The Company is NOT soliciting consents or proxies and shareholders have no obligation to submit either of them. Whether or not shareholders submit consents should not affect their rights as shareholders or the prospects of the proposed shareholder resolutions being adopted. The Majority Shareholders will consent to the entire shareholder resolutions described in this Information Statement. The affirmative vote of the holders of a majority of the outstanding common stock of the Company is required to adopt the resolutions described in this Information Statement. THE COMPANY

The Company has its executive offices at #407-1270 Robson Street, Vancouver, B.C. Canada V6E 3Z6, and its telephone number is (604) 632-9638. As described in the accompanying NOTICE OF ACTION TO BE TAKEN BY THE SHAREHOLDERS, the Company proposes to adopt certain amendments to the Articles of Incorporation by shareholder action as follows:

Proposal #1

AMENDMENT TO ARTICLES FOR CORPORATION NAME CHANGE

The majority shareholders have authorized a change in the name of this corporation to Global Peopleline Telecom Inc. This requires an amendment to the Articles of Incorporation.

The Board believes the name change in our Articles of Incorporation is in the best interest of the corporation, to better reflect the new business that the Company is going to carry on.

The Proposed Amendment to the Articles of Incorporation for this purpose is: "Article One shall be amended to change the name to Global Peopleline Telecom Inc."

(The full text of the proposed Amendment to the Articles is attached hereto as Exhibit A.)

Proposal #2

REVERSE SPLIT OF COMMON STOCK ISSUED AND OUTSTANDING

To Authorize a reverse split of the common stock on a one for one hundred basis, by which each one hundred shares shall become one share; our shareholders have approved a pro-rata reverse split of our common stock, by which each one hundred shares would become one share.

The shareholders entitled to fractional shares as a result of the reverse split will have the fractional shares rounded up to the nearest whole share, because the cost of administering fractional share to the Company and the confusion, inconvenience, and administrative time at the transfer agent and for "street name" shareholders. The Board has determined that it is more cost effective and better business practice on a cost/benefit analysis to handle fractional shares this way than to attempt to administer them as fractional shares or to pay cash or scrip for them.

There will be no change in the number of record holders as a result of the reverse split.

We believe that reverse split will be advantageous to us and to all shareholders, because it may provide the opportunity for higher share prices based upon fewer shares. It is also a factor that most brokerage houses do not permit or favor lower-priced stocks to be used as collateral for margin accounts. Certain policies and practices of the securities industry may tend to discourage individual brokers within those firms from dealing in lower-priced stocks. Some of those policies and practices involve time-consuming procedures that make the handling of lower priced stocks economically unattractive. The brokerage commissions on the purchase or sale of lower priced stocks may also represent a higher percentage of the price than the brokerage commission on higher priced stocks.

As a general rule, potential investors who might consider making investments in our company will refuse to do so when the company has a large number of shares issued and outstanding with no equity. In other words, the "dilution" which new investors would suffer would discourage them from investing, as general rule of experience. A reduction in the total outstanding shares may, without any assurance, make our capitalization structure more attractive.

The Proposed Amendment to the Articles of Incorporation for this purpose is: ARTICLE THREE is hereby amended as follows:

The aggregate number of shares which this corporation shall have authority to issue is five hundred million (500,000,000) shares of a par value of (\$.001) which shares shall be designated common stock.

"Reverse Stock Split. Each share of the Corporation's Common Stock, par value of \$.001, issued and outstanding immediately prior to June 19, 2008 (the "Old Common Stock") shall automatically and without any action on the part of the holder thereof be reclassified as and changed, pursuant to a reverse stock split (the "Reverse Stock Split"), into a fraction thereof of 1/100 of a share of the Corporation's outstanding Common Stock, par value of \$.001 (the "New Common Stock"), subject to the treatment of fractional share interests as described below. Each holder of a certificate or certificates which immediately prior to June 19, 2008 represented outstanding shares of Old Common Stock (the "Old Certificates," whether one or more) shall be entitled to receive, upon surrender of such Old Certificates to the Corporation's Transfer Agent for cancellation, a certificate or certificates (the "New

Certificates," whether one or more) representing the number of whole shares of the New Common Stock into which and for which the shares of the Old Common Stock formerly represented by such Old Certificates so surrendered are classified under the terms hereof. From and after June 19, 2008, Old Certificates shall represent only the right to receive New Certificates pursuant to the provisions hereof. No certificates or scrip representing fractional share interests in New Common Stock will be issued, and no such fractional share interest will entitle the holder thereof to vote, or to any rights of a shareholder of the Corporation. Any fraction of a share of New Common Stock to which the holder would otherwise be entitled will be adjusted upward to the nearest whole share. If more than one Old Certificate shall be surrendered at one time for the account of the same Shareholder the number of full shares of New Common Stock for which New Certificates shall be issued shall be computed on the basis of the aggregate number of shares represented by the Old certificates so surrendered. In the event that the Corporation's Transfer Agent determines that a holder of Old Certificates has not tendered all his certificates for exchange, the Transfer Agent shall carry forward any fractional share until all certificates of that holder have been presented for exchange such that payment for fractional shares to any one person shall not exceed the value of one share. If any New Certificate is to be issued in a name other than that in which the

Old Certificates surrendered for exchange are issued, the Old Certificates so surrendered shall be properly endorsed and otherwise in proper form for transfer. From and after June 19, 2008, the amount of capital represented by the shares of the New Common Stock into which and for which the shares of the Old Common Stock are reclassified under the terms hereof shall be the same as the amount of capital represented by the shares of Old Common Stock so reclassified until after reduced or increased in accordance with applicable law. Fractional shares shall be rounded up to the nearest whole share."

(The full text of the proposed Amendment to the Articles of Incorporation is attached hereto as Exhibit A.)

The Company does not now qualify for a listing on any exchange, AMEX, NASDAQ, NYSE, or any smaller exchange. The Company does not meet any exchange qualifications at this time except that it is an SEC registered company. There is no assurance whatsoever that the Company will ever meet most of any exchange listing criteria.

There is no assurance that any effect to the price of our stock will result, or that the market price for our common stock, immediately or shortly after the proposed changes will rise, or that any rise which may occur will be sustained. Market conditions are not predictable and may be influenced by changes in investor attitudes and external economic conditions. We are proposing the steps we deem best calculated to meet the market attractively. We cannot control the market's reaction.

Dissenting shareholders have no appraisal rights under Florida law or pursuant to our constituent documents of incorporation or bylaws, in connection with the reverse split.
