PROXY STATEMENT
for
ANNUAL MEETING OF SHAREHOLDERS
of
INSMED INCORPORATED
To be held June 9, 2010

Solicitation of Proxies.

The Board of Directors (the “Board”) of Insmmed Incorporated (“Insmmed”, which may be referred to as the “Company”, “we”, “us” or “our”) is soliciting your proxy for the Annual Meeting of Shareholders to be held at the Hyatt Reston Town Center Hotel, 1800 Presidents Street, Reston, Virginia, on June 9, 2010, at 9:00 a.m., local time (the “Annual Meeting”). This proxy statement and the accompanying proxy card are being mailed to our shareholders on or about April 30, 2010.

Information about the Annual Meeting.

Who May Vote. Shareholders of record at the close of business on April 13, 2010 (the “Record Date”), will be entitled to notice of and to vote at the Annual Meeting. As of the Record Date, we had 130,208,099 outstanding shares of common stock, \$0.01 par value per share. Each share of our common stock entitles the holder to one vote with respect to all matters submitted to shareholders at the Annual Meeting. Beneficial owners of shares of our common stock may direct the record holder of the shares on how to vote the shares held on their behalf.

Shareholders of Record. If on the Record Date, shares of our common stock were registered directly in your name with our transfer agent, then you are a shareholder of record. As a shareholder of record, you may vote in person or by proxy at the Annual Meeting. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owners of Shares. If on the Record Date, your shares of our common stock were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials have been forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the Annual Meeting, and is required to vote those shares in accordance with your instructions. If you do not give instructions to the organization holding your account, then the organization will have discretion to vote the shares with respect to “routine” matters but will not be permitted to vote the shares with respect to “non-routine” matters. Accordingly, if you do not instruct your broker or other agent on how to vote your shares with respect to the “non-routine” matter, your shares will be “broker non-votes” with respect to that proposal. Proposal 1, the Election of Directors, is a non-routine matter. Proposal 2, designation of auditors, is a routine matter. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent.

Quorum and Vote Required to Approve Each Item on the Proxy. A majority of the outstanding shares of our common stock represented in person or by proxy at the Annual Meeting constitutes a quorum for the transaction of business at the Annual Meeting.

Proposal 1, the election of the directors, requires the affirmative vote of the holders of a plurality of the votes cast in the election of directors. Signing and returning your proxy will constitute a vote “for” the nominees unless your proxy specifies that you are withholding authority to vote for the nominees or for a specific nominee. Any votes that are

withheld and any broker non-votes will not be included in determining the number of votes cast. In the event that any of the nominees are unavailable for election, the Board may either reduce the number of directors or choose a substitute nominee. If the Board selects a substitute nominee, the shares represented by proxy will be voted "for" the substitute nominee unless other instructions are given in the proxy. The Board has no reason to believe that the nominees will be unavailable.

Proposal 2, designation of auditors, does not require shareholder ratification under Virginia law, our Articles of Incorporation, as amended ("Articles of Incorporation"), or our Amended and Restated Bylaws ("Bylaws"). In the event that a majority of the votes cast are against the ratification of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2010, the Audit Committee of the Board will consider the vote and the reasons therefore in future independent auditor selection decisions.

Revoking a Proxy. Anyone giving a proxy may revoke it at any time before it is voted by voting in person at the Annual Meeting or by delivering a later dated proxy or written notice of revocation to our Corporate Secretary. Attendance at the Annual Meeting will not itself revoke a proxy. A proxy, if executed and not revoked, will be voted at the Annual Meeting. If a proxy contains any specific instructions, the proxy will be voted in accordance with such instructions.

Cost of Soliciting Proxies. We will pay the cost of soliciting proxies. In addition to the use of mails, proxies may be solicited in person or by telephone by our regular employees. We have engaged Georgeson Inc. to assist in the solicitation of proxies from brokers, nominees, fiduciaries and other custodians. We will pay that firm approximately \$6,500 for its services and reimburse its out-of-pocket expenses for such items as mailing, copying, phone calls, faxes and other related items and will indemnify Georgeson Inc. from any losses arising from that firm's proxy soliciting services on our behalf.

Principal Executive Offices of Insmmed Incorporated.

The address of our principal executive offices is 8720 Stony Point Parkway, Suite 200, Richmond, Virginia 23235.

Vote Required for Approval. The election of each nominee for director requires the affirmative vote of the holders of a plurality of the votes cast in the election of the directors. Signing and returning your proxy will constitute a vote “for” all of the nominees unless your proxy specifies that you are withholding authority to vote for either or both of the nominees. Any votes that are withheld and any shares held in street name for customers who are the beneficial owners of those shares that are not voted in the election of the directors will not be included in determining the number of votes cast. In the event that any of the nominees is unavailable for election, the Board may either reduce the number of directors or choose a substitute nominee. If the Board selects a substitute nominee, the shares represented by proxy will be voted “for” the substitute nominee unless other instructions are given in the proxy. Director Nominating Process.

The Nominations and Governance Committee. Our Nominations and Governance Committee performs the functions of a nominating committee and will actively seek, identify and recommend to the Board individuals qualified to become Board members, consistent with criteria approved by the Board, and establish such criteria based on factors it considers appropriate. These factors include strength of character, maturity of judgment, career specialization, relevant technical skills, diversity and the extent to which the candidate would fill a present need on the Board. The Nominations and Governance Committee's Charter describes the Committee's responsibilities, including seeking, screening and recommending director candidates for nomination by the Board. The Nominations and Governance Committee Guidelines also contain information concerning the responsibilities of the Nominations and Governance Committee with respect to identifying and evaluating the director candidates. The Nominations and Governance Committee Charter and the Corporate Governance Guidelines are both available on our website at www.insmed.com. All members of the Nominations and Governance Committee are independent as defined in Rule 4200(a)(15) of the NASDAQ Marketplace Rules and our Corporate Governance Guidelines.

