU 2016-02, all leases create an asset and a liability for the lessee that

should be recognized in the statement of financial position as a liability to make lease payments (the lease liability), initially measured at the present value of the lease payments, and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. ASU 2016-02 also provides clarifying guidance on optional lease payments and variable lease payments as well as the income statement and cash flow presentation of operating and finance leases. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. Early adoption is permitted. We do not believe the adoption of ASU 2016-02 will have a material impact on our consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-06, *Derivatives and Hedging (Topic 815): Contingent Put and Call Options in Debt Instruments (a consensus of the Emerging Issues Task Force)* ("ASU 2016-06"), which clarifies the requirements for assessing whether contingent call (put) options that can accelerate the payment of principal on debt instruments are clearly and closely related to their debt hosts and requires that an entity assess the embedded call (put) options solely in accordance with the four-step decision sequence in ASC 815. ASU 2016-06 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted, including adoption in an interim period. We do not believe the adoption of ASU 2016-06 will have a material impact on our consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, *Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting* ("ASU 2016-09"), which is intended to improve the accounting for share-based payments and affects all organizations that issue share-based payment awards to their employees. ASU 2016-09 primarily simplifies the accounting for and classification of, income taxes related to share-based payment awards, including the impact of income taxes withheld on the classification of awards as equity or liabilities and the classification of income taxes on the statement of cash flows. ASU 2016-09 also permits an entity to elect a forfeiture rate assumption based on the estimated number of awards expected to vest or to account for forfeitures when they occur. ASU 2016-09 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted, including adoption in an interim period. We elected to early adopt ASU 2016-09 effective January 1, 2016. The provisions of ASU 2019-06 should be adopted on a modified retrospective, retrospective or prospective basis, depending on the provision. As a result of the early adoption on January 1, 2016, we recognized a deferred tax asset associated with excess tax benefits and a corresponding cumulative effect adjustment to our shareholders' equity of \$16 million on our consolidated balance sheets.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments* ("ASU 2016-13"), which amends the financial instruments impairment guidance so that an entity is required to measure expected credit losses for financial assets based on historical experience, current conditions and reasonable and supportable forecasts. As such, an entity will use forward-looking information to estimate credit losses. ASU 2016-13 also amends the guidance in FASB ASC Subtopic No. 325-40, *Investments - Other, Beneficial Interests in Securitized Financial Assets*, related to the subsequent measurement of accretible yield recognized as interest income over the life of a beneficial interest in securitized financial assets under the effective yield method. ASU 2016-13 is effective for public business entities that meet the U.S. GAAP definition of an SEC filer, for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact of ASU 2016-13 on the recognition of interest income on our investments in Structured Products.

Note 4. Investments

Our investments consist of loans and securities issued by public and privately-held companies, including senior debt, mezzanine debt, equity warrants and preferred and common equity securities. We also invest in Structured Products, which includes CLO securities.

We fair value our investments in accordance with the 1940 Act and FASB ASC Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820") as determined in good faith by our Board of Directors. We undertake a multi-step valuation process each quarter to determine the fair value of our investments in accordance with ASC 820. The quarterly valuation process begins with the development of a preliminary valuation recommendation for each investment by our Financial Advisory and Consulting Team ("FACT"), which is composed of valuation and audit professionals responsible for monitoring portfolio compliance and valuations. In preparing the preliminary valuation recommendations, FACT receives assistance from our investment professionals that both originated and monitor the investment as well as assistance from other departments including operations, accounting and legal. The preliminary valuation recommendations are reviewed by senior management and then presented to our Audit, Compliance and Valuation Committee for review and approval. Subsequent to the approval from our Audit, Compliance and Valuation Committee, the valuation recommendations are sent to our Board of Directors for final approval.

When available, we base the fair value of our investments that trade in active markets on directly observable market prices or on market data derived for comparable assets. For restricted securities of companies that are publicly traded, the value is based on the closing market quote on the valuation date less a discount for the restriction. For all other investments, inputs used to measure fair value reflect management's best estimate of assumptions that would be used by market participants in pricing the investment in a hypothetical transaction. For these investments, we estimate the fair value of our senior debt, mezzanine debt, redeemable and convertible preferred equity, common equity and equity warrants using either an enterprise value waterfall methodology, which generally combines market and income approaches, or a market yield valuation methodology, which utilizes the income approach. We estimate the fair value of our Structured Products using the market and income approaches, third-party broker quotes and counterparty marks.

ASC 820 provides a framework for measuring the fair value of assets and liabilities and provides guidance regarding a fair value hierarchy, which prioritizes information used to measure fair value and the effect of fair value measurements on earnings. Due to the uncertainty inherent in the valuation process, estimates of fair value may differ significantly from the values that would have been used had a ready market for our investments existed, and the differences could be material. Additionally, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the valuations currently assigned.

ASC 820 defines fair value in terms of the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The price used to measure the fair value is not adjusted for transaction costs while the cost basis of our investments may include initial transaction costs. Under ASC 820, the fair value measurement also assumes that the transaction to sell an asset occurs in the principal market for the asset or, in the absence of a principal market, the most advantageous market for the asset. The principal market for an asset is the market in which the reporting entity would sell or transfer the asset with the greatest volume and level of activity for the asset. In determining the principal market for an asset under ASC 820, it is assumed that the reporting entity has access to the market as of the measurement date. If no market for the asset exists or if the reporting entity does not have access to the principal market, the reporting entity should use a hypothetical market.

The principal market in which we would sell our Senior Floating Rate Loans and certain of our non-controlled Sponsor Finance debt investments is an active over-the-counter secondary market. For our other debt and equity investments, there is no active market and we are generally repaid our debt investment or sell our equity investment upon a change of control transaction such as through the mergers and acquisitions ("M&A") market. Accordingly, the market in which we would sell certain of our non-controlled debt and all of our equity investments is the M&A market. However, under ASC 820, we have identified the M&A market as the principal market for our investments in these portfolio companies only if we have the ability to control the decision to sell the portfolio company as of the measurement date. We determine whether we have the ability to control the decision to sell a portfolio company based on our ability to control or gain control of the board of directors of the portfolio company as of the measurement date and rights within the shareholders agreement. In evaluating if we can control or gain control of a portfolio company as of the measurement date, we include our equity securities and those securities held by entities managed by our wholly-owned portfolio company, American Capital Asset Management, LLC ("ACAM"), on a fully diluted basis. For investments in portfolio companies for which we do not have the ability to control or gain control as of the measurement date and for which there is no active market, the principal market under ASC 820 is a hypothetical secondary market.

Accordingly, we use the M&A market as the principal market for our investments in portfolio companies that we control or can gain control as of the measurement date, and we use a hypothetical secondary market for our investments in portfolio companies that we do not control or cannot gain control as of the measurement date. However, to the extent that an active market exists for such investments, we will consider that as the principal market. Our valuation policy considers the fact that no ready active market exists for a significant amount of our investments and that the fair value for our investments must typically be determined using unobservable inputs.

Enterprise Value Waterfall Methodology

For investments in portfolio companies that we have identified the M&A market as the principal market, we estimate the fair value based on the enterprise value waterfall ("Enterprise Value Waterfall") valuation methodology. For minority equity securities in which the principal market is the hypothetical secondary market, we also estimate the fair value using the Enterprise Value Waterfall valuation methodology.

Under the Enterprise Value Waterfall valuation methodology, we estimate the enterprise value of a portfolio company and then waterfall the enterprise value over the portfolio company's securities in order of their preference relative to one another. In applying the Enterprise Value Waterfall valuation methodology, we consider that in a change of control transaction, our loans are generally required to be repaid at par and that a buyer cannot assume the loan.

To estimate the enterprise value of the portfolio company, we prepare an analysis of traditional valuation methodologies including valuations of comparable public companies, recent sales of private and public comparable companies, discounting the forecasted cash flows of the portfolio company, estimating the liquidation or collateral value of the portfolio company's assets, third-party valuations of the portfolio company, offers from third-parties to buy the portfolio company and considering the value of recent third-party investments in the equity securities of the portfolio company. Significant inputs in these valuation methodologies to estimate enterprise value include the historical or projected operating results of the portfolio company, selection of comparable companies, discounts or premiums to the prices of comparable companies and discount rates applied to the forecasted cash flows. The operating results of a portfolio company may be unaudited, projected or pro forma financial information and may require adjustments for non-recurring items or to normalize the operating results that may require significant judgment in its determination. In addition, projecting future financial results requires significant judgment regarding future growth assumptions. In evaluating the operating results, we also

analyze the impact of exposure to litigation, loss of customers or other contingencies. The selection of a population of comparable companies requires significant judgment, including a qualitative and quantitative analysis of the comparability of the companies. In determining a discount or premium, if any, to prices of comparable companies, we use significant judgment for factors such as size, marketability, relative performance, and for portfolio companies in which we control, a control premium to the market price of comparable public companies. In determining a discount rate to apply to forecasted cash flows, we use significant judgment in the development of an appropriate discount rate including the evaluation of an appropriate risk premium.

In valuing convertible debt, equity or other similar securities, we value our investment based on its priority in the waterfall and based on our pro rata share of the residual equity value available after deducting all outstanding debt from the estimated enterprise value. We value non-convertible debt at the face amount of the debt to the extent that the estimated enterprise value of the portfolio company exceeds the outstanding debt of the portfolio company. If the estimated enterprise value is less than the outstanding debt of the portfolio company, we reduce the fair value of our debt investment beginning with the junior most debt such that the enterprise value less the fair value of the outstanding debt is zero.

Market Yield Valuation Methodology

For debt and redeemable preferred equity investments in portfolio companies for which we are required to identify a hypothetical secondary market as the principal market, we estimate the fair value based on the assumptions that we believe hypothetical market participants would use to value the investment in a current hypothetical sale using a market yield ("Market Yield") valuation methodology.

For debt and redeemable preferred equity investments of our investment portfolio for which we do not control or cannot gain control as of the measurement date and no active market exists, we estimate the fair value based on such factors as third-party broker quotes and our own assumptions in the absence of market observable data, including estimated remaining life, current market yield and interest rate spreads of similar loans and securities as of the measurement date. We weight the use of third-party broker quotes, if any, in determining fair value based on our understanding of the level of actual transactions used by the broker to develop the quote and whether the quote was an indicative price or binding offer. We estimate the remaining life based on market data of the average life of similar loans. However, if we have information available to us that the loan is expected to be repaid in the near term, we would use an estimated remaining life based on the expected repayment date, including considering the current maturity date of the loan. The average life used to estimate the fair value of our loans may be shorter than the legal maturity of the loans since our loans have historically been prepaid prior to the maturity date. The current interest rate spreads used to estimate the fair value of our loans is based on the current interest rate spreads on similar loans. We use significant judgment in determining the estimated remaining life as well as the current market yield and interest rate spreads. If there is a significant deterioration of the credit quality of a loan, we may consider other factors that a hypothetical market participant would use to estimate fair value, including the proceeds that would be received in a liquidation analysis.

We fair value our investments in Structured Products based on such factors as third-party broker quotes, counterparty marks, purchases or sales of the same or similar securities, and our cash flow forecasts. Cash flow forecasts are subject to assumptions a market participant would use regarding the investments' underlying collateral including, but not limited to, assumptions of default and recovery rates, reinvestment spreads and prepayment rates. Cash flow forecasts are discounted using a market participant's market yield assumptions that are derived from multiple sources including, but not limited to, third-party broker quotes, industry research reports and transactions of securities and indices with similar structure and risk characteristics. We weight the use of third-party broker quotes or

counterparty marks, if any, in determining fair value based on the correlation of changes in third-party broker quotes with underlying performance and other market indices.

Third-party Vendor Pricing

For debt investments that trade in an active market or that have similar assets that trade in an active market, we estimate the fair value based on evaluated prices from a nationally recognized, independent pricing service or from third-party brokers who make markets in such debt instruments. When possible, we make inquiries of third-party pricing sources to understand their use of significant inputs and assumptions. We review the price provided by the third-party pricing service and perform procedures to validate their reasonableness, including a review and analysis of executable broker quote(s), range and dispersion of third-party estimates, frequency of pricing updates, yields of similar securities or other qualitative and quantitative information. If the prices provided by the pricing service are consistent with such information, we will generally use the price provided by the pricing service as fair value.

Investments in Investment Funds

For an investment in an investment fund that does not have a readily determinable fair value, we measure the fair value of our investment predominately based on the NAV per share of the investment fund if the NAV of the investment fund is calculated in a manner consistent with the measurement principles of ASC 946 as of the measurement date, including measurement of all or substantially all of the underlying investments of the investee in accordance with ASC 820. However, in determining the fair value of our investment, we may make adjustments to the NAV per share in certain circumstances, based on our analysis of any restrictions on redemption of our shares of our investment as of the measurement date, any restrictions on the ability to receive dividends, comparisons of market price to NAV per share of comparable publicly traded funds and trades or sales of comparable private and publicly traded funds, recent actual sales or redemptions of shares of the investment fund, public to private liquidity discounts, expected future cash flows available to equity holders including the rate of return on those cash flows compared to an implied market return on equity required by market participants, or other uncertainties surrounding our ability to realize the full NAV of the investment fund.

Partnership Interests

For an investment in a partnership, we measure the fair value of our investment based on the NAV per share of the partnership or its equivalent as a practical expedient to measure an alternative investment at fair value consistent with the measurement principles of ASC 820, as amended by ASU No. 2009-12, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. We make this election on an investment-by-investment basis and apply consistently to our entire position in the investment, unless it is probable at the measurement date that we will sell all or a portion of our investment at an amount other than NAV per share.

For the three months ended June 30, 2016, there were no changes to our valuation techniques or to the types of unobservable inputs used in the valuation process compared to the year ended December 31, 2015. The levels of fair value inputs used to measure our investments are characterized in accordance with the fair value hierarchy established by ASC 820. Where inputs for an asset or liability fall in more than one level in the fair value hierarchy, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement. We use judgment and consider factors specific to the investment in determining the significance of an input to a fair value measurement. Our policy is to recognize transfers in and out of levels as of the beginning

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

of each reporting period. The three levels of the fair value hierarchy and investments that fall into each of the levels are described below:

Level 1: Level 1 inputs are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Level 2 inputs are inputs, other than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly.

Level 3: Level 3 inputs are unobservable and cannot be corroborated by observable market data.

The following fair value hierarchy tables set forth our assets and liabilities that are measured at fair value on a recurring basis by level as of June 30, 2016 and December 31, 2015:

| June 30, 2016 | | | | |
|--|---------|---------|----------|----------|
| | Level 1 | Level 2 | Level 3 | Total |
| First Lien Senior Debt | \$ | \$ | \$ 746 | \$ 746 |
| Second Lien Senior Debt | | 375 | 637 | 1,012 |
| Mezzanine Debt | | | 418 | 418 |
| Preferred Equity | | | 173 | 173 |
| Common Equity | | | 1,227 | 1,227 |
| Structured Products | | | 359 | 359 |
| Investments measured at NAV(1) | | | | 127 |
| Investments at Fair Value | | 375 | 3,560 | 4,062 |
| Other Assets | | | 41 | 41 |
| Long Term Incentive Plan Liability | | | (32) | (32) |
| Other Assets and Liabilities at Fair Value | | | 9 | 9 |
| Total | \$ | \$ 375 | \$ 3,569 | \$ 4,071 |

| December 31, 2015 | | | | |
|--|---------|---------|---------|--------|
| | Level 1 | Level 2 | Level 3 | Total |
| First Lien Senior Debt | \$ | \$ 57 | \$ 863 | \$ 920 |
| Second Lien Senior Debt | | 445 | 490 | 935 |
| Mezzanine Debt | | | 604 | 604 |
| Preferred Equity | | | 606 | 606 |
| Common Equity | | | 1,405 | 1,405 |
| Structured Products | | | 418 | 418 |
| Investments measured at NAV(1) | | | | 110 |
| Investments at Fair Value | | 502 | 4,386 | 4,998 |
| Other Assets | | | 31 | 31 |
| Derivative Agreements | | (5) | | (5) |
| Long Term Incentive Plan Liability | | | (34) | (34) |
| Other Assets and Liabilities at Fair Value | | (5) | (3) | (8) |

| | | | | | | | |
|-------|----|----|-----|----|-------|----|-------|
| Total | \$ | \$ | 497 | \$ | 4,383 | \$ | 4,990 |
|-------|----|----|-----|----|-------|----|-------|

(1)

In accordance with ASU No. 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The

F-322

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in our consolidated balance sheets.

The following tables set forth the summary of changes in the fair value of investment assets and liabilities measured using Level 3 inputs for the three months ended June 30, 2016 and 2015:

| | Senior Debt | Mezzanine Debt | Preferred Equity | Common Equity | Structured Products | Other Assets | Long Term Incentive Plan Liability | Total |
|--|-------------|----------------|------------------|---------------|---------------------|--------------|------------------------------------|----------|
| Balances, April 1, 2016 | \$ 1,332 | \$ 513 | \$ 649 | \$ 1,325 | \$ 349 | \$ 21 | \$ (27) | \$ 4,162 |
| Net realized gain (loss)(1) | 14 | (12) | 200 | (17) | 3 | | | 188 |
| Reversal of prior period net (appreciation) depreciation upon realization(2) | (16) | 7 | (185) | 13 | | (2) | | (183) |
| Net unrealized appreciation (depreciation)(2)(3) | 15 | 32 | (26) | (30) | 20 | | (6) | 5 |

| Transfers out of Level 3(7) | (3) | | | | | | | | (3) |
| Balances, June 30, 2015 | \$ 1,029 | \$ 625 | \$ 644 | \$ 1,503 | \$ 726 | \$ 32 | \$ (29) | \$ | \$ 4,530 |

(1) Included in net realized gain (loss) in our consolidated statements of operations. Excludes gain (loss) on realized foreign currency transactions on American Capital other assets and liabilities that are denominated in a foreign currency and any tax benefit. Also, excludes realized loss from other assets and liabilities not measured at fair value.

(2) Included in net unrealized (depreciation) appreciation in our consolidated statements of operations.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (3) Excludes unrealized appreciation (depreciation) related to foreign currency translation for American Capital other assets and liabilities not measured at fair value that are denominated in a foreign currency.
- (4) Includes increases in the cost basis of investments resulting from new and add-on portfolio investments, the accrual or allowance of PIK interest or cumulative dividends and the amortization of discounts, premiums and closing fees.
- (5) Includes the proceeds from equity investments, collection of cumulative dividends, loan syndications and loan sales.
- (6) Includes principal repayments on debt investments, collection of PIK interest, collection of accreted loan discounts, the exchange of one or more existing securities for one or more new securities and net interest rate derivative periodic interest and termination payments.
- (7) Investments were transferred into and out of Level 3 and Level 2 due to changes in the quantity and quality of inputs obtained to support the fair value of each investment. Our policy is to recognize transfers as of the first day of a reporting period for investments existing as of the end of the period.

The following tables set forth the summary of changes in the fair value of investment assets and liabilities measured using Level 3 inputs for the six months ended June 30, 2016 and 2015:

| | Senior Debt | Mezzanine Debt | Preferred Equity | Common Equity | Structured Products | Other Assets | Long Term Incentive Plan Liability | Total |
|--|----------------|-------------------|---------------------|------------------|------------------------|-----------------|--|----------|
| Balances, January 1, 2016 | \$ 1,353 | \$ 604 | \$ 606 | \$ 1,405 | \$ 418 | \$ 31 | \$ (34) | \$ 4,383 |
| Net realized gain (loss)(1) | 13 | (34) | 197 | (57) | (4) | (3) | (12) | 100 |
| Reversal of prior period net (appreciation) depreciation upon realization(2) | (17) | 26 | (164) | 38 | 26 | | 12 | (79) |
| Net unrealized appreciation (depreciation)(2)(3) | 10 | 33 | (14) | (179) | (10) | 1 | (10) | (169) |
| Purchases(4) | 239 | 25 | 36 | 31 | | 24 | | 355 |

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Significant Unobservable Inputs

The following table summarizes the significant unobservable inputs in the fair value measurements of our Level 3 investments by category of investment and valuation technique as of June 30, 2016:

| | Fair Value | Valuation Techniques | Unobservable Inputs | Range | | Weighted Average |
|---|------------|---------------------------------|--|---------|---------|------------------|
| | | | | Minimum | Maximum | |
| Enterprise Value Waterfall Methodology | | | | | | |
| Senior Debt | \$446 | Enterprise discounted cash flow | Discount rate | 10% | 38% | 21% |
| | | | Terminal value growth rate | 2% | 10% | 5% |
| | | Public comparable companies | Premium or (discount) to multiples of comparable companies | (50)% | (25)% | (43)% |
| | | Sales of comparable companies | Control premium | % | 16% | 8% |
| | | | Premium or (discount) to multiples of comparable companies | (45)% | 5% | (34)% |
| Mezzanine Debt | \$386 | Enterprise discounted cash flow | Discount rate | 10% | 24% | 15% |
| | | | Terminal value growth rate | 2% | 4% | 3% |
| | | Public comparable companies | Premium or (discount) to multiples of comparable companies | (60)% | (25)% | (45)% |
| | | Sales of comparable companies | Control premium | 8% | 16% | 11% |
| | | | Premium or (discount) to multiples of comparable companies | (50)% | 5% | (27)% |
| Preferred Equity | \$170 | Enterprise discounted cash flow | Discount rate | 7% | 24% | 15% |
| | | | Terminal value growth rate | 2% | 4% | 3% |
| | | Public comparable companies | Premium or (discount) to multiples of comparable companies | (60)% | 30% | (33)% |
| | | Sales of comparable companies | Control premium | 8% | 17% | 16% |
| | | | Premium or (discount) to multiples of comparable companies | (50)% | % | (25)% |
| Common Equity | \$1,227 | Enterprise discounted cash flow | Discount rate | 7% | 38% | 14% |
| | | | Terminal value growth rate | 3% | 10% | 3% |
| | | Public comparable companies | Premium or (discount) to multiples of comparable companies | (60)% | (5)% | (29)% |
| | | Sales of comparable companies | Control premium | % | 17% | 14% |
| | | | Premium or (discount) to multiples of comparable companies | (50)% | 5% | % |
| Long Term Incentive Plan Liability | \$(32) | Discounted cash flow | Discount rate | 10% | 10% | 10% |
| | | | Premium or (discount) due to lack of control and marketability | (20)% | (5)% | (13)% |
| Market Yield Valuation Methodology | | | | | | |
| Senior Debt | \$933 | Discounted cash flow | Market yield | 6% | 15% | 9% |

We use the Global Industry Classification Standards ("GICS®") for classifying the industry groupings of our portfolio companies. The GICS® was developed by MSCI, an independent provider of global indexes and benchmark-related products and services, and Standard & Poor's, an independent international financial data and investment services company and provider of global equity indexes. The following tables show the portfolio composition by industry grouping at cost and at fair value as a percentage of total investments as of June 30, 2016 and December 31, 2015. Our investments in CLO securities and derivative agreements are excluded from the table below. Our investments in

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

commercial mortgages and commercial mortgage backed securities are classified in the Real Estate category.

| | June 30, 2016 | December 31, 2015 |

Note 5. Borrowings

Our borrowings, net of deferred financing costs, consisted of the following as of June 30, 2016 and December 31, 2015:

| | June 30, 2016 | December 31, 2015 |
|--|------------------|----------------------|
| Secured revolving credit facility due August 2016, \$250 million commitment | \$ | \$ 167 |
| Secured revolving credit facility due March 2017, \$100 million commitment | | 272 |
| Secured revolving credit facility due October 2016, \$500 million commitment | | 33 |
| Secured term loan due August 2017, net of discount | 438 | 437 |
| Unsecured Private Notes due September 2018, net of discount | 346 | 344 |
| Total | \$ 784 | \$ 1,253 |

As discussed in Note 1, effective January 1, 2016, debt issuance costs associated with our borrowings, other than our revolving credit facilities, were reclassified as a direct deduction from the carrying amount of the related borrowing.

The daily weighted average debt balance, excluding deferred financing costs and discounts, for the three and six months ended June 30, 2016 was \$864 million and \$938 million, respectively, compared to \$2,197 million and \$2,025 million, respectively, for the comparable periods in 2015. The weighted average interest rate on all of our borrowings, including amortization and write-off of deferred financing costs and discounts, for the three and six months ended June 30, 2016 was 7.3% and 6.5%, respectively, compared to 3.7% and 3.6%, respectively, for the comparable periods in 2015. The weighted average interest rate on all of our borrowings, excluding amortization of deferred financing

costs and discounts, for the three and six months ended June 30, 2016 was 4.9% and 4.7%, respectively, compared to 3.1% and 3.1%, respectively, for the comparable periods in 2015. The weighted average interest rate on all of our borrowings, excluding deferred financing costs and discounts, as of June 30, 2016 and December 31, 2015 was 4.8% and 4.0%, respectively.

As of June 30, 2016 and December 31, 2015, the aggregate fair value of our borrowings, excluding deferred financing costs and discounts, was \$797 million and \$1,273 million, respectively. The fair values of our borrowings are determined in accordance with ASC 820, which defines fair value in terms of the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, and are measured using Level 3 inputs for our debt as of June 30, 2016 and December 31, 2015. It assumes that the liability is transferred to a market participant at the measurement date and that the nonperformance risk relating to that liability is the same before and after the transfer. Nonperformance risk refers to the risk that the obligation will not be fulfilled and affects the value at which the liability is transferred. The fair value of our borrowings is valued at the closing market quotes as of the measurement date or estimated based upon market interest rates for our own borrowings or entities with similar credit risk, adjusted for nonperformance risk, if any, based on a quantitative and/or qualitative evaluation of our credit risk.

Unsecured Private Notes

On September 20, 2013, we entered into an indenture with U.S. Bank National Association, as Trustee ("Trustee"), relating to the issuance and sale by us of \$350 million in aggregate principal amount of senior unsecured five-year notes ("Private Notes"), for proceeds of \$342 million, net of underwriters' discounts. The Private Notes were sold in a private offering to qualified institutional buyers under Rule 144A and outside of the United States pursuant to Regulation S of the Securities Act of 1933, as amended. The Private Notes have a fixed interest rate of 6.50% and mature in September 2018. Interest payments are due semi-annually on March 15 and September 15 and all principal is due on maturity. The Private Notes are rated B3, BB and BB by Moody's Investor Services, Standard & Poor's Ratings Services and Fitch Ratings, respectively. The indenture contains restrictive covenants that, among other things, limit our ability to: (i) pay dividends or distributions, repurchase equity, prepay junior debt and make certain investments; (ii) incur additional debt and issue certain disqualified stock and preferred stock; (iii) incur certain liens; (iv) merge or consolidate with another company or sell substantially all of our assets; (v) enter into certain transactions with affiliates; and (vi) allow to exist certain restrictions on the ability of our subsidiaries to pay dividends or make other payments to us. The indenture also contains certain customary events of default, including but not limited to those relating to the failure to make principal or interest payments on such debt, a cross payment or acceleration default on an aggregate \$50 million or more of other indebtedness, covenant defaults, bankruptcy events and failure to pay judgments. As of June 30, 2016, we were in compliance with all of the covenants under the Private Notes.

On July 1, 2016, we provided notice to the Trustee of our election to redeem all of the Private Notes. The Private Notes will be redeemed on September 15, 2016 (the "Redemption Date") at a redemption price (the "Redemption Price") of 101.625% of the principal amount thereof, plus accrued and unpaid interest on the Private Notes to, but excluding, the Redemption Date. On July 1, 2016, we irrevocably deposited the aggregate Redemption Price plus accrued and unpaid interest required to redeem all of the Private Notes with the Trustee, and have irrevocably instructed the Trustee to apply such amount to the redemption in full of the Private Notes on the Redemption Date. We will record a loss on debt extinguishment of \$10 million as a result of writing off the deferred debt issuance costs and discount in conjunction with repaying the outstanding amounts under the Private Notes at the Redemption Price.

Secured Term Loan Facility

On February 26, 2014, we entered into an amendment (the "Amendment") to the amended secured term loan facility under our Senior Secured Term Loan Credit Agreement, dated as of August 23, 2013, with the lenders party thereto and JPMorgan Chase Bank, N.A., as Administrative Agent (the "Secured Term Loan Facility").

The Amendment reduced the interest rate on the Secured Term Loan Facility, which had an outstanding principal balance of \$450 million as of the closing date, from LIBOR plus 3.00%, with a LIBOR floor of 1.00%, to LIBOR plus 2.75%, with a LIBOR floor of 0.75%. The Amendment also extended the Secured Term Loan Facility's maturity date by one year to August 2017.

In accordance with FASB ASC Subtopic No. 470-50, *Modifications and Extinguishments*, \$447 million of debt exchanged with the same lenders met the criterion for and was accounted as a modification of debt. Existing unamortized deferred financing costs and discount attributable to the modification of the Secured Term Loan Facility of \$9 million will be amortized into interest expense over the life of the Secured Term Loan Facility using the effective interest method, while fees paid to other third-party advisors of \$1 million were expensed.

As of June 30, 2016, the interest rate on our Secured Term Loan Facility was 3.50%. The Secured Term Loan Facility contains various events of default, including but not limited to those relating to the failure to make principal or interest payments on such debt, an event of default under the \$250 Million Revolving Credit Facility, a cross default on an aggregate \$50 million or more of certain other indebtedness, the breach of representations or covenants, bankruptcy events, the failure to conduct our asset management business through ACAM, a change in control and the failure to pay judgments. As of June 30, 2016, we were in compliance with all of the covenants under the Secured Term Loan Facility.

On July 1, 2016, we terminated the Secured Term Loan Facility. The outstanding balance under the Secured Term Loan Facility was repaid in full in connection with the termination. We did not incur any early termination fees or penalties as a result of the termination of the Secured Term Loan Facility, which was effective on July 1, 2016. We will record a loss on debt extinguishment of \$3 million as a result of writing off the deferred debt issuance costs and discount.

\$250 Million Revolving Credit Facility

On August 22, 2012, we obtained a four-year \$250 million secured revolving credit facility (the "\$250 Million Revolving Credit Facility"), which bore interest at a rate per annum equal to LIBOR plus 3.75%.

On August 22, 2015, the commitments under the \$250 Million Revolving Credit Facility terminated. As a result, the outstanding balance under the \$250 Million Revolving Credit Facility was repayable ratably over the final 12 months until the maturity date on August 22, 2016. On June 22, 2016, the \$250 Million Revolving Credit Facility was repaid in full and terminated.

\$1.25 Billion Revolving Credit Facility

On June 27, 2014, ACAS Funding I, LLC, a wholly-owned financing subsidiary, obtained a \$750 million secured revolving credit facility with Bank of America, N.A. On March 6, 2015, the commitments under the existing \$750 million secured revolving credit facility were increased by \$500 million to \$1.25 billion (the "\$1.25 Billion Revolving Credit Facility"). In addition to the commitment increase, the maturity date of the facility was extended to March 6, 2017. On December 11, 2015, we amended certain covenants to permit ACAS Funding I, LLC to distribute back to us the remaining proceeds from its senior floating rate loan portfolio sales while settling any associated liabilities. In addition, commencing on December 27, 2015, the commitments under the

facility were reduced to the greater of total debt outstanding or \$100 million. On June 9, 2016, the \$1.25 Billion Revolving Credit Facility was terminated. We recorded interest expense of \$4 million as a result of writing off the deferred debt issuance costs.

\$500 Million Revolving Credit Facility

On October 30, 2014, ACAS Funding II, LLC, a wholly-owned financing subsidiary, obtained a \$500 million secured revolving credit facility (the "\$500 Million Revolving Credit Facility"), with Deutsche Bank AG. The \$500 Million Revolving Credit Facility was scheduled to mature in October 2016 and had an interest rate per annum equal to LIBOR plus 1.60%. On December 14, 2015, we amended certain covenants in the facility to permit ACAS Funding II, LLC to distribute back to us the remaining proceeds from its senior floating rate loan portfolio sales while settling any associated liabilities. On January 6, 2016, the \$500 Million Revolving Credit Facility was repaid in full and terminated. We recorded interest expense of \$1 million as a result of writing off the deferred debt issuance costs.

Note 6. Stock Options

We have stock option plans which provide for the granting of options to employees and non-employee directors to purchase shares of common stock at a price of not less than the fair market value of the common stock on the date of grant. Stock options granted under the employee stock option plans vest over either a three or five year period and may be exercised for a period of no more than ten years from the date of grant. Options granted under these plans may be either incentive stock options within the meaning of Section 422 of the Code or non-qualified stock options. As required by the 1940 Act, we are restricted from issuing awards to our employees and non-employee directors to the extent that the amount of voting securities that would result from the exercise of all such awards at the time of issuance exceeds 20% of our outstanding voting securities. As of June 30, 2016, there were 3.6 million shares available to be granted under the employee stock option plans and in accordance with the 1940 Act restrictions.

Our shareholders approved non-employee director stock option plans in 1998, 2000, 2006, 2007, 2008, 2009 and 2010 and we subsequently received orders from the SEC authorizing such plans. Stock options granted under the non-employee director stock option plans are non-qualified stock options that vest over a three year period and may be exercised for a period of no more than ten years from the date of grant. As of June 30, 2016, there were no shares available to be granted under the non-employee director stock option plans. No employee or non-employee director stock options were granted during the three and six months ended June 30, 2016 and 2015.

During the first quarter of 2014, we concluded that our Chief Executive Officer had been granted stock options in excess of the individual employee limits established in certain of our stock option plans. These stock option grants were made during fiscal years 2010, 2011 and 2012. As a result, the stock option grants in excess of the individual limits in any stock option plan have been considered null and void. The communication of the voided stock option grants to our Chief Executive Officer resulted in a financial obligation under U.S. GAAP to provide equity compensation commensurate with the terms of the voided stock option grants in return for services to be performed by our Chief Executive Officer during the option vesting periods. During the second quarter of 2014, pursuant to the Deferred Plan, an award of \$10 million was granted to our Chief Executive Officer that partially settled this financial obligation. During the first quarter of 2015, an award of \$7 million was granted to our Chief Executive Officer that settled the remainder of this financial obligation. These grants were funded with shares of common stock from the Trust that had previously been forfeited by former employees prior to being fully vested in their shares.

Due to changes in the composition of our investment portfolio and market conditions, we conducted strategic reviews of our business which resulted in workforce reductions of our employees. In conjunction with the restructuring, the vesting of any unvested stock options held by impacted employees as of the date of their separation was accelerated, and the employees were given a period of up to one year from their separation date, or less if the expiration of the option was within one year from their separation date, to exercise all outstanding options. During the six months ended June 30, 2016 and 2015, in accordance with FASB ASC Topic 718, *Compensation-Stock Compensation*, the acceleration of 0.8 million and 1.0 million, respectively, of unvested stock options was accounted for as a modification and resulted in additional stock-based compensation expense of approximately \$2 million and \$4 million, respectively, related to additional workforce reductions.

During the three and six months ended June 30, 2016, we recorded stock-based compensation expense attributable to our stock options of \$3 million and \$8 million, respectively. During the three and six months ended June 30, 2015, we recorded stock-based compensation expense attributable to our stock options of \$5 million and \$10 million, respectively. Stock-based compensation expense was recognized only for options expected to vest, using an estimated forfeiture rate based on historical experience.

Note 7. Deferred Compensation Plan

We have a non-qualified deferred compensation plan (the "Deferred Plan") for the purpose of granting cash bonus awards to our employees. The Compensation, Corporate Governance and Nominating Committee is the administrator of the Deferred Plan. The Deferred Plan is funded through a trust (the "Trust") which is administered by a third-party trustee. The Compensation, Corporate Governance and Nominating Committee determines cash bonus awards to be granted under the Deferred Plan and the terms of such awards, including vesting schedules. The cash bonus awards are invested by the Trust in our common stock by purchasing shares in the open market. Awards vest contingent on the employee's continued employment or the achievement of performance goals, if any, as determined by the Compensation, Corporate Governance and Nominating Committee. The Trust provides certain protections of its assets from events other than claims against our assets in the case of bankruptcy. The assets and liabilities of the Trust are consolidated in the accompanying consolidated financial statements. Shares of our common stock held by the Trust are accounted for as treasury stock in the accompanying consolidated balance sheets.

The Deferred Plan does not permit diversification and the cash bonus awards must be settled by the delivery of a fixed number of shares of our common stock. The awards under the Deferred Plan are accounted for as grants of unvested stock. We record stock-based compensation expense based on the fair market value of our stock on the date of grant. The compensation cost for awards with service conditions is recognized using the straight-line attribution method over the requisite service period. The compensation cost for bonus awards with performance and service conditions is recognized using the accelerated attribution method over the requisite service period. During the three and six months ended June 30, 2016, there were no grants under the Deferred Plan. During the six months ended June 30, 2015, cash bonus awards of \$10 million were granted under the Deferred Plan.

As discussed in Note 6, during the first quarter of 2014, we concluded that our Chief Executive Officer had been granted \$2.6 million of cash bonus awards in fiscal year 2007 in excess of the annual individual employee limit established in the Deferred Plan. As a result, the \$2.6 million of cash bonus awards have been considered null and void. The communication of the \$2.6 million of excess cash bonus awards to our Chief Executive Officer resulted in a financial obligation under U.S. GAAP to provide equity compensation commensurate with the terms of the cash bonus awards in return for services to be performed by our Chief Executive Officer during the award vesting period. During the second quarter of 2014, pursuant to the Deferred Plan, an award of \$10 million was granted to our Chief Executive Officer that partially settled this financial obligation. During the first quarter of 2015,

an award of \$7 million was granted to our Chief Executive Officer that settled the remainder of this financial obligation. These grants were funded with shares of common stock from the Trust that had previously been forfeited by former employees prior to being fully vested in their shares.

During the three and six months ended June 30, 2016, we recorded stock-based compensation expense of \$1 million and \$3 million, respectively, attributable to the Deferred Plan. During the three and six months ended June 30, 2015, we recorded stock-based compensation expense of \$2 million and \$5 million, respectively, attributable to the Deferred Plan.

Long Term Incentive Plan Liability

European Capital has issued restricted mandatorily redeemable preferred shares ("Redeemable Preferred Shares") to participating employees of subsidiary companies of its manager, European Capital Asset Management Limited ("ECAM"), a wholly owned subsidiary of ACAM, under Long Term Incentive Plans (the "Plans") for an issue price determined at the time of issuance. The Plans have a 5-year vesting period. The Redeemable Preferred Shares are subdivided into subclasses of shares. The redemption value of each sub-class of Redeemable Preferred Shares is calculated using a predetermined formula and is based on the net liquidity proceeds, as defined in the Plans, on the exit of specifically referenced investments of European Capital in excess of certain hurdle rates. The Plans have annual calculation and redemption dates through December 31, 2018 and March 1, 2019, respectively, for sub-classes A, B and C and December 31, 2023 and March 1, 2024, respectively, for sub-classes D, E and F. Redeemable Preferred Shares related to specifically referenced investments not exited at the final annual calculation dates will be redeemed after the receipt of subsequent net liquidity proceeds or, if specifically referenced investments that remain outstanding on January 1, 2020 for sub-classes A, B and C and January 1, 2025 for sub-classes D, E and F, will be redeemed based on the realizable value of the remaining referenced investments. European Capital elected to recognize the Redeemable Preferred Shares at fair value in accordance with FASB ASC Topic 825, *Financial Instruments*.

The holders of the Redeemable Preferred Shares have no rights to participate in or receive notice of any general meeting of European Capital and the shares are generally not transferable. The Redeemable Preferred Shares have no rights to receive dividends. During the six months ended June 30, 2016 and 2015, a portion of the Redeemable Preferred Shares were redeemed and European Capital realized losses of \$12 million and \$46 million, respectively, associated with the redemptions, which was fully offset by reversals of unrealized depreciation of \$12 million and \$46 million, respectively, which is included in net realized gain (loss) and net unrealized (depreciation) appreciation in our consolidated statements of operations.

The fair value of the Redeemable Preferred Shares as of June 30, 2016 and December 31, 2015 is calculated using the net present value of the estimated future cash flows of the underlying European Capital investments with discounts applied for equity risk, liquidity risk, credit risk, minority interests, lack of marketability and a forfeiture rate. The fair value of the Redeemable Preferred Shares as of June 30, 2016 and December 31, 2015 was \$32 million and \$34 million, respectively. The fair value of the underlying European Capital investments as of June 30, 2016 and December 31, 2015 was \$269 million and \$367 million, respectively.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

There were no shares issued or redeemed for the three months ended June 30, 2016 and 2015. The following tables summarize the number of shares issued and redeemed (in thousands) for the three months ended March 31, 2016 and 2015:

| | Class A | Class B | Class C | Class D | Class E | Class F | Total |
|----------------------------|---------|---------|---------|---------|---------|---------|-------|
| Balance, December 31, 2015 | 344 | 345 | 491 | 100 | 100 | 100 | 1,480 |
| Shares Issued | | | | | | | |
| Shares Redeemed | (69) | (69) | (98) | (10) | (10) | (10) | (266) |
| Balance, March 31, 2016 | 275 | 276 | 393 | 90 | 90 | 90 | 1,214 |

| | Class A | Class B | Class C | Class D | Class E | Class F | Total |
|----------------------------|---------|---------|---------|---------|---------|---------|-------|
| Balance, December 31, 2014 | 412 | 413 | 589 | 100 | 100 | 100 | 1,714 |
| Shares Issued | | | | | | | |
| Shares Redeemed | (68) | (68) | (98) | | | | (234) |
| Balance, March 31, 2015 | 344 | 345 | 491 | 100 | 100 | 100 | 1,480 |

Note 8. Net Operating Income and Net Earnings Per Common Share

The following table sets forth the computation of basic and diluted net operating income and net earnings per common share for the three and six months ended June 30, 2016 and 2015:

| | Three Months Ended June 30, | | Six Months Ended June 30, | |
|---|--------------------------------|---------|------------------------------|---------|
| | 2016 | 2015 | 2016 | 2015 |
| Numerator for basic and diluted net operating income per common share | \$ 46 | \$ 67 | \$ 120 | \$ 117 |
| Numerator for basic and diluted net earnings per common share | \$ 106 | \$ 62 | \$ 26 | \$ 77 |
| Denominator for basic weighted average common shares | 216.6 | 272.4 | 225.8 | 271.8 |
| Employee stock options and awards | 10.1 | 11.0 | 5.0 | 11.4 |
| Denominator for diluted weighted average common shares | 226.7 | 283.4 | 230.8 | 283.2 |
| Basic net operating income per common share | \$ 0.21 | \$ 0.25 | \$ 0.53 | \$ 0.43 |
| Diluted net operating income per common share | \$ 0.20 | \$ 0.24 | \$ 0.52 | \$ 0.41 |
| Basic net earnings per common share | \$ 0.49 | \$ 0.23 | \$ 0.12 | \$ 0.28 |
| Diluted net earnings per common share | \$ 0.47 | \$ 0.22 | \$ 0.11 | \$ 0.27 |

In accordance with the provisions of FASB ASC Topic 260, *Earnings per Share*, basic earnings per share ("EPS") is computed by dividing earnings available to common shareholders by the weighted average number of shares outstanding during the period. Other potentially dilutive common shares, and the related impact to earnings, are considered when calculating EPS on a diluted basis.

In computing diluted EPS, only potential common shares that are dilutive, those that reduce EPS or increase loss per share, are included. The effect of stock options, unvested employee stock awards and contingently issuable shares are not included if the result would be anti-dilutive, such as when a net loss is reported.

Stock options and unvested shares under our deferred compensation plan of 3.7 million and 18.1 million for the three and six months ended June 30, 2016, respectively, and 5.3 million and 6.0 million for the three and six months ended June 30, 2015, respectively, were not included in the computation of diluted EPS either because the respective exercise or grant prices are greater than the

average market value of the underlying stock or their inclusion would have been anti-dilutive, as determined using the treasury stock method.

Note 9. Shareholders' Equity

Our common stock activity for the six months ended June 30, 2016 and 2015 was as follows:

| | Six Months Ended June 30, | |
|--|------------------------------|-------|
| | 2016 | 2015 |
| Common stock outstanding at beginning of period | 242.6 | 266.9 |
| Issuance of common stock under stock option plans | 1.5 | 7.7 |
| Repurchase of common stock | (32.7) | (6.5) |
| Distribution of common stock held in deferred compensation trust | 1.3 | |
| Common stock outstanding at end of period | 212.7 | 268.1 |

Share Repurchase Program

Our Board of Directors authorized the purchase of \$600 million to \$1 billion of common stock through June 30, 2016 at prices per share below 85% of our most recent quarterly NAV per share, subject to certain conditions. We entered into a Rule 10b5-1 trading plan to undertake accretive share repurchases on a non-discretionary basis up to the \$1 billion limit. On May 16, 2016, our Board of Directors suspended the share repurchase program for an indefinite period, and under the May 23, 2016 Agreement and Plan of Merger (the "Merger Agreement") with Ares Capital Corporation, a Maryland corporation ("Ares Capital") and certain of its affiliates described in Note 15 below, we agreed to make no further repurchases of our common stock.

During the three and six months ended June 30, 2016, we repurchased a total of 11.5 million and 32.7 million shares, respectively, of our common stock in the open market for \$180 million and \$477 million, respectively, at an average price of \$15.74 per share and \$14.58 per share, respectively. During the three months ended June 30, 2015, we repurchased a total of 6.5 million shares of our common stock in the open market for \$93 million at an average price of \$14.32 per share.

Note 10. Income Taxes

As a taxable corporation under Subchapter C of the Code, we are subject to federal and applicable state corporate income taxes on our taxable ordinary income and capital gains. However, we estimate that for income tax purposes, we had net operating loss carryforwards as of June 30, 2016. Our tax fiscal year ends on September 30.

We file a consolidated federal income tax return with eligible corporate subsidiaries, including portfolio companies in which we hold 80% or more of the outstanding equity interest measured by both vote and fair value. As a result, we have entered into a tax sharing agreement under which members of the consolidated tax group are compensated for losses and other tax benefits by members that are able to use those losses and tax benefits on their pro forma stand-alone federal income tax return.

As of June 30, 2016, our deferred tax asset was \$564 million, our deferred tax liability was \$37 million, our valuation allowance was \$292 million and our net deferred tax asset was \$235 million.

We estimate the expected tax character of recognition of the reversal of the timing differences that give rise to the deferred tax assets and liabilities as either ordinary or capital income. However, the ultimate tax character of the deferred tax asset or liability may change from our estimated classification based on the ultimate form of recognition of the timing difference. As of June 30, 2016, we believe that

it is more likely than not that we will have future ordinary income to realize the majority of our ordinary deferred tax assets and therefore did not record a valuation allowance against these ordinary deferred tax assets except for a significant portion of our net operating losses ("NOL") generated in New York City which will expire unutilized and the basis differences of the company's investment in European Capital. As of June 30, 2016, we have recorded a \$12 million valuation allowance against a \$13 million deferred tax asset related to \$144 million of NOLs generated in New York City and \$166 million valuation allowance against a \$170 million deferred tax asset related to the basis differences from our investment in European Capital.

We continue to maintain a valuation allowance against a significant portion of our capital deferred tax assets. We believe that it is more likely than not that we will be able to utilize \$58 million of our capital deferred tax assets as of June 30, 2016 and we have established a partial valuation allowance of \$104 million against certain capital deferred tax assets. We recognized a cumulative tax benefit of \$58 million associated with a decrease in the valuation allowance against our capital deferred tax assets associated with unrealized losses on equity investments treated as capital for tax purposes as of June 30, 2016.

We continue to assess our ability to realize our existing capital deferred tax assets. We believe that due to the recent decision to sell certain investments, these investments that had previously been determined to be long-lived assets will provide a source of taxable income to realize certain capital deferred tax assets. As such, we believe it is more likely than not that we will be able to utilize a portion of our capital deferred tax assets associated with taxable income from the sale of these investments.

Assessing the recoverability of a deferred tax asset requires management to make estimates related to expectations of future taxable income. Estimates of future taxable income are based on forecasted cash flows from investments and operations, the character of expected income or loss as either capital or ordinary, and the application of existing tax laws in each jurisdiction. To the extent that future cash flows or the amount or character of taxable income differ significantly from these estimates, our ability to realize the deferred tax assets could be impacted.

Effective January 1, 2016, we elected to early adopt the provisions of ASU 2016-09. The cumulative effect of the adoption was an increase to the beginning balance of shareholders' equity of \$16 million due to the recognition of a deferred tax asset for excess tax benefits associated with the share based compensation that was unrecorded in previous tax years. The deferred tax asset is ordinary in nature and we believe that it is more likely than not that we will have future sufficient ordinary income to utilize the deferred tax asset. Therefore, we did not establish a valuation allowance against this portion of the ordinary deferred tax asset.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

A reconciliation of the provision for income taxes computed at the U.S. federal statutory corporate income tax rate and our effective tax rate for the three and six months ended June 30, 2016 and 2015 were as follows:

| | Three Months Ended June 30, | | Six Months Ended June 30, | |
|--|--------------------------------|--------------|------------------------------|--------------|
| | 2016 | 2015 | 2016 | 2015 |
| Tax on net earnings computed at federal statutory tax rate | \$ 28 | \$ 28 | \$ 1 | \$ 55 |
| State taxes, net of federal tax benefit | 7 | 3 | 2 | 6 |
| Valuation allowance | (59) | (17) | (10) | (38) |
| Change in state tax rate | | 8 | | 8 |
| Dividends received deduction | (1) | (2) | (7) | (3) |
| Tax basis difference in consolidated members | (2) | | (5) | |
| Earnings of European Capital | | (8) | (9) | 10 |
| Gain on tax consolidation of portfolio companies | 3 | | 4 | |
| Capital gain on tax deconsolidation of subsidiary | | | | 35 |
| Other | (2) | 6 | 2 | 6 |
| Total (benefit) provision for income taxes | \$ (26) | \$ 18 | \$ (22) | \$ 79 |

We recognize tax benefits of uncertain tax positions only when the position is more likely than not to be sustained assuming examination by tax authorities. There has been no change in the amount of unrecognized tax benefits as of December 31, 2015. We do not reasonably expect any material changes to the unrecognized tax benefits within the next twelve months.

Note 11. Commitments and Contingencies

In the normal course of business, we enter into contractual agreements that facilitate transactions or provide general indemnifications against losses, costs, claims and liabilities arising from the performance of our obligations under such agreements. We have not had any claims nor made any payments pursuant to such agreements. We cannot estimate the maximum potential exposure under these arrangements as this would involve future claims that may be made against us that have not yet occurred. However, based on our experience, we expect the risk of any material loss to us to be remote.

We are a party to certain legal proceedings incidental to the normal course of our business, including the enforcement of our rights under contracts with our portfolio companies. While the outcome of these legal proceedings cannot at this time be predicted with certainty, we do not expect that these proceedings will have a material effect on our financial condition or results of operations.

Loan and Financing Agreements

As of June 30, 2016, we had commitments under loan and financing agreements to fund up to \$134 million to 17 portfolio companies. These commitments are primarily composed of working capital credit facilities, acquisition credit facilities and subscription agreements. The commitments are generally subject to the borrowers meeting certain criteria such as compliance with covenants and availability under borrowing base thresholds. The terms of the borrowings and financings subject to commitment are comparable to the terms of other loan and equity securities in our portfolio. As of June 30, 2016, European Capital and its affiliates had commitments of \$55 million to fund European Capital UK SME Debt LP and \$85 million to fund European Capital Private Debt LP ("ECAS Private Debt"). In addition, as of June 30, 2016, ACAM had a commitment of \$112 million to American Capital Equity III, LP, which is expected to be funded by an equity investment from American Capital. See

Note 13 to our interim consolidated financial statements included in this Form 10-Q for further discussion of ACAM's American Capital Equity III, LP's commitment.

Note 12. Significant Subsidiaries

We have determined that for the six months ended June 30, 2016, certain of our unconsolidated portfolio companies have met the conditions of a significant subsidiary under Rule 1-02(w) of Regulation S-X. Accordingly, pursuant to Rule 10-01(b)(1) of Regulation S-X, aggregate summarized income statement information for the six months ended June 30, 2016 and 2015 has been included as follows:

| | Six Months Ended June 30, | |
|--------------------------|------------------------------|----------|
| | 2016 | 2015 |
| Total revenue | \$ 1,154 | \$ 1,132 |
| Total operating expenses | \$ 1,044 | \$ 1,003 |
| Net operating income | \$ 110 | \$ 129 |
| Net income | \$ 75 | \$ 186 |

Note 13. Asset Sales

ECAS Private Debt is a private debt fund that closed during the second quarter of 2015 with €318 million of capital commitments, of which €165 million was committed by European Capital and its affiliates. The ECAS Private Debt fund provides debt financing to mid-market companies in Europe, primarily through unitranche, second lien and mezzanine financing, with secondary purchases of senior loans on an opportunistic basis. During the fourth quarter of 2015, the ECAS Private Debt fund had an additional closing of €69 million which increased the total capital commitments to €387 million. Upon its final closing in April 2016, the ECAS Private Debt fund raised an additional €86 million which increased the investment capacity of the fund to €473 million. The fund will have a three year investment period and a subsidiary of ACAM manages the ECAS Private Debt fund for an annual management fee of 1.50% on deployed capital and up to a 15% carried interest, subject to certain hurdles. The ECAS Private Debt fund will be dissolved on March 19, 2025, unless extended. In April 2015, European Capital sold €162 million (\$175 million) of investments at their approximate fair value in 9 portfolio companies to the ECAS Private Debt fund. European Capital received €158 million (\$170 million) for the sale of these assets and recognized a realized loss of €4 million (\$5 million). As of June 30, 2016, European Capital's investment in the ECAS Private Debt fund had a cost basis and fair value of \$98 million and \$102 million, respectively. As of June 30, 2016, European Capital had an unfunded commitment of €77 million (\$85 million) to the ECAS Private Debt fund.

On April 28, 2014, we completed a \$1.1 billion private placement of partnership interests in American Capital Equity III, LP ("ACE III" or "the Fund"), a new private equity fund focused on investing in U.S. companies in the lower middle market. Concurrent with the private placement, we entered into a Contribution and Redemption Agreement with the Fund pursuant to which we agreed to contribute 100% of our equity and equity-related investments in seven portfolio companies to the Fund and to provide the Fund with an option to acquire our equity investment in WRH, Inc. (the "Equity Option"), in exchange for partnership interests in the Fund. Collectively, the eight portfolio companies (including WRH, Inc., assuming the Equity Option is exercised) comprise the Secondary Portfolio for ACE III. On April 1, 2015, the Equity Option was exercised by the Fund for the exercise price of \$24 million. The Fund's aggregate \$1.1 billion capital commitment includes a commitment of \$200 million from ACAM for Primary Investments, of which \$112 million was undrawn as of June 30, 2016.

Note 14. Related Party Transactions

As a BDC, we are required by law to make available significant managerial assistance to our eligible portfolio companies. Such assistance typically involves providing guidance and counsel concerning the management, operations and business objectives and policies of the portfolio company to its management and board of directors, including participating on the company's board of directors. As of June 30, 2016, we had board seats on 22 companies in our investment portfolio. Providing assistance to the companies in our investment portfolio serves as an opportunity for us to maximize their value.

The following table shows the operating revenue from our control investments, as defined under the 1940 Act for the three and six months ended June 30, 2016 and 2015:

| | Three Months Ended June 30, | | Six Months Ended June 30, | |
|--|-----------------------------------|-------|---------------------------------|--------|
| | 2016 | 2015 | 2016 | 2015 |
| Operating Revenue Control Investments | | | | |
| Interest and dividend income | \$ 67 | \$ 66 | \$ 157 | \$ 126 |
| Fee income | \$ 15 | \$ 14 | \$ 25 | \$ 28 |

American Capital Asset Management

Our fund management business is conducted through ACAM. In general, ACAM provides investment management services through consolidated subsidiaries that enter into management agreements with each of its managed funds. In addition, American Capital or ACAM may invest directly into these funds and earn investment income from its investments in those funds. Under the management agreements, ACAM's responsibilities include, but are not limited to, sourcing, analyzing and executing investments and asset sales, delivering financial and compliance reports to investors in the funds under management, administering the daily business and affairs of the funds under management and performing other asset management duties. We have entered into service agreements with ACAM to provide it with additional asset management and administrative services support. Through these agreements, we provide investment advisory and oversight services to ACAM, as well as access to our employees, infrastructure, business relationships, management expertise and capital raising capabilities. During the three and six months ended June 30, 2016, we recognized operating revenues from our investment in ACAM of \$37 million and \$71 million, respectively, and \$36 million and \$69 million, respectively, for the comparable periods in 2015. During the three and six months ended June 30, 2016, we received an additional \$5 million and \$6 million, respectively, of dividends from ACAM, which were recorded as a reduction to the cost basis of our investment in ACAM and \$3 million and \$6 million, respectively, for the comparable periods in 2015.

