Integration Story

A journey of a thousand miles began in January 2011 with a single step – the Integration. A year later, we take pride in the effective manner in which we have achieved the smooth and seamless integration of iGATE and Patni.

The success of our integration can be attributed to our unique, top down approach. Instead of a process that identified and chose the best from both entities, we led the way by driving the integration under the banner of a futuristic vision and mission for the combined organization, which served as the motivational force.

Customer First

Customers and Markets (C&M) is the most important activity by which integration specialists assess an integration and transformation as either a success or failure. As the leadership team initiated the integration exercise by defining the vision, mission, values and the strategic issues of running the combined entity, a special task force simultaneously managed the practical details of customer service, daily sales operations and pipeline protects.

Key resources from both sides were identified and paired for a two-in-a-box approach, working closely with the Executive Committee for quick escalation and decision-making. This method proved highly successful as the C&M team executed a comprehensive program that included customer communication, unified account governance, detailed market analysis and field sales support.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Customer communication and relationship management was an integration priority with a focus on account stability and growth, program follow-through and executive leadership outreach. As a best practice, we over communicated with all stakeholders to ensure transparency and gain trust.

Identifying performers and creating a strong combined sales force which is aligned to the value proposition of the new combine through a well-equipped knowledge portal was given prime importance. It helped provide dedicated, optimized support for better RFP responses, adding value to our customers and the sales process.

Uninterrupted Show

Another key imperative was to instill the 22,000+ delivery professionals with the vision of the new company while managing the ongoing business. It needed to be accomplished skillfully, ensuring that there was no disruption to existing customer delivery and, in fact, exceeding customer expectations.

We utilized a blueprint for driving the execution with seven key objectives, including building trust and relationship with customers, strengthening the partner ecosystem, developing iTOPS and outcome-based opportunities, investing in innovation and establishing common process norms for the combine.

The PMO team was diligent in ensuring that the 250+ actions identified were consistently acted upon, risks were monitored and mitigated, and the leadership governance was focused on key deliverables. The teamwork demonstrated for this high level of delivery excellence was a key success factor.

Money Matters

The integration of the finance operation was critical to all aspects of the business; namely, deal structures, investor relations, vendor management and employee welfare. The top priority for the team was to create an experience of "one organization" for the critical stakeholders of the combine. This was achieved

Table of Contents

through a synchrony of global finance teams providing a non-disruptive experience where the participants felt little or no change during the transition. Throughout, we leveraged new talents, diversity, and domain experience, meeting statutory and other important milestones along the way. Even though the Patni acquisition was one of the largest leveraged buyout deals in the IT services sector, significant cost savings were achieved through derived synergies, streamlined processes and consolidations.

One-Tech Take

The IT group was keenly aware of the pivotal role it had to play to bring the two organizations together under common platforms and processes. IT systems were to be one of the first integration touch points that employees would have experienced. Their priorities included building a common IT backbone, installing a world-class telepresence system for internal communications, and improving the social networking and collaboration platforms.

To manage the combined business more effectively, PeopleSoft 9 was made the new choice, supported by business intelligence and master data management resources. This helped create a consolidated view of human resource and other systems. Investment in advanced tools and processes at this stage is envisaged to yield further efficiency and faster growth for the business.

New Brand Speak

The Brand team's task was to translate the merits and value of the combined parts into a common brand. The new brand identity had to come alive through a multitude of touch points. Along with aiding recall, we needed to ensure that the equity of positive synergies is communicated to all stakeholders.

The biggest challenge was to communicate the meaning of the two forces coming together. We found our answer in the power of multiplication of the talent and opportunities, and not in mere addition of these attributes. We relentlessly used a plethora of communication channels to reach out with our messages to stakeholders across both companies.

One World

The success of any integration hinges on the effective integration of people, processes and culture. The top leadership team gave strategic weightage to this aspect of integration by dedicating ample time and resources to it.

iGATE Patni quickly integrated business units and sales teams through right role allocations, harmonizing 72 people practices and processes. The company also communicated the strategic intent and vision of the integration and its benefits to employees through many focused and large scale interactive forums. While ensuring that the people integration happened at a rapid pace, adequate care was also taken to ensure that

Edgar Filing: Patni Computer Systems LTD - Form 6-K

ongoing operations were not hampered as a result.

A notable outcome of the cultural assimilation has been the emergence of a new-generation work culture in the form of openness and transparency coupled with an entrepreneurial style of leadership, which is non-hierarchical and rewards individual achievement and spontaneity. The new culture has helped to highlight the significance of innovation in day-to-day work and its impact in enriching the role of every employee in the company.

Miles to Go

The biggest reward for an achievement is the achievement itself! Today, even as we look back at the integration exercise, each employee of iGATE Patni stands proud to have been part of one of the historic initiatives of our career.

It is a journey that has just begun and as we reach our first station, we are pleased with what has been accomplished and look forward to the many exciting challenges ahead.

Letter to the Shareholders

Phaneesh Murthy

Chief Executive Officer & Managing Director

Dear Shareholders,

2011 has been an eventful and a milestone year for Patni. With a change in guard of the promoters on account of its acquisition by iGATE Corp and a successful integration thereafter with iGATE, opportunities for Patni's growth have found new vistas with a potential to differentiate based on innovation-led forward looking business models.

Acquisition and Integration

With the acquisition of Patni, we were able to immediately allay uncertainties about the company that existed amongst employees, customers and investors. On the integration front, I am particularly pleased with the smoothness which the two companies came together. While both the organizations had their dissimilarities in terms of culture, business models and market approach, we used those as an advantage and ended up creating a whole new brand that best represents the synergistic merit of both. Brand iGATE Patni now engages with Global Fortune 1000 companies to partner with them and deliver core Business Outcomes. As a visible metric, Patni's gross margins and Adjusted EBITDA have shored up significantly over the last two quarters of 2011 confirming our successful integration efforts. Furthermore, with the shareholder and stakeholder value thoroughly preserved, our integration exercise is now referred to as an exemplary program in the M&A space within and outside the industry.

Customers and Markets

I am delighted to say that we were able to efficiently protect and grow Patni's revenues without losing any customer due to our integration. On the other hand, several existing customers of Patni have shown keen interest to add to the existing Time and Material based work and engage with us on high impact Business Outcomes. Our focus will be to engage with Global Fortune 1000 companies mainly in Banking, Insurance, Healthcare, Manufacturing and Retail verticals. Apart from these, we will also focus on Media, Entertainment, Leisure and Travel along with Communication and Utilities as other target industries. Product Engineering Services will continue to be a high impact focus area for us, while Europe, Middle and India will be among the geographies that we expect greater growth from.

Organizational Excellence

As one of the merits of the integration, we were able to implement best practices in Quality processes across the two organizations. Some of the improvement initiatives that were introduced in Patni include 'Small Steps' - a Kaizen based initiative to drive small improvements at project level and 'Giant Leap' - a program level initiative to focus on big improvements that bring in tangible benefits.

Confirming to our quality standards, Patni was re-assessed at Level 5 against CMMI Version 1.2. CMMI Maturity Level 5 is the highest rating an organization can achieve and is indicative of process implementation that improves quality and provides predictable process performance.

Table of Contents

Patni's paper on "Achieving business excellence through high maturity practices" got accepted to be presented in the International Software Engineering Conference.

Talent Capital

I have firmly articulated that one of the key assets that we have gained as a result of the acquisition is the talent capital in Patni. While we carried out our integration across phases in the year, we ensured that we initiated an Egalitarian work culture at Patni where employees are encouraged to disagree and innovate in their respective streams of expertise. As an organization, we have been cautious not to be paternalistic and have hence adopted an adult-to-adult engagement model with our employees. We have also initiated a focused "fun at work" initiative across the organization with an intent of creating employee pods of common interests and talent beyond work, and in the process, make our workplaces more exciting to be in.

We have introduced a set of five values - Citizenship, Innovation, Respect, Passion and Excellence - that defines the approach we take as we continue to delight our customers and shareholders. We are glad that Patni's employee attrition has decreased significantly to well under 20% confirming to our best-in-class people practices. Our employee engagement programs are now focused to distill our market value proposition and our newly crafted values to all employees.

Awards and Accolades

I am pleased that our integration efforts were well complemented with achievements that were duly recognized across several areas:

- Patni was ranked the No. 1 Healthcare R&D Service Provider in Global R&D Service Providers Rating, by Zinnov Management Consulting.
- Zinnov Management Consulting also ranked Patni in the Leadership Zone for Overall Leading R&D Service Providers, Automotive and Computer Peripherals & Storage in its Global R&D Service Providers Rating.
- Everest Group named us as a "Major Contender" in Finance and Accounting in its FAO Research Report 2011.
- CHCS Services Inc., a unit of Patni that offers health and life administration services, was honored with the "Case in Point Platinum Award" for overall case management excellence across the healthcare spectrum.
- Patni was awarded the Advanced Solutions Partner status with TIA Technology, the Copenhagen-based world leader in integrated, leading-edge standard software solutions for the global insurance industry.

New Vision and Outlook for the Future

Edgar Filing: Patni Computer Systems LTD - Form 6-K

To deliver increased value to our stakeholders, we have crafted a new vision to change the rules of the game and deliver high-impact outcomes in a new technology enabled world. We would now like to continue the good work beyond the integration and ensure that the company delivers increased value to all its stakeholders. We will continue to focus on outcomes based engagements and in the journey, earning respect as one of the top three employers in all the talent markets we operate.

With Patni's scale of operations and micro-vertical focus meeting the innovative Business Outcomes-based positioning as the result of a successful integration, we now have the foundation to build a special and an exciting company that wins the admiration of peers and competition alike and that bodes for an exciting future.

Business Performance

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The performance of your Company during the year under report has shown improvement over the previous year. Total revenue for the year ended 31 December 2011 amounted to 21,517 million as against 18,913 million for the corresponding period last year, registering a growth of about 14%. The Company has posted the Net Profits after tax to 4,998 million as compared to 6,551 million for the corresponding period last year, registering a decline of about 24% for the year ended 31 December 2011. Even on consolidated basis, revenues were increased in the current year 2011 by 12% to 35,679 million from 31,881 million in 2010. The net income decreased by 36%.

Dividend

With a view to conserve the resources for the proposed facility and infrastructure expansion, your Directors do not recommend any dividend for the year 2011.

Business Overview

Your Company is a worldwide outsourcing provider of integrated end-to-end offshore centric information technology (IT) and IT-enabled operations solutions and services. The Company delivers a comprehensive range of IT services through globally integrated onsite and offshore delivery locations primarily in India. Your Company offers its services to customers through industry focused practices, including insurance and healthcare (IHC), manufacturing, retail and logistics (MRDL), banking and financial services (BFS), communications and utilities (CEU), and media and entertainment (MELT) and through technology focused practices. IT services include application development, application maintenance and support, verification and validation, enterprise application solutions, business intelligence and data warehousing (BI & DW), packaged software implementation, infrastructure management services, quality assurance services and product engineering services. IT-enabled services include business process outsourcing (BPO), transaction processing services and customer interaction services (CIS).

On 12 May 2011, iGATE through its wholly owned subsidiaries acquired 82.4% of the outstanding shares of the Company. The acquisition by iGATE combined two highly recognized IT services and outsourcing companies with complementary industry verticals for the purpose of facilitating sustained long-term growth and to strengthen their competitive position as a top-tier company in the highly-fragmented global IT industry. iGATE's strategy is to utilize your Company's expanded pool of talent, diverse expertise across multiple verticals, higher level of strategic end-to-end service offerings and established management team to enable iGATE in offering differentiated solution sets in developing and maintaining long-term client relationships with a diversified client basis that spans different industry verticals.

Table of Contents

Post acquisition, the internal management of the consolidated entities iGATE and Patni were restructured such that there were primarily two major segments in the consolidated company (i) iGATE Corporation (and its subsidiaries other than Patni) and; (ii) Patni. The internal restructuring also included a restructuring of the Board of Directors of your Company.

Your Company offers services in an integrated manner to customers who belong to different industry verticals namely insurance and healthcare, manufacturing, retail and logistics, banking and financial services, communications and utilities, and media and entertainment. Your Company's operations are located in twenty seven countries.

Through a blended strategy of offerings tailored to customers' and market needs referred to as outside-in approach for problem-solving, experimenting and innovating business and technology platforms, your Company achieves results efficiently through rapid improvement and automation, resulting in reduced cycle times and costs over a period of time. Accountability for results towards aligned goals requires your Company to continuously measure its progress against the goals, thus enabling it to deliver significant benefits to its customers along with a lower risk profile.

Your Company has a track record of successfully developing and managing large, long-term client relationships with some of the world's largest and best known companies. As of 31 December 2011, your Company's customer base was 280 clients. Several of the Company's key executives are located in its client geographies to better develop and maintain client relationships at senior levels. Repeat business accounted for 98.6%, 94.6% and 94.0% of your Company's revenues in 2011, 2010 and 2009.

Your Company's revenues have grown from \$655.9 million in 2009 to \$759.3 million in 2011, representing a CAGR of 7.6%. As of 31 December 2011, your Company's total number of employees were around 18,000. Your Company has invested in new high-tech facilities, which it refers to as knowledge parks, designed for expanding our operations and training our employees. Your Company has 130 sales and marketing personnel supported by dedicated industry specialists in 25 sales offices around the globe, including North America, Europe, Japan and the rest of the Asia-Pacific region.

Global Delivery Model

Global demand for high quality, lower cost IT and IT-enabled services has created a significant opportunity for your Company, which it uses to successfully leverage the benefits of, and address the challenges in using, an offshore talent pool. Your Company's effective use of offshore personnel offers a variety of benefits, including lower costs, faster delivery of new IT solutions and innovations in vertical solutions, processes and technologies.

Your Company has adopted a global delivery model for providing services to its clients. Your Company's global delivery model includes on-site and offshore teams. Your Company has offshore development centers located in Bangalore, Hyderabad, Chennai, Noida, Mumbai, Pune and Gandhinagar in India and has global development centers located in Australia, Mexico, Canada, the United States, China, Singapore and India. The centers can deliver both onsite and offshore services, depending on client location and preferences.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

IT services that your Company delivers using its offshore centers include software application development and maintenance, implementation and support of enterprise applications, package evaluation and implementation, re-engineering, data warehousing, business intelligence, analytics, data management and integration, software testing and IT infrastructure management services. Your Company believes that it delivers high quality solutions to its clients at substantial savings by using its global pool of highly talented people.

IT-enabled operations offshore outsourcing solutions and services that your Company offers include BPO, transaction processing services and call center services. BPO services are offered to clients that are looking to achieve converged IT and BPO solutions. The transaction processing services offered are focused on the mortgage banking, financial services, insurance and capital market industries, except for the delivery of finance and accounting functions such as accounts payable which can be performed for clients across all industries. The call center services are offered to clients in several industries and are not industry specific.

Industry Practices, Technology Practices and IT Services

Your Company offers its services to customers through industry practices in insurance and healthcare, manufacturing, retail and logistics, banking and financial services, communications and utilities, and media and entertainment. Your Company also has technology practices that offer services in product engineering and product design. Your Company's industry practices and technology practices are complemented by its IT services, which it develops in response to client requirements and technology life cycles. The Company's service lines include application development, application maintenance and support, verification and validation, enterprise application solutions, business intelligence and data warehousing, customer interaction services and BPO, infrastructure management services and quality assurance services.

Sales and Marketing

Your Company's sales teams use a multi pronged approach to market our services. They target certain industries and service lines through focused sales executives, geographies through regional sales executives and large clients through dedicated account managers. Your Company has aligned a majority of its sales and marketing teams to focus on specific industries and geographies. In addition to its sales executives, Your Company has industry experts and solution architects who complement its sales efforts by providing specific industry and service line expertise.

Your Company's senior management and dedicated account managers are actively involved in managing client relationships and business development through targeted interaction

Table of Contents

with multiple contacts throughout its clients' organizations. Your Company aims to develop its client relationships into partnerships by working closely with its clients' managers and senior executives to formulate and execute an offshore outsourcing strategy, implement engagement models that suit their particular challenges and explore new service lines.

Your Company undertakes detailed periodic reviews to identify existing and prospective clients that it believes can develop into large, strategic clients. Your Company intends to focus on adding more strategic accounts, which it defines as those who provide \$5.0 million or more in annual revenues or those with whom it believes it has the potential to achieve such annual revenue amounts over a 24 to 30 month period. For each strategic client, a senior executive is identified and charged with managing the overall client relationship and leading periodic reviews with the client.

Your Company has 25 sales offices across North America, Europe, Japan and the rest of the Asia-Pacific region and 130 sales and marketing personnel who are supported by dedicated industry specialists. Your Company sets targets for its sales personnel at the beginning of each year, which are subject to periodic reviews. In addition to a base salary, the Company's compensation package for sales personnel includes an incentive based compensation plan driven by achievement of the prescribed sales targets.

Human Resources

Your Company strongly believes that its ability to maintain and continue its growth depends to a large extent on its strength in attracting, developing, motivating and retaining the talent. Your Company operates in seven major cities in India, which enables it to recruit technology professionals from different parts of the country. The key elements of your Company's human resource management strategy include Talent Acquisition, learning and development, rewards and retention.

None of your Company's employees are represented by a union.

Your Company employed around 18,000, 17,600 and 14,000 employees as of 31 December 2011, 2010 and 2009, respectively. Out of 18,000 employees, around 17,000 were software professionals as of 31 December 2011. Of these software professionals, around 3,000 employees were categorized as onsite and 14,000 as offshore. The geographic breakdown for your Company's employees as of 31 December 2011 was as follows:

Geography	Number of Employees (rounded off)
India	14,900
North America	2,500
Rest of the World	600
Total	18,000

Centers of Excellence

Your Company is developing internal centers of excellence to create expertise in emerging technologies. Your Company is working on centers of excellence that focus on next generation technologies which includes Web 2.0 and Web 3.0 specification, mobility solutions for ease of access to application, Anywhere secured access to data and in areas of Business Intelligence. Your Company partners with leading technology vendors such as Microsoft, HP, IBM and Oracle to implement these technologies.

Facility Expansion

A key component of your Company's global delivery model is the telecommunication linkages between client sites and its sites and between its distributed sites in India. Your Company has designed a global network architecture which provides client connectivity, offshore development center connectivity and internet connectivity. This network provides seamless access and uses high availability networks and advanced routing protocols for redundancy and availability. Although your Company relies on third parties, such as telecommunications providers and internet service providers to provide such services, your Company ensures that it has multiple service providers using multiple routes and media to attain high levels of redundancy, availability and performance. Your Company has dedicated teams to monitor the operations of its network operations 24 hours a day and seven days a week. Your Company uses encryption techniques for confidentiality of data as required.

Your Company's principal executive offices are located at Mumbai, India. Your Company's North American headquarters are located in Cambridge, Massachusetts. These facilities are used primarily for management functions and support functions such as sales, marketing and general administration.

Your Company has state-of-the-art facilities in nine locations in India where its technical staff is located and which serve as its primary delivery centers. Your Company also has imaging centers and distribution centers in the United States and in the United Kingdom for handling the digital processing of documents.

Your Company currently has capacity for approximately 17,000 professionals at these facilities. As of 31 December 2011, your Company had used approximately 83% of its existing office space in its operations.

Most of your Company's global branch offices located outside of India are used for sales and marketing.

Your Company has 25 sales and marketing offices located in the U.S.A, Canada, India, Australia, China, Japan, Singapore, Malaysia, Germany, Mexico, Czech Republic, Indonesia, Sweden, Switzerland, Belgium, the Netherlands, the U.K, Finland, U.A.E., South Korea, South Africa, Turkey, Italy, Ireland and Romania.