Director Candidate Recommendations and Nominations By Shareholders. The Nominations and Governance Committee's Charter provides that the Committee will consider director candidate recommendations by shareholders. Shareholders should submit any such recommendations for the Nominations and Governance Committee through the method described under "Communications With the Board." In addition, in accordance with our Bylaws, any shareholder of record entitled to vote for the election of directors at the applicable meeting of shareholders may nominate persons for election to the Board if such shareholder complies with the notice procedures set forth in the Bylaws and summarized in this proxy statement under the heading "Proposals for 2011 Annual Meeting."

Nominations and Governance Committee Process For Identifying and Evaluating Director Candidates. The Nominations and Governance Committee evaluates all director candidates in accordance with the director qualification standards described in the Corporate Governance Guidelines including the provision that diversity of backgrounds and experience should be emphasized in board composition. The Nominations and Governance Committee evaluates a candidate's qualifications to serve as a member of the Board based on the skills and characteristics of individual Board members as well as the composition of the Board as a whole. In addition, the Nominations and Governance Committee will evaluate a candidate's independence, diversity, age, skills and experience in the context of the Board's needs.

Communications With the Board. The Board has approved unanimously a process for shareholders to send communications to the Board. Shareholders can send communications to the Board and, if applicable, to the Nominations and Governance Committee or to specified individual directors in writing c/o Mr. W. McIlwaine Thompson, Corporate Secretary, Insmmed Incorporated, 8720 Stony Point Parkway, Suite 200, Richmond, VA 23235. All letters sent to Mr. Thompson will be forwarded, as appropriate, to the Board, the Nominations and Governance Committee or any specified individual directors. The Company screens mail for security purposes.

Director Attendance at Annual Meeting. Our policy is that directors attend the annual meeting of shareholders. All directors attended the 2009 Annual Meeting of Shareholders.

Board Leadership Structure. Our Board does not have a policy on whether or not the roles of chief executive officers and chairman of the board should be separate, and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee. Geoffrey Allen, PhD., our President and Chief Executive Officer also served as Chairman of the Board, until his resignation due to a health condition in June 2009. Mel Sharoky, M.D., one of our directors, assumed the role of Chairman of the Board upon Dr. Allen's resignation. Pending completion of the evaluation of strategic options for the use of the proceeds from the sale of our follow-on biologics assets in March 2009, we have decided not to hire a new Chief Executive Officer. Upon completion of this strategic review process, our Board will consider the role of the CEO on the Board. Our Board

currently does not have a lead director designated because the current Chairman is a non-employee director.

The Role of the Board in Risk Oversight. Our Corporate Governance Guidelines provide for the Board and its committees to oversee our program for identifying, evaluating and controlling significant risks. Under the Audit Committee Charter, the Audit Committee's responsibilities include the responsibility to inquire of management and our independent accountant about our significant risks or exposures and to assess the steps that management has taken to monitor, control and minimize these risks, including our risk assessment and risk management policies.

AUDIT COMMITTEE REPORT*

The Audit Committee of the Board (the “Audit Committee”) is composed of three independent directors and operates under a written charter adopted by the Board. The Audit Committee reviews and reassesses the adequacy of the charter at least annually. The Audit Committee approves and recommends to the Board, subject to shareholder ratification, the selection of the Company’s independent auditors. In this context, the Audit Committee has met and held discussions with management and Ernst & Young LLP, the Company’s independent auditors.

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2009 (the “Annual Report”) with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, its judgments as to the quality, not just the acceptability, of the Company’s accounting principles and such other matters as are required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90, Communication With Audit Committees. In addition, the Audit Committee has discussed with the independent auditors the auditors’ independence from management and the Company, including the matters in the written disclosures and letter from the auditors to the Audit Committee required by Public Company Accounting Oversight Board Rule 3526, and considered the compatibility of non-audit services with the auditors’ independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board approved) that the audited financial statements be included in the Annual Report, which was filed with the Securities and Exchange Commission on March 16, 2010. The Audit Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company’s independent auditors.

THE AUDIT COMMITTEE

Kenneth G. Condon, M.B.A., Chairman
Steinar J. Engelsen, M.D.
Graham K. Crooke, MB.BS

March 31, 2010

*The foregoing report of the Audit Committee is not to be deemed “soliciting material” or deemed to be “filed” with the Securities and Exchange Commission (irrespective of any general incorporation language in any document filed with the Securities and Exchange Commission) or subject to Regulation 14A of the Securities Exchange Act of 1934, as amended, or to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent we specifically incorporate it by reference into a document filed with the Securities and Exchange Commission.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted an Audit Committee Pre-Approval Policy for the pre-approval of audit services and permitted non-audit services by the Company’s independent auditors in order to assure that the provision of such

services does not impair the independent auditors' independence from Insmmed. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific approval by the Audit Committee. Any proposed services exceeding pre-approved fee levels also will require specific pre-approval by the Audit Committee. In all pre-approval instances, the Audit Committee will consider whether such services are consistent with the Securities and Exchange Commission's rules on auditor independence.

