Item 8.01 Other Events

The Board of Directors of Medarex, Inc. has initiated an investigation of the company's prior stock option grant practices and has appointed one of its outside directors to oversee the investigation. Medarex has engaged outside independent legal counsel to assist the outside director in the investigation. As previously reported in Medarex's filings with the Securities and Exchange Commission (the "SEC"), Medarex has received a letter of informal inquiry from the SEC requesting documents and information related to Medarex's past stock option grants and practices. Additionally, Medarex has recently received a grand jury subpoena from the U.S. Attorney's Office, District of New Jersey, requesting substantially similar information and documentation. Medarex is cooperating fully with both of these investigations. Medarex also has been notified that two shareholder derivative lawsuits have been filed in New Jersey state court by persons purporting to act on behalf of Medarex, naming Medarex, as the nominal defendant, and a number of current and former directors and officers as defendants. The lawsuits allege breach of fiduciary duty associated with Medarex's options grant practices, as well as violations of federal securities laws in connection with public statements made by Medarex in its SEC filings relating to its stock option practices and related accounting, and seek unspecified damages and equitable relief. Medarex does not intend to file further current reports on Form 8-K describing additional lawsuits, if any, that are shareholder derivative actions or that purport to be securities class actions, in either federal or state court, which are based on allegations substantially similar to those described above.
