Item 8.01. Other Events.

The Company has received certain anonymous communications alleging improper conduct in connection with the China operations of its Bruker Optics subsidiary. In response, the Audit Committee of the Board of Directors initiated an investigation of those allegations, with the assistance of independent outside counsel and an independent forensic consulting firm. The investigation is ongoing and includes a review of compliance by Bruker Optics and its employees in China with the requirements of the Foreign Corrupt Practices Act (FCPA) and other applicable laws and regulations. To date, the investigation has found evidence indicating that payments were made that improperly benefit employees or agents of government-owned enterprises in China. The Company is in the process of voluntarily contacting the U.S. Securities and Exchange Commission and the United States Department of Justice to advise both agencies that an internal investigation is underway. It is the intent of the Audit Committee and the Company to cooperate with both agencies in connection with any investigation that may be conducted in this matter.

For fiscal year 2010, the China operations of Bruker Optics accounted for less than 2.5 percent of the Company's consolidated net sales and less than 1.0 percent of its consolidated total assets. The internal investigation being conducted by the Audit Committee is ongoing and no conclusions can be drawn at this time as to its outcome.