Table of Contents

Your Company operates through its facilities located in various parts of India. In the recent past your Company has acquired facilities to support its growth. In keeping with its plans for expansion, your Company has constructed new facilities in India, which includes three knowledge parks in Chennai, Navi Mumbai and Noida. These knowledge parks have state-of-the-art infrastructure with extensive workspace and training facilities and a modular design for ease of segregation of dedicated projects with the ability to provide scale and service to clients from one location.

Your Company's Noida Knowledge Park was awarded the prestigious LEED Platinum (Leadership in Energy and Environmental Design) rating jointly by the U.S Green Building Council and the Indian Green Building Council for the Company's Green IT-BPO Centre. This makes your Company's Knowledge Park the second largest Platinum rated building in the world, and the largest Platinum rated building outside the United States.

Phase I of the Navi Mumbai facility, with a capacity of 4,300 seats, is complete and occupied. Phase I of the Chennai facility, with a capacity of 1,200 seats, is complete and partially occupied. Construction of the Noida SEZ facility with capacity to accommodate 3,300 seats is completed and is partially occupied. The Navi Mumbai, Chennai and Noida facilities are expected to accommodate up to 14,000, 10,000 and 3,300 engineers, respectively when fully completed.

In continuation of its policy to have its own campus operations, your Company has acquired land in Pune, Hyderabad and Kolkata in addition to its campuses in Mumbai, Chennai and Noida. These facilities when fully built, are expected to have a seating capacity for approximately 25,000 professionals.

As of 31 December 2011, your Company had spent approximately \$ 101.3 million on the knowledge parks.

Your Company announced a Capital outlay of \$120 million over a period of three years, of which \$102 million relates to building a residential training facility in Pune along with a 5,000 member capacity delivery center and campus expansion in Mumbai.

Quality and Project Management

While quality always has been an integral part of your Company's operations, your Company became formally certified and assessed for quality models in 1995. Your Company started with ISO 9000-1994, underwent SEI-CMM level 4 and 5 assessments and as of today is ISO 9001-2000 certified and are assessed for P-CMM Level 3 and SEI-CMMi Level 5. In the last year, your Company also got reassessed for CMMI Level 5 against version 1.2. ISO 9001 is an international standard for quality management systems maintained by the International Organization for Standardization. The Capability Maturity Model (CMM) is a method for evaluating the quality of a company's management and software engineering practices, with Level 5 being the highest attainable certification. The CMM was developed by the Software Engineering Institute (SEI) at Carnegie Mellon University. The Software Engineering Institute subsequently released a revised version known as the Capability Maturity Model Integration (CMMi). Your Company has been using the Six Sigma Program to implement process changes including the above. Your Company continuously strives to better its quality management system with the help of industry best practices and research findings. Your Company's quality management system involves the review and continuous improvement of software development and related processes, testing of work products and regular internal and external quality audits. Your Company applies sophisticated project management and solution deployment methodologies that it has developed to help ensure timely, consistent and accurate delivery of IT solutions to its clients.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

In 2011, your Company has received the following recognitions:

- iGATE Patni won the Golden Peacock National Quality Award 2011
- iGATE Patni's IT and Business Enabling functions in Bangalore were successfully appraised and rated at People CMM® maturity level 5.
- iGATE Patni's Employee Engagement initiative Thank God It's Monday entered the Limca Book of Records for running a corporate music show every Monday, for five consecutive years.

Patni ESOP 2003 (Revised 2009)

Your Company had introduced the Employees Stock Option Plan known as Patni ESOP 2003. The Plan is being administered by the Compensation and Remuneration Committee of Directors constituted as per SEBI Guidelines. The details of Options granted under the Plan are given in the Annexure to this Report.

Subsidiary Companies

The Company has wholly owned subsidiaries viz. Patni Americas, Inc., Patni Computer Systems (UK) Limited, Patni Computer Systems GmbH, PCS Computer Systems Mexico, SA de CV and Patni (Singapore) Pte. Ltd.

Patni Telecom Solutions, Inc. and CHCS Services Inc. are the subsidiaries of Patni Americas, Inc., one of the Company's main subsidiaries.

Patni Telecom Solutions (P) Limited and Patni Telecom Solutions (UK) Limited are subsidiaries of Patni Telecom Solutions, Inc.

Patni Computer Systems (Czech) s.r.o. is the subsidiary of Patni Computer Systems (UK) Limited.

Reconstitution of the Board

In accordance with the requirements of the Companies Act, 1956 and Articles of Association of the Company, Mr. Shashank Singh and Mr. Göran Lindahl are liable to retire and eligible for reappointment in the forthcoming Annual General Meeting.

Corporate Developments

Your Company had received a letter dated 11 November 2011 from Pan - Asia iGATE Solutions and iGATE Global Solutions Limited (Collectively the Promoters), expressing their intention to initiate the process to acquire the Shares held by the public shareholders of the Company by providing an exit opportunity in accordance with the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (as amended) (Delisting Regulations), and all other applicable regulations in order to voluntarily delist the Company's Shares from the Indian Stock Exchanges and the American Depository Shares (ADSs) from the New York Stock Exchange (NYSE) (Delisting Proposal).

On 16 November 2011, the Board of Directors of the Company had granted its approval to the said Delisting Proposal and sought the approval of the shareholders of the Company through postal ballot in terms of the Delisting Regulations after complying with the SEBI and the U.S. Securities Exchange Commission requirements, if any.

Your Company, vide Postal Ballot Notice dated 5 December 2011, had sought the consent of its Members to a delisting proposal received from the Promoters to voluntarily delist the equity shares of the Company from the Indian Stock Exchanges and ADSs from NYSE, USA. Special Resolution contained in the said Postal Ballot Notice was duly passed by the requisite majority as required under the Companies Act, 1956 and Delisting Regulations. The Promoters may make a public announcement of a Delisting offer in accordance with the Delisting Regulations within a period of one year from the date of the above-mentioned special resolution.

Corporate Governance

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Your Company follows the principles of the effective corporate governance practices. The Clause 49 of the Listing Agreement deals with the Corporate Governance requirements with which every publicly listed Company is required to comply with. The Company has taken steps to comply with the requirements of revised Clause 49 of the Listing Agreement with the Stock Exchanges.

A separate section on Corporate Governance forming part of the Directors' Report and certificate from the Company's Auditors confirming the compliance of conditions on Corporate Governance as stipulated in Clause 49 of the Listing Agreement is included in the Annual Report.

Corporate Governance Report

Your Company has complied, in all material respects, with features of Corporate Governance Code as per Clause 49 of the Listing Agreement with the Stock Exchanges.

A report on the implementation of the Corporate Governance Code of the Listing Agreement by the Company is furnished below.

Philosophy on Corporate Governance

A good corporate governance process aims to achieve balance between shareholders' interest and corporate goals by providing long-term vision of its business and establishing systems that help the Board in understanding and monitoring risk at every stage of the corporate evolution process to enhance the trust and confidence of the stakeholder without compromising with laws and regulations.

The Company's philosophy on corporate governance encompasses achieving balance between individual interests and corporate goals through the efficient conduct of its business and meeting its stakeholder obligations in a manner that is guided by transparency, accountability and integrity. Accountability improves decision-making and transparency helps to explain the rationale behind decisions and to build stakeholder confidence.

At Patni Computer Systems Limited, we strive towards excellence through adoption of best governance and disclosure practices.

A. Board of Directors

1. Composition of directors

The Board of Directors of the Company (the Board) has an optimum combination of executive and non-executive directors, which is in conformity with the requirements of Clause 49 of the Listing Agreement with the Stock Exchanges (Listing Agreement) in this regard. The Chairman of the Board is a Non-executive Independent Director. In order to ensure the independence of the Board, 50% of the Board is comprised of Independent Directors.

The relevant details in respect of the composition of the Board are furnished below.

Mr. Jai S Pathak	Chairman (Independent Director)	2
Mr. Phaneesh Murthy	Chief Executive Officer & Managing Director	7
Mr. Göran Lindahl	Non-executive Director	5
Mr. Shashank Singh	Non-executive Director	1
Mr. Arun Duggal	Independent Director	12
Mr. Vimal Bhandari	Independent Director	8

* This includes directorships held in public limited companies, foreign companies and subsidiaries of public limited companies but excludes directorships held in private limited companies.

Changes in composition of the Board during the year ended 31 December 2011

- Pan-Asia iGATE Solutions and iGATE Global Solutions Limited (jointly referred to as the Acquirers), alongwith iGATE Corporation as the person acting in concert (PAC), acquired 63% of the then equity share capital of the Company from Mr. Narendra K Patni, Mr. Gajendra K Patni and Mr. Ashok K Patni along with their respective relatives (the Previous Promoter Group) and M/s. General Atlantic Mauritius Limited (PE Investor) and further 20% from public shareholders of the Company by way of mandatory tender offer in accordance with Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 1997 at a price of 503.50 per share (collectively referred as Acquisition Transaction). Pursuant to the said Acquisition Transaction, Mr. Phaneesh Murthy was appointed as a Director (not liable to retire by rotation) and Mr. Shashank Singh was appointed as Director (liable to retire by rotation) w.e.f. 8 February 2011.
- Mr. Jai S Pathak and Mr. Göran Lindahl were appointed as Directors (liable to retire by rotation) w.e.f. 12 May 2011.
- Mr. Gajendra K Patni and Mr. William O Grabe resigned as Directors of the Company w.e.f. 8 February 2011. While, Mr. Narendra K Patni, Mr. Ashok K Patni, Mr. Pradip Shah, Mr. Ramesh Venkateswaran, Mr. Louis Theodoor van den Boog, Dr. Michael A Cusumano, Mr. Pradip Bajjal and Mr. Jeya Kumar also resigned as Directors w.e.f. 12 May 2011.
- Mr. Arun Duggal and Mr. Vimal Bhandari were subsequently re-appointed as Directors (liable to retire by rotation) at the Annual General Meeting held on 29 June 2011.

Table of Contents

Notes:

1. Payment to Non-executive Directors:

The Company paid commission to its Independent Directors as approved by the Board within the limits approved by the Members of the Company. The amount of such commission, taken together for all Non-executive Directors, did not exceed 1% of the net profits of the Company in the financial year. The Independent Directors were also paid a sitting fee of 20,000 per meeting, being the maximum amount permissible under the present regulations, for attending the Board/Committee meetings.

The Board of Directors, at its meeting held on 12 May 2011, has revised the compensation payable to the Independent Directors, as given below:

- Base Compensation to each Independent Director: \$ 50,000 p.a.

- Chairman of the Board of Directors: \$ 10,000 p.a.

- Chairman of each of the other Committees of Directors: \$ 10,000 p.a.

- The Compensation will be in the form of Commission as permitted under the provisions of the Companies Act, 1956.

- Commission will be paid on quarterly basis in equal installments.

- Overall Commission not to exceed 1% of the net profit of the Company.

- 20,000 as sitting fees for the meetings attended.

In addition to the above, the Independent Directors are also eligible for stock option grants under Company's Stock Option Plan i.e. Patni ESOP 2003 (Revised 2009).

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Before the acquisition transaction, the Company had paid commission to its Independent Directors as approved by the previous Board within the limits approved by the Members of the Company. The Independent Directors were also paid a sitting fee of 20,000 per meeting, being the maximum amount permissible under the present regulations, for attending the Board/Committee meetings. In addition to above mentioned commission, the following were entitled to a one-time annual commission as under for the period starting from 1 January 2011 till 11 May 2011.

- The Chairman of the Audit Committee: \$ 10,000 p.a.

- Members of the Audit Committee: \$ 5,000 p.a.

- The Chairman of Compensation & Remuneration Committee: \$ 5,000 p.a.

- The Chairman of Shareholders /Investors Grievance Committee: \$ 5,000 p.a.

2. Payment to Managing Director and former Manager:

During the year, Mr. Phaneesh Murthy was appointed as a Managing Director with the designation of Chief Executive Officer & Managing Director w.e.f. 12 May 2011 for the period of five years pursuant to the provisions of the Companies Act, 1956. He is also the President and Chief Executive Officer of iGATE Corporation, the holding company of the Company. He does not draw any remuneration from the Company and the Company provides him all the necessary infrastructural facilities to function as a Chief Executive Officer and Managing Director of the Company.

Mr. Jeya Kumar ceased to be the Manager designated as Chief Executive Officer of the Company w.e.f. 12 May 2011 and accordingly during the year, the Company had paid remuneration/compensation to Mr. Jeya Kumar within the limits envisaged under the applicable provisions of the Companies Act, 1956. The remuneration paid was approved by the Board within the limits approved by the Members of the Company.

The breakups of compensation/remuneration paid to them are as under:

(Amounts in)

	Salary, Allowances & Perquisites	Fixed Components		Variable Components Performance Linked		Total
		PF contribution	Pension	Incentive		
Mr. Phaneesh Murthy						
Mr. Jeya Kumar* (in capacity of Manager)	145,985,157	1,101,704		15,620,176		162,707,037*

*Mr. Jeya Kumar ceased to be the Manager designated as CEO of the Company w.e.f. 12 May 2011. This includes the severance payment of 81,940,905/- made to him during the year.

Table of Contents

3. Compensation to Mr. Narendra K Patni: This includes the severance payment of 152,928,697/- which was paid by Patni Americas Inc., a wholly owned subsidiary of the Company. The Compensation is as described in the financial statements of the Company and its Subsidiaries. However, he ceased to be the Chairman and the Director of the Company w.e.f. 12 May 2011.

Pursuant to the requirements of the Clause 49 of the Listing Agreement, the Board has adopted Code of Business Conduct and Ethics for the executive directors, whole time directors, officers and employees of the Company as well as the separate Code of Business Conduct and Ethics for Non-executive Directors of the Company. The said Code has been posted on website of the Company.

All the Board Members and senior management personnel have affirmed compliance with the Code for the year 2011 and a declaration to this effect signed by the Chief Executive Officer and Managing Director of the Company is provided at the end of this report.

Table of Contents

Tenure:

As per the provisions of the Companies Act, 1956 and the Articles of Association of the Company, two third of the total directors of the Company retire by rotation. Out of this two third, one third will be retiring at every Annual General Meeting. Accordingly, the tenure of each director is two years but they are eligible for re-appointment.

Mr. Phaneesh Murthy was appointed as a Director of the Company w.e.f. 8 February 2011 pursuant to Acquisition Transaction as mentioned earlier. He was further appointed as a Managing Director with the designation of Chief Executive Officer & Managing Director w.e.f. 12 May 2011 for the period of five years pursuant to the provisions of the Companies Act, 1956 which was further approved at the Annual General Meeting held on 29 June 2011. His appointment as a Director is not liable to retire by rotation.

B. Audit Committee

1. Brief description of terms of reference

The Audit Committee was initially set up on 19 December 2001 and reconstituted on 12 November 2003 in line with then corporate governance norms. Subsequently, the Audit Committee was further reconstituted on 30 March 2005, 29 April 2008, 10 February 2010 and recently on 12 May 2011. The Audit Committee has three non-executive members, all being independent. The Chairman of the Committee is an independent director. All members of the Audit Committee are financially literate and they have accounting or related financial management expertise.

Existing Charter of the Audit Committee, including terms of reference, is as under:

I. Purpose

The primary purpose of the Audit Committee is to assist the Board of Directors (the Board) of Patni Computer Systems Limited, (the Company), in fulfilling its oversight responsibilities with respect to (a) the accounting and financial reporting processes of the Company, including the integrity of the audited financial statements and other financial information provided by the Company to its stockholders, the public, any stock exchange and others, (b) the Company's compliance with legal and regulatory requirements, (c) the Company's independent auditors qualifications and independence, (d) the audit of the Company's financial statements and the performance of the Company's internal audit function and its independent auditors.

II. Organization

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Audit Committee shall have minimum of three Directors as its Members. All Members of the Audit Committee shall be Independent Directors and shall be financially literate and at least one member shall have accounting or related financial management expertise. The Board shall appoint a Chairperson of the Audit Committee and in the absence of such person, the members of the Audit Committee shall appoint one of their members present as the Chairman by a vote of the majority of the full Audit Committee. The Chairman of the Audit Committee shall be present at the Annual General Meeting of the Company to answer shareholder's queries.

The Audit Committee may invite such of the executives, as it consider appropriate (and Particularly the CFO) to be present at the meetings of the committee, but on occasions it may also meet without the presence of any executives of the Company. The CFO, head of Internal Audit and representative of the Statutory Auditor may be present as invitees for the meetings of the Audit Committee.

III. Meetings

The Audit Committee should meet at least four times in a year and not more than four months shall elapse between two meetings. The Quorum shall be either two members or one third of the members of the Audit Committee whichever is greater.

2. Whether any special resolution passed in the previous three AGMs?

Yes

3. Whether any special resolution passed last year through postal ballot details of voting pattern?

Pursuant to Section 192A of the Companies Act, 1956 read with the Companies (Passing of Resolution by Postal Ballot) Rules, 2011, a Notice dated 5 December 2011 was sent to the Members for seeking approval through Postal Ballot by way of the Special Resolution for Voluntary Delisting of the (a) Shares of Company from the Bombay Stock Exchange Limited and the National Stock Exchange of India Limited; and (b) the American Depository Shares of the Company from New York Stock Exchange.

4. Who conducted the postal ballot?

Mr. Vijayakrishna KT, Practicing Company Secretary, was appointed as the Scrutinizer in this regard by the Board of Directors vide resolution dated 16 November 2011 for conducting this Postal Ballot voting process in a fair and transparent manner. Subsequently, based on the Scrutinizer's report, the said Special Resolution was declared as passed with the requisite majority as required under Section 189(2) of the Companies Act, 1956 and the Regulation 8 (1)(b) of the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009.

5. Whether any special resolution is proposed to be conducted through postal ballot?

Edgar Filing: Patni Computer Systems LTD - Form 6-K

For the year 2012, if resolutions are to be conducted through the Postal Ballot procedure, those will be taken up at the appropriate time.

Table of Contents

6. Procedure for postal ballot?

Procedure was followed as per the requirements of the Section 192A of the Companies Act, 1956 read with the Companies (Passing of resolution by Postal Ballot) Rules, 2011.

F. Disclosures

1. Disclosures on materially significant related party transactions that may have potential conflict with the interests of the company at large.

Disclosures regarding Related Party Transactions have been made under notes to financial statements of the Company, which forms part of this Annual Report.

2. Details of non-compliance by the Company, penalties and strictures imposed on the company by the stock exchange or SEBI or any statutory authority, on any matter related to capital markets, during the last three years.

No penalties and strictures have been imposed on the Company by the stock exchange, SEBI or any statutory authority on any matter related to capital markets as there was no non-compliance by the Company.

3. As stated earlier, the Board has adopted Code of Business Conduct and Ethics for the executive directors, whole time directors, officers and employees of the Company as well as the separate Code of Business Conduct and Ethics for Non-executive Directors of the Company. The provisions relating to Whistle Blower Policy have been adequately provided and no personnel have been denied access to the Audit Committee.

4. The Company has complied with the applicable mandatory requirements of Clause 49 of the listing agreement entered with the Stock Exchanges.

5. Disclosure on non-mandatory requirements:

a) Mr. Jai S Pathak, Independent Director, has been appointed as the Chairman of the Company. As of now, he is not maintaining a Chairman's Office at the Company's expense.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

None of the independent director on the Board of the Company has served for a tenure exceeding nine years. The Company has ensured that the person who is being appointed as an independent director has the requisite qualifications and experience which would be of use to the Company and which in the opinion of the Company, would enable him to contribute effectively to the Company in his capacity as an Independent Director.

b) The Company has set up a Compensation & Remuneration Committee. Details of which is provided elsewhere in the Annual Report.

c) We publish our quarterly results in widely circulated newspapers and also display them on our website.

d) The financial statements of the Company are unqualified.

e) As stated earlier, the Company has adopted a Whistle Blower Policy and has established the necessary mechanism for employees to report concerns about any malpractice, impropriety, abuse etc. The said Policy is also appropriately communicated within the Company across all levels and has been displayed on Company's intranet and website.