The Audit Committee has designated in the Audit Committee Pre-Approval Policy specific services that have the pre-approval of the Audit Committee and has classified these pre-approved services into one of four categories: Audit, Audit-Related, Tax and All Other. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee will revise the list of pre-approved services from time to time, based on subsequent determinations.

Pre-approval fee levels for all services to be provided by the independent auditor will be established periodically by the Audit Committee. Any proposed services exceeding these levels will require specific pre-approval by the Audit Committee. The Audit Committee recognizes the overall relationship of fees for audit and non-audit services in determining whether to pre-approve any such services. For each fiscal year, the Audit Committee may determine the appropriate ratio between the total amount of fees for Audit, Audit-Related, and Tax, and the total amount of fees for services classified as permissible All Other services.

The Audit Committee has designated the Chief Financial Officer of the Company to monitor the performance of the services provided by the independent auditor and to determine whether such services are in compliance with the Audit Committee Pre-Approval Policy. Both the Chief Financial Officer and management will immediately report to the Chairman of the Audit Committee any breach of the Audit Committee Pre-Approval Policy that comes to the attention of the Chief Financial Officer or any member of management.

Fees Billed by Ernst & Young LLP

The following table lists fees billed by Ernst & Young LLP, for services rendered in the fiscal years ended December 31, 2008 and 2009. The Audit Committee reviewed the aggregate fees billed by Ernst & Young LLP for professional services rendered for the fiscal year ended December 31, 2009, which were as follows.

	Fiscal Year Ended December 31,	
	2008	2009
Audit Fees	\$ 350,000	\$ 250,000
Audit-Related Fees	-	-
Tax Fees	-	-
All Other Fees	-	-
Total Ernst & Young LLP Fees	\$ 350,000	\$ 250,000

"Audit Fees" include fees for services performed to comply with Generally Accepted Auditing Standards. These services include the recurring audit of our consolidated financial statements, as well as audits provided in connection with statutory filings, related reserves, and review of documents filed with the Securities and Exchange Commission.

The Audit Committee has determined that the services performed by Ernst & Young LLP, during the fiscal year ended December 31, 2009, is compatible with maintaining Ernst & Young LLP's independence from Insmmed.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

All of our directors and officers complete a directors and officers questionnaire at the beginning of each year, in which they are asked to disclose family relationships and other related party transactions. Our Audit Committee must review and approve all related party transactions, as defined in Item 404 of Regulation S-K. In examining related party transactions, our Audit Committee considers whether any of our directors, officers, holders of more than five percent of our voting stock, or any immediate family members of the foregoing persons and any other persons whom the Audit Committee determines to be related parties, have a conflict of interest where an individual may have a private interest which interferes with or appears to interfere with our interests. In determining whether to approve or ratify a related party transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the related party transaction is on terms no less favorable to us than terms generally available to us from an unaffiliated third-party under the same or similar circumstances, and the extent of the related party's interest in the transaction. Any transaction which is deemed to be a related party transaction requires the approval, initially by a majority of the non-interested Audit Committee members, and finally by a majority of the non-interested Board members. Our Audit Committee's procedures for reviewing related party transactions are not in writing. In fiscal 2009, there were no related party transactions.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended requires that our directors, officers and persons who own more than ten percent of a registered class of our equity securities file reports of ownership and changes in ownership of such securities with the Securities and Exchange Commission and the NASDAQ Capital Market. Directors, officers and beneficial owners of more than ten percent of our common stock are required by applicable regulations to furnish us with copies of all Section 16(a) forms they file. Based solely upon a review of the copies of the forms and information furnished to us, we believe that during fiscal 2009 all filing requirements applicable to our directors, officers and beneficial owners of more than ten percent of our common stock were satisfied.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

As of the Record Date there was no person (including any "group" as that term is used in Section 13(d)(3) of the Exchange Act) known by us to be the beneficial owner of more than five percent of our common stock then outstanding.

SECURITY OWNERSHIP OF MANAGEMENT

The following table sets forth the beneficial ownership of our common stock as of the Record Date by each director, each "named executive officer" as defined in Item 402(a)(3) of Regulation S-K and all directors and executive officers as a group. The total number of shares of our common stock outstanding as of the Record Date was 130,208,099.

COMPENSATION DISCUSSION AND ANALYSIS (THE “CDA”)

Philosophy and Overview.

Our guiding philosophy is to establish executive compensation policies that are linked to the sustained creation of shareholder value. The following objectives serve as the guiding principles for all of our compensation decisions:

- to provide a competitive total compensation opportunity that will enable us to attract, retain and motivate highly qualified executives;
- to align compensation opportunities with shareholder interests by making the executive compensation program highly sensitive to our performance, which is defined in terms of milestones associated with achieving long-term profitability and creating shareholder value; and
- to provide a strong emphasis on equity-based compensation and equity ownership, creating a direct link between shareholder and management interests.

Role of Compensation Committee in Making Decisions.

Our Compensation Committee has been delegated the authority to determine and make recommendations for all forms of compensation to be granted to our executive officers in furtherance of our compensation objectives. In assessing and determining our compensation programs, our Compensation Committee conducts a peer group review, engages outside consultants to assess competitiveness and meets in executive session.

Compensation Evaluation Processes and Criteria. The compensation packages for executive officers are reviewed by our Compensation Committee, including an analysis of all elements of compensation separately and in the aggregate. In establishing compensation levels for each of our executive officers, our Compensation Committee consults on an informal basis with other members of the Board. The Compensation Committee also has the authority to engage the services of outside experts to assist it in making compensation-related decisions.