During the first quarter of 2016, we transferred to ACAM 100% of our equity investments in ACEI Singapore Holdings Private LTD, BMR Energy LLC, Hollyhock Limited and Taiba Wind Energy, LLC. As of December 31, 2015, the cost basis and fair value of these transferred investments was \$77 million and \$94 million, respectively. As of June 30, 2016, the cost basis and fair value of these transferred investments was \$80 million and \$90 million, respectively.

European Capital

As discussed in Note 1 to these consolidated financial statements, we consolidated our investment in European Capital effective October 1, 2014. ACAM, through its subsidiary, ECAM, acts as the investment manager to European Capital. Under ACAM's investment management agreement with European Capital, ACAM is entitled to receive an annual management fee of 2% of the weighted average monthly consolidated gross asset value of all the investments at fair value of European Capital,

an incentive fee equal to 100% of the net earnings in excess of a return of 8% but less than a return of 10%, and 20% of the net earnings thereafter. The investment management agreement with European Capital was amended to waive the incentive fee for 2011, 2012, 2013 and 2014. During the first quarter of 2015, the investment management agreement with European Capital was amended to cancel the incentive fee for 2015 and going forward. The management fee charged by ACAM for the three and six months ended June 30, 2016 was \$2 million and \$4 million, respectively, and \$4 million and \$8 million, respectively, for the comparable periods in 2015.

As discussed in Note 7 to these consolidated financial statements, European Capital has issued Redeemable Preferred Shares to employees of ECAM as part of long-term employee incentive plans. These shares are redeemable by European Capital based on the aggregate returns on investments made after January 1, 2012 and are treated as mandatorily redeemable preferred stock in our consolidated balance sheets in accordance with FASB ASC Topic 480, *Distinguishing Liabilities from Equity*. The fair value of the Redeemable Preferred Shares as of June 30, 2016 and December 31, 2015 was \$32 million and \$34 million, respectively. During the six months ended June 30, 2016 and 2015, a portion of the Redeemable Preferred Shares were redeemed and European Capital realized losses of \$12 million and \$46 million, respectively, associated with the redemptions, which was fully offset by reversals of unrealized depreciation of \$12 million and \$46 million, respectively, which is included in net realized gain (loss) and net unrealized (depreciation) appreciation in our consolidated statements of operations.

Note 15. Acquisition of American Capital

On May 23, 2016, we entered into the Merger Agreement with Ares Capital, under which Ares Capital will acquire American Capital in a cash and stock transaction (the "Acquisition"). As of May 20, 2016, the last full trading day prior to the announcement of the Acquisition, the transaction had an implied value of approximately \$4.0 billion, or \$17.40 per fully diluted share of our common stock. As of June 30, 2016, the transaction had an implied value of approximately \$3.9 billion, or \$16.92 per fully diluted share of our common stock based on the trading price of Ares Capital's common stock.

Upon the completion of the Acquisition, each share of our common stock issued and outstanding immediately prior to the effective time of the Acquisition will be converted into the right to receive from Ares Capital, in accordance with the Merger Agreement, (i) \$6.41 per share in cash consideration, (ii) stock consideration at the fixed exchange ratio of 0.483 shares, par value \$0.001 per share, of Ares Capital's common stock (subject to certain limited exceptions) (the "Exchange Ratio") and (iii) (A) if the closing occurs after the record date with respect to Ares Capital's dividend payable with respect to the fourth quarter of 2016, 37.5% of the Exchange Ratio times Ares Capital's dividend for such quarter, plus (B) if the closing occurs after the record date with respect to Ares Capital's dividend payable with respect to the first quarter of 2017, 75% of the Exchange Ratio times Ares Capital's dividend for such quarter, plus (C) if the closing occurs after the record date with respect to Ares Capital's dividend for any subsequent quarter, 100% of the Exchange Ratio times Ares Capital's dividend for such quarter. The Exchange Ratio was fixed on the date of the Merger Agreement, and is not subject to adjustment based on changes in the trading price of Ares Capital's or American Capital's common stock before the closing of the transaction. Based on the fully diluted number of shares of our common stock outstanding on the date of the Merger Agreement, the above would result in approximately 110.8 million of Ares Capital's shares being exchanged for approximately 229.3 million outstanding shares of our common stock, subject to adjustment in certain limited circumstances.

Additionally, in accordance with the Merger Agreement, each share of our common stock issued and outstanding immediately prior to the effective time of the transaction will have the right to receive (i) \$275 million of cash consideration, or \$1.20 per share of American Capital's common stock and (ii) \$2.45 per share in cash, or \$562 million, which amount represents the per share cash consideration

paid to American Capital pursuant to the sale of American Capital Mortgage Management, LLC ("ACMM"), a wholly owned subsidiary of ACAM to American Capital Agency Corp. ("AGNC").

The completion of the transaction is subject to certain conditions, including, among others, our stockholder approval, Ares Capital stockholder approval, required regulatory approvals, receipt of certain third-party consents, including third-party consents from certain funds managed by ACAM and its subsidiaries representing at least 75% of the aggregate assets under management of all such funds as of March 31, 2016 and other customary closing conditions. While there can be no assurances as to the exact timing, or that the transaction will be completed at all, Ares Capital has indicated that it expects to complete the transaction as early as the fourth quarter of 2016.

Additionally, on May 23, 2016, Ares Capital entered into an agreement with Ares Capital Management LLC, its investment adviser (the "Transaction Support Agreement") in connection with the Acquisition. Under the terms of the Transaction Support Agreement, Ares Capital's investment adviser will (i) provide \$275 million of cash consideration, or \$1.20 per share of American Capital's common stock (as referenced above), payable to American Capital stockholders in accordance with the terms and conditions set forth in the Merger Agreement at closing and (ii) waive, for each of the first ten calendar quarters beginning with the first full calendar quarter after the closing of the Acquisition, the lesser of \$10 million of income based fees and the amount of income based fees for such quarter, in each case, to the extent earned and payable by Ares Capital in such quarter pursuant to and as calculated under Ares Capital's investment advisory and management agreement. The financial support contemplated by the Transaction Support Agreement is conditioned upon completion of the Acquisition, which is subject to the closing conditions described above.

Sale of American Capital Mortgage Management, LLC

Concurrently with the execution of the Merger Agreement, on May 23, 2016, we entered into a Purchase and Sale Agreement (the "Mortgage Manager Purchase Agreement") with ACAM, ACMM and AGNC. ACMM is the parent company of both American Capital AGNC Management, LLC, the external manager of AGNC, and American Capital MTGE Management, LLC, the external manager of American Capital Mortgage Investment Corp. Immediately prior to the closing, as defined in the Mortgage Manager Purchase Agreement, our \$35 million debt investment in ACMM was settled by ACMM in connection with an equity contribution from ACAM to ACMM. On July 1, 2016, pursuant to the terms of the Mortgage Manager Purchase Agreement, AGNC acquired from ACAM all of the issued and outstanding limited liability company interests in ACMM for a purchase price of \$562 million, or \$2.45 per diluted share.

Annex A-4

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

THIS AGREEMENT AND PLAN OF MERGER, dated as of May 23, 2016 (this "**Agreement**"), is made by and among Ares Capital Corporation, a Maryland corporation ("**Parent**"), Orion Acquisition Sub, Inc., a Delaware corporation and a direct wholly owned Subsidiary of Parent ("**Acquisition Sub**"), Ivy Hill Asset Management, L.P., a Delaware limited partnership ("**IHAM**"), Ivy Hill Asset Management GP, LLC, a Delaware limited liability company, in its capacity as general partner of IHAM ("**IHAM GP**"), American Capital, Ltd., a Delaware corporation (the "**Company**"), American Capital Asset Management, LLC, a Delaware limited liability company and wholly owned subsidiary of the Company ("**Subsidiary Adviser**"), and, solely for purposes of Section 2.2(a)(ii)(B), Section 2.3(a)(iii), Section 4.29, Section 4.30, Section 7.4 and Article VIII, Ares Capital Management LLC, a Delaware limited liability company (the "**Parent External Adviser**"), in its capacity as Parent's investment adviser. Defined terms used in this Agreement have the respective meanings ascribed to them by definition in this Agreement or in Appendix A.

WITNESSETH:

WHEREAS, the respective boards of directors of Parent, Acquisition Sub and the Company, have unanimously approved the acquisition of the Company by Parent upon the terms and subject to the conditions and limitations set forth in this Agreement.

WHEREAS, the board of directors of the Company (the "**Company Board**") and the board of managers of Subsidiary Adviser have unanimously approved and declared advisable, and the board of directors of Parent (the "**Parent Board**"), Parent, as the sole stockholder of Acquisition Sub, and IHAM GP, as the general partner of IHAM, have approved or adopted this Agreement and the transactions contemplated hereby, including (a) the merger of Subsidiary Adviser with and into IHAM, with IHAM surviving as a wholly owned subsidiary of Parent (the "**Adviser Merger**"), and (b) the merger of Acquisition Sub with and into the Company, with the Company surviving as a wholly owned Subsidiary of Parent (the "**Company Merger**" and, together with the Adviser Merger, the "**Mergers**"), in each case upon the terms and subject to the conditions and limitations set forth in this Agreement and in accordance with the Revised Uniform Limited Partnership Act of the State of Delaware ("**LP Act**") and the General Corporation Law of the State of Delaware (the "**DGCL**"), as applicable.

WHEREAS, the Company Board has, subject to Section 5.3(b) and Section 5.6, unanimously resolved to recommend that the Company's stockholders approve the adoption of this Agreement.

WHEREAS, the Parent Board has, subject to Section 5.3(c) and Section 5.6, unanimously resolved to recommend that Parent's stockholders approve the issuance of shares of Parent common stock, par value \$0.001 per share (the "**Parent Common Stock**"), in connection with the Company Merger (the "**Parent Stock Issuance**").

WHEREAS, (a) to induce Parent to enter into this Agreement and cause the Mergers to be consummated, (i) certain stockholders of the Company are executing support agreements in favor of Parent concurrently with the execution of this Agreement (the "**Company Support Agreements**") and (ii) Elliott Associates, L.P. and Elliott International, L.P. are executing a support agreement in favor of Parent concurrently with the execution of this Agreement (the "**Elliott Support Agreement**") and (b) to induce the Company to enter into this Agreement and cause the Mergers to be consummated, certain stockholders of the Parent are executing support agreements in favor of the Company concurrently with the execution of this Agreement (the "**Parent Support Agreements**").

WHEREAS, for United States federal income Tax purposes, the parties intend that receipt of the Merger Consideration by the Company's stockholders will qualify for the Intended Tax Treatment.

WHEREAS, (a) American Capital Mortgage Management, LLC, a Delaware limited liability company and an indirect wholly owned Subsidiary of the Company ("**Mortgage Manager**"), through its Subsidiaries, provides investment management services to each of American Capital Mortgage

Investment Corp., a Maryland corporation ("**MTGE REIT**"), and American Capital Agency Corp., a Delaware corporation ("**Mortgage Manager Buyer**" and, together with MTGE REIT, each, a "**REIT**," and collectively, the "**REITs**"), pursuant to a management agreement with each such REIT and (b) concurrently with the execution and delivery of this Agreement, Subsidiary Adviser, Mortgage Manager, the Company and Mortgage Manager Buyer have entered into a Purchase and Sale Agreement (as the same may be amended from time to time, the "**Mortgage Manager Purchase Agreement**"), pursuant to which Subsidiary Adviser has agreed to sell all of the equity interests in Mortgage Manager to Mortgage Manager Buyer.

WHEREAS, each of Parent, Acquisition Sub, the Company, Subsidiary Adviser, IHAM and Parent External Adviser desire to make certain representations, warranties, covenants and agreements in connection with the Mergers and also to prescribe various conditions to the Mergers.

NOW, THEREFOR, in consideration of the foregoing and the representations, warranties and covenants and subject to the conditions herein contained, and intending to be legally bound hereby, the parties hereto hereby agree as follows:

ARTICLE I

THE MERGERS

Section 1.1 The Mergers. Upon the terms and subject to the conditions of this Agreement, and in accordance with the LP Act and DGCL, as applicable, (a) at the Adviser Merger Effective Time, Subsidiary Adviser shall be merged with and into IHAM, whereupon the separate existence of Subsidiary Adviser shall cease, and IHAM shall continue as the surviving entity of the Adviser Merger and a wholly owned subsidiary of Parent (IHAM, as the surviving entity in the Adviser Merger, sometimes being referred to herein as the "**Adviser Merger Surviving Entity**") and (b) at the Company Merger Effective Time, Acquisition Sub shall be merged with and into the Company, whereupon the separate existence of Acquisition Sub shall cease, and the Company shall continue as the surviving corporation of the Company Merger and a wholly owned Subsidiary of Parent (the Company, as the surviving entity in the Company Merger, sometimes being referred to herein as the "**Company Merger Surviving Corporation**").

Section 1.2 The Closing. Subject to the provisions of Article VI, the closing of the Mergers (the "**Closing**") shall take place at 10:00 a.m. (local time) on a date to be specified by the parties hereto, but no later than the second Business Day after the satisfaction or waiver of the conditions set forth in Article VI (other than those conditions that by their terms are to be satisfied at the Closing, but subject to the satisfaction or waiver of such conditions), unless another time, date or place is agreed to in writing by the parties hereto (such date being the "**Closing Date**"). The Closing shall take place at the offices of Skadden, Arps, Slate, Meagher & Flom LLP, Four Times Square, New York, New York.

Section 1.3 Adviser Merger.

(a) Effective Time.

(i) Concurrently with the Closing, IHAM shall cause a certificate of merger with respect to the Adviser Merger (the "**Adviser Merger Certificate of Merger**") to be executed and filed with the Delaware Secretary of State as provided under the LP Act. The Adviser Merger shall become effective on the date and at the time at which the Adviser Merger Certificate of Merger has been duly filed with the Delaware Secretary of State or at such other date and time as is agreed between Subsidiary Adviser and IHAM and specified in the Adviser Merger Certificate of Merger (such date and time being hereinafter referred to as the "**Adviser Merger Effective Time**").

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(ii) The Adviser Merger shall have the effects set forth in this Agreement and the applicable provisions of the LP Act. Without limiting the generality of the foregoing, from and after the Adviser Merger Effective Time, IHAM shall possess all rights, privileges, powers and franchises of Subsidiary Adviser, and all of the obligations, liabilities and duties of Subsidiary Adviser shall become the obligations, liabilities and duties of IHAM.

(b) Certificate of Limited Partnership; Limited Partnership Agreement. At the Adviser Merger Effective Time, the certificate of limited partnership and the limited partnership agreement of IHAM, as in effect immediately prior to the Adviser Merger Effective Time, shall be the certificate of limited partnership and the limited partnership agreement of the Adviser Merger Surviving Entity until thereafter amended in accordance with Applicable Law and the applicable provisions of such certificate of limited partnership and limited partnership agreement (subject to Section 5.7).

(c) General Partner. The general partner of the Adviser Merger Surviving Entity effective as of, and immediately following, the Adviser Merger Effective Time shall be the general partner of IHAM immediately prior to the Adviser Merger Effective Time, to hold office in accordance with the operating agreement of the Adviser Merger Surviving Entity until the earlier of its resignation or removal.

(d) Officers. From and after the Adviser Merger Effective Time, the officers of IHAM at the Adviser Merger Effective Time shall be the officers of the Adviser Merger Surviving Entity, until the earlier of their death, resignation or removal or until their respective successors are duly elected or appointed and qualified, as the case may be.

Section 1.4 Company Merger.

(a) Effective Time.

(i) Concurrently with the Closing, the Company shall cause a certificate of merger with respect to the Company Merger (the "**Company Merger Certificate of Merger**") to be executed and filed with the Delaware Secretary of State as provided under the DGCL. The Company Merger shall become effective on the date and at the time at which the Company Merger Certificate of Merger has been duly filed with the Delaware Secretary of State or at such other date and time as is agreed between the Company and Acquisition Sub and specified in the Company Merger Certificate of Merger (such date and time being herein referred to as the "**Company Merger Effective Time**").

(ii) The Company Merger shall have the effects set forth in this Agreement and the applicable provisions of the DGCL. Without limiting the generality of the foregoing, from and after the Company Merger Effective Time, the Company Merger Surviving Corporation shall possess all rights, privileges, powers and franchises of the Company and Acquisition Sub, and all of the obligations, liabilities and duties of the Company and Acquisition Sub shall become the obligations, liabilities and duties of the Company Merger Surviving Corporation.

(b) Certificate of Incorporation; Bylaws. At the Company Merger Effective Time, the certificate of incorporation and the bylaws of the Company, as in effect immediately prior to the Company Merger Effective Time, shall be the certificate of incorporation and the bylaws of the Company Merger Surviving Corporation until thereafter amended in accordance with Applicable Law and the applicable provisions of such certificate of incorporation and bylaws (subject to Section 5.7).

(c) Board of Directors. The board of directors of the Company Merger Surviving Corporation effective as of, and immediately following, the Company Merger Effective Time shall consist of the members of the board of directors of Acquisition Sub immediately prior to the Company Merger Effective Time, to hold office in accordance with the certificate of incorporation and bylaws of the

Company Merger Surviving Corporation until the earlier of their death, resignation or removal or until their respective successors are duly elected, designated or qualified, as the case may be.

(d) Officers. From and after the Company Merger Effective Time, the officers of Acquisition Sub shall be the officers of the Company Merger Surviving Corporation, until the earlier of their death, resignation or removal or until their respective successors are duly elected or appointed and qualified, as the case may be.

ARTICLE II

EFFECT OF THE MERGERS ON CAPITAL STOCK; EXCHANGE OF CERTIFICATES

Section 2.1 Adviser Merger.

(a) Effect on Securities. At the Adviser Merger Effective Time, by virtue of the Adviser Merger and without any action on the part of Subsidiary Adviser or IHAM or any of the holders of any securities of Subsidiary Adviser or IHAM, each limited liability company membership interest of Subsidiary Adviser issued and outstanding immediately prior to the Adviser Merger Effective Time shall no longer be outstanding and shall automatically be canceled and shall cease to exist without any consideration being payable therefor.

(b) Further Action. If, at any time after the Adviser Merger Effective Time, any further action is determined by IHAM to be necessary or desirable to carry out the purposes of this Agreement or to vest the Adviser Merger Surviving Entity with full right, title and possession of and to all rights and property of Subsidiary Adviser, the officers and general partner of IHAM shall be fully authorized (in the name of IHAM, Subsidiary Adviser and otherwise) to take such action.

Section 2.2 Company Merger Effect on Securities.

(a) Effect of Company Merger. At the Company Merger Effective Time, by virtue of the Company Merger and without any action on the part of the Company, Parent, Acquisition Sub or the holders of any securities of the Company or Acquisition Sub:

(i) Cancellation of Company Securities. Each share of common stock, par value \$0.01 per share, of the Company (the "**Company Common Stock**") held by the Company as treasury stock or held, directly or indirectly, by Parent or Acquisition Sub immediately prior to the Company Merger Effective Time, except for the Company Incentive Awards issued pursuant to the Performance Incentive Plan and held by the Trust, shall automatically be canceled and retired and shall cease to exist, and no consideration or payment shall be delivered in exchange therefor or in respect thereof.

(ii) Conversion of Company Securities. Each share of Company Common Stock issued and outstanding immediately prior to the Company Merger Effective Time (including Company Common Stock issued in respect of Company Incentive Awards pursuant to Section 2.4(b) and excluding any shares canceled pursuant to Section 2.2(a)(i) and any Dissenting Shares) shall be converted into the right to receive, in accordance with the terms of this Agreement: (A) \$6.41 in cash, without interest, from Parent (such amount of cash, the "**Parent Cash Consideration**"), plus (B) subject to the proviso in Section 2.3(c), \$1.20 in cash, without interest, from Parent External Adviser, acting solely on its own behalf (such amount of cash, the "**Parent External Adviser Cash Consideration**"), plus (C) \$2.45 in cash, minus the Mortgage Manager TSA Insurance Amount, without interest, which amount represents such per share amount of cash consideration to be paid pursuant to the Mortgage Manager Purchase Agreement and which amount shall be freely available cash in the Company at the time of the Closing without giving effect to and prior to (i) any adjustments or payments contemplated by the Mortgage Manager Purchase Agreement or (ii) any debt repayments required or caused by the Merger, this Agreement or the Mortgage

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Manager Purchase Agreement or the transactions contemplated hereby or thereby (such amount of cash, the "**Mortgage Manager Cash Consideration**"), plus (D) the Make-up Dividend Amount, if any (together with the Parent Cash Consideration, the Parent External Adviser Cash Consideration and the Mortgage Manager Cash Consideration, the "**Cash Consideration**") plus (E) 0.483 (such ratio, as may be adjusted pursuant to Section 2.2(b), the "**Exchange Ratio**") of a validly issued, fully paid and non-assessable share of Parent Common Stock (and, if applicable, cash in lieu of fractional shares of Parent Common Stock payable in accordance with Section 2.2(c) and such share of Parent Common Stock and any such cash in lieu of fractional shares, together with the Cash Consideration, the "**Merger Consideration**"). Each share of Company Common Stock to be converted into the right to receive the Merger Consideration as provided in this Section 2.2(a)(ii) shall no longer be outstanding and shall be automatically canceled and shall cease to exist, and the holders of certificates (the "**Certificates**") or book-entry shares ("**Book-Entry Shares**"), which immediately prior to the Company Merger Effective Time represented such Company Common Stock, shall cease to have any rights with respect to such Company Common Stock other than the right to receive, upon surrender of such Certificates or Book-Entry Shares in accordance with Section 2.3, the Merger Consideration.

(iii) Conversion of Acquisition Sub Capital Stock. Each share of common stock, par value \$0.01 per share, of Acquisition Sub issued and outstanding immediately prior to the Company Merger Effective Time shall be converted into and become one (1) fully paid share of common stock, par value \$0.01 per share, of the Company Merger Surviving Corporation and constitute the only outstanding shares of capital stock of the Company Merger Surviving Corporation.

(b) Adjustments. Without limiting the other provisions of this Agreement, if at any time during the period between the date of this Agreement and the Company Merger Effective Time, any change in the number or type of outstanding shares of Parent Common Stock or Company Common Stock shall occur as a result of a reclassification, recapitalization, exchange, stock split (including a reverse stock split) or combination, exchange or readjustment of shares, or any stock dividend or stock distribution with a record date during such period, the Exchange Ratio and any other similarly dependent items, as the case may be, shall be appropriately adjusted to provide the same economic effect as contemplated by this Agreement prior to such event. Nothing in this Section 2.2(c) shall be construed to permit any party to take any action that is otherwise prohibited or restricted by any other provision of this Agreement.

(c) Fractional Shares. No certificates or scrip representing fractional shares of Parent Common Stock shall be issued upon the conversion of Company Common Stock pursuant to Section 2.2(a)(ii), and such fractional share interests shall not entitle the owner thereof to any Parent Common Stock or to vote or to any other rights of a holder of Parent Common Stock. All fractional shares to which a single record holder of Company Common Stock would be otherwise entitled to receive shall be aggregated and calculations shall be rounded to three (3) decimal places. In lieu of any such fractional shares, each holder of Company Common Stock who would otherwise be entitled to such fractional shares shall be entitled to an amount in cash, without interest, rounded down to the nearest cent, equal to the product of (i) the amount of the fractional share interest in a share of Parent Common Stock to which such holder would, but for this Section 2.2(d), be entitled under Section 2.2(a)(ii) and (ii) an amount equal to the average of the volume weighted average price per share of Parent Common Stock on NASDAQ (as reported by Bloomberg L.P. or, if not reported therein, in another authoritative source mutually selected by Parent and the Company) on each of the five (5) consecutive trading days ending with the third (3rd) complete trading day immediately prior to the Closing Date. As soon as practicable after the determination of the amount of cash, if any, to be paid to holders of Company Common Stock in lieu of any fractional share interests in Parent Common Stock, the Exchange Agent shall make available such amount, without interest, to the holders of Company Common Stock entitled

Annex A-9

to receive such cash. The payment of cash in lieu of fractional share interests pursuant to this Section 2.2(d) is not a separately bargained-for consideration.

Section 2.3 Exchange of Certificates.

(a) Designation of Exchange Agent; Deposit of Exchange Fund. Prior to the Closing, Parent and Parent External Adviser shall enter into a customary exchange agreement with a nationally recognized financial institution designated by Parent and reasonably acceptable to the Company (the "**Exchange Agent**") for the payment of the Merger Consideration as provided in Section 2.2(a)(ii). At or prior to the Company Merger Effective Time, (i) Parent shall deposit, or cause to be deposited with the Exchange Agent, for exchange in accordance with this Article II, through the Exchange Agent book-entry shares (or certificates if requested) representing the full number of whole shares of Parent Common Stock issuable pursuant to Section 2.2(a)(ii) in exchange for outstanding shares of Company Common Stock, (ii) Parent shall deposit, or cause to be deposited with the Exchange Agent, cash in an aggregate amount necessary to pay the Parent Cash Consideration portion of the Merger Consideration, and Parent shall, after the Company Merger Effective Time on the appropriate payment date, if applicable, provide or cause to be provided to the Exchange Agent any dividends or other distributions payable on such shares of Parent Common Stock pursuant to Section 2.3(d) and (iii) Parent External Adviser shall deposit, or cause to be deposited with the Exchange Agent, cash in an aggregate amount necessary to pay the Parent External Adviser Cash Consideration portion of the Merger Consideration (such shares of Parent Common Stock, Parent Cash Consideration and Parent External Adviser Cash Consideration provided to the Exchange Agent, together with any dividends or other distributions with respect thereto, are hereinafter referred to as the "**Exchange Fund**"). For purposes of the deposit, Parent shall assume that there will not be any fractional shares of Parent Common Stock. Parent shall make available to Exchange Agent, for addition to the Exchange Fund, from time to time as needed, cash sufficient to pay cash in lieu of fractional shares in accordance with Section 2.2(d). In the event the Exchange Fund shall at any time be insufficient to make the payments contemplated by Section 2.2(a)(ii), Parent shall promptly deposit, or cause to be deposited, additional funds with the Exchange Agent in an amount which is equal to the deficiency in the amount required to make such payment. Parent, and with respect to the Parent External Adviser Cash Consideration, Parent External Adviser, shall cause the Exchange Fund to be (i) held for the benefit of the holders of Company Common Stock and (ii) applied promptly to making the payments pursuant to Section 2.2(a)(ii). The Exchange Fund shall not be used for any purpose other than to fund payments pursuant to Section 2.2, except as expressly provided for in this Agreement.

(b) As promptly as practicable following the Company Merger Effective Time and in any event not later than the second Business Day thereafter, Parent shall cause the Exchange Agent to mail to each holder of record of a Certificate or Book-Entry Share that immediately prior to the Company Merger Effective Time represented outstanding shares of Company Common Stock (i) a letter of transmittal, which shall specify that delivery shall be effected, and risk of loss and title to the Certificates or Book-Entry Shares, as applicable, shall pass, only upon proper delivery of the Certificates (or affidavits of loss in lieu thereof) or Book-Entry Shares to the Exchange Agent and which shall be in the form and have such other provisions as Parent and the Company may reasonably specify and (ii) instructions (which instructions shall be in the form and have such other provisions as Parent and the Company may reasonably specify) for use in effecting the surrender of the Certificates or Book-Entry Shares in exchange for (A) cash in an amount equal to the Cash Consideration multiplied by the number of shares of Company Common Stock previously represented by such Certificates or Book-Entry Shares, (B) the number of shares of Parent Common Stock (which shall be in book-entry form unless a certificate is requested) representing, in the aggregate, the whole number of shares that such holder has the right to receive in respect of such Certificates or Book-Entry Shares pursuant to Section 2.2(a)(ii), (C) any dividends or other distributions payable pursuant to Section 2.3(d) and (D) cash in lieu of fractional shares of Parent Common Stock payable pursuant to Section 2.2(d).

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(c) Upon surrender of a Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share for cancellation to the Exchange Agent, together with a letter of transmittal duly completed and validly executed in accordance with the instructions thereto, and such other documents as may be required pursuant to such instructions, the holder of such Certificate or Book-Entry Share shall be entitled to receive in exchange therefor, and Parent, and with respect to the Parent External Adviser Cash Consideration, Parent External Adviser, shall cause the Exchange Agent to pay and deliver in exchange thereof as promptly as practicable, but in any event within two (2) Business Days following the Exchange Agent's receipt of such Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share, (A) cash in an amount equal to the Cash Consideration multiplied by the number of shares of Company Common Stock previously represented by such Certificate of Book-Entry Shares, (B) the number of shares of Parent Common Stock (which shall be in book-entry form unless a certificate is requested) representing, in the aggregate, the whole number of shares that such holder has the right to receive in respect of such Certificate or Book-Entry Shares pursuant to Section 2.2(a)(ii), (C) any dividends or other distributions payable pursuant to Section 2.3(d) and (D) cash in lieu of fractional shares of Parent Common Stock payable pursuant to Section 2.2(d), and the Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share so surrendered shall be forthwith canceled; provided, however, that in no event shall Parent External Adviser Cash Consideration be used to make any payments required by Section 2.4. Until surrendered as contemplated by this Section 2.3(c), each Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share shall be deemed, from and after the Company Merger Effective Time, to represent only the right to receive the applicable Merger Consideration as contemplated by this Section 2.3(c) and any dividends or other distributions payable pursuant to Section 2.3(d). The Exchange Agent shall accept such Certificates (or affidavits of loss in lieu thereof) or Book-Entry Shares upon compliance with such reasonable terms and conditions as the Exchange Agent may impose to effect an orderly exchange thereof in accordance with normal exchange practices. No interest shall be paid or accrued for the benefit of holders of the Certificates or Book-Entry Shares on the cash payable upon the surrender of the Certificates or Book-Entry Shares.

(d) Distributions with Respect to Unexchanged Shares. Subject to Applicable Law, following surrender of a Certificate (or affidavit of loss in lieu thereof) or Book-Entry Shares for cancellation to the Exchange Agent, there shall be paid to the holder of the Parent Common Stock issued in exchange for such Certificate or Book-Entry Shares, without interest, (i) at the time of delivery of such Parent Common Stock by the Exchange Agent pursuant to Section 2.3(c), the amount of dividends or other distributions with a record date after the Company Merger Effective Time theretofore paid with respect to such shares of Parent Common Stock and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Company Merger Effective Time but prior to such delivery of such Parent Common Stock by the Exchange Agent pursuant to Section 2.3(c), and a payment date subsequent to such delivery of such Parent Common Stock by the Exchange Agent pursuant to Section 2.3(c), payable with respect to such shares of Parent Common Stock. For the avoidance of doubt, notwithstanding anything in this Agreement to the contrary, in no event will any former holder of Company Common Stock be entitled to receive any dividend or other amount pursuant to this Section 2.3(d) with respect to a calendar quarter in which any Make-Up Dividend Amount has increased the Merger Consideration.

(e) In the event of a transfer of ownership of Company Common Stock that is not registered in the transfer records of the Company, payment of the appropriate amount of Merger Consideration (and any dividends or other distributions with respect to Parent Common Stock as contemplated by Section 2.3(d)) may be made to a Person other than the Person in whose name the Certificate or Book-Entry Share so surrendered is registered, if such Certificate shall be properly endorsed or otherwise be in proper form for transfer (and accompanied by all documents reasonably required by the Exchange Agent) or such Book-Entry Share shall be properly transferred and the Person requesting such payment shall pay any transfer or other Taxes required by reason of the payment to a Person

other than the registered holder of such Certificate or Book-Entry Share or establish to the satisfaction of Parent that such Tax has been paid or is not applicable.

(f) Termination of Exchange Fund. Any portion of the Exchange Fund which remains undistributed to the holders of the Certificates or Book-Entry Shares for one (1) year after the Company Merger Effective Time shall be delivered to Parent or its designee, upon demand, and any such holders prior to the Company Merger who have not theretofore complied with this Article II shall thereafter look only to (i) Parent as general creditor thereof for payment of their claims for Merger Consideration (other than the Parent External Adviser Cash Consideration) and any dividends or distributions with respect to Parent Common Stock as contemplated by Section 2.3(d) and (ii) Parent External Adviser as general creditor thereof for payment of their claims for the Parent External Adviser Cash Consideration. Parent shall pay all charges and expenses, including those of the Exchange Agent, in connection with the exchange of Certificates or Book-Entry Shares for the Merger Consideration.

(g) No Liability. None of Parent, Acquisition Sub, the Company, Parent External Adviser or the Exchange Agent shall be liable to any Person in respect of any shares of Parent Common Stock (or dividends or distributions with respect thereto) or cash held in the Exchange Fund delivered to a Governmental Authority pursuant to any applicable abandoned property, escheat or similar Law. If any Certificates or Book-Entry Shares shall not have been surrendered immediately prior to the date on which any Merger Consideration in respect of such Certificate or Book-Entry Share would otherwise escheat to or become the property of any Governmental Authority, any such Merger Consideration in respect of such Certificate or Book-Entry Share shall, to the extent permitted by Applicable Law, become the property of Parent, or with respect to any such Merger Consideration consisting of Parent External Adviser Cash Consideration, Parent External Adviser, free and clear of all claims or interest of any Person previously entitled thereto.

(h) Investment of Exchange Fund. The Exchange Agent shall invest any cash included in the Exchange Fund as directed by Parent; provided, that (i) no such investment shall relieve Parent, Parent External Adviser or the Exchange Agent from making the payments required by this Article II, and following any losses Parent shall promptly provide additional funds to the Exchange Agent for the benefit of the holders of Company Common Stock in the amount of such losses, (ii) no such investment shall have maturities that could prevent or delay payments to be made pursuant to this Agreement and (iii) such investments shall be in short term obligations of the United States of America with maturities of no more than thirty (30) days or guaranteed by the United States of America and backed by the full faith and credit of the United States of America, or in commercial paper rated "A-1" or "P-1" or better by Moody's Investors Service, Inc. or Standard & Poor's Financial Services LLC, respectively. Any interest or income produced by such investments will be payable to Parent or its designee as directed by Parent.

(i) Withholding. Parent, Parent External Adviser and the Exchange Agent shall be entitled to deduct and withhold from the Merger Consideration and any amounts otherwise payable pursuant to this Agreement to any former holder of Company Common Stock or holder of Company Options and Company Incentive Awards such amounts as Parent, Parent External Adviser or the Exchange Agent are required to deduct and withhold with respect to the making of such payment under the Code or any provision of applicable Tax Law. If amounts are so withheld and paid over to the appropriate Taxing Authority by Parent, Parent External Adviser or the Exchange Agent on behalf of the Person, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the Person in respect of which such deduction and withholding was made by Parent, Parent External Adviser or the Exchange Agent.

Section 2.4 Company Options; Company Incentive Awards.

(a) Treatment of Company Options. As of immediately prior to the Company Merger Effective Time, each vested and unvested Company Option that is outstanding other than an Underwater Option shall become vested and exercisable in full and shall, to the extent not exercised as of the Company Merger Effective Time, be canceled and shall entitle the holder thereof to receive at the Company Merger Effective Time the positive amount of Option Consideration (subject to any applicable withholding or other Taxes required by Applicable Law to be withheld, which withholding shall first be applied against the cash portion of the Option Consideration) attributable to such Company Option; provided, however, that the cash portion of such Option Consideration shall be payable solely from cash provided to the Exchange Agent by Parent (and not, for the avoidance of doubt, by Parent External Adviser); provided, further, that the foregoing shall in no way reduce the amount of Option Consideration payable in respect of a Company Option under this Agreement, it being understood and agreed that notwithstanding anything herein to the contrary, the Total Cash Consideration in respect of each Company Option shall be the same amount as the product of (i) the Cash Consideration as defined in Section 2.2(a)(ii) without reduction and (ii) the number of shares of Company Common Stock subject to such Company Option immediately prior to the Company Merger Effective Time. Following the Company Merger Effective Time, any such canceled Company Option shall no longer be exercisable for Company Common Stock and shall entitle the holder of such canceled Company Option only to the Option Consideration, which shall be paid as soon as practicable following the Company Merger Effective Time. Any Underwater Option shall be canceled and shall terminate at the Company Merger Effective Time with no consideration paid therefor.

(b) Treatment of Company Incentive Awards. Effective as of immediately prior to the Company Merger Effective Time, each vested and unvested Company Incentive Award that is outstanding shall become vested in full immediately prior to the Company Merger Effective Time and the corresponding shares of Company Common Stock shall be released from the Trust pursuant to and consistent with the terms of the Performance Incentive Plans, after which each such share of Company Common Stock shall be immediately converted into the right to receive at the Company Merger Effective Time the Merger Consideration (subject to any applicable withholding or other Taxes or other amounts required by Applicable Law to be withheld in accordance with the terms of the Performance Incentive Plans and any Company Incentive Award thereunder) (the "**Incentive Award Payment**"); provided, however, that the cash portion of such Incentive Award Payment shall be payable solely from cash provided to the Exchange Agent by Parent (and not, for the avoidance of doubt, by Parent External Adviser); provided, further, that the foregoing shall in no way reduce the amount of Incentive Award Payment payable in respect of a Company Incentive Award under this Agreement, it being understood and agreed that notwithstanding anything herein to the contrary, the Cash Consideration in respect of each such share of Company Common Stock released from the Trust as described in this Section 2.4(b) shall be the same amount per share as the Cash Consideration as defined in Section 2.2(a)(ii) without reduction. Each such share of Company Common Stock that is converted into the right to receive the Incentive Award Payment shall be canceled as provided in Section 2.2(a)(i), and the holders of such Company Common Stock shall cease to have any rights with respect to such Company Common Stock and any underlying Company Incentive Awards other than the right to receive the Incentive Award Payment. The Incentive Award Payment shall be paid at the Company Merger Effective Time.

Section 2.5 Lost Certificates. If any Certificate shall have been lost, stolen or destroyed, then upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed and, if required by Parent, the posting by such Person of a bond, in such reasonable amount as Parent may direct, as indemnity against any claim that may be made against it with respect to such Certificate, the Exchange Agent will issue in exchange for such lost, stolen or destroyed Certificate the Merger Consideration to which the holder thereof is entitled pursuant to this Article II.

Section 2.6 Dissenting Shares. Notwithstanding anything in this Agreement to the contrary, to the extent that holders of Company Common Stock are entitled to appraisal rights under Section 262 of the DGCL, shares of Company Common Stock issued and outstanding immediately prior to the Company Merger Effective Time and held by a holder who has properly exercised and perfected his or her demand for appraisal rights under Section 262 of the DGCL and not effectively withdrawn or lost such holder's rights to appraisal (the "**Dissenting Shares**"), shall not be converted into the right to receive the Merger Consideration, but the holders of such Dissenting Shares shall be entitled to receive such consideration as shall be determined pursuant to Section 262 of the DGCL (it being understood and acknowledged that at the Company Merger Effective Time, such Dissenting Shares shall no longer be outstanding, shall automatically be canceled and shall cease to exist, and such holder shall cease to have any rights with respect thereto other than the right to receive the "fair value" of such Dissenting Shares as determined in accordance with Section 262 of the DGCL); provided, however, that if any such holder shall have failed to perfect or shall have effectively withdrawn or lost his, her or its right to appraisal and payment under the DGCL (whether occurring before, at or after the Company Merger Effective Time), such holder's shares of Company Common Stock shall thereupon be deemed to have been converted as of the Company Merger Effective Time into the right to receive the Merger Consideration, without any interest thereon, and such shares shall not be deemed to be Dissenting Shares. The Company shall give prompt notice to Parent of any demands for appraisal of any shares of Company Common Stock, withdrawals of such demands and any other instruments served pursuant to the DGCL received by the Company relating to appraisal demands, and Parent shall have the right to participate in all negotiations and Proceedings with respect to such demands. Prior to the Company Merger Effective Time, the Company shall not, without the prior written consent of Parent, make any payment with respect to or settle or compromise or offer to settle or compromise any such demand or Proceeding, or agree to do any of the foregoing.

Section 2.7 Transfers; No Further Ownership Rights. After the Company Merger Effective Time, there shall be no registration of transfers on the stock transfer books of the Company of shares of Company Common Stock that were outstanding immediately prior to the Company Merger Effective Time. If Certificates or Book-Entry Shares are presented to the Company Merger Surviving Corporation, Parent or the Exchange Agent for transfer following the Company Merger Effective Time, they shall be canceled against delivery of the applicable Merger Consideration, as provided for in Section 2.2(a)(ii), for each share of Company Common Stock formerly represented by such Certificates or Book-Entry Shares.

Section 2.8 Further Action. If, at any time after the Company Merger Effective Time, any further action is determined by Parent or the Company Merger Surviving Corporation to be necessary or desirable to carry out the purposes of this Agreement or to vest the Company Merger Surviving Corporation with full right, title and possession of and to all rights and property of the Company, the officers and managers of Parent shall be fully authorized (in the name of Acquisition Sub, in the name of the Company and otherwise) to take such action.

ARTICLE III

REPRESENTATIONS AND WARRANTIES OF THE COMPANY AND SUBSIDIARY ADVISER

Except as disclosed in the Company SEC Documents filed by the Company prior to the date of this Agreement (but in each case excluding any risk factor or similar disclosure under the headings "Risk Factors" or "Forward Looking Statements" or any similar non-specific, predictive, precautionary or forward-looking statements), or as disclosed in the Company Disclosure Letter, the Company hereby represents and warrants to Parent, except with respect to the representations and warranties in

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Section 3.1, Section 3.2, Section 3.3, Section 3.4, Section 3.5 and Section 3.24, which are hereby made by the Company and Subsidiary Adviser to Parent jointly and severally, as follows:

Section 3.1 Organization; Qualification. Each of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group is a corporation or other entity duly organized, validly existing and (to the extent applicable) in good standing under the laws of the jurisdiction of its incorporation or organization and has the requisite entity power and authority to conduct its business as it is now being conducted, to own and use its assets in the manner in which its assets are currently used, and to perform its obligations under all Company Material Contracts to which it is a party, except where the failure to be in good standing, to have such power and authority, to own and use such assets or to perform its obligations under such Company Material Contracts would not have a Company Material Adverse Effect. Each of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group is duly qualified or licensed to do business and is in good standing in each jurisdiction in which the property owned, leased or operated by it or the nature of the business conducted by it makes such qualification or licensing necessary, except where the failure to be so duly qualified or licensed and in good standing would not have a Company Material Adverse Effect. The Company's Third Amended and Restated Certificate of Incorporation (as amended) and Second Amended and Restated Bylaws (as amended), as currently in effect, are included in the Company SEC Documents and the Company is not in violation of such documents. The Company has duly elected to be regulated as a business development company ("**BDC**") pursuant to the Investment Company Act and such election has not been revoked or withdrawn and is in full force and effect.

Section 3.2 Capitalization; Consolidated Subsidiaries.

(a) As of the close of business on May 20, 2016, the authorized capital stock of the Company consisted of (i) 1,000,000,000 shares of Company Common Stock, 214,378,836 of which were issued and outstanding (which number of issued and outstanding shares of Company Common Stock includes 2,642,800 shares of Company Common Stock held by the Trust pursuant to the Performance Incentive Plan, 2,621,948 of which are allocable to outstanding Company Incentive Awards and 20,852 of which are not allocable to outstanding Company Incentive Awards) and no shares of which were held by the Company as treasury stock, and (ii) 5,000,000 shares of preferred stock of the Company, par value \$0.01 per share, no shares of which were outstanding. As of the close of business on May 20, 2016, there were outstanding Company Options to purchase 31,143,057 shares of Company Common Stock.

(b) All of the issued and outstanding shares of Company Common Stock have been, and all of the issued and outstanding shares of Company Common Stock that may be issued pursuant to Company Options and Company Incentive Awards will be, duly authorized and validly issued and are or will be when issued fully paid, nonassessable and free of preemptive rights. All of the Company Common Stock has been sold pursuant to an effective registration statement filed under the federal securities Laws or an appropriate exemption therefrom and in accordance with the Investment Company Act.

(c) As of the close of business on May 20, 2016, other than as set forth in Section 3.2(a), there are no existing (i) options, warrants, calls, subscriptions or other rights, convertible securities, agreements or commitments of any character to which the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is a party obligating the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group to issue, transfer or sell any shares of capital stock or other equity interest in the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group or securities convertible into or exchangeable for such shares or equity interests, (ii) contractual obligations of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group to repurchase, redeem or otherwise acquire any capital stock of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group, or any securities representing the right to purchase or otherwise receive any capital stock of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Adviser Group, (iii) voting trusts or similar agreements to which the Company is a party with respect to the voting of the capital stock of the Company or (iv) other equity-based awards, including any equity appreciation rights, issued by the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group.

(d) Each Consolidated Subsidiary of the Company on the date hereof is listed on Section 3.2(d) of the Company Disclosure Letter. Except as set forth on Section 3.2(d) of the Company Disclosure Letter, the Company owns, directly or indirectly, all of the issued and outstanding company, partnership or corporate (as applicable) ownership interests in each such Consolidated Subsidiary, free and clear of all Liens except for Permitted Liens, and all of such company, partnership or corporate (as applicable) ownership interests are duly authorized and validly issued and are fully paid, nonassessable and free of preemptive rights. The Company has made available to Parent the currently effective corporate or other organizational documents for each Consolidated Subsidiary and member of the Subsidiary Adviser Group.

Section 3.3 Authority Relative to Agreement.

(a) The Company and Subsidiary Adviser have all necessary corporate power and authority to execute and deliver this Agreement and, subject (in the case of the Company Merger) to obtaining the Company Stockholder Approval, to consummate the transactions contemplated hereby. The execution, delivery and performance of this Agreement by the Company and Subsidiary Adviser, and the consummation by the Company and Subsidiary Adviser of the transactions contemplated by this Agreement, have been duly and validly authorized by all necessary corporate action by the Company and Subsidiary Adviser, and (in the case of the Adviser Merger, except for the filing of the Adviser Merger Certificate of Merger with the Delaware Secretary of State, and in the case of the Company Merger, except for the (i) Company Stockholder Approval and (ii) filing of the Company Merger Certificate of Merger with the Delaware Secretary of State) no other corporate action or proceeding on the part of the Company or Subsidiary Adviser is necessary to authorize the execution, delivery and performance of this Agreement by the Company and Subsidiary Adviser and the consummation by the Company and Subsidiary Adviser of the transactions contemplated by this Agreement. This Agreement has been duly executed and delivered by the Company and Subsidiary Adviser and, assuming due authorization, execution and delivery of this Agreement by the other parties hereto, constitutes a legal, valid and binding obligation of the Company and Subsidiary Adviser, enforceable against the Company and Subsidiary Adviser in accordance with its terms, except that (i) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, affecting creditors' rights and remedies generally and (ii) the remedies of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought.

(b) The Company Board and the similar governing body of Subsidiary Adviser has, by resolutions adopted by the directors or similar governing members, (i) adopted this Agreement and the transactions contemplated hereby, (ii) determined that this Agreement and the transactions contemplated hereby are advisable and in the best interests of the Company and Subsidiary Adviser and their respective stockholders or other equityholders, (iii) solely with respect to the Company, resolved to make the Company Recommendation (provided, that any change or modification or rescission of such recommendation by the Company Board in accordance with Section 5.6(e) shall not be a breach of the representation in this clause (iii)) and (iv) solely with respect to the Company, directed that the adoption of this Agreement be submitted to a vote at the Company Stockholders' Meeting.

(c) Neither the execution and delivery of this Agreement by the Company and Subsidiary Adviser nor the consummation by the Company and Subsidiary Adviser of the transactions contemplated hereby, nor compliance by the Company and Subsidiary Adviser with any of the terms or provisions of

this Agreement, will (i) violate any provision of the Company's Third Amended and Restated Certificate of Incorporation (as amended) or Second Amended and Restated Bylaws (as amended) or the certificate of incorporation or bylaws (or equivalent organizational documents) of any Consolidated Subsidiary of the Company or any member of the Subsidiary Adviser Group, (ii) assuming that the Consents, registrations, declarations, filings and notices referred to in Section 3.4 have been obtained or made, conflict with or violate in any respect material to the Company any Law applicable to the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group or by which any property or asset of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is bound or affected or (iii) assuming the repayment in full of all obligations under the Company's Existing Credit Facilities and termination of the commitments thereunder, violate, conflict with or result in any breach of any provision of, or loss of any benefit, or constitute a default (with or without notice or lapse of time, or both) under, give rise to any right of termination, acceleration or cancellation of, require the Consent, or notice to or filing with any Third Party pursuant to, any of the terms or provisions of any Company Material Contract, or result in the creation of a Lien, other than any Permitted Lien, upon any of the property or assets of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group, other than, in the case of clause (iii), any such conflict, violation, breach, default, termination, acceleration, cancellation or Lien that would not have a Company Material Adverse Effect.

Section 3.4 No Conflict; Required Filings and Consents. No consent, approval, license, permit, order or authorization (a "**Consent**") of, or registration, declaration or filing with, or notice to, any Governmental Authority is required to be obtained or made by or with respect to the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group in connection with the execution, delivery and performance of this Agreement or the consummation of the transactions contemplated hereby, other than (i) applicable requirements of and filings with the SEC under the Exchange Act, the Investment Company Act and the Investment Advisers Act, (ii) the filing of the Adviser Merger Certificate of Merger or the Company Merger Certificate of Merger with the Delaware Secretary of State, (iii) applicable requirements under corporation or Blue Sky Laws of various states, (iv) such filings as may be required in connection with the Taxes described in Section 7.6, if any, (v) compliance with applicable rules and regulations of NASDAQ, (vi) such other items required solely by reason of the participation of Parent or Acquisition Sub in the transactions contemplated hereby, (vii) compliance with and filings or notifications under the HSR Act and any other applicable United States or foreign competition, antitrust, merger control or investment Laws (together with the HSR Act, "**Antitrust Laws**"), (viii) if the Hard 8 Restructuring shall not have occurred prior to the Closing, a finding of suitability of Parent and its necessary Affiliates by the Nevada Gaming Commission with regard to an investment in Hard 8 Games, LLC (the "**Nevada Gaming Commission Approval**") and (ix) such other Consents, registrations, declarations, filings or notices the failure of which to be obtained or made would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole.

Section 3.5 Permits; Compliance with Laws.

(a) The Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group are in possession of all franchises, grants, authorizations, licenses, permits, easements, variances, exceptions, consents, certificates, approvals and orders necessary for the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group to carry on their respective businesses under and pursuant to all Applicable Laws (the "**Company Permits**"), and no suspension or cancellation of any of the Company Permits is pending or, to the Knowledge of the Company, threatened, except where the failure to be in possession of, or the suspension or cancellation of, any of the Company Permits would not have a Company Material Adverse Effect. Each employee of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group who is required to be registered or licensed as a registered representative, investment adviser representative,

salesperson or an equivalent person with any Governmental Authority is duly registered or licensed as such and such registration or license is in full force and effect, except where the failure to be so registered or licensed or to have such registration or license in full force and effect would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole.

(b) None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is, or during the one-year period prior to the date of this Agreement has been, in default or violation of any (i) Law applicable to the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group or (ii) Company Permits, except for any such defaults or violations that would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole. Notwithstanding the foregoing, no representation or warranty in this Section 3.5 is made with respect to Company SEC Documents or financial statements, "disclosure controls and procedures" or "internal control over financial reporting," employee benefits matters, intellectual property matters, Tax matters, real property matters or environmental matters, which are addressed exclusively in Section 3.6 (Company SEC Documents; Financial Statements; Enforcement Actions), Section 3.8 (Disclosure Controls and Procedures), Section 3.16 (Employee Benefit Plans; Labor), Section 3.17 (Trademarks, Patents and Copyrights), Section 3.18 (Taxes), Section 3.20 (Real Property) and Section 3.21 (Environmental), respectively.

(c) The Company has written policies and procedures adopted pursuant to Rule 38a-1 under the Investment Company Act that are reasonably designed to prevent violations of the "Federal Securities Laws," as such term is defined in Rule 38a-1(e)(1) under the Investment Company Act. Since January 1, 2014, there have been no "Material Compliance Matters" for the Company, as such term is defined in Rule 38a-1(e)(2) under the Investment Company Act, other than those that have been reported to the Company Board and satisfactorily remedied or are in the process of being remedied or those that would not have a Company Material Adverse Effect.

(d) The Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group are, and have been at all times since January 1, 2014, in compliance with the FCPA, and all other applicable money laundering, anti-corruption or anti-bribery Laws of all jurisdictions having jurisdiction over the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group. The Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group have instituted policies and procedures reasonably designed to ensure compliance with the FCPA and other applicable money laundering, anti-corruption or anti-bribery Laws and maintain such policies and procedures in effect.

(e) Since January 1, 2014, none of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group or, to the Knowledge of the Company, any of their respective directors, officers or employees, has received any written or, to the Knowledge of the Company, oral notification from a Governmental Authority asserting that the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is not in compliance in all material respects with any material Laws or Company Permits.

Section 3.6 Company SEC Documents: Financial Statements: Enforcement Actions.

(a) Since January 1, 2015, the Company has filed with the SEC on a timely basis all material forms, documents and reports required to be filed or furnished prior to the date hereof by it with the SEC (such forms, documents and reports so filed with the SEC by the Company since such date, including any amendments thereto, the "**Company SEC Documents**"). As of their respective dates, or, if amended, as of the date of the last such amendment, the Company SEC Documents complied in all material respects with the applicable requirements of the Securities Act, the Exchange Act or the Investment Company Act, as the case may be, and the applicable rules and regulations promulgated

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

thereunder, and none of the Company SEC Documents at the time it was filed contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, or are to be made, not misleading (or, in the case of a Company SEC Document that is a registration statement, as amended or supplemented, if applicable, filed pursuant to the Securities Act, as of the date such registration statement or amendment became effective, contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading).

(b) The consolidated financial statements (including all related notes and the related consolidated schedules of investments) of the Company and its Consolidated Subsidiaries and the consolidated financial statements (including all related notes and the related consolidated schedules of investments) of the Subsidiary Adviser Group included in the Company SEC Documents (i) fairly present in all material respects the consolidated financial position, results of operations, cash flows and changes in stockholders' equity of the Company and its Consolidated Subsidiaries or the Subsidiary Adviser Group, as applicable, as at the respective dates thereof or the respective periods then ended, as applicable (subject, in the case of unaudited interim statements, to normal year-end audit adjustments, to the absence of notes and to any other adjustments described therein, including in any notes thereto), (ii) were prepared in accordance with GAAP applied on a consistent basis throughout the periods involved (except as may be indicated therein or in the notes thereto), (iii) were prepared from, and are in accordance with, the books and records of the Company and its Consolidated Subsidiaries or the Subsidiary Adviser Group, as applicable, and (iv) comply as to form, as of their respective dates of filing with the SEC, in all material respects with applicable accounting requirements and with the published rules and regulations of the SEC with respect thereto.

(c) Neither the Company nor any of its Consolidated Subsidiaries nor any member of the Subsidiary Adviser Group is subject to any cease-and-desist or other enforcement action by, or is a party to any Contract, consent agreement or memorandum of understanding with, or is a party to any commitment letter or similar undertaking to, or has been ordered to pay any civil money penalty by, or is subject to any Order by, or has adopted any policies, procedures or board resolutions at the request of, any Governmental Authority that currently restrict the conduct of its business (or that would, to the Knowledge of the Company, upon consummation of the Mergers restrict in any respect the conduct of the business of Parent or any of its Consolidated Subsidiaries), or that relate to its capital adequacy, its ability to pay dividends, its credit, risk management or compliance policies, its internal controls, its management or its business, other than those of general application that apply to similarly situated BDCs or their Consolidated Subsidiaries, except as would not, individually or in the aggregate, have a material adverse effect on the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, nor has the Company or any of its Consolidated Subsidiaries been advised in writing or, to the Knowledge of the Company, verbally by any Governmental Authority that it is considering issuing, initiating, ordering or requesting any of the foregoing that would, individually or in the aggregate, have a material adverse effect on the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole.