Certificate on Corporate Governance

To the Members of Patni Computer Systems Limited

We have examined the compliance of the conditions of Corporate Governance by Patni Computer Systems Limited (the Company) for the year ended on 31 December 2011, as stipulated in Clause 49 of the Listing Agreement of the said Company with Stock Exchanges in India.

The compliance of the conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

The Board of Directors,

Patni Computer Systems Limited

Sub: Certification by the Chief Executive Officer (CEO) and Principal Finance Officer on Financial Statements of the Company for the year ended 31 December 2011

We, Phaneesh Murthy, CEO & MD and Ananth Nayak, Principal Finance Officer, of Patni Computer Systems Limited, certify that:

- (a) We have reviewed financial statements and the cash flow statement for the year and that to the best of our knowledge and belief:
- i. these financial statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading; and
 - ii. these statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- (b) There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or violative of the Company's code of conduct.
- (c) We are responsible for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of the internal control systems of the Company pertaining to financial reporting and we have disclosed to the auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
- (d) We have indicated to the auditors and the Audit committee:
- i. significant changes in internal control over financial reporting during the year;

Edgar Filing: Patni Computer Systems LTD - Form 6-K

ii. significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and

iii. instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the Company's internal control system over financial reporting.

Auditors Report

To the Members of

Patni Computer Systems Limited

1. We have audited the attached balance sheet of Patni Computer Systems Limited (the Company) as at 31 December 2011 and also the Profit and Loss account and the cash flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

3. As required by the Companies (Auditor's Report) Order, 2003 (as amended) (the Order) issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956 (the Act), we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

4. Further to our comments in the Annexure referred to above, we report that:

- i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
- ii. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- iii. The balance sheet, profit and loss account and cash flow statement dealt with by this report are in agreement with the books of account;
- iv. In our opinion, the balance sheet, profit and loss account and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of section 211 of the Act;
- v. On the basis of the written representations received from the directors, as on 31 December 2011, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on 31 December 2011

Edgar Filing: Patni Computer Systems LTD - Form 6-K

from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act; and

vi.

In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the balance sheet, of the state of affairs of the Company as at 31 December 2011;
- b) in the case of the profit and loss account, of the profit for the year ended on that date; and
- c) in the case of cash flow statement, of the cash flows for the year ended on that date.

Annexure referred to in paragraph 3 of our report of even date

Re: Patni Computer Systems Limited (the Company)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) There was no disposal of a substantial part of fixed assets during the year.
- (ii) Due to the nature of its business, clause 4 (ii) (a) to (c) of the Order, relating to physical verification of inventory are not applicable to the Company and hence not commented upon.
- (iii) (a) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 301 of the Act. Accordingly, the provisions of clause 4 (iii) (b) to (d) of the Order are not applicable to the Company and hence not commented upon.
- (b) According to the information and explanations given to us, the Company has not taken any loans, secured or unsecured from companies, firms or other parties covered in the register maintained under section 301 of the Act. Accordingly, the provisions of clause 4 (iii) (f) to (g) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of fixed assets and sale of services. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the Company in respect of these areas. The activities of the Company do not involve purchase of inventory and sale of goods.
- (v) (a) According to the information and explanations provided by the management, we are of the opinion that the particulars of contracts or arrangements referred to in section 301 of the Companies Act, 1956 that need to be entered into the register maintained under section 301 have been so entered.
- (b) In our opinion and according to the information and explanations given to us, the transactions made in pursuance of such contracts or arrangements and exceeding the value of Rupees five lakhs have been entered into during the financial year at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- (vi) The Company has not accepted any deposits from the public.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (viii) To the best of our knowledge and as explained, the Central Government has not prescribed maintenance of cost records under clause (d) of sub-section (1) of section 209 of the Act for the services of the Company.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

- (ix) (a) Undisputed statutory dues including provident fund, investor education and protection fund, employees state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities *though there has been a slight delay in a few cases.*
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty and cess on account of any dispute, are as follows:

Name of the statute	Nature of the dues	Amount (in thousands)	Period to which the amount relates	Forum where dispute is pending	Amount Paid (in thousands)
Income Tax Act, 1961	Income tax	261,703	Assessment Year 2002-03	Income Tax Appellate Tribunal	
Income Tax Act, 1961	Income tax	458,664	Assessment Year 2003-04	Commissioner of Income tax Appeals (Demand Stayed)	66,000
Income Tax Act, 1961	Income tax	630,166	Assessment Year 2004-05	Income Tax Appellate Tribunal	
Income Tax Act, 1961	Income tax	1,132,950	Assessment Year 2005-06	Commissioner of Income tax Appeals	239,072
Income Tax Act, 1961	Income tax	1,261,827	Assessment Year 2006-07	Income Tax Appellate Tribunal	
Income Tax Act, 1961	Income tax	1,650,196	Assessment Year 2007-08	Income Tax Appellate Tribunal	

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Table of Contents

- (x) The Company has no accumulated losses at the end of the financial year and it has not incurred cash losses in the current and immediately preceding financial year.
- (xi) The Company did not have any dues to any financial institution, bank or debenture holder during the year.
- (xii) According to the information and explanations given to us and based on the documents and records produced to us, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- (xiii) In our opinion, the Company is not a chit fund or a nidhi / mutual benefit fund / society. Therefore, the provisions of clause 4(xiii) of the Order are not applicable to the Company.
- (xiv) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Order are not applicable to the Company.
- (xv) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from bank or financial institutions.
- (xvi) The Company did not have any term loans outstanding during the year.
- (xvii) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term investment.
- (xviii) The Company has not made any preferential allotment of shares to parties or companies covered in the register maintained under section 301 of the Act.
- (xix) The Company did not have any outstanding debentures during the year.
- (xx) We have verified the end use of money raised by public issues is as disclosed in the Note 13 of Schedule 18 to the financial statements. The Company has not raised any money by public issue during the year.
- (xxi) We have been informed that *the employee of the Company has misappropriated funds amounting to 1.22 lakh during the year under audit*. Investigations are concluded and employee was dismissed and now the Company is in process of recovering this amount from the employee.

Schedule 18 : Notes to financial statements

1. Background

Patni Computer Systems Limited (Patni) is a company incorporated in India under the Indian Companies Act, 1956. In February 2004, Patni completed an initial public offering of its equity shares in India. In December 2005, Patni also completed an initial public offering of American Depositary Shares in the United States of America (USA).

Patni together with its subsidiaries (collectively, the Patni Group or the Company) is engaged in IT consulting, software development and Business Process Outsourcing (BPO). The Company provides multiple service offerings to its clients across various industries including banking and insurance; manufacturing, retail and distribution; life sciences; product engineering; communications, media and entertainment; and utilities. The various service offerings include application development and maintenance, enterprise software and systems integration services, business and technology consulting, product engineering services, infrastructure management services, customer interaction and BPO, quality assurance and engineering services.

On 12 May 2011, the Company was acquired by iGATE Corporation (iGATE) through two of its wholly-owned subsidiaries, Pan-Asia iGATE Solutions, (iGATE Mauritius), and iGATE Global Solutions Limited (iGS and, together with iGATE Mauritius, the Purchasers). The acquisition involved acquiring 60,091,202 shares or 45.0% of the outstanding share capital from the promoters of the Company and 22,913,948 shares (inclusive of the American Depositary Shares representing 20,161,867 shares) or 17.1% of the outstanding share capital of the Company from General Atlantic Mauritius Limited. Further in accordance with the requirements of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 1997, as amended, and a tender offer pursuant to the U.S. Securities Exchange Act of 1934, as amended, and the rules and regulations of the U.S. Securities and Exchange Commission, the Purchasers also acquired an additional 27,085,565 shares or 20.3% of the outstanding shares of the Company through a mandatory open public offer made on 8 April 2011 to the other shareholders of the Company.

As of 31 December 2011, iGATE Corporation holds 81.9% of outstanding shares.

2. Significant accounting policies

(a) Basis of preparation of financial statements

The financial statements have been prepared to comply with the Accounting Standards notified by Companies (Accounting Standards) Rules, 2006, (as amended) the provisions of the Companies Act, 1956 and guidelines issued by the Securities and Exchange Board of India (SEBI) in India, under the historical cost convention with the exception of land and buildings of Patni, which have been revalued, on the accrual basis of accounting. The financial statements have been prepared under the historical cost convention on an accrual basis except for certain financial instruments which are measured at fair values. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(c) Fixed assets and depreciation/amortisation

Fixed assets are stated at cost less accumulated depreciation, except for items of land and buildings which were revalued in March 1995. Cost includes inward freight, duties, taxes and incidental expenses related to acquisition and installation of the asset. Depreciation is provided on the Straight Line Method (SLM) based on the estimated useful lives of the assets as determined by the management. For additions and disposals, depreciation is provided pro-rata for the period of use. Lease hold land is amortised over the period of lease.

With effect from 1 April 2011, the Company has aligned the estimated useful lives of furniture and fixtures and electrical installations with those followed by iGATE Corporation, its ultimate parent Company.

The rates of depreciation based on the estimated useful lives of fixed assets are higher than those prescribed under Schedule XIV to the Companies Act, 1956. The useful lives of fixed assets are stated below:

Table of Contents**Notes to the Financial Statements (Contd.)**

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

Asset	Useful life (in years)
Land	
Buildings	40
Leasehold land	Over the lease term
Leasehold improvements	Over the lease term or 9 years, whichever is shorter
Computers, computer software and other service equipments	3-5
Electrical installations	5
Office equipments	5
Furniture and fixtures	5
Vehicles	4-5

Fixed assets individually costing upto 5000 are depreciated over a period of 12 months from the date of purchase.

(d) Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

(e) Leases

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

(f) **Revenue and cost recognition**

The Company derives its revenues primarily from software services and BPO services. Revenue from time-and-material contracts is recognized as related services are rendered. The Company's fixed price contracts include application maintenance and support services, on which revenue is recognized rateably over the term of maintenance. Revenue with respect to other fixed price contracts is recognized on a proportional performance method where the price for an entire project is agreed upon for a pre-determined fee before the project starts.

Unbilled revenue represents revenues recognized in excess of amounts billed. These amounts are billed after the milestones specified in the agreement are achieved and the customer acceptance for the same is received. Billings in excess of revenue recognized is disclosed as deferred revenue and is grouped under current liability.

i) **Software services**

Provision for estimated losses on uncompleted fixed price contracts are made in the year in which such losses are determined.

The Company grants volume discounts to certain customers, which are computed based on a pre-determined percentage of the total revenues from those customers during a specified period, as per the terms of the contract. These discounts are earned only after the customer has provided a specified cumulative level of revenues in the specified period. The Company reports revenues net of discounts offered to customers.

Revenue on maintenance contracts is recognized rateably over the term of maintenance.

Revenues are shown net of sales tax, value added tax, service tax and applicable discounts and allowances.

ii) **BPO services**

Revenues from BPO Services are derived from both time-based and transaction-priced contracts. Revenue is recognized as the related services are performed, in accordance with the specific terms of the contracts with the customer.

Table of Contents

Notes to the Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

iii) Dividend income

Dividend income is recognized when the Company's right to receive dividend is established. Interest income is recognized on the time proportion basis.

(g) *Employee retirement and other benefits*

Provident fund

Retirement benefits in the form of Provident Fund is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

Gratuity

Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit made at the end of each financial year.

Pension

Certain directors of the Group are entitled to receive pension benefit upon retirement or on termination from employment @ 50% of their last drawn monthly salary. The pension is payable from the time the eligible director reaches the age of sixty-five in respect of Founder directors of Patni India and is payable to the director or the surviving spouse. The liability for pension is actuarially determined by an independent actuary at

Edgar Filing: Patni Computer Systems LTD - Form 6-K

the end of each financial year using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Others

The Company's liabilities towards compensated absences are determined on the basis of actuarial valuations, as at balance sheet date, carried out by an independent actuary using Projected Unit Credit Method. Actuarial gain and losses comprise experience adjustments and the effects of changes in actuarial assumption and are recognized immediately in the Profit and Loss Account.

(h) Foreign currency transactions

India Operations

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Foreign currency denominated monetary assets and monetary liabilities at the year-end are translated at the year-end exchange rate. Exchange rate differences resulting from foreign exchange transactions settled during the year, including year-end translation of monetary assets and liabilities are recognized in the profit and loss account. Non-monetary foreign currency items which are carried in terms of historical cost are reported using the exchange rate at the date of transactions.

Foreign branch office Integral operations

Income and Expenditure other than depreciation costs are translated into the reporting currency at the prevailing exchange rates at the date of the transaction. Foreign currency denominated monetary assets and monetary liabilities at balance sheet date are translated at exchange rates prevailing on the date of the balance sheet. Fixed assets are translated at exchange rates on the date of the transaction and depreciation on fixed assets is translated at the exchange rates used for translation of the underlying fixed assets. Net exchange difference resulting from translation of items, in the financial statements of the foreign branches is recognized in the profit and loss account.

Hedging

a) Cash flow hedging

The Company uses derivative financial instruments (foreign currency forward and option contracts) to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The use of foreign currency forward contracts and options are governed by the Company's policies, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The Company does not use derivative financial instruments for speculative purposes.

Table of Contents

Notes to the Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

The derivative instruments are initially measured at fair value, and are remeasured at subsequent reporting dates in accordance with recognition and measurement principles of AS - 30 Financial Instruments : Recognition and Measurement .

In respect of derivative contracts which are replaced with successive new contracts up to the period in which the forecasted transactions are expected to occur (roll-over hedging), the hedge effectiveness is assessed based on changes in fair value attributable to changes in spot prices, are recorded in hedging reserve account under reserves until the hedged transactions occur and at that time are recognized in the profit and loss account. Accordingly, the changes in the fair value of the contract related to the changes in the difference between the spot price and the forward price i.e. forward premium/discount are excluded from assessment of hedge effectiveness and is recognized in Profit and Loss Account and are included in foreign exchange gain (loss).

In respect of derivative contracts which hedge the foreign currency risk associated with the both anticipated sales transaction and the collection thereof i.e. dual purpose hedges, the hedge effectiveness is assessed based on overall changes in fair value, and the effective portion of gains or losses are included in hedging reserve account under reserves. Effective portion of gain or loss attributable to forecasted sales are reclassified from hedging reserve account under reserves and recognized in Profit and Loss Account when the sales occur. Post the date of sales, the Company reclassifies an amount from hedging reserve account under reserves to earnings to offset foreign currency translation gain/loss recorded for receivable during the period. Further, the Company determines the amount of cost to be ascribed to each period of the hedging relationship based on the functional currency interest rate implicit in the hedging relationship and recognizes this cost by reclassifying from hedging reserve account under reserves to Profit and Loss Account for recognized receivables based on pro-rata method.

Hedge accounting is discontinued from the last testing date when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on such hedging instrument recognized in shareholders funds is retained there until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognized in shareholders funds is transferred to profit and loss account for the year.

b) Hedging of monetary assets and liabilities

The premium or discount arising at the inception of forward exchange contracts and option is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

(i) Investments

Trade investments are the investments made to enhance the Company's business interests. Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

(j) Taxation

Tax expense comprises current and deferred tax. Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961 and tax expense relating to overseas operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Deferred tax expense or benefit is recognized on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws.

Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

Table of Contents

Notes to the Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

At each balance sheet date the Company re-assesses recognized and unrecognized deferred tax assets. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which the deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available. The Company recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

(k) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(l) Provisions and contingent liabilities

Warranty costs on sale of services are accrued based on management's estimates and historical data at the time related revenues are recorded.

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources embodying in economic benefits and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a

Edgar Filing: Patni Computer Systems LTD - Form 6-K

possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

(m) Employee stock options

The Company determines the compensation cost based on intrinsic value method. The compensation cost is amortized on a straight line basis over the vesting period. Measurement and disclosure of the employee share-based payment plans is done in accordance with SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and the Guidance Note on Accounting for Employee Share-based Payments, issued by the Institute of Chartered Accountants of India.

(n) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

3. Segmental Information

In accordance with paragraph 4 of Accounting Standard 17 Segment Reporting the Company has presented segmental information only in the consolidated financial statements (refer Note 4 of Schedule 19 of the consolidated financial statements) of the Company.

5. Leases**Finance lease :**

The Company has acquired certain vehicles under finance lease for a non-cancellable period of 4 to 5 years. At the inception of the lease, fair value of such vehicles has been recorded as an asset under gross block of vehicles with a corresponding lease obligation recorded under secured loans. There is no escalation clause in the lease agreement. There are no restriction imposed by lease arrangements. Fixed assets include the following amounts in relation to the above leased assets:

As at	31 December 2011	31 December 2010
Gross block of vehicles	22,512	18,524
Less: Accumulated depreciation	9,625	8,805
Net block	12,887	9,719

Total minimum lease payments and maturity profile of finance leases at the balance sheet date, the element of interest included in such payments, and the present value of the minimum lease payments as of 31 December 2011 are as follows:

Particulars	Total minimum lease payments outstanding	Interest included in minimum lease payments	Present value of minimum lease payments
31 December 2011			
No later than one year	5,241	1,411	3,830
Later than one year and not later than five years	9,660	1,479	8,181
Totals	14,901	2,890	12,011
31 December 2010			
No later than one year	4,494	789	3,705
Later than one year and not later than five years	6,877	809	6,068
Totals	11,371	1,598	9,773

Operating lease :

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Company has taken certain office spaces and accommodation for its employees under operating lease agreements, which expires at various dates through year 2015. Some of the lease agreement have a price escalation clause. The lease rental expense recognized in the profit and loss account for the year is 255,443 (2010 : 308,036). The escalation amount for non-cancellable operating lease payable in future years and accounted for by the Company is 10,709. There are no subleases. Future minimum lease payments and the payment profile of non-cancellable operating leases are as follows:

Particulars	31 December 2011	31 December 2010
No later than one year	37,443	21,597
Later than one year and not later than five years	73,460	73,403
Totals	110,903	95,000

Table of Contents**Notes to the Financial Statements (Contd.)**

(Amounts in thousands of Indian Rupees)

6. Taxes

	31 December 2011	31 December 2010
a) Provision for tax expense consists of the following:		
Current taxes		
- Indian (Refer Note c)	914,072	1,257,624
- Foreign	(35,933)	61,574
- MAT credit entitlement	(222,482)	(754,755)
	655,657	564,443
Deferred tax expense		
- Indian	184,214	40,201
- Foreign	64,039	250
	248,253	40,451
	903,910	604,894

b) The significant components of deferred tax asset and liability consists of the following:

	31 December 2011	31 December 2010
Deferred tax assets		
Provision for retirement benefits	114,508	90,578
Provision for bad and doubtful debts	16,212	368
Unrealised loss on derivative contracts	240,464	58,298
Depreciation	(85,606)	(171,423)
Others	10,395	4,247
Total deferred tax asset, net	295,973	
Deferred tax liabilities		
US branch profit taxes	(147,070)	(68,372)
Others	25,130	24,534
Total deferred tax liability	(121,940)	(61,770)

c) The Statute of limitation period for the March 2008 and March 2007 tax return of the US Branch of the Company expired in December 2011 and December 2010 respectively i.e. on expiry of 3 years from the date of filing which was 15 December 2008 and 15 December 2007. Hence the Company has reversed the provision for that year on account of taxes and interest. Accordingly the following amounts have been included in the Income Statement for the year ended 31 December 2011 and 2010.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

	31 December 2011	31 December 2010
Reversal of interest expense*	(43,341)	(47,572)
Decrease in income taxes -current	(354,501)	(301,064)
Increase in income taxes -deferred	7,883	19,145
Total	(389,959)	(329,491)

* Included in Other Income

Table of Contents**Notes to the Financial Statements (Contd.)**

(Amounts in thousands of Indian Rupees)

7. Commitments and Contingent liabilities

Particulars	31 December 2011	31 December 2010
i) Capital and other commitments		
a) Capital commitments		
Estimated amount of unexecuted capital contracts (net of advances)	135,283	2,435,404
b) Outstanding letter of credit	4,404	
	139,687	2,435,404
ii) Contingent Liabilities		
a) Disputed Income Tax	5,395,509	3,745,312
b) Bank guarantees	46,041	173,054
	5,441,550	3,918,366

Estimated amount of contracts remaining to be executed on capital account and not provided for includes cases wherein purchase orders have been released and work has either not commenced or has been partially completed.