Given the high demand for the experienced and well-qualified executives we seek to employ, the Compensation Committee reviews data obtained from outside surveys of compensation and benefits for executive officers in the biotechnology industry including the Radford Global Life Sciences Survey prepared by Aon Consulting for a general understanding of compensation trends and practices, an internally prepared survey on executive compensation based on peer biotechnology companies' proxy statements, and personal knowledge regarding executive compensation at comparable companies. In addition, during fiscal year 2008, Towers Perrin, an independent compensation consulting firm, was engaged to conduct a complete analysis of our executive compensation, including salary, bonus and equity-based long-term incentives and to make recommendations on market-based ranges for base salary, target bonus and equity-based long-term incentive grants.

Based on the information it gathers, the Compensation Committee establishes benchmarks used for the purpose of evaluating appropriate compensation ranges for base salary, cash bonus and long-term incentives. Our Compensation Committee uses the benchmarks in various combinations in an effort to obtain comparative compensation information that reflects our particular facts and circumstances. When reviewing benchmark data, our Compensation Committee targets our compensation at the 50th percentile for companies of similar size and stage of development. Our Compensation Committee will continue to conduct similar annual reviews of our executive compensation practices and anticipates that it may use the services of independent outside consultants for similar services in the future.

In May 2009 the Board engaged Towers Perrin to assess the competitiveness of the compensation provided to Insméd's independent outside directors. Total fees for this assessment were \$12,173. To assist in the evaluation and comparison Towers Perrin used a peer group of 25 biotechnology companies which were selected based on the following criteria.

- development –stage and early commercialization biotechnology companies; and
 - market capitalization of \$50 million to \$300 million.

The changes resulting from the assessment and as recommended by Towers Perrin were accepted by the Board and implemented in 2009. These changes were:

- an increase in the annual retainer from \$17,500 to \$25,000;
- the adoption of annual committee chair retainers of \$10,000 for Audit Committee and \$5,000 each for Compensation Committee and Nominations & Governance Committee; and
 - replace annual option grants with annual Restricted Stock grants with a value of \$25,000 at grant.

In determining the amount and mix of compensation elements, our Compensation Committee relies upon its judgment about the performance of each individual executive officer – and not on rigid formulas or short-term changes in business performance. In setting final compensation levels for our executive officers for fiscal 2009, our Compensation Committee considered many factors, including, but not limited to:

- our achievement of certain product development, corporate partnering, financial, strategic planning and other goals;
- each officer's individual performance using certain subjective criteria, including an evaluation of each officer's initiative, contribution to overall corporate performance and managerial ability;
 - the scope and strategic impact of our executive officer's responsibilities;
 - our past business performance and future expectations;
 - our long-term goals and strategies;
 - the performance and experience of each individual;
 - past salary levels of each individual and of the executives as a group;
 - relative levels of pay among the officers;
- the amount of base salary in the context of the executive officer's total compensation and other benefits;
- for each executive officer, other than the Chief Executive Officer, the evaluations and recommendations of our Chief Executive Officer; and
 - the competitiveness of our compensation packages relative to the selected benchmarks.

In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), we cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to certain "performance-based compensation" within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. We have considered the limitations on deductions imposed by Section 162(m) of the Code and it is our present intention, for so long as it is consistent with our overall compensation objective, to structure executive compensation to minimize application of the deduction limitations of Section 162(m) of the Code.

Selection of Peer Companies/Benchmarks.

When determining the compensation of our executive officers, the Compensation Committee reviewed, as one part of the benchmarking process, the analysis conducted by Towers Perrin in fiscal 2008 based on publicly available salary data pulled from the proxy statements of 32 peer companies. The analysis that was done in fiscal 2008 was not updated for purposes of setting compensation for fiscal 2009. The peer group used in the Towers Perrin analysis consisted of the following companies:

Adolor Corporation	Immunogen Inc.
Advanced Life Sciences	Introgen Therapeutics Inc.
Allos Therapeutics	ISTA Pharmaceuticals Inc.
Anadys Pharmaceuticals Inc.	La Jolla Pharmaceutical Co.
Antigenics Inc.	Middlebrook Pharmaceuticals
Ariad Pharmaceuticals	Novacea, Inc.
Avant Immunotherapeutics Inc.	NPS Pharmaceuticals Inc.
Avigen	Oxigene Inc.
Cell Therapeutics	Pozen
Curis Inc.	Renovis, Inc.
Discovery Laboratories Inc.	Sangamo Biosciences
EntreMed Inc.	Tapestry Pharmaceuticals
Genitope Corp.	Tercica Inc.
Genta Incorporated	Trimeris Inc.
GenVec, Inc.	Vical Inc.
GTC BioTherapeutics, Inc.	Vion Pharmaceuticals Inc.

Components of Compensation.

Our executive compensation packages generally include three components: base salary, a cash bonus and equity-based awards.

Base Salary. The Compensation Committee seeks to establish base salaries that are competitive for each position and level of responsibility with those of executive officers at various other biotechnology companies of comparable size and stage of development. The Compensation Committee intends base salary to provide our executive officers with a level of stability and certainty each year and intends that this component of compensation not be affected to any significant degree by our performance factors. The Compensation Committee typically reviews and sets base salaries for executives on an annual basis during the first quarter of each fiscal year. Salary levels for each of our executive officers are generally targeted near the 50th percentile of salaries that our Compensation Committee believes are paid to executive officers with comparable qualifications, experience and responsibilities at the benchmarked companies. For fiscal 2009, the compensation for our continuing executive officers was maintained at basically the same level as for fiscal 2008. When our compensation is benchmarked (which did not occur for fiscal 2009), our Compensation Committee reviews variances between the salary levels for each of our executive officers and those of the companies included in the selected benchmarks and determines, in its discretion, individual salary adjustments after considering the factors described above, although no relative weights or rankings are assigned to these factors. In setting the base salary for our executive officers other than our Chief Executive Officer, the Compensation Committee also considers the recommendations of our Chief Executive Officer.

