## Edgar Filing: YAAK RIVER RESOURCES INC - Form DEF 14A

This Proxy Statement is being furnished to Shareholders of Yaak River Resources, Inc. The Meeting will be held at the Sheraton Denver West Hotel, 350 Union Blvd., Lakewood, CO, at 9:30 A.M.

This Proxy Statement is first being mailed or given to Shareholders on or about June 14, 2004.

We are a Colorado corporation. We are a full-reporting 1934 Act company, with our common stock quoted on the Over the Counter Bulletin Board (OTCBB). Information about us can be found in our December 31, 2003 Annual Report filed on Form 10-KSB. Additional information about us can be found in our public filings that can be accessed electronically by means of the SEC's home page on the Internet at <http://www.sec.gov>, or at other Internet sites such as <http://www.freedgar.com>, as well as by such other means from the offices of the SEC.

WE ARE ASKING YOU FOR A PROXY AND,  
YOU ARE REQUESTED TO SEND US A PROXY

We are soliciting proxies, but the holders of more than 63% percent of the shares entitled to vote have indicated that they intend to vote in favor of these proposals. In light of the size of the holdings of these shareholders, the current Board and management of the Company deems the likelihood of a favorable vote on the proposals sufficient. You may mark and send the proxy attached hereto to record your vote.

### COSTS OF PROXY STATEMENT

We will pay the cost of preparing and sending out this proxy statement. It will be sent to most shareholders via regular mail. A few will receive it by personal delivery or facsimile.

### VOTING

#### SHAREHOLDERS ENTITLED TO VOTE

Holders of record of common stock, at the close of business on the date of mailing this proxy statement will be entitled to vote at the Special Meeting. As of this date, June 1, 2004, 67,308,857 shares of common stock were issued and outstanding. Each shareholder is entitled to one vote for each share of common stock held by such shareholder. We have only the single class of stock, namely our common stock.

3

#### QUORUM AND VOTE NECESSARY FOR APPROVALS.

One third of all shares entitled to vote constitutes a quorum to take the actions proposed. A majority of shares present and voting is sufficient to approve the proposal for a reverse split of the issued and outstanding common stock and a name change. Amendments to the Articles effecting a name change and a one for sixty-eight reverse split of the issued and outstanding common shares will be approved if the quorum is present. The holders of 63% percent of the shares entitled to vote have indicated that they intend to vote their 43,361,582 shares in favor of these proposals in person or by proxy.

#### PROXIES

Edgar Filing: YAAK RIVER RESOURCES INC - Form DEF 14A

Stockholders should specify their choice on the accompanying proxy card. All properly executed proxy cards delivered pursuant to this solicitation and not revoked will be voted at the Meeting in accordance with the directions given. If no specific instruction are given with regard to the matter to be voted upon, then the shares represented by a signed proxy card will be voted "FOR" the approval of the Amendment and in the discretion of such proxies to any other procedural matters which may properly come before the Meeting or any adjournments thereof. All proxies delivered pursuant to this solicitation are revocable at any time before they are voted at the option of the persons executing them by (i) giving written notice to the Secretary of the Company, (ii) by delivering a later dated proxy card, or (iii) by voting in person at the Meeting. All written notices of revocation and other communications with respect to revocations of proxies should be addressed to Robert Pike, Vice President, Yaak River Resources, Inc., 7609 Ralston Road, Arvada, CO 80002.

The Company will not reimburse anyone for out-of-pocket costs and expenses incurred in the solicitation of proxies. PROPOSED AMENDMENTS TO ARTICLES OF INCORPORATION AND CHANGES IN CORPORATE CAPITALIZATION

-----  
Proposal 1: To Authorize a change of the corporate name, to a new name in the discretion of the Board of Directors.  
-----

Proposal 1:

We are asking shareholders to authorize a change in the name of this corporation to a new name in the discretion of the Board of Directors. This requires an Amendment to our Articles of Incorporation.