Section 3.7 Information Supplied. None of the information supplied or to be supplied by or on behalf of the Company or any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group for inclusion or incorporation by reference in (a) the registration statement on Form N-14 to be filed with the SEC by Parent in connection with the registration under the Securities Act of the shares of Parent Common Stock to be issued in the Company Merger (as amended or supplemented from time to time, the "**Form N-14**") will, at the time the Form N-14 is filed with the SEC, and at any time it is amended or supplemented or at the time it becomes effective under the Securities Act, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein, in light of the circumstances under which they are made, not misleading

Annex A-19

and (b) the joint proxy statement to be sent to the stockholders of Parent relating to the Parent Stockholders' Meeting and to the stockholders of the Company relating to the Company Stockholders' Meeting (the "**Joint Proxy Statement**") will, at the date it or any amendment or supplement is mailed to stockholders of the Company and stockholders of Parent and at the time of the Company Stockholders' Meeting and at the time of the Parent Stockholders' Meeting, contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances in which they are made, not misleading (except that no representation or warranty is made by the Company regarding such portions thereof that relate expressly to Parent or any of its Subsidiaries, including Acquisition Sub, or to statements made therein based on information supplied by or on behalf of Parent or Acquisition Sub for inclusion or incorporation by reference therein). The Joint Proxy Statement will comply as to form in all material respects with the requirements of the Exchange Act and the rules and regulations promulgated thereunder.

Section 3.8 Disclosure Controls and Procedures. The Company and its Consolidated Subsidiaries maintain "disclosure controls and procedures" and "internal control over financial reporting" (as such terms are defined in paragraphs (e) and (f), respectively, of Rule 13a-15 promulgated under the Exchange Act) as required by Rules 13a-15 and 15d-15 promulgated under the Exchange Act ("**Internal Controls**"). Such Internal Controls are designed to ensure that all information required to be disclosed in any Company SEC Documents are recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and further designed and maintained to provide reasonable assurance regarding the reliability of the Company's financial reporting and the preparation of Company financial statements for external purposes in accordance with GAAP. The Company's management has completed an assessment of the effectiveness of the Company's system of internal controls over financial reporting in compliance with the requirements of Section 404 of the Sarbanes-Oxley Act for the fiscal year ended December 31, 2015, and such assessment concluded that such Internal Controls were effective using the framework specified in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 and, except as set forth on Section 3.8 of the Company Disclosure Letter, such assessment did not identify, and to the Knowledge of the Company, neither the Company, its Consolidated Subsidiaries nor members of the Subsidiary Adviser Group have been made aware of, (i) any significant deficiency or material weakness in the design or operation of internal control over financial reporting utilized by the Company or its Consolidated Subsidiaries or (ii) any illegal act or fraud, whether or not material, that involves management or employees of the Company or its Consolidated Subsidiaries. The principal executive officer and principal financial officer of the Company have made all certifications required by Sections 302 and 906 of the Sarbanes-Oxley Act and any related rules and regulations promulgated by the SEC with respect to the Company SEC Documents, and the statements contained in any such certifications were true and correct on the date such certifications were made. The Company, each of its Consolidated Subsidiaries and each member of the Subsidiary Adviser Group, if applicable, is in compliance in all material respects with the applicable listing standards and corporate governance standards of NASDAQ or other listing exchanges or self-regulating organizations applicable to the Company, its Consolidated Subsidiaries and members of the Subsidiary Adviser Group and has not received any written (or to the Knowledge of the Company, any verbal) notice asserting any non-compliance with the listing standards and corporate governance standards of NASDAQ.

Section 3.9 Absence of Certain Changes or Events. Except as set forth on Section 3.9 of the Company Disclosure Letter, since December 31, 2015, through the date of this Agreement, except as otherwise contemplated or permitted by this Agreement, (a) the respective businesses of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group have been conducted in the ordinary course of business consistent with past practice, (b) there has not been any event, development or state of circumstances that has had a Company Material Adverse Effect and (c) there has not been any action that, if it had been taken after the date hereof, would have required the consent of Parent under Sections 5.1(a), (d), (e)(B), (e)(D), (j), (m), (o), (p), (q), (r) and (s).

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Section 3.10 No Undisclosed Liabilities. Except (a) as reflected, disclosed or reserved against in the Company's or Subsidiary Adviser's financial statements (as amended or restated, if applicable) or the notes thereto included in the Company SEC Documents, (b) for liabilities or obligations incurred in the ordinary course of business consistent with past practice since December 31, 2015, (c) for liabilities or obligations incurred in connection with the transactions contemplated hereby, (d) for liabilities and obligations which have been discharged or paid prior to the date of this Agreement or (e) for liabilities or obligations that would not be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, as of the date hereof, none of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has any liabilities or obligations of any nature, whether or not accrued, contingent or otherwise, that would be required by GAAP to be reflected on a consolidated balance sheet (or the notes thereto) of the Company.

Section 3.11 Litigation. As of the date of this Agreement, (i) there is no Proceeding pending or, to the Knowledge of the Company, threatened against the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group, and to the Knowledge of the Company, there is no Proceeding pending or threatened against a Fund, in each case that would, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, and (ii) there is no judgment or order of any Governmental Authority outstanding against, or, to the Knowledge of the Company, investigation by any Governmental Authority involving the Company, any of its Consolidated Subsidiaries, a Fund or any member of the Subsidiary Adviser Group that, in the case of this clause (ii), would reasonably be expected to have a Company Material Adverse Effect.

Section 3.12 Regulatory Documents; Adviser Registrations; No Other Regulatory Registrations.

(a) During the two-year period prior to the date of this Agreement, each member of the Subsidiary Adviser Group has filed (after giving effect to any extensions) all Regulatory Documents that were required to be filed with any Governmental Authority, other than any such failure to file that would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole.

(b) Each member of the Subsidiary Adviser Group listed in Section 3.12(b) of the Company Disclosure Letter (each, an "**Adviser**") is, and at all times required by the Investment Advisers Act during the two-year period prior to the date of this Agreement has been, duly registered as an investment adviser under the Investment Advisers Act or registered as an investment adviser under Subsidiary Adviser's registration and Form ADV in reliance on American Bar Association, Business Law Section SEC No-Action Letter (January 18, 2012). Each Adviser is, and at all times required by Applicable Law (other than the Investment Advisers Act) during the two-year period prior to the date of this Agreement has been, duly registered, licensed or qualified as an investment adviser in each state or any other jurisdiction where the conduct of its business required such registration, licensing or qualification, except where the failure to be so registered, licensed or qualified would not have a Company Material Adverse Effect. Other than the Advisers, none of the Company, its Consolidated Subsidiaries or the members of the Subsidiary Adviser Group is, or is required to be, registered as an investment adviser under the Investment Advisers Act or is, or is required by Applicable Law (other than the Investment Advisers Act) to be, registered, licensed or qualified as an investment adviser in any state or other jurisdiction, except where the existence of any such registration, license or qualification, or the failure to be so registered, licensed or qualified, would not be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole.

(c) Each Adviser has implemented written policies and procedures as required by Rule 206(4)-7 under the Investment Advisers Act (complete and correct copies of which policies and procedures have

been made available to Parent) and, during the two-year period prior to the date of this Agreement, each such Adviser has been in compliance with such policies and procedures, except where the failure to adopt such policies and procedures or to be in compliance would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole.

(d) None of the Company, its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is a broker-dealer, commodity pool operator, commodity trading advisor, futures commission merchant, bank, trust company, commodity broker-dealer, real estate broker, insurance company or insurance broker within the meaning of any Applicable Law. None of the Company, its Consolidated Subsidiaries or the members of the Subsidiary Adviser Group has received written notice from any Governmental Authority of any pending Proceeding concerning any failure to obtain any broker-dealer, commodity pool operator, commodity trading advisor, futures commission merchant, bank, trust company, commodity broker-dealer, real estate broker, insurance company or insurance broker registration, license or qualification.

(e) The Company has made available to Parent a complete and correct copy of each material no-action letter and exemptive order issued by the SEC to any of the Company, its Consolidated Subsidiaries, the members of the Subsidiary Adviser Group or, to the Knowledge of the Company, any Fund, on which any of them relies in the conduct of its respective business as conducted on the date of this Agreement. The Company, its Consolidated Subsidiaries, the Funds and the members and the Subsidiary Adviser Group are in compliance in all material respects with any such material no-action letters and exemptive orders.

(f) The Company has complied since January 1, 2015, and is in compliance, with its investment policies and restrictions and portfolio valuation methods, if any, as such policies and restrictions are set forth in the Company's registration statement (as amended from time to time), except for any noncompliance that would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole. The applicable member of the Subsidiary Adviser Group has complied since January 1, 2015, and is in compliance, with all provisions of the Advisory Agreements, except in each case for any noncompliance that would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole.

Section 3.13 Non-Regulated Funds.

(a) Section 3.13(a) of the Company Disclosure Letter sets forth a list of each Non-Regulated Fund as of the date of this Agreement. Except with respect to the Non-Regulated Funds, the Regulated Fund and their respective Subsidiaries, no member of the Subsidiary Adviser Group acts as investment adviser, sub-adviser, general partner, managing member, sponsor or in a similar capacity to any other pooled investment vehicle, managed account or other arrangement governed by an investment management agreement or similar contractual agreement as of the date hereof. Assuming that the representations of the applicable investors in each Non-Regulated Fund are true and correct, no Non-Regulated Fund is required to register as an investment company under the Investment Company Act.

(b) Each Non-Regulated Fund that is a juridical entity is duly formed or organized (as applicable) validly existing and, with respect to entities in jurisdictions that recognize the concept of "good standing," in good standing under the laws of the jurisdiction of its formation or organization (as applicable) and has the requisite corporate, trust, company or partnership power and authority to own its properties and to carry on its business as currently conducted, and is qualified to do business in each jurisdiction where it is required to be so qualified under Applicable Law, except where any failure to be so duly formed or organized (as applicable), validly existing, in good standing, licensed or qualified or to have such power would not have a Company Material Adverse Effect.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(c) All of the outstanding shares or other ownership interests of each Non-Regulated Fund (as applicable) are duly authorized and validly issued under and sold in compliance with Applicable Law, and none of such shares or other ownership interests have been offered for sale or issued in violation of any Applicable Laws, except for any such violations that would not, individually or in the aggregate, be material to the applicable Non-Regulated Fund.

(d) There is no Order imposed upon, or to the Knowledge of the Company threatened against, any of the Non-Regulated Funds that has had or would reasonably be expected to have a material adverse effect on the applicable Non-Regulated Fund. All notifications to local regulatory and other bodies required by Applicable Laws have been made to permit such activities as are carried out by the Non-Regulated Funds (or as are expressly proposed to be carried out by such Non-Regulated Funds), and all authorizations, licenses, consents and approvals required by Applicable Laws have been obtained in relation to the Non-Regulated Funds, except where any such failure would not, individually or in the aggregate, be material to the applicable Non-Regulated Fund.

(e) The private placement memoranda or other similar offering documents in existence as of the date of this Agreement for the applicable Non-Regulated Funds, as well as all marketing activities carried out with respect to offering interests in such Non-Regulated Funds, complied with all Applicable Laws as of the date of such private placement memoranda (or other similar offering documents) or the date that any interests in such Non-Regulated Funds was first marketed, as applicable, except for any noncompliance that would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole.

(f) The Company has made available to Parent complete and correct copies of the audited financial statements, prepared in accordance with GAAP, of each of the Non-Regulated Funds (except any Non-Regulated Fund in respect of which such financial statements are not prepared in the ordinary course) for the last two (2) fiscal years, or such shorter period as such Non-Regulated Fund has been in existence (each hereinafter referred to as a "**Non-Regulated Fund Financial Statement**"). Each of the Non-Regulated Fund Financial Statements presents fairly in all material respects the financial position of the related Non-Regulated Fund in accordance with GAAP applied on a consistent basis (except as otherwise noted therein) at the respective date of such Non-Regulated Fund Financial Statement and the results of operations and cash flows for the respective periods indicated.

(g) Each of the investments made by a Non-Regulated Fund during the two-year period prior to the date of this Agreement (or, if shorter, the period of such Non-Regulated Fund's existence), has been made in accordance with Applicable Law and the investment restrictions applicable to such Non-Regulated Funds, at the time such investment was made, as set forth in its private placement memorandum or other similar applicable offering document and its constituent documents or, in the case of a CLO/CDO Issuer (as defined below), each CLO Indenture and Advisory Agreement thereof, in each case, as in effect at the time the investments were made, except where any such failure would not, individually or in the aggregate, be material to the applicable Non-Regulated Fund.

(h) In the case of each Non-Regulated Fund that is an issuer of a collateralized loan obligations or collateralized debt obligations (each, a "**CLO/CDO Issuer**"), to the Knowledge of the Company, no default or event of default under any applicable CLO Indenture, Advisory Agreement or other material transaction document (including any related side letter related thereto) has occurred and is continuing and neither the execution and delivery by the Company of this Agreement nor the consummation by the Company of the transactions contemplated hereby, nor compliance by the Company with any of the terms or provisions of this Agreement, will result in a default or an event of default by such CLO/CDO Issuer of any provision of any applicable CLO Indenture, Advisory Agreement or other material transaction document (including any related side letter related thereto), except where any such default

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

or event of default would not, individually or in the aggregate, be material to the applicable Non-Regulated Fund.

Section 3.14 Regulated Fund.

(a) The Regulated Fund is a company regulated as a BDC under the Investment Company Act and the election to be so regulated has not been revoked or withdrawn and is in full force and effect. No Fund is registered as an investment company under the Investment Company Act. No Fund other than the Regulated Fund is regulated as a BDC under the Investment Company Act.

(b) The Advisory Agreement with the Regulated Fund has been duly approved and is in compliance in all material respects with Section 15 of the Investment Company Act (to the extent applicable). The Adviser to the Regulated Fund is not in default under the Advisory Agreement with the Regulated Fund, except for any default that would not, individually or in the aggregate, be material to the Regulated Fund.

(c) The Regulated Fund is duly organized, validly existing and in good standing under the laws of the State of Maryland and has the requisite corporate, trust, company or partnership power and authority to own its properties and to carry on its business as currently conducted, and is qualified to do business in each jurisdiction where it is required to be so qualified under Applicable Law, except where any failure to be so duly organized, validly existing, in good standing, licensed or qualified or to have such power would not have a Company Material Adverse Effect.

(d) The Regulated Fund is, and has during the two-year period prior to the date of this Agreement (or, if shorter, the period of the Regulated Fund's existence), operated in compliance (i) with Applicable Law and (ii) with its fundamental investment restrictions, as set forth in the applicable prospectus and registration statement for the Regulated Fund, except where any failure to be in compliance would not have a Company Material Adverse Effect.

(e) The shares of the Regulated Fund have been issued and sold in compliance with Applicable Law, except where any failure of such compliance would not, individually or in the aggregate, be material to the Regulated Fund.

(f) The audited balance sheet of the Regulated Fund as of December 31, 2014 and December 31, 2015 and the related other financial statements for such two (2) most recently completed fiscal years (or such shorter time as is applicable for 2014) have been prepared in accordance with GAAP, and present fairly in all material respects the financial position and other financial results of such Regulated Fund at the dates and for the periods stated therein.

(g) Since January 15, 2014, the Regulated Fund has elected to be treated as, and has qualified to be classified as, a regulated investment company taxable under Subchapter M of Chapter 1 of the Code. The Regulated Fund has (i) timely filed (or caused to be timely filed) all material Tax Returns required to be filed by it (taking into account any applicable extensions or waivers) with the appropriate Taxing Authority and (ii) has timely paid (or caused to be paid) all material Taxes due and owing (whether or not shown on such Tax Returns) other than any such Taxes that are being contested in good faith by appropriate Proceedings and for which adequate reserves have been established in accordance with GAAP. There is no currently pending or proposed in writing audit of any material Tax Returns of the Regulated Fund. There are no outstanding waivers or comparable consents given by the Regulated Fund regarding the application of the statute of limitations with respect to Taxes.

(h) The Regulated Fund has written policies and procedures adopted pursuant to Rule 38a-1 under the Investment Company Act that are reasonably designed to prevent violations of the "Federal Securities Laws," as such term is defined in Rule 38a-1(e)(1) under the Investment Company Act. Since January 1, 2014, there have been no "Material Compliance Matters" for the Regulated Fund, as such term is defined in Rule 38a-1(e)(2) under the Investment Company Act, other than those that

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

have been reported to the board of directors of the Regulated Fund and satisfactorily remedied or are in the process of being remedied or those that would not, individually or in the aggregate, be material to the Subsidiary Adviser Group, taken as a whole.

(i) During the two-year period prior to the date of this Agreement the Regulated Fund has filed (after giving effect to any extensions) with the SEC all material forms, documents and reports required to be filed or furnished prior to the date hereof by it with the SEC, other than such failures to file that would not, individually or in the aggregate, be material to the Regulated Fund, and such material forms, documents and reports, as of their respective dates of filing with the SEC, did not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

Section 3.15 Ineligible Persons.

(a) No employee, officer or director of the Company has been subject to disqualification to serve in any capacity contemplated by the Investment Company Act under Sections 9(a) and 9(b) of the Investment Company Act, unless, in each case, such person has received exemptive relief from the SEC with respect to any such disqualification, nor is there any Proceeding pending or, to the Knowledge of the Company, threatened by any Governmental Authority that would result in any such disqualification of any employee, officer or director of the Company.

(b) No Adviser nor any "affiliated person" (as defined in the Investment Company Act) of any Adviser is ineligible pursuant to Sections 9(a) or 9(b) of the Investment Company Act to serve as an investment adviser to the Regulated Fund, nor is there any Proceeding pending or, to the Knowledge of the Company, threatened by any Governmental Authority that would result in the ineligibility of any Adviser or any such "affiliated person" to serve as an investment adviser to the Regulated Fund pursuant to Sections 9(a) or 9(b) of the Investment Company Act. No Adviser nor any "person associated with" (as defined in the Investment Advisers Act) any Adviser is ineligible pursuant to Sections 203(e) or 203(f) of the Investment Advisers Act to serve as an investment adviser or as a "person associated with" an investment adviser, nor is there any Proceeding pending or, to the Knowledge of the Company, threatened by any Governmental Authority that would result in the ineligibility of any Adviser or any such "person associated with" any Adviser to serve in any such capacities pursuant to Sections 203(e) or 203(f) of the Investment Advisers Act.

(c) None of the Company, its Subsidiaries, any member of the Subsidiary Adviser Group or any of their employees is subject to any "bad actor" disqualification specified under Rule 506 of Regulation D promulgated under the Securities Act.

Section 3.16 Employee Benefit Plans: Labor.

(a) Section 3.16(a) of the Company Disclosure Letter sets forth a true and complete list, as of the date hereof, of (i) each material "employee benefit plan" (as such term is defined in Section 3(3) of ERISA) that the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group sponsors, participates in, is a party or contributes to or with respect to which the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group could reasonably be expected to have any liability; and (ii) each other material employment or employee benefit plan, program, policy, arrangement or agreement, including any equity option, equity purchase, equity appreciation right or other equity or equity-based incentive plan, cash bonus or incentive compensation arrangement, employment, change in control, retirement or deferred compensation profit-sharing unemployment or severance compensation plan, program, policy, arrangement or agreement for any current or former employee or director of, or other service provider to, the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group that does not constitute an "employee benefit plan" (as defined in Section 3(3) of ERISA), that the

Annex A-25

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group presently sponsors, participates in, is a party or contributes to, or with respect to which the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group could reasonably be expected to have any material liability (each, a "**Company Benefit Plan**"). The Company has made available to Parent a true and complete copy of each Company Benefit Plan and all material amendments thereto. The Company has made available to Parent a true and complete copy of (i) each Company Benefit Plan and all material amendments thereto, (ii) each trust, insurance, annuity or other funding Contract related thereto, (iii) the most recent financial statements and actuarial or other valuation reports prepared with respect thereto, (iv) the most recent annual reports on Form 5500 required to be filed with the IRS with respect thereto and (v) the most recent summary plan description and any material modification with respect thereto.

(b) Except as would, individually or in the aggregate, be a material liability to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, each of the Company Benefit Plans has been operated and administered in all material respects in accordance with its terms and Applicable Laws, including ERISA and the Code.

(c) Each Company Benefit Plan intended to be qualified under Section 401(a) of the Code has either received a favorable determination letter from the IRS with respect to such Company Benefit Plan as to its qualified status under the Code, or with respect to a prototype Company Benefit Plan, the prototype sponsor has received a favorable IRS opinion letter, or the Company Benefit Plan or prototype sponsor has remaining a period of time under applicable Code regulations or pronouncements of the IRS in which to apply for such a letter and make any amendments necessary to obtain a favorable determination or opinion as to the qualified status of each such Company Benefit Plan. To the Knowledge of the Company, no event has occurred since the most recent determination or opinion letter or application therefor relating to any such Company Benefit Plan that would reasonably be expected to result in the revocation of such letter.

(d) Except as would, individually or in the aggregate, be a material liability to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, neither the Company nor any Person that is a member of a "controlled group of corporations" with, or is under "common control" with, or is a member of the same "affiliated service group" with the Company, in each case, as defined in Sections 414(b), (c), (m) or (o) of the Code maintains, contributes to, or sponsors (or has in the past six (6) years maintained, contributed to or sponsored) a multiemployer plan (as defined in Section 3(37) of ERISA) or a Company Benefit Plan that is subject to Title IV of ERISA or Section 412 of the Code.

(e) Except as would, individually or in the aggregate, be a material liability to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, there are no claims pending, or, to the Knowledge of the Company, threatened material Proceedings, disputes or claims (other than routine claims for benefits) against or affecting any Company Benefit Plan, by any employee or beneficiary covered under such Company Benefit Plan, as applicable, or otherwise involving such Company Benefit Plan. Neither the Company nor any of its Consolidated Subsidiaries is or has at any time been the "employer" or "connected or associated" with the "employer" (as those terms in quotation marks are used in the UK Pensions Act 2004) in relation to any pension, superannuation or other retirement benefits plan in respect of which benefits are calculated by reference to age, salary or length of service.

(f) Except as set forth on Section 3.16(f) of the Company Disclosure Letter, neither the execution or delivery of this Agreement nor the consummation of the Mergers will, either alone or in conjunction with any other event (including any termination of employment upon or following the consummation of the Mergers), (i) entitle any current or former director or employee of, or service provider to, the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group to any

material payment, except as expressly provided in this Agreement, (ii) materially increase the amount or value of any benefit or compensation otherwise payable or required to be provided to any such director, employee or service provider or (iii) accelerate the time of payment or vesting of amounts due any such director, employee or service provider or, except as provided for in this Agreement. No amounts payable under the Company Benefit Plans or otherwise will fail to be deductible for federal income tax purposes by virtue of Section 280G of the Code as a result of the occurrence of the transactions contemplated by this Agreement, either alone or in combination with another event.

(g) Except as would, individually or in the aggregate, be a material liability to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, none of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has any material obligations for post-termination health, welfare or life insurance benefits under any Company Benefit Plan (other than for continuation coverage required to be provided pursuant to Section 4980B of the Code) or coverage in which the full cost of such benefit is borne entirely by the former employee (or such former employee's eligible dependents or beneficiaries).

(h) Since January 1, 2015, there have been no strikes, lockouts or other labor stoppages against the Company, the Consolidated Subsidiaries or any member of the Subsidiary Adviser Group.

(i) No employee of the Company or any of its Consolidated Subsidiaries has transferred to the Company or such Consolidated Subsidiary (as applicable) under a relevant transfer (as that term is defined in the Transfer of Undertakings (Protection of Employment) Regulations 2006), who immediately prior to the relevant transfer was a member of an occupational pension scheme that provided early retirement benefits unrelated to old age, invalidity or survivors.

Section 3.17 Trademarks, Patents and Copyrights.

(a) Section 3.17(a) of the Company Disclosure Letter sets forth a complete and accurate list (in all material respects) of all material United States and foreign: (i) patents and patent applications; (ii) trademark registrations and applications (including internet domain name registrations); and (iii) copyright registrations and applications owned by the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group as of the date hereof. Such registrations for Intellectual Property Rights owned by the Company, its Consolidated Subsidiaries or members of the Subsidiary Adviser Group are in effect and subsisting and, to the Knowledge of the Company, valid.

(b) To the Knowledge of the Company, except as would not, individually, or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group own, validly license or have the right to use in the manner currently used, all patents, trademarks, trade names, copyrights, internet domain names, service marks, know-how, trade secrets and other intellectual property rights, and any registrations and applications therefor (the "**Intellectual Property Rights**"), that are material to the respective businesses of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group as currently conducted.

(c) To the Knowledge of the Company, except as would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, as of the date hereof, the conduct of the respective businesses of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group as currently conducted does not infringe upon or otherwise violate any Intellectual Property Rights of any other Person. As of the date of this Agreement, there is no such claim pending or, to the Knowledge of the Company, threatened, except for any such infringement or other violation that would not have a Company Material Adverse Effect. To the Knowledge of the Company, no other Person is infringing or otherwise violating any Intellectual Property Rights that are material to the respective businesses of the

Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group as currently conducted, except for any such infringement or other violation as would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole. This Section 3.17(c) constitutes the only representation and warranty of the Company with regard to any actual or alleged infringement or other violation of any Intellectual Property Rights of any other Person.

Section 3.18 Taxes.

(a) The Company, each of its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group have (i) timely filed or caused to be timely filed (taking into account any extension of time within which to file) all material Tax Returns required to be filed by any of them and all such filed Tax Returns (taking into account all amendments thereto) are true, complete and accurate in all material respects and (ii) paid all material Taxes due and owing (whether or not shown on such Tax Returns), except, in the case of clause (ii) hereof, with respect to Taxes contested in good faith by appropriate Proceedings and for which adequate reserves or accruals have been established in accordance with GAAP.

(b) The unpaid Taxes of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group did not, as of the date of their respective most recent consolidated financial statements, materially exceed the reserve for Tax liability (excluding any reserve for deferred Taxes established to reflect timing differences between book and Tax income) set forth on the face of such consolidated financial statements (rather than in any notes thereto). Since the date of its most recent consolidated financial statements, none of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has incurred any material liability for Taxes outside the ordinary course of business or otherwise inconsistent with past custom and practice.

(c) As of the date of this Agreement, there are no pending, threatened in writing or ongoing audits, examinations, investigations or other Proceedings by any Governmental Authority in respect of material Taxes of or with respect to the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group. None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has waived any statute of limitations with respect to material Taxes or agreed to any extension of time with respect to a material Tax assessment or deficiency. No written claim has been made by any Governmental Authority in a jurisdiction where the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group does not currently file a Tax Return that it is or may be subject to taxation by that jurisdiction in respect of Taxes that would be covered by or the subject of such Tax Return, nor has any such assertion been threatened or proposed in writing and received by the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group.

(d) All Taxes that the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group are or were required by Law to withhold or collect have been duly and timely withheld or collected in all material respects on behalf of its respective employees, independent contractors or other Third Parties and, have been timely paid to the proper Governmental Authority or other Person or properly set aside in accounts for this purpose.

(e) None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has ever been a member of a consolidated, combined or unitary Tax group (other than such a group the common parent of which is the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group), and none of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has any liability for Taxes of any other Person (other than Taxes of the Company, any Consolidated Subsidiary or any member of the Subsidiary Adviser Group) under Treasury Regulation Section 1.1502-6 (or any similar provision of foreign, state or local law), as a transferee or successor, by Contract or otherwise.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(f) None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is a party to or is bound by any Tax sharing, Tax allocation or Tax indemnification agreement or arrangement (other than such an agreement or arrangement exclusively between or among the Company, its Consolidated Subsidiaries, the members of the Subsidiary Adviser Group and certain Portfolio Companies or customary commercial Contracts entered into in the ordinary course of business, the principle subject matter of which is not Taxes) that will not be terminated on or before the Closing Date without any future liability to the Company, its Consolidated Subsidiaries or the members of the Subsidiary Adviser Group.

(g) There are no Liens for Taxes on any of the assets of the Company or any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group other than Permitted Liens.

(h) None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has participated in or been a party to a transaction that, as of the date of this Agreement, constitutes a "listed transaction" that is required to be reported to the IRS pursuant to Section 6011 of the Code and applicable Treasury Regulations thereunder.

(i) Within the last two (2) years, none of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has been a party to any transaction intended to qualify under Section 355 of the Code.

(j) As of the date of this Agreement and to the Knowledge of the Company, there are no limitations on the utilization of the net operating losses, tax credit carryovers or other tax attributes of the Company under Section 382 through Section 384 of the Code (or any corresponding or similar provisions of Applicable Law) or the separate return limitation year rules under the consolidated return provisions of the Treasury Regulations (or any corresponding or similar provisions of Applicable Law), other than any such limitation arising as a result of the consummation of the transactions contemplated by this Agreement.

(k) The transactions contemplated by the Mortgage Manager Purchase Agreement and any Pending Sale Agreement will not result in any material Tax liability (other than an increase in any liability for alternative minimum tax or an increase in any state or local Tax liability) imposed on or payable by the Company or any of its Consolidated Subsidiaries.

Except insofar as Section 3.16 relates to Taxes, this Section 3.18 contains the sole and exclusive representations and warranties of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group relating to Taxes.

Section 3.19 Material Contracts.

(a) Section 3.19(a) of the Company Disclosure Letter sets forth a complete and correct list, as of the date hereof, of each Company Material Contract, a complete and correct copy of each of which has been made available to Parent. For purposes of this Agreement, "**Company Material Contract**" means any Contract to which the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is a party, except for this Agreement or as expressly set forth below, that:

(i) constitutes a "material contract" (as such term is defined in item 601(b)(10) of Regulation S-K under the Securities Act) of the Company and its Consolidated Subsidiaries, taken as a whole;

(ii) except with respect to investments set forth in the Company SEC Documents and other than any arrangement regarding a Portfolio Company, is a joint venture, alliance, partnership or similar agreement that is material to the operation of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as whole;

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(iii) except with respect to investments set forth in the Company SEC Documents, and other than any arrangement regarding any Portfolio Company or any Fund, is a loan, guarantee of Indebtedness or credit agreement, note, mortgage, indenture or other binding commitment (other than those between or among the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group) relating to Indebtedness (whether outstanding or as may be incurred) in an amount in excess of \$5,000,000 individually;

(iv) is (A) an Advisory Agreement or Collateral Management Agreement providing for collateral management, investment advisory or other management or advisory fees in excess of \$500,000 per year payable to the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group or (B) any other agreement with a Fund for the provision of management, advisory or other services to, or that relates to the receipt of management fees, performance fees, performance allocations or other compensation from, a Fund;

(v) creates future payment obligations, including settlement agreements, outside the ordinary course of business in excess of \$2,500,000, or creates or would create a Lien on any asset of the Company or its Consolidated Subsidiaries or any members of the Subsidiary Adviser Group (other than Liens consisting of restrictions on transfer agreed to in respect of investments entered into in the ordinary course of business);

(vi) is with (A) any Consolidated Subsidiaries of the Company or any members of the Subsidiary Adviser Group or (B) any "associate" or member of the "immediate family" (as such terms are respectively defined in Rule 12b-2 and Rule 16a-1 of the Exchange Act) of a Person identified in clause (A), in each case in excess of \$10,000,000 (individually or together with all related Agreements);

(vii) is a Contract that obligates the Company, any of its Consolidated Subsidiaries or any members of the Subsidiary Adviser Group to conduct any business that is material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, on an exclusive basis with any Third Party, or upon consummation of the Mergers, will obligate Parent or any of their Consolidated Subsidiaries to conduct business with any Third Party on an exclusive basis;

(viii) is an Order or Consent of a Governmental Authority to which the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is subject, other than any such Order or Consent that does not (A) involve future monetary obligations by the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group in excess of \$1,000,000 or (B) impose material restrictions on the business of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group;

(ix) is a non-competition or non-solicitation Contract or any other Contract that limits or would reasonably be expected to limit in any material respect the manner in which, or the localities in which, any material business of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group (taken as a whole) is or could be conducted or the types of material businesses that the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group conduct; or

(x) is a Contract (including a Contract relating to acquisitions or dispositions of controlling interests in controlled Portfolio Companies but excluding any Contract relating to acquisitions or dispositions of debt investments in Portfolio Companies) relating to the acquisition or disposition of any business or operations (whether by merger, sale of stock, sale of assets or otherwise) as to which there are any ongoing material obligations or that was entered into after December 31, 2015 and that has not yet been consummated, in each case pursuant to which (A) the Company reasonably expects that it is required to pay total consideration (including assumption of debt)

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

after the date hereof in excess of \$10,000,000 or (B) any other Person has the right to acquire any assets of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group (or any interests therein) after the date of this Agreement with total consideration realizable by or payable to the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group in excess of \$10,000,000.

(b) None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is in breach of or default (or, with the giving of notice or lapse of time or both, would be in default) under the terms of, and has not taken any action resulting in the termination of, acceleration of performance required by, or resulting in a right of termination or acceleration under, any Company Material Contract to which it is a party, except as would not have a Company Material Adverse Effect. As of the date of this Agreement, to the Knowledge of the Company, no other party to any Company Material Contract is in breach of or default (or, with the giving of notice or lapse of time or both, would be in default) under the terms of, and has not taken any action resulting in the termination of, acceleration of performance required by, or resulting in a right of termination or acceleration under, any Company Material Contract except as would not have a Company Material Adverse Effect. Each Company Material Contract is (A) a valid and binding obligation of the Company, or its Consolidated Subsidiary or member of the Subsidiary Adviser Group that is a party thereto, as applicable, and, to the Knowledge of the Company, the other parties thereto, except such as would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole (provided, that (i) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, relating to creditors' rights and remedies generally and (ii) the remedies of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought) and (B) in full force and effect other than as would not, individually or in the aggregate, have a Company Material Adverse Effect.

(c) Section 3.19(c) of the Company Disclosure Letter sets forth, opposite the name of each Fund (other than the CDO Fund), the amount of assets under management by the Subsidiary Adviser Group ("**AUM**") in respect of such Fund as of the Base Date.

Section 3.20 Real Property.

(a) None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group owns any real property.

(b) Section 3.20(b) of the Company Disclosure Letter sets forth a complete and accurate list of each lease pursuant to which the Company, its Consolidated Subsidiaries and/or the members of the Subsidiary Adviser Group leases, subleases or licenses an interest in real property from any other Person (whether as a tenant, subtenant or pursuant to other occupancy arrangements) (collectively, the "**Company Leased Real Property**"). As of the date of this Agreement, except as would not have a Company Material Adverse Effect, the Company, its Consolidated Subsidiaries and/or the members of the Subsidiary Adviser Group have valid leasehold, subleasehold or license interests in all Company Leased Real Property. Each lease for Company Leased Real Property is a valid and binding obligation of the Company, or its Consolidated Subsidiary or member of the Subsidiary Adviser Group that is a party thereto, as applicable, and to the Knowledge of the Company, the other parties thereto, except such as would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole; provided, that (i) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, relating to creditors' rights and remedies generally and (ii) the remedies of specific performance and injunctive relief and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(c) As of the date of this Agreement, except as would not have a Company Material Adverse Effect, none of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has received any written communication from, or given any written communication to, or to the Knowledge of the Company, received or given any other type of communication from or to, any other party to a lease for Company Leased Real Property or any lender, alleging that the Company, any of its Consolidated Subsidiaries, any member of the Subsidiary Adviser Group or such other party, as the case may be, is in default under such lease.

Section 3.21 Environmental. Except as would not have a Company Material Adverse Effect:

(a) the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group are in compliance with all applicable Environmental Laws, including possessing all Company Permits required for their operations under applicable Environmental Laws;

(b) there is no pending or, to the Knowledge of the Company, threatened Proceeding pursuant to any Environmental Law against the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group. None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has received written notice from any Person, including any Governmental Authority, alleging that the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has been or is in violation or is potentially in violation of any applicable Environmental Law or otherwise may be liable under any applicable Environmental Law, which violation or liability is unresolved. None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group is a party or subject to any Order pursuant to Environmental Law; and

(c) to the Knowledge of the Company, with respect to the Company Leased Real Property, there have been no Releases of Hazardous Materials on or underneath any of such real properties that has caused environmental contamination at such real properties that is reasonably likely to result in an obligation to remediate such environmental contamination pursuant to applicable Environmental Law or result in liability pursuant to applicable Environmental Law with respect to remediation conducted by other Persons.

Section 3.22 Takeover Statutes. Assuming the accuracy of the representations contained in Section 4.28, the Company Board has taken such actions and votes as are necessary to render the provisions of any "fair price," "moratorium," "control share acquisition" or any other takeover or anti-takeover statute or similar federal or state Law (including Section 203 of the DGCL) inapplicable to this Agreement, the Company Merger or any other transactions contemplated by this Agreement.

Section 3.23 Vote Required. The adoption of this Agreement and the transactions contemplated hereby by the holders of at least a majority of the outstanding shares of Company Common Stock entitled to vote thereon at the Company Stockholders' Meeting (the "**Company Stockholder Approval**") is the only vote of holders of securities of the Company that is required in connection with the consummation of the transactions contemplated hereby.

Section 3.24 Brokers. No investment banker, broker or finder other than Goldman, Sachs & Co. ("**Goldman Sachs**") and Credit Suisse Securities (USA) LLC ("**Credit Suisse**"), the fees and expenses of which will each be paid by the Company, is entitled to any investment banking, brokerage, finder's or similar fee or commission in connection with this Agreement or the transactions contemplated hereby based upon arrangements made by or on behalf of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group.

Section 3.25 Opinion of Financial Advisors. The Company has received the opinion of Goldman Sachs to the effect that, based upon and subject to the limitations and assumptions set forth in such opinion, as of the date hereof, the Merger Consideration (excluding the Make-up Dividend Amount) to be paid to holders (other than Parent, Parent External Adviser, any holders entering into the Elliott

Support Agreement and their respective Affiliates) of Company Common Stock pursuant to this Agreement is fair from a financial point of view to such holders. The Company has received the opinion of Credit Suisse to the effect that, based upon and subject to the limitations and assumptions set forth in such opinion, as of the date hereof, the Merger Consideration (excluding the Make-up Dividend Amount) to be received by holders of Company Common Stock in the Company Merger is fair, from a financial point of view, to such holders, other than Parent, Parent External Adviser, any holders entering into the Elliott Support Agreement and their respective Affiliates.

Section 3.26 Insurance. The Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group have paid, or caused to be paid, all premiums due under all material insurance policies of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, and all such insurance policies are in full force and effect other than as would not, individually or in the aggregate, be material to the Company, its Consolidated Subsidiaries or the members of the Subsidiary Adviser Group, taken as a whole. None of the Company, its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has received written notice that they are in default with respect to any obligations under such policies other than as would not have a Company Material Adverse Effect. None of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group has received any written notice of cancellation or termination with respect to any existing material insurance policy, or refusal or denial of any material coverage, reservation of rights or rejection of any material claim under any existing material insurance policy, in each case that is held by, or for the benefit of, the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group, other than as would not reasonably be expected to have a Company Material Adverse Effect.

Section 3.27 Investment Assets. Each of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group has good title to all securities, indebtedness and other financial instruments held by it, free and clear of any material Liens, except for Permitted Liens to the extent such securities, indebtedness or other financial instruments, as applicable, are pledged in the ordinary course of business consistent with past practice to secure obligations of the Company, any of its Consolidated Subsidiaries or a member of the Subsidiary Adviser Group and except for Liens consisting of restrictions on transfer agreed to in respect of investments entered into in the ordinary course of business.

Section 3.28 No Other Representations or Warranties. Except for the representations and warranties contained in this Article III, neither the Company, Subsidiary Adviser nor any other Person on behalf of the Company or Subsidiary Adviser makes any express or implied representation or warranty with respect to the Company, any of its Subsidiaries (including the Subsidiary Adviser Group), any Portfolio Company, any Fund or any other information provided to Parent or Acquisition Sub in connection with the transactions contemplated hereby, including the accuracy, completeness or timeliness thereof. Other than in the case of intentional fraud, neither the Company, Subsidiary Adviser nor any other Person will have or be subject to any claim, liability or indemnification obligation to Parent, Acquisition Sub or any other Person resulting from the distribution or failure to distribute to Parent or Acquisition Sub, or Parent's or Acquisition Sub's use of, any such information, including any information, documents, projections, estimates, Forecasts or other material made available to Parent or Acquisition Sub in the electronic data room maintained by the Company for purposes of the transactions contemplated by this Agreement or management presentations in expectation of the transactions contemplated by this Agreement, unless and to the extent any such information is expressly included in a representation or warranty contained in this Article III.

Section 3.29 Acknowledgment of Disclaimer of Other Representations and Warranties. The Company acknowledges that, as of the date hereof, it and its Representatives (a) have received full access to such books and records, facilities, properties, premises, equipment, contracts and other assets of Parent, Parent External Adviser, their respective Subsidiaries, the Portfolio Companies and any funds

managed by them which it and its Representatives, as of the date hereof, have requested to review; (b) have received and may continue to receive from Parent, Parent External Adviser and their respective Subsidiaries and Representatives certain estimates, forecasts, projections and other forward-looking information, as well as certain business plan information, regarding Parent, Parent External Adviser, their respective Subsidiaries, the Portfolio Companies and any funds managed by them and their respective businesses and operations (collectively, "**Parent Forecasts**"); and (c) have had full opportunity to meet with the management of Parent, Parent External Adviser and their respective Subsidiaries and to discuss the business and assets of Parent, Parent External Adviser, their respective Subsidiaries, the Portfolio Companies and any funds managed by them. The Company acknowledges and agrees that (1) there are uncertainties inherent in attempting to make Parent Forecasts, with which the Company is familiar, and the Company is taking full responsibility for making its own evaluation of the adequacy and accuracy of all Parent Forecasts (including the reasonableness of the assumptions underlying such Parent Forecasts), and the Company shall have no claim against Parent, Parent External Adviser, their respective Subsidiaries, the Portfolio Companies, any funds managed by them or any of their respective Representatives with respect to any such Parent Forecasts, other than with respect to intentional fraud, and (2) the Company has conducted, to its satisfaction, its own independent review and analysis of the businesses, assets, condition, operations and prospects of Parent, Parent External Adviser, their respective Subsidiaries, the Portfolio Companies and any funds managed by them and, in making its determination to proceed with the transactions contemplated by this Agreement, including the Company Merger, the Company has relied on the results of its own independent review and analysis. The Company further acknowledges and agrees that (I) any Parent Forecast, data, financial information, memorandum, presentation or any other materials or information provided or addressed to the Company or any of its Representatives, including any materials or information made available to them in connection with the transactions contemplated hereby, via confidential information packet, in connection with presentations by Parent's management or otherwise, are not and shall not be deemed to constitute or be the subject of any representation or warranty unless and only to the extent any such material or information is the subject of an express representation or warranty set forth in Article IV and (II) except for the representations and warranties expressly set forth in Article IV, (a) neither Parent, Parent External Adviser nor any of their respective Subsidiaries or Representatives makes, or has made, any representation or warranty relating to itself or its business or otherwise in connection with the Mergers and the Company is not relying on (and the Company shall have no claim against Parent, Parent External Adviser, any of their respective Subsidiaries, the Portfolio Companies, any funds managed by them or their respective Representatives in respect of, other than in the case of intentional fraud) any such representation or warranty and (b) no Person has been authorized by Parent, Parent External Adviser or any of their respective Subsidiaries or Representatives to make any representation or warranty relating to itself or its business or otherwise in connection with the Mergers.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES OF PARENT, PARENT EXTERNAL ADVISER, IHAM AND ACQUISITION SUB

Except as disclosed in the Parent SEC Documents filed by Parent prior to the date of this Agreement (but in each case excluding any risk factor or similar disclosure under the headings "Risk Factors" or "Forward Looking Statements" or any similar non-specific, predictive, precautionary or forward-looking statements), or as disclosed in the Parent Disclosure Letter, Parent and Acquisition Sub hereby jointly and severally represent and warrant to the Company, except with respect to the representations and warranties in Section 4.29, which are hereby made by Parent External Adviser to the Company severally and not jointly, and except with respect to the representations and warranties in

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Section 4.1, Section 4.2, Section 4.3, Section 4.4, Section 4.5 and Section 4.22, which are hereby made by Parent, Acquisition Sub and IHAM to the Company jointly and severally, as follows:

Section 4.1 Organization; Qualification. Each of Parent, Acquisition Sub and IHAM is a corporation or other entity, duly organized, validly existing and (to the extent applicable) in good standing under the laws of the jurisdiction of its incorporation or organization and has the requisite entity or similar power and authority to conduct its business as it is now being conducted, to own and use its assets in the manner in which its assets are currently used, and to perform its obligations under all Parent Material Contracts to which it is a party, except where the failure to be in good standing or to have such power and authority, to own and use such assets or to perform its obligations under such Parent Material Contract would not have a Parent Material Adverse Effect. Each of Parent, Acquisition Sub and IHAM is duly qualified or licensed to do business and is in good standing in each jurisdiction in which the property owned, leased or operated by it or the nature of the business conducted by it makes such qualification or licensing necessary, except where the failure to be so duly qualified or licensed and in good standing would not have a Parent Material Adverse Effect. Parent has made available to the Company a copy of the Parent Organizational Documents, as currently in effect, and neither Parent, Acquisition Sub or IHAM is in violation of any provision of such documents. Parent has duly elected to be regulated as a BDC pursuant to the Investment Company Act and such election has not been revoked or withdrawn and is in full force and effect.

Section 4.2 Capitalization; Subsidiaries.

(a) As of the close of business on May 20, 2016, the authorized capital stock of Parent consisted of (i) 500,000,000 shares of Parent Common Stock, 313,954,008 of which were issued and outstanding. There are no (i) options to purchase shares of Parent Common Stock or (ii) shares of preferred stock of Parent authorized and outstanding.

(b) All of the issued and outstanding shares of Parent Common Stock have been duly authorized and validly issued, and the shares of Parent Common Stock issuable pursuant to this Agreement will (subject to obtaining the Parent Stockholder Approval) be when issued, fully paid, nonassessable and free of preemptive rights. All of Parent Common Stock has been sold pursuant to an effective registration statement filed under the federal securities Laws or an appropriate exemption therefrom and in accordance with the Investment Company Act.

(c) As of the close of business on May 20, 2016, other than as set forth in Section 4.2(a), there are no existing (i) options, warrants, calls, subscriptions or other rights, convertible securities, agreements or commitments of any character to which Parent, any of its Subsidiaries or IHAM is a party obligating Parent, any of its Subsidiaries or IHAM to issue, transfer or sell any shares of capital stock or other equity interest in Parent, any of its Subsidiaries or IHAM or securities convertible into or exchangeable for such shares or equity interests, (ii) contractual obligations of Parent, any of its Subsidiaries or IHAM to repurchase, redeem or otherwise acquire any capital stock of Parent, any of its Subsidiaries or IHAM, or any securities representing the right to purchase or otherwise receive any capital stock of Parent, any of its Subsidiaries or IHAM, (iii) voting trusts or similar agreements to which Parent is a party with respect to the voting of the capital stock of Parent or (iv) other equity-based awards, including any equity appreciation rights, issued by Parent, any of its Subsidiaries or IHAM.

(d) As of the close of business on May 20, 2016, the authorized capital stock of Acquisition Sub consisted of (i) 100 shares of common stock, \$0.01 par value per share, 100 of which were issued and outstanding. As of the date hereof there are no existing (i) options, warrants, calls, subscriptions or other rights, convertible securities, agreements or commitments of any character to which Acquisition Sub or IHAM is a party obligating Acquisition Sub or IHAM to issue, transfer or sell any shares of capital stock or other equity interest in Acquisition Sub or IHAM or securities convertible into or exchangeable for such shares or equity interests, (ii) contractual obligations of Acquisition Sub or

IHAM to repurchase, redeem or otherwise acquire any capital stock or other equity interests of Acquisition Sub or IHAM, or any securities representing the right to purchase or otherwise receive any capital stock or other equity interests of Acquisition Sub or IHAM, (iii) voting trusts or similar agreements to which Acquisition Sub or IHAM is a party with respect to the voting of the capital stock or other equity interests of Acquisition Sub or IHAM or (iv) other equity-based awards, including any equity appreciation rights, issued by Parent, IHAM or any of their respective Subsidiaries.

Section 4.3 Authority Relative to Agreement.

(a) Parent, Acquisition Sub and IHAM have all necessary entity power and authority to execute and deliver this Agreement and, subject (in the case of the issuance of shares of Parent Common Stock in connection with the Company Merger) to obtaining the Parent Stockholder Approval, to consummate the transactions contemplated hereby. The execution, delivery and performance of this Agreement by Parent, Acquisition Sub and IHAM, and the consummation by Parent, Acquisition Sub and IHAM of the transactions contemplated by this Agreement, have been duly and validly authorized by all necessary corporate or similar action by Parent, Acquisition Sub and IHAM, and (in the case of the Adviser Merger, except for the filing of the Adviser Merger Certificate of Merger with the Delaware Secretary of State, and in the case of the issuance of shares of Parent Common Stock in connection with the Company Merger, except for the (i) receipt of the Parent Stockholder Approval and (ii) filing of the Company Merger Certificate of Merger with the Delaware Secretary of State) no other Proceeding on the part of Parent, Acquisition Sub or IHAM is necessary to authorize the execution, delivery and performance of this Agreement by Parent, Acquisition Sub and IHAM and the consummation by Parent, Acquisition Sub and IHAM of the transactions contemplated by this Agreement. This Agreement has been duly executed and delivered by Parent, Acquisition Sub and IHAM and, assuming due authorization, execution and delivery of this Agreement by the other parties hereto, constitutes a legal, valid and binding obligation of each of Parent, Acquisition Sub and IHAM, enforceable against each of Parent, Acquisition Sub and IHAM in accordance with its terms, except that (i) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, affecting creditors' rights and remedies generally and (ii) the remedies of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought.

(b) The board of directors or similar governing body of each of Parent, Acquisition Sub and IHAM has, by resolutions adopted by the directors or similar governing members, (i) adopted this Agreement and the transactions contemplated hereby, (ii) determined that this Agreement and the transactions contemplated hereby are advisable and in the best interests of Parent, Acquisition Sub and IHAM and their respective stockholders or other equityholders, as applicable, (iii) solely with respect to Parent, resolved to make the Parent Recommendation (provided, that any change or modification or rescission of such recommendation by the Parent Board in accordance with Section 5.3(c) shall not be a breach of the representation in this clause (iii)) and (iv) solely with respect to Parent, directed that the Parent Stock Issuance be submitted to a vote at the Parent Stockholders' Meeting. Parent, acting in its capacity as the sole stockholder of Acquisition Sub, has approved and adopted this Agreement. IHAM GP, acting in its capacity as the general partner of IHAM, has approved and adopted this Agreement.

(c) Neither the execution and delivery of this Agreement by Parent, Acquisition Sub or IHAM nor the consummation by Parent, Acquisition Sub or IHAM of the transactions contemplated hereby, nor compliance by Parent, Acquisition Sub or IHAM with any of the terms or provisions of this Agreement, will (i) violate any provision of the certificate of incorporation or bylaws (or equivalent organizational documents) of Parent, any of its Subsidiaries or IHAM, (ii) assuming that the Consents, registrations, declarations, filings and notices referred to in Section 4.4 have been obtained or made, conflict with or violate in any respect material to Parent any Law applicable to Parent, any of its

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Subsidiaries or IHAM or by which any property or asset of Parent, any of its Subsidiaries or IHAM is bound or affected or (iii) violate, conflict with or result in any breach of any provision of, or loss of any benefit, or constitute a default (with or without notice or lapse of time, or both) under, give rise to any right of termination, acceleration or cancellation of, require the Consent, or notice to, any Third Party pursuant to, any of the terms or provisions of any Parent Material Contract, or result in the creation of a Lien, other than any Permitted Lien, upon any of the property or assets of Parent, any of its Subsidiaries or IHAM, other than, in the case of clause (iii), any such conflict, violation, breach, default, termination, acceleration, cancellation or Lien that would not have a Parent Material Adverse Effect.

Section 4.4 No Conflict: Required Filings and Consents.

(a) No Consent of, or registration, declaration or filing with, or notice to, any Governmental Authority is required to be obtained or made by or with respect to Parent, any of its Subsidiaries or IHAM in connection with the execution, delivery and performance of this Agreement or the consummation of the transactions contemplated hereby, other than (i) applicable requirements of and filings with the SEC under the Exchange Act, the Investment Company Act and the Investment Advisers Act, (ii) the filing of the Adviser Merger Certificate of Merger and Company Merger Certificate of Merger with the Delaware Secretary of State, (iii) applicable requirements under corporation or Blue Sky Laws of various states, (iv) such filings as may be required in connection with the Taxes described in Section 7.6, (v) compliance with applicable rules and regulations of NASDAQ, (vi) such other items required solely by reason of the participation of the Company in the transactions contemplated hereby, (vii) compliance with and filings or notifications under Antitrust Laws, (viii) if the Hard 8 Restructuring shall not have occurred prior to the Closing, the Nevada Gaming Commission Approval and (ix) such other Consents, registrations, declarations, filings or notices the failure of which to be obtained or made would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole. No approval under Section 57(f) of the Investment Company Act is necessary in connection with the execution and delivery by Parent, Acquisition Sub or IHAM of this Agreement or the consummation by Parent, Acquisition Sub or IHAM of the transactions contemplated hereby.

(b) Parent has received an order from the SEC under the Investment Company Act granting Parent an exemption from Section 12(d)(3) of the Investment Company Act to own and operate IHAM in accordance with the terms of such order (the "**Parent Exemptive Order**"), and the Parent Exemptive Order has not been rescinded.

Section 4.5 Permits: Compliance with Laws: No Regulatory Registrations: IHAM.

(a) Parent, its Subsidiaries and IHAM are in possession of all franchises, grants, authorizations, licenses, permits, easements, variances, exceptions, consents, certificates, approvals and orders necessary for Parent and its Subsidiaries to carry on their respective businesses under and pursuant to all Applicable Laws (the "**Parent Permits**"), and no suspension or cancellation of any of the Parent Permits is pending or, to the Knowledge of Parent, threatened, except where the failure to be in possession of, or the suspension or cancellation of, any of the Parent Permits would not have a Parent Material Adverse Effect. Each employee of Parent, its Subsidiaries and IHAM who is required to be registered or licensed as a registered representative, investment adviser representative, salesperson or an equivalent person with any Governmental Authority is duly registered or licensed as such and such registration or license is in full force and effect, except where the failure to be so registered or licensed or to have such registration or license in full force and effect would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole.

(b) None of Parent, its Subsidiaries or IHAM is, or during the one-year period prior to the date of this Agreement has been, in default or violation of any (i) Law applicable to Parent, any of its Subsidiaries or IHAM or (ii) Parent Permits, except for any such defaults or violations that would not,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole. Notwithstanding the foregoing, no representation or warranty in this Section 4.5 is made with respect to Parent SEC Documents or financial statements, "disclosure controls and procedures" or "internal control over financial reporting," employee benefits matters, intellectual property matters, Tax matters, real property matters or environmental matters, which are addressed exclusively in Section 4.6 (Parent SEC Documents; Financial Statements; Enforcement Actions), Section 4.8 (Disclosure Controls and Procedures), Section 4.14 (Employee Benefit Plans; Labor), Section 4.15 (Trademarks, Patents and Copyrights), Section 4.16 (Taxes), Section 4.18 (Real Property) and Section 4.19 (Environmental), respectively.

(c) Parent has written policies and procedures adopted pursuant to Rule 38a-1 under the Investment Company Act that are reasonably designed to prevent material violations of the "Federal Securities Laws," as such term is defined in Rule 38a-1(e)(1) under the Investment Company Act. Since January 1, 2014, there have been no "Material Compliance Matters" for Parent, as such term is defined in Rule 38a-1(e)(2) under the Investment Company Act, other than those that have been reported to the Parent Board and satisfactorily remedied or are in the process of being remedied or those that would not have a Parent Material Adverse Effect.