Cash Bonuses. The Compensation Committee believes that cash bonuses are useful on a case by case basis to motivate and reward executive officers and are largely dependent on each such officer's performance in relation to overall corporate results. Bonuses for executive officers are not guaranteed, but to date have been awarded from time to time, generally annually, only in the discretion of the Compensation Committee. Cash incentives are generally targeted at the 50th percentile of cash incentives provided to officers in similar positions at companies included in the selected benchmarks.

At the beginning of each fiscal year, management proposes the annual corporate objectives to the Board for approval. These objectives serve as the basis for determining our performance. When determining if a bonus will be paid for the fiscal year, the Compensation Committee takes into account the overall financial condition and performance of the Company at the time and, in addition, each executive officer is evaluated by the Compensation Committee and the Board on our overall performance and his or her individual performance, level of responsibility and leadership in relation to our overall performance. Additionally, the Compensation Committee sets guidelines for

the bonuses potentially payable to our officers. These guidelines, which are currently up to 35% of each individual officer's annual salaries, can be increased beyond these guideline levels at the Compensation Committee's discretion, for example, in the event of exceptional performance by an individual officer. In the past, criteria for bonuses for executive officers ranged from success in attracting capital, to success in conducting clinical trials, obtaining FDA approvals, entering into new and expanded collaborations, licensing, acquisitions, divestitures, and establishing and expanding our manufacturing capabilities. During fiscal 2009, the corporate objectives were as follows:

- Successfully conclude sale of Follow on Biologics assets to Merck.;
- Complete IPLEX Clinical trial in Myotonic Muscular Dystrophy including final report;
- Manufacture sufficient IPLEX, prior to sale of Boulder production facility to Merck, to support current IPLEX Expanded Access Program for at least 1 year; and
- Initiate and progress strategic review of business to establish optimum use of Merck proceeds while protecting overall capital base.

When evaluating our performance for fiscal 2009, the Compensation Committee reviewed the above corporate objectives, in particular the sale of the follow-on biologics business to Merck & Co. and the subsequent work by the executive officers to find a strategic partnership while working with RBC. Based on this evaluation, the Compensation Committee recommended, and the Board approved, bonuses for the named executive officers for the fiscal year ended December 31, 2009 ("fiscal 2009") be awarded in accordance with company guidelines at the levels of 35% for Mr. Glover and Mr. Kelley, and 40% for Mr. Tully.

Equity-Based Long-Term Incentives. The Compensation Committee believes that stock ownership by management is beneficial for aligning the interests of management and shareholders, enhancing shareholder value and attracting and retaining talented employees. In accordance with such belief, the Compensation Committee to date has sought to motivate and reward superior results by providing a significant portion of executive compensation as equity, in the form of stock options, restricted stock and restricted stock units.

When granting stock options, restricted stock or restricted stock units, the Compensation Committee considers the existing levels of stock ownership among the executive officers relative to each other and to our employees as a whole, previous grants of stock options, restricted stock or restricted stock units to such executive officers, vesting schedules of previously granted stock options, restricted stock and restricted stock units, the performance of the executives and their contributions to our overall performance, information with regard to awards at comparable companies, comparable data provided by independent compensation consultants (if retained), an outside survey of stock option grants and restricted common stock awards in the biotechnology industry, an internally prepared survey of peer biotechnology companies' proxy statements and personal knowledge of the Compensation Committee members regarding executive stock options and restricted stock awards at comparable companies. Consideration is also given to the impact of stock option, restricted stock and restricted stock unit awards on our results of operations.

Prior to May 29, 2008, stock options were awarded to all of our new employees upon their commencement of employment. Shares of our common stock underlying these stock options typically vested over a four year period, with 25% of the shares vesting on each of the first four anniversaries of the date of grant. Those options typically expired ten years from the date of grant. The exercise price was equal to the fair market value of our common stock on the date of grant. Beginning with June 1, 2008 we began issuing restricted stock and restricted stock unit awards to all of our new employees upon their commencement of employment.

The Compensation Committee also grants stock options to officers from time to time, if an officer's percentage of ownership has fallen below the industry averages or in recognition of such officer's expanded duties and responsibilities or exceptional performance.

During fiscal 2009, no restricted stock or restricted stock units were granted to any officers or employee of the company.

Other Benefits. We maintain a benefits plan provided to all employees, that includes coverage for health insurance, dental insurance, life and disability insurance, an Employee Stock Purchase Plan (as described under the heading “Equity Compensation Plan Information”) and a 401(k) Plan. We also provide Dr. Allan with a Company car for business and personal use.

Compensation of Executive Officers.

The Compensation Committee uses a formal evaluation process, which includes meetings held in executive session, to help assess the performance of our executive officers. Typically, during the first quarter of each fiscal year, the Committee evaluates the Chief Executive Officer based on our overall performance, individual performance, level of responsibility and leadership ability. On June 15, 2009 our Chief Executive Officer, Dr. Geoffrey Allan, needed to resign due to health reasons. Dr. Allan was not replaced as the Company was in the process of a strategic business review. Following Dr. Allan’s resignation the Board appointed a current board member, Dr. Melvin Sharoky as Chairman of the Board. All Insmmed executives reported directly to Dr. Sharoky following Dr. Allan’s resignation. For fiscal year 2009 Dr. Sharoky made recommendations to the Compensation Committee regarding the performance and related compensation of our other executive officers. The Board actively participates in the process of assessing the other executive officers’ performance and in setting their compensation based on Dr. Sharoky’s and the Compensation Committee’s assessments.

