Greene County Bancorp, Inc.
Reports Strong Quarterly Earnings

Catskill, N.Y. -- (BUSINESS WIRE) - November 1, 2004-- Greene County Bancorp, Inc. (the Company) (NASDAQ: GCBC), the holding company for The Bank of Greene County (the Bank), today reported net income for the first quarter of the fiscal year ending June 30, 2005. Net income for the quarter ended September 30, 2004 amounted to \$805,000 or \$0.39 per basic and \$0.38 per diluted share as compared to \$687,000, or \$0.34 per basic and \$0.33 per diluted share for the quarter ended September 30, 2003, an increase of \$118,000, or 17.2%. Improvement in net interest income was the most significant factor affecting net income when comparing the quarters ended September 30, 2004 and 2003.

Net interest income increased to \$2.7 million for the quarter ended September 30, 2004 as compared to \$2.4 million for the quarter ended September 30, 2003, an improvement of \$0.3 million, or 12.5%. Net interest spread increased 13 basis points to 3.87% as compared to 3.74% and net interest margin increased 14 basis points to 3.98% as compared to 3.84% when comparing the quarters ended September 30, 2004 and 2003. Interest income on loans increased \$111,000 due to an increase in average balance of \$17.3 million to \$151.2 million for the quarter ended September 30, 2004 as compared to \$133.9 million for the quarter ended September 30, 2003, offsetting a decline in yield on such loans of 51 basis points. The average balance of investment securities increased \$4.2 million and the yield on such investments improved by 37 basis points when comparing the quarters ended September 30, 2004 and 2003, further contributing to the improvement in net interest spread and margin. Interest expense fell to \$812,000 from \$869,000 when comparing the quarters ended September 30, 2004 and 2003. The average rate paid on certificates of deposit declined by 59 basis points to 2.05% from 2.64% when comparing the quarters ended September 30, 2004 and 2003, while the average balance of such accounts declined by \$3.9 million to \$57.7 million for the quarter ended September 30, 2004 as compared to \$61.6 million for the quarter ended September 30, 2003. These reductions continued to cause a decline in interest expense, further enhancing net interest spread and margin.

The provision for loan loss for the quarter ended September 30, 2004 amounted to \$44,000 as compared to \$45,000 for the quarter ended September 30, 2003. The Company continues to have strong asset quality with non-performing assets to total assets at 0.14% and allowance for loan loss to net loans at 0.82% as of September 30, 2004.

Noninterest income increased to \$684,000 for the quarter ended September 30, 2004 as compared to \$676,000 for the quarter ended September 30, 2003, an increase of \$8,000 or 1.2%. Noninterest income associated with service charges increased as a result of an increase in the number of accounts. The Company has had success in its new investment services business offered through Investors Marketplace which has helped offset a decline in the recognition of fees associated with refinancing activities.

Noninterest expense increased to \$2.2 million from \$2.0 million, an increase of \$0.2 million or 10.0% when comparing the quarters ended September 30, 2004 and 2003. Increases in salaries and benefits amounted to \$161,000 and resulted from the addition of several new positions including additional marketing and computer technology staff, as well as annual salary, medical benefit and retirement expense increases. Occupancy expense increased \$8,400 as a result of higher real estate taxes and routine maintenance expenses. Furniture and equipment expense increased \$16,000 primarily due to depreciation expense associated with new computer equipment for contingency purposes, system upgrades and furniture improvements in the Catskill Office. The expense for service and data processing of accounts was driven by the increased number of accounts as well as expenses for ATM upgrades which resulted in an increase of \$47,000 comparing with the same quarter of the prior year. Office supply expense increased approximately \$9,000 when comparing the quarters ended September 30, 2004 and 2003 due to some inventory replacement and routine expenditures.

Edgar Filing: GREENE COUNTY BANCORP INC - Form 8-K

The effective tax rate decreased to 28.6% for the quarter ended September 30, 2004, compared to 32.5% for the quarter ended September 30, 2003. A major reason for the change in effective rate was the increase in the percentage of income that municipal securities and other tax free investments contributed to total income during the quarter as well as tax benefits received for various stock based compensation plans.

Total assets of the Company were \$284.7 million at September 30, 2004 as compared to \$284.6 million at June 30, 2004. Loans grew to \$155.1 million at September 30, 2004 as compared to \$150.5 million at June 30, 2004, an increase of \$4.6 million or 3.1%. Borrowing decreased to \$7.5 million at September 30, 2004 as compared to \$10.0 million at June 30, 2004, a decrease of \$2.5 million or 25.0%. The loan growth and borrowing repayment were funded by lowering Fed Fund balances and proceeds from investment maturities and payments. As a result, Fed Funds declined to \$5.3 million at September 30, 2004 as compared to \$8.5 million at June 30, 2004, a decrease of \$3.2 million. Investment securities decreased to \$103.7 million at September 30, 2004 as compared to \$104.8 million at September 30, 2004. Deposits increased \$1.1 million to \$244.8 million at September 30, 2004 as compared to \$243.7 million at June 30, 2004. Deposit growth was achieved despite the payment of almost \$3.0 million from property tax escrow accounts.

Shareholders' equity increased to \$31.0 million at September 30, 2004 from \$30.0 million at June 30, 2004. Net income contributed \$0.8 million to retained earnings, which was partially offset by a dividend payment of approximately \$382,000. Comprehensive income shifted from an unrealized loss position of \$183,000 at June 30, 2004 to an unrealized gain position of \$433,000 at September 30, 2004, as a result of the interest rate environment.

Customers are offered 24-hour services through ATM network systems, an automated telephone banking system and Internet Banking through its web site at <http://www.thebankofgreeneconomy.com>.
