Yes No

Release | Lisbon | 2 December 2010

Agreement reached with the Portuguese State for the transfer of the pension liabilities and associated pension funds

Portugal Telecom (PT) announces that it has reached agreement with the Portuguese State for the transfer to Caixa Geral das Aposentações (CGA) of the pension liabilities, which are guaranteed by PT Comunicações S.A. (PT Comunicações), relating to part of its active and former employees, and of associated pension funds that cover such liabilities. The proposed transfer includes the Plano de Pensões do Pessoal da Portugal Telecom/CGA , the Plano de Pensões Regulamentares da Companhia Portuguesa Rádio Marconi and the liabilities associated with the survival benefit included in the Plano de Pensões Marconi (together the Regulated Pension Plans). The transfer of the Plano de Pensões do Pessoal da Portugal Telecom/CGA will be as from 1 December 2010 and the transfer of the Plano de Pensões Regulamentares da Companhia Portuguesa Rádio Marconi and Plano de Pensões Marconi will be executed on 31 December 2010.

The present value of past liabilities associated with the Regulated Pension Plans, as of the date of transfer, amounted to Euro 2,804 million and this was determined by an independent actuary using actuarial assumptions that comply with the recommendations of the 2005 report by Tribunal de Contas and best practices of similar transactions. As of the date of transfer, the unfunded liabilities amounted to Euro 1,004 million, equivalent to Euro 713 million net of taxes.

Portugal Telecom will fully fund the past liabilities with the transfer of the assets held by the Pension Funds established by PT Comunicações, which had a market value, as of 30 November, of Euro 1,800 million, and with additional payments up to 31 December 2010, and on 20 December 2011, and 20 December 2012 of Euro 100 million, Euro 450 million and Euro 454 million respectively.

After the transfer of the liabilities associated with the Regulated Pension Plans, Portugal Telecom will continue to provide to part of its active and former employees certain retirement benefits, which include pension supplements and health care services (Health Plan), which, as of 30 September 2010, amounted to Euro 455 million and were fully funded.

FORWARD-LOOKING STATEMENTS

This document may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words anticipates, believes, estimates, expects, plans and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
