Springfield, New Jersey – October 6, 2011 – Village Super Market, Inc. (NSD-VLGEA) today reported its results of operations for the fourth quarter and year ended July 30, 2011.

Net income was \$8,764,000 in the fourth quarter of fiscal 2011 compared to \$8,897,000 in the fourth quarter of the prior year. The prior fiscal year contained 53 weeks, with the additional week included in the fourth quarter. Excluding the \$1,200,000 estimated positive impact of the 53rd week in the fourth quarter one year ago, net income increased 14%, primarily due to strong same store sales.

Sales were \$345,020,000 in the fourth quarter of fiscal 2011 compared to \$342,741,000 in the fourth quarter of the prior year. Excluding the 53rd week from the prior year, fiscal 2011 fourth quarter sales and same stores sales both increased 7.7%. Same store sales increased due to improved sales in the Washington and Marmora stores, which opened in prior fiscal years, higher sales in six stores due to store closings by competitors during fiscal 2011, a substantial increase in transaction counts, and a modest increase in transaction size due to inflation. Sales continue to be impacted by changing consumer behavior due to economic weakness and high unemployment, which has resulted in increased sale item penetration and trading down. Village expects same store sales in fiscal 2012 to increase from 3.0% to 5.0% with larger increases in the first half of the year. The impacts of the competitive store closings that occurred in fiscal 2011 and inflation are expected to moderate in the second half of fiscal 2012.

Net income in fiscal 2011 was \$20,982,000, a decrease of 17% from the prior year. Net income decreased primarily due to a \$4,200,000 (net of tax) charge for a withdrawal liability from a multi-employer pension plan in fiscal 2011 and the prior year including the \$1,200,000 estimated positive impact of the 53rd week. Excluding these two items, net income increased 4%. Sales in fiscal 2011 were \$1,298,928,000, an increase of 2.9% from the prior year. Excluding the 53rd week from the prior year, fiscal 2011 sales increased 4.7% due to the opening of the Washington, NJ replacement store on February 21, 2010 and a same store sales increase, excluding the 53rd week in the prior year, of 4.0%. Same store sales increased due to improved sales in the Marmora store, higher sales in five stores due to store closings by competitors during fiscal 2011, and a substantial increase in transaction counts.

On July 7, 2011, Village acquired the store fixtures, leases and pharmacy lists of store locations in Silver Spring, Maryland and Timonium, Maryland for \$6,595,000. Village began operating pharmacies at these locations on July 7, 2011. These stores opened as ShopRites on July 28, 2011 after minor remodeling.

Village Super Market operates a chain of 28 supermarkets under the Shop Rite name in New Jersey, Maryland and eastern Pennsylvania.

All statements, other than statements of historical fact, included in this Press Release are or may be considered forward-looking statements within the meaning of federal securities law. The Company cautions the reader that there is no assurance that actual results or business conditions will not differ materially from future results, whether expressed, suggested or implied by such forward-looking statements. The Company undertakes no obligation to update forward-looking statements to reflect developments or information obtained after the date hereof. The following are among the principal factors that could cause actual results to differ from the forward-looking statements: local economic conditions; competitive pressures from the Company's operating environment; the ability of the Company to maintain and improve its sales and margins; the ability to attract and retain qualified associates; the availability of new store locations; the availability of capital; the liquidity of the Company; the success of operating initiatives; consumer spending patterns; the impact of higher energy prices; increased cost of goods sold, including increased costs from the Company's principal supplier, Wakefern; the results of litigation; the results of tax examinations; the results of union contract negotiations; competitive store openings and closings; the rate of return on pension assets; the success of establishing ShopRite's presence in the Maryland market; and other factors detailed herein and in the Company's filings with the SEC.