(d) Parent, its Subsidiaries and IHAM are, and have been at all times since January 1, 2014, in compliance with the FCPA, and all other applicable money laundering, anti-corruption or anti-bribery Laws of all jurisdictions having jurisdiction over Parent, its Subsidiaries and IHAM. Parent, its Subsidiaries and IHAM have instituted policies and procedures reasonably designed to ensure compliance with the FCPA and other applicable money laundering, anti-corruption or anti-bribery Laws and maintain such policies and procedures in effect.

(e) Since January 1, 2014, none of Parent, any of its Subsidiaries or IHAM or, to the Knowledge of Parent, any of their respective directors, officers or employees, has received any written or, to the Knowledge of Parent, oral notification from a Governmental Authority asserting that Parent, any of its Subsidiaries or IHAM is not in compliance in all material respects with any material Laws or Parent Permits.

(f) Neither Parent nor any of its Subsidiaries is, or is required to be, registered as an investment adviser under the Investment Advisers Act or is, or is required by Applicable Law (other than the Investment Advisers Act) to be, registered, licensed or qualified as an investment adviser in any state or other jurisdiction, except where the existence of any such registration, license or qualification, or the failure to be so registered, licensed or qualified, would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole. Neither Parent nor any of its Subsidiaries is a broker-dealer, commodity pool operator, commodity trading advisor, futures commission merchant, bank, trust company, commodity broker-dealer, real estate broker, insurance company or insurance broker within the meaning of any Applicable Law. Neither Parent nor any of its Subsidiaries has received written notice from any Governmental Authority of any failure to obtain any investment adviser, broker-dealer, commodity pool operator, commodity trading advisor, futures commission merchant, bank, trust company, commodity broker-dealer, real estate broker, insurance company or insurance broker registration, license or qualification.

(g) IHAM.

(i) During the two-year period prior to the date of this Agreement, IHAM has filed (after giving effect to any extensions) all Regulatory Documents that were required to be filed with any Governmental Authority, other than such failure to file that would not, individually or in the aggregate, be material to IHAM and its Subsidiaries, taken as a whole.

(ii) IHAM is, and at all times required by the Investment Advisers Act during the two-year period prior to the date of this Agreement has been, duly registered as an investment adviser

Annex A-38

under the Investment Advisers Act. IHAM is, and at all times required by Applicable Law (other than the Investment Advisers Act) during the two-year period prior to the date of this Agreement has been, duly registered, licensed or qualified as an investment adviser in each state or any other jurisdiction where the conduct of its business required such registration, licensing or qualification, except where the failure to be so registered, licensed or qualified would not have a Parent Material Adverse Effect. Other than IHAM, none of Parent and its Subsidiaries is, or is required to be, registered as an investment adviser under the Investment Advisers Act or is, or is required by Applicable Law (other than the Investment Advisers Act) to be, registered, licensed or qualified as an investment adviser in any state or other jurisdiction, except where the existence of any such registration, license or qualification, or the failure to be so registered, licensed or qualified, would not be material to IHAM and its Subsidiaries, taken as a whole.

(iii) IHAM has implemented written policies and procedures as required by Rule 206(4)-7 under the Investment Advisers Act (complete and correct copies of which policies and procedures have been made available to the Company) and, during the two-year period prior to the date of this Agreement, IHAM has been in compliance with such policies and procedures, except where the failure to adopt such policies and procedures or to be in compliance would not, individually or in the aggregate, be material to IHAM and its Subsidiaries, taken as a whole.

(iv) The transactions contemplated by this Agreement will not (A) violate any provision of the limited partnership agreement of IHAM, (B) assuming that the Consents, registrations, declarations, filings and notices referred to in Section 4.4 have been obtained or made, and except for any Consents, filings or other notices that may be required or advisable under applicable Law or as set forth on Section 4.5(g)(iv) of the Parent Disclosure Letter, conflict with or violate in any respect material to IHAM any Law applicable to IHAM or by which any property or asset of IHAM is bound or affected or (C) violate, conflict with or result in any breach of any provision of, or loss of any benefit, or constitute a default (with or without notice or lapse of time, or both) under, give rise to any right of termination, acceleration or cancellation of, require the Consent, or notice to, any Third Party pursuant to, any of the terms or provisions of any Contract to which IHAM is a party, or result in the creation of a material Lien, other than any Permitted Lien, upon any of the property or assets of IHAM, other than, in the case of clauses (B) and (C), any such conflict, violation, breach, default, termination, acceleration, cancellation or Lien that would have or reasonably be expected to have a material adverse effect on the business, assets and operations of IHAM or the consummation of the transactions contemplated by this Agreement.

(h) Parent has made available to the Company a complete and correct copy of each material no-action letter and exemptive order issued by the SEC to any of Parent and its Subsidiaries, on which any of them relies in the conduct of its respective business as conducted on the date of this Agreement. Parent and its Subsidiaries are in compliance in all material respects with any such material no-action letters and exemptive orders.

(i) Parent has complied since January 1, 2015, and is in compliance, with its investment policies and restrictions and portfolio valuation methods, if any, as such policies and restrictions may be set forth in Parent's registration statement (as amended from time to time), except for any noncompliance that would not, individually or in the aggregate, have a Parent Material Adverse Effect.

Section 4.6 Parent SEC Documents; Financial Statements; Enforcement Actions.

(a) Since January 1, 2015, Parent has filed with the SEC on a timely basis all material forms, documents and reports required to be filed or furnished prior to the date hereof by it with the SEC (such forms, documents and reports so filed with the SEC by Parent since such date, including any amendments thereto, the "**Parent SEC Documents**"). As of their respective dates, or, if amended, as of the date of the last such amendment, the Parent SEC Documents complied in all material respects with the applicable requirements of the Securities Act, the Exchange Act or the Investment Company Act,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

as the case may be, and the applicable rules and regulations promulgated thereunder, and none of the Parent SEC Documents at the time it was filed contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, or are to be made, not misleading (or, in the case of a Parent SEC Document that is a registration statement, as amended or supplemented, if applicable, filed pursuant to the Securities Act, as of the date such registration statement or amendment became effective, contained any untrue statement of a material fact or omitted to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading).

(b) Parent has made available to the Company a complete and correct copy of each material no-action letter and exemptive order issued by the SEC to Parent or any of its Subsidiaries on which any of them relies in the conduct of its respective business as conducted on the date of this Agreement. Parent and its Subsidiaries are in compliance in all material respects with any such material no-action letters and exemptive orders, except where the failure to so be in compliance would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole.

(c) The consolidated financial statements (including all related notes and the related consolidated schedules of investments) of Parent and its Subsidiaries included in the Parent SEC Documents (i) fairly present in all material respects the consolidated financial position, results of operations, cash flows and changes in stockholders' equity of Parent and its Subsidiaries as at the respective dates thereof or the respective periods then ended, as applicable (subject, in the case of unaudited interim statements, to normal year-end audit adjustments, to the absence of notes and to any other adjustments described therein, including in any notes thereto), (ii) were prepared in accordance with GAAP applied on a consistent basis throughout the periods involved (except as may be indicated therein or in the notes thereto), (iii) were prepared from, and are in accordance with, the books and records of Parent and its Subsidiaries, as applicable, and (iv) comply as to form, as of their respective dates of filing with the SEC, in all material respects with applicable accounting requirements and with the published rules and regulations of the SEC with respect thereto.

(d) Neither Parent nor any of its Subsidiaries is subject to any cease-and-desist or other enforcement action by, or is a party to any Contract consent agreement or memorandum of understanding with, or is a party to any commitment letter or similar undertaking to, or has been ordered to pay any civil money penalty by, or is subject to any Order by, or has adopted any policies, procedures or board resolutions at the request of, any Governmental Authority that currently restrict the conduct of its business (or that would, to the Knowledge of Parent, upon consummation of the Mergers restrict in any respect the conduct of the business of Parent or any of its Subsidiaries), or that relate to its capital adequacy, its ability to pay dividends, its credit, risk management or compliance policies, its internal controls, its management or its business, other than those of general application that apply to similarly situated BDCs or their Subsidiaries, except as would not, individually or in the aggregate, have a material adverse effect on Parent or any of its Subsidiaries, nor has Parent or any of its Subsidiaries been advised in writing or, to the Knowledge of Parent, verbally by any Governmental Authority that it is considering issuing, initiating, ordering or requesting any of the foregoing that would, individually or in the aggregate, have a material adverse effect on Parent or any of its Subsidiaries, taken as a whole.

Section 4.7 Information Supplied. None of the information supplied or to be supplied by or on behalf of Parent or any of its Subsidiaries for inclusion or incorporation by reference in (a) the Form N-14 will, at the time the Form N-14 is filed with the SEC, and at any time it is amended or supplemented or at the time it becomes effective under the Securities Act, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein, in light of the circumstances under which they are made, not misleading and (b) the Joint Proxy Statement will, at the date it or any amendment or supplement is mailed to stockholders of the Company and

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

stockholders of Parent and at the time of the Company Stockholders' Meeting and at the time of the Parent Stockholders' Meeting, contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances in which they are made, not misleading (except that no representation or warranty is made by Parent or Acquisition Sub regarding such portions thereof that relate expressly to the Company or any of its Subsidiaries or Parent External Adviser, or to statements made therein based on information supplied by or on behalf of the Company or, if applicable, Parent External Adviser, for inclusion or incorporation by reference therein). The Joint Proxy Statement will comply as to form in all material respects with the requirements of the Exchange Act and the rules and regulations promulgated thereunder.

Section 4.8 Disclosure Controls and Procedures. Parent and its Subsidiaries maintain Internal Controls. Such Internal Controls are designed to ensure that all information required to be disclosed in any Parent SEC Documents are recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and further designed and maintained to provide reasonable assurance regarding the reliability of Parent's financial reporting and the preparation of Parent's financial statements for external purposes in accordance with GAAP. Parent's management has completed an assessment of the effectiveness of Parent's system of internal controls over financial reporting in compliance with the requirements of Section 404 of the Sarbanes-Oxley Act for the fiscal year ended December 31, 2015 and such assessment concluded that such Internal Controls were effective using the framework specified in Parent's Annual Report on Form 10-K for the year ended December 31, 2015 and, except as set forth on Section 4.8 of the Parent Disclosure Letter, such assessment did not identify, and to the Knowledge of Parent, neither Parent nor any of its Subsidiaries has been made aware of, (i) any significant deficiency or material weakness in the design or operation of internal control over financial reporting utilized by Parent or its Subsidiaries or (ii) any illegal act or fraud, whether or not material, that involves management or employees of Parent or its Subsidiaries. The principal executive officer and principal financial officer of Parent have made all certifications required by Sections 302 and 906 of the Sarbanes-Oxley Act and any related rules and regulations promulgated by the SEC with respect to the Parent SEC Documents, and the statements contained in any such certifications were true and correct on the date such certifications were made and such officers would be able to make such certifications as of the date hereof and as of the Closing Date as if required to be made as of such dates. Parent and each of its Subsidiaries, if applicable, is in compliance in all material respects with the applicable listing standards and corporate governance standards of NASDAQ or other listing exchanges or self-regulating organizations applicable to Parent and its Subsidiaries, and has not received any written (or to the Knowledge of Parent, any verbal) notice asserting any non-compliance with the listing standards and corporate governance standards of NASDAQ.

Section 4.9 Absence of Certain Changes or Events. Since December 31, 2015, through the date of this Agreement, except as otherwise contemplated or permitted by this Agreement, (a) the respective businesses of Parent and its Subsidiaries have been conducted in the ordinary course of business consistent with past practice, (b) there has not been any event, development or state of circumstances that has had a Parent Material Adverse Effect and (c) there has not been any action that, if it had been taken after the date hereof, would have required the consent of the Company under Sections 5.2(a), (d), (f), (i) and (j).

Section 4.10 No Undisclosed Liabilities. Except (a) as reflected, disclosed or reserved against in Parent's financial statements (as amended or restated, if applicable) or the notes thereto included in the Parent SEC Documents, (b) for liabilities or obligations incurred in the ordinary course of business consistent with past practice since December 31, 2015, (c) for liabilities or obligations incurred in connection with the transactions contemplated hereby, (d) for liabilities and obligations which have been discharged or paid prior to the date of this Agreement or (e) for liabilities or obligations that would not be material to Parent and its Subsidiaries, taken as a whole, as of the date hereof, none of

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Parent or its Subsidiaries has any liabilities or obligations of any nature, whether or not accrued, contingent or otherwise, that would be required by GAAP to be reflected on a consolidated balance sheet (or the notes thereto) of Parent.

Section 4.11 Litigation. As of the date of this Agreement, (i) there is no Proceeding pending or, to the Knowledge of Parent, threatened against Parent or any of its Subsidiaries that would, individually or in the aggregate, be material to Parent or its Subsidiaries, taken as a whole, and (ii) there is no judgment or order of any Governmental Authority outstanding against, or, to the Knowledge of Parent, investigation by any Governmental Authority involving, Parent or any of its Subsidiaries that, in the case of this clause (ii), would reasonably be expected to have a Parent Material Adverse Effect.

Section 4.12 Absence of Certain Agreements. Neither Parent nor any of its Affiliates has entered into any Contract, arrangement or understanding (in each case, whether oral or written), or authorized, committed or agreed to enter into any Contract, arrangement or understanding (in each case, whether oral or written), pursuant to which: (a) any stockholder of the Company would be entitled to receive consideration of a different amount or nature than the Merger Consideration or pursuant to which any stockholder of the Company (i) agrees to vote to adopt this Agreement or the Company Merger or (ii) agrees to vote against any Superior Proposal or (b) any Third Party has agreed to provide, directly or indirectly, equity capital to Parent or the Company to finance in whole or in part the Company Merger.

Section 4.13 Ineligible Persons. No employee, officer or director of Parent has been subject to disqualification to serve in any capacity contemplated by the Investment Company Act under Sections 9(a) and 9(b) of the Investment Company Act unless, in each case, such person has received exemptive relief from the SEC with respect to any such disqualification, nor is there any Proceeding pending or, to the Knowledge of Parent, threatened by any Governmental Authority that would result in any such disqualification of any employee, officer or director of Parent. Neither Parent nor any of its "associated persons" is subject to a "statutory disqualification" (as such terms are defined in the Exchange Act) and there is no Proceeding pending or, to the Knowledge of Parent, threatened by any Governmental Authority that would result in Parent or any of its "associated persons" becoming so subject. None of the Parent, its Subsidiaries or any of its employees is subject to any "bad actor" disqualification specified under Rule 506 of Regulation D promulgated under the Securities Act.

Section 4.14 Employee Benefit Plans; Labor(a) .

(a) None of the Parent or any of its Consolidated Subsidiaries has any employees.

(b) Except as would, individually or in the aggregate, be a material liability to Parent and its Subsidiaries, taken as a whole, neither Parent nor any Person that is a member of a "controlled group of corporations" with, or is under "common control" with, or is a member of the same "affiliated service group" with Parent, in each case, as defined in Sections 414(b), (c), (m) or (o) of the Code maintains, contributes to, or sponsors (or has in the past six (6) years maintained, contributed to or sponsored) a multiemployer plan (as defined in Section 3(37) of ERISA) or any employee benefit plan that is subject to Title IV of ERISA or Section 412 of the Code.

(c) Except as set forth on Section 4.14(c) of the Parent Disclosure Letter, neither the execution or delivery of this Agreement nor the consummation of the Mergers will, either alone or in conjunction with any other event (including any termination of employment upon or following the consummation of the Mergers), (i) entitle any current or former director of, or service provider to, Parent or any of its Subsidiaries to any material payment, except as expressly provided in this Agreement, (ii) materially increase the amount or value of any benefit or compensation otherwise payable or required to be provided to any such director or service provider or (iii) accelerate the time of payment or vesting of amounts due any such director or service provider or, except as provided for in this Agreement. No amounts payable under any employee benefit plan or otherwise will fail to be deductible for federal income tax purposes by virtue of Section 280G of the Code as a result of the occurrence of the transactions contemplated by this Agreement, either alone or in combination with another event.

Annex A-42

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(d) Parent has not, and has never been the "employer" or "connected or associated" with the "employer" (as those terms in quotation marks are used in the UK Pensions Act 2004) in relation to any pension, superannuation or other retirement benefits plan in respect of which benefits are calculated by reference to age, salary or length of service.

Section 4.15 Trademarks, Patents and Copyrights.

(a) Section 4.15(a) of the Parent Disclosure Letter sets forth a complete and accurate list (in all material respects) of all material United States and foreign: (i) patents and patent applications; (ii) trademark registrations and applications (including internet domain name registrations); and (iii) copyright registrations and applications owned by Parent and its Subsidiaries as of the date hereof. Such registrations for Intellectual Property Rights owned by Parent or its Subsidiaries are in effect and subsisting and, to the Knowledge of Parent, valid.

(b) To the Knowledge of Parent, except as would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole, Parent and its Subsidiaries own, validly license or have all Intellectual Property Rights that are material to the respective businesses of Parent and its Subsidiaries as currently conducted.

(c) To the Knowledge of Parent, except as would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole, as of the date hereof, the conduct of the respective businesses of Parent and its Subsidiaries as currently conducted does not infringe upon or otherwise violate any Intellectual Property Rights of any other Person. As of the date of this Agreement, there is no such claim pending or, to the Knowledge of Parent, threatened, except for any such infringement or other violation that would not have a Parent Material Adverse Effect. To the Knowledge of Parent, no other Person is infringing or otherwise violating any Intellectual Property Rights that are material to the respective businesses of Parent and its Subsidiaries as currently conducted, except for any such infringement or other violation as would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole. This Section 4.15(c) constitutes the only representation and warranty of Parent with regard to any actual or alleged infringement or other violation of any Intellectual Property Rights of any other Person.

Section 4.16 Taxes.

(a) Since January 1, 2012, Parent has elected to be treated as, and has operated in conformity with the requirements for qualification and taxation as, a regulated investment company taxable under Subchapter M of Chapter 1 of the Code, and its proposed method of operation will enable it to continue to meet the requirements for qualification and taxation as a regulated investment company under Subchapter M of Chapter 1 of the Code. Parent and each of its Subsidiaries have (i) timely filed or caused to be timely filed (taking into account any extension of time within which to file) all material Tax Returns required to be filed by any of them and all such filed Tax Returns (taking into account all amendments thereto) are true, complete and accurate in all material respects and (ii) paid all material Taxes due and owing (whether or not shown on such Tax Returns), except, in the case of clause (ii) hereof, with respect to Taxes contested in good faith by appropriate Proceedings and for which adequate reserves or accruals have been established in accordance with GAAP.

(b) The unpaid Taxes of Parent and its Subsidiaries did not, as of the date of its most recent consolidated financial statements, materially exceed the reserve or accrual for Tax liability (excluding any reserve for deferred Taxes established to reflect timing differences between book and Tax income) set forth on the face of such consolidated financial statements (rather than in any notes thereto). Since the date of its most recent consolidated financial statements, neither Parent nor any of its Subsidiaries has incurred any material liability for Taxes outside the ordinary course of business or otherwise inconsistent with past custom and practice.

Annex A-43

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(c) As of the date of this Agreement, there are no pending, threatened in writing or ongoing audits, examinations, investigations or other Proceedings by any Governmental Authority in respect of material Taxes of or with respect to Parent or any of its Subsidiaries. Neither Parent nor any of its Subsidiaries has waived any statute of limitations with respect to material Taxes or agreed to any extension of time with respect to a material Tax assessment or deficiency. No written claim has been made by any Governmental Authority in a jurisdiction where Parent or any of its Subsidiaries does not currently file a Tax Return that it is or may be subject to taxation by that jurisdiction in respect of Taxes that would be covered by or the subject of such Tax Return, nor has any such assertion been threatened or proposed in writing and received by Parent or any of its Subsidiaries.

(d) All Taxes that Parent or any of its Subsidiaries are or were required by Law to withhold or collect have been duly and timely withheld or collected in all material respects on behalf of its respective employees, independent contractors or other Third Parties and, have been timely paid to the proper Governmental Authority or other Person or properly set aside in accounts for this purpose.

(e) Neither Parent nor any of its Subsidiaries has ever been a member of a consolidated, combined or unitary Tax group (other than such a group the common parent of which is Parent or any of its Subsidiaries), and neither Parent nor any of its Subsidiaries has any liability for Taxes of any other Person (other than Taxes of Parent or any Subsidiary) under Treasury Regulation Section 1.1502-6 (or any similar provision of foreign, state or local law), as a transferee or successor, by Contract or otherwise.

(f) Neither Parent nor any of its Subsidiaries is a party to or is bound by any Tax sharing, Tax allocation or Tax indemnification agreement or arrangement (other than such an agreement or arrangement exclusively between or among Parent and its Subsidiaries or customary commercial Contracts entered into in the ordinary course of business, the principle subject matter of which is not Taxes) that will not be terminated on or before the Closing Date without any future liability to the Company or its Subsidiaries.

(g) There are no Liens for Taxes on any of the assets of Parent or any of its Subsidiaries other than Permitted Liens.

(h) Neither Parent nor any of its Subsidiaries has participated in or been a party to a transaction that, as of the date of this Agreement, constitutes a "listed transaction" that is required to be reported to the IRS pursuant to Section 6011 of the Code and applicable Treasury Regulations thereunder.

(i) Within the last two (2) years, neither Parent nor any of its Subsidiaries has been a party to any transaction intended to qualify under Section 355 of the Code.

This Section 4.16 contains the sole and exclusive representations and warranties of Parent and its Subsidiaries relating to Taxes.

Section 4.17 Material Contracts.

(a) Section 4.17(a) of the Parent Disclosure Letter sets forth a complete and correct list, as of the date hereof, of each Parent Material Contract, a complete and correct copy of each of which has been made available to the Company. For purposes of this Agreement, "**Parent Material Contract**" means any Contract to which Parent or any of its Subsidiaries is a party, except for this Agreement or as expressly set forth below, that:

(i) constitutes a "material contract" (as such term is defined in item 601(b)(10) of Regulation S-K under the Securities Act) of Parent and its Subsidiaries, taken as a whole;

(ii) except with respect to investments set forth in the Parent SEC Documents, is a joint venture, alliance, partnership or similar agreement that is material to the operation of Parent and its Subsidiaries, taken as whole;

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(iii) except with respect to investments set forth in the Parent SEC Documents (and other than any arrangement regarding any Portfolio Company), is a loan, guarantee of Indebtedness or credit agreement, note, mortgage, indenture or other binding commitment (other than those between or among Parent and its Subsidiaries) relating to Indebtedness (whether outstanding or as may be incurred) in an amount in excess of \$5,000,000 individually;

(iv) creates future payment obligations, including settlement agreements, outside the ordinary course of business in excess of \$10,000,000, or creates or would create a Lien on any asset of Parent or any of its Subsidiaries (other than Liens consisting of restrictions on transfer agreed to in respect of investments entered into in the ordinary course of business);

(v) is with (A) any Subsidiaries of Parent or (B) any "associate" or member of the "immediate family" (as such terms are respectively defined in Rule 12b-2 and Rule 16a-1 of the Exchange Act) of a Person identified in clause (A), in each case in excess of \$10,000,000 (individually or together with all related Agreements);

(vi) is a Contract that obligates Parent or any of its Subsidiaries to conduct any business that is material to Parent or its Subsidiaries, taken as a whole, on an exclusive basis with any Third Party;

(vii) is an Order or Consent of a Governmental Authority to which Parent or any of its Subsidiaries is subject, other than any such Order or Consent that does not (A) involve future monetary obligations by Parent or any of its Subsidiaries in excess of \$1,000,000 or (B) impose material restrictions on the business of Parent or any of its Subsidiaries;

(viii) is a non-competition or non-solicitation Contract or any other Contract that limits or would reasonably be expected to limit in any material respect the manner in which, or the localities in which, any material business of Parent and its Subsidiaries (taken as a whole) is or could be conducted or the types of material businesses that Parent and its Subsidiaries conduct;

(ix) is a Contract (excluding any Contract relating to acquisitions or dispositions of debt investments in Portfolio Companies) relating to the acquisition or disposition of any business or operations (whether by merger, sale of stock, sale of assets or otherwise) as to which there are any ongoing material obligations or that was entered into after December 31, 2015 and that has not yet been consummated, in each case pursuant to which (A) Parent reasonably expects that it is required to pay total consideration (including assumption of debt) after the date hereof in excess of \$10,000,000 or (B) any other Person has the right to acquire any assets of Parent or any of its Subsidiaries (or any interests therein) after the date of this Agreement with total consideration realizable by or payable to Parent or any of its Subsidiaries in excess of \$10,000,000.

(x) is the Parent External Advisory Agreement or the Parent Administration Agreement.

(b) None of Parent or any Subsidiary of Parent is in breach of or default (or, with the giving of notice or lapse of time or both, would be in default) under the terms of, and has not taken any action resulting in the termination of, acceleration of performance required by, or resulting in a right of termination or acceleration under, any Parent Material Contract to which it is a party, except as would not have a Parent Material Adverse Effect. As of the date of this Agreement, to the Knowledge of Parent, no other party to any Parent Material Contract is in breach of or default (or, with the giving of notice or lapse of time or both, would be in default) under the terms of, and has not taken any action resulting in the termination of, acceleration of performance required by, or resulting in a right of termination or acceleration under, any Parent Material Contract except as would not have a Parent Material Adverse Effect. Each Parent Material Contract is (A) a valid and binding obligation of Parent or its Subsidiary that is a party thereto, as applicable, and, to the Knowledge of Parent, the other parties thereto, except such as would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole (provided, that (i) such enforcement may be subject to applicable

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, relating to creditors' rights and remedies generally and (ii) the remedies of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought) and (B) in full force and effect other than as would not, individually or in the aggregate, have a Parent Material Adverse Effect.

Section 4.18 Real Property.

(a) None of the Parent nor any of its Subsidiaries owns any real property.

(b) Section 4.18(b) of the Parent Disclosure Letter sets forth a complete and accurate list of each lease pursuant to which Parent and/or its Subsidiaries leases, subleases or licenses an interest in real property from any other Person (whether as a tenant, subtenant or pursuant to other occupancy arrangements) (collectively, the "**Parent Leased Real Property**"). As of the date of this Agreement, except as would not have a Parent Material Adverse Effect, Parent and/or its Subsidiaries have valid leasehold, subleasehold or license interests in all Parent Leased Real Property. Each lease for Parent Leased Real Property is a valid and binding obligation of Parent or its Subsidiary that is a party thereto, as applicable, and to the Knowledge of Parent, the other parties thereto, except such as would not, individually or in the aggregate, be material to Parent or its Subsidiaries, taken as a whole; provided, that (i) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, relating to creditors' rights and remedies generally and (ii) the remedies of specific performance and injunctive relief and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought.

(c) As of the date of this Agreement, except as would not have a Parent Material Adverse Effect, none of Parent or any of its Subsidiaries has received any written communication from, or given any written communication to, or to the Knowledge of Parent, received or given any other type of communication from or to, any other party to a lease for Parent Leased Real Property or any lender, alleging that Parent or any of its Subsidiaries or such other party, as the case may be, is in default under such lease.

Section 4.19 Environmental. Except as would not have a Parent Material Adverse Effect:

(a) Parent and its Subsidiaries are in compliance with all applicable Environmental Laws, including possessing all Parent Permits required for their operations under applicable Environmental Laws;

(b) there is no pending or, to the Knowledge of Parent, threatened Proceeding pursuant to any Environmental Law against Parent or any of its Subsidiaries. None of Parent or any of its Subsidiaries has received written notice from any Person, including any Governmental Authority, alleging that Parent or any of its Subsidiaries has been or is in violation or is potentially in violation of any applicable Environmental Law or otherwise may be liable under any applicable Environmental Law, which violation or liability is unresolved. None of Parent or any of its Subsidiaries is a party or subject to any Order pursuant to Environmental Law; and

(c) to the Knowledge of Parent, with respect to the Parent Leased Real Property, there have been no Releases of Hazardous Materials on or underneath any of such real properties that has caused environmental contamination at such real properties that is reasonably likely to result in an obligation to remediate such environmental contamination pursuant to applicable Environmental Law or result in liability pursuant to applicable Environmental Law with respect to remediation conducted by other Persons.

Section 4.20 Vote Required. The approval (a) by a majority of votes cast at the Parent Stockholders' Meeting of the Parent Stock Issuance and (b) as required under the Investment Company

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Act as set out on Section 4.20 of the Parent Disclosure Letter (the approvals in clauses (a) and (b), the "**Parent Stockholder Approval**"), are the only votes of holders of securities of Parent that are required in connection with the consummation of the transactions contemplated hereby.

Section 4.21 Sufficient Funds.

(a) Parent has delivered to Company true, correct and complete copies of (i) the fully executed debt commitment letter, dated as of the date hereof, from Bank of America, N.A. and Wells Fargo Bank, National Association (such debt commitment letter, together with all exhibits, schedules, annexes, supplements, term sheets, amendments, supplements or modifications to such letter in effect as of the date hereof, and the Fee Letter, collectively, the "**Debt Commitment Letter**"), pursuant to which, and subject to the terms and conditions of which, the lenders party thereto have committed to lend the amounts set forth therein for the purpose of funding the transactions contemplated by this Agreement and related fees and expenses (the "**Debt Financing**"), (ii) the fully executed fee letter associated therewith (provided, that the fee amounts, pricing caps and economic terms (other than covenants) set forth therein, none of which could adversely affect the conditionality, enforceability, availability, termination or aggregate principal amount of the Debt Financing, may be redacted), together with all exhibits, schedules, annexes, supplements, term sheets, amendments, supplements or modifications to such letter in effect as of the date hereof (the "**Fee Letter**").

(b) As of the date of this Agreement, the Debt Commitment Letter, in the form so delivered, is in full force and effect as to Parent and the other parties thereto and has not been withdrawn or terminated, or otherwise amended, supplemented or modified in any respect, and is valid, binding and enforceable against all of the parties thereto in accordance with its terms, except that (i) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, affecting creditors' rights and remedies generally and (ii) the remedies of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought. There are not, nor are there contemplated to be, any other agreements, side letters or arrangements relating to the Debt Commitment Letter to which Parent, Acquisition Sub or any of their Affiliates is a party. No event has occurred that, with or without notice, lapse of time or both, would or would reasonably be expected to (i) constitute a failure to satisfy any condition of the Debt Commitment Letter, (ii) result in any portion of the Debt Financing to be unavailable on or before the Closing Date or (iii) result in a default or breach on the part of Parent, Acquisition Sub or any other Subsidiary of Parent, or to the Knowledge of Parent, any other party thereto, under any term or condition of the Debt Commitment Letter. Each of Parent, Acquisition Sub and each Subsidiary of Parent has no reason to believe that it or any other party to the Debt Commitment Letter will be unable to satisfy on a timely basis, any term or condition of closing to be satisfied by such party, contained in the Debt Commitment Letter. Parent has fully paid, or caused to be paid, any and all commitment fees or other fees required by the Debt Financing to be paid on or before the date of this Agreement and will pay in full any such amounts due on or before the Closing Date. The aggregate net proceeds from the Debt Financing (both before and after giving effect to the exercise of any or all market flex provisions related thereto), cash on Parent's balance sheet and the Parent External Adviser Cash Consideration constitute all of the financing required for the consummation of the transactions contemplated by this Agreement, are sufficient in amount for the satisfaction of all of Parent's and Acquisition Sub's obligations under this Agreement and are sufficient in amount to consummate the transactions contemplated by this Agreement, including the payment of the Merger Consideration and the payment of all associated fees, costs and expenses (including fees, cash and expenses related to the Debt Financing). The Debt Commitment Letter contains all of the conditions precedent to the obligations of the parties thereunder to make the Debt Financing available to Parent and Acquisition Sub. The only conditions precedent or other contingencies related to the initial funding of the Debt Financing on the Closing Date to be included in the final documentation regarding the Debt Financing

Annex A-47

will be the conditions expressly contained in the Debt Commitment Letter. The Debt Commitment Letter has not been withdrawn, repudiated, terminated or rescinded in any respect. To the Knowledge of Parent, there are no facts or circumstances that could result in any of the conditions set forth in the Debt Commitment Letter not being satisfied.

(c) Neither Parent's nor Acquisition Sub's obligations under this Agreement are contingent upon or otherwise subject to (i) any conditions regarding Parent's, any of its Affiliate's or any other Person's ability to obtain financing for the consummation of the transactions contemplated hereby or (ii) Parent's consummation of any financing arrangements.

(d) Any breach of, or inaccuracy in, the provisions of this Section 4.21 shall not result in a failure of a condition pursuant to Section 6.3(a) if Parent is capable of satisfying its obligations to pay the Merger Consideration payable by it in accordance with the provisions of this Agreement.

Section 4.22 Brokers. No investment banker, broker or finder other than Wells Fargo Securities, LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, the fees and expenses of which will be paid by Parent, is entitled to any investment banking, brokerage, finder's or similar fee or commission in connection with this Agreement or the transactions contemplated hereby based upon arrangements made by or on behalf of Parent, Acquisition Sub or any of their respective Affiliates.

Section 4.23 Opinion of Financial Advisor. Parent has received the opinion of Wells Fargo Securities, LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, each dated as of the date hereof, to the effect that, as of the date hereof, and based upon and subject to the limitations and assumptions set forth in each such opinion, respectively, the Parent Cash Consideration and the Exchange Ratio to be paid by Parent pursuant to this Agreement collectively are fair, from a financial point of view, to Parent.

Section 4.24 Insurance. Parent and its Subsidiaries have paid, or caused to be paid, all premiums due under all material insurance policies of Parent and its Subsidiaries and all such insurance policies are in full force and effect other than as would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole. None of Parent or any of its Subsidiaries has received written notice that they are in default with respect to any obligations under such policies other than as would not have a Parent Material Adverse Effect. None of Parent or any of its Subsidiaries has received any written notice of cancellation or termination with respect to any existing material insurance policy, or refusal or denial of any material coverage, reservation of rights or rejection of any material claim under any existing material insurance policy, in each case that is held by, or for the benefit of, Parent or any of its Subsidiaries, other than as would not reasonably be expected to have a Parent Material Adverse Effect. Parent and its Subsidiaries are insured against such losses and risks and in such amounts as are customary in the businesses in which they are engaged.

Section 4.25 Solvency. Neither Parent nor Acquisition Sub is entering into the transactions contemplated by this Agreement with the actual intent to hinder, delay or defraud either present or future creditors of the Company or any of its Subsidiaries (including any member of the Subsidiary Adviser Group). Each of Parent and Acquisition Sub is solvent as of the date of this Agreement, and Parent will, after giving effect to all of the transactions contemplated by this Agreement, including the payment of any amounts required to be paid in connection with the consummation of the transactions contemplated by this Agreement and the payment of all related fees and expenses, be solvent at and immediately after the Company Merger Effective Time. As used in this Section 4.25, the term "solvent" means, with respect to a particular date, that on such date, (a) the sum of the assets, at a fair valuation, of Parent and Acquisition Sub and, after the Company Merger, Parent and its Subsidiaries will exceed their debts, (b) each of Parent and Acquisition Sub and, after the Company Merger, Parent and its Subsidiaries have not incurred debts beyond its ability to pay such debts as such debts mature and (c) each of Parent and Acquisition Sub and, after the Company Merger, Parent and its Subsidiaries has sufficient capital and liquidity with which to conduct its business. For purposes of this Section 4.25,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

"debt" means any liability on a claim, and "claim" means any (i) right to payment, whether or not such a right is reduced to judgment, liquidated, unliquidated, fixed, contingent, matured, unmatured, disputed, undisputed, legal, equitable, secured or unsecured, and (ii) any right to an equitable remedy for breach of performance if such breach gives rise to a payment, whether or not such right to an equitable remedy is reduced to judgment, fixed, contingent, matured, unmatured, disputed, undisputed, secured or unsecured.

Section 4.26 Share Ownership. None of Parent, Acquisition Sub or any of their Affiliates has been, at any time during the three (3) years preceding the date hereof, an "interested stockholder" of the Company, as defined in Section 203 of the DGCL. As of the date of this Agreement, none of Parent, Acquisition Sub or their respective Affiliates owns (directly or indirectly, beneficially or of record) any Company Common Stock and none of Parent, Acquisition Sub or their respective Affiliates holds any rights to acquire any Company Common Stock except pursuant to this Agreement.

Section 4.27 Management Agreements. Other than this Agreement, as of the date hereof, there are no Contracts, undertakings, commitments, agreements or obligations or understandings between Parent or Acquisition Sub or any of their Affiliates, on the one hand, and any member of the Company's management or the Company Board, on the other hand, relating in any way to the transactions contemplated by this Agreement or the operations of the Company after the Company Merger Effective Time.

Section 4.28 Investment Assets. Each of Parent and its Subsidiaries has good title to all securities, Indebtedness and other financial instruments held by it, free and clear of any material Liens, except for Permitted Liens to the extent such securities, Indebtedness or other financial instruments, as applicable, are pledged in the ordinary course of business consistent with past practice to secure obligations of Parent and any of its Subsidiaries and except for Liens consisting of restrictions on transfer agreed to in respect of investments entered into in the ordinary course of business.

Section 4.29 Parent External Adviser. Parent External Adviser hereby represents and warrants to the Company as follows:

(a) Organization; Qualification. Parent External Adviser is a limited liability company, duly formed, validly existing and (to the extent applicable) in good standing under the laws of the jurisdiction of its formation and has the requisite limited liability company power and authority to conduct its business as it is now being conducted, except where the failure to be in good standing or to have such power and authority would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole. Parent External Adviser is duly qualified or licensed to do business and in good standing in each jurisdiction in which the property owned, leased or operated by it or the nature of the business conducted by it makes such qualification or licensing necessary, except where the failure to be so duly qualified or licensed and in good standing would not have a Parent Material Adverse Effect. Parent has made available to the Company a copy of the Parent External Adviser Organizational Documents, as currently in effect, and Parent External Adviser is not in violation of any provision of such documents. Parent External Adviser does not have any Subsidiaries.

(b) Authority Relative to Agreement.

(i) Parent External Adviser has all necessary corporate power and authority to execute and deliver this Agreement and to consummate the transactions contemplated hereby. The execution, delivery and performance of this Agreement by Parent External Adviser, and the consummation by Parent External Adviser of the transactions contemplated by this Agreement, have been duly and validly authorized by all necessary corporate or similar action by Parent External Adviser and no other Proceeding on the part of Parent External Adviser is necessary to authorize the execution, delivery and performance of this Agreement by Parent External Adviser and the consummation by Parent External Adviser of the transactions contemplated by this Agreement. This Agreement has

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

been duly executed and delivered by Parent External Adviser and, assuming due authorization, execution and delivery of this Agreement by the other parties hereto, constitutes a legal, valid and binding obligation of Parent External Adviser, enforceable against it in accordance with its terms, except that (A) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, affecting creditors' rights and remedies generally and (B) the remedies of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought.

(ii) Neither the execution and delivery of this Agreement by Parent External Adviser nor the consummation by Parent External Adviser of the transactions contemplated hereby, nor compliance by Parent External Adviser with any of the terms or provisions of this Agreement with respect to which it is a party, will (A) violate any provision of the certificate of incorporation or bylaws (or equivalent organizational documents) of Parent External Adviser, (B) assuming that the Consents, registrations, declarations, filings and notices referred to in Section 4.29(c) have been obtained or made, conflict with or violate any Law applicable to Parent External Adviser or by which any property or asset of Parent External Adviser is bound or affected or (C) violate, conflict with or result in any breach of any provision of, or loss of any benefit, or constitute a default (with or without notice or lapse of time, or both) under, give rise to any right of termination, acceleration or cancellation of, require the Consent of, or notice to, any Third Party pursuant to, any of the terms or provisions of any Contract material to Parent External Adviser, or result in the creation of a Lien, other than any Permitted Lien, upon any of the property or assets of Parent External Adviser, other than, in the case of clauses (B) and (C), any such conflict, violation, breach, default, termination, acceleration, cancellation or Lien that would not have a Parent Material Adverse Effect.

(c) No Consents; Required Filings and Consents. No Consent of, or registration, declaration or filing with, or notice to, any Governmental Authority is required to be obtained or made by or with respect to Parent External Adviser in connection with the execution, delivery and performance of this Agreement or the consummation of the transactions contemplated hereby, other than (i) applicable requirements of and filings with the SEC under the Exchange Act, the Investment Company Act and the Investment Advisers Act, (ii) applicable requirements under corporation or Blue Sky Laws of various states, (iii) such filings as may be required in connection with the Taxes described in Section 7.6, (iv) compliance with applicable rules and regulations of The New York Stock Exchange, (v) such other items required solely by reason of the participation of the Company in the transactions contemplated hereby, (vi) compliance with and filings or notifications under Antitrust Laws, (vii) the Nevada Gaming Commission Approval and (viii) such other Consents, registrations, declarations, filings or notices the failure of which to be obtained or made would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole.

(d) Permits; Compliance with Laws; Regulatory Registrations.

(i) Parent External Adviser is in possession of all franchises, grants, authorizations, licenses, permits, easements, variances, exceptions, consents, certificates, approvals and orders necessary for Parent External Adviser to carry on its business as it is now being conducted under and pursuant to all Applicable Laws (the "**Parent External Adviser Permits**"), and no suspension or cancellation of any of the Parent External Adviser Permits is pending or, to the Knowledge of Parent External Adviser, threatened, except where the failure to be in possession of, or the suspension or cancellation of, any of the Parent External Adviser Permits would not have a Parent Material Adverse Effect.

(ii) Parent External Adviser is not, and during the one-year period prior to the date of this Agreement has not been, in default or violation of any (A) Law applicable to Parent External

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Adviser or (B) Parent External Adviser Permits, except for any such defaults or violations that would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole.

(iii) During the two-year period prior to the date of this Agreement, Parent External Adviser has filed (after giving effect to any extensions) all Regulatory Documents that were required to be filed with any Governmental Authority, other than such failures to file that would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole.

(iv) Parent External Adviser is, and at all times required by the Investment Advisers Act during the two-year period prior to the date of this Agreement has been, duly registered as an investment adviser under the Investment Advisers Act. Parent External Adviser is, and at all times required by Applicable Law (other than the Investment Advisers Act) during the two-year period prior to the date of this Agreement has been, duly registered, licensed or qualified as an investment adviser in each state or any other jurisdiction where the conduct of its business required such registration, licensing or qualification, except where the failure to be so registered, licensed or qualified would not have a Parent Material Adverse Effect. Parent has made available to the Company a complete and correct copy of the Form ADV of Parent External Adviser as in effect on the date of this Agreement.

(v) The Parent External Advisory Agreement has been duly approved, continued and at all times has been in compliance in all material respects with Section 15 of the Investment Company Act (to the extent applicable). Neither Parent nor Parent External Adviser is in default under the Parent External Advisory Agreement, except where such default would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole. The Parent External Advisory Agreement is a valid and binding obligation of Parent and Parent External Adviser, except as would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole; provided, that (A) such enforcement may be subject to applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws, now or hereafter in effect, relating to creditors' rights and remedies generally and (B) the remedies of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any Proceeding therefor may be brought. There is no Proceeding pending or, to the Knowledge of Parent External Adviser, threatened, and, to the Knowledge of Parent External Adviser, there do not exist any facts or circumstances which would reasonably be expected to adversely affect the registration of Parent External Adviser as an investment adviser under the Investment Advisers Act or the ability of an investment adviser to perform its obligations under the Parent External Advisory Agreement.

(vi) Neither Parent External Adviser nor any "affiliated person" (as defined in the Investment Company Act) of Parent External Adviser is ineligible pursuant to Sections 9(a) or 9(b) of the Investment Company Act to serve as an investment adviser to a registered investment company (or BDC), nor is there any Proceeding pending or, to the Knowledge of Parent External Adviser, threatened by any Governmental Authority that would result in the ineligibility of Parent External Adviser or any such "affiliated person" to serve as an investment adviser to a registered investment company (or BDC) pursuant to Sections 9(a) or 9(b) of the Investment Company Act. Neither Parent External Adviser nor any "person associated with" (as defined in the Investment Advisers Act) Parent External Adviser is ineligible pursuant to Sections 203(e) or 203(f) of the Investment Advisers Act to serve as an investment adviser or as a "person associated with" an investment adviser, nor is there any Proceeding pending or, to the Knowledge of Parent External Adviser, threatened by any Governmental Authority that would result in the ineligibility of Parent External Adviser or any such "person associated with" Parent External Adviser to serve in any such capacities pursuant to Sections 203(e) or 203(f) of the Investment Advisers Act.

Annex A-51

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(e) Regulatory Documents. Parent External Adviser has made available to the Company a complete and correct copy of each material no-action letter and exemptive order issued by the SEC to Parent External Adviser on which it relies in providing investment advisory services to Parent. Parent External Adviser is in compliance in all material respects with any such material no-action letters and exemptive orders.

(f) Information Supplied. None of the information supplied in writing by Parent External Adviser with respect to itself for inclusion or incorporation by reference in the Form N-14 will, at the time the Form N-14 is filed with the SEC, and at any time it is amended or supplemented or at the time it becomes effective under the Securities Act, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein, in light of the circumstances under which they are made, not misleading.

(g) Controls and Procedures. Parent External Adviser has implemented written policies and procedures as required by Rule 206(4)-7 under the Investment Advisers Act (complete and correct copies of which have been made available to the Company) and, during the two-year period prior to the date of this Agreement, Parent External Adviser has been in compliance with such policies and procedures, except where the failures to adopt such policies and procedures or to be in compliance would not, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole.

(h) Absence of Certain Changes. During the two-year period prior to the date of this Agreement, there has been no material adverse change in the operations, affairs or regulatory status of Parent External Adviser.

(i) Litigation. As of the date of this Agreement, there is no Proceeding pending or, to the Knowledge of Parent External Adviser, threatened against Parent External Adviser that would, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole, nor is there any judgment or order of any Governmental Authority outstanding against, or, to the Knowledge of Parent External Adviser, investigation by any Governmental Authority involving, Parent External Adviser that would, individually or in the aggregate, be material to Parent and its Subsidiaries, taken as a whole.

Section 4.30 No Other Representations or Warranties(a) . Except for the representations and warranties contained in this Article IV, neither Parent, Acquisition Sub, Parent External Adviser, IHAM nor any other Person on behalf of Parent, Acquisition Sub, IHAM or Parent External Adviser makes any express or implied representation or warranty with respect to Parent, Parent External Adviser, IHAM, any of their respective Subsidiaries, any Portfolio Company, any fund managed by them or any other information provided to the Company in connection with the transactions contemplated hereby, including the accuracy, completeness or timeliness thereof. Other than in the case of intentional fraud, neither Parent, Acquisition Sub, IHAM, Parent External Adviser nor any other Person will have or be subject to any claim, liability or indemnification obligation to the Company or any other Person resulting from the distribution or failure to distribute to the Company, or the Company's use of, any such information, including any information, documents, projections, estimates, Parent Forecasts or other material made available to the Company or management presentations in expectation of the transactions contemplated by this Agreement, unless and to the extent any such information is expressly included in a representation or warranty contained in this Article IV.

Section 4.31 Acknowledgment of Disclaimer of Other Representations and Warranties. Each of Parent and Acquisition Sub acknowledges that, as of the date hereof, they and their Representatives (a) have received full access to (i) such books and records, facilities, properties, premises, equipment, contracts and other assets of the Company, its Subsidiaries (including the Subsidiary Adviser Group), the Portfolio Companies and the Funds which they and their Representatives, as of the date hereof, have requested to review and (ii) the electronic data room in connection with the transactions contemplated hereby; (b) have received and may continue to receive from the Company and its

Subsidiaries (including the Subsidiary Adviser Group) and their respective Representatives certain estimates, forecasts, projections and other forward-looking information, as well as certain business plan information, regarding the Company, its Subsidiaries (including the Subsidiary Adviser Group), the Portfolio Companies and the Funds and their respective businesses and operations (collectively, "Forecasts"); and (c) have had full opportunity to meet with the management of the Company and its Subsidiaries (including the Subsidiary Adviser Group) and to discuss the business and assets of the Company, its Subsidiaries (including the Subsidiary Adviser Group), the Portfolio Companies and the Funds. Parent and Acquisition Sub acknowledge and agree that (1) there are uncertainties inherent in attempting to make Forecasts, with which Parent and Acquisition Sub are familiar, and Parent and Acquisition Sub are taking full responsibility for making their own evaluation of the adequacy and accuracy of all Forecasts (including the reasonableness of the assumptions underlying such Forecasts), and Parent and Acquisition Sub shall have no claim against the Company, its Subsidiaries (including the Subsidiary Adviser Group), the Portfolio Companies, the Funds or any of their respective Representatives with respect to any such Forecasts, other than with respect to intentional fraud, and (2) each of Parent and Acquisition Sub has conducted, to its satisfaction, its own independent review and analysis of the businesses, assets, condition, operations and prospects of the Company, its Subsidiaries (including the Subsidiary Adviser Group), the Portfolio Companies and the Funds and, in making its determination to proceed with the transactions contemplated by this Agreement, including the Company Merger, each of Parent and Acquisition Sub has relied on the results of its own independent review and analysis. Parent and Acquisition Sub each further acknowledges and agrees that (I) any Forecast, data, financial information, memorandum, presentation or any other materials or information provided or addressed to Parent, Acquisition Sub or any of their Representatives, including any materials or information made available in the electronic data room in connection with the transactions contemplated hereby, via confidential information packet, in connection with presentations by the Company's management or otherwise, are not and shall not be deemed to constitute or be the subject of any representation or warranty unless and only to the extent any such material or information is the subject of an express representation or warranty set forth in Article III and (II) except for the representations and warranties expressly set forth in Article III, (a) neither the Company nor any of its Subsidiaries (including the Subsidiary Adviser Group) makes, or has made, any representation or warranty relating to itself or its business or otherwise in connection with the Company Merger and Parent and Acquisition Sub are not relying on (and Parent and Acquisition Sub shall have no claim against the Company, any of its Subsidiaries (including the Subsidiary Adviser Group), the Portfolio Companies, the Funds or their respective Representatives in respect of, other than in the case of intentional fraud) any such representation or warranty and (b) no Person has been authorized by the Company or any of its Subsidiaries (including the Subsidiary Adviser Group) to make any representation or warranty relating to itself or its business or otherwise in connection with the Mergers.