We believe that the name change in our Articles of Incorporation are in the best interest of our corporation, to create a name which is not related to a defunct business attempt in the minerals exploration area.

## Proposal 2:

### PROPOSED REVERSE SPLIT OF COMMON STOCK ISSUED AND OUTSTANDING

-----  
Proposal 2: To Authorize a reverse split of the issued and outstanding common stock on a one for 68 basis, by which each 68 shares shall become one share. Fractional shares will be issued.  
-----

We are asking shareholders to approval a pro-rata reverse split of our issued and outstanding common stock, by which each sixty-eight shares would become one share. We will issue fractional shares. The effective date of the reverse split will be ten days following the date of the meeting.

We believe the recent per share price of the common stock has had a negative effect on the marketability of the existing shares, the amount and percentage of transaction costs paid by individual stockholders, and the potential ability of the Company to raise capital by issuing new shares.

We believe that reverse split will be advantageous to us and to all shareholders, because it may provide the opportunity for higher share prices based upon fewer shares. It is also a factor that most brokerage houses do not permit or favor lower-priced stocks to be used as collateral for margin accounts. Certain polices and practices of the securities industry may tent to discourage individual brokers within those firms from dealing in lower-priced stocks. Some of those polices and practices involve time-consuming procedures that make the handling of lower priced stocks economically unattractive. The brokerage commissions on the purchase or sale of lower priced stocks may also represent a higher percentage of the price than the brokerage commission on higher priced stocks.

5

As a general rule, potential investors who might consider making investments in our company will refuse to do so when the company has a large number of shares issued and outstanding with no equity. In other words, the "dilution" which new investors would suffer would discourage them from investing, as general rule of experience. A reduction in the total outstanding shares may, without any assurance, make our capitalization structure more attractive.

While our acceptability for ultimate listing on one of the NASDAQ markets is presently remote, we believe that it is in the interests of our company to adjust our capital structure in the direction of conformity with the NASDAQ structural requirements. At the current date, even with the proposed changes we would not meet NASDAQ criteria. NASDAQ requirements change constantly. There is no assurance that the proposed changes with meet NASDAQ requirements when, and if, we are otherwise qualified. There is no assurance that we will qualify for NASDAQ.

Once the reverse split has occurred, the Company may then be better structured to seek equity financing, because investors shy away from the very high dilution which would occur if an investment were made in the current structure.

TABLE SHOWING EFFECT OF REVERSE SPLIT ONE FOR 68

There is no assurance that any effect of the price of our stock will result, or that the market price for our common stock, immediately or shortly after the proposed changes, if approved, will rise, or that any rise which may occur will be sustained. Market conditions obey their own changes in investor attitudes and external conditions. We are proposing the steps we deem best calculation to meet the market attractively. We cannot control the markets reaction.

6

Dissenting shareholders have no appraisal rights under Colorado law or pursuant to our constituent documents of incorporation or bylaws, in connection with the proposed reverse split.

Fractional Shares. Colorado Statutes provide that a corporation may:

- (a) Issue fractions of a share or pay in cash the value of fractions of a share;
- (b) Arrange for disposition of fractional shares by the shareholders.

It further provides the holder of a fractional share is entitled to exercise the rights of a shareholder, including the right to vote, to receive dividends, and to participate in the assets of the corporation upon liquidation. The Company has no present intent to pay fractional shareholders the value nor to arrange any disposition of fractional shares.

Effectively, there is no market for fractional shares in the OTCBB market or the "Pink Sheets" market where the Company may currently be traded. An owner of fractional shares must consider them illiquid and unmarketable.

The reverse stock split may leave certain stockholders with one or more "odd lots" of new common stock, i.e., stock in amounts of less than 100 shares. These odd lots may be more difficult to sell or require greater transaction cost per share to sell than shares in even multiples of 100. There are frequently situations where transaction costs for odd lots in penny stocks exceed the net proceeds realized from a sale of the odd lot, effectively rendering the odd lot valueless to the holder.