The Company has received the Income Tax Demand orders, amounting to 5,395,509 for the relevant Assessment Years (A.Y) 2002-03, 2003-04, 2004-05, 2005-06, 2006-07, 2007-08. The assessment orders demand is raised mainly on account of disallowance of certain 10A benefits and transfer pricing adjustment on account of interest on delayed recoveries from Associated Enterprises and BPO operation. Although the Company has paid certain amounts related to these demands pending various levels of appeals, management considers these disallowances as not tenable against the Company, and therefore no provision for this tax contingency has been established.

In December 2011, the income tax department has issued the draft assessment order for A.Y. 2008-09 disallowing the tax benefits under Section 10A of the Act as per the earlier assessments, as well as making a transfer pricing adjustment for delayed recoveries from the Associated Enterprises. The Company has filed the objections against the draft order before the Dispute Resolution Panel newly set up under the Income Tax Act. Management considers these disallowances as not tenable against the Company, and therefore no provision for this tax contingency has been established.

The Company is involved in lawsuits and claims which arise in ordinary course of business. Management believes that the ultimate outcome of these matters will not have a material adverse impact on its financial position, results of operations and cash flows.

8. Derivative Financial Instruments and Hedge Accounting**Foreign currency forward and option contracts**

The Company is exposed to foreign currency fluctuations on foreign currency assets/liabilities, forecasted cash flows denominated in foreign currency. The use of derivatives to hedge foreign currency forecasted cash flows is governed by the Company's strategy, which provides principles on the use of such forward contracts and currency options consistent with the Company's Risk Management Policy. The counter party in these derivative instruments are banks and the Company considers the risks of non-performance by the counter party as non-material. A majority of the forward foreign exchange/ option contracts mature between one to seventeen months and the forecasted transactions are expected to occur during the same period. The Company does not use forward contracts and currency options for speculative purposes.

The following table presents the aggregate contracted principal amounts of the Company's derivative contracts outstanding:-

	31 December 2011 INR equivalent	31 December 2010 INR equivalent
Sell Covers		
USD/INR	18,112,031	13,826,828
JPY/USD	51,421	274,806
GBP/USD	1,097,753	605,482
EUR/INR	113,297	
	19,374,502	14,707,116

8. Derivative Financial Instruments and Hedge Accounting (Contd.)

	31 December 2011	31 December 2010
Forward options		
Range Forward		
USD/INR	265,300	223,500
	265,300	223,500

The following table summarizes activity in the hedging reserve related to all derivative financial instruments classified as cash flow hedges during the years ended 31 December 2011 and 31 December 2010:

Particulars	31 December 2011	31 December 2010
(Loss)/Gain as at the beginning of the year	(36,132)	77,008
Unrealised gain on cash flow hedging derivatives during the year	716,736	377,621
Net income reclassified into profit and loss account on occurrence of hedged transactions	1,093,265	(490,761)
Gain/(Loss) as at the end of the year (refer Note 1 and 2 below)	1,773,869	(36,132)

As of the balance sheet date, the Company's net foreign currency exposure that is not hedged is 29,780 (2010 : 42,604).

Notes:

- Balance as at year end is inclusive of deferred tax liability of 510,001 (2010 : 10,996).
- At 31 December 2011, the estimated net amount of existing gain that is expected to be reclassified into the profit and loss account within the next twelve months is 1,774,862 (2010 : 295,732).

9. Employee stock compensation plans

On 30 June 2003, Patni established the Patni ESOP 2003 plan (the plan). Under the plan, the Company is authorised to issue up to 11,142,085 equity shares to eligible employees. Employees covered by the Plan are granted an option, which may be based on service or performance criteria, to purchase shares of the Company subject to the requirements of vesting. The options vest in a graded manner from one year to four years and expire at the end of five years from the date of vesting. The Stock based compensation expense is recognized over the vesting term of each separately vesting portion of an award (accelerated amortization method). A compensation committee constituted by the Board of Directors of the Company administers the plan. The plan has been amended to enable the Company to issue up to 2,000,000 ADR linked options (wherein one ADR linked option is equal to two equity shares of the Company) to the employees of the Company as well as its subsidiaries. Accordingly, Patni ESOP 2003- Revised 2009 has come into force with effect from 21 June 2006. The same has been approved by shareholders in its meeting held on 30 June 2003.

In June 2009, the shareholders authorized the Company to issue upto an additional 8,000,000 equity shares to eligible employees under the 2003 ESOP Plan (hereinafter referred to as the ESOP Plan).

The exercise price of the grant approximated the fair value of the underlying equity shares at the date of the grant, except in the case of restricted stock units, where in the exercise price for the grants offered to employees is at face value of the share price.

* Includes stock options granted to employees of subsidiary companies.

The Company has allotted 3,075,053 (2010: 2,293,048) number of shares at par value of ₹ 2 per share to the employees on the exercise of the options for the year ended 31 December 2011.

The Company uses the intrinsic value method of accounting for its employee stock options. The Company has therefore adopted the pro-forma disclosure provisions as required by the Guidance Note on Accounting for Employee Share-based payments issued by the ICAI with effect from 1 April 2005. Had the compensation cost been determined in a manner consistent with the fair value approach described in the aforesaid Guidance Note, Patni's net profit and EPS as reported would have been adjusted to the pro-forma amounts indicated below:

Table of Contents**Notes to the Financial Statements (Contd.)**

(Amounts in thousands of Indian Rupees)

9. Employee stock compensation plans (Contd.)

	31 December 2011	31 December 2010
Profit for the year after taxation as reported	5,035,924	6,550,465
Add: Stock based employee compensation determined under the intrinsic value method	194,630	235,586
Less: Stock based employee compensation determined under the fair value method	174,441	299,178
Pro-forma profit	5,056,113	6,486,873
Reported earnings per equity share of 2 each		
- Basic	37.43	50.35
- Diluted	36.83	48.77
Pro-forma earnings per equity share of 2 each		
- Basic	37.87	49.86
- Diluted	37.25	48.30

The stock based compensation disclosed above is with respect to all stock options granted on or after 1 April 2005.

The fair value of each stock option is estimated on the date of the grant using the Black-Scholes option pricing model with the following assumptions for Equity Linked Options:

	31 December 2011	31 December 2010
Dividend yield	0.67%	0.60% - 1.06%
Weighted average dividend yield	0.67%	0.68%
Expected life	3.5 - 5.5 years	3.5 - 6.5 years
Risk free interest rates	8.29% - 8.37%	6.81% - 7.96%
Volatility	38.47% - 39.13%	37.69% - 42.84%
Weighted Average Volatility	38.84%	41.85%

The fair value of each stock option is estimated on the date of the grant using the Black-Scholes option pricing model with the following assumptions for ADR Linked Options:

	31 December 2011	31 December 2010
Dividend yield	0.68%	0.60% - 1.06%

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Weighted average dividend yield	0.68%	0.64%
Expected life	3.5 - 5.5 years	1.0 - 6.5 years
Risk free interest rates	0.58% - 1.15%	0.48% - 2.93%
Volatility	38.27% - 40.64%	30.54% - 46.33%
Weighted average volatility	39.71%	32.14%

The expected volatility was determined based on historical volatility data.

The compensation expense for RSU s granted is accounted as per intrinsic value method and shown under the head personnel cost as stated below:

	31 December 2011	31 December 2010
Personnel cost	194,630	235,586

10. Amounts due to micro, small and medium enterprises

As at 31 December 2011, the Company has no outstanding dues to any vendors registered with appropriate authority under the Micro, Small and Medium Enterprises Development Act, 2006. There have been no delays in settlement of dues to such vendors, warranting any payment of interest as provided in the above Act (2010: Nil).

14. Employee Benefit Plans

The Company has calculated the various benefits provided to employees as under:

A. Defined Contribution Plans and State Plans

During the year the Company has recognized the following defined contribution benefits in the Profit and Loss Account:-	31 December 2011	31 December 2010
Superannuation Fund	22,109	21,899
Employer's contribution to Employees' State Insurance	8,255	6,752
Employer's contribution to Employees' Pension Scheme	12,143	10,477
Employer's contribution to Provident Fund	286,631	203,097
Total	329,138	242,225

B. Defined Benefit Plans**(i) Gratuity Benefits**

In accordance with the Payment of Gratuity Act, 1972, Patni provides for gratuity, a defined retirement plan covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's defined portion of last salary and the years of employment with the Company.

Patni contributes each year to a gratuity fund based upon actuarial valuations performed by an actuary. The fund is administered by Patni through a trust set up for the purpose. All assets of the plan are owned by the Trust and comprise of approved debts and other securities and deposits with banks.

Amount recognized in Balance Sheet	31 December 2011	31 December 2010

(ii) Pension Benefits

Two former founder directors are entitled to receive pension benefits upon retirement or on termination from employment at the rate of 50% of their last drawn monthly salary. The pension is payable from the time the eligible individual reaches the age of 65 years in respect and is payable to the respective individuals or the surviving spouse. In 2011, the Company settled the pension liability for one of the founder directors by purchasing non participating annuity contract. The funding discharges the Company of all future pension obligations to this individual.

For the other founder director, the payment of pension will start when he reaches the age of 65. The Company has invested in a plan with Life Insurance Corporation of India which will mature at the time the founder director will reach the age of 65. Since the Company is obligated to fund the shortfall, if any, between annuity payable and the value of plan asset, the pension liability is actuarially valued at each balance sheet date.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

With regard to former founder directors' pension plans, the following table sets forth the plans' funded status and amounts recognized in the Company's consolidated balance sheet.

Amount to be recognized in Balance Sheet	31 December 2011	31 December 2010

(* Includes 2,706 paid to previous auditor)

16. Delisting process

On 16 November 2011, Pan Asia and iGATE Global, subsidiaries of the Company, announced that they were initiating the process of voluntarily delisting the equity shares of Patni from the Indian Stock Exchanges namely, the National Stock Exchange of India Limited (NSE) and the Bombay Stock Exchange Limited (BSE), and the American Depository Shares (ADSs) from the New York Stock Exchange (NYSE), by way of postal ballot pursuant to the provisions of Section 192A (2) of the Companies Act, 1956 read with the Companies (Passing of the Resolutions by Postal Ballot) Rules, 2011.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Postal Ballot closed at 5:00 p.m IST on 6 January 2012 and the Special Resolution contained in the Postal Ballot Notice dated 5 December 2011 was duly passed by the requisite majority as required under Section 189(2) of the Companies Act, 1956, Regulation 8(1) (b) of the Securities and Exchange Board of India (SEBI) (Delisting of Equity Shares) Regulations, 2009 (Delisting Regulations) as well as the applicable rules of the NYSE and the U.S. Securities and Exchange Commission (SEC) and the U. S. Securities Exchange Act of 1934, all as amended from time to time.

The delisting offer (the Delisting Offer) involves a price discovery mechanism, which is known in India as a Reverse Book Building Process. The offer price (the Offer Price) (i.e., the price at which the Shares of the Public Shareholders are to be purchased pursuant to the Delisting Offer) is determined after establishment of a statutorily prescribed floor price, which is determined in accordance with Delisting Regulations. Accordingly, the floor price for the Delisting Offer of 356.74 per share was determined.

Pan Asia and iGATE Global may make a public announcement of a delisting offer in accordance with the Indian delisting regulations within a period of one year from the date of the above-mentioned shareholder approval.

If the delisting is successful and all the shares of Common Stock are tendered, iGATE s beneficial ownership in patni is expected to increase from approximately 80.38% to 100%. Upon delisting being successful, public trading of the Patni shares of Common Stock on the BSE and the NSE and ADSs on the NYSE will cease. The promoters also will seek to cause the Common Stock of Patni to be deregistered under the Exchange Act.

Table of Contents

Notes to the Financial Statements (Contd.)

16. Delisting process (Contd.)

As the sole shareholder of Patni, iGATE will receive the benefit of the right to participate in any and all future increases in Patni's value and will bear the complete risk of any and all losses incurred in the operation of patni and any decreases in patni's value.

Upon completion of the delisting, Patni's public shareholders who tender their shares of Common Stock will not bear the risks of potential decreases in the value of their holdings in Patni based on any downturns in Patni's future performance. Under the delisting, Patni's public shareholders will receive a single cash price for their shares of Common Stock (including those represented by ADSs which are converted into Common Stock).

17. Prior year comparatives

Previous years figures have been appropriately reclassified/regrouped to conform to the current year's presentation. The figures of previous year were audited by a firm of Chartered Accountants other than S.R. Batliboi & Associates.

Industry Structure and Developments

Global Markets Overview

According to the Forecast Alert: IT Spending, Worldwide, 2008-2015, 4Q11 Update report by Gartner Inc., an IT research and advisory company, the headline is that the global IT spending growth forecast has been revised downward, from 4.6% to 3.7% in 2012. Global economic slowdown and the impact of Eurozone crisis have combined to lower the outlook for the U.S. dollar-denominated growth.

The main reasons for the downward revision are as follows:

- The Eurozone crisis has caused market volatility and personal and corporate uncertainty. The short-term outlook for spending on IT products and services by enterprises and consumers has reduced due to the crisis in the Eurozone, affecting major technology sectors such as enterprise software services, IT services and telecommunications services, all of which are expected to see lower growth rates.
- Global economic growth will slow down in 2012 to a real GDP growth rate of less than 2% in the U.S. and a mild recession in Europe. U.S. dollar based IT spending in Western Europe has been forecasted to contract in 2012 due to political uncertainty which will lead to more cautious spending on IT products and services.
- The 2012 growth outlook across all technology sectors have been revised downwards. There has been significant revision in the growth outlook for computing hardware, IT services and telecommunication equipment and services sectors with a decrease of 3.4%, 1.3% and 1.3% in spending in those sectors, respectively, compared to the previous quarter's update.
- The reductions in the computing hardware forecast for 2012 reflect concerns for U.S. and Western European market growth, due to weak 4Q11 results, and a highly uncertain economic outlook for both markets. The reductions also reflect the impact of HDD (Hard Disk Drive), supply constraints on HDD and PC shipments in the first half of the year. The reduction in the Western European forecast also reflects more aggressive assumptions about the ability of political leadership to adopt effective short term measures to support debt laden countries and reformation of long term structural loans. The supply of hard drives is expected to be reduced by as much as 25% during 2012 due to the impact of floods in Thailand, which is a major hub for hard-drive manufacturing, both for finished goods and components.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

- Through 2015, the forecast for long term annual average growth in global IT spending has been reduced to 5.0% compared with a 5.4% growth level estimated in the previous quarter.

Each Gartner Report speaks as of its original publication date (and not as of the date of this Prospectus) and the opinions expressed in the Gartner Report(s) are subject to change without notice.)

Indian IT Industry Outlook

According to Gartner Inc. (Source: Gartner's Press Release dated 24th Jan, 2012), an IT research and advisory company, Indian Industry IT spending is forecasted to exceed \$39 billion in 2012, an increase of 10.3% from 2011 spending of \$36 billion. The growth of IT in India is expected to increase, with an annual increase to exceed this level through 2015.

The increase in demand for IT products and services to support the rapid growth of industries has led to the emergence of IT as an enabler in industries beyond manufacturing, government and financial services. The retail industry is expected to achieve the strongest growth in 2012 where IT spending is forecast to grow 11.8%. Recent decisions to allow 100% foreign direct investment (FDI) in single brand retail, and up to 51% in multi brand retail, are expected to provide the sector with significant boost in terms of IT usage and adoption.

The banking and securities sector is expected to reach \$11.6 billion in 2015 from \$5.2 billion in 2011, a CAGR of 11.6%. Retail is expected to see a growth from \$1.7 billion in 2011 to \$2.7 billion in 2015, a CAGR of 12.8%.

NASSCOM Strategic Review 2011 states that Information Technology's evolution, advancements and results have continued to spread at a rapid pace. Despite global uncertainties, natural disasters and low consumer confidence in 2011, global spending on technology and demand for global sourcing for IT-BPO services remained significant. Indian IT-BPO sector has retained its position as the world's leading global sourcing destination for IT-BPO services with a share of 58% in 2011. India is one of the most cost-competitive providers of IT-BPO services. Service providers are effectively utilizing India's talent pool by designing large scale talent re-engineering initiatives and employee engagement activities. This is enabling the industry to provide both end-to-end and high-end value-added services across various sectors. IT-BPO services will be instrumental in the economic and social rise of India in the

Table of Contents

future. As a result, the domestic IT-BPO market is expected to grow in parallel with the growth of the Indian economy. The domestic IT-BPO (excluding hardware) spending trend will continue in 2013 as the industry is expected to grow at 13-16%. IT-BPO exports is expected to grow 11-14% in 2013, driven by proliferation of as-a-service model around enterprise mobility, cloud and platform solutions, analytics offerings and social media.

Software products, IT & BPO sector has approximately spent \$1.3 trillion or 63% of the total spending in 2011, with IT hardware accounting for approximately \$645 billion or 37% of the total spending in 2011. There was a renewed demand for overall global sourcing, which grew by 12% as compared to 2010 representing twice the global technology growth.

IT software and services sector's revenue (excluding hardware) is estimated at \$88 billion for the year 2012. During this period, direct employment is expected to reach nearly 2.8 million, an addition of 230,000 employees, while indirect job creation is estimated at 8.9 million. As a proportion of national GDP, the sector revenues have grown from 1.2% in 1998 to an estimated 7.5% in 2012. The total share of total Indian exports (merchandise plus services) increased from less than 4.0% in FY1998 to 25.0% in 2012.

Export revenues (excluding hardware) are estimated to reach \$69 billion in 2012 accounting for a 2.2 million workforce. This represents a growth of 16.3%; these exports also account for over 68.5% share in aggregate IT-BPO revenue. Within exports, IT services segment is the fastest growing at 19% over 2011 with export revenue of \$40 billion, accounting for 58% of total exports. The BPO segment is expected to grow by 12% cent to reach \$16 billion in 2012. The software products segments are expected to generate exports of \$13 billion, a growth of nearly 14% over 2011.

Domestic IT-BPO revenue (excluding hardware) is expected to grow at almost 17% to reach \$918 billion in 2012. Strong economic growth, rapid advancement in technology, infrastructure, increasingly competitive Indian organizations, enhanced focus by the government and emergence of business models that help provide IT to new customer segments are key drivers for increased technology adoption in India. IT services is the fastest growing segment in the Indian domestic market, growing by 18% to reach \$589 billion, driven by increasing adoption from all customer segments – government, enterprise, and consumers. Domestic BPO segment is expected to grow by 17% in 2012, to reach \$149 billion, driven by demand from voice-based (local language) services and increasing adoption by both traditional and emerging verticals, including the government. The domestic software products segment is set to grow to \$180 billion in 2012, a growth of 13% over 2011.

