EMCOR GROUP, INC. REPORTS RECORD FOURTH QUARTER RESULTS
- Revenues and Operating Income Increase 31.2% and 104.3%, Respectively -
- 2007 EPS Reaches Record \$1.90 -

NORWALK, CONNECTICUT, February 21, 2008 - EMCOR Group, Inc. (NYSE: EME) today reported results for the fourth quarter and full year ended December 31, 2007. The Company's financial results for prior year periods have been adjusted to

Edgar Filing: EMCOR GROUP INC - Form 8-K

reflect its 2-for-1 stock split, effective July 9, 2007.

For the 2007 fourth quarter, the Company reported net income of \$50.3 million, or \$0.75 per diluted share, an increase of 25.2% over net income of \$40.2 million, or \$0.61 per diluted share, in the fourth quarter of 2006. Excluding income from discontinued operations of \$0.2 million, or \$0.00 per diluted share, income from continuing operations for the fourth quarter of 2007 was \$50.1 million, or \$0.75 per diluted share. Excluding income from discontinued operations of \$0.5 million, or \$0.01 per diluted share, 2006 fourth quarter income from continuing operations was \$39.7 million, or \$0.60 per diluted share.

Also included in the Company's 2006 fourth quarter results were restructuring expenses before tax of \$1.0 million, or \$0.02 per diluted share after tax, and an income tax benefit resulting from the reversal of valuation allowances and the reversal of income tax reserves of \$14.2 million, or \$0.21 per diluted share, as previously announced.

Revenues for the 2007 fourth quarter were \$1.77 billion, an increase of 31.2% from revenues of \$1.35 billion in the fourth quarter of last year. Organic revenue growth in the fourth quarter of 2007 was 21.9%.

For the 2007 fourth quarter, operating income was \$86.1 million compared to operating income of \$42.1 million in the 2006 fourth quarter, an increase of 104.3%. Operating income as a percentage of revenues rose to 4.9% in the 2007 fourth quarter from 3.1% in the year ago period. Fourth quarter 2007 selling, general and administrative (SG&A) expenses were \$153.9 million, compared with \$123.8 million a year ago. As a percentage of revenues, SG&A expenses declined to 8.7% in the fourth quarter of 2007 from 9.2% in the fourth quarter of 2006.

At December 31, 2007 contract backlog reached a record \$4.49 billion, an increase of 28.4% over contract backlog of \$3.50 billion at December 31, 2007. Organic backlog growth, excluding the contribution from acquisitions made in 2007, was 23.8%.

Income from continuing operations for the 2007 full-year period increased 45.2% to \$124.0 million, or \$1.86 per diluted share, from \$85.4 million, or \$1.30 per diluted share, a year ago.

For the 2007 full year period, the Company reported net income of \$126.8 million, or \$1.90 per diluted share, which includes income from discontinued operations of \$2.8 million, or \$0.04 per diluted share, and pre-tax restructuring expenses of \$0.3 million, or \$0.01 per share after-tax.

Net income for the 2006 full-year period was \$86.6 million, or \$1.32 per diluted share, which includes pre-tax restructuring expenses of \$1.6 million, or \$0.02 per diluted share after tax, income from discontinued operations of \$1.2 million, or \$0.02 per diluted share, and an income tax benefit resulting from the reversal of valuation allowances and the reversal of income tax reserves of \$14.2 million, or \$0.21 per diluted share. If the 2006 income tax benefits of \$14.2 million were excluded from 2006 net income, which the Company believes better reflects year to year comparability, earnings per share from continuing operations for the 2006 full year period would have been \$1.09.

For the 2007 full-year period, revenues rose 20.9% to \$5.93 billion from \$4.90 billion in 2006. Organic revenue growth (excluding acquisitions made in 2007) for the 2007 full-year period was 14.8%.

Operating income for the 2007 full-year period was \$199.8 million, or 3.4% of

Edgar Filing: EMCOR GROUP INC - Form 8-K

revenues, an increase of 78.8% over operating income of \$111.8 million a year ago. SG&A expenses for the 2007 full-year period were \$502.7 million, or 8.5% of revenues, versus \$439.0 million, or 9.0% of revenues, in 2006.

Frank T. MacInnis, Chairman and CEO of EMCOR Group, commented, "The fourth quarter was an emphatic conclusion to the most successful year in EMCOR history and was, in fact, our 50th consecutive profitable quarter. Our strong performance across North America continued, as a result of approximately 21.9% organic revenue growth during the quarter, while our commitment to cost containment helped to generate further expansion of our operating margins. Demand for our services remains robust across the markets we serve, and as a result we have been able to increase backlog levels in tandem with record revenue generation. Cash flow from operations of \$259 million allowed us to repay \$75 million of acquisition-related debt while maintaining one of the strongest balance sheets in the Company's history. Given our financial strength, we have the flexibility to adapt to changes in market conditions and to make investments to achieve our strategic goals."

Mr. MacInnis concluded, "We enter 2008 with strong momentum and excellent prospects for growth. Our backlog contains a solid mix of short, medium and long-term contracts including some of the most prominent customers and projects in the country, providing us with solid revenue visibility. The integration of our recent strategic acquisitions is progressing very well, and we continue to build our presence in growth markets, such as oil and gas, healthcare and transportation, that are either independent of or countercyclical to broader economic trends. Our presence in these markets, combined with the substantial growth of our facilities services business over the past few years and our financial strength, means that EMCOR Group is better positioned than ever to perform well and to benefit from the diversity of our markets, services and geographies. It is this diversity that will continue to yield stability and increased performance over time."

The Company noted that, based on current market conditions and the makeup of its backlog, it expects to generate revenues for the 2008 full-year period of between \$6.3 billion and \$6.5 billion, and diluted earnings per share for 2008 of \$2.08 to \$2.28.
