**Item 7.01 Regulation FD Disclosure**

Previously, Forest Oil Corporation ( Forest ) disclosed that it had plans to divest certain non-strategic properties by the end of the year and, as of November 1, 2008, it had closed on approximately \$100 million in asset sales and had entered into an agreement to sell certain operated and non-operated properties located in the Rockies, including its Niobrara and San Juan properties and various other properties in Wyoming and Utah for a purchase price of \$258 million. Subsequently, at the instigation of the purchaser, Forest entered into discussions with the purchaser concerning the terms of the pending sale. On November 12, 2008, Forest announced that the parties had amended the purchase price and certain other terms of the pending asset sale. The amended agreement provides for a purchase price of \$200 million in cash, a \$20 million increase in the performance deposit, to \$33 million, which has been paid to Forest, a change in the economic effective date from July 1, 2008 to December 1, 2008, a potential upward purchase price adjustment based on 2009 natural gas prices capped at \$21 million, and the elimination of all material conditions to close. The transaction is expected to close on November 25, 2008. A copy of Forest's press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The information included in this Current Report under Item 7.01 and Exhibit 99.1 is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act ), or otherwise subject to liabilities of that Section, unless the registrant specifically states that the information is to be considered filed under the Exchange Act or incorporates it by reference into a filing under the Exchange Act or the Securities Act.