Opportunities and Threats

Global Delivery Model

Global demand for high quality, lower cost IT and IT-enabled services has created a significant opportunity for us, which we use to successfully leverage the benefits of, and address the challenges in using, an offshore talent pool. Our effective use of offshore personnel offers a variety of benefits, including lower costs, faster delivery of new IT solutions and innovations in vertical solutions, processes and technologies.

We have adopted a global delivery model for providing services to our clients. Our global delivery model includes on-site and offshore teams. We have offshore development centers located in Bangalore, Hyderabad, Chennai, Noida, Mumbai, Pune and Gandhinagar in India and have

Edgar Filing: Patni Computer Systems LTD - Form 6-K

global development centers located in Australia, Mexico, Canada, the United States, China, Singapore and India. The centers can deliver both onsite and offshore services, depending on client location and preferences.

IT services that we deliver using our offshore centers include software application development and maintenance, implementation and support of enterprise applications, package evaluation and implementation, re-engineering, data warehousing, business intelligence, analytics, data management and integration, software testing and IT infrastructure management services. We believe that we deliver high quality solutions to our clients at substantial savings by using our global pool of highly talented people.

IT-enabled operations offshore outsourcing solutions and services that we offer include BPO, transaction processing services and call center services. BPO services are offered to clients that are looking to achieve converged IT and BPO solutions. The transaction processing services offered are focused on the mortgage banking, financial services, insurance and capital market industries, except for the delivery of finance and accounting functions such as accounts payable which can be performed for clients across all industries. Our call center services are offered to clients in several industries and are not industry specific.

Our Competitive Strengths

We believe our competitive strengths enable us to deliver high-quality, efficient and scalable services. These strengths include:

Focused Industry Expertise

We concentrate on industries where we believe we can generate sustained revenue growth, such as insurance, manufacturing, retail and distribution, financial services and communications, media and utilities. Through our extensive experience in these industries, we provide solutions that respond to technological challenges faced by our clients. We also focus on technology practices, specifically in product engineering services.

Successful Client Relationships

We have demonstrated the ability to build and manage our client relationships. Our long-term relationships typically develop from performing discrete projects to providing multiple service offerings spread across a client's businesses. Through our flexible approach, we believe we offer services that respond to our clients' needs regardless of their size. By leveraging our industry experience with our project management capabilities and breadth of technical expertise, we solidify and expand our client relationships.

Extensive Suite of IT Services

We provide a comprehensive range of IT services, including application development, application maintenance and support,

Table of Contents

packaged software implementation, infrastructure management services, product engineering, business process outsourcing and quality assurance services. Our knowledge and experience span multiple computing platforms and technologies, which enable us to address a range of business needs and to function as a virtual extension of our clients' IT departments. We offer a broad spectrum of services in select industry sectors, which we leverage to capitalize on opportunities throughout our clients' organizations.

Delivery and Operational Excellence

Through our mature global delivery model, we deliver high quality and cost-effective IT services from multiple locations in a reduced timeframe. We vary the composition of our employee resource pool, in terms of seniority and location, to maximize our productivity and efficiency. Our processes and methodologies have achieved Capability Maturity Model Integrated (CMMi) Level 5, the highest attainable certification. We use project management tools to deliver services to client specifications in a timely and reliable manner while maintaining a high level of client satisfaction.

Highly-skilled Professionals

We have a highly qualified management team with a broad range of experience in the global IT industry. Our managers and senior technical personnel provide in-depth project management expertise to customers. To maintain this level of expertise, we have placed significant emphasis on recruiting and training our workforce of highly skilled professionals.

Our Strategy

Our Vision: Our vision is "Changing the rules to deliver high-impact outcomes for a new technology-enabled world". The combination of iGATE and Patni is a fully integrated technology and operations (iTOPS) enterprise with a global services model. We enable clients to optimize their business through a combination of process investment strategies, technology leverage and business process outsourcing and provisioning. We have leveraged our deep understanding of diverse business challenges faced by global enterprises, coupled with our thought leadership in IT, and process/operations excellence in building the iTOPS model. We characterize a clear value proposition around our Global Delivery Model (GDM) offering to deliver varied and complex IT-enabled services for clients' global customers across multiple locations. The goal is to bring about business transformation for customers on a pioneering "pay for outcomes, not effort" premise. With a global presence and world-class delivery centers spanning the Americas, Europe- Middle East-Africa (EMEA) and Asia-Pacific, the iGATE Patni GDM meshes a well-defined, single business management system with industry best practices, models and standards such as ISO, CMMI, ITIL and Six Sigma. Robust knowledge and responsibility transition across employees is seamless ensuring clockwork-like efficiency and effectiveness of provided services.

Penetrate and Grow Strategic Client Accounts

We have achieved strong revenue growth by focusing on select, long-term customer relationships which we call strategic accounts. We aim to expand the scope of our client relationships by leveraging our focused industry sector expertise with delivery excellence, responsive engagement models and breadth of services. We intend to focus on adding new strategic clients and further penetrate our existing customer relationships. We

address the needs of our larger strategic relationships through dedicated account managers who have responsibility for increasing the size and scope of our service offerings to such clients. We aim to strengthen our sales and marketing teams, a majority of which are aligned to focus on specific industries.

Strengthen and Broaden our Industry Expertise with Micro Vertical Focus

We intend to strengthen our understanding of key industries by investing in building or acquiring intellectual property like platforms, tools, etc in chosen micro verticals within each industry segment that we operate. We shall also continue to invest in a strong base of industry experts, business analysts and solutions architects as well as considering select from targeted acquisitions. We believe we can create competitive differentiation and add more value than a general service provider through such investments by enhancing our understanding in specific industry and domain requirements of our clients.

Strengthen and Broaden our Service Lines

We aim to deepen our existing client relationships through new and more comprehensive service lines. In recent years we have added new capabilities in line with our growth and customer needs. We continually explore new initiatives through our internal centers of excellence, which focus on innovation in specific technology platforms or services. For example, we added quality assurance services as a new service line, and developed increased capabilities such as business intelligence, database administration and legacy system modernization in other service lines.

Optimize and Expand Delivery Capability

Our process and methodologies such as PatniPLUS® consolidate decades of software development and maintenance experience in delivering and supporting enterprise applications and products for our clients. We believe that our mature process frameworks effectively reduce risk and unpredictability across the software development life cycle and flexibly integrate with our clients' processes. We further believe that our quality systems create strong predictive and diagnostic focus, delivering measurable performance to clients' critical to quality parameters resulting in a faster turnaround, higher productivity, and on-time to first-time-right deliveries. We provide full visibility on our projects for our clients through integrated web-based project management and monitoring tools.

We are committed to enhancing the processes and methodologies that improve our efficiency. We aim to develop new productivity tools, refine our software engineering techniques and maximize reuse of our processes. To maximize improvements in our processes and methodologies we have expanded our infrastructure and we have constructed new knowledge park campuses in India to provide world-class infrastructure, high standards of quality and secure delivery.

Table of Contents

Competition

The IT and IT-enabled operations offshore outsourcing services industries are highly competitive, and are served by numerous global, national, regional and local firms. Our primary competitors in the IT and IT-enabled outsourcing industry include IT outsourcing firms, consulting firms, systems integration-firms and general management consulting firms such as Tata Consultancy Services Limited, Infosys Technologies Limited, Cognizant Technology Solutions Corporation, Wipro Limited, Genpact Limited, WNS (Holdings) Limited, EXL Service Holdings Inc., Syntel Inc., Mindtree Limited, and Hexaware Technologies Limited.

We believe that the principal competitive factors in the IT and IT-enabled operations offshore outsourcing markets include the range of services offered, size and scale of service provider, global reach, technical expertise, responsiveness to client needs, speed in delivery of IT solutions, quality of service and perceived value. Many companies also choose to perform some or all of their back office IT and IT-enabled operations internally.

Segment-wise Performance

Patni's geographic segmentation is based on location of customers and comprises United States of America (USA), Europe, Japan, India and Others. Revenue in relation to geographic segments is categorised based on the location of the specific customer entity for which services are performed irrespective of the customer entity that is billed for the services and whether the services are delivered onsite or offshore. We expect that a substantial majority of our revenues will continue to be derived from clients located in the United States.

Geographic Segments

Country	Year ended 31 December		
	2009	2010	2011

Outlook, Risks and Concerns

These have been discussed in detail in the Risk management section in this Annual Report.

Internal Control Systems

Edgar Filing: Patni Computer Systems LTD - Form 6-K

We maintain internal control systems designed to provide reasonable assurance that assets are safeguarded, transactions are executed in accordance with management's authorization and properly recorded, and accounting records are adequate for preparation of financial statements and other financial information. The internal audit function performs internal audit periodically to ascertain their adequacy and effectiveness.

The Audit Committee which is a sub-committee to Board of Directors consists solely of independent directors. The Audit Committee monitors and provides effective supervision of our financial reporting process with a view towards ensuring accurate, timely and proper disclosures coupled with transparency, integrity and quality of financial reporting. Our Audit Committee oversees the work carried out in the financial reporting process by our management, including the internal auditors and reviews the processes and safeguards employed by each. In addition our Audit Committee has the responsibility of oversight and supervision over our system of internal controls over financial reporting, audit process, and process for monitoring the compliance with related laws and regulations. The committee also holds discussions with Statutory Auditors, Internal Auditors and the Management on matters pertaining to internal controls, auditing and financial reporting. The Committee reviews with the statutory auditors the scope and results of the audit.

In particular, our efforts to comply with Section 404 of the Sarbanes-Oxley Act of 2002 and the related regulations regarding our required assessment of our internal controls over financial reporting and our external auditors' audit of that assessment requires the commitment of significant financial and managerial resources. We consistently assess the adequacy of our internal controls over financial reporting, remediate any control deficiencies that may be identified, and validate through testing that our controls are functioning as documented.

Financial Condition

(in thousands except share data)

	31 December 2011	31 December 2010
Share capital		
Balance at the beginning of the year	262,838	258,252
Shares issued during the year:		
- ESOP plan	6,150	4,586
Balance at the close of the year	268,988	262,838

The Company has established the Patni ESOP 2003 - Revised 2009 Plan, under which it issued 3,075,053 shares to 1,411 employees and 13 directors during the year. The Company is authorized to issue up to 19,142,085 equity shares to eligible employees under the said ESOP plan. In June 2009, at the Annual General Meeting the shareholders had authorized the Company to issue additional 8,000,000 equity shares to eligible employees under the Patni ESOP 2003 - Revised 2009 plan.

Following these issuances of the Company's equity shares during the year, the issued, subscribed and paid-up share capital increased by 3,075,053 shares.

Reserves and surplus

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Company transferred an amount of Nil million from its profit for the year to the general reserve, while 4,014.6 million was retained in the profit and loss account.

Table of Contents

Secured loans

The Company acquires vehicles under finance lease for a non-cancellable period of four years. The lease rental obligation in relation to such vehicles is recorded under secured loans. As per the lease agreement, the ownership of these vehicles would not transfer to the Company.

Net deferred tax liability

The Company recorded cumulative net deferred tax liability of 118.1 million as of 31 December 2011. The deferred tax liability represents U.S. branch profit taxes for 147.1 million & others (29) million.

Goodwill

The excess of cost to the parent company of its investment in subsidiaries over the parent company's portion of equity in the subsidiaries, at the respective dates on which investments in subsidiaries were made, is recognized in the consolidated financial statements as goodwill. Goodwill recorded in the consolidated financial statements has not been amortized, but evaluated for impairment.

The aggregate goodwill recorded in the financial statements comprises the following:

	(in thousands)

Table of Contents

During 2011, the net increase in the gross block of fixed assets amounts to 688.78 million. This is mainly represented by 81.8 million on capitalization of land & additional charges paid to SIPCOT authorities towards leasehold land, 17.1 million paid to additional premium on Hinjewadi land for extension of time limit, 117.4 million on capitalization of flats at Glenridge, Powai, 229.3 million due to purchase of computer and equipments, 15.3 million due to capitalization of Pune SEZ 20.6 million capitalization of office equipments of Pune SEZ and 197.5 million due to revaluation of fixed assets of subsidiaries.

The net decrease of 132.2 million under CWIP and capital due to capitalization of flats at Glenridge, Powai.

During 2011, the Company added 1,154.1 million to its Intangible assets. This is represented by 136.9 million due to purchase/capitalization of software s, 1,001.1 million due to revaluation of goodwill, Intellectual property rights and Customer contracts and non contractual customer relationships of USA and UK.

Investments

Surplus cash generated from operations are invested in long-term and current money market instruments. Investments increased to 16,880.4 million as of 31 December 2011 compared to 12,614.9 million as of 31 December 2010. Increase is due to purchase of various mutual funds.

Deferred tax asset (net)

The Company recorded cumulative deferred tax asset (net) of 1,135.4 million as of 31 December 2011. This relates to the subsidiary companies, Patni Americas Inc. USA, Patni Computer Systems (GmbH), Patni Telecom Solutions Private Limited (India), Patni Telecom Solutions Inc (USA) and Patni Life Sciences Inc. The deferred tax asset represents timing differences arising out of provisions for retirement benefits, provision for bad and doubtful debts, deferred revenues, unbilled revenue, accrued expenses and carry forward losses, unrealized loss on derivatives, employee stock compensation costs, depreciations, amortization of intangible assets.

Sundry debtors

Sundry debtors of 7,314.1 million (net of provision for doubtful debts amounting to 177.9 million) represents 20.5 per cent of revenues for the year ended 31 December 2011. During the year, the debts outstanding for a period exceeding six months increased to 4.6 per cent of gross debtors as compared to 3.9 per cent in the previous year. Provision for doubtful debts as a percentage of sundry debtors decreased to 2.4 per cent from 2.9 per cent in the previous year.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The age profile of debtors is given below:

Period in days	Year ended	Year ended
	31 December 2011	31 December 2010
0-180	95.4%	96.1%
More than 180	4.6%	3.9%
Total	100.0%	100.0%

Cash and bank balances

The Company has cash and bank balances of 2,259.8 million and 3,533.7 million as at 31 December 2011 and 2010, respectively. Bank balances include balances maintained both in India and overseas. Bank balances in India include both rupee accounts and foreign currency accounts.

As at 31 December 2011 and 2010, the Company had cash and cash equivalents (cash and bank balances including short term investments) of 19,140.2 million and 16,010.6 million, respectively. Cash and cash equivalents represent 41.9 per cent and 39.6 per cent of total assets as at 31 December 2011 and 2010, respectively.

Unbilled revenue

Unbilled revenue represent revenues recognized by the Company in excess of amounts billed. These amounts are billed after the milestones specified in the agreement are achieved and once customer acceptance is received. Unbilled revenue increased to 1,735.5 million during the year ended 31 December 2011 compared to 1,388.9 million in the year ended 31 December 2010.

Loans and advances

During the year ended 31 December 2011 advances recoverable in cash or kind increased to 373.7 million from 317.1 million as at 31 December 2010.

Provision for taxation	715,470	1.9%
Profit after tax and before prior period items	4,175,600	11.2%
Prior period items	(161,029)	(0.4)%
Profit for the year	4,014,571	10.8%

Income

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Company's sales and service income was 35,679.4 million in 2011 from 31,880.8 million in 2010.

The Company derives a significant proportion of its revenues from clients located in the United States. In 2011, the Company derived 77.5 per cent of its revenues, from clients located in the United States. However, strong revenue growth was achieved in other regions and the business achieved a greater element of geographical diversification.

Other income has reduced to 1,600.03 million in 2011 from 2,194.2 million in 2010. During 2011, other income comprised interest of 62.7 million for reversal of IRS interest and bank deposit interest, dividend income of 655.1 million for dividend on current investments non trade, gain of 345.3 million on the sale of non trade investments, 383.6 million for foreign exchange gain and other miscellaneous income of 153.2 million comprises sundry creditors and advance from customer written back during the year.

Personnel costs

Personnel costs were 21,816.9 million and 18,898.1 million in 2011 and 2010, respectively. These costs represent 58.5 per cent and 55.5 per cent of the Company's total income in 2011 and 2010, respectively. Personnel costs comprise salaries paid to employees in India and overseas staff expenses.

Selling, general and administration expenses

The Company incurred selling, general and administration expenses of 8,284.9 million and 6,875.9 million, representing a 22.2 per cent and 20.2 per cent of total income in 2011 and 2010, respectively. Selling, general and administration expenses include costs such as, subcontractor costs, travelling expenses, communication expenses, office expenses, legal and other professional fees, advertisement and publicity, and other miscellaneous selling and administrative costs.

Depreciation and amortisation

The Company provided 1,367.9 million and 1,184.7 million towards depreciation for 2011 and 2010, respectively. Depreciation as a percentage of gross block of fixed assets was 8.8 per cent and 8.3 per cent for 2011 and 2010, respectively.

During the year ended 31 December 2007, Patni has, through its wholly owned subsidiary, Patni USA, acquired from one of its major customer, the worldwide rights for a software Proprietary Intellectual Property Rights (IPR) that enables communication service providers to offer customer management, retail point-of-sale and billing services for a variety of products and services. The Group is using this intellectual property for the purposes of software licensing, provision of reusable IP-led IT services, managed services and provision of hosted or software-as-a-service solutions. As of and during the year ended 31 December 2011, the Management assessed the carrying amount and expected cash flow from this IPR and concluded that the carrying amount of this IPR is not recoverable. Accordingly, the Company recorded an impairment charge of 401.0 million for this IPR.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

In June 2010, Patni, through its wholly owned subsidiary, Patni UK, acquired from one of its customer, an existing software Intellectual Property Rights (IPR) which is used for education sector management in UK and Ireland. The Company intends to increase the revenue by sale of licenses in certain geographies along with significant use in horizontals or verticals other than the learning domain. During the year, the Company evaluated this IPR and concluded that it was impaired as a result of substantial decline in expected cash flow and change in business strategy for usage of IPR. Accordingly, in the year ended 31 December 2011, the Company recorded an impairment charge of 490.8 million.

The aggregate impairment charge of 891.8 million for the year ended 31 December 2011.

Table of Contents

Interest

The Company incurred interest costs of 26.8 million and 47.8 million in 2011 and 2010, respectively. These costs mainly comprise interest on tax assessments and interest on finance lease obligations relating to vehicles acquired by the Company.

Provision for taxation

The Company provided for its tax liability both in India and overseas. The details of provision for taxes are as follows:

(In thousands)

	2011	2010
Provision for tax expense consists of the following:		
Current taxes:		
- Indian	914,072	1,257,624
- Foreign	(250,262)	239,325
- MAT credit entitlement	(222,482)	(709,288)
	441,328	787,661
Deferred tax expense /(credit)		
- Indian	248,254	118,589
- Foreign	25,888	(69,179)
	274,142	49,410
	715,470	837,071

The Statute of limitation period for the March 2008 and March 2007 tax return of the US Branch of the Company expired in December 2011 and December 2010 respectively i.e. on expiry of 3 years from the date of filing which was 15 December 2008 and 15 December 2007. Hence the Company has reversed the provision of 390.0 million.

The Company has recognised MAT credit entitlement of 222.5 million for the year ended December 2011 (2010: 709.3 million) by crediting to the Profit and Loss Account.

Presently, we benefit from the tax holidays given by the Government of India for the export of IT services from specially designated software technology parks (STPs) and special economic zones (SEZs) in India. As a result of these incentives, which include a 10 year tax holiday from Indian corporate income taxes for the operation of most of our Indian facilities, our operations have been subject to relatively low tax liabilities. The tax benefits available for all our STP facilities expired on 31 March 2011. Consequently, our effective Indian tax rate has increased significantly.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Development centers operating in SEZs are entitled to certain income tax incentives of 100% of the export profits for a period of five years, 50% of such profits for the next five years and 50% of the profits for a further period of five years subject to satisfaction of certain capital investments requirements. Our profitability would be adversely affected if we are not able to continue to benefit from these tax incentives. Further, provisions of the Indian Income Tax Act 1961 are amended on an annual basis by enactment of the Finance Act. In addition, we may also be subject to changes in taxation resulting from the actions of applicable income tax authorities in India or from Indian tax laws that may be enacted in the future. For example, we may incur increased tax liability as a result of a determination by applicable income tax authorities that the transfer price applied to transactions involving our subsidiaries and the Company was not appropriate.

