Item 1.01 Entry into a Material Definitive Agreement.

On May 27, 2011, we and our pipeline subsidiaries, El Paso Natural Gas Company ("EPNG") and Tennessee Gas Pipeline Company ("TGP"), entered into a \$1.25 billion Fourth Amended and Restated Credit Agreement ("Credit Agreement") and a Fourth Amended and Restated Security Agreement ("Security Agreement"), each of which is attached as an exhibit hereto and incorporated herein by reference. The several banks and other financial institutions that are parties to these agreements are identified in the exhibits hereto. These agreements amended and restated our existing \$1.5 billion credit facility and related security agreement.

The Credit Agreement provides for a \$1.25 billion revolving credit facility, the entire amount of which may be used for loans and \$750 million of which may be used for letters of credit.

Pursuant to the terms of the Security Agreement, all obligations under the Credit Agreement are secured by certain inter-company receivables and by pledges of our interests in EPNG, TGP and El Paso Pipeline GP Company, L.L.C. We and certain of our subsidiaries also guarantee all of the borrowings under the Credit Agreement.

The revolving credit facility matures in May 2016. At closing, approximately \$125 million of revolving loans and \$255 million of letters of credit were outstanding under the revolving credit facility.

Revolving loans are priced at LIBOR plus a margin currently equal to 2.25 percent and outstanding letters of credit, which are considered usage of the revolving credit facility, are currently priced at 2.25 percent plus an additional fronting fee of up to 0.20 percent. An annual commitment fee currently equal to 0.45 percent is paid on any unused revolving credit capacity.

This Credit Agreement contains covenants limiting the ability of us and our subsidiaries to: (1) grant certain liens; (2) enter into certain merger or consolidation transactions; (3) dispose of certain assets; (4) enter into certain transactions with affiliates; and (5) enter into certain other restrictive agreements. Furthermore, the current debt limitations on the pipeline company borrowers— EPNG and TGP —will continue, which includes a restriction on each pipeline company borrower's incurrence of incremental borrowings if such debt would cause its ratio of Debt to Consolidated EBITDA to exceed 5.0 to 1.0. Under the terms of the Credit Agreement, we may sell interests in both TGP and EPNG to our affiliate El Paso Pipeline Partners, L.P. ("EPB"), provided that the effective percentage interest in TGP transferred to EPB plus the effective percentage interest in EPNG transferred to EPB does not exceed 100%.

This Credit Agreement also requires us to satisfy certain financial covenants at the end of each fiscal quarter, including:

(1) our ratio of Debt and Guaranties minus unrestricted cash to Consolidated EBITDA, all as defined in the Credit Agreement, shall not exceed 5.25 to 1.0 at any time until maturity, and

(2) our ratio of Consolidated EBITDA to interest expense and dividends paid shall not be less than 2.0 to 1.0 at any time until maturity.

Pursuant to the terms of the Credit Agreement, the following shall constitute events of default under the Credit Agreement:

- a failure to pay principal or interest on any loan under the credit agreement;
 - if a representation or warranty is proven to be incorrect when made;
 - a change of control

Edgar Filing: EL PASO CORP/DE - Form 8-K

- the failure to observe or perform covenants or agreements within the time periods specified;
 - bankruptcy or insolvency events;
- the entry of one or more judgments for the payment of money in an aggregate uninsured amount greater than \$100,000,000 that remains undischarged for 60 days; or
- failure to pay any Debt or Guaranty or Hedging Agreement (each as defined in the Credit Agreement) in an aggregate principal amount of \$200,000,000 or more and such failure shall continue after the applicable grace period.

On and after the date that the Loans under the Credit Agreement are assigned an investment grade rating by Standard & Poor's Financial Services LLC or Moody's Investors Service, Inc., the collateral will be released and certain covenants will no longer apply.

If an event of default occurs, then the lenders may: (1) terminate their commitments under the Credit Agreement; (2) declare any outstanding loans under the Credit Agreement to be immediately due and payable; and (3) foreclose on the collateral.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

See description above in Item 1.01.

Item 9.01 Financial Statements and Exhibits.
