**Item 1.02. Termination of a Material Definitive Agreement.**

Previously, on December 8, 2006, two subsidiaries of Forest Oil Corporation ( Forest ), Forest Alaska Operating LLC ( Forest Alaska Operating ) and Forest Alaska Holding LLC ( Forest Alaska Holding ), entered into two non-recourse term loan financing arrangements in the aggregate principal amount of \$375,000,000. The agreements consisted of a \$250,000,000 first lien credit agreement (the First Lien Agreement ) and a \$125,000,000 second lien credit agreement (the Second Lien Agreement and together with the First Lien Agreement, the Alaska Credit Agreements ), among Forest Alaska Operating, as borrower, Forest Alaska Holding, Credit Suisse, as administrative agent and collateral agent, JPMorgan Chase Bank, N.A., as syndication agent, and the lenders from time to time party to the First Lien Agreement and the Second Lien Agreement, respectively. The First Lien Agreement and Second Lien Agreement were set to terminate on December 8, 2010 and December 8, 2011, respectively. On August 27, 2007, Forest Alaska Operating prepaid all remaining principal, interest and put premiums due under the Alaska Credit Agreements in the aggregate amount of \$269 million and terminated each of the agreements. The obligations under the Alaska Credit Agreements were prepaid in connection with the sale of all of the membership interests in Forest Alaska Operating, as described in this Current Report on Form 8-K under Item 2.01 below.

**Item 2.01. Completion of Acquisition or Disposition of Assets.**

On August 27, 2007, Forest completed the previously announced sale of all of the membership interests in Forest Alaska Operating and its related operations in Alaska (the Alaska Assets ) to Pacific Energy Resources Ltd. ( PERL ), pursuant to a membership interest purchase agreement (the Membership Purchase Agreement ) dated as of May 24, 2007, as amended on July 31, 2007, among Forest s wholly owned subsidiary, Forest Alaska Holding, Forest Alaska Operating, a wholly owned subsidiary of Forest Alaska Holding, Forest for certain limited purposes, and PERL, as buyer, and an asset sales agreement (the Asset Sales Agreement ) dated as of May 24, 2007, as amended on July 31, 2007, between Forest and PERL, as buyer. The sale of the Alaska Assets was effective as of August 24, 2007 and closed in escrow on that date, and Forest received the purchase price consideration on August 27, 2007. The economic effective date for the transactions contemplated by the Membership Purchase Agreement and Asset Sales Agreement is January 1, 2007.

The total consideration received for the Alaska Assets included approximately \$400 million in cash, 10 million restricted shares of PERL common stock (which had an approximate value of \$24.6 million based on the closing price of PERL shares as quoted on the Toronto Stock Exchange on August 24, 2007), and a zero coupon subordinated note due 2014 in the principal amount at stated maturity of \$60.75 million. A portion of the cash consideration, \$269 million, was applied to prepay all amounts due under the Alaska Credit Agreements, including accrued and unpaid interest. In connection with the sale of the Alaska Assets, Forest assumed all outstanding obligations of Forest Alaska Operating under its existing commodity price and interest rate hedging agreements.

A portion of the consideration, consisting of 5.5 million shares of PERL common stock, and all of Forest's shares in the Cook Inlet Pipeline Company ( CIPC ) that were included in the Alaska Assets have been placed in an escrow account pending the receipt of approvals from the State of Alaska necessary to transfer the CIPC shares to PERL. If the required approvals are not obtained, the CIPC shares will be returned to Forest and the 5.5 million PERL shares will be returned to PERL.

Forest will continue to operate the oil and gas properties included in the Alaska Assets under an existing services agreement with Forest Alaska Operating (which was renamed Pacific Alaska Operating LLC ( PAO ) following the closing) until such time as PERL or PAO receives required approvals from the State of Alaska to operate the properties. The monthly fee for these services is approximately \$.7 million and is subject to escalation.

The description of the sale of the Alaska Assets set forth above does not purport to be complete and is qualified in its entirety by reference to the Membership Purchase Agreement and Asset Sales Agreement that were filed by Forest as Exhibits 10.1 and 10.2, respectively, to the Current Report on Form 8-K that Forest filed with the SEC on May 30, 2007, and the amendments thereto that were filed as Exhibits 10.1 and 10.2 to the Current Report on Form 8-K that Forest filed with the SEC on August 1, 2007.