Increases in our effective tax rate due to expired tax benefits, changes in applicable tax laws or the actions of applicable income tax or other regulatory authorities could materially reduce our profitability.

The Company recorded net deferred tax expenses of 274.1 million and 49.4 million for 2011 and 2010, respectively.

Net Profit after tax and after prior period items

Net profit was 4,014.6 million and 6,231.7 million in 2011 and 2010, respectively. Net profit as a percentage of total income was 10.8% and 18.3% in 2011 and 2010, respectively. The decline in net profit mainly on account of increase in personnel cost was by 15.4%; selling, general and administration expenses by 20.5%; impairment losses and depreciation by 90.7% (impairment in 2011 891.8 million and in 2010 Nil) and reduction in other income by 27.1%, which is offset by higher sales and service income of 11.9% as compared to 2010.

Development in Human Resources

We employed around 18,000, 17,600 and 14,000 employees as of 31 December 2011, 2010 and 2009, respectively. Out of 18,000 employees, around 17,000 were software professionals as of 31 December 2011. Of these software professionals, around 3,000 employees were categorized as onsite and 14,000 as offshore.

We believe that our ability to maintain and continue our growth depends to a large extent on our strength in attracting, training, motivating and retaining our employees. We operate in eight major cities in India, which enables us to recruit technology professionals from different parts of the country. The key elements of our human resource management strategy include recruitment, training and development, compensation and retention.

Consolidated Financials under Indian GAAP

Auditors Report

To the Board of Directors of
Patni Computer Systems Limited

1. We have audited the attached consolidated balance sheet of Patni Computer Systems Limited, its subsidiaries and a joint venture (collectively referred to as the Group as described in Note 2c of Schedule 19 to the consolidated financial statements) as at 31 December 2011, and also the consolidated profit and loss account and consolidated cash flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Group's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We report that the consolidated financial statements have been prepared by the Group's management in accordance with the requirements of Accounting Standard (AS) 21, Consolidated Financial Statements and AS 27, Financial Reporting of Interests in Joint Ventures notified pursuant to the Companies (Accounting Standards) Rules, 2006 (as amended).
4. In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) in the case of the consolidated balance sheet, of the state of affairs of the Group as at 31 December 2011;
 - (b) in the case of the consolidated profit and loss account, of the profit for the year ended on that date; and
 - (c) in the case of the consolidated cash flow statement, of the cash flows for the year ended on that date.

Notes to the Consolidated Financial Statements

(Amounts in thousands of Indian Rupees)

SCHEDULE 19: Notes to Consolidated Financial Statements

1. Background

Patni Computer Systems Limited (Patni or the Company) is a company incorporated in India under the Indian Companies Act, 1956. In February 2004, Patni completed an initial public offering of its equity shares in India. In December 2005, Patni also completed an initial public offering of American Depository Shares in the United States of America (USA).

Patni together with its subsidiaries (collectively, the Patni Group or the Company) is engaged in IT consulting, software development and Business Process Outsourcing (BPO). The Company provides multiple service offerings to its clients across various industries including banking and insurance; manufacturing, retail and distribution; life sciences; product engineering; communications, media and entertainment; and utilities. The various service offerings include application development and maintenance, enterprise software and systems integration services, business and technology consulting, product engineering services, infrastructure management services, customer interaction and BPO, quality assurance and engineering services.

On 12 May 2011, the Company was acquired by iGATE Corporation (iGATE) through two of its wholly-owned subsidiaries, Pan-Asia iGATE Solutions, (iGATE Mauritius), and iGATE Global Solutions Limited (iGS and, together with iGATE Mauritius, the Purchasers). The acquisition involved acquiring 60,091,202 shares or 45.0% of the outstanding share capital from the promoters of the Company and 22,913,948 shares (inclusive of the American Depository Shares representing 20,161,867 shares) or 17.1% of the outstanding share capital of the Company from General Atlantic Mauritius Limited. Further in accordance with the requirements of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 1997, as amended, and a tender offer pursuant to the U.S. Securities Exchange Act of 1934, as amended, and the rules and regulations of the U.S. Securities and Exchange Commission, the Purchasers also acquired an additional 27,085,565 shares or 20.3% of the outstanding shares of the Company through a mandatory open public offer made on 8 April 2011 to the other shareholders of the Company.

As of 31 December 2011, iGATE Corporation holds 81.9% of outstanding shares.

2. Significant accounting policies

(a) Basis of preparation of consolidated financial statements

The financial statements have been prepared to comply with the Accounting Standards notified by Companies (Accounting Standards) Rules, 2006, (as amended) the provisions of the Companies Act, 1956 and guidelines issued by the Securities and Exchange Board of India (SEBI) in India, under the historical cost convention with the exception of land and buildings of Patni, which have been revalued, on the accrual basis of accounting. The financial statements have been prepared under the historical cost convention on an accrual basis except for certain financial instruments which are measured at fair values. The accounting policies have been consistently applied by the Group and are consistent with those used in the previous year.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(c) Principles of consolidation

These consolidated financial statements relate to Patni Computer Systems Limited and its subsidiaries and a joint venture which are given below:

Subsidiaries of Patni Computer Systems Limited are as follows :-

Sr. No.	Name of the subsidiaries	Country of incorporation	Holding Percentage
1	Patni Americas, Inc.	USA	100%
2	Patni Computer Systems (UK) Limited	UK	100%
3	Patni Computer Systems GmbH	Germany	100%
4	PCS Computer Systems Mexico SA de CV	Mexico	100%
5	Patni (Singapore) Pte Ltd.	Singapore	100%

Table of Contents**Notes to the Consolidated Financial Statements (Contd.)**

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

Step down subsidiaries of Patni Computer Systems Limited as mentioned above are as follows :-

Sr. No.	Name of the subsidiaries	Country of incorporation	Holding Percentage
1	Patni Telecom Solutions Inc.	USA	100%
2	Patni Telecom Solutions Private Limited	India	100%
3	Patni Telecom Solutions (UK) Limited	UK	100%
4	Patni Life Sciences Inc. (Merged with Patni Americas, Inc. with effect from 1 October 2010)	USA	100%
5	Patni Computer Systems Brasil Ltda (Dissolved effective with effect till 2010)	Brazil	100%
6	Patni Computer Systems (Czech) s.r.o.	Czech Republic	100%
7	Patni Computer Systems Japan Inc. (Incorporated effective with effect 3 June 2010)	Japan	100%
8	CHCS Services Inc. (Aquired effective with effect 9 June 2010)	USA	100%
9	Patni Computer Systems (Suzhou) Co., Ltd. (Incorporated effective with effect 18 August 2010)	China	100%
10	Patni Computer Systems Software (Dalian) Limited (Incorporated effective with effect 9 November 2010)	China	100%

Joint venture of Patni Computer Systems Limited as mentioned above are as follows :-

Sr. No.	Name of the subsidiaries	Country of incorporation	Holding Percentage
1	J R Kyushu System Solutions Inc. (Joint venture with effect from 1 July 2010)	Japan	49%

Note : During the current year there is no change in the entities.

These consolidated financial statements are prepared in accordance with the principles and procedures prescribed by Accounting Standard 21- Consolidated Financial Statements (AS-21) and Accounting Standard 27- Financial Reporting of interests in Joint Ventures (AS-27) for the purpose of preparation and presentation of consolidated financial statements.

The financial statements of the Parent Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances/transactions and resulting unrealised profits in full. Unrealised losses resulting from intra-group transactions have also been eliminated unless cost cannot be recovered in full. The amounts shown in respect of accumulated reserves comprises the amount of the relevant reserves as per the balance sheet of the Parent Company and its share in the post acquisition increase/decrease in the relevant reserves/accumulated deficit of its subsidiaries.

Interest in the jointly controlled entity is reported using proportionate consolidation method as prescribed by AS-27.

The financial statements of the entities used for the purpose of consolidation are drawn up to the same reporting date as that of the Company i.e. year ended 31 December 2011.

Consolidated financial statements are prepared using uniform accounting policies across the Group.

Goodwill

The Goodwill has been recorded to the extent that the cost of acquisition, comprising purchase consideration and transactions costs, exceeds the book value of net assets in each acquiree company. The goodwill arising on consolidation is not amortised but tested for impairment on a periodic basis. The Group evaluates the carrying amount of its goodwill whenever events or changes in circumstances indicate that its carrying amount may be impaired.

(d) Fixed assets, intangible assets and depreciation / amortisation

Fixed assets are stated at cost less accumulated depreciation, except for items of land and buildings which were revalued in March 1995. Cost includes inward freight, duties, taxes and incidental expenses related to acquisition and installation of the asset. Depreciation is provided on the Straight Line Method (SLM) based on the estimated useful lives of the assets as determined by the management. For additions and disposals, depreciation is provided pro-rata for the period of use. Lease hold land is amortised over the period of lease.

Table of Contents**Notes to the Consolidated Financial Statements (Contd.)**

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)**(d) Fixed assets, intangible assets and depreciation / amortisation (Contd.)**

With effect from 1 April 2011, the Group has aligned the estimated useful lives of furniture and fixtures and electrical installations with those followed by iGATE Corporation, its ultimate parent Company.

The rates of depreciation based on the estimated useful lives of fixed assets are higher than those prescribed under Schedule XIV to the Companies Act, 1956. The useful lives of fixed assets are stated below :-

Asset	Useful life (in years)
Land	
Buildings	40
Leasehold land	Over the lease term
Leasehold improvements	Over the lease term of the useful life of the assets, whichever is shorter
Computers, computer software and other service equipments	3-5
Electrical installations	5
Office equipments	5
Furniture and fixtures	5
Vehicles	4-5

Fixed assets individually costing upto 5000 are depreciated over a period of 12 months from the date of purchase.

Intangible assets acquired either through a business combination or individually are stated at the consideration paid for acquisition and amortised over their respective individual estimated useful lives in proportion to the economic benefits consumed in each period. Intangible assets comprise others (customer and technology related) and intellectual property rights/marketing related intangible assets and are being amortised over a period of 5-7 years and 7-10 years respectively. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry, and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

(e) Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

(f) Leases

Finance leases, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

(g) Revenue and cost recognition

The Group derives its revenues primarily from software services and BPO services. Revenue from time-and-material contracts is recognized as related services are rendered. The Group's fixed price contracts include application maintenance and support services, on which revenue is recognized rateably over the term of maintenance. Revenue with respect to other fixed price contracts is recognized on a proportional performance method where the price for an entire project is agreed upon for a pre-determined fee before the project starts.

Unbilled revenue represents revenues recognized in excess of amounts billed. These amounts are billed after the milestones specified in the agreement are achieved and the customer acceptance for the same is received. Billings in excess of revenue recognized is disclosed as deferred revenue and is grouped under current liability.

i) Software services

Provision for estimated losses on uncompleted fixed price contracts are made in the year in which such losses are determined.

Table of Contents

Notes to the Consolidated Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

(g) Revenue and cost recognition (Contd.)

i) Software services (Contd.)

The Group grants volume discounts to certain customers, which are computed based on a pre-determined percentage of the total revenues from those customers during a specified period, as per the terms of the contract. These discounts are earned only after the customer has provided a specified cumulative level of revenues in the specified period. The Group reports revenues net of discounts offered to customers.

Revenue on maintenance contracts is recognized rateably over the term of maintenance.

Revenues are shown net of sales tax, value added tax, service tax and applicable volume discounts and allowances.

ii) BPO services

Revenues from BPO Services are derived from both time-based and transaction-priced contracts. Revenue is recognized as the related services are performed, in accordance with the specific terms of the contracts with the customer.

iii) Dividend income

Dividend income is recognized when the Group's right to receive dividend is established. Interest income is recognized on the time proportion basis.

(h) Employee retirement and other benefits

Provident fund

Retirement benefits in the form of Provident Fund is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

Gratuity

Gratuity liability is defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit made at the end of each financial year.

Pension

Certain directors of the Group are entitled to receive pension benefit upon retirement or on termination from employment @ 50% of their last drawn monthly salary. The pension is payable from the time the eligible director reaches the age of sixty-five in respect of Founder directors of Patni India and is payable to the director or the surviving spouse. The liability for pension is actuarially determined by an independent actuary at the end of each financial year using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Others

The Group's liabilities towards compensated absences are determined on the basis of actuarial valuations, as at balance sheet date, carried out by an independent actuary using Projected Unit Credit Method. Actuarial gain and losses comprise experience adjustments and the effects of changes in actuarial assumption and are recognized immediately in the Profit and Loss Account.

(i) Foreign currency transactions

India operations

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Foreign currency denominated monetary assets and monetary liabilities at the year-end are translated at the year-end exchange rate. Exchange rate differences resulting from foreign exchange transactions settled during the year, including year-end translation of monetary assets and liabilities are recognized in the profit and loss account. Non monetary foreign currency items which are carried in terms of historical cost are reported using the exchange rate at the date of transactions.

Hedging

a) Cash flow hedging

The Group uses derivative financial instruments (foreign currency forward and option contracts) to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions.

The use of foreign currency forward contracts and options are governed by the Company's policies, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The Company does not use derivative financial instruments for speculative purposes.

Table of Contents

Notes to the Consolidated Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

(i) Foreign currency transactions (Contd.)

The derivative instruments are initially measured at fair value, and are remeasured at subsequent reporting dates in accordance with recognition and measurement principles of AS-30 Financial Instruments: Recognition and Measurement .

In respect of derivative contracts which are replaced with successive new contracts up to the period in which the forecasted transactions are expected to occur (roll-over hedging), the hedge effectiveness is assessed based on changes in fair value attributable to changes in spot prices, are recorded in hedging reserve account under reserves until the hedged transactions occur and at that time are recognized in the Profit and Loss Account. Accordingly, the changes in the fair value of the contract related to the changes in the difference between the spot price and the forward price i.e. forward premium/discount are excluded from assessment of hedge effectiveness and is recognized in Profit and Loss Account and are included in foreign exchange gain (loss).

In respect of derivative contracts which hedge the foreign currency risk associated with the both anticipated sales transaction and the collection thereof i.e. dual purpose hedges, the hedge effectiveness is assessed based on overall changes in fair value, and the effective portion of gains or losses are included in hedging reserve account under reserves. Effective portion of gain or loss attributable to forecasted sales are reclassified from hedging reserve account under reserves and recognized in profit and loss account when the sales occur. Post the date of sales, the Company reclassifies an amount from hedging reserve account under reserves to earnings to offset foreign currency translation gain/loss recorded for receivable during the period. Further, the Company determines the amount of cost to be ascribed to each period of the hedging relationship based on the functional currency interest rate implicit in the hedging relationship and recognizes this cost by reclassifying from hedging reserve account under reserves to Profit and Loss Account for recognized receivables based on pro rata method.

Hedge accounting is discontinued from the last testing date when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on such hedging instrument recognized in shareholders funds is retained there until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognized in shareholders funds is transferred to Profit and Loss Account for the year.

b) Hedging of monetary assets and liabilities

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The premium or discount arising at the inception of forward exchange contracts and option is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or as expense for the year.

(j) Translation of integral foreign operation

Income and Expenditure other than depreciation costs are translated into the reporting currency at the prevailing exchange rates at the date of the transaction. Foreign currency denominated monetary assets and monetary liabilities at balance sheet date are translated at exchange rates prevailing on the date of the balance sheet. Fixed assets are translated at exchange rates on the date of the transaction and depreciation on fixed assets is translated at the exchange rates used for translation of the underlying fixed assets. Net exchange difference resulting from translation of items, in the financial statements of the foreign branches is recognized in the Profit and Loss Account.

In translating the financial statements of a non-integral foreign operation for incorporation in financial statements, the assets and liabilities, both monetary and non-monetary, of the non-integral foreign operation are translated at the closing rate; income and expense items of the non-integral foreign operation are translated at monthly weighted average rates, which approximate the actual exchange rates; and all resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the net investment.

On the disposal of a non-integral foreign operation, the cumulative amount of the exchange differences which have been deferred and which relate to that operation are recognized as income or as expenses in the same period in which the gain or loss on disposal is recognized.

Pursuant to para 24 of AS-11, the financial statements of the foreign subsidiaries, being non-integral operations, are translated into Indian rupees as follows:

- a) Income and expense items are translated by using an appropriate monthly weighted average exchange rate for the periods.
- b) Assets and liabilities, both monetary and non-monetary, are translated at the closing rate.
- c) All resulting exchange differences are accumulated in a foreign currency translation reserve which is included under Reserves and Surplus, until the disposal of the net investment in the subsidiary.

Table of Contents

Notes to the Consolidated Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

(k) Investments

Trade investments are the investments made to enhance the Company's business interests. Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

(l) Taxation

Tax expense comprises current and deferred tax. Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961 and tax expense relating to overseas operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Deferred tax expense or benefit is recognized on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws.

Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

At each balance sheet date the Company re-assesses recognized and unrecognized deferred tax assets. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which the deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available. The Company recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

(m) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(n) Provisions and contingent liabilities

Warranty costs on sale of services are accrued based on management's estimates and historical data at the time related revenues are recorded.

The Group creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources embodying in economic benefits and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Table of Contents

Notes to the Consolidated Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

2. Significant accounting policies (Contd.)

(n) Provisions and contingent liabilities (Contd.)

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

(o) Employee stock options

The Group determines the compensation cost based on intrinsic value method. The compensation cost is amortised on a straight line basis over the vesting period. Measurement and disclosure of the employee share-based payment plans is done in accordance with SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and the Guidance Note on Accounting for Employee Share-based Payments, issued by the Institute of Chartered Accountants of India.

(p) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less

(q) Interest in joint venture

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Company has a 49% interest in the assets, liabilities, expenses and income of the J R Kyushu System Solutions Inc., incorporated in Japan, which is involved in development of software.

The Company's share of the assets, liabilities, income and expenses of the jointly controlled entity are as follows at 31 December

Liabilities	2011	2010
Reserve and surplus	10,234	874
Secured loans		876
Current liabilities	53,306	15,178
Provisions	53	31

3. Business acquisitions**Acquisition of CHCS**

Effective 9 June 2010, Patni Americas Inc., USA acquired 100% equity interest in CHCS from one of its Insurance customer. CHCS is a Third Party Administrator (TPA) providing services to Insurance companies. The primary purpose for the acquisition is to step into a new line of business as a TPA in the insurance and healthcare sector, to enhance Patni's existing BPO capabilities to deliver end-to-end platform based solution and TPA services to insurance providers' back office transactions. As part of acquisition, Patni obtained an assembled and trained work force of 250 employees. A considerable expenditure for recruiting, selecting and training would be required to replace these employees with individuals of comparable skills and expertise. The value of assembled and trained workforce is not included in purchase price summary but is included with the residual value of goodwill. The terms of the Stock Purchase Agreement provided for payment of cash consideration of

279,660 and an amount equal to the working capital to the selling shareholders. Acquisition-related expenses incurred by the Company amounted to 26,195, which have been recorded under selling, general and administrative expenses. This transaction has been accounted using the purchase method of accounting. The exceed of purchase price of 339,678 over the book value of assets and liabilities aggregating 229,237 has been accounted as goodwill.

