PRESS RELEASE

Financial News from Peoples Financial Services Corp.

Increased income, dividend increase, and expansion were important factors as Peoples National Bank and its parent Peoples Financial Services Corp. announced third quarter results.

A record quarterly income of \$1,502,000 led the Board of Directors of PFSC to increase the regular quarterly dividend to 23 cents per share from 22 cents per share. The dividend will be payable on November 15, 2002, to shareholders of record on October 31, 2002.

Through nine months of 2002, net income was \$3,438,000 vs. \$3,549,000 in 2001, a decrease of just over 3%. Income per share was down less than 2% at \$1.64 compared to \$1.67 at September 30, 2001. The bid price on PFSC common stock on September 30, 2002, was \$28.50, an increase of 14% over 2001.

Deposits have increased over 5% to \$259,493,000 and loans have gone up to \$214,656,000 an increase of 16% over the same date last year. Total assets as of September 30, 2002 were \$344,299,000.

Also announced was that an application for a branch office in Conklin NY was approved by our Board and filed with the Office of the Comptroller of the Currency. The newest Peoples National Bank office will be located at 1026 Conklin Road and is scheduled to be opened for business in the first quarter of 2003.

Peoples National Bank is headquartered in Hallstead PA and has community offices in the Hallstead Shopping Plaza, Susquehanna, Montrose, and Hop Bottom in Susquehanna County, in Nicholson, Tunkhannock, and Meshoppen in Wyoming County and in the Price Chopper, Norwich, New York.

This press release contains certain forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Actual results and trends could differ materially from those set forth in such statements due to various factors. Such factors include the possibility that increased demand for prices for the Company's financial services and products may not occur, changing economic, interest rate and competitive conditions, technological developments, and other risks and uncertainties including those detailed in the Company's filings with the Securities and Exchange Commission.