ARTICLE V

COVENANTS AND AGREEMENTS

Section 5.1 Conduct of Business by the Company Pending the Mergers. The Company covenants and agrees that, between the date of this Agreement and the earlier of the Company Merger Effective Time and the date, if any, on which this Agreement is terminated pursuant to Section 7.1, except (a) as may be required by Law, (b) as may be agreed in writing by Parent (which consent shall not be unreasonably withheld, delayed or conditioned), (c) as may be expressly contemplated or permitted pursuant to this Agreement or (d) as set forth on Section 5.1 of the Company Disclosure Letter, (x) the Company shall, and shall cause Subsidiary Adviser and its Consolidated Subsidiaries to, conduct the business of the Company and its Consolidated Subsidiaries (other than Mortgage Manager and its Subsidiaries) or Subsidiary Adviser and its Consolidated Subsidiaries, as applicable, in the ordinary course of business and in a manner consistent with past practice and use reasonable best

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

efforts to maintain generally its advantageous business relationships (provided, that the failure by the Company or any of its Consolidated Subsidiaries or Subsidiary Adviser or its Consolidated Subsidiaries to take actions expressly prohibited by subsections 5.1(a) through 5.1(t) below will not be deemed a breach of this clause (x)); and (y) the Company shall not, and shall not permit any of its Consolidated Subsidiaries or Subsidiary Adviser or its Consolidated Subsidiaries to (provided, that notwithstanding anything in this Agreement to the contrary, (A) none of the Company and its Affiliates shall be restricted from taking any action contemplated by the Mortgage Manager Purchase Agreement and the transactions expressly contemplated thereby (so long as the consummation of such transactions does not result in any material liability for Taxes (other than any liability for alternative minimum taxes) being imposed on the Company or its Consolidated Subsidiaries) and (B) with respect to clauses (f), (i), (j) and (k) below, none of the Company or Subsidiary Adviser, or their respective Consolidated Subsidiaries, and no member of the Subsidiary Adviser Group shall be restricted or encumbered from taking any action, or be required or permitted to take any action, if such restriction, encumbrance, requirement or permission would contravene any provision of the Existing Credit Facilities identified in clauses (a) and (b) of the definition thereof or any related loan documents):

(a) amend or otherwise change the Third Amended and Restated Certificate of Incorporation (as amended) or the Second Amended and Restated Bylaws (as amended) of the Company (or such equivalent organizational or governing documents of any of its Consolidated Subsidiaries or Subsidiary Adviser or its Consolidated Subsidiaries);

(b) except for (i) transactions solely among the Company and its wholly owned Consolidated Subsidiaries, Subsidiary Adviser and its wholly owned Consolidated Subsidiaries or (ii) transactions solely among the Company's wholly owned Consolidated Subsidiaries, Subsidiary Adviser and its wholly owned Consolidated Subsidiaries, or any of them, split, combine, reclassify, redeem, repurchase or otherwise acquire or amend the terms of any capital stock or other equity interests or rights;

(c) except for transactions among the Company and its wholly owned Consolidated Subsidiaries, Subsidiary Adviser and its wholly owned Consolidated Subsidiaries or among the Company's wholly owned Consolidated Subsidiaries, Subsidiary Adviser and its wholly owned Consolidated Subsidiaries, or any of them (provided, that for purposes of determining whether such Consolidated Subsidiary is "wholly owned" for purposes of this Section 5.1(c), any equity securities thereof owned by any employee of such Consolidated Subsidiary shall be disregarded), or as otherwise contemplated by Section 5.1(f), issue, sell, pledge, dispose, encumber or grant, or authorize the same with respect to, any shares of its or the Company's or its Consolidated Subsidiaries' or Subsidiary Adviser's or its Consolidated Subsidiaries' capital stock, or any options, warrants, convertible securities or other rights of any kind to acquire any shares of the Company's or its Consolidated Subsidiaries' or Subsidiary Adviser's or its Consolidated Subsidiaries' capital stock; provided, however, that (i) the Company may issue shares upon the exercise of any Company Option or payment of any Company Incentive Award outstanding as of the date hereof or as may be granted after the date hereof in accordance with clause (ii) of this proviso; (ii) the Company may issue shares and grant stock options pursuant to the terms of offer letters or employment agreements existing as of the date hereof and as required under Company Benefit Plans existing as of the date hereof, in each case pursuant to Contracts or Company Benefit Plans, as applicable, that have been made available to Parent prior to the date hereof; and (iii) this Section 5.1(c) shall not restrict, in any manner, the granting of "Liens" (as defined in the Existing Credit Facilities identified in clauses (a) and (b) of the definition thereof) created pursuant to the Existing Credit Facilities referenced in clauses (a) and (b) of the definition of "Existing Credit Facilities" set forth in this Agreement;

(d) declare, authorize, make or pay any dividend or other distribution, payable in cash, stock, property or otherwise, with respect to the Company's or any of its Consolidated Subsidiaries' or Subsidiary Adviser's or any of its Consolidated Subsidiaries' capital stock or other equity interests, other than dividends and distributions paid by any Consolidated Subsidiary of the Company or

Subsidiary Adviser to the Company or any wholly owned Consolidated Subsidiary of the Company or by any Consolidated Subsidiary of Subsidiary Adviser to Subsidiary Adviser or any wholly owned Consolidated Subsidiary of Subsidiary Adviser; provided, that (i) for purposes of determining whether such Consolidated Subsidiary is "wholly owned" for purposes of this Section 5.1(d), any equity securities thereof owned by any employee of such Consolidated Subsidiary shall be disregarded; and (ii) this Section 5.1(d) shall not apply to Subsidiary Adviser or its Subsidiaries to the extent it would create or cause to exist any restriction or encumbrance on the ability of Subsidiary Adviser or its Subsidiaries to make any dividend payments or other distributions in respect of its capital stock;

(e) except (i) as required pursuant to any Contracts or Company Benefit Plans as in effect as of the date hereof, (ii) in connection with the promotion of Company employees below the level of senior vice president for the period commencing on January 1, 2017 in the ordinary course of business consistent with past practice or (iii) as otherwise required by Law: (A) increase the compensation or benefits payable or to become payable to any current or former employee or director of, or service provider to, the Company, any Consolidated Subsidiary or any member of the Subsidiary Adviser Group (except for increases in base salary for any period commencing on or after January 1, 2017 for employees earning less than \$200,000 in annual base salary in an amount not to exceed 20% of such employee's base salary as of the date hereof and not to represent an increase in aggregate base salary payable of more than \$1,000,000 on an annualized basis for all employees of the Company, its Consolidated Subsidiaries and members of the Subsidiary Adviser Group above the aggregate base salary on an annualized basis payable by the Company, its Consolidated Subsidiaries and members of the Subsidiary Adviser Group on the date hereof); (B) grant any severance, termination, retention or change in control pay to, or enter into any severance, termination, retention or change in control agreement with, any current or former employee or director of, or service provider to, the Company, any Consolidated Subsidiary of the Company or any member of the Subsidiary Adviser Group for an amount greater than \$100,000 individually so long as all such amounts do not result in an increase of the aggregate amounts that would be paid or payable pursuant to the Contracts and Company Benefit Plans, taken as a whole, in effect as of the date of this Agreement (provided, that nothing in this Section 5.1(e) shall prohibit the Company from extending the term or period of applicability of any existing severance, termination, retention or change in control agreement with any current or former employee or director of, or service provider to, the Company, any Consolidated Subsidiary of the Company or any member of the Subsidiary Adviser Group that is set forth on Section 5.1(e) of the Company Disclosure Letter if by its terms such agreement will terminate or not be applicable prior to the Closing Date); (C) except as otherwise provided in this Section 5.1(e), adopt, enter into or become bound by any new Company Benefit Plan or materially amend, modify or terminate any Company Benefit Plan (provided, that nothing in this Section 5.1(e) shall prohibit the Company from extending the term or period of applicability of any Company Benefit Plan that is set forth on Section 5.1(e) of the Company Disclosure Letter if by its terms such Company Benefit Plan will terminate or no longer be applicable prior to the Closing Date); (D) accelerate the time of payment or vesting of any compensation or benefits for any current or former employee or director of, or other service provider to, the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group (provided, that (1) the Company shall be permitted to accelerate the vesting or payment of all or any portion of the Company Options, Company Incentive Awards, any other severance payments or benefits or other payments or benefits under any Company Benefit Plan or Contract prior to the Closing (but not earlier than immediately prior to the Closing except (a) with respect to any person who has not been identified to be receiving an offer from Parent External Adviser or its Affiliates in accordance with and within the timeframe set forth in Section 5.10(a)(ii) or who does not accept such an offer from Parent External Adviser or its Affiliates or (b) as otherwise consented to in writing by Parent) if such amounts would be expected to become payable or vested upon termination of employment or the Company Merger Effective Time, and to terminate Company Benefit Plans to give effect to the foregoing; (2) such acceleration would not result in tax or penalties becoming due under

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Section 409A of the Code; and (3) to the extent any payment or benefit would be required to be delayed in order to comply with Section 409A of the Code, the Company shall be permitted to fund any such benefit or payment through the creation of a rabbi trust); or (E) except as otherwise expressly provided in this Agreement, pay or provide any material compensation or benefit not required by the terms of any Company Benefit Plan as in effect on the date of, or as may be extended or renewed pursuant to, this Agreement (other than the payment of cash compensation in the ordinary course of business consistent with past practice) to any current or former employee or director of, or service provider to, the Company, any Consolidated Subsidiary or any member of the Subsidiary Adviser Group;

(f) grant, confer or award options, convertible securities, restricted stock, restricted stock units or other rights to acquire any of the Company's or its Consolidated Subsidiaries' or Subsidiary Adviser's or its Consolidated Subsidiaries' capital stock or other equity interests;

(g) acquire or dispose (including by merger, consolidation or acquisition of stock or assets) or lease or license, or otherwise sell, transfer or encumber (except in respect of any merger, consolidation or business combination among, or any sale, assignment, transfer or other disposition of assets to, the Company and its wholly owned Consolidated Subsidiaries, Subsidiary Adviser and its wholly owned Consolidated Subsidiaries, or among the Company's wholly owned Consolidated Subsidiaries, Subsidiary Adviser and its wholly owned Consolidated Subsidiaries, or any of them) any (i) Portfolio Company investment or (ii) corporation, partnership, limited liability company, other business organization or any division or all or any material portion of the assets, business or properties of any other Person, or material amount of assets thereof, or agree to do any of the foregoing, except, in each case in clauses (i) and (ii), with respect to: (A) dispositions with collective sales prices, as applicable, not exceeding \$25,000,000 individually or \$100,000,000 in the aggregate (provided, that any such disposition is not (1) with respect to any asset set forth on Section 5.1(g)(A) of the Company Disclosure Letter, except pursuant to clause (F) of this Section 5.1(g), and (2) being made in exchange for consideration less than the fair market value (as set forth in the Company's statement of investments included in its most recent quarterly or annual reports filed with the SEC) of the asset being disposed); (B) a Pending Sale Agreement on the terms set forth therein; (C) the sale of a Portfolio Company investment set forth on Section 5.1(g) of the Company Disclosure Letter, solely if such sale is on terms and conditions materially consistent in all respects with the terms and conditions set forth with respect to such Portfolio Company investment on Section 5.1(g) of the Company Disclosure Letter; (D) compliance with unfunded commitment obligations existing as of the date hereof with respect to any Portfolio Company investments; (E) acquisitions in the form of follow-on investments in Portfolio Company investments existing as of the date hereof and not exceeding \$25,000,000 individually or \$100,000,000 in the aggregate (measured in each case as a net increase in outstanding commitments to such Portfolio Companies) (provided, that the applicable Portfolio Company investment in which such follow-on investment is being made had a fair value as of March 31, 2016 as reported by the Company in its statement of investments for such date equal to at least ninety-five percent (95%) of its cost); or (F) in any case where the Company or the Portfolio Company investment is subject to a compulsory drag-along, call option, prepayment option or redemption, or similar compulsory contractual obligation, to sell, have redeemed or paid off, or otherwise dispose of, any Portfolio Company investment pursuant to the contractual terms pertaining to such Portfolio Company investment; provided, that: (1) in each case in clauses (A) through (E), only if the transactions described in clauses (A) through (E) individually or collectively do not result in any material Tax liability (other than any liability for alternative minimum taxes) being imposed on the Company or its Consolidated Subsidiaries; (2) the Company shall provide Parent notification of any disposition made pursuant to clauses (A) through (C) and (F) promptly following the consummation thereof; and (3) the Company shall provide Parent notification of any acquisition made pursuant to clause (E) promptly following the consummation thereof;

Annex A-56

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(h) amend, terminate, modify or waive any provision of any Pending Sale Agreement or the Mortgage Manager Purchase Agreement to the extent that any such amendment, termination, modification or waiver would be materially adverse to the Company, any of its Consolidated Subsidiaries or Subsidiary Adviser or its Consolidated Subsidiaries; provided that any amendment, termination, modification or waiver that decreases (or would reasonably be expected to decrease) the amount of, or changes the form of, any consideration to be received by the Company, its Consolidated Subsidiaries or a member of the Subsidiary Adviser Group, as applicable, in respect of such Pending Sale Agreement or the Mortgage Manager Purchase Agreement, or that increases (or would reasonably be expected to increase) the liability (contingently or otherwise) to be borne by the Company, any of its Consolidated Subsidiaries or a member of the Subsidiary Adviser Group, as applicable, pursuant to such Pending Sale Agreement or the Mortgage Manager Purchase Agreement, shall in each case be deemed to be materially adverse for purposes of this Section 5.1(h);

(i) (i) pay, discharge or satisfy any Indebtedness that has a prepayment cost, "make whole" amount, prepayment penalty or similar obligation (other than (A) the payment, discharge or satisfaction, required pursuant to the terms of Existing Credit Facilities or the 2013 Indenture as in effect as of the date of this Agreement and (B) Indebtedness incurred by the Company or its wholly owned Consolidated Subsidiaries and owed to the Company or its wholly owned Consolidated Subsidiaries), (ii) cancel any material Indebtedness (individually or in the aggregate) or waive or amend any claims or rights of substantial value (other than (A) in connection with ordinary course restructurings of investments in Portfolio Companies in an aggregate amount not to exceed \$5,000,000 in present fair market value and (B) Indebtedness incurred by the Company or its wholly owned Consolidated Subsidiaries and owed to the Company or its wholly owned Consolidated Subsidiaries) or (iii) waive material benefits of, or agree to modify in any material manner, any confidentiality, standstill or similar agreement to which it or any of its Consolidated Subsidiaries or Subsidiary Adviser is a party (other than (A) with respect to Portfolio Company investments and (B) in the ordinary course of business consistent with past practice);

(j) (i) incur any Indebtedness or guarantee any such Indebtedness of any Person (except for (A) Indebtedness or guarantees for drawdowns with respect to Existing Credit Facilities in the ordinary course of business consistent with past practice, (B) Indebtedness owed to the Company or its wholly owned Consolidated Subsidiaries, (C) Indebtedness in the form of letters of credit not to exceed \$5,000,000 individually or \$10,000,000 in the aggregate or (D) as otherwise set forth on Section 5.1(j)(i)(D) of the Company Disclosure Letter) so long as such Indebtedness does not provide for any penalty upon prepayment or (ii) except as permitted by Section 5.1(g), make any loans, advances or capital contributions to, or investments in, any other Person (other than (A) to or in the Company, the Subsidiary Adviser Group or any direct or indirect wholly owned Consolidated Subsidiary of the Company or the Subsidiary Adviser Group (provided, that for purposes of determining whether such Consolidated Subsidiary is "wholly owned" for purposes of this clause (A), any equity securities thereof owned by any employee of such Consolidated Subsidiary shall be disregarded), (B) pursuant to previously disclosed commitments existing as of the date of this Agreement that are identified on Section 5.1(j)(ii)(B) of the Company Disclosure Letter or are otherwise set forth on Section 5.1(j)(ii)(B) of the Company Disclosure Letter and (C) with respect to Indebtedness incurred by the Company or its wholly owned Consolidated Subsidiaries);

(k) make any pledge of any of its material assets or permit any of its material assets to become subject to any Liens except Permitted Liens;

(l) terminate, enter into, agree to any material amendment or modification of, renew or waive any material rights under any Company Material Contract or any Contract for Company Leased Real Property in Bethesda, Maryland or New York, New York, in each case in any manner materially adverse to the Company, its Consolidated Subsidiaries or the Subsidiary Adviser Group, as applicable;

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(m) make any material change to its methods of accounting, except (i) as required by GAAP (or any interpretation thereof), Regulation S-X of the Exchange Act or a Governmental Authority or quasi-Governmental Authority (including the Financial Accounting Standards Board or any similar organization), (ii) to permit the audit of the Company's financial statements in compliance with GAAP or (iii) as required by a change in Applicable Law;

(n) make or agree to make any capital expenditure exceeding \$1,500,000 in the aggregate;

(o) commence any material Proceedings except with respect to routine matters in the ordinary course of business and consistent with past practice, or settle any Proceedings other than settlements that result solely in monetary obligations involving payment by the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group of (i) the amounts specifically reserved in accordance with GAAP with respect to such Proceeding or claim on the Company's consolidated financial statements for the year ending December 31, 2015, (ii) amounts to be paid from escrow accounts for purposes of working capital adjustments and indemnification matters related to former Portfolio Companies, in each case pursuant to Contracts that have been made available to Parent prior to the date hereof, (iii) amounts to be paid from insurance proceeds for the purpose of paying such settlements or (iv) an amount not greater than \$1,000,000 in the aggregate;

(p) make or change any material Tax election, change any material method of Tax accounting, file any material amended Tax Return, settle or compromise any audit or Proceeding relating to a material amount of Taxes, agree to an extension or waiver of the statute of limitations with respect to a material amount of Taxes, enter into any "closing agreement" within the meaning of Section 7121 of the Code (or any similar provision of state, local or non-U.S. Law) with respect to any material Tax or surrender any right to claim a material Tax refund;

(q) enter into a new line of business outside of the Company's investment objective as described in the Company SEC Documents (provided, that this prohibition does not apply in any way to any Portfolio Company);

(r) adopt a plan of complete or partial liquidation, dissolution, restructuring, recapitalization or other reorganization of the Company, any of its Consolidated Subsidiaries or any member of the Subsidiary Adviser Group; or

(s) enter into any agreement to do, or adopt any resolutions in support of, any of the foregoing.

Section 5.2 Conduct of Business by Parent Pending the Mergers. Parent covenants and agrees that, between the date of this Agreement and the earlier of the Company Merger Effective Time and the date, if any, on which this Agreement is terminated pursuant to Section 7.1, except (a) as may be required by Law, (b) as may be agreed in writing by the Company (which consent shall not be unreasonably withheld, delayed or conditioned), (c) as may be expressly contemplated or permitted pursuant to this Agreement, (d) as is required (as reasonably determined by the Parent Board and taking into account the provisions of Section 852(b)(7) of the Code) to (i) preserve the status of Parent as a regulated investment company as defined in Section 851 of the Code for U.S. federal income Tax purposes or (ii) avoid the payment of income or excise Tax or interest under Sections 851, 852 and 4982 of the Code, or (e) as set forth in Section 5.2 of the Parent Disclosure Letter, (x) Parent shall, and shall cause its Subsidiaries to, conduct the business of Parent and its Subsidiaries in the ordinary course of business and in a manner consistent with past practice and use reasonable best efforts to maintain generally its advantageous business relationships (provided, that the failure by Parent or any of its Subsidiaries to take actions expressly prohibited by subsections 5.2(a) through 5.2(o) below will not be deemed a breach of this clause (x)); and (y) Parent shall not, and shall not permit any of its Subsidiaries to (provided, that notwithstanding anything in this Agreement to the contrary, none of Parent, its Subsidiaries or IHAM shall be restricted or encumbered from taking any action, or be required or permitted to take any action, if such restriction, encumbrance, requirement or permission

Annex A-58

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

would contravene any provision of Parent's, its Subsidiaries' or IHAM's existing credit facilities or any related loan documents):

- (a) amend or otherwise change the organizational documents of Parent (or such equivalent organizational or governing documents of any of its Subsidiaries);
- (b) except for (i) transactions solely among Parent and its wholly owned Subsidiaries, (ii) transactions solely among Parent's wholly owned Subsidiaries or (iii) transactions under Parent's existing stock repurchase plan, split, combine, reclassify, redeem, repurchase or otherwise acquire or amend the terms of any capital stock or other equity interests or rights;
- (c) except for (i) transactions among Parent and its wholly owned Subsidiaries or among Parent's wholly owned Subsidiaries or (ii) in an aggregate amount of shares of Parent Common Stock not to exceed \$450,000,000, issue, sell, pledge, dispose, encumber or grant, or authorize the same with respect to, any shares of its or its Subsidiaries' capital stock;
- (d) except with respect to (i) quarterly dividends by Parent equal to the greater of (A) the amount equal to the net operating income earned during the applicable quarter and (B) an amount consistent with its prior quarter dividend level, or (ii) distributions by Parent that are required (as reasonably determined by the Parent Board and taking into account the provisions of Section 852(b)(7) of the Code) (A) for Parent to maintain its status as a regulated investment company as defined in Section 851 of the Code for U.S. federal income Tax purposes or (B) to avoid the payment of income or excise Tax or interest under Sections 851, 852 and 4982 of the Code, declare, authorize, make or pay any dividend or other distribution in excess of \$0.38 per share of Parent Common Stock, payable in cash, stock, property or otherwise, with respect to Parent's or any of its Subsidiaries' capital stock or other equity interests, other than dividends paid by any Subsidiary of Parent to Parent or any Subsidiary of Parent;
- (e) (i) dispose (including by merger, consolidation or acquisition of stock or assets) or lease or license, or otherwise sell, transfer, encumber or discontinue IHAM or (ii) if any disposal, sale, transfer or encumbrance would reasonably be expected to cause the Parent Exemptive Order to be rescinded or amended or otherwise affected, dispose (including by merger, consolidation or acquisition of stock or assets) or lease or license, or otherwise sell, transfer, encumber or discontinue any division or all or any portion of the assets, business or properties of IHAM, or agree to do any of the foregoing;
- (f) enter into a new line of business outside of Parent's investment objective as described in the Parent SEC Documents (provided, that this prohibition does not apply in any way to any Portfolio Company);
- (g) make any material change to its methods of accounting, except (i) as required by GAAP (or any interpretation thereof), Regulation S-X of the Exchange Act or a Governmental Authority or quasi-Governmental Authority (including the Financial Accounting Standards Board or any similar organization), (ii) to permit the audit of Parent's financial statements in compliance with GAAP or (iii) as required by a change in Applicable Law;
- (h) make or agree to make any capital expenditure exceeding \$5,000,000 in the aggregate;
- (i) make or change any material Tax election other than in the ordinary course of business (it being understood and agreed, for the avoidance of doubt, that nothing in this Agreement shall preclude Parent from designating dividends paid by it as "capital gain dividends" within the meaning of Section 852 of the Code) or change any material method of Tax accounting other than in the ordinary course of business;
- (j) adopt a plan of complete or partial liquidation, dissolution, restructuring, recapitalization or other reorganization of Parent or any of its Subsidiaries;

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(k) amend, terminate, modify or waive any material rights under the Parent External Advisory Agreement or the Parent Administration Agreement; or

(l) enter into any agreement to do, or adopt any resolutions in support of, any of the foregoing.

Section 5.3 Preparation of the Form N-14 and the Joint Proxy Statement; Stockholder Meetings.

(a) Parent and the Company shall jointly prepare, and Parent and the Company, as applicable, shall use their reasonable best efforts to cause to be filed with the SEC within forty-five (45) days after the execution of this Agreement, the Joint Proxy Statement in preliminary form. Parent shall prepare (with the Company's reasonable cooperation), and Parent shall use its reasonable best efforts to cause to be filed with the SEC within forty-five (45) days after the execution of this Agreement, the Form N-14, in which the Joint Proxy Statement will be included as a prospectus, in connection with the registration under the Securities Act of the Parent Common Stock to be issued in the Company Merger. Each of Parent and the Company shall use its reasonable best efforts to (i) cause the Form N-14 and the Joint Proxy Statement to comply with the applicable rules and regulations promulgated by the SEC, (ii) have the Form N-14 declared effective under the Securities Act as promptly as practicable after such filing (including by responding to comments from the SEC), and, prior to the effective date of the Form N-14, take all action reasonably required to be taken under any applicable state securities Laws in connection with the Parent Stock Issuance and (iii) keep the Form N-14 effective through the Closing Date in order to permit the consummation of the Mergers. Each of Parent and the Company shall furnish all information as may be reasonably requested by the other in connection with any such action and the preparation, filing and distribution of the Form N-14 and the Joint Proxy Statement. As promptly as practicable after the Form N-14 shall have become effective, each of Parent and the Company shall use its reasonable best efforts to cause the Joint Proxy Statement to be mailed to its respective stockholders. No filing of, or amendment or supplement to, the Form N-14 will be made by Parent, and no filing of, or amendment or supplement to, the Joint Proxy Statement will be made by Parent or the Company, in each case without providing the other party with a reasonable opportunity to review and comment thereon. If, at any time prior to the Company Merger Effective Time, any information relating to Parent of the Company or any of their respective Affiliates, directors or officers, should be discovered by Parent or the Company which should be set forth in an amendment or supplement to either the Form N-14 or the Joint Proxy Statement, so that either such document would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they are made, not misleading, the party that discovers such information shall promptly notify the other parties hereto and an appropriate amendment or supplement describing such information shall be prepared and, following a reasonable opportunity for the other party (and its counsel) to review and comment on such amendment or supplement, promptly filed with the SEC and, to the extent required by Applicable Law, disseminated to the stockholders of Parent and the Company. Subject to Applicable Law, each party shall notify the other promptly of the time when the Form N-14 has become effective, of the issuance of any stop order or suspension of the qualification of the Parent Common Stock issuable in connection with the Company Merger for offering or sale in any jurisdiction, or of the receipt of any comments from the SEC or the staff of the SEC and of any request by the SEC or the staff of the SEC for amendments or supplements to the Joint Proxy Statement or the Form N-14 or for additional information and shall supply each other with copies of all correspondence between either party or any of its Representatives, on the one hand, and the SEC or its staff, on the other hand, with respect to the Joint Proxy Statement, the Form N-14 or the Company Merger.

(b) Subject to the earlier termination of this Agreement in accordance with Article VII, the Company shall, as soon as practicable following the effectiveness of the Form N-14, duly call, give notice of, convene (on a date selected by the Company in consultation with Parent, which date is intended to be the date of the Parent Stockholders' Meeting) and hold a meeting of its stockholders (the "**Company Stockholders' Meeting**") for the purpose of seeking the Company Stockholder

Approval, and shall submit such proposal to such holders at the Company Stockholders' Meeting and shall not submit any other proposal to such holders in connection with the Company Stockholders' Meeting without the prior written consent of Parent. The Company in consultation with Parent shall set a record date for Persons entitled to notice of, and to vote at, the Company Stockholders' Meeting and shall not change such record date without the prior written consent of Parent and shall not adjourn or otherwise postpone or delay such Company Stockholders' Meeting without the prior written consent of Parent. If the Company Board has not made a Company Adverse Recommendation Change, the Company shall, through the Company Board, make the Company Recommendation, and shall include such Company Recommendation in the Joint Proxy Statement, and use its reasonable best efforts to (x) solicit from its stockholders proxies in favor of the adoption of this Agreement and (y) take all other action necessary or advisable to secure the Company Stockholder Approval. Except as expressly permitted in Section 5.6(e), neither the Company Board nor any committee thereof shall (i) withhold, withdraw or modify or qualify, or propose publicly to withhold, withdraw or modify or qualify the Company Recommendation, (ii) fail to reaffirm the Company Recommendation or fail to publicly state that the Mergers and this Agreement are in the best interests of the Company's stockholders, within fifteen (15) Business Days after Parent requests in writing that such action be taken, (iii) fail to publicly announce, within fifteen (15) Business Days after a tender offer or exchange relating to the securities of the Company shall have been commenced, a statement disclosing that the Company Board recommends rejection of such tender offer or exchange offer, (iv) take or resolve to take any other action or make any other statement in connection with the Company Stockholders' Meeting inconsistent with the Company Recommendation or (v) approve, determine to be advisable, or recommend, or propose publicly to approve, determine to be advisable, or recommend, any Competing Proposal ((i) through (v) being referred to as a "**Company Adverse Recommendation Change**"). Notwithstanding any Company Adverse Recommendation Change, unless this Agreement is terminated in accordance with its terms, the obligations of the parties hereunder shall continue in full force and effect and such obligations shall not be affected by the commencement, public proposal, public disclosure or communication to the Company of any Competing Proposal (whether or not a Superior Proposal).

(c) Subject to the earlier termination of this Agreement in accordance with Article VII, Parent shall, as soon as practicable following the effectiveness of the Form N-14, duly call, give notice of, convene (on a date selected by Parent in consultation with the Company, which date is intended to be the date of the Company Stockholders' Meeting) and hold a meeting of its stockholders (the "**Parent Stockholders' Meeting**") for the purpose of seeking the Parent Stockholder Approval, and shall submit such proposal to such holders at the Parent Stockholders' Meeting and shall not submit any other proposal to such holders in connection with the Parent Stockholders' Meeting without the prior written consent of the Company. Parent in consultation with the Company shall set a record date for Persons entitled to notice of, and to vote at, the Parent Stockholders' Meeting and shall not change such record date without the prior written consent of the Company and shall not adjourn or otherwise postpone or delay such Parent Stockholders' Meeting without the prior written consent of the Company. If the Parent Board has not made a Parent Adverse Recommendation Change, Parent shall, through the Parent Board, make the Parent Recommendation, and shall include such Parent Recommendation in the Joint Proxy Statement, and use its reasonable best efforts to (x) solicit from its stockholders proxies in favor of the Parent Stock Issuance and (y) take all other action necessary or advisable to secure the Parent Stockholder Approval. Except as expressly permitted in Section 5.6(e), neither the Parent Board nor any committee thereof shall (i) withhold, withdraw or modify or qualify, or propose publicly to withhold, withdraw or modify or qualify the Parent Recommendation, (ii) fail to reaffirm the Parent Recommendation or fail to publicly state that the Mergers and this Agreement are in the best interest of Parent's stockholders, within fifteen (15) Business Days after the Company requests in writing that such action be taken, (iii) fail to publicly announce, within fifteen (15) Business Days after a tender offer or exchange relating to the securities of Parent shall have been commenced, a statement

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

disclosing that the Parent Board recommends rejection of such tender offer or exchange offer, (iv) take or resolve to take any other action or make any other statement in connection with the Parent Stockholders' Meeting inconsistent with the Parent Recommendation or (v) approve, determine to be advisable, or recommend, or propose publicly to approve, determine to be advisable, or recommend, any Competing Proposal ((i) through (v) being referred to as a "**Parent Adverse Recommendation Change**"). Notwithstanding any Parent Adverse Recommendation Change, unless this Agreement is terminated in accordance with its terms, the obligations of the parties hereunder shall continue in full force and effect and such obligations shall not be affected by the commencement, public proposal, public disclosure or communication to Parent of any Competing Proposal (whether or not a Superior Proposal).

(d) The Company and Parent will use their respective reasonable best efforts to hold the Company Stockholders' Meeting and the Parent Stockholders' Meeting on the same date and as soon as practicable after the date of this Agreement.

Section 5.4 Appropriate Action; Consents; Filings.

(a) Subject to the terms and conditions of this Agreement (including the limitations set forth in Section 5.6), the parties hereto will use their respective reasonable best efforts to consummate and make effective the transactions contemplated hereby and to cause the conditions to the Mergers set forth in Article VI to be satisfied, including using reasonable best efforts to accomplish the following: (i) the obtaining of all necessary actions or non-actions, consents and approvals from Governmental Authorities or other Persons necessary in connection with the consummation of the transactions contemplated by this Agreement, including the Mergers, and the making of all necessary registrations and filings (including filings with Governmental Authorities, if any) and the taking of all reasonable steps as may be necessary to obtain an approval from, or to avoid a Proceeding by, any Governmental Authority or other Persons necessary in connection with the consummation of the transactions contemplated by this Agreement, including the Mergers, (ii) the defending of any lawsuits or other legal Proceedings, whether judicial or administrative, challenging this Agreement or the consummation of the transactions contemplated hereby, including the Mergers, performed or consummated by such party in accordance with the terms of this Agreement, including seeking to have any stay or temporary restraining order entered by any court or other Governmental Authority vacated or reversed and (iii) the execution and delivery of any additional instruments reasonably necessary to consummate the Mergers and any other transactions to be performed or consummated by such party in accordance with the terms of this Agreement and to carry out fully the purposes of this Agreement. Each of the parties hereto shall promptly (and in no event later than ten (10) Business Days following the date that this Agreement is executed) make and not withdraw (without the other's consent) its respective filings under the HSR Act, and thereafter make any other applications and filings as reasonably determined by the Company and Parent under other applicable Antitrust Laws with respect to the transactions contemplated hereby as promptly as practicable, but in no event later than as required by Law. Parent shall pay all filing fees and other charges for the filings required under any Antitrust Law by the Company and Parent.

(b) Parent and Acquisition Sub agree to take, and to cause their Affiliates to take, promptly any and all steps necessary to avoid or eliminate each and every impediment and obtain all Consents under any Antitrust Laws that may be required by any foreign or United States federal, state or local Governmental Authority, in each case with competent jurisdiction, so as to enable the parties to consummate the transactions contemplated by this Agreement as promptly as practicable, including committing to or effecting, by consent decree, hold separate orders, trust or otherwise, the sale or disposition of such assets or businesses as are required to be divested in order to avoid the entry of, or to effect the dissolution of or vacate or lift, any Order that would otherwise have the effect of preventing or materially delaying the consummation of the transactions contemplated by this Agreement; provided, however, that Parent and Acquisition Sub shall not be required to take any

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

actions that would or would be reasonably expected to result in either a Parent Material Adverse Effect or Company Material Adverse Effect.

(c) In connection with and without limiting the efforts referenced in this Section 5.4, each of the parties hereto will furnish to the other such necessary information and reasonable assistance as the other may reasonably request in connection with the preparation of any required governmental filings or submissions and will cooperate in responding to any investigation or other inquiry from a Governmental Authority or in connection with any Proceeding initiated by a private party, including immediately informing the other party of such inquiry, consulting in advance before making any presentations or submissions to a Governmental Authority, or in connection with any Proceeding initiated by a private party, to any other Person, and supplying each other with copies of all material correspondence, filings or communications between either party and any Governmental Authority, or in connection with any Proceeding initiated by a private party, between either party and any other Person with respect to this Agreement. In addition, each of the parties hereto will give reasonable notice to and consult with the other in advance of any meeting or conference with any Governmental Authority, or in connection with any Proceeding by a private party, with any other Person, and to the extent permitted by the Governmental Authority or other Person, give the other the opportunity to attend and participate in such meeting or conference.

(d) Regulated Fund. The Company shall cause each member of the Subsidiary Adviser Group to use its commercially reasonable efforts to obtain, as promptly as practicable following the date of this Agreement, the approval of the Regulated Fund Board and the shareholders of the Regulated Fund, in accordance with the requirements of the Investment Company Act applicable thereto, of a new Advisory Agreement for the Regulated Fund with IHAM to be effective as of the Closing with such agreement containing terms, taken as a whole, that are substantially similar to the terms of the existing Advisory Agreement between the Regulated Fund and the applicable Adviser, with the exception of its effective and termination dates. Without limiting the foregoing, subject to the requirements of Applicable Law and the fiduciary duties of the Subsidiary Adviser Group and the Regulated Fund Board:

(i) The Company shall cause each member of the Subsidiary Adviser Group to use its commercially reasonable efforts, (A) to request, as promptly as practical following the date of this Agreement, the Regulated Fund Board to approve (and to recommend that the shareholders of the Regulated Fund approve) a new Advisory Agreement as described in the first sentence of this subsection (d); (B) to request, as promptly as practical following receipt of the approval and recommendation described in clause (A) above, the Regulated Fund Board to call a meeting of the shareholders of the Regulated Fund to be held as promptly as reasonably practical for the purpose of voting upon a proposal to approve (in the requisite manner) such new Advisory Agreement; (C) to prepare and to file (or to cause to be prepared and filed) with the SEC and all other applicable Governmental Authorities, as promptly as practical following receipt of the approval and recommendation described in clause (A) above, all proxy solicitation materials required to be distributed to the shareholders of the Regulated Fund with respect to the actions recommended for shareholder approval by the Regulated Fund Board and to mail (or to cause to be mailed) such proxy solicitation materials as promptly as practical after clearance thereof by the SEC (if applicable); and (D) to request the Regulated Fund Board to submit, as promptly as practical following the mailing of the proxy materials, to the shareholders of the Regulated Fund for a vote at a shareholders meeting the proposal described in clause (B) above.

(ii) The parties hereto agree that the Regulated Fund shall be deemed to have consented for all purposes under this Agreement to the transactions contemplated hereby and the continued management of the Regulated Fund by the applicable Adviser following the Closing if a new Advisory Agreement has been approved by the Regulated Fund Board and the shareholders of the Regulated Fund in the manner contemplated by clause (i) of this subsection (d), unless at any time

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

prior to the Closing the Regulated Fund Board notifies the Company in writing that the Regulated Fund has terminated its Advisory Agreement prior to or as of a date following the Closing (and such notice is not withdrawn).

(iii) The Company agrees that the information provided by it or the Subsidiary Adviser Group (or on their behalf) in writing specifically for inclusion in the proxy materials to be furnished to the shareholders of the Regulated Fund (other than information that is or will be provided by or on behalf of Parent or its Affiliates or any other Third Party specifically for inclusion in such proxy materials) will not contain, as of the date of such proxy materials, any untrue statement of a material fact, or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Parent agrees that the information provided by it or its Affiliates (or on their behalf) in writing specifically for inclusion in the proxy materials to be furnished to the shareholders of the Regulated Fund will not contain, as of the date of such proxy materials, any untrue statement of a material fact, or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Each of the Company and Parent shall have the right to review in advance and to approve (such approval not to be unreasonably withheld) all the information relating to it and any of its Affiliates proposed to appear in any registration statement or proxy statement or any amendment or supplement thereto submitted to the SEC or such other applicable Governmental Authority in connection with the approvals contemplated by this subsection (d).

(iv) In the event that the approval by the shareholders of the Regulated Fund of the applicable new Advisory Agreement described in this subsection (d) is not obtained prior to the Closing, the Subsidiary Adviser Group may request the Regulated Fund Board to approve, in conformity with Rule 15a-4 under the Investment Company Act, an interim Advisory Agreement with IHAM, to be effective immediately following the Closing, for the Regulated Fund with IHAM containing substantially similar terms as the existing Advisory Agreement with the Regulated Fund (except for changes thereto to the extent necessary to comply with Rule 15a-4 under the Investment Company Act). In the event that the provisions of Rule 15a-4 under the Investment Company Act are utilized, the Company and Parent shall use commercially reasonable efforts to obtain the required Regulated Fund shareholder approval as promptly as practicable following the Closing Date (and in any event prior to the expiration of such interim Advisory Agreement).

(e) Non-Regulated Funds. With respect to each Non-Regulated Fund (other than the CDO Fund and the European Funds), the Company shall cause each member of the Subsidiary Adviser Group to use its commercially reasonable efforts to obtain, as promptly as reasonably practicable following the date hereof, the consent of such Non-Regulated Fund to the "assignment" (as defined in the Investment Advisers Act or, if applicable, other Applicable Law) of its Advisory Agreement to IHAM resulting from the consummation of the transactions contemplated hereby if and to the extent required by the terms of such Advisory Agreement and/or Applicable Law, and in the manner required by the terms of such Advisory Agreement and/or Applicable Law, which commercially reasonable efforts the parties agree shall be deemed to have been satisfied upon:

(i) in the case of the Non-Regulated Fund listed in Section 5.4(e)(i) of the Company Disclosure Letter, (A) the sending of written notice to the limited partners, members, shareholders or other investors of such Non-Regulated Fund describing the proposed transactions hereunder and requesting each such limited partner, member, shareholder or other investor to consent in writing to such assignment or continuation and (B) with respect to any limited partners, members, shareholders or other investors of such Non-Regulated Fund that do not either provide consent in writing to such assignment or continuation or object in writing to such assignment or continuation within thirty (30) days from the sending of such first notice pursuant to clause (A), the sending of second written notice to such limited partners, members, shareholders or other investors describing

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

the proposed transactions hereunder, requesting each such limited partner, member, shareholder or other investor to consent in writing to such assignment or continuation and explaining that each such limited partner, member, shareholder or other investor that does not object to the assignment of the applicable Advisory Agreement within forty-five (45) days following delivery of such second notice will be deemed to have consented to such assignment or continuation; and

(ii) in the case of each of such Non-Regulated Funds other than the Non-Regulated Fund specified in subsection (i) of this Section 5.4(e), the sending of a written request to the advisory board or board of directors (as applicable) of such Non-Regulated Fund to consent in writing to such assignment or continuation.

(f) Fund Consents. The Company shall take reasonable steps to keep Parent reasonably informed of the status of obtaining the Fund consents to be requested pursuant to subsections (d) and (e) of this Section 5.4 and, upon Parent's request, make available to Parent copies of (i) the written requests and notices contemplated by subsections (e)(i) and (e)(ii) of this Section 5.4 and (ii) all executed such Fund consents. The Company shall not knowingly dissuade or impede any vote or other action necessary to obtain any such Fund consents in anticipation of the Closing. In connection with obtaining the Fund consents to be requested pursuant to subsections (d) and (e) of this Section 5.4, Parent shall have the reasonable opportunity to review drafts of (A) in the case of the Regulated Fund, the proxy solicitation materials contemplated by subsection (d) of this Section 5.4 or (B) in the case of any Non-Regulated Fund, the written requests and notices contemplated by subsections (e)(i) and (ii) of this Section 5.4, in each case in advance of dissemination by the applicable member of the Subsidiary Adviser Group or Fund, and shall have its reasonable comments reviewed in good faith prior to such dissemination. Parent shall reasonably cooperate with the Company and the Subsidiary Adviser Group in connection with obtaining the Fund consents to be requested by subsections (d) and (e) of this Section 5.4.

(g) Debt Financing.

(i) From the date of this Agreement until the Closing, the Company shall, and shall cause its Representatives to, at the Parent's expense, use reasonable efforts to provide customary cooperation reasonably requested by Parent in connection with obtaining the Debt Financing, including the following (it being understood and agreed that in no event shall any party be required to take any action in respect of the following to the extent that doing so would be commercially unreasonable):

(1) assisting with the preparation of appropriate and customary materials for rating agency presentations, offering documents, bank information memoranda (including the delivery of customary representation letters) and similar documents reasonably required by Parent in connection with the Debt Financing;

(2) assisting with the preparation of any customary pledge and security documents, other definitive financing documents consistent with the Debt Commitment Letter as in effect on the date of this Agreement, closing certificates or other similar documents as may be reasonably requested by Parent to be effective only at the Closing;

(3) facilitating the pledging of collateral;

(4) subject to receipt by Parent of customary confidentiality undertakings from Financing Sources, furnishing to the Financing Sources identified by Parent, as promptly as practicable, any "know your customer" information requested by the Financing Sources or such financial and other pertinent information available to the Company regarding the Company as may be reasonably requested by Parent to the extent required to consummate the Debt Financing in accordance with the terms of the Debt Commitment Letter as in effect on the date hereof;

Annex A-65

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(5) requesting its independent accountants to cooperate with and assist in preparing customary and appropriate information packages and offering materials (including customary comfort letters) to the extent required in connection with the marketing of the Debt Financing as set forth in the Debt Commitment Letter as in effect on the date of this Agreement;

(6) making available appropriate officers and employees, on reasonable advance notice, to participate in a reasonable number of meetings with prospective lenders and investors and road shows at mutually agreeable dates and times;

(7) permitting appropriate officers, who will continue in such positions or in similar positions after the Closing, to execute documents in accordance with this Section 5.4(g); and

(8) taking all necessary corporate or entity actions, which shall be conditioned on the occurrence of the Closing, reasonably requested by Parent to permit any of the actions contemplated by this Section 5.4(g) required in connection with the consummation of the Debt Financing and to permit the proceeds thereof to be made available to Parent at the Closing.

(ii) Nothing in this Section 5.4(g) requires the Company, its Subsidiaries and their respective Affiliates to:

(1) provide any assistance to the extent it would interfere with the ongoing business or operations of the Company, its Subsidiaries and their respective Affiliates;

(2) encumber any of the assets of the Company, its Subsidiaries and their respective Affiliates prior to the Closing;

(3) require the Company, its Subsidiaries and their respective Affiliates to pay any commitment or other fee, expenses or other costs or make any other payment in connection with the Debt Financing prior to the Closing Date;

(4) take any action that would result in a breach of any Contract in effect as of the date hereof, result in a violation of Law or result in a violation of organizational documents of the Company, its Subsidiaries and their respective Affiliates or impose any liability on the Company, its Subsidiaries and their respective Affiliates;

(5) authorize, execute or deliver any definitive documentation or certificates in connection with the Debt Financing that would be effective prior to the Closing Date or that are not conditioned upon Closing;

(6) be responsible for the preparation of any pro forma financial information; or

(7) provide any legal opinion.

Neither the Company nor its Subsidiaries nor their respective Affiliates, nor any of their respective directors or officers, are required to take any action in the capacity as a member of the board of directors of the Company, its Subsidiaries and their respective Affiliates to authorize or approve the Debt Financing.

(iii) Parent will, promptly upon request by the Company, reimburse the Company for all out-of-pocket costs and expenses incurred by the Company, its Subsidiaries and their respective Affiliates, and their respective officers, employees, representatives and advisors, in connection with their respective obligations pursuant to this Section 5.4(g). Parent acknowledges and agrees that none of the Company, its Subsidiaries and their respective Affiliates shall, prior to the Closing, incur any liability to any Person under any Debt Financing and that Parent will indemnify and hold harmless the Company, its Subsidiaries and their respective Affiliates, and their respective directors, officers, employees, representatives and advisors, from and against any and all losses,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

damages, liabilities, claims, costs, expenses, judgments, penalties and fines suffered or incurred by any of them arising in whole or in part in connection with such cooperation, the Debt Financing and any information utilized in connection therewith, other than incurred as a result of such parties' gross negligence, willful misconduct or intentional fraud. The obligations of Parent in this Section 5.4(g) shall survive the termination of this Agreement.

(h) The parties shall consult with each other with respect to obtaining all permits and Consents necessary to consummate the transactions contemplated by this Agreement, including the Mergers; provided, that prior to Closing, without the prior written consent of the Company, none of Parent or its Affiliates or their respective employees, directors, officers or agents shall, directly or indirectly, contact or communicate with any Fund, any investor in a Fund, any Affiliate of a Fund (including any member of the Regulated Fund Board), any consultant or representative to a Fund, or any Portfolio Company (or any officers, directors, employees, lenders or co-investors of any Portfolio Company), regarding the transactions contemplated by this Agreement.

(i) Notwithstanding anything to the contrary herein, (i) nothing in this Agreement shall require either Parent and its Consolidated Subsidiaries or the Company and its Consolidated Subsidiaries to make payments or provide other consideration for the repayment, restructuring or amendment of terms of Indebtedness in connection with the Mergers in order to obtain any financing, other than customary consent fees required in connection with the change of control, and (ii) Section 5.4(g) and this Section 5.4(i) shall exclusively govern the obligations of each party to take (or omit to take) any action in respect of any such financing.

Section 5.5 Access to Information; Confidentiality.

(a) Upon reasonable notice, the Company shall (and shall cause each of its Consolidated Subsidiaries to) afford reasonable access to Parent's and Parent External Adviser's Representatives, in a manner not disruptive to the operations of the business of the Company and its Subsidiaries (including any member of the Subsidiary Adviser Group), during normal business hours and upon reasonable notice throughout the period prior to the Company Merger Effective Time (or until the earlier termination of this Agreement), to the personnel, advisors, properties, books and records of the Company and its Consolidated Subsidiaries and, during such period, shall (and shall cause each of its Consolidated Subsidiaries to) furnish promptly to such Representatives all information concerning the business, properties and personnel of the Company and its Consolidated Subsidiaries, and to provide copies thereof, as may reasonably be requested; provided, however, that nothing herein shall require the Company or any of its Consolidated Subsidiaries to disclose any information to Parent, Parent External Adviser or Acquisition Sub if such disclosure would, in the reasonable judgment of the Company, (i) violate Applicable Law or the provisions of any agreement to which the Company or any of its Subsidiaries (including any member of the Subsidiary Adviser Group) is a party or (ii) jeopardize any attorney-client or other legal privilege; provided, further, that nothing herein shall authorize Parent, Parent External Adviser or their respective Representatives to undertake any environmental testing involving sampling of soil, groundwater, or similar invasive techniques at any of the Company's (or its Subsidiaries' (including any member of the Subsidiary Adviser Group's)) properties. No investigation or access permitted pursuant to this Section 5.5(a) shall affect or be deemed to modify any representation or warranty made by the Company hereunder. The Company Confidentiality Agreement shall apply with respect to information furnished by the Company, its Consolidated Subsidiaries and the Company's officers, employees and other Representatives hereunder.

(b) Upon reasonable notice, Parent shall (and shall cause each of its Consolidated Subsidiaries and Acquisition Sub to) afford to Representatives of the Company reasonable access, in a manner not disruptive to the operations of the business of Parent and its Subsidiaries, during normal business hours and upon reasonable notice throughout the period prior to the Company Merger Effective Time (or until the earlier termination of this Agreement), to the personnel, advisors, properties, books and

records of Parent and its Consolidated Subsidiaries and, during such period, shall (and shall cause each of its Consolidated Subsidiaries to) furnish promptly to such Representatives all information concerning the business, properties and personnel of Parent and its Consolidated Subsidiaries, and to provide copies thereof, as may reasonably be requested; provided, however, that nothing herein shall require Parent or any of its Consolidated Subsidiaries to disclose any information to the Company if such disclosure would, in the reasonable judgment of Parent, (i) violate Applicable Law or the provisions of any agreement to which Parent or any of its Subsidiaries is a party or (ii) jeopardize any attorney-client or other legal privilege; provided, further, that nothing herein shall authorize the Company or its Representatives to undertake any environmental testing involving sampling of soil, groundwater, or similar invasive techniques at any of Parent's (or its Subsidiaries') properties. No investigation or access permitted pursuant to this Section 5.5(b) shall affect or be deemed to modify any representation or warranty made by Parent or Acquisition Sub hereunder. The Parent Confidentiality Agreement shall apply with respect to information furnished by Parent, its Consolidated Subsidiaries, Acquisition Sub and Parent's officers, employees and other Representatives hereunder.

Section 5.6 No Solicitation.

(a) Subject to Section 5.6(d), each of the Company and Parent shall, and shall cause its controlled Representatives, its Consolidated Subsidiaries and, in the case of the Company, the Subsidiary Adviser Group, and shall instruct and use its commercially reasonable efforts to cause its non-controlled Representatives, to, immediately cease and cause to be terminated any existing solicitation of, or discussions or negotiations with, any Third Party relating to any Competing Proposal or any inquiry, discussion, offer or request that could reasonably be expected to lead to a Competing Proposal.

(b) Until the Company Merger Effective Time (or, if earlier, the termination of this Agreement), each of the Company and Parent shall, as promptly as reasonably practicable, and in any event within two (2) Business Days of receipt by it or any of its Representatives of any Competing Proposal or any inquiry that could reasonably be expected to lead to a Competing Proposal, deliver to the other party a written notice setting forth: (A) the identity of the Third Party making such Competing Proposal or inquiry (to the extent not prohibited by any applicable confidentiality agreement existing prior to the date of this Agreement) and (B) if applicable, the material terms and conditions of any such Competing Proposal. The Company and Parent shall keep the other party reasonably informed of any material amendment or modification of any such Competing Proposal on a prompt basis, and in any event within two (2) Business Days thereafter.

(c) Except as otherwise provided in this Agreement (including Section 5.6(d)), until the Company Merger Effective Time or, if earlier, the termination of this Agreement in accordance with its terms, each of the Company and Parent shall not, and each shall cause its controlled Representatives, Consolidated Subsidiaries and, in the case of the Company, the Subsidiary Adviser Group, and shall instruct and use its commercially reasonable efforts to cause its non-controlled Representatives, not to, directly or indirectly, (i) initiate, solicit, induce or knowingly encourage the making of any proposal or offer with respect to a Competing Proposal or (ii) engage in negotiations or substantive discussions with (it being understood that each of the Company and Parent may inform Persons of the provisions contained in this Section 5.6), or furnish any material nonpublic information to, or enter into any agreement, arrangement or understanding with any Third Party relating to a Competing Proposal or any inquiry or proposal that would reasonably be expected to lead to a Competing Proposal; provided, that notwithstanding the foregoing, each of the Company and Parent shall be permitted to grant a waiver of or terminate any "standstill" or similar obligation of any Third Party with respect to the Company, any of its Consolidated Subsidiaries or Subsidiary Adviser or Parent or any of its Consolidated Subsidiaries, as applicable, to allow such Third Party to submit a Competing Proposal.

(d) Notwithstanding anything to the contrary in this Agreement, at any time prior to the date that the Company Stockholder Approval is obtained (in the case of the Company) or the Parent

Stockholder Approval is obtained (in the case of Parent), in the event that the Company (or its Representatives on the Company's behalf) or Parent (or its Representatives on Parent's behalf), as applicable, receives a Competing Proposal from any Third Party, (i) the Company and its Representatives or Parent and its Representatives, as applicable, may contact such Third Party to clarify any ambiguous terms and conditions thereof (without the Company Board or Parent Board, as applicable, being required to make the determination in clause (ii) of this Section 5.6(d)) and (ii) the Company and the Company Board and its Representatives or Parent and the Parent Board and its Representatives, as applicable, may engage in negotiations or substantive discussions with, or furnish any information and other access to, any Third Party making such Competing Proposal and its Representatives and Affiliates if the Company Board or the Parent Board, as applicable, determines in good faith (after consultation with its independent financial advisors and outside legal counsel) that such Competing Proposal (A) either constitutes a Superior Proposal or would reasonably be expected to lead to a Superior Proposal and (B) that failure to consider such Competing Proposal would reasonably be expected to be inconsistent with the fiduciary duties of the directors of the Company or Parent, as applicable, under Applicable Law; provided, that (x) such Competing Proposal did not result from any material breach of any of the provisions set forth in this Section 5.6, (y) prior to furnishing any material non-public information concerning the Company and its Consolidated Subsidiaries or Parent and its Consolidated Subsidiaries, as applicable, the Company or Parent, as applicable, receives from such Person, to the extent such Person is not already subject to a confidentiality agreement with the Company or Parent, as applicable, a confidentiality agreement containing confidentiality terms that are not less favorable in the aggregate to the Company or Parent, as the case may be, than those contained in the Confidentiality Agreements (unless the Company or Parent, as the case may be, offers to amend the Confidentiality Agreements to reflect such more favorable terms) (it being understood and agreed that such confidentiality agreement need not restrict the making of Competing Proposals (and related communications) to the Company or the Company Board or to Parent or the Parent Board, as the case may be) (an "**Acceptable Confidentiality Agreement**") and (z) the Company or Parent, as the case may be, shall (subject to the terms of any confidentiality agreement existing prior to the date hereof) promptly provide or make available to the other party any material written non-public information concerning it or its Consolidated Subsidiaries that it provides to any Third Party given such access that was not previously made available to Parent or its Representatives or the Company or its Representatives, as the case may be.

(e) Except as otherwise provided in this Agreement, (i) the Company Board shall not effect a Company Adverse Recommendation Change and the Parent Board shall not effect a Parent Adverse Recommendation Change (each an "**Adverse Recommendation Change**"), (ii) the Company Board shall not approve or recommend, or allow the Company or any of its Consolidated Subsidiaries to execute or enter into, any letter of intent, memorandum of understanding or definitive merger or similar agreement with respect to any Competing Proposal (other than an Acceptable Confidentiality Agreement) and (iii) the Parent Board shall not approve or recommend, or allow Parent or any of its Subsidiaries to execute or enter into, any letter of intent, memorandum of understanding or definitive merger or similar agreement with respect to any Competing Proposal (other than an Acceptable Confidentiality Agreement). Notwithstanding anything in this Agreement to the contrary, at any time prior to the receipt of the Company Stockholder Approval (in the case of the Company) or the Parent Stockholder Approval (in the case of Parent), the Company Board or the Parent Board, as applicable, may (x) make an Adverse Recommendation Change if the board of directors effecting the Adverse Recommendation Change determines in good faith (after consultation with its independent financial advisor and outside legal counsel) that a Competing Proposal is a Superior Proposal and that the failure to take such action would reasonably be expected to be inconsistent with the fiduciary duties of the Company Board or the Parent Board, as applicable, under Applicable Law or (y), if the Company or Parent, as the case may be, has received a Competing Proposal that its board of directors has determined in good faith (after consultation with its independent financial advisor and outside legal

counsel) constitutes a Superior Proposal, authorize, adopt or approve such Superior Proposal and cause or permit the Company or Parent, as applicable, to enter into a definitive agreement with respect to such Superior Proposal concurrently with the termination of this Agreement in accordance with Section 7.1(c)(iv) or Section 7.1(d)(iv), as applicable, in each case, only after providing the Notice of Adverse Recommendation or Notice of Superior Proposal, as applicable, and entering into good faith negotiations as required by Section 5.6(f).

(f) Notwithstanding anything to the contrary in this Agreement, no Adverse Recommendation Change may be made and no termination of this Agreement pursuant to Section 5.6(e) may be effected, in each case until after the fourth (4th) Business Day following receipt of written notice from the party intending to effect any Adverse Recommendation Change to the other party advising the other party that its board of directors intends to make an Adverse Recommendation Change (a "**Notice of Adverse Recommendation**") or terminate this Agreement pursuant to Section 5.6(e) (a "**Notice of Superior Proposal**") and specifying the reasons therefor, including, if the basis of the proposed action is a Superior Proposal, the material terms and conditions of any such Superior Proposal. At the option of the party not seeking to terminate this Agreement pursuant to Section 5.6(e), the parties shall negotiate in good faith during such period to amend this Agreement in such a manner that the offer that was determined to constitute a Superior Proposal no longer constitutes a Superior Proposal. In determining whether to make an Adverse Recommendation Change or in determining whether a Competing Proposal constitutes a Superior Proposal, the board of directors effecting an Adverse Recommendation Change shall take into account any revisions to the terms of this Agreement proposed in writing by the other party in response to a Notice of Adverse Recommendation, a Notice of Superior Proposal or otherwise. Any material amendment to such Superior Proposal shall require a new Notice of Superior Proposal and the applicable party shall be required to comply again with the requirements of this Section 5.6(f).

(g) Nothing in this Agreement shall restrict the Company or Parent from taking or disclosing a position contemplated by Rules 14d-9 or 14e-2(a) under the Exchange Act, or otherwise making disclosure to comply with Applicable Law (it being agreed that a "stop, look and listen" communication by the Company Board or Parent Board to its stockholders pursuant to Rule 14d-9(f) under the Exchange Act or a factually accurate public statement by the Company or Parent that describes the Company's or Parent's receipt, as applicable, of a Competing Proposal and the operation of this Agreement with respect thereto shall not be deemed to be an Adverse Recommendation Change).

(h) For purposes of this Agreement:

(i) "**Competing Proposal**" shall mean any inquiry, proposal or offer made by any Person or group of Persons (other than the Company, in the case of a proposal affecting Parent and its Consolidated Subsidiaries, or Parent or Acquisition Sub, in the case of a proposal affecting the Company and its Consolidated Subsidiaries, or in each case, any Affiliate thereof) to purchase or otherwise acquire, directly or indirectly, in one transaction or a series of transactions (including any merger, consolidation, tender offer, exchange offer, stock acquisition, asset acquisition, binding share exchange, business combination, recapitalization, liquidation, dissolution, joint venture or similar transaction), (i) beneficial ownership (as defined under Section 13(d) of the Exchange Act) of twenty percent (20%) or more of any class of equity securities of the Company or Parent or (ii) any one or more assets or businesses of the Company, its Consolidated Subsidiaries and the Subsidiary Adviser Group or Parent and its Consolidated Subsidiaries that constitute twenty percent (20%) or more of the revenues or assets of the Company, its Consolidated Subsidiaries and the Subsidiary Adviser Group, taken as a whole, or Parent and its Consolidated Subsidiaries, taken as a whole, other than, in the case of the Company, the Mergers and the transactions contemplated by this Agreement.

(ii) "**Superior Proposal**" shall mean a bona fide written Competing Proposal (with all percentages in the definition of Competing Proposal increased to sixty-six and two-thirds percent (66 2/3%) made by a Third Party on terms that the Company Board or the Parent Board, as applicable, determines in good faith, after consultation with its independent financial advisors and outside legal advisors, and considering the likelihood and anticipated timing of consummation, are more favorable to the Company's stockholders or to Parent's stockholders, as applicable, from a financial point of view than the transactions contemplated by this Agreement (including any revisions to the terms of this Agreement committed to by Parent to the Company in writing in response to such Competing Proposal made to the Company under the provisions of Section 5.6(f) or by the Company to Parent in writing in response to such Competing Proposal made to Parent under the provisions of Section 5.6(f)).

Section 5.7 Directors' and Officers' Indemnification and Insurance.

