ITEM 7.01. REGULATION FD DISCLOSURE.

On June 25, 2010, the Company received a letter from Bio-Rad Laboratories (“Bio-Rad”), confirming the completion of Phase 2 (the Development Phase) of the Exclusive Development Agreement signed in April 2008 for a multiplex product employing Chembio’s patented DPP® technology (the “Product”). In addition Bio-Rad exercised its option right for the transfer to Bio-Rad of exclusive manufacturing rights for the Product.

The Company’s receipt of confirmation of completion of Phase 2 causes the license fee payment to the Company of \$340,000, made in January of 2009 pursuant to the License Agreement entered into at that time, to become non-refundable and as a result, the payment will be recognized as revenue received on June 25, 2010, which is the date on which it became non-refundable.

The exercise of the option right has triggered potential aggregate maximum payments to the Company of \$275,000. The first payment of \$125,000 is due 30 days from the date the option is exercised, the second payment, in the amount of \$75,000, is due upon Bio-Rad’s making the test for available for clinical evaluations, and the final payment, in the amount of \$75,000, is due one year after Bio-Rad has made the test available for clinical evaluations.

Also in accordance with the License Agreement, upon commercialization of the Product, Chembio will receive a royalty in the amount of 7% of net Product sales in those countries and other jurisdictions where Chembio has filed the relevant patent.

The information in this Item 7.01 of this Form 8-K is being furnished and shall not be deemed “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liabilities of that section. The information in this Item 7.01 of this Form 8-K also shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference.