The elements of our compensation program for each named executive officer are summarized below:

Geoffrey Allan, Ph.D. - President and Chief Executive Officer. Dr. Allan was responsible for developing, in connection with the Board, our corporate mission and objectives and providing direction and leadership to ensure the execution of our corporate objectives and strategy. Dr. Allan resigned effective June 15, 2009 due to health reasons. His total compensation was comprised of the following elements:

Base Salary: Dr. Allan’s base salary for fiscal 2009 was set at \$450,000; however, he was only employed for a partial year, earning \$209,639.

Severance: As part of his departure the Company entered into a separation agreement in which Dr. Allan received a lump sum of \$675,000 and continued benefits for up to 36 months, depending on continued eligibility.

Stock Grants: The 2008 restricted stock and restricted stock unit grants to Dr. Allan vested on March 31, 2009 as a result of the Merck transaction prior to his resignation. Dr. Allan received 247,582 shares of restricted stock and cash for 144,861 restricted stock units, subject to tax withholding.

Other Compensation: We provide Dr. Allan with a Company car for business and personal use. We pay the lease payments, taxes and auto insurance associated with the car through to lease expiry in April 2011.

Kevin P. Tully, C.G.A. – Executive Vice President and Chief Financial Officer. Mr. Tully directs all financial and administration activities, including internal and external reporting, treasury, accounting, human resources and information technology. Following Dr. Allan’s departure, as of June 15, 2009 Mr. Tully is also responsible for managing the day-to-day operations of the Company. His total compensation was comprised of the following elements:

Base Salary: Mr. Tully’s base salary for fiscal 2009 was \$275,000.

Cash Bonus: Mr. Tully is eligible for an annual, discretionary bonus of up to 35% of his annual salary based on the Company's overall financial condition and performance and the achievement of performance objectives established by the Compensation Committee. Based on the degree of achievement of the corporate objectives for 2009 and for Mr. Tully’s key role in managing the business following the departure of our Chief Executive Officer, the Compensation Committee and the Board used their discretion to award Mr. Tully a bonus for fiscal 2009 of \$110,250 which represents 40% of his annual salary.

Stock Grants: The 2008 restricted stock and restricted stock unit grants vested on March 31, 2009 as a result of the Merck transaction. Mr. Tully received 94,562 shares of restricted stock and cash for 55,329 restricted stock units, subject to tax withholding.

Equity Compensation Plan Information.

In fiscal 2009, we had two equity compensation plans under which we were granting stock options and shares of non-vested stock. We are currently granting stock-based awards from our 2000 Plan and Amended and Restated 2000 Employee Stock Purchase Plan (the "2000 ESPP," and together with the 2000 Plan, the "Plans"). The Plans are administered by the Compensation Committee and the Board.

The 2000 Plan was originally adopted by the Board and approved by our shareholders in 2000 and its original ten-year term was extended to March 15, 2015 when it was last amended. Under the terms of the 2000 Plan, we are authorized to grant a variety of incentive awards based on our common stock, including stock options (both incentive stock options and non-qualified stock options), performance shares and other stock awards. The 2000 Plan currently provides for the issuance of a maximum of 9,250,000 (adjusted for stock splits) shares of common stock. These shares are reserved for awards to all participants in the 2000 Plan, including non-employee directors.

The 2000 ESPP was adopted by the Board on April 5, 2000, and was approved by our shareholders on the same date. It was amended by the Board to increase the number of shares available for issuance, and such amendment was approved by our shareholders on May 11, 2005. The 2000 ESPP was subsequently amended and restated by action of the Board on October 4, 2006 and the amendment and restatement was approved by our shareholders on December 14, 2006. Under the terms of the 2000 ESPP, eligible employees have the opportunity to purchase our common stock through stock options granted to them. An option gives its holder the right to purchase shares of our common stock, up to a maximum value of \$25,000 per year. The 2000 ESPP provides for the issuance of a maximum of 1,500,000 shares of our common stock.

The following table presents information as of December 31, 2009, with respect to the Plans.

Plan Category (1)	Weighted Average Number of Securities		
	Number of Securities to Be Issued upon Exercise of Outstanding Options, Warrants and Rights	Exercise Price of Outstanding Options, Warrants and Rights	Remaining Available for Future Issuance Under Equity Compensation Plans

	—	—	365,380	
Total:	2,592,750	\$ 2.30	2,322,469	(3)

- (1) We do not have any equity compensation plans that have not been approved by our shareholders.

- (3) To the extent that stock options or stock appreciation rights granted under the 2000 Plan terminate, expire, or are canceled, forfeited, exchanged or surrendered without having been exercised, or if any shares of restricted stock or performance units are forfeited, the shares of common stock underlying such grants will again become available for purposes of the 2000 Plan.

Potential Payments Upon Termination or Change in Control.

As of December 31, 2009 we had Change in Control Agreements in place with Kevin Tully and Steve Glover which entitle them to receive additional benefits in the event of their termination following a change in control of our Company. We believe that the existence of these potential benefits will discourage turnover and cause such executives to be better able to respond to the possibility of a change in control without being influenced by the potential effect of a change in control on their job security.

