To the Board of Directors
Advanced Technologies, Inc.

I have reviewed the accompanying balance sheets of Advanced Technologies, Incorporated as of March 31, 2000 and related statements of income and retained earnings, and cash flows for the nine months then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is representation of the management of Advanced Technologies, Inc.

A review consists principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly I do not express such an opinion.

Based on my reviews, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

My review was made for the purpose of expressing limited assurance that there are no material modifications that should be made to the financial statements in order for them

NOTE 1- Summary of Significant Accounting Policies

a. Organization

The Company was organized under the laws of the state of Delaware on June 16, 1969 as PWB Industries, inc. On November 10, 1975, the Company changed its name to Sun Energy, Inc. At that time the Company began operation in the oil and gas lease industry. By 1985 the Company discontinued its operation and became dormant. On March 6, 1996 the Company attempted a merger that eventually failed. On August 23, 1997 the Company changed its name to Advance Technologies, Inc. and moved its state of domicile to the state of Nevada.

On September 27, 1999 pursuant to a plan of acquisition, the Company exchanged 50,204,102 shares of its Series "A" preferred stock for SeaCrest Industries Corporation's 50,204,102 share of common stock. This acquisition has been accounted for using the purchase method of a business combination.

b. Accounting Method

The Company recognizes income and expense on the accrual basis of accounting.

c. Consolidation

The consolidated financial statements include the accounts of Advanced Technologies, Inc. and SeaCrest Industries Corporation, a wholly owned subsidiary. Intercompany transactions have been eliminated.

d. Earning (Loss) Per Share

The computation of earning per share of common stock is based on the weighted average number of shares outstanding at the date of the financial statements.

e. Cash and Cash Equivalents

The Company considers all highly liquid investment with maturities of three months or less to be cash equivalents.

f. Provision for Income Taxes

Edgar Filing: ADVANCE TECHNOLOGIES INC - Form 10QSB

No provision for income taxes has been recorded due to net operating loss carryforwards totaling approximately \$(550,602) that will be offset against future taxable income. These NOL carryforwards begin to expire in the year 2004. No tax benefit has been reported in the financial statements because the Company believes there is a 50% or greater chance the carryforward will expire unused.

NOTE 2- Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has few assets and has had recurring operating losses and is dependent upon financing to continue

Edgar Filing: ADVANCE TECHNOLOGIES INC - Form 10QSB

operations. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. It is management's plan to find an operating company to merge with, thus creating necessary operating revenue.

NOTE 3-Development Stage Company

The company is a development state company as defined in Financial Accounting Standards Board Statement No.7. It is concentrating substantially all of its efforts in raising capital and developing its business operations in order to generate significant revenues.

NOTE 4- Prepaid License Agreement

SeaCrest Industries Corporation, formerly Infrared Systems International, Inc., entered into a licensing agreement with Hughes Aircraft Company for an infrared landing aid system. Hughes Aircraft Company was paid \$25,000 on October 25, 1995 upon commencement of the agreement. There is also a \$1,000 royalty payment due to Hughes Aircraft Company for each unit sold. The first twenty units sold, \$20,000, will be deducted from the original \$25,000 deposit. This royalty agreement will be renegotiated on October 25, 2000.

NOTE 5-Advanced Royalties

SeaCrest Industries Corporation, formerly Infrared Systems International, Inc., entered into a licensing agreement for marketing and distributing of infrared aircraft landing systems. Seacrest received \$25,000 in advances.

NOTE 6- Stock Transactions

On December 2, 1998 and August 23, 1997, the Company's board of directors authorized a reverse stock split, 1 share for 35 shares and 1 share for 10 shares, respectively. The financial statements have been retroactively restated to show the effects of the reverse stock split.

NOTE 7-Related Party Transactions

Since the Company does not have the necessary operating revenue to sustain operations, stock has been issued for service. Some of the parties receiving stock are related parties, including officers of the Company.

During 1999, an officer of the Company advanced \$60,000 to cover expenses. \$12,000 was subsequently paid back leaving a note payable of \$48,000 at March 31, 2000. The note payable officer is considered a current liability with no provisions for interest.

During 1999, the officers of the Company paid their own travel expenses. The amount payable to the officers at March 31, 2000 is \$4,846.