(a) Parent and Acquisition Sub agree that all rights to exculpation and indemnification for acts or omissions occurring at or prior to the Company Merger Effective Time, whether asserted or claimed prior to, at or after the Company Merger Effective Time (including any matters arising in connection with the transactions contemplated hereby), now existing in favor of the current or former directors, officers, managers or employees ("**D&O Indemnified Parties**"), as the case may be, of the Company or its Subsidiaries (including any member of the Subsidiary Adviser Group) as provided in their respective organizational documents as in effect on the date of this Agreement or in any Contract shall survive the Mergers and shall continue in full force and effect. Parent shall indemnify, defend and hold harmless, and advance expenses to D&O Indemnified Parties with respect to all acts or omissions by them in their capacities as such at any time prior to the Company Merger Effective Time (including any matters arising in connection with this Agreement or the transactions contemplated hereby), to the fullest extent that the Company or its Subsidiaries (including any member of the Subsidiary Adviser Group) would be permitted by Applicable Law and to the fullest extent required by the organizational documents of the Company or its Subsidiaries (including any member of the Subsidiary Adviser Group) as in effect on the date of this Agreement; provided, however, that all rights to indemnification in respect of any action pending or asserted or any claim made within such period shall continue until the disposition of such action or resolution of such claim. Parent shall cause its organizational documents to contain provisions with respect to indemnification, advancement of expenses and limitation of director, officer and employee liability that are no less favorable to the D&O Indemnified Parties than those set forth in the Company's and its Subsidiaries' (including the members of the Subsidiary Adviser Group's) organizational documents as of the date of this Agreement, which provisions thereafter shall not be amended, repealed or otherwise modified in any manner that would adversely affect the rights thereunder of the D&O Indemnified Parties.

(b) Without limiting the provisions of Section 5.7(a), to the fullest extent that the Company and Parent would be permitted by Applicable Law to do so, Parent shall: (i) indemnify and hold harmless each D&O Indemnified Party against and from any costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any claim, Proceeding or investigation, whether civil, criminal, administrative or investigative, to the extent such claim, Proceeding or investigation arises out of or pertains to: (A) any alleged action or omission in such D&O Indemnified Party's capacity as a director, officer or employee of the Company or any of its Subsidiaries (including any member of the Subsidiary Adviser Group) prior to the Company Merger Effective Time or (B) this Agreement or the transactions contemplated hereby and (ii) pay in advance of the final disposition of any such claim, Proceeding or investigation the expenses (including attorneys' fees) of any D&O Indemnified Party upon receipt of an undertaking by or on behalf of such D&O Indemnified Party to repay such amount if it shall ultimately be determined that such D&O Indemnified Party is not entitled to be indemnified by Applicable Law. Any determination required to be made with respect to whether the conduct of any D&O Indemnified Party complies or

complied with any applicable standard shall be made by independent legal counsel selected by the D&O Indemnified Party, which counsel shall be reasonably acceptable to Parent, and the fees of such counsel shall be paid by Parent. Notwithstanding anything to the contrary contained in this [Section 5.7\(b\)](#) or elsewhere in this Agreement, Parent shall not settle or compromise or consent to the entry of any judgment or otherwise seek termination with respect to any claim, Proceeding or investigation, unless either (x) such settlement, compromise, consent or termination includes an unconditional release of all of the D&O Indemnified Parties covered by the claim, Proceeding or investigation from all liability arising out of such claim, Proceeding or investigation or (y) the D&O Indemnified Parties covered by the claim, Proceeding or investigation consent to such settlement, compromise, consent or termination.

(c) Unless the Company shall have purchased a "tail" policy prior to the Company Merger Effective Time as provided below, for at least six (6) years after the Company Merger Effective Time, Parent shall, and shall cause its Subsidiaries to, maintain in full force and effect, on terms and conditions no less advantageous to the D&O Indemnified Parties, or any other Person entitled to the benefit of this [Section 5.7](#), as applicable, than the existing directors' and officers' liability insurance and fiduciary insurance maintained by the Company as of the date of this Agreement, covering claims arising from facts, events, acts or omissions that occurred at or prior to the Company Merger Effective Time, including the transactions contemplated hereby (provided, that Parent shall not be required to pay an annual premium for such insurance in excess of two-hundred fifty percent (250%) of the aggregate annual premiums currently paid by the Company on an annualized basis, but in such case shall purchase as much of such coverage as possible for such amount). Parent shall not, and shall not permit its Subsidiaries to, take any action that would prejudice the rights of, or otherwise impede recovery by, the beneficiaries of any such insurance, whether in respect of claims arising before or after the Company Merger Effective Time. In lieu of such insurance, prior to the Company Merger Effective Time, the Company may purchase a six (6) year "tail" prepaid policy on such terms and conditions as reasonably determined by the Company, or, prior to or at the Closing, Parent may purchase a "tail" prepaid policy covering the six (6) year period following the Closing on such terms and conditions that satisfy the first sentence of this [Section 5.7\(c\)](#), in each case in which event Parent shall cease to have any obligations under the first sentence of this [Section 5.7\(c\)](#).

(d) The D&O Indemnified Parties to whom this [Section 5.7](#) applies shall be third-party beneficiaries of this [Section 5.7](#). The provisions of this [Section 5.7](#) are intended to be for the benefit of each D&O Indemnified Party and his or her successors, heirs or representatives. Parent shall pay all reasonable expenses, including reasonable attorneys' fees, that may be incurred by any D&O Indemnified Party in enforcing its indemnity and other rights under this [Section 5.7](#). Notwithstanding any other provision of this Agreement, this [Section 5.7](#) shall survive the consummation of the Mergers indefinitely and shall be binding on all successors and assigns of Parent, and shall be enforceable by the D&O Indemnified Parties and their successors, heirs or representatives.

Section 5.8 [Notification of Certain Matters](#). Subject to Applicable Law, the Company shall give prompt notice to Parent, and Parent shall give prompt notice to the Company, of (a) any notice or other communication received by such party from any Governmental Authority in connection with this Agreement, the Mergers or the transactions contemplated hereby, or from any Person alleging that the consent of such Person is or may be required in connection with the Mergers or the transactions contemplated hereby and (b) any claims, investigations or Proceedings commenced or, to such party's Knowledge, threatened against, relating to or involving or otherwise affecting such party or any of its Subsidiaries that relate to this Agreement, the Mergers or the transactions contemplated hereby.

Section 5.9 [Public Announcements](#). Except as otherwise contemplated by [Section 5.6](#) (and, for the avoidance of doubt, nothing herein shall limit the rights of the Company or the Company Board under [Section 5.6](#) or Parent or the Parent Board under [Section 5.6](#)), prior to any Adverse Recommendation Change, the Company, Parent and Acquisition Sub shall consult with each other

before issuing any press release or public announcement with respect to this Agreement or the transactions contemplated hereby, and none of the parties or their Affiliates shall issue any such press release or public announcement prior to obtaining the other parties' consent (which consent shall not be unreasonably withheld or delayed), except that no such consent shall be necessary to the extent disclosure may be required by Law, Order or applicable stock exchange rule or any listing agreement of any party hereto so long as the disclosing party gives notice to and consults with the other party prior to making such disclosure to the extent practicable. The Company may, after consultation with Parent and consideration of any views and comments of Parent, communicate to its employees, customers, suppliers and consultants so long as such communications are consistent with a communications plan previously agreed to by Parent and the Company in which case such communications may be made consistent with such plan.

Section 5.10 Employee Benefits: Labor.

(a) (i) Effective immediately prior to, and contingent upon the occurrence of, the Adviser Merger Effective Time or Company Merger Effective Time, as applicable, or, solely with respect to an employee who does not receive an offer of employment from Parent External Adviser, IHAM or their respective Affiliates pursuant to Section 5.10(a)(i) or who receives such an offer but does not accept such offer within the time period prescribed by Section 5.10(a)(ii), such earlier time as determined by the Company in its sole discretion at any time sixty (60) days following the execution of this Agreement, the Company shall cause the employment of each employee of the Company, Subsidiary Adviser and their respective Consolidated Subsidiaries to terminate and, upon such termination (subject to any delay required in order to comply with Section 409A of the Code), the Company or Subsidiary Adviser shall provide to any such terminated employee all severance, retention and other payments or benefits as may become payable as a result of such termination or the occurrence of the Adviser Merger Effective Time or Company Merger Effective Time, as applicable, unless such employee has waived in writing such payments or benefits; and (ii) on or prior to sixty (60) days following the execution of this Agreement, Parent External Adviser, IHAM or their respective Affiliates may, but shall be under no obligation to, make (or cause any of its Affiliates to make) an offer of employment, effective as of the Adviser Merger Effective Time or Company Merger Effective Time, as applicable, or thereafter, to any employee of the Company, Subsidiary Adviser or any of their respective Consolidated Subsidiaries; provided, however, that any such offer of employment shall be contingent upon the Adviser Merger Effective Time or Company Merger Effective Time, as applicable, actually occurring and shall expire if the employee does not accept such offer within thirty (30) days following the date such offer is made. From and after the Closing, Parent shall, and shall cause the Company Merger Surviving Corporation to, and IHAM shall, and shall cause the Adviser Merger Surviving Entity to, honor obligations set forth in the preceding provisions of this Section 5.10(a) and all obligations as may be required by Applicable Law. Parent and the Company hereby agree that the occurrence of the Company Merger Effective Time shall constitute a "Change in Control" for purposes of all Company Agreements and all Company Benefit Plans in which such term, or a similar such term, is relevant.

(b) Promptly following the execution of this Agreement, the Company shall make employees of the Company, Subsidiary Adviser and their respective Consolidated Subsidiaries reasonably available to Parent External Adviser and IHAM, as applicable, during regular business hours and shall provide Parent External Adviser and IHAM, as applicable, with such personnel information as may be reasonably requested by Parent External Adviser and IHAM, as applicable, for purposes of identifying the employees to whom Parent External Adviser and IHAM, as applicable, desire to make an offer of employment.

(c) If requested in writing by Parent to the Company at least five (5) Business Days prior to the Company Merger Effective Time, the Company shall take (or cause to be taken) all actions necessary or appropriate to terminate, effective no later than the Company Merger Effective Time, any Company Benefit Plan (other than the American Capital, Ltd. Retention Plan and any employment or severance

agreements). If the Company or any of its Subsidiaries is required to terminate any Company Benefit Plan, then the Company or its Subsidiaries, as applicable, shall take such actions in furtherance of terminating such Company Benefit Plan as Parent may reasonably request. As of immediately prior to, but contingent on the occurrence of, the Company Merger Effective Time, the Company shall vest payments and benefits under such terminated Company Benefit Plans.

(d) Parent acknowledges that the Company or an applicable Subsidiary thereof (i) shall be entitled to pay, immediately prior to the Company Merger Effective Time, a pro rata portion of the annual cash performance-based bonuses, calculated at target-level performance, to each bonus-eligible employee of the Company, Subsidiary Adviser and their respective Consolidated Subsidiaries in respect of the elapsed portion of the Company's 2016 fiscal year regardless of the year in which the Company Merger Effective Time occurs to the extent not then fully paid and (ii) shall be entitled to pay to such employees immediately prior to the Company Merger Effective Time (if applicable) a pro rata portion of their annual cash performance-based bonus, calculated based on target-level performance, in respect of the elapsed portion of the Company's 2017 fiscal year if the Company Merger Effective Time occurs in such fiscal year.

(e) The Company shall be responsible for fulfilling all requirements under the Worker Adjustment and Retraining Notification Act or similar state or local laws or ordinances (collectively, "WARN"), including but not limited to issuing all notices required under WARN (the "WARN Notices") and/or to make any payments required to be made to any employee of the Company or the Consolidated Subsidiaries under WARN; provided, that Parent shall have an opportunity to review and approve such WARN Notices no later than three (3) Business Days before such WARN Notices will be issued to an employee of the Company, Subsidiary Adviser or their respective Consolidated Subsidiaries, such approval by Parent to not be unreasonably withheld.

(f) The parties hereto acknowledge and agree that all provisions contained in this Section 5.10 with respect to employees of the Company, Subsidiary Adviser and their respective Consolidated Subsidiaries are included for the sole benefit of the respective parties hereto and shall not create any right (i) in any other Person, including employees, former employees, any participant or any beneficiary thereof, in any Company Benefit Plan, or (ii) to continued employment with the Company, Subsidiary Adviser, Parent, Parent External Adviser, IHAM or their respective Consolidated Subsidiaries or Affiliates. Notwithstanding anything in this Section 5.10 to the contrary, nothing in this Agreement, whether express or implied, shall be treated as an amendment or other modification of any Company Benefit Plan or any other employee benefit plans of the Company, Subsidiary Adviser, Parent, Parent External Adviser, IHAM or any of their respective Consolidated Subsidiaries or Affiliates or shall prohibit Parent, Parent External Adviser, IHAM or any of their Consolidated Subsidiaries or Affiliates from amending or terminating any employee benefit plan.

Section 5.11 Treatment of Outstanding Notes. Prior to the Company Merger Effective Time, the Company shall take all actions required in connection with the transactions contemplated by this Agreement pursuant to the terms of that certain indenture, dated as of September 20, 2013, between the Company and U.S. Bank National Association, as amended or supplemented to the date of this Agreement (the "**2013 Indenture**"), at such time or times as such actions are required to be taken, including the giving of any notices that may be required in connection with any repurchases or conversions of the notes issued pursuant to the 2013 Indenture occurring as a result of the transactions contemplated by this Agreement constituting a "Change of Control" (as such term is defined in the 2013 Indenture) and delivery of any supplemental indentures, legal opinions, officer's certificates or other documents or instruments required in connection with the consummation of the Mergers.

Section 5.12 Acquisition Sub. Parent will take all actions necessary to (a) cause Acquisition Sub to perform its obligations under this Agreement and to consummate the Company Merger on the terms and conditions set forth in this Agreement and (b) ensure that Acquisition Sub prior to the Company

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Merger Effective Time, shall not conduct any business, or incur or guarantee any Indebtedness or make any investments, other than as specifically contemplated by this Agreement.

Section 5.13 No Control of the Other Party's Business.

(a) Except as set forth in this Agreement, nothing contained in this Agreement is intended to give Parent, directly or indirectly, the right to control or direct the operations of the Company or its Subsidiaries (including the Subsidiary Adviser Group) prior to the Company Merger Effective Time. Prior to the Company Merger Effective Time, the Company shall exercise, consistent with the terms and conditions of this Agreement, complete control and supervision over its and its Subsidiaries' (including any member of the Subsidiary Adviser Group's) operations.

(b) Except as set forth in this Agreement, nothing contained in this Agreement is intended to give the Company, directly or indirectly, the right to control or direct the operations of Parent or its Subsidiaries prior to the Company Merger Effective Time. Prior to the Company Merger Effective Time, Parent shall exercise, consistent with the terms and conditions of this Agreement, complete control and supervision over its and its Subsidiaries' operations.

Section 5.14 Rule 16b-3 Matters. Subject to the following sentence, prior to the Company Merger Effective Time, Parent and the Company shall take all such steps as may be required (to the extent permitted under Applicable Law and no-action letters issued by the SEC) to cause any dispositions of Company Common Stock (including derivative securities with respect to Company Common Stock) or acquisitions of Parent Common Stock (including derivative securities with respect to Parent Common Stock) resulting from the transactions contemplated by this Agreement by each individual who is subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to the Company or will become subject to such reporting requirements with respect to Parent, to be exempt under Rule 16b-3 promulgated under the Exchange Act, to the extent permitted by Applicable Law.

Section 5.15 Section 15(f).

(a) Parent acknowledges that the Company is entering into this Agreement in reliance upon the benefits and protections provided by Section 15(f) of the Investment Company Act. Parent shall not take, and shall cause its Affiliates not to take, any action that would have the effect, directly or indirectly, of causing the requirements of any of the provisions of Section 15(f) of the Investment Company Act not to be met in respect of the transactions contemplated by this Agreement with respect to the Regulated Fund, and shall not fail to take, and, after the Closing, shall cause its Affiliates not to fail to take, any action if the failure to take such action would have the effect, directly or indirectly, of causing the requirements of any of the provisions of Section 15(f) of the Investment Company Act not to be met in respect of the transactions contemplated by this Agreement with respect to the Regulated Fund. In that regard, Parent shall conduct its business and shall cause each of its Affiliates to conduct its business, to the extent within its reasonable control, so as to assure that:

(i) for a period of not less than three (3) years after the Closing, at least seventy-five percent (75%) of the members of the boards of directors or trustees of the Regulated Fund are not (A) "interested persons" (within the meaning of Section 2(a)(19) of the Investment Company Act) of the investment adviser of the Regulated Fund after the Closing or (B) "interested persons" (within the meaning of Section 2(a)(19) of the Investment Company Act) of the investment adviser of the Regulated Fund immediately prior to the Closing; and

(ii) for a period of not less than two (2) years after the Closing, there shall not be imposed on the Regulated Fund an "unfair burden" (as set forth and described in Section 15(f) of the Investment Company Act) as a result of the transactions contemplated by this Agreement or any express or implied terms, conditions or understandings applicable thereto.

Annex A-75

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(b) For a period of three (3) years from the Closing, Parent shall not engage, and shall cause its Affiliates not to engage, in any transaction that would constitute an "assignment" (as defined in the Investment Company Act) to a Third Party of any Advisory Agreement between (i) either (A) Parent or any of its Affiliates or (B) any member of the Subsidiary Adviser Group and (ii) the Regulated Fund without first obtaining a covenant in all material respects the same as that contained in this Section 5.15; provided, that the foregoing shall not apply in the event that Section 15(f) of the Investment Company Act no longer applies to the transactions contemplated by this Agreement. Notwithstanding anything to the contrary contained herein, the covenants of the parties hereto contained in this Section 5.15 are intended only for the benefit of such parties and not for the benefit of any other Person.

(c) The Company shall cause the members of the Subsidiary Adviser Group to conduct their business, to the extent within their reasonable control, so as to assure that, at Closing, at least seventy-five percent (75%) of the members of the boards of directors or trustees of the Regulated Fund are not "interested persons" (within the meaning of Section 2(a)(19) of the Investment Company Act) of the investment adviser of the Regulated Fund.

Section 5.16 Repayment of Indebtedness. At least three (3) Business Days prior to the Closing Date, the Company shall deliver to Parent a draft copy of a customary payoff letter (subject to delivery of funds as arranged by Parent) from the "Administrative Agent" (as defined in the respective Existing Credit Facilities) relating to the repayment of each Existing Credit Facility and the release of related Liens (each, a "**Payoff Letter**"), and, on or prior to the Closing Date, the Company shall deliver to Parent an executed copy of each Payoff Letter to be effective upon the Closing. The Company shall, and shall cause its Consolidated Subsidiaries to, deliver all the documents required for the termination of commitments under each of the Existing Credit Facilities, subject to the occurrence of the Closing and the repayment in full of all obligations then outstanding thereunder, and shall deliver to Parent, no later than three (3) Business Days prior to the Closing Date, any materials and documentation about the Company and its Consolidated Subsidiaries and Subsidiary Adviser Group required under applicable "know your customer" and anti-money laundering rules, Laws and regulations (including, for the avoidance of doubt, the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the "USA PATRIOT Act")) that are reasonably requested by Parent at least ten (10) Business Days prior to Closing.

Section 5.17 Certain Tax Matters.

(a) For United States federal income Tax purposes, each of the Company and Parent intend for the Company Merger to be treated as a taxable acquisition of the Company Common Stock (the "**Intended Tax Treatment**").

(b) Each of the Company, Parent and Acquisition Sub shall use its reasonable best efforts (and shall cause their respective Subsidiaries to use their reasonable best efforts) to cause the receipt of the Merger Consideration by the Company's stockholders to qualify for the Intended Tax Treatment, including by not taking any action that such party knows is reasonably likely to prevent or impede such treatment. Each of the Company, Parent and Acquisition Sub shall report the Mergers and the other transactions contemplated by this Agreement in a manner consistent with the Intended Tax Treatment unless a contrary position is required by a final determination within the meaning of Section 1313 of the Code.

Section 5.18 Stock Exchange Listing. Parent shall use its reasonable best efforts to cause the shares of Parent Common Stock to be issued in connection with the Company Merger to be approved for listing on NASDAQ, subject to official notice of issuance, at or prior to the Company Merger Effective Time.

Section 5.19 Parent's Financing Activities.

(a) Parent shall, and shall cause its Subsidiaries to, use its reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper or advisable to consummate and obtain the Debt Financing on the terms and subject only to the conditions (including the market flex provisions) set forth in the Debt Commitment Letter, including using reasonable best efforts to (i) maintain in effect and comply with the Debt Commitment Letter, (ii) negotiate and enter into definitive agreements with respect to the Debt Financing on the terms (including any market flex provisions) and subject only to the conditions contained in the Debt Commitment Letter, so that such agreements are in effect as promptly as practicable but in any event no later than the Closing Date, (iii) ensure the accuracy of all representations and warranties of Parent, Acquisition Sub and their respective Subsidiaries set forth in the Debt Commitment Letter and definitive agreements with respect to the Debt Financing, (iv) comply with the covenants and agreements of Parent, Acquisition Sub and their respective Subsidiaries set forth in the Debt Commitment Letter and the definitive agreements with respect to the Debt Financing, (v) satisfy or obtain a waiver of, and cause Acquisition Sub and its other Subsidiaries to satisfy or obtain a waiver of, on a timely basis all terms and conditions set forth in the Debt Commitment Letter and the definitive agreements relating to the Debt Financing applicable to Parent, Acquisition Sub and their respective Subsidiaries, (vi) upon satisfaction or waiver of such conditions and the other conditions set forth in Section 6.1 and Section 6.2 (other than those conditions that by their nature cannot be satisfied until the Closing) consummate the Debt Financing at or prior to the Closing (and in any event prior to the Termination Date or Extension Date, as applicable), (vii) pay, or cause to be paid, any and all commitment fees or other fees required by the Debt Commitment Letter to be paid on or before the Closing and (viii) enforce its rights under the Debt Commitment Letter and the definitive agreements relating to the Debt Financing; provided, however, for the avoidance of doubt, "reasonable best efforts" for purposes of this Section 5.19 shall not require Parent or any of its Subsidiaries to commence a Proceeding against any Financing Source to enforce the terms of the Debt Commitment Letter. Parent will provide to the Company copies of all documents relating to the Debt Financing and keep the Company informed of material developments in respect of the financing process relating thereto on a current basis.

(b) Prior to the Closing, Parent will not agree to, or permit, any amendment, modification, joinder, assignment, termination or waiver of the Debt Commitment Letter or the definitive agreements with respect to the Debt Financing without the prior written consent of the Company if such amendment, modification, joinder, termination or waiver (i) reduces the aggregate amount of the Debt Commitment Letter, (ii) imposes additional or new conditions precedent to the availability of the Debt Financing or amends, modifies or expands any of the conditions to the funding of the Debt Financing in a manner that would reasonably be expected to delay or prevent the funding of the Debt Financing on the Closing Date, (iii) adversely impacts the ability of Parent to enforce its rights against the other parties to the Debt Commitment Letter or the definitive agreements with respect thereto, (iv) make it less likely that the Debt Financing would be funded or (v) otherwise contravene the limitations set forth in this Section 5.19(b). Parent shall promptly deliver to the Company copies of any amendment, modification, joinder, assignment, supplement or waiver to or under any Debt Commitment Letter or the definitive agreements relating to the Debt Financing entered into in accordance with this Section 5.19(b).

(c) Parent will give the Company prompt written notice (and, in any event, within twenty-four (24) hours) after the occurrence of any of the following: (i) of any termination of (A) the Debt Commitment Letter, (B) any definitive agreement relating to the Debt Financing or (C) any definitive agreement relating to a portion of the Debt Financing, (ii) any actual or threatened material breach, default, termination or repudiation of any provision of the Debt Commitment Letter or the definitive agreement by any party thereto or any event or circumstance that makes a condition precedent to the Debt Financing unable or unlikely to be satisfied, in each case, of which Parent becomes aware or any

termination of the Debt Commitment Letter, (iii) the receipt of any notice or other communication from any Person committing to fund the Debt Financing under the Debt Commitment Letter or any other party to the Debt Commitment Letter or definitive agreements (other than Parent or any of its Subsidiaries and their respective Representatives) with respect to the Debt Financing (including any arrangers, administrative agents or trustees that are part of the Debt Financing) (the "**Financing Sources**") with respect to any (A) actual or potential breach, default, termination or repudiation by any party to the Debt Commitment Letter or the definitive agreements of any provisions of the Debt Commitment Letter or the definitive agreement, respectively, or (B) material dispute or disagreement between or among any parties to the Debt Commitment Letter or definitive agreements with respect to the obligation to fund the Debt Financing or the amount of the Debt Financing to be funded at the Closing, and (iv) if at any time for any reason Parent believes in good faith that it will not be able to obtain all or any portion of the Debt Financing on the terms and conditions, in the manner or from the sources contemplated by the Debt Commitment Letter. Parent will not, nor permit any of its Affiliates to, without the prior written consent of the Company, take any action or enter into any transaction that could reasonably be expected to impair, delay or prevent consummation of all or any portion of the Debt Financing. As soon as reasonably practicable, but in any event within twenty-four (24) hours following the time the Company delivers to Parent a written request, Parent will provide any information reasonably requested by the Company relating to any circumstance referred to in clause (i), (ii), (iii) or (iv) of the immediately preceding sentence.

(d) If, notwithstanding the obligations of Parent under this Section 5.19, any Debt Financing or the Debt Commitment Letter (or any definitive agreement relating thereto) expire or are terminated prior to the Closing, in whole or in part, for any reason, Parent will (i) promptly notify (and, in any event, within forty-eight (48) hours) the Company of such expiration or termination and the reasons therefor and (ii) promptly obtain alternative financing (the "**Alternative Financing**") to replace the financing contemplated by such expired or terminated commitments or agreements (on terms and conditions that are not materially less favorable to Parent or Acquisition Sub, taken as a whole, than the terms and conditions as set forth in the Debt Commitment Letter in effect on the date hereof, taking into account any "market flex" provisions thereof). The Alternative Financing shall be in an amount sufficient to pay all amounts not otherwise covered by cash on Parent's balance sheet that are required or necessary to consummate the transactions contemplated by this Agreement and pay all related fees, costs and expenses (collectively, the "**Required Financing Amount**"). The Alternative Financing shall not, without the prior written consent of the Company, include any conditions precedent that are more onerous than or in addition to the conditions precedent set forth in the Debt Commitment Letter. Parent will deliver to the Company true and complete copies of all agreements including, without limitation, fee letters (provided, that the fee amounts, pricing caps and economic terms (other than covenants) set forth therein, none of which could adversely affect the conditionality, enforceability, availability, termination or aggregate principal amount of the Alternative Financing, may be redacted) pursuant to which any Alternative Financing source has committed to provide Parent with any portion of the Required Financing Amount substantially concurrently with the execution thereof.

(e) If the Debt Commitment Letter is amended, replaced, supplemented or otherwise modified, including as a result of obtaining Alternative Financing in accordance with Section 5.19(d), or if Parent substitutes other debt for all or a portion of the Debt Financing, Parent will comply with its covenants in this Section 5.19 with respect to the Debt Commitment Letter and all definitive agreements executed in connection therewith as so amended, replaced, supplemented or otherwise modified and with respect to such other financing to the same extent that Parent would have been obligated to comply with respect to the Debt Financing.

(f) Parent acknowledges and agrees that neither the obtaining of the Debt Financing or any Alternative Financing, nor the completion of any issuance of securities contemplated by the Debt Financing or any Alternative Financing, is a condition to the Closing and reaffirms its obligation to

consummate the transactions contemplated by this Agreement and any ancillary agreements related to this Agreement irrespective and independently of the availability of the Debt Financing or any Alternative Financing, or the completion of any such issuance, subject to the applicable conditions set forth in Section 6.1 and Section 6.2 and subject to the terms and conditions of Article VII. Notwithstanding anything in this Agreement, Parent shall not be deemed to be in breach of this Section 5.19 or any applicable conditions set forth in Section 6.1 and Section 6.3 to the extent Parent reaffirms to the Company that it is ready and able to consummate the Mergers irrespective of the availability of the Debt Financing or any Alternative Financing.

Section 5.20 Alternate Mortgage Manager Transaction. In the event that the Mortgage Manager Purchase Agreement is terminated prior to the consummation of the transactions contemplated by this Agreement, then the Company and Parent shall use reasonable best efforts to negotiate a transaction (without any legal obligation to consummate a transaction), whether by dividend, sale or otherwise, including obtaining any necessary governmental or third party consents and making any necessary filings, such that (a) Mortgage Manager is not a direct or indirect Subsidiary of the Company on the Closing Date or (b) Parent shall acquire the Mortgage Manager, in which case, in either clauses (a) and (b), the Company and Parent shall use reasonable best efforts to obtain the consents required to effectuate such a transaction from the boards of directors of the REITs and shall use reasonable best efforts to amend, as appropriate, the investment management agreements between Mortgage Manager and each respective REIT (any such transaction contemplated by this Section 5.20, an "**Alternate Mortgage Manager Transaction**").

Section 5.21 Restructuring. Parent and the Company shall use reasonable best efforts to cause the Restructuring to occur prior to the Closing.

Section 5.22 Hard 8 Restructuring. Parent and the Company shall use reasonable best efforts, as soon as practicable following the date hereof, to effect the Hard 8 Restructuring.

Section 5.23 Mortgage Manager TSA Insurance. The Company will use its reasonable best efforts to obtain a \$25,000,000 insurance policy (the "**Mortgage Manager TSA Insurance**") to cover, other than willful misconduct and customary exclusions, any potential liability of the Company under the transition services agreement (the "**Mortgage Manager TSA**") to be entered into in connection with the Mortgage Manager Purchase Agreement. The Mortgage Manager TSA Insurance shall be purchased to cover acts of the Company under the Mortgage Manager TSA through June 30, 2017. The cost per share of Company Common Stock of the premium of the Mortgage Manager TSA Insurance, calculated on a fully diluted basis using the treasury stock method, shall be referred to as the "**Mortgage Manager TSA Insurance Amount**."

ARTICLE VI

CONDITIONS TO THE MERGERS

Section 6.1 Conditions to the Obligations of Each Party. The respective obligations of each party to consummate the Mergers and the transactions contemplated by this Agreement are subject to the satisfaction or (to the extent permitted by Law) waiver by the Company and Parent at or prior to the Adviser Merger Effective Time of the following conditions:

- (a) Parent shall have obtained the Parent Stockholder Approval and the Company shall have obtained the Company Stockholder Approval;
- (b) the Parent Stock Issuance and the issuance of shares of Parent Common Stock upon the conversion of any instruments exchangeable therefor or convertible thereto shall have been approved for listing on NASDAQ, subject to official notice of issuance;

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(c) the Form N-14 shall have become effective under the Securities Act and shall not be the subject of any stop order or Proceedings seeking a stop order;

(d) (i) any applicable waiting period (and any extension thereof) under Antitrust Law relating to the consummation of the Mergers shall have expired or early termination thereof shall have been granted and (ii) any authorization or consent from a Governmental Authority required to be obtained with respect to the Mergers under any Antitrust Law shall have been obtained and shall remain in full force and effect;

(e) no Governmental Authority of competent jurisdiction shall have issued or entered any Order that is then in effect and has the effect of restraining, enjoining or otherwise prohibiting the consummation of the Mergers;

(f) any authorization or consent from a Governmental Authority required to be obtained with respect to the Mergers as set forth on Section 6.1(f) of the Company Disclosure Letter shall have been obtained and shall remain in full force and effect;

(g) the consummation of the transactions contemplated by the Mortgage Manager Purchase Agreement shall have occurred (or shall occur concurrently or substantially concurrently with the Closing) and the Company shall have received aggregate cash proceeds of \$562,000,000 without giving effect to and prior to (i) any adjustments or payments contemplated by the Mortgage Manager Purchase Agreement or (ii) any debt repayments required or caused by the Merger, this Agreement or the Mortgage Manager Purchase Agreement or the transactions contemplated hereby or thereby; and

(h) Consenting AUM shall be equal to or greater than seventy-five percent (75%) of Aggregate AUM.

Section 6.2 Conditions to Obligations of Parent, Acquisition Sub and IHAM to Effect the Mergers. The obligations of Parent, Acquisition Sub and IHAM to effect the Mergers and the transactions contemplated by this Agreement are subject to the satisfaction or (to the extent permitted by Law) waiver by Parent at or prior to the Adviser Merger Effective Time of the following additional conditions:

(a) each of the representations and warranties of the Company or Subsidiary Adviser, as applicable, (i) contained in Section 3.2(a) shall be true and correct in all respects (other than de minimis inaccuracies) when made and as of the Closing Date as though made on and as of the Closing Date, (ii) contained in Sections 3.2(b), 3.2(c), 3.2(d), 3.3(a), 3.23, 3.24 and 3.25 (together with Section 3.2(a), the "**Company Fundamental Representations**") shall be true and correct in all material respects, without giving effect to any materiality or "Company Material Adverse Effect" qualifications therein, when made and as of the Closing Date as though made on and as of the Closing Date (except to the extent such representations and warranties are expressly made as of a specific date, in which case such representations and warranties shall be so true and correct as of such specific date only) and (iii) contained in this Agreement (other than the Company Fundamental Representations), without giving effect to any materiality or "Company Material Adverse Effect" qualifications therein, shall be true and correct when made and as of the Closing Date as though made on and as of the Closing Date (except to the extent such representations and warranties are expressly made as of a specific date, in which case such representations and warranties shall be so true and correct as of such specific date only), except for such failures to be true and correct as would not, individually or in the aggregate, have a Company Material Adverse Effect;

(b) the Company shall have performed or complied in all material respects with its obligations required under this Agreement to be performed or complied with on or prior to the Closing Date;

(c) Parent shall have received a certificate signed by an executive officer of the Company certifying as to the matters set forth in Section 6.2(a), Section 6.2(b) and Section 6.2(e); and

Annex A-80

(d) since the date of this Agreement, there shall not have occurred and be continuing any Company Material Adverse Effect.

Section 6.3 Conditions to Obligation of the Company and Subsidiary Adviser to Effect the Mergers. The obligation of the Company and Subsidiary Adviser to effect the Mergers and the transactions contemplated by this Agreement is further subject to the satisfaction or (to the extent permitted by Law) waiver by the Company at or prior to the Adviser Merger Effective Time of the following additional conditions:

(a) each of the representations and warranties of Parent, Acquisition Sub and IHAM, as applicable, (i) contained in Section 4.2(a) shall be true and correct in all respects (other than de minimis inaccuracies) when made and as of the Closing Date as though made on and as of the Closing Date, (ii) contained in Sections 4.2(b), 4.2(c), 4.2(d), 4.3(a), 4.20, 4.22 and 4.23 (together with Section 4.2(a), the "**Parent Fundamental Representations**") shall be true and correct in all material respects without giving effect to any materiality or "Parent Material Adverse Effect" qualifications therein, when made and as of the Closing Date as though made on and as of the Closing Date (except to the extent such representations and warranties are expressly made as of a specific date, in which case such representations and warranties shall be so true and correct as of such specific date only) and (iii) contained in this Agreement (other than the Parent Fundamental Representations), without giving effect to any materiality or "Parent Material Adverse Effect" qualifications therein, shall be true and correct when made and as of the Closing Date as though made on and as of the Closing Date (except to the extent such representations and warranties are expressly made as of a specific date, in which case such representations and warranties shall be so true and correct as of such specific date only), except for such failures to be true and correct as would not, individually or in the aggregate, have a Parent Material Adverse Effect;

(b) Parent or Acquisition Sub shall have performed or complied in all material respects with its obligations required under this Agreement to be performed or complied with on or prior to the Closing Date;

(c) the Company shall have received a certificate signed by an executive officer of Parent certifying as to the matters set forth in Section 6.3(a), Section 6.3(b) and Section 6.3(f); and

(d) since the date of this Agreement, there shall not have occurred and be continuing any Parent Material Adverse Effect.

Section 6.4 Frustration of Closing Conditions. Neither Parent nor Acquisition Sub may rely on the failure of any condition set forth in Section 6.1 or Section 6.2 to be satisfied if such failure was primarily caused by the failure of Parent or Acquisition Sub to perform any of its material obligations under this Agreement. The Company may not rely on the failure of any condition set forth in Section 6.1 or Section 6.3 to be satisfied if such failure was primarily caused by its failure to perform any of its material obligations under this Agreement.

ARTICLE VII

TERMINATION, AMENDMENT AND WAIVER

Section 7.1 Termination. Notwithstanding anything contained in this Agreement to the contrary, this Agreement may be terminated at any time prior to the Adviser Merger Effective Time, whether before or after the Company Stockholder Approval or Parent Stockholder Approval is obtained (except as otherwise expressly noted), as follows:

(a) by mutual written consent of each of Parent and the Company; or

(b) by either Parent or the Company, if:

(i) the Mergers shall not have been consummated on or before 5:00 p.m. (New York time) on May 23, 2017 (the "**Termination Date**"); provided, that if the Mergers have not been consummated on or before the Termination Date, but on such date all of the conditions set forth in Article VI shall have been satisfied or waived other than the condition set forth in Section 6.1(g) to consummate the transactions contemplated by the Mortgage Manager Purchase Agreement or an Alternative Mortgage Manager Transaction and those conditions that by their nature are to be satisfied by action taken at the Closing, then neither the Company nor Parent is permitted to terminate this Agreement pursuant to this Section 7.1(b)(i) until August 23, 2017 (the "**Extension Date**"); provided, further, that the right to terminate this Agreement pursuant to this Section 7.1(b)(i) shall not be available to any party if the failure of such party to perform or comply with any of its obligations under this Agreement has been the principal cause of or resulted in the failure of the Closing to have occurred on or before the Termination Date or Extension Date, as applicable;

(ii) prior to the Adviser Merger Effective Time, any Governmental Authority of competent jurisdiction shall have issued or entered any Order or taken any other action permanently restraining, enjoining or otherwise prohibiting the transactions contemplated by this Agreement, and such Order or other action shall have become final and non-appealable; provided, however, that the right to terminate this Agreement under this Section 7.1(b)(ii) shall not be available to a party if the issuance of such Order or taking of such action was proximately caused by the failure of such party, and in the case of Parent, including the failure of Acquisition Sub, to perform or comply with any of its obligations under this Agreement;

(iii) the Company Stockholder Approval shall not have been obtained upon a vote taken thereon at the Company Stockholders' Meeting duly convened therefor or at any adjournment or postponement thereof; or

(iv) the Parent Stockholder Approval shall not have been obtained; provided, that such termination right may not be exercised until the day immediately preceding the Termination Date; or

(c) by the Company if:

(i) Parent, Parent External Adviser, Acquisition Sub or IHAM shall have breached or failed to perform any of their respective representations, warranties, covenants or other agreements set forth in this Agreement, which breach or failure to perform (A) would result in the failure of a condition set forth in Section 6.3 and (B) is not capable of being cured by Parent, Parent External Adviser, Acquisition Sub or IHAM, as applicable, by the Termination Date or Extension Date, as applicable, or, if capable of being cured, shall not have been cured by Parent or Acquisition Sub on or before the earlier of (x) the Termination Date or Extension Date, as applicable, and (y) the date that is thirty (30) calendar days following the Company's delivery of written notice to Parent of such breach or failure to perform; provided, that the Company shall not have the right to terminate this Agreement pursuant to this Section 7.1(c)(i) if the Company is then in material breach of any of its material obligations under this Agreement so as to result in the failure of a condition set forth in Section 6.2;

(ii) at any time prior to the receipt of the Parent Stockholder Approval, the Parent Board shall have made a Parent Adverse Recommendation Change or Parent shall have failed to include in the Joint Proxy Statement the Parent Recommendation;

(iii) Parent enters into a definitive agreement with respect to a Superior Proposal; or

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(iv) at any time prior to receipt of the Company Stockholder Approval, in order for the Company to enter into a definitive agreement with respect to a Superior Proposal to the extent permitted by, and subject to the applicable terms and conditions of, Section 5.6; provided, that (A) such proposal did not arise from a material breach of any of the provisions set forth in Section 5.6 and (B) prior to or simultaneously with such termination the Company pays Parent the Company Termination Fee.

(d) by Parent if:

(i) the Company or Subsidiary Adviser shall have breached or failed to perform any of its representations, warranties, covenants or other agreements set forth in this Agreement, which breach or failure to perform (A) would result in the failure of a condition set forth in Section 6.2 and (B) is not capable of being cured by the Company or Subsidiary Adviser by the Termination Date or Extension Date, as applicable, or, if capable of being cured, shall not have been cured by the Company on or before the earlier of (x) the Termination Date or Extension Date, as applicable, and (y) the date that is thirty (30) calendar days following Parent's delivery of written notice to the Company of such breach or failure to perform; provided, that Parent shall not have the right to terminate this Agreement pursuant to this Section 7.1(d)(i) if Parent or an Acquisition Sub is then in material breach of any of its material obligations under this Agreement so as to result in the failure of a condition set forth in Section 6.3;

(ii) at any time prior to the receipt of the Company Stockholder Approval, the Company Board shall have made a Company Adverse Recommendation Change or the Company shall have failed to include in the Joint Proxy Statement the Company Recommendation;

(iii) the Company enters into a definitive agreement with respect to a Superior Proposal; or

(iv) at any time prior to receipt of the Parent Stockholder Approval, in order for Parent to enter into a definitive agreement with respect to a Superior Proposal to the extent permitted by, and subject to the applicable terms and conditions of, Section 5.6; provided, that (A) such proposal did not arise from a material breach of any of the provisions set forth in Section 5.6 and (B) prior to or simultaneously with such termination Parent pays the Company the Parent Termination Fee.

Section 7.2 Effect of Termination. In the event that this Agreement is terminated and the Mergers abandoned pursuant to Section 7.1, written notice thereof shall be given by the terminating party to the other party, specifying the provisions hereof pursuant to which such termination is made, and this Agreement shall forthwith become null and void and of no effect without liability on the part of any party hereto, and all rights and obligations of any party hereto shall cease; provided, however, that, except as otherwise provided in Section 7.3 or in any other provision of this Agreement, no such termination shall relieve any party hereto of any liability or damages resulting from any intentional or willful breach of this Agreement prior to such termination or fraud, in which case, except as provided in Section 7.3, the aggrieved party shall be entitled to all remedies available at law or in equity; and provided, further, that the Confidentiality Agreements, this Section 7.2, Section 7.3, Section 7.6 and Article VIII shall survive any termination of this Agreement pursuant to Section 7.1.

Section 7.3 Termination Fees.

(a) If, but only if, this Agreement is terminated by:

(i) Parent pursuant to Section 7.1(b)(i) or Section 7.1(d)(i) or either Parent or the Company pursuant to Section 7.1(b)(iii), and in any such case (x) prior to such termination (or of the Company Stockholders' Meeting in the case of termination pursuant to Section 7.1(b)(iii)), a Competing Proposal that has been made after the date of this Agreement shall have been publicly disclosed and not withdrawn prior to such date and (y) within twelve (12) months after such termination, the Company enters into a definitive agreement with respect to a Competing Proposal

Annex A-83

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

with a Third Party, which transaction is thereafter consummated (regardless of when such transaction is consummated) (provided, however, that for purposes of this Section 7.3(a)(i), the references to "twenty percent (20%)" in the definition of Competing Proposal shall be deemed to be references to "sixty-six and two-thirds percent (66 2/3%)");

- (ii) the Company pursuant to Section 7.1(c)(iv); or
- (iii) Parent pursuant to Section 7.1(d)(ii) or Section 7.1(d)(iii);

then, in any such case, the Company shall pay, or cause to be paid, to Parent the Company Termination Fee.

Any payments required to be made under this Section 7.3(a) shall be made by wire transfer of same day funds to the account or accounts designated by Parent, (x) in the case of clause (i) above, on the same day as the consummation of the transaction contemplated therein, (y) in the case of clause (ii) above, immediately prior to or substantially concurrently with such termination and (z) in the case of clause (iii) above, promptly, but in no event later than three (3) Business Days after the date of such termination.

(b) If, but only if, this Agreement is terminated by:

(i) the Company pursuant to Section 7.1(b)(i) or Section 7.1(c)(i) or either Parent or the Company pursuant to Section 7.1(b)(iv), and in any such case (x) prior to such termination (or of the Parent Stockholders' Meeting in the case of termination pursuant to Section 7.1(b)(iv)), a Competing Proposal that has been made after the date of this Agreement shall have been publicly disclosed and not withdrawn prior to such date and (y) within twelve (12) months after such termination, Parent enters into a definitive agreement with respect to a Competing Proposal with a Third Party, which transaction is thereafter consummated (regardless of when such transaction is consummated) (provided, however, that for purposes of this Section 7.3(b)(i), the references to "twenty percent (20%)" in the definition of Competing Proposal shall be deemed to be references to "sixty-six and two-thirds percent (66 2/3%)");

- (ii) Parent pursuant to Section 7.1(d)(iv); or
- (iii) the Company pursuant to Section 7.1(c)(ii) or Section 7.1(c)(iii);

then, in any such case, Parent shall pay, or cause to be paid, to the Company the Parent Termination Fee.

Any payments required to be made under this Section 7.3(b) shall be made by wire transfer of same day funds to the account or accounts designated by the Company, (x) in the case of clause (i) above, on the same day as the consummation of the transaction contemplated therein, (y) in the case of clause (ii) above, immediately prior to or substantially concurrently with such termination and (z) in the case of clause (iii) above, promptly, but in no event later than three (3) Business Days after the date of such termination.

(c) Notwithstanding anything to the contrary set forth in this Agreement, the parties agree that in no event shall the Company be required to pay the Company Termination Fee on more than one occasion or Parent be required to pay the Parent Termination Fee on more than once occasion.

(d) Notwithstanding anything to the contrary set forth in this Agreement, Parent's right to receive payment from the Company of the Company Termination Fee pursuant to Section 7.3(a) and/or the right to receive payment of the Parent Expenses pursuant to Section 7.3(f), shall, in circumstances in which the Company Termination Fee or Parent Expenses (as applicable) are owed, constitute the sole and exclusive monetary remedy (other than Parent's right, after having received the Parent Expenses, to receive the Company Termination Fee less the Parent Expenses in the circumstances expressly contemplated in Section 7.3(a)) of Parent and Acquisition Sub against the Company and its

Subsidiaries (including the members of the Subsidiary Adviser Group) and any of their respective former, current or future general or limited partners, stockholders, members, managers, directors, officers, employees, agents, Representatives or assignees (collectively, the "**Company Related Parties**") for all losses and damages suffered as a result of the failure of the transactions contemplated by this Agreement to be consummated or for a breach or failure to perform hereunder or otherwise, and upon payment of such amounts, none of the Company Related Parties shall have any further liability or obligation relating to or arising out of this Agreement or the transactions contemplated hereby (except that the Company shall also be obligated with respect to Section 7.3(e) and Section 7.6). Notwithstanding anything to the contrary set forth in this Agreement, the Company's right to receive payment from Parent of the Parent Termination Fee pursuant to Section 7.3(b) and/or the right to receive payment of the Company Expenses pursuant to Section 7.3(g), shall, in circumstances in which the Parent Termination Fee or Company Expenses (as applicable) are owed, constitute the sole and exclusive monetary remedy (other than the Company's right, after having received the Company Expenses, to receive the Parent Termination Fee less the Company Expenses in the circumstances expressly contemplated in Section 7.3(b)) of the Company against Parent and its Subsidiaries and any of their respective former, current or future general or limited partners, stockholders, members, managers, directors, officers, employees, agents, Representatives or assignees (collectively, the "**Parent Related Parties**") and any Financing Source for all losses and damages suffered as a result of the failure of the transactions contemplated by this Agreement to be consummated or for a breach or failure to perform hereunder or otherwise, and upon payment of such amounts, no Parent Related Party or Financing Source shall have any further liability or obligation relating to or arising out of this Agreement or the transactions contemplated hereby (except that Parent shall also be obligated with respect to Section 7.3(e) and Section 7.6).

(e) Each of the parties hereto acknowledges that (i) the agreements contained in this Section 7.3 are an integral part of the transactions contemplated by this Agreement, (ii) each of the Company Termination Fee, Parent Termination Fee, Company Expenses and Parent Expenses is not a penalty, but is liquidated damages, in a reasonable amount that will compensate the Company or Parent, as applicable, in the circumstances in which such fee or expenses are payable for the efforts and resources expended and opportunities foregone while negotiating this Agreement and in reliance on this Agreement and on the expectation of the consummation of the transactions contemplated hereby, which amount would otherwise be impossible to calculate with precision and (iii) without these agreements, the parties would not enter into this Agreement; accordingly, if the Company or Parent, as applicable, fails to timely pay any amount due pursuant to this Section 7.3 and, in order to obtain such payment, Parent or the Company, as applicable, commences a suit that results in a judgment against the other for the payment of any amount set forth in this Section 7.3, the Company or Parent, as applicable, shall pay the other its costs and expenses in connection with such suit (including reasonable attorneys' fees), together with interest on such amount at an annual rate equal to the prime rate as published in The Wall Street Journal in effect on the date such payment was required to be made through the date such payment was actually received, or such lesser rate as is the maximum permitted by Applicable Law.

(f) In the event this Agreement is terminated pursuant to Section 7.1(b)(iii), then the Company shall pay Parent (by wire transfer of immediately available funds) the reasonable and documented out-of-pocket fees and expenses of counsel, accountants, investment bankers, experts and consultants incurred by Parent and Acquisition Sub in connection with this Agreement and the transactions contemplated by this Agreement in an amount not to exceed \$15,000,000 (the "**Parent Expenses**"); provided, that any payment of the Parent Expenses shall not affect Parent's right to receive any Company Termination Fee otherwise due under Section 7.3(a), but shall reduce, on a dollar for dollar basis, any Company Termination Fee that becomes due and payable under Section 7.3(a).

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(g) In the event this Agreement is terminated pursuant to Section 7.1(b)(iv), then Parent shall pay the Company (by wire transfer of immediately available funds) the reasonable and documented out-of-pocket fees and expenses of counsel, accountants, investment bankers, experts and consultants incurred by the Company in connection with this Agreement and the transactions contemplated by this Agreement in an amount not to exceed \$15,000,000 (the "**Company Expenses**"); provided, that any payment of the Company Expenses shall not affect the Company's right to receive any Parent Termination Fee otherwise due under Section 7.3(b), but shall reduce, on a dollar for dollar basis, any Parent Termination Fee that becomes due and payable under Section 7.3(b).

(h) Notwithstanding anything to the contrary set forth in this Agreement, in the event that the Company is obligated to pay, or cause to be paid, to Parent the Company Termination Fee under Section 7.3(a), the Company shall pay an amount equal to the lesser of (i) the Company Termination Fee and (ii) the sum of (A) the maximum amount that can be paid to Parent without causing Parent to fail to meet the requirements of Section 851(b)(2) of the Code determined as if the payment of such amount did not constitute income described in Section 851(b)(2) of the Code ("**Qualifying Income**"), as determined by Parent's independent certified public accountants, plus (B) in the event Parent receives either (1) a letter from Parent's counsel indicating that Parent has received a ruling from the IRS holding that the receipt by Parent of the Company Termination Fee would either constitute Qualifying Income or would be excluded from gross income for purposes of Section 851 of the Code or (2) an opinion from Parent's outside counsel to the effect that the receipt by Parent of the Company Termination Fee would either constitute Qualifying Income or would be excluded from gross income for purposes of Section 851 of the Code, an amount equal to the Company Termination Fee less the amount payable under clause (A) above. The Company agrees to amend this Section 7.3 at the reasonable request of Parent in order to (x) maximize the portion of the Company Termination Fee that may be distributed to Parent hereunder without causing Parent to fail to meet the requirements of Section 851(b)(2) of the Code, (y) improve Parent's chances of securing a favorable ruling described in this Section 7.3(h) or (z) assist Parent in obtaining a favorable legal opinion from its outside counsel as described in this Section 7.3(h).

(i) Notwithstanding anything to the contrary contained herein, the Company (solely on behalf of itself) (i) waives any rights or claims and (ii) agrees not to commence any Proceeding, in each case against any Financing Source in connection with this Agreement, the Debt Commitment Letter, the Debt Financing or in respect of any other document or any of the transactions contemplated hereby or thereby or any theory of law or equity (whether in tort, contract or otherwise) or in respect of any oral or written representations made or alleged to be made in connection herewith or therewith and agrees to cause any such Proceeding caused by the Company (solely on behalf of itself) to be dismissed and otherwise terminated. In furtherance and not in limitation of the foregoing waiver, it is acknowledged and agreed that no Financing Source shall have any liability for any claims or damages to the Company, its Subsidiaries or any Company Related Party in connection with this Agreement, the Debt Commitment Letter, the Debt Financing or the transactions contemplated hereby or thereby; provided, that nothing herein to the contrary shall prohibit (A) Parent from enforcing its rights directly against the Financing Sources under the Debt Commitment Letter or the Debt Financing or causing the Financing Sources to fund (including by seeking specific performance thereunder) pursuant to the Debt Commitment Letter or the Debt Financing (and Parent agrees to do so consistent with its covenants and obligations in this Agreement), provided, however, that for the avoidance of doubt, nothing in this Section 7.3(i) shall require Parent or any of its Subsidiaries to commence a Proceeding against any Financing Source to enforce the terms of the Debt Commitment Letter, and (B) the Company and Subsidiary Adviser from seeking specific performance pursuant to Section 8.9 to cause Parent to consummate the Mergers and the other transactions contemplated hereby.

(j) Notwithstanding anything to the contrary contained herein, each Financing Source (solely on behalf of itself) (i) waives any rights or claims, other than any rights or claims related to Section 7.4, Section 8.5, Section 8.7, Section 8.8, Section 8.10 and Section 8.12, and (ii) agrees not to commence

any Proceeding, in each case against the Company, due to any breach or alleged breach of this Agreement or the Debt Commitment Letter. Notwithstanding the foregoing, no Financing Source waives any defenses in connection with any Proceeding commenced by any Person other than such Financing Source. In furtherance and not in limitation of the foregoing waiver, but without altering the terms of the Debt Financing or affecting the rights or remedies of the Financing Sources thereunder, it is acknowledged and agreed that neither the Company nor any of its Subsidiaries prior to the Company Merger Effective Time shall have any liability for any claims or damages waived in this Agreement to such Financing Source in connection with this Agreement or the Debt Commitment Letter.

Section 7.4 Amendment. This Agreement may be amended by mutual agreement of the parties hereto in writing at any time before or after receipt of the Company Stockholder Approval or Parent Stockholder Approval; provided, however, that (a) after the Company Stockholder Approval or Parent Stockholder Approval has been obtained, there shall not be any amendment that by Applicable Law or in accordance with the rules of any stock exchange requires further approval by the stockholders of the Company or Parent, as applicable, without such further approval of such stockholders nor any amendment or change not permitted under Applicable Law and (b) without the prior written consent of the Financing Sources, no amendment shall be made to this Agreement that would adversely affect the rights of the Financing Sources as set forth in Section 8.5, Section 8.7, Section 8.8, Section 8.10 and Section 8.12.

Section 7.5 Extension; Waiver. At any time prior to the Adviser Merger Effective Time, subject to Applicable Law, any party hereto may (a) extend the time for the performance of any obligation or other act of any other party hereto, (b) waive any inaccuracy in the representations and warranties of the other party contained herein or in any document delivered pursuant hereto and (c) waive compliance with any agreement or condition contained herein. Any such extension or waiver shall only be valid if set forth in an instrument in writing signed by the party or parties to be bound thereby. Notwithstanding the foregoing, no failure or delay by the Company, Parent or Acquisition Sub in exercising any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise of any other right hereunder. Any agreement on the part of a party hereto to any such extension or waiver shall be valid only if set forth in an instrument in writing signed on behalf of such party.

Section 7.6 Expenses; Transfer Taxes. Except as expressly set forth herein (including Section 7.3), all expenses incurred in connection with this Agreement and the transactions contemplated by this Agreement shall be paid by the party incurring such expenses, whether or not the Mergers are consummated, provided, that Parent shall pay all costs and expenses in connection with the filings of the notification and report forms under the HSR Act in connection with the transactions contemplated by this Agreement. Other than Taxes imposed upon holders of Company Common Stock, Company Options or Company Incentive Awards, Parent shall pay all (i) transfer, stamp and documentary Taxes or fees and (ii) sales, use, gains, real property transfer and other similar Taxes or fees arising out of or in connection with this Agreement.