Net current assets	60,249
Fixed assets	47,989
Deferred tax assets	2,203
Goodwill	229,237
Total purchase price	339,678

The aggregate goodwill recorded in these consolidated financial statements comprise the following:

	2011	2010
Goodwill		
Patni USA	1,263,767	1,263,767
The Reference Inc	135,174	135,174
Patni Telecom Solutions Inc	2,557,981	2,557,981
Patni Life Sciences Inc	378,699	378,699
Logan-Orviss International Associates BV	261,399	261,399
CHCS Services Inc	229,237	229,237
Effect of foreign currency translation	679,171	11,803
Closing balances	5,505,428	4,838,060

Intellectual Property Rights

During the year ended 31 December 2007, Patni has, through its wholly owned subsidiary, Patni USA, acquired from one of its major customer, the worldwide rights for a software Proprietary Intellectual Property Rights (IPR) that enables communication service providers to offer customer management, retail point-of-sale and billing services for a variety of products and services. Cost of acquisition of the IPR amounting to

811,485 has been capitalised as an intangible asset and is being amortised over a period of ten years. The Group is using this intellectual property for the purposes of software licensing, provision of reusable IP-led IT services, managed services and provision of hosted or software-as-a-service solutions. A royalty of 5% is payable to the seller on such sales.

Due to adverse market conditions, during the year ended 31 December 2009 the Company reviewed the recoverability of the carrying amount of the IPR. Based on management estimate, the expected discounted cash flows from the use of this IPR was lower than the carrying amount and accordingly, an impairment charge of 237,562 for the year ended 31 December 2009 had been recorded and included under depreciation in the consolidated Profit and Loss Account. The new cost basis for this IPR as of 31 December 2010 was 433,187.

As of and during the year ended 31 December 2011, the Management assessed the carrying amount and expected cash flow from this IPR and concluded that the carrying amount of this IPR is not recoverable. Accordingly, the Company recorded an impairment charge of 401,010 for this IPR.

In June 2010, Patni, through its wholly owned subsidiary, Patni UK, acquired from one of its customer, an existing software Intellectual Property Rights (IPR) which is used for education sector management in UK and Ireland. Cost of acquisition

Table of Contents

Notes to the Consolidated Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

3. Business acquisitions (Contd.)

Intellectual property Rights (contd).

of the IPR and marketing rights amounting to 558,032 has been capitalised as an intangible asset and is being amortised over a period of seven years. The Company intends to increase the revenue by sale of licenses in certain geographies along with significant use in horizontals or verticals other than the learning domain.

During the year, the Company evaluated this IPR and concluded that it was impaired as a result of substantial decline in expected cash flow and change in business strategy for usage of IPR. Accordingly, in the year ended 31 December 2011, the Company recorded an impairment charge of 490,834 .

The aggregate impairment charge of 891,844 for the year ended 31 December 2011.

4 Segmental information

The Group's operations relate to providing IT services and solutions, delivered to customers operating in various industry segments. Accordingly, during predecessor period revenues represented along industry classes comprised the principal basis of segmental information set out in these consolidated financial statements. Secondary segmental reporting was performed on the basis of the geographical location of the customers. Consequent to iGATE acquiring majority ownership in the Company, there has been change in operational and management structure of the Company. With this change, the board of directors and Chief Executive Officer of the Company review the performance of the Company as one primary segment as IT and IT-enabled operations solutions and services. Secondary segmental reporting continues to be performed on the basis of the geographical segmentation since Company operates in various countries. The Company has assessed and concluded in that it operates in a single operating segment of IT and IT-enabled operations solutions and services considering similar risk and return for various types of services provided by the Company. The Company allocates resources in terms of employees and infrastructures based on the requirement of each project and are used interchangeably between various services.

Patni's geographic segmentation is based on location of customers and comprises United States of America (USA), Europe, Japan, India and Others. Revenue in relation to geographic segments is categorised based on the location of the specific customer entity for which services are

Edgar Filing: Patni Computer Systems LTD - Form 6-K

performed irrespective of the customer entity that is billed for the services and whether the services are delivered onsite or offshore. Categorisation of customer related assets in relation to geographic segments is based on the location of the specific customer entity which is billed for the services.

Significant portions of assets other than customer related assets are located in India except for goodwill which is significantly located in USA. The majority of additions to fixed assets are in India.

Geographic segments

As at 31 December 2011 and for the year then ended

Particulars	USA	Europe	Japan	India	Others	Total

6. Leases**Finance lease:**

The Group has acquired certain vehicles under finance lease for a non-cancellable period of 4 to 5 years. At the inception of the lease, fair value of such vehicles has been recorded as an asset under gross block of vehicles with a corresponding lease obligation recorded under secured loans. There is no escalation clause in the lease agreement. There are no restriction imposed by lease arrangements. Fixed assets include the following amounts in relation to the above leased assets:

As at	31 December 2011	31 December 2010
Gross block of vehicles	22,512	18,524
Less: Accumulated depreciation	9,625	8,805
Net block	12,887	9,719

Total minimum lease payments and maturity profile of finance leases at the balance sheet date, the element of interest included in such payments, and the present value of the minimum lease payments as of 31 December 2011 are as follows:

Particulars	Total minimum lease payments outstanding	Interest included in minimum lease payments	Present value of minimum lease payments
31 December 2011			
No later than one year	5,241	1,411	3,830
Later than one year and not later than five years	9,660	1,479	8,181
Totals	14,901	2,890	12,011
31 December 2010			
No later than one year	4,699	818	3,881
Later than one year and not later than five years	7,696	928	6,768
Total	12,395	1,746	10,649

Operating lease:

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Group has taken certain office spaces and accommodation for its employees under operating lease agreements, which expires at various dates through year 2018. Some of the lease agreement have a price escalation clause. The lease rental expense recognized in the profit and loss account for the year is 437,295 (2010 : 485,607). The escalation amount for non-cancellable operating lease payable in future years and accounted for by the Company is 7,589. There are no subleases. Future minimum lease payments and the payment profile of non-cancellable operating leases are as follows:

Particulars	31 December 2011	31 December 2010
No later than one year	140,330	120,133
Later than one year and not later than five years	214,370	280,626
	354,700	400,759

7. Taxes

	31 December 2011	31 December 2010
a) Provision for tax expense consists of the following:		
Current taxes		
- Indian (refer Note c)	914,072	1,257,624
- Foreign	(250,262)	239,325
- MAT credit entitlement	(222,482)	(709,288)
	441,328	787,661
Deferred tax expense/(credit)		
- Indian	248,254	118,589
- Foreign	25,888	(69,179)
	274,142	49,410
	715,470	837,071

Table of Contents**Notes to the Consolidated Financial Statements (Contd.)**

(Amounts in thousands of Indian Rupees)

7. Taxes (Contd.)

	31 December 2011	31 December 2010
b) The significant components of deferred tax asset and liability consists of the following:		
Deferred tax assets		
Provision for retirement benefits	498,495	378,386
Provision for bad and doubtful debts	24,874	20,882
Deferred revenue, net	38,970	17,297
Intangible assets	318,588	120,049
Unbilled revenue	49,716	23,871
Accrued expenses	72,653	153,479
Carry forward loss	3	69,128
Unrealised loss on derivatives	239,350	58,298
Employee stock compensation costs	9,055	41,529
Depreciation	(93,294)	(169,425)
Others	(23,023)	(18,429)
Deferred tax assets, net	1,135,387	695,065
Deferred tax liabilities		
US branch profit taxes	(147,070)	(68,372)
Others	28,961	37,126
Deferred tax liabilities, net	(118,109)	(31,246)

- c) The Statute of limitation period for the March 2008 and March 2007 tax return of the US Branch of the Company expired in December 2011 and December 2010 respectively i.e. on expiry of 3 years from the date of filing which was 15 December 2008 and 15 December 2007. Hence the Company has reversed the provision for that year on account of taxes and interest. Accordingly the following amounts have been included in the Income Statement for the year ended 31 December 2011 and 2010.

	31 December 2011	31 December 2010
Reversal of interest expense*	(43,341)	(47,572)
Decrease in income taxes -current	(354,501)	(301,064)
Increase in income taxes -deferred	7,883	19,145
Total	(389,959)	(329,491)

* Included in Other Income

8. Commitment and contingent liabilities

Edgar Filing: Patni Computer Systems LTD - Form 6-K

		31 December 2011	31 December 2010
i)	Capital and other commitments		
a)	Capital commitments Estimated amount of unexecuted Estimated amount of unexecuted capital contracts (net of advances)	134,575	2,434,693
b)	Outstanding letter of credit	4,404	
		138,979	2,434,693
ii)	Contingent Liabilities		
a)	Disputed Income Tax	5,395,507	3,745,312
b)	Outstanding bank guarantees	49,333	176,534
		5,444,840	3,921,846

Estimated amount of contracts remaining to be executed on capital account and not provided for includes cases wherein purchase orders have been released and work has either not commenced or has been partially completed.

Table of Contents

Notes to the Consolidated Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

8. Commitment and contingent liabilities (Contd.)

The Company has received the Income Tax Demand orders, amounting to 5,395,509 for the relevant Assessment Years (A.Y) 2002-03, 2003-04, 2004-05, 2005-06, 2006-07, 2007-08. The assessment orders demand is raised mainly on account of disallowance of certain 10A benefits and transfer pricing adjustment on account of interest on delayed recoveries from Associated Enterprises and BPO operation. Although the Company has paid certain amounts related to these demands pending various levels of appeals, management considers these disallowances as not tenable against the Company, and therefore no provision for this tax contingency has been established.

In December 2011, the income tax department has issued the draft assessment order for A.Y 2008-09 disallowing the tax benefits under Section 10A of the Act as per the earlier assessments, as well as making a transfer pricing adjustment for delayed recoveries from the Associated Enterprises. The Company has filed the objections against the draft order before the Dispute Resolution Panel newly set up under the Income Tax Act. Management considers these disallowances as not tenable against the Company, and therefore no provision for this tax contingency has been established.

The Company is involved in lawsuits and claims which arise in ordinary course of business. Management believes that the ultimate outcome of these matters will not have a material adverse impact on its financial position, results of operations and cash flows.

9. Derivative Financial Instruments and Hedge Accounting

Foreign currency forward and option contracts

The Group is exposed to foreign currency fluctuations on foreign currency assets/liabilities, forecasted cash flows denominated in foreign currency. The use of derivatives to hedge foreign currency forecasted cash flows is governed by the Company's strategy, which provides principles on the use of such forward contracts and currency options consistent with the Company's Risk Management Policy. The counter party in these derivative instruments are banks and the Company considers the risks of non-performance by the counter party as non-material. A majority of the forward foreign exchange/option contracts mature between one to seventeen months and the forecasted transactions are expected to occur during the same period. The Company does not use forward contracts and currency options for speculative purposes.

The following table presents the aggregate contracts principle amounts of the Group's derivative contracts outstanding :

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Sell Covers	31 December	31 December
	2011	2010
	INR equivalent	INR equivalent
USD/INR	18,112,031	13,826,828
JPY/USD	51,421	274,806

	19,374,502	14,707,116

Options	31 December	31 December
	2011	2010
Range Forward		
USD/INR	265,300	223,500
	265,300	223,500

The following table summarises activity in the hedging reserve related to all derivative financial instruments classified as cash flow hedges during the years ended 31 December 2011 and 31 December 2010:

Particulars	31 December	31 December
	2011	2010
(Loss)/gain as at the beginning of the year	(36,132)	77,008
Unrealised gain on cash flow hedging derivatives during the year	716,736	377,621
Net income reclassified into profit and account on occurrence of hedged transactions	1,093,265	(490,761)
Gain/(loss) as at the end of the year (refer Note 1 and 2 below)	1,773,869	(36,132)

As of the balance sheet date, the Company's net foreign currency exposure that is not hedged is 29,780 (2010 : 42,604).

Notes:

- Balance as at year end is inclusive of deferred tax liability of 510,001 (2010 : 10,996).
- At 31 December 2011, the estimated net amount of existing loss that is expected to be reclassified into the profit and loss account within the next twelve months is 1,774,862 (previous year loss of: 295,732).

(Amounts in thousands of Indian Rupees)

10. Employee stock compensation plans

On 30 June 2003 Patni established the Patni ESOP 2003 plan (the plan). Under the plan, the Company is authorised to issue up to 11,142,085 equity shares to eligible employees. Employees covered by the Plan are granted an option, which may be based on service or performance criteria, to purchase shares of the Company subject to the requirements of vesting. The options vest in a graded manner from one year to four years and expire at the end of five years from the date of vesting. The Stock based compensation expense is recognized over the vesting term of each separately vesting portion of an award (accelerated amortisation method). A compensation committee constituted by the Board of Directors of the Company administers the plan. The plan has been amended to enable the Company to issue up to 2,000,000 ADR linked options (wherein one ADR linked option is equal to two equity shares of the Company) to the employees of the Company as well as its subsidiaries. Accordingly, Patni ESOP 2003- Revised 2009 has come into force with effect from 21 June 2006. The same has been approved by shareholders in its meeting held on 30 June 2003.

In June 2009, the shareholders authorised the Company to issue upto an additional 8,000,000 equity shares to eligible employees under the 2003 ESOP Plan (hereinafter referred to as the ESOP Plan).

The exercise price of the grant approximated the fair value of the underlying equity shares at the date of the grant, except in the case of restricted stock units, where in the exercise price for the grants offered to employees is at face value of the share price.

Stock options* activity under the plan is as follows:

	Shares arising out of options	Range of exercise prices	Year ended 31 December 2011 Weighted Average Exercise Price	Weighted average remaining contractual life (months)
Outstanding at the beginning of the year	2,315,895	2	2	59

10. Employee stock compensation plans (Contd.)

Patni uses the intrinsic value method of accounting for its employee stock options. Patni has therefore adopted the pro-forma disclosure provisions as required by the Guidance Note on Accounting for Employee Share-based payments issued by the ICAI with effect from 1 April 2005. Had the compensation cost been determined in a manner consistent with the fair value approach described in the aforesaid Guidance Note, Patni's net profit and EPS as reported would have been adjusted to the pro-forma amounts indicated below:

Particulars	31 December 2011	31 December 2010
Profit for the year after taxation as reported	4,014,571	6,231,715
Add : Stock based employee compensation determined under the intrinsic value method	249,067	345,254
Less : Stock based employee compensation determined under the fair value method	227,004	403,206
Proforma profit	4,036,634	6,173,763
Reported earnings per equity share of ₹ 2 each		
- Basic	30.07	47.90
- Diluted	29.58	46.44
Pro-forma earnings per equity share of ₹ 2 each		
- Basic	30.23	47.45
- Diluted	29.75	46.01

The stock based compensation disclosed above is with respect to all stock options granted on or after 1 April 2005.

The fair value of each stock option is estimated on the date of the grant using the Black-Scholes option pricing model with the following assumptions for equity linked options.

	31 December 2011	31 December 2010
Dividend yield	0.67%	0.60% - 1.06%
Weighted average dividend yield	0.67%	0.68%
Expected life	3.5 - 5.5 years	3.5 - 6.5 years
Risk free interest rates	8.29% - 8.37%	6.81% - 7.96%
Volatility	38.47% - 39.13%	37.69% - 42.84%
Weighted Average Volatility	38.84%	41.85%

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The fair value of each stock option is estimated on the date of the grant using the Black-Scholes option pricing model with the following assumptions for ADR Linked Options:

	31 December 2011	31 December 2010
Dividend yield	0.68%	0.60% - 1.06%
Weighted average dividend yield	0.68%	0.64%
Expected life	3.5 - 5.5 years	1.0 - 6.5 years
Risk free interest rates	0.58% - 1.15%	0.48% - 2.93%
Volatility	38.27% - 40.64%	30.54% - 46.33%
Weighted average volatility	39.71%	32.14%

The expected volatility was determined based on historical volatility data.

The compensation expense for RSU s granted is accounted as per Intrinsic value method and shown under the head personnel cost as stated below:

	31 December 2011	31 December 2010
Personnel cost	249,067	345,254

B. Defined Benefit Plans**(i) Gratuity Benefits**

Edgar Filing: Patni Computer Systems LTD - Form 6-K

In accordance with the Payment of Gratuity Act, 1972, Patni provides for gratuity, a defined retirement plan covering all employees. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's defined portion of last salary and the years of employment with the Company.

Patni contributes each year to a gratuity fund based upon actuarial valuations performed by an actuary. The fund is administered by Patni through a trust set up for the purpose. All assets of the plan are owned by the Trust and comprise of approved debts and other securities and deposits with banks.

(ii) Pension Benefits

Two former founder directors of Patni India are entitled to receive pension benefits upon retirement or on termination from employment at the rate of 50% of their last drawn monthly salary. The pension is payable from the time the eligible individual reaches the age of 65 years in respect and is payable to the respective individuals or the surviving spouse.

Table of Contents

Notes to the Consolidated Financial Statements (Contd.)

(Amounts in thousands of Indian Rupees)

13. Employee Benefit Plans (Contd.)

In 2011, the Company settled the pension liability for one of the founder directors by purchasing non-participating annuity contract. The funding discharges the Company of all future pension obligations to this individual.

For the other founder director, the payment of pension will start when he reaches the age of 65. The Company has invested in a plan with Life Insurance Corporation of India which will mature at the time the founder director will reach the age of 65. Since the Company is obligated to fund the shortfall, if any, between annuity payable and the value of plan asset, the pension liability is actuarially valued at each balance sheet date.

With regard to former founder directors' pension plans, the following table sets forth the plans' funded status and amounts recognized in the Company's consolidated balance sheet.

Pension Benefits - Indian Directors

Amount to be recognized in Balance Sheet

	31 December 2011	31 December 2010

14. Delisting process

On 16 November 2011, Pan Asia and iGATE Global, subsidiaries of the Company, announced that they were initiating the process of voluntarily delisting the equity shares of Patni from the Indian Stock Exchanges namely, the National Stock Exchange of India Limited (NSE) and the Bombay Stock Exchange Limited (BSE), and the American Depository Shares (ADSs) from the New York Stock Exchange(NYSE), by way of postal ballot pursuant to the provisions of Section 192A (2) of the Companies Act, 1956 read with the Companies (Passing of the Resolutions by Postal Ballot) Rules, 2011.

The Postal Ballot closed at 5:00 p.m IST on 6 January 2012 and the Special Resolution contained in the Postal Ballot Notice dated 5 December 2011 was duly passed by the requisite majority as required under Section 189(2) of the Companies Act, 1956, Regulation 8(1) (b) of the Securities and Exchange Board of India (SEBI) (Delisting of Equity Shares) Regulations, 2009 (Delisting Regulations) as well as the applicable rules of the NYSE and the U.S. Securities and Exchange Commission (SEC) and the U. S. Securities Exchange Act of 1934, all as amended from time to time.

The delisting offer (the Delisting Offer) involves a price discovery mechanism, which is known in India as a Reverse Book Building Process. The offer price (the Offer Price) (i.e., the price at which the Shares of the Public Shareholders are to be purchased pursuant to the Delisting Offer) is determined after establishment of a statutorily prescribed floor price, which is determined in accordance with Delisting Regulations. Accordingly, the floor price for the Delisting Offer of 356.74 per share was determined.

Pan Asia and iGATE Global may make a public announcement of a delisting offer in accordance with the Indian delisting regulations within a period of one year from the date of the above-mentioned shareholder approval.

If the delisting is successful and all the shares of Common Stock are tendered, iGATE's beneficial ownership in Patni is expected to increase from approximately 80.38% to 100%. Upon delisting being successful, public trading of the Patni shares of Common Stock on the BSE and the NSE and ADSs on the NYSE will cease. The promoters also will seek to cause the Common Stock of Patni to be deregistered under the Exchange Act.

