**Item 1.01. Entry into a Material Definitive Agreement.**

On December 30, 2014, Insmmed Incorporated, a Virginia corporation (the Company), entered into Work Order 1 (the Work Order), pursuant to a Master Agreement for Services (MSA) with SynteractHCR, Inc., a California corporation (Synteract), dated as of August 27, 2014 (the Effective Date), as amended on December 23, 2014, pursuant to which the Company retained Synteract to perform implementation and management services in connection with certain clinical trials pursuant to a specific protocol of pharmaceutical products under development by or under the control of the Company (each, a Study).

Pursuant to the Work Order, Synteract will provide comprehensive services for Protocol INS-212, a randomized, open-label, multicenter study of liposomal amikacin for inhalation in adult patients with nontuberculous mycobacterial (NTM) lung infections caused by mycobacterium avium complex that are refractory to treatment. Prior to the execution of the Work Order, Synteract was providing such services pursuant to a Letter of Intent, dated August 25, 2014. The Work Order covers services related to INS-212 only and any additional Study will be subject to the negotiation and execution of an additional work order. It is anticipated that aggregate costs to the Company relating to the Work Order will be approximately \$33 million over the period of the study.

The MSA continues until the three year anniversary of the Effective Date, unless sooner terminated as permitted therein. The Company may terminate the MSA and/or Work Order for any reason and without cause by providing 30-days written notice to Synteract. Either party may terminate the MSA and/or Work Order (i) for a material breach of the MSA by the other party effective upon giving 30-days prior written notice of termination if such breach is not cured within the 30 day notice period, and (ii) upon the other party filing a voluntary petition in bankruptcy or having an involuntary bankruptcy petition filed against it, which is not dismissed within 30 days after its institution. In addition, either party may terminate the MSA and/or Work Order effective immediately upon written notice to the other party, (i) if continuation of the Services (as defined in the MSA) would pose an undue risk to the health and/or well-being of a Study participant, (ii) if any certificate, authorization, approval or exemption from a regulatory authority required for the conduct of the Services is revoked, suspended, or expires without renewal, or (iii) if such party is of the reasonable opinion that the continuation of the Services would be in violation of applicable law. All intellectual property rights generated or derived from a Study shall be owned solely by the Company. The MSA and Work Order also contain customary representations, warranties and covenants from the Company and Synteract, as well as customary provisions relating to indemnity, confidentiality and other matters.

The description of the MSA and Work Order are summaries only and are qualified in their entirety by the full and complete terms of such MSA and Work Order, which the Company expects will be filed as exhibits to the Company's annual report on Form 10-K for the year ended December 31, 2014.