For purposes of these agreements, the term "change in control" generally includes:

- (a) the acquisition by another person of beneficial ownership of 40% or more of our common stock;
- (b) a proxy contest that results in the replacement of a majority of the members of our Board;
- (c) a merger after which our shareholders own less than 60% of the surviving corporation's stock; or
- (d) approval by our shareholders of a complete liquidation or dissolution of our Company.

If, during the one year period following a change in control or six months prior to a change in control, we or our successor terminates the executive's employment other than for "cause" or the executive voluntarily terminates employment after the executive's compensation or duties are changed in any material respect from what they were immediately prior to the change in control, either of which is a Qualified Termination as defined in these agreements, the executive shall receive a lump-sum cash payment equal to the sum of the executive's highest annual salary rate while an employee plus a prorated bonus based on the guideline bonus in effect for the employee for the year of termination. In addition, we shall continue to provide to the executive health, dental, and life insurance, continuation of directors' and officers' insurance and the other fringe benefits that the executive received prior to termination for the 18 month period immediately following the change in control. The severance payment and benefit continuation is conditioned on the executive signing a release of employment related claims.

In the event the executive is terminated by us, other than for cause, disability or death, or the executive voluntarily terminates employment for the reasons set forth above, within 12 months following the change in control, we will provide outplacement services in an amount not to exceed \$10,000, until the earlier of (i) 12 months following termination of the executive's employment or (ii) the date that the executive secures full time employment.

To protect our business and goodwill, for a period of 12 months after the termination of executive's employment with us, the executive agrees that he will not:

1. engage in any business that competes directly with the products or services provided by us at the time of termination or for which definitive plans then existed to so provide such products or services;
2. directly or indirectly recruit or solicit any person who is then an employee of us or was an employee of us at any time within six months prior to such solicitation; or
3. solicit, divert or take away, or attempt to divert or to take away, the business or patronage of any of our clients, customers or accounts, or prospective clients customers or accounts.

Under these agreements with the executives, all stock options held by the executives at the time of a change in control will become fully exercisable and the restrictions imposed on any restricted stock and restricted stock units held by such executives shall lapse.

The severance benefits that executives may be entitled to receive under these agreements and other benefits that the executives are entitled to receive under other plans, may constitute parachute payments that are subject to the "golden parachute" rules of Section 280G of the Code and the excise tax of Code Section 4999. If these payments are determined to be parachute payments, as calculated by our independent auditors, the parachute payments will be reduced if, and only to the extent that, a reduction will allow the executives to receive a greater net after tax amount than the executives would receive absent a reduction.

The table below summarizes the hypothetical payments that could be incurred for each of the named executive officers at the time assuming that a Qualified Termination occurred on December 31, 2009 as a result of a change in control.

	Cash Severance (1)	Prorata Bonus (1)	Benefits (1) (2)	Outplacement Assistance (1)	Value of Accelerated Options (3)	Total
Kevin P. Tully, C.G.A.	\$275,000	\$96,250	\$24,471	\$ 10,000	\$ 0	\$405,721
Steve Glover	\$315,000	\$110,250	\$27,542	\$ 10,000	\$ 6,250	\$469,042

(1) These payments and other benefits would be payable to the executive upon a Qualified Termination.

(2) The cost of benefits disclosed includes the extension of medical, dental, and life insurance for a period of 18 months post termination.

(3) The unvested shares underlying such stock grants would become fully vested as of a change in control. Calculated based upon the difference of the option exercise price and the closing market price of our common stock on the NASDAQ Capital Market on December 31, 2009, (valued at a price of \$0.77/share) multiplied by the number of unvested shares. All unvested shares for Mr. Tully had exercise prices above \$0.77/share, therefore, there is no value recognized for accelerating the vesting of the unvested shares.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is comprised entirely of independent directors and none of our executive officers served on the compensation committee or on the board of any company that employed any member of our Compensation Committee or our Board.

DIRECTOR COMPENSATION

Our non-employee directors receive an annual director's fee of \$25,000 plus \$2,000 and reimbursement of expenses for each meeting of the Board attended in person, \$500 for each Board meeting attended by telephone, \$1,000 for each Compensation and Nominations and Governance Committee meeting attended in person or by telephone, and \$1,500 for each Audit Committee attended in person or by telephone. In addition, the Audit Committee Chair receives an annual fee of \$10,000 and the Compensation and Nominations and Governance Committee Chairs each receive an annual fee of \$5,000. Each non-employee director receives an option to purchase 25,000 shares of our common stock upon initial election to the Board and restricted shares equivalent to the value of \$25,000 annually, which shares vest one year from the date of grant if the director attends at least 75% of the Board meetings in the preceding fiscal year. In light of the additional efforts made by the Board subsequent to the resignation of our Chief Executive Officer, Dr. Sharoky, as Chairman of the Board, received a one-time payment of \$50,000 in September 2009 and each other board member received a one-time payment of \$25,000 in September 2009. Additionally in April 2009 all Board members received 120,000 restricted shares of Insmmed stock which vested in September 2009.

The following table sets forth a summary of the compensation we paid to our non-employee directors in fiscal 2009.

(2) Upon the closing of the Merck transaction on March 31, 2009, each non-employee director received restricted stock of 120,000 shares. These restricted shares vested on September 30, 2009. The grant date fair value of this restricted stock award was \$120,000. Also, on May 20, 2009 each non-employee director received restricted stock of 14,620 shares of our common stock. These restricted shares of our common stock will vest in one year, if the director attends at least 75% of the meetings of the Board held during our preceding fiscal year while he was a director. The grant date fair value of this restricted stock award was \$25,000.

