**ITEM 8.01 OTHER EVENTS**

IHS Inc. (the Company) has announced that it is holding a call to discuss its change in reportable segments, a restructuring charge planned for the third quarter of this year, and an update to its full-year guidance. The media release furnished as Exhibit 99.1 to this Form 8-K provides information on each topic and includes instructions for accessing the call.

The Company is furnishing information with this Form 8-K in order to provide investors with summary financial information and historical data that reflect the change in our reportable segments. In May 2008, the Company announced upcoming changes in the management and operations of our business based on a geographically organized structure. Consequently, this included a shift from two reportable segments (Energy and Engineering) to three regional reportable segments (Americas, EMEA, and APAC). The financial reporting changes became effective on June 1, 2008. Beginning with the quarter ending August 31, 2008, all financial statements will reflect the new reportable segments.

The Company will discuss this information on a previously announced call that is open to the public (see the media release furnished as Exhibit 99.1 to this Form 8-K). Reportable segment information that will be referenced on that call is furnished as Exhibit 99.2 through Exhibit 99.4 to this Form 8-K. Reconciliations of Non-GAAP financial measurements to GAAP financial measurements are furnished as Exhibit 99.5 to this Form 8-K. The information in these exhibits, as well as any other information referenced on the call, will be available on our website ([www.ihs.com](http://www.ihs.com)).

While the change in reportable segments is being provided to investors with retrospective comparisons to historical financial statements, the Company has not in any way revised or restated its historical financial statements for any period.

This information shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.