As the sole shareholder of Patni, iGATE will receive the benefit of the right to participate in any and all future increases in Patni's value and will bear the complete risk of any and all losses incurred in the operation of Patni and any decreases in Patni's value.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Upon completion of the delisting, Patni's public shareholders who tender their shares of Common Stock will not bear the risks of potential decreases in the value of their holdings in Patni based on any downturns in Patni's future performance. Under the delisting, Patni's public shareholders will receive a single cash price for their shares of Common Stock (including those represented by ADSs which are converted into Common Stock).

15. Prior year comparatives

Previous years figures have been appropriately reclassified / regrouped to conform to the current year's presentation. The figures of previous year were audited by a firm of Chartered Accountants other than S.R. Batliboi & Associates.

Risk Management

This section on Risk Management discusses the various aspects of Risk Management Framework existing in the Company. Readers are cautioned that the risk related information outlined here is not exhaustive and is for information purposes only. Readers are advised to exercise their own judgment in assessing the risk associated with the Company and refer to the risk in the Company's previous annual reports and filings with the Stock Exchanges in India and the Security and Exchange Commission in U.S.

Framework

The Company has adopted a risk management framework that enables continuous identification, assessment, monitoring and management of the organization's risks. The Audit Committee of the Board monitors the risk management framework and provides direction to the management. The mitigation plan is designed based on management's response to the assessed risks. The risk framework seeks to address the following key risks.

Business Risks

Being the driver of the Company's strategy, the top management is acquainted with the risks inherent to the software development business and the risks emerging from its strategic decisions. Top management plays a significant role in addressing business risks. These risks can be classified as follows:

Client Concentration

A significant proportion of the Company's revenues are derived from a limited number of customers in a few selected industries. In 2009, 2010 and 2011 our top ten clients accounted for 49.7%, 48.8% and 46.0% of our revenues, respectively. Revenues from clients in top 10 grew by 2% whereas outside the top 10 grew by 14.1% in 2011 as compared to 2010. The Company is making conscious efforts to diversify its customer base, thereby reducing the share of business with few limited customers.

Country Concentration

The Company primarily derives its revenues from the U.S & Europe geographies. Our U.S. based revenues grew by 5.4% whereas revenues from Europe grew by 30% in 2011. With slowdown in the global economy, technology spending by clients may be reduced or postponed. This may negatively impact the Company's business. The Company continues to focus on market expansion in Europe, Japan, Asia-Pacific and other regions. The following is the geography-wise break-up of revenues:

Scanning the Competitive Environment

The Company operates in a highly competitive environment. It faces competition from Indian IT service companies, multinational IT service companies, in-house IT departments, consulting firms, offshore service providers in countries with

Table of Contents

low wage costs such as China, Philippines, countries in Eastern Europe and Latin America; and involvement of third party intermediaries who negotiate IT services and outsourcing contracts on behalf of their clients. The Company has expanded in recent times its service offerings and industry expertise and broadened its geographic presence.

The Company strives to provide customers with superior solutions, by continuously developing technology intensive and innovative solutions. We believe innovation should be institutionalized so as to ensure our ability to help clients meet emerging challenges. We have a Research and Innovation group involved in our research and development activity initiatives, which also provides analysis on the trends in client requirements and evolving needs.

Business Models and Structure

The Company offers a wide spectrum of services in several industry and technology practices. The Company is continuously working towards enhancing the number of industry segments and service lines to manage revenue concentration and excessive dependence on any one industry practice, technology practice or service lines. The Company has a dedicated enterprise risk management team that focuses on project delivery risks. It identifies the critical projects and monitors the delivery risks faced in relation to such projects.

Accounts Receivable

The Company's business is spread across various geographies governed by local laws in which they are incorporated and operate. The Company acquires several new customers each year for which it undertakes suitable credit assessments to secure itself from credit defaults and bad debts on account of such customers.

Integration Risk

Integration of our operations with that of iGATE posed certain challenges primarily covering aspects like cultures of both the organizations, retention of key executives, increase in attrition rate, retention of customer base, and other related integration concerns. Recognizing the importance of Integration as one of the pre-requisites for success of Patni's acquisition by iGATE, leaders of both companies came together to drive the integration process. An Integration Steering Committee and an Integration Management Office was formed and six tracks were identified as key integration areas. With adequate attention to culture aspects as well, the organization achieved objectives set for it to function as a seamless entity.

Existence and Adequacy of Internal Controls

The Company has a well defined internal control system that is adequate and commensurate with the size and nature of its business. Clear roles, responsibilities and authorities, coupled with robust internal information systems, ensure appropriate information flow to facilitate effective monitoring. Adequate controls are established to ensure that assets of the Company are safeguarded and transactions are executed in accordance

Edgar Filing: Patni Computer Systems LTD - Form 6-K

with documented policies. Compliance with the above policies is monitored through regular internal audits of processes as well as underlying transactions. The Company has a Corporate Risk Management team that focuses on internal controls and internal audits, besides engaging independent audit firms as internal auditors. The Audit Committee approves Annual Internal Audit Plan and periodically reviews their reports and recommendations. Action plans are agreed with the process owners to facilitate proper implementation of the recommendations.

Risks Emerging from Nature of Financial Operations

Foreign Exchange Fluctuations

The Company earns revenues in various currencies, with revenues in US dollars comprising the bulk, whereas a significant part of costs is in Indian Rupee. This exposes the Company to risks arising out of fluctuations in the foreign exchange rates, especially in case of USD-INR. The Company seeks to reduce effect of such risks by using hedging instruments such as currency forwards and options. The treasury team focuses on mitigating foreign exchange fluctuation risks in accordance with the Forex policy framed by the Audit Committee in this regard.

Liquidity Management

The Company's cash reserves and liquid assets are managed through a dedicated treasury department. The investible surpluses are deployed in debt oriented investment avenues such as cash, liquid or short term debt funds, short tenure certificate of deposits etc. The company also invests in fixed maturity plans of various tenors. These investments are governed by prudential norms and Investment Policy framed by the Audit Committee in this regard. The Company is a nearly zero-debt Company except for a small exposure towards car lease.

Legal and Regulatory Risks

Conformity with Local Laws and Regulation

The Company has trans-national operations, with a global workforce. This requires it to ensure that its diverse workforce is sensitive to and compliant with local laws. The Company has processes to make the workforce aware of local employment laws and significant legal requirements pertaining to work practices.

The Company has issued ADRs in the US and is listed on the New York Stock Exchange since December 2005. The Company is exposed to regulatory requirements in the U.S. The Company engages consultants and legal firms at different locations where it has its operations for advice on various regulatory requirements.

Taxation

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Company has trans-national operations. The Company operates in various geographies and is exposed to international tax laws including various elements of payroll taxes in such geographies. The Company is suitably represented by competent tax experts in such geographies where it has its

Table of Contents

operations. The Company takes a proactive approach and engages experts and consultants before the operations are set-up, so as to be compliant from initial stages itself.

Business, Property and People Insurance

The Directors and Officers of the Company are exposed to risk arising out of their commitments, statements and decisions on behalf of the Company. The Company's operation necessitates geographical spread of its Property and People. The Company has taken suitable insurance covers in respective geographies to ensure and mitigate such risks.

Contracts

Contractual risks may arise out of non-performance of contracts or any other breach in the contracts signed by the Company with its customers or other external entities. The Company has a centralized contract management cell that reviews contracts with the Company's customers, key suppliers, business partners and associates. Suitable insurance covers including Errors & Omission and Commercial & General Liability have also been obtained.

Intellectual Property

The Company has developed a comprehensive approach to protect itself against infringement of Intellectual Property (IP). The IP may belong to its customers, third parties or even to the Company. Processes are in place to protect the Company's IP from misuse by third parties. At the same time, the Company has controls in place to ensure that it is not exposed to risks associated with the misuse of IP or technology products owned by third parties. The Company ensures that only licensed software is used in all its facilities. Further, the Contracts cell ensures that IP related issues are given due consideration while executing agreements with customers or third parties.

Conducive Environment for Employee Retention and Development

The Company operates in a sector where human resources are the most critical resources and the attrition rates are high. It therefore faces the challenge of attracting and retaining professional and skilled talent to be able to continuously deliver a superior quality of service. The Company endeavors to attract and retain the best professional talent, by creating a professional work culture, by offering growth opportunities and by exposing employees to new technologies through on-going training programmes.

Technology Obsolescence, Business Continuity and Disaster Recovery Planning

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Company could face challenges with its existing infrastructure such as unavailability of internet, voice and international links, power failures, network systems failures, etc. which could adversely impact the delivery of services. To overcome these challenges, each development centre is connected to the national backbone built with high speed multiple data links from multiple vendors. The national backbone is designed with state-of-the-art technologies and protocols. The Company has several links to US & UK Data Centers, using different routes provided by multiple service providers. Redundancy in air-conditioning equipment, UPS, generators, power supply, LAN & WAN equipment, links and 24x7 tracking & monitoring of IT infrastructure ensures that standby mechanisms take over immediately whenever any critical system breaks down. For mission critical systems and applications, the Company is using high end blade and cluster servers with built-in high availability and redundancy. Company has also deployed Virtualization technology to get advantage of better utilization of IT assets and efficient recovery of servers and applications. The Company has deployed multi tier security mechanism to protect Company's IT infrastructure from malicious users. Multi-tier clustered firewalls and intrusion prevention and/or detection systems are in place at all internet gateways to ensure adequate safety to all the Company's systems and to prevent hacking.

The Company has a Disaster Recovery and Business Continuity Practice (DR/BCP) for all its operations. Periodic reviews are carried out to ensure that all the DR/BCP compliance requirements are met. The security audit and architecture organization was strengthened with adoption of the ISO 27001 standard for information security to further enhance the security processes. The Company has ensured un-interrupted power supply to all its development and data centers by deploying adequate redundant power sources to take care of power outages. The Company has deployed technologies like Storage Area Network (SAN) to ensure high availability of its own data.

Special Business:

2. A MEMBER ENTITLED TO ATTEND AND VOTE IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE INSTEAD OF

Edgar Filing: Patni Computer Systems LTD - Form 6-K

5. Appointment of Branch Auditors

HIMSELF AND THE PROXY NEED NOT BE A MEMBER.

To consider and if thought fit, to pass with or without modification(s), the following resolution as an Ordinary Resolution:

The Instrument appointing a Proxy, to be effective, must be duly filled, stamped and signed and must reach the Company's Registered Office not less than 48 hours before the commencement of the Meeting.

RESOLVED THAT pursuant to the provisions of sub-section 3 of Section 228 and other applicable provisions, if any, of the Companies Act, 1956, the Board of Directors be and is hereby authorized to re-appoint M/s. Revideco AB, Authorized Public Accountants, as Sweden Branch Auditors to hold office from the conclusion of this Meeting to the conclusion of the next Annual General Meeting and to fix their remuneration for auditing the accounts of the Company's branch office at Sweden for the year ended 31 December 2012.

3. The Register of Members and the Share Transfer Books of the Company will be closed from 3 April 2012 to 10 April 2012 (both days inclusive) for the purpose of ensuing Annual General Meeting.

All correspondence regarding shares of the Company should be addressed to the Company's Registrar and Share Transfer Agent (R & T Agent), Karvy Computershare Private Limited, (Unit: Patni Computer Systems Limited) at Plot No.17-24, Vittal Rao Nagar, Madhapur, Hyderabad - 500 081.

RESOLVED FURTHER THAT pursuant to the provisions of Section 228 of the Companies Act 1956 and other applicable provisions, if any, the Board of Directors of the Company be and is hereby authorized to appoint from time to time, in consultation with the Company's Auditors, any person qualified to act as the Branch Auditor(s) of the Company within the provisions of Section 228 of the Companies Act, 1956, to carry out the audit of the accounts of the branch office(s) which may be opened hereinafter in India or abroad and to fix the remuneration of such Branch Auditors.

4. Members may avail of the facility for making nominations by nominating, in the prescribed form, a person to whom Member's shares in the Company shall vest in the event of Member's death. Interested Members may write to the Company / R & T Agent for the prescribed form.

6. Payment of remuneration made to non-executive directors during the year 2008

5. Members who wish to claim Dividends, which remain unclaimed, are requested to approach the Company / the Company's Registrar and Share Transfer Agent, Karvy Computershare Private Limited, (Unit: Patni Computer Systems Limited) at Plot No.17-24, Vittal Rao Nagar, Madhapur, Hyderabad - 500 081. Members are requested to note that dividends not encashed or claimed within seven years from the date of transfer to the Company's Unpaid Dividend Account, will, as per Section 205A of the Companies Act, 1956, be transferred to the Investor Education and Protection Fund(IEPF). Members who have not yet encashed their dividend warrant(s) for the financial year ended 31 December 2004 are requested to make their claims without any delay. It may be noted that the unclaimed dividend for the said financial year will be transferred to IEPF in July 2012.

To consider and if thought fit, to pass with or without modification(s), the following resolution as an Ordinary Resolution:

RESOLVED THAT subject to the approval of the Central Government pursuant to sub-section 5B of section 309 and other applicable provisions of the Companies Act, 1956 (the Act), if any, the consent of the Members of the Company be and is hereby accorded for waiver from recovery of remuneration of ₹ 19,550,636 each already paid/provision made towards the pension liability of Mr. Gajendra K Patni and Mr. Ashok K Patni, Ex-non executive directors, exceeding the limits prescribed under section 309 of the Act, during the year 2008 in accordance to the terms of their respective employment agreements.

6. Queries, if any, on Accounts and Operations of the Company, may please be sent to the Company's Mumbai Office mentioned above seven days in advance of the Meeting so that the answers may be made available at the Meeting.

7. Members are requested to bring their personal copy of the Annual Report to the Meeting.

8. The Ministry of Corporate Affairs has taken a green initiative by permitting companies to send various documents like notices, annual

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Table of Contents

reports including annual accounts etc. to its Members through electronic mode. Keeping in spirit with the said initiative, we request you to register/update your email addresses with your respective Depository Participants in case of shares held in dematerialized form and with R & T Agent - M/s Karvy Computershare Private Limited in case of shares held in physical form. Your Company supports this green initiative and proposes to send all permitted communications electronically to the preferred email addresses of the Members.

provided towards pension payment of Mr. Gajendra K Patni and Mr. Ashok K Patni, Ex-non Executive Directors of the Company during the financial year 2008 as mentioned herein which was in excess of the limits prescribed under section 309 of the Act.

Accordingly, it is proposed to seek the approval of the Members as per the resolution proposed.

EXPLANATORY STATEMENT

The Board recommends the resolution for your approval.

Pursuant to Section 173(2) of the Companies Act, 1956

None of the Directors of the Company are concerned or interested in the resolution.

The following Explanatory Statement sets out all material facts relating to Item Nos. 5 & 6 of the accompanying Notice of the Annual General Meeting to be held on 10 April 2012.

For Patni Computer Systems Limited

Item No. 5

Arun Kanakal

Vice President & Company Secretary

The Company has a branch office in Sweden. The Company had appointed M/s. Revideco AB, Authorized Public Accountants, as Auditors of the Sweden Branch as per requirements of Swedish law, until the conclusion of this Annual General Meeting. It is proposed to re-appoint them as the Auditors for Sweden Branch. M/s. Revideco AB have confirmed their willingness to act as the Auditors, if appointed.

25 January 2012

ANNEXURE TO ITEM NOS. 2 & 3

Pursuant to provisions of Section 228 (3) of the Companies Act, 1956, the Members of the Company in a general meeting can appoint a person having the requisite qualification (other than its statutory auditor) for audit of accounts of the branch office of the Company or alternatively can authorise the Board of Directors of the Company for making such appointment in consultation with the Company's Auditors.

Details of Directors seeking re-appointment at the Annual General Meeting

In view of these provisions, the approval of the Members is also being sought for authorizing the Board of Directors to appoint Branch Auditors of the Company from time to time for the branch office(s) of the Company which may be opened hereafter in India or abroad, and also to fix their remuneration.

Mr. Shashank Singh, aged 35 years (DoB: 3 June 1976), has been a Director of the Company since February 2011. Mr. Singh has an MBA from Harvard Business School, from which he graduated as a Baker Scholar. He also has a first class degree in economics from Cambridge University, and a BA (Honours) with distinction from St. Stephen's College (University of Delhi).

Accordingly, it is proposed to seek the approval of the members as per the resolution proposed.

Mr. Singh is the Partner and Co-Head of the India office of Apax Partners, having helped to start the office in 2007. Shashank joined Apax in 2004 in London, where he specialised in Tech & Telecom deals. Shashank has led or participated in a number of deals at Apax including iGATE Patni, TIM Hellas/Q-Telecom, Weather Investments, TDC, Bezeq and Synetrix. Prior to

Edgar Filing: Patni Computer Systems LTD - Form 6-K

The Board recommends the resolution for your approval.

None of the Directors of the Company are concerned or interested in the resolution.

Item No. 6

Mr. Gajendra K Patni and Mr. Ashok K Patni, were Executive Directors of the Company till October 2007 who were paid remuneration as per their respective terms of appointment which were also approved by the shareholders of the Company at the 28th Annual General Meeting held on 21 June 2006. It may be noted that one of the terms of the appointment of Mr. Gajendra K Patni and Mr. Ashok K Patni included the payment of pension.

Accordingly, when they ceased to be Executive Directors in October 2007, a total provision for a pension of 39,101,272 was made in accounts as per the terms of their appointments. The total remuneration to non-executive directors in the year ended 2008, including the abovementioned provision for pension was 73,067,620 (excluding sitting fees of 940,000) which was 1.94% of the profits under section 198 of the Companies Act, 1956 (the Act) and was in excess of the limits prescribed under section 309 of the Act. However, these payments were made as per their terms of appointments which were earlier approved by the Members of the Company. Please also note that both Mr. Gajendra K Patni and Mr. Ashok K Patni were ceased to be directors of the Company w.e.f. 8 February 2011 and 12 May 2011 respectively.

In view of the above, the Company proposes to make an application to the Central Government to seek the waiver of recovery of excess remuneration provided for Mr. Gajendra K Patni and Mr. Ashok K Patni during the year 2008.

The Board of Directors of the Company at its meeting held on 25 January 2012 has, subject to the approval of the Members of the Company and the Central Government under section 309 (5B) of the Act and any other applicable provisions, accorded its consent for waiver from recovery of excess amount as described herein above which were already paid/

joining Apax Partners, Mr. Singh was a strategy consultant with Monitor Company, where he advised clients in the telecoms and high technology sectors. He also acts as an observer on the Board of iGATE Corporation.

Mr. Singh is not a relative of any of the Directors of the Company.

Mr. Singh is the Chairman of the Shareholders / Investors Grievance Committee of the Company.

As on date, Mr. Singh neither holds any shares in the Company nor has any options granted to him under Company's Stock Options Scheme.

Mr. Göran Lindahl, aged 66 years (DoB: 28 April 1945), has been a Director of the Company since May 2011. Mr. Lindahl earned a master's degree in electrical engineering from Chalmers University of Technology in Gothenburg, Sweden. Mr. Lindahl also received an Honorary Doctorate Degrees, D.Sc. and Ph.D.

Mr. Lindahl was the Chief Executive Officer and President of the Global Technology and Engineering Group ABB, headquartered in Zurich, Switzerland, from 1 January, 1997 to 31 December, 2000 and spent more than thirty years in various positions within ABB. He previously held a number of management positions in research and marketing and has been a global business area manager and president of several ABB companies. He is the chairman of Avinode Holdings AB, IKEA GreenTech AB and LivSafe Group. In addition, he serves on the boards of directors of iGate Corporation and INGKA Holding BV (IKEA) and various other private non-public companies and advisory boards.

Mr. Lindahl is not a relative of any of the Directors of the Company.

Mr. Lindahl is not a Member of any Committee of the Board of Directors of the Company.

As on date, Mr. Lindahl neither holds any shares in the Company nor has any options granted to him under Company's Stock Options Scheme.
