Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On December 5, 2017, the Executive Compensation and Management Development Committee (the “Committee”) of the board of directors of T. Rowe Price Group, Inc. (the “Company”) approved changes to the forms of the Statement of Additional Terms Regarding Awards of Restricted Stock Units, and the Statement of Additional Terms Regarding Awards of Stock Options, which are applicable, respectively, to restricted stock unit and stock option awards made on or after December 6, 2017, under the T. Rowe Price Group, Inc. 2012 Long-Term Incentive Plan. In both cases the change extended the post-termination vesting provision applicable to former associates who (i) satisfy established prerequisites and (ii) comply with post-termination restrictive covenants, In addition, the Committee approved other minor changes to the Notice of Grant of Restricted Stock Units (“Notice”) that is used to make grants of performance-based restricted stock units.

On December 5, 2017, the Committee approved the annual equity award to certain named executive officers, consisting of performance-based restricted stock units in the following amounts: Christopher D. Alderson 19,649, Edward C. Bernard 15,719, and William J. Stromberg 34,876. The Committee also approved an annual award of restricted stock units of 19,649 to Eric L. Veiel. The number of performance-based units granted is a target award. An award recipient may earn anywhere from 50% to 100% of the restricted stock units granted based on a sliding scale tied to how the Company’s operating margin for the performance period January 1, 2018 through December 31, 2018 compares to the average operating margin of a pre-selected group of peer companies for a comparable performance period. If the Company’s operating margin is at least 100% of the average operating margin for the peer companies then the award recipient will earn 100% of the restricted stock units granted. The number of restricted stock units that can be earned is then scaled ratably, in decrements of 10%, so that where the Company’s operating margin is at least 50% but less than 60% of the average operating margin for the peer companies the award recipient will earn 50% of the restricted stock units granted. If the Company’s operating margin compared to the average operating margin of the peer companies is less than 50%, the award recipient does not earn any of the restricted stock units granted. Once the performance period ends, the restricted stock units earned will vest ratably, in annual installments of 20% over five years, with the first tranche vesting shortly after the close of the performance period.

A copy of the (i) Form of Statement of Additional Terms Regarding Awards of Restricted Stock Units (Version 3A) is filed herewith as Exhibit 10.1, and (ii) Form of Statement of Additional Terms Regarding Awards of Restricted Stock Units (Version 3B) is filed herewith as Exhibit 10.2, (iii) Form of Statement of Additional Terms Regarding Awards of Stock Options (Version 3A) is filed herewith as Exhibit 10.3, (iv) Form of Statement of Additional Terms Regarding Awards of Stock Options (Version 3B) is filed herewith as Exhibit 10.4, and (v) Form of Notice of Grant of Restricted Stock Units Award is filed herewith as Exhibit 10.5 and each is incorporated herein by reference.