ARTICLE VIII

GENERAL PROVISIONS

Section 8.1 Non-Survival of Representations, Warranties and Agreements. The representations and warranties and covenants and agreements (to the extent such covenant or agreement contemplates or requires performance prior to the Closing) in this Agreement and any certificate delivered pursuant hereto by any Person shall terminate at the Company Merger Effective Time or, except as provided in Section 7.2, upon the termination of this Agreement pursuant to Section 7.1, as the case may be, except that this Section 8.1 shall not limit any covenant or agreement of the parties which by its terms contemplates performance after the Company Merger Effective Time or after termination of this Agreement, including those contained in Section 5.7 and Section 5.10.

or to such other address, electronic mail address or facsimile number for a party as shall be specified in a notice given in accordance with this Section 8.2; provided, that any notice received by facsimile transmission or electronic mail or otherwise at the addressee's location on any Business Day after 5:00 P.M. (addressee's local time) or on any day that is not a Business Day shall be deemed to have been received at 9:00 A.M. (addressee's local time) on the next Business Day; provided, further, that notice of any change to the address or any of the other details specified in or pursuant to this Section 8.2 shall not be deemed to have been received until, and shall be deemed to have been received upon, the later of the date specified in such notice or the date that is five (5) Business Days after such notice would otherwise be deemed to have been received pursuant to this Section 8.2.

Section 8.3 Interpretation: Certain Definitions.

(a) The parties have participated collectively in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted collectively by the parties, and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provisions of this Agreement.

(b) Disclosure of any fact, circumstance or information in any Section of the Company Disclosure Letter or Parent Disclosure Letter shall be deemed to be disclosure of such fact, circumstance or information with respect to any other Section of the Company Disclosure Letter or Parent Disclosure Letter, respectively, if it is reasonably apparent that such disclosure relates to any such other Section. The inclusion of any item in the Company Disclosure Letter or Parent Disclosure Letter shall not be deemed to be an admission or evidence of materiality of such item.

(c) The words "hereof," "herein," "hereby," "hereunder" and "herewith" and words of similar import shall refer to this Agreement as a whole and not to any particular provision of this Agreement.

References to articles, sections, paragraphs, exhibits, annexes and schedules are to the articles, sections and paragraphs of, and exhibits, annexes and schedules to, this Agreement, unless otherwise specified, and the table of contents and headings in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. Whenever the words "include," "includes" or "including" are used in this Agreement, they shall be deemed to be followed by the phrase "without limitation." Words describing the singular number shall be deemed to include the plural and vice versa, words denoting any gender shall be deemed to include all genders, words denoting natural persons shall be deemed to include business entities and vice versa and references to a Person are also to its permitted successors and assigns. The phrases "the date of this Agreement" and "the date hereof" and terms or phrases of similar import shall be deemed to refer to May 23, 2016, unless the context requires otherwise. References to any statute shall be deemed to refer to such statute as amended from time to time and to any rules or regulations promulgated thereunder (provided, that for purposes of any representations and warranties contained in this Agreement that are made as of a specific date or dates, references to any statute shall be deemed to refer to such statute, as amended, and to any rules or regulations promulgated thereunder, in each case, as of such date). Terms defined in the text of this Agreement have such meaning throughout this Agreement, unless otherwise indicated in this Agreement, and all terms defined in this Agreement shall have the meanings when used in any certificate or other document made or delivered pursuant hereto unless otherwise defined therein. Any Law defined or referred to herein or in any agreement or instrument that is referred to herein means such Law as from time to time amended, modified or supplemented, including (in the case of statutes) by succession of comparable successor Laws (provided, that for purposes of any representations and warranties contained in this Agreement that are made as of a specific date or dates, references to any statute shall be deemed to refer to such statute, as amended, and to any rules or regulations promulgated thereunder, in each case, as of such date). All references to "dollars" or "\$" refer to currency of the United States.

Section 8.4 Severability. If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction or other authority to be invalid, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the Mergers be consummated as originally contemplated to the fullest extent possible.

Section 8.5 Assignment. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties hereto (whether by operation of Law or otherwise) without the prior written consent of the other parties; provided, that Parent may assign this Agreement, effective at and after the Closing, to the Financing Sources and any parties providing the Debt Financing pursuant to the terms thereof for purposes of creating a security interest herein or otherwise assign as collateral in respect of such Debt Financing. Subject to the preceding sentence, this Agreement will be binding upon, inure to the benefit of and be enforceable by the parties and their respective permitted successors and assigns. Any attempted assignment in violation of this Section 8.5 shall be null and void.

Section 8.6 Entire Agreement. This Agreement (including the exhibits, annexes and appendices hereto) constitutes, together with the Company Support Agreements, Elliott Support Agreement, Parent Support Agreements, Confidentiality Agreements, Company Disclosure Letter and Parent Disclosure Letter, the entire agreement, and supersedes all other prior agreements and understandings, both written and oral, among the parties, or any of them, with respect to the subject matter hereof.

Section 8.7 No Third-Party Beneficiaries. This Agreement is not intended to and shall not confer upon any Person other than the parties hereto any rights or remedies hereunder; provided,

however, that it is specifically intended that the D&O Indemnified Parties (with respect to Section 5.7 and this Section 8.7 from and after the Company Merger Effective Time), Parent External Adviser (with respect to Article II, Section 3.29, Section 4.30, Section 4.31, Section 5.4(g), Section 5.5(a), Section 5.9, Section 5.10(a), Section 5.10(b), Section 5.10(f) and this Section 8.7) and the Financing Sources (with respect to Section 7.4, Section 8.5, this Section 8.7, Section 8.8, Section 8.10 and Section 8.12), regardless of whether the Debt Financing contemplated by the Debt Commitment Letter is consummated, are intended third-party beneficiaries hereof.

Section 8.8 Governing Law. This Agreement and all Proceedings (whether based on contract, tort or otherwise) arising out of or relating to this Agreement or the actions of Parent, Acquisition Sub or the Company in the negotiation, administration, performance and enforcement thereof, shall be governed by, and construed in accordance with the laws of the State of Delaware, without giving effect to any choice or conflict of laws provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the State of Delaware. Notwithstanding the foregoing, each of the parties agrees that any interpretation of any commitment letters, including the Debt Commitment Letter, or fee letters related to the Debt Financing and all matters relating thereto, shall be governed and construed in accordance with the domestic laws of the State of New York, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of New York or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the State of New York.

Section 8.9 Specific Performance. The parties agree that irreparable damage for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that any party hereto does not perform the provisions of this Agreement (including failing to take such actions as are required of it hereunder to consummate this Agreement) in accordance with its specified terms or otherwise breach such provisions. Accordingly, the parties acknowledge and agree that, prior to any termination of this Agreement pursuant to Article VII and subject to Section 7.3(d), the parties shall be entitled to an injunction, specific performance and other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof, in addition to any other remedy to which they are entitled at law or in equity. Each of the parties agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief on the basis that any other party has an adequate remedy at law or that any award of specific performance is not an appropriate remedy for any reason at law or in equity. Any party seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement shall not be required to provide any bond or other security in connection with any such order or injunction.

Section 8.10 Consent to Jurisdiction.

(a) Each of the parties hereto hereby (a) expressly and irrevocably submits to the exclusive personal jurisdiction of the Delaware Court of Chancery or any federal court sitting in the State of Delaware in the event any dispute arises out of this Agreement or the transactions contemplated hereby, (b) agrees that it will not attempt to deny or defeat such personal jurisdiction by motion or other request for leave from any such court, (c) agrees that it will not bring any action relating to this Agreement or the transactions contemplated hereby in any court other than the Delaware Court of Chancery or any federal court sitting in the State of Delaware and (d) waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any Proceeding arising out of or relating to this Agreement. Each of Parent, Parent External Adviser, Acquisition Sub and the Company agrees that a final and nonappealable judgment in any Proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by Law.

(b) Each party irrevocably consents to the service of process outside the territorial jurisdiction of the courts referred to in Section 8.10(a) in any such Proceeding by mailing copies thereof by registered

or certified United States mail, postage prepaid, return receipt requested, to its address as specified in or pursuant to Section 8.2. However, the foregoing shall not limit the right of a party to effect service of process on the other party by any other legally available method.

(c) Notwithstanding anything to the contrary in this Agreement, each of the parties hereto agrees that it will not bring or support any action, cause of action, claim, cross-claim or third-party claim of any kind or description, whether in law or in equity, whether in contract or in tort or otherwise, against the Financing Sources and their respective current, former or future directors, officers, general or limited partners, stockholders, members, managers, controlling persons, Affiliates, employees or Representatives in any way relating to this Agreement or any of the transactions contemplated by this Agreement, including any dispute arising out of or relating in any way to the Debt Financing or the performance thereof, in any forum other than the Supreme Court of the State of New York, County of New York, or, if under applicable law exclusive jurisdiction is vested in the federal courts, the United States District Court for the Southern District of New York (and appellate courts thereof).

Section 8.11 Counterparts. This Agreement may be executed in multiple counterparts, all of which shall together be considered one and the same agreement. Delivery of an executed signature page to this Agreement by electronic transmission shall be as effective as delivery of a manually signed counterpart of this Agreement.

Section 8.12 WAIVER OF JURY TRIAL. **EACH OF PARENT, PARENT EXTERNAL ADVISER, ACQUISITION SUB AND THE COMPANY HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED ON CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE ACTIONS OF PARENT, ACQUISITION SUB OR THE COMPANY IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE AND ENFORCEMENT THEREOF, IN EACH CASE INCLUDING ANY LEGAL PROCEEDING AGAINST ANY FINANCING SOURCE ARISING OUT OF OR RELATED TO THE TRANSACTIONS CONTEMPLATED HEREBY OR THE DEBT FINANCING.**

APPENDIX A

DEFINITIONS

As used in this Agreement, the following terms shall have the following meanings:

"**2013 Indenture**" shall have the meaning set forth in Section 5.11.

"**Acceptable Confidentiality Agreement**" shall have the meaning set forth in Section 5.6(d).

"**Acquisition Sub**" shall have the meaning set forth in the Preamble.

"**Adverse Recommendation Change**" shall have the meaning set forth in Section 5.6(e).

"**Adviser**" shall have the meaning set forth in Section 3.12(b).

"**Adviser Merger Certificate of Merger**" shall have the meaning set forth in Section 1.3(a)(i).

"**Adviser Merger Effective Time**" shall have the meaning set forth in Section 1.3(a)(i).

"**Adviser Merger**" shall have the meaning set forth in the Recitals.

"**Adviser Merger Surviving Entity**" shall have the meaning set forth in Section 1.1.

"**Advisory Agreement**" shall mean any Contract entered into by a member of the Subsidiary Adviser Group with a Fund for the purpose of acting as an investment adviser, investment manager or investment sub-adviser. (For the avoidance of doubt, an Advisory Agreement in respect of a CLO/CDO Issuer shall, for all purposes of this Agreement, be defined as and deemed both an "Advisory Agreement" and a "Collateral Management Agreement").

"**Affiliate**" shall mean, with respect to any Person, any individual, partnership, corporation, entity or other Person that directly, or indirectly through one or more intermediaries, Controls, is Controlled by, or is under common Control with, the first Person specified; provided, that: (a) no Portfolio Company or Controlled Affiliate of a Portfolio Company (other than Subsidiary Adviser and its Consolidated Subsidiaries (other than the Specified Energy and Infrastructure Companies)) shall be an Affiliate of the Company or any Controlled Affiliate thereof (including Subsidiary Adviser and its Consolidated Subsidiaries), (b) no Fund or Controlled Affiliate of a Fund shall be an Affiliate of the Company or any Controlled Affiliate thereof (including Subsidiary Adviser and its Consolidated Subsidiaries), (c) no Portfolio Company or Controlled Affiliate of a Portfolio Company shall be an Affiliate of Parent or any Controlled Affiliate thereof and (d) following consummation of the Mortgage Manager Purchase Agreement, none of Mortgage Manager and its Subsidiaries shall be an Affiliate of the Company or any Affiliate thereof.

"**Aggregate AUM**" shall mean the aggregate AUM in respect of all Funds (other than the CDO Fund) as of the Base Date (which aggregate amount is set forth in Section 3.19(c) of the Company Disclosure Schedule).

"**Agreement**" shall have the meaning set forth in the Preamble.

"**Alternate Mortgage Manager Transaction**" shall have the meaning set forth in Section 5.20.

"**Alternative Financing**" shall have the meaning set forth in Section 5.19(d).

"**Antitrust Laws**" shall have the meaning set forth in Section 3.4.

"**Applicable Law**" shall mean any domestic or foreign federal, state or local statute, law (whether statutory or common law), ordinance, rule, administrative interpretation, regulation, order, writ, judgment or directive (including those of any self-regulatory organization) applicable to and legally binding on the Company, any Fund, Parent, Acquisition Sub, the Company or any of their respective Affiliates, directors, employees or agents, as the case may be.

"**Articles of Merger**" shall have the meaning set forth in Section 1.3(a).

"**AUM**" shall have the meaning set forth in Section 3.19(c).

"**Base Date**" shall mean March 31, 2016.

"**BDC**" shall have the meaning set forth in Section 3.1.

"**Blue Sky Laws**" shall mean state securities or "blue sky" laws.

"**Book-Entry Shares**" shall have the meaning set forth in Section 2.2(a)(ii).

"**Business Day**" shall mean any day other than a Saturday, Sunday or a day on which all banking institutions in New York, New York are authorized or obligated by Law or executive order to close.

"**Cash Consideration**" shall have the meaning set forth in Section 2.2(a)(ii).

"**CDO Fund**" shall mean ACAS CRE CDO 2007-1, Ltd., a Cayman Islands exempted company with limited liability.

"**Certificates**" shall have the meaning set forth in Section 2.2(a)(ii).

"**CLO Indenture**" shall mean each indenture of each CLO/CDO Issuer.

"**CLO/CDO Issuer**" shall have the meaning set forth in Section 3.13(h).

"**Closing**" shall have the meaning set forth in Section 1.2.

"**Closing Date**" shall have the meaning set forth in Section 1.2.

"**Code**" shall mean the Internal Revenue Code of 1986, as amended.

"**Collateral Management Agreement**" shall mean each collateral management agreement or similar Advisory Agreement in respect of a CLO/CDO Issuer whereby a member of the Subsidiary Adviser Group has agreed to manage assets or provide advice with respect to the management of assets, including synthetic assets (e.g., any notional "basket" of instruments), of such CLO/CDO Issuer.

"**Company**" shall have the meaning set forth in the Preamble.

"**Company Adverse Recommendation Change**" shall have the meaning set forth in Section 5.3(b).

"**Company Agreements**" shall mean all employment, change in control, severance and other compensation plans, agreements and arrangements existing immediately prior to the execution of this Agreement that are between the Company or any of its Consolidated Subsidiaries and any director, officer or employee thereof or maintained by the Company or any of its Consolidated Subsidiaries.

"**Company Benefit Plan**" shall have the meaning set forth in Section 3.16(a).

"**Company Board**" shall have the meaning set forth in the Recitals.

"**Company Common Stock**" shall have the meaning set forth in Section 2.2(a)(i).

"**Company Confidentiality Agreement**" shall mean the confidentiality agreement, dated February 5, 2016, as amended on March 16, 2016, between Parent and the Company.

"**Company Disclosure Letter**" shall mean the disclosure letter delivered by the Company to Parent simultaneously with the execution of this Agreement.

"**Company Expenses**" shall have the meaning set forth in Section 7.3(g).

"**Company Fundamental Representations**" shall have the meaning set forth in Section 6.2(a).

"**Company Incentive Award**" shall mean an incentive award under the Performance Incentive Plans.

Appendix A-2

"**Company Leased Real Property**" shall have the meaning set forth in Section 3.20(b).

"**Company Material Adverse Effect**" shall mean any fact, circumstance, event, change, occurrence or effect that would have or would reasonably be expected to have, individually or in the aggregate, a material adverse effect on, or is or would reasonably be expected to be or to become materially adverse to, (1) the business, condition (financial or otherwise), properties, liabilities, assets or results of operations of the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a whole, or (2) the ability of the Company to timely perform its obligations under this Agreement or consummate the transactions contemplated by this Agreement; provided, however, that none of the following (or the results thereof) shall constitute or be taken into account in determining whether a Company Material Adverse Effect shall have occurred or exists or would reasonably be expected to occur or exist, with respect to clause (1) above: (i) changes in general economic, financial market, business or geopolitical conditions; (ii) general changes or developments in any of the industries or markets in which the Company, any of its Subsidiaries (including the Subsidiary Adviser Group), any Fund or any of the Portfolio Companies operate (or applicable portions or segments of such industries or markets); (iii) changes in any Applicable Laws or applicable accounting regulations or principles or interpretations thereof; (iv) any change in the price or trading volume of the Company's, any of the Funds' or any of the Portfolio Companies' securities or other financial instruments, in and of itself (provided, that the facts or occurrences giving rise to or contributing to such change that are not otherwise excluded from the definition of "Company Material Adverse Effect" may be taken into account in determining whether there has been a Company Material Adverse Effect); (v) any failure by the Company, any of the Funds or any of the Portfolio Companies to meet published analyst estimates or expectations of the Company's, such Fund's or such Portfolio Company's revenue, earnings or other financial performance or results of operations for any period, in and of itself (provided, that the facts or occurrences giving rise to or contributing to such failure that are not otherwise excluded from the definition of "Company Material Adverse Effect" may be taken into account in determining whether there has been a Company Material Adverse Effect); (vi) any failure by the Company, any of its Subsidiaries (including the Subsidiary Adviser Group), any of the Funds or any Portfolio Company to meet its internal or published projections, budgets, plans or forecasts of its revenues, earnings or other financial performance or results of operations, in and of itself (provided, that the facts or occurrences giving rise to or contributing to such failure that are not otherwise excluded from the definition of "Company Material Adverse Effect" may be taken into account in determining whether there has been a Company Material Adverse Effect); (vii) any outbreak or escalation of hostilities or war or any act of terrorism, or any acts of God or natural disasters; (viii) the initiation of litigation by any Person with respect to this Agreement or the Mortgage Manager Purchase Agreement or the transactions contemplated hereby or thereby; (ix) any action taken by (A) the Company, any of its Subsidiaries (including the Subsidiary Adviser Group), any Fund or any Portfolio Company, in each case that is expressly required to be taken pursuant to this Agreement, or (B) the Company or any of its Affiliates, Mortgage Manager or any of its Subsidiaries, or any REIT, in each case that is expressly required to be taken pursuant to the Mortgage Manager Purchase Agreement; (x) any actions taken (or omitted to be taken) at the request of Parent to the extent taken in accordance with such request (other than pursuant to Section 5.1); (xi) the termination of the investment advisory relationship with any Fund (including the termination of any Advisory Agreements); and (xii) the termination of the employment of any person employed by the Company and any of its Subsidiaries (including the Subsidiary Adviser Group) resulting from the announcement or pendency of this Agreement); provided, that the facts, circumstances, events, changes, occurrences or effects set forth in clauses (i) through (iii) and (vii) above shall be taken into account in determining whether a Company Material Adverse Effect has occurred to the extent (but only to such extent) such facts, circumstances, events, changes, occurrences or effects have a disproportionate impact on the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group, taken as a

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

whole, relative to the other participants in the industries in which the Company, its Consolidated Subsidiaries and the members of the Subsidiary Adviser Group operate.

"**Company Material Contract**" shall have the meaning set forth in Section 3.19(a).

"**Company Merger**" shall have the meaning set forth in the Recitals.

"**Company Merger Certificate of Merger**" shall have the meaning set forth in Section 1.4(a)(i).

"**Company Merger Effective Time**" shall have the meaning set forth in Section 1.4(a)(i).

"**Company Merger Surviving Corporation**" shall have the meaning set forth in Section 1.1.

"**Company Option**" shall mean each outstanding option to purchase shares of Company Common Stock under any of the Company Benefit Plans.

"**Company Permits**" shall have the meaning set forth in Section 3.5(a).

"**Company Recommendation**" shall mean the recommendation of the Company Board that the stockholders of the Company adopt this Agreement and approve the transactions contemplated hereby, including the Company Merger.

"**Company Related Parties**" shall have the meaning set forth in Section 7.3(d).

"**Company SEC Documents**" shall have the meaning set forth in Section 3.6(a).

"**Company Stockholder Approval**" shall have the meaning set forth in Section 3.23.

"**Company Stockholders' Meeting**" shall have the meaning set forth in Section 5.3(b).

"**Company Support Agreements**" shall have the meaning set forth in the Recitals.

"**Company Termination Fee**" shall mean \$140,000,000.

"**Competing Proposal**" shall have the meaning set forth in Section 5.6(h)(i).

"**Confidentiality Agreements**" shall mean, together, the Company Confidentiality Agreement and the Parent Confidentiality Agreement.

"**Consent**" shall have the meaning set forth in Section 3.4.

"**Consenting AUM**" shall mean the aggregate AUM as of the Base Date for all Consenting Funds (for the avoidance of doubt, such aggregate amount to be calculated based on the AUM as of the Base Date for each applicable Fund set forth opposite the name of such Fund in Section 3.19(c) of the Company Disclosure Letter).

"**Consenting Fund**" shall mean (a) the Regulated Fund, if the Regulated Fund is deemed to have consented as contemplated by in Section 5.4(d)(ii) or the Regulated Fund Board has approved an interim Advisory Agreement as contemplated by Section 5.4(d)(iv); (b) each Non-Regulated Fund (other than the CDO Fund and the European Funds) in respect of which (i) the consent of such Non-Regulated Fund to the "assignment" (as defined in the Investment Advisers Act or, if applicable, other Applicable Law) of its Advisory Agreement resulting from the consummation of the transactions contemplated hereby (if and to the extent required by the terms of such Advisory Agreement and/or Applicable Law, and in the manner required by the terms of such Advisory Agreement and/or Applicable Law) has been obtained no later than the second (2nd) Business Day prior to Closing or (ii) the Adviser that provides investment advisory services to such Non-Regulated Fund pursuant to an Advisory Agreement has been transferred or sold to a Third Party (with the prior written consent of Parent) prior to the Closing; and (c) each European Fund. For the avoidance of doubt, the consents described in this definition of "Consenting Fund" do not and are not intended to include any consent,

approval or waiver that may be necessary or required as a result of any action taken pursuant to the Restructuring.

"**Consolidated Subsidiary**" shall mean, with respect to any Person, any other Person, whether incorporated or unincorporated, that is consolidated or required to be consolidated with such Person for financial reporting purposes under GAAP; provided, that (a) no Portfolio Company or Consolidated Subsidiary of a Portfolio Company (including Subsidiary Adviser and its Consolidated Subsidiaries) shall be a Consolidated Subsidiary of the Company or any Consolidated Subsidiary thereof, (b) no Fund or Consolidated Subsidiary of a Fund shall be a Consolidated Subsidiary of (i) the Company or any Consolidated Subsidiary thereof or (ii) Subsidiary Adviser or a Consolidated Subsidiary thereof, (c) no Portfolio Company or Consolidated Subsidiary of a Portfolio Company shall be a Consolidated Subsidiary of Parent or any Consolidated Subsidiary thereof, (d) no Portfolio Company or Consolidated Subsidiary of a Portfolio Company (other than Subsidiary Adviser and its Consolidated Subsidiaries (other than the Specified Energy and Infrastructure Companies)) shall be a Consolidated Subsidiary of Subsidiary Adviser or any Consolidated Subsidiary thereof, and (e) following consummation of the Mortgage Manager Purchase Agreement, none of Mortgage Manager and its Subsidiaries shall be a Consolidated Subsidiary of (i) the Company or any Consolidated Subsidiary thereof or (ii) Subsidiary Adviser or any Consolidated Subsidiary thereof.

"**Contract**" shall mean any written contract, subcontract, lease, sublease, conditional sales contract, purchase order, sales order, task order, delivery order, license, indenture, note, bond, loan, instrument, understanding, permit, concession, franchise, commitment, partnership, limited liability company or other agreement.

"**Control**" shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities or partnership or other interests, by contract or otherwise. For purposes of this definition, a general partner or managing member of a Person shall always be considered to Control such Person. The terms "Controlling" and "Controlled" shall have correlative meanings.

"**Credit Suisse**" shall have the meaning set forth in Section 3.24.

"**D&O Indemnified Parties**" shall have the meaning set forth in Section 5.7(a).

"**Debt Commitment Letter**" shall have the meaning set forth in Section 4.21(a).

"**Debt Financing**" shall have the meaning set forth in Section 4.21(a).

"**Delaware Secretary of State**" shall mean the Secretary of State of the State of Delaware.

"**DGCL**" shall have the meaning set forth in the Recitals.

"**Dissenting Shares**" shall have the meaning set forth in Section 2.5.

"**Elliott Support Agreement**" shall have the meaning set forth in the Recitals.

"**Environmental Laws**" shall mean all applicable and legally enforceable Laws relating to pollution or protection of the environment, including Laws relating to Releases of Hazardous Materials and the manufacture, processing, distribution, use, treatment, storage, Release, transport or handling of Hazardous Materials, including the Federal Water Pollution Control Act (33 U.S.C. §1251 et seq.), the Resource Conservation and Recovery Act of 1976 (42 U.S.C. §6901 et seq.), the Safe Drinking Water Act (42 U.S.C. §3000(f) et seq.), the Toxic Substances Control Act (15 U.S.C. §2601 et seq.), the Clean Air Act (42 U.S.C. §7401 et seq.), the Oil Pollution Act of 1990 (33 U.S.C. §2701 et seq.), the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (42 U.S.C. §9601 et seq.), the Endangered Species Act of 1973 (16 U.S.C. §1531 et seq.), and other similar state and local statutes, in effect as of the date hereof.

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

"**ERISA**" shall mean the Employee Retirement Income Security Act of 1974, as amended.

"**European Funds**" shall mean the Non-Regulated Funds listed under "European Funds" in Section 3.13(a) of the Company Disclosure Letter.

"**Exchange Act**" shall mean the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder.

"**Exchange Agent**" shall have the meaning set forth in Section 2.3(a).

"**Exchange Fund**" shall have the meaning set forth in Section 2.3(a).

"**Exchange Ratio**" shall have the meaning set forth in Section 2.2(a)(ii).

"**Existing Credit Facilities**" shall mean (a) the Senior Secured Term Loan Credit Agreement, dated as of August 22, 2012, among the Company, the lenders party thereto and JPMorgan Chase Bank, N.A., as administrative agent (as amended); (b) the Senior Secured Revolving Credit Agreement, dated as of August 22, 2012, among the Company, the lenders party thereto and JPMorgan Chase Bank, N.A., as administrative agent (as amended); and (c) the Second Amended and Restated Credit Agreement, dated as of December 11, 2015, among ACAS Funding I, LLC, the lenders party thereto and Bank of America, N.A., as administrative agent (as amended).

"**Extension Date**" shall have the meaning set forth in Section 7.1(b)(i).

"**FCPA**" shall mean the U.S. Foreign Corrupt Practices Act of 1977, as amended.

"**Fee Letter**" shall have the meaning set forth in Section 4.21(a).

"**Financing Sources**" shall have the meaning set forth in Section 5.19(c).

"**Forecasts**" shall have the meaning set forth in Section 4.30.

"**Form N-14**" shall have the meaning set forth in Section 3.7.

"**Funds**" shall mean the Non-Regulated Funds and the Regulated Fund.

"**GAAP**" shall mean the United States generally accepted accounting principles.

"**Goldman Sachs**" shall have the meaning set forth in Section 3.24.

"**Governmental Authority**" shall mean any United States (federal, state or local) or foreign government, or any governmental, regulatory, judicial or administrative authority, agency or commission.

"**Hard 8 Restructuring**" shall mean the restructuring of the Company's investment in Hard 8 Games, LLC, in a manner reasonably acceptable to Parent, in order to exchange the Company's equity investment therein for a convertible debt instrument and no other corporate governance rights (except limited board or other governing body observer rights).

"**Hazardous Materials**" shall mean all substances defined as "Hazardous Substances," "Oils," "Pollutants" or "Contaminants" in the National Oil and Hazardous Substances Pollution Contingency Plan, 40 C.F.R. § 300.5, or defined as such by, or regulated as such under, any Environmental Law.

"**HSR Act**" shall mean the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and the rules and regulations thereunder.

"**IHAM**" shall have the meaning set forth in the Recitals.

"**IHAM GP**" shall have the meaning set forth in the Recitals.

"**Incentive Award Payment**" shall have the meaning set forth in Section 2.4(b).

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

"**Indebtedness**" shall mean (a) any indebtedness or other obligation for borrowed money, whether current, short term or long term and whether secured or unsecured, (b) any indebtedness evidenced by a note, bond, debenture or other Security or similar instrument, (c) any liabilities or obligations with respect to interest rate swaps, collars, caps and similar hedging obligations, (d) any capitalized lease obligations, (e) any direct or contingent obligations under letters of credit, bankers' acceptances, bank guarantees, surety bonds and similar instruments, each to the extent drawn upon and unpaid, (f) any obligation to pay the deferred purchase price of property or services (other than trade accounts payable in the ordinary course of business) and (g) guarantees in respect of clauses (a) through (f).

"**Intellectual Property Rights**" shall have the meaning set forth in Section 3.17(b).

"**Intended Tax Treatment**" shall have the meaning set forth in Section 5.17(a).

"**Internal Controls**" shall have the meaning set forth in Section 3.8.

"**Investment Advisers Act**" shall mean the Investment Advisers Act of 1940, as amended, and the rules and regulations of the SEC promulgated thereunder.

"**Investment Company Act**" shall mean the Investment Company Act of 1940, as amended, and the rules and regulations of the SEC promulgated thereunder.

"**IRS**" shall mean the United States Internal Revenue Service.

"**Joint Proxy Statement**" shall have the meaning set forth in Section 3.7.

"**Knowledge**" shall mean the actual knowledge of each of the following officers and employees of the Company, Parent or Parent External Adviser, as applicable, after reasonable inquiry by each such person of each such person's direct reports: (i) for the Company: Malon Wilkus, John R. Erickson, Samuel A. Flax and Brian Graff; (ii) for Parent: Michael Arougheti, Kipp deVeer, Penni Roll, Joshua Bloomstein, Scott Lem and Mitch Goldstein; and (iii) for Parent External Adviser: Michael D. Weiner, Joshua Bloomstein and Naseem Sagati.

"**Law**" shall mean any and all domestic (federal, state or local) or foreign laws, rules, regulations, orders, judgments or decrees promulgated by any Governmental Authority.

"**Lien**" shall mean liens, claims, mortgages, encumbrances, pledges, contracts, security interests, easements or charges of any kind.

"**LP Act**" shall have the meaning set forth in the Recitals.

"**Make-up Dividend Amount**" shall mean an amount per share in cash, without interest, equal to the sum of (a) to the extent the Company Merger Effective Time occurs after the Make-up Dividend Amount Record Date with respect to the dividend payable for the fourth quarter of 2016, the product of (i) 0.375 multiplied by (ii) the Exchange Ratio multiplied by (iii) the per share dividend amount declared by Parent with respect to the fourth quarter of 2016, plus (b) to the extent the Company Merger Effective Time occurs after the Make-up Dividend Amount Record Date with respect to the dividend payable for the first quarter of 2017, the product of (i) 0.75 multiplied by (ii) the Exchange Ratio multiplied by (iii) the per share dividend amount declared by Parent with respect to the dividend payable with respect to the first quarter of 2017, plus (c) to the extent the Company Merger Effective Time occurs after any Make-up Dividend Amount Record Date with respect to any dividend payable for any calendar quarter beginning with the second quarter of 2017, for each such quarter, the product of (i) the Exchange Ratio multiplied by (ii) the per share dividend amount declared by Parent with respect to such quarter.

"**Make-up Dividend Amount Record Date**" shall mean the earlier of (a) the quarterly dividend record date of Parent for the applicable quarter and (b) such earlier ex-dividend date pursuant to

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

which a holder of Parent Common Stock is entitled to fully participate in the applicable quarterly dividend of Parent declared for the holders of Parent Common Stock as of such record date.

"**Merger Consideration**" shall have the meaning set forth in Section 2.2(a)(ii).

"**Mergers**" shall have the meaning set forth in the Recitals.

"**MGCL**" shall have the meaning set forth in the Recitals.

"**Mortgage Manager**" shall have the meaning set forth in the Recitals.

"**Mortgage Manager Buyer**" shall have the meaning set forth in the Recitals.

"**Mortgage Manager Cash Consideration**" shall have the meaning set forth in Section 2.2(a)(ii).

"**Mortgage Manager Purchase Agreement**" shall have the meaning set forth in the Recitals.

"**Mortgage Manager TSA**" shall have the meaning set forth in Section 5.23.

"**Mortgage Manager TSA Insurance**" shall have the meaning set forth in Section 5.23.

"**Mortgage Manager TSA Insurance Amount**" shall have the meaning set forth in Section 5.23.

"**MTGE REIT**" shall have the meaning set forth in the Recitals.

"**NASDAQ**" means The NASDAQ Stock Market.

"**Nevada Gaming Commission Approval**" shall have the meaning set forth in Section 3.4.

"**Non-Regulated Fund**" shall mean any pooled investment vehicle (including any CLO/CDO Issuer) for which a member of the Subsidiary Adviser Group acts as investment adviser or sub-adviser, or as general partner, managing member or sponsor, other than (a) the Regulated Fund and (b) any carry vehicle (or functionally equivalent) entity.

"**Non-Regulated Fund Financial Statement**" shall have the meaning set forth in Section 3.13(f).

"**Notice of Adverse Recommendation**" shall have the meaning set forth in Section 5.6(f).

"**Notice of Superior Proposal**" shall have the meaning set forth in Section 5.6(f).

"**Option Consideration**" shall mean (a) an amount of cash equal to the positive difference, if any, between the Total Cash Consideration and the Total Cash Exercise Price and (b) a number of shares of Parent Common Stock equal to (i) the positive difference, if any, between the Total Share Consideration and the Total Share Exercise Price divided (ii) by the Parent Measurement Price.

"**Order**" shall mean any decree, order, judgment, injunction, temporary restraining order or other order in any Proceeding by or with any Governmental Authority.

"**Parent**" shall have the meaning set forth in the Preamble.

"**Parent Administration Agreement**" shall mean the Amended and Restated Administration Agreement, dated June 1, 2007, between Parent and Ares Operations LLC.

"**Parent Adverse Recommendation Change**" shall have the meaning set forth in Section 5.3(c).

"**Parent Board**" shall have the meaning set forth in the Recitals.

"**Parent Cash Consideration**" shall have the meaning set forth in Section 2.2(a)(ii).

"**Parent Common Stock**" shall have the meaning set forth in the Recitals.

"**Parent Confidentiality Agreement**" shall mean the confidentiality agreement, dated April 15, 2016, between Parent and the Company.

Appendix A-8

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

"**Parent Disclosure Letter**" shall mean the disclosure letter delivered by Parent to the Company simultaneously with the execution of this Agreement.

"**Parent Exemptive Order**" shall have the meaning set forth in Section 4.4(b).

"**Parent Expenses**" shall have the meaning set forth in Section 7.3(f).

"**Parent External Adviser**" shall have the meaning set forth in the Preamble.

"**Parent External Adviser Cash Consideration**" shall have the meaning set forth in Section 2.2(a)(ii).

"**Parent External Adviser Organizational Documents**" shall mean the certificate of incorporation, bylaws (or equivalent organizational or governing documents), and other organizational or governing documents, agreements or arrangements, each as amended to date, of Parent External Adviser.

"**Parent External Adviser Permits**" shall have the meaning set forth in Section 4.29(d)(i).

"**Parent External Advisory Agreement**" shall mean the Restated Investment Advisory and Management Agreement, dated June 6, 2011, between Parent and Parent External Adviser.

"**Parent Forecasts**" shall have the meaning set forth in Section 3.29.

"**Parent Fundamental Representations**" shall have the meaning set forth in Section 6.3(a).

"**Parent Leased Real Property**" shall have the meaning set forth in Section 4.18(b).

"**Parent Material Adverse Effect**" shall mean any fact, circumstance, event, change, occurrence or effect that would have or would reasonably be expected to have, individually or in the aggregate, a material adverse effect on, or is or would reasonably be expected to be or to become materially adverse to, (1) the business, condition (financial or otherwise), properties, liabilities, assets or results of operations of Parent and its Subsidiaries, taken as a whole, or (2) the ability of Parent to timely perform its obligations under this Agreement or consummate the transactions contemplated by this Agreement; provided, however, that none of the following shall constitute or be taken into account in determining whether a Parent Material Adverse Effect shall have occurred or exists or would reasonably be expected to occur or exist, with respect to clause (1) above: (i) changes in general economic, financial market, business or geopolitical conditions; (ii) general changes or developments in any of the industries or markets in which Parent or its Subsidiaries operate (or applicable portions or segments of such industries or markets); (iii) changes in any Applicable Laws or applicable accounting regulations or principles or interpretations thereof; (iv) any change in the price or trading volume of Parent's securities, in and of itself (provided, that the facts or occurrences giving rise to or contributing to such change that are not otherwise excluded from the definition of "Parent Material Adverse Effect" may be taken into account in determining whether there has been a Parent Material Adverse Effect); (v) any failure by Parent to meet published analyst estimates or expectations of Parent's revenue, earnings or other financial performance or results of operations for any period, in and of itself (provided, that the facts or occurrences giving rise to or contributing to such failure that are not otherwise excluded from the definition of "Parent Material Adverse Effect" may be taken into account in determining whether there has been a Parent Material Adverse Effect); (vi) any failure by Parent to meet its internal or published projections, budgets, plans or forecasts of its revenues, earnings or other financial performance or results of operations, in and of itself (provided, that the facts or occurrences giving rise to or contributing to such failure that are not otherwise excluded from the definition of "Parent Material Adverse Effect" may be taken into account in determining whether there has been a Parent Material Adverse Effect); (vii) any outbreak or escalation of hostilities or war or any act of terrorism, or any acts of God or natural disasters; (viii) the initiation of litigation by any Person with respect to this Agreement or the transactions contemplated hereby; (ix) any action taken by Parent or any of its Subsidiaries, in each case which is expressly required to be taken pursuant to this Agreement

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

(other than pursuant to Section 5.2); (x) any actions taken at the request of the Company to the extent taken in accordance with such request; and (xi) the termination of the employment of any person employed by Parent or any of its Subsidiaries resulting from the announcement or pendency of this Agreement; provided, that the facts, circumstances, events, changes, occurrences or effects set forth in clauses (i) through (iii) and (vii) above shall be taken into account in determining whether a Parent Material Adverse Effect has occurred to the extent (but only to such extent) such facts, circumstances, events, changes, occurrences or effects have a disproportionate adverse impact on the Company and its Subsidiaries, taken as a whole, relative to the other participants in the industries in which Parent and its Subsidiaries operate.

"**Parent Material Contract**" shall have the meaning set forth in Section 4.17(a).

"**Parent Measurement Price**" shall mean the volume weighted average trading price of Parent Common Stock on NASDAQ for the five (5) consecutive trading days ending on the trading day immediately preceding the Closing Date.

"**Parent Organizational Documents**" shall mean the charter, bylaws (or equivalent organizational or governing documents), and other organizational or governing documents, agreements or arrangements, each as amended to date, of each of Parent and Acquisition Sub.

"**Parent Permits**" shall have the meaning set forth in Section 4.5(a).

"**Parent Recommendation**" shall mean the recommendation of the Parent Board that the stockholders of Parent approve the Parent Stock Issuance.

"**Parent Related Parties**" shall have the meaning set forth in Section 7.3(d).

"**Parent SEC Documents**" shall have the meaning set forth in Section 4.6(a).

"**Parent Stock Issuance**" shall have the meaning set forth in the Recitals.

"**Parent Stockholder Approval**" shall have the meaning set forth in Section 4.20.

"**Parent Stockholders' Meeting**" shall have the meaning set forth in Section 5.3(c).

"**Parent Support Agreements**" shall have the meaning set forth in the Recitals.

"**Parent Termination Fee**" shall mean \$140,000,000.

"**Payoff Letter**" shall have the meaning set forth in Section 5.16.

"**Pending Sale Agreement**" shall mean any definitive agreement, duly executed and delivered as of the date of this Agreement, relating to the disposition, lease or license (whether by merger, sale of stock, sale of assets or otherwise) of (a) any Portfolio Company investment or (b) any corporation, partnership, limited liability company, other business organization or any division or all or any portion of the assets, business or properties of any other Person, or material amount of assets thereof, in each case which has not, as of the date of this Agreement, been consummated in accordance with its terms.

"**Performance Incentive Plans**" shall mean the American Capital, Ltd. Performance Incentive Plan, the American Capital Mortgage Management, LLC Performance Incentive Plan AGNC, the American Capital Mortgage Management, LLC Performance Incentive Plan MTGE and the American Capital Leveraged Finance Management, LLC Performance Incentive Plan ACSF, in each case as may be amended from time to time.

"**Permitted Lien**" shall mean (a) any Lien for Taxes not yet due or that are being contested in good faith by appropriate Proceedings and for which adequate accruals or reserves have been established in accordance with GAAP, (b) statutory Liens of landlords and Liens of carriers, warehousemen, mechanics, materialmen, repairmen and other Liens imposed by Law, (c) Liens incurred or deposits made in the ordinary course of business in connection with workers' compensation,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

unemployment insurance or other types of social security or foreign equivalents, (d) zoning, building codes, and other land use Laws regulating the use or occupancy of leased real property or the activities conducted thereon that are imposed by any Governmental Authority having jurisdiction over such leased real property and that are not violated by the current use and operation of such leased real property or the operation of the business of the Company and its Subsidiaries (including the Subsidiary Adviser Group), (e) with respect to all leased real property, all Liens encumbering the interest of the fee owner or any superior lessor, sublessor or licensor, (f) Liens or other imperfections of title, if any, that would not, individually or in the aggregate, be material to a Person and its Subsidiaries, taken as a whole, including Liens for any supplemental Taxes or assessments not shown by public records, including refinancings thereof, (g) Liens disclosed on existing title reports or existing surveys, (h) Liens securing acquisition financing with respect to the applicable asset, including refinancing thereof, (i) Liens described in Appendix A-1 to the Company Disclosure Letter, (j) in the case of Intellectual Property Rights, licenses of rights entered into in the ordinary course of business, (k) any other Liens that will be released on or prior to the Closing Date and (l) the replacement, extension or renewal of any of the foregoing.

"**Person**" shall mean an individual, a corporation, a limited liability company, a partnership, an association, a trust or any other entity or organization, including a Governmental Authority.

"**Portfolio Company**" shall mean (a) with respect to the Company, its Consolidated Subsidiaries, the members of the Subsidiary Adviser Group and the Funds, any entity in which the Company or any of its Consolidated Subsidiaries, any member of the Subsidiary Adviser Group or any Fund has made, makes or proposes to make a debt or equity investment that is, would or should be reflected in the Schedule of Investments included in the Company's quarterly or annual reports or, in the case of an investment of a member of the Subsidiary Adviser Group or a Fund, is or would be held for investment purposes, including any Specified Energy and Infrastructure Company, and (b) with respect to Parent, any entity in which Parent or any of its Subsidiaries has made, makes or proposes to make a debt or equity investment that is, would or should be reflected in the Schedule of Investments included in Parent's quarterly or annual reports.

"**Proceedings**" shall mean, legal, administrative, arbitral or other proceedings, suits or actions.

"**Qualifying Income**" shall have the meaning set forth in Section 7.3(h).

"**Regulated Fund**" shall mean American Capital Senior Floating, Ltd, a Maryland corporation.

"**Regulated Fund Board**" shall mean the board of directors of the Regulated Fund.

"**Regulatory Documents**" shall mean, with respect to a Person, all forms, reports, registration statements, schedules and other documents filed, or required to be filed, by such Person pursuant to applicable Securities Laws or the applicable rules and regulations of any United States or foreign governmental or non-governmental self-regulatory organization, agency or authority.

"**REIT**" or "**REITs**" shall have the meaning set forth in the Recitals.

"**Release**" shall mean any actual or threatened release, spill, emission, discharge, leaking, pumping, injection, deposit, disposal, dispersal, leaching or migration of Hazardous Materials, including the movement of Hazardous Materials through or in the air, soil, surface water, groundwater or real property.

"**Representative**" shall mean, with respect to any Person, such Person's Affiliates and its and their respective officers, directors, managers, partners, employees, accountants, counsel, financial advisors, consultants and other advisors or representatives.

"**Required Financing Amount**" shall have the meaning set forth in Section 5.19(d).

"**Restructuring**" shall mean the restructuring described on Schedule A attached hereto.

Appendix A-11

"**Sarbanes-Oxley Act**" means the Sarbanes-Oxley Act of 2002, as amended.

"**SDAT**" shall have the meaning set forth in Section 1.3(a).

"**SEC**" shall mean the United States Securities and Exchange Commission.

"**Securities Act**" shall mean the Securities Act of 1933, as amended, and the rules and regulations promulgated thereunder.

"**Securities Laws**" shall mean the Securities Act, the Exchange Act, the Investment Company Act, the Investment Advisers Act, Blue Sky Laws, all similar foreign securities laws, and the rules and regulations promulgated thereunder.

"**Security**" shall mean, with respect to any Person, any series of common stock, preferred stock and any other equity securities or capital stock of such Person (including interests convertible into or exchangeable or exercisable for any equity interest in any such series of common stock, preferred stock, and any other equity securities or capital stock of such Person), however described and whether voting or non-voting.

"**Share Consideration Value**" shall mean the product of the Exchange Ratio and the Parent Measurement Price.

"**Specified Energy and Infrastructure Company**" shall mean each of the entities listed on Appendix A-2 to the Company Disclosure Letter and each of their respective Controlled Affiliates.

"**Subsidiary**" of a Person shall mean any other Person with respect to which the first Person (a) has the right to elect a majority of the board of directors or other Persons performing similar functions or (b) beneficially owns more than fifty percent (50%) of the voting stock (or of any other form of voting or controlling equity interest in the case of a Person that is not a corporation), in each case, directly or indirectly through one or more other Persons; provided, that (i) no Portfolio Company or Subsidiary of a Portfolio Company (other than Subsidiary Adviser and its Consolidated Subsidiaries (other than the Specified Energy and Infrastructure Companies)) shall be a Subsidiary of the Company or any Subsidiary thereof (including Subsidiary Adviser and its Consolidated Subsidiaries), (ii) no Fund or Subsidiary of a Fund shall be a Subsidiary of the Company or any Subsidiary thereof (including Subsidiary Adviser and its Consolidated Subsidiaries), (iii) following consummation of the Mortgage Manager Purchase Agreement, none of Mortgage Manager and its Subsidiaries shall be a Subsidiary of the Company or any Subsidiary thereof (including Subsidiary Adviser and its Consolidated Subsidiaries), (iv) no Portfolio Company or Subsidiary of a Portfolio Company shall be a Subsidiary of Parent or any Subsidiary thereof, and (v) each of Senior Secured Loan Funding, LLC, Senior Direct Lending Program, LLC and IHAM shall not be a Subsidiary of Parent or any Subsidiary thereof.

"**Subsidiary Adviser**" shall have the meaning set forth in the Recitals.

"**Subsidiary Adviser Group**" shall mean Subsidiary Adviser and its Consolidated Subsidiaries; provided, that (a) no Portfolio Company or Subsidiary of a Portfolio Company (other than Subsidiary Adviser and its Consolidated Subsidiaries (other than the Specified Energy and Infrastructure Companies)) shall be a member of the Subsidiary Adviser Group, (b) no Fund or Consolidated Subsidiary of a Fund shall be a member of the Subsidiary Adviser Group and (c) following consummation of the Mortgage Manager Purchase Agreement, none of Mortgage Manager and its Subsidiaries shall be a member of the Subsidiary Adviser Group.

"**Superior Proposal**" shall have the meaning set forth in Section 5.6(h)(ii).

"**Tax**" or "**Taxes**" shall mean any and all taxes, fees, levies, duties, tariffs, imposts, and other similar charges (together with any and all interest, penalties and additions to tax) imposed by any Governmental Authority or Taxing Authority, whether disputed or not, including taxes or other charges on or with respect to income, franchises, windfall or other profits, gross receipts, property, sales, use,

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

capital stock, payroll, employment, social security, workers' compensation, unemployment compensation, or net worth, and taxes or other charges in the nature of excise, withholding, ad valorem, stamp, transfer, value added, or gains taxes.

"**Tax Returns**" shall mean returns, reports and information statements, including any schedule or attachment thereto, with respect to Taxes required to be filed with the IRS or any other Governmental Authority or Taxing Authority.

"**Taxing Authority**" shall mean any Governmental Authority having jurisdiction over the assessment, determination, collection or other imposition of any Tax.

"**Termination Date**" shall have the meaning set forth in Section 7.1(b)(i).

"**Third Party**" shall mean any Person or group other than Parent, Acquisition Sub and their respective Affiliates.

"**Total Cash Consideration**" shall mean the product of (a) the Cash Consideration and (b) the number of shares of Company Common Stock subject to such Company Option immediately prior to the Company Merger Effective Time.

"**Total Cash Exercise Price**" shall mean the aggregate exercise price of all shares of Company Common Stock subject to such Company Option, multiplied by a fraction, (a) the numerator of which is the Cash Consideration and the denominator of which is (b) the sum of (i) the Cash Consideration and the (ii) the Share Consideration Value.

"**Total Share Consideration**" shall mean the product of (a) the Share Consideration Value and (b) the number of shares of Company Common Stock subject to such Company Option immediately prior to the Company Merger Effective Time.

"**Total Share Exercise Price**" shall mean the aggregate exercise price of all shares of Company Common Stock subject to such Company Option reduced by the Total Cash Exercise Price.

"**Treasury Regulations**" shall mean regulations promulgated by the IRS under the Code.

"**Trust**" shall mean the Amended and Restated Trust Agreement by and between American Capital Strategies, Ltd. and Citigroup Institutional Trust Company, dated as of May 10, 2006, as amended.

"**Underwater Option**" shall mean each Company Option with no positive amount of Option Consideration.

"**WARN**" shall have the meaning set forth in Section 5.10(e).

"**WARN Notices**" shall have the meaning set forth in Section 5.10(e).

Opinion of Goldman, Sachs & Co.

PERSONAL AND CONFIDENTIAL

May 23, 2016

Board of Directors
American Capital, Ltd.
Two Bethesda Metro Center
14th Floor
Bethesda, MD 20814

Ladies and Gentlemen:

You have requested our opinion as to the fairness from a financial point of view to the holders (other than Ares Capital Corporation ("Ares"), Ares Capital Management LLC (the "Parent External Adviser"), any holders entering into the Elliott Support Agreement (as defined in the Agreement (as defined below)) and their respective affiliates) of the outstanding shares of common stock, par value \$0.01 per share (the "Shares"), of American Capital, Ltd. (the "Company") of the Consideration (as defined below) to be paid to such holders pursuant to the Agreement and Plan of Merger dated as of May 23, 2016 (the "Agreement") entered into by and among Ares, Orion Acquisition Sub, Inc., a direct wholly owned subsidiary of Ares ("Acquisition Sub"), the Company, American Capital Asset Management, LLC, a wholly owned subsidiary of the Company ("Subsidiary Adviser"), Ivy Hill Asset Management, L.P. ("IHAM"), Ivy Hill Asset Management GP, LLC, in its capacity as general partner of IHAM ("IHAM GP"), and, for limited purposes, the Parent External Adviser.

The Agreement provides for, among other things, the merger of Acquisition Sub with and into the Company, with the Company surviving as a wholly owned subsidiary of Ares (the "Merger"). Pursuant to the Merger, each of the Shares will be converted into the right to receive \$6.41 in cash, without interest, from Ares (the "Parent Cash Consideration"), \$1.20 in cash, without interest, from Parent External Adviser (the "Parent External Adviser Cash Consideration"), \$2.45 in cash, without interest (the "Mortgage Manager Cash Consideration" and, together with the Parent Cash Consideration and the Parent External Adviser Cash Consideration, the "Cash Consideration"), the Make-up Dividend Amount (as defined in the Agreement), if any, and 0.483 of a share, par value \$0.001 per share ("Ares Common Stock"), of Ares (the "Stock Consideration"; together with the Cash Consideration, the "Consideration"). We understand that the Mortgage Manager Cash Consideration is subject to adjustment pursuant to the Agreement, as to which adjustment we express no opinion. We also understand that, concurrently with the closing of the Merger, Subsidiary Adviser will merge with and into IHAM, with IHAM surviving as a wholly owned subsidiary of Ares, as to which merger we express no opinion.

Goldman, Sachs & Co. and its affiliates are engaged in advisory, underwriting and financing, principal investing, sales and trading, research, investment management and other financial and non-financial activities and services for various persons and entities. Goldman, Sachs & Co. and its affiliates and employees, and funds or other entities they manage or in which they invest or have other economic interests or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments of the Company, Ares, any of their respective affiliates and third parties, including Elliott Management, a significant shareholder of the Company ("Elliott"), and Parent External Adviser, an affiliate of Ares, and their respective affiliates and, if applicable, portfolio companies, or any currency or commodity that may be involved in the transactions contemplated by the

Annex B-1

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Agreement (the "Transaction") or the Mortgage Manager Purchase Agreement. We have acted as financial advisor to the Company in connection with, and have participated in certain of the negotiations leading to, the Transaction. We have received and expect to receive additional fees for our services in connection with the Transaction, the principal portion of which is contingent upon consummation of the Transaction, and the Company has agreed to reimburse certain of our expenses arising, and indemnify us against certain liabilities that may arise, out of our engagement. We have provided certain financial advisory and/or underwriting services to the Company and/or its affiliates from time to time. We also have provided certain financial advisory and/or underwriting services to Ares and/or its affiliates from time to time for which our Investment Banking Division has received, and may receive, compensation, including having acted as financial advisor to Energy Investors Funds Group, a portfolio company of Ares, in connection with the sale of two hydroelectric power facilities in May 2015. We also have provided certain financial advisory and/or underwriting services to Parent External Adviser and/or its affiliates from time to time for which our Investment Banking Division has received, and may receive compensation, including having acted as bookrunner with respect to the public offering of 11,363,636 shares of Parent External Adviser's common stock in May 2014; as co-manager with respect to the public offering of 422,000,000 shares of Shanghai Ozner Environmental and Science Company Limited, a portfolio company of Parent External Adviser, in June 2014; as joint bookrunner with respect to a public offering of the Parent External Adviser's 4.000% Senior Notes due 2024 (aggregate principal amount \$250 million) in October 2014; as financial advisor to Advanstar Inc., a portfolio company of Parent External Adviser, in connection with its sale to UBM PLC in December 2014; as joint lead arranger with respect to a \$720 million bank loan to American Tire Distributors Inc., a portfolio company of Parent External Adviser, in March 2015; as joint lead arranger with respect to a \$200 million bank loan to CHG Healthcare Services Inc., a portfolio company of Parent External Adviser, in May 2015; and as co-manager with respect to a public offering of the Parent External Adviser's 5.250% Guaranteed Senior Notes due 2025 (aggregate principal amount \$325 million) in August 2015. We may also in the future provide financial advisory and/or underwriting services to the Company, Ares, Elliott, Parent External Adviser and their respective affiliates and, if applicable, portfolio companies, for which our Investment Banking Division may receive compensation. Affiliates of Goldman, Sachs & Co. also may have co-invested with Ares, Parent External Adviser, Elliott and their respective affiliates from time to time and may have invested in limited partnership units of affiliates of Parent External Adviser and Elliott from time to time and may do so in the future.

