**SASOL BLUE PUMPS RELOCATING TO EXEL**

## Edgar Filing: SASOL LTD - Form 6-K

Sasol is relocating about 1100 Sasol blue pumps from the forecourts of other fuel companies in South Africa to Sasol and Exel branded service stations to enable brand loyal motorists to fill up with their favourite fuels.

This is a direct consequence of the expiry of former agreements to sell our fuel through one blue pump on the forecourts of other fuel retailers, says Sasol chief executive, Pieter Cox.

He said that Sasol will enter the retail market on 1 January 2004 to sell its fuels and lubricants directly through its emerging national network of ultra-modern retail convenience centres which will start opening in early 2004.

This network will enable Sasol to leverage its leading brand and to develop stronger relationships directly with loyal customers.

Sasol Oil managing director, Hannes Botha said relocation of the pumps will take place in November/December and assured loyal blue pump users that their favourite brand will be readily available at most Exel or Sasol service stations.
