**ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.**

On June 27, 2018, Owens-Illinois Group, Inc. ( "OI Group" ), a direct, wholly-owned subsidiary of Owens-Illinois, Inc., and certain of OI Group's direct and indirect domestic and foreign subsidiaries entered into a Second Amended and Restated Credit Agreement and Syndicated Facility Agreement with Deutsche Bank AG New York Branch, as Administrative Agent, Owens-Illinois General Inc., as Borrowers' Agent and the other Agents, Arrangers and Lenders named therein (the "Credit Agreement"). The Credit Agreement amends and restates OI Group's prior credit agreement dated as of April 22, 2015. The Credit Agreement provides for up to \$1.910 billion of borrowings pursuant to term loans and revolving credit facilities. The term loans mature, and the revolving credit facilities terminate, in June 2023. Borrowings under the Credit Agreement are secured by certain collateral of OI Group and certain of its subsidiaries.

The Credit Agreement contains various covenants that restrict, among other things and subject to certain exceptions, the ability of OI Group to incur certain liens, make certain investments, become liable under contingent obligations in certain defined instances only, make restricted payments, make certain asset sales within guidelines and limits, engage in certain affiliate transactions, participate in sale and leaseback financing arrangements, alter its fundamental business, and amend certain subordinated debt obligations.

The Credit Agreement also contains one financial maintenance covenant, a Leverage Ratio, that requires OI Group not to exceed a ratio of 4.5x calculated by dividing consolidated Net Indebtedness by Consolidated EBITDA, as each term is defined in the Credit Agreement. The maximum Leverage Ratio is subject to an increase of 0.5x for the four fiscal quarters following the consummation of certain qualifying acquisitions as specified in the Credit Agreement. The Leverage Ratio could restrict the ability of OI Group to undertake additional financing or acquisitions to the extent that such financing or acquisitions would cause the Leverage Ratio to exceed the specified maximum.

Failure to comply with these covenants and restrictions could result in an event of default under the Credit Agreement. In such an event, OI Group could not request borrowings under the revolving facility, and all amounts outstanding under the Credit Agreement, together with accrued interest, could then be declared immediately due and payable. If an event of default occurs under the Credit Agreement and the lenders cause all of the outstanding debt obligations under the Credit Agreement to become due and payable, this would result in a default under a number of other outstanding debt securities and could lead to an acceleration of obligations related to these debt securities.

The Leverage Ratio also determines pricing under the Credit Agreement. The interest rate on borrowings under the Credit Agreement is, at OI Group's option, the Base Rate or the Eurocurrency Rate, as defined in the Credit Agreement, plus an applicable margin. The applicable margin is linked to the Leverage Ratio. The margins range from 1.00% to 1.50% for Eurocurrency Rate loans and from 0.00% to 0.50% for Base Rate loans. In addition, a commitment fee is payable on the unused revolving credit facility commitments ranging from 0.20% to 0.30% per annum linked to the Leverage Ratio.

The foregoing description in this Current Report of the Credit Agreement is not intended to be a complete description of the Credit Agreement and related documents. The description is qualified in its entirety by the full text of the documents which are attached as exhibits to and incorporated by reference in this Current Report.