In connection with this opinion, we have reviewed, among other things, the Agreement; the Purchase and Sale Agreement by and among Subsidiary Adviser, American Capital Mortgage Management, LLC, a Delaware limited liability company (the "Mortgage Manager"), the Company and American Capital Agency Corp., a Delaware corporation (the "Mortgage Manager Buyer"), dated May 23, 2016 (the "Mortgage Manager Purchase Agreement"); annual reports to stockholders and Annual Reports on Form 10-K of the Company and Ares for the five fiscal years ended December 31, 2015; certain interim reports to stockholders and Quarterly Reports on Form 10-Q of the Company and Ares; certain other communications from the Company and Ares to their respective stockholders; certain publicly available research analyst reports for the Company and Ares; and certain internal financial analyses and forecasts for the Company for each of the years from 2016 to 2018, prepared by the management of the Company (the "Company Forecasts"), including an analysis of the value of certain of the Company's assets (including net asset value estimates) prepared by the management of the Company (the "Valuations") and estimates of the tax benefits to the Company from the Company's deferred tax assets (including anticipated usage of net operating loss carryforwards and the timing thereof) prepared by the management of the Company, certain internal financial analyses and forecasts for Ares, prepared by the management of Ares (the "Ares Forecasts") and certain internal pro-forma financial analyses and forecasts for Ares, prepared by the management of Ares (the "Combined Company Forecasts" and, together with the Company Forecasts and the Ares Forecasts, the "Forecasts"), including certain operating synergies projected by the managements of the Company and

Annex B-2

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Ares, in each case, as approved for our use by the Board. We have also held discussions with members of the senior managements of the Company and Ares regarding their assessment of the strategic rationale for, and the potential benefits of, the Transaction and the past and current business operations, financial condition and future prospects of the Company and Ares; reviewed the reported price and trading activity for the Shares and Ares Common Stock; compared certain financial and stock market information for the Company and Ares with similar information for certain other companies the securities of which are publicly traded; reviewed the financial terms of certain business combinations in the business development company industry; and performed such other studies and analyses, and considered such other factors, as we deemed appropriate.

For purposes of rendering this opinion, we have, with your consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, us, without assuming any responsibility for independent verification thereof. In that regard, we have assumed with your consent, that the Forecasts, including the Valuations, have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company and the Board.

In addition, we have not reviewed individual credit files nor have we made an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance sheet assets and liabilities) of the Company or Ares or any of their respective subsidiaries and, except for the Valuations, we have not been furnished with any such evaluation or appraisal.

We have assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction and the related transactions will be obtained without any adverse effect on the Company or Ares or on the expected benefits of the Transaction or the transactions contemplated by the Mortgage Manager Purchase Agreement in any way meaningful to our analysis. We have assumed that the Transaction will be consummated on the terms set forth in the Agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to our analysis. We have further assumed that the transactions contemplated by the Mortgage Manager Purchase Agreement will be consummated prior to the closing of the Transaction (or concurrently or substantially concurrently with the closing of the Transaction) on the terms set forth in the Mortgage Manager Purchase Agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to our analysis.

Our opinion does not address the underlying business decision of the Company to engage in the Transaction, or the relative merits of the Transaction as compared to any strategic alternatives that may be available to the Company; nor does it address any legal, regulatory, tax or accounting matters. This opinion addresses only the fairness from a financial point of view to the holders (other than Ares, Parent External Adviser, any holders entering into the Elliott Support Agreement and their respective affiliates) of Shares, as of the date hereof, of the Consideration to be paid to such holders pursuant to the Agreement. We do not express any view on, and our opinion does not address, any other term or aspect of the Agreement or Transaction or any term or aspect of any voting, support or other agreement or instrument contemplated by the Agreement or entered into or amended in connection with the Transaction, including, the Make-up Dividend Amount, any allocation of the Consideration, the form or structure of the Transaction, the Mortgage Manager Purchase Agreement or the transactions contemplated thereby, the fairness of the Transaction to, or any consideration received in connection therewith by, the holders of any other class of securities, creditors, or other constituencies of the Company and the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of the Company, or class of such persons, in connection with the Transaction, whether relative to the Consideration to be paid to the holders (other than Ares, Parent External Adviser, any holders entering into the Elliott Support Agreement and their respective affiliates) of Shares pursuant to the Agreement or otherwise. We are not expressing any opinion as to the prices at which shares of Ares Common Stock will trade at any time or as to the impact of the

Annex B-3

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Transaction on the solvency or viability of the Company, Ares, Parent External Adviser, Subsidiary Adviser, IHAM, IHAM GP, the Mortgage Manager or the Mortgage Manager Buyer the ability of the Company, Ares, Parent External Adviser, Subsidiary Adviser, IHAM, IHAM GP, the Mortgage Manager or the Mortgage Manager Buyer to pay their respective obligations when they come due. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to us as of, the date hereof and we assume no responsibility for updating, revising or reaffirming this opinion based on circumstances, developments or events occurring after the date hereof. Our advisory services and the opinion expressed herein are provided for the information and assistance of the Board of Directors of the Company in connection with its consideration of the Transaction and such opinion does not constitute a recommendation as to how any holder of Shares should vote with respect to such Transaction or any other matter. This opinion has been approved by a fairness committee of Goldman, Sachs & Co.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Consideration to be paid to holders (other than Ares, Parent External Adviser, any holders entering into the Elliott Support Agreement and their respective affiliates) of Shares pursuant to the Agreement is fair from a financial point of view to such holders.

Very truly yours,

/s/ GOLDMAN, SACHS & CO.

GOLDMAN, SACHS & CO.

Annex B-4

Opinion of Credit Suisse Securities (USA) LLC

May 23, 2016

Board of Directors
American Capital, Ltd.
Two Bethesda Metro Center
14th Floor
Bethesda, MD 20814

Members of the Board:

You have asked us to advise you with respect to the fairness to the holders of common stock, par value \$0.01 per share ("Company Common Stock"), of American Capital, Ltd. (the "Company"), other than Ares Capital Corporation (the "Acquiror"), the Acquiror External Adviser (as defined below), any holders entering into the Elliott Support Agreement (as defined in the Merger Agreement (as defined below)) and their respective affiliates (collectively, the "Excluded Persons"), from a financial point of view, of the Merger Consideration (as defined below) to be received by such stockholders pursuant to the terms of the Agreement and Plan of Merger (the "Merger Agreement") dated as of May 23, 2016 by and among the Company, the Acquiror, Orion Acquisition Sub, Inc., a direct wholly owned subsidiary of the Acquiror ("Acquisition Sub"), American Capital Asset Management, LLC, a wholly owned subsidiary of the Company ("Subsidiary Adviser"), Ivy Hill Asset Management, L.P. ("IHAM"), Ivy Hill Asset Management GP, LLC, in its capacity as general partner of IHAM, and, for limited purposes, Ares Capital Management LLC (the "Acquiror External Adviser").

The Merger Agreement provides for, among other things, the merger of Acquisition Sub with and into the Company, with the Company surviving as a wholly owned subsidiary of the Acquiror (the "Merger"). Pursuant to the Merger, each outstanding share of Company Common Stock will be converted into the right to receive \$6.41 in cash, without interest, from the Acquiror (the "Parent Cash Consideration"), \$1.20 in cash, without interest, from Acquiror External Adviser (the "Parent External Adviser Cash Consideration"), \$2.45 in cash, without interest (the "Mortgage Manager Cash Consideration" and, together with the Parent Cash Consideration and the Parent External Adviser Cash Consideration, the "Cash Consideration"), the Make-up Dividend Amount (as defined in the Merger Agreement), if any, and 0.483 shares, par value \$0.001 per share ("Acquiror Common Stock"), of the Acquiror (the "Acquiror Share Consideration" and, together with the Cash Consideration, the "Merger Consideration"). We understand that the Mortgage Manager Cash Consideration is subject to adjustment pursuant to the Merger Agreement, as to which adjustment we express no opinion. We also understand that, concurrently with the closing of the Merger, Subsidiary Adviser will merge with and into IHAM, with IHAM surviving as a wholly owned subsidiary of the Acquiror, as to which we express no opinion.

In arriving at our opinion, we have reviewed the Merger Agreement, certain related agreements, including the Purchase and Sale Agreement by and among Subsidiary Adviser, American Capital Mortgage Management, LLC, a Delaware limited liability company, the Company and American Capital Agency Corp., a Delaware corporation, dated May 23, 2016 (the "Mortgage Manager Purchase Agreement"), and certain publicly available business and financial information relating to the Company and the Acquiror. We have also reviewed certain other information relating to the Company and the Acquiror, including (a) financial forecasts relating to the Company for each of the years from 2016 to 2018, prepared by the management of the Company (the "Company Forecasts") and (b) financial forecasts relating to the Acquiror, prepared by the management of the Acquiror (the "Acquiror Forecasts"), in each case as approved for our use by the Company's management and the Board. The Company's management and the Board have directed us to use and rely on the Company Forecasts and

Annex C-1

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

the Acquiror Forecasts for purposes of our analyses. In addition, we have met with the Company's management and the Acquiror's management to discuss the business and prospects of the Company and the Acquiror, respectively, as well as their assessment of the strategic rationale for, and the potential benefits of, the Merger. We have also considered certain financial and stock market data of the Company and the Acquiror, and we have compared that data with similar data for other publicly held companies in businesses we deemed similar to those of the Company and the Acquiror and we have considered, to the extent publicly available, the financial terms of certain other business combinations and other transactions which have been effected. We also considered such other information, financial studies, analyses and investigations and financial, economic and market criteria which we deemed relevant.

In connection with our review, we have not independently verified any of the foregoing information, and we have assumed and relied upon such information being complete and accurate in all material respects. With respect to the Company Forecasts, the management of the Company and the Board have advised us, and we have assumed, that such forecasts have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of the Company and the Board as to the future financial performance of the Company, including the timing and valuation of forecasted asset sales and forecasted cost savings. With respect to the Acquiror Forecasts, the managements of the Company and the Acquiror and the Board have advised us, and we have assumed, that such forecasts have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the managements of the Company and the Acquiror and the Board as to the future financial performance of the Acquiror. We express no opinion with respect to the Company Forecasts or the Acquiror Forecasts or the assumptions upon which they are based. The Company's management and the Board have directed us to use and rely on the estimates of the management of the Company and the Board as to the tax benefits to the Company from the Company's deferred tax assets, including anticipated usage of net operating loss carryforwards and the timing thereof. We express no opinion with respect to such tax benefits or the assumptions upon which they are based. The Company's management and the Board have directed us to use and rely on the estimate of the management of the Company and the Board as to the aggregate cost of the premium of the Mortgage Manager TSA Insurance (as defined in the Merger Agreement), and we express no opinion with respect to such estimate or the assumptions upon which it is based.

We have not been requested to make, and have not made, an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of the Company or the Acquiror or any of their respective subsidiaries, nor have we been furnished with any such evaluations or appraisals produced by a third party. In addition, we have not been requested to review, and have not reviewed, individual credit files or loan portfolios of the Company or the Acquiror or any of their respective subsidiaries. We did not estimate, and express no opinion regarding, the value of any asset of the Company or the Acquiror or any of their respective subsidiaries, whether at current market prices or in the future, nor did we estimate, and express no opinion regarding, the liquidation value of any asset of the Company or the Acquiror or any of their respective subsidiaries. With respect to the valuations of the Company's assets (including net asset value estimates) provided by or on behalf of the Company, the management of the Company and the Board have advised us, and we have assumed, that such valuations have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the management of the Company and the Board. In addition, we have not been requested to make, and have not made an independent evaluation of the solvency or fair value of the Company or the Acquiror.

We have assumed, with your consent, that, in the course of obtaining any regulatory or third party consents, approvals or agreements in connection with the Merger and the related transactions, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on the Company, the Acquiror or the contemplated benefits of the Merger or the related transactions and that the Merger will be consummated in accordance with the terms of the Merger Agreement without

Annex C-2

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

waiver, modification or amendment of any material term, condition or agreement thereof, including that the transactions contemplated by the Mortgage Manager Purchase Agreement will be consummated prior to the closing of the Merger (or concurrently or substantially concurrently with the closing of the Merger). We have further assumed, with your consent, that the transactions contemplated by the Mortgage Manager Purchase Agreement will be consummated on the terms set forth in such agreement, without any waiver, modification or amendment of any material term, condition or agreement thereof. We express no view or opinion as to any terms or other aspects of the transactions contemplated by the Mortgage Manager Purchase Agreement.

Our opinion addresses only the fairness, from a financial point of view, to the holders of Company Common Stock (other than the Excluded Persons) of the Merger Consideration to be received by such stockholders in the Merger and does not address any other aspect or implication of the Merger or any voting, support or other agreement, arrangement or understanding entered into in connection with the Merger or otherwise, including, without limitation, any allocation of the Merger Consideration, the form or structure of the Merger, the transactions contemplated by the Mortgage Manager Purchase Agreement, the fairness of the Merger to, or any consideration received in connection therewith by, the holders of any other class of securities, creditors, or other constituencies of the Company and the fairness of the amount or nature of, or any other aspect relating to, any compensation to any officers, directors or employees of any party to the Merger, or class of such persons, relative to the Merger Consideration or otherwise. Our opinion does not address the Make-up Dividend Amount. The issuance of this opinion was approved by our authorized internal committee.

Our opinion is necessarily based upon information made available to us as of the date hereof and financial, economic, market and other conditions as they exist and can be evaluated on the date hereof. We have not undertaken, and are under no obligation, to update, revise, reaffirm or withdraw this opinion, or otherwise comment on or consider events occurring or coming to our attention after the date hereof. We are not expressing any opinion as to what the value of shares of Acquiror Common Stock actually will be when issued to the holders of Company Common Stock pursuant to the Merger or the prices at which shares of Acquiror Common Stock will trade at any time. Our opinion does not address the relative merits of the Merger as compared to alternative transactions or strategies that may be available to the Company, nor does it address the Company's underlying decision to proceed with the Merger. Furthermore, we are not expressing any advice or opinion regarding matters that require legal, regulatory, accounting, insurance, intellectual property, tax, environmental, executive compensation or other similar professional advice. We have assumed that the Company has or will obtain such advice or opinions from the appropriate professional sources.

We have acted as financial advisor to the Company in connection with the Merger and will receive a fee for our services, a portion of which was payable during the course of our engagement and a significant portion of which is contingent upon the consummation of the Merger. We also became entitled to receive a fee upon the rendering of our opinion. In addition, the Company has agreed to indemnify us and certain related parties for certain liabilities and other items arising out of or related to our engagement. We and our affiliates have in the past provided, are currently providing and in the future may provide investment banking and other financial advice and services to the Company and its affiliates, for which we and our affiliates have received, and would expect to receive, compensation, including, among other things, having acted or acting in various roles in connection with securities offerings for the Company, as a lender in connection with the Company's revolving credit facility and as a broker in connection with the sale of debt capital market derivatives to the affiliates of the Company, including (i) acting as a co-lead manager in connection with the initial public offering of American Capital Senior Floating, a publicly listed BDC externally managed by a wholly owned subsidiary of the Company and (ii) administrative agent, arranger and provided interest rate swaps in connection with the revolving credit facility for SMG Worldwide, a portfolio company of American Capital Equity III, a private fund managed by a wholly owned subsidiary of the Company. We and our affiliates have in the past provided, are currently providing and in the future may provide investment

Annex C-3

banking and other financial services to the Acquiror and its affiliates, including, among other things, having acted or acting in various roles in connection with securities offerings for the Acquiror and as a lender in connection with the Acquiror's revolving credit facility. We and our affiliates in the past have provided, currently are providing and in the future may provide services to Acquiror External Adviser and certain of its affiliates unrelated to the proposed Merger and the related transactions, for which services we and our affiliates have received, and expect to receive, compensation, including, among other things, having acted or acting in various roles in connection with securities offerings, as a lender in connection with the Acquiror External Adviser's revolving credit facilities and certain portfolio companies of Acquiror External Adviser, including (i) as a co-manager in connection with the initial public offering of Acquiror External Adviser in 2014, (ii) as a co-manager in connection with the offering of 5.250% Senior Notes due 2025 of Ares Finance Co. II LLC, an indirect subsidiary of Acquiror External Adviser, in 2015, (iii) as a passive bookrunner in connection with the offering of 4.000% Senior Notes due 2024 of Ares Finance Co. LLC, an indirect subsidiary of Acquiror External Adviser, in 2014, (iv) as a bookrunner in connection with the syndicated loan transaction and interest rate hedge for Aspen Dental Management, Inc., a portfolio company of Acquiror External Adviser, in 2015, (v) as an administrative agent and/or arranger in connection with syndicated loan transactions for Insight Global Inc., a portfolio company of Acquiror External Adviser, in 2014, 2015 and 2016, (vi) as a bookrunner in connection with the initial public offering and follow-on equity offering of Smart & Final Stores, Inc., a portfolio company of Acquiror External Adviser, in 2014 and 2015, (vii) as an arranger and bookrunner in connection with the syndicated loan transaction of BlackBrush Oil & Gas, L.P., a portfolio company of Acquiror External Adviser in 2014, (viii) as a bookrunner and lead arranger in connection with the acquisition financing and refinancing related to the Acquiror External Adviser's acquisition of Neiman Marcus Group LTD, Inc. and (ix) as an administrative agent and lead arranger in connection with the credit facility of Neiman Marcus Group LTD, Inc.

We and our affiliates may have provided other financial advice and services, and may in the future provide financial advice and services, to the Company, the Acquiror, Acquiror External Adviser and their respective affiliates and third parties, including Elliott Management, a significant shareholder of the Company, for which we and our affiliates have received, and would expect to receive, compensation. We are a full service securities firm engaged in securities trading and brokerage activities as well as providing investment banking and other financial services. In the ordinary course of business, we and our affiliates may acquire, hold or sell, for our and our affiliates own accounts and the accounts of customers, equity, debt and other securities and financial instruments (including bank loans and other obligations) of the Company, the Acquiror and any other company, including Elliott Management and Acquiror External Adviser, that may be involved in the Merger or the related transactions, and of their respective affiliates and, if applicable, portfolio companies, as well as provide investment banking and other financial services to such companies.

It is understood that this letter is for the information of the Board (in its capacity as such) in connection with its consideration of the Merger and does not constitute advice or a recommendation to any stockholder as to how such stockholder should vote or act on any matter relating to the proposed Merger or the related transactions.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration to be received by holders of Company Common Stock in the Merger is fair, from a financial point of view, to such stockholders, other than the Excluded Persons.

Very truly yours,

/s/ CREDIT SUISSE
SECURITIES (USA) LLC

CREDIT SUISSE SECURITIES

Annex C-4

Opinion of Wells Fargo Securities, LLC

May 23, 2016

The Board of Directors
Ares Capital Corporation
245 Park Avenue
44th Floor
New York, NY 10167

The Board of Directors:

The Board of Directors (the "Board") of Ares Capital Corporation, a Maryland corporation ("Parent"), has asked Wells Fargo Securities, LLC ("Wells Fargo Securities") to advise it with respect to the fairness, from a financial point of view, to Parent of the Parent Consideration (as hereinafter defined) to be paid by Parent pursuant to an Agreement and Plan of Merger (the "Agreement"), dated as of May 23, 2016, to be entered into by and among Parent, Orion Acquisition Sub, Inc., a Delaware corporation and wholly owned subsidiary of Parent ("Acquisition Sub"), Ivy Hill Asset Management, L.P., a Delaware limited partnership ("IHAM"), Ivy Hill Asset Management GP, LLC, a Delaware limited liability company, in its capacity as general partner of IHAM, American Capital, Ltd., a Delaware corporation (the "Company"), American Capital Asset Management, LLC, a Delaware limited liability company and wholly owned subsidiary of the Company ("Subsidiary Adviser") and, solely for purposes of certain sections of the Agreement, Ares Management, L.P., a Delaware limited liability company, an affiliate of Parent ("Parent External Adviser"), in its capacity as Parent's investment adviser. The Agreement provides, among other things, for the acquisition by Parent of the Company, to be effected through (i) a merger of Subsidiary Adviser with and into IHAM (the "Adviser Merger"), and (ii) the merger of Acquisition Sub with and into the Company (the "Company Merger" and, together with the Adviser Merger, the "Transaction") pursuant to which, among other things, (i) each outstanding limited liability company membership interest of Subsidiary Adviser shall automatically be canceled and shall cease to exist without any consideration being payable therefor and (ii) each outstanding share of the common stock, par value \$0.01 per share, of the Company ("Company Common Stock") will be converted into the right to receive (i) \$6.41 per share in cash from Parent (the "Parent Cash Consideration"), (ii) 0.483 of a share (such number of shares, the "Stock Consideration", and, together with the Parent Cash Consideration, the "Parent Consideration") of the common stock, par value \$0.001 per share, of Parent ("Parent Common Stock"), (iii) \$1.20 per share in cash from Parent External Adviser (the "Parent External Adviser Consideration"), (iv) \$2.45 per share in cash less the Mortgage Manager TSA Insurance Amount (as defined in the Agreement) (the "Mortgage Manager Cash Consideration"), which amount we have been advised by Parent represents the aggregate cash consideration required, as a condition of the Agreement, to be received by the Company on a per share basis pursuant to that certain Mortgage Manager Purchase Agreement (as defined in the Agreement) and will be freely available as cash reserves of the Company at the time of the closing of the Transaction, without giving effect to and prior to any adjustments or payments contemplated by the Mortgage Manager Purchase Agreement, any debt repayments required or caused by the Transaction, the Agreement or the Mortgage Manager Purchase Agreement or, in each case, the transactions contemplated thereby, and (v) the Make-up Dividend Amount (as defined in the Agreement), if any. We understand that Parent External Adviser has also agreed to waive certain management fees (such waiver, the "Fee Waiver") pursuant to a separate agreement to be entered into in connection with the Transaction. We also understand that the parties intend to undertake certain restructuring transactions in connection with the Transaction (collectively, the "Restructuring"), as described in the Agreement.

Annex D-1

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Since the Mortgage Manager Cash Consideration payable by Parent represents the anticipated net cash proceeds required to be realized by the Company pursuant to the Mortgage Manager Purchase Agreement, for purposes of our opinion we have, with your consent, (i) treated the Mortgage Manager Cash Consideration as if the amount thereof were paid directly by the Company to its stockholders and (ii) excluded the Mortgage Manager Cash Consideration from the Parent Consideration. Similarly, we have, with your consent, excluded both the Parent External Adviser Consideration and the Make-up Dividend Amount, if any, from the Parent Consideration for purposes of our analysis. The terms and conditions of the Transaction are more fully set forth in the Agreement.

In arriving at our opinion, we have, among other things:

Reviewed the Agreement, including the financial terms of the Transaction;

Reviewed the Mortgage Manager Purchase Agreement;

Reviewed the Transaction Support; Fee Waiver letter agreement, dated as of May 23, 2016, by and between Parent and Parent External Adviser (the "Letter Agreement");

Reviewed certain publicly available business, financial and other information regarding the Company, including information set forth in the Company's annual reports on Form 10-K for the fiscal years ended December 31, 2013, 2014 and 2015, the Company's quarterly report on Form 10-Q for the quarterly period ended March 31, 2016, and the Company's preliminary proxy statement filed with the Securities and Exchange Commission on September 30, 2015;

Reviewed certain publicly available business, financial and other information regarding Parent, including information set forth in Parent's annual reports on Form 10-K for the fiscal years ended December 31, 2013, 2014 and 2015 and Parent's quarterly report on Form 10-Q for the quarterly period ended March 31, 2016;

Reviewed certain other business and financial information regarding the Company furnished to us by the Company and discussed with the managements of the Company and Parent;

Reviewed certain other business and financial information regarding Parent furnished to us by and discussed with the management of Parent, including financial forecasts and estimates relating to Parent for the fiscal years ending December 31, 2016 through December 31, 2021 prepared by the management of Parent, both on a standalone basis (the "Parent Stand-Alone Forecasts") and on a pro forma basis, giving effect to the Transaction and Parent's intended post-Transaction business plan (the "Parent Pro Forma Forecasts");

Reviewed estimated net asset values of the Company's investment portfolios and other assets as of September 30, 2016 prepared by the management of Parent based upon financial forecasts and estimates and assumptions relating thereto determined by management of Parent (the "Adjusted NAV Estimates");

Discussed with the managements of the Company and Parent the operations and prospects of the Company, including the historical financial performance and trends in the results of operations of the Company;

Discussed with the management of Parent the operations and prospects of Parent, including the historical financial performance and trends in the results of operations of the Parent;

Discussed with the management of Parent the strategic rationale for, and certain strategic and financial benefits to Parent anticipated by the management of Parent to result from, the Transaction and Parent's intended post-Transaction business plan;

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Reviewed the anticipated incremental benefits to Parent of the Transaction, determined as the difference between the Parent Pro Forma Forecasts and the Parent Stand-Alone Forecasts;

Annex D-2

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Reviewed reported prices and trading activity for Company Common Stock and Parent Common Stock;

Compared certain financial data of the Company and Parent with similar data of certain publicly traded companies that we deemed relevant in evaluating the Company and Parent;

Compared the proposed financial terms of the Transaction with financial terms of certain business combinations and other transactions that we deemed relevant in evaluating the Transaction; and

Considered other information, such as financial studies, analyses and investigations, as well as financial, economic and market criteria, that we deemed relevant.

In connection with our review, we have assumed and relied upon the accuracy and completeness of the financial and other information provided, discussed with or otherwise made available to us, including all accounting, tax, regulatory and legal information, and we have not made (and have not assumed any responsibility for) any independent verification of such information. We have relied upon assurances of the managements of the Company and of Parent that they are not aware of any facts or circumstances that would make such information inaccurate or misleading. We have assumed, with your consent, that the Adjusted NAV Estimates (including the assumptions on which they are based) have been reasonably prepared and reflect the best currently available estimates, judgments and assumptions of the management of Parent as to the net asset values of the Company's investment portfolios and other assets and, at your direction, we have utilized, without independent verification, the Adjusted NAV Estimates in our analysis. As you are aware, we have been advised by the management of the Company that current financial forecasts relating to the Company taking into account, among other things, the pro forma impact to the Company of the transactions contemplated by the Mortgage Manager Purchase Agreement, have not been, and would not be, prepared or provided to us for purposes of our opinion. We have assumed, at your direction, that the Parent Stand-Alone Forecasts and the Parent Pro Forma Forecasts (including, in each case, the assumptions on which they are based) have been reasonably prepared and reflect the best currently available estimates, judgments and assumptions of the management of Parent as to the future financial performance of Parent in the absence of the Transaction, and in the event of the Transaction, respectively and, at your direction, we have utilized the Parent Stand-Alone Forecasts and the Parent Pro Forma Forecasts, without independent verification, in our analysis. We assume no responsibility for, and express no view as to, any forecasts, estimates or other information utilized in our analyses or the judgments or assumptions upon which they are based. We also have assumed that there have been no meaningful changes in the condition (financial or otherwise), results of operations, business or prospects of the Company or Parent since the respective dates of the most recent financial statements and other information provided to us and that the financial forecasts and estimates relating to the Company and Parent reviewed by us reflect all assets and liabilities of the Company and Parent. In addition, we have relied upon the assessments of the management of Parent as to, among other things, the potential impact on the Company and Parent of market, competitive and other trends in and prospects for, and governmental, regulatory and legislative matters relating to or affecting, the business development company industry. We have assumed, with the consent of Parent, that there will be no developments with respect to any such matters that would have an adverse effect on the Company, Parent, the Transaction or related transactions (including the contemplated benefits thereof), including, without limitation, the Restructuring, or that otherwise would be meaningful in any respect to our analyses or opinion.

In arriving at our opinion, we have not conducted physical inspections of the properties or assets of the Company, Parent or any other entity, nor have we made or relied upon any independent evaluations or appraisals of the assets or liabilities (contingent, derivative, off-balance sheet or otherwise) of the Company, Parent or any other entity and we have assumed, with your consent, that

Annex D-3

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

there are no material undisclosed liabilities of or relating to the Company for which appropriate reserves, indemnification arrangements or other provisions have not been made. We also have not evaluated the solvency or fair value, as the case may be, of the Company, Parent or any other entity under state, federal or other laws relating to bankruptcy, insolvency or similar matters.

We have assumed, at your direction, that the Transaction and the Restructuring will be consummated in accordance with the terms of the Agreement and the transactions contemplated by the Mortgage Manager Purchase Agreement will be consummated in accordance with the terms of the Mortgage Manager Purchase Agreement, in each case, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary governmental, regulatory and other approvals, consents, releases and waivers for the Transaction, the Restructuring, and the transactions contemplated by the Mortgage Manager Purchase Agreement, no delay, limitation, restriction or condition, including any divestiture requirements or amendments or modifications, will be imposed that would have an adverse effect on the Company, Parent or the contemplated benefits of the Transaction. Our opinion is necessarily based on economic, market, financial and other conditions existing, and information made available to us, as of the date hereof. We express no view or opinion as to what the value of Parent Common Stock will be when issued or the prices at which such securities will trade at any time. Although subsequent developments may affect the matters set forth in this opinion, we do not have any obligation to update, revise, reaffirm or withdraw this opinion or otherwise comment on or consider any such events occurring or coming to our attention after the date hereof.

Our opinion only addresses the fairness, from a financial point of view and as of the date hereof, to Parent of the Parent Consideration to be paid by Parent in the Transaction pursuant to the Agreement to the extent expressly specified herein, and does not address any other terms, aspects or implications of the Transaction, including, without limitation, the form, structure or tax consequences or benefits of the Transaction or related transactions, the form of the Parent Consideration, the amount, form or structure of the Parent External Adviser Consideration, the Fee Waiver or any fee waivers provided by the Parent External Adviser, the Make-up Dividend Amount, or the Mortgage Manager Cash Consideration or any terms, aspects or implications of the Mortgage Manager Purchase Agreement and the transactions contemplated thereby, other transaction undertaken in connection with the Transaction or voting agreements or any other agreement, arrangement or understanding entered into in connection with or contemplated by the Transaction, any related transactions or otherwise. In addition, we express no view or opinion regarding any Alternate Mortgage Manager Transaction (as defined in the Agreement). Furthermore, our opinion does not address the fairness of the amount or nature of, or any other aspects relating to, any compensation to be received by any officers, directors or employees of any parties to the Transaction or related transactions, or class of such persons, relative to the Parent Consideration or otherwise, or as to any consideration or other direct or indirect benefits to be received in connection with or as a result of the Transaction or related transactions by Parent External Adviser or any other party. Our opinion also does not address the merits of the underlying decision by Parent to enter into the Agreement or the relative merits of the Transaction and related transactions compared with other business strategies or transactions available or that have been or might be considered by Parent or the Board or in which Parent might engage. We also are not expressing any view or opinion with respect to, and with the consent of Parent have relied upon the assessments of representatives of Parent regarding, accounting, tax, regulatory, legal or similar matters as to which we understand that Parent obtained such advice as it deemed necessary from qualified professionals.

The issuance of this opinion was approved by an authorized committee of Wells Fargo Securities. Wells Fargo Securities is the trade name for certain capital markets and investment banking services of Wells Fargo & Company and its subsidiaries, including Wells Fargo Securities, LLC. Wells Fargo Securities has been engaged to act as financial advisor to Parent in connection with the Transaction and

Annex D-4

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

will receive a fee for such services, a portion of which will be payable upon delivery of this opinion and the principal portion of which will be payable upon consummation of the Transaction. In addition, Wells Fargo & Company and certain of its affiliates expect to act as lender in connection with the upsizing of Parent's existing credit facility to be undertaken, and as bookrunner for a potential debt offering by Parent that may be undertaken, in each case, in connection with the financing for the Transaction, for which services Wells Fargo & Company and its affiliates expect to receive compensation. Parent has agreed to reimburse certain of Wells Fargo Securities' expenses and to indemnify us and certain related parties against certain liabilities that may arise out of our engagement. Wells Fargo Securities and our affiliates provide a full range of investment banking and financial advisory, securities trading, brokerage and lending services in the ordinary course of business, for which we and such affiliates receive customary fees and, given certain policies and procedures designed to preserve the independence of our research and credit analysts, the views of such analysts may differ from those reflected in our analyses and opinion.

In connection with unrelated matters, Wells Fargo Securities and our affiliates in the past have provided, currently are providing and in the future may provide investment banking and other financial services to the Company and its affiliates, for which Wells Fargo Securities and our affiliates have received and would expect to receive fees, including, during the past two years, having acted or acting as (i) lender or buyer under certain asset-backed, repurchase and other credit facilities of the Company and certain of its affiliates, and (ii) lead underwriter and placement agent on collateralized loan obligations of the Company.

In addition, in connection with unrelated matters, Wells Fargo Securities and our affiliates in the past have provided, currently are providing and in the future may provide investment banking and other financial services to Parent and its affiliates, including Parent External Adviser and (excluding Parent and its subsidiaries) certain of its affiliates and portfolio companies, for which Wells Fargo Securities and our affiliates have received and would expect to receive fees, including, during the past two years, having acted or acting as (i) joint bookrunner for debt and equity offerings of Parent, (ii) administrative agent and lender on various credit facilities of Parent and its affiliates, (iii) sole arranger, placement agent and structuring advisor for a collateralized loan obligation of a subsidiary of Parent, (iv) joint bookrunner for various debt offerings of affiliates and/or portfolio companies of Parent External Adviser, (v) joint bookrunner for a debt offering and financing advisor to Parent External Adviser on an announced but subsequently terminated acquisition transaction, (vi) joint bookrunner for Parent External Adviser's initial public offering, (vii) placement agent for a share repurchase of Parent External Adviser, (viii) agent and broker for sales of real estate assets and loans, real estate debt financings and other real estate transactions, (ix) advancing agent and notes administrator on a commercial real estate securitization for an affiliate of Parent External Adviser, (x) administrative agent and/or lender or buyer under certain asset-backed, construction, repurchase and other credit facilities of Parent External Adviser and certain of its affiliates and portfolio companies, and (xi) financial advisor for various portfolio companies of Parent External Adviser in acquisition transactions. In this regard, as you are aware, Parent External Adviser has requested our participation in arranging an amendment to its existing revolving credit facility and as an underwriter in a potential capital markets transaction, both of which may facilitate the funding by Parent External Adviser of the Parent External Adviser Consideration, and for which we would receive compensation. In the ordinary course of business, Wells Fargo Securities and our affiliates may actively trade, hold or otherwise effect transactions in the securities or financial instruments (including bank loans or other obligations) of the Company, Parent, Parent External Adviser and certain of their respective affiliates for our and our affiliates' own account and for the accounts of customers and, accordingly, may at any time hold a long or short position in such securities or financial instruments.

It is understood that this opinion is for the information and use of the Board (in its capacity as such) in connection with its evaluation of the Transaction and is not rendered to or for the benefit of

Annex D-5

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Parent External Adviser. Our opinion does not constitute a recommendation to the Board or to any other person or entity in respect of the Transaction or any related transactions.

Based upon and subject to the foregoing, our experience as investment bankers, our work as described above and other factors we deemed relevant, it is our opinion that, as of the date hereof, the Parent Consideration to be paid by Parent in the Transaction pursuant to the Agreement is fair, from a financial point of view, to Parent.

Very truly yours,

/s/ WELLS FARGO SECURITIES, LLC

WELLS FARGO SECURITIES, LLC

Annex D-6

Opinion of Merrill Lynch, Pierce, Fenner & Smith Incorporated

May 23, 2016

The Board of Directors
Ares Capital Corporation
245 Park Avenue
44th Floor
New York, NY 10167

Members of the Board of Directors:

We understand that Ares Capital Corporation ("ARCC") proposes to enter into an Agreement and Plan of Merger, dated as of May 23, 2016 (the "Agreement"), among ARCC, Orion Acquisition Sub, Inc., a wholly owned subsidiary of ARCC ("Merger Sub"), Ivy Hill Asset Management, L.P. ("IHAM"), Ivy Hill Asset Management GP, LLC, in its capacity as general partner of IHAM, American Capital, Ltd. ("American Capital"), American Capital Asset Management, LLC, a wholly owned subsidiary of American Capital ("Subsidiary Adviser"), and, solely for purposes of certain sections of the Agreement, Ares Management, L.P., an affiliate of ARCC ("Ares Management"), in its capacity as ARCC's investment adviser, pursuant to which, among other things, Subsidiary Adviser will merge with and into IHAM (the "Adviser Merger"), and Merger Sub will merge with and into American Capital (the "Company Merger" and, together with the Adviser Merger, the "Transaction"). In the Transaction, (i) each outstanding limited liability company membership interest of Subsidiary Adviser shall automatically be canceled and shall cease to exist without any consideration being payable therefor and (ii) holders of each outstanding share of the common stock, par value \$0.01 per share, of American Capital ("American Capital Common Stock") will receive from ARCC, in exchange for each share of American Capital Common Stock, (i) \$6.41 in cash (the "ARCC Cash Consideration") and (ii) 0.483 of a share (such number of shares, the "Stock Consideration" and, together with the ARCC Cash Consideration, the "ARCC Consideration") of common stock, par value \$0.001 per share, of ARCC ("ARCC Common Stock"). In addition, such holders of American Capital Common Stock will receive, in exchange for each share of American Capital Common Stock, (i) \$1.20 in cash from Ares Management (the "Ares Management Consideration"), (ii) \$2.45 in cash less the Mortgage Manager TSA Insurance Amount (as defined in the Agreement) (the "Mortgage Manager Cash Consideration"), which amount we have been advised by ARCC represents the aggregate cash consideration required, as a condition of the Agreement, to be received by American Capital on a per share basis pursuant to that certain Mortgage Manager Purchase Agreement (as defined in the Agreement) and will be freely available as cash reserves of American Capital at the time of the closing of the Transaction, without giving effect to and prior to any adjustments or payments contemplated by the Mortgage Manager Purchase Agreement, any debt repayments required or caused by the Transaction, the Agreement or the Mortgage Manager Purchase Agreement or, in each case, the transactions contemplated thereby, and (iii) the Make-up Dividend Amount (as defined in the Agreement), if any. We understand that Ares Management has also agreed to waive certain management fees (such waiver, the "Fee Waiver") pursuant to a separate agreement to be entered into in connection with the Transaction. We also understand that the parties intend to undertake certain restructuring transactions in connection with the Transaction (collectively, the "Restructuring"), as described in the Agreement.

Since the Mortgage Manager Cash Consideration payable by ARCC represents the anticipated net cash proceeds required to be realized by American Capital pursuant to the Mortgage Manager Purchase Agreement, for purposes of our opinion we have, with your consent, (i) treated the Mortgage Manager Cash Consideration as if the amount thereof were paid directly by American Capital to American Capital's stockholders and (ii) accordingly have not included the Mortgage Manager Cash

Annex E-1

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Consideration as part of the ARCC Consideration. Similarly, we have, with your consent, not included either the Ares Management Consideration or the Make-up Dividend Amount, if any, as part of the ARCC Consideration. The terms and conditions of the Transaction are more fully set forth in the Agreement.

The Board of Directors of ARCC ("you" or "your") has requested our opinion as to the fairness, from a financial point of view, to ARCC of the ARCC Consideration to be paid by ARCC in the Transaction.

In connection with this opinion, we have, among other things:

- (1) reviewed certain publicly available business and financial information relating to American Capital and ARCC;
- (2) reviewed certain internal financial and operating information with respect to the business, operations and prospects of American Capital furnished to or discussed with us by the management of American Capital;
- (3) reviewed certain internal financial and operating information with respect to the business, operations and prospects of ARCC furnished to or discussed with us by the management of ARCC, including certain financial forecasts relating to ARCC prepared by the management of ARCC both on a standalone basis (such forecasts, the "ARCC Stand-Alone Forecasts") and on a pro forma basis giving effect to the Transaction and ARCC's intended post-Transaction business plan (such forecasts, the "ARCC Pro Forma Forecasts"), which forecasts include, without limitation, (a) any benefits anticipated to result from the Fee Waiver determined by the management of ARCC and (b) estimated net asset values of American Capital as of September 30, 2016 prepared by the management of ARCC based upon financial forecasts and estimates and assumptions relating thereto determined by the management of ARCC, and discussed with the management of ARCC the likelihood of achieving the future financial results reflected in the ARCC Stand-Alone Forecasts and the ARCC Pro Forma Forecasts;
- (4) discussed the past and current business, operations, financial condition and prospects of American Capital with the managements of American Capital and ARCC, and discussed the past and current business, operations, financial condition and prospects of ARCC with the management of ARCC;
- (5) discussed with the management of ARCC the strategic rationales for their plan for the management and disposition of American Capital's loan portfolios, and certain strategic and financial benefits to ARCC anticipated by the management of ARCC to result from the Transaction as reflected in the ARCC Pro-Forma Forecasts;
- (6) reviewed the trading histories for American Capital Common Stock and ARCC Common Stock and a comparison of such trading histories with each other and with the trading histories of other companies we deemed relevant;
- (7) compared certain financial and stock market information of American Capital and ARCC with similar information of other companies we deemed relevant;
- (8) compared certain financial terms of the Transaction to financial terms, to the extent publicly available, of other transactions we deemed relevant;
- (9) reviewed the anticipated incremental benefits to ARCC of the Transaction, determined as the difference between the ARCC Pro Forma Forecasts and the ARCC Stand-Alone Forecasts;
- (10) reviewed the Agreement;
- (11) reviewed the Mortgage Manager Purchase Agreement;

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

- (12) reviewed the Transaction Support; Fee Waiver letter agreement, dated as of May 23, 2016, by and between ARCC and Ares Management (the "Letter Agreement"); and
- (13) performed such other analyses and studies and considered such other information and factors as we deemed appropriate.

In arriving at our opinion, we have assumed and relied, without independent verification, upon the accuracy and completeness of the financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with us and have relied upon the assurances of the managements of American Capital and ARCC that they are not aware of any facts or circumstances that would make such information or data inaccurate or misleading in any material respect. As you are aware, we have been advised by the management of American Capital that current financial forecasts relating to American Capital prepared by the management of American Capital have not been, and would not be, prepared or provided to us for purposes of our opinion. With respect to the ARCC Stand-Alone Forecasts and the ARCC Pro Forma Forecasts we have been advised by the management of ARCC, and have assumed, at your direction, that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of ARCC as to the future financial performance of ARCC in the absence of the Transaction and in the event of the Transaction, respectively, and, based on the assessments of the management of ARCC as to the likelihood of achieving the future financial results reflected in the ARCC Stand-Alone Forecasts and ARCC Pro Forma Forecasts, at your direction we have used and relied, without independent verification, upon the ARCC Stand-Alone Forecasts and the ARCC Pro Forma Forecasts for purposes of our opinion. We have not made or been provided with any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of American Capital or ARCC, nor have we made any physical inspection of the properties or assets of American Capital or ARCC and we have assumed, with your consent, that there are no material undisclosed liabilities of or relating to American Capital for which appropriate reserves, indemnification arrangements or other provisions have not been made. We have not evaluated the solvency or fair value of American Capital or ARCC under any state, federal or other laws relating to bankruptcy, insolvency or similar matters. We have assumed, at your direction, that the Transaction and the Restructuring will be consummated in accordance with the terms of the Agreement and that the transactions contemplated by the Mortgage Manager Purchase Agreement will be consummated in accordance with the terms of the Mortgage Manager Purchase Agreement, in each case, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary governmental, regulatory and other approvals, consents, releases and waivers for the Transaction, the Restructuring, and the transactions contemplated by the Mortgage Manager Purchase Agreement, no delay, limitation, restriction or condition, including any divestiture requirements or amendments or modifications, will be imposed that would have an adverse effect on American Capital, ARCC or the contemplated benefits of the Transaction.

We express no view or opinion as to any terms or other aspects or implications of the Transaction (other than the ARCC Consideration to the extent expressly specified herein), including, without limitation, the form, structure or tax consequences or benefits of the Transaction or related transactions, including, without limitation, the Restructuring, the form of the ARCC Consideration, the amount, form or structure of the Ares Management Consideration, the Fee Waiver or any other fee waivers provided by Ares Management, the Make-up Dividend Amount, or the Mortgage Manager Cash Consideration or any terms, aspects or implications of the Mortgage Manager Purchase Agreement or the Letter Agreement and, in each case, the transactions contemplated thereby, the Restructuring, other transactions undertaken in connection with the Transaction or voting agreements or any other agreement, arrangement or understanding entered into in connection with or contemplated by the Transaction, any related transactions or otherwise. In addition, we express no view or opinion regarding any Alternate Mortgage Manager Transaction (as defined in the Agreement). Our

Annex E-3

opinion is limited to the fairness, from a financial point of view, to ARCC of the ARCC Consideration to be paid by ARCC in the Transaction and no opinion or view is expressed with respect to any consideration received in connection with the Transaction by the holders of any class of securities, creditors or other constituencies of any party. In addition, no opinion or view is expressed with respect to the fairness (financial or otherwise) of the amount, nature or any other aspect of any compensation to any of the officers, directors or employees of any party to the Transaction, or class of such persons, relative to the ARCC Consideration or otherwise, or as to any consideration or other direct or indirect benefits to be received in connection with or as a result of the Transaction or related transactions by Ares Management or any other party. Furthermore, no opinion or view is expressed as to the relative merits of the Transaction in comparison to other strategies or transactions that might be available to ARCC or in which ARCC might engage or as to the underlying business decision of ARCC to proceed with or effect the Transaction. We also are not expressing any view or opinion with respect to, and have relied, with your consent, upon the assessments of representatives of ARCC regarding, legal, regulatory, accounting, tax and similar matters relating to ARCC, American Capital and the Transaction (including the contemplated benefits thereof) as to which we understand that ARCC obtained such advice as it deemed necessary from qualified professionals. We further are not expressing any opinion as to what the value of ARCC Common Stock actually will be when issued or the prices at which ARCC Common Stock or American Capital Common Stock will trade at any time, including following announcement or consummation of the Transaction. In addition, we express no opinion or recommendation as to how any stockholder should vote or act in connection with the Transaction or any related matter.

We have acted as financial advisor to ARCC in connection with the Transaction and will receive a fee for our services, a portion of which is payable upon delivery of this opinion and a significant portion of which is contingent upon consummation of the Transaction. We and certain of our affiliates also may be participating in the financing for the Transaction, for which services we and our affiliates would receive significant compensation, including acting as (i) arranger and lender under ARCC's current credit facility and/or (ii) bookrunner and/or underwriter in connection with the potential issuance of new bonds by ARCC. In addition, ARCC has agreed to reimburse our expenses and indemnify us against certain liabilities arising out of our engagement. As you are aware, Ares Management has requested our participation, (i) in arranging an amendment to its existing revolving credit facility and/or (ii) as an underwriter in a potential capital markets transaction, both of which may facilitate the funding by Ares Management of the Ares Management Consideration and for which we and our affiliates would receive significant compensation.

We and our affiliates comprise a full service securities firm and commercial bank engaged in securities, commodities and derivatives trading, foreign exchange and other brokerage activities, and principal investing as well as providing investment, corporate and private banking, asset and investment management, financing and financial advisory services and other commercial services and products to a wide range of companies, governments and individuals. In the ordinary course of our businesses, we and our affiliates may invest on a principal basis or on behalf of customers or manage funds that invest, make or hold long or short positions, finance positions or trade or otherwise effect transactions in equity, debt or other securities or financial instruments (including derivatives, bank loans or other obligations) of ARCC, certain of its affiliates, including Ares Management and (excluding ARCC and its subsidiaries) certain of its affiliates (each such affiliate, an "Ares Management Affiliate") and portfolio companies (each such portfolio company, an "Ares Management Portfolio Company"), American Capital and certain of its affiliates.

We and our affiliates in the past have provided, currently are providing, and in the future may provide, investment banking, commercial banking and other financial services to ARCC and certain of its subsidiaries and have received or in the future may receive compensation for the rendering of these services, including (i) having acted or acting as an underwriter and/or book-running manager for certain debt offerings of ARCC, (ii) having acted or acting as a bookrunner and/or arranger for, and/or as a

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

lender under, certain term loans, letters of credit, credit facilities and other credit arrangements of ARCC and/or certain of its subsidiaries, (iii) having acted or acting as manager for a share repurchase program of ARCC and (iv) having provided or providing certain treasury management products and services to ARCC and/or certain of its subsidiaries.

In addition, we and our affiliates in the past have provided, currently are providing, and in the future may provide, investment banking, commercial banking and other financial services to Ares Management and certain Ares Management Affiliates and Ares Management Portfolio Companies and have received or in the future may receive compensation for the rendering of these services, including (i) having acted or acting as financial advisor to Ares Management in connection with certain acquisition transactions and to an Ares Management Portfolio Company in connection with a sale transaction, (ii) having acted or acting as an underwriter and/or book-running manager for certain debt and equity offerings of Ares Management and certain Ares Management Affiliates and Ares Management Portfolio Companies, (iii) having acted or acting as an agent, manager, administrative agent, credit agent, bookrunner and/or arranger for, and/or as a lender under, certain term loans, letters of credit, credit facilities and other credit arrangements of Ares Management and/or certain Ares Management Affiliates and Ares Management Portfolio Companies (including acquisition financing), (iv) having provided or providing certain commodity, derivatives, foreign exchange and other trading services to Ares Management and/or certain Ares Management Affiliates and Ares Management Portfolio Companies, (v) having provided or providing certain managed investments services and products to Ares Management and/or certain Ares Management Affiliates and Ares Management Portfolio Companies and (vi) having provided or providing certain treasury management products and services to Ares Management and/or certain Ares Management Affiliates and Ares Management Portfolio Companies.

In addition, we and our affiliates in the past have provided, currently are providing, and in the future may provide, investment banking, commercial banking and other financial services to American Capital and certain of its affiliates and have received or in the future may receive compensation for the rendering of these services, including (i) having acted or acting as an administrative agent, managing agent, book manager and/or arranger for, and/or as a lender under, certain term loans, letters of credit, credit facilities and other credit arrangements of American Capital and/or certain of its affiliates (including acquisition financing), (ii) having provided or providing certain derivatives, foreign exchange and other trading services to American Capital and/or certain of its affiliates, (iii) having provided or providing certain managed investments services and products to American Capital and/or certain of its affiliates and (iv) having provided or providing certain treasury management products and services to American Capital and/or certain of its affiliates. In addition, we and/or certain of our affiliates have maintained, currently are maintaining, and in the future may maintain, commercial (including vendor and/or customer) relationships with American Capital and/or certain of its affiliates.

It is understood that this letter is for the benefit and use of the Board of Directors of ARCC (in its capacity as such) in connection with and for purposes of its evaluation of the Transaction and is not rendered to or for the benefit of Ares Management.

Our opinion is necessarily based on financial, economic, monetary, market and other conditions and circumstances as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion, and we do not have any obligation to update, revise, or reaffirm this opinion. The issuance of this opinion was approved by a fairness opinion review committee of Merrill Lynch, Pierce, Fenner & Smith Incorporated.

Annex E-5

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

Based upon and subject to the foregoing, including the various assumptions and limitations set forth herein, we are of the opinion on the date hereof that the ARCC Consideration to be paid by ARCC in the Transaction is fair, from a financial point of view, to ARCC.

Very truly yours,

/s/ MERRILL LYNCH, PIERCE, FENNER & SMITH INCORPORATED

MERRILL LYNCH, PIERCE, FENNER & SMITH INCORPORATED

Annex E-6

ANNEX F

Section 262 of the General Corporation Law of the State of Delaware

**8 Del.C. § 262
§ 262. Appraisal rights**

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title and, subject to paragraph (b)(3) of this section, § 251(h) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that, except as expressly provided in § 363(b) of this title, no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders to act upon the agreement of merger or consolidation, were either: (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 255, 256, 257, 258, 263 and 264 of this title to accept for such stock anything except:

- a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;
- b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;
- c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or
- d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 251(h), § 253 or § 267 of this title is not owned by the parent immediately prior

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(4) In the event of an amendment to a corporation's certificate of incorporation contemplated by § 363(a) of this title, appraisal rights shall be available as contemplated by § 363(b) of this title, and the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as practicable, with the word "amendment" substituted for the words "merger or consolidation," and the word "corporation" substituted for the words "constituent corporation" and/or "surviving or resulting corporation."

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstick corporation, a copy of § 114 of this title. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228, § 251(h), § 253, or § 267 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within 10 days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstick corporation, a copy of § 114 of this title. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice or, in the case of a merger approved pursuant to § 251(h) of this title, within the later of the consummation of the tender or exchange offer contemplated by § 251(h) of this title and 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such

Annex F-2

demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice or, in the case of a merger approved pursuant to § 251(h) of this title, later than the later of the consummation of the tender or exchange offer contemplated by § 251(h) of this title and 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and in the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

Annex F-5

PART C

OTHER INFORMATION

Item 15. *Indemnification.*

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (1) actual receipt of an improper benefit or profit in money, property or services or (2) active and deliberate dishonesty established by a final adjudication as being material to the cause of action. Ares Capital's charter contains such a provision which eliminates directors' and officers' liability to the maximum extent permitted by Maryland law, subject to the requirements of the Investment Company Act.

Ares Capital's charter authorizes Ares Capital, to the maximum extent permitted by Maryland law and subject to the requirements of the Investment Company Act, to obligate itself to indemnify any present or former director or officer or any individual who, while a director or officer and at Ares Capital's request, serves or has served another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee, from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her status as a present or former director or officer and to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. Ares Capital's bylaws obligate Ares Capital, to the maximum extent permitted by Maryland law and the Investment Company Act, to indemnify any present or former director or officer or any individual who, while a director or officer and at Ares Capital's request, serves or has served another corporation, REIT, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee and who is made or threatened to be made a party to a proceeding by reason of his or her service in that capacity from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in that capacity and to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. The charter and bylaws also permit Ares Capital to, with the approval of the board of directors or a duly authorized committee thereof, indemnify and advance expenses to any person who served a predecessor of Ares Capital in any of the capacities described above and any of Ares Capital's employees or agents or any employees or agents of Ares Capital's predecessor. In accordance with the Investment Company Act, Ares Capital will not indemnify any person for any liability to which such person would be subject by reason of such person's willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office. In addition to the indemnification provided for in Ares Capital's bylaws, Ares Capital has entered into indemnification agreements with each of Ares Capital's current directors and certain of Ares Capital's officers and with members of Ares Capital's investment adviser's investment committee and Ares Capital intends to enter into indemnification agreements with each of Ares Capital's future directors, members of Ares Capital's investment adviser's investment committee and certain of Ares Capital's officers. The indemnification agreements attempt to provide these directors and senior officers the maximum indemnification permitted under Maryland law and the Investment Company Act. The agreements provide, among other things, for the advancement of expenses and indemnification for liabilities which such person may incur by reason of his or her status as a present or former director or officer or member of Ares Capital's investment adviser's investment committee in any action or proceeding arising out of the performance of such person's services as a present or former director or officer or member of Ares Capital's investment adviser's investment committee.

Maryland law requires a corporation (unless its charter provides otherwise, which Ares Capital's charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made or threatened to be made a party by reason of his or her service in that capacity. Maryland law permits a corporation to indemnify

Edgar Filing: ARES CAPITAL CORP - Form N-14 8C/A

its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or are threatened to be made a party by reason of their service in those or other capacities unless it is established that (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (i) was committed in bad faith or (ii) was the result of active and deliberate dishonesty, (b) the director or officer actually received an improper personal benefit in money, property or services or (c) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

The investment advisory and management agreement provides that, absent willful misfeasance, bad faith or gross negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Ares Capital's investment adviser Ares Capital Management and its officers, managers, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from Ares Capital for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of Ares Capital's investment adviser's services under the investment advisory and management agreement or otherwise as an investment adviser of Ares Capital.

The administration agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Ares Operations and its officers, manager, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from Ares Capital for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of Ares Operations' services under the administration agreement or otherwise as administrator for Ares Capital.

Insofar as indemnification for liability arising under the Securities Act may be permitted to directors, officers and controlling persons of Ares Capital pursuant to the foregoing provisions, or otherwise, Ares Capital has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by Ares Capital of expenses incurred or paid by a director, officer or controlling person of Ares Capital in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, Ares Capital will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Item 16. Exhibits.

- (1) Articles of Amendment and Restatement, as amended(A)
- (2) Second Amended and Restated Bylaws, as amended(B)
- (3) Not Applicable
- (4) Agreement and Plan of Merger, dated May 23, 2016, among Registrant, American Capital, Orion Acquisition Sub, Inc., Ivy Hill Asset Management, L.P., Ivy Hill Asset Management GP, LLC, American Capital Asset Management, LLC, and solely for the limited purposes set forth therein, Ares Capital Management LLC(C)

Item 17. *Undertakings.*

(1) The undersigned registrant agrees that prior to any public reoffering of the securities registered through the use of a prospectus which is a part of this registration statement by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c) of the Securities Act, the reoffering prospectus will contain the information called for by the applicable registration form for the reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(2) The undersigned registrant agrees that every prospectus that is filed under paragraph (1) above will be filed as a part of an amendment to the registration statement and will not be used until the amendment is effective, and that, in determining any liability under the 1933 Act, each post-effective amendment shall be deemed to be a new registration statement for the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial bona fide offering of them.
