(SUNBURY, PA) - Weis Markets, Inc. (NYSE:WMK) today said its second quarter sales increased 3.3% to \$508 million for the thirteen-week period ending June 28, 2003 compared to the same period a year ago and that its comparable store sales increased 4.1% during the same period.

"Our sales increase was the result of aggressive and cost-effective promotional activity in key markets," said Robert F. Weis, Chairman of Weis Markets, Inc. "These results were achieved in an intensely competitive market place and at a time of minimal economic growth in many of our markets. In the coming months, we plan to increase our focus on improving efficiencies and controlling expenses at store and distribution levels. We will also continue to focus on profitable, top line sales growth."

The Company also said its sales were affected by the timing of the Easter holiday which occurred in the second quarter this year. In 2002, the Easter sales period occurred in the first quarter.

Earlier this month, the Company's Board of Directors approved a \$.01 quarterly dividend increase to \$.28 per share, a 3.7% increase, to shareholders of record August 8, 2003, payable August 22, 2003.
