---

**EnerNorth Industries Inc.**  
**Notes to Unaudited Consolidated Financial Statements**  
**For the Period Ended March 31, 2005**  
**(Expressed in Canadian Dollars)**

---

### **1. Basis of Presentation**

These unaudited interim consolidated financial statements have been prepared by management following the same accounting policies and methods of computation as the audited consolidated financial statements for the year ended June 30, 2004. These interim financial statements should be read in conjunction with the Company's audited consolidated financial statements together with notes for the year ended June 30, 2004.

The Company's primary activities include investment in, exploration and development and production of oil and gas. The unaudited consolidated financial results for the periods ending March 31, 2005 and 2004 include the accounts of the Company and its subsidiaries 10915 Newfoundland Limited, 11123 Newfoundland Limited and Euro India Cara Private Limited. The results of operations of its formerly wholly owned subsidiaries held through M&M Engineering Limited are accounted for as discontinued operations (See Notes 5 and 7).

Operating results for the nine months ended March 31, 2005 are not indicative of the results that may be expected for the full year ending June 30, 2005.

These consolidated financial statements have been prepared by management in accordance with accounting principles generally accepted in Canada.

### **2. Seasonality and Trend Information**

Oil and gas production is not a seasonal business, but increased consumer demand or changes in supply in certain months of the year can influence the price of produced hydrocarbons, depending on the circumstances. Production from the Company's oil and gas properties is the primary determinant for the volume of sales during the year.

### **3. Change of Accounting Policy**

During 2005, the Company adopted the recommendations of the new CICA Handbook Section 3870, stock-based compensation and other stock-based payments. The primary difference between this new accounting policy and the former policy is that the company calculates the fair value of stock options issued to directors and employees. The Company has chosen to adopt the recommendation prospectively.

As a result of adopting the new accounting policy the Company records compensation expense on all stock options granted. The fair value is recorded at their fair value at date of issuance and the amount is estimated using the Black-Scholes Option Pricing Model. During the three months ended March 31, 2005 the Company recorded \$149,446 of compensation expense related to the issuance of stock options.

### **4. Segmented information**

The Company's operations consist of one operating segment in the oil and gas industry, which includes investment in,

exploration, development and production of oil and gas. These operations consist of one cost centre, Canada.

---

**EnerNorth Industries Inc.**  
**Notes to Unaudited Consolidated Financial Statements**  
**For the Period Ended March 31, 2005**  
**(Expressed in Canadian Dollars)**

**5. Discontinued Operations**

On February 1, 2005 the Company divested its interests in M&M for cash proceeds of Cdn. \$7,361,989. The transaction was closed in escrow on February 1, 2005 pending completion of certain closing conditions that were satisfied on February 4, 2005. The transaction is a purchase of 100% of the common shares and 100% of the preferred shares of M&M held by the Company. Prior to closing, the Company retracted preferred shares of M&M for Cdn \$1,000,000 cash. The Company received shareholder approval for the transaction at a special meeting of shareholders held on January 26, 2005.

The results of M&M have been accounted for as discontinued operations. Estimated disposal costs have been included in the net income (loss) from discontinued operations.

**6. Share Capital**

(a) Authorized and Issued:

Authorized:

Unlimited number of Common Shares, without par value