PROPOSAL NO. 2

DESIGNATION OF AUDITORS

Information Relative to Designation of Auditors.

The Audit Committee has designated Ernst & Young LLP, independent registered public accounting firm, as our independent auditors for the fiscal year ending December 31, 2010, subject to shareholder ratification. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement and respond to appropriate questions.

Ernst & Young LLP's principal function is to audit our consolidated financial statements and, in connection with that audit, to review certain related filings with the Securities and Exchange Commission and to conduct limited reviews of the consolidated financial statements included in each of our quarterly reports. The aggregate fees billed for each of the last two fiscal years for professional services rendered by Ernst & Young LLP, as well as information relating to the Audit Committee's pre-approval policies and procedures, are detailed in the "Audit Committee Report."

Vote Not Required for Approval.

Shareholder ratification of our independent auditors is not required under Virginia law, our Articles of Incorporation or our Bylaws. In the event that a majority of the votes cast are against the ratification of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2010, the Audit Committee will consider the vote and the reasons therefore in future decisions on the selection of our independent auditors.

Recommendation.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT AUDITORS.

PROPOSALS FOR 2011 ANNUAL MEETING

The regulations of the Securities and Exchange Commission require any shareholder wishing to make a proposal to be acted upon at the 2011 Annual Meeting of Shareholders to present the proposal to us at our principal office in Richmond, Virginia, no later than December 31, 2010 or, if the date of the 2011 Annual Meeting is more than 30 days from June 9, 2011 (the anniversary of this year's Annual Meeting), then the deadline is a reasonable time before we begin to print and mail our proxy materials for the 2011 Annual Meeting of Shareholders. We will consider written proposals received by that date for inclusion in our proxy statement in accordance with regulations governing the solicitation of proxies.

In addition to the requirements of the Securities and Exchange Commission, a shareholder must meet to have a proposal included in our proxy statement, our Bylaws contain certain requirements that a shareholder must meet to nominate one or more persons for election as directors at an annual meeting or to make any other proposal to be acted upon at an annual meeting.

Article I, Section 10 of our Bylaws allows any shareholder entitled to vote in the election of directors generally to nominate one or more persons for election as directors at an annual meeting only if written notice of such shareholder's intent to make such nomination or nominations has been given, either by personal delivery or by United States registered or certified mail, postage prepaid, to our Corporate Secretary not later than 120 days nor more than 150 days before the anniversary of the date of the first mailing of our proxy statement for the immediately preceding year's annual meeting. Because this proxy statement was first mailed to our shareholders on or about April 30, 2010, our Corporate Secretary must receive written notice of a shareholder's intent to make such nomination or nominations at the 2011 Annual Meeting of Shareholders not later than the close of business on December 31, 2010 and not earlier than December 1, 2010. Each such notice must set forth:

- the name and address of the shareholder who intends to make the nomination and any other person on whose behalf the nomination is being made, and of the person or persons to be nominated,
- the class and number of shares of our common stock that are owned by the shareholder and any other person on whose behalf the nomination is being made,
- a representation that the shareholder is a holder of record of our common stock entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice,
- a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder, and
- such other information regarding each nominee proposed by such shareholder as would be required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required to be disclosed, pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated or intended to be nominated by the Board, and shall include a consent signed by each such nominee to being named in the proxy statement as a nominee and to serve as a one of our directors if so elected.

Article I, Section 9 of our Bylaws requires any shareholder wishing to make any other proposal to be acted on at an annual meeting to give written notice, either by personal delivery or by United States registered or certified mail, postage prepaid, to our Corporate Secretary no later than 120 days nor more than 150 days before the anniversary of the date of the first mailing of our proxy statement for the immediately preceding year's annual meeting. Because this proxy statement was first mailed to our shareholders on April 30, 2010, our Corporate Secretary must receive written notice of a shareholder's proposal to be acted upon at the 2011 Annual Meeting of Shareholders not later than the close

Edgar Filing: INSMED INC - Form DEF 14A

of business on December 31, 2010 and not earlier than December 1, 2010. Each such notice must set forth as to each matter the shareholder proposes to bring before the annual meeting:

- a brief description of the business desired to be brought before the annual meeting, including the complete text of any resolutions to be presented at the annual meeting with respect to such business, and the reasons for conducting such business at the annual meeting,
- the name and address of record of the shareholder proposing such business and any other person on whose behalf the proposal is being made,
- the class and number of shares of our common stock that are beneficially owned by the shareholder and any other person on whose behalf the proposal is made,
- a representation that the shareholder is a holder of record of our common stock entitled to vote at such annual meeting and intends to appear in person or by proxy at the annual meeting to propose such business, and
- any material interest of the shareholder, and any other person on whose behalf the proposal is made, in such business.

If a shareholder wishes to make a proposal to be acted upon at the 2011 Annual Meeting of Shareholders that has not been included in the proxy statement and such proposal is made at the 2011 Annual Meeting of Shareholders, the management proxies will be allowed to use their discretionary voting authority to vote on the proposal unless notice of the proposal has been received by us no later than March 16, 2011 or, if the date of the 2011 Annual Meeting of Shareholders is more than 30 days from June 9, 2011 (the anniversary of this year's Annual Meeting), then the deadline is a reasonable time before we begin to mail our proxy materials for the 2011 Annual Meeting of Shareholders.

McIlwaine Thompson, Corporate Secretary, Insmmed Incorporated, 8720 Stony Point Parkway, Suite 200, Richmond, Virginia 23235.
