INDEPENDENT AUDITORS REPORT

To the Investment Management Committee  
Telephone and Data Systems, Inc. Tax-Deferred Savings Plan  
Middleton, Wisconsin

We have audited the accompanying statements of net assets available for benefits of Telephone and Data Systems, Inc. Tax-Deferred Savings Plan as of December 31, 2002 and 2001 and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the plan as of December 31, 2002 and 2001 and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information of Telephone and Data Systems, Inc. Tax-Deferred Savings Plan, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TAX DEFERRED SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2002 and 2001

**NOTE 1 Description of the Plan**

---

The following description of the Telephone and Data Systems, Inc. Tax-Deferred Savings Plan (the plan) provides only general information. Participants should refer to the Telephone and Data Systems, Inc. Tax-Deferred Savings Plan summary plan description for a more complete description of the plan's provisions.

*General*

The plan is a contributory tax-exempt profit-sharing plan established by Telephone and Data Systems, Inc. (TDS, the company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The company is the administrator and sponsor of the plan and has appointed The Bank of New York as directed trustee of the plan. The Bank of New York is the asset custodian of the plan, and they provide record keeping and reporting services to the plan in conjunction with Hewitt Associates, the plan's third-party administrator. The plan qualifies under Section 401 and 501 of the Internal Revenue Code. All employees of Telephone and Data Systems, Inc. and its subsidiaries which have adopted the plan (the company and such subsidiaries being referred to as employers), including United States Cellular Corporation (USCC), that are age 21 or older are eligible to participate. The plan allows participants to enter the plan upon the latter of their first day of employment or twenty-first birthday. Participation is completely voluntary.

The plan's assets are administered by an investment management committee appointed by TDS. The investment management committee is authorized to invest plan assets as directed by the participants.

*Contributions*

Participants may contribute up to 15% of pretax annual compensation (salary reduction contributions), as defined in the plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

Each employer's matching contribution is 100% of the first 2% of a participant's salary reduction contributions and 40% of the next 4% of salary reduction contributions.

During 2002 the plan was amended so that an employer's matching contributions is no longer required to be invested in TDS or USCC stock. Employer contributions are now allocated to an employee's account based on the employee's elected allocation percentages.

Contributions are subject to certain limitations.

**TELEPHONE AND DATA SYSTEMS, INC.  
TAX DEFERRED SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS  
December 31, 2002 and 2001

---

**NOTE 1 Description of the Plan (cont.)**

---

*Participants' Accounts and Investment Options*

Each participant's account is credited with the participant's salary reduction contributions and allocations of the employer's matching contributions and plan earnings. Allocations are based on participant contributions and account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may invest their salary reduction contributions, any rollover account balances, and employer matching contributions into a variety of investment options as more fully described in the plan's literature. Participants may change their investment options via telephone or internet at any time.

During 2002 two investment funds changed their names. The LaSalle National Pooled Income Fund became the ABN AMRO Income Plus Fund and the Mercury Select Growth Fund became the Turner Large Cap Growth Fund which was replaced by the RCM Pimco Large Cap Growth Fund.

*Vesting*

Participants are immediately vested in their salary reduction and rollover contributions plus actual earnings thereon. Vesting in employer matching contributions plus actual earnings thereon is based on years of vesting service and is subject to a three-year graded vesting schedule as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
1	34%
2	67%

A participant also becomes 100% vested in employer matching contributions plus actual earnings thereon upon termination of employment after attaining age 65, death or disability.

#### *Forfeited Accounts*

During the year ended December 31, 2002, forfeited non-vested accounts were used to reduce employer contributions by \$157,059.

#### *Payment of Benefits*

Vested benefits may be paid to the participant upon termination of employment, as defined in the plan. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Annuity payments are also available for some employees of various acquired companies. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan.

**NOTE 1 Description of the Plan (cont.)**

---

#### *Termination of Plan*

Although it has not expressed any intent to do so, the company has the right under the plan to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

#### *Participant Loans*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance (excluding employer matching contributions). These loans are secured by the balance in the participant's account. The loans bear interest at the prime rate plus 1% as published in the Wall Street Journal on the first business day of the quarter in which the loan is approved. Principal and interest is paid ratably through after tax payroll deductions. The repayment period on the loan can range from one to five years. Loans will be considered in default if no loan payment is received during any 90-day period.

#### *Plan Expenses*

All administrative, recordkeeping and auditing fees are borne by TDS. Investment expenses are paid by plan participants.

---

**NOTE 2 Summary of Significant Accounting Policies**

---

*Basis of Accounting and Use of Estimates*

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

*Investment Valuation and Income Recognition*

The plan's investments are valued at fair value. Shares of registered investment companies, TDS Common Stock, and USCC Common Stock are valued at quoted market price. Shares held in bank common trust funds and money market funds are reported at fair value based on the unit prices quoted by the fund, representing the fair value of the underlying investments. Participant loans are valued at cost, which approximates fair value.

**NOTE 2 Summary of Significant Accounting Policies (cont.)**

---

*Investment Valuation and Income Recognition (cont.)*

Net depreciation in fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

*Payment of Benefits*

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2002 and 2001

---

**NOTE 3 Investments (cont.)**

---

During the year ended December 31, 2002, the plan's investments (including gains and losses on investments bought, sold, and held during the year) depreciated in value as follows:

Bank common trust funds	\$	--
Common stock		(21,583,528)
Mutual funds		(12,068,638)
		<u>                    </u>
Net Change in Fair Value	\$	(33,652,166)

The information presented above includes non-participant directed funds as discussed in Note 4.

The 2003 market volatility of equity-based investments is expected to substantially impact the value of such investments at any given time. It is possible that the value of the plan's investments, both in total and in individual participant accounts, has declined since December 31, 2002.

---

#### **NOTE 4 Nonparticipant-Directed Investments**

---

As previously noted, the plan was amended in 2002 so that each employer's matching contributions are no longer required to be invested in TDS or USCC stock. In addition, plan participants can also reallocate amounts that were previously invested in TDS or USCC stock. As a result, all investments as of December 31, 2002 are now considered to be participant directed.

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments as of December 31, 2001 is as follows:

NOTES TO FINANCIAL STATEMENTS  
December 31, 2002 and 2001

**NOTE 4 Nonparticipant-Directed Investments (cont.)**

During the year ended December 31, 2001, the nonparticipant directed investments changed in value as follows:

Net depreciation in fair value of investments	\$ (3,201,655)
Interest and dividends	70,947
Contributions	7,662,950
Benefits paid to participants	(1,518,745)
	<hr/>
Net Increase	\$ 3,013,497
	<hr/>

**NOTE 5 Amount Owed to Participants Withdrawing From the Plan**

Amounts owed to participants who have withdrawn from the plan total \$128,316 as of December 31, 2002, and are included in net assets available for benefits.

**NOTE 6 Parties In Interest**

Certain plan investments are shares of a common trust fund sponsored by The Bank of New York. The Bank of New York is the directed trustee of the plan and, therefore, these transactions qualify as party-in-interest transactions.

United States Cellular Corporation is a subsidiary of Telephone and Data Systems, Inc.

All employer contributions prior to April 2002 were made in cash and used to purchase common stock of TDS and USCC.

**NOTE 7 Tax Status**

The plan obtained its latest determination letter on August 1, 2002 for the plan document as of November 2001, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. The plan administrator and the plan's tax counsel believe that the plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the plan was qualified and the related trust was tax-exempt at the financial statement date.

**NOTE 8 Plan Transfers**

During 2002 approximately \$1,251,000 was transferred from UTELCO Employee Savings Plan into the plan.
